CANDIDATES FOR COMMISSIONER

Hubbard

Wright

Marshall Hubbard and Harold Wright (above) are the two candidates in the election to name a successor to City Commissioner

Tom Cox, who resigned recently. The election is being held in the city commission rooms today.

State Department Is Surprised, Concerned

Commissioner Will Be Seated At Meet Tonight

TOKYO, Sept. 18.—(AP)—General MacArthur's headquarters, newly established opposite the imperial palace, reported today that Japan has been permitted to resume a sharply restricted air transport service radiating from Tokyo, with no more than four planes in the air at a time and subject to cancellation whenever it ceases to further Allied interests.

The occupation of this defeated country proceeded quietly, with no further elaboration of MacArthur's statement of yesterday that 200,000 regular army troops probably would be sufficient to rule Japan within six months, allowing "complete demobilization" of Pacific draftees.

Up to noon today, 90 votes had been cast in the election for city commissioner. No. 1, Marshall Hubbard, local construction contractor, and Harold Wright, who was connected with an insurance firm here before entering the navy, are candidates in the race.

The election was made necessary by the resignation of J. Thomas Cox, who plans to leave the city.

No actual count for either candidate will be made public until after 7 o'clock tonight when the polls close. Election Manager C. E. Ward said.

Although no incidents were reported in Japan, Chungking dispatches from the Chinese Central News agency charged last night that Japanese forces in China had violated surrender terms in a number of instances by destroying arms, ammunition, railroad equipment and bridges.

Each is suffering from active or arrested tuberculosis, said Col. Furman H. Tyner of Fort Arthur, Texas, commander of the men.

Most were interned first at Camps O'Donnell and Cabanatuan in the Philippines before being transferred to Manchuria. Several were in the "death march" on Bataan in which many American soldiers were beaten or bayoneted to death by the Japs.

Staff Sgt. Earl W. Guve, Houston, Texas, a survivor of the death march said the worst part of life at Mukden was the lack of warm clothing. Temperatures range to 40 degrees below zero between October and March.

Firemen Extinguish Blaze in Bedroom
A bed caught on fire yesterday at 403 S. Banks street, causing a mattress to be completely burned with no surrounding damage caused in the bedroom. The alarm had been turned in at 6:25 p.m. by neighbors who had seen smoke pouring from a window, said Chief Ben White.

Another alarm received by the fire department shortly after the first, called a second truck into action. It proved to be at the same address; another neighbor had seen the smoke.

Texas University Enrollment Is 6,974
AUSTIN, Sept. 18.—(AP)—The University of Texas current enrollment of 6,974 students duplicates the 1944 summer-fall registration. Women still lead men, 3,390 to 3,174. There are 670 naval trainees, a decrease of 506 from last fall.

Senators Open Unemployment Debate; Strike Wave Spreads Into Oil Industry

WASHINGTON, Sept. 18.—(AP)—The senate today opened what looked like its hottest debate since the war ended—a tussle over how much to pay the unemployed.

The house, going on with its noisy discussion of army discharges, seemed on the verge of passing a bill to win more enlistments by making army life more appealing.

Inquiring committees of both the senate and house tackled tough postwar problems. That was the picture in congress today.

Here is the TNT-packed central issue before the senate: President Truman wants higher weekly payments for jobless people. The senate finance committee said "no."

The senate must decide whether to spank its own committee and side with the President. Senator George (D-Ga.), the committee chairman, doesn't think this will happen.

Senator Kilgore (D-W. Va.), who wants it to happen, estimated today that about two-thirds of the 96 senators are on one side, two-fifths on the other, and one-fifth undecided.

The committee, while disapproving the use of federal cash to increase weekly payments, gave its blessing to certain other benefits for the jobless, including:

A longer duration of payments if the state government is willing. Today the 435-member house was deeply engaged in military matters—the strategy of helping the army and balancing away at its demobilization policies at the same time.

Meantime law-makers were cheered by General MacArthur's statement that the American army of occupation in Japan may be cut to 200,000 in six months. Many of them took this as a sign that the draft can be slowed down and discharges speeded.

The senate military committee, which is investigating demobilization, concentrated on doctors today.

Rep. Lyle (D-Texas) who fought in Italo-Germany, said the idea with a plea for faster demobilization of American soldiers.

In a letter to undersecretary of war Robert P. Patterson, Lyle put forth his own suggestions on army discharges.

Recalling his experiences, which included front-line fighting in Italy, the Texasian said:

"I am thinking as a soldier for I know how restless and perhaps unreasonable and bitter I would be if I were still in service and did not feel that every effort was being made to return me immediately to my family and my future."

His information, Lyle said, was that 1,000,000 men in the army had served one year or less, 1,450,000 two to three years, 2,600,000 three to four years, and 300,000 over five years.

He noted that all men with 25 or more months of service, who are

Truman Preparing Step Into Picture

By the Associated Press
Fresh fuel was poured onto the nation's burning labor issues today as the wave of postwar work stoppages, already keeping idle some 200,000 workers, spread to the oil industry.

As President Truman prepared to step into the turbulent labor strife in the motor industry, the hardest hit by the work stoppages with some 80,000 idle in the Detroit area alone, disension along the rest of the country's labor front became more pronounced.

CIO oil workers left their jobs in East Chicago, Ind., and in the Detroit area yesterday and strikes threatened all Gulf Oil and Texas company refineries in Texas. Union officials said some 30,000 workers in six states had been alerted for a possible industry-wide strike to enforce union demands for reduction in work-week hours from 52 to 40 with no cut in pay. They were in Michigan, Wisconsin, Indiana, Illinois, Ohio and Kentucky.

In Detroit, CIO United Automobile Workers leaders proceeded with their plans for strike votes in Ford, General Motors and Chrysler corporation plants in their fight to obtain a 30 per cent wage increase.

There was a similar demand in Chicago by the CIO United Farm Equipment and Metal Workers union as it served notice on four major tractor companies employing 90,000 men.

The work stoppages spread from California to New York and into the south but the bulk of workers were idle in varied lines of industry.

Nip Newspapers Condemn Nation's Fallen Leaders
TOKYO, Sept. 18.—(AP)—Japanese newspapers condemned their nation's fallen war leaders today for the papers termed the barbarism of Japanese soldiers and the inefficiency of the Japanese government.

Tokyo newspapers editorially accented General MacArthur's recent declaration that Japan was now a fourth rate nation. They also marveled at the efficiency of American troops.

Former Premier Tojo and other leaders were new unshackled criticism from the American-censored press, and the present government was accused of wasting time.

"The facts are there," said the Nippo, Sangyo Keizai of the Japanese Philippines atrocities recently made public here by American military authorities. "It must be admitted, and the responsibility for Japanese soldiers' atrocities should be made clear."

The paper continued that reports of close cooperation between Japanese soldiers and natives were false because "we now know that this cooperation was in most cases suppression by force, and not voluntary."

"The idea to settle everything by force was the usual practice of the military," the newspaper Oshai said, "the regretful attitudes bring a feeling of spiritual defeat." It accused the nation's political and military leadership of starting the war with China and of incurring the displeasure of the United States and Britain.

"Pride, ignorance, vanity and selfishness caused the greater East Asia war," Oshai said.

An editorial in the Yomiuri Hochi protested that the new government had shown no positive support of the formation of new democratic political parties, and had taken no definite steps toward establishing freedom of speech.

The government acted so slowly in the disarming of the army and the navy, the paper continued, that the Allies finally had to set a October 10 deadline for this operation.

"The only speedy action shown by our authorities," said Yomiuri, "was in the struggle for the snatching of stored goods."

House Discusses Army Discharges

WASHINGTON, Sept. 18.—(AP)—The senate today opened what looked like its hottest debate since the war ended—a tussle over how much to pay the unemployed.

The house, going on with its noisy discussion of army discharges, seemed on the verge of passing a bill to win more enlistments by making army life more appealing.

Stimson

Undersecretary Robert P. Patterson has been named by President Truman as his choice to succeed Henry L. Stimson as Secretary of War.

Patterson

War. Official announcement of this appointment is expected today. Stimson, who will be 78 Friday, will retire.

Reds Express Their Desire for Colonies

LONDON, Sept. 18.—(AP)—Foreign Commissar V. M. Molotov said today that Russia was interested in Italian colonies and that there was "a grain of truth" in the report that Russia wanted sole trusteeship over the North African colony of Tripolitania.

Speaking at a press conference in the sumptuous soviet embassy, Molotov declined to give specific Russian demands on Italy, but made it clear that Russia was anxious to obtain a foothold on the Mediterranean.

The dapper foreign commissar also declined to be specific on Molotov's views on the Italian-Yugoslav boundary, saying only that the question was "under discussion." He declared, however, that he believed those territories belonging to Croats and Slovenes should be turned over to Yugoslavia.

Earlier, the Yugoslavs made formal claims to Venetia Giulia before the foreign ministers of the five leading Allied nations.

Molotov made a long statement supporting the governments established in Romania, Bulgaria and Hungary which the United States

Korea Is Being Freed From All Nippon War Lords

WASHINGTON, Sept. 18.—(AP)—President Truman said today that Japanese war lords are being removed from Korea and the building of a great nation has now begun there.

The United States, China, Great Britain and the Soviet Union are helping in lifting up Korea and all are agreed, he declared, that the country "shall become free and independent."

He added in a statement that assumption by the Koreans themselves of the responsibilities and functions of a free nation and the elimination of all vestiges of Japanese control "will of necessity require time and patience."

His speedy attainment, he said, "will require the joint efforts of the Korean people and of the allies."

"The surrender of the Japanese forces in Seoul, ancient Korean capital," the President asserted, "heralds the liberation of a freedom-loving and heroic people."

Some of the Japanese leaders in Korea are being retained temporarily, Mr. Truman, but only because of their "technical qualifications."

The President's statement followed complaints from some Korean sources that the capitulation of Japan brought no immediate changes in the Japanese administration there.

House Discusses Army Discharges

WASHINGTON, Sept. 18.—(AP)—The senate today opened what looked like its hottest debate since the war ended—a tussle over how much to pay the unemployed.

The house, going on with its noisy discussion of army discharges, seemed on the verge of passing a bill to win more enlistments by making army life more appealing.

Inquiring committees of both the senate and house tackled tough postwar problems. That was the picture in congress today.

Here is the TNT-packed central issue before the senate: President Truman wants higher weekly payments for jobless people. The senate finance committee said "no."

Schwollenbach Asks Truman For New Power

WASHINGTON, Sept. 18.—(AP)—Secretary of Labor Schwollenbach looked contentedly to the White House today for a signal to "get right square in the middle" of Detroit's troubled work situation.

The signal is expected to be a reorganization of Schwollenbach's department to designate as the government's umpire over the multiplying labor disputes that already are plaguing reconversion.

The cabinet officer told reporters Mr. Truman would announce the reorganization — along the lines Schwollenbach proposed nearly six weeks ago — at the President's 4 p. m. (EWT) news conference today.

Although he said he was not getting quite what he asked for, Schwollenbach added:

"We are going to get enough to do a job."

It was understood this would take the form principally of authority over labor disputes from beginning to end.

Schwollenbach declared that as soon as the White House announcement comes "we will get right square in the middle of the Detroit situation."

Two major factors are involved

See LABOR, Page 8

Rationing Future Is Not Yet Clear

WASHINGTON, Sept. 18.—(AP)—The days of food shortages and rationing may not be as near an end as many-including some in government—had expected.

President Truman so cautioned Americans in a White House statement late yesterday. In it the President reiterated a pledge made after his return from the Potsdam conference that this country would help feed the hungry in war-torn areas to the "limits of our strength."

He added that in meeting minimum foreign food needs, it might be necessary to return to rationing some items freed of government controls since Japan surrendered.

Mr. Truman disclosed that arrangements have been made for fulfilling main food requests of Europe between now and January 1. But shipments after that date—and hence, the character of the domestic food supply—will be determined, he said, on arrangements made in the meantime for financing them.

White House Secretary of Agriculture Anderson told newsmen after a White House conference with the President that civilians will get a more liberal amount of meat in October. Anderson estimated the October supply would be at the per capita rate of 140 pounds a year, compared with about 132 in September. 115 pounds in the spring and summer, 147 pounds in 1944, and 126 pounds for the 1935-39 pre-war average.

Ph. 51 Garage, 600 South Cuyler. (Adv.)

School Bus Drivers To Study First Aid

AUSTIN, Sept. 18.—(AP)—Public school bus drivers will go to school themselves in a series of one-day, city-wide institutes touching on driver responsibility, first aid and bus maintenance.

The institutes, designed to affect 90 percent of 6,143 drivers, are sponsored jointly by the education department and the department of public safety.

State superintendent of public instruction L. A. Woods said that all but 309 of 6,143 public school buses now in use are from three to 15 years old.

"Transportation of school children has become one of the state's largest businesses the total cost last year exceeding \$10,000,000," he said.

Honaker Boys Are Home on Furloughs

Two sons of Mr. and Mrs. J. L. Honaker are spending furloughs with their parents, who reside on the Skeels-Shafer lease near Pampa. Capt. Charles W. Honaker is on a 30-day furlough after spending 37 months in Germany with the Ninth air force quartermaster corps. He arrived in the States Sept. 5. He is a graduate of White Deer high school and enlisted July 27, 1942.

Cpl. Ira Honaker is on a 15-day leave from his station in South Carolina. He is also a graduate of White Deer high school and has been in the army 27 months.

The orders to return to the United States came suddenly, and Stein and his men packed so quickly that many things including Stein's diary, were left behind.

Storm Continues Losing Its Force

RALEIGH, N. C., Sept. 18.—(AP)—The week-old tropical storm that cut a path of death and multi-million dollar property damage along the Virginia coast continued slowly to lose its force today as it moved northward along the Middle Atlantic Seaboard.

Storm warnings were hoisted from the Virginia capes to Block Island, R. I., as the storm continued up the Atlantic at about 12 miles an hour. Heavy rains and squalls whipped by gales up to 50 miles an hour accompanied the storm.

South Carolina reported one death. Heavy damage to crops was reported in some sections of North Carolina. Roads were washed in some low-lying sections. Rough seas lashed the coast.

In New York, hundreds of planes were flown inland to escape the storm headed its way. Commercial Airlines cancelled more than 70 flights and army officials said the disturbance might delay the flow of vessels returning troops from Europe.

New England braced itself not only against the storm approaching from the south but also against an icy northeaster descending on it from Canada.

Construction Is To Be Wide Open

WASHINGTON, Sept. 18.—(AP)—Reconversion Director John W. Snyder today announced the lifting of all restrictions on construction of private homes and other buildings, effective Oct. 15.

Snyder announced a six-point program designed to speed the expansion of the building industry, but his plan did not include ceilings on the price of new homes, for which OPA has pleaded.

Simultaneously, the war production board disclosed that its famed order "L-41" will be revoked as of Oct. 15. It limits the building of stores, office buildings, hotels, apartments and public works, as well as dwellings.

Price Administrator Chester Bowles, only an hour before Snyder's action, urged congress to authorize price limits on new dwellings.

Otherwise, Bowles told a senate small business subcommittee, home prices will go sky-high in "the biggest price boom ever."

PAMPA IS 33RD IN SIZE: BASIC CHARACTERISTICS OF CITY UNPRECEDENTED

(This is the third in a series of articles based on the contents articles based on the contents made by Burt C. Blanton, Dallas consulting engineer.)

By SCOTT RAFFERTY
The 33rd city in size in the state of Texas, Pampa has five inherent and unprecedented advantageous characteristics, according to a survey made by Burt C. Blanton, consulting engineer.

Blanton sets these characteristics down as (1) a metropolitan area of unexcelled educational facilities; (2) a community which may be constructed and consistently defined as a well-balanced economic utility; (3)

Chamber Managers To Hold Convention

GALVESTON, Texas, Sept. 18.—(AP)—The Texas Chamber of Commerce Managers association will hold its state convention in Fort Worth Dec. 16-17-18 (instead of Nov. 18-19-20, E. S. Holiday, president of the group, said today.

Barrett's Frozen

Chicago Cubs Get Full Game Sliced Off League Lead

Barrett Ahead in Losing Race As Cardinals Beat Lowly Phils

By JACK HAND (Associated Press Sports Writer)
St. Louis and Washington make a last-ditch stand today against the overwhelming odds dictating a Chicago versus Detroit World Series. The cards are stacked against either the underdog Red Birds or Senators making the pennant grade, but of the two, Billy Southworth's opportunists have much the better chance.

While the Nats have to depend on somebody else to knock off the league-leading Tigers after their final clash this afternoon, the Cardinals have five personal engagements with the Cubs in their last 11 scheduled tilts.

Three games back of the Bruins after yesterday's 7-3 conquest of the Phillies, the defending champions have a chance to catch the front runners in the vital three-game set opening under the sportsman's park tonight.

Southworth got a well-pitched game from Blix Donnelly last night as the star of the 1944 world series won his first game since July 27 with an eight-hit job on the Phils.

The Cards backed up the young curbed with a 15-hit attack, including four homers by Augie Berganio, Dick (Kewpie) Barrett of the cellar club finally nosed out Bobo Newsum, of the equally futile Athletics, in their backward race to reach the 20 mark in defeats, becoming the first major leaguer to "hit" the 29 "jacket" key.

Little Art Herring of the Brooklynians helped St. Louis clip a full game off the Chicago lead with a three-hit, 4-0, shutout of Charley Grimm's gang. Leo Durocher was chased by the umpires in an early inning and so was the young curbed, Herring's brilliant job. He allowed only one single up to the ninth when he just did escape with his shutout.

Elmer Smeaton, a former Yankee farmhand, carried his first big league victory for Boston, a 4-2 not against Cincinnati's Bucky Walters, who lasted only one inning, Pittsburgh and New York were not scheduled.

The American league race marked time with rain washing out the Detroit at Washington, St. Louis at Philadelphia and Cleveland at Philadelphia doubleheaders.

Clark Griffith waited many a rain swept hour before he finally called off the dogs and rescheduled it for the afternoon today. If weather prevents the contest, it will be washed off the books permanently for the teams do not meet again and the Tigers have few open dates before the end on Sept. 30.

Two and a half games behind with only six games to go, Washington is on the brink of mathematical elimination with only the die-hard optimists conceding them a chance. Even that last hope would flicker out if the Bears knocked them off in their last clash.

Only American games played yesterday were in Boston where the Chicago White Sox split with two with the Red Sox. After Pinky Woods outtossed Johnny Humphries in the opener, 8-4, Lefty Frank Pappish checked the pale horse to a 4-2 even in the nightcap.

Barrett Will Go Against Chicago

ST. LOUIS, Sept. 18.—(AP)—Charlie "Red" Barrett, the National league's winningest pitcher, will be gunning for his 22nd victory of the year tonight when the St. Louis Cardinals square off against the league-leading Chicago Cubs in a three-game series, which may decide the pennant race.

The jovial redhead has won 19 of his 21 decisions since trading his Boston Braves uniform for a Cardinal outfit in the Mort Cooper deal last May 23. He has lost 12 games, nine since coming to the world champions.

Army Hospitals To Conduct Field Meet

CHICAGO, Sept. 18.—(AP)—An inter-hospital field meet, named by the competing 88 disabled veterans from two hospitals as the army hospital "Olympics," was arranged today at the Vaughan general hospital in suburban Chicago. Most of the veterans will be competing in braces or casts and some in wheel chairs.

Events scheduled for the 50 patients from Vaughan and the 33 from Mayo general hospital in Galesburg, Ill., included a softball game, 18-hole golf, tennis, volleyball, basketball, badminton and horseshoe pitching.

HARVESTER BACKS

Johnson

Quarterback George Johnson is playing his first year on the Harvesters and won the starting berth last Friday night. Johnson is a good ball carrier and passer and shows good kicking form.

Neef

Russell "Rusty" Neef, at his half-back position, is one of the best line-backers in the Harvester backfield. Neef has quite a bit of speed and has enough experience to be considered as a very valuable addition to the Harvester squad list.

8 Texas College Football Teams Play This Week

By The Associated Press
Eight of the ten Texas college football teams have games this week, most of them against service teams.

John Tarleton and North Texas Agricultural college do not open the season. Tarleton waiting until next week and the Aggies until October.

All six of the southwest conference teams from Texas will be in action Saturday with this schedule: Southern Methodist vs. Blackland army air field at Dallas.

Texas vs. Bergstrom field at Austin. Texas A⁹ and M. vs. Ellington field at College Station. Texas Christian vs. Kansas City (night).

Rice vs. Corpus Christi naval air station at Houston (night). Baylor vs. West Texas state at Waco (night).

Texas Tech and Southwestern play at Lubbock Saturday night. It will be the opener for Tech. Southwestern had its first game last week hooking up with Bergstrom field in a 6-5 tie.

Baylor and West Texas state also played games last week, the Bears beating Blackland army air field 40-0 and West Texas whipping eastern New Mexico college 56-7.

Huge National Golf Meets Will Be Held In '46, Group Says

NEW YORK, Sept. 18.—(AP)—The golfing boys and girls will have all of the big championship events of pre-war years to shoot at in 1946.

The U. S. golf association yesterday announced that the national men's amateur, the open women's amateur and men's public links will be held next year for the first time since 1941.

The dates and sites for the big tournaments will be determined at an executive committee meeting in October, USGA president Morton G. Bogue said.

Last national champions to be crowned were Marvin (Bud) Ward of Spokane in the amateur; Craig Wood of New York in the open; William M. Welch Jr. of Houston, Texas, in the public links, and Mrs. Frank Newell of Virginia, Calif., in the women's amateur. Mrs. Newell has turned professional since.

Jockeys in Chicago Threaten To Strike

CHICAGO, Sept. 18.—(AP)—Strike of jockeys threatened to halt racing at Chicago's Hawthorne track and Fairmount track at Collinsville, Ill., tomorrow.

John P. Kelly, general manager of the jockey's community fund and guild, said last night that the jockeys had protested the refusal of the Illinois racing board to grant a license to Wendell Eads of Charleston, Ill., and were ready to refuse mounts.

Kelly asserted Eads was not given a fair hearing when he applied for a license.

Fort Wayne Team Is Favored To Capture World Softball Title

CLEVELAND, Sept. 18.—(AP)—Fort Wayne, Ind., Zollners, National Industrial champions, today tied the parade of favorites for the men's world softball title with three straight victories.

Sports Shots

By HAROLD V. RATLIFF Associated Press Sports Editor
DALLAS, Sept. 18.—(AP)—How would you like to be a golf pro with 10,000 pupils, showing them all how to play the game at a salary of about \$10 a month?

Ben Banks, Dallas pro, loved it. He has just come home on furlough after more than two years at Casablanca with the air transport command.

Banks was assigned to the golf course at Pedala, resort town 17 miles north of Casablanca, where he taught soldiers, sailors, marines, Waacs, Waves and other service folks how to knock the little white ball around. He was drawing a staff sergeant's pay when he left.

Banks had an interesting observation on Byron Nelson and his great golf play.

Ben attributes Nelson's fabulous success to the fact that he has an abbreviated wrist-cock in his swing.

Many north Texas fishermen live for the day when they can get away to the gulf coast on vacation, or just for a few hours sport. But not Louis Goldman of the Houston Post staff. With the whole gulf coast close at hand, he heads north to his favorite fishing grounds.

Not to the big lakes, Texoma, Kemp, Eagle Mountain or Bridgeport, but to little ole Mountain creek on the outskirts of Dallas. Not even to Mountain Creek lake, but to the old creek itself. His family has lived near the stream for nearly 50 years. Boy and man, Louis has done a lot of fishing there. The finest perch and channel cat in Texas are in Mountain creek, he says.

Jim Lindsey, the San Angelo newspaperman, writes from Andsbach, Germany, with news of former southwest conference football players preparing to show the Germans what this gridiron game looks like.

In the once-martial arenas of raidism, the natives are going to see gridiron ringed by thousands of GI's watching their favorite teams in action. Texans, as usual, are taking a big hand in the pigskin program.

Bill Dawson, ex-Texas A. and M. infantry division team, Andy Kerr, infantry division team, Andy Kerr, Jr., is the head coach. The squad is working out at Ingolstadt, a city between Nuremberg and Munich and located on the Blue Danube.

At Andsbach there are 225 out for the team. Among them are Howard A. Payne of Oklahoma and Barney Welch, who played at Texas A. and M. several years ago.

Lindsey is in the public relations office of the First Infantry division. He is at Andsbach to help with coverage of the Nazi war crimes trials at Nuremberg.

Jim was at Sheppard Field before going overseas.

TROTTER TO SOLO
DELAWARE, Ohio, Sept. 18.—(AP)—Titan Hanover, the world's greatest trotter, will stage a solo performance today at the fifth annual Grand Circuit here.

The early American eating places were patterned after the inns, taverns and coffee houses in England and on the continent.

Midland Will Be Out for Second Straight Triumph Over Harvesters in Friday Game

Only two Harvesters who started against the Midland Bulldogs here last year will be around to start at Midland Friday night in the Pampans' second game of the season.

Randall Clay started at right half-back for the Harvesters and Jack Dunham, now playing end, was at right guard. Midland won the game 18 to 13.

A lot of new faces will be in both teams' line-ups this year. However, Midland will be playing on its own battlefield and will be out to make it two straight over Coach Otis Coffey's team.

Gone from the line-up for Pampa will be All-District Back Johnny Campbell, All-District Guard Herky Lane, Jake Winborne, fine center, Joe Cree, and Bill Bird, stellar end, Eugene Turner and Louis Allen, standout tackles, Merle McCracken, another great back, Kenneth Grantham, speedy quarterback, and others.

The Harvesters worked hard yesterday afternoon in preparation for the Midland tilt. Coaches Coffey and "Jiggs" Whittington put them through a tough workout, concentrating on defense and also through a 25-minute scrimmage.

With an average weight in the line of about 170 and about 150 in the backfield, the Harvesters are still very light in comparison with past Pampa teams.

Big man in the line last Friday was Stanley Simpson, who tips the scales at 194 pounds. Simpson is not the heaviest man on the squad, however, Beryl Williams, tackle newcomer, hits 200 pounds even and favorable reports on Williams' progress as a lineman have been coming out of the Harvester practices.

Starters in Friday night's 14 to 7 win over Electra were Co-Capt. Charlie Beard and Jack Dunham at ends, Virgil Fish and Don Humphreys at guards, Captain Jim Terrell and Stanley Simpson at tackles, Maurice Lehart, center, and Russell Neef, Phillip Anderson, George Johnson and Co-Capt. Randall Clay at left half, right half, quarterback and fullback respectively.

DERBY NAGS TO RUN
NEW YORK, Sept. 18.—(AP)—Polynesian, Pavot and Pot O'Luck will fight it out today in the Jerome handicap at Belmont park for the championship of the three-year-old colts, while Brasher, the choice for horse of the year honors, laughs softly in her outbag in California.

Amarillo Won't Get in Circuit

ALBUQUERQUE, N. M., Sept. 18.—(AP)—Advocates of a southwestern class B baseball league in 1946 announced today they had revised their plans to take into the proposed circuit Phoenix, Tucson and Bisbee, Ariz.

Sam Mincez of Albuquerque, who is heading the campaign to bring a better grade of organized baseball to the southwest, said Phoenix sportsmen had expressed special interest in the proposal.

Mincez said he had received a letter from J. Knox Corbett of Phoenix, stating that Del Webb one of the owners of the New York Yankees, is interested in such a circuit. Corbett also wrote that Tucson and Bisbee, former members of the old Arizona-Texas league, are interested in forming a new loop.

With prospects of the Arizona teams receiving major league backing, Mincez said the original plans for the loop were changed to eliminate Lubbock, Amarillo, and Big Spring, Texas, in favor of the Arizona cities. El Paso and Juarez would complete the lineup.

MAUREILLO WINS
NEW ORLEANS, Sept. 18.—(AP)—Tami Maureillo, 204 1/4 pound New York lightweight, scored a technical knockout over Gunnar Barlund last night when the veteran Finnish fighter, bleeding from cuts on the mouth was ruled unable to answer the bell for the third round of a scheduled 10-round bout.

PILE? Try this "SPEEDY" Way
Use a fast-acting formula for distress of piles. Same as used by doctors and extensively noted Thornton & Minor Clinic. Palliative relief of pain, itch, soreness so QUICK users are surprised. Relief may take few days, shrink swellings. Get tube of Thornton & Minor's Retal Ointment—or Thornton & Minor's Retal Suppositories. If not delighted with this doctors' way and the astonishing, speedy relief, the low cost refunded on request.

At all good drug stores everywhere—in Pampa, at Creney Drug. (Adv.)

'Frisco Golf Meet Is Revived Again

SAN ANTONIO, Sept. 18.—(AP)—The San Francisco winter open golf tournament, indefinitely postponed last week, has been revived under a new sponsor with prize money increased from \$10,000 to \$15,000.

The meet, long a fixture on the winter pro circuit, will be backed by the California golf writers association, which yesterday enlisted the financial support of William P. Kyne, general manager of the Bay Meadows race-track. Kyne agreed to guarantee \$15,000 in war bonds, plus \$5,000 in bonds to be used as gate prizes.

The golf writers association has asked Fred Corcoran, PGA tournament manager, to approve dates in January immediately following the Los Angeles open.

When I am working on a bomb, I never had anyone breathing down the back of my neck, and if I make a mistake, I don't have to make out a long tiresome report in septuplicate."

"When I'm not working I have nothing to do and can take it easy."

LOS ANGELES, Sept. 18.—(AP)—Lt. Cmdr. Claude E. Jones, back as assistant professor of English at UCLA after 18 months with amphibious groups in the Pacific, says he once asked a young bomb disposal officer how he liked his job.

MONTGOMERY WARD

NEWS OF OUR MEN AND WOMEN IN UNIFORM

LEAVES FOR KANSAS

SHAMROCK—T Sgt. George Ryan, Jr., Salina, Kansas, left Saturday after spending a three-week furlough here with his wife and her parents, Mr. and Mrs. L. E. DeFew, and visiting with his relatives in south Texas. Mrs. Ryan accompanied him on the trip.

ON 30-DAY FURLOUGH

SHAMROCK—Pfc. Calvin Montgomery, son of Mr. and Mrs. Tom Montgomery, arrived Thursday from overseas. For the past 19 months he has been stationed in England with the Eighth Air Force. He will report to a camp in Georgia.

RECEIVES COMBAT BADGE

Harold R. McMurray, husband of Mrs. Frances McMurray, 618 N. W. street, was presented the combat

THEY USED TO CALL HER FATTY

Almost unbelievable loss of weight is possible for most overweight people through a pleasant, absolutely harmless reducing method. While eating plenty, it is possible to take off as much as three to five unightly pounds a week. No exercise, no starvation diet, no reducing drugs or cathartics are necessary for those who seek to regain a graceful, youthful figure. In fact, the Tremont Way is so confidently recommended that you may try Tremont without risking a penny. You and your friends must marvel at the exciting improvement in your appearance; you must get the results you seek in 20 days, or your money will be refunded in full. Easy-to-follow directions with every package. Ask for Tremont at Creney Drug, Richards Drug and druggists everywhere.

CAPTAIN YANK

infantryman badge, August 29, at Brooke Convalescent hospital, Ft. Sam Houston, where he is a patient. McMurray entered the army June 26, 1944, and served overseas eight and one-half months. He saw combat in the Asiatic Pacific, being in the battles of Leyte and Okinawa, where he was wounded by shrapnel. McMurray is a former student of Pampa high school and Texas Tech, Lubbock.

"READJUSTED"

Pvt. McDonald Austin, Pampa, member of the 24th Division quartermaster company, has left Minda no for the U. S. under the army readjustment program. He was in campaigns in New Guinea, the initial landings on Leyte, Luzon, Mindoro, and the last campaign of the war on Mindanao. His division was at Pearl Harbor in Dec. 1941. Pvt. Austin's mother, Mrs. Annie May Austin, lives at 1010 Duncan street.

IN TWO "FIRSTS"

Harold Junior Donham, FMI/2 USNR, Pampa, can claim two "firsts" along with other members of his crew on the USS Alaska, the first of a new class of fighting vessels, the battle cruiser, which took part in the first raid on Tokyo, last February.

RIDES THROUGH

Irvin Lee Boyd, WT 2 c, is on the USS Aylwin, headed for the Panama canal, after being with her since 1940. During that time Boyd was in 12 naval engagements and notes of numerous air raids—have had several months duty in the China sea which was very rugged—the Old Ship rode through the very bad typhoons, one which rolled the ship to a 72 degree list and several of the crew were washed off. Those who have given their lives are the brave ones and only God and themselves know what and how it happened. (Excerpts from the Ellis County Capital).

STATIONED IN FLORIDA

SHAMROCK—Sgt. Leroy Oswald, who is with the air service command has recently been stationed at West Point, Fla. Sgt. Oswald has recently returned to the States from Italy where he served for 16 months. He also served two months in Puerto Rico. He is the son of Mr. and Mrs. Roy Oswald, who reside in the Bethel community, and a grandson of Mrs. J. R. Brown.

RETURNS TO SHAMROCK

SHAMROCK—Guy McBurnett, who has recently been given an honorable discharge from the army, where he served with the petroleum distribution department, has returned with his family to make his home in Shamrock. McBurnett served for five months overseas at Okinawa and Ie.

Guerrilla Army Of 7,000 Malays Hit Jungle Bases

SINGAPORE, Sept. 18.—(AP)—A guerrilla army of 7,000 Malays who struck from jungle bases was disclosed today to have fought the Japanese in Malaya for nearly three years, killing thousands of the enemy. It was the Malayan people's anti-Japanese army which from the start of Japan's occupation of the peninsula sabotaged, harassed and diverted the invaders. Unlike their resistance counterparts in Europe, the Malay fighters were unpublicized before the Japanese surrender. The Japanese labeled the army "communist," and a large portion of its members are avowed members of that party. The first regiment of the people's army was formed Jan. 1, 1942, a month and a half before Malaya fell to the Japanese. Other regiments were organized within a few months, the initial recruits having been trained by British officers in handling firearms and demolition work.

HOME FROM BELGIUM

SHAMROCK—Lieut. Lewis Clifton Williams arrived home Monday from Belgium where he has served for the past two years. He is the son of Mr. and Mrs. E. A. Williams.

PROMOTED

Wendell H. Mixson, White Deer, has been promoted to lieutenant, USNR, at the U. S. naval armed guard center, Treasure Island, San Francisco.

SEES PEACE ENVOYS

SHAMROCK—Capt. J. M. (Jimmy) Winchester, son of Mr. and Mrs. J. A. Winchester, is now stationed in Manila with the chemical warfare service. In a recent letter to his parents he told of seeing the Jap peace envoys when they arrived to meet MacArthur.

RETURNS TO STATES

SHAMROCK—T/Sgt. Kenneth Pitcock, who is with the army air corps, has arrived in the States from England, where he served for more than two years. He called his grandmother, Mrs. J. R. Brown, from Virginia, Wednesday, telling her of his arrival.

HOME ON FURLOUGH

SHAMROCK—Pvt. Norman Patrick is at home this week on a 10-day furlough. He was recently transferred from Wichita Falls and will report at Kelly Field, San Antonio, Friday.

IN TOKYO BAY

SHAMROCK—Dee Roy Beasley, RDM 2/c, landed in Tokyo bay Sept. 1 according to word received by his mother, Mrs. Bessie Beasley. He has been in the Pacific area for about two years. He writes that he expects to be at home in the near future.

ARRIVES IN TOKYO

SHAMROCK—Gordon A. Bergman, CM 1/c, son of Mrs. C. E. Bergman, arrived in Tokyo, Aug. 29, according to recent word received by his mother.

Cpl. George C. Duncan, Lefors, is a member of the 120th engineer combat battalion of the 45th infantry division which has been awarded the Meritorious Service Plaque for its outstanding supply work and in removing mines during the invasion of Southern France last August. In recognition of the achievement, members are entitled to wear a green laurel wreath insignia on the right sleeves of their tunics.

Texas Gets Large Sum for New Roads

WASHINGTON, Sept. 18.—(AP)—Texas has been allocated \$28,765,649 annually for three years by the public roads administration to receive the largest share in the greatest roadbuilding program in the history of the West. The house this week will be asked to approve a concurrent resolution to make effective the highway act of 1944, which authorizes expenditure of \$600,000,000 a year for three years.

FUNNY BUSINESS

Oil Agreement Is To Be Competitive

LONDON, Sept. 18.—(AP)—Secretary of Interior Harold Ickes said today he did not expect the projected American-British oil agreement, now under discussion, to provide either price or production control. "We want this to be highly competitive," said Ickes, who is here as United States petroleum coordinator. Asked if there was a plan to put oil reserve at the disposal of the United Nations organization, Ickes replied: "I doubt very much whether the oil industry in the United States will be willing to subject the industry to any national or international organization. In fact I know it would not."

If no outside imports (of coal) are forthcoming, (liberated) nations of Europe will be 80,000,000 tons short of their normal needs and some 30,000,000 tons below essential requirements for existence.—Report, office of war information.

DOCTORS DECLARE MEDICAL CARE GOALS Physicians of the United States are interested in extending to all people of all communities the best possible medical care. They stress the necessity for extending to all corners of this great country the availability of aids for diagnosis and treatment, so that dependency will be minimized and independence will be stimulated.

American enterprise has won the greatest war in the world's history. Private enterprise and initiative manifested through research may conquer cancer, arthritis and other as yet unconquered scourges of humankind. Science, as history well demonstrates, prospers best when free and unshackled. Instead of socialized medicine, American doctors advocate a constructive voluntary program for the extension of improved health and medical care to all the people, as follows:

- 1. Sustained production leading to better living conditions.
2. An extended program of disease prevention in every part of our country.
3. Increased hospitalization insurance on a voluntary basis.
4. Extension to all localities of voluntary sickness insurance plans with provision for the needy under principles already established by the American Medical Association.
5. Medical care to the indigent by local authorities under voluntary insurance plans.
6. A survey of each state by qualified agencies to establish need for medical care.
7. Federal aid to states where needed, to be administered by local agencies.
8. Information that voluntary programs need not involve increased taxation.
9. Continuous survey of voluntary plans for hospitalization to determine adequacy.
10. Discharge of physicians from armed services as rapidly as possible.
11. Increased availability of medical education to young men and women.
12. Postponement of revolutionary changes while 60,000 medical men are in uniform to help preserve American democracy.
13. Adjustments in draft regulation which will permit students to study medicine.
14. Study of postwar medical personnel requirements of veterans' hospitals, army, navy, and U. S. Public Health Service.

Common Ground

Various Forms of Price Control Few people realize that the OPA is just a culmination and a natural result of the many, many forms of price control that have been enacted in various forms in the United States during the last three-quarters of a century and especially during the last 25 years. In fact, most of our laws, federal, state and local, are attempts in one way or another to regulate the cost of things to certain groups.

eventual loss of freedom of worship, freedom of the press and freedom of speech. When price controllers get enough power, they will not brook any interference with their price-control planning. Nothing could do more to improve the character and the spiritual and material well-being of every man in America and throughout the world than for the United States to abandon all attempts to control prices. This price control is nothing but the blind following the blind. We have employment and untold hardships that we would not have if we did not, by way of various government agencies, attempt to interfere with the natural price of things.

The Nation's Press

Wainwright As A Symbol (From The St. Louis Post-Dispatch) Of all the American generals who have returned and will return, none is entitled to a greater sense of satisfaction—and none can inspire a greater satisfaction among his countrymen—than Jonathan Wainwright. The enthusiastic receptions, the honors from congress and other sources, the congratulations and cheers—all these express, but inadequately, the nation's relief over his survival and rescue.

General Wainwright has become the symbol of the thousands, dead and living, who suffered in the foul dens where the Japs starved and tormented their prisoners. He has warned America to be firm with the beaten enemy and to remain prepared. No better object lesson to drive home those important precepts can be found than his own giant and tired figure, wasted and wearied by his 40 months in the prisons.

40 Discharge Points Keep Marines Here

WASHINGTON, Sept. 18. (AP)—Marine officers and enlisted men who have 40 discharge points are henceforth exempt from overseas assignment. The Marine corps announced this night in line with its recent reduction of the discharge critical score from 85 to 70 points. Americans cannot afford the human misery nor the economic waste of large-scale restricted unemployment.—John W. Snyder, director of War mobilization and reconversion.

So Happy To Forgive And Forget

News Behind the News The National Whirligig

By RAY TUCKER WITNESSES—Key witnesses in the congressional Pearl Harbor inquiry will probably be retired Admirals "Jo" Richardson and J. K. Taussig. Although they were among our leading naval authorities on the Far East, they sat through the war on the sidelines by Franklin D. Roosevelt's personal fiat. Another spectacular fact-giver could be former Admiral Thomas C. Hart, once the commander of our Asiatic squadron but now a republican senator from Connecticut. Admiral Taussig should be an important witness because, some years ago, he made a speech describing our weakness on the water and declaring that Japan would be no pushover, naval-wise. He was immediately yanked from his job and observed the conflict, although he probably knew the Japanese military mind better than any officer then in service, from his home near Norfolk News, Virginia. He paid the penalty for talking too much and too frankly.

But Jo Richardson has the complete inside story of Pearl Harbor, if the congressional investigators will force it from his hitherto loyal and unlocked lips. He happened to be the naval commander of the Hawaiian district when war with Japan threatened at any moment. He was one of the few men in the navy department who sensed that our diplomatic policy in the Far East would inevitably lead to a battle showdown.

RELIEVED—Admiral Richardson made the mistake of keeping his slender fleet on the alert night and day. He was what sailors called a "sundowner," meaning that he never relaxed. He sent his few ships and planes out on patrol at all hours and seasons.

Even after F. D. R. shifted the war to the Atlantic in the war against Germany, Jo staged naval maneuvers not far from the coast of Japan. He knew the weakness of his naval units, which consisted of only a few old outmoded tubs, but he sought to conceal it from the Japs by a show of strength. Suddenly, the aggressive admiral was recalled to Washington by F. D. R., and flown here from Hawaii. The White House, and it is understood that Richardson will testify, told him to refrain from protective operations and to keep the Pacific Fleet's remnants at anchor in the Pearl Harbor, where they were found like so many duck targets on December 7, 1941.

Admiral Richardson refused to accept these orders, explaining that he preferred to be relieved. He was, however, named head of the naval relief society, and retired soon thereafter. His successor was Admiral Husband E. Kimmel. As F. D. R.'s naval aide during the Wilson administration, Kimmel had endeared himself

Peter Edson's Column: PROPAGANDIZING THE JAPANESE

By PETER EDSON NEA Washington Correspondent WASHINGTON. — Checks up on what is being done to counteract Japanese propaganda to the Japanese people reveal that the effort doesn't amount to a toot in a typhoon. Thus far the Japs haven't begun to get the true story of the atomic bomb, their own atrocities against the American prisoners, or the war guilt of their leaders. A few feeble short-wave office of war information broadcasts are beamed to Japan, but that is all. Responsibility for this lack of an American information policy for Japan is kicked around in a Washington reorganization. OWI says it's up to the physiological warfare division of the army. War department says it's up to OWI's overseas division which has just been transferred to the department of state. State has William Benton coming in as assistant secretary in charge of information policy and he has not had time to find out what he might want to do with OWI. All these agencies admit that in the long run it's up to Supreme Commander Douglas MacArthur. What he intends to do about it doesn't seem to be known officially in Washington. General MacArthur has an assistant chief of staff in charge of an information control section. He is Brig. Gen. Bonner F. Fellers, whose record does not indicate he has had any experience in Japan. General MacArthur's political adviser, George

In Hollywood

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD. — Frisidella Lane, who has followed her husband from camp to camp ever since he flunked shortly after Pearl Harbor, is ready to return to the screen. She has told her agents to find a "good role." . . . Frank Sinatra's pals are launching a campaign to get him out of the bobby sock class. Funny, but we thought the bobby socks put him where he is today. . . . Frankie, incidentally, is telling friends he'd like to forget singing in his next movie and play a straight dramatic role. Rudy Vallee insists on formality when putting his radio show together. His writers have been advised to refer to him only as "Mr. Vallee" instead of Rudy. . . . Van Johnson's first movie, "Murder in the Big House," filmed in 1942, is due for a re-issue to cash in on his current popularity. Van and his studio are burning. He once told us: "I hope they never re-issue that picture. I looked and acted like a jerk."

George Sanders, who insulted the ladies in "The Moon and Sixpence" and in "The Picture of Dorian Gray," will be insulting them again in "Bel Ami." Sample dialog: "Women should be kept in ignorance. To educate a woman is like leaving a rifle where a child can find it." Peggy Ann Garner soon will be receiving mail from Tokyo. Her father, Lt. William Garner, former lawyer who has been in the army six years, will function as a judge advocate there.

BACK TO THE KITCHEN Susan Hayward was interviewed by a fan mag writer at Lucey's. Subject of the article was "How to Get the Best Out of a Restaurant." The under secretary headed the table in the kitchen. It was harder than being tipped off, led the pair to a table in the kitchen! Kay Kyser apparently is serious about retiring from radio and radio. He told us: "I'm tired. I've been knocking my brains out for four and a half years and now I want to quit. I've got a beautiful wife and I'm going to live for a change." Agents are trying to work out a settlement of his radio contract, which still has two and a half years to go.

Jeanette MacDonald's fall concert tour will take her to 22 cities. She opens in San Diego Oct. 6. . . . Henry J. Kaiser, the Liberty ship builder, will build two prefabricated Japanese defat, urged generous treatment of Hirohito. But the principal exponent of this lifesaving policy was Joseph C. Grew Jr., career diplomat, former under secretary of state and our ambassador at Tokyo for the ten troublesome years before Pearl Harbor.

General MacArthur, in a confidential memo forwarded as soon as conquest of the Philippines assured the emperor, urged generous treatment of Hirohito. But the principal exponent of this lifesaving policy was Joseph C. Grew Jr., career diplomat, former under secretary of state and our ambassador at Tokyo for the ten troublesome years before Pearl Harbor.

But—and here is the heart of the mystery—the able and sagacious Mr. Grew has been sent out to pasture, at least temporarily, while Acheson has been promoted.

TAXES—Despite Truman-Byrnes disclaimers of the prospect of deep tax reductions, the man whose word commands authority in this filed is Senator Walter F. George of Georgia, chairman of the senate finance committee. Although a conservative whom F. D. R. tried unsuccessfully to purge in 1938, his views carry weight on Capitol Hill. Senator George has not detailed his plan for cuts in levies on individuals and corporations, but he has suggested a total trimming of five billion dollars—two billion in corporate payments and three billion in personal income taxes.

Suddenly, the aggressive admiral was recalled to Washington by F. D. R., and flown here from Hawaii. The White House, and it is understood that Richardson will testify, told him to refrain from protective operations and to keep the Pacific Fleet's remnants at anchor in the Pearl Harbor, where they were found like so many duck targets on December 7, 1941.

Admiral Richardson refused to accept these orders, explaining that he preferred to be relieved. He was, however, named head of the naval relief society, and retired soon thereafter. His successor was Admiral Husband E. Kimmel. As F. D. R.'s naval aide during the Wilson administration, Kimmel had endeared himself

for George's proposed three-billion cut would mean about a twenty percent reduction for the average man. That is, a family head now shelling out \$1,000 would pay only \$800 next March. It is, however, the little coming slices can be accepted as fairly authoritative. Despite his ultraconservatism, he is on extremely good terms with the White House and the treasury.

In fact, it is believed that President Truman and Secretary Fred M. Vinson with the 1946 and 1948 elections in mind, favor an easing of the tax burden, but prefer that the initiative come from congressional circles. Congress will oblige.

area from San Francisco, Honolulu, and Manila. They are a mere spit in the ocean. LITTLE PROPAGANDA REACHING JAPANESE These three stations, plus a medium-wave station on Saipan, operated on a 14-hour schedule by the number of receiving sets which pick up these programs in Japan is limited. During the war they probably were monitored by the Japanese government but little of this information was spread to the Japanese people. Actually, the Japs were getting more information than they get today. While the war was on, B-29's dropped millions of leaflets on Japan, but that has been stopped now.

What is happening in Japan is said to be an exact parallel to what happened in Germany. When military government took over, the work of the OWI in Europe was suppressed. The President has just sent Byron Price to Germany to try to enlighten out the news policies in that theater.

The job of telling the German and Japanese people a straight American story obviously the work of some civilian agency such as the OWI overseas organization now being transferred to state. Presuming that such a job would have to be done in Japan, OWI had prepared full plans for supervising Jap publications and radio. But in the confusion of a double reorganization, nothing has been done about them.

World Today

By DEWITT MACKENZIE AF Foreign Affairs Analyst Europe's dangerous shortage of food was emphasized again yesterday when forty-seven American organizations petitioned President Truman for quick shipments of foodstuffs to avert starvation. The president later issued a statement saying "this government is bending every effort to find solutions to this problem" and reaffirming his pledge at the time of the Potsdam conference: "If we let Europe go cold and hungry, we may lose some of the foundations of order on which the hoped-for world."

The Japanese made prompt payment and in gold. As it looks now after the war, the world has come to the point where it is governments doing business with governments. Our individual enterprise shows by its record that it has done a profitable business with socialist governments, and has been paid in full. The export-import bank can have only one meaning: the power in the hands of government leaders to hand out the money of the American people in any manner they desire.

The answer is while we have been ranting about other countries going socialist we have been following the same pattern. Other countries do it openly through revolutions or elections, but our administration has been creeping socialism up on us through tricky legislation and double-talk. Let's decide. We can't be half-socialist and half free. So far, under individual enterprise, we've done very well both within our borders and abroad. Private concerns can do well the export business of this nation on a profitable basis—as they have done—even when dealing with socialist states and otherwise. Then let our government resume its proper function as a competent watchdog that stands guard to see what goods are shipped to whom and for what purpose.

Let's decide. We can't be half-socialist and half free. So far, under individual enterprise, we've done very well both within our borders and abroad. Bedroom of Tomorrow

Plastic partitioned rooms, like the one above, will be a home-of-the-future feature.

Crystal-clear plastic partitions will give apartments and homes of the future a feeling of greater expanse, without forfeiting privacy. Typical of interiors you'll be able to "throw together" is the slumber wing above, which is walled in with the same plexiglas that went into the noses and turrets of bombers. The lightweight plastic door slides

open at the touch of a finger during the day. At night draw-curtains close it off from the rest of the house. The bookshelf set into the walls holds a radio, books and knick-knacks. Concealed illumination provides perfect light for reading, and over the bed a mural painted in light gives a realistic three-dimensional "view."

Mrs. John E. Reeves Entertains Members Of Shamrock Class

Special to The News SHAMROCK, Sept. 18.—Mr. and Mrs. J. E. Reeves, 1116 E. L. Sunday school class of the First Baptist church was entertained with a luncheon at 1 o'clock Friday at the home of Mrs. John E. Reeves, east of Shamrock.

During a business session new officers were elected with Mrs. Reeves re-elected as president; Mrs. A. Byrd, membership vice president; J. S. Flake George, devotionist, vice president; Mrs. Bryan Eoff, stewardship vice-president; Mrs. Mill Williams, social vice-president; Mrs. Myrtle Marchbanks, class secretary; Mrs. Lewis Goodrich, recording secretary.

Mrs. J. F. Shortt is teacher of the class, and Mrs. R. A. Nichols is the assistant teacher.

Members attending were: Mesdames A. N. Holmes, Flake George, W. H. Whitehurst, Bryan Eoff, Odie Cain, Bill Wilson, Ward McPherson, Clyde Bearrow, S. L. Harrel, Mill Williams, J. F. Shortt, A. A. Byrd, and a guest, Mrs. Henry Holmes.

Mrs. Holmes was substituted as a teacher in August, was presented with an attractive pottery vase, as a gift from the class.

New Cream Deodorant
Safely helps Stop Perspiration

- Does not irritate skin. Does not tear dresses and men's shirts.
- Prevents under-arm odor. Helps stop perspiration safely.
- A pure, white, antiseptic, stainless vanishing cream.
- No waiting to dry. Can be used right after shaving.
- Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arrid regularly.

Arrid is the largest selling deodorant

SOCIETY

Mrs. Roy W. Reeder Is Hostess to Garden Club Members for Coffee

Pampa Garden club members met with Mrs. Roy W. Reeder, 1116 E. Francis, for a coffee Friday morning at 9:30. A business meeting was held to dispose of several items of unfinished business.

The following resolutions were passed, making them a part of the constitution of the club:

Article VIII Members Section 5: If at any time it is considered by the board of directors and the membership of the club necessary to disband, a permanent board of directors consisting of five members shall be elected.

a. The purpose of this board shall be to call a meeting and reorganize said club, acting as a nominating committee and selecting new officers.

b. This re-organization shall take place only when a petition signed by 25 interested persons shall be presented to the chairman of the board of directors. It shall then be her place to call the meeting and have the board of directors effect the organization.

c. Members remaining on the active list shall continue on roll until written resignation is given to the board of directors.

The Pampa Garden club passed these resolutions and named the following board of directors: Mrs. R. W. Tucker, Mrs. C. L. Shearer, Mrs. H. B. Landrum, Mrs. Bob Gordon, custodian, Mrs. O. B. Schiffman, chairman for re-organization.

"We find our membership too small to continue the work of the club, but wish to pave the way for re-organization if or when there is sufficient interest among flower lovers, flower growers, and people whose civic pride and loyalty to the city of Pampa shall cause them to submit a petition for re-organization."

"Dues to the Texas Federation of Garden clubs having been paid for the year, our club will remain in good standing until the end of the calendar year."

"We wish to take this opportunity to thank the many friends of the Pampa Garden club for their support and interest during the past year, in which they have given much of their time and attention to the Garden club despite the many activities concerned with winning the war," the officers stated.

Mrs. Reeder is president of the organization, Mrs. O. B. Souther, secretary; Mrs. Emmett Ellis, parliamentarian, and Mrs. Dan Glander, treasurer.

Social Calendar

TUESDAY
A.A.U.W. will have membership tea at 7:30 in City clubroom.
Hopkins P. T. A. will have reception for teachers at 8 o'clock.

WEDNESDAY

Entre Nous club will sew for Red Cross in home of Mrs. Clyde Caruth, at 2:30 p.m.

MONDAY
Pythian Sisters will meet at 8 p.m. in Temple hall.

Shamrock Girl Scouts Have Slumber Party

Special to News SHAMROCK, Sept. 17.—The Shamrock Swooners Scout patrol was entertained with a slumber party at the home of Jackie Briggs Wednesday night. She was assisted by her mother, Mrs. L. C. Briggs.

The group was entertained with a line party at a local theater preceding the slumber party and with a breakfast Thursday morning.

Those attending were: Martha Ann Montgomery, Jane Woolly, Katherine Smith, Frieda Johnson, Barbara Amrey and Patsy Forter.

LOTS OF MONEY, NO PAY

CHICAGO, Sept. 18.—(AP)—The 123 extra clerks in the Cook county treasurer's office were hired for the express purpose of handling the flood of taxpayer's money. All day they handle thousands of thousands of dollars, but they never get a cent for themselves. Not even salaries. Treasurer Victor Schaefer said the 123 extra employees haven't been paid for July and August and have little prospect for pay in September. The \$22,000 fund for the extra help was exhausted last June. The 312 regular employees are unaffected as their salaries are provided for in the county budget.

Rainbow Girls Elect, Install New Officers

New officers were elected and installed when the Order of Rainbow for Girls met Friday evening in the Masonic hall, with four Eastern Stars, one Mason and 31 members attending.

Installing officer was Barbara Norris, out-going worthy advisor; Elsie Ruth Graham, installing marshal; Katie Vincent, installing recorder; Mrs. Hazel Parker, installing chaplain; Phyllis Ann Parker, installing organist, and Mrs. Dove Anderson, mother advisor.

Elected and installed were Alberta Williams, worthy advisor; Betty Louise Davis, charity; Doris Jean Rowell, hope; Wanda Fish, faith, Ann Spencer, drill leader; Delva Sheedy, chaplain; confidential observer, Margie Goddard; organist, Pat Phillips; choir director, Odevern Spencer.

Members of the choir are Onra R. Kees, Peggy Hukill, Mary Jo Stewart, Atha Bell Stewart, Aurena White, Phyllis Ann Parker, and Ellen Ann Prather.

Color stations are: red, Martha Behrens; orange, Edrie Morrison; yellow, Betty Hawthorne; green, Barbara Anderson; blue, Rita Lane; indigo, Dorothy Broome, and violet, Harriet Nichols.

Salvation Army Worker Leaves

Lt. Donna Mae Stanfield, who has been stationed here with the Salvation army for the past seven months, received her farewell orders last week and reported at Houston yesterday.

Coming here from Dallas, she has assisted Capt. E. Carroll in activities at the local corps.

Farewell services were held Sunday evening by the local Salvation army honoring Lieutenant Stanfield.

Butterfly Quilt

As gay as a flock of butterflies floating in summer sunlight — a beautifully designed quilt captures some of summer's charms for your guest bedroom. The multi-colored wings of the butterfly are applied on 12-inch blocks and the antennae are embroidered on when the block is finished. You will be able to use your handiwork scraps on this fine quilt.

To obtain complete cutting patterns and finishing directions for the Butterfly Quilt (Pattern No. 5016) send 15 cents in COIN, plus 1 cent postage, YOUR NAME, ADDRESS and the PATTERN NUMBER to Anne Cabot (Pampa News), 1150 Sixth Ave., New York, 19, N. Y.

Smooth Sun-Dried Skin With Cream

LARAIN DAY: Has silky skin.

To keep stockings safe from snags, make your legs cream-smooth.

For that, have you ever thought of using oil-laden tissues that blot up cream from your face? Leg-lovely Laraine Day of "Those Entertaining Young Charms" does.

"Turn tissue over to the side that isn't soiled," says Laraine, "and oil is as good as new for carrying cream down to your legs."

If heels and toes have taken a scuffing from sand and pebbles, Laraine says they need pumice treatment in the bath to flake off rough spots which cause stocking snags, as well as a more concerted creaming after you dry them.

For that she dips directly into her lotion bottle or cream jar, and massages it into roughened skin—a good idea, says Laraine, on two counts: You manually slough off a lot of remaining roughened skin and you don't leave greasy footprints behind.

Wednesday on Networks

NBC—8 a.m. Ed Egan and Polly; 1:15 p.m. Today's Children; 5:15 Echoes From Tropics; 8 Wednesday With You; 10:30 C. M. H. Dramatic; CBS—2:30 Sing Along Club; 4 Waves on Parade; 9:15 Jack Smith Show; 7:30 Dr. Christian Drama; 9:30 Breneman's Breakfast; 12:30 p.m. Chicago Varieties; 5 Jack Berch Show; 7:15 George Hearn; 7:30 9:30 Pioneers an I Drama; MBS—10:15 a.m. Ella Maxwell; 1:15 p.m. Jane Cow; 5 Songs For You; 7:30 Alan Young; 9 Human Adventure "Smallpox."

REFRESHER COURSE

FORT RILEY, Kas., Sept. 18.—(AP)—With discharges flying around thick and fast GI's have begun a serious study of how the other half lives.

Librarians at the cavalry school have noted increased interest in the demand for books related to civilian life.

Heading the want list are books on hunting with interior decorations running a close second.

"Pin-Worms Can't Get MY Child!"

Better learn the Truth, Mother! Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—then without suspecting what it is wrong! And these pests, living and growing inside the human body, can cause real distress. So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. If you suspect this ugly infection, get F-W's P-W right away and follow the directions. F-W is the name of the Pin-Worm tablet developed by the laboratory of Dr. E. Jayne & Son, after years of patient research. The small, easy-to-take F-W tablets act in a special way to remove Pin-Worms. Satisfaction guaranteed or your money back. Ask your druggist: F-W for Pin-Worms!

Shamrock Couple Has Barbecue for Friends

Special to News SHAMROCK, Sept. 18.—The T. Mrs. Roy Berton entertained last Wednesday evening with a barbecue on the back lawn of their home.

Those attending the affair were: Mrs. J. M. Greenfield, Mr. and Mrs. H. C. Gordon, Mr. and Mrs. Carl McPherson, Mr. and Mrs. Al Hodges, Mr. and Mrs. M. A. Leith and son, Bill, Mrs. Byron DeMoss, daughter, Ann, and son, Dick, Miss Cora Lummus, Miss Fannie Mae Haining, Arval Montgomery, M/Sgt. G. B. Greenfield, Mr. and Mrs. O. A. Laycock, Mr. and Mrs. Harry Clay, Miss Jeanne Clay, and Jerry Berton.

Ration Calendar

Taken regularly—this great time-tested formula helps build up resistance against such distress. A very sensible thing to do! Also a grand stomachic tonic! Follow label directions. Buy today.

Lydia E. Pinkham's VEGETABLE COMPOUND

FACTS about the FUR TAX

- The Luxury Tax Law was passed as a temporary wartime emergency measure, to be continued at least SIX MONTHS AFTER the President has officially proclaimed the cessation of hostilities.
- To date, no such official proclamation has been made. No one knows when it will come.
- Even if the proclamation of the cessation of hostilities should come TODAY the tax would still be on for at least SIX MORE MONTHS—that is, until some time NEXT SPRING.
- Remember, this tax is a law, like any other law. Only an Act of Congress can repeal it before the termination date now provided.

If you need a fur coat now, by all means, BUY IT NOW. It may be a long time before the war tax on furs "comes off".

In the meantime, Montgomery Ward offers you the finest fur values that money can buy. Because we are the nation's largest retailer of popular priced furs, it is possible for us to bring you an unusually large selection of prime quality furs, superior in workmanship and design, at LESS than you'd planned to spend.

Montgomery Ward

Market Briefs

WALL STREET Sept. 17—(AP)—For the third successive session the stock market bucked water today as investment sentiment was further chilled by growing labor strife throughout the nation.

THE STORY OF THE ATOM

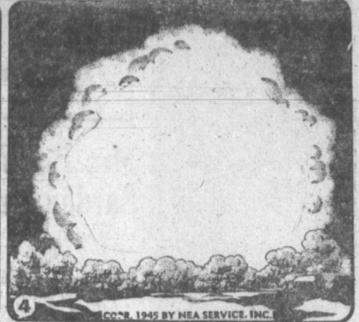

(1) Versatile, horseback riding, Dr. J. Robert Oppenheimer, on leave from the University of California, planned, organized, and directed the special laboratory of the atomic bomb near Santa Fe, N. M. Manned by 7000 workers, it was established to find a way to put the components of the bomb together into a new weapon to end the war.

(2) There was ample supply of uranium bearing ore for large numbers of atomic bombs. During the war just ended, the United Nations possessed two-thirds of the world radium supply and three-fourths of the supply of uranium. They also controlled 85 per cent of the known ore reserves.

(3) Mountains of raw materials moved into the big plants at Oak Ridge, Tenn., and Richmond, Wash.,—ore, steel, machinery, tools, in mysterious crates and boxes by truck and freight cars—but nothing seemed to move out. Each worker or group of workers had his own mechanical operation to perform, all the while unaware of the significance of the government's vast undertaking.

(4) Among the people in the countryside around the plants, there was talk that the government was preparing a strange weapon to use against the enemy, perhaps a new and secret type of rocket to fire at Japan. Then about the middle of July a story trickled out of New Mexico of a great roar and a brilliant flash of light during the darkness of the night that seemed like the sun suddenly rising to high noon and then quickly setting.

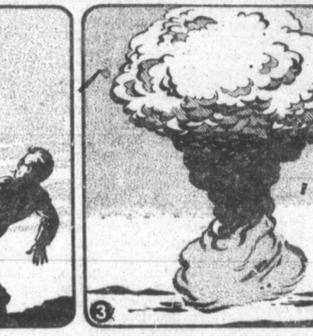

No. 13: First Test of an Atomic Bomb

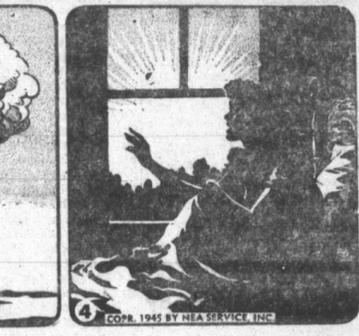

(1) As the approaching time was announced, minute by minute, tension in the earth and timber barricade grew where the scientists and army men were huddled for perfection. No one was sure what the bomb would do, with what force it would explode, or whether the explosion would engulf them all. It was the most crucial experiment since the inquisitive man started to probe into the great forces of nature.

(2) The robot mechanism went into action. There was a terrific blinding flash. It lit up the distant mountains. Then after an interval of seconds came a deafening roar and a powerful blast of air. Two men who had remained standing were hurled from their feet by the blast miles away from the experimental atomic bomb at the Alamogordo Air Base.

(3) Those who dared look at the blast said a huge fiery cloud of many colors shot 40,000 feet upward. It lit the horizon like a dozen brilliant suns. An observer six miles away was blinded by the glare. The light persisted for several seconds. The clouds of boiling dust and smoke arose to the stratosphere like a rapidly growing mushroom, and were scattered by the stratosphere winds.

(4) The light was seen for a radius of more than 180 miles. A woman motorist 150 miles away on the New Mexico-Arizona border said the mountains were illuminated for about three seconds "exactly like the sun had come up and suddenly gone down again." Near Albuquerque a blind girl was said to have exclaimed "What was that light?" when the skies were suddenly illuminated.

Navy Lieutenant Faces Uncertain Marital Future

OAKLAND, Calif., Sept. 18.—(AP)—Navy Lt. James H. Cales, Jr., faced an uncertain marital future today after a strained reunion with his pretty blonde wife, Laurie, who remarried after Cales was officially reported killed in action. "You're broad minded, mister," Laurie told the navy flier yesterday after he arrived by air from Japan where he was freed from a prison camp. He saw for the first time their three boys.

2nd Infantry Adopts Young Polish Orphan

CAMP SWIFT, Sept. 18.—(AP)—A 12-year old Polish orphan, Joseph Eugene Parema, who stands just four feet in his stockings and has grown plump from American rations, is on his way to Camp Swift to visit the Second Infantry division which he claims as "foster fathers." The blond boy was found by battery C at Frankenhansen, Germany, his parents had been killed. For three months he carried ammunition and ran errands for the soldiers. They remodeled a uniform for him and awarded him the honorary rank of T-5, the "good humor" medal, and an ETO ribbon with one battle star.

Observatory Has 47,463 Visitors

AUSTIN, Sept. 17.—Exactly 47,453 persons have visited the University of Texas Observing Station since it opened May 5, 1939, Dr. Otto Struve, director, revealed today. Chief attraction is the magnificent 32-inch telescope. Literally hundreds of military personnel from nearby air bases at Mirfa and Fecos skyrocketed the number of visitors on "open night," (the fourth Wednesday in each month, from 8 to 10 p. m.) during the war, Dr. Struve said. In spite of gasoline rationing, attendance was large during the summer months of 1944 and 1945, he added.

Englishmen Cheer RAF Pilot Heroes

LONDON, Sept. 18.—(AP)—Thousands of proud Englishmen stood in the streets and cheered as 300 fighters and divebombers, each piloted by an RAF hero, swept over the capital to commemorate the battle of Britain and officially open a new savings bond campaign. There were tears in the eyes of many recalling that five years ago today a little band of RAF pilots put an end to the aerial siege of Britain by knocking down 185 Nazi bombers. It was of this little band of pilots that Winston Churchill said: "Never in the course of human history have so many owed so much to so few." Britain's legless ace of aces, Group Capt. Douglas Bader, who spent three years in a German prison camp after helping win the battle of Britain, led one formation of planes. Bader and 14 other battle of Britain veterans flying with him are about all who are left of "the few" who stopped the Luftwaffe. Solemn thanksgiving services were held in Westminster abbey and other cathedrals.

3 Pampans Due Home Tomorrow

Pampans who are due to arrive in New York tomorrow on the USS Queen Elizabeth according to a special dispatch of the Associated Press, are T/Sgt. James Washington, Jr., 328 N. Banks street; S/Sgt. Warren C. Given, T/3 Warren Boyers and M/Sgt. Osvaldo Burns.

Labor

(Continued from Page 1) in that automotive center: 1. 50,000 Ford Motor company workers have been laid off because of strikes at suppliers' plants. 2. CIO-United Auto Workers have announced they will petition today for a strike vote at all General Motors plants if the company rejects the union's demands for a 30 percent wage increase.

Among Schwellenback's requests were that he be given administration over the United States Employment service and unemployment compensation. Others included the National Labor Relations board—for bookkeeping purposes only—and various minor labor services now scattered through government war agencies.

Schwellenback, who gave up a lifetime federal judgeship to come to his former senate colleague's assistance in the cabinet, is said to want just one thing most: power to handle labor disputes at any stage.

When the Erie canal was opened the telegraph was not known, and the news was carried in 81 minutes 550 miles from Buffalo to Sandy Hook by the successive reports of cannon ten miles apart.

YOU CAN'T RECAPTURE Time

TIME slips away faster than we think. All too soon too many yesterdays have passed for us to accomplish all the things we intended one day to do . . . things like buying a home, starting a business of our own . . . or creating a savings program to protect our loved ones should something happen to us!

Mr. D. W. knew that time was slipping away from him, all too fast. And he knew he could never recapture any part of it. He had neither the income nor the time required for the average plan to create the protection he so earnestly wanted his family to have. But he learned how he might accomplish his desire, with limited income and limited time, through Southwestern Life Insurance. Fortunately, he was insurable. Fortunately, his wife and children will tell you, he invested in a Southwestern Life Insurance policy—a nominal contract on his life for \$2,984. But for that fact, his family might have faced some serious readjustment difficulties, for death claimed Mr. D. W. last year, not quite three years after he had entered the agreement with Southwestern Life to pay his loved ones \$2,984 should something unforeseen happen to him.

Time slips away faster than we think. Tomorrow, the unforeseen may alter or destroy all your plans. Now, while you may, set your savings program in motion through Southwestern Life Insurance. There is a Southwestern Life plan to fit your needs . . . a plan that you can create immediately on savings you can afford to save out of income. Get an insurance analysis of those needs today. The economy of the plan will please you.

Strike Wave

(Continued from Page 1) and business in the north central section. The disputes hit many of the bigger cities—New York, Chicago, Detroit, Los Angeles, Pittsburgh, Baltimore, St. Louis, Cleveland, Philadelphia, Milwaukee, Memphis. Some of the strikes and walkouts in these cities affected only small groups of workers, while in others thousands were idle over labor disputes.

The strike at the Socony-Vacuum Oil company in East Chicago affected only 500 workers but the union said it was the first of a series that would ultimately close all refineries in the Chicago area, keeping 5,500 idle.

In the Detroit area, 300 struck at the Trenton plant of Socony-Vacuum and 200 at refiners Transpor and Terminal corporation for a 30 per cent wage increase.

In Houston, Texas, union members of the Texas company voted 7 to 1 last week to strike with their demands, the same as asked by the east Chicago workers, plus a union shop and other issues. Union workers at the Gulf Oil corporation refinery at Port Arthur, Texas, yesterday voted 91 per cent in favor of a strike unless demands similar to those asked by Texas company workers are met.

The Socony-Vacuum company said it had offered a 15 per cent increase in hourly pay rates while the Texas company recently announced a 15 per cent blanket pay increase when the 40-hour work week was resumed.

Major oil company officials said the industry in New England was free from labor unrest but union officials said other companies to which the strike is expected to spread ultimately are the Shell Oil company, Sinclair Oil company and the Stanolind Pipe Line company of Whiting, Ind. The Standard Oil company has a contract with an independent union.

Oil workers in seven Houston (Texas) area plants were to take a strike vote tonight.

Occupation

(Continued from Page 1) now outside of the United States, be returned by the first available transportation, then discharged promptly on the basis of point priority. Volunteers could remain overseas.

Lyle asked also that inductions be confined to single men between 20 and 25 and their service limited to two years, and urged immediate discharge of members of families which had lost men in service.

MEN! GET PEP.. Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasure again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

vested in a Southwestern Life Insurance policy—a nominal contract on his life for \$2,984. But for that fact, his family might have faced some serious readjustment difficulties, for death claimed Mr. D. W. last year, not quite three years after he had entered the agreement with Southwestern Life to pay his loved ones \$2,984 should something unforeseen happen to him.

Time slips away faster than we think. Tomorrow, the unforeseen may alter or destroy all your plans. Now, while you may, set your savings program in motion through Southwestern Life Insurance. Two Pampans Arrive At New York Port

Pampans who were expected to arrive in New York Sunday on the USS E. D. Alexander, according to the passenger list compiled by the Associated Press were Pfc. Cleddie S. Ingram and Pvt. Tommy J. Bowerman of Pampa. Pvt. Bowerman called his parents, Mr. and Mrs. Jesse B. Bowerman, 538 S. Ballard street, yesterday morning. He had been in the European theater for approximately three years, and enlisted while employed in the mailing department of the News. Two brothers, Bob and Winifred, are in the navy. Bob is stationed at Corpus Christi, Winifred at San Francisco.

Also due to arrive in New York were Pampans T/5 Harold Martin on the Marine Angel, Sept. 17; Pfc. Delbert Lee on the USS Patchogue Victory, Sept. 16, and First Lieut. Elwin Butler on the USS Sea Pike, Sept. 15.

Other servicemen from the Pampa area expected to arrive on the Alexander were Cpl. Auburn Watson, Lubbock; T/3 James Covey, Lubbock; T/Sgt. Ralph Walker, Plainview; Pfc. Carl Wagner, Amarillo; T/3 James Patterson, Alameda, and T/4 Jerald Hendrix.

Plainsmen slated to arrive in New York Sept. 15 on the USS General Stewart were Pfc. Howard Nye, Plainview; Pfc. Dewitt Allen, Lubbock; T/5 Eugene Connor, Lubbock; T/Sgt. Clarence DeVaughn, Jr., Childress; Pfc. Neal K. Hynson, Amarillo; T/4 Cecil Temple, Amarillo, and Cpl. Ernest Grider, Amarillo.

Sgt. Roy Kerr, Lubbock, was scheduled to arrive on the USS Lucia Mott, due at New York, Sept. 15.

Diary

(Continued from Page 1)

Two years, eight months and eight days late was the "Tokyo reunion club" of El Paso. But that didn't dampen their enthusiasm.

When the first cavalry division left Fort Bliss for the Pacific, its commander, Major Gen. Innis P. Swift, issued a number of cards to El Pasoans telling them they were members of the Tokyo reunion club and invited them to assemble in Tokyo at 10 p. m., U. S. A. time, on New Year's eve, 1943.

Reason for the assembly, said the cards, was "to get plastered."

At 7 p. m. El Paso time, Sept. 7, the Seventh and Eighth cavalry regiments, headed by the First Cavalry band, marched into Tokyo.

An El Pasoan, Lt. Col. William A. Adams, son of Mr. and Mrs. W. A. Adams, was leading. Another El Pasoan, Maj. Gen. William C. Chase, is commander of the First cavalry division.

The Tokyo reunion club, presumably celebrated.

The name Colosseum was formerly given to the gigantic bronze statue of Nero. In the eighth century the name was transferred to the amphitheater which was originally called the Amphitheatrum Flavium.

Regarding the Balkans, he said: "We feel that democratic governments, enjoying the confidence of the overwhelming majority of people, exist in Romania, Bulgaria and Hungary. It is the great merit of these governments that they established order and tranquility which did not exist before they were set up.

The Russian commissar said his government is dubious about how the principle of "collective trusteeship" of colonies would work out, since it has never been tried. The United States proposed this system for Italian colonies, with the United Nations rather than a single state, acting as trustees.

"To those who think that the principle of collective trusteeship is good, one may point to certain other territories besides the Italian colonies) to which it might be applied," Molotov said, "and this would make us bolder in the application of that principle."

He declined to elaborate. There was some speculation that he was thinking of areas in the Pacific where the United States had made it clear that it plans to demand single-handed control.

Molotov said the Dodecanese islands off Turkey cannot be considered an Italian possession. He said they were under discussion in connection with the peace treaty, however.

Fire Destroys Small Tent at Carnival

Fire broke out in the carnival at the ball park at 11:05 this morning, but was checked by the local fire department before spreading. A small tent, about 12 by 12 feet, used as sleeping quarters by workers was completely burned. The cause of the fire was not determined, said Chief Ben White.

The carnival, the Alamo Exposition show, arrived in Pampa yesterday and is here for the entire week.

When submarines are operating in peace time, a submarine warning flag is flown on their tenders, while the sub itself bears on one of its periscopes a small metal flag of the same design.

Directors Plan For Bigger, Better Top O' Texas Rodeo

"Plans are underway to make next year's Top O' Texas Rodeo, Horse show and Fair a bigger and better event," said Wade Thomasson, president, today, following a meeting of the board of directors of the association held last evening.

"We are glad to report," he added, "that the first annual show has left the association in good financial condition, and I see no reason why the 1946 show cannot even be greater."

Local color and festive atmosphere will be enhanced during the next fair with uniforms to be worn by all members of the association and with flags of the organization displayed. Every individual who has made a contribution to the association is considered a member and will be eligible to wear the Top O' Texas rodeo uniform, it was announced.

A committee was appointed to work out the details of selecting the uniform and a set of flags. Committee men are Homer Taylor, P. B. Wright, Paul Carmichael, Siler Hopkins and Red Wadsworth.

Rules of the American Quarter-horse association will be adopted in the year 1946 show, as voted by the directors last evening, said Thomasson, mentioning that 107 horses had been registered in this year's show.

The auditor's report of the 1945 show was presented during the meeting by Nestiel C. Doggett and approved and considered to give the treasury sufficient funds to insure next year's show.

A grounds committee to look after the grounds and buildings at Recreation park, which has been leased by the association from the city for a period of ten years, was appointed. Members are Wade Thomasson, Crawford Atkinson and Irvin Cole.

Miss Millicent Schaub, county home demonstration agent, met with the association and presented plans for the fall home demonstration and 4-H club exhibit, which the directors approved of sponsoring.

It was also announced by President Thomasson that four new members have been added to the board of directors of the rodeo association. Homer Taylor, P. B. Rice, Paul Carmichael and Siler Hopkins. Directors now number thirteen.

Russians

(Continued from Page 1)

and Britain have refused to recognize.

His statement made it evident that the soviet union intends to stand firm in support of those governments, which he termed democratic.

"We soviet people think there are countries in which the question of changing governments is not only ripe but urgent," he said. "We do not think this applies to Bulgaria, Romania and Hungary."

There was every indication that Molotov was referring to the government of Greece, although when asked to name the regimes he believed should be changed, he said: "I'll have to think about it."

He said the Russians had placed a memorandum on Greece before the council of foreign ministers, where the United States is represented by Secretary of State James P. Byrnes.

"You may rest assured that the soviet union feels that the sooner an actually democratic government is set up in Greece, the better it will be for Greece and her Allies," Molotov said.

Molotov did not expand his "grain of truth" remarks about soviet desires for trusteeship of Tripolitania—the western part of the large Italian colony of Libya which lies just east of the French holdings of Tunisia.

Regarding the Balkans, he said: "We feel that democratic governments, enjoying the confidence of the overwhelming majority of people, exist in Romania, Bulgaria and Hungary. It is the great merit of these governments that they established order and tranquility which did not exist before they were set up.

The Russian commissar said his government is dubious about how the principle of "collective trusteeship" of colonies would work out, since it has never been tried. The United States proposed this system for Italian colonies, with the United Nations rather than a single state, acting as trustees.

"To those who think that the principle of collective trusteeship is good, one may point to certain other territories besides the Italian colonies) to which it might be applied," Molotov said, "and this would make us bolder in the application of that principle."

He declined to elaborate. There was some speculation that he was thinking of areas in the Pacific where the United States had made it clear that it plans to demand single-handed control.

Molotov said the Dodecanese islands off Turkey cannot be considered an Italian possession. He said they were under discussion in connection with the peace treaty, however.

When submarines are operating in peace time, a submarine warning flag is flown on their tenders, while the sub itself bears on one of its periscopes a small metal flag of the same design.

Mainly About Pampa and Her Neighbor Towns

Miss Millicent Schaub, Gray county home demonstration agent, will go to Amarillo today to attend a meeting of agents from 22 Pampa-handled counties for the fall District One meeting. The sessions will be held in the Herring hotel.

Wanted: Unincumbered white woman to manage home and keep house for business woman. No laundry. Excellent salary. See Mrs. Behrman, or Phone 353 or 794.

Grover C. Crocker, S 2/c, of San Diego, Calif., is spending a leave after completing boot camp, with his parents, Mr. and Mrs. G. C. Crocker, here. He will return to San Diego next week where he will receive instruction in an aviation machinist's school.

Keep your clothing ready for any emergency. Clean clothing is essential to your health, your appearance and a morale builder. Try Master Cleaners once and you'll be a regular customer.

Mrs. Maude C. Bliss of Los Angeles, who has been a guest here in the home of Mrs. W. H. Peters, left this morning to visit with her daughter, Mrs. Dick Donnelly, in Electra. While en route to her home, Mrs. Bliss will also visit in Iowa.

Leland Ethel of Miami was a visitor in Pampa during the weekend. Mr. and Mrs. W. A. Work have returned from Abilene where they accompanied their daughter, Jean, who enrolled as a freshman in Abilene Christian college. Jean was graduated from the LeFors high school in the spring.

Miss Beth Bailey left this week to attend Texas State college for women, Denton, where she will enroll as a junior. She is the daughter of Mr. and Mrs. Frank Bailey of the Merten lease.

For sale, 12 bass accordion, 1203W. Visitors attending services Sunday at the First Baptist church were Mrs. John Scott, California; Mr. and Mrs. Myron Porter and daughter, Emerald Jan, Denver; Mr. and Mrs. Perry McDaniel; Mrs. J. F. Vanderpool and Jimmie, California; Jack Cunningham, marines; Mrs. Minna Wesson and granddaughter, Karen, Buffalo, N. Y.; Frank R. Highsmith, Minard; Ferne Yarbrough, Electra; Mr. and Mrs. E. R. Scruggs, Kansas City; Mrs. J. L. Allison, Clarendon and Pvt. Sharon E. Haralson.

Mr. and Mrs. Horace McBece accompanied their daughter, Bonnie Nell, to Denton this week, where she will enter Texas State college for women as a freshman.

If your bicycle needs repairing, we'll do the job or sell you the parts. This is real bicycle weather. Roy and Bob Bike Shop, 414 W. Broadway.

Sgt. and Mrs. Hugh Anderson and son, Timothy, will arrive today from Oakland, Calif., to spend a two-week's furlough visiting in the home of his parents, Mr. and Mrs. E. L. Anderson, and with other relatives here. Sergeant Anderson is stationed in the paymaster's department in the Oak Knoll hospital in Oakland.

Bud Amers, well known Pampa man, is again in charge of the meat market at Jerry Boston's Grocery, 216 N. Ward and will welcome old and new friends and customers.

Floaude Gaffman is spending the week visiting with his mother in Italy, Texas. Also guests in the home will be two of his brothers who recently returned from overseas, where they have been serving with the armed forces.

Fryers and pullets for winter layers for sale. One mile north, one mile west Kingsmill Mrs. H. C. Van Bibber.

It called army and navy medical chiefs to tell whether doctors can be returned to civilian life sooner. Committees had a big day. Here were the questions argued in committee rooms today:

1. Whether the government in future years should "assure" jobs for all, or merely make it a policy to work toward that goal. The full membership of the senate banking committee began considering the so-called "full employment" bill. The measure already has been approved by a subcommittee.

2. Whether the war production board should end its controls immediately on building new houses and stores. A senate "small business" subcommittee began a hearing on that issue.

3. Whether to create a Missouri valley authority, on the order of TVA, to develop the vast Missouri river area. Today a senate irrigation subcommittee started new hearings.

4. Whether to give President Truman wide authority to streamline government agencies. A senate judiciary subcommittee resumed its hearings.

5. What to do about the army's tremendous stocks of surplus goods of all descriptions. The house military of War Patterson to talk about that.

A fast glance at other congressional news: The new 10-man Pearl Harbor committee may hold its first meeting late today or tomorrow. Some congress members said if Russia wants a loan of six billion dollars, as reported from Moscow, Russia may have to shake some trade concessions with the United States and reveal more information about its financial condition.

Department

(Continued from Page 1) business that could make it possible for them to beat their plowshares into swords.

Already, however, the exodus from the Pacific is under way, with some high-ranking officers joining enlisted men aboard home-ward-bound transport planes or ships.

Lt. Gen. James Doolittle, commanding general of the Eighth air force in the Ryukyus, reached the United States last night. Admiral Halsey is scheduled to leave for home Thursday, with remaining units of his Third fleet in Japanese waters assigned to the Fifth fleet under Adm. Raymond A. Spruance. Vice Adm. Frank Jack Fletcher, in command of naval forces controlling northern Japan, also will leave soon, returning to the North Pacific headquarters in the Aleutians.

Admiral Nimitz' headquarters at Pearl Harbor announced that Marines of the Fifth amphibious corps, recently assigned to the U. S. Sixth army under Gen. Walter Krueger, would take over all of Kyushu and adjacent islands, the Ryukyus north of the 30th parallel, and Yamaguchi prefecture of western Honshu. They are scheduled to move into Sasebo on Kyushu next Saturday.

Pampa

(Continued from Page 1) built upon a varied number of enterprises. Establishments catering to the needs of the oil and gas industry predominate but the diversity of business characteristics represents financially sound economy.

Two railroads, one U. S. highway and three state highways converge at Pampa, making the city the second most important jobbing and wholesale center in the North Panhandle.

The city has modern and efficient public utility services embracing power and light, natural gas, water, sewerage, telephone and fire protection. Pampa has one of the best fire loss records in the state and, consequently, a most favorable insurance rate.

The living conditions in the city may be characterized as good in comparison with many cities of its size. It is minus the disadvantages which exist in some of the densely populated centers of the state and elsewhere in the nation.
