School Board Votes To Admit Negroes To Amarillo College

AMARILLO (AP)—The Amarillo school board voted early today to admit Negroes to Amarillo College. The school is a school-district supported junior college. In reaching its decision the board discarded efforts to establish a branch of the college at Carver, the Negro high school at Amarillo.

Speeding On Hobart Draws Complaints

Complaints alleging police are not doing anything about speeding along N. Hobart were made to the city commission this morning by G. Fred Richmond, 617 N. Hobart. Richmond, sitting between Mayor C. A. Huff and City Commissioner "A" Neel, told the commission he has approached several policemen and asked why they didn't patrol the area. Without naming any of the policemen he said he talked to Richmond quoted them as saying they didn't give any tickets because they couldn't get anything done about them anyway. Richmond turned his complaints mostly into questions on conditions surrounding the police department and corporation court. Richmond wanted to know if the "general talk around town is true that certain people can get their speeding tickets quashed and avoid having to pay a speeding fine." Mayor Huff told him he didn't know if such a situation existed but that he did know the corporation court judge has full authority to fine a driver found guilty of speeding and also had the power to excuse a speeding charge if he saw fit. City Manager Dick Pepin told Richmond that a record is kept of all traffic violations and that a person given a traffic ticket has five days in which to appear in corporation court. If the person given a traffic ticket does not appear within the five-day period a warrant is issued for his arrest. Richmond declared he has never seen any police cars patrolling N. Hobart and told the commissioners that if any of them would come out to his house and sit in his front room or (See SPEEDING, Page 2)

Draft Boards Told To Reclassify Men Without Children

AUSTIN (AP)—Texas draft boards were directed today to reclassify "as soon as possible" all married registrants without children as available for military service unless eligible for some other deferred classification. Brig. Gen. Paul L. Wakefield, state draft director, ordering authority from national headquarters. Texas had 71,001 men with dependents registered as of Aug. 31. How many are men with wives only is not known. Wakefield said. All men with dependents have been in one class in the past, with no breakdown as to dependents. Wakefield urged the 137 Texas local boards to act "with your characteristic speed" in reopening the cases of married men "who have only dependent wives." When reports have been received, local boards will be ordered to have these men physically and mentally examined at induction stations. "The number found acceptable will be the majority of instances, be inducted early, since many of them will be in the older age groups," Wakefield said.

Pampa Men To Plan Program For WTCC

Three Pampans will help plan the program for the West Texas Chamber of Commerce convention to be held in Amarillo, Nov. 14 to 16. Roy Bourland, G. S. Vineyard and E. O. Wedgeworth will leave early Wednesday for Abilene where they will meet with other program committee members. Bourland is district director of this area for the West Texas chamber.

Air Force Reclassifies Reservists

DALLAS (AP)—If you're an Air Force reservist — and have become, say a dentist, since being discharged — chances are you won't return to the old post if Uncle Sam beckons. At least that's the hope of the Air Force's current experimental reclassification program — going on now in Dallas and San Francisco. "Things can happen to a man in five years," explained Capt. J. W. Godbold of Decatur, Ga., spokesman for the program here. "For one thing, the reservist's record file has become badly outmoded." Capt. Godbold gave this example: "I recalled a former engine mechanic. We couldn't very well put him back on his old job because during his five years in civil life he had completed study to enter the medical profession. "It cost the Air Force about \$300 to get that bit of information on one man. We had to send him back home and call another reservist for the mechanic post. "That's the sort of thing we hope our reclassification program will eliminate." The captain put it this way: "In the last five or six years the Air Force has spent its money on air planes and equipment. Reserve records have been drastically neglected. If it comes from a hardware store we have it. Lewis Hdw. Ph. 1312.

Bradley Says Commies Can't Hurt The UN

TOKYO (AP)—Gen. Omar Bradley said today United Nations forces in Korea are strong enough "to keep anyone from running over us" and, if true talks collapse completely, fight the war to a successful military conclusion. "I don't think the Communists can hurt us," Bradley said in Korea after a two-day tour of the front. The chairman of the U. S. joint chiefs of staff made it clear the UN is ready to resume armistice negotiations anywhere that provides "equal rights" to both sides — even in Kaesong. There was no sign from Red commanders that they were willing to meet either at a non-man's-land site proposed by the UN, or to completely change conditions in Kaesong to provide "equal rights" to the Allies. Bradley flew back to Tokyo and reports that he will cut short his visit. This may indicate the purpose of his flying trip from Washington has been accomplished. Bradley's Korean tour was marked by confident, hard-talking statements from American generals who accompanied him and from Bradley himself.

Workers To Report To Church Tonight To Finish Census

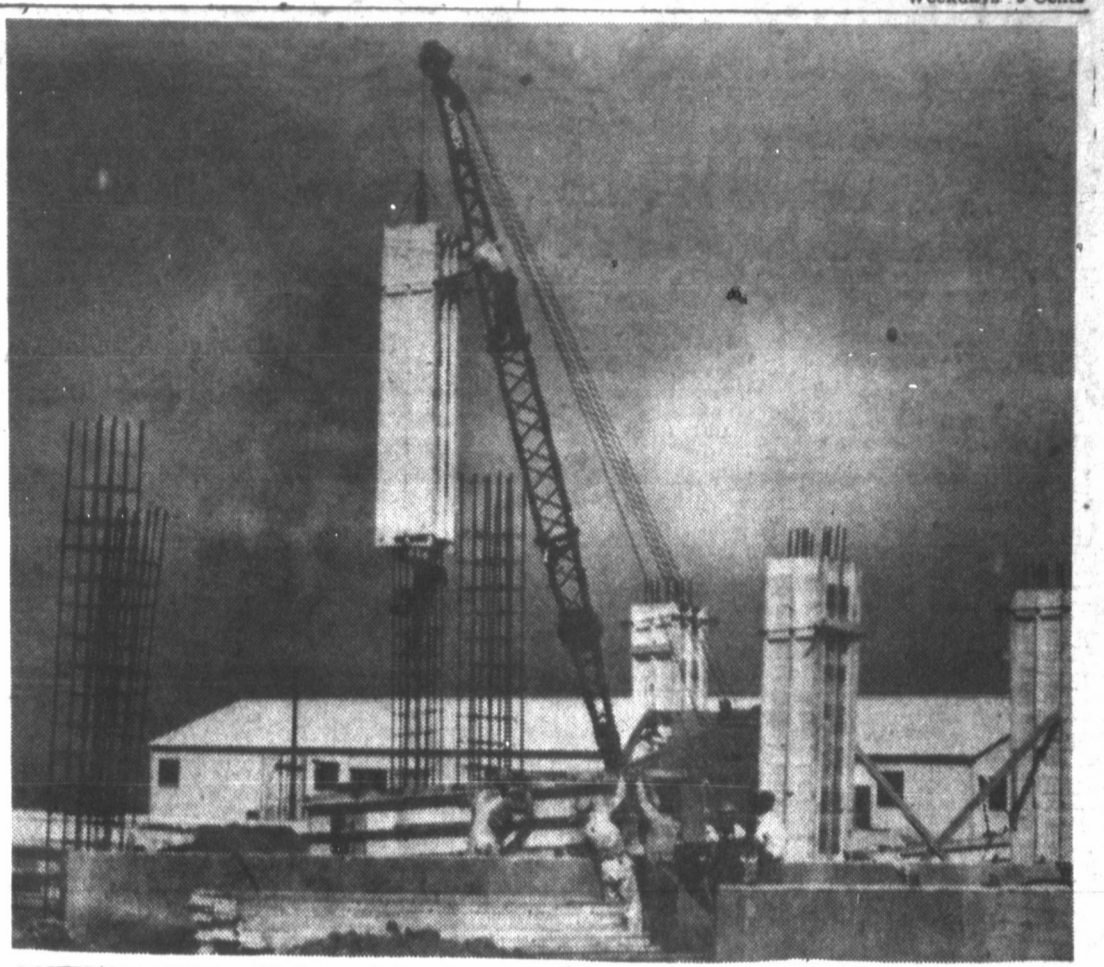

About 60 workers will report to the First Baptist church at 7 p.m. today to complete the 1951 religious census drive. All ten churches covered Friday night will be worked tonight, according to W. B. Weathered, chairman of the campaign. Workers will meet in the church to receive instruction and then proceed to their assigned areas. Information sought will include name, address, church preference and church affiliation. The information will be sorted and given to various local churches for further use. Weathered said. A few smaller churches which were conducting revivals last week completed the religious census in two areas Saturday and Monday. In all, about 242 representatives from local churches participated in the campaign.

Pfc. George Whitten Wounded In Korea

A telegram from the War Dept. today informed Mr. and Mrs. A. B. Whitten, 925 E. Browning, that their son, Pfc. George Whitten, was wounded Sept. 15 in Korea "in performance of duty and service to his country." Pfc. Whitten is the third Pampa youth wounded in Korea, near the end of a single week. HM2 James Cline was wounded Sept. 17, and John T. Hill Sept. 14, in that area. Pfc. Whitten is a machine gunner with the Marine Corps. His wounds are not believed to be serious. His parents received a letter from him explaining the injury prior to receipt of the government message. He is now in a reserve area behind the lines after being hit with shrapnel in the right hand. The young Pampans went into service Jan. 19. He arrived in Japan in August, went into battle Sept. 12, and was wounded three days later. Pfc. Whitten has one sister here, Mrs. Lloyd Gooch, 621 N. Gray.

Two Commie Jets Damaged In Air Battle

EIGHTH ARMY, Korea (AP)—American Sabre jets shot down six Red jets and damaged two in fierce air battles over northwest Korea today. A total of 193 planes were involved in the two deadly fights. The toll ran the jet warfare force total to 106 Red planes reported destroyed. It equalled the record for the number of Communist planes reported shot down in a single day. The Fifth Air Force said one of the damaged Russian-type MIG 15s probably was destroyed. It reported all allied planes returned safely. Pierce fighting Reds recaptured a hill on the eastern front and for the third successive day stalled an allied attack in the west. Two hundred charging Korean Reds drove South Koreans from a height the Allies captured Monday east of Heartbreak ridge, hot spot of the eastern front. The hill has changed hands three times in five days. In the west a grenade-hurling battalion of Chinese halted every allied attack on a narrow bridge near Chonwon. Reds laid a continuous mortar and artillery barrage on the United Nations troops. Fire from allied guns, tanks and planes was so heavy a pall of smoke hid Chinese positions. The jet battles swirled from 30,000 feet down to tree-top levels. "The destroyed toll matched that reported Dec. 22. The day's first battle was fought just before noon between 45 MIGs and 36 American Sabre jets, flying interference for a rail-cutting mission over MIG alley. Two Red-nosed Communist jets were sent spiraling down in flames. Five hours later 32 Sabres took on 80 MIGs in the same area. After a 25-minute fight the Sabre pilots reported they destroyed four Red craft, probably shot down another and damaged one more. In the first fight America's top ace still in combat made one of the kills: It was the third jet for Col. Francis S. Gabreski of Olney, Pa. He was credited with 21 German planes in World War II. Lt. Col. George J. Ola of Arcadia, Fla., knocked out the other Red-nosed jet. It was his first. Both Red jets went down in flames. Gabreski and Ola came upon the MIGs at 10,000 feet. The Red jets split up as the Sabre jets swept down upon them.

Hoiles Buy Valley Dailies:

New Purchase To Result In Transfer Of News Publisher

Purchase of three Rio Grande Valley daily newspapers by Freedom Newspapers Inc., will result in the transfer of Ralph Juilliard, publisher of The Pampa Daily News, according to an announcement by R. C. Hoiles, Santa Ana, Calif., president of Freedom Newspapers. Juilliard, who came to Pampa in April, 1946, will represent the owners in publishing of the McAllen Evening Monitor, the Harlingen Valley Morning Star and the Brownsville Herald. Cash purchase of the three newspapers was made by Freedom Newspapers from Leo E. Owens, publisher of the valley papers. The new owners took possession yesterday. Juilliard will retain his ownership interests in The Pampa Daily News and The Odessa (Texas) American. He announced he has also purchased an interest in the valley group of papers. Succeeding Juilliard as publisher of The News will be E. Roy Smith, advertising director of the Odessa American. Date for Smith's arrival in Pampa has not yet been determined. In a statement of policy, Hoiles asked readers to be interested in the policies of the owners "because a newspaper has an opportunity to help promote beliefs and ideas that promote prosperity and goodwill and friendship in a community." Owens said he had considered (See PURCHASE, Page 2)

Bank Looters Jailed By FBI

WASHINGTON (AP)—The Federal Bureau of Investigation said today four arrests in the last ten days put behind bars the last members of a gang allegedly responsible for looting Midwest banks of \$100,000. This, the FBI said, was the Kitts gang, with headquarters at Omaha, Neb. The bureau described its members as "rough, tough and brazen." Its leader was Kenneth Allen Kitts, 34-year-old native of Kansas City, Kan., with a penchant for expensive cars and clothing. Kitts was arrested near Fayetteville, Tenn., the FBI said, after a break from state custody at Omaha. The federal agents said Kitts bought 14 Cadillacs and Chryslers for his own use in one 18-month period. He is a rabid football fan, they said, and sometimes chartered planes to fly to far-off games. They said he looks and dresses like a prosperous young businessman, but that within 20 FBI men closed in on him at a tavern he was in a bartender's apron. Within five days after Kitts was arrested, the FBI said, the FBI picked up the final three of his alleged associates. They were named as Toney Joe Biase, arrested at Omaha, Frank James Ellsworth near Tuscaloosa, Ala., and Charles Calvin Robinson at Torrington, Wyo., all under indictment for bank burglaries. According to the FBI, Kitts and Ellsworth combined a trip to the Rose Bowl game of 1945 with a shopping and burglary tour in California. No home too small for one of our central heating systems. Believes Ike Would Be Popular As Democrat

Shivers Says President Must Change To Win Texas Support

GATLINBURG, Tenn. (AP)—Gov. Shivers of Texas says he does not favor renomination of President Truman "unless he changes some of his policies." Shivers said yesterday he wants an uncommitted Texas delegation to the 1952 Democratic convention and said he believes Gen. Eisenhower would be more popular as a candidate if he ran on the Democratic ticket. The Texas governor was here attending the governors' conference. He conceded Eisenhower would have wide appeal in Texas even against Sen. Connally (D-Texas) if he were the Republican nominee. Shivers said he would make up his mind about that until early in 1952. Shivers said he doesn't think the Truman administration's domestic and foreign policies. He cited Mr. Truman's advocacy of federal title for the tidelands as one of the domestic policies he opposes. He spoke at a news conference. "I don't want to help the Republicans clean up the Republican party," he said. "I want to help the Democrats clean up the Democratic party." Shivers may be a candidate next year, Shivers said he would make up his mind about that until early in 1952. Shivers said he doesn't think the Truman administration's domestic and foreign policies. Dewey Heading Drive To Sell Eisenhower To Westerners

GATLINBURG, Tenn. (AP)—A drive headed by Gov. Thomas E. Dewey of New York to enlist westerners in a Dr. Eisenhower campaign was underway here today at 43rd annual governor's conference. Meanwhile Dewey was scheduled to preside at a round-table discussion today on social security and welfare at which Oscar R. Ewing, federal security administrator, was listed as a speaker. Dewey and Ewing have not agreed in the 43rd annual governor's conference. Dewey was busy beforehand with efforts to enlist as many western Republican governors as possible in a campaign to land Gen. Dwight D. Eisenhower as the 1952 Republican presidential nominee. Eisenhower's principal strength now lies in the East, New York, Pennsylvania, Massachusetts and Connecticut. The New York governor was reported to have conferred with Governors Dan Thornton of Colorado, Howard J. Fyle of Arizona, Edwin L. Mechem of New Mexico, C. Norman Brundage of North Dakota, and Arthur B. Langlie of Washington. These conferences were said by some who attended to have produced Thornton as the only out-and-out supporter of Eisenhower in the West, with the exception of Gov. Edward F. Arn of Kansas. The others were reported to have expressed interest in the general but to have suggested that some tangible evidence of his candidacy be produced. As an upshot, there were suggestions that Thornton accompany Senator Duff (R-Pa.) to Europe this fall to talk with Eisenhower and bring back to the Republican governors any message that might be obtained. Duff apparently expects to get a clearance from the general for a country-wide campaign in Eisenhower's behalf. Arn denied any knowledge of a purported plan calling for Eisenhower's return to this country to be a guest at the annual Kansas day celebration in that state next Jan. 29. If the Republicans were busy setting up a campaign in the political, the southern Democrats were no less so in a conference where the official talk has been about state, national and international problems, but all of the informal discussion has been pointed at next year's presidential race. John Foster Dulles, Republican State department adviser, told the governors at their annual state dinner last night that President Truman, Secretary of State Acheson and Gen. George C. Marshall, former secretary of defense, had given him "100 percent support" in his task of drafting the Japanese peace treaty. He said Dewey, Senator Taft (R-Ohio), a potential 1952 GOP presidential candidate, and Senator Millikin (R-Colo.), head of the conference of GOP senators, had helped establish "national unity" in this endeavor. Dulles said Mr. Truman and his advisers had had to calculate the risk of war with Russia and Red China in going ahead with the signing of the treaty in San Francisco last month. In a situation he called "more critical than was generally realized," Dulles said the President weighed the prospect that the Russians and Red China might seize upon the signing as "a pretext for reviving open war," and intended to go ahead.

## Famed Card Detective Is Speaker At Knife, Fork Club

The man who was constant at cards is smart, not lucky. **Michael Mac Dougal,** internationally famous card detective, said last night.

Mac Dougal spoke at the October meeting of the Knife and Fork club following a dinner in the high school cafeteria.

There are at least four standard ways card sharks cheat," he said. "Some wear a signet ring without an initial so it can be used as a mirror reflecting the image of each card. Cards may be marked when a pin is inserted under a bandage on the player's hand. With slight pressure, the pin protrudes, marking the cards."

Mac Dougal added that one of the most constant ways of cheating is stacking the cards, which can be done in various ways, all undetected. A fourth method is to deal oneself the aces and kings by "feeling" them. A gambler must have sensitive, well-trained fingers to do this, he said.

The card detective got his start 22 years ago at the University of Pennsylvania where he learned various card tricks to entertain students. From there, he went into vaudeville. Because he wanted to perfect his game, Mac Dougal studied gamblers.

For his first case he received \$1000 and did it in the right house. Some of his big cases have been in million dollar gambling ring he broke in Hollywood, Calif. and another in Miami, Fla. "So far, I have solved every case," he said.

Mac Dougal said more money is won in bridge than in any other game. One way to detect a cheat, he said, is to watch the way a dealer deals cards.

If he holds the deck with three fingers, and the thumb and forefinger are touching, you should turn to the nearest exit.

Besides showing methods gamblers use in cheating, Mac Dougal performed several card tricks.

# FREEDOM OF THE PRESS - from Zenger to Oatis (2)

Illus. by Ralph Lane

An immigrant printer was press freedom's next hero. Assigned to cover a county election in New York, acting reporter Peter Zenger saw British officials attempt to use fraud to elect their candidate. Enraged, Zenger presented his editor with an honest account of the crooked election.

When the editor refused to risk the British Governor's wrath by publishing the story, Zenger started his own paper and waged full-scale war on the corrupt British administration. In 1734, Zenger was jailed for seditious libel, a weapon the British had substituted for censorship.

For nine long months, Zenger lay in his cell. Regularly, his wife visited him and received instructions that enabled her to continue publishing his New York Weekly Journal. Meanwhile, Zenger's friends procured one of the greatest defense lawyers of the day, Philadelphian Andrew Hamilton.

"It is not (just) the cause of a poor printer you are trying... it is the cause of liberty," thundered Hamilton in his historic address to the jury. Blasting the English law principle of "the greater the truth the greater the libel," Hamilton argued that a libelous statement "must be false and malicious." When Zenger was acquitted, freedom of the press had marched past another milestone.

## Barbershop Ceasing To Be Refuge For Saturday Night

By HAL BOYLE

One of the dying American spectator sports is watching haircuts.

How long has it been since you watched a good clean haircut? Probably years.

Except in rural utopias the barbershop has ceased to be a public forum and a haunt of philosophers. It is no longer the shabby but warm refuge where men came to be shorn and knit together by Saturday night laughter and gossip.

Yes, it is going the way of the old-fashioned grocery store. It has become a glittering supermarket of steam and bright metal and buzzing gadgets, a cathedral of the tonorial arts.

It is big business. The motto in most of these glossy temples is: "The customer is always welcome — but get it, and get out." Spectators are discouraged, and the barber wants a quick turnover — not an admiring audience. Why, I haven't seen a spectator in a barbershop since Franklin D. Roosevelt's first term.

There is nothing to make a client yearn to linger or watch the next man get a haircut. The barber works in silence, except maybe for a desultory remark or two on the baseball situation. But he no longer launches into learned and informative discussion on the political situation. That takes time.

The service is all impersonal. The barber is fighting that clock. He wants to clip you, massage you, anoint you or shave you — anything you want but he wants to get you out of that chair as fast as possible, and get another man in.

## DiSalle Declares Many Violations Of Control Deplorable

WASHINGTON — (AP) — Price Director Michael V. DiSalle says it is "deplorable" that two out of every five packing plants checked in a current government enforcement drive "are violating price-stabilization regulations."

In a summary of the drive which started last Tuesday, DiSalle's Office of Price Stabilization (OPS) said Saturday night that 1,145 slaughtering plants had been checked and violations of meat regulations were uncovered in 435 of them.

A number of the plants were in violation of more than one regulation, OPS said, so that the total number of violations reported by its investigators totaled 934. Some 14 court actions have been started.

"It is disheartening that so many processors of such a vital food as meat are either carelessly or intentionally putting selfish interests against the nation's good," DiSalle said.

The American Meat Institute and some individual packers have contended they cannot operate under OPS regulations.

## Chinese Blame Reds In Killing

TAIPEH, Formosa — (AP) — The Chinese Nationalist defense ministry blamed Communists yesterday for the deaths of more than 25,000 people in China in the two years the Reds have controlled the mainland.

A ministry statement issued on the second anniversary of the Chinese people's Communist republic said the Reds through August had killed 15,872,000 in purges. It added more than 20,000,000 others had perished in famines blamed on the Reds and through other results of Communist "misrule."

The ministry said the figures were compiled by the free China anti-Communist atrocity association, and were "moderate."

South decided that the hand could not be made if the hearts were 5-1, so he next cashed the king of hearts. He returned a low heart from dummy and ruffed with the nine of diamonds to cut West out.

Declarer now took the ace of clubs and ruff a club in dummy's four of trumps. He next ruffed out the jack of hearts with the jack of diamonds and suddenly saw that he was in trouble. If he ruffed another club in dummy he would have no way of returning to his hand. If he didn't ruff the club, he would be one trick short.

That was the end of him. Now, how about you? Can you see the really simple play that stumped the experts?

The first three tricks are all right. Dummy takes the ace of hearts, ace of diamonds, the king of hearts. But then the hearts didn't see that this was a singleton.

South must take the ace of clubs and ruff a club in dummy. Now he can ruff a heart with the nine of diamonds and ruff his other low club in dummy. The king of diamonds is next.

Correct Play Easy For Careful Player

By OSWALD JACOBY  
Written for NEA Service

A story goes with today's hand. The man who played it managed to lose the grand slam, and his partner was indignant. "It's an absolute laydown," said the angry one. "There's no guesswork and no fancy business. It's just a matter of putting one card down after another."

Still sputtering, he showed the hand to a succession of experts.

**Princess And Duke Will Visit Trumans**  
WASHINGTON — (AP) — Princess Elizabeth of Great Britain and her husband, the Duke of Edinburgh, will be guests of President and Mrs. Truman when they visit Washington.

They are due here for a three-day visit starting Oct. 31, following a tour of Canada. Plans call for them to fly to Washington from Montreal in a Royal Canadian Air force plane.

They will stay at Blair House, the temporary executive residence and will be guests at a series of official dinners. They will also visit such spots as George Washington's home at Mt. Vernon and Arlington National cemetery.

DEAR JOHNNY:  
Since you're getting to be such a big boy, you've probably outgrown your bicycle and would like to have a new one.

I know of a way to help you get that shiny new bicycle. I will sell you a used one and for cash too — and you can apply this toward the purchase of a new one.

I will tell 25,000 people every day for six days that you have a good used bicycle for sale for as little as 2.37. Who am I? I am a PAMPA NEWS WANT AD.

I'll start to work for you now, if you call!

At this point South can discard a spade from dummy while drawing the last trump; and discards another spade on the king of clubs. Dummy wins the rest with the ace of spades and the last heart.

## Ford Foundation Seeks Disarmament

LOS ANGELES — (AP) — The head of the Ford Foundation wants the world to disarm.

Director Paul G. Hoffman is urging America to "launch a drive for universal disarmament," now that it has built up its military might to a point where it can "thwart the plans of the Kremlin for world conquest."

It was the first time the former ECA administrator has come out for world disarmament since assuming the reins of the half-billion dollar Ford foundation.

"The whole free world wants peace," Hoffman said. "Let us say so longer and louder than the Kremlin. But peace to be genuine and long lasting must be accompanied by world disarmament."

Baxter's Views
DAVID BAXTER
NASTY OLD INFIDEL
Someone sent Robert A. Geier, the aviation authority, a tract called "Should the Bible Be Read in Public Schools?"

Charge, Genesis 16, Sarai advises her husband, Abram, to rape their maid, Hagar. Abram hearkened and God consented—possibly the maid did, too.
Reply: The tract is that Sarai had no children. Abram did not "rape" Hagar, the maid, but married her. There isn't a word in the text that says whether God approved or not. Shows you how low lying enemy of the Bible will stoop.

Charge, Mr. Lot, with the consent of the Lord, gave his two virgin daughters to the mob, Gen. 19:8.
Reply: In the form of men were visiting Lot. The Sodomites were homosexuals. Sodomy is a crime today. They were going to take Lot's guests by force and perform unnatural acts upon them. As a choice between two evils Lot preferred to let the mob take his daughters, which at least would have been nearer to nature than otherwise. The fact that the Sodomites didn't get ANYONE. They were stricken blind. God handles such situations in His own way. The statement that He "consented" to the rape of Lot's daughters (which didn't take place anyway) is a plain, unvarnished lie.

Charge, Lev. 18, God gives a list of sex "don'ts." Near relatives and animals are to be left alone.
Reply: "Certain" near relatives, such as one's parents or brothers or sisters—or children or persons married to one's nearest family kin. That goes in our law today, too. Did God do wrong in forbidding intercourse with animals? I might mention that even corrupt present-day society will send to the penitentiary a person who has committed such a crime. Is the Squirrel Island practice actually defying such a practice?

When working in a contagious disease hospital some years ago we always visited the mumps patients last. This was because mumps is particularly contagious and it is easy to carry it from one person to another; avoiding cross infections in contagious disease hospitals is difficult and important.

What The British Election Means To Us (continued)
The whole program of Socialism, both in theory and in practice, has been a mockery throughout its operation in Great Britain during the past six years—and it is to be hoped the sensible people of Britain will recognize this fact at the polls on Oct. 25.

What The British Election Means To Us (continued)
It is also to be hoped that the sensible people of the United States will recognize the application of this lesson that Britain is learning to the state control measures now in effect or proposed in this country, that we will realize that it makes no difference whether people believe in socialism or not—it can only result in ruin and stagnation, in a low level of mediocrity for everybody.

The Doctor Says (continued)
Mumps, like other contagious diseases, is more common in children than grown-ups and when the latter do get it, they wish they had it while young. It is not pleasant at any age. It is inconvenient, somewhat painful—especially when chewing certain foods is so sorely flattering to the features. Also it is not a perfectly harmless affliction since complications in the kidneys, joints or brain are not unknown.

The Doctor Says (continued)
Studies have been made on this complication. In general, it seems that it doesn't occur too often. When it does, one side only is frequently involved, and mumps is not often the cause of complete sterility.

All you do to be eligible for the big prizes to read over carefully the ads on this page, check the winners of the games in each ad, write your name plainly in the space provided . . . and bring or mail it to (FOOTBALL CONTEST) Pampa News, before Friday, October 5, 12 p.m. All games on this page are scheduled to be played on the weekend of October 6, and awards will be announced the following week. The decision of the judges will be final. In the event of ties, the prizes will be divided.

ENTER NOW! You are eligible to enter this contest unless you or a member of your immediate family is employed by the Pampa News or Radio Station KPDN. Remember . . . Write plainly! You may indicate tie games if you wish by marking both teams. Do not cut ads apart—no not indicate scores — except for tie-breaker game.

### IMPORTANT NOTICE!

Due to the many ties we are having on the football contest, beginning with this week's contest, we will have a Tie-Breaking Game. One of the games each week you will have to designate what you think the score for that game will be, then in case of ties the contestant coming closest to the actual score of the game will be the winner. Second and third will be the next two closest. A Tie-Breaker box will be set up in the ad with the game in it. Just mark your score in the brackets.

In this way there will be only three winners! Remember, you must write in what you think the score will be for the Tie-Breaker game.

However, the winners will be chosen on the number of correct games. The Tie-Breaker game is to be used only when two or more people tie on the most games picked!

Look for Tie-Breaker game on this page!

# Giants Seek To Clinch NL Flag Today

## Texas Rated Sixth, Aggies Are Tenth

NEW YORK (AP) — Texas, and ninth before the season opened, all were voted out of the national football ratings this week after victories over Kentucky and Purdue. The Texas Aggies swung into tenth slot and Baylor into 19th. Michigan State was tops.

Ignored before the season began, Notre Dame found itself the fifth-ranking college football team in the country. Rated behind only Michigan State, California, Tennessee and Oklahoma, in that order, in the first weekly Associated Press poll of 1951, Frank Leahy's legions could climb even further next week — provided, of course, they get past Detroit Friday night.

The question is: will Leahy's tricky "I" formation in which the backs line up behind each other foul its coming opponents as it did Indiana in the 48-6 rout of the Hoosiers last week. Indiana beat the Irish last year. Only time will tell.

The rest of the first ten include Ohio State, Illinois and Maryland. The selection of State as the No. 1 team came as no surprise. The East Lansing bombers were ranked No. 2 behind Tennessee in the AP pre-season poll and won their first two games. They were unimpressive in eating Oregon State, 6-0, but their class showed all over the field when they polished off the defending Big Ten titleholder, Michigan, 25-0, last Saturday.

California got to its lofty perch on the basis of its 35-0 sheik-lacking of Penn. California hasn't lost a regular season game in so long Pappy Waldorf probably forgets the exact date.

Kentucky, Washington and Alabama, rated seventh, eighth

NEW YORK (AP) — Today could be the day when New York's miracle Giants clinch the most sensational surge in National League history by winning the pennant.

For the first time this year, following yesterday's clean-cut 3-1 Ebbets Field victory over Brooklyn in the first of the best-of-three game playoff, the Giants find themselves solidly entrenched in the driver's seat.

Professional odds-makers, who only six weeks ago were offering 50 to 1 odds against the Giants' pennant chances, have established Leo Durocher's drabblings a prohibitive favorite to dub the Dodgers again for the right to meet the Yankees in an all-New York world series.

The world series will start Thursday at the Yankee Stadium regardless of which team wins the playoff.

Charlie Dressen's weary Dodgers trudge into the Polo Grounds this afternoon, trailing the Giants for the first time since the opening week of the campaign. Yesterday's loss dropped them a full game behind the Giants, who were behind Brooklyn by 13 1/2 games on Aug. 11. Since then the Giants have won 38 of 45, including their last eight in a row, while the Dodgers have taken only 26 of 50.

Brooklyn was definitely the underdog as Dressen dug deep into his riddled mound corps for a wholesome and rested pitcher. Unless there is an 11th hour switch, Dressen's hesitant choice lay between Carl Erskine (16-12) and Clem Labine (4-1), both young, inexperienced righthanders.

Durocher also was undecided whom to start in the second game. It was to be either Sal Maglie (23-6) or Sheldon Jones (6-10). Durocher, however, was in a much better position to gamble than Dressen. He could take a chance on Jones and have a well-rested Maglie ready for tomorrow's rubber game should the Giants lose today. If Jones wins, he can open the world series with Maglie.

Erskine and Labine both saw action in Sunday's dramatic 14-inning thriller in Philadelphia in which the Dodgers were forced to use seven of their 10 pitchers.

"I had planned to use Don Newcombe in the playoff opener," Dressen explained slyly, "and follow with Frenchy Esposito. The Phillies upset our plans."

"If the Giants should beat us for the flag," he added, "and our chances certainly appear too bright at the moment, you can trace back our defeat to the victory in Philadelphia Sunday."

"That game left me with a riddle pitching staff and crippled catcher. Roy Campanella, who hurt his leg in the fourth inning Sunday, is the backbone of our club. You saw him out there. He can't run. If he were all right, there's no telling what might have happened."

Dressen said he was undecided whether he would substitute Al (Rube) Walker for the hard-socking backstop.

"If we should win today," Charlie added, "it will be Newcombe tomorrow and Roe to open the world series Thursday. I'll let the big guy (Newcombe) blaze 'em as far as he can go. I wish I could pitch him today. But he is dog-tired. He could hardly lift his arm yesterday after pitching nine shutout innings Saturday night and five more the next afternoon."

Durocher, whose masterminding during the last six weeks has been an important feature of the Giants' brilliant climb, was careful not to make any gloating remarks. As he has done from the start, Leo gave all the credit to his players.

"Don't talk to me," he told reporters. "Go talk to the players. They did it all. All I did was stand in the third base coaching box waving my home run hitters to the plate."

"It was a typical Giant victory — a team triumph. That's the way it's been all along. Hearn, Thomson — Irvin — Westrum — Stanky — Dark — Lockman — all of them. Each had a hand in the victory."

The little skipper was right. Jim Hearn, the big raw-boned righthander from Atlanta, Ga., pitched probably his best game, certainly the most important, of his career. Five hits were all he allowed as he struck out five and walked only two in outdueling Ralph Branca for his 17th victory.

A second-inning home run by Andy Patko averted the Dodger shutout. In only one inning — the fourth — did the Brooks get as many as two runners on the base paths. That was when Duke Snider and Jackie Robinson smashed back-to-back singles with one out.

Then, with runners on first and third, Hearn induced Campanella to roll into a double play. The relay to first pulled Whitley Lockman far off the base, but the first baseman still had plenty of time to tag the limping Campanella.

What trouble Hearn encountered during the afternoon was efficiently eradicated by the tight Giant defense, which reeled off four double plays. Second baseman Eddie Stanky figured in all four, and shortstop Alvin Dark took part in three. Catcher Wes Westrum cut down two would-be base stealers with bullet throws to second and caught a flawless game.

Bobby Thomson, hottest hitter on the club during the surge, provided the big blow. The converted third baseman walloped a fourth-inning homer with a mat aboard to erase Brooklyn's 1-0 lead. It was Bobby's 31st four-bagger and his fourth at Ebbets Field. Thomson also starred in the field with a bare-handed grab of a tricky bounce to throw out Carl Furillo in the sixth.

Monte Irvin, the team's most consistent run producer, also

## Rumor Big Deal Of White Sox - Browns

CHICAGO (AP) — The Sun-Times said today it had learned the Chicago White Sox have closed a \$300,000, eight-player deal with the St. Louis Browns.

The Sun-Times said players coming to the Sox are catcher Sherman Lollar, pitcher Al Widmar and infielder Tommy Upton. Outfielder Ray Coleman, who came to the White Sox midway in the past season, supposedly on waivers, also is included in the deal, the Sun-Times said.

The paper said the Sox will turn over Jim Rivera, the Seattle outfielder whom the Sun-Times said it had learned had been purchased by the Sox for \$87,500; infielder Joe Damastrri; catcher Gus Niarhos; and pitcher Dick Littlefield who spent the 1951 season with Memphis.

## Musial Wins Fifth Crown

NEW YORK (AP) — Stan Musial, for the fifth time in eight seasons, has won the batting championship for the National League.

The lean slugger of the St. Louis Cardinals was crowned the league's unofficial batting king for the 1951 season after the regular season closed Sunday.

Musial had a .355 mark to beat out Philadelphia's fleet Richie Ashburn by 11 points. Jackie Robinson of the Brooklyn Dodgers owned a .335 mark after Sunday's games but his figure will change, as the Dodgers and New York Giants are in a playoff.

Rounding out the top ten are Roy Campanella, Brooklyn, .327; Monte Irvin, New York, .313; Johnny Wyrostek, Cincinnati, .311; Ralph Kiner, Pittsburgh, .309; Al Dark, New York, .308; Carl Furillo, Brooklyn, .301 and George Metkovich, Pittsburgh, .294.

## Aggies Get Test Saturday As Okies Come To Town

COLLEGE STATION (AP) — Texas A&M will find out Saturday if this is a football renaissance or just wishful thinking. The Aggies play mighty Oklahoma and Coach Ray George, after hearing the scout reports, after hearing the scout reports, after hearing the scout reports.

He tried to be jocular about it; even said he wasn't going to "run up the score" on Oklahoma, but it was a rather flat attempt at levity.

"We don't have the manpower to beat Oklahoma," he said today. "Dalton Faircloth, my scout, saw the Oklahoma-William and Mary game Saturday. He said Oklahoma had a better team than last year — had a better quarterback, a bigger line. We are not playing the kind of football that would indicate we have more than an outside chance with Oklahoma."

Added to George's worries was an injury to Bob Smith, the mighty Aggie fullback. He was limping with a back hurt and couldn't even work out with the squad. Smith for two years gave Oklahoma trouble aplenty.

But George fears Smith won't be ready Saturday. The Aggies will have Bill Tidwell, a hard-running back, for this one, however. Tidwell missed last week's game with Texas Tech because of a concussion received against UCLA Sept. 22.

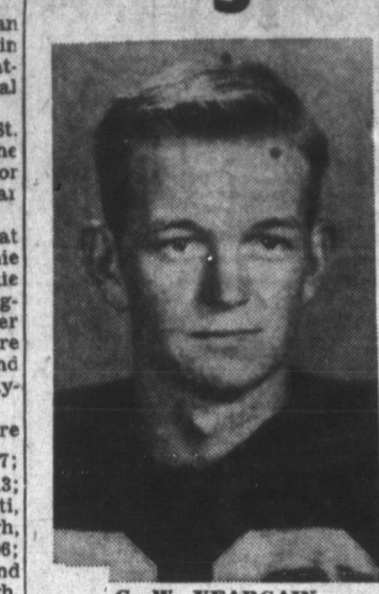

The Aggies had average 184 yards per game in two of their games this year. Trice witnessed the Amarillo-Plainview game and Frizzell saw the Plainview-Fort Worth Poly game last weekend. Frizzell, head coach of the Guerrillas, said that "Plainview has a mighty good ball club. They have high spirit and can play good ball."

The quarterbacks saw three football films last night, the Pampa-Vernon game, the West Texas State-Texas Tech game of two weeks ago, and the 1950 Texas Tech-Texas game.

Reservations were taken for the special football train which the club is planning to run to Lubbock for the game there Nov. 2. A total of 250 adult fans must be signed up in order to get the special train. Students are welcomed to make the trip at the special reduced price in tickets.

It takes the average American farmer 40 minutes of work to produce one bushel of corn.

## Harvesters In Brief Workout; Yeargain Hurt, Out For Year

G. W. YEARGAIN ... out for year

The Pampa Harvesters opened their weekend game at Plainview yesterday in relaxing fashion. The coaches, well satisfied with the performances of the Green and Golds last Friday against Vernon and also taking into consideration the effect of the extreme heat of yesterday afternoon would have on the boys, sent them in after but an hour's work.

Coach Tipps said that a pair of good workouts today and tomorrow should get the boys ready for the heavy Bulldogs this weekend.

Tickets for that game are now on sale at the school business office in the city hall. The tickets are all reserved seats at good locations on the field.

Yesterday's brief workout saw the return to the field of the final two pair of cripples. Co-captain Jerry Walker was in uniform but without pads while center Tolle Hutchins was present, without crutches, and slowly working himself back into shape to play in the Abilene game, doctors willing.

The workout also put another player on the casualty list, however. G. W. Yeargain, 160-pound reserve end and first string right tackle, received a broken collarbone and will be out of action for the remainder of the year.

Absent from the workout was halfback Billy Davis, home 111 with a slight touch of some sort of virus. He wasn't expected to be out long.

The coaches, still seeking strength for the line, shifted Charley Williams to a tackle spot permanently and moved guard Alton Flynn, 141-pound sophomore, up to the Harvesters. Flynn has been an outstanding player in the forward wall of the Guerrillas thus far this year.

The word about Plainview is that the Pack is a heavy team, led in the line by a 250-pound right tackle, Jimmy Jameson, and a 200-pound left tackle, Jake Finney.

The backfield is sparked by quarterback Dale Scott, 180 pounds; right halfback Tom Caskey, 180 pounds; full back Don Caylor, 190 pounds; and left halfback Craig Silverthorne, 160 pounds.

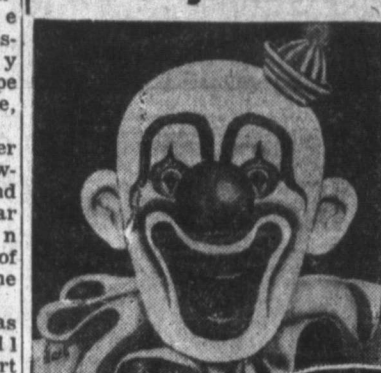

This game should pit the Harvesters against one of the heav-

est clubs they will meet all season, and the first time that the Green and Gold has gone into a battle this year outweighed.

## Coach Bowman Sidelined, Too

Another injury struck the footballers last weekend, but this one stopped in the coaching staff. Marvin Bowman, head coach of the unbeaten Junior High school Reapers, underwent an appendectomy in a local hospital.

## Army Says American Wives, Children Staying In Germany Because Of Morale

HEIDELBERG, Germany — (AP) — The U.S. Army says American women and children are remaining in Germany because their morale value "outweighs the risks involved."

The estimated 45,000 dependents of U.S. occupation forces will continue to live here "unless changes in the political and military situation warrant" their removal, Army headquarters said.

There is a growing debate over the dangers of these women and children remaining so near the Iron Curtain.

The risks are that they might be overrun in case of a sudden Soviet attack across Germany—or that U.S. troops might be hampered in resisting an attack because of their efforts to evacuate their families to safety.

## Iran Guarantees Safe Passage For Its Oil Customers

ABADAN, Iran — (AP) — Hussein Makki, an official of the national oil board, has issued an Iranian government guarantee that it will deliver oil safely to anyone who buys from the nationalized Anglo-Iranian Oil Co.

"If the British government interferes on the sea the government (Iranian) will take strong measures and will escort tankers with Iranian sloops," he declared.

(Makki did not explain where Iran would get the tankers to move oil from the Abadan refinery, nationalized from the British-controlled AOIC. Almost all of the world's tankers, no matter what flag they fly, are controlled by British or American interest. Both have said they will not carry Iranian oil.)

(Neither did he explain how Iranian sloops could counter the British Navy if it were ordered to dispute passage of the tankers.)

Makki also said that if British technicians try to remain in Abadan past the Thursday deadline for their departure they "will be escorted off by police with the greatest respect and kindness."

Iranian troops will continue to occupy the refinery here, he said.

Military men acknowledge these risks. The Army statement said the question "is subject to constant review by U.S. authorities in Washington and in the European command."

The Army added, however: "The presence of U.S. dependents in Germany has a marked psychological effect upon the German population, and for that matter on all the peoples of western Europe."

"Additionally, their presence has a marked moral and stabilizing influence upon the (Army) command."

"It is considered that the advantage of retaining U.S. dependents in Germany outweighs the risks involved."

Plans for quick evacuation of American non-combatants from Germany in case of war are known to have been worked out in detail.

Some officers admit privately, however, that even though successful, the evacuation of so many civilians would require the use of soldiers and equipment needed in combat.

These 45,000 Americans are scattered in communities throughout the American zone of Germany. Some are only a few miles from the Russian zone or Czechoslovakia.

Many American communities are more than 100 miles east of the Rhine river, first natural barrier to any eastern aggressor.

The American women show no tendency to flight, however.

Every time there is a new international "crisis" a few women take their children and go back to the U.S. but the great bulk remain with their husbands.

There was no sizeable exodus, even during the Berlin blockade or the early days of the Korean war.

While Soviet troops maneuvered a few miles to the east and

American reinforcements are rushed here to man the West defenses, life goes on almost as quietly and normally as in the suburb of an American city.

American children attend schools operated by the Army—complete through high school. Hundreds of American babies are born here every year in Army hospitals.

This display of confidence is especially heartening to West Germans who fear that their rearmament might provoke Russia to attack, American officials say.

"If we should suddenly pull our families out of here, it might panic all the Europeans whom we are trying to encourage to resist Soviet expansion," one official explained.

Officers also stress the value to the soldiers of having their families with them.

Only officers and sergeants are permitted to bring families to Germany.

Commission Renew Traper's Contract

Gray county commissioners in a short session yesterday renewed the contract with federal trapper for two years at a salary of \$150 per month.

The present salary, however, is subject to change. If the federal government's portion of the salary is increased, Gray County will have to make a similar adjustment. Commissioners made provisions for such a hike in the budget passed last week.

During the regular first-of-the-month meeting, commissioners also approved monthly current expenses.

They adjourned shortly after 2 p. m.

## JACOBY ON CANASTA

### Minus Rule Is Easy To Follow

By OSWALD JACOBY  
Written for NEA Service

"Please straighten us out on the minus situation," requests a Norfolk, Va., correspondent. "Some rule books say you don't need a minimum meld, while others say you need 15 points. What's more, we're not absolutely clear on when you're minus. Does this happen whenever you are set back on a hand, even though your total score is still plus?"

"I'd better answer the second question first. The minus rule applies only when your total score up to date is minus. For example, suppose you score 400 points on the first hand and are set back 600 points on the second hand. Your total score to date would be minus 200 points, and the rule would apply. However, suppose you were set back only 300 points on the second hand. This would leave you still plus 100 points on the up-to-date score. Therefore the minus rule would not apply.

In short, it doesn't matter whether you are plus or minus on any particular hand. What does matter is whether or not your entire score up to date is minus.

Having nailed that point down firmly, let's turn our attention to

the rule for your minimum meld when your score is minus. Your minimum count is 15 points in this situation.

It is clear, of course, that any meld at all must add up to 15 points or more. That is why the earliest rule books said that you don't need any minimum count at all. What they really meant was that any meld was good enough. The trouble came when people read those books, saw that no minimum count was needed, and then decided that you didn't need a normal initial meld. They tried to take the discard pile right from the start with a wild card and only one matching card.

Since this was not legally possible, we found a clearer way of expressing it. You need a minimum of 15 points for your initial meld when your up-to-date score is minus. Any meld will do, but you must make some meld.

Q — My partner discarded a queen, and the next player put down a pair of queens together with a joker and two deuces. Is it legal to use three wild cards with only two natural cards?

A — This is a perfectly legal meld. It's not always the most sensible play, but it's quite permissible.

## Too Many Babies Cause Shortage

DALLAS — (AP) — Too many babies and too little steel are the main causes of a shortage of classrooms.

J. L. McCaskill of Washington, head of the National Conference for Mobilization of Education, estimated yesterday the country is short about 252,000 classrooms.

He attended a meeting of the National Education Assn. About 1000 superintendents are here for the session.

McCaskill said one reason for the classroom shortage is the skimpy allocation of steel for schools.

"Nowhere have we found a responsible official with any sympathy or understanding for ed-

## Freezing Will Tenderize Beef

WASHINGTON — (AP) — U.S. Dept. of Agriculture scientists have announced that freezing seems to make beef somewhat more tender than unfrozen cuts.

R. L. Illner and O. G. Hankins of the bureau of animal industry report that they studied the

custional needs," he said.

The association official said a bumper baby crop will boost the number of classrooms needed by 24,000 next year and in '53.

Frank M. Jackson of San Angelo, superintendent of Tom Green county schools and new president of the association, said suburbs still classified as rural areas are being pinched the hardest by the school building shortage.

tenderizing effect of freezing on a variety of representative cuts from veal calves, 500 - pound steers, 900 - pound steers, three-year-old barren heifers, and 12 year-old cows. In general, they said, natural tenderness which decreases with age of the animal, was increased by freezing.

In these experiments all the beef was "aged" at temperatures just above freezing. Tenderness was measured by a mechanical shearing device. After aging, samples from the same animals were frozen and tested after thawing.
