## Nip Bayonet Sold For \$1,000 at Bond Rally

A bayonet once used by one of Hirohito's sons of hell is working for America now.

At the Victory Bond rally at Webb Friday night, a Nip bayonet, brought back from Guadalcanal by Sgt. Dewey Belmont, formerly of the U. S. Marine corps, was exchanged for purchase of the souvenir bayonet. Total bond sale was \$5,000.

"The true American spirit was shown by Sergeant Belmont," commented S. D. Stennis, county War Bond chairman, "in offering this bayonet for sale. This Pampa man spent five months in the Guadalcanal jungles and came back a sick man, but was willing to sacrifice one of his most cherished souvenirs to help the boys he left over there."

Besides the bayonet, Sergeant Belmont also auctioned off some 25 caliber Jap cartridges and some Nip coins, all the while relating his battle experiences.

"Gray county is indebted to the sergeant and should feel grateful and proud to have furnished such a man to the armed forces," Chairman Stennis said.

District Attorney Walter E. Rogers made a talk and auctioned off pieces at the Webb rally. After the program the pies were cut and coffee served.

## U. S. Vote Bill Backers Put Off Final Decision

WASHINGTON, Feb. 5.—(AP)—Obviously outnumbered on the floor, the senate administration backers of a federal war ballot bill forced a surprise adjournment today, and staved off a showdown on a touch-and-go fight over voting legislation for the armed forces.

Forty-four senators—five short of a quorum—answered the opening roll call and Democrats' Leader Barkley, who had called the unusual Saturday session, quickly put through the adjournment motion. Members still were filing into the chamber when the senate quit after a brief, unproductive session.

Advocates of a house-passed states rights bill to leave service voting to the individual states beckoned and shouted for recognition, but an adjournment motion was not debatable.

On the basis of earlier test votes, the administration was out numbered 24 to 20 on today's rollcall. After the session broke up Barkley told reporters he had at least a few federal ballot supporters were absent.

Barkley had called the session in the hope of driving through the federal war ballot bill and sending it to the house in an amendment to the states rights bill overwhelmingly approved there Thursday.

When he announced the Saturday session yesterday, the administration had just won a victory against Republicans and southern Democrats to scrap the Green-Lucas bill.

Senate passage of the Green-Lucas federal ballot bill in the individual states to pass legislation establishing their own voting system for military absentees and directs the administration to aid in transmitting the state ballots. It contains no provision for a federal ballot.

"The war department said today that information is being made available at all military installations on how qualified soldiers may vote in the April primaries in Illinois, Nebraska and Pennsylvania and the general election for state and local offices to be held in Louisiana, April 18.

Commanding officers have been instructed," an announcement said, "to call the primaries and the election to the attention of men of the states concerned in time to give them maximum opportunity to complete all the steps necessary for balloting."

## Man Charged In Accident Here

Bond of \$750 was posted in Justice D. R. Henry's court Friday by a 32-year-old Pampa man, and a 16-year-old Pampa boy was transferred to the custody of the county juvenile officer as the result of an accident early Wednesday morning in which Mrs. E. Warren of the Gibson courts was knocked down by a car.

The man, who gave his name as William Kermit Hartley, was charged with failure to stop and render aid. Filing of the charge was by the office of the county attorney.

The man and the boy showed up voluntarily at the police department Thursday, claiming they did not know the woman had been hit, officers said.

The accident happened by a 1937 Ford steered by a 1934 Chevrolet driven by Hartley. Mrs. Warren was struck by the Ford and knocked unconscious when her head hit the curb.

She was on her way from her home to a grocery store when the accident happened at 7:35 p. m. It was still dark and the lead car did not have its lights on, Police Chief Ray Dudley said.

One of the two cars was in- correctly reversed in a story in Thursday's issue that stated the cars were headed south. The cars were approaching from the south and were headed north.

## Gray County Voting Strength Is 5,944

Qualified voters in Gray county for 1944 total 5,944, according to a check made Saturday at the office of the county tax assessor-collector. Poll tax receipts totaled 5,336, certificates of exemption, 608.

The 5,336 poll tax tally for 1944 is more than for 1942 and 1938 but less than the number issued in 1940 and 1936. Poll tax receipts for 1940 were 6,328 and for 1942, 6,397; 5,062 in 1938 and 4,932 in 1942.

Figures above are on poll tax receipts alone and do not include exemption certificates because the latter are not readily available for previous years.

## U. S. to Build Arabian Oil Line

### Billion-Bbl. Oil Reserve Is Expected

WASHINGTON, Feb. 5.—(AP)—The United States government will build an oil pipeline from the Persian Gulf area to the eastern shore of the Mediterranean at a cost estimated between \$130,000,000 and \$165,000,000, Secretary of the Interior Harold I. Ickes announced today.

The line, estimated to be 1,250 miles long, is designed to provide a standing reserve of one billion barrels of oil for use by the U. S. army and navy "on very favorable terms," Ickes said in issuing the announcement for the Petroleum Reserves Corp. of which he is president.

The project is covered by an "agreement in principle" between the government and two companies—the Arabian American Oil Co. owned by the Standard Oil Co. of California and the Texas Co. and the Gulf Exploration Co. owned by the Gulf Oil Corp.

"The agreement is conditioned, of course, upon obtaining the sanction of the rulers of Saudi Arabia and Kuwait," Ickes said. "The line will cross the Red Sea, the Persian Gulf, and the Arabian Sea, and will maintain the trunk pipeline system to transport crude petroleum. The government will decide on a plan of operation and will maintain supervision."

"The entire cost of construction plus interest will be returned to the government within a period of 25 years, together with such net profit to the government as may be agreed upon," Ickes' statement said.

The companies have guaranteed the repayment of the loan, and also have agreed to make the pipeline available to other oil producers and shippers.

The companies further have agreed to maintain a crude oil reserve for the United States of one billion barrels, or, if the total crude reserves are less than five billion barrels, of 20 per cent of the total reserves.

Ickes said the government may take any quantity of this oil for a 50-year period and in an emergency may purchase all the domestic petroleum produced by the companies.

He expressed hope the announcement would quiet any fears that the government was going into the oil business in competition with private industry.

The exploitation of oil in Saudi Arabia, where the Arabian American Oil Co. functions, and in Kuwait, where the Gulf Exploration Co. operates, is intended to offset in part the dwindling oil reserves in the United States, Ickes said.

### JERRIES STRIKE BACK FIERCELY AT FIFTH ARMY

The long-awaited Nazi counterblows against Rome approaches have been hurled back by U. S. & British troops on the north and south sectors, while the breach in the Gustav line north of Cassino widens steadily. (NEA Telemag.)

### Allies Struggle Bravely to Hold Rome Beachhead

ALLIED HEADQUARTERS, Algiers, Feb. 5.—(AP)—British forces have soundly beaten a new and furious drive by Nazi shock troops and tanks against the Allied beachhead south of Rome, throwing them back with heavy losses, Allied headquarters announced today.

The British met the attack staunchly in the sector north of Carroceto, just 20 miles south of Rome, and today Allied commanders nullified their troops to contend with an expected all-out German attack on the beachhead.

On the main Fifth Army front, German and Americans fought with everything from snipers to tanks in the house to house fight for Cassino, fortified gateway to the Liri valley.

While the Germans in the south sought to delay the Fifth Army's advance through gaps in the Gustav line and prevent the junction of the main front with the units holding the beachhead, it became evident that the Nazi offensive south of Rome was in its early stages. The Germans still were probing for a weak spot which to fling their main attack.

Although bad weather hampered air operations, aircraft of the U. S. 12th air force bombed and strafed motor transport and camps between the main Fifth Army front and the beachhead to prevent the Germans from withdrawing reinforcements from the south to smash Allied troops occupying the coastal strip behind the Gustav and Adolf Hitler lines.

In their determined effort to pinch off the Allied beachhead before the bulk of Lt. Gen. Mark W. Clark's army could come to its assistance, the Germans threw into the line one of their best armored divisions in Italy—the 26th panzer.

On the outskirts of Cassino anti-tank guns and tanks slugged away at each other and the Americans struggled desperately to enlarge their toe-hold in the town itself. Allied advances north and south of the town threw the units flanking the Nazis entrenched there.

American forces flung the Germans out of most of their positions on Mount Minola, a desperate fighting engulfed the entire area. Many positions in the outskirts of Cassino changed hands several times.

British troops fighting on the west bank of the Liri river, three miles northeast of Castellforte.

Allied headquarters announced the German panzer taken since the invasion of Italy started last Sept. 3 totaled more than 10,000. Since the beachhead landings two weeks ago 1,500 prisoners have been captured.

### Democrats Put Emphasis On Home Issues

WASHINGTON, Feb. 5.—(AP)—Administration Democrats have switched emphasis to domestic issues in their current pre-convention campaign, as Republicans get ready to select next Saturday in New Mexico the first delegates to either political national convention.

Both Robert E. Hannegan, new chairman of the Democratic national committee, and Senator O'Mahoney, who is running for reelection, emphasized the party's platform of "making capital" in the face of economic difficulties.

Hannegan told a Jackson Day rally in Alabama that patriotic Americans realize that economic sacrifices are necessary and that Republicans must answer to the charge of "making capital" of inconveniences arising from such things as rationing and price controls.

O'Mahoney, in taking over the senatorial campaign committee chairmanship, said the transformation of the nation's economy to meet the requirements of war have been a burden which has produced discontent.

"There is already an evident attempt to mobilize these discontents in such a manner," he added, "to overshadow the substantial accomplishments of the last 10 years."

This repulse to an accumulation of Republican charges of "bungling" and "mismanagement" on the home front may receive some rebuttal attention in the Lincoln Day speeches the G. O. P. leaders are planning at about 2,000 dinners throughout the country next Thursday, Friday and Saturday.

Expressions of dissatisfaction with the administration came also over the week-end from a Chicago meeting which organized "The American Democratic National Committee" and said it would dispute "the right of the administration to put its candidate on the ballot" for the November election.

This group, charging that a "palace guard" is "wrongfully in possession of the Democratic party," said it would hold a convention and nominate candidates. Its chairman, Harry Woodring, former secretary of war, suggested that Democrats should unite in supporting for president someone like Secretary of State Cordell Hull.

### Reds Roll On; 1400 American Planes in Raid

(By The Associated Press)

The Red army's unchecked offensive has engulfed both Lutz and Rovno in pre-war Poland, Moscow announced last night, thus carrying it at one point to within 50 miles of the line from which Hitler's legions began their invasion of Russia June 22, 1941.

American airmen in one of the heaviest attacks of the war by perhaps 1,400 planes struck at German air bases in Poland, blasting at German air power, hit landing fields as far inland as Paris and Tours while medium bombers struck at the Nazis' secret installations on the invasion coast.

The shutting down of Berlin's two powerful long range radio stations early last night suggested the RAF again was out to attack Germany.

Moscow's announcement of the capture of Rovno and Lutsk on the main rail line to Warsaw was made in one of Joseph Stalin's orders of the day ordering another firing of the victory guns of the Soviet capital. The Germans two days ago had announced withdrawal from the two towns deep in Poland.

The success represented a gain of 50 miles from the last reported Russian positions at the villages of Zlotolin and Kozolop.

From the Gulf of Finland to the lower Ukraine the Russians were moving steadily westward.

The Soviet communique announced that the Russian drive into Poland had swept through more than 200 towns and villages besides Rovno and Lutsk, and that more than 2,000 troops, including Hungarians, had been captured.

It added the drive into Estonia on the north continued along the east bank of the Narova river, while in the Ukraine counter-attacks of Germans seeking to break the Smelna trap were beaten off.

### W. Texas Leads In Wildcatting

AUSTIN, Feb. 5.—(AP)—West Texas led all districts last week in wildcat oil well completions, the railroad commission's weekly drilling report showed today.

There were five wildcat completions in the area of the state's total of 8. Twenty wildcats were reported as dry holes for the state at large, but West Texas had none.

Southwest Texas with two wildcats stood second in wildcat completions.

The commission's report again reflected the year's trend of increased drilling activity to date. There have been 547 regular drilling applications thus far in 1944 as compared with 295 in the same period last year.

Thus far this year there have been 253 oil well completions as compared with 785 last year to date. Of these completions, 16 were wildcats while last year at this time there had been only six wildcats brought in as producers.

West Texas also stood at the head of the list in completions of all types of oil wells, with 20 for the week.

Southwest Texas was second with 16 and North Texas third with 12 for the week ending today.

The increase in daily allowable production was 15,200 barrels. Average daily allowable for the week was 2,039,800 barrels.

## Air, Seaplane Bases Prizes Of Victory

U. S. PACIFIC FLEET HEADQUARTERS, Pearl Harbor, Feb. 5.—(AP)—Clutching America's grip on the biggest atoll of Japan's Karoline Islands, seventh-division soldiers have killed virtually all defenders and captured Kwajalein, Ebeye and Lol islands of the Kwajalein group.

Seizure of these three strategic points at the southern end of the atoll, announced today by Adm. Chester W. Nimitz, runs to 19 the number of Kwajalein's 30-odd islets now in American hands. Many of the remaining islands are militarily unimportant.

The victory affords the Allies another potential airfield on Kwajalein Island and seaplane bases at Ebeye. Fourth division Marines earlier had swept across Roi and Namur islands to clinch control of the northern end of the atoll.

Continuing their steady push up the eastward edge of the big atoll, army troops already are attacking Gueguew, just north of Lol, and the island of the atoll.

Kwajalein was captured four days after the first troops landed, Feb. 1. The battle was a bloody, pillbox-by-pillbox struggle, but its outcome was never doubtful and American losses remained moderate. An early Kwajalein Island report of 1,250 Japanese killed and 1,000 killed has been maintained, front-line reports stated.

Carrier-based planes still roam widely over the Marshalls, supporting the ground troops. A B-24 bomber was shot down on Feb. 4. A B-24 was shot down on Feb. 4. A B-24 was shot down on Feb. 4.

## Wewak, Rabaul Heavily Raided

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Sunday, Feb. 5.—(AP)—For the second straight day, Allied airmen have ripped Japanese aerial strength at Wewak, New Guinea. Gen. Douglas MacArthur said today that the Wewak area was hit with 108 tons of bombs, raising to more than 300 the tonnage of explosives poured on the main New Guinea base in two days.

MacArthur said today that fifth air force bombers struck Wewak's four airfields, shooting down eight planes and destroying 72 on the ground. In today's report, MacArthur said today's bombers and one fighter were shot down.

So intense was the latest bombing of Wewak the fires still burning from the first day's attack and that started anew were visible for 50 miles.

Other American airmen took advantage of a break in the weather to bring the aerial war to Rabaul, Japan's oil-bombed bastion on the northeastern tip of New Britain. At least 50 enemy planes were shot down over Rabaul, the communique reported. At least 440 and probably 132 more planes were destroyed over Rabaul last month.

## Ranking Marine Pilot Missing

NEWTON, Mass., Feb. 5.—(AP)—Lieut. Robert W. Hanson of Newtonville, Marine fighter pilot with a record of 25 downed enemy planes in the South Pacific, is missing in action, Lieut. Gen. A. Vandegrift of the Marine corps notified Hanson's parents today.

Vandegrift said Hanson had been missing since Feb. 3. Hanson was a member of a group of fighters known as "The Fighting Corsairs," currently considered the hottest fighter squadron in the South Pacific. Its score on Jan. 22 was 81 Jap planes in 15 weeks of aerial combat. It destroyed 50 Zeros in the brief period of three weeks.

## Snafu' Comes Home From Italian Front

TEXARKANA, Texas, Feb. 5.—(AP)—Capt. Kermit Irby, who has come home from the war, has a dog named "Snafu."

He's just a dog—"Snafu," who is doing his best to brighten the life of his master and his wife, Mrs. Tom Irby, which hasn't been the same since the news came that Captain Irby would not come home. He was killed in action on May 25, 1943.

"Snafu," whose name is derived from the army jest "Situation normal; all fouled up," came back to Captain Irby's parents by special order from Gen. Dwight D. Eisenhower.

"Snafu" has been half way around the world since he left his native Texas to become the mascot of the troop carrier plane which Captain Irby flew until the tragedy of war caught up with him.

Captain Irby brought him back from Alaska to Westover Field, Mass. and from there the North Atlantic to England and thence to North Africa on the initial invasion. After the African campaign he went through the invasion of Sicily.

After Captain Irby's death, Lieut. Lewis A. Crawford of Clinton, S. C., the co-pilot, took charge of "Snafu." Lieutenant Crawford earned a furlough to the States after 83 flying missions and by special order of General Eisenhower, brought the dog back with him.

USO Open House Today 3 P. M. to 10 P. M.—Everyone Invited.

This is the lead plane of a squadron of 7th army air force Liberators which five minutes ago dropped heavy cargo 2,000-pound blockbusters on beach installations and pillboxes at the west tip of the island.

As the squadron leader swings his plane in a wide arc to view the island, large craters show on a portion that was our target. The target area lies directly in the path of landing forces marshalling almost within rifle range of the island.

Battleships and cruisers as well as smaller warships are shelling the island with repeated salvos, and as we pull away from the target area navy dive-bombers are cutting down into their sharp diving runs.

Not a single burst of anti-aircraft fire came from the island toward our planes despite the fact the Liberators went in at low level for pinpoint bombing.

Exultant gunners took advantage of our complete air mastery to pour machine-gun fire toward the island as we passed over well within range of their 50-caliber guns. Just a week ago this same squadron went over Kwajalein and encountered what the group bombardier just now recalled as "the heaviest anti-aircraft fire the squadron had ever encountered."

Battlecraft spotted the surface as we approached the island. One battleship was belching out one great balloon orange flame after another. The projectiles of the navy ships geysered in a lagoon and crushed already battered beach areas on the northerly side of the island.

No attempt was made by this squadron to bomb the airfield because American air forces already obviously had air supremacy. As Lt. Col. Elliott Pardee, San Francisco, said "The Japs built this airfield; let's save it for our own use."

Runways and taxiways already are pockmarked with large craters. A large plume of fire and smoke was visible before the island came into clear view. The shelling or bombing caused this and marks with the other visible fires and parts of the two and one-half mile long capital of the world's largest atoll.

The air and sea assault on Kwajalein probably was the heaviest assault ever made on any island of comparable size.

Most of the blockbusters landed well within target zones, said Lt. Col. Pardee, who led the squadron. The crew bombardier, Lt. Vincent Galasso, Brooklyn, N. Y., reported "it was a picnic this time; we laid bombs right in there. It's fun to make a run like this when we hold complete supremacy."

PORT WORTH, Feb. 5.—(AP)—The five members of the Cooke county rationing board at Gainesville, who quit Saturday because a labor advisory committee was appointed by the district OPA office without consulting them, have withdrawn their resignations, District OPA Director Bryan Miller announced.

The board members consented to continue to serve after conference with Miller in Gainesville Wednesday, he said.

Miller ascribed the board's resignation action to misunderstanding of the purpose for which the labor advisory committee was appointed. He emphasized that the committee members are not members of the board, but form a subcommittee of the district OPA labor advisory committee. Similar subcommittees have been appointed in other counties of the Fort Worth district.

**Naval Air Transport Requirements Stiffer**

DALLAS, Feb. 5.—(AP)—Requirements for civilian aviators applying for commissions in the naval air transport service were tightened, the navy announced today.

Applicants between 18 and 27 years inclusive must now have had two years of college or sufficient background in their business or profession to compensate. Lt. Col. Comdr. G. W. Cook of the office of naval officer procurement said.

Stricter requirements for that age group also call for a minimum of 1,000 hours logged solo flying time of which 700 are in aircraft of 400 horsepower or over and of which 300 hours of the 400 horsepower time must have been logged within the preceding 22 months.

Applicants 28 to 35 years of age inclusive must have minimum flight record of at least 2,000 hours of logged flying time of which at least 500 are in multi-engine aircraft of 900 horsepower or over and of which 300 hours of the multi-engine time must have been logged within the preceding 12 months.

# THIS FARM BOY GAVE ALL... You are only asked to lend your money!

LIEUTENANT (j.g.) PAUL BAKER, Navy pilot, with five Jap aircraft to his credit in the day's fighting, was hovering over the aircraft carrier *Lexington* at dusk, awaiting the signal to land. His gas tanks were nearly empty. Suddenly, over the horizon Jap planes were spotted. It was feared the Japs might discover the *Lexington* and try a suicide attempt. Baker's order to land never came. His landing lights might have given the *Lexington's* position away. Without hesitation, Lieutenant Baker turned his plane away from the big carrier and headed for the open sea, luring the Japs after him. He disappeared into the night, never to be seen again. The *Lexington* was safe.

## You can buy extra Bonds!

Paul Baker had a big decision to make. It took him about two seconds. We, at home, also have a decision to make. We are asked to buy extra War Bonds at once. Our boys at the front are depending on us in this Fourth War Loan. Our patriotic impulse is to say "yes" first and look around for the money afterwards—**Let us obey that impulse!** It will do us good in more ways than one!

Paul Baker sized his situation up in two seconds . . . and acted. We, whose duty is so trifling by comparison, need scarcely more time in which to do ours!

Think! We are asked to make an investment, not a sacrifice! We are asked to invest the money we would normally use to replace automobiles or farm machinery or repair buildings and fences. We are asked to establish

a depreciation reserve which will be available for replacements after the war. We are asked to build up a financial reserve for unfavorable years that may come later, or for the education of the children, unexpected hospital bills, or the payment of taxes and debts.

War Bonds are the best form of financial reserve ever offered you. Your money helps finance the war. By postponing unnecessary spending you speed production of planes and munitions to win the war. The gradual expenditure of your reserve after the war will provide jobs for returning soldiers and help stabilize the nation's finances in the postwar adjustment period.

Ask yourself: Have I a single valid reason why I should not buy extra War Bonds?

Then, like Paul Baker, make your decision and act!

Get ready for the day when Johnny comes marching home!

If you have a boy in the service, think what it will mean to have him come back and share with you the joy of equipping the farm with the best in tractors and other machinery. Think what it can mean for you to have the cash to put the children through college. Think what it can mean, a few years hence, to have new farm buildings or a new home or complete modern conveniences about the place.

To thousands upon thousands of farm and ranch owners who have bought extra War Bonds, these things are assured. For the first time in their lives they are going to be able to have the things they've wanted. Some of them are your neighbors. How about you?

Don't wait until you're asked...  
Buy those EXTRA War Bonds by Mail... Today!  
Mail this to your Bank, Postmaster, or Production Credit Association

You never get less than you lend—and you can get 1/3 more than you invest

When held 10 years, Series E War Bonds yield 2.9% interest, compounded semi-annually. You get back \$4 for every \$3.

**CASH IF YOU NEED IT**

Of course no one should cash a Bond unless he has to, but if an emergency comes along, your War Bonds are like money in the bank. Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. Don't hold back a single dollar unnecessarily from the purchase of War Bonds. YOUR HELP IS NEEDED.

The Fourth War Loan is on! Your dollars are needed as much by Uncle Sam today as you will be needing them tomorrow.

Texan Ties Wood In Phoenix Open

PHOENIX, Ariz., Feb. 5. (AP)—Craig Wood of Mammoth, N. Y., national open champion, and Byron Nelson, Toledo, O., the one-time Texas caddy who has held most of the 72-hole Phoenix open tournament today as they posted totals of 137 at the half-way mark.

The veteran Wood, shooting the same steady golf that brought him a two under par 69 for the first 18 holes, cleared three more strokes over regulation figures with a 68 today.

He posted his total as Nelson reached the half-way mark in today's round, and Lord Byron knew he needed to cut three strokes from the Phoenix Country club's last nine par of 35 to tie Wood.

He did just that, and when he blasted his third shot out of a sand trap at the 18th green, the big gallery that had been at his heels most of the afternoon stood frozen as the ball stopped inches from the cup and cheated him of an eagle three that would have given him the lead.

Can't They Fight Enough At Home?

AUSTIN, Feb. 5. (AP)—Maybe it's because of the premium on athletic manpower or maybe the girl warriors' biggest growth and they want to show men their equality in or out of the ring.

But it isn't legal. Labor Commissioner John Reed today notified all boxing and wrestling promoters in Texas that they may not match men vs. women in public contests or exhibitions.

Under Texas law it's all right for men to box or wrestle men in public exhibitions, and it's all right for women to wrestle or box women under the same conditions, but Commissioner Reed said he had to draw the line somewhere.

"We went along with other states which permitted these exhibitions between women, but this was just too much," Reed explained.

Reed was notified a promoter in a small town had booked a man vs. woman wrestling match with such success that the fad threatened to spread.

Propriety, he said, demanded that he forbid matchmakers, promoters and others to arrange, match or advertise any boxing or wrestling exhibitions or contests between persons of the opposite sex.

Amarillo To Hold Quarter Horse Show

For the first time in the history of the Amarillo Fat Stock show, March 6-9 inclusive, there will be added a Quarter Horse Show which promises to be a highlight of the four-day occasion.

Interest is teeming by quarter horse breeders over West Texas, New Mexico and Oklahoma, and some of the most outstanding stallions and mares of this breed are entered.

Six classes are designated for the show: three for mares and three for stallions. Each class will be judged according to rules of the American Quarter Horse association. Three hundred dollars in awards are offered.

In addition to the cash and ribbon awards, the Amarillo Globe-News offers a handsome trophy for the grand champion mare, and the Capitol Hotel, Amarillo, offers a similar trophy for the grand champion stallion.

Entry fee is \$5 for each horse, directors announce, and application blanks may be secured from the Amarillo Fat Stock show headquarters, 500 Tyler street, Amarillo.

Quarter Horses are the typical Western ranch horses. They are bred for stamina. One cowboy asked what Quarter Horse meant, replied: "Quarter speed; quarter lightning; quarter strength, and quarter brains."

They are the horses which have the broad shoulders, racing legs and smartness which has made them the working partner of the waddler. Today, many of these horses are worth small fortunes. Cattlemen like to race them for short distances due to their lightning-like starting ability, but range men swear by their endurance.

EMULUE DE BENEDETTO A CONSTANT THREAT FOR CHICAGO'S DE PAUL

Sports Roundup

By HUGH FULLERTON, Jr. NEW YORK, Feb. 5. (AP)—Running contrary to the predictions that there'll be only sweetness and business in today's baseball planning meeting, the complaint of one minor league pitcher that boss-man W. G. Bramham "never lets a nickel go out of his office except for office wages" still Bramham's office paid for the printing of the minutes of last December's meeting, when the judge avoided getting the leave-ho, and the booklet ran eight pages longer than ever before.

TODAY'S GUEST STAR Don Donaghey, Philadelphia Evening Bulletin: "Each major league club owner has a dilemma by the horns and won't let go for fear it's a 4-F dilemma that can play ball."

BACKING UP THE BELIEF that Southwestern women like to back their horses with bucks, Floyd (Skipper) Rigdon of the Carlisle, N. M., team wires that his townsmen, Elmer and Charley Hepler, have \$10,000 that says their champion quarter mare, Shue Fly, can beat any horse in the world in a quarter race. Shue Fly once sprinted a quarter in 21 2/5 seconds... as an extra attraction, Joe Welch of Carlisle and Nogales, Ariz., challenges any cowboy to a \$1,000 roping and balding contest... this corner will guarantee only that no member of the jockey club set will accept either challenge.

SHORTS AND SHELLS Babe Ruth, who will be 50 Monday, still can call his shots. Before he had his picture taken dropping a quarter into the box where bowlers who make three successive strikes deposit their contributions to aid an ambulance plane, Babe bragged he'd get his triple and be paid.

Athletic Year Brings \$8,754 To Oklahoma U

Baseball Meet Most Concerned On 1944 Plans

NEW YORK, Feb. 5. (AP)—Baseball groans into its post-war future and nobody knows what Commissioner Kennesaw M. Landis and the major-minor planning committee are going to find.

While penicillin problems of absorbing servicemen and shuffling league boundaries are high on the lists of "musis," diamond figures here for a series of meetings running through Tuesday appear more interested in the immediate future of the game.

Although the "planners" are slated to do their job today, a series of committee meetings is likely before any definite solutions are found. This work, for the most part, will involve some legal hocus pocus of baseball's own code which always has been a mystery to Mr. Average Fan.

After much talk about a farm system-independent showdown the boys have called off their dogs and no open hostilities are expected. Commissioner Landis holds the key to the situation, as usual, and can stir up an uproar if he chooses to mint free agents of many national defense list-players as often rumored.

Minor league representatives held a preliminary session yesterday under Chairman George Trautman of the American association and big leaguers held informal get-togethers throughout the day. As President Fred Frick of the National league put it after a short talk with Sam Breidson of St. Louis, "if there is anything big coming up, I don't know about it."

Stars Arrive For Start Of Texas Open

SAN ANTONIO, Feb. 5. (AP)—Professional golf's brightest stars began arriving here today in preparation for the Texas open, granddaddy of all high-priced open golf tournaments, which resumes Thursday after a year's lapse.

Defending champion Melvin (Chick) Harbert was the first of the pro stars to put in his appearance. Now an army private in the army air forces training command, stationed at Lincoln, Neb., Harbert has been given a special furlough to compete in this tournament, prizes of which will be paid in war bonds.

The entire field of pro stars touring the winter circuit will be here Tuesday, giving them a full day to set in practice rounds over the Brackenridge park course, site of the original tournament in 1923. The pro-amateur event will be held Thursday, with the open pro commencing Friday and running through Saturday.

Headline the list of pro stars entered in the tournament are Byron Nelson, Craig Wood, duration national open champion, Harold Grogan, who set a course record at Brackenridge park in 1939 — a "blazing" 59, 12 under par, Johnny Revolta, Harry Cooper and a galaxy of others.

Amateur entries have been received from all over the country and prospects are good. A field of 80 pros and just double that number of amateurs will tee off in the pro-amateur event. As many as three amateurs will be grouped with each two in this latter special event.

Early favorites for the title are Nelson, Wood, Revolta and McSpaden.

Lobbies Cut Down Raiders, 61 To 36

ALBUQUERQUE, N. M., Feb. 5. (AP)—Center Don Grove scored 13 points to pace a desperate rally by Tech Raiders tonight, but the Tech Raiders couldn't overtake New Mexico and lost the opener of a two-game basketball series.

Grove's performance all in the second half, gave him game honors with 14 points. Guards Carl Imboden and John Coubinsky carried New Mexico with 10 each.

New Mexico led 35 to 16 at half-time. Despite the rally, Tech never got closer than 10 points.

Phils Prexy Wants Spittal Returned

PHILADELPHIA, Feb. 5. (AP)—Phillies President Robert R. N. Carpenter went on record in favor of the return of the "spittal" to give the pitchers a break.

Carpenter said he thought the game of baseball could stand a few more home runs, as has already been suggested by some of his fellow managers, but added he was anxious to keep it from getting out of control of the pitchers.

"Let's have more hitting, more long distance clouting, even if we have to decide to restore the ball to its 1920 makeup," young Bob said, "but let's give the pitchers a break, too."

Sooner Grids Start Spring Training To Start March 9

NORMAN, Okla., Feb. 5.—Oklahoma's thirteen returning lettermen, plus several sound men and several players from the 1943 junior varsity squad, will begin spring training March 6, at Owen field here, Coach Dewey "Snorter" Luster has announced.

The Sooners have lost three all-Big Six players from their conference championship club of 1943, Guard Gale Fulghum, Tackle Lee Kennon and Fullback Bob Brumley, co-captain Omer last year's lettermen, gone include Ends Omer Burger, Joe Breeden and Jim Desmond, Tackle Jim Gassaway, Center Lewis Dunn and Backs Boone Baker, Bill Geter and Lloyd Meinert.

Returning lettermen include three strutting backs Donald Lebow, Charles Heard and Elmer Brumback and also Bob Mayfield, Merle Dinkins, Louis Dollarhide, John Harley, Elvin Jackson, Bob Estep, Don Link, Thurman Tigart, Don Tillman and Co-captain W. C. "Dub" Wooten. Lebow was an all-Big Six back, Mayfield all-Big Six center and Wooten All-Big Six end.

In addition, Luster said Archie Bradley, end on the Oklahoma team of 1942, would probably join the Oklahoma squad this fall. Recently declared 4-F, Bradley has said he intends to return to the university. He was an all-state high school end from Muskogee in 1942.

"However we may use him at wingback," says Luster. "He's got the speed and size for it, he blocks and tackles well, he can run with the ball and catch it with any of them."

Either Dollarhide or Bob Berry, flank last year's squire, a man whom the first game last season, may go to the backfield this autumn, Luster said. Lebow probably will be moved to fullback.

The Sooner schedule for 1944 is: Oct. 7 Texas Aggies at Norman, Oct. 14 Texas at Dallas, Oct. 21 Kansas State at Norman, Oct. 28 Texas Christian at Norman, Nov. 4 Iowa State at Ames, Nov. 11 Missouri at Norman (Homecoming), Nov. 18 Kansas at Lawrence Nov. 25 Oklahoma Aggies at Stillwater and Dec. 2 Nebraska at Norman.

Field Of 300 To Compete In SW Track Meet

FORT WORTH, Feb. 5. (AP)—Success of the Southwestern Recreation Exposition Track and Field meet here March 17-18 already has been assured, R. D. Evans, director of the carnival, said here today.

Early inquiries from schools representing more than 300 athletes have been received, and the field probably will go far beyond that number.

Chief competition in the university division will be Rice, Texas A. & M., the University of Texas and North Texas State Teachers college.

Full participation of Fort Worth, Dallas and San Antonio high schools; and many other high teams from over the state also has been indicated.

Competition will be in three divisions this year: university, high school and a newly-created victory division. The latter will include service men, industrial workers and athletes from minor colleges and preparatory schools.

Sooner Baseball Team To Play Tars

NORMAN, Okla., Feb. 5.—Eugene William W. Scherer, Oklahoma's new baseball coach, fears the navy's 16-hour rule most when the Sooners clash on the diamond this spring with Lt. Charles Gilbert's powerful Norman NATTC Skyjackets at only 2 miles south of the Sooner campus.

"How we gonna get 'em out in 48 hours?" moans Scherer.

The Skyjackets, one of the nation's top service clubs last year and claimed such professional stars as Johnny Rizzo of Brooklyn, Al Benton of Detroit and Johnny Bestwick of Indianapolis.

Scherer, popular athletic officer of the university's small 650-man naval V-12 unit here, was named Oklahoma baseball coach this week by Athletic Director Dale Arbuckle. Thus the Sooners keep unbroken a record of having had baseball the last 52 years despite three wars.

# Your Income Tax -- No. 2

By S. BURTON HEATH  
NRA Staff Correspondent

Before you even look at your income tax blank, you should collect certain material. It is confusing to step in the midst of some operation to search the house for missing data. If you are one of those rare persons who always knows where everything is, it still is confusing to interrupt preparation of the return while you compile lists.

The following things should be prepared in advance and kept beside you while you work. No reader of these articles will have all of the items mentioned. Check this list and gather the information that concerns you:

1. Your employer's statement of how much he paid you in 1943, and how much he deducted for Victory and Withholding taxes.
2. A list of every item of income that is considered by the government to be payment for personal services.
3. A figure showing the total amount of dividends you received during 1943 on corporate stock.
4. A figure showing the total amount of interest you received during 1943 on bank deposits, corporate bonds, notes, loans to individuals.
5. Figures showing the total value of your holding of each type of government bonds, and interest on each, group during 1943.
6. A figure showing how much you received from annuities.
7. A figure showing how much you received from rents or royalties during the year.
8. A figure showing how much you received from any trust fund during the year.
9. A list of all deductible contributions you made in 1943, showing the amount given each.
10. A list showing how much interest you paid last year to each person to whom you may have paid interest.
11. An itemized list of all deductible taxes, showing how much you paid last year for each.
12. An itemized list showing any net losses sustained last year from fire, storm, shipwreck, accident, theft or burglary.
13. The gross total spent on medical, hospital, dental and general health items.
14. An itemized list showing any other legal deductions.
15. Form 1125, which should have been enclosed with your tax forms.

**VICTORY AND PEACE**  
Will both be served best by buying more war bonds than ever before.

**SMITH'S STUDIO**  
122 W. Foster Phone 1510

## YOU HAVE THESE

In the accompanying article are listed items of income and deductible expense intended to cover all taxpayers of moderate income who are not in business or a profession.

It is very improbable that any single person has all of them. But here is a selected list of items that every person required to file a return does have:

1. Employer's statement (if you were employed).
2. Income for personal services.
3. Medical (perhaps not enough to deduct, but some).
4. Interest on government bonds.
5. Form 1125 (if you were liable to income tax last year).

If you doubt that you have any of these, read the following articles carefully. You probably will find that you were wrong.

This tells the amount of your 1942 income tax and how much you paid on account of income tax. Return it to the collector for correction right now, before preparing your return.

16. A record of the amounts you paid September 15 and December 15, if anything, when you filed Form 1040ES--your estimate of 1943 tax liabilities.

For your guidance in preparing these lists, in following articles I shall tell exactly what should go into each one.

### President Fished On River in Gambia

LONDON, Feb. 5.—(AP)—On one of his journeys to conferences in Africa President Roosevelt made a fishing trip up a river in Gambia, a British lieutenant revealed today.

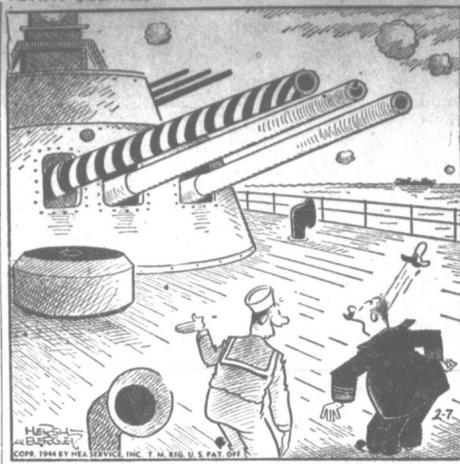

The excursion was made aboard a British rescue tug and the president's party included a group of admirals, generals and others who came aboard at Bathurst, Lt. A. Craig said.

The lieutenant disclosed that the president carried back a letter for him to Craig's wife at Bay City, Mich., where the lieutenant formerly was in training.

It was not revealed whether the fishing trip on Africa's west coast was made during the president's journey to Cairo or his earlier trip to Casablanca.

Civilians now will get slightly less than one pound of butter per month while men in the service will get almost one-half pound per week. If you prefer the latter, Uncle Sam will be glad to have you join the army.

## Solons Want Marshall To Stay Staff Chief

WASHINGTON, Feb. 5.—(AP)—Assurances that Gen. George C. Marshall will not be transferred from his position as army chief of staff will be demanded by the senate military affairs committee before it approves creation of the title, "General of the Armies" for Marshall and Army Air Force Commander Gen. H. H. Arnold.

Senators Truman (D-Mo.) and Gurney (R-S. D.) said the war department would be asked whether Marshall is to remain as staff chief before the committee acts on legislation introduced by Chairman Reynolds (D-N. C.) to elevate him and Arnold to a rank now held only by Gen. John J. Pershing, commander of the A. E. F. in the last war.

At the same time, Senator Wallgren (D-Wash.) said his first inclination was to oppose the legislation, designed to give Marshall and Arnold equal rank with their British counterparts on the combined chiefs of staff.

Wallgren said also that he, Truman and Senator Kilgore (D-W. Va.) would seek to amend a pending measure barring wartime promotions in permanent rank for army officers, because of war department op-

position expressed by Secretary Stimson.

Wallgren said he planned to offer amendments to the measure which would ban wartime permanent promotions only where officers had reached the rank of colonel or above.

## Connally, O'Daniel Back State Bill

WASHINGTON, Feb. 5.—(AP)—Senators Connally and O'Daniel of Texas yesterday cast votes supporting a motion by Senator Overton (D-La.) to lay aside the Green-Lucas federal war ballot bill and take up a house-approved states' rights measure.

The senate voting was by roll call and resulted in the defeat on a tie vote of Overton's motion.

## Buildin Move Building Move Pays Off Here

Long winded conferences held here in the spring of 1943 by officials of the Home Owners Loan corporation and Pampa building owners bore fruit today with the announcement that 139 housing units have been constructed or are under construction through the HOLC and FHA plans.

Of the 139, 39 are efficiency apartments in six buildings of which 22 apartments have been rented; 50 are houses that have been constructed, and the remaining 50 houses are under construction.

Nearly completed are the 11 apartments in the Wilson building, 300 S. Cuyler. Other buildings containing apartments constructed under the HOLC plan, with name, number of apartments, and approximate location are:

Atkinson, two, E. Francis; Wells, two, Wells street; Clayton, four, E. Foster; Clay 14, corner Francis and Ballard; White Deer Land Co. six, White Deer Land building, S. Cuyler.

Houses constructed are located on Magnolia, Duncan, Hughes, Pitts, and Garland; under construction, on LeFors, Garland, and Duncan streets.

Essential industry workers have been given priority as occupants of the new units.

There were a lot of "ifs and ands" before actual construction was started in some cases. The first 50 houses were started before the modernization of buildings into efficiency apartments was effected.

Construction of one of the apartment projects, for example, did not

## McLean Girls Sing For Kiwanis Club

Pampa Kiwanians at their regular weekly luncheon at noon Friday heard four songs by a McLean High school girls trio composed of Ruth Strandberg, Imogene Peabody, and Dorothy Clark.

The girls were in Pampa with the McLean band which Friday took part in the band clinic held here under the direction of Ray Robbins, band director of the local schools.

Sung were "Mairzy Doats," "Shoo, Shoo, Baby," "Put Your Arms Around Me, Honey," and "Blue Skies."

Pianist accompanist for the trio was Mrs. Carl Chaudoin, McLean music teacher and band director, and wife of the McLean superintendent.

The program, arranged by Harvey Waters, was held at the First Methodist church. Attendance was 52.

## Fascists Slay Plane Workers

BERN, Switzerland, Feb. 5.—(AP)—An Italian border dispatch said today that 100 Italian aviation workers were killed and more than 200 wounded yesterday when troops of Benito Mussolini's puppet Fascist regime fired on armed employees who had halted work at the Alfa Romeo airplane engine factories at Sempione, in Northern Italy.

The dispatch from Chiasso to the newspaper Libera Stampa at Lugano said the troops opened a withering fire on the workers.

Release of critical material, drafting of plans, preparing contracts, and the intricate routine of the FHA, WPB, and HOLC, were precluded to the actual start of the work.

## School Colors 'Copied' by New Auto Licenses

Pampa High school is represented in the colors of 1944 motor vehicle plates for automobiles, trucks, dealers and motorcycles. Only maverick in the bunch is the trailer tag that has gold letters on maroon.

By chance, the color scheme of the 1944 license tags turns out to be the colors of Pampa High school, the Harvester colors of green and gold, with gold lettering on a green background.

Before 1942, the state had the idea of honoring various Texas colleges in the color scheme of motor vehicle license plates, but the war cut down the size of the plates and no special salute to any college has been announced since that time.

A total of 8,645 plates have been received at the county tax office. Sale of the plates, or 2x4-inch tabs, as they really are, started Feb. 1.

Type of tabs, number, and number range, for Gray county:

Passenger, 8,300, CH-7690 to CH-8099; and CJ-10 to CJ-3099; truck, 1,200, MJ-2680 to MJ-3879; farm truck, 600, RE-5250 to RE-5949; trailer, 500, TC-7210 to TC-7709; dealer, 25, SA-1305 to SA-1329; motorcycle, 20, ZM-2255 to ZM-2274.

# USO Marks Third Anniversary At Open House Celebration Today

## Local Residents Are Invited To See Improvements

By SGT. ARTHUR ARLUCK  
USO doors are wide open today in celebration of the third anniversary of its existence. Everyone is invited to its open house from 3 p. m. to 10 p. m.

It is impossible to know just how many, since the number of clubs increases as USO grows, but millions of boys all over the nation and in the many other lands in which USO holds forth, have written letters, played games, attended parties and dances, and been recipients of the countless benefits the organization bestows. It is equally impossible to measure the effect on the morale of our armed forces which USO services have achieved. But without the use of a yardstick it can be said that the organization has helped tremendously in making the morale of the U. S. soldier, marine and sailor second to none in the world.

A year ago the Pampa USO was just an idea. Today our USO is complete in every respect. When the candles are lighted Sunday for the third birthday of the USO, many of the men and women will see the result of their efforts in this, "their home away from home."

Pampa's own USO is a typical example of the good work that organization can do. It started its existence on December 7, 1943, when Mrs. Julia Pagan, the first and present director, arrived in Pampa. The task of making the place what it is today was a tremendous one. There was nothing but a large, empty building. It demanded the ambition and drive that Mrs. Pagan brought with her, and needed the cooperation and help of the townspeople. It needed the patience and faith of the men of Pampa Field. All that was necessary was the same empty building is complete in every detail. It is well furnished and provides for practically every need of every service man who opens the door.

Practically every organization in Pampa has contributed with time, money, and the presence of its members. Church organizations, women's clubs, lodges, men's organizations and girls' societies comprise the list of generous benefactors.

Approximately 200 junior hostesses are enrolled on the USO list. They are organized into groups and each one is presided over by a captain. The groups take turns in planning parties and dances for the service men while the remainder of the junior hostesses attend the functions. There is a wonderful and necessary contribution in providing a wholesome fun for the men in uniform.

Mrs. Pagan's staff is complemented by Lillian Jacobs, the club secretary who has been with the USO for over a year, and Margaret McClintock, assistant director since last October, and a more recent addition is Mrs. Sandy, who is in charge of the Snack Bar, which is responsible for the pies and sandwiches to be had there.

Soldiers at Pampa Field, aside from attending, have contributed to enlightening and beautifying the USO. Lt. William Maher, who has been transferred, and Lt. Leon J. Zaecher, together with the enlisted men of the photographic section, presented the USO with the 18 large scenic photographs which decorate the wall of the lounge. The fireplace in the lounge was built and presented by men of the field.

Sgt. Frank Lang, now stationed at Tacoma, Wash., and Pvt. Milton Dubbins, now stationed at Mission, Texas, during their stay at Pampa painted and presented to the USO the large life-like mural of two cadets. This mural has been of particular interest to the cadets who visit the USO. Also on display is a mural done by Sgt. Arthur Arluck depicting Texas life. This has been of particular interest to all Texans. Many other enlisted men have willingly assisted whenever needed.

The work of a year is on display and can be seen today at the USO. Take advantage of the opportunity; it will prove educational as well as enjoyable.

In the photograph above is seen the interior of the local USO, including the waiting room and the snack bar. To the right is a mural painted and presented to the USO by Sgt. Frank Lang and Pvt. Milton Dubbins of PAAF during the time they were stationed here. Standing below the mural are Lorene McClintock, assistant director; Lillian Jacobs, secretary; and Julia Pagan, director. See next page for a third photograph.

### Geithing-Drum Wedding Double Ring Ceremony

Mrs. Pauleen Geithing and Francis A. Drum were married at 6 p. m. Thursday evening in the Methodist church with the Rev. E. B. Bowen officiating with the double ring ceremony.

There will be no evening service.

### Prop Wash

By HELEN McLAUGHLIN  
"There is no substitute for common sense and good judgment," was the advice given by Mrs. W. A. Poe, wife of Colonel Poe in her talk at the C.W.C. meeting Tuesday. Mrs. Poe rendered many helpful ideas and related experiences which she has had during her years as the wife of an Army man. The girls thoroughly enjoyed hearing the information as it won't be long until we are all called upon to entertain in the category of an officer's wife.

Major Friedrichs, told the girls he is very willing to co-operate with them in their problems and glad to help at all times. He also told about leaves, transportation, and other news pertaining to graduation. He held an informal discussion and answered various questions which the girls had.

Mrs. Dorothy Taylor, president, presided at her last meeting. We are sorry to see Dorothy go but know Barbara Higgins will "take over" and continue to make the meeting as interesting and helpful as in the past.

A committee of five girls was appointed to assist the wives of the members of the new class in finding rooms. They will have certain hours at which they will be at the USO.

The wives in 44-B were guests at a Coffee held Thursday morning by 4-C at the home of Mrs. P. S. Labor, with Mrs. H. E. "Doc" Schwartz assisting. Marzelle Schuler, Barbara Higgins, Ruth Heitzler, Christine Meeck, and Ruth Kublack served the rolls and coffee. During the morning pictures were taken for the C.W.C. Album. Many wishes for good luck were extended to the outgoing class.

Between times of entertaining their husbands some of the girls in 44-B found time to have a no-host luncheon at the Sixes, which was followed by a bridge game at the home of Ethel Davis.

Two days before she was to take over her new duties at the USO, Mrs. Lucille Fisher mended her finery.

### Central Baptist W. M. U. Circles Meet in Homes

W. M. U. circles of the Central Baptist church met last Monday afternoon in homes for a variety of programs.

The Anna Sallee circle met in the home of Mrs. H. S. Lawrence with Mrs. E. R. Gower presiding. Mrs. C. E. McMinn opened the meeting with a prayer, and Mrs. McMinn taught a chapter from the book, "So This is Africa." Mrs. J. J. Broome closed the meeting with a prayer. Those present were: Mmes. John Phillips, C. H. Brickey, Ben Martin, Bill Abernathy and J. R. Hill. This makes a total of 53 members.

Mrs. Orlv Horton and Mrs. Clyde Chisum had charge of 20 Sunbeams.

Those attending were: Mmes. E. B. Morton, Jim Thurmond, R. C. Mason, Marvin Stone, John Phillips, W. B. Barton, Rex Gray, E. Riggs, Ben Martin, E. H. Sloan, R. G. Head, John Litton, Olin Buxton, Paul Rice, Bill Abernathy, W. H. Lavoock, A. B. Willingham, E. C. Shirley, J. W. Markee and the honoree, Mrs. E. P. Welsley.

Those present were: Mmes. George Adams, T. A. Mastin, H. Hansard, Tom Price, L. C. Martin, G. C. Blalock, A. R. Errington, Kenneth Lorenz and Mrs. S. C. Jones.

The next W. M. S. meeting will be on Thursday, Feb. 10, in the community hall for Red Cross work with Mrs. J. L. Markee and committee as directors.

### Miss Era Lewellen Announcement Party Is Given Recently

An announcement party was given recently honoring Miss Era Lewellen who was married Tuesday to Pvt. Walter Thompson in the home of Mrs. Herbert Moore with Mrs. Wayne Cobb, co-hostess.

Dinner was served on card tables, which were decorated with the Valentine motif. At each plate was a read heart with "Era and Walter, Feb. 1" written in white.

Guests present were: Kathleen Paxton, Evelyn Moorehead, Mary Brewer, Ruth Keeton, Vivian Earson, the honoree, Miss Lewellen, and the hostesses.

Miss Lewellen was presented with a bride's book.

### V Notes RED CROSS VOLUNTEERS

By MRS. H. H. HAHN

That letter you looked for from your husband or son—it did not come yesterday or today? Families of servicemen who have been receiving weekly letters from their men stationed in this country are often perplexed and worried when, after the men are sent overseas, a letter fails to arrive after a period of several weeks. The Red Cross will, of course, make an inquiry if the family requests it. It should be remembered, however, that delays are inevitable. After a man reaches his overseas station it may be impossible for him to write at once, because of the tremendous activity in which he may be involved. He may even be moved from one station to another so rapidly that there simply is not time to write. Then, at long last, when he has mailed the letter, considerable time may be required for the letter to reach the destination. Frequently three months may elapse before the family receives it. So, if you did not hear from him today, perhaps you

A large group of enthusiastic workers met in Canadian this week to organize surgical dressings classes. Mrs. C. P. Buckler, Pampa chairman of surgical dressings, accompanied by Mrs. R. L. Rappert, area supervisor of surgical dressings, and Mesdames L. R. Miller, Clyde Fatheree, and James McClint, met with the group to assist in getting the program started. The classes will meet for three-hour sessions twice a day for two days each week.

Mrs. Buckler states that surgical dressings workers may buy uniforms in local stores for about \$2; which is more economical than buying the material and buttons, pattern and thread, and making the garment. She emphasizes, however, that it is not necessary to wear a uniform. Any kind of wash dress is suitable, but the white head covering is required.

For the information of those who wish to write letters to prisoners of war, home service workers give us this list of reminders:

Prisoners of war in Germany—in the upper left hand corner of the envelope write "Prisoner of war"; in the upper right hand corner write "Postage free." In writing the address, give full name, rank and the complete address as it has been sent to the provost marshal's office. On the back of the envelope, write the complete name and address of the writer. The letter may contain only personal and family matter. The letter may consist of as much as two pages typewritten matter. Remember that the easier you make it for the censors to read and translate,

the sooner it reaches the addressee. Prisoners of war in the hands of the Japanese—rules are substantially the same with these two exceptions: 1. Not more than 25 words may be included in the body of the letter. 2. Letter must be typed all in capital letters.

The old adage, "Charity begins at home," has been amplified to "Charity, starting at home, now reaches around the world." The citizens of the Pampa community who have contributed money to the Red Cross will be cheered to know that their help is bringing comfort to a human being in some distant place. Supplies shipped from the Pampa chapter are a part of chapter produced and donated articles with an estimated value of \$19,000,000 which were sent abroad last year by the American Red Cross. Medical, hospital and surgical supplies, clothing and other relief items have been distributed to war victims in 30 nations, some 35,000,000 people all over the world, from China to Holland.

Defend the home front—take Red Cross Home Nursing!

Mrs. W. R. Campbell, home nursing chairman, announces free classes in home nursing will be given in Pampa, beginning March 9. These courses are not solely of interest to housewives, but to fathers, office workers, teachers and many others. There are no prerequisites for the instruction. Anyone who wants it may take the course. Do you know how to recognize the symptoms of illness? Can you make a patient comfortable? Can you advise an expectant mother on preparations for the arrival of the baby? What would you do in the event of a home emergency? These and many other questions are answered in home nursing courses. Registered nurses, authorized by the Red Cross, act as instructors. Classes are limited in size, thereby assuring individual instruction. Enroll for a class by calling Mrs. Campbell at 2370. You will be notified as to time and place a class opening is available. Although you may have taken such a course previously, there is much to learn in completing a refresher course. New techniques and recent developments are to be included.

Representatives of 22 Red Cross chapters in 18 counties attended the regional Red Cross war fund conference held in Amarillo Friday. Principal speaker was Helmer E. Wolkow of St. Louis, assistant regional director of the American Red Cross. Those attending from Pampa were Joe E. Key, chapter chairman; Joe Wells, war fund chairman; and Mrs. Jessie E. White, executive secretary.

Brady seems to be having bad luck all the way around this week. Virginia "Ginny" Young is ill in the Pampa hospital. Sorry to hear about it "Ginny" and we all hope you will be out and able to enjoy this glorious sunshine very soon.

There still is a lot more room for anyone willing to assist at the Red Cross bandage room in the City Hall every Wednesday at 2:30. Winfield still insists they have the best percentage. By the way how about recruiting some of the new class? During recess Wednesday the girls "prased" while traps were taken while in "uniform."

While browsing around I heard Mrs. Helen Schuler is expecting her husband's parents, Mr. and Mrs. J. W. Schindler of Berne, Indiana to be her guests at graduation. Mr. and Mrs. Schindler will stay at the Schindler hotel. Dorothy Taylor's father-in-law of Harrisburg, Pennsylvania is in Pampa for graduation. Also from out of town Mary Estelle Sayles of Brady visited Aviation Cadet James K. Fogelman and Miss Mildred Samson. Brady visited Aviation Cadet Fred Coe. All the 44-B's counting on their fingers the number of days until the long-awaited date, February 8th will finally arrive. They state they are all ready to leave the minute their husband's clearance is received. One girl is either too excited or was too interested in the conversation with her husband. It seems she started to wash one pair of anklets, a small item which she had bought. After returning from the lengthy repast she found the floor was flooded and with nothing more than a small saucer with which to scoop the water she spent the rest of the night and some of the wee hours at her task. So long and "happy landings" too all of you whose husbands are graduating.

## Here's How To Chase Blackheads

By ALICIA HART  
NEA Staff Writer

If blackheads lurk in your skin, chase them out. Where dirt-and-oil-plugged pores resist ordinary methods of cleansing, try a more specialized method of attack.

One used successfully by a famous Fifth Avenue salon calls for a cleansing cream and a shaker of friction granules, which is a pebbly powder that you make into a paste.

To make this treatment your own, cleanse your face with cream. Then mix a paste by using a handful of grains and a few drops of water, and spread this over blackhead areas. For best results, lie down with your head lower than your feet—your head can dangle over the edge of a bed. If you like—to bring the blood rushing to the skin's surface. Now rub the paste in and around plugged-up pores.

When you think your skin has had enough, wash the paste off with a whooosh of lather and warm water. Repeat the treatment until your skin is clear. If you'll be faithful to your routine, you'll get the last malingeringer out. What's more, distended pores, freed of their burden, will shrink and you'll have a finer textured skin.

"Progressing With Pampa"

### USO Muses

By Sgt. Arthur Arluck

Seventeen days after the USO was incorporated the first club was opened in Anniston, Alabama. . . . The organization was so young then that this first club was opened on borrowed money. . . . Today, three years later, there are 3,000 USO clubs in existence wherever possible, in this country and other lands. . . . And the later figure does not include the number of theatrical and musical units sponsored by the USO which follow our armed forces all over the world under the banner of USO Camp Shows. . . . Today is open house at our USO. . . . All are welcome and particularly those who have sons or hus-

bands in the service. . . . It's a grand chance to see how USO functions and what your son or husband finds at his club. . . . Thursday's turkey dinner and formal dance were the GI's share in the third anniversary celebration. . . . Quite a share, too! Mrs. Lottie Ochiltree and her Women's Service Club gave us the turkey dinner, for which we give much thanks. If you had a trunk of that turkey, you're still licking your lips, we'll wager. . . . That's to be expected as the turkey and all the trimmings were prepared in the kitchens of Pampa Women's Service Club members. . . . We're not familiar with the names, ladies, but we want you to know even in anonymity it was a swell treat. . . . Taken (or swiped) from the files of USO correspondence. . . . My Dear Mrs. Fagan, the Vipers. If your memory is able to recall the session we held in your office the other night I'm sure you'll remember that the topic of conversation changed a dozen times or more. At one of these changes the topic happened to be "wings." The day has in some shape or form presented itself is now—this very minute—today—and it happens to

be your day off; get it, you are absent, not here, on the loose, AWOL, not here anyhow. Circumstances demand that I keep out of town till payday at least so I take this means of informing you that I'll not be around for a while to hand, or hang, the wings on you. So what, you ask again? So hereto they are hereby attached, and you can hang them on your royal vipersness yourself. See you at the show Friday night at the field? Good deal, Lucille, thanks and good nite, and don't growl at me again. Yours for all or nothing at all (so far it's been nothing at all). Hasta La Vista "Luigi" Ferrara.

As a vanquished eagle of the royal order, (washout to you) I'm pleased to turn over to you these wings (could be singular but if you look carefully you will notice there are two wings, really.) And the silver propeller goes with them all free (that in itself is better than nothing at all, huh?) Mrs. Fagan proudly wears the wings of Opl. Ferrara and the letter is one of her more valuable

## Two Clever Comedies This Week At LaNora

**CAVE MAN TACTICS TRIUMPH** in Paramount's hilarious romance, "No Time for Love," which comes today to the LaNora theater with **CLAUDETTE COLBERT** and **FRED MACMURRAY** in the starring roles. Claudette is seen as an arty magazine photographer, MacMurray as a he-man tunnel digger. They meet when Claudette is assigned to take pictures of men at work on a tunnel project. Ilka Chase, Richard Hayden, Paul McGrath and June Havoc are also in the cast, contributing to the general hilarity.

Both films showing at the LaNora theater this week, "No Time for Love," opening a four-day run today, and "Heaven Can Wait," showing Thursday, Friday, and Saturday, can be described in twin adjectives of saucy and sparkling, even though the periods covered are different. Ernest Lubitsch gives that old maestro's touch to "Heaven Can Wait," a frolicking comedy, in Technicolor, about the gay 90s. Don Ameche and Gene Tierney top the cast. Don in the role of a scion of a staid Gotham family, Gene as the heart interest.

Such a project is certainly worth while. Take a look at Private and Mrs. Smith, for instance. He has a few days leave, not long enough to come home, but long enough for the couple to meet in a city which is a half-way point for both. Mrs. Smith has to bring Junior, aged two, because his father hasn't seen him since he was a baby, and because there is nobody at home to leave him with. Well, the family is happy in being united, but the soldier and his wife would like to do a little sight-seeing and shopping unencumbered by a two-year-old.

Your organization, if it decides to have a "Park Junior" project, gives that young couple a chance for a few hours of carefree fun—hours they can both remember after he goes back to camp and she goes back home. We try hard to see that the young, single service men have fun. Yet it is even more important that young couples whose marriages have been interrupted by the war manage to have some good times together when they do meet for a few days.

### Eight Killed In English Explosion

LONDON, Feb. 5.—(P)—Police announced today that eight persons were killed and 60 injured in an explosion of an ammunition dump near a Northern England railway yard yesterday.

Cause of the blast, which wrecked the station and scattered debris for miles was not determined but it was reported that service men were shifting the ammunition just before the explosion.

## Electricity Came To My Rescue Twice . . .

I'm working at two jobs . . . in a war plant, and keeping house. And electricity makes this possible. Without electricity I could not do the heavy work I'm doing in the plant. Without electricity I could not have taken the war job in the first place, because it does so many of the hard jobs at home that would otherwise take all my time. So electricity came to my rescue twice that I might help in Uncle Sam's war program. Our war production program could not be meeting it's schedule if it were not for the abundance of electricity in this country for all the needs of all the people.

# LITTLE HARVESTER

## Rotary Club To Sponsor Upper Classmen vs. Lower Classmen Speakers

Pampa High school is fortunate enough to have the Rotary Institute speakers this year, as they had had so often in the past. The two speakers for the month of February are Lt. Col. E. F. Lascelles from London, England, February 10, and Wayne Hanson from Oak Park, Illinois, February 17.

Lt. Col. Lascelles is a retired army officer, born and educated in New Zealand. He saw service in the Boer War and was aide-camp to Lord Kitchener at the coronation of King George V. During the first World War he saw service in the eastern Mediterranean, and in 1918 he was appointed to the General Staff at the War Office as vice-chairman of the Imperial Education Committee. In 1919 he was appointed to the General Staff, Army Headquarters, India, for the purpose of assisting in the application of the educational policy in the Army in India. For two years before retirement in 1930, he has been actively engaged as a volunteer worker in the war savings campaign and other home front activities. Lt. Col. Lascelles will speak to the entire student body in assembly, which will be held Thursday morning, February 10.

Lt. Col. Lascelles and Wayne Hanson will speak on their respective nights, February 10 and 17, before the public in the Junior High school auditorium.

## Upper Classmen vs. Lower Classmen

"Juniors and seniors, sophomores and freshmen will see 'hot' competition when the second school bond drive of the year will be held Tuesday morning during assembly," Frank Prieau, chairman of the Defense Committee, said Thursday.

The freshman and sophomore classes will challenge the senior and junior classes. Presidents of the two losing classes will eat beans with

their knives during the first lunch period Tuesday and will wear short trousers and no shoes. Presidents of the losing classes will also cart in wheelbarrows.

The bond drive will aid in putting over the Fourth War Loan Drive for Gray County, and the money will go toward the purchase of a Mustang pursuit plane. Instead of buying a jeep, as was the custom last year, the entire Pampa school system is purchasing the plane which will cost \$75,000. High school will be responsible for \$20,000 of the sum. Beginning January 1, the drive will end with the completion of the Spring Session.

Under a new plan, just agreed to by the Army Air Forces, and open to schools and colleges only, both the name and address of Pampa High school will appear on the plane financed by the school.

Only "E" Bonds are to count, and will be counted at issue price, not at maturity value. Students buying bonds elsewhere and wishing to count them on the drive, may secure form from the office to be signed by the issuing agency.

## Amateur Hour To Be February 23

An amateur program sponsored by the Student Council will be held Wednesday morning, February 23. Admission for the assembly will be 10 cents, and the money will go toward the service boys' Honor Roll which is now being made.

The board on which the roll will be placed on the front campus facing Harvester avenue. It will be approximately twenty feet long and between four and six feet high. Names of boys who attended high school not more than five years ago and who are now serving in the armed services will be placed in alphabetical order on the roll. The names will be printed on sixteen-inch slats in black and can be moved around when necessary.

"When completed, the Honor Roll will be placed on the front campus facing Harvester avenue," said Frank Prieau, chairman of the defense committee. The list of boys acquired last year and the first of this year is posted on the front bulletin board, and you are urged to add any additional names and make any necessary corrections, concluded Frank.

## SPORT SHOTS

It took more than a full game for Amarillo's tall, lanky basketballers to beat the Harvesters. In the overtime period the Sandies won by a three-point lead over the Green and Gold, 22 to 19.

The boys from Amarillo who have run up high scores all year were held down to only 22 points while the Pampa lads grabbed off 19 for themselves.

In the closing minutes of the game the Amarilloers led by four points and there they tried to stall out the fast moving Harvesters, directed by Billy Cline, tied it up. Cline led his teammates with five points while Wiggins and Kelly of the Sandies took the honors for the night with nine and seven points respectively.

The Green and Gold used a fast break on offense and a domino line on defense. At the closing minutes of the game they shifted into a two up three back defense.

The next conference game will be with Berger, here.

## Football Banquet Held Tuesday Night

The green and gold held their annual football banquet last Tuesday night at 7:30 in the high school cafeteria.

W. B. Weathered, who served as toastmaster, opened the banquet by introducing Coach Ols Coffey who in turn gave the invocation.

After eating, a program was presented which included a song by Barbara, Dorothy and Sue Johnson. The song was the Hawaiian War Chant. The next event was small but pretty Johnson singing "Ginny". They were accompanied by John Robert Lane who later gave three more selections. They were "My Heart Tells Me," "So Long Sammie," and "Don't Get Around Much Anymore."

Next came the big event of the evening which was a thrill for the boys but spoiled the evening for Assistant Coach C. O. Criswell. It was a motion picture of a game between Tusa University and Arkansas U. The Hurriaone won from Arkansas 60 to 0. The reason for Coach Criswell's bad evening was because they had revealed everything. He had built up a big influence for his former college. You see, Coach is from Arkansas.

Tin was known among the ancients as the "devil of the metals."

## NOTICE!

Student Council will sponsor a social the 29th of February in the high school cafeteria. Further details will appear in the Little Harvester next week concerning the social.

## THIS IS WAR!

This is war. Yes, you've heard that before, but did you ever think that this is your war. Many of your friends and brothers who finished high school at mid-term are marching to camp, marching up gang planks, and marching to induction centers. You, the younger generation, have your part to play in this great battle. All your plans, careers, and personal dreams must wait. Your role is less heroic but by no means less important. Tomorrow calls for straight thinking and that's where you come in. You're here to learn, to learn for tomorrow. No more yawning through 9 o'clock classes—no more side-stepping—no more goldbricking. This is everybody's war so let's help win it and then the next generation can live in a world of peace.—M. S.

## Boyles is February Junior Rotarian

Charles Boyles was selected February Junior Rotarian at the student council meeting Tuesday, according to Helen Alexander, council president. In this capacity Charlie will meet with the Rotary club each Wednesday during this month.

Charles is the senior class president. He has achieved many athletic honors, making the all state, all Southern and all district teams. He was co-captain along with John Aul McKinley of the Harvester football team. Charlie has held many offices in his classes, being senior class president, junior class president, and sophomore class vice-president.

Charlie loves fried chicken and black-haired girls. He likes Crosby's singing and Kny Kyser's orchestra. "Star Dust" is his favorite song. He can't decide between Lana Turner and Sonja Henie as to his screen idol. Riding steers, cows and horses, swimming, hunting and fishing are Charlie's hobbies. This is understandable when you realize that he is six feet tall and weighs 200 pounds. Charlie is a true bruiser although he was a blonde part of last semester.

## Alexander, Wheatley Continue As Editors Of Little Harvester

"Helen Alexander and Janice Wheatley were re-elected as co-editors of the Little Harvester for the next semester," said Mrs. R. W. Hirsch, faculty advisor, Wednesday.

The co-editors were re-elected at the regular staff meeting Wednesday afternoon at 3:30 o'clock.

Being the typical high school student Helen wears sweaters and skirts most of the time. She wears her hair with a side part and loves the color blue. She also likes T-bone steaks and tall, dark men. Helen's hobby is dancing and she also makes very good grades, her average being 93.

Janice Wheatley is also another typical student. She wears sweaters most of the time and wears her hair in the traditional pompadour. Her friends call her "Jan" and she wears a favorite "r" in brown as she wears it quite often.

Her favorite food is strawberry shortcake and she likes blond men. (Price is a blond) Janice's hobby is writing short stories, mostly detective stories, and she is also quite inventive, and she has a scholastic average of 90.

If someone could just educate their families that they (neuro-psychiatric soldiers) are no different from the business man who has a severe nervous breakdown in peacetime, it would take off that stigma, that wrong label of being mental cases—Army nurse Lieut. Helen M. Fleming.

## Pampa Hi Holds Band Clinic Fri.

The ten best musicians from eight school bands of the Panhandle composed the band of the band clinic held at Pampa High Friday. Mr. Jerry Newman of West Texas State College at Canyon was the clinic director.

The band practiced from 10 a. m. to 12 a. m. in the high school auditorium and from 1 p. m. to 3 p. m. in the Junior high auditorium. The clinic band broadcasted over KPDM at 3:15 p. m. The Pampa Army Air Field band played for the students and directors at the clinic.

The clinic band presented a concert in the Junior High school auditorium Friday night at 8 p. m. with the first part of program being presented by the Junior High clinic band. Directors at the clinic were: Mr. Don Hayes, Perryton; Mr. Harold Barnett, Shamrock; Mr. J. M. Edwards, Spearman; Mrs. Carl Chaudoin, McLean; Mr. E. D. Chrifles, Phillips; Mr. Elton Beene, White Deer; Mr. Winston Savage, Pampa; and Mr. Ray Robbins, Pampa.

## Senior Who's Who

Toledo, Ohio, Nov. 4, 1926, is the birthplace and date of George Frank Prieau, Jr. Frank's ambition is to become an engineer. He has been active on the Little Harvester staff, the basketball team, H-Y, National Honor society, and the Quill and Scroll. Frank is majoring in English, science and math. He has attended schools in Toledo, Ohio, Santa Maria, Calif., and the University of Texas in the college he plans to attend. His hobbies are bowling, golf, or just anything, as he puts it.

Mildred Evelyn Fulkerson was born Sept. 4, 1925, at Norman, Okla. Her ambition is to become a stenographer or bookkeeper. Mildred has been active in the Glee club and the Future Homemakers of Texas. She is 18 years of age and is majoring in English, home economics and math. She has attended schools in Norman, Okla., and Pampa. Mildred's hobbies are reading, skating and collecting dolls from different states. (What, a dog-catcher in our midst?)

To become a light promoter is the ambition of Billy Melvin Gambin who was born at Duncan, Okla., Feb. 28, 1926. Billy is 17 years old and his activities have been boxing and basketball. His hobbies and interests are history, English, math, and science. He has attended schools in Pampa and he plans to attend the University of Texas after he is graduated from high school. Since his ambition is to become a light promoter, naturally his hobby is boxing.

## Bring Your Snapshots Begg Annual Sponsor

Your 1944 Harvester is now ready to start its snapshot section! Miss Warren, the sponsor of the annual, is urgently urging the students to begin turning in the snapshots that they have for the annual immediately as the time for sending in the snapshot section is not far around the corner.

The second section of the book was sent off this last week in three more weeks the third section will be due. In the terms of the contract it was specified that the book be sent in to the company in Austin in four installments.

Mounting pictures and completing the art work has comprised the major part of the work of the annual. The staff is now ready to collect the second installment in payment of the annual. The total price of the annual is \$2.50. The students were allowed to pay \$1.50 down and their second payment was due on or before February 20, 1944.

There will be a desk placed in the front hall during the day and students are asked to pay this second payment as soon as possible in order that the staff may clear up their records sooner and get on with the actual work in producing the annual.

## Sagebrush

Oh, heart, oh, me I love he she ain't me. So! he and me ain't we see? The opening verse seems to be Sheeley's current favorite. . . . Everyone has about settled back down to say normal? . . . Well, I don't know say normal? . . . Well, I don't know whether Mac and Charlie always limp down the hall with a "polio" accent but that's what they were doing after their finals. . . . It used to be "Wine, women and jazz," now it's "Gin, James and jazz."

Miss Brannon's favorite saying lately has been, "Oh, you must have had razor soap today, you're so sharp." Flora Alexander is giving out this appeal to anyone in the third hour biology class: she wants to change classes with someone in this third hour. If interested see Flora.

Foyce Pratt changed her history class for the second period. This couldn't have been because Leland Tate is in there, or could it? Speaking of Leland, it seems that there are several girls who would like to "hook" him. . . . A new student, Evelyn Sanford, seems to be causing no little interest to Jack Hoss and Carl. . . . Mr. Austin had to ask Carroll to give his attention to her instead of the attractive newcomer. . . . Barbara Johnson's latest love affair is with Don Humphreys. Did you hear about the Harvester who lay down on his ration book and got stuck on a point? . . .

First Moron: I think we're lost here in the woods.  
Second Moron: I wish Emily post were here.  
First Moron: Why?  
Second Moron: I think we took the wrong fork.

The Nit (Wit) Parade:  
Latest Wolf Talk—Any Blondes Today?  
Pig Pen—Cabin in the Sky.  
Duo on Tire Shortage—Comin' in on a Rim and a Spare.  
Fisherman to His Girl—Bait for Me Mary.

Get Homework—Sunday, Monday or Even.  
Ode to a Funeral—I Heard You Died Last Night.  
Remark to Midget—You'll Never Grow.  
Ghost's Jam Session—Swingin' the Boss.  
English Literature—Paper Dull.

I think and several others agree with me, that a new name for Mr. Steele would be "Bogey." The reason for this is the fact that he is "packin'" a "gat" (gun) to you Miss Brannon. When anything happens that "Bogey" doesn't like or approve of out comes the little gun. (Of course, it isn't real, but it's a good imitation). Also it was discovered that he has been taking candy away from Linda. I guess it was hers that fell out of his pocket. . . .

A sixsome which seems to have had a great deal of fun, Wednesday night was John Paul McKinney and Mary Helen Ward, Helen Crowley and Leon Holmes and Glendene Farmer and Ernest Lane. When Mary was eight, Johnny loved painted dolls. Now, at eighteen, Mary loves soldiers and Johnny is crazy about painted dolls. . . . Louis Allen and Don Humphreys had a fight on Saturday night. I wonder if Barbara Johnson had anything to do with it. . . . Betty Lee Berry of home is visiting in the halls Thursday. . . . Larry Fuller seems to have it pretty bad. The girl in this case is Doris Harris. Nothing too interesting ever happens in Pampa High, but what you hear makes up for it. . . . If you like a good argument, you should sit in on Little Harvester staff meeting. The argument got very heated Thursday when Democrats and Republicans were discussed. Of course, what came out of it won't affect the national situation a bit.

## Mixed Choir to Sing At Parochial School

"The A Capella Choir will present its first program of the second semester when it sings a number of songs at the Parochial School Parent-Teacher Association on Wednesday night, Feb. 8," announced Miss LaNelle Schiechagen, director. It is the first performance under Miss Schiechagen's direction.

Three new members have been added to the choir for the new semester. They are two seniors, Don Griffin and Russell West, and one bass, Charlie Boyles.

A number of new songs are being prepared by this group including some which will be used in the spring concert. This concert is an annual affair with all the schools participating.
