Pres. Truman Puts Future Peace Squarely Up To Senate; To Meet Landon

4 MORE JAP CITIES BOMBED

Coroner Finds Mrs. Stevens Criminally Responsible in Shooting

President Wants U. S. Acting First

KANSAS CITY, Mo., June 29.—(AP)—President Truman put squarely up to the senate today what he termed the decision of future peace. Unless the United States leads the way by ratification of the United Nations charter and a world court, he declared, "there can be no peace in the world."

His solemn warning, voiced in a homecoming ceremony last night in which he received the honorary doctor of laws degree from the University of Kansas City's law school increased speculation he may submit the charter to the senate Monday in person.

"We are going to have to ratify this constitution of San Francisco," the President declared, "and I want to say to the United States: Do it first."

Meanwhile the President arranged a 4 p. m. (CWT) conference with former Gov. Alf M. Landon, of Kansas, 1926 republican presidential nominee.

One of a series of moves to unite both parties and all factions behind non-partisan objectives, the meeting will take place in the President's temporary suite atop the hotel Muehlebach.

The President's speech in the municipal auditorium given extemporaneously, was a reiteration of his oft-expressed request for an end to isolationism.

"It is absolutely necessary for the greatest republic ever shown upon the world as a whole, and not by itself," the President, clad in a cap and gown, declared.

The world, he continued, "is our world, as Willie said," and he added that nations must get along as well in the republic of the world as the states do in the United States.

Mr. Truman ordered red roses for his wife yesterday, as it was their 28th wedding anniversary. Mrs. Truman and Margaret were in Kansas City for the day's festivities.

Heavy Damage Is Caused by Storm

ELECTRA, June 29.—(AP)—A wind storm which struck Electra at 9 p. m. last night caused damage estimated unofficially at a half million dollars as it unroofed houses, demolished small buildings, twisted off trees, tangled wires, and leveled or damaged oil field derricks and pump stations.

Part of the city was without power throughout the night. Crews were engaged today in unangling light and telephone wires. For more than two hours the town was isolated from telephone communications and in rural districts were still out today.

There were no injuries reported. See **HEAVY DAMAGE**, Page 8

Local Man Indicted On Car Theft Charge

An indictment charging car theft has been returned against A. J. Pemberton of Pampa by the 31st district grand jury.

Report Says Milton Home Broken Up

BRIDGEPORT, Conn., June 29.—(AP)—Coroner Theodore E. Steiber today found Mrs. Imogene Stevens, 24, criminally responsible for the death of Albert Kovacs, 19, submarine sailor whom the army major's wife shot and killed in the home of a neighbor in New Canaan last Saturday night.

The coroner said that statements furnished by police indicate that Mrs. Stevens was "under the influence of liquor and under a high emotional strain" when she fired three shots into the Norwegian youth's body but asserted that "the intoxicated condition of Mrs. Stevens does not absolve her from a charge of manslaughter."

Steiber reported chemical analysis of Albert's body showed he, too, was "definitely under the influence of liquor."

From statements made to police by Mr. and Mrs. Charles Milton, in whose home, adjoining that of the Stevens residence, the shooting occurred, it would appear, said Steiber, that "an illicit love had existed between Mrs. Stevens and Mr. Milton which caused the Milton home to be broken up for a number of months."

On the night of the shooting, the coroner, Mrs. Stevens and Mrs. See **MRS. STEVENS**, Page 8

Widely Known Pampan Dies From Heart Attack

Clifford J. Osborn died this morning from a heart attack in his home at 921 W. Buckler.

Osborn came to Pampa in 1934 and was joint owner of the Osborn Implement company with his son, Z. R. Osborn.

He was a charter member of Masonic lodge in Booker, Texas and his membership is still there.

Osborn is survived by his wife, Berta E. and three sons, Z. R., Aubrey W. of the army air corps, and Ray Sanger, a step son of Salpan.

A brother, E. O. Osborn lives in Oklahoma.

Two half brothers, Willford Osborn US navy and Henry A. Wallace of Topeka, Kansas, survive.

Duerkel-Carmichael funeral home is in charge of the funeral arrangements, pending the arrival of relatives.

CONGRATULATIONS:

PAMPANS ARE PRAISED FOR PATRIOTIC SERVICE

"The citizens of Pampa are to be congratulated upon a highly unselfish and patriotic service," said Brigadier General M. P. Davis in a letter received here yesterday.

The general's letter was addressed to C. P. Pursley, president of the chamber of commerce, and he expressed his appreciation to Pampa for formulating and carrying out the army hospitality program.

According to Davis, the residents of Pampa have made it possible for many, who otherwise could not have been accommodated, to attend graduation exercises.

430 Texans Affected by Stoppages

DALLAS, June 29.—(AP)—All passenger, freight and express service on interurban lines of the Texas Electric Railway company was halted today by a walkout of transportation, shops, line, and power departments employees.

Bus and street car service in Waco and bus service at Denison and Sherman, operated by the company, came to a standstill also.

James P. Griffin, company president, said "the walkout came without notice and at the very beginning of negotiations between the company and the CIO toward reaching an agreement with its employees represented by the union." He said some 400 employees were affected.

Rufus High, president of the United Railroad Workers of America, CIO, branch of the company's employees, declared "this work stoppage is caused by the failure of the employees to obtain any adjustments whatever in numerous grievances through the regular channels of collective bargaining over a period of the last 15 months."

Griffin, in a formal statement, said the walkout early today was staged "without the CIO's attempt to follow the orderly procedure set out in the railway labor act, to which the company and its employees are subject, for the handling of matters of this nature."

High, also in a formal statement, asserted, "Delays have been encountered through the National Mediation board, as well as the company. We have been unable to get the National Mediation board to take any apparent interest in the case and the employees of the company feel that the conditions are unbearable."

Employees at Denison said a contract was being sought calling for an eight hour day and time and one half for overtime, and that motormen and bus drivers were asking a wage increase of from 75 to 95 cents an hour.

Memorial Services To Be Conducted

Memorial services for S Sgt. John Tom McCoy, who was killed in action in Germany April 5, will be conducted in connection with the Sunday morning services of the First Methodist church.

Sgt. McCoy, the son of Mr. and Mrs. Bob McCoy, was a member of a cavalry reconnaissance unit of the Seventh army and was killed near Neustadt, Germany.

Three former classmates of Sgt. McCoy will take part in the services. Mary Nelson will sing "The Lord's Prayer" accompanied by Betty Ann Cuddeback and the flag will be presented by H. R. Thompson, Jr. A. S. USN.

The services will be conducted by the Rev. E. B. Bowen, pastor of the church.

Many Pampans Attending Rodeo

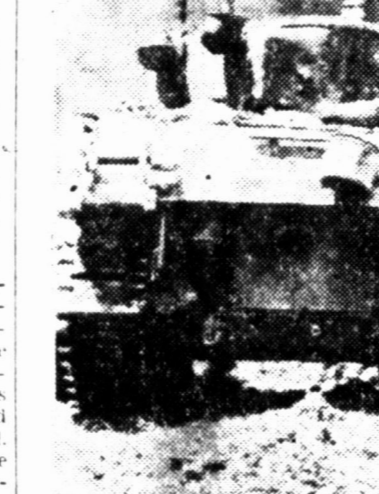

A large number of Pampans were attending the annual McLean rodeo and old settlers reunion today in that south Gray county community.

Headed by President C. P. Pursley, a number of chamber of commerce representatives left this morning and many more were expected to leave before the performance of the rodeo at 2 o'clock.

Pursley had earlier urged that as many Pampans as possible attend the event so as to promote good will among the two towns and to advertise Pampa's rodeo and horse show, scheduled to be held here August 17, 18 and 19.

A caravan from the Amarillo chamber of commerce was also scheduled to attend the McLean festivities.

BURN OUT JAP POSITIONS

Organized resistance by Japs has ended on Okinawa, but with flames and bullets remaining pockets are cleaned out. Here a flame-throwing tank of the U. S. 10th army moves close to Jap positions to destroy it with flames. An infantryman of the 96th division crouches, ready to get any of the enemy who might avoid the flames.

Artery Hardened Senators Considering Oratory Rationing

By FRANCIS J. KELLY
WASHINGTON, June 29.—(AP)—A 12-hour, 32-minute session that ended early today brought the senate face-to-face with a decision whether to ration oratory.

Senator Taft (R-Ohio) and 31 colleagues representing both major parties, present a rarely-accepted cloture petition to limit senatorial debate.

Most of the free and unlimited conversation which began at noon yesterday centered on a controversial proposal to vote operating funds to the far employment practice committee, a division of government which has a minimum of support from southern senators.

Senator Bilbo (D-Miss) and a potent, talkative bloc of southerners opposed it on their contention that it spelled trouble between the races, friction in industry and governmental meddling in business.

Senator Chavez (D-NM) fought for it just as vigorously, contending the southerners were attempting to thwart the will of a majority of the senate.

The committee, established by executive order of the late President Roosevelt, is designed to prevent discrimination because of race, color, creed or national origin.

Chavez seeks to write a \$440,000 appropriation for FEPC into a \$770,000,000 omnibus bill carrying funds to support a score of war agencies.

Theoretically, if the bill isn't passed by midnight tomorrow, the end of the current fiscal year, the agencies will have no operating funds. Practically, the situation won't be quite that acute.

The filibuster against FEPC was based on the fear of its death knell.

If the cloture petition is successful, it means every senator is limited.

County Must Sell \$10,000 Worth Of E Bonds Daily

E bond sales of June 28—\$7,236,500
E bond quota today—\$525,000.00
Sold to date—\$461,949.75
Short of quota—\$60,050.25

With six days left to buy E bonds, Gray county must average \$10,000 per day to reach the \$525,000 quota.

E bond sales to date are \$461,949.75 which leaves Gray county \$60,050.25 short of the quota.

This report was made this morning by Judge S. D. Stennis, chairman of the war finance committee, who says we must not let this record stand.

Stennis reminded the people of Gray county that "there is no better way to fight against future adversity than to lay away E bonds and at the same time render a service to our country."

Vandenberg Says Charter Is Only Chance for Peace

WASHINGTON, June 29.—(AP)—Senator Vandenberg (R-Mich.) told his colleagues today they must accept the United Nations charter as a brave experiment or cheat the world of "its only collective chance" for peace.

In a vigorous endorsement of the San Francisco conference agreement for formation of an international organization, he called the pledges drawn out there "a new emancipation proclamation for the world."

Before the tall Michigan senator took the floor, Senator Taft of Ohio—chairman of the republican steering committee, said he and others are thinking of trying to write into the ratification resolution limitations on the authority Edward R. Steettinius, Jr., will wield as American delegate on the proposed world security council.

Speaking from a prepared manuscript, Vandenberg said he would support the charter "in the deep conviction that the alternative is physical and moral chaos in many weary places of the world."

"I shall do it because there must be no default in our oft-pledged purpose to outlaw aggression so far as lies within our human power," he declared.

Powerful Base Is Fashioned

KANSAS CITY, June 29.—(AP)—President Truman predicted today a powerful base being fashioned in the liberated Philippines will play a part "in the vital knockout blow against Japan."

In a message to Gen. Douglas MacArthur congratulating him upon the successful conclusion of the Luzon campaign, the President said:

"With the complete defeat of the enemy on Luzon you have swept them from all the Philippines and redeemed the promises of the American people to the loyal Filipino people."

Press Secretary Charles G. Ross also announced that the President has signed an executive order formally transferring the functions of the war food administration to Agriculture Secretary Clinton F. Anderson, in conformity with plans disclosed some weeks ago.

Contrary to popular opinion, all movie cowboys do not carry guitars and pistols when they meet the public.

This was demonstrated at the weekly noon luncheon of the Lion's club when Jimmy Wakely, star of Monogram moving pictures, participated on the program.

Wakely won the friendship of everyone present when he was unexpectedly called upon to sing a few songs.

With a bashful grin, he stood up and said, "You know fellows, in pictures when a cowboy is called upon to sing, he always says he didn't come prepared. Then the first thing you know he drags out a guitar and starts singing!"

Marriage of Miss Frances Hodge to G. E. Tyler of Guymon Announced

Mr. and Mrs. Joe Hodge, 501 E. Foster, are announcing the marriage of their daughter, Frances Virginia, to Gerald E. Tyler, of Guymon Okla., June 16, in the parsonage of the First Methodist church of that city with the pastor, Rev. Parker, officiating with the single ring ceremony.

The bride chose for her wedding a street length dress of ice blue crepe with white accessories.

Mr. and Mrs. Joe Hodge, parents of the bride, attended the ceremony.

Mrs. Tyler was graduated from Pampa high school and West Texas state college, Canyon, and also attended New Mexico state normal, Las Vegas, and Texas Women's college, Fort Worth. For the past four years, she has been teaching in New Mexico.

The bridegroom is the son of Mrs. G. E. Tyler of Guymon and is a veteran of the South Pacific theater, having served overseas for 16 months.

The couple will be at home in Guymon where Mr. Tyler is employed by the Cabot company.

Old Shoes Can Be Rejuvenated

Simplest rejuvenating trick to wipe the tired look off the face of shoes which must do until the August season is to achieve by renewing bows or buckles. You can also replace worn-out or antiquated toe patterns with stylized ornaments, obtained from and put on by your shoe-repairman.

Your can have winter shoes perforated or have toe windows built in to give your feet cooler and more attractive summer homes. Dye baths to change light-colored shoes dark will also wipe out stains or faded tones and will make surface bristles or scratches much less noticeable.

An expert "shoe doctor" can take battered suede shoes and bring the nap up to look velvety again, or shave off pile and turn leather into surfaces as lustrous as kid. He can also put his "Mitras" touch of gold or silver on any kind of leather shoe that you want to turn into a Cinderella evening slipper.

Gray-Brothers Engagement Told At Plains, Kans.

Mr. and Mrs. George O. Gray of Plains, Kans., announce the engagement of their daughter, Bonita LaVerne, to Oscar Bryn Brothers, S.-c. son of Mr. and Mrs. T. F. Haggard of 537 N. Davis, Pampa, Texas.

Miss Gray is a graduate of Plains high school, having graduated with the class of '44 with high scholastic honors. She was valedictorian of the Senior class, was elected to membership in the National Honorary society, and was awarded a scholarship to the Colorado Women's college at Denver, Colo. However, she chose to enter Nurse's Training and is now a member of the U. S. Cadet Nurse Corps at Wesley hospital in Wichita, Kans.

Seaman Brothers enlisted in the U. S. navy March 21, 1944, and was called to active duty on April 18.

He was home on leave recently after more than a year's service in the Southwest Pacific where he participated in five major invasions—Siapan, Guam, Leyte, Luzon, and Okinawa, which entitles him to wear five bronze battle stars. He reported at Portland, Oregon, last weekend for further assignment.

Meanwhile, Miss Gray will continue her Cadet-Nurse Training at Wichita.

No date has been set for the wedding.

Church Women Work In Many Countries

By MARY FOWLER

Mrs. Nathaniel D. Singer, of the civilian defense volunteer office in New York City, and Josiah P. Marvel, of the Quaker emergency service, are enlisting women of Catholic, Protestant and Jewish congregations throughout greater New York in a "crusade" against the black markets in foods. They characterize growing black market practices as a moral issue with which these churches have concern and the moral consciousness of the general public.

For individual church women this means shunning all black markets and keeping informed on price ceilings.

Medical examinations to enable 300 youngsters to go to summer camps sponsored by the Church of All Nations, New York City are provided through a "campship" grant of Gamma Phi Beta, national social sorority. Another "campship" will provide a two-week vacation for a child designated by the Methodist camp service of New York City. Both organizations are affiliated with the New York City society of the Methodist church, of which Dr. Frederick B. Newell is executive secretary. Before the war, Gamma Phi Beta sponsored its own camp program but now it is sending children to camps operated by other agencies.

Sugarless Fourth of July Desserts

Cherry meringue pie for Fourth of July celebration.

BY GAYNOR MADDOX

NEA Staff Writer

You want a gala dessert for the 4th of July—you also want to save your sugar supplies for Victory Garden canning. Here are two recipes.

Chocolate Charlotte (Serves 6)

One recipe prepared chocolate pudding, 1/4 to 1/2 teaspoon almond extract, 1 or 2 egg whites, stiffly beaten, 6 ladyfingers or 24 strips of sponge or plain cake.

Prepare pudding as directed on package. Chill, stirring frequently. Add almond extract. Fold in beaten egg whites. Split ladyfingers and cut in half. For each serving, place 4 pieces of ladyfingers or cake in sherbet glass and fill with pudding.

Fruit Meringue Pie

One and one-third cups (15-ounce can) sweetened condensed milk, 1/4 cup lemon juice, 2 eggs, separated,

1 cup sliced cherries or other fruit, 2 tablespoons sugar, cookie crumb crust.

Blend sweetened condensed milk, lemon juice and egg yolks. Fold in sliced strawberries. Pour into pie plate (9-inch) lined with cookie crumb crust. Cover with meringue made by beating egg whites until stiff and adding sugar. Bake in moderate oven (350 degrees F.) 10 minutes or until brown. Chill before serving. Or omit the meringue and garnish with cherries.

If the time is too short for pie crust, you can still accomplish your pie by using a cookie crumb crust. Just roll enough vanilla wafers to make 1/4 cup of crumbs. Cut enough vanilla wafers in halves to stand around edge of pie plate and put them in place. Cover bottom of plate with crumbs and fill in spaces between half wafers. Pour in filling as usual.

Methodist Women Have Luncheon, Regular Meeting

"Juvenile Protection" was studied by the Woman's Society of Christian Service of the First Methodist church when it met Wednesday for a luncheon and regular meeting at the church. Mrs. E. B. Bowen gave the invocation and Mrs. Horace McBea presided at the business session.

Following the opening song, "Something for Jesus," Mrs. Dollie Barnhart led in prayer. The meditation was given by Mrs. R. K. Elkins, and Mrs. Barnhart related a story of juvenile protection.

Mercy Center, Chicago, Ill., was discussed by Mrs. Bowen. The responsibility of the church in juvenile delinquency was stressed by Mrs. J. E. Kirchner, and the cause of delinquency was given by Mrs. S. C. Evans. Mrs. Sherman White told of Friendship House in Gary, Ind.

Circle meeting next week will be held Tuesday instead of Wednesday because of the Fourth of July.

Brownies To Close Day Camp Activity At Program Tonight

Activities at the Brownie Day Camp will be concluded tonight with a program which will begin at 7:30 at the Little Scout house. The camp has continued for an eight day term under the direction of Mrs. R. H. Nensiel and Mrs. Noel Dalton.

Girls who have attended the camp for four days or more will be presented certificates this evening, according to Miss Marie Stedje, Girl Scout executive.

Members of Unit Three, who will enter Girl Scouting, will receive wings and Girl Scout pins in a Fly-Up ceremony. Girls in this unit will present a play, "How the Girl Scout Laws Were Written." They have prepared the play and costumes as a part of their work in the camp.

Parents and friends of Brownies are invited to attend.

SUNDAY SCHOOL LESSON
Scriptures: Genesis, Chapters 2-9
By WILLIAM E. GILBERT, D. D.
The evidence of man's sin and failure is everywhere about us today. Two world wars within our lifetime provide a sufficient and startling commentary upon the Genesis story of the fall of man; and the revelations of world war II have shown to what incredible depths of baseness, violence, and cruelty man can descend.

CHURCH OF GOD

The essential truth of the Genesis story, with its allegory of the serpent, and the apple, and the Tree of Knowledge of Good and Evil, is that man sinned and fell, and that the essence of sin is disobedience to the divine command.

SEVENTH DAY ADVENTIST CHURCH
Corner of Browning and Purviance St.
Rev. Elder Ladouceur of Amarillo

Genesis represents man's sin as coming of the forbidden fruit, and the fact that in his disobedience man became conscious of wrong, and a moral being, capable of distinguishing between good and evil, has led some to say that "the fall was a fall upward." In line with this is the notion that sin is a sort of lesser good, a factor in human progress, man learning by his mistakes, as a burnt child dreads the fire.

This was all very plausible, and pleasant; but we don't hear much of it today. It doesn't accord with the Bible, except Genesis of life. We see sin, not as a "lesser good," but as something inherently and desperately wicked. When man disregards God's commandments we see how readily he can treat his fellow-men there is no fall upward in such fleshliness.

"A neighborly church for a neighborly people" and a warm welcome awaits you. Sunday school 9:45 a. m. Morning worship 10:45; Training Union 7:30 p. m.; Evening service 7:30 p. m. Wednesday night services: teachers meeting, prayer service, and choir practice. Brothelton every first and third Tuesday nights at 8 o'clock; and W.M.U. meets in circles every Wednesday at 2 o'clock.
Earl Griffin, Sunday school superintendent; Homer Johnson, T. U. director; and W. L. Ayres, music director.

We are conscious today, too, of the consequences of man's sin. Adam and Eve lost the idyllic Garden of Eden, but we can see not in that a symbol of the Eden of peace, and happiness, that man has lost today through sin and selfishness, and hatred and strife? The knowledge and inventive genius that ought to have blessed man and added to his happiness have been turned to discovering and developing newer and more powerful weapons of destruction and ways of using them. It is of no use simply to wring our hands and deplore war; we have discovered that sinners and aggressors have to be stopped. But wars arise from sin and wrong-doing, and man pays a terrible price for disregarding God's way of peace, and righteousness and love. It is estimated that 60 million men have lost their lives in world war II, and there can be no estimate of the sacrifices and sufferings of other millions of the living.

But over against man's sin and failure stand God's promises, and God's redeeming grace. If it is possible for these, man must have perished—completely long ago. The world is not all evil. War itself brings out the human heritage of courage, devotion to a cause, and willingness to die that others may live.

Man has sinned and failed; but God is not sinless. His promises are fulfilled in countless numbers, who love Him and who love their fellow-men. Sodom might have been spared, had there been a few righteous men within its wicked gates. There are many righteous in this war-stricken, sinful world of today, and they are the hope and assurance of its salvation.

Christian Science Sunday Study Topic

"Christian Science" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 1.

The Golden Text is: "Lift up the hands which hang down, and the feeble knees; and make straight paths for your feet, lest that which is lame be turned out of the way, but let it rather be healed" (Hebrews 12:12,13).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee" (Isaiah 60:1).

The lesson-sermon also includes the following passage from the Christian Science textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As time moves on, the healing elements of pure Christianity will be fairly dealt with; they will be sought and taught, and will glow in all the grandeur of universal goodness" (page 329).

Memorial Service To Be Held Sunday At First Methodist

Church School begins at 9:45 Sunday morning at the First Methodist and a special invitation is extended to those who do not attend regularly. The morning worship service begins in the sanctuary at 10:30. Mrs. J. S. Skelly is organist for the morning service and she will play "Cavatina" by Raff, "Andante" by Widor, and "Moderato" (Requiem) by Brahms. The choir will sing the anthem, "Only Begotten Word" by Brown.

The pastor, Rev. E. B. Bowen, will speak at both the morning and evening hours of worship.

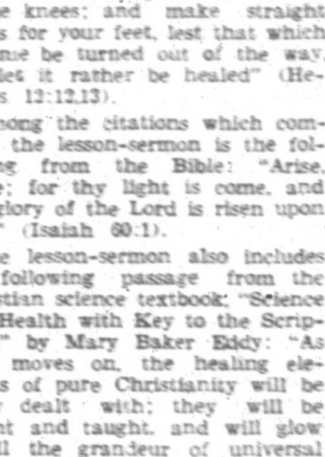

A special memorial service for S. Sgt. John Tom McCoy, son of Mr. and Mrs. Bob McCoy, will be held in connection with the morning service. John Tom was in the cavalry reconnaissance unit of the Seventh army, and was killed in action at Neustadt, Germany, April 5, 1945.

A tribute will be paid John Tom by Rev. E. B. Bowen; Miss Mary Nelson will sing "The Lord's Prayer."

Detroit Regains Undisputed Possession of First Place

Hayes To Set New Catching Record Today

By JOE REICHLER
Frank Hayes will set a new major league endurance record for catchers today when he dons the mask and mitt for the Cleveland Indians against his former mates, the Philadelphia Athletics.

The 29-year-old iron man caught his 217th consecutive big league game yesterday to tie the mark set by Ray Mueller of Cincinnati last year.

Traded to the Indians three weeks ago for receiver Buddy Rosar, Hayes has been a potent factor in the Tribe's recent spurt which saw them win four of their last six games to move within a half game of the sixth-place St. Louis Browns. Although batting under the .250 mark, he has driven in 23 runs and walked seven homers, third high in the league.

Jim Bagby of the Indians hung up an 11-0 whitewash yesterday, spacing six Philadelphia hits for his second triumph of the campaign against eight losses. It was the Athletics' ninth straight defeat.

Detroit regained undisputed possession of the American league lead by defeating Washington 5-2 while the Browns were humbling the New York Yankees 9-4 in their third straight night contest.

Lefty Hal Newhouser, last year's top winner in the Majors, appeared on his way to repeat by registering his 12th victory, tops this season, and his seventh in a row. Trailing 2-1, the Tigers pounded on the Senators' Roger Wolf for a pair of markers in the fifth frame and added two more later, Detroit now holds a one-game lead over the Yankees.

PAAF Medics Lose to Oilers 4-3; Losers Protest 3rd Strike Ruling

In 10 innings of tight softball, the Junior Oilers last night defeated the PAAF Medics 4 to 3 in a men's senior softball league game.

The Medics lodged a protest because of a man being called out after the Oiler catcher had dropped a third strike. The batter took first and the Medics player on third base tried to come home but was called out.

However, until the difficulty is settled, the score will stand 4 to 3 in the Oiler's favor.

The win puts the Oilers in a tie for fifth place with the Odd Fellows. A loss for the Odd Fellows tonight would put the Oilers in definite possession of the fifth slot, their highest of the season.

Should the Knights of Pythias beat the Kimboys, the surging Pampa Merchants would go into a tie for third place.

A doubleheader is scheduled at Roadrunner Park tonight. In the first contest, the Odd Fellows will play the Base Communications in a game starting at 8:30 and the Knights of Pythias will play the PAAF Kimboys in the second game.

One game has been scheduled for Sunday afternoon at Roadrunner Park. The league-leading Squadron B team will play the Communications in a game starting at 2 o'clock.

Next week will mark the beginning of the last two weeks of first half play in the league. The opening half ends on Friday, July 13. Play is then resumed and at the end of the season there will be a four team playoff for the title.

Midland Here For 2 Games

The Midland AAF baseball team visits PAAF this week-end for games with the Flyers, Saturday's contest starting at 4:30 p. m., and Sunday's at 2:30 on the post diamond.

The Bombarriers will be out to avenge last week's two defeats at the hands of the Flyers and will doubtless send Meadows, their ace pitcher, against PAAF in one of the contests.

The Midland team boasts many heavy hitters including first-baseman "Lefty" Wiedemeyer, shortstop "Bull" Durham and catcher "Pepper" Saulek and should furnish plenty of opposition for the improved Flyers despite the lopsided scores of last week.

"Lefty" Walt Petrisky, newest addition to the PAAF hurling corps will probably get one of the starting assignments against Midland. He handiuffed the Bombarriers in his two relief assignments at Midland, and is rapidly rounding into starting form. The other starting job may go to Al Kaplan, Mike Greek or Tony Reis.

Malcolm Mick, Flyer first baseman, slammed out five hits in ten times at bat against Midland AAF last weekend to send his season's average soaring to a lofty .406.

Johnny Buckley, with three for ten at Midland, lost a few points but held on to second place on the Flyer squad with a neat .348.

Biggest gain of the week was accomplished by Marj Knell, second-sacker, who blasted a home run, two doubles and two singles to jump from last place among the regulars into fourth, ahead of slipping "Ish" Henry.

Homer Durden continues to be the "power" man of the Flyer squad, leading in home runs with 4 and in triples with 3 to his credit. Mick leads in runs, hits, doubles and bases on balls, and "Pap" Berry has been at bat 71 times, to lead that department.

The Flyer team average for the season is .274.

Farm Accidents Reported Cosily

Four-h club boys and girls are urged to go the limit in checking accident hazards on farms this year. Authorities emphasize that due to labor shortage, farm families must work longer hours and the resulting fatigue makes them less alert.

to a total of one hour of talk on the pending question.

Chavez said he was going to present his amendment if he had to wait until doomsday. For a while it looked as though he had the situation accurately scouted.

Majority Leader Barkley (KY) offered a proposition: Give FEPC \$250,000 to last all next fiscal year instead of the \$46,500 Chavez declared essential. But no death sentence for the organization such as Bilbo had demanded repeatedly.

Bilbo said he was in no position to do any horse-trading at that late hour. He said he and his colleagues would think it over this morning, and for awhile it seemed probable they would be able to do without the formality of sleeping on the proposal.

Senator Taft, suddenly noticing a cloture petition in his hand, sought opportunity to present it formally. Barkley moved to recess, and quickly wished he hadn't. The senate slapped his motion down—apparently—19 to 25 on a roll call, but Senator Wherry, the republican whip, figured out that 19 and 25 do not add up to more than half of 95 senators. (There's one vacancy.)

Combat Casualties Reach 1,030,579

WASHINGTON, June 29—(AP)—Combat casualties of the armed forces since the beginning of the war reached 1,030,579 yesterday, a rise of 7,226 within the past week.

Army losses on the basis of names received here through June 21 amounted to 908,025 and navy casualties totaled 122,654.

A breakdown on army losses as reported today by Undersecretary of War Patterson and corresponding figures for the preceding week follow:

Killed 190,277 and 189,294; wounded 564,302 and 550,836; missing 39,255 and 39,956; prisoners (before liberation) 114,191 and 113,615.

Patterson said that 338,546 of the wounded are back on duty. Similar figures for the navy: Killed 46,458 and 45,517; wounded 60,996 and 59,196; missing 10,985 and 10,998; prisoners 4,225 and 4,231.

Mrs. Stevens

Milton went to a Dariem tavern and told the bartender they did not intend to leave the place until they had consumed "at least 20 glasses of beer, 10 each."

As the drinking party was finished Milton joined the two women at the tavern and to quote his words, "He stated that both women were drunk."

Then the Miltons and Mrs. Stevens went to the Stevens' home where the coroner said "more liquor was consumed" and while that party was in progress the subject of Milton's relations with Mrs. Stevens came up and "the feeling between Mrs. Stevens and Milton became so intense that Mrs. Milton showed her temper in the matter by taking an ice pick and driving it through the screen and the window of Mrs. Stevens' house as she was passing the front door to go home."

The coroner said that "in reprisal" Mrs. Stevens dashed out of her house and threw a beer glass through a living room window in the Milton home.

From Mrs. Stevens' attorney David Goldstein came this statement today: "No inference should be drawn as to the guilt or innocence of the defendant through the finding of the coroner because the hearing before him was merely an ex parte matter."

"The facts will only be disclosed after a complete trial when all of the witnesses will be fully heard and the defendant has her day in court. It must be born in mind that at a

Borgan Wants To Shoot Back

NEW YORK, June 29—(AP)—Two Texans who have been flying supply and mercy missions over Burma in unarmed "grasshopper planes" are home on furlough but say they want to go back with planes that "can fire back."

They are T-Sgt. Willard L. Roy, 25, Borgan, and T-Sgt. Ben T. Harris, 23, Giddings, Texas. They are members of the First air command group which has flown more than 6,000 missions in unarmed planes.

Egt Roy said they get so tired of taking enemy fire that sometimes they loaded the planes with large British hand grenades and tossed them at the enemy.

Heavy Damage

(Continued from Page One)

Among the buildings damaged were the First Baptist and First Methodist churches, the high school and two other schools.

Few houses in the residential section escaped damage. Only light rain accompanied the first storm, but heavy rain, accompanied by a high wind, hit the town two hours after the early blow.

High winds struck Vernon, but no damage was reported there. The winds smashed farm outbuildings in the immediate Wichita Falls area.

Five inches of rain fell at Thalia, 15 miles west of Vernon. A brilliant electrical display accompanied the winds. Rains measured 1.19 inches in Wichita Falls, 1.40 inches at Quanah, and 1.47 inches at Vernon.

Near Sheppard Field, north of Wichita Falls, an army private and his wife were shaken but unhurt when the wind tossed their trailer home on its side, shortly before midnight.

Texas Today

By JACK RUTLEDGE Associated Press Staff

Ornithology, says a Texas columnist, is a \$10 word meaning bird study. He plans to brush up on it.

It seems the Plainsman in the Lubbock Avalanche-Journal discovered a mockingbird in a neighbor's yard. He devoted quite a bit of his column to it.

Then a Mrs. Warren Clements, who knows something about birds, informed him that in his own back yard were mockingbirds which had been there three years. Not only that, but also in his yard were hummingbirds, cardinals, redheaded warblers and gold finches. It was all news to him.

the big bombers. Only one failed to return from today's strike, the third in four days.

Fleet air wing one, which has knocked out 250,000 tons of enemy shipping since it began ranging over Japanese homeland waters, made the largest bag of the sea-air hunt. Its patrol planes sank eight and damaged eight ships between Korea and Japan. Other vessels were bagged from the Ryukyu islands to Indochina.

Japanese were concerned over American naval power in Alaska waters, which posed a threat to Japan from the north, and continuing Allied naval activity off southeastern Borneo.

Tokyo's revived fears of invasion from the north were based on reports of a powerful U. S. 9th fleet assembled in the north Pacific, development of a new submarine base at Kiska and arrival of a U. S. Alpine division at Agattu.

Electric are extremely low, much below similar types of employment in this area, no premium pay is paid for overtime and most of the employees do not receive paid vacations, in spite of the fact that many of them have been in the employ of the company from 20 to 30 years," said Higs.

He said the company had made efforts to "divide its employees into three separate groups under three separate contracts," and that "employees are extremely anxious to be covered by one contract."

"We feel that the company is stalling. However, we are ready to attempt to negotiate a settlement of the dispute if the company will bargain in good faith," Higs concluded.

Griffin's statement said "the company has never failed to meet and negotiate with the CIO at any time they requested."
