## Nationwide Steel Strike Postponed; Threatened Jan. 3

PITTSBURGH — (AP) — The nation will escape a crippling steel strike on New Year's day — but will have to face the threat again on Jan. 3.

The wage-policy committee of the CIO United Steelworkers voted to defer a work stoppage for at least three days. That gives the special USW convention in Atlantic City the final say on calling a strike.

## Tax Office Flooring Contract Let

Texas Furniture Co. late yesterday afternoon signed an \$112,440 contract to cover the floor of the county tax office in close bidding during a special county commissioners meeting.

The furniture company was \$36.60 lower than its nearest competitor, Monarch Hardware Co., bidding the job at \$116,874.

The contract calls for preparation of the existing floor and supplying and installing rubber tile blocks nine inches square and 1/8-inch thick.

The office is now being remodeled and on completion will have a new lighting system re-ramped inter-office partitions, re-aligned and increased service windows and will be repainted in soft green.

Commissioners had forgotten about the special meeting to open bids and had to be called at noon. It was 2:30 p.m. before the court voted to accept the furniture company's bid.

The contract was signed a few minutes later.

It was the last 1951 meeting to be held by the commissioners court.

## Dr. Paul Christian Reported Improved

The condition of Dr. Paul C. Christian, injured Dec. 16 by an explosion in his office, is still critical, hospital authorities at Oklahoma City said today.

After the explosion which destroyed his clinic and hurled him against a concrete banister on the porch, Dr. Christian was taken to the McBride Bone and Joint hospital, Oklahoma City.

Specialists there say his leg is splintered and are undecided whether to operate.

A nurse who accompanied him to Oklahoma City, said his condition, although serious, is improving.

## Income Tax Expert Is Sent To Prison

NEW YORK — (AP) — An income tax expert has gone to prison for falsifying his own 1947 state returns.

The tax consultant, 58-year-old Morris Cooper-Smith, was sentenced yesterday to one year in jail and fined \$1000.

Special Sessions Judge Eugene G. Schulz called Cooper-Smith a "mathematical genius" but added:

"You prostituted your genius in order to teach others to evade the income tax laws."

## Violent Death Toll In State Climbing

By the Associated Press  
Fire had its inning as the state's worst killer Thursday after playing second fiddle to Texas traffic mishaps through most of the holidays.

Ten persons died in blazes Thursday — five in one fire at Corsicana — to take over as the Number One scourge for the day.

The ten deaths by fire pushed the total Christmas-New Year's day toll to 138. At least 42 persons had died in traffic accidents, shootings killed 25, and 18 perished in flames.

The Department of Public Safety has stated 229 persons will die during the holiday season.

Jan. 1, it is estimated, there will be 250 accidents in state highways.

HAROLD E. STASSEN ... Knows Ike's Plans?

## The Big Question Now: Does Stassen's Bid Rule Out Eisenhower?

WASHINGTON — (AP) — Harold E. Stassen's announcement as a candidate for the Republican presidential nomination brought differing reaction today as to whether Gen. Eisenhower also will get into the GOP race.

Backers of Eisenhower for the No. 1 place on the party ticket insisted the general will be available. They said Stassen's bid, Senator Moody (D-Mich.), on the other hand, declared the principal implication in Stassen's announcement was that "Eisenhower will not run as a Republican."

Stassen himself said in announcing his candidacy last night that he was authorizing no "assumption or conclusion" as to what Eisenhower's plans may be.

Stassen, who recently conferred with the general in Paris, repeatedly turned aside reporters' questions regarding what was said at that meeting. He described the

Wage Policy committee emphasized that the strike was put off until the convention at Atlantic City.

Mr. Truman expressed lappiness and hope when he heard the news at his Independence, Mo., home where he is spending the Yule holidays. The hope was that there will be no strike at all.

The government stepped in after negotiations stalled. The contract talks began Nov. 27.

## Marshall Women Killed In Accident

SHREVEPORT, La. — (AP) — Two Marshall, Texas, women were killed instantly early today when their car was ripped to junk after crashing head-on into an empty bus two miles east of Hallsville on U.S. Hwy. 80.

Mildred Nelson, about 33, and Hazel Gertrude Gilstrap, 37, were killed in the 2:25 a.m. collision, state police reported.

Driver of the Continental Trailways bus was Lewis Frank Wardlaw, 35, Dallas. He was injured slightly.

Wardlaw was transporting the empty bus from Shreveport to Dallas. Texas Highway Patrolman Lewis Cowart said damage to the front end of the bus and steering apparatus would run about \$800. The car was a total loss.

Bodies of the two women were taken to Marshall, where funeral arrangements are pending.

## Six Lose Lives In Train-Car Crash

DAYTONA BEACH, Fla. — (AP) — Six members of a Jacksonville family lost their lives yesterday in an auto-train collision here.

Killed were Mack Cooner, 40, his wife, and their four children.

Engineer T. L. Norwood of the Florida East Coast railway freight train said he was about 25 feet from a crossing when he first noticed the auto approaching.

"I don't imagine they ever saw the train," he said.

Police Chief H. L. Ham of South Daytona Beach said the Cooners' car plunged into the train's diesel engine.

## Investigate Uranium

TAMPICO, Mexico — (AP) — The Mexican Atomic Energy commission was asked yesterday to investigate reports of uranium deposits near Ocampo, 100 miles southwest of here and near the U.S. border.

## Reds Indicate All POWs Reported

MUNSAN, Korea — (AP) — The UN command said today at least 450 American soldiers have died in North Korean prison camps.

An official communique said that is 77 percent of United Nations troops known to have been imprisoned in rear areas and not accounted for in last week's list of living prisoners.

Simultaneously the Communists indicated a complete list of living UN prisoners already in Allied hands.

The 450 soldiers were not among those listed on the Communist roster of 11,559 prisoners. They apparently were among 571 Americans the Reds said Wednesday had died of disease or were killed by Allied air raids or artillery fire.

The UN command said its announcement was based on a study of the Reds' Wednesday report.

"We must presume they died in prison camps," said Brig. Gen. William P. Nichols, official UN spokesman. "This is the first time we have had knowledge of any deaths in prison camps."

North Korean Maj. Gen. Lee Sang Cho hinted Friday at Pannunjom that the Reds would report that many other Americans, not yet accounted for, had died of disease or exposure in prison camps.

Rear Adm. R. E. Libby quoted Lee as saying "we must remember that Americans are not accustomed to this climate and are susceptible to local diseases, so it wouldn't be surprising if a large number died of disease."

The UN communique Friday said:

"Seventy-seven percent of the UN soldiers who were captured, taken to rear area prison camps and later announced by Communists as prisoners of war have since died. An analysis of data received on 26 December disclosed. Of the 585 men known to have reached the rear, through later broadcasts by them, letters to their families, announcements in Communist publications, and through Geneva, 450 are now dead."

The communique reference to 77 percent had no relation to the list of 11,559 prisoners announced last week. It concerned only a group of 585 men not listed there.

## First Bag Of Mail On Its Way To U. S.

TOKYO — (AP) — A nine-pound bag holding the first batch of letters from Allied prisoners in North Korean camps started toward the United States by plane today.

The mail arrived from Korea earlier in the day and was speeded along after processing at an Army post office. The Communists turned over more than 800 letters from Allied prisoners to United Nations delegates at the Pannunjom truce talks Wednesday.

It was not determined immediately if the Army released all letters for forwarding.

Tommy, in a Vernon hospital for a time, was brought to Dallas yesterday by Mrs. Eldie Dillon, Wilbarger county health nurse. An ambulance attendant who brought him, stayed with him all day.

Wilbarger County Attorney Tom Davis filed a suit to have the parental rights in the child removed. Such action, if taken, would have the effect of making Tommy a ward of the state.

And Tommy is just four years old.

## Brannan Reported As Welcoming Probe Into Agency's Handling Of Surplus Farm Products

WASHINGTON — (AP) — Secretary of Agriculture Brannan was said today to have told congressional leaders he would welcome a formal investigation of his agency's handling of \$10 billion in surplus farm products.

Officials said the department already has furnished Chairman Ellender (D-La.) of the Senate Agriculture committee information on three types of operations under criticism.

Ellender and Sen. Aiken (R-Vt.), senior Republican member of the Senate committee, have said they will ask for a congressional inquiry.

Involved has been storage of grain, dry beans, dried milk, butter, soybeans and some other commodities which the department acquired under its farm price support program during big crop years of 1948, 1949 and 1950.

All crop purchase and storage operations under the government's farm price support program are financed by the department's banking agency, the \$4.78 billion Commodity Credit Corp.

Officials said only \$3 billion of such commodities, belonging to the government, moved through commercial storage facilities under contracts with the department. A resume of the operations was given a reporter by department officials.

15,000 CONCERNS  
In all, the department has storage contracts with about 15,000 private concerns. The department said investigations indicate possibly 25, but more likely fewer than that, have violated their contracts by converting the government commodities to their own use, mostly by selling them in speculative operations.

The department has taken court action in six cases and may soon take similar action in two other cases. In addition, 16 other cases of apparent shortages in government stocks are being investigated and 29 are being looked into for small losses which may involve nothing more than normal shrinkage in grain — losses which would be covered by bonds and storage payments due the concerns.

Officials said maximum losses in cases where the concerns have converted commodities to their own use would be about \$5 million and probably less than that (that amount). Final losses will be determined by re-shipment suits.

## Sedan Sought As Latest Clue To 'Phantom Sniper'

GARVEY, Calif. — (AP) — Authorities searched today for an ancient two-door sedan as a clue to the "phantom sniper" who critically wounded another woman yesterday.

Mrs. Audrey Murdock, 42, is the sixth target of the mysterious bullets in the past five months. One of the victims was slain. All the shootings occurred in the southeastern section of Los Angeles.

In all previous instances a 22-caliber weapon was used.

The bullet that struck Mrs. Murdock is lodged in her liver. Physicians said her condition was critical to permit its im-

BUSY GIRL SCOUTS — The group of Scouts pictured above are preparing bulletins to mail prior to this year's March of Dimes drive. They met at the Little House this morning to begin work on mailing informative bulletins. B. Beavers, 320 N. Gray. (News Photo)

## If He Recovers: Santa Claus May Come To Beaten Child

DALLAS — (AP) — Frail little Tommy Yates will know there is a Santa Claus if he recovers from a beating he received in his Vernon home Christmas eve.

Hundreds of Texans are concerned, have kept the telephones busy to Baylor hospital, have wanted to bring presents and even arrange a Christmas tree.

NO VISITORS  
But little Tommy, who underwent an operation by a neurosurgeon yesterday, was not receiving visitors. Before the surgery, he had opened his eyes, yawned, and said nothing.

Tommy was beaten into unconsciousness Christmas eve. His mother and stepfather, Mr. and Mrs. Robert Dale Simpson, are \$5000 bond each on charges of held in a Vernon jail under assault to murder.

As well-wishers kept the telephones busy, a Baylor hospital official said, "this is the kind of case that gets under your skin."

A hospital spokesman said after the surgery there "was some improvement, but we must still consider his condition critical. It is not possible now to fully determine the extent of his injuries."

CUTE LITTLE FELLOW  
Attendants described the child as a "black-haired cute little fellow who looks like a boy."

Homebodies in Vernon were ready to do anything for Tommy. And it seemed to switchboard operators at Baylor that everybody in Texas wanted to help.

Tommy, in a Vernon hospital for a time, was brought to Dallas yesterday by Mrs. Eldie Dillon, Wilbarger county health nurse. An ambulance attendant who brought him, stayed with him all day.

Wilbarger County Attorney Tom Davis filed a suit to have the parental rights in the child removed. Such action, if taken, would have the effect of making Tommy a ward of the state.

And Tommy is just four years old.

## Four Fliers Freed By Commie Captors

NICKELSDORF, Austria — (AP) — The four American fliers held by Communist Hungary for 40 days crossed the Austrian frontier back to freedom at 5:01, Austrian time, tonight.

Walter J. Donnelly, the U. S. ambassador in Vienna, came to the Austrian frontier to greet the fliers. The United States had agreed to pay \$120,000 in fines levied against the men on a charge of violating the Hungarian border, provided the men were promptly released.

Donnelly announced in Vienna earlier today that the fliers would be released at 4 p.m. (9 a.m. CST). He then sped to the frontier, but it was not until 4:38 o'clock he received Soviet permission to cross through the frontier barrier past Soviet guards.

The fliers were accompanied across the border by Lt. Col. William Alden Somerby, U. S. air attaché in the American Legation at Budapest. Somerby wore civilian clothing.

WORE UNIFORMS  
Immediately upon reaching the Austrian side of the frontier, the fliers went into a police post building, accompanied by High Commissioner Donnelly and Col. John Guillet, commander of the U. S. Air Force base at Tulln, along with other members of the American welcoming party.

The fliers wore their Air Force uniforms.

The four fliers went into a room from which photographers and reporters were barred.

The fliers appeared tired, but they were not in the mood through the border barrier in his big car, bedecked with the American flag and his blue ambassador's banner.

Donnelly's car stopped just outside the door of the police post building. The fliers were rushed inside by American officials.

The fliers are: Capt. John J. Swift of Glen Falls, N. Y., pilot.

Capt. Dave H. Henderson of Shawnee, Okla., co-pilot.

T-Sgt. Jess A. Duff of Spokane, Wash., mechanic.

Sgt. James A. Elam of Kingland, Ark., radioman.

They were forced down near Papa, Hungary, Nov. 19 by Soviet fighter planes stationed in Communist-ruled Hungary under the terms of the 1947 armistice treaty. In a twin-engine C-47 they were en route from Erding, Germany, to Belgrade, Yugoslavia, on a routine delivery of supplies, when they reported themselves lost.

FORCED DOWN  
They were not heard from until Dec. 3 when a Russian news agency, announced they had been forced down and were being held on charges of violating the Iron Curtain for the purpose of "planting spies and saboteurs." The United States promptly denied the charges and demanded the fliers be released. American diplomats in Budapest tried without success to see them. Two days before Christmas Hungary announced a secret military court had tried, convicted and sentenced the four fliers. They were ordered to pay a fine of \$50,000 each or spend a day in jail.

TO U. S. AIR BASE  
The Air Force planned to take the fliers to the American air base at Tulln, near Vienna. From there it was planned to fly them to their own base at Erding, near Munich, Germany.

For more than 15 minutes the fliers remained in the room with the American officials. They drank coffee and ate sandwiches which Donnelly's party brought with them. Two Russian officers also took part in the snack.

The point at which the fliers were released is 50 miles southwest of Vienna in the Soviet zone of Austria. A wooden barrier stretches across the highway on the Austrian side of the frontier.

### Markets

(By The Associated Press)  
**MARKETS AT A GLANCE**  
 Stocks — higher; broad buying encourages rise.  
 Bonds — lower; government's at new lows.  
 Cotton — irregular; hedging and trade buying.  
**CHICAGO**  
 Wheat — steady; export business expected.  
 Corn — mixed; trade light.  
 Oats — steady in light trade.  
 Hogs — 75 cents to \$1.00 lower; top \$19.00.  
 Cattle — unevenly 75 cents lower to 25 cents higher; top \$18.50.  
**NEW YORK COTTON**  
 NEW YORK — (AP) — Cotton futures were irregular Thursday in slow trading. Scattered commission house profit taking and hedging led to early losses of about 1 1/2 to 2 cents, but the market later improved on trade buying and short covering, with nearly months leading the upturn. There was further switching from nearby March to May 1952 futures, mostly representing a transfer of hedge positions.  
 Futures closed a bale higher to 60 cents lower, than the previous close.

**SISTER OF THE JEEP**—The new "Aero Wing" is the first passenger sedan model to be built by Willys-Overland Motors of Toledo, Ohio, since 1942 when the company went into all-out production of Jeeps. The new two-door has a six-cylinder, 90-horsepower motor, and is expected to deliver 35 miles to the gallon.

### Hollywood Talked A Lot In 1951, Reporter Observes

By BOB THOMAS  
 HOLLYWOOD — (AP) — Talk, talk, talk. There was lots of it emanating from Hollywood this year.  
 This was one of the film town's talkingest years. Film folk were yacking all over the U. S., trying to convince citizens Hollywood was full of solid citizens. Meanwhile, there was a lot of gabbing in Hollywood, plus a bit of spitting and shooting, that created another impression.  
 Out of the year of talk, I have tried to collect the more memorable quotes. Here they are:  
 Frank Sinatra, irate at reporters who trailed him and Ava Gardner in Mexico before their marriage: "It's a fine thing when we can't go on a vacation without being chased."  
 Humphrey Bogart, explaining how he escaped insects in Africa: "Nothing bites me. A solid wall of whiskey keeps insects at bay."  
 Paulette Goddard, learning ex-husband Burgess Meredith had married for the fourth time: "I think it was quite normal of him. He always was domestic."  
 Joyce Mathews, after flashing her wrists in Billy Rose's bathroom: "I just love razor blades."  
 Tallulah Bankhead, asked if she would enter politics: "Heavens, I wouldn't inflict that on any country."  
 Robert Mitchum, answering the Hollywood press women who voted him "the most uncooperative": "Your gracious award became a treasured addition to a collection of inverse citations. These include prominent mention in several 10 worst-dressed-American lists and a society columnist's 10 most desirable male guest list, which happily was published on the date I was made welcome at the county jail."  
 Fred Allen: "It took 18 years in radio to ruin my health. It took three shows on television to ruin my reputation."

### MacArthur Named 'Man Of 1951'

NEW YORK — (AP) — Gen. MacArthur has been named "man of 1951" in a poll of governors of 48 states conducted by the CBS-TV program "Man of the Week."  
 He was awarded a plaque this week by J. L. Volkenburg, president of the CBS television network.  
 In 1945 there were over a billion acres in the United States devoted to farming.

### Music Leader To Be Soloist At Church

Sam Allen, music leader at Wayland college, Plainview, will be guest soloist and director for morning and evening services at the First Baptist church Sunday, Rev. E. Douglas Carver, pastor, has announced.  
 Guest organist for the services will be Tracy Carey, well known to Pampa music circles.  
 The annual student night program will be conducted Sunday evening. Those participating and schools they attend are: Bob McPherson, Oregon State; Bob Allford, Wayland; Phoebe Osborne, Paty Ellis and Dick Green, Baylor; Mariola Duval, Texas State College for Women; Jan Doggett and Kenneth Mangham, Texas Tech.

### Senator Seeks Revival Of Whipping Post For Officials

WASHINGTON — (AP) — Senator Tobey (R-NH) has suggested that the whipping post be revived to punish public officials who betray their trust.  
 The sharp tongued senator told a reporter he is "thinking seriously" of asking Congress to impose the penalty of flogging for gross misconduct in federal office.  
 Widespread irregularities disclosed by a House investigation of income tax frauds and Senate inquiries into government lending operations, he said, disclose a need for more drastic penalties.  
 "Let's revive the whipping post," Tobey said. "They'd fear that. No punishment really can be adequate, but this practice of accepting resignations of those who are caught in wrongdoing is childish and inadequate."  
 Senator Kefauver (D-Tenn.), in a separate interview, called for Congress to create a special, independent commission to take over a governmental housecleaning assignment which President Truman has said he will launch soon.  
 Kefauver, former head of the Senate Crime Investigating committee on which Tobey also served, called attention to its recommendation for creation of a crime commission of distinguished

### Origin Of Clute Fire A Mystery

CLUTE — (AP) — Origin of a blaze which destroyed three main street businesses here and damaged two others remained a mystery today.  
 The \$100,000 fire started in the Clute theater building belonging to Theatre Enterprises, Inc., of Dallas, yesterday.  
 Housed in the same frame and sheet aluminum building was a drug-store and variety store. A garage and another structure in the church, near Berger, the past year of the theater building were damaged.

### New Pastor Slated For Miami Church

MIAMI — (Special) — Rev. Ray Manning was extended a call as pastor of the First Baptist church, Sunday morning, and has accepted the call. With his wife and two children, he will move on the field immediately.  
 Rev. Manning, who is a graduate of Howard Payne college and has been a student in Southwestern seminary, Fort Worth, has been pastor of Halle Baptist church, near Berger, the past two years.

### Yugo Legislator Believed In Russia

BELGRADE, Yugoslavia (AP) — A member of the Yugoslav Parliament is missing, and apparently has joined the Russian-led Cominform which turned against Yugoslavia more than three years ago.  
 Nikola Vojnovic, the missing legislator, had permission to go to France in August, 1950, for medical treatment. He has neither come back nor sent the government any message since, Vladimir Simic, parliamentary president-officer, told Parliament yesterday.  
 Simic said Vojnovic has been heard on the air from a foreign station. He implied the station is in Russia or one of its satellites.

### Fast-Drawing Father Shoots Down Mother

NEW YORK — (AP) — A father playing "fast on the draw" with his cowboy-wounded young son accidentally wounded his wife last night.  
 The boy, 11-year-old James Haynes, Jr., had pleaded with his father, a penitentiary corrections commissioner: "Dad, let's see how fast you can draw."  
 Haynes, 32, unloaded his revolver and played the game with his son. Then Haynes reloaded the gun and started to put it away.  
 "Just one more," came the youngster's plea.  
 Forgetting about the bullets, Haynes drew again and fired. The shot struck his wife, Ada, 30, in the forehead. She was seriously injured.

### Times Says Truman Adds Investigators

NEW YORK — (AP) — The New York Times says President Truman is reported to have chosen two of three members for a special commission to investigate and expose wrongdoers in government.  
 In a story from Independence, Mo., the Times reported Mr. Truman is said to be still seeking a young and widely-known investigator to complete the inquiry team.  
 No immediate comment on the Times story was available from White House sources.  
 The Times story declared the President is said to have obtained acceptance from one Republican and one Democrat, whose names were withheld pending completion of the three-man panel.

### Music Program For Lions Club Meeting

Special music at Thursday's Lions club meeting was furnished by Ann Jordan, club pianist. Leading group singing were B. R. Shultz, Jimmy McChene, Joe Tooley and Ed Cleveland.

### Four Persons Fined

Four persons were fined a total of \$150 today in corporation court on charges of intoxication. All were picked up by city police last night.

### Discovery Reported Of Vast Oil Field

NEW YORK — (AP) — The New York Journal of Commerce says a "new major oil discovery" possibly one of the more important in a decade of fabulous strikes — has just been made in the Middle East.  
 The oil showings were reported made after the start in October of a wildcat well known as Magwa No. 1, about seven miles north of the northernmost known part of the 80,000-acre Burgan field in Southern Kuwait, tiny sheikhdom on the Persian gulf.  
 The oil concession for the sheikhdom is held by Kuwait Oil Co., Ltd., owned jointly by Gulf Oil Corp. and Anglo-Iranian Oil Co.  
 It is still uncertain, the newspaper says, whether Magwa No. 1 was drilled into an extension of the Burgan field that geologists did not know existed, or whether the new oil showings are the first of an entirely new pool. Proven reserves of the Burgan field have been estimated at close to 15 billion barrels, or about half the size of presently proven fields of the United States.

### STASSEN'S

(Continued from Page 1)  
 commitment to any other person."  
 And at another point he declared:  
 "I am in this campaign to stay until nomination and election."  
 But that didn't stop politicians from raising and debating these questions:  
 1. Did Stassen decide to bid for the nomination because of any indication from Eisenhower that he would not be a candidate?  
 2. Did Stassen announce with the intention of throwing his support to Eisenhower at the party convention next July in a possible move to keep the nomination from going to Sen. Robert A. Taft of Ohio? Like Stassen and Gov. Earl Warren of California, Taft is an avowed candidate for the GOP presidential nomination. Stassen has spoken out against Taft.  
 3. Is Stassen anticipating a Taft-Eisenhower deadlock that might swing the nomination to him?  
 Supporters of Eisenhower, who has kept publicly silent as to whether he will be a candidate, reportedly felt in advance of Stassen's announcement it would be interpreted by some as an indication Eisenhower had told Stassen he would not run.  
 When Stassen did announce, the general's backers promptly went to work in an effort to nullify any such conclusion.  
 Senator Lodge of Massachusetts, campaign manager for the Eisenhower-for-president Republican group, put out this statement:  
 "I can assert authoritatively that nothing happened at the conference between Eisenhower and Stassen to justify any inference that Eisenhower would not be a candidate."

### MALE JURY

(Continued from Page 1)  
 they were cut short by the court. Assistant District Attorney Jerome Kidder opened his summation for the prosecution by quoting Shakespeare:  
 "Who steals my purse steals trash... but he that filches from me my good name, robs me of that which no thief can enrich him, and makes me poor indeed."  
 Morritt said his client was a "humble maid" at the mercy of "the temperamental star, the mighty Miss Bankhead."  
 He called the case "a dispute between two elderly ladies, one who tries to look young and one who shows her age rather gracefully."  
 Mrs. Cronin is 59 and Miss Bankhead is 48 years old.

### Mac Scoffs At Idea Money Is Spoiling Lovely Cuernavaca

By HENRY McLEMORE I'm not a philosopher, or a deep thinker, but I have lived long enough to know that the word money is a much abused word. Those who don't have it treat it as if it were a punching bag. Yet, I have never seen the man of most lowly means fail to bend down to pick up what he thought was a dime on the sidewalk. The man who reaches for a free coin often yells the loudest about those with free coins.

Babs is building in Cuernavaca. I'm quite sure Doris will. Old princes of forgotten lines are killing by swimming pools. But God and his natural wonders swallow them up. I never saw a mountain curtsy to wealth, or a bright spring morning walk backwards to the door for a bank account.

I think most of the world's hatred of money is based on something the world could well do without, namely, jealousy. So often have I heard it said that someone doesn't deserve his money because his great-grandfather left it to him.

But I ask you, wouldn't you

### Two New Laws Set Up To Help Form Truce On State Highways

By MAC ROY HAZOR AUSTIN — (AP) — Two new laws will help seek a 1952 truce to the bloodiest and costliest civil war ever waged on Texas highways. The 1951 traffic slaughter is expected to total 2533 deaths, the Department of Public Safety estimates. That is 125 deaths more than were counted in previous record-breaking 1950.

Christmas holiday drivers are cutting down most victims than ever before. Unless they slow down and pay more attention to their driving, says Department Director Homer Garrison Jr., the year's toll will be even higher. The two laws passed by the last session of the legislature which may help are the driver responsibility law and the motor vehicle inspection law.

Whether they help or not, says N. K. Woerner, the department's chief of statistics, depends on attitude of the drivers. "We fully expect each of these measures to contribute toward the cause of greater traffic safety, but to what extent we will be unable to say with any exactitude until they have been in force for some time," he said. "The experience of other states with similar laws affords us some guide but in the final analysis, driver attitude is one of the

greatest contributing factors toward the traffic safety problem. We will just have to wait and see if these laws will make the correct impression on our motorists that we have reason to expect."

The driver responsibility law will require you to show ability to pay claims for any damage, injury or death you may cause in an accident no matter who is at fault. If you can't prove your financial responsibility in accidents where damage is \$100 or more within 60 days or haven't been released from liability by a court or by all persons involved, then you lose your driver's license and your car license tags.

If you drive without them, that may cost you another \$500 and up to six months in jail.

You can prove your ability to pay by posting a bond, by securities, by cash in the bank or by an insurance policy.

If the insurance policy route is used, the policy must have been taken out prior to the accident in order to cover your liability and enable you to keep driving. Such policies cost about \$25 a year.

That law becomes effective Jan. 1.

The motor vehicle inspection law will require you to have safety features on your car — brakes, lights, horn, windshield wipers and steering gear — inspected and approved by an officially-designated inspection station before you can get your 1952 license plates. The inspection cost \$1. You can correct the faults yourself or have them corrected anywhere you wish but you don't get 1952 tags until the buggy meets the safety requirements.

With the help of those two laws and cooperative Texas drivers, law enforcement officials hope there will be no repetition of 1951's record slaughter on the highways.

### Trygve Lie Sees Improvement In East And West Tensions

OSLO, Norway — (AP) — UN Secretary-General Trygve Lie says there has been a "slight improvement" in East-West relations and no worsening of the general world situation since the general assembly opened in Paris Nov. 6. In a Christmas-time broadcast to Scandinavians, Lie said some of the speeches in the UN this year had been more moderate than usual. Lie's text dealt in general terms. It did not mention Russia's charges in Paris that the United States is supporting saboteur-spies against the Soviet bloc or American delegation characterization of the charges as Russian "spy mania" and of Foreign Minister Vishinsky as "an old goat."

Lie, a Norwegian, is here for Christmas vacation. The assembly resumes in Paris after the holidays.

"This year," Lie said, "discussion has been less propagandistic and more sober and objective. The various points of view have of course been defended, and very often the differences in question have been sharp and disparate. But in spite of this I do feel that there has not been any further deterioration or sharpening of the world crisis during the present general assembly."

"In one main field — the so-called East-West conflict — there

### Power Commission Grants Rate Boost To Tennessee Gas

WASHINGTON — (AP) — The Power Commission has authorized Tennessee Gas Transmission Co. to increase its wholesale natural gas rates by about \$11.5 million a year. The Houston firm had asked an \$18 million increase. Tennessee wholesalers gas to distributing companies and other customers in Louisiana, Mississippi, Tennessee, Kentucky, West Virginia, Ohio, Pennsylvania, New York and New England. The commission in its order said evidence shows Tennessee is reasonably entitled to the increase in order to provide revenue to meet its cost of service and realize a 6 percent return.

### U.S. Mum On Red Charge

TAIPEH, Formosa — (AP) — American officials here refused to comment on a Chinese Communist radio report that the U.S. Seventh fleet is ferrying 70,000 Nationalist troops from Formosa to the mainland. Maj. Gen. William C. Chase, head of the U. S. military assistance advisory group here, said only "no comment."

Newsmen got the same reply from Capt. Henry T. Jarrell, U.S. Naval attaché and Seventh fleet representative here.

Chase as one of two American officers who allegedly arranged to transport the Nationalist troops to Thailand.

The broadcast said Brig. Gen. John T. Cole, who heads the military assistance mission to Thailand, would be responsible for seeing that the troops moved overland to northern Burma, on the southwest border of Communist China.

Pelping said Wednesday the first group of Chinese Nationalist troops was scheduled to be on the mainland before the end of 1951. The troops were described as reinforcements for Gen. Li Mo, Nationalist guerrilla commander in South China. He arrived in Taipei last Monday, presumably to confer with government officials.

# Frank Sedgman Wrestles Davis Cup To Aussies With Brilliant Tennis Display

By GAYLE TALBOT  
SYDNEY, Australia—(AP)—In the fifth and deciding match of the challenge round, the young Australian ace sliced Vic Seixas' backhand into ribbons, 6-4, 6-2, 6-2, to retain the coveted cup for his country. Lutes matches to two.

## WARREN'S ARM UP

By Warren Haseo—News Sports Editor

QUESTION: Was the Rose Bowl game ever played in any other state than California?

GLAD TO FIND BASKETBALL enthusiasm so high in Pampa. All I've been doing for the last hour while trying to write this Thursday afternoon is answer phone inquiries as to how the Harvesters came out at Brownwood. We appreciate all these calls on behalf of the team, and certainly don't mind answering them. And we certainly hope that the basketball fever stays at as high a pitch as it has been so far this season.

Good crowds were present each game at home, and these telephone inquiries would indicate that the folks are greatly interested in Coach Clifton McNeely's Green and Gold cagers.

The basketball pitch is going to have to stay high and there is no reason why it should. The new fieldhouse is a paying proposition. The Harvesters have produced outstanding basketball teams for the last five years. And this year's competition, in District 1-AAAA should attack in a new capacity. The new building at the high school regularly.

Basketball on the higher level, in the colleges and professional leagues, is facing its toughest season. All the statistics and the rumors of more to come have left the cage sport with a lot of face-saving to do.

It is indeed embarrassing to the colleges and to some of the players on the college teams, as well. Everytime there is an act set, there will be some doubts in the minds of many people as to whether or not the game was thrown.

It has caused so much embarrassment to one all-American athlete that he has just had his name taken off the eligibility roster of the Kentucky Wildcats. That star is, of course, Larry Bill Spivey, who last year as a junior was a near unanimous choice for all-American. Spivey had been kept out of action so far this year because of a knee operation late last fall. His absence from the lineup led to rumors that he was implicated along with the other Wildcat stars, Cozza and Beard, in the fixing of two years ago. Spivey asked to be taken off the eligibility list because of "false and malicious rumors." He has denied any connection with the fixing and point shavings. And it is easy to see where he would be an unfair victim of the actions of his teammates of other years.

The assistant district attorney for Manhattan, Vincent O'Coner, has been hounding the Wildcats, claiming that more players are implicated than have already been charged, and he is trying to get them pinned down. This, of course, doesn't add encouragement to the Kentucky team.

While this investigation was going on, Don Barkdale, one of the highest paid players in the National Basketball Association, was suspended from the Baltimore Bullets by the team without any given reason. Here again, the implication lies that he was connected with a fix, and the Bullets are trying to keep their roster clean of any such persons.

It is a rotten situation and a hard one to deal with. Lou Rossini, whose Columbia Lions went unbeaten last season, says it is impossible for a coach to detect whether or not a boy is playing the game honestly. "I expect certain patterns to develop on certain assignments, and for a man to be at a certain place at a certain time," the 36-year old mentor explains. "If he continually misses out on that assignment, I substitute. But you can't miss on missed baskets. You can miss by a lot or a little."

Rossini concedes that he would be embarrassed to ask his boys if they were playing square. "It's not worth being a coach, if you have to resort to such tactics," he asserted. "I'm no private detective. If I were a player questioned about my honesty, I'd quit."

And that is just about sizing up Spivey's case exactly. How many hours of practice does it take to produce a state championship football team? Joe Kelly, sports editor of the Lubbock Avalanche and Earl Scudder, sports writer who covered the Westerners all year, have figured out that little problem, and broken it down into various phases. Here is what they found out about the Westerners' 15 game schedule that brought them the state crown. And the same breakdown can be applied to the Pampa Harvesters, only through 12 games.

The third straight capacity crowd of 15,000 at the White City Stadium gave a five-minute roar of triumph after Sedgman nearly knocked Seixas' racket from his hand with his unreturnable service for final point.

They remained standing for another 20 minutes while Prime Minister Robert Menzies presented the trophy to the winners in a mid-court ceremony. They wound up three happy days by giving three cheers for both teams.

Australia was in the throes of a fine tennis binge tonight. Sedgman was the toast on every lip. Not until they witnessed his flawless performances the past three days had the Australians quite realized what a truly great tennis player the Melbourne youngster has become.

In defeating Schroeder on opening day, then joining Ken McGregor in the vital doubles victory over Schroeder and Tony Trabert yesterday and beating Seixas today, he lost only one set. That was to Schroeder after he had two sets to none.

It appears certain Sedgman will turn professional sometime within the new year. If he does he will be worth anybody's money to see. Seixas today played probably as good tennis as he ever played in 28 years. He fought valiantly for every point right to the end. Yet he never had a ghost of a chance against the inspired athlete on the other side of the net.

Sedgman's terrific service was terrific. He lost it only once in the opening set. His ground strokes were brilliant and so were his volleys. The pattern was set in every first game when Seixas had to battle through five deuces to hold his service.

From there on he struggled in a lost cause. Sedgman scored 30 outright winners from every point on the court. He even rang up a placement after chasing behind the baseline to retrieve a lob.

Seixas deserved great credit for sticking it out the way he did. He still had enough fight left to force a three match point against him in the next to last game. In contrast to the fine closing exhibition, the Schroeder-Rose match was lackluster and had the crowd yawning through long stretches. It was a test of nerve and volley and the majority of the points were decided on errors.

The Los Angeles purse is the largest, the other 16 meets each having \$10,000 prize lists. The schedule: Jan. 4-7, 26th Los Angeles Open, Riviera C. C., Los Angeles, Calif., \$17,500.

Jan. 10-13 - Bing Crosby International Pro-amateur invitational, Cypress Point C. C., Monterey Peninsula C. C., Pebble Beach G. C., Del Monte, Calif., \$10,000.

Jan. 17-20 - San Diego Open Invitational, San Diego, C. C., Chula Vista, Calif., \$10,000.

Jan. 24-27 - Phoenix C. C. Phoenix Invitational, Phoenix C. C., Phoenix, Ariz., \$10,000.

Jan. 31-Feb. 3 - Tucson Open Invitational, El Rio G. & C. C., Tucson, Ariz., \$10,000.

FRANK SEDGMAN... Perfect Tennis

# Blue-Gray Tilt Tomorrow

MONTGOMERY, Ala. — (AP)—Three linemen and a back have been chosen by Blue-Gray warriors to lead their clubs in the all-star football contest tomorrow.

A tackle and a guard—Dick Logan of Ohio State and Frank Knapal of Michigan State—were named co-captains of the Blues yesterday. The Grays countered with quarterback Jim Barton of LSU and guard Joe Palumbo of Virginia as their leaders for the 13th annual Yankee-Rebel clash. Head coaches Rip Engle of the North and Gus Tinsley of the South took pains not to under-rate each other's clubs as they put their men through final practices. Engle insists the South should be favored despite what the oddsmakers say. Most folks favor the North to win their fifth game against eight losses. "Tinsley won't make a prediction. 'I just don't know what they (the North) have got,'" he said yesterday. "I haven't seen a single one of their players perform, but I hear they've got a pretty good looking ball club."

# Harvesters Rip Cleburne To Advance In Cage Tourney

BROWNWOOD — (Special)—The Pampa Harvesters moved into the quarterfinal round of the annual Howard Payne Invitational tournament here Thursday afternoon, soundly trouncing Cleburne, 66-28, in the tournament opener. Coach Clifton McNeely's highly favored Harvesters left little doubt from the first whistle as they ran up a 23-9 first quarter lead and then took a rest to let the reserves finish out most of the game. The Green and Gold is scheduled to meet Big Spring 60-60 overtime winners over Stephenville, at 3:10 p.m. today. Marvin Bond, winner of the "Hustling Harvester" award last year, paced the victors' scoring with 12 points, closely pursued by Buddy Cockrell with 11, and Jimmy Dulaney, with 10. The reserves ran the count to 38-13 at halftime. With the starting lineup back in to start the second half, the lead was extended to 52-21 as the final period got underway. Bill Young led the Cleburne Yellow Jackets scoring with 11 points before fouling out.

HARVESTERS — (66)		CLEBURNE — (28)	
M. Bond	12	Young	11
J. Bond	11	Beall	5
W. Webb	10	Ray	5
Jeter	8	Hilton	4
Smith	7	Pickens	4
McCrackin	6	Barnham	3
Oden	5	Hyde	2
McCrackin	4	Walker	1
Dulaney	10		
TOTALS	23 20 19 4 66	TOTALS	8 12 25 28

DOUBLE OVERTIME In the top thriller of the first round of play, the highly-touted San Angelo Bobcats lost a double-overtime heartstopper to Riverside of Fort Worth, 56-54. The Bobcats had been favored to roll through the lower bracket and bump into the Harvesters in the finals. In other games Arlington

Heights routed Plainview, 64-41, Lampasas fell to Fort Worth Tech, 46-35, Sweetwater topped Kerrville, 60-45, and Odessa, soundly trouncing Temple, 60-40. Unusually high scoring was the theme for the opening round of play. In today's schedule the Harvesters play at 3:10, Fort Worth Tech runs into Sweetwater and Riverside hits Arlington Heights. The Harvesters, if victorious today, play again at 10 a.m. tomorrow, and then if they win, play for the championship at 8:10 p.m. Saturday. A loss anywhere along the line would knock the Green and Gold out of the tournament.

# Vandy, TCU Turn In Wins

By HAROLD V. RATLIFF  
DALLAS — (AP)—Texas Christian meets Vanderbilt and Texas clashes with Texas A&M tonight in semifinals of the Southwest Conference basketball tournament — and TCU and Texas are light favorites to push through to the final game. The Christians hit on 41.3 percent of their shots last night to whip a good Rice team 68-57 while Vanderbilt had trouble until the stretch in licking lowly Baylor 60-53. Vandy was badly off at the basket, cashing in on only 25 of 74 shots for an average of 33.8.

TCU has the height and the speed but Vandy is a fine floor team. Texas and A&M won their first round games Wednesday night, the Longhorns strapping Southern Methodist 58-42 while A&M walloped Arkansas 49-46. The main obstacle for Texas is big Walt Davis, the high-jumping center of the Aggies who did just about everything to Arkansas. He is the leading scorer of the tournament thus far with 22 points. GOOD CROWDS Little Johnny Ehrhidge was the difference in Texas Christian's victory over the fast-moving Owls. Rice couldn't handle the 5-foot-8 speedster who weaved in and out of the tall Owls for lay-up after lay-up and wound up with 19 points. Vanderbilt had the height and got enough shots to have trounced Baylor badly but it was late in the third quarter before the Commodores started putting the ball in there. Vandy came from behind to hold a 48-40 lead going into the fourth period and at one time was 10 points ahead. All Vandy and Jack Feldman each laid in 15 points to pace Vandy's last quarter scoring spurge. Vanderbilt and Texas Christian have lost only one game each this season. Vandy has a 7-1 record and TCU 6-1. Texas had 6-3 and A&M 2-5. Play in the consolation or loser's bracket starts this afternoon with Southern Methodist meeting Arkansas and Baylor tackling Rice. The tournament is going to be a financial success. Already there have been 5,677 paid admissions and tonight's crowd is expected to be the largest yet. Only about 2000 more are needed for the tournament to pay for itself.

# Athletics, Tribe Top AL Defenses

CHICAGO — (AP)—The Philadelphia Athletics, who finished sixth, and the runner-up Cleveland Indians shared the American League team fielding title last season with a .978 percentage. The Athletics, who did fine statistically for Manager Jimmy Dykes, also led in double-play, according to official league figures released yesterday. The A's made 204 twin killings, 13 fewer than the major league mark of 217 they set in 1949. Philadelphia's Ferris Fain won the league's batting crown and Gus Zernial, who flourishes under the Dykes' touch, led in RBI's and homers. Another Athletic star, Pete Suder, was a defensive champion, leading the circuit's second sackers with 887 as he bobbed off eight times in 595 chances. Other individual fielding leaders: first base — Mickey Vernon, Washington, .994; shortstop — Chico Carrasquel, Chicago, .975; second base — George Broussard, Detroit, .960; outfield — Johnny Groth, Detroit, Sam Mele, Washington and Gene Woodling, New York, tied at .953; and catcher — Jim Hegan, Cleveland, .991. Third in team fielding was Boston, with a .967 percentage. Chicago and the champion New York Yankees, tied at .975. Detroit and Washington were bracketed at .973, and St. Louis was last with .971.

# Holmes To Bring Kids To Braves

BOSTON — (AP)—After encountering a "sit tight" front office order against the trading of veterans, Manager Tommy Holmes had a youth movement underway today to bolster his 1952 Boston Braves. Holmes, about to start his first full term as Tribal proct, named off 10 prize products of the club's farm system for immediate development after President Lou Perini reported rival club's rejection of player deals he described as "over-generous" on his part. We have some of the most promising youngsters in baseball and I am going to concentrate on 10 of them to strengthen our weak spots," Holmes explained. Holmes has ordered such rookies as George Crowe, Ed Matthews, Jack Cusick, Harry Haney, Pete Whisenand, Bill Klatis, Jack Dittmer, Billy Red, Bill Burton and Jim Bolt to report at the Bradenton Fla., training camp on Feb. 21, along with the club's pitching and catching candidates. Twenty years ago — Glenn Thielthelph resigned as head football coach at the University of Wisconsin.

# Meyer Strengthens Defense By Not Trading Game Films

FORT WORTH — (AP)— One reason Coach Dutch Meyer of Texas Christian declined to exchange films with Coach Bear Bryant of Kentucky was defense. The head man of the Horned Frogs didn't want his Cotton Bowl foe to know how he managed to stop the formation so well that he won the Southwest Conference championship.

"We were scouted, to be sure," said Meyer, "but you can't really pick out the details of a team's defense unless you see it in a picture." Texas Christian had a tough defense for Baylor — the game that really won the title. The Bears were held to 248 yards and had five passes intercepted. Then came Rice, another T team which was fighting for the title. TCU had to turn the Owls back to win it. The Frogs gave Rice just 212 yards and intercepted three passes.

CATS TOP OFFENSE Kentucky has higher powered offense than Texas Christian, averaging 357.1 yards per game in 11 outings compared to 291.4 for TCU in 10. Kentucky also has a better defensive record, giving up 205.8 compared to 287.6 for the Frogs.

But in the game where the chips were really on the line, the Frogs had the defense. Another reason Meyer wouldn't exchange films was because he has an offense different from any other in college football. It all runs from a spread formation. The TCU coaches are sure that Kentucky to have the inside on that ether.

Meyer looks for "lots of scoring" in the Cotton Bowl game because both teams have strong offenses and neither knows much about the other. "We're going to do some scoring," he said, "but the question will be whether Kentucky scores more."

STILLWATER — (Special)—A basketball coaching record matched by few cage mentors in the country has been compiled by Oklahoma A&M's Henry P. Iba during his 25 years on the bench. Iba now is in his 18th season at the Aggie helm. He is athletic director, also, at A&M, having held that post since 1936. Here's the record, 536 victories.

HOUSTON — (AP)— Coach Paul Bryant of Kentucky worried today over the illness of seven of his players as the Wildcats held final practice here before going to Dallas for the Cotton Bowl. The seven, three of them probable starters in the game with Texas Christian Jan. 1, were stricken with a virus infection.

Bryant said that although the illness was not serious, the boys couldn't practice and if they are unable to play won't be up to par. Among those who are ill are Pete Kirk and Jim Proffitt, ends, and Harold Gruffitt, half-back, who have been starting players. Others on the sick list are John Griggs, center; Calvin Smith, tackle; Allen Feich, full-back, and Don Jirschele, half-back.

BASEBALL'S TOP FIVE HITTERS — These baseball stars led by Rogers Hornsby, were the greatest hitters in the post 1900 era based on their top five consecutive years. Left to right and in order of rank are Hornsby, .482; Ty Cobb, .387; George Sisler, .381; Harry Hallman, .359; and Al Simmons, .375. (AP WIREPHOTO)

PEDDLING toward a District Golden Gloves championship — he hopes — is Paul "Rabbit" Ramirez, wiry little Pampa Boys Club, Inc., boxer who is pictured above training for the gloves tournament to be held in Pampa Jan. 14, 15 and 16. Ramirez, in his second year of ring warfare, is rapidly developing into one of the top mittmen with the Boys Club team through his hard, daily training routine.

# Baylor Turns On Steam In Preparation For Engineers

MIAMI BEACH, Fla. — (AP)—Fun loving Georgia Tech and hard working Baylor settled down in their luxury hotels today only a few blocks apart to await their Orange Bowl meeting Tuesday. Coach Bobby Dodd planned a light workout for Tech today, but no scrimmage, and then the squad will take the afternoon off to go to the races.

The Engineers from Atlanta had been seen bed "we couldn't play, passing and punting yesterday and Dodd said it was "our first good workout since the first of December." He said the weather in Atlanta had been so bad "we couldn't get outdoors to practice."

"The boys picked the Orange Bowl because they figured they could have more fun in Miami than any place else," Dodd said. "We'll bear down in practice but we also intend to enjoy a vacation."

TWO-A-DAY DRILLS The Baylor Bears scheduled morning and afternoon workouts today to make up for time lost in traveling. The squad arrived at the Orange Bowl kickoff hunched yesterday when 1,400 persons crowded into Bayfront Park auditorium and heard the coaches and comedian Joe E. Brown defend bowl games.

Brown said it was "all wrong" to talk of eliminating bowl games "which are so tremendously popular with the people" and he condemned the accent on victory. "The players' desire to win should be preserved," he added. Both coaches predicted a wide open game and plenty of scoring. Dodd forecast a forward passing duel between Tech's Darrell Crawford and Baylor's Larry Ibbell and said he considered them two of the nation's best quarterbacks.

Sauer said his team would score at least twice on the unbeaten Georgia Tech eleven. It is Baylor's first trip to a major bowl. The Bears defeated Wake Forest in the Dixie Bowl at Birmingham, 29-7, in 1949.

# THIS IS MY BEST

No. 7 in a series

MRS. CORWIN CUDNEY

Menus are being planned around baked ham this week, not only because it's a tradition, but because serving ham is an easy asset to your first meal of the new year.

Baking ham is a simple task following all the Christmas preparation of last week, and among the typical ham fanciers is Mrs. Corwin Cudney, 321 N. Wells, a good cook who likes to start the year with a stout and hearty meal for the men at her house — husband, Corwin, and sons, DeWey and RedDon.

Cooking is one of Mrs. Cudney's most time-consuming duties, but preparing "three squares a day" is her idea of fun. She has a drawer-full of cookbooks and a head-full of ideas on making her meals attractive.

She packs sack lunches for the boys to carry to school, but prepares lunch for her husband each day. The evening meal is their main one, and Mrs. Cudney spends many an afternoon making fancy salads of cream cheese and pineapple shaped into flowers, or baking a new cake recipe. Cakes are her specialty — along with candies. She found time during the busy Christmas season to make a big box of candy for her news paper boy. She just likes to cook.

In giving her best New Year's recipe, she explained that decorating the ham is an important part of the meal.

"I like to make my foods look pretty enough to eat," she said, "so I always decorate any way I can. The ham is put into the cloth and left to bake without attention, so I feel I can spare a few extra minutes decorating the ham."

She uses her cookie cutter to cut stars from orange peel, which makes a little different ornament from the pineapple rings.

**BAKED HAM**

Have ham warmed to room temperature and bake according to directions: Unwrap ham, wipe with clean cloth, re-wrap tightly in original paper wrapped around ham, or in clean wrapping paper and place flat side up on rack or shallow pan. (Paper keeps juices in ham.) Do not cover pan or add water. For baking, allow 15 minutes per pound for hams. Bake in slow oven (325 degrees) until within 45 minutes of total baking time. Remove paper and rind from ham, make a series of shallow cuts across fat to cut into squares or diamonds. Spread with desired glaze and insert one clove into each square of fat. Bake uncovered in 300 degree oven for remaining 45 minutes.

**GLAZE**

1 cup brown sugar  
1-4 cup pineapple or orange juice

With the ham, Mrs. Cudney serves celery curls, stuffed olives, candied sweet potatoes, black-eye peas, Harvard beets, parker house rolls, vanilla ice cream on black midnight cake and coffee.

The celery curls are that little extra sparkle she wants to put into all her menus. She cuts celery stalks into two-inch pieces. With a sharp knife, she begins at the outer edge and makes four to six cuts parallel extending about one-third of the way down the stalk. She places them in ice water until the celery curls.

The midnight cake is one of those dark temptations that's never failed. She uses two tablespoons less flour than the recipe requires, and uses white or dark icing.

**Black Midnight Devils Food Cake**  
1-2 cup shortening

Lengthy, double-ended cotton swabs ease the back-breaking task of pedicuring toenails, offering both force and cuticle-protecting gentleness.

### Beauty After Forty Neely - Clark Vows Said In Shamrock

ANN LOWETH

SHAMROCK — (Special) — Miss Lee Ann Neely, daughter of Mr. and Mrs. L. R. Neely, east of Shamrock, became the bride of C. H. Clark, son of Mr. and Mrs. Jack Clark, at the First Methodist parsonage here Sunday, Dec. 23, at 1 p. m. Rev. S. M. Dunnam, pastor, performed the single-ring ceremony.

The bride wore a white wool suit with blue and gold accessories. Miss Lee Bettie Morgan, maid of honor, wore a pink wool suit. Jerry Pennington served as best man.

The bride is a senior at the Shamrock high school and plans to continue her studies and graduate with her class in May.

After a short wedding trip, they will be at home three miles southwest of Shamrock where Mr. Clark is engaged in farming.

The petticoat has a place all its own for fall and winter. This place may be underneath or over, according to the whim of the wearer. Shown here are three petticoats designed to be worn either way. Silk brocade (left) gleams with red and green flowers, is stiffened at the hem. Luxurious gold metallic cloth makes a petticoat (center), white black nylon net (right) is in four layers.

### ANN LOWETH

Ann Loweth was a star of the Ziegfeld Follies in its glided 1910 and 1912 era. She is now, at 58, one of New York's most vital, best-known business women. Her job is that of Fashion Expert for a mammoth resident buying office for out-of-town department stores, a strenuous and exacting job.

Since 1912, white-haired Mrs. Loweth, who could well be classed as an international After Forty Beauty, has increased her work week from approximately 25 hours to a solid 65 hours! Her lifelong friends say that she is as youthful looking and far more attractive than when she appeared behind the footlights.

How does this mature woman do it? Under pressure all the time, with little sleep and big responsibilities in one of the busiest cities of the U. S. At "It's so easy," said Mrs. Loweth, freely giving away her beauty secrets between phone calls and other interruptions, in her office high above the racket of Broadway. "This," she said "may sound a little romantic but I think the fountain of youth is hidden somewhere in the faucet over a good hot bath. And, do you know, I think a cake of soap is almost as great a discovery as that nebulous thing that Ponce de Leon didn't quite find!"

Ever since she was a dancer for Ziegfeld, Ann Loweth has followed her own special beauty routine. "First," she says, "I wash my face, hard, with soap and water; rinse. Then I apply cold cream, removing it gently with a towel, never tissues. The tissues are fine for many women but a towel feels more soothing to my skin."

After that ritual she sprays cold water on her face and neck, dries both gently and applies a light film of makeup; just a touch of rouge, a minimum of powder and a stroke of lipstick.

Before evening dates she takes half an hour for a luxurious soap-and-water tubbing. And, by the way, her gleaming hair is free of any color rinses, just soap and water care. A rather clean-cut Beauty After Forty, don't you think?

Liver, heart, and kidney have high value as food because they supply us with iron and vitamins. The mother of a family is wise if she serves one of these foods at least once every week.

### Excitingly Different Clothes Are Best Accents For Your Wardrobe

By GAIL DUGAS  
NEA Woman's Editor  
NEW YORK — (NEA) — For some years now, Gilbert Adrian has been one of the best known designers on the West Coast.

As the enthusiastic sponsor of the shoulder pad, he put padded shoulders into his clothes even when other designers had passed them by in favor of more natural lines.

Adrian, then, has never been a conformist. And this means that it takes a woman with true individuality, a real flair or strong character to wear his clothes.

A great many women do wear them each season, thus providing the very best testimony to his talent.

From Adrian's current resort-into-spring collection come two suits that make fashion news. A smoky pink called calrose is used (left) for a collarless suit. A short-sleeved jacket has a slotted self-detail in Grecian design on bodice, sleeves and back.

### American Newspaper Women Chose Marguerite Higgins "Woman Of Year"

By DOROTHY ROE  
Associated Press Women's Editor  
American newspaper women have chosen one of their own — Marguerite Higgins — as "Woman of the Year" for 1951.

She is Marguerite Higgins, plucky and pretty young foreign correspondent for the New York Herald Tribune, whose coverage of the Korean war brought her both national headlines and a Pulitzer prize.

More recently the pert, blonde Maggie has traveled around the world writing a series, "Around Russia's Curtain," authored among the ten women voted outstanding in their respective fields for 1951, from the standpoint of news value.

The only newspaperwoman on "Tops in the field of sports is

Maureen Connolly, 16-year-old winner of the national women's tennis championship — a teen-ager who has provided the nation's sports writers with a fresh and inspiring new personality to brighten up their pages.

In literature, the vote goes to Rachel Carson, author of the best-selling "The Sea Around Us."

Judy Garland tops the list in the theater, for her sensational success in bringing vaudeville back to Broadway.

In the field of science, the editors have chosen Dr. Florence Sabin, one of three women doctors who were winners of the American Public Health Association's 1951 Lasker awards. She is now director of health for Denver.

Others named as outstanding in their fields are: Public Affairs: Anna Rosenberg, Assistant Secretary of Defense.

Radio: Tallulah Bankhead, star of NBC's ambitious "Big Show." Music: Dorothy Kirsten, opera and concert star.

Movies: Judy Holliday, academy award winner for her performance in "Born Yesterday." Education: Margaret Clapp, president of Wellesley college.

Business: Tillie Lewis, West Coast tomato canning queen.

Ever stop to wonder where the taxpayer gets all the money the politicians take away from him?

### Gather the Wheat

IN THE parable of a sower and his beliefs, producing fear and inhaling wheat, Christ Jesus told his story, as to be destroyed. . . .

Listeners that good seed was sown. God is ever-present Spirit, creative but tares also appeared. When his Mind, infinite Love. In the measure servants inquired why this should that one apprehends divine omniscience, the householder replied (Matthew, omnipotence, and omnipresence), "An enemy hath done this." Hence, he gains the true idea of Deity in his subsequent explanation of theand discerns the reality of God's parable to his disciples, Jesus idea-creation including man as God's reified the source of the tares as evil, fiction. . . .

Because God, the only cause and the parable indicates the differ-creator, is good, His creation, in-idea between the wheat of divine-creating man, is likewise good. In ideas and the tares of material-this scientific, logical reasoning man mindence. Mary Baker Eddy, this understood as the spiritual, per-Discoverer and Founder of Christian Science, and immortal idea of Mind, not Science, writes in "Science and a penalized mortal influenced by sin, Health with Key to the Scriptures" sleep in discord, and subject to (p. 72), "Mortal belief (the material death. Belief in the reality of matter sense of life) and immortal Truth and its so-called laws of lack, age, (the spiritual sense) are the latest disease, pain, and disaster sows the and the wheat, which are not untaughters of fear. God, good, does not by progress, but separated."

On another occasion Jesus said material belief; therefore they have (John 4:35), "Say not ye, There are no reality, no power, no existence, yet four months, and then cometh . . . We can discern matter's un-harvest? behold, I say unto you, Lift reality and through our acknowledge-up your eyes, and look on the fields; ment of Spirit's realness and allness for they are while already to har-receive a fuller experience of health, vest." To differentiate quickly he-happiness, and success, Paul exhorts tween the unreality of the temporal (II Timothy 2:15), "Study to show and the reality of the eternal is tothyself approved unto God, a word "lift up" one's eyes. Spiritual ideas man that needeth not to be ashamed: expressing the immortal and perfect, rightly dividing the word of truth are to be garnered, while material. . . . The Christian Science Monitor

I'VE WAITED A LONG TIME FOR SOMETHING LIKE THIS! I'LL STILL BE THE LEADER OF THE INDEPENDENT PARTY, IF IT WASN'T FOR HIM!

OH YES - I REMEMBER NOW! HE WAS RESPONSIBLE FOR YOU BEING NICKED OUT!

YEAH! AND I'VE GOT ANOTHER SCORE TO SETTLE WITH HIM, TOO! I LOST A GOOD JOB ON ACCOUNT OF HIM - ONLY A COUPLE OF YEARS AGO!

IS THAT SO? WELL, I'M CERTAINLY GLAD THAT YOU BROUGHT THIS TO MY ATTENTION!

AND IF I CAN HELP YOU IN ANY OTHER WAY, JUST LET ME KNOW!

ORAY, GILHOOLEY! YOU'LL PROBABLY BE HEARING FROM MESSON!

**Penny**

I THINK I'LL RUN UPSTAIRS TAKE A BATH, DO MY HAIR AND GET TO BED REAL EARLY.

GOOD NIGHT, DEAR.

GOODBYE FOR A WHILE, I'M GOING DOWN TO THE CASBAH.

I THOUGHT YOU WERE GOING TO BED EARLY.

I WAS, BUT NOW THAT I'M ALL BATHED AND PRETTIED UP IT SEEMS A SHAME TO WASTE IT.

**Freckles**

D'YA THINK WE CAN RUSTLE UP SOME THINGS FRECK?

WE'LL SURE TRY - MAYBE THE GALS CAN HELP.

WE JUST HEARD ABOUT YOUR JOB HERE, LARD!

MORRID MORBIN SAYS YOU NEED THESE!

DOES IT DO ANYTHING FOR ME?

WELL, AT LEAST YOU LOOK LIKE YOU'RE WRAPPED UP IN YOUR WORK!

### Scramble Is On For Copper

By SAM DAWSON

NEW YORK — (AP) — The scramble is on to find the copper to keep business running. Some companies fear if they don't get the metal they'll have to shut down. Copper is a defense essential. Civilian users must divide up what's left after defense needs are met.

A top Washington official predicts "several hundred U.S. companies may be forced out of business because of the defense program's disruption of the civilian economy," adding that the little business man is usually the first to suffer.

A music company in Tampa, Fla., is advertising "we will allow you 35 cents a pound for any old copper you have." (The ceiling price of refined domestic copper is 24 1-2 cents.) The ad reads: "Unless we can get copper for bass strings in pianos we won't get any pianos."

A New York metalworking firm is advertising: "We urgent need copper."

A Philadelphia firm is advertising for bronze, a copper alloy. The Bell telephone system says that for lack of copper to make its equipment one million persons who want telephones this year won't get them, and two million party-liners seeking the privacy of a single line will be disappointed.

The phone company says it could use 19,000 tons of copper in the next three months, but the National Production Authority is allotting it only 14,400 tons. America's demand for phone copper seems unmet. In the last six years 15 million new phones have been added, bringing the total to more than 43 million. This means 24 phones for every 100 persons, or nine times the world average — but the American urge to talk keeps the system ever expanding. And that means more copper, essential to most of the equipment it uses.

Electricity users may run short, too. George M. Gadsby, president of the Utah Power & Light Co. And of the Electric Power Institute, says the power industry's close race to keep ahead of the mushrooming demand for electricity depends upon getting more copper — among other scarce materials. The industry has budgeted 2.4 billion dollars for next year's expansion, but Gadsby says shortages are likely to cut actual construction back by one-fourth, and possibly by one half.

The copper industry itself is badly plagued. The Copper and Brass Research Assn. reports: "Some of the brass mill fabricators and other important elements of the nonferrous industry have been forced either to go out of business or suspend operations for varying periods or operate at reduced capacity." The association pleads "raw materials shortage" for the brass mills.

The great rush for copper is due to its importance to the defense program. That leaves short supplies for the civilian goods industries and fears that some may have to close down.

### They'll Do It Every Time

By Jimmy Hatlo

I MUST HAVE LEFT MY COMMUTATION TICKET IN MY OTHER SUIT—HOW MUCH IS THE FARE? GOT CHANGE OF A TWENTY?

HE EXPECTS BIG-HEARTED JOE, THE CONDUCTOR, TO LET HIM RIDE FREE— BUT HE DON'T KNOW JOE—JOE WOULD LOSE HIS GRANDMOTHER OFF—

HE NEVER HAD A COMMUTATION TICKET—HE ONLY GOES IN ONCE IN A WHILE—HIS WIFE WORKS—

HE THINKS CLYDE'S TICKETS PLEASE IS TOO BUSY TO BREAK THAT BILL, BUT WATCH— HE WON'T GET HIS CHANGE BACK TILL HE PULL INTO THE STATION—

IF HE'S GOT ANOTHER SUIT, THE ONLY THING IN IT IS MOTHS AND A SHINY SEAT!

WATCHING THE ONCE-IN-A-WHILE TRAIN TRAVELER HOPING TO GET IT FOR FREE—

TRAIN AND A TIP OF THE HAT TO LAMAR CHANDLER, JR.

# PAMPA

## The Carbon Black Center of the World

Pampa is the hub of the nation's Carbon Black manufacturing Industry; 25 Carbon Black plants which produce 75% of the world's carbon black are located in Pampa and the Pampa area.

Carbon Black is essential to the war defense effort of the nation; its men and women workers, and the various managements are rendering invaluable service in

maintaining the flow of this vital product.

Many of our nations industries owe a debt of gratitude to the genius of the chemist and the diligence of the workers of the carbon black industry.

Pictured below are a few of the carbon black plants in Pampa which are another reason for Pampa being called "The Heart of America's Industrial Future."

In the interest of building PAMPA, the following individuals, business, industrial and professional firms join in presenting this series of informative pages designed to show why PAMPA is a better town.
