Truman Will Accept Advice, but Run Show

WASHINGTON, April 18.—President Truman intends to run his own show. He will take advice from friends. But he will make the decisions.

That was the interpretation Washington put today on several separate actions in which the new President displayed a firmness not surprising to those who knew him on Capitol Hill.

1. He definitely overruled the high command on a matter that had more domestic than military significance in nominating Lt. General George Smith Patton Jr. and Courtney Hicks Hodges to four-star rank.

2. He picked John W. Snyder, St. Louis banker and a friend of 25 years standing, as federal loan administrator. Washington had understood that President Roosevelt was planning to shift Budget Director Harold D. Smith to this post.

3. He told his news conference rather tartly yesterday that, of course, Foreign Commissar Molotov of Russia will stop in Washington to pay his respects to the President of the United States, as he should.

4. He announced positively, flatly and briefly that he wants the Bretton Woods monetary agreements and the reciprocal trade program enacted by congress.

5. He said he would welcome a talk with Gen. Charles de Gaulle, provisional president of France, as well as other of the Big Five leaders. De Gaulle generally is credited in this country with having smudged an invitation by Mr. Roosevelt to meet him in Algiers.

Mr. Truman closed his busy day with a brief address at 10 p.m. to members of the nation's armed forces throughout the world. In that widely broadcast speech he recalled that in France in the last war, "I saw good officers and men fall and be replaced."

Mr. Roosevelt has fallen, he said, but "he never faltered nor will we."

Mr. Truman's action in promotion of Patton and Hodges was credited as a move toward the sort of cooperation he has asked from and promised to give congress.

Less than a month ago, Gen. George C. Marshall, army chief of staff, told the senate military affairs committee it was not possible to elevate Patton and Hodges to four-star rank because each com-

Confusion Seen In Frisco Meet

MEXICO CITY, April 18.—Foreign Secretary Padilla discussed the San Francisco conference on world peace organization in a statement to the press last night.

Some confusion, he said, in regard to the object of the conference, the sole aim of which is to discuss and approve a wide international organization which will substitute the League of Nations.

The basis for the discussions, he continued, will be the plan of Dumbarton Oaks, which provides for establishing an organization having many points of contacts with the League of Nations.

Regarding the effect of the decisions of the Chapultepec conference would have upon that of San Francisco, Padilla said: "The results obtained in the Conference of Chapultepec were of transcendent importance, since the opinions of fifteen American republics on the Dumbarton Oaks plan were received and examined. All of them were embodied in a resolution (Number XXX) entitled 'on the establishment of a general international organization,' which will be transmitted to all the United Nations."

Agent Says Gardens Are Not Destroyed

The recent freeze in this area did very little, if any, damage to gardens, according to a report this morning from M. S. Millicent Schaub, home demonstration agent. Miss Schaub said that the previous freeze had injured gardens to some extent, but that this latest freeze was too damp for much damage. She explained that when a freeze is accompanied by dampness, the ice protects the fruit and gardens.

AS SICILY FELL

The above picture of Ernie Pyle was taken by NEA—Acme war pool photographer Charles Corte during the invasion of Sicily. This is one of his far-sighted poses, which are rare for him. He was killed on Okinawa, Pacific theater.

Ernie Pyle, War Columnist, Dies By Jap's Bullet

WASHINGTON, April 18.—Ernie Pyle is dead.

The famous little war correspondent, beloved alike of doughboys and five-star generals, was killed Tuesday on Ie Jima, a small island lying off Motobu peninsula of Okinawa.

The trade publication lists 149 correspondents missing, wounded or prisoners of war.

NEW YORK, April 18.—Ernie Pyle was the 30th Allied war correspondent to lose his life during the present war, figures compiled by editor to publisher, newspaper trade magazine, showed.

The trade publication lists 149 correspondents missing, wounded or prisoners of war.

and President Truman issued a statement of condolence.

"The nation is quickly saddened again by the death of Ernie Pyle," Mr. Truman said.

"No man in this war has so well told the story of the American fighting man as American fighting men wanted it told. X X X He deserves the gratitude of all his countrymen."

Forrestal said Pyle was killed instantly by Japanese machine gun fire while standing beside a register.

Newspapermen Pant At Truman's Gait

WASHINGTON, April 18.—President Truman walked to work again today, accompanied by a small group of secret service officers and newspapermen.

He walked briskly from the official residence to the White House less than two blocks away, setting such a pace that newspapermen panted as they clung to his heels.

Man Is Held For Failure To Report

SHREVEPORT, La., April 18.—James Louis Bradford, 31, of Texas, is being held in the Caddo Parish jail on a charge of failure to report for induction to draft board No. 1 in Shreveport with which he is registered.

Bradford, arrested by A. S. Houston, U. S. deputy marshal, here Monday had his bond set at \$500 yesterday by G. Randall Whitmeyer, U. S. commissioner, in lieu of which he was lodged in jail.

He is employed in an ordinance plant at Camden, Ark.

TWO ARRESTED

Four Pampans were arrested for intoxication last night and fined in municipal court this morning, the daily city police report revealed this morning.

President Is Urged To Put Off Conclave

WASHINGTON, April 18.—President Truman is being urged to delay a meeting with the heads of major Allied states until the San Francisco conference has acted on a world peace-keeping organization.

Although Mr. Truman said at his first news conference yesterday he would be very happy to talk soon with other members of the Big Five, many in Washington felt that any such conclave might prove embarrassing to the United Nations delegates.

As an example, Senator George (D-Ga.) told a reporter that while he thinks it "highly desirable" for Mr. Truman to sit down with the world leaders as early as possible, he believes the San Francisco meeting would stand still while they talked.

"Any such conference certainly would overshadow what was being done at the United Nations meeting and might lead to the belief that the real issues were being settled by the heads of the state and not the delegates," he said.

Mr. Truman left no doubt that he is placing full confidence in the judgment of this country's eight delegates, headed by Secretary of State Stettinius. He told newsmen they are competent negotiators, adding that he does not intend to go to San Francisco, but will stay at his desk where he ought to be.

The free hand the President has given them lent added weight today to the American delegates' decision to support changes in the Dumbarton Oaks peace formula which would permit the proposed international assembly to recommend—but not enforce—postwar treaty revisions.

The delegates met today for final approval of a draft of agreed changes, including amendments calling for the forthcoming peace to be based upon justice.

At that session they had before them the unsettled question of trustfulies for reconquered Allied possessions and lands taken from the enemy.

Communications Strike Averted

NEW YORK, April 18.—Threatened strike action by telephone unions representing 18,000 employees was postponed indefinitely today after a union spokesman announced that workers and company officials had reached agreement on a new wage formula to be submitted to the war labor board.

Henry Mayer, attorney for the Federation of Long Lines telephone workers, announced the agreement but declined to discuss its terms beyond saying that it was "acceptable to the unions since it constituted an adjustment of the controversial matters in dispute."

The WLB previously had rejected a \$4 weekly increase for the telephone workers, saying it violated wage stabilization. The \$4 increase had been offered by the American Telephone and Telegraph company and the New York Telephone company, but the WLB reduced the pay boost to \$3.

Mayer said "An answer is expected either today or tomorrow" from the war labor board on the new agreement. "In the meantime there will be no strike action," he added.

Man Is Held For Failure To Report

SHREVEPORT, La., April 18.—James Louis Bradford, 31, of Texas, is being held in the Caddo Parish jail on a charge of failure to report for induction to draft board No. 1 in Shreveport with which he is registered.

Thousands Are Rescued From Filipino City

By LEONARD MILLMAN Associated Press War Editor

Mud-spattered American infantrymen drove into the outskirts of Baguio, Japanese Philippines headquarters from which Igorote tribesmen rescued 7,000 civilians, today while Superfortresses ripped up six airbases in Southern Japan for the second consecutive day.

No Japanese interceptors took off yesterday from the six airfields on Kyushu island, bases for many of the 2,280 Japanese planes which Adm. Chester W. Nimitz announced have been destroyed in the last month during Okinawa invasion operations, 375 miles south of Japan.

Wednesday communiques reported American planes on all Pacific fronts destroyed or damaged 29 more Japanese ships, hundreds of small craft, 15 locomotives and killed hundreds of Japanese soldiers.

Tokyo radio reported Yanks landed Menna islet, an embay of the west coast of Okinawa. Four miles to the north other infantrymen conquered two thirds of Ie island, with its bomber field, and cornered remnants of the 1,000-man enemy garrison on a 550-foot hill. Okinawa battle lines were substantially unchanged.

Added Number of Cadet Wives Here Creates Problem

Pampa's housing problem is proving disastrous to wives of cadets of the new class at Pampa army air field.

Mrs. R. T. Russ, active military sponsor of the Cadet Wives' club, announced today that the need for rooms is becoming more desperate daily.

"Right now there are nine cadet wives here at the club who have no place to stay," she reported, "and many more are expected to arrive."

The dilemma is the result of two conflicting factors: There are more wives following their husbands in this newest cadet class than in any previous PAAF class, and there are now less available rooms in Pampa to welcome them than at any previous time.

Mrs. Russ said that the girls started coming in Sunday, "and there just seems to be no end to them." The first 29 girls were rooms left vacant when the last graduating class left Sunday. Rooms were found for five more, so that 34 have been housed.

"But that appears to be only the beginning," Mrs. Russ, wife of a captain stationed at the field, complained.

The club's military sponsor said it is likely there are rooms available here that the club does not know of and she pleaded with citizens to make any possible vacancies known. She could not estimate the number of rooms that would be needed, but insisted "we can't get too many."

Phone Cadet club headquarters, 9557, if you can help the cadet wives find a place to stay.

Support to Carol Ann Berry Is Discussed

LOS ANGELES, April 18.—A legal conference was called in superior court today over how much support Charlie Chaplin shall pay for 18-month-old Carol Ann Berry, declared by a jury to be his baby.

The verdict yesterday, cheered and applauded by many spectators, was a bitter reversal for the British-born actor in his court battles resulting from a romantic involvement with the infant's mother, Joan Berry.

Lawyers said the 56-year-old screen veteran wouldn't be summoned to the support hearing unless opposing counsel can agree on the size of his fortune.

"ROOSEVELT" STREET MAZATLAN, Mexico, April 18.—A street in this west coast city will be named "Roosevelt" in memory of the late United States President, the city has voted.

Patton Enters Sudetenland, Slicing Germany into Halves

By WILLIAM L. RYAN Associated Press War Editor

Lt. Gen. George S. Patton's Third army crossed Czechoslovakia's border today, slicing Germany in half, as German broadcasts said the battle for the eastern approaches to Berlin had "reached its climax" with nine Russian armies storming toward the burning capital.

American First army troops cut to within 4,000 yards of the heart of Leipzig and U. S. Seventh army men cleared half the Nazi shrine city of Nurnberg, while behind the advances the German debacle in the Ruhr approached Stalingrad proportions.

More than 300,000 prisoners have been taken from the pocket thus far by the Americans, with prospects for 500,000 more before the day was out.

As Germany was halved geographically, although not yet strategically, and Allied armies pressed relentlessly from the west, a Moscow dispatch said the Russians could see burning Berlin. The Germans said the Red army had exploded a new offensive on a 17-mile front south of Stetlin in a drive to outflank Berlin and join with the Allies on the north German plain.

A Nazi broadcast said 2,500,000 Soviet troops were in the drive on Berlin, supported by 2,500 field guns and 1,000 tanks which in 24 hours fired a half million rounds.

Target in Czechoslovakia, already deeply invaded by the Russians, were blasted by more than 750 heavy American bombers which also struck communications in southern Germany. The 600 fighter escorts hit airfields on the diminishing Luftwaffe. Canadian bombers struck Helgoland in the North Sea, which guards the north German ports.

The U. S. Ninth army completed the capture of Magdeburg, big city on the Elbe river, sinking a firm anchor for its Berlin-pointed bridgehead.

British Second army soldiers battled through the Bremen suburbs and advanced to within 22 miles of See EUROPEAN WAR, Page 8

Suggestions on Improvement in Community Asked

Ideas were exchanged and information furnished at a meeting of the Industrial committee of the chamber of commerce yesterday, called by Chairman J. W. Garman when Earl C. Blanton, industrial engineer from Dallas who has been selected to make Pampa's \$2,000 industrial survey, was the center of business.

Blanton is in Pampa for preliminary work on the survey, which is scheduled to be completed some time in September. He will remain here gathering material, the rest of the week.

Citizens of Pampa and vicinity are urged to write to the chamber of commerce their suggestions for improvements in the community in the postwar era. On Page 8 will be found a blank which can be filled out and mailed to the chamber office here at Pampa.

The chamber of commerce is sending out letters to the membership asking for suggestions for any new developments that should be included in the survey.

Garman has called a meeting of the real estate board for today when Blanton will be furnished necessary information.

An impressive number of influential persons were present at yesterday morning's meeting, which served to start officially the survey preliminaries. Those attending, besides the chairman, were: Eddie Dunigan, Noel Dalton, Marshal Hubbard, Judge Sherman White, Frank Culbertson, "Doc" Pursley, Dick Hughes, Tex Evans, Paul Carmichael, Jack Johnson, Sam Dunn, W. C. deCordova and Reno Stinson.

Paper Collection Begins Tomorrow

Waste paper is a weapon of war—don't waste it. Over and over, our nation's leaders have impressed that fact upon the people.

Every year the Boy Scouts take up the task of collecting huge amounts of paper, which is put to more than 10,000 uses that serve, either directly or indirectly, in the war.

This year with the full support and endorsement of General Dwight D. Eisenhower, the Boy Scouts are conducting the General Eisenhower-Boy Scout waste paper campaign to collect, locally, about 56,000 pounds of waste paper, and nationally, 159,000 tons.

Scout Executive Hugo Olsen of See PAPER DRIVE, Page 8

Expert Says Traffic Fatality Rate May Be Serious After War

AUSTIN, April 18.—Nothing short of a tremendous increase in the fatality rate may awaken people to the gravity of the possible post-war traffic problem, one expert believes.

He foresees that the number of automobiles may double by 1950 with no great increase in highway mileage, but with a double or triple increase in the number of miles given.

To keep traffic from breaking down completely, enforcement officers will have to improve regulation greatly, he said.

EQUIPMENT—MANPOWER:

LOCAL FIRE DEPARTMENT REPORTED IN GOOD SHAPE

Equipment and manpower in the Pampa fire department are in good shape at present, considering wartime handicaps, Chief Ben White reported when asked to give the News a detailed report of his department's personnel, equipment and activities.

Right now there are six men, not counting the chief, devoting their full time to fire work, and White has managed to keep three trucks in good working condition.

The regular personnel includes Assistant Chief E. N. Stokes, Captains Clyde Hoson and Albert Fuller, and Firemen Bernard Smith

and Elmer Fuller. These men have two 750-gallon pumper American-La France trucks and one 1940 Ford truck with a 500-gallon pumper with which to work.

In addition to the six full-time members of the department, Chief White now has the part-time firemen who work regularly and still others who work at intervals. The 10 part-time firemen are Robert E. Burns, Dick Sullins, Herman Kiehl, Eddie Gray, Otto Duggett, Kenneth Grantham, Merle McCracken, John Chesher, A. J. Hindman, Bob Black and Tom Haggard. See FIRE DEPARTMENT, Page 8

THE WEATHER

U. S. WEATHER BUREAU table with columns for time and weather conditions for various regions including East Texas, West Texas, and Oklahoma.

Cloudy icon and text: EAST TEXAS: Fair in north, considerable cloudiness in south portion tonight and Thursday; light scattered showers on the lower coast and in the Rio Grande valley tonight and Thursday; not much change in temperature.

WEST TEXAS: Fair, except considerable cloudiness in the Panhandle tonight and Thursday; not much change in temperature.

OKLAHOMA: Mostly cloudy, with scattered light showers extreme north; fair south and central; today partly cloudy; little change in temperature tonight and Thursday.

Browns Beat Detroit; Chicago Cubs Surprise Cards

Home Runs Are Heavy in Games

By JACK HAND
Nine straight opening day victories for the St. Louis Browns went into the record books today as a companion piece to their 1944 feat of copping a first American league pennant.

Luke Sewell's gang took up where they left off last year by knocking off Detroit, a habit that paid big dividends in winning their first flag when they did it 13 times in 22 starts.

Hal Newhouse was the victim of the Browns' 7-1 opening at St. Jakob, tonight-faced pitcher, allowed only six well-scattered hits.

One-armed Pete Gray broke into the majors for the Browns with a single and was robbed of a sure double on a circus catch by Roger Cramer.

Standout individual performance of the opener was turned in by the New York Yankees' Russ Barry, starting his first full season in the big show. Derry, a slim Mill Grove, Mo., farmer, belted two homers in his club's 8-4 decision over the Boston Red Sox. The second came in a seven-run seventh inning rally with the bases jammed.

George Metkovich, Sox first baseman, set a new league standard he will not be proud of, when he committed three errors in that seventh frame. The first two were a base-runner going to first and third wildly to the plate letting two men score. The third set the stage for Derry's grand slam clout.

Starter Arley Donald was credited with the win over Tex. Gen'l although neither was around at the finish.

Frankie Zak of Pittsburgh provided the day's oddity during the game with Cincinnati, won by the Reds in the eleventh, 7-6. With two on, Zak's shoestring came untied and he asked and received a call of "time" from Umpire Ziggo Sears.

Fitcher Buckey Vaters didn't heat the ump and dished up a home run ball to Jim Russell. But it was all disallowed.

Dain Clay boosted the Reds into the game with a bases-loaded circuit clout and won it with a single in the eleventh in Cincinnati. Reliever Hank Lisenberry was the winner over Rip Sewell.

Mel Ott set six new records while his New York Giants routed Boston, 11-6. Starting his 20th season with the same club, Ott broke a mark every time he scored or batted in a run, drew a walk, slugged a long hit or picked up an extra base on a hit smash.

Bill Vosselle faded under a last round epidemic of homers but picked up win No. 1 over Al Javery, Phil Weintraub, Ernie Lombardi, Joe Mack and Chuck Workman hit for all four bases.

Bill Nicholson drove in one run and score another in the Chicago Cubs' 3-2 margin over the St. Louis Cardinals behind Paul Derringer's effective hurling. The Cubs got only four safe blows off Ted Wilks and Bud Beyer, the loser.

Miteland Curt Davis and Brooklyn's 8-2 decision over the Phillies and Ken Raffensberger, Davis allowed eight hits and came through with a homer. Sandlock slammed three hits.

Joe Kuhel and rookie George Binks each connected safely four times in Washington's 14-8 smothering of Philadelphia's Bud Neuharth. The Senators stole five bases to make it an easy job for Dutch Leonard.

Timely Chicago hitting, combined with Cleveland defensive jitters, gave Thornton Lee the verdict over Chief Reynolds in a 5-2 game at Cleveland. Neither pitcher went the route.

Campbell, Clay Have Best Marks

By The Associated Press
Regional meets in four cities Saturday will qualify the track and field athletes who will participate in the state interscholastic league meet at Austin May 3 and 4.

These meets are scheduled for Canyon, Abilene, Dallas, Kilgore, Houston, San Marcos, Kingsville and El Paso.

At least four state and one national scholastic record will be in danger this season on the basis of showings thus far.

August Erfurth of Brackenridge (San Antonio) already has tied the state mark in the 120-yard high hurdles at 14.1 and that's only one-tenth of a second over the national record.

Desmond Kidd of Austin will be gunning for the 440-yard dash record of 49 seconds. He already has made it in 49.5.

Thomas Jefferson of San Antonio may show the state mile relay record of 3:25.2. The Mustangs having already made the distance in 3:27.5. Jefferson also has a 43.2 performance in the 440-yard relay just one-tenth of a second over the record.

There have been fine marks made in most other events with near-record performances due this week in the regional meets. Best records have been:

100-yard dash, Perry Samuels, Jefferson (San Antonio), 9.7; 220-yard dash, Samuels, 21.5; 200-yard low hurdles, Rhea Nichols, Adams (Dallas), 22.8; 300-yard run, Nichols, 2:01.9; mile, JOHNNY CAMPBELL, PAMPA, 4:44.9, but Campbell is now in the navy and the next best mark has been 4:45.6 by Norman Aisbrook of Woodrow Wilson (Dallas); broad jump, Bobby Scoggin, Breckenridge, 22 feet 6 inches; high jump, George Rodgers, San Antonio Tech, 6 feet 2 inches; pole vault, Cliff Dean, Lubbock, and Jack Simpson, Woodrow Wilson, 12 feet; discus throw, RANDALL CLAY, PAMPA, 136 feet 10 inches; shot put, Harold Clark, Highland Park (Dallas), 47 feet 9 3/4 inches.

Sez You?

They say the St. Louis Cardinals can win as they please in the National League, but it is obvious that Charley Grimm of the Chicago Cubs isn't exactly sure. Salute!

Seven Harvesters Will Enter Region I Track And Field Meet at Canyon Saturday A.M.

Seven members of the 1945 Harvester track team are eligible to enter the Region I track and field meet at Canyon Saturday, Coach Otis Coffey announced today.

These boys will enter a total of 10 different events. Johnny Campbell, who leaves for the navy tomorrow, would have been eligible to enter competition in the mile run, for which he has the best time in the state. Randall Clay has the best throw in the discus of any high schooler in the state, with a distance of 136 feet, 10 inches.

Preliminaries in the regional meet will be held Saturday morning and the finals Saturday afternoon. The meet will be over at approximately 4:30 in the afternoon.

Pampa entries in the various events at the regional meet are: 880-yard dash—Joe Cree and Horace Saunders.

High hurdles—Bill Dixon and Bernie Brown.

Low hurdles—Bill Dixon and Bernie Brown.

Discus throw—Randall Clay, Lonnie Williams, and Bill Speer.

440-yard relay—Randall Clay, Bill Dixon, Bill Speer, and Bernie Brown.

High jump and broad jump—Randall Clay.

Mile relay—Randall Clay, Horace Saunders, Joe Cree, and Bernie Brown.

All boys who place at least third in events at the regional meet will be eligible to compete in the state meet at Austin May 7.

Windy Nicklaus, former Berger high school coach, is director of the regional meet. The events will be run at Buffalo Stadium on the campus at West Texas state college.

Juan Zurita Defends Title

MEXICO CITY, April 18—(AP)—Making his first title defense since he bested Sammy Angott for the crown more than a year ago, Juan Zurita risks his NBA lightweight championship tonight against Ike Williams of Trenton, N. J.

Mexican sports fans are looking forward to watching their hometown champion in action with the same enthusiasm as the regular Sunday bullfights. And that, senior, is something.

A near capacity crowd of some 30,000 is expected to watch the scrap in the Mexico City balling. On this basis, with ringside seats priced at \$20, promoter Sam Rosoff estimated gross receipts at \$100,000.

Although Williams, a sharp puncher who knocked out Dodey Lay in Philadelphia before coming south in the Rio Grande, has gained more favor as fight time approached, Zurita remained the favorite.

Zurita's speed was expected to help him counter Williams' punching power. He also is expected to be more at home in Mexico City's high altitude over the long 15-round route.

Zurita, who had been over the weight limit of 135 pounds during most of his training, scaled 134 yesterday. He spent the day resting. Williams, 133, finished work by punching a bag for two rounds and then skipping rope for two more.

Hoppe, Cochran Will Open Delayed Match

DALLAS, April 18—(AP)—Welker Cochran and Willie Hoppe meet today in the first block of their Dallas appearance in a transcontinental world's three-cushion billiards championship match.

"They were supposed to have opened a six-block engagement here yesterday but their train was delayed by high water and they could not arrive in Dallas in time for either afternoon or night shows."

There are known to exist in Texas between 60 and 75 minerals that are of commercial value.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, April 18—(AP)—Look for an announcement from Washington within a week or two telling college football teams what they're expected to do to help the transportation situation—Asa Bushnell, eastern intercollegiate association head, and Dr. Wilbur Smith, N. C. A. A. president, have been talking things over with the ODT and report "some progress"—the ODT heads don't want them to drop football because they figure that folks who are sitting in a stadium won't be sitting in trains or driving cars—following that line of reasoning, it appears that the "neutral field" ban will be dropped because it's easier to move the game to the fans than the fans to the game.

SCORES' DILEMMA
When rookie Red Lauerfick of the Toledo mud hens got his only chance at the plate in a recent practice game against the Dyersburg, Tenn., army team, he was hit by a pitched ball—Red refused to take his base, insisting on a chance to hit. When he won that argument, he clouted a triple—after the inning ended pitcher Lt. Jim Payne came to the press bench and exclaimed: "Hey, you guys aren't going to let him get away with that, are you? I apologized for hitting him, but I don't think that entitled him to hit the next pitch for three bases."

SHORTS AND SHELLS
New Orleans boxing writers and fans, are arguing whether Bernard Doucen, 17-year-old welterweight sensation, should be required to fight more than six rounds. In some states he couldn't even get a license at that age—and in Oklahoma the current rubarb concerns a high school ruling that Howard Raines, Oklahoma City baseball star, is ineligible because he was given the uniform and warmup jacket he wore during the acquire all America game last summer.

Pacific Coast North Division May Start
PULLMAN, Wash., April 18—(AP)—Possible full-scale resumption of northern division, Pacific coast conference football, this fall was predicted today with announcements by Washington state college and University of Idaho officials that they would field eleven this fall. Both schools dropped from the intercollegiate gridiron picture in September of 1943.

Football Star's Legs Amputated

ATLANTA, April 18—(AP)—Lt. George Poschner of Youngstown, O., the receiving end of Georgia's great Sinkwich-to-Poschner passing combination is now a patient at Lawson general hospital here, Poschner, attached to the Seventh army, lay wounded on the field for three days in France last January and both his feet were frozen. His legs had to be amputated just below the knee.

Japs Find New Way Of Taking Own Lives

RYUKYU, Island, April 18—(AP)—Japanese soldiers on this tiny island off the west coast of Okinawa are pulling old suicide tricks they have been using since Guadalcanal and Atiu—but with a new angle. The Japanese dig a hole, cover over the top and camouflage it. Inside, varying numbers of Japanese hide with a big explosive charge—waiting for an unsuspecting tank or mobile gun to rumble over. When the machine is overhead, the Japanese detonate charges, hoping to blow everything sky high—including themselves.

Russian Lend-Lease Totals Are Revealed

WASHINGTON, April 18—(AP)—The United States has shipped to Russia more than 16,250,000 tons of war materials and food since October, 1941, when the Soviet lend-lease program started.

Leo T. Crowley, foreign economic administrator, said the value of the supplies was \$8,225,000,000 through February of this year, most of it furnished under lend-lease.

The total does not include thousands of airplanes delivered under their own power by American and Russian pilots.

"I'd hate to think that Americans fighting an invader of the United States couldn't fight any better or harder than these krauts, who are supposed to be saving the Fatherland," Sgt. Joseph R. P. A. Hackett of Brooklyn, with First army.

Marianas Boxers Win Ocean Title

HONOLULU, April 18—(AP)—Beak Busters from the Marianas island, coached by navy instructors, won the army's Pacific ocean area boxing championship last night before 100,000 howling fans.

Lt. (jg) Don E. Emery accepted the winning team trophy from Brig. Gen. Wayne C. Smith, Central Pacific base command chief of staff who represented Lt. Gen. Robert C. Richardson, commander of the army in the Pacific ocean areas. The second place trophy was given to the South Pacific base command team which took the featherweight title.

Longhorns Lose To Randolph Ramblers

AUSTIN, April 18—(AP)—The Texas university baseball team lost to Randolph field 7-3 here yesterday in their second defeat of the season.

The Randolph Ramblers pounded Texas' No. 1 pitcher, Henry Culp, for 11 hits and four runs in seven innings.

La moda Americana... Have a Coke
(THE AMERICAN WAY)

...an American custom as seen in Italy

People overseas are impressed by the American fighting man's friendliness among his fellows. They see his home-ways and customs—his good humor. Have a Coke they hear him say to his buddies, and they begin to understand America. Yes, the pause that refreshes with ice-cold Coca-Cola speaks of the friendliness of Main Street and the family fireside.

Chinese Third-Dimensional Sleeves

NEW YORK—Because Chinese are clever at expressing nonchalant ease and finesse in costumes, their influence is felt in such spring fashions as the wrap-over dress, the loose, straight jacket, the decorative coat and now the Mei Ling sleeve, named for Madame Chiang Kai-shek.

The "Mei Ling," which flows from a third-dimensional armhole, is significant not because here's a sleeve cut in a new way, but it helps to clinch the dolmanized silhouette—free and easy fullness released above a hitched-up belt and a slim skirt—which is fast catching on.

noon dresses and jacketed costumes designed by Maurice Rentner—two of which are shown—the blousy sleeve and the bare neckline, also borrow from the Chinese, typify a new kind of high-styled simplicity.

In the black crepe afternoon dress, right, you see a subtle style made dramatic by means of line and detail limited to white accents of buttons, belt and saddle stitching which outlines third-dimensional armholes.

The beige basket weave wool, left, owes its distinction to the same easy silhouette. Here the Mei Ling sleeve is etched lightly with a well seam, and dramatically accented with checked Guatemalan cotton turn-back cuffs.

We, the Women

By RUTH MILLETT

Congressmen in Washington are being flooded with letters from wives and mothers of servicemen in Europe who think their men have "done their part" and should not have to go on to fight in the Pacific when the war in Europe is finished.

Naturally, these women—now being told that their men will get home at all after V-E Day, will only be home on furlough and then must leave to fight a second war—hate to face such news.

If their men come through one

war alive, women dread the thought of starting all over again to wonder and worry and wait. But women will just have to show the same courage in seeing their men go to war a second time that they showed when they first left for overseas. It will be harder the second time.

Now they know what waiting and worrying mean. They know how long and how lonesome a day can be. They know what it is to have as sole consolation the thought, "He is safe—so far."

DESPITE PROTESTS

But thousands of women are going to have to face the worry and the waiting a second time. Their men are going to be needed again. And women's protests can't alter that fact.

It may seem that a man has done his part—but it isn't enough so long as his country is still at war and still needs his help.

Women will only make it harder for themselves and for their men if they set their minds against their men going from Europe to the Pacific.

The men will have to go—and the women will have to wait. Making a fuss about it won't help—or change the facts.

The first registered Hereford cattle were introduced in Texas in 1876, when W. S. Beard brought some to his ranch near Henrietta. Many died of cattle fever and the first immunized registered breeding herd was established by him in 1885.

April Violets

By MRS. ANNE CABOT

Big one and one-half inch violets in lovely shades of purple—two and one-half inch green leaves done in cross stitch make the most colorful design imaginable. Use the embroidery on guest pillowcases, on pale towels or on a lavender or gale green linen or cotton tea cloth.

Vernon Boylson Will Be Junior High Speaker

Vernon J. Boylson, assistant Red Cross field director at Pampa army field, will be guest speaker tomorrow afternoon when the Junior High Parent-Teacher association meets in the school auditorium at 2:45. His subject will be, "Red Cross Field Workers Activities."

The speaker has recently returned from 18 months spent in the Solomons, Marshalls, and Marianas, and is well prepared to discuss the topic.

Mrs. Lloyd Hicks will give the devotional on "Service." Special music will be given by the Junior high orchestra under the direction of Miss Evelyn Thoma.

Mrs. W. R. Campbell, president, will conduct the business meeting, and an executive meeting has been called for 2:15 tomorrow afternoon, in the reading room of the library.

Christian Science Lecture To Be Given Sunday Afternoon

Herbert W. Beck, C. S. B. of San Francisco, Calif., member of the Board of Lecturers of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass., will give a lecture, Sunday, April 22, at 3:30 p.m. in the Junior high auditorium.

The lecture will be sponsored by the Pampa First Church of Christ, Scientist, and the speaker's subject will be entitled, "Christian Science: The Revelation of the Omnipotence of Good."

The event will be free of charge, and the public is invited to attend.

- Honkin's Home Demonstration club will meet with Mrs. E. Kingdon.
- A.A.U.W. will present Clara Tree Major's "Peter Pan," in Junior high auditorium.

Famous Actresses Have Appeared In 'Peter Pan' in England, America

Flora Maye Stanton, who will play the role of Peter when the Clara Tree Major Children's Theatre of New York presents Barrie's play, "Peter Pan," in the Junior high school auditorium, Tuesday, April 24, in two appearances at 9:30 a. m. and 1 p. m. follows in the footsteps of some of the most distinguished actresses of this generation.

When Barrie wrote the story of "Peter Pan" later made into a play, he had in mind an actual little boy, Peter Llewellyn Davies. But when "Peter Pan" was presented on the stage, first in England and then in America, it was a woman who portrayed Peter. The first "Peter" was Nina Boucicault, daughter of the Dion Boucicault whose melodramas "The Colleen Bawn" and "The Shaughraun" were vastly popular some years ago.

When "Peter Pan" first arrived on American shores, he was played by Maude Adams, then a mere girl who had made a huge stage success in another Barrie play, "The Little Minister." Miss Adams had just the wifely, boyish quality which suited her for "Peter," and the charm made an enduring stage tradition out of her playing of the Lost Boy from the Never-Never Land.

Eva LeGallienne, Clissie Loftus, Betty Bronson, Joan Forbes-Robertson and Anna Neagle have been other famous actresses who have played the part.

"Not even playing on Broadway could give me the thrill I get from doing Peter Pan for children all over the United States," comments Flora Maye Stanton. "Broadway after all offers young actors very limited opportunities. The Clara Tree Major Children's Theatre is going something New York producers say cannot be done—reviving the road." We Children's Theatre players have the experience of playing for all kinds of audiences in all kinds of communities. It's priceless experience, and we feel we are really building up in the youngsters of today a knowledge of and love for the theatre that will really add to their happiness in life."

The presentation of "Peter Pan" is being sponsored by the A. A. U. W. and tickets are on sale in all ward schools and in Junior high.

American Legion Auxiliary Requests Donation of Books

American Legion Auxiliary members met in the City club room Monday evening, and plans were made for the donation of books and magazines to be sent to ship libraries on the high seas.

Persons wishing to donate books are requested to take them to the Southwestern Public Service office through Saturday noon when the drive for books and magazines will close.

Mrs. E. J. Kenney gave the report of the Council of Clubs meeting. Plans were made for a social at the next regular meeting, May 7.

Attending were Mesdames L. K. Stout, W. H. McBride, Kenney, L. R. Franks, Russ Clark, W. P. Vincent, Vance Rhea, and Roy Sewell.

24-HOUR TRUCE

LILLE, France, April 18—(AP)—An exchange of prisoners and evacuation of 200 civilians from the Dunkerque pocket took place today during a 24-hour truce between the German garrison and the Allied force besieging the port.

Species of wildlife threatened with extinction in Texas include black-footed ferret, collared peccary, Mississippi valley wolf, labo wolf, bison, ocelot, Texas beaver, Texas otter, Texas big-horned sheep, Pronghorn antelope and mule deer.

Graduate Nurses To Hear Speaker In Home Tonight

First Lt. Isabelle C. Diehl, ANC, will be guest speaker this evening at 8 o'clock when the Association of Graduate Nurses meets in the home of Mrs. G. F. Branson, 701 N. Somerville.

Lt. Diehl, who is here to interest nurses in the Army Nurse Corps, says, "The fact that the procurement quota for the Army Nurse Corps has been raised is explained by the fortunes of war. No one could predict what specific actions the enemy would take, nor that the casualties would be so great.

"Seventy-one percent of the Army Nurse Corps is serving overseas, but hospital units are having to sail now without nurse personnel. Nurses overseas not only must have help, but those who have served two and three years abroad are entitled to and should have relief and rotation home.

"The need here in this country is daily growing more acute. In December alone, thirty-three thousand wounded personnel were returned to the United States. This would more than fill six 5000 bed hospitals. General military hospitals in this country are reaching capacity loads.

"The army must be prepared with adequate personnel to meet any emergency that might arise. War actions determine whether the personnel's time in one area or another will be fully occupied. War is, in itself, a waste, but the philosophy of military medicine is, to be prepared to reduce the waste of human lives to an irreducible minimum. Nurses are needed now."

Sorority Member Is Farewell Shower Honoree on Monday

Meeting in the home of Mrs. Robert Curry Monday night with Miss Ruth Stapleton as co-hostess, members of Upsilon chapter of Beta Sigma Phi sorority complimented Mrs. Pauline Gaskins with a miscellaneous shower. Mrs. Gaskins will leave soon for Taos, New Mexico, to make her home.

In the business session which preceded the program, plans were made for the annual Founders Day observance and ritual of jewels ceremony for pledges which will be an informal tea at 4 o'clock Sunday afternoon, April 29, in the home of Mrs. C. A. Vaught. At the next regular meeting to be held on Monday, May 7, the installation of officers for the ensuing year will be conducted.

In keeping with the series of programs being presented, Mrs. Raymond W. Harrah, sponsor, spoke on "The Art of Planning a Home." Suggestions for building a house and the arrangement of various rooms in the house were given by Mrs. Harrah after which Mrs. Vaught presented "Ideas on Decoration," including color schemes and accessories for each room.

Attractive arrangements of tulips decorated the rooms and refreshment plates of orange blossom shortcakes topped with sherbet were served—Mrs. Curry and Miss Stapleton.

Attending were Mrs. Pauline Gaskins, Mrs. Raymond W. Harrah, Mrs. C. W. Henry, Mrs. Sam Leal, Mrs. Steve Matthews, Mrs. James Poole, Mrs. John Rankin, Mrs. Ray Robbins, Mrs. C. A. Vaught, and Mrs. John Lally.

Miss Johnnie Davis, Miss Zena Gerhart, Miss Evelyn Morehead, Miss Dona Pursley, Miss Millicent Schaub, Miss La Nelle Scheingard, Miss Virginia Vaughn and Miss Katherine Ward.

B.G.K. Sorority To Present Review of 'Green Dolphin Street' This Evening

B.G.K. sorority will bring to Pampa booklovers tonight a review of "Green Dolphin Street," winner of the Metro-Goldwyn-Mayer \$125,000 prize novel contest. Mrs. Howard Lynch of Amarillo will review the story, by Elizabeth Goudge, this evening at 8 o'clock in the City club room in the City Hall.

Mary Fleming, program chairman, will introduce the guest speaker, and Mrs. Charles Asby is president of the sorority. Hostesses for the occasion will be Elizabeth and Mrs. Lynch, noted reviewer and speaker, will relate the story of this exciting new best seller which is more than an absorbing love story. It is a saga of the sea in Clipper ship days; the story of the beautiful half white Chinese girl; the portrait of gallant Capt. O'Hara; the quaint life on a channel island; and finally the struggle for existence in a primitive land. All are intertwined with the never-to-be-forgotten love story to make this a review Pampa women cannot afford to miss.

Members of the B.G.K. extend an open invitation to all interested Pampans to attend. A small admission will be accepted at the door.

Texas produced 1,898,000,000,000 (trillion) cubic feet of natural gas in 1944, according to a survey by Dr. E. P. Schoch, professor of chemical engineering at the University of Texas.

Nazi Versus German When this war began the German people doubted, believed that Hitler was sending them into battle to win land, power and glory for themselves.

RAYON HAS GROWN Back in 1919 the American people bought less than 2 per cent as much rayon as cotton. Last year the rayon was 20 per cent, and rayon had captured a slice of cotton's export business.

VOLUME AND WAGES Rayon picked up the American way. It had relatively large investments in machinery. With good tools, it turned out large volumes of rayon per worker.

IT COSTS SOMETHING People say there is a practical cotton picker ready for introduction after the war. It will cost a lot more than one big sack and a string for each member of a sharecropper's family.

The Nation's Press ANTI-NAZI GERMANS (The Chicago Tribune) A good many of the correspondents with our armies in Germany have reported statements by civilians in recently conquered territory to the effect that they never did like the Nazis.

ABOUT WORLD PEACE (The Wilmington Del.) Sunday Morning Star "With all my heart," says Mr. Lamont du Pont...

Nazi Versus German When this war began the German people doubted, believed that Hitler was sending them into battle to win land, power and glory for themselves.

Death's BRIGHT DIAMONDS by Lionel Mosher

HOLD EVERYTHING We were back in Louisiana for the funeral. We had stood in the old cemetery at the little burial ground in Sandy Point where the first Hudsons had ended their careers in the India trade.

THE IVORY ELEPHANT XXVII DESPERATELY Xavier took out his gun. He pointed at my stomach. I had a clear view of the small black hole in the muzzle that seemed to touch my flesh.

WE were back in Louisiana for the funeral. We had stood in the old cemetery at the little burial ground in Sandy Point where the first Hudsons had ended their careers in the India trade. I was taken to headquarters. When Marks heard the story, he ordered the detail doubled at the little burial ground in Sandy Point where the first Hudsons had ended their careers in the India trade.

5 Texas Schools To Assist Fund

NEW YORK, April 18—Five Texas schools will share in the \$1,550,000 to be sought by the United Negro college fund in a national campaign beginning April 18 for the war needs of 32 accredited private Negro colleges.

Huston and Tillotson at Austin, Bishop and Wiley at Marshall, and Texas college at Tyler. Heads of the schools will organize the campaign in their areas and Nathan Adams, president of the First National bank of Dallas, is Dallas chairman.

North Carolina-born Thomas A. Morgan of New York, president of the Sperry corporation, is national campaign chairman. John D. Rockefeller, Jr. is chairman of the fund's advisory committee.

"Upon how well the colleges represented in the fund function," explains Mr. Morgan, "largely depends the type of leaders and technical men that the thirteen million Negroes, a tenth of our population, will have in the future. These institutions will carry much of the load in the complex adjustment period ahead. They will have a major role in guiding the quarter-of-million Negro men in the army who plan to return to school.

Truman Modesty

TRUMAN, George Collingwood (1904/1905), son of Thomas W. Truman, was born in Independence, Mo., on June 8, 1892. He attended the University of Missouri, where he received a B.S. in 1915 and a Ph.D. in 1917. He was a member of the Phi Kappa Phi Honor Society and the Phi Chi Society. He was also a member of the Phi Kappa Phi Honor Society and the Phi Chi Society. He was also a member of the Phi Kappa Phi Honor Society and the Phi Chi Society.

Military Asked For Adjustment

CHICAGO, April 18—(AP)—Chairman Clinto P. Anderson of the house food investigating committee Monday recommended that U.S. military and war services "should adjust their (meat) specifications on a realistic basis in keeping with the existing meat supply."

Lufkin Strikers Return To Work

DALLAS, April 17.—(P)—A strike at the Southland Paper Mills, Inc. of Lufkin has ended and all men have returned to work.

The walk-out, which came last Wednesday, involved approximately 150 workers and while the exact reason never was given, Potter said as near as he could determine it was over general grievances.

As a result of the men having returned to work Saturday afternoon, the show-cause hearing ordered by the regional WLB requiring representatives of Consolidated Local 401, international brotherhood of pulp, sulphite and paper mill workers (AFL), employed by the paper mills, to appear tomorrow has been cancelled.

Potter said he was informed by Charles Carpenter, general superintendent of the mills, that the strike had ended.

Talley Citizens

(Continued from Page One)

Saturday's he quipped. Another report said that residents of the addition are paying 30 percent more than Pampa citizens for their water, and sometimes not getting it, and paying a higher rate on fire insurance, and not getting any protection either.

He insisted that incorporation into the city limits would therefore cost the residents very little more and "we would enjoy the rights of other citizens."

Only one of the signers of the last petition, asking that the election not be held, was present at the meeting. The rest indicated they were in favor of an election, and believed it would be held. The lone objector offered that "the majority of the people moved to the Talley addition because they wanted to be outside of the city limits."

The opposition spokesman said he believed it would be held. He suggested that some other proposition be worked out to improve the water supply.

Mayor Farris Oden, speaking for the opposition, pointed out to the representatives that if the addition was to be incorporated it would not immediately solve their water problem.

"Due to the material shortage," the mayor explained, "it would be some time before the city could give any help, and it will call for a lot of patience on the part of Talley addition residents."

At the beginning of the discussion, the mayor had reminded that "as matters now stand, the city is suffering a 30 percent loss on water to the Talley addition. If the majority of Talley citizens wants to come in, we'll be glad to welcome you. If not, we don't want you in. But the present arrangement isn't satisfactory. The commission's only position is that we want something to be worked out."

Following the discussion, the addition representatives were dismissed and told they will be informed of the commission's decision this afternoon.

Ernie Pyle

(Continued from page one)

Ernie Pyle's full name was Ernest Taylor Pyle, but he was addressed to simplicity, both in his writing and in his dealings with the doughboys whose stories he told.

Pyle saw more war than many soldiers, and he hated it. Twice in Europe he narrowly escaped the death that overtook him on Okinawa where he was writing his daily column.

A beachhead villa in which he had been sleeping in Italy was hit by an enemy bomb shortly after he had switched beds a year ago last March. He and four other newspapermen, including George Tucker of the Associated Press, escaped with light cuts.

Again, during the battle of the breakout in France, he was almost killed by Allied bombers at the time Lt. Gen. Lesley McNair was killed.

About the dangers of being a war correspondent, Pyle once wrote a friend: "I try not take any foolish chances, but there's just no way to play it completely safe and still do your job. The front does get into your blood, and you miss it and want to be back. Life up there is very simple, very uncomplicated, devoid of all the jealousy and meanness that float around a headquarters city, and time passes so fast it's unbelievable."

"I didn't have my clothes off for nearly a month, never slept in a bed for more than a month."

Sometimes it was so cold, he said, that "my mind would hardly work and my fingers would actually get so stiff I couldn't hit the keys."

Like other war reporters, Pyle spent much of his time living in the field with the troops. During the fighting in Tunisia he went four and five weeks without a bath, sleeping on the ground and on farmhouse floors, under Jeeps and in foxholes.

Pyle was born Aug. 3, 1900, on a farm near Dana, Ind. His father, William C. Pyle, still lives there. His widow, the former Geraldine ("Jerry") Stebbins of Stillwater, Minn., lives in Albuquerque, N. M., where they built a home a few years ago.

He was the author of "Ernie Pyle in England," "Here is Your War," and "Brave Men."

He's Won't Be There; He's 'Up to Ears'

TEMPLE, April 18.—(P)—President Truman wrote the Temple Telegram yesterday that he would be pleased to keep an appointment to appear on a USO program in Temple the last week of May.

Truman, who had accepted the invitation of Rep. W. R. Poage (D-Texas) to appear in Temple, wrote: "I'm up to my ears and I must stay here and try to do the job."

Pacific War

(Continued from page one)

approaching climax of the three-months old battle by the U. S. 33rd division for Baguio. It was being fought under trenching rains today against such persistent enemy resistance that one officer commented "every Jap up there seems to be armed with a machinegun."

Pressure of the 33rd and other American units, Gen. Douglas MacArthur said, enabled troops in recent days to lead and carry 7,000 civilians of 15 different nationalities, mostly Filipino, out of the enemy held city. They moved at night over mountain trails now dotted with graves of refugees whose pallid health gave out on the escape route.

European War

(Continued from page one)

Hamburg in a wide breakthrough before the lower Elbe river. The U. S. Ninth Army expanded its bridgehead east of that river, 45 to 52 miles from Berlin, and battled in the streets of Magdeburg.

Supreme headquarters said 2,055,575 Nazis were captured since D-Day in the west. The April total has topped 875,000.

At Gen. Eisenhower gathered power for the final drive to meet the Russians, the Red army by German account was springing from Neisse river bridgeheads in two main columns, driving across the last 75 miles to the eastward U. S. Third army, which last week reported four miles from the Czechoslovak frontier and hammering at industrial Chemnitz, where the German commander rejected an ultimatum.

Paper Drive

(Continued from Page One)

Pampa has announced that 56 Pampa scouts, in five army trucks, will collect paper here Friday and Saturday, April 20 and 21.

Only newspapers and magazines are being collected by the scouts themselves but Olsen has asked all merchants who have large stocks of waste cardboard boxes to bundle them up and call the scout office, telephone 1560, and the bundles will be taken up Saturday.

Already, 11 Boy Scouts and two Cub Scouts have collected their 1,000-pound quota. The two Cubs are Tex De Weese, Jr. of Pack 414 and Donald Mackey of Pack 414.

Mr. Truman, who had had his differences with the high command on army promotions a year previously when he was a committee member, sympathized, but could do nothing. When he became President, he acted just as such.

This is the kind of cooperation legislators understand.

Truman Will

(Continued from Page One)

manded only one army, not an army group.

His former colleagues on the committee complained to Mr. Truman that two mighty good fighting men were being overlooked in the high command's recommendation for promotion of several others to the rank of full general.

Mr. Truman, who had had his differences with the high command on army promotions a year previously when he was a committee member, sympathized, but could do nothing. When he became President, he acted just as such.

This is the kind of cooperation legislators understand.

Fire Department

(Continued from page one)

White says the average citizen does not realize the varied knowledge that firemen must possess. He reports that at a recent regular bi-monthly drill the combined forces listed "over a hundred different items that a good fireman must know."

Among the most important phases of a fireman's knowledge, White says, is his ability to learn the town thoroughly and know its streets. He must know every building, how it is arranged and everything that is in it.

The firemen must know his equipment and how to operate it.

One of the most important duties of a fireman, the chief declares, is talking fire prevention to the public "every day of the year."

"But," Chief White added, "a fire department is helpless if it does not have the full cooperation of its citizenry."

Housekeepers, the chief said, can probably do more than any other one Pampa group in aiding firemen.

A clean housekeeper is not necessarily a good housekeeper, according to Chief White.

"Every spring, women all over town wash and scrub and dust to make their homes spotless," White said, "but many of them don't seem to understand that a clean house can burn just as fast as a dirty one."

A really good housekeeper, in the chief's opinion, is one who gets rid of fire hazards as well as dust and dirt.

"I know a house in Pampa where the rugs are so clean you could practically eat off the floor," he explained, "but there's an electric light cord running across the living room under the carpet. That is an example of the kind of housekeeping that starts fires."

Another thing that many housekeepers pride themselves on is the fact that they never throw away anything. That's fine for the things that serve a useful purpose. If they are not useful, however, they are just plain rubbish, and rubbish is a fire breeder. Remove anything combustible from the attic, basement, closets or garage, if you don't need it," the chief urged.

"If you are having your home painted this spring, remember that the thinner used in paint is flammable," Chief White continued. "Make sure paint cans are tightly covered when not in use and keep them away from heat or flames. Paint soaked rags should be kept in metal containers."

"Spring is also a good time to look over your fire extinguishers and see that they are in good condition," the chief concluded.

Market Briefs

(Continued from page one)

WALL STREET
NEW YORK, April 17.—(P)—The stock market moved up to new highs since 1937 today, its sixth consecutive advance, but profit taking cut down many recent climbers.

Turnover for the first two hours was 1,909,000 shares.

Ahead most of the time were Southern Pacific, Great Northern, American Telephone & Telegraph, Goodrich, International Harvester, Union Carbide, Johns-Manville, Kennecott and Du Pont. Occasional losers were U. S. Steel, U. S. Rubber, Montgomery Ward, Westinghouse, North American, Allied Chemical, Douglas Aircraft and Texas Co.

Carl Wilson is a medical patient in Pampa hospital this week.

Kingsmill Breeder Makes Good Showing

Amos Harris and sons' milking Shorthorn breeder, of the Kingsmill community, made an unusually good showing at the Panhandle Plains Dairy Show at Plainview last week.

Glenn Harris' junior yearling heifer, "New Year's Gift," placed second in a strong class of Shorthorn heifers. First place in this class was taken by the Grand Champion 4-H club female.

The bull, "Pleasant Chubby," shown by Amos Harris, Jr., placed seventh in a class of 27 entries and was sold at the show for \$200.

The elder Harris showed "White King" and "Drum Major" and won fifth and sixth place in the open class of Shorthorns.

Rites Are Held for Messenger Infant

Funeral services were held at 11 o'clock this morning for Max Darlene Messenger, infant daughter of Mr. and Mrs. James M. Messenger, who died yesterday in a local hospital.

The child is survived by the parents, and the grandparents, Mr. and Mrs. A. A. Russell, Pampa, and Mr. and Mrs. C. H. Messenger, San Bernardino, California.

Rev. E. Douglas Carver, pastor of the First Baptist church conducted the services. Burial was in the Baby Garden of Fairview cemetery under the direction of Duenkel-Carmichael funeral home.

Only One Fire Call Made During Week

The local fire department has so far had only one call this week, Chief Ben White reported this morning.

The single call came Monday night when balls of hay in a large metal tank caught fire, resulting in about \$21 damage, the tank is located at the rear of a feed store at 522 Cuyler. The chief said the origin of the fire is unknown.

Do You Have a Postwar Suggestion?

(See Story on Page 1) The Industrial committee of the chamber of commerce is making an industrial survey and would like to have suggestions from any individual on any projects or developments in this area to be included in the recommendations.

Please clip and fill in below any ideas that you might have and mail to the Chamber of Commerce, Pampa, Texas. It is not necessary to give your name if you prefer not to do so. (If more space is needed, use a separate sheet of paper).

NAME ADDRESS

Truman's Life

(Continued from Page One)

story and a half house in Lamar, Missouri, May 8, 1884. His parents, the late John Anderson Truman and Mary Ellen (Young) Truman, had gone there to live shortly after their marriage in 1882. His grandparents had come to Missouri in the 1850's from Kentucky.

Harry was the first child, his mother then being 32 years old. His father was trading mules to farmers.

The elder Truman remained in Lamar only two years, then moved northward to Harrisonville, Missouri, and shortly afterward to Grandview, today no one in Lamar remembers Truman since he was only two when his father left there.

He chose to return last year, however, for his vice-presidential nomination, and went around to look at his birthplace. His mother, 91, was driven down for the occasion.

Truman grew up on the Grandview farm, learning early the chores of a farm boy, gathering eggs, feeding chickens, milking cows, making hay, and caring for farm animals.

There were few amusements in rural Jackson county 50 years ago, and it was a simple life that kept the Truman family busy. By this time there were three children, a sister, Mary, who never married and still lives with her mother, and a brother, Vivian, also living here.

Truman's parents moved to Independence in 1890 to educate the children, but they continued to visit the farm. Young Truman was graduated from Independence high school in 1901, and for a few years worked around Independence and Kansas City as a mailer for the Kansas City Star, in a drug store, and

as a bank clerk in two banks. When Truman was 17 he got a job as a timekeeper for a railroad construction company at Courtney, Mo., and rode to work on a handcar which he pumped himself.

Scores of neighbors and friends recall well his childhood and young manhood in Independence and Grandview and his courtship of Bess Wallace, the only girl he ever had, who became Mrs. Truman in June 1919, a month after he came home from war.

Miss Nellie Nolan recalls those days: "Bess Wallace was very lively when a girl. She was excellent at numbskull and could beat all the boys. She was a beautiful skater, both on ice and roller skates. Harry wasn't too inclined to sports, he always was too bookish."

"Harry and Bess met as little children when they both attended the Presbyterian Sunday school. They were in the same grade in elementary school and graduated from high school together."

"Harry never had any other girl in his life except Bess. He stayed with us a great deal at the time while he was courting her. He was a very attentive suitor. They used to go to all the good plays and musical programs. He bought a Stafford car in 1912—an open touring car, and did they burn the roads! I think probably the car helped the courtship some."

"He wanted to be married before

going overseas, but they decided to wait. However, they were engaged before he left."

Bess Wallace Truman is remembered by another for an unkind attribute—she was the first girl he ever knew who could whistle through his teeth.

Truman left a \$100 a month bank clerkship in 1906 to return to Grandview as a farm partner with his father. His father died in 1914 and Harry continued on the farm until mobilized in 1917. He returned briefly to the farm in 1919, but entered business in Kansas City in the fall of that year, as a partner with Edward Jacobson in a haberdashery shop in the old Baltimore Hotel—The Truman and Jacobson Haberdashery.

Truman sold neckties and shirts for three years, made money in 1919 and 1920, and then was hit by what he called the "Melton depression" and the firm went broke in 1922.

"We decided to fold up," Jacobson says today. "We liquidated the business and eventually paid off the creditors in full."

Truman went back to the farm again briefly, got into politics for two years, returned to the farm for another two years, and then was re-elected to a county judgeship and has held elective office since—a span of 18 years.

He regards the words of his mother as the greatest compliment he ever received: "That boy could plow the straightest row of corn in the county. He was a farmer who could do everything there was to do just a little better than anyone else."

(Tomorrow: Truman in politics; intent on keeping "my feet on the ground.")

PARKS READY

AUSTIN, April 18.—(P)—Frank D. Quinn, executive director of the state parks board, announced today that the 38 state parks have been placed in readiness for official opening to the public May 1.

About 550 species of native grasses are found in Texas, which is approximately one half the whole number of species found in the U. S.

Love and sentiment usually prompt a man to buy flowers; the same factors usually prompt him to buy Life Insurance.

Car Shortage Is Placed by Group

WASHINGTON, April 18.—(P)—

Blame for the boxcar shortage in midwestern grain states was placed on the office of defense transportation and eastern railroads by witnesses before the senate interstate commerce committee Tuesday.

Ben C. Larkin, North Dakota public service commissioner and chairman of an eight-man committee framed by a conference of representatives of governors and utility commissioners of 11 midwest states, told the committee that the boxcars have "gone east and we are unable to get them back."

Larkin testified that on April 1 the northern Pacific railroad had only 65 percent of its cars on its own lines and the great northern 46.5 percent, while eastern railroads averaged 112 percent.
