

Coming back to a Coast Guard-manned transport, after two days and nights of hell on the beach of Eniwetok, in the Marshall Islands, this Marine still has the light of battle in his eyes, as he peers over the boat-rail, his face grimy with coral dust.—(Marine Corps Photo from NEA.)

ALP Now Communist Dominated, Is Charge

NEW YORK, March 30—(AP)—The turbulent career of the American Labor Party, organized in 1936 to support President Roosevelt in his home state, was climaxed today by secession of right wing leaders, who said the party was now communist-dominated.

Sleepy Chaplin To Take Stand In Own Defense

LOS ANGELES, March 30—(AP)—Charlie Chaplin's own story of his love affairs with Joan Berry formed the defense's climactic testimony today in the film comedian's trial on charges he transported the 24-year-old red-haired film aspirant to New York and back for immoral purposes.

Defense attorney Jerry Giesler, announcing only a few lesser witnesses remained to be summoned, indicated he expected to call the white-haired 54-year-old British-born actor, and perhaps conclude the defense's case, before nightfall.

After Federal Judge J. F. T. O'Connor yesterday overruled a defense motion for a directed verdict of acquittal, Giesler called eight witnesses in rapid succession.

Most pungent defense testimony so far came from Stan Ruesch, 30-year-old New York writer.

He said Miss Berry came to his apartment about two o'clock on the morning of Dec. 31, 1942 and remained until 8 a. m.

On her arrival Ruesch asserted, Miss Berry "was not sober," her clothing was disordered and dirty, there was blood about her face, her knees were abraded and her stockings torn.

Paul Getty, Tulsa oil man, was another defense witness. He testified he had met Miss Berry, and early in 1941 had seen her frequently here.

Reds Chase Germans Out of Czernowitz

Nazis Falling Back On Road Thru Rumania

By RICHARD McMURRAY (Associated Press War Editor)

The Germans announced today the evacuation of Czernowitz (Cernauti), third largest city of pre-war Rumania, which the Russians said they had stormed from the north and west after forcing the Prut river.

Czernowitz, with 110,000 population and key to the Balkans, lies on the Bucharest-Lwow railroad cut yesterday when the Red army, driving up the slopes of the Carpathian mountains to within 30 miles of Czechoslovakia, captured Kolontar on the Prut.

The Germans also announced a continued retreat—"disengagement movement according to orders" they called it—from the Ukrainian Bug river on the eastern approaches to Odessa.

The German communique disclosed yet another retreat of 20 miles in the south of Old Poland, reporting "heavy fighting with advanced Russian formations" in the Stanislaw area.

The whole German account had the tenor of grave reverses on their disintegrating southern front. The Nazis said the surrounded garrisons at Tarnopol and Kovel still were holding out. Kovel is deep inside Old Poland, 480 airplane miles from Berlin.

The battle of the Balkans was renewed at the southern end when Sofia, capital of Bulgaria, was bombed by night with heavy and medium bombers. Allied planes in 1,800 sorties from Italy slammed explosives on the north Italian metropolis of Turin, the Brenner Pass bottleneck of Bolzano and the great Viterbo airfields beyond Rome.

THE PAMPA NEWS

VOL. 41, NO. 299 (10 PAGES TODAY) PAMPA, TEXAS, THURSDAY, MARCH 30, 1944. AP Wire (PRICE 5c)

Pampan Flies Taxi Service Over Burma

A native Oklahoman and former Pampan, Willard Little Roy, 23, is one of Col. Philip G. Cochran's air commando flying sergeants, who pilot single-engine, two-seater liaison planes, in an air taxi service over enemy territory inside Burma.

The former Pampan was born at Gowen, Latimer county, Okla., and had his address as Box 75, Route 2, Pampa, prior to enlisting in the army at Lubbock on March 20, 1942.

On his draft registration record here is listed the name of L. W. Neyland as the "person who will always know my address." Neyland resides 10 miles south of Pampa.

In an Associated Press story by Frank L. Martin, dated American Republics, March 29, 1944, it was stated that the three speakers who urged that the administration's domestic record be a campaign issue today at the Texas Democratic leadership's decision to stay in line with the party in the national election is a matter of wartime expediency.

Naval Gunner Tells How Our Planes Downed

MEMPHIS, Tenn., March 30 (AP)—A wounded Memphis sailor has disclosed he was one of the navy gunners who shot down 23 U. S. transport planes last July at Gela, Sicily, and he declared: "No one can blame the navy gunners, for we were just a watch tick from death that night."

The sailor, Gordon B. Manley, boatswain's mate second class, later was wounded at Salerno and now is in a Philadelphia hospital. Manley, declaring "no one seems to explain just what happened that night," wrote an account of the episode to Press-Scimitar Columnist Eldon Roark "in defense of the naval gunners."

Part of his letter follows: "We had invaded the night before and our big guns had been hitting them (the enemy) all day knocking out tanks, shore batteries, railroads, railroad guns, troops and trucks. I am speaking now of the warship I was on."

"We had several air attacks through the day. Some time during the afternoon, 35 German bombers came after us. They got one of our cargo ships about 3 p. m. The burning ship exploded, making a mountain of smoke that spread slowly all over the bay, turning day into night. About 7 p. m. my gunnery officer passed word around telling us that there would be 300 of our transport planes over about 10 p. m. About 20 minutes before our planes came over the German bombers came in. The ship was still burning. Our destroyers had tried to sink it and made things worse as the oil spread all over the water, burning, making it look as if the whole sea was burning; and as I say, there was a solid blanket of smoke over most of that part of the coast."

"When the Germans came in, guided by the fire, they dropped the sky full of flares until they spotted us. Then, boy, that is where things really began to happen. Bombs were dropping like hail, knocking some of the boys off their feet when they burst."

"Right in the middle of all of this, our planes came over, the first we knew they were there."

"My eyes were every place at once. I would glance at the water every second or so, watching for E-boats as this is the time they come and do their dirty work. During one of those glances, I spied a plane that looked as large as

the Columbia tower (in Memphis) about 30 feet above the water headed right into the side of our ship. All of us that saw it opened up on it. When we shot him down, he was less than 100 feet from the ship.

"There were no paratroops on that one and all of the crew of 10 were saved. Also our boats picked up many of the troops that tumbled out."

"I think I know as much about what happened that night as anyone there as I really had a ringside seat, and that is just exactly how the wrong thing happened. No one can blame the navy gunners, for we were just a watch tick from death that night, and were shooting to live to shoot another day."

"I am on a quad A. A. gun. We were shooting so fast that night that there were rings of fire coming out of the barrels. Well, you can imagine just how we felt the next morning when we found what really had happened."

"I made it my business when I got back to Africa to talk to some of the pilots and I talked to several of them. They all seemed to agree that it was the smoke. Some said they had seen the fire from the burning ship and thought it was that famous fire on the side of the hill at Gela. All of them thought the smoke was a large cloud bank. Most of them went around it. They are the ones who lived to fly another day. I also talked with quite a few of the paratroops that went over that night, but, fellow, I sure can't write here what they said about it. In fact, I did not let them know I was there. They put a few questions at me. I told them I was on shore duty at Algiers. They did not blame the navy; they blamed the ones that sent them over us."

Fish Discovery May Revolutionize Set-up

WASHINGTON, March 30 (AP)—Discovery by government scientists that mullet, a salt-water fish of great abundance, will thrive in fresh water may revolutionize the practice of growing fish as food crop in farm fish ponds.

The fish and wildlife service, announcing this today, said experiments at its laboratory in Beaufort, N. C., show an "astounding" high production of about 3,000 pounds of mullet per pond-acre in two years, compared with a normal two-year production in a well-managed fish pond of about 400 pounds an acre.

The experiments are regarded as having great import because unlimited quantities of young mullet are available in all the warm sea water of the world. For example, there are great numbers of them off the coast of Texas, the state with the largest number of farm fish ponds. More mullet are eaten in the south than any other food fish.

Baruch Disappointed Over Failure To Act On Economy Plans

NEW YORK, March 30 (AP)—Bernard M. Baruch, who helped formulate a plan for shifting the nation's economy to a peacetime basis after the war, said in a letter to the New World Herald Tribune that he was disappointed at failure of congress to take action on the plan so far.

Baruch, special adviser to the director of the office of war mobilization, told the Herald Tribune that he was "frazzled" by "the fact that our report has been in the hands of official Washington more than a month, and there seems little disposition on the part of congress to cooperate by moving along the lines we have indicated."

"Surely," Baruch added, "we should have a complete community of interest with respect to preparedness for peace while at the same time concentrating on the winning of the war."

"Prestige or individual feeling should not be a factor. Who cares where a plan for meeting the shocks of returning peace originates? For my own part, I will plan from any source, provided it will do the job."

"Let us remember my prediction that if we exercise intelligent foresight in connection with this whole situation and properly prepare for the transition, we shall have an adventure in prosperity, while on the other hand, indifference and delay may ultimately present us with an adventure in adversity."

Blalock Urges Texas Democrats To Stick To Line With Party

(By The Associated Press.)
AUSTIN, Texas, March 30—Myron Blalock of Marshall, Democratic National Committeeman for Texas, urged the state executive committee "to go down the line with the party in the November general election for national candidates."

"I believe in putting the best man in office regardless of party but I also believe along with governor Hogg (former Texas governor) that the best men are democrats," Blalock told members of the committee.

He said he felt sure that under leadership of state committee members Texas would cast her customary democratic vote in November.

The question of Negro participation in democratic primary elections flared briefly when E. B. Germany of Dallas, former chairman of the state executive committee, said he had no objection to Texas Negroes organizing their own democratic party and receiving advice and counsel from white democrats.

"But," asserted Germany, "this is the white democratic party of Texas and by the eternal I am going to do all I can to see that it remains so."

The supreme court of the United States now has under consideration litigation involving the right of the party to exclude Negro votes in primary elections.

Clara Mae Russell and Sgt. Lenard C. Negroes, will be married Sunday at the Negro USO center, corner of Gray and Oklahoma. The bride is the daughter of Mr. and Mrs. A. Kendrick. The bridegroom is the son of Mrs. Rose C. C. of Folsom, La., and has been stationed at Pampa Army Air Field for the past year.

We have parts for repair work on your bicycles. Get them fixed up now. Roy and Bob Bike Shop, 414 W. Browning.

Jim Davis of LeFors is leaving tomorrow for Hot Springs, Ark., where he will enter the Veteran's hospital for treatment.

E. A. Wells, secretary of the Consistory Bodies of El Paso will visit Pampa Masonic lodge tonight. Fred Galle, recorder of Khiva Temple in Amarillo, will also attend. An invitation has been extended to all Masons in this section to attend the meeting at 7:30 p. m. in the Masonic hall.

SHAMROCK—Mr. and Mrs. A. V. Hanes of Lela, honored their son J. W. Hanes, 7-2/c, at a dinner in their home Sunday. There were 43 guests attending. Yeoman Hanes returned to his base at New Orleans, La., Tuesday night.

4-F BILL

(Continued from Page 1)

Yesterday by Undersecretary of War Robert P. Patterson.

Patterson, advocating legislation to conscript 4-Fs who won't take essential jobs, said there were 3,500,000 4-Fs between 18 and 37. About 1,000,000 of them are qualified to take industrial work to release younger men, he said.

His proposal, which struck a responsive chord among committee members, was that 4-Fs not in essential work be inducted and placed in an enlisted reserve from which they would be assigned to jobs or, refusing to take jobs, would be used in labor brigades for such work as picking apples, harvesting crops and doing other war-supporting work.

REDS

(Continued from Page 1)

sands of factories by the air offensive caused Nazi newspapers to exhort grandmothers and little girls to take war jobs.

Finland once again was reported by Stockholm to be angling for peace. Dr. Juho Paasikivi, the 1940 peace maker, was said to be on another mission, possibly to Moscow. He received Russian terms last month which Finland rejected. Subsequent silence of Russian newspapers, planes and guns suggested that some hope for an armistice still existed.

The surging Red armies of Russia encroached upon the Black sea city of Odessa on a 215-mile semicircular front, sweeping up 150 localities on the way.

Kentuckian Held In 'Gardenia Murder'

NEW YORK, March 30—(AP)—Roger Lewis Gardner, 26, a handsome six-foot Kentuckian described by the FBI as a man of many aliases who had cut a cross-country trail victimizing women, was arrested Wednesday in connection with Los Angeles "gardenia murder" last summer.

Apprehended in a fashionable midtown apartment by FBI agents, he was held technically on a charge of impersonating federal officers.

The FBI said Gardner, a Lexington, Ky., resident, had passed himself off at various times as an FBI man, OPA investigator, war department agent and federal attorney.

He has been convicted of numerous crimes, the FBI said, and had married more than nine women without obtaining divorces from any.

The Los Angeles slaying occurred last July 28 when Mrs. Ora Murray's nude body was found on a golf course, a crushed gardenia beneath it. She had been beaten to death.

Gardner is specifically charged with representing himself as a federal attorney in Indianapolis in June, 1943. He will be arraigned later today before U. S. Commissioner Garrett W. Cotter.

Nazi War Prisoner Slain by Countrymen

FORT SMITH, Ark., March 30—(AP)—The public relations office at Camp Chaffee reported today that a German war prisoner who was not identified, had been slain at the camp "by his own countrymen."

Army officials said the prisoner was found in his bunk with a fractured skull last Saturday. He was buried Monday with full military honors. Camp officials declined further comment.

Nazis Begin Flooding Lowlands of Holland

LONDON, March 30—(AP)—The Germans have started flooding lowlands in the Netherlands, the Netherlands information bureau declared today, as part of a plan to combat expected Allied invasion of western Europe.

Moreover, except for one or two small towns, the island group known as South Holland and Zeeland island have been evacuated preparatory to flooding, the bureau said.

Grandma Rogers' Rites Held Today

(Continued from Page 1)

Funeral services for Mrs. Martha (Grandma) Rogers, 101, the Panhandle's oldest woman resident, who died Tuesday afternoon at the home of a grand-daughter, at Head, were conducted at 2:30 this afternoon at the Head Methodist church, of which Mrs. Rogers was a charter member.

Burial will be in the McLean cemetery.

Head is located 6 miles north-west of McLean.

Mrs. Rogers was a native of Mississippi. Since 1902 she had lived mostly at Wheeler and at Head. In her room at the comfortable farm home hung pictures of her mother, her husband, and Gen. Robert E. Lee, mounted on a white horse, presumably Traveler.

The Indians often raided the frontier where Mr. and Mrs. Rogers lived for six years. Mr. Rogers served in the army two years during the 60s.

A devout Methodist, Mrs. Rogers was known as the "Mother of Panhandle Methodism." On September 12, 1943 she had been a member of the Methodist church for 89 years.

Since 1889, the year she began setting them down, she had heard 7,500 sermons.

down in India last night, after having flown nearly 60 hours in the past week.

They were Sgts. Nicholas Kosko, Edwardville, Va., and Fintan F. Magerie, Tarrytown, N. Y.

Kosko and Magerie told of the latest exploit of a fellow sergeant pilot, Willard Roy, of Pampa, Texas, "who landed beside a British column and was asked to take up two British soldiers on a special mission."

"Roy said okay and the two soldiers with pockets full of hand grenades climbed in. Three minutes after take-off they dived on a bridge where seven Japanese with a machinegun were hiding," Kosko said, adding:

"Passing a few yards over the bridge, the two British soldiers leaped out both sides of the plane and hurled grenades under the span."

They said the enemy apparently was knocked out because when Roy took off again with hospital cases he saw British troops on the bridge. The sergeants also have been doing odd jobs with bombs on their 85-miles-per-hour craft.

Rome Bombed Today

NEW YORK, March 30—(AP)—The German-controlled Rome radio said that "enemy air formations" had bombed Rome's outskirts this morning. The broadcast was recorded by the U. S. foreign broadcast intelligence service.

Leavenworth, refused to take the induction oath after his physical examination in August, 1942. On Monday the U. S. supreme court ruled he was not officially under military supervision.

Ex-Texas Instructor Held as Draft Evader

KANSAS CITY, March 30—(AP)—U. S. District Attorney George H. West says a federal complaint has been prepared charging Arthur Goodwyn Billings, former university of Texas instructor with intent to evade induction into the armed forces.

Billings, in military custody at Ft. Leavenworth, refused to take the induction oath after his physical examination in August, 1942. On Monday the U. S. supreme court ruled he was not officially under military supervision.

West said a detainer would be sent to Leavenworth as a "precaution that Billings is not released without answering the new civil charge."

Full of Pep at 75!

How's YOUR Pep at 40, 50, 60?

You know his name as well as you do your own. You've read in the newspapers that at 75 he feels like he did 25 years ago—at 40. Proves it's not natural for you to feel exhausted, old at only 40. 50, 60, 70. You may need Pep and Vitamins. Try Orlin's Mouth Wash, Tissue Tonic, and also prophylactic amounts of vitamins B, calcium, iron, and potassium. They help you stay young and healthy. Pep and Vitamins are available in 40, 50, 60, 70, 80, 90, 100, 110, 120, 130, 140, 150, 160, 170, 180, 190, 200, 210, 220, 230, 240, 250, 260, 270, 280, 290, 300, 310, 320, 330, 340, 350, 360, 370, 380, 390, 400, 410, 420, 430, 440, 450, 460, 470, 480, 490, 500, 510, 520, 530, 540, 550, 560, 570, 580, 590, 600, 610, 620, 630, 640, 650, 660, 670, 680, 690, 700, 710, 720, 730, 740, 750, 760, 770, 780, 790, 800, 810, 820, 830, 840, 850, 860, 870, 880, 890, 900, 910, 920, 930, 940, 950, 960, 970, 980, 990, 1000.

Individual Chinese soldier can take it as well as dish it out. "He's as brave as they come," says Stilwell, who has seen approximately 25,000 of them wounded.

Men who have known him for years say he's just as fierce as he looks—and sounds. They "haven't" any idea of how many he has killed.

He hasn't any either. The individual Chinese soldier can take it as well as dish it out. "He's as brave as they come," says Stilwell, who has seen approximately 25,000 of them wounded.

But never once have I heard a conscious Chinese cry out or moan in pain," the general says.

Correspondents with Stilwell are struck by this fact: More Chinese than Americans recognize and salute him.

Frozen Fruits and Vegetables Ration Free After Sunday

WASHINGTON, March 30—(AP)—Acting to free cold storage space for meat, the office of price administration today announced that all frozen fruits and vegetables may be purchased without ration stamps beginning Sunday.

In line with the emergency move, prevailing low ration point values on all popular cuts of beef, pork, veal and lamb will continue in effect through April 29, while the ration cost of butter will stay at 16 points.

In the processed foods category, canned peas are also made ration free, cut from a present value of three points for a number two can. Carrots in number two cans are cut two points to a new value of three, while tomato juice in can sizes through 14 ounces, now requiring a range of two to five points, is reduced one point.

With supplies continuing small, all canned fruits will remain at the high point value levels of March.

'A Tree Grows in Brooklyn' Given In Review by Mrs. James Todd

Because of weather conditions, Mrs. J. W. Walker, Plainview, director to National General Federation of Women's club, was unable to attend the meeting held Tuesday when Pampa's seven federated clubs met and a book review was given by Mrs. James Todd.

Meeting in the city club rooms, hostesses for the day were: Mrs. Rufe Jordan, chairman, Mrs. D. V. Burton, Mrs. J. M. Fitzgerald, Mrs. C. S. Evans, Mrs. Dudley Steele, Mrs. E. A. Shackleton and Mrs. Arthur Tved.

As guests arrived they were greeted by Mrs. Raymond W. Harrah, who presided at the meeting in the capacity of first vice-president of seventh district and the following federated club presidents: Mrs. Roy McKernan, Twentieth Century president; Mrs. William Carl Jones, El Progresso club president; Mrs. H. H. Hahn, Twentieth Century Culture club president; Mrs. C. E. Sidwell, Twentieth Century Forum club president; Mrs. R. W. Lane, Varietas club president; Mrs. Aubrey Steele, Parent Education club president and Mrs. J. B. Townsend, Civic Culture club president, who composed the receiving line.

The tea table was attractively centered with an arrangement of yellow daisies and white carnations flanked on either side with

tall white tapers. Mrs. Tved poured tea and Mrs. Aubrey Steele presided at the registry.

Miss Sharilyn Focok played piano selections during the tea hour and gave a special solo.

As a special feature of the meeting Mrs. James Todd reviewed "A Tree Grows in Brooklyn," by Betty Smith.

Refreshments were served at the close of the program. Guests present were: Meses. Jack Montgomery, Rufus Dodgen, Walter Darlington, Jr., Gus Lettwich, Earl Kromer and S. L. Draper.

Members attending were: Meses. Temple Adkins, J. B. Clark, J. H. Caperton, F. P. Dodgen, J. W. Good, Louis Hill, B. P. Holmes, William P. Holmes, E. L. Koger, H. P. Mundy, O. T. Nicholson and W. S. Pendleton.

Community Easter Program Planned In White Deer

Special To The NEWS. WHITE DEER, March 30—The annual Community Easter program will be presented next Sunday evening, April 2, at 8:15 o'clock in the grade school auditorium, by the White Deer High school chorus and speech department.

Selections from the Psalms and from the New Testament Easter story will be read by a group of speech students with Billy George Clemens as the individual reader.

Included in the group of Easter songs by the chorus will be several hymns and these special selections: "Thanks Be to God," "Legend," "The Bells," "Beautiful Savior," and "Sanctus." James Beck will be the soloist.

The churches of the community will dismiss the regular evening services so that everyone may attend this special Easter service.

Federal Oil Subsidy Would Add \$40,605 A Day to Texas Value

AUSTIN, March 30—(P)—A federal subsidy of 35 cents per barrel for production of stripper oil wells would add \$40,605 per day to the value of stripper production in Texas, Railroad Commission Chairman Beauford Jester estimated today. His estimate was based on 35,151 stripper or marginal wells as of March 1 with average production of 3.3 barrels. Total production would be 116,012 barrels per day and an average price of \$1.12 per barrel would place total value of production at \$129,933 daily. A 35-cent subsidy, proposed but not as yet

approved, would increase average value to \$1.47 and total value to \$170,538. Based on reports by commission engineers, here is the picture of stripper wells in Texas: Future reserves recoverable by primary methods, 370,000,000 barrels; additional reserves recoverable by secondary methods if price is adequate, 150,000,000 barrels; average salvage value per well, \$925.

The estimates were prepared for the research and coordinating committee of the interstate oil compact commission. Jester and other members of the state commission have voiced opposition to the subsidy proposal on grounds that only a general price increase will stimulate exploration and recovery.

Rayburn Names Group For Post-War Policy

LOS ANGELES, March 30—(P)—Speaker Sam Rayburn of the national house of representatives, here to address a Jackson Day dinner, named a congressional committee of 22 members to work out a post-war military policy for the United States. With Clifton A. Woodrum (D-Va.) as chairman, the committee also includes R. Ewing Thomson and Lyndon B. Johnson, Texas Democrats.

—BUY BONDS— England's oldest military corps, the yeomen of the guard, was founded in 1485.

Farmer, Put in I-A, Kills Family of 5 And Ends Own Life

INDEPENDENCE, Wash., March 30—(P)—Brooding over reclassification to I-A in the draft, a 33-year-old farmer killed his four young children, his wife and himself with a shotgun yesterday. Sheriff J. W. McIntosh said his investigation showed Bernard Arends wiped out his family and himself because he feared for the future of his family and prosperous farm in the Gray's harbor area.

'Knockout Dropper' Coming Back Home

A U. S. FORTRESS BASE IN ENGLAND, March 30—(P)—The Flying Fortress "Knockout Dropper," which Tuesday became the first U. S. heavy bomber in the European theater of operations to complete 75 missions, will be retired from combat and returned to the United States, it was announced yesterday. "Knockout Dropper" was also the first American heavy bomber to finish 50 missions in this theater. She beat "Hell's Angels" to this mark Nov. 16, 1943. "Hell's An-

gels," with 48 missions to her credit, left here in January to tour the United States. The "Dutchess," a Fortress with 30 raids, the second highest number of missions, also probably will be returned home soon. She achieved prominence a year ago when her bombardier, Lt. Jack Mathis of San Angelo, Texas, although mortally wounded, climbed back to his bombight to hit a target at Vegesack. He was posthumously awarded the Congressional Medal.

District PAW Head Quits as He Calls Rules a Hindrance

AUSTIN, Texas, March 30—(P)—Adrian Moore of Houston revealed in a letter to Governor Coke R. Stevenson that he had resigned as district Director of Production for the Petroleum Administration for War

—BUY BONDS— WALLTEX all the wanted spring colors. This supply won't last long. HAYLEY GLASS and WALLPAPER CO. 216 N. Cuyler Phone 501

because he believed that rules of the production division of PAW were "a hindrance rather than an aid to the war effort." Moore said the resignation was effective March 18. He also commended the governor's proposal that the interstate oil compact commission meeting in New Orleans next month adopt a resolution petitioning President Roosevelt to return oil regulatory powers to the states.

Moore added: "Despising bureaucrats control of industry as I do, it was with many misgivings that I accepted the job of Dist. Director of Production for

Dist. 3 of the Petroleum Administration for War some eleven months ago. "Convinced that materials are now sufficiently plentiful to permit the drilling of more wells than available manpower can accomplish, unable after months of effort to prevail on Washington to amend federal rules to conform with equitable established state rules, and firmly believing that the rules of the production division of petroleum administration for war constitute a hindrance rather than an aid to the war effort, I tendered my resignation and it became effective on March 18, 1944. "Irrespective of representations

and promises of Washington officials to the contrary, it is my belief that permanent federal control of the oil industry is an established fact unless industry joins with state officials in presenting a united effort to regain registration of this business by the several oil producing states. "Your recommendation deserves the unqualified support of the oil industry."

AAU Swimming Meet Will Open Tomorrow

ANN ARBOR, Mich., March 30—(P)—The 1944 national A.A.U. indoor swimming meet, which sends more than 100 stars and would be stars splashing into Michigan's pool tomorrow and Saturday, is crisscrossed with wartime irony for the defending team champion, Ohio State.

Eddy Buckley coach Mike Peppe will watch Bill Smith lead Great Lakes to inevitable team triumph, thinking that in normal times the Hawaiian-born husky still would be churning to fame on his team.

As a Buckley newcomer last year, Smith swam off with the 220 and 440 free style titles. As the key man of the 10-member Bluejacket squad, he's expected not only to retain those two crowns, but also annex Alan Ford's undefended 100-yard title and pace Great Lakes to a free style relay championship.

Then, too, another of Peppe's former boys may topple Ohio State's A.A.U. diving dynasty. That would be Charley Batterman, navy trainee at Columbia, who last week won low and high board titles in the national collegiate meet.

Vitamins have become an important part of our nutritional program. The government requests that we select foods in our diets to give them to us and safeguard the welfare of the nation. We must keep strong and on the job. We must balance our diets. Milk is particularly stressed as an important health builder.

Grade A milk, as fresh as the kind you used to drink on Grandpa's farm, is the kind your children like. And that's the kind they'll get if you give them our purified brand.

NORTHEAST DAIRY
501 Sloan St. Ph. 1472

THE OLD JUDGE SAYS...

"I was just tellin' my brother Fred this morning, Judge...there's never been a time in our lives when we got to live up to that old sayin' 'United we stand, divided we fall' more than we have to today."

"How true that is, Herb. And for the life of me, I can't figure out why, at a time like this, some folks insist on raising a question like prohibition. I can't imagine anything that would tickle our enemies more than to get us folks over here taking sides against each other, arguing about an issue like that. We've got a he-man's job on our hands to win this war and we can't be wasting our minds, our money and our strength fighting about something we tried for nearly 14 years and found couldn't work."

"I say there's a time and a place for everything, and this is no time or place to be doing any fightin' except the kind that's going to win the war."

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

BY DAN FERRIS
Secretary-Treasurer A. A. U.
My greatest sports thrill was experienced at the Olympic Games of 1936 in Berlin. The most coveted championship is the deathblow. The winner is the world's greatest all-round athlete.

Glenn Morris of Denver, Robert Clark and Jack Parker of the U. S. team finished one, two, three, respectively.

At the ceremony following the event the boys mounted a platform to be crowned with their honors.

As they were presented with their medals, wreaths of laurel and little live oak trees, three American flags were raised to their staffs and the band blared forth with our national anthem. That moment I got the greatest thrill of my life. My eyes popped out—and for some reason they were wet.

Coaches Hope For Warm Day For Contest

Cold wave, stay away from my door, Otis Coffey, Pampa High school director of athletics and Charles O. Criswell, his assistant, were exclaiming as the Harvester track and field squad prepared for the invitational track and field tournament to be held Saturday at White Deer.

The Harvester squad worked out yesterday afternoon after a lay-off Tuesday occasioned by snow. Unless the cold snap returns, the Harvesters plan another practice session today.

Wednesday's workout was under a bright sun but the air was chilly and the squad wore sweat suits to keep warm.

Turning in records in keeping with those they have established in the three tournaments the Harvesters have taken part in to date this season, G. Robbins, Campbell and R. Clay gave outstanding performances.

Others who show promise are Saunders, Brown, Bird, Troop and Cree.

The latter came in first in the 880-yard run practice, leading Brown and Troop; Cree has the best form of any distance runner on the squad. He runs with his head up, arms swinging, not jerkily, but in smooth piston-like fashion. Cree is also good at the discus.

Bird and Saunders press Campbell generally in the mile, but the 125-pound runner, who looks better adapted to sprints than the distances, took the lead at the start and held it all the way. Saunders came in second. He's a fine prospect as he has two more years to complete the mile relay.

Campbell is the utility man on the Harvester team and can fit in on sprints as well as the mile and the mile relay.

Winner of the 880 every time he has competed in inter-school competition, is Clay, Director Coffey says. Brown's specialty is the relay.

Gene Robbins, a great all-around athlete, showed his customary skill yesterday as he won the 120-yard high hurdles, made a trio of creditable high jumps, and the broad jump, besides putting the shot for a longer distance than he has made in tournaments to date.

Besides the jump, Robbins also has competed in the 220 and 440-yard dashes.

In the triangular meet here last Friday, against Canadian and White Deer, Robbins ran the 440 in 62 seconds; tossed the shot 41 feet 10 inches, and soared out 19 1/2 feet in the running broad jump. He also won first place in the running high jump but the distance was not measured.

Director Coffey's track and field squad duplicates, in one way, the 1943 football squad in that there is no player who is definitely glued to any one position.

Just as players switched from one position to another, from end to back, and so on, so too do the trackmen. The idea is to build up tracksters that can compete in four or five events, rather than only one.

The reason for this, of course, is that no one thinclad is so expert that he can carry the squad simply by winning one event. That is why Director Coffey is turning out a versatile track and field squad.

There is every promise that the track and field squad of 1945 will be superior to this year's, since a check-up yesterday revealed that out of 39 names on the roster, 17 were sophomores, 12 were Juniors and five were freshmen. The rest were also only five seniors on the list.

Working out yesterday were 31 squadmen.

Saturday's meet will bring together the cinder path pounders of Pampa, White Deer, Panhandle, Canadian, Claude and Amarillo. It will be the first time this season the Harvesters have competed against Panhandle, Claude or Amarillo.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, March 30—(P)—Giving some consideration, no doubt, to Utah's success in the N. C. A. A. cage tournament, Wyoming is planning to resume basketball next season with Ev Shelton returning to his old job as coach. And Colorado likely will follow suit if the army vacates the field house. Real hard-luck guy of the hardwood is Neal Harris, Albright College coach. He worked all season tutoring an 18-year-old, six-foot, 8 1/2 inch freshman for stardom next year—drilling him to become a "goal tender"—and now the rules makers have wiped out a season's labor. . . . Juan Zurita, N. B. A. lightweight champ who fights Beau Jack tomorrow, holds an amateur flyer's license and has had 100 hours of solo flying.

ONE MINUTE SPORTS PAGE
The Bowlers' Victory legion has purchased 200,000 decks of cards, 13,000 books and 17,000 fishing kits for men in the armed forces. The Philly Eagles report hearing from a football prospect who is a 4-F "because I have only one eye, a few bad teeth, a bad nose, flat feet and a bad knee." If his name ever leaks out, the Eagles fear the rush of rival clubs to sign the guy will be terrific. . . . Freddie Sommers, who once managed Cleo Shum for Olsen and Johnson, reports that

Texas Girl Cagers Enter AAU Finals

ST. JOSEPH, Mo., March 30—(P)—The South is threatening Iowa's domination of women's national A.A.U. basketball.

Of three teams from the Hawkeye state, where the crown has rested for the last two years on the Davenport A.I.C. brow, only the top-seeded Des Moines A.I.B. club remains for semi-final play tonight.

A hard-driving crew of Dallas, Hornets, paced by Ernestine Whitcomb, has taken care of Lenox, Iowa, third-seeded and the Des Moines Pepsi Colas, composed of players who went to the 1943 finals in the lively on the A.I.B. team.

The Hornets, whose win over the Pepsi Colas 26-23 last night, meet the Nashville, Tenn., Vulvers in the semi-finals (at 9:30) tonight.

St. John's Plays Utah Tonight For National Cage Title

NEW YORK, March 30—(P)—Utah's "squeeze kids" and the St. John's meet tonight to collect a \$50,000 contribution to the Red Cross and to decide the unofficial national basketball championship.

A crowd of about 18,000 is expected at Madison Square garden for the clash between Utah, winner of the national collegiate title, and St. John's, winner of the national invitational tournament. Although there's no official title at stake, the victory likely will be informally recognized as national champion, just as Wyoming was a year ago.

Milton Berle has offered \$5,000 for a half interest in lightweight Mike Della. . . . Wonder why he always picks on comedians?

SERVICE DEPT.
Jack Dempsey has been upped to commander in the coast guard. . . . Lambert Reed, former Bradley Tech broad jumper, has returned to the United States after flying 187 sorties against the Japs. . . . After one look at the remodeled Tome school baseball field, the ex-big leaguers at the Bainbridge, Md., naval training station hollered "uncle" and athletic officer Lieut. Hardy Pierce went about building some fences only 330 to 400 feet from the plate.

Marvin Lake Fishing Will Open Saturday

Fishing for bass and other species at Lake Marvin, 13 miles east of Canadian, will open on Saturday, April 1.

Lake Marvin was first opened to the public five years ago.

With fishing for bass opening on April 1, the bass season comes two months earlier this year, but the lake authorities do not explain the reason for the advance.

PROLOGUE: A Colorado farmer, looking for some straggling calves on a September evening, came upon a sick stranger who burdened him with an important written message. Seeking the farmer fails and kneels himself out. When he revives, he finds his message is done, NO ONE HEARS HIS STORY.

WHY AMERICA? I WAS only 3 years old when my grandfather, Jan Mesrik, suffered his strange injury in the autumn of 1913. I have one of those flash memories of the scene when my grandmother called my mother and father into the kitchen...

MY grandfather was just 10 years old. It was his first encounter with the ruling class. The count and countless, alone, might have impressed him greatly, but their sons were about my grandfather's age. They were dressed in a fashion that strove more toward adornment than utility. They were irritatingly commanding. Furthermore, my grandfather was convinced that he could whip both of them put together, a thing that he yearned mightily to do, but it was impressed upon him at that early age that they were his betters, untouchable.

WALL STREET
 NEW YORK, March 29—Stocks last further ground today on a resumption of general selling in the late afternoon.

BUY BONDS
 Declines ranged from fractions to more than a point in the rail and principal industrial groups. Some volatile specialties, down 3 or more at one time, cut their declines just before the close.

UPON THE SUPPLY
 Although a bit unsettled from the start by reason of yesterday's last-hour flood of selling, the list today displayed no actual weakness until the sudden collapse of a boomlet which had been going on in the whisky share. Rails and the alcohol faced the retreat. Dealings approximated 1,000,000 shares.

Churchill Silent On Italian War

LONDON, March 29—(AP)—Prime Minister Churchill declined in Commons today to make a statement "at this time" on the Cassino and other Italian warfronts.

Editor: D. P. M. V. L., independent member, asked:

"Do you consider it satisfactory that despite your telegram (a request to Allied commanders last month to lighten censorship in the Mediterranean) critical reports continue to come in from war correspondents in Italy and at the same time no authoritative statement is made by the government in the House of Commons on the progress of operations?"

"Perhaps," Churchill commented: "there may not be sufficient progress of operations for any statement to be made by the government. I certainly have not concealed my disappointment that progress has not been quicker."

It All Depends Upon the Supply

WASHINGTON, March 30—(AP)—If the supply warrants when a survey is made at the end of the next 30 days, the office of price administration plans to boost the gasoline ration of "B" car motorists.

Col. Bryan Houston, OPA rationing chief, made it clear in a radio address last night that this is OPA's intention. But he emphasized that the ration will be increased "only when and if there is enough gasoline to go around."

"We hope to be able to increase the ration allotment of people who need gasoline to earn a living," he said. "The question that arises is—are we saving enough gasoline to make an increase in the 'B' ration possible?"

"I wish I could give you the answer to that question now, but I can't. I can't even begin to tell you for at least 30 days."

A spokesman for Col. Houston had said earlier that the "B" ration would be lifted in a month or six weeks to 720 miles a month, provided there is continuing success in the agency's drive to curb black market sales of gasoline.

Willkie Urges Labor To 'Give Lewis Gate'

MILWAUKEE, March 30—(AP)—Organized labor's "sincere leaders" won praise from Wendell L. Willkie but the Republican presidential candidate singled out one of labor's chiefs whom he described as "arrogant," and whom he asserted, must be ousted from the ranks.

Resuming his Wisconsin campaign in the state's largest industrial center, Willkie devoted the major part of his speech to labor matters. After paying tribute to "sincere labor leaders" and war workers, he asserted that "labor must drive from its ranks the arrogant leader, the one who disregarded the common decencies in the relationships between labor, management and government—and I think you know whom I'm speaking of."

There seemed little doubt that Willkie was referring to John L. Lewis of the United Mine Workers.

He asserted that labor also "must drive from its leadership those who have become corrupt," and should develop "more sense of responsibility in relationships with other elements of the social economy." There should be, he added, "a movement in labor toward democratization of labor itself."

Willkie told the rally that "in view of some government policies, lack of defining a labor policy, from various public statements, one would think there was an irrepressible, inevitable conflict between labor and other elements of our society. I refute that doctrine completely."

WLB Orders Striking Printers Back To Jobs

DALLAS, March 30—(P)—The eighth regional war labor board said today it had issued an order directing members of local 528 of the typographical union (AFL) employed by The Corpus Christi Caller Times to go back to work.

The directive, said the board, was sent by wire to the secretary of the local union and to Conway Craig, publisher of the Caller Times.

In the telegram, the board said it

was advised "that workers demand pay of one hour overtime per day without working overtime and workers are engaging in what they term a continuous meeting of the union."

This board is not impressed by information that employees are holding a continuous meeting of the union. The board believes the employees are engaging in a strike.

"The publisher of the Corpus Christi Caller Times as well as the employees would be in violation of the wage stabilization act if demands we are advised have been made were granted."

Claude Isbell To Get Latham's Post

AUSTIN, March 30—(P)—When Secretary of State Sidney Latham is ordered to report to the army for induction Governor Coke R. Stevenson will appoint Assistant Secretary of State Claude Isbell to succeed Latham.

The governor revealed his plan today after learning that Latham had been accepted, after physical examination, for service at the East Texas armed forces induction center and assigned to the army.

Latham, 37, is the father of one child. He did not ask deferment.

Norris Denounces Soldier Vote Bill

WASHINGTON, March 30—(P)—Former Senator George W. Norris (Ind-Neb) has denounced the congressionally-approved service vote bill as a "bogus" arrangement under which fighting men "will be practically disfranchised."

The denunciation was contained in a letter written to Senator Guffey (D-Pa) who released the letter today along with an expression of his own hope that President Roosevelt will veto the bill. At the same time reports were circulating among some other senators that the president will allow the measure to become law without his signature.

Norris' letter, in criticizing the bill at the White House as inadequate, said the senate had taken "an unwise and very backward step" in passing it.

"I regret to say," it added, "that the Republican party in the senate has lined up practically solid in favor of this bogus voting law. When this solid Republican vote is united with that fraction of the Democratic vote which apparently would rather strike at Roosevelt than to win a battle against our enemies, they constitute a majority of the senate."

Orphans' Home Head Expected to Resign

AUSTIN, March 29—(P)—John H. Robertson, superintendent of the State Orphans Home, Corsicana, is expected to resign in the near future, but no official word has been received by the State Board of Control, Harry Knox, said today.

Knox said he understood Robertson would resign about the middle of April and leave on May 1 to become business manager of Southern Presbyterian Mountain Retreat association at Montreat, North Carolina.

Several people to replace Robertson are under consideration, but no selection is as yet definite, Knox advised.

Stimson Appeals To Keep Price Controls

WASHINGTON, March 30—(P)—Secretary of War Stimson appealed today for continuation of price controls through the war and long enough afterward "to facilitate and protect the conversion of industry from war work to a full-fledged peacetime economy of production and employment."

Testifying before the senate banking committee which is considering legislation to continue stabilization controls a year beyond June 30, Stimson emphasized two major purposes:

1. To protect the standard of liv-

ing of the soldier and his dependents by maintaining the purchasing power of service life insurance, war bonds and dependency allowances.

2. To prevent price increases which would be reflected heavily in the vast outlay for war purposes.

In this connection, Stimson said that because of "relatively stable prices" in the last three years, the government procurement agencies' dollars "are actually purchasing more airplanes, tanks, guns and ammunition than were originally anticipated."

All that we have gained during the past two years through the voluntary restraint of the people and from their general compliance with government regulations may be lost in a price rise which will cause distress and consternation to all of our people especially to those who were obliged to live on fixed incomes," Stimson said.

Current Post Depicts Panhandle Boys' Ranch

Boys' ranch, the Panhandle's unique place located at historic Old Tascosa, 100 miles from Pampa, is the subject of an article by Neil M. Clark, with photographs in color by Harry Pennington, Jr., in the April 1 issue of the Saturday Evening Post. The issue was on sale in Pampa yesterday.

Defining Boys' ranch as a ranch and home for boys, Clark explains the meaning back of the ranch, as told to him by Cal Farley, who originated the idea for the place.

"A boy's greatest luck is to have an inspiring home life. These boys missed that. So we try to make the ranch as near a good American home as we can. The boys learn by experience that they gain by doing right, lose by doing wrong."

Clark tells how the ranch was founded in 1938, and of the work done by Cal Farley, Dutch Mantel, Julian Byrnes, in starting the project, and of Alton Weeks' work as superintendent.

Farmers Buying More Land; Prices Climb

WASHINGTON, March 30—(P)—Farmers are buying more farm land and prices are going up, according to the department of agriculture, which declared farm real estate values rose 15 per cent during the year ending March 1 and now are 38 per cent above the 1935-39 average.

Land sales for 1943 surpassed the previous high of 1919.

Compared with the 1935-39 average, farm real estate values have increased almost three-fifths in the east-south-central states, almost one half in the east-north-central, and more than two-fifths in the south Atlantic, mountain and pacific states. In other divisions, the rise in values ranged from one-third in the west-south-central to one-sixth in New England.
