## Japanese Training for Tank Defense of Homeland Students March on Capitol To Ask Why Pres. Rainey Is Ousted

### Philippines May Be Freed In Few Months

By LEONARD MILLIMAN  
Associated Press War Editor

Japanese tanks are training to meet an expected American landing on the northern shores of Japan. Tokyo radio reported today in the wake of another bombing raid on the Kurile Islands, stepping stones from the Aleutians to Nippon.

The broadcast followed an official Japanese statement that the reported flight of Superforts over Tokyo yesterday "was confined to reconnoitering."

In the Philippines, which Pres. Sergio Osmena predicted would be completely freed within a few months, American ground forces neared a junction at Carigara on the Nipponese escape route and possible potential site of a Japanese stand.

Tokyo radio, capitalizing on the recall of Gen. Joseph W. Stilwell, invited Generalissimo Chiang Kai-shek to desert his Allies and join Japan. Later broadcasts said fierce resistance was expected from Chinese who have entrenched themselves in "hastily constructed pillboxes made by smashing down the city walls" of Kweilin, virtually surrounded major southeastern Chinese stronghold.

Stilwell sent his farewell congratulations to Maj. Gen. Claire L. Chennault whose 14th U. S. air force, operating under discouraging conditions, has "cut down the Japanese air arm in China to the vanishing point."

Stilwell also sent his best wishes for success to Adm. Lord Louis Mountbatten, under whose Southwest Asia command he also operated.

Tokyo radio's latest talk of an expected American invasion of Nippon came in reporting the delivery of new tanks "at a front line base in the northern tip of Japan."

It quoted the tank commander as saying "training before the enemy landing is more important than sacrifice after the enemy landing."

### McEntire Is Indicted On Charge of Murder

Gray county grand jury has returned an indictment of "murder with malice aforethought" against E. G. McEntire, southside produce vendor.

McEntire, who has been re-arrested on the charge, after the decision of the grand jury, is being held in Gray county jail in default of \$10,000 bond.

The charges grew out of the alleged shooting of Kenneth W. Conway, 34-year-old oil well rigger, who received two 38 caliber bullets from a pistol allegedly fired by McEntire two weeks ago. The argument that brought about the shooting is said to have ensued after the seven-year-old son of Conway and the grandson of McEntire engaged in a boxing bout in the backyard of the apartment Conway rented from the accused.

### Nelson Is Ordered To Return to China

WASHINGTON, Nov. 2.—(AP)—President Roosevelt today directed Donald M. Nelson to return to China at "the earliest possible date" to organize a Chinese war production board.

Following a long conference between Nelson and the President, the White House issued a statement which said:

"As the President's personal representative, Mr. Nelson will continue his work with the generalissimo (Chiang Kai-shek) on measures aimed at strengthening the Chinese war effort, and notably in organizing a war production board to increase the output of China's war industries."

The announcement said Nelson's return to China had been urged by the generalissimo.

### Postwar Aviation Is Taken Up at Chicago Meeting

CHICAGO, Nov. 2.—(AP)—Interest in the international civil aviation conference centered today on an exposition of the main issues to be met in deciding on post-war use of the skies.

Thus far only British empire countries have defined their aims for the future of world flying. They want an international authority with economic controls over global air service equivalent to that exercised by the civil aeronautics board over domestic airlines in this country.

The United States view—generally described as favoring a limited authority having control over rates and economics practices, but not over routes and schedules—has been known informally for some time. There has been no official statement. Adolf A. Berle, Jr., chairman of the American delegation, promised yesterday that one would be made, along with formal outlines by the United Kingdom, Canada, France and probably others.

The conference, bringing together 51 nations for three weeks of deliberation, opened formally Wednesday afternoon with a message from President Roosevelt reminding delegates that they were "engaged in a great attempt to build enduring institutions of peace."

Declaring that air commerce "has reached maturity and is a pressing necessity," Mr. Roosevelt said:

"I do not believe that the world of today can afford to wait several years for its air communications. There is no reason why it should. It would be a reflection on the common sense of this century if we were not able to make arrangements, at least on a provisional basis, making possible the opening of the much needed air routes. I hope when your conference adjourns, that the arrangements will have been made. Then all that will be needed will be to start using the air as a great peaceful medium, instead of a battle arena."

### Early End Seen To Wage Formula

WASHINGTON, Nov. 2.—(AP)—A confident prediction came from CIO counsel Lee Pressman today that President Roosevelt will take the lid off wages even before victory in Europe is in sight.

Some of the speakers at the steelworkers' case before the war labor board for a general increase which would puncture the administration's wage ceilings, also ventured the opinion that the board will dispose of corollary issues of vacations, guaranteed annual wages, etc., this month.

The board started yesterday to consider the auxiliary demands, side-tracking its public members' unfinished report for the President on general wage policy until the day after election.

Chairman William H. Davis said last night one member had been asked to draw up a tentative conclusion on the first of these issues—a guaranteed annual wage—after at least partial accord had been reached on that point. He wouldn't say the demands could be disposed of this month.

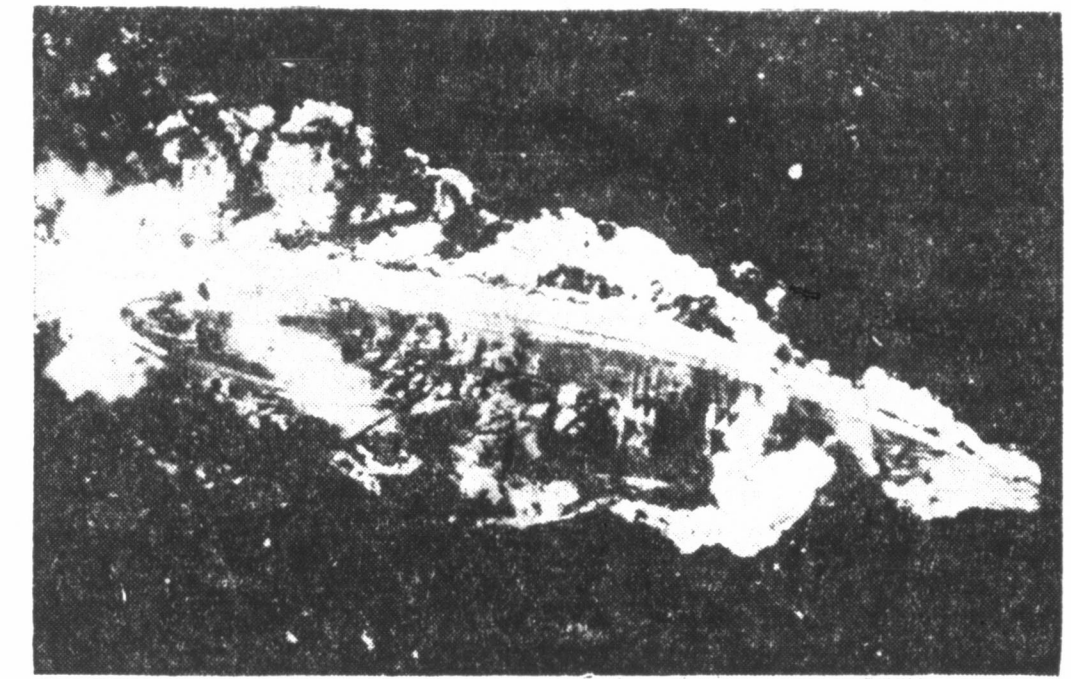

Some of the members are believed to favor continuance of the present wage controls until V-E day or at least until victory over Germany can be foreseen.

But Pressman told reporters he is sure the little steel formula, key-stone of the wage policy, will be breached by Mr. Roosevelt before that time.

### NEW TRUSTEES NAMED

DALLAS, Nov. 2.—(AP)—Four new trustees have been added to the board of trustees of the Hockaday school. Miss Ella Hockaday, president, said they were J. B. O'Hara, Dallas; Charles F. Roeser, Fort Worth; Charles Inge Francis, Houston; and W. C. Windsor, Tyler.

## Speeches Become Numerous As Election Draws Nearer

### Dallas Car, Bus Systems Back in Operation Today

DALLAS, Nov. 2.—(AP)—Streets and buses rumbled through Dallas streets on schedule today following intervention by army officials which broke a 12-hour transportation strike here late yesterday.

The action was taken just in time to prevent the stranding of thousands of homeward-bound business and war workers.

Streetcar operators, some motor coach drivers and a few shop men stopped work yesterday when they learned that eight supervisory positions had been given to non-union men. E. N. Rhodes, president of the Amalgamated Association of Street, Electric Railway and Motor-coach Employees, (A.F.L.), Local 1336, said:

Rhodes added that the strike was unofficial and said it had been called by the rank and file in protest of the promotion list.

Operators refused to take out their vehicles on early shifts and W. R. Burns, president of the Dallas Railway and Terminal company, and G. I. Plummer, vice-president, were called to the Oak Cliff barns before dawn.

There were no reports of violence, and there were no pickets. As the stoppage continued through the day and more transportation workers joined the protest, hastily organized emergency transportation plans were prepared by retailers, manufacturers, war plants and business offices.

Preparations to meet the crisis included car pooling, use of private trucks for makeshift buses, and issuing of extra gasoline to "A" card holders by the office of See TRANSPORTATION, Page 2

### \$10,700-Mark Is Reached in City Chest Campaign

Pampa's Community Chest fund had passed the half-way mark today with \$10,700 contributed toward the \$21,000 goal for the city's five participating agencies.

General Chairman J. W. Garman again called attention to the fact that the current campaign is for local welfare agencies only and has no connection with the United War Chest of Texas which will conduct the drive in Pampa when the local campaign is ended.

"All checks for the local drive should be made out to the Pampa Community Chest fund," Garman said, "and they should be mailed to Mrs. Geneva Schmidt, fund treasurer at the Gray county court house."

Garman repeated that there still is difficulty in getting campaign workers to make calls. This is particularly true, he stated, of the advanced gift committee although Co-Chairmen H. G. Hughes and A. J. Beagle have used every means they know to get the workers on the job.

"If they would just make their calls, we could get the drive over with," Garman said in making an appeal to workers.

Garman said that in the course of his rounds he had picked up two or three checks from contributors who said they had been ready to contribute but that nobody had called on them.

Garman also reported that the Community Fund campaign has received approximately \$1,200 in checks made out to the Gray County United War Chest.

"This amount, he said, will be turned over to United War Chest officials when they begin their drive in Pampa.

"We feel that in most instances," Garman said, "these contributors have intended that a portion of these contributions are for the Pampa community chest fund. But to avoid any confusion we will turn the full amount of these checks over to the United War Chest of Texas."

### Posse Seeks Slayer Of Missouri Officer

WARSAW, Mo., Nov. 2.—(AP)—Scores of officers, aided by planes and bloodhounds, searched the rugged Ozark mountains today for the slayer of Sheriff Louis J. Miesner, who was shot to death in the Benton county jail yesterday, evidently with his own machine gun.

### HALL OF FAME: PAAF Men Distinguished In Battle Are Given Recognition

Pampa army air field's Hall of Fame which contains photograph and combat case histories of pilot graduates of the local air base, will be formally opened today for inspection of PAAF military and civilian personnel in a wing of the Public Relations Bldg., where it will be permanently housed. It was announced today by Colonel Charles B. Harvin, commanding officer.

More than 450 pilot-graduates of Pampa army air field who have distinguished themselves in action now have their photographs hanging from the walls of the Hall of Fame and more are joining their ranks daily.

Colonel Harvin declared, in extending a special invitation to all personnel to visit the field exhibit.

"We can be justly proud of the outstanding records of heroism and accomplishment that are daily being chalked up by the men who received their wings and officers' bars after completing their advanced training here," Colonel Harvin declared.

"It is an inspiration to us all to know that the work we have done here, although far from the scenes of actual combat, is directly reflected in the job being done by our graduates in battle areas all over the world. It demonstrates to us that our efforts, even though they may not be as glamorous as those of the man in the pilot's seat, are daily carrying on."

### Governor May Have to Name Entire Board

AUSTIN, Nov. 2.—(AP)—Governor Coke R. Stevenson today agreed to confer with ex-students and faculty representatives in an attempt to iron out the situation at the University of Texas caused by the discharge of President Homer P. Rainey.

He deferred until after the conference an answer to a student plea that he request all members of the board of regents, including three who had resigned, to meet here with the students Saturday morning, and explain why Dr. Rainey was discharged and elect a new president.

The student request was made to the governor by Malcolm Wallace, student body president, while thousands of undergraduates demonstrated on the capital grounds.

The governor revealed that he had already invited W. H. Francis of Houston, president of the ex-students' association, to confer with him here today.

The request of students asked the governor to send to all regents was this:

"On behalf of the university student body whose dearest are at stake, I request you and other members to convene in Gregory gym at 10 a. m. Saturday Nov. 4 in open meeting in order to explain to the students the basis of the Houston decision and to elect a president. I am accepting no resignations."

Students returned to the university when Wallace announced to them the Houston decision and in answer to the request after the conference with Francis and faculty representatives.

Rainey's discharge and the resignation of three regents, Chairman John H. Bickett of Dallas, H. H. Weinert of Seguin and Dan J. Harrison of Houston dumped into the governor's lap an unprecedented responsibility for the future of the state university.

The regents said in a statement Rainey was discharged because in their opinion he had "failed and refused to conform and be guided by the rules, regulations and policies of the board and to properly and efficiently discharge xx x many of the terms and conditions of the trust committed to him by the board."

His discharge and the trio of resignations capped long standing dissensions between the administration and the board.

The governor has not acted on the resignation of the three board members.

It all these resignations take place, Gov. Stevenson on Jan. 1 will have the unique task of naming an entire board.

### Mussolini's Property Is Seized by Court

ROME, Nov. 2.—(AP)—Benito Mussolini's personal property and real estate were ordered confiscated by a Rome court today at the request of the customs superintendent's office.

The order also provided for seizure of the property of Mussolini's immediate family.

Rome newspapers said the greater part of Mussolini's goods had been transferred previously to Brazil by planes of a trans-Atlantic airline, of which Vittorio Mussolini, son of the former dictator, was president.

### Soviets Within 28 Miles of Budapest

By WILLIAM L. RYAN  
Associated Press War Editor

British and Canadians driving to clear Antwerp's port facilities threw the Germans out of all but the northern outskirts of Vlissingen (Flushing), main Walcheren island city, today.

In the east, the lightning Red army drive through Hungary by German report was only 28 miles from the outskirts of Budapest. The German high command also admitted that British and partisan troops had cleared 100 miles of the Yugoslav Dalmatian coast, including the major harbors of Split, Metkovic and Dubrovnik (Ragusa).

Commandos who hit Walcheren island's west coast yesterday expanded their beachhead, and a front dispatch said German guns on the island fell silent. But the Nazis contested every foot of the British-Canadian drive from the west, south and east. Canadian assault forces driving across the south Beveland island causeway were thrown back temporarily, drove across again and held a savagely contested bridgehead. Allied warplanes supported the attacks despite bad weather.

The British Second army held a four and one-half mile front along the lower bank of the Maas (Meuse) river.

A captured German commander said resistance south of the Scheide Estuary had ceased.

A field dispatch reported the capture of a German general and 2,500 men pocketed south of the Scheide Estuary in Belgium.

The Germans reported allied shipping already using the Estuary, but the allies still must clear mines from the 50 miles between Antwerp and the sea.

Along the Maas Lt. Gen. Sir Miles C. Dempsey's forces have captured 4,300 prisoners in the drive to clear their west flank. The last main German 15th army column fled across the Maas as rear guard resistance increased on the approaches to the Moerdijk bridge across the Holland-Diep, the Maas' seaward outlet.

On the allied southern flank in France, Americans made substantial local gains in the Vosges foothills.

Russian armored spearheads smashed within 28 miles southeast of Budapest. Red army advance elements swept through Lajosmizse, 33 miles from Hungary's capital.

More than 100 populated places, including the rail junction of Kecskenet (pop. 80,000) were taken in the Russian advance along a 50-mile front between the Danube and the Tisza rivers.

Moscow announced clearance of all the Petsamo region, ceded to Russia in the Finnish armistice terms.

British troops have entered Salonika, Greek port city of 240,000 (over-war) population, which the Germans abandoned yesterday they had abandoned.

Polish and Indian troops driving toward the Po valley stronghold of Forli joined a brigadehead with British forces advancing westward across the Ronco river above Mel-

### Quads, A, B, C, And D, Continue In Good Health

PHILADELPHIA, Nov. 2.—(AP)—Three little sisters and a baby brother kicked and squirmed in their four separate incubators in Pennsylvania yesterday after their history-making arrival as the nation's tenth living group of quadruplets.

The tiny babies—still known only as A, B, C and D—were born within two minutes yesterday to Mrs. Mrs. Kathleen Hatcher Cirmine, 30, Oklahoma-born former Securities and Exchange commission stenographer.

The father, Joseph Cirmine, 39, an SEC financial analyst, faced the prospect of raising the four newcomers on an annual salary of about \$3,600 a year. The Cirmine family live in a modest three-room apartment in suburban Upper Darby.

Living-Hi hospital, the Pennsylvania hospital branch in which the Cirmine babies were born, announced that it would pay all hospital bills in connection with the birth. Mrs. Cirmine entered the hospital in mid-September, after X-rays showed a multiple birth was expected.

A, B, C and D weigh 3 pounds, 8 ounces; 2 pounds, 14 ounces; 3 pounds, 8 ounces, and 3 pounds, 5 ounces, respectively, the hospital said.

### Veteran Legislator Succumbs at 65

CORPUS CHRISTI, Nov. 2.—(AP)—Walter Elmer Pope, 65, veteran state legislator, died here early today. He suffered a cerebral hemorrhage last Sunday.

Pope, a representative of this district in the state legislature for 22 years, sponsored numerous bills including those for remission of ad valorem taxes and to build the seawall and port of Corpus Christi. Funeral services were set for 10 a. m. tomorrow.

### WAR IN BRIEF

WESTERN FRONT—Allies hurt German troops from all but northern outskirts of Vlissingen on Walcheren Island; British hold four and one-half mile front along Mass river.

EASTERN FRONT—Red army's lightning drive through Hungary only 28 miles from Budapest, Germans admit.

PHILIPPINES—Americans reported fighting in Carigara; Japanese continue reinforcement of Leyte forces.

YUGOSLAVIA—Germans report Allies have cleared 100 miles of Yugoslav coast, including three major harbors.

ITALIAN—Two Eighth army units join forces at Ronco river bridgehead.

ELECTION

(Continued from Page 1)

slasts last night heard Dewey declare: "Mr. Roosevelt, in his overwhelming desire to perpetuate himself in office for 16 years, has put his party on the auction block—for sale to the highest bidder."

And the ones bidding in it, Dewey continued "are the political action committee of Sidney Hillman and the communists of Earl Browder."

Whereas Dewey spoke of his opponent making a "cynical alliance with Earl Browder's communists," Senator Truman drew cheers in a Parkersburg, W. Va., speech in which he called the republican candidate "a political faker."

Truman, democratic vice presidential nominee, said:

"To win this war and bring our fighting men back home, we have a leader who can act and not a political faker who first scoffs at the war program as 'fantastic' and impossible and then, when the impossible has been accomplished, tries to make you believe that it was a failure."

Otherwise along the campaign trail:

Major Secretary Ickes, bidding for the Negro vote in New York's Harlem, said in a speech there that Mr. Roosevelt "had pressed steadily toward the goal of a democratic army where there will be no segregation or discrimination." Negroes have advanced far under the new deal, Ickes said.

The Mississippi legislature arranged to convene at Jackson to consider means of replacing three democratic party electors who have said they won't vote for the Roosevelt-Truman ticket. There was some talk that they could not be done without calling off the presidential election in Mississippi Tuesday.

Governor John W. Bricker of Ohio traveled to Paterson, N. J., for a (CBS) network radio speech tonight at 8:30 p. m., cwt.

Senator Bennett Champ Clark of Missouri, defeated by democratic renomination, came out with a speech at St. Louis declaring that "it has been President Roosevelt's responsibility to conduct the war and X X X he has conducted it magnificently." Clark in times past has differed strongly with the administration.

The republican and democratic national convention, Robert E. Hannegan and Herbert Brownell, continued their feud-within-a-feud from their New York offices.

Hannegan said in a statement that "Dewey will not carry as many states as the republican candidate did in 1940." The number was 10. Brownell replied that "I plan to make a statement that is not fact, but that before the election."

commission disclosed in Washington that production of high priority assault ships was "very materially" increased last month.

The 20th bomber command, which normally promptly reports all Su-20 reports, reported that the formation of yesterday's confused Tokyo broadcasts that one or more B-29's from Marianas Island bases appeared over the capital.

Dismounted cavalrymen were reported fighting in Carigara town on the northern shores of Leyte Island in the 24th division were a few miles to the south.

Nipponese reinforcements continued to land at Ormoc on the west coast in the face of punishing attacks by U. S. planes and PT boats. A freighter, a tugger and a troop-landed barge were sunk.

A 10,000-ton Japanese tanker, carrying a deckload of explosives, was blown up by fighter planes off Borneo. Two other tankers were damaged.

A total of 27 Japanese and three U. S. planes were destroyed in the Philippines and nearby islands. Tokyo radio claimed many American planes were destroyed in a Nipponese raid on Morotal, 300 miles south of the archipelago.

MacArthur said four of the seven raiders were shot down and little damage was caused.

A Japanese communication claimed raiding planes sank four Allied cruisers—it said one may have been a battleship—and damaged three battleships in Leyte Gulf.

Adm. Chester W. Nimitz said he would keep the Japanese guessing as to the number of U. S. warships damaged in the second battle of the Philippines. Six American and 24 Japanese warships were sunk. Fourteen other Japanese warships were probably sunk and 22 damaged.

In northern Burma the 36th British division captured Mawlu, important railway junction 92 miles southwest of Myitkya and 180 miles north of Mandalay. Chinese patrols in a parallel thrust to the east were operating 18 miles from Bhamo, near the China border.

Chungking admitted Japanese drove wedges deeper into Kweilin, with bitter fighting underway near the northern railway station.

Southeast of Kweilin the invaders flung siege to Pinglo and advanced 12 miles from Funchuan, apparently intent on linking with other columns pushing toward Liuchow, U. S. air base.

Chungking said six counter-attacks were beaten back with heavy Nipponese losses some 45 miles south of Liuchow. Chinese recaptured Mingyuan, a highway town 100 miles northwest of Kweilin, and repulsed Japanese attacks six miles from Fochow, central coast port.

GOVERNOR

the new nine-member board of regents because the terms of three members expire on that date. Under Texas law, regents are appointed by the governor, subject to confirmation of the state senate.

The clash between Rainey and the board has already participated investigations by the American Association of University Professors and the Southern Association of Colleges and Secondary Schools. The AAUP is an organization of college teachers; the Southern association is an accrediting agency.

Discharge of Rainey also precipitated an immediate uproar on the campus at the university. Students carried banners reading: "No classes till Rainey." "We want Rainey." "No compromise."

An unsigned handbill was widely circulated, saying in part: "This is it. X X X Move over Georgia for the way the faculty will be purged of all thinkers."

AUSTIN, Nov. 2—(AP)—Dr. Theophilus Shickel Painter, 53-year-old professor of Zoology named acting president of the University of Texas, is nationally recognized in the field of genetics.

A native of Virginia, he received his bachelor degree from Roanoke college and master and doctor degrees from Yale university.

He is a former instructor in biology in the Sheffield scientific school of Yale. He became an assistant professor at the University of Texas in 1916 and has been here since that time. He holds membership in numerous scientific societies and has written extensively in the fields of cytology and genetics.

A gardener by avocation, he specializes in water lilies and iris. A Presbyterian and mason, he is married and is the father of four children.

HOUSTON, Nov. 2—(AP)—In a fighting statement, Dr. Homer Price Rainey, discharged as president of the University of Texas Wednesday night by the board of regents after a hectic two-day secret meeting, declared today that he could not compromise his sacred educational duties because of their fundamental importance to the university.

After voting to fire Dr. Rainey and appointing Dr. T. S. Painter, biology professor, acting president, the board of regents adjourned Wednesday night. Three of the regents, Judge John H. Bickett of Dallas, chairman; H. H. Wehnert of Seguin and Dan J. Harrison of Houston, announced their resignations. Three others, Scott Schreiner of Kerrville, Orville Bullington of Wichita Falls and D. F. Strickland of Mission, were reported to have resigned or expressed the intention of doing so, but no verification of this was forthcoming.

The issues mentioned by Dr. Rainey in his statement involve that principles of academic freedom and freedom in administrative management, he said, which "enable the university to function in accordance with the principles of all great universities everywhere."

### SOMETHING NEW--FROM VIRGINIA

RICHMOND, Va. -- (AP) -- Junior women's clubs in Virginia will send wedding gowns to Australia for the use of Australian women in service. Named the "Phyllis Pedigo Wedding Gown project" in honor of the former Covington Junior Woman's club president who served as a Red Cross club director in Australia early in the war, the clubs will send gowns to girls in clothing-rationed Australia who do not want to be married in uniform.

The first known shipment of petroleum occurred in 1790 from Oil Creek to Pittsburgh, Pa., in two five-gallon kegs carried on horseback by Nathaniel Curry, who traded the petroleum for provisions.

### Letters From a Correspondent's War Notebook

By HAL BOYLE  
WITH THE AEP IN GERMANY, Oct. 31--(Delayed)--(AP) -- It happened across the border in Holland.

He was an American private with a few hours to spend in town. She was a Dutch girl--chubby, blonde and with a wide grin. They met on a street corner. Their only introduction was an exchange of smiles.

out a pack. "Out," she replied. "Mademoiselle?" he inquired cautiously.

"Out," she replied. He held out his arm and asked, "Promenade?"

Again she said, "Out." Arm in arm they strolled down the street. They had gone only a couple of blocks when a husky young Dutchman stepped up behind them, seized the girl by an arm and began hauling her back the way she had come.

Troops who fought through Aachen had pie on the menu almost every day because their own food was supplemented by captured German supplies seized during the house-to-house cleanup. "We found some flour and lard,

and we already had plenty of canned fruit, so we had all the pie we could eat," said Pte. Frank Ballin of Brooklyn, N. Y.

"We also are drinking a lot of German coffee that we picked up, but it is too bitter. We put a couple of dippers of our coffee into four or five of theirs and it goes down all right."

One group of forward doughboys was a little startled when four German soldiers surrendered while carrying swimming trunks.

"They wanted to know how soon they would be sent to Florida," said Capt. Brad Willingham of Baton Rouge, La.

In the Elizabethan period, masters of the art of pipe smoking received pupils whom they taught to exhale smoke in little globe or rings.

### T. C. Neal Dies Here at Age 80

Thomas C. Neal, who was 80 last February 14, died at his home at 948 E. Hobart yesterday at 6:30 p.m. following an illness of about a year. He had lived at that address since he came to this county as a farmer in 1915. He was born in Wilson county, Tenn.

Surviving are the wife, Ida; two sisters, Mrs. James Van and Mrs. W. W. Patton, both of Watertown, Tenn.; and one brother, George, who lives at Nashville, Tenn.

He married Ida Jones Nov. 14, 1894, and to the couple were born two children, Ethel Jones Neal, in 1895, and Basil Ashley Neal, in 1900. Both of them are deceased. Mr. Neal was a member of the Baptist church since he was a young man. Services will be held at 2 p.m. Friday at the Duenkel-Carmichael funeral chapel, and burial will be made at Fairview cemetery. The

### Rev. H. B. Whitley, pastor of the First Baptist church, Haskell, will officiate.

Funeral services will be 2:00 p.m. Friday at the Duenkel-Carmichael funeral chapel, Haskell, with Rev. H. B. Whitley, pastor of the First Baptist church, Haskell, officiating.

Flower girls will be Mrs. Nelle Gilra, Mrs. Bob Huffines and Miss Clara Lee Shumaker.

### Output of Big Bombers Goes Up

WASHINGTON, Nov. 2.—The United States built 145,560 combat planes—74,993 bombers and 70,627 fighters—between July 1, 1940, and Sept. 30, 1944.

This was disclosed by the war production board, which released for the first time detailed figures on aircraft production by type.

In addition to the bombers and fighters, the output included: Transports, 17,592; naval reconnaissance, 2,345; trainers, 54,642; communications, 10,785; and special purposes, 1,459, making a total of 232,403.

There was no breakdown on bomber types, but WPB Chairman J. A. Krig told a recent news conference that aircraft output through October had reached 340,000 and that 25,000 of the planes were four-engine bombers.

### Pfc. Ray Jackson is Home From Pacific

PFC. RAY JACKSON

Marine Pfc. Ray Jackson, 21, left Monday evening for Mindeminees, Mo., to visit with his parents, Mr. and Mrs. Lyman Jackson. Jackson has been awarded the Yellow ribbon that means he was in service before Pearl Harbor, the Red, White and Blue ribbon for the American theatre, the Orange with Blue and White stripe, signifying service in the South Pacific. He also has a star for each of the four campaigns he participated in: Guadalcanal, Tarawa, Saipan, and Tinian. He has been given the Red, Yellow, and Blue Horizontal stripe with two stars and the Presidential Citation has been awarded him twice.

Before enlisting on Sept. 16, 1941, Pvt. Jackson attended Pampa high. Pvt. Jackson has been in Pampa for the past week visiting with his grandparents, Mr. and Mrs. Wm. Jackson and an uncle and aunt, Mr. and Mrs. Ernest Orane, and their daughter, Ernestine. His parents are former Pampans, leaving Pampa four years ago. Jackson's sister Mrs. Melvin Adams, of Edinburg, Ind., joined him here for the visit.

After spending the remainder of his 36 days furlough with his parents, he will report to a base in South Carolina for re-assignment.

### 17-Year-Olds May Get Into Marine Corps

EL PASO, Oct. 2.—Seventeen-year-old boys again have the opportunity open to them to serve with the United States marine corps, it was announced here by Captain William B. Wisdom, officer in charge of the local Marine Corps office.

"The marine corps has been at full strength for some time past," the captain stated, "but replacements have been recruited in small numbers right along, and our quota for the next few weeks has been increased to the point where more applicants will be welcome at our office."

Continuing, the captain said: "With Marines in the thick of the fight in the South Pacific, the corps affords the young men of America their greatest opportunity to see action and to play a most important part in the achievement of final and complete victory over our common enemies."

The El Paso office of the Marine Corps is located at 906 Mills building, and is open from eight a. m. until four-thirty p. m. Boys of 17 and not yet 18 are eligible if in

### Sinatra Not Concerned About Career, He Says

NEW YORK, Nov. 2.—Singer Frank Sinatra says good government is more important to him than his spectacular career.

The idol of the bobby-soxers held 20,000 persons at a Roosevelt-Truman rally in Madison Square Garden.

"Some people tell me I may hurt my career by taking sides in a political campaign. And I say to them: 'To hell with this career. Government is more important.'"

BETTER FOODS FOR LESS

### Right Shoe Style Will Make Legs and Ankles Look Perfect

ADELE JERGENS: Finds ankle straps enhance legs.

Instead of envying the pretty legs of other girls, copy their choice of footwear, which (more often than Nature's handwork) makes underpinning the long-stemmed beauties that provoke sighs. High-heeled shoes, for instance, deepen the curved line of any legs; makes any pair of ankles and calves look slimmer. The more sleekly shod your feet, the more fragile ankles look by contrast. For these and other tips, listen to screen lovelies whose legs rate camera close-ups; in particular to Adele Jergens, "Tonight and Every Night" pin-up girl. Adele thinks that for winter wear, suede shoes promise the most in flattery; that high-riding bracelet straps or "slings" are glamor's best advertisements. If ankles are slimmer than you like, however, she thinks flat-heeled shoes will make them look fuller; that straps or oxford ties across the instep will foreshorten a longish foot. Pumps, in her opinion, are the best bet for giving full legs the illusion of slimmness. Do a better job when they have walled heels and rounded toes; are made of heavy material—such as reptile or calf—which by contrast minimize the size of legs.

### Pep Rally Will Be Held Friday For Harvesters

In order to get the rooters together before the Amarillo game, the Student Council of high school will sponsor a pep rally and bonfire Friday evening before the Harvesters meet their toughest opponent, the Amarillo Golden Sandies. The pep rally will begin at 7:30 in front of the LaNora theatre. Leading the rally will be the five cheer leaders one head leader and a representative from each class. Johnny Campbell to the council said: "Everyone is invited to attend the rally and show the Harvesters that the Pampa rooters have confidence in them. Win, lose or draw, Pampa will back them up." Following the rally, the band and student body will march to Harvesters park for the big bonfire. "With the work of the Student Council, publicity committee, band and cheer leaders, we expect this event to be a big one," states Jack Dunham, president of the Junior class and active member of Student Council.

Room-Mothers Are Sponsors at Party Hopkins room-mothers entertained the various rooms with a Hallow'een party last week. The Hallow'een motif was used and refreshments were served to the children and parents present. Mrs. Faye Flynn's first grade room entertained the parents with a program. The play was in the form of a circus and the rhythm band played. There were 19 parents present and several visitors.

#### Court of Awards For Girl Scouts Held Wednesday

Another successful city-wide Court of Awards was held in the basement of the Methodist church Wednesday at 8 p. m. with Mrs. George Roth, program chairman, in charge of the evening.

Mrs. V. S. Dixon, president of the local Girl Scout Association, opened the Court of Awards after a song and an impressive flag ceremony by Mrs. E. A. Sumner's girl scout troop No. 8. Dr. N. L. Nicholl made the presentation of second class awards after which the presentation of proficiency badges was made by Mrs. Lynn Boyd, who also presented a first class badge to Catherine McNamara.

Mrs. John Osborne presented community service pins and Miss Marie Stedje distributed senior service scout caps. A special guest of the evening was Mrs. R. A. Burnett of Amarillo. Mrs. Burnett brought an interesting message to Pampa from the girl scout regional committee, of which she is a member. In concluding the Court of Awards, "America the Beautiful" was sung by the entire audience and the girl scout prayer was repeated by the scout audience. National Girl Scout Week is being observed by troops in Pampa and special emphasis has been placed on learning hospital service under their community service badge work. Mrs. Redburn's Brownie troop two prepared Hallow'een favors for the Pampa army air field hospital. Other community service work was done by Mrs. Neustell's Brownie troop 23 preparing favors for Worley hospital trays and Mrs. Stullins scouts prepared tray favors for Pampa hospital. Each Sunday afternoon several girl scouts work at the USO assisting hostesses in keeping ash trays clean, magazines and records sorted properly. Senior girl scouts make swabs and sponges every Thursday afternoon under the direction of Mrs. D. A. Caldwell.

This week all girl scouts are selling calendars to the public. The proceeds will be used to further individual troop work. It may be hoped, however, that Secretary Ikes is better informed on the abundance of oil for converted furnaces than he seems to have been on the coal supply when he first asked for conversion with the implication that there would be plenty of coal for everybody.

#### Junior Art and Civic Club Has Hallow'een Party

A Hallow'een party was held by the Junior Art and Civic club of LeFors Saturday night at the Coltezo Community hall when games were played and prizes won. Mr. and Mrs. Finley Vanderburg were awarded the prizes for the most appropriate costumes.

Refreshment plates in keeping with the Hallow'een season were served to the following guests: Messrs. and Mrs. Jack Mann and daughter, Bob Brown and daughter, Max Brown and children, Elvis Marthis and son, Ray Chastain, L. I. Spence, Finley Vanderburg. Messrs. Roy Carruth and son, Ray Jordan, Raymond Guyton and Mrs. Mary Evelyn Reynolds.

### Primary Group To Have Church Party Saturday Afternoon

A party will be held Saturday for members of the Primary department at the Presbyterian church from 2 until 3:30 o'clock. Each child is asked to bring cookies and games will be played after which refreshments will be served. The party is under the direction of Mrs. C. V. Wilkinson and Miss Elsa Plants.

### Chaplains Visit With Bereaved

Chaplains at Pampa Army Air Field are rendering additional service to bereaved people of this community by visiting relatives of members of the armed forces who become casualties. To comfort those whose loved ones have given their lives to their country, Colonel Charles B. Harvin, commanding officer of the base here, announced that Chaplains Warren E. Murphy and L. G. Faskert will visit the families within the local command in which casualties have occurred without regard to the branch.

### CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—New her Backache is better. Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pain, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with burning and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! # Harvesters In Final Preparations For Golden Sandies

## Years of Tough Grid Classics Are Handed Down; Amarillo Is Favorite

By EVERETTE HANNISTER  
News Sports Editor

ENTERING the District I-AA grid conference fourteen years ago, Pampa Harvesters and the Amarillo Golden Sandies have waged, and fought, a continual battle ever since.

From fourteen years of conference battles, the Golden Sandies have ridden victorious over Pampa in eleven tilts, and while the Golden Sandies are licking wounds received last year when the Harvesters upset them 7 to 0, the Harvesters are remembering the licks they have received in the past.

"It will take us eight straight years of wins to even tie that record," said Harvesters Coach Otis Coffey, today.

This is what Pampa grid fans are pondering as they see a tough and snappy bunch of Harvesters out on the gridfield of Butler Stadium, Saturday afternoon.

The Harvesters' thrashing machine is working smoother than it was in the early part of the season, and Coach Coffey, who breathes, eats, and sleeps football, will, even after the Pampans have received an estimated 20 points underdog rating, watch his boys attempt to bring the laurels of the clash Pampa way.

Down through the years the battle has been handed down by pops that would have their sons follow in their very footsteps to beat, if they can, the Golden Sandies. Its a hard heritage, the grid neck, and if the Golden Sandies are under the impression they can take the pigskin toward their goal in a series of touchdowns they had better come again.

Misconstruing the intention of the Harvesters' workout on the Butler Stadium gridiron last Saturday, following a genuine treading of Brownfield Friday night, sports scribes it would be assumed after years of "covering" sports in every phase, know that any deviation from home soil would be termed "trick."

So far as the gridfield of Butler Stadium being "trick" the Harvesters are well aware that it is an even better gridiron than the one in Harvesters Park, and also that many grid notables have exhibited football tricks. But, many of the Harvesters will be glad to see the Amarillo gridiron their very first time this year, therefore to them, not only the gridfield of Amarillo, but the gridfield of other than home games could be termed "trick."

Grid tricks are going to be pulled by both the Harvesters and the Golden Sandies Saturday. One of them is the flying "trapeze" that has gained fair fame for the Harvesters when it has been used. It was exhibited to perfection against the Oklahoma City Central Cardinals when they invaded Pampa with the idea of pulling a practice workout, and return home with all the laurels of high score. They went home with seven points.

Officials for the game, starting at 2:30 in the afternoon will be Harry Viner, referee; W. C. O. Harris, umpire; Gene Bedford, head linesman and Morley Jennings, field judge. A conference game the play will be under the rulings of District I-AA. In the event the game is a tie at the final gun, the winner will be determined by 20 yard penetrations. If the penetrations are tied first downs will come next on the consideration list, and should this be tied total yards gained will next be taken, and should this also be tied the winner will be determined by the flipping of a coin.

Coach Coffey has not announced the starting lineup for the battle royal, but it is assumed that it will consist of the same identical line that faced the Oklahoma City Cardinals when they met Pampa here several weeks ago.

## Twilight Tear Is Picked as 1944 Winner

BALTIMORE, Nov. 2—(AP)—Twilight Tear, apparently headed today for selection as the horse of 1944, will have another year in which to go after Top Flight's \$275,000 earnings record for their sex.

The Tear, first filly ever to start in the Pimlico special, romped home ahead of Devil Diver and Megogo yesterday to win a \$25,000 purse and boost her winnings to \$202,165 in two years of racing in which she has won 13 of 23 starts.

Trainer Ben Jones of Warren Wright's Calumet farms said after the race "we can't afford to retire her" and that she would compete for another year. The Tear may make one more start this season at Pimlico, he added.

## NON-SUPPORT LONDON—(AP)—A pair of braces killed 71-year-old James Hubby. They broke and his trousers fell and tripped him. He fell over a balcony and died of a fractured skull.

## Duck And Geese Hunters Took To Firing Lines This Morning

The duck and geese season opened at sunrise—at least for those hunters fortunate enough to have ammunition.

The season will remain open to Jan. 30, 1945, inclusive. That gives the sportsman an 80-day period compared to a 10-day shorter period last season.

The shooting hours are from sunrise to sunset.

Ducks—10 a day, including not more than one wood duck, and in addition, five singly, or in the aggregate of mallards, pintails, or wildgeons. Possession limited to two days' kill.

## Head Work

## Sports Roundup

NEW YORK, Nov. 2—(AP)—There's always something going on in Brooklyn—General Manager Tom Galery and Coach Pete Cawthon of the football Tigers still are exchanging words hot enough to make the Gowanus Canal boil when Branch Rickey, at whom the bleacher birds have been belting "cheap cheap," all season, comes along and buys a quarter interest in the Dodgers—some of the customers probably will say that's the only thing Branch has bought all season—at any rate, it wasn't a small amount that Rickey put up for a share in a club that hasn't paid dividends in years—when Max Meyer was negotiating for the club last spring he was ready to pay \$200,000 for the same block of stuff.

EVERYTHING WAS JAKE Alex Robb of the thoroughbred racing associations (Inc.) comes up with this one about Jacob Pincus, a famous horse trainer in the old days and later a race starter. Pincus seems that one day at Jerome park, Pincus was having trouble with a start, especially with a horse ridden by an English amateur rider—finally Pincus sent the field away but the Englishman was left—hoping it was a false start, the amateur asked: "Is it a 'go' Mr. Pincus?" Pincus said "yes," pointing up the track, "and I think they went that way."

COLOR CHART Harold Green, who fights Rocky Graziano at the garden Friday, is trained by Freddie Brown. He used to be called "Red" but his flaming hair recently turned black. His opponent's trainer is "Whitey" Blinstein—and if the fight doesn't draw, Mike Jacobs, naturally, will be blue.

SHORTS AND SHELLS The reason the winter golf tour will start in Portland, Ore., is that after an exhibition last summer, Bob Hudson asked Jug McSpaden how much it would cost to put on an open tournament. McSpaden replied, "\$10,000 and Hudson hauled out a check book and wrote one for that amount—what's this story that Col. Bob Neyland, ex-Tennessee coach now in China, is headed for Yale after the war? Sounds just ridiculous enough to be true, and Yale is one place where "the majah" always wanted to go—Bob Wooten, Oklahoma end who has kicked 16 out of 19 points after touchdowns this season, never even tried one before this year.

## Cawthon Signs With Detroit's Lions

BROOKLYN, Nov. 2—(AP)—Hot words are still flying around the Brooklyn Tigers football office as the result of the "resignation" of Coach Pete Cawthon followed by charges "Cawthon received a check for \$4,188.40 in our offices Monday. In return he agreed in writing not to "harass, impede or interfere with our club," but he went downtown to cash the check immediately and then began sniping at us."

## Major Leagues Begin Prep For 1945 Play

CHICAGO, Nov. 2—(AP)—Baseball's major league strategists already preparing for their fourth wartime season, apparently are determined to keep their batteries well-charged over the winter.

When officials of 13 clubs spent \$137,500 in less than 15 minutes at their annual draft meeting yesterday, they went hot and heavy after pitchers and catchers, who comprise 10 of the 19 players selected from minor leagues.

The first three players selected were hurlers. Charles Sproull, 16-game winner for the champion Milwaukee club of the American Association, was the No. 1 choice of the Philadelphia Phils who got the first crack at the draft bargain-counter.

The Washington Senators, making the first American League pick, drafted Marino Pieretti (26-13) of Portland in the Pacific Coast League. The Brooklyn Dodgers, who shopped the hardest in grabbing three players, all pitchers had the next bid and took veteran Tom Seaver (25-13) of the San Francisco Seals.

Neither of St. Louis' 1944 champions, the Cardinals and the Browns, made a bid while the only other club that failed to bid in the minor league barrel was Detroit. The Tigers sought three players, but all were ineligible because of previous selections from their clubs.

The Senators, Philadelphia Athletics, Boston Braves and Chicago White Sox drafted two players each, while the Phillies, New York Giants, Cleveland Indians, Chicago Cubs, Boston Red Sox, New York Yankees, Pittsburgh Pirates and Cincinnati Reds bought one apiece. The total of 19 draftees was three more than last year when \$110,000 was poured into minor league coffers.

Seventeen players were from Class AA leagues purchased at the fixed \$7,500 price tag. One was a \$6,000 Class A buy and the other a class B player at \$4,000.

## Schoolboy Gridders In Title Roles

By HAROLD V. RATLIFF  
Associated Press Sports Editor

The stretch drive starts this week in Texas schoolboy football with important conference engagements from Panhandle to the coast. In fact, only eight of the 44 games on the schedule are non-title affairs.

However the top battle from the point of state-wide importance will be played at Dallas where the third-ranking Highland Park Scotties meet the lightweight of Marshall, an outfit that was able to hold mighty Waco to a one-touchdown margin, which was better than Highland Park could do.

This game will bring together two of the Pampa heralded engagements—Walker of the Scotties and Bryan Gillory, the streak of lightning in a gang of speedsters from Marshall.

Outstanding conference game is the Stevensville Abilene struggle at Abilene. Sweetwater is the last undefeated, untied team in all West Texas and the outfit given the best chance to halt San Angelo's great Bobcats who are ranked No. 1 on the gridiron hit parade.

It also is the week of the traditional Pampa-Amarillo game and that's ace high in the Panhandle. Last year Pampa upset Amarillo just when the Golden Sandies appeared headed for at least a semi-final berth in the state race. Amarillo wants revenge.

There are many other games that will have important bearing on district champions. Also, at least four of the state's undefeated, untied teams are in danger of falling. Sweetwater is one, North Side (Fort Worth) is another, while Goose Creek faces trouble in Orange and Austin's Maroons tackle a grand grid outfit in Thomas Jefferson of San Antonio. North Side plays Poly, one of the toughest clubs of the Fort Worth district.

The other teams with perfect records appear in no particular peril, with Paschal (Fort Worth) playing Masonic Home, Sunset (Dallas) meeting its Oak Cliff rival, Adamson, Waco engaging Corsicana and Kerrville entertaining San Antonio Tech. Tyler, the other undefeated outfit, has no game this week.

The Schedule by Districts  
1—Friday: Berger at Plainview (conference), Lubbock at Brownfield (conference); Saturday: Pampa at Amarillo (conference).  
2—Friday: Olney at Electra (conference), Quanah at Wichita Falls (conference), Vernon at Childress (conference).  
3—Friday: San Angelo at Midland (conference), Sweetwater at Abilene (conference); Saturday: Yaleta at Odessa.

4—Friday: El Paso High vs Bowie (El Paso) (conference).  
5—Friday: Greenville at Sherman (conference), Texasland at Bonham.  
6—Friday: McKinney at Arlington (conference), Sulphur Springs at Denton (conference), Marshall at Highland Park (Dallas).  
7—Thursday: Masonic Home (Fort Worth) vs Paschal (Fort Worth) (conference); Friday: Poly (Fort Worth) vs North Side (Fort Worth) (conference).  
8—Friday: Forest (Dallas) vs Crozier Tech (Dallas) (conference); Saturday: Sunset (Dallas) vs Adamson (Dallas) (conference).  
9—Friday: Brownwood at Cisco (conference), Weatherford at Breckenridge (conference), Ranger at Mineral Wells (conference), Stephenville at Dublin.

10—Friday: Corsicana at Waco (conference), Bryan at Waxahachie (conference), Cleburne at Temple (conference), Hillsboro at Ennis (conference).  
11—Friday: Kilgore at Gladewater (conference).  
12—Friday: Huntsville at Lufkin, Jacksonville at Henderson (conference), Livingston at Nacogdoches (conference).  
13—Thursday: Jeff Davis (Houston) vs Lamar (Houston) (conference), San Houston (Houston) vs St. Thomas (Houston) (conference), St. Thomas (Houston) vs Milby (Houston) (conference); Saturday: Austin (Houston) vs San Jacinto (Houston) (conference).  
14—Friday: Galveston at Port Arthur (conference), Conroe at South Park (Beaumont) (conference), Goose Creek at Orange (conference); Saturday: Nederland at Fry.

15—Friday: Pharr-San Juan-Alamo at Laredo, Brackenridge (San Antonio) at Corpus Christi (conference), Jefferson (San Antonio) at Austin (conference), San Antonio Tech at Kerrville (conference).  
16—Friday: McAllen at Kingsville (conference).

## 'Bucks' Prepare For Friona Tilt

Special To The NEWS  
WHITE DEER, Nov. 2—In their first day-time game of the season, the Bucks will engage the Friona

Chiefs here, Friday afternoon at 2:30 o'clock.

The Chiefs stand second in District I-A, having won four games and lost one in conference play and having won five and lost three in the season's play. The Bucks are undefeated, with six wins to their credit, two of them conference games. But in spite of this one-side

rating) the Chiefs have a big team, and are expected to put up a good fight.

Floor blowers—similar to those formerly seen at amusement parks are now used to whip dust and lint from clothing of workers entering defense plants.

### Scrubes Buried Side by Side

By FRANCIS McCAETHY  
(Representing the combined American Press, distributed by the Associated Press.)

WITH THE FIRST CAVALRY DIVISION, LEYTE, Oct. 29—(Delayed)—(P)—Stanley B. Gunn, 31, of the Fort Worth, Texas, Star-Telegram and the Houston Chronicle died today in an army hospital here, second war correspondent vic-

tim of a Japanese aerial bomb explosion on October 26, which also killed his wife, Mrs. Gunn, 32, of the Associated Press, formerly of Salem, Ore.

Only his fighting spirit and whole blood donations in large quantities by his fellow correspondents kept Gunn alive for more than 72 hours in the opinion of the 56th evacuation hospital surgeon who attended him.

Capt. Walter N. Boyd, of Denver, Colo., and Elmer S. Eddins, of Memphis, Tenn., said the immediate cause of death was an embolism.

Gunn's body was interred alongside that of Bush in the U. S. army cemetery, Airforce Chaplain Howard Johnson of Fort Worth, Texas, conducted simple services attended en masse by war correspondents.

Maj. Gen. Verne D. Mudge, commander of the First cavalry division with which Gunn and Bush were serving at the time of their death, expressed his force's regrets:

"I found them particularly courageous and devoted to their duty. They were men of high character and professional excellence were in the highest tradition of the newspaper business."

Gunn is survived by a widow and two children in Fort Worth. His parents reside in Austin, Texas. Bush is survived by a widow and family in Salem.

### WAR REUNITES BROTHERS AFTER 18 YEARS

After 18 years' separation, Robert Eastetter of Bennington, Kan., met his brother, Emil, of Karlsruhe, Germany, in a prisoner of war camp here.

Robert came to America with his family in 1926, settling first in Clay Center, Kan., before moving to Bennington, Kan., where he was captured in Italy after seeing service in France.

Robert quoted his brother as saying he never wanted to return to Germany.

### A 25-YEAR GOAL

CHAPEL HILL, N. C.—(P)—Silas O. Nicholson, 44, of Salisbury, N. C., has just entered the freshman class of the University of North Carolina. He gave up a successful business career to work for the degree.

"I'm doing what I've wanted to do for the last 25 years," he said.

### RATS GO THE WHOLE HOG

DENVER—(P)—The discovery of swine erysipelas organisms in rats indicate that the rodents may transmit this disease from infected to healthy hogs, according to Dr. George W. Stiles, bacteriologist of the bureau of animal industry at the Denver laboratory. He listed this as another reason for rigid rat control.

MONEY CAN BUY

### This Week Try SOMETHING NEW!

Drop out whatever brand of coffee you've been using and buy a pound of Admiration instead. But don't let the family in on your secret. Just serve up this delicious blend in the usual way. You won't have long to wait for the broad smiles of satisfaction. Up and down the table warm and hearty applause will attend the first sip. For in Admiration—at last—you'll find all the rich, mellow goodness you've always wanted, all the full-bodied flavor, all the room-filling aroma. Most of all you'll have in Admiration coffee that's the same today as 25 years ago—and that will be the same tomorrow and for years to come. Many roasters have cheapened their blends with inferior coffees, thus to "save" money. But not Admiration. The wholesome, delightful flavor never varies, even from package to package. By all means buy a pound today.

# No Park Benches for PAMPA'S RETURNING SERVICEMEN!

From the mud, filth and disease-ridden foxholes of the nation's battlefronts to apple carts and park benches again?

No, not for the returning veteran of Gray county, for whether or not donors to the Pampa Community Chest Fund are aware of the fact, \$6,000 of the \$21,000 goal is going to be put into the erection of a welfare and civic center building, to care for rehabilitation of Pampa's returning veterans.

It's a long, hard road from home to the battle front, and then back again.

It's longer and harder road though to return home with everything taken, and little offered when it comes to badly needed assistance.

The Pampa veteran can, and is assured of a security difference in the structure of this veteran center. The building of this edifice will mean the difference between security and the selling of apples.

Pampa is waiting for the return of its veterans and men who have taken the torch of battle to far flung fronts, depriving themselves of bare necessities, to sit waiting in mud, filth and slime for VICTORY AND HOME, are not going to be let down.

You, who remained at home in comfort while our armies pushed forward to end this chaotic dream of dictators, GIVE, GIVE, GIVE, for in giving, you are sealing a pact of security for those who return.
