## Japs Retreat in North Burma, Step Up Leyte Campaign

### Enemy Claims Sinking of 8 Allied Ships

By LEONARD MILLIMAN  
Associated Press War Editor

Japanese forces were reported in general retreat in Burma today and making desperate efforts to seize the offensive in the Philippines to gain time for further conquest of China.

A Chinese spokesman admitted the military situation was so grave "the government is sparing no effort" to reach agreement with Chinese communists, long estranged from Chiang Kai-shek. He insisted the invaders could never take Chungking, but Tokyo reported 30,000 Chinese were fleeing from Japanese columns driving into the heart of China.

Tokyo radio claimed Japanese assault forces reinvaded Morotal, American planes today attacked south of the Philippines, without the loss of a man.

Gen. Douglas MacArthur acknowledged that some damage had been inflicted on the American fleet in San Pedro Bay off East Luzon by persistently attacking enemy torpedo and dive bombers. A Japanese Imperial communiqué claimed one American battleship, three cruisers and four transports were sunk, and a battleship, cruiser and transport damaged. Half of the 30 attacking planes were shot down.

On the opposite side of the island, American destroyers circled slowly through enemy minefields for three hours, meanwhile heavily bombing Ormoc, key to Japan's Leyte defenses.

Thirteen miles to the south, Associated Press War Correspondent Spencer Davis reported, Japanese troops have been counter-attacking American 7th division outposts for a week in costly, but well-planned, nighttime sorties. About 600 Japanese and 100 Doughboys have been killed in this Japanese probing for a spot to make a general breakthrough.

The mid-air headquarters said Japanese aircraft again raided the Marianas Superfortress base in the Marianas Islands Wednesday morning (Tokyo time). The enemy command.

### Crisis Subsides On Conscription Issue in Canada

OTTAWA, Nov. 29.—(AP)—Canada's explosive conscription problem moved toward solution in its purely parliamentary phases today but drafted troops in Pacific Coast camps still were protesting against the government's new policy of sending some of them overseas.

In a rare secret session, parliament heard Defense Minister A. G. L. McNaughton until nearly midnight last night, then adjourned to resume open deliberations this afternoon.

In parliament, after a week of one of the gravest crises in Canada's modern history revolving around the traditional racial conflict over conscription of overseas duty, Prime Minister W. L. Mackenzie King appeared to have won sufficient support to give him a comfortable majority on a vote of confidence to be taken in the next few days.

Protest demonstrations of a less violent nature were staged in British Columbia all of these involving English-speaking units, and sporadic demonstrations by small groups and individuals occurred in other parts of Canada.

### \$22,812 Bonds Sold Yesterday

YESTERDAY'S rally was more of an artistic than financial success, Judge S. D. Stennis, county bond drive chairman, revealed today.

Only \$22,812.50 was taken in (exclusive of the amount taken through the post office, figures on which were not available). Of this amount, \$14,812.50 was in E bonds. That gives a total of \$100,894.25 for the 6th loan drive in E bonds, and an overall total of \$171,592.75, he said.

The county's E bond quota being \$320,000, the amount yet to be raised is \$219,107.75. If the county buys Superbonds, it will have to buy \$499,107.75 more of E bonds.

The quota for the county of all kinds of bonds being \$1,160,000, there is yet to be bought \$988,407.75.

In addition, Judge Stennis announced a bond rally for Alameda for Dec. 7.

### Red Newspaper Inters Polish Issue Is Black

MOSCOW, Nov. 29.—(AP)—Russia served notice through the columns of Pravda today that the Polish government in exile had become a hostile political force with which any future negotiations were obviously impossible.

Accusing Polish reactionaries of a scheme to split the Allies and foster a new war, Pravda said it looked upon the withdrawal of Stanislaw Mikolajczyk as premier as destroying the last hopes of rapprochement with the Allied regime.

Mikolajczyk received gentle treatment in Pravda's discussion and apparently the possibility was envisaged that he and a number of other members of the peasant party abroad might go to Lublin, the seat of the Soviet-sponsored committee of national liberation.

There was no evidence to indicate doubt that he would be welcomed by the committee if he chose to join it.

With or without Mikolajczyk the liberation committee continues as the governing machine for liberated Poland. Relying upon its friendship with the Soviet Union, it seems certain to consolidate its power as additional areas of Poland are cleared of the enemy.

### RAINY REFUTES CHARGES HE HAS POLITICAL AIMS

AUSTIN, Nov. 29.—(AP)—A state senate committee inquiring into events that led to the discharge of Dr. Homer Price Rainey as president of the University of Texas today early today recessed subject to call of the chairman after hearing testimony that political force is being exerted "to curb academic freedom in Texas."

The last witness was Dr. Rainey, who replied to several specific charges brought against him by regents in testimony, and then told the committee:

"I don't believe adequate charges have been brought to sustain the board's action. You and the people will be the judge.

"The real reason for my discharge was that I was in the way of these people who were actuated by certain unjustified fears. In the face of the testimony that there has been a planned movement for two years to get rid of me, these other incidents I might reply to are immaterial.

"All that I have done I have done for the good of the university. It is ridiculous to say that I have political ambitions. I had rather be president of the University of Texas than hold any other job in the world. x x x I think it is more important for me to stand for the principles I have stood for than for me to be president. If out of this investigation we can get a clear conception of what this means, all this trouble will not have been in vain, but a great contribution to Texas."

Dr. Rainey's statement as to the "real reason" for his discharge followed testimony by Robert Lee Bobbitt, former attorney general and vice-president of the extension association, that "a scheme to limit and restrict the program of some of our institutions of higher learning" was evolved at a House-

SHAMROCK, Nov. 29 (Special)—Pvt. Melvin L. Simpson, paratrooper stationed at Fort Leonard Wood, Mo., yesterday afternoon was found guilty by a jury of failure to stop and render aid, following the accidental death of Peggy Bohler, 6-year-old daughter of Mr. and Mrs. Charles Bohler of this city.

Simpson, who declared his innocence of the charge, was sentenced to 15 days jail and fined \$100 and costs in district court, Judge W. R. Ewing presiding.

The child died in a hospital here within a few days after she was struck at noon, Oct. 11, as she was returning to school. Simpson was on furlough at the time of the accident, and was taken into custody shortly afterward.

### BE THANKFUL

That You Have This—

Instead of This!

By JAMES THRASHER  
NEA Service Editorial Writer

For a lot of us here at home, Thanksgiving may bring an uneasy, even a guilty feeling. Somehow we are too well fed, too warm and clean and comfortable. These are things to be thankful for, surely, but they put us too much apart from sons and husbands and brothers and friends in all parts of the world who are celebrating Thanksgiving without them.

And these are things that make us too remote from the spirit of the first Thanksgiving. That was a spirit of humble gratitude in people who had fought and suffered in an alien, unfriendly land to reap the meager bounty for which they offered their thanks. It may seem today that the bounty is being won for us by men who still fight and suffer while we keep a holiday, and that this occasion is more properly one of fasting than feasting.

But those feelings are probably wrong. We may well be humble and grateful. Yet there is no need to think that our customary holiday will be looked upon with bitterness by the men who fight our battles overseas.

Millions of homesick kids are going to be thinking of that holiday, of the family dinner table, and the food that is on it, and the people that are around it, and to them Thanksgiving itself may seem like something to be thankful for. They will be glad to know that it is just as it was, and they won't wish it any different. It's part of a country and a life to fight for and come home to.

### Prisoners of War Helping Farmers

Approximately 250 prisoners of war from the detention camp at McLean are being sent to farms within a 30-mile radius of the camp to aid the farmers in harvesting feed, picking cotton, stacking bundles, and other chores. Col. F. A. Baird, commanding officer of the camp told the News by telephone today.

Questioned concerning a rumor that the bumper cotton crop of Hall county was being harvested by the prisoners, Col. Baird said that he doubted it, although there were several prisoners working in the Memphis compress.

The farmers, upon being certified by their county agents, are allowed to work the prisoners on their farms," Col. Baird said, "but as the farmer has to furnish the transportation, I doubt that any will be sent to Hall county, which is more than 30 miles from McLean. They are being used in the compress there, but not many farmers could furnish such transportation."

These prisoners, he said, are all privates, and can be forced to work under the rules of war as laid down in the Geneva covenant. The non-commissioned officers formerly at the camp could not be so coerced, he said.

The privates are paid the prevailing wage rate for such work, as provided for in the covenant.

## Patton Roars Ten Miles into Reich

By WILLIAM L. RYAN  
Associated Press War Editor

U. S. tanks and infantry in raging battles drove the Germans from four towns today on the crumbling Roer river line, driving open the gateway to Cologne, 23 miles away.

Below them on the central sector American Third Army forces gained up to ten miles inside the rich German Saar, within eight-mile artillery range of the Saar capital of Saarbrücken. They reached in places the tough outer crust of the Siegfried line.

Veteran First Army tankmen and foot soldiers captured the ruins of the forest battleground of Hurtgen, 27 1/2 miles from Cologne; Jungersdorf, four miles from Duren, and Kleinhaus, a mile northeast of Hurtgen.

Organized resistance was broken by the Ninth Army at Kaslar, less than two miles from Julich. Duren and Julich are fortress towns on the Roer river line.

Edging steadily into the German homeland, as the Berlin radio spoke dolefully of "painful" retreats, Lt. Gen. George S. Patton's men also have brought Sarrautern and Merzig, two other principal Saar basin cities, within the range of big guns. Fighting into the French coal town of Saarlautern, 21 miles below Saarbrücken, the Third Army also was within a few miles of Saarlautern.

The U. S. First and Ninth armies to the north pushing toward Cologne above Strasbourg, best German defenses along the Roer river, fighting from house to house in seven villages along an arc within a mile of Julich, and four miles from Duren, Nazi line pivots. At points these battles raged within 23 miles of bomb-ridden Cologne.

Battling knee-deep in floods from a full-scale battle for the Saar and the natural German defense west of the Rhine, Ninth Army infantry moved up at two points to the west. A bridge was captured intact over the Inde river at Aldorf, south of Julich.

A front dispatch said Patton's Third Army was on the verge of a full-scale battle for the Saar and the Siegfried line defenses along or near it as the Germans pulled back to new positions.

In the south the French First Army closed an eight-mile gap in its lines south of the Dollar river, between Belfort and Mulhouse, pinching off an enemy salient of 50 square miles and trapping a large force of German troops. U. S. Seventh Army troops advanced within three miles of Haguenau in the northward drive through the Rhine valley.

British Second Army troops in Holland made contact with the few remaining enemy strongpoints west of the Maas. Nazi positions in Holland were attacked by the British and Allied airmen yesterday, and the wording of a communique suggested a new Allied thrust in the northernmost portion of the Western front.

Surging westward along the full breadth of Eastern Slovakia the Red Army has taken more than 60 communities after forcing the flooded streams which pour down from the Carpathians. The Slovak town of Vysni Svidnik, in the southern approach to Dukla Pass and 10 miles from the Czech border, was captured in bitter fighting as the advance carried to within 25 miles of the Slovakian strongholds of Kassa and Presov.

In Northern Hungary the Russian front was quiet.

### Churchill Warns German War May Go Into Summer

LONDON, Nov. 29.—(AP)—Prime Minister Churchill warned today that the war against Germany might last longer than he had thought. He said his recent prediction of a possible end by "early summer" might be revised by dropping the word "early."

Churchill addressed parliament after King George VI, opening the 10th session of the legislature elected in 1935, said the British intended to "reinforce as rapidly as possible the United Kingdom forces" now fighting Japan.

The Prime Minister announced for the first time that the port of Antwerp had finally been opened "and is now receiving large convoys of ocean going ships, thus making an incomparable sea base available for the nourishment of the Northern group of British armies and the various groups of American armies deployed in these operations."

Churchill praised the progress of the Allied Armies on the Western front.

"The enemy everywhere has been thrust back," he said. "Any large and effective breakthrough in the German front in the region of Cologne would have the highest strategic consequences."

But, Churchill added, "we must remember that the enemy whose country is invaded has also the su-

BEVERLY HILLS, Calif., Nov. 29.—(AP)—Faye Emerson, blonde movie actress, said today that she and Col. Elliott Roosevelt will be married within a week. Earlier, a spokesman for the President's son quoted Roosevelt as saying that he and Miss Emerson planned to be married.

Miss Emerson is 27 and has been previously married. She has a son of four 1/2 years.

It will be Col. Roosevelt's third marriage. Five days after Elizabeth Donner Roosevelt obtained a divorce in Minden, Nev., in 1932, on her cross-complaint charging cruelty, he married Ruth Goggins.

She divorced him at Fort Worth, Texas, last April 18 after testifying that he had ceased to care for her and asked her to bring suit. She obtained custody of their three children.

### Subscribers Asked Not To Pay Carrier Too Far in Advance

The circulation department of The Pampa News today appealed to subscribers to "bear with" it since it is difficult to maintain a carrier force when most people have jobs already.

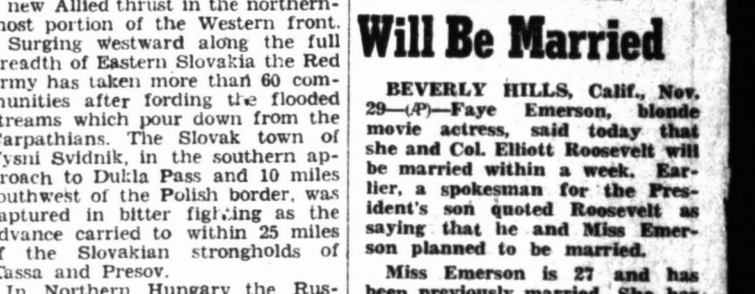

Those who do not receive their paper before 5:30 p. m. week days or by 8:30 a. m. Sundays are requested to call the office, Telephone 666, before 7 p. m. week days and before 10:30 a. m. Sundays.

The department further suggested that subscribers pay their carriers promptly, but never to pay more than one week in advance. This is requested in view of the fact that there is such turnover in the carriers, it was explained.

"Your newspaper operates on the little merchant plan," it was said, "and depends upon prompt payment by each subscriber to make his profit. If you do not pay each week your carrier does not make his full profit for the week. Therefore, it is very important that everyone pay weekly without fail if we are to maintain delivery service in your neighborhood."

### Experts Discount Smokers' Claims Against Exports

By OVID A. MARTIN  
WASHINGTON, Nov. 29.—(AP)—Government tobacco experts cited statistics today to refute claims of some smokers that exports of tobacco and cigars under lend-lease and other programs are to blame for the smoking famine.

Explaining that since the days of the early Virginia colony tobacco has been one of this country's principal farm products for export, war food administration officials said exports have been a smaller portion of annual production since the war than before.

Before the war, foreign sales of cigaret-type tobaccos ranged from about 35 to 50 percent of the total domestic output. Since the war, exports have ranged from 20 to 30 per cent.

Cigaret tobacco normally is aged for 18 months to two years in well-ventilated warehouses. Cigars produced from 1941 and 1942 crops, tobacco experts said the short-

will your present tires Last?

Right now! Today, America needs eighty million new tires to fill ALL demands. With production now at about a million and a half monthly and tires continuing to wear, the average motorist stands little chance of getting new tires for many months to come. Industry needs to keep our cars on the road. It's your responsibility to see that your tires have every attention.

**In spite of the rapid strides being made by the tire industry; it may be 12 months before new tires are available for even the most essential drivers.**

## GOOD YEAR RECAPS

### Tire Shortage Calls for Action

WASHINGTON, Nov. 22 (AP) — Foreseeing a shortage of at least 1,000 truck and bus tires in the first quarter of 1945, the War Production Board tonight asked the already strained rubber industry to increase production 25 per cent.

While some cut in passenger car tire production may result from a diversion of labor and machinery to military tires, WPB Vice Chairman H. G. Batcheller said it was hoped to fill the needs of B and C card drivers.

Representatives of the "entire tire industry, big and small" met here today, Batcheller said, and were asked to report every possible method of increasing the output of existing plants.

If all such measures fail to meet the deficit, Batcheller said it might again be necessary to "inaugurate a new program for construction of entirely new plants — an extreme step which we hope can be avoided." A new plant requires nine to 12 months to build.

ACE DIES... Capt. John McGehee, 51, of Chicago, who shot down 28 enemy planes as a member of the Canadian Royal Air Force in World War I before he was shot down by the German ace, Baron von Richthofen, in 1917 over France, died Monday night, apparently of heart disease.

Sub Deb Dance Set Thursday

A Thanksgiving dance will be held at 9 o'clock tomorrow night at the Pampa country club and final plans were made concerning the dance when members of the Sub Deb club met in the home of Miss Phyllis Parker, 437 N. Hill.

Invitations have been sent to the Plainview student body and posters have been posted on various bulletin boards in the halls of high school," said Patsy Pierson, acting publicity chairman.

Joella Shelton stated that decorations had been arranged and the committee would meet at the Country club Thursday at 9 a. m. to decorate the club. Those on the committee who are to meet are Marjorie Sloan, Avis Kelley, Helen Marlin, Phyllis Parker, Billie Don Crowson, and Marjorie Sloan.

Dot Johnson appointed committees for the formal presentation. The date was changed from Dec. 16 to Dec. 9.

Cold drinks and cookies were served to Marjorie Sloan, Nicki Fraser, Ida Ruth Taylor, Dolores Burnam, June Myatt, Barbara Carlson, Betty Jane Hood, Nelda Davis, Betty Schulke, Ramona Cheely, Carol Culbertson, Carol Perkins, Charlyn Pooock, Dorothy Johnson, Tiny Hobart, Marjorie Dixon, Patsy Branham, Betty Barrett, Margaret Price, Helen Marlin, Joye Hale, Sybil Pierson, Patsy Pierson, Dorothy Culbertson, Anita Lane, Joanne Thompson, Mildred Overstreet, Phyllis Parker, Marjorie Sloan, and Joella Shelton.

Broadus-Ekern Vows Exchanged in Home Ceremony at Hobart, Okla.

Marriage vows were exchanged between Mrs. Ruth Broadus, Hobart, Okla., and Lincoln Ekern of Pampa, when the marriage ritual was read Nov. 23, in the home of Mr. and Mrs. Milo Oster, Hobart, with the Rev. Percy Beck of the Methodist church officiating.

The ritual was read in the presence of the family and a few intimate friends.

Mrs. Laurence R. Bolen, niece of the bride, was matron of honor, and Lt. Paul Ekern, Jr., of Tinker Field, Oklahoma City, nephew of the bridegroom, served as best man.

The bride wore an aqua suit with brown accessories and a shoulder corsage of white gardenias. The matron of honor wore a purple costume with brown accessories, lilies and chrysanthemums formed her corsage.

The rooms of the Oster home, at which a reception was held following the ceremony, were decorated with American Beauty roses and chrysanthemums.

Following the reception, Mr. and Mrs. Glen Oster were hosts to the members of the wedding party and the immediate family at a dinner honoring the newly-weds.

Later in the evening, the couple left for Oklahoma City.

Mrs. Ekern has been employed in the office of Dr. J. William Finch for the past two years. Mr. Ekern is an auditor in Pampa. They are making their home here at 1233 Charles.
