Common Ground

By E. C. HOILES. I speak the peace-word, I give the sign of democracy. By God I will accept nothing which will not have its counterpart of peace.

Harmonizing State Education With Christianity. In a recent issue I attempted to show that the members of the boards of education...

That "Next War" An American correspondent in Spain, quoting an unnamed "well informed traveler from France"...

It is entirely possible that, left to the German tradition, military leadership of the present war would have turned out quite differently.

But the professional army officers of Germany overlook one vital matter. None of them, not even the generals...

But It Was Offered The original Civilian Employment Compensation bill as presented in the senate provided three full years of post-war compensation for any one who had been employed for as much as three months during the war...

What is stealing but using force or threats of force, or trickery, or deceit, to take from a man the fruits of his labor against his will? When did Jesus give any man or group of men the authority to use force...

The Nation's Press

HIS RECORD (Fort Wayne News Sentinel) On October 5, 1937, the allegedly first-sighted, alleged "indispensable" Franklin D. Roosevelt went out to Chicago to dedicate a bridge...

DETONATION, Aug. 18—The helmet of a "good" Jap from New Guinea and a pair of shoes from Iran were added to the State Historical Collection on the North Texas State campus this week.

"Mebbe It Was a Bum Idea After All, Chum!"

News Behind The News

The National Whirligig

TRAP—In the excitement of good news, one should guard against jumping at conclusions based on insufficient facts. Gossip, propaganda and loose-tongued officials scatter reports that often fail to hold water after investigation.

How can you claim humility of meekness for the members of the board of education when they are a party to the use of force to compel others to pay for their educational ideas? Jesus said, "Blessed are the meek, for they shall inherit the earth..."

How do you harmonize the admonition of Jesus, "As ye would that men should do to you, do ye also to them likewise," with the State's policy of compelling people to support his ideas of education? Would you want to be compelled to support collectivism if you believed in individualism?

How do you harmonize Jesus' advice to His disciples, "And whoever shall not receive you, nor hear your words, when ye depart out of that house or city, shake off the dust of your feet..."

Peter Edson's Column:

GEORGE BILL SEEMS TO BE HOT ISSUE

By PETER EDSON Correspondent Pampa News Washington. Any lack of a new, red-hot domestic issue to fight over in the present election campaign has not been taken care of by Senate passage of the George Bill on reconversion policy.

Around Hollywood

By ERSKINE JOHNSON NEA Staff Correspondent. Exclusively Yours: The boys overseas may be seeing new movies but according to a G. I. letter we received today from Italy, the news reels on the foxhole circuit are months behind.

How about starting a crusade for getting news reels overseas so we see what goes on in the world? We see a news reel about every two months and then it is but old. For example, the other night we saw one that showed the Teheran conference and ended with Christmas greetings to the armed forces.

Richard Arlen will be starred in a super-western at Republic, "Big Bonanza." George Archibald will direct. Key Francis took that last hospital tour against doctors' orders. She has a fractured rib, suffered in a fall.

AS SEEN FROM THE NEWSROOM

J. L. SWINDLE. Probably no diplomatic conference since that at Versailles following the last war has been so important as that promises to be which began today at Dumbarton Oaks, Georgetown.

There is a great deal of difference, however, in what this conference promises to be as distinguished from that held at Versailles. That last great conference was held after the war was over and in a different atmosphere from that, in which the war had been fought.

It will, indeed, be interesting to see what goes on there within the next several weeks. We may see a great deal of history made, but, of course, it is not expected that there will be born the machinery for eternal world peace, even though we should hope for such end.

So They Say

I am not sure or convinced that it will be necessary but I do believe it is not expected that there will be necessary to insure a winning peace—Adm. Chester W. Nimitz.

HERE ARE SOME UNPUBLICIZED ANGLES

But as mentioned above, this is only one phase of controversy in the reconversion act. War agencies will be studying this legislation for days to find what it means for their future. Here are some of the high lights not given much detailed attention.

War Today

By DEWITT MACKENZIE Associated Press War Analyst. The German disaster in western Europe has intensified over the week-end, both in the Paris theater and in southern France.

One of the most notable developments is the establishment of a front in the Seine at Mantes, 25 miles northwest of Paris. This was achieved while other American units continued their sweep round the south of Paris, thus threatening to flank the nerve center of France.

Since all the bridges have been destroyed by the Allied air forces, the only means the Nazis have of escaping is by barges—and our bombers are circling the sky ready to pounce on them. Last night German troops tried to cross the Seine at several points between Elbeuf—near Rouen—and their own line of cover of darkness, but Royal air force planes got at them.

Jack Haley, entertaining soldiers overseas, has written a song, "The Army Can't Issue Love." Milton Berle, next-F, will portray a 4-F in his new comedy at Fox. Producer Runt Stromberg has handed Reigh Bellamy a new long term contract for his work in "Guest in the House."

It's Tom Kelley's story about the producer who told a friend: "My wife threatens to leave me if I don't quit running around." "Too bad," said the friend. "Yes," said the producer. "I'm going to miss her."

Remember? It was only a few years ago that Charley Chaplin set a new fashion by appearing at a formal dinner parties wearing a black satin Japanese kimono. HEAVY DUTY HEARTIN' Jack Carson was watching a film when draw herself a new mouth after a heavy love scene. Sighed Jack: "In these love yarns it's just a case of kiss and make-up."

Have you heard of the maiden lady who confounded the impatient lawyer that dared to cross-examine her in an ungentlemanly manner? The first question he shot at the witness was: "Maiden Lady—How old are you?" Maiden Lady (promptly)—I don't know.

The absent-minded professor stopped in to see his doctor. The doctor felt his pulse, and said: "Professor—That's all right, let me see your tongue." The professor complied.

"IN MEMORIAM"
In loving memory of my darling son, Doyle
De Vaughn Parker, who was killed four
months ago today, Aug. 21, 1941.
They say time heals a broken heart,
But to me, it means no untrue;
For four long months my heart has ached,
Dear Doyle, my darling, my sweet,
When I think of you, my darling,
And the happy days gone by,
How my heart seems with sadness,
And tears steal into my eyes,
You had such a sweet smile for every one,
And a heart as pure as gold,
To those who knew and loved you, Doyle,
Your memory will never grow old,
Your smiling face, your pleasant way,
Are a pleasure to recall;
You had a kind word for everyone,
And died, beloved by all,
It is so long since I saw you, Doyle,
And I miss you more each day,
Since you were called away,
I miss you more and more each day,
My memory for you is just as fresh,
As the day you went away,
Some day, Doyle, I will meet you,
Some day, I don't know when,
Never to part again,
God alone knows how much I miss you,
Never shall that memory fade,
My thoughts will always wander,
To the blue Pacific waters where you
were laid,
Your loving mother, Mrs. Gene Tucker.

Cellar Team Beats Browns 4-2 And 12-1

By JOE REICHLER
Associated Press Sports Writer

Visions of an All-St. Louis World's Series for the first time in the major league may be just that—a vision.

The pennant-hungry Browns of St. Louis watched the first place lead dwindle to a mere three and a half games over the Boston Red Sox as they bowed twice yesterday to the cellar-dwelling Washington Senators 4-2 and 12-1 to suffer their fourth straight defeat, their longest losing streak of the year.

Only a week ago the Browns enjoyed a six and a half game lead. But then followed a rapid decline in which the St. Louisians lost eight of their next 12 games. Their present lead is their shortest since July 29.

Dutch Leonard had little trouble defeating the Browns in the opener, limiting them to four hits. The Senators pounded three Brownie hurriers for 17 hits to win the nightcap.

Early Wynn, pitching his last game for Washington before entering the navy, was the winner, his eighth victory of the season.

The Red Sox became a definite pennant threat by vanquishing the Cleveland Indians twice, 8-6 and 11-4.

Rookie Rex Cecil won his second game in the finale.

The Detroit Tigers joined the dog-fight for the flag by sweeping a pair from the New York Yankees 4-3 and 9-8, thus taking over third place from the Yankees, only five games away from the Browns.

Dizzy Trout gained his 20th triumph in the nightcap as he helped his own cause with a two-run homer, his fourth of the season. Trout joins his teammate Hal Newhouse as the only 20-game winners in the majors.

The Pittsburgh Pirates increased their second-place National league lead over the third-place Cincinnati Reds to two games by conquering the Brooklyn Dodgers twice 10-7 and 7-1. Jim Russell hit a pinch-hit homer with the bases full in the seventh inning of the opener.

Four Dodgers—Bobby Bragan, Luis Olmo, Whitlow Wyatt and acting-manager Charlie Dresser—were banished from the games for arguing.

After losing the opener to the Chicago Cubs for their 13th straight defeat the New York Giants behind Bill Voiselle's five-hit pitching ended their slump in the second, 3-1. It was Voiselle's 15th victory. Joe Medwick got seven hits in eight at bats.

Rookie Woody Rich pitched the Boston Braves to a 5-3 victory over

Goobar Keyes To Be Speaker On Fun Night

Lt. James G. (Goobar) Keyes, Lubbock Westerner coach, will be the speaker at a fast-moving, picture-taking, ice-cream-eating, fun night program Friday night for all players, coaches, umpires, sponsors and others connected with the teams entered in the Kiwanis Softball association this summer. The fun night will be held at Harvester park, starting promptly at 7.

Lt. Keyes, who coached the 1939 state championship Lubbock Westerners and the 1941 district winners who bowed to the Wichita Falls team last year to win the 1941 championship, is now in charge of the athletic program for aviation cadets at Pampa field. He will speak on the importance of clean, vigorous athletics for victory and for peace.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, Aug. 21 (AP)—It's Tom Brown, the 16-year-old shortstop from Brooklyn's prospect park diamonds, fulfills Leo Durocher's optimistic predictions, Jake Pfler deserves an assist—it was Jake's kindly encouragement that made Tom the "boy sensation" of the Piedmont league when the fans were about to ride him out of the circuit because of his early-season jitters—Tom collected a war bond and \$114 in cash when he left Newport News, which recalls that when Calvin Coolidge McLaugh left the Dodgers for the navy, his teammates collected a \$100 purse for him—almost overcome by emotion, Cal lampered: "Gosh, fellows, I'd like to take you all down to the corner store and have sodas on me."—Wonder how Bugs Raymond or Ruge Waddell would have reacted to an invitation like that!

Nazarenes Vie With Harrah For Circuit Honors

The chips will be down this afternoon at the San Houston grounds when Nazarenes and Harrah Methodist junior boys tangle in the Kiwanis Softball association, with a tie for first honors in the junior boys league for the second half at stake.

The "darkhorse" from Evansville, Ind., 28 years old and playing in this tournament for the first time, defeated Byron Nelson, Toledo, Ohio, 1 up over 36 holes yesterday. It was the No. 1 upset of the tournament, in fact the biggest reversal in 26 championships.

Only the victory of Tom Creavy over Benny Shale in 1931 approached Hamilton's achievement. He beat the country's best golfer when he beat Nelson on the final green to receive the acclamation of more than 7,000 fans.

Hoosier Takes PGA Crown From Nelson

SPOKANE, Wash., Aug. 21 (AP)—The tie was given much of a chance when the tournament opened, but Bob Hamilton carried the title of 1944 national P.G.A. golf champion on his name today.

Pampa Field Forms New Softball League

With the first half of the enlisted men's softball league completed last Wednesday with the Section B squad on top, a new seven-team league has been organized with two games slated to be played Monday (Aug. 29).

First game scheduled is between the Medics and the Section B squad, whose members beat their way to the championship of the first half of the league by drumming the Section C team last Wednesday to the score of 6 to 2. Second place Section C will play the Headquarters team.

Other teams in the league are Communications, PLM, and Base Tech. Inspectors.

Ann Curtis Wins Fourth Swim Title

KANSAS CITY, Aug. 21 (AP)—Ann Curtis, star of the Crystal Plunge club, finished her unprecedented grand slam yesterday by winning the 800 meters, her fourth free style title in the three-day National A. U. swim championships.

Miss Curtis' achievements overshadowed the Multnomah athletic club's record-breaking effort in the 300-meter medley relay and the Indianapolis Riviera club's team championship.

Multnomah set a mark of 3:58.8. Riviera, scored 43 points to take them honors. Multnomah was second with 28 and Crystal Plunge third with 25.

Mrs. Jane Dillard Kittleman, whose husband is a navigator on a bomber in India, won her third straight 100-meter breast stroke crown. The Ft. Worth beauty touched the finish line in 1:25.3.

Houston Tennesseer Wins TAAF Crown

HOUSTON, Aug. 21 (AP)—New champion of the Texas Amateur Athletic federation men's singles tennis tournament is Jay Fuller of Houston, while holder of the women's TAAF singles title is Thel Norton of San Antonio.

Fuller defeated Joe C. Adams of Waco yesterday in three sets, 6-6, 6-1, 6-0, to cop his title and the San Antonio nutter downed Helen McCarter of Galveston, 6-3, 4-6, 7-5.

TIGER HALTS BASE-STEALER

NEW YORK, Aug. 21 (AP)—Paul Richards of the Detroit Tigers, is the only catcher to have held the base-stealing of George (Snuffy) Stirrweis of the New York Yankees on two occasions this year. Stirrweis, who has been successful in 38 of 42 attempts, was nabbed in the first inning of yesterday's first game but came back later for a claim swipe, of second.

Teen-Agers Will Give Grid Thrills

By BARNEY BALLARD
LEXINGTON, Ky., Aug. 21 (AP)—These American college boys of pre-draft age are likely to furnish spectators more football thrills this fall than we've seen in a decade, Kentucky grid coach Ab Kirwan predicted today.

The "teen-agers, backbone of most thrilling games that they have in past years. You can't tell what a 17-year-old freshman might do in a tight spot, but he's going to do something, probably something most unexpected."

World Series Ticket Sale Curbed by ODT

WASHINGTON, Aug. 21 (AP)—If the two St. Louis baseball clubs meet in the World Series this year, only the fans living in the immediate vicinity of that city would be eligible to buy World Series tickets under a plan to be proposed by the office of defense transportation.

For that matter, an ODT spokesman said today, regardless of which two teams win league pennants, club officials will be requested to limit games of series tickets to persons who live in or near the teams' home communities.

CHICAGO, Aug. 21 (AP)—Golf's dullest merry-go-round of 1944, the rich \$92,500 All American tournament—made its first whirl at Tam O'Shanter Country club today.

Some 250 amateurs, only part of the field gunning for 21 of the 24 positions in the Simon pure section, were listed for action in the qualifying round.

SUGGESTION NOTED
Arguing that baseball "hasn't changed since fools first were paled as strikes," Dr. Clarence Brice of New Haven, Conn., proposes six-inning games with four outs in each inning—his idea is that players would "sprint" all the way, as runners have stepped up the space for the mile instead of coasting through three quarters and then cutting loose—also, there would be three less times for the players to go to the field and return and three less times for the pitchers to warm up between innings. Rungee adds—this is our idea of a real improvement.

Military personnel at Pampa Army Air Field and other United States military installations, wherever they may be, may now apply their learning received in the copy courses of military service toward high school graduation or college degrees under a new program arranged by the United States Armed Forces Institute, Col. Charles B. Harvin, Pampa Army Air Field's commanding officer has revealed.

All major associations of high schools and colleges in the United States and hundreds of individual institutions, have voted that special arrangements should be made for returning service personnel who want academic credit for their experience in the service. These arrangements recommended consist of a plan by which men and women who have been in the service will not be required to prove that they have attended specific courses for so many hours—the usual basis for granting credit—but will be given credit for what they have learned, no matter when or how they learned it.

To make the arrangements effective, the Armed Forces Institute will give on request of a soldier or officer special tests designed to measure what he has learned in the service. In addition, the institute will prepare for the soldier or officer initiating the request a record of the Institute and college or university extension courses he has completed, service schools attended, and the service jobs he held.

On request the Institute will forward a report on the individual's examination and a copy of his educational record to the school or college of his choice, and will obtain for him a statement of the amount of credit which will be granted in each instance. For soldiers the service is free in requesting examinations on material learned by experience and for officers it is a nominal fee of two dollars.

Officers or enlisted men who want further information concerning the Army Institute's program or intend to request examinations should be urged by Col. Harvin to see Capt. Willis D. Cowan, Special Services Officer, or call extension 340.

Crocker's statement said instructions of the regular convention in May required electors to vote for persons other than President Roosevelt and vice-presidential nominee Harry S. Truman.

"In selecting a man whose political philosophy conforms to the ideals, principals and traditions of the Democratic party, and is in harmony with that of our regular state convention in May, we have in mind Senator Harry F. Byrd of Virginia," the statement said.

Stuart's letter declared it was a question whether you and I and

other Democrats of Texas are to be controlled and dictated to by such men as Sidney Hillman of the Political Action committee, Earl Browder, Boss Kelly of Chicago, as well as our black and tan Negro population."

"Let me emphasize," he concluded, "that an unfrustrated elector can, and will, vote for a Democrat for president and for vice president."

tion that, after the Anglo-American-Chinese talks immediately following these sessions with the Russians, the conclusions reached at Dumbarton Oaks should be circulated among all the United Nations and "as soon as practicable" should be given out to all people "for public study and debate."

Today's conferees hope to produce in three to four weeks a tentative draft of a world order on which the Big-Four powers, including China, and later all the United Nations, can agree.

All three of the powers meeting today have gone on record against an international police force functioning under a super-state. Nevertheless there have been unofficial suggestions from Russian quarters that such a force should be created to be at the immediate direction of the world agency.

The three groups gathered for the talks, which were described as "informal and exploratory," comprised more than 40 diplomats and military and naval experts.

The first session lasted about 35 minutes. It covered only the three speeches plus picture taking. The first business session of Gromyko, Caidagan and the American delegation chief, under Secretary of State Edward R. Stettinius, Jr., was scheduled for tomorrow morning.

naval base of Toulon virtually was encircled by hard-driving French troops. American infantry was within 10 air miles of Marseille, and other Americans sped toward Aix-en-Provence, key road junction whose capture would cut one of the last retreat routes for the Germans at Marseille, and open the gateway to Avignon and the Rhone valley, logical route for a juncture with Allied armies in the north.

On the eastern front the Red army has liquidated 15,000 German troops on the Sandomierz front 110 miles south of Warsaw, after the Nazis refused to surrender. These were the battered remnants of possibly three divisions. The victory freed the first Ukrainian army for a possible drive on Krakow or directly west toward German Silesia.

On the Baltic front, however, Red army units have yielded ground to the Germans who launched desperate and costly attempts to rescue some 205,000 troops isolated there. The Russians have improved their positions on the Warsaw sector, in the vicinity of the Polish capital's suburb of Praga.

AP Survey Shows Presidential Vote Will Be Less Than in '40

WASHINGTON, Aug. 21.—(AP)—The total vote in this year's presidential election is in for a big drop from the nearly 50,000,000 recorded in 1940 if the aggregate of ballots of both parties in recent statewide primaries is any indication of the November turnout.

An Associated Press survey of elections for governor and senator in 18 states reveals vote declines in 10 ranging up to nearly 50 per cent of the 1940 or 1942 primary totals. Primary registrations also were off compared with recent years. Only Ohio and South Carolina polled larger voter.

Both parties recorded fewer votes

in most instances. Some of the decreases were attributed to lack of contests with former years, but on the whole the 16 states over 2,500,000 votes less than in the most recent comparative statewide primaries.

Illinois' aggregate Republican and Democratic primary vote for governor was off 36 per cent compared to 1942. Part of this was due to the fact that there was no contest in the Democratic primary. The total vote was 1,252,252 as against 1,963,298 in 1942, a decrease of 711,046.

Kansas rolled up only 138,000 votes in the senatorial primaries as against 371,899 in 1940, a drop of 233,899 or 49 per cent. Registrations were off 50 per cent in cities requiring them.

Pennsylvania's senatorial primaries drew 876,693 voters, with candidates unopposed in both parties. This compared with the previous statewide primary vote of 1,499,229 for governor in 1942, a decrease of 622,536, or 41 per cent.

Ohio's two-party gubernatorial and South Carolina's Democratic senatorial primaries were the only elections pulling more voters to the polls than two years ago. But these races were unusually lively ones.

The Buckeye state primary vote totaled 794,924, or 125,993 more than that in 1942, but there were four Republican candidates for governor this year while Gov. John W. Bricker, GOP vice-presidential candidate, had no opposition for a third nomination two years ago. The Republican vote accounted for almost all the increase, although the Democratic vote was higher than 1942 by slightly more than 1,000.

Ohio may prove a November exception to the smaller vote indication this year. The secretary of state's office there estimates a presidential vote of 3,500,000 as against 3,376,239 in 1942.

The South Carolina Democratic senatorial primary, which saw the defeat of the Senate's dean, E. D. Johnston, drew 251,792 voters as against 234,972 in 1942, an increase of 16,820. There was an enrollment, however, of 400,809 this year as against 375,672 two years ago.

Important factors in the decline include the millions of service men scattered all over the world and the migration of workers to war plant centers. These were apparent two years ago when the off-year congressional elections brought out only about 30,000,000 voters.

Veteran Marine Is Reassured

By SGT. GEORGE E. McMILLAN Marine Corps Combat Correspondent SOMEWHERE IN THE SOUTH PACIFIC—(Delayed)—A Marine veteran about to go home after seeing service in the Guadalcanal and Cape Gloucester campaigns is reassured about the state of his nation.

Here is what reassured him: "I arrived hungry in the middle of the afternoon. I was a greenhorn, a replacement, fresh from the States. I asked for food, and he told me to be seated and then went into the galley to see what he could find."

He returned with mess gear stacked high with food. I took a stiff gulp of water and started in on it.

"I looked up after my first bite. He was standing across the table from me with his foot on the bench, leaning forward so that his face was close to mine."

"Can you get a steak in the States?" he asked intently. "Sure," I replied and started again on the food.

"How much does a good steak, a steak with onions and potatoes, cost?" "It depends..." I said, beginning to be irritated at his standing over me.

"How much," he was getting tense, "goes a steak cost, just a plain steak?" "Well, at some places..." I started.

"Just give me one price," he interrupted. "A dollar and a quarter!" I told him.

"Then, half to myself, half to me, he said. "That's okay, I guess."

And he turned and walked away, satisfied, ready to return to the States.

probably destroyed and 10 damaged. The heavy cruiser went down Saturday, Gen. Joseph Stillwell's headquarters reported, under three direct hits and one probable.

Gen. MacArthur's communique today said the Japanese were pulling their planes from the cluster of islands shielding the Southern Philippines northwest of Allied-held New Guinea. Halmahera, largest of the Moluccas, was the most important of the islands stripped. Japan's abandoned airdromes were being ripped up a step enemy withdrew to bases beyond Allied bomber range.

"This will make possible an advance westward without the necessity of costly frontal assaults to clear the way," MacArthur said. Westward from New Guinea lies his objective: the Philippines. The enemy is leaving behind many garrisons incapable of major action, MacArthur added. His airmen continued striking at bases from Timor to Bougainville.

Allied Pilots Tell Of Meeting German ME 'Flying Wings'

A FIGHTER BASE IN BRITAIN Aug. 18 (Delayed)—(AP)—The first three allied pilots to engage the German's new rocket-propelled fighter plane—the ME-163 "flying wing"—in close quarter combat expressed belief today that in a vertical dive it made the fastest controlled flight ever achieved by man.

The first detailed description of the ME-163 was given by Lt. Col. John Murphy, Tulsa, Okla., a 27-year-old Mustang squadron commander who shot down the first Japanese plane in the Aleutians, Lt. Cyril W. Jones, Jr., of Athens, Tenn., and Lt. Jimmy S. Shoffitt of Fort Worth, Texas.

Diving on four rocket planes which attacked a Fortress formation near Leipzig yesterday they destroyed two and damaged a third—all at point blank range.

Capt. Arthur F. Jeffrey of San Francisco, Calif., a P-38 Lightning pilot, three weeks ago shot down the only other ME-163 destroyed and far, but go hit at long-range and could give only a sketchy description of it.

Bird-shaped ME-1635 (15 words censored) swished by Flying Fortresses so swiftly that the crews did not realize what they were. (20 words censored).

The Mustang pilots, however, identified the "flying wings" as far as 12 miles off because of a spectacular dense white cloud trailing half a mile behind.

They nicknamed the new planes "jetties" because they are jet-propelled like buzzbombs. Americans and British also have developed jet-propelled fighter planes, but so far there has been no announcement of their use.

The pilots agreed the plane was powered only by the rocket propellant. The cloud trail is from the burning fuel.

A single-seater, it has a stubby fuselage only two-thirds as long as the broad tapering wings. (Six words censored). The pilot sits under a glass canopy in the fuselage. (Seven words censored).

"They are ugly old things," Murphy said. "They look like a bat flying around."

The jet-propellant is turned on only when speed is needed. When this is switched off the "jetties" glide. (Eleven words censored).

When given several short bursts of speed in a row, condensation trails dot the sky like Morse code.

Despite their phenomenal speed, pilots of the slower Mustangs nailed them by outguessing and outmaneuvering them.

Murphy, who made the first attack, rightly figured one "jetty" would dive at a straggling fortress, so he did too. (29 words censored).

The "jetty's" speed, attained with the help of a 3,000 foot drop in altitude, was amazingly fast.

Murphy overtook the "jetty" at 23,000 feet altitude and poured 50 caliber bullets into its fuselage.

Jones, the colonel's wing man, raked the "jetty's" canopy with more 50's, probably killing the pilot. "My plane almost hit it. It was so close," Jones said.

While diving at 600 miles an hour, Jones did hit the "jetty's" wash. He "blacked out" and recovered after his Mustang dived 6,000 feet.

"It was an awful thrill to knock down one of those sons-of-guns," he said. "I had thought we couldn't catch him. (Eight words censored)."

Shoffitt is the first flier who reported being fired upon by a "jetty". While he was making a head-on attack, the ship fired what Shoffitt believed was a rocket. It missed him.

In trying to get on the ship's tail, Shoffitt came in too fast and overshoot it. The "jetty" was gliding at that time. He shot up his right wing but the pilot turned on his jet and escaped, leaving Shoffitt plenty mad.
