## Berlin Says Retreat 'May Now Be Considered Ended'

### FDR, In Reply To Dewey Says He's Not Tired

WASHINGTON, Sept. 8.—(AP)—President Roosevelt, commenting today on Governor Thomas E. Dewey's accusation that the Roosevelt administration is "tired, quarrelsome, and defeatist," said he had stated before that he would like to go back to Hyde Park, N. Y., not because he is tired or defeated.

During a barrage of questions at his news conference about Dewey's first speech in Philadelphia last night, the President said he did not listen to the speech, but that a member of the family did and told him about it. He added, he had read half of it but did not feel competent to comment.

A reporter pointed out that in the first half of the speech Dewey quoted Maj. Gen. Lewis B. Hershey, selective service director, as saying that "we can keep people in the army about as cheaply as we could they are out." He was asked for comment on that.

The President replied by asking whether that is part of General Hershey's work.

"Isn't his job to get people into the army?" the president asked. The reporter said that was not his question, but Mr. Roosevelt said he had made a pretty good reply too.

Asked about Dewey's assertion that the new deal administration is "afraid of peace" because it doubted its ability to provide jobs and get the country going again, the president said reporters could say that the President smiled broadly and said nothing.

"How about Dewey's statement that your administration is tired, quarrelsome, and defeatist?" a reporter inquired.

Only this, the replied recalling remarks he had made in his last two acceptance speeches that he preferred to retire to his Hyde Park estate but that world conditions made it imperative, in his view, to stay on if the people wanted him.

### 150 Attend Post Installation of Officers Here

J. W. Garman was installed commander of the Pampa Kerley-Crossman post of the American Legion and Roy Bourland, out-going commander, was installed as chief of the Legion's annual meeting in the Southern Club last night.

Nearly 150 ex-servicemen and women attended the installation night ceremonies which launched a new year for the Pampa legion post.

In addition to Commander Garman, the following officers were installed by Henry Tetterton, district commander of the 18th district:

Charles E. Gleason, first vice commander; E. J. Dunigan, second vice commander; William H. Henshaw, third vice commander, and J. M. Turner, adjutant.

Following the installation, District Commander Tetterton introduced Ward Moody of Wellington, a past district commander, who discussed the GI Bill of Rights, explaining its benefits especially to the veterans of World War II.

Commander Garman said today there are approximately 750 war veterans in the Pampa area who should be members of the local American Legion post.

"There is much that the legion can do for these men," he said. "This is especially true of the GI Bill of Rights which the legion assisted in putting through."

Commander Garman suggested that any member of the armed forces who is not familiar with the benefits due him under the legislation should contact locally the manager of the United States Employment Service.

The manager in Pampa is O. R. Terry. Anyone wishing information about the bill can get the details from Terry, Garman said.

## Governor Says FDR Agrees With His Compromise Plan

### Witnesses Summoned From Six States

DALLAS, Sept. 8.—(AP)—More than 30 witnesses from six states have been summoned for the trial here Sept. 25 of Hillary Mayen, last of the defendants indicted three years ago in connection with an alleged \$62,500 fraud against D. B. Flagg, former valley fruit grower, said U. S. district attorney Clyde Eastus.

Eastus said witnesses would come from New York, Oxnard, Utah, Casper, Wyo.; Oklahoma City; Kansas City, Mo.; and Laredo, Texas.

Mayen was arrested recently at Shreveport, La. He was indicted in connection with the Texas case, where he conferred for more than an hour with President Roosevelt, with National Democratic Chairman Robert Hannegan, and politically prominent Texans in the national capital.

It was the first authoritative indication that the Texas governor, who frequently has been at odds with the national administration—discussed politics with President Roosevelt. Stevenson made the statement in response to a question: "Do you think the pro-Roosevelt faction will be more inclined to accept your compromise plan since you have been in Washington?"

Stevenson suggested that the way out of the tangled electoral situation is to print on the Nov. 7 ballot the names of both sets of electors—those favoring Roosevelt and Truman and those favoring some other candidate.

Stevenson said he did not think it would be proper for him to consult the President, adding:

"I never have been in favor of the compromise plan since it is conducive to breaking up the democratic party further than it has already been broken.

"The people who are asking for that plan are not in a consistent

Rufe Jordan, parade master, said today that the parade would include child riders from over this section of the country dressed in western regalia. He has invited all Panpans and those from surrounding territories to join in the parade.

### Women's Clubs Will Plan for Post-War

AUSTIN, Sept. 8.—(AP)—The 70,000 members of the Texas Federation of Women's Clubs have cancelled their 1944 convention in favor of a post-war planning conference on November 15, Mrs. Ethel Foster, state president announced.

This meeting will be held in Fort Worth and all kindred women's organizations of the state were invited to participate.

The minute the war in Europe is over, we plan to start on our post-war plans to help the GI boys and girls find jobs as well as make adjustment to civilian life," said Mrs. Foster.

### Citations Made At Graduation

Formal presentation of an Air Medal with Oak Leaf Cluster to a Pampa Army Air Field staff sergeant recently returned from combat service in the Pacific theater was one of the highlights of the outdoor graduation ceremonies at the local air base this morning, when members of class 44-1 received their silver pilot's wings and commissions as officers in the army air forces.

The presentation was made to Staff Sergeant Louis Pine by Col. Charles B. Harvin, commanding officer, on behalf of the secretary of war, in recognition of courage displayed by Pine in the Aleutian Islands and for completion of more than 100 hours of combat and operational flight.

A large group of visiting relatives and friends of the graduates, as well as numerous Panpans, were spectators at the colorful graduation program, which was preceded by a full military review of all personnel of the post honoring the members of the graduating class of pilots.

"Today you join one of the most select and honored groups of men in the world—the fighting pilots of the United States army air forces," Colonel Harvin told the graduate. "As such, you accept new responsibilities and a great tradition to carry forward."

Pointing to the fact that more than 400 Pampa army air field graduates have already distinguished themselves in combat service, the colonel told the graduates:

"You have shown us that you can take it—and I know that you will be able to 'dish it out.'"

The Air Medal was awarded to S. Sgt. Pine by direction of the President for "unhesitating courage displayed" by him on March 5, 1943, in an attempt to rescue a P-38 pilot in the Aleutian Islands who had crashed in the water. The citation read by Colonel Harvin said in part: "Upon reaching the scene of the crash, S. Sgt. Pine waded into the cold water and pulled the pilot ashore. All possible means were used to revive the pilot without success. The attempted rescue took place in enemy territory, under adverse conditions, with the possibility of attack

### Order Prohibits Agency Action at Humble Refinery

DALLAS, Sept. 8.—(AP)—The petroleum administration for war today was under temporary restraining order prohibiting that national regulatory agency from assuming operation of the refinery and butadiene plant of the Humble Oil and Refining company at Ingleside, Texas.

The order, issued yesterday by Federal Judge William H. Atwell, called for the defendants to appear Sept. 14 to show cause why a temporary injunction should not be issued and also asked the firm to show cause why it should not be enjoined from paying \$10,000 bond by 11 a. m. today.

In its petition to the court, Humble asserted there were no labor troubles at their Ingleside plant, near Corpus Christi, but that the alleged threatened seizure was based on the desire of the war labor board to incorporate a maintenance-of-membership clause in labor contracts.

The defendants are "threatening to use their own great physical force and that of a portion of the United States army to enforce their illegal and wrongful seizure," said Humble in its petition.

The petition alleged that the national and regional war labor boards had conspired with others to seize the Ingleside refinery because the firm refused to obey WLB orders to adopt a maintenance-of-membership clause in its labor contract with the CIO oil workers international union.

Justice Atwell's order was directed against Petroleum Administrator for War Harold L. Ickes, Deputy Administrator Ralph C. Davies and George E. Dewey, P.A.W. representative. Other defendants named in the petition were the eighth regional war labor board, with headquarters at Dallas, Wales T. Madden, chairman, and all members of the regional board; the national war labor board, its chairman William H. Davies and all board members, and Economic Stabilization Director Fred M. Mosconi.

The petition said that as a result of the firm's refusal to comply with a national WLB order ordering a maintenance-of-membership clause in its labor contracts, the WLB in conspiracy with other government agencies invoked sanctions against the Humble company, among which was refusal of the regional board to act upon any pay adjustments for Humble employees.

The petition said Davies telephoned Harry Weiss, Humble president, Wednesday from Washington and stated to him in substance that unless plaintiff immediately accepted said maintenance-of-membership provision in its contract—he and his

### Dewey Strikes Hard at FDR's Administration

By JACK BELL  
EN ROUTE WEST WITH DEWEY, Sept. 8.—(AP)—A world peace built on a framework of international organization in which small nations have a pro-portionate voice is expected to be urged tonight by Gov. Thomas E. Dewey at Louisville, Ky. in his second major presidential campaign address.

The Republican nominee closed himself with advisers as his campaign train steamed toward politically-doubtful Kentucky, after a ringing denunciation last night of what he charged was the plan of the "tired, exhausted, quarrelling and bickering" new deal to keep men ever long in the armed forces to lessen unemployment at the war's expense.

Asserting that President Roosevelt's administration is "afraid of America" and is "getting all set for another depression," Dewey told a cheering audience of about 13,000 persons in Philadelphia's Convention Hall that "with the winning of the war in sight there are two great over-shadowing problems."

"First," he said, "the making and keeping of the peace of the world so that your children and my children shall not face this tragedy all over again."

"The other problem," he continued, "is whether we shall replace the tired and quarrelsome defeatism of the present administration with a fresh and vigorous government which believes in the future of the United States; and knows how to act on that belief."

Announcing he would devote tonight's speech before the closing session of the National People's convention of the Republican Women's club convention to foreign affairs problems, Dewey told the Philadelphia audience:

"I am deeply devoted to the principle that victory in this war shall mean victory for freedom and for the permanent peace of the world. Our place in a peaceful world can and will be made secure. But nothing on earth will make us secure unless we are strong, unless we are productive and unless we have faith in ourselves. x x x I have unlimited faith that the American people will choose that path next November."

Previously, Dewey had made it clear in public statements that he favors the formation of an international organization to maintain peace which will not be dominated by a permanent military alliance between the major allied powers, but in which small nations will have an effective voice.

The Republican nominee launched

## U. S. Units Reach Liege and Metz

By DWIGHT PITKIN  
Associated Press War Editor  
Armadas of nearly 2,000 Allied heavy bombers gave strategic support today to Gen. Dwight D. Eisenhower's forces assaulting outposts of the German west wall on a 200-mile front in eastern France and Belgium as the Germans asserted their retreat "may now be considered ended."

More than 1,000 U. S. four-engine bombers escorted by 500 fighters smashed at installations in the upper Rhineland opposition. The American Third army was massing in the Moselle river basin for a drive into German fortifications. Almost an equal force of British Lancasters dropped perhaps 2,500 tons of bombs on the German garrison holding out in the big port of Le Havre in an attempt to keep the Allies from funneling in supplies for the battle of Germany.

Berlin broadcast a statement by DNB, the official German news agency, that "large scale detaching movements" following the American breakthrough in Normandy could be considered ended.

## Second Crosses Albert Canal

Lt. Gen. Miles D. Dempsey's British Second army smashed across the Albert canal and American armies stormed to the outskirts of the fortresses of Liege and Metz. The British Second army blazed a trail for the next phase of the Allied campaign as broken and by-passed German remnants fell back into channel ports and tried to escape into Holland.

Gen. Eisenhower's grand scale offensive bulging within 25 miles of the Siegfried line at three points was placed under a news blackout to mask the mounting of the final massive assault on the approaches to Berlin.

Lt. Gen. Courtney Hodges' U. S. First army stabbed to the immediate vicinity of Liege within 25 miles of the Reich gateway of Aachen. The British and Hodges' forces apparently were hitting toward strongholds near the mouth of the Rhine along a direct path from the west to Berlin, more than 360 miles away.

The Third army of Lt. Gen. George S. Patton battled into Metz, only 20 miles from the west wall, along the Moselle river. In this sector the Germans were offering the stiffest resistance since the breakthrough in Normandy.

The United Nations radio said tonight that Russian troops had joined with free Yugoslav forces and captured their first town in Yugoslavia. The town was not identified.

Patton's doughboys were moving steadily along the Moselle below Metz, but a battlefront dispatch said progress was slow and costly under heavy fire. Patrols which fought into the city of Nancy on Patton's right flank were forced to withdraw. In the Pont-a-Mousson sector, north of Nancy, the Americans were pushed back across the Moselle.

## Insurance Policy Submitted at Trial

AMARILLO, Sept. 8.—(AP)—The defense introduced as evidence a \$25,000 insurance policy of O. M. Redding, on trial here on a charge of murder in the fatal shooting April 6 of his wife, and the state presented a photostatic copy of the application for the policy, made in 1939.

These were developments yesterday in the trial of Redding, who testified "if anything happens to me, my family would get the \$25,000."

The copy of the application showed Redding to have declared he was in good health, had never had asthma, nor suffered loss of consciousness; previously he had testified he had suffered with asthma from childhood.

Yesterday Dr. R. L. Brown of the San Antonio state hospital, testified Redding was not of sound mind on April 6, the night his wife was shot to death at a same man.

The doctor, a defense witness placed on the stand as a mental expert, told the court he examined Redding in San Antonio some weeks ago. After a resume of the defense testimony was read to him, Dr. Brown said in his opinion "the act was not that of a sane man."

Redding previously had testified he knew nothing of what had taken place the night of the shooting. He said he awoke in jail the following morning and City Policeman John Allen told him he had shot his wife.

Allen, testifying as a state witness, said he did not tell Redding about the shooting incident.

## Men in 1-A, 18-Year-Olds To Supply Needs--Hershey

WASHINGTON, Sept. 8.—(AP)—Selective service today said that men already in Class 1-A and new 18-year-olds can more than supply the needs of the armed forces for the rest of 1944.

Draft Director Lewis B. Hershey estimated that 690,000 physically able men would be available for induction from those sources alone compared with estimated needs of 600,000.

His estimates were in a letter to all draft board members giving the supply-and-demand picture up to next Jan. 1.

The expected "surplus" of 90,000 available men might be "left over" for 1945, a draft official said.

Class 1-A as it stood July 1 is furnishing by far the bulk of the "available" men. From that group, said Hershey, after allowing for rejections and deferments, men are expected to be available for induction in this proportion:

18-25 age group,	345,000.
26-29 age group,	80,000.
30-37 age group,	55,000.

That totals 480,000, and to this is added 210,000 youths expected to be inducted from those becoming 18 years old (35,000 a month for the six months beginning July 1).

NEW ORLEANS, Sept. 8.—(AP)—The United States weather bureau in a marine forecast said today that "small craft warnings are displayed south of Galveston to Brownsville, Texas."

### Winborn-Hackett Marriage Rites Read in Shamrock

Special To The NEWS  
SHAMROCK, Sept. 8.—In impressive rites Saturday afternoon at the First Methodist church, Miss Sarah Wilborn, daughter of Mr. and Mrs. Sam N. Wilborn of this city, became the bride of Sergeant Herbert L. Hackett, son of Mrs. Paul R. Hackett of Springfield, Mo., and the late Paul R. Hackett.

Rev. Marvin B. Norwood, pastor, read the double-ring ceremony.

White gajdioli arranged against a background of greenery, banked the altar of the church. The bridal aisle was marked with bows of white mums.

White candles in floor candelabra provided illumination. Tall white baskets of white gladioli and fern completed the decorations.

A musical setting for the service was provided by Miss Dorothy Bess Braxton, who wore a floor-length dress of white crepe, with a corsage of red roses.

During the ceremony, "Liebster Mann" by Liszt, was played softly and Mendelssohn's Wedding March from Tannhauser, was used as a professional.

Miss Helen Palmer and Miss Maxine Ebeling lighted the candles. Miss Palmer wore a floor-length dress of white silk lace and net, and Miss Ebeling's dress was floor-length white taffeta. The girls wore red carnations in their hair.

Matron of honor was Mrs. Sam W. Wilborn of Dallas, sister-in-law of the bride, and Miss Lois Du Bose was bridesmaid. Matron of honor and bridesmaid wore identical floor-length dresses fashioned with a bodice of silk lace with full net skirts, sweetheart necklines and three-quarter-length sleeves. They carried arm bouquets of red roses.

The bride who was given in marriage by her father, was attractive in a wedding gown of white satin and net. Her dress was made with basque effect and sweetheart neckline, long pointed sleeves finished with puffing at the wrist. Two rows of ruffling ornamented the bodice down the front and the full floor-length skirt was of silk net. Her fingertip veil was held in place with a coronet of orange blossoms and tulle ruffling. She carried a shower bouquet of white split carnations and tub roses. For something "borrowed" she wore a crystal necklace belonging to Mrs. Earl Koger.

Mrs. Wilborn, mother of the bride, wore a dress of black alpaca, with black accessories, and Mrs. Hackett, mother of the bridegroom, wore a dress of cinnamon crepe with black accessories. They wore corsages of pink carnations.

Johnny Walker and Rufus Dodgen acted as ushers.

Rev. Bill Hackett of Franconia, N. H., brother of the bridegroom, served as best man.

The bride is a graduate of the Shamrock High school and attended North Texas State Teacher's college at Denton.

The bridegroom has a B. S. degree from Drury college in Springfield, Mo., and holds a Masters degree from the University of Michigan. He was a teacher in the Tallahassee State college for Women at Tallahassee, Fla., at the time he enlisted for military service.

The bride traveled in a suit of green wool with brown accessories. The couple left following the wedding for Chickasha, Okla., where Sgt. Hackett is stationed at the General hospital with the Medical Corps.

Out-of-town guests for the wedding were: Mr. and Mrs. P. A. Favor, and daughter, Charlotte, Mr.

### Alhambra Club in White Deer Meets With Mrs. Harlan

Special To The NEWS  
WHITE DEER, Sept. 8.—The Alhambra Community Home Demonstration club met with Mrs. R. L. Harlan, Jr., on Sept. 5, for a demonstration on home pressing by Mrs. E. B. Jones.

Mrs. Jones showed how to press men's suits, and ladies' suits and coats, saying that in the pressing of trousers you always use a wet woolen cloth and a dry cotton cloth and do not press until dry. Start at the top of the trousers, pressing and turning the garment toward you. Then when pressing the trousers, use a padded pressing pad under the pockets and a long narrow pressing pad down the trouser legs under seams. When pressing the coat, use a pressing pad under the pockets and a sleeve board in the arms. Use folded paper under the coat lapels and collar.

Mrs. Jones explained that silk should never be hung to dry, but gently squeezed, dried between towels, shaken gently, then pressed on the wrong side or under-tissue paper.

The club women discussed the plans of the recreation committee for a benefit "42" party at the home of Mrs. Burl Gray, Sept. 15. Plans for refreshments and prizes were made.

Those present included Mesdames E. B. Jones, Buel Gray, Bill Thompson, A. R. Northcutt, C. E. Terry, Miss Juanita Gray, and the hostess.

Many Go to Oil Lease Auctions

Just To See Millions Peeled Off

By DAVE CHEAVENS Associated Press Staff This is Col. M. M. Mullins of Houston auctioning off leases on the oil and gas rights to about 40,000 acres of University of Texas land in 119 parcels. "Five thousand, give me six," roars the colonel, presiding at his sixth consecutive auction. "Five thousand, give me seven, six, six thousand give me seven, seven, who's got seven?"

Leaves From A Correspondent's War Notebook

By ROGER D. GREENE (Substituting for Hal Boye) WITH BRITISH TROOPS IN FRANCE, Aug. 27 (Delayed)—A red rose tree and a thimbleful of 25-year-old cognac at 50 cents—this is the greeting extended to us at a little wayside inn where we are stopping tonight enroute to a new battle theater. In a way it is symbolic. The red rose is the grateful heart of France; the cognac is a luxury amid the nation's near poverty and famine.

Lower Supplies of Good Beef Expected

WASHINGTON, Sept. 8.—(AP)—Sharply lower supplies of choice and good beef will be available for American dinner tables this fall because of a reduction in feedings, the agriculture department predicted today. In view of the reduced number of cattle on feed in the corn belt on Aug. 1 and reported intentions of feeders to sell a smaller proportion of those on feed before November, the marketings of fed cattle during August to October may not be much over 50 per cent of the marketings during the similar period last year, the bureau of agricultural economics said.

smaller this year than last, the slaughter of lambs will be smaller during the remainder of this year than for the same period a year ago. This may bring higher prices for slaughter lambs than during the last quarter of 1943 but prices for ewes probably will be lower, the department predicted.

From where I sit... by Joe Marsh Recipe for a Perfect Marriage

Dee and Jane Coppers celebrated their Golden Wedding Anniversary last Saturday. Having so many friends, it seemed like half the town stopped in that evening to pay their respects. Little Ida Moffat brought a home-made poem to read, called Love Enduring. Bert Childers added "Silver Threads Among the Gold." Will Dudley made a speech and proposed a toast.

At this sale, the bald-headed buyer for a major oil company, wound up his day by writing a check for more than a million dollars. companies or independent operators. Some are there in the hopes of exploring for oil, others hope to repedite their acquisitions. Sometimes pill men themselves cannot account for the way bid, run, except that the spirit of competition is keen and often results in payment of unwarranted bonuses.

Hot, dusty and tired, our troops slake their thirst with lukewarm water from their canteens instead of good vine rouge of France. The enemy has made a spectacular success of wringing the whole country-side dry. On a long jeep ride to the front today, at every stop we found villagers dressed in their Sunday best, lading out elder from big pewter pitchers and handing it to dry-throated Tommies. They would accept no money for the cider, but they were pathetically grateful if you gave them a bar of chocolate or a few cigarettes in exchange.

Here, the wreckage has been far less severe and the German retreat has been so hurried that many villages are unscathed except for odd stray shot and the inevitable signs of looting. As I have seen today, it is a lot easier to cheer when your home is snug and safe.

**Christian Science Sunday Church Topic**  
"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 10.

The Golden Text is: "A good name is rather to be chosen than great riches, and loving favour rather than silver and gold." (Proverbs 22:1).  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I lead in the way of righteousness, in the midst of the paths of judgment: That I may cause those that love me to inherit substance; and I will fill their treasures" (Proverbs 8:20, 21).  
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christianity causes men to turn naturally from matter to Spirit, as the flower turns from darkness to light. Man then appropriates those things which eye hath not seen nor ear heard" (page 458).

**Preparing for Peace Will Be Discussed By Rev. Henshaw**  
"Are We Ready For Peace?" will be the title of a sermon to be preached in St. Matthew's Episcopal church, 706 West Browning, at 11 o'clock on Sunday morning. The Rev. Edgar W. Henshaw, minister of the church, in speaking of the sermon subject, said, "America has always hoped and prayed for peace. The people of this country have always wanted peace, but have seldom if ever been truly ready when war has ceased and peace has come back to the land. We have always been anxious to have our loved ones return to us, but have never in our history made adequate preparations for their return. Unless there is a change in our attitudes this time will be no different, except that it may be worse than any other period in our history."  
The government may be able to plan for the industrial rehabilitation of our returning soldiers, but the great mass of the people are not ready for them either spiritually or mentally. "We proudly proclaim that our armies are fighting for the establishment of a new order in the world. That new order can be established on paper but, it can only succeed as we are fitted to live under it at all times."  
There will also be a communion service at 8 o'clock in the morning on Sunday.  
On the day that official word is received of the surrender of Germany there will be a service of thanksgiving in the church. This service will be as soon after word is received as the people can reach the church, Henshaw stated.  
The Pampa Ministerial Alliance has also arranged for a city-wide service in the Junior High school auditorium on the evening of that day. This will not be a preaching service, but is so arranged that every person present will have opportunity to participate in the thanksgiving to God for his mercy toward us," said Mr. Henshaw.
