CANADIAN Hemphill County 4-H club will show their animals Saturday in their fall calf show and training school at the Rodeo grounds.

There will be no prizes or ribbons awarded, since the fall show here is a dress rehearsal for the club show next spring.

Jake Hess, Hereford breeder from McLean, wil ljudge the classes for the boys and give a discussion of each class, according to Hemphill County Agent Walter Grist. The calves will be divided in

to three classes - heavy, light and middleweight. All calves will be judged and placed. "It's just a training session," Grist said, "on fitting, showing, handling and feeding calves — with suggestions for improvement."

It's a little world for these fish caged in an aquarium. The oceans and the seven seas may seem prisons enough. But when their home is reduced to a small pittance of the space God made, then that is very different. Of course, they give passing visitors a bit of pleasure. They sport their gleaming fins and put on "big fish shows," but they are imprisoned. They are homeless and ill at ease.

Are you and I like the caged fish? Are we confined to small manmade prisons? Do we serve the Almighty in the great world He made? Or do we live only for what we eat? How many people are affected by what we say or do? Are we examples for better citizenship in this world and the world to which we are going? Have we ever suggested the eternal, the abiding ... do we love humanity enough?

We are rich in the relationships of human living but many are blind to the goodness of God. We live day after day without offering one thankful prayer for the bounties He gave. Many of us have chosen an aquarium world to live in. Like the fish, we live for what we eat. God is long-suffering, but He expects us to attend His church and help bring His Kingdom in. Will you be a worker?

It was an odd coincidence. They say that everything happens in three, and Parker's stamma, fighting heart (and maybe the fact that he's a lefthander and they never do anything right) crosser's that situation up. But back in 1949 the WT-NM deague lost one of its best jighthanded hurlers in a car wreck, Albuque rque's Frank Shone. We consider it important all Christians voice outrage at removal of the cross of Christ from graves of our Christian dead. It is our sincere belief that our soldier dead are entitled to have the symbol which they loved and for which they died to mark their resting place. Thank God we live in a country that can still combat the atheistic principles of Soviet Russia whose fellow-travelers have inspired this dastardly action. Isn't it paradoxical that while building a temple for the four chaplains that we permit Anna M. Ros enberg to remove the symbol of Christ? If we permit this, we are taking away from the sorrowing mothers the thought that their sons no longer lie buried under the symbol of the cross. It is tragic to needlessly waste the lives of the flower of our youth in Korea without going further and desecrating the cross. We urge your help in stopping this anti-Christian bigoted and intolerant action Signed-Rev. Lawrence Reilly.'

The excuse offered was that the "upkeep" was too high on crosses.
