Delegate Row Rips Democratic Party

East Germans Issue Call For Defense Army

BERLIN (P) — East German Communist leaders ordered Saturday registration of all persons from 16 to 65 to find out which industries can provide manpower for a "defense army" of 375,000 without crippling production.

The move affects 7.12 million men and women. Registration teams will determine which industrial areas can get along with fewer workers. Then men will be driven for "volunteers" to be made in these areas by quotas.

Without Draft
By this system, Communist leaders apparently hope to build their army without an outright draft law. They say East Germany must have a "defense army" to counter West Germany's alliance with western powers.

West German leaders said they regarded the registration order as a sure indication that previous efforts to get volunteers had failed. American officers said that East German people's police units, the nucleus of the army, were increased last month from 60,000 to slightly more than 70,000. Another 10,000 are believed to have been recruited since then.

But they come mostly from members of the Communist Free German Youth movement, who were given the choice of signing up or losing their standing in their Communist-run home towns.

The West German Socialist party, which maintains a private intelligence network in the Red (See Issue Calls Page 5)

TAXPAYERS WILL FOOT THE BILL—Jeanne Shores, who holds the "Miss California" title, will probably go to Atlantic City at the taxpayers' expense. The Alhambra, Cal. city council voted 3-2 to pay the expenses of her trip after a lot of hassle and some talk by the Junior Chamber of Commerce. The councilmen decided it would be legal for them to pay the expenses if the trip could be justified as publicity. (AP Wirephoto)

Liner Turns Mercy Vessel . . . Forty-Five Saved From Blazing Ship

NEW YORK (P) — The luxury liner Gripsholm turned mercy ship Saturday and snatched from death 45 of 49 persons fleeing a freighter fire 65 miles off the eastern tip of Long Island.

The 5,000-ton freighter, the Black Gull, valued at one to 1 1/2 million dollars, carried nine passengers, a crew of 40 and a rich cargo, including volatile chemicals.

A Gripsholm lifeboat, churning through the tossing waters of the Atlantic before dawn, plucked 21 officers and crewmen from the bow of the flaming freighter. They were clustered together, ready to leap into the sea as the chemically-fed inferno roared relentlessly toward them.

White Hot
A passenger aboard the Gripsholm, Benjamin Harrison Noyan, president of the Noyan-Loeser department store in New York, said the Black Gull's hull was "white hot" as the ship burned and they scrambled into the lifeboat.

Truman pinned blame for the 48-day fire on steel management alone, saying it has spurred the government's offer of price increases "well in excess" of those required by law or justified by the wages sought by CIO steelworkers.

The peace appeal came in the President's mid-year economic message to Congress—a message Congress not in session and therefore unable, even if willing, to reopen the mills by passing the new seizure law which Truman has asked.

"The only practical method now open for the steel dispute is bargaining between the parties," the Truman message said. "I have continuously urged that the parties recognize the emergency confronting the nation."

LEADERS IN TEXAS DELEGATE SQUAD MEET — Gov. Allan Shivers (left) of Texas, leader of a "regular" Texas delegation to the Democratic National convention, and Maury Maverick (right), leader of an opposing delegation, talk with Calvin Rawlings, Utah, chairman of the credentials committee that heard their claims.

Anti-Truman Forces Win First Round

CHICAGO (P) — A seething row over the seating of anti-Truman Dixie delegates ripped away the calm and outward unity of the Democratic party Saturday and thundered toward a showdown next week on the floor of the Democratic National Convention.

For the time being this fight overshadowed candidates maneuvering for the party presidential nomination.

The delegate clash took over center stage when a contests subcommittee, then the full Democratic National Committee, voted in turn Saturday to let bitterly anti-administration delegations represent Texas and Mississippi temporarily at the convention that opens Monday.

Leaders of the delegations have been refusing to promise solid support in advance for the man the convention nominates for President. They have hinted at bolts if nominees and platform are not to their liking.

Ruckus Shapes Up
Losing pro-Truman delegations from two Southern states angrily battled on, contending the rival slates are stacked with Republicans and "Dixiecrats."

The feud still must be referred by a convention Credentials Committee. But regardless of the outcome there, the final decision is bound to be tossed to the convention floor. A ruckus on the convention floor appeared certain.

There is a possibility of another party-splitting walkout by potential Southern rebels, even before the convention can settle down to adopting a platform and picking a nominee.

Pegged to the outcome of the delegate contests were bids of pro-Truman and anti-administration forces for the power and prestige that will enable one or the other to dominate the convention. Both factions are aware that it was a victory on a side issue involving delegate disputes that gave Gen. Dwight D. Eisenhower the momentum that carried him to a first-ballot nomination at the Republican convention last week.

Change of Pace
The Democratic contest ruckus (See Delegates Page 5)

High Temperature For Pampa Is 92

The weatherman looked over his menu this past week and said Pampans had been served a blue-plate special mixing moderately warm days with comfortably cool nights and adding a dash of rainfall.

First day of this week, Sunday, brought the week's high of 92 degrees. The mercury hit a low of 61 twice Wednesday and Thursday. Saturday's temperature ran the gamut from 69 to 86.

Pampa was treated to a spot of rain Monday and Wednesday, totalling .89 of an inch. Monday's was the heaviest with .52 of an inch. Mercury at 8 p. m. Saturday stood at a breezy 81.

Two German Students Plan Trip To Pampa

Two students from Germany, a boy and a girl, will be enrolled in Pampa High School for the 1952-53 school year and will be sponsored by the local Kiwanis Club.

The girl, Gretchen Johansen, 16, will make her home with the Jim Nation family at 821 N. Gray and the boy, Burkhard Brehm, 17, will reside with the Jimmy Massa family at 1110 Christie.

Scheduled to arrive in Pampa in August, just about rodeo time, the two students will get their first impressions of America from "Top O' Texas."

The students are brought to America on an exchange basis and are selected by the American Field Service, New York, through the State Department.

Transportation facilities to and from Germany are furnished by the department, responsibility for type of students is taken by the field service and financial aid and homes are contributed by the Kiwanis Club. The same routine is followed for foreign students throughout the nation.

Brehm comes to America from Bergengstadt in the Rhineland where his family moved after the recent war during which they fled from East Prussia to Dresden, Saxony, when the Russians came in.

His father is a school teacher, his mother a housewife, and one sister is a physician. His elder brother is a student at the University of Marburg in Germany and it was through him that Brehm got interested in applying for an American scholarship.

On his application, Brehm states that he has studied Latin five years, speaks "good" English, and is particularly interested in natural history. (See German Students Page 5)

Lifeless Political Campaign Goes Into The Final Week

By HENRY S. GORDON

A next-to-lifeless campaign goes into the final stage this week as candidates for precinct, county and some district offices put in their last bid to voters.

The limelight usually poured on local candidates was dimmed this year; Taft, Eisenhower, Kefauver and Russell saw to that. While state-level politics was fairly active, the various campaigns were far from brilliant. Judge Ralph Yarborough, seeking to unseat Gov. Allan Shivers, put on an intensive campaign, but so far has failed to impress the voting public to any degree, it is believed.

Sanitary Slums . . . Wright Blisters Modern Architecture As Overdone

By SAUL PETT
NEW YORK (P) — It was a hot day, but not too hot for Frank Lloyd Wright to let go some blistering opinions.

Modern architecture, said the father of much in modern architecture, is overdone, is bad, is getting worse.

It's heading for the gutter, he said. "It won't improve for at least 10 years."

Busted Flush
The modern American city? "A busted flush," said the 83-year-old architect.

The big urban apartment developments? "Nothing but sanitary slums."

The new Lever House and the United Nations Secretariat buildings? "Big boxes on small sites."

Modern architecture, like other things in history, he said, "is running in a cycle. First, a puny, puny appears, wearing the countenance of a principle. The countenance has intriguing effects. But then the effects are repeated without anyone asking why. The principle is neglected or forgotten. The effects become style and the style, like all styles, goes heading toward the gutter."

The attacks he mounted on Shivers failed to draw any return fire. Yarborough's one visit here, while well publicized, drew only a handful of listeners on the rear steps of city hall.

Shivers, on the other hand, drew a far larger crowd when he held an informal conference in the Schnitzer Hotel lobby and spoke at the weekly Kiwanis meeting.

The three-way senatorial battle has also failed to create too much steam. Rep. Lindsey Beckwith, running against Atty. Gen. Price Daniel pulled as much of an audience as did Yarborough. Daniel drew a bigger listening audience in his sole visit here than Beckwith totaled in two visits.

No Firey Speeches
None of the speeches given here could be called "fiery" and voters' thoughts were soon turned back to Chicago and the conventions after the candidates left.

The wide-open race for congressman-at-large has been duller than the back edge of a knife, irrespective of the number of candidates in it (six) and the fact that former Congressman Martin Dies and former Lt. Gov. John Lee Smith are among them.

The only radio speech made on the local level, amounting to anything, was delivered Friday by State Sen. Gray Hazlewood who is being opposed by Jim Crow, Canadian attorney.

Hazlewood spent two days in Pampa last week passing out literature and making the hand-shaking rounds. Hazlewood's 15-minute radio talk centered around the Sweet Gas Bill he introduced in 1947 allowing such gas to be used for manufacture of carbon black instead of limiting its sale only to the large pipeline companies for light and fuel.

On the county front it has with most of the old faces and little in without opposition, only two of them for their second terms County Atty. Bill Waters and sheriff R. H. Jordan.

Early Photographer Succumbs; Service Slated Monday

Pampa's first photographer, Charles W. Masters, 87, died at 9:30 p. m. Saturday in his home, 112 S. Starkweather.

Funeral services will be held at 2 p. m. Monday in the chapel of the Duenkel-Carmichael Funeral Home, with Rev. H. H. Tyler officiating. Burial will be in Fairview Cemetery.

Born in Kentucky, Mr. Masters came to Pampa in 1910 from Indiana. In his later years he had been retired from the photography business.

Mr. Masters was a charter member of the First Christian Church and a member of the Masonic Lodge.

Surviving are his wife, Angie of Pampa; three daughters, Mrs. Arthur Kirkwood, White Deer, Mrs. Roy Moore and Mrs. Ruth McCaw, both of Pampa; one son, Edgie, of Amarillo; 15 grandchildren; and 35 great-grandchildren.

News Publishes Guide For Voters

The Pampa Daily News today publishes the Voters' Guide, a factual office by office and candidate by candidate list of information on each person seeking public office in Texas as compiled by the League of Women Voters.

The guide, beginning on Page 16, contains the names, offices sought, and platforms of each candidate from constable to governor. The information has been supplied by the candidates themselves. Some of the candidates failed to reply, but their names are listed just the same. However, the notation "no reply" follows the names of those who did not turn in their questionnaires to the league.

The same dullness hung over (See Lifeless Page 5)

Top O' Texas Rodeo Directors Assure Biggest, Best This Year

As the time draws near for "wild, Western dogies to come out of their chutes" at the eighth annual Top O' Texas Rodeo in Pampa August 5-9, directors are completing plans for the "biggest and best amateur rodeo anywhere," according to Paul Crouch, rodeo association president.

Entries are coming into headquarters in the city hall for all events including the grand parade, sponsored cowgirl contest, Kid pony show, cutting horse contest, calf roping, double mugging, bronc riding, bull dicing and bulldoggin.

Special attractions for performers will include the clowning of Leon Watson and his "educated mule, Pete," Yuma, Ariz.; Dewey M. Jontz and his three-dog sheep penning cast, Rummels, Iowa; Bobby Benson, the Kid cowboy star of B-Bar-B Ranch of national radio fame; and Portis Sims and his jockey dog - liberty horse circus act of the Gainsville Community Circus.

Underway Aug. 5
The rodeo gets underway Aug. 5 with the Kid Pony Show and miniature rodeo. With a full schedule of events for junior cowboys and cowgirls, this show starts with a down-town parade complete with band and will give all boys and girls between the ages of 6-16 a chance to display ability as riders and their ponies' training.

Deadline for entries in this show is to be 2 p. m. before the performance begins at 8 p. m. (See Top O' Texas Page 5)

If it comes from a hardware store we have it—Lewis Hardware Adv.

WHICH ONE DO YOU CHOOSE? TROPHY, THAT IS — Linda Fraser, 18, daughter of Mr. and Mrs. William T. Fraser, 102 West 18th, adds just the right touch to a display of trophies to be awarded during the eighth annual Top O' Texas Rodeo, Aug. 5-9 (News Photo)

Civil Rights Feuding Boils

CHICAGO (P) — Democratic feuding over civil rights boiled over in public again Saturday, and worried party leaders grasped for some formula to avoid another North-South split such as occurred in 1948.

Two northern senators, William Benton of Connecticut and Herbert H. Lehman of New York, ignored indications that many Dixie Democrats might be willing to compromise on the civil rights relations plank.

At public hearings by the platform drafters, Benton and Lehman called for:

1. "A ringing declaration for civil rights."

2. Action by the convention to ask the Senate to rewrite its rules. The idea would be to shut off filibusters — endless debate which Southern senators have used in the past to kill civil rights legislation.

Even Rep. John W. McCormack of Massachusetts, who as Platform Committee chairman had been counted on to try for a compromise, appeared to get into the row.

If the convention which opens Monday is going to go on record as urging a change of Senate rules, McCormack said, "we also have a difficult situation in the House."

Small-Fry Romance Ignores Differences In Politics

By MARGARET KERNODLE
WASHINGTON (P) — Politics notwithstanding, 6-year-old David Kefauver has a faithful girl friend in Patricia Nixon, also six.

It is a durable attachment between the son of the Democratic presidential aspirant and the daughter of the Republican nominee for vice president — so far it is even surviving a summer vacation separation.

But maybe that's because David got into some photographs in magazines and newspapers with his father and nother.

Patricia likes to look at David in the magazines even when he is here, you see, and the carry-over of pictures while he is away in Tennessee for the summer is a sort of bridge for the gap.

The Nixon-Kefauver; small fry friendship started at a bus stop. That's where they met to go to school together last winter — every day, said Patricia's mother.

Contracts Let On New Bell Building

Brooks Electric Co., 1101 Alcock, will handle all electrical work for the new Pampa telephone company building, according to T. M. Brooks.

The Brooks bid, he said, was in the neighborhood of \$17-20,000 which puts the company over the \$300,000 figure in the value of contracts it holds in the Pampa area.

Brooks received the good news from the Dallas headquarters of Southwestern Bell Telephone Co. Jerry Keith, Borger, won the contract for plumbing, heating, ventilation and air conditioning. The telephone company building, Brooks maintained, would be anywhere.

Bert A. Howell Inc. offers complete air-conditioning service from \$34.50 up. Visit them at 119 N. Ward. Phone 152 or 4872. Adv.

DAILY COMMUTER FLIGHTS ON CENTRAL AIRLINES "LET'S USE IT—NOT LOSE IT"

Notes Of A Traveler—

Hank Thinks Excessive Speed Is Chief Cause Of Accidents

By HENRY McEMORE
Travel Notes. I think I'm being perfectly natural when I say that I hate the National Bridge in Virginia. A motorist crosses it but he can't see it, thanks to its being boarded up like a condemned tenement. Nature made it, man sells it. Speaking for myself, I would just as lief pay to see the stars at night as to see the bridge a full moon over the ocean.

If it is one of the wonders of the world, as the advertise-ments of the proprietors say it is, then I think it should be free for men to look at. Man is a little bit too inquisitive, don't you think when he peeps God's handiwork?

The highway death toll in this country is appalling, and from my observation on this trip and many others, I am quite sure that excessive speed is the chief cause of accidents. Just about the only thing that will curb the speed of the American motorists is his fear of a speed cop and a fine.

1. Quit having cops' cars conspicuously colored. No maroon and white, green and grey, etc. Let cops patrol in cars that look like yours and mine. As it is now, a speeder can spot a cop a mile away and slow down to within the legal limit.

2. Have a woman ride in a patrol car. If not a real woman, a dummy woman, with a big hat with plumes. As a man who has speeded too many times, I know that a motorist will always ignore the speed limit if he sees a woman, or what he thinks to be a woman, or what he thinks to be a woman.

Shamrock, 'Norwood Need 7 Teachers
SHAMROCK (Special) Seven teachers are needed to complete the facilities of Shamrock and Samnorwood schools.

Elmer J. Moore, Shamrock superintendent, has announced four vacancies caused by recent resignations. Orville Cunningham, superintendent of Samnorwood, reports he needs three teachers.

Resigning in Shamrock were Mr. and Mrs. Wendell Nelson, private piano teachers. Nelson has accepted a college position to teach piano theory. Harriet Nichols has resigned her second grade post and Sallie Womble, elected to teach high school English, has accepted a position in the Spearman schools before she was notified of her employment in Shamrock.

Samnorwood vacancies include a social science instructor, a commercial art instructor and a grade school teacher.

Certificates Given Local Swimmers

Two Red Cross-sponsored classes, one in first aid and the other a senior life saving and water safety class, have just been completed by local instructors.

Frank L. Stallings served as instructor for the first aid class and issued Red Cross First Aid cards and presented each member of the class with "Insta-Aid" cards giving at a glance names of 20 injuries, symptoms and what to do in an emergency for each.

Completing this course were Mrs. L. D. Blanton, Tommy Jeter, Mr. and Mrs. Vern Pendergrass, Mrs. Ray Rodgers, Mr. and Mrs. John D. Schofield and Mrs. Preston Wynne.

Joe Weyer, instructor in the life-saving and water safety class, presented Red Cross senior life-saving badges to six students successfully completing the course.

Joyce Harrah finished the course with the highest grade on the written examination. Other students receiving badges were John Darby, Bob Epps, Bobby Scheu, Danny Schoedel and Claude Wilson.

Another course in life-saving and water safety is nearing completion at the country club pool. With the charge in county court Thursday after being picked up the day before.

Legal Publications
NOTICE
A resolution providing for publication of notice of the City Commission to the City of Pampa to adopt an ordinance calling an election for the revision of proposed charter amendments.

Be it Resolved By the City Commission of the City of Pampa, Texas, that the qualified voters of the said City of Pampa be and they are hereby notified that a petition has been presented to the said City Commission, as provided under Article 170 of the Revised Civil Statutes of Texas, petitioning the said Commission to submit proposed amendments to the Charter of the City of Pampa, Texas, to call an election for the submission of the proposed amendments to the qualified voters of the said City of Pampa, Texas, on the expiration of twenty (20) days after the first publication of this notice as published, to pass an ordinance calling an election for the submission of the proposed charter amendments, to wit:

Amendment of Article VII, Section 2, so that the same will read as follows:
"Section 2. TERM OF OFFICE: The Mayor and each Commissioner (with the exception of the first term of Commissioner No. 3 and of Commissioner No. 4 as hereinafter provided) shall serve for a term of two (2) years and until his successor is elected and qualified, unless sooner removed from office as herein provided."

Amendment of Article VII, Section 3, so that the same will read as follows:
"Section 3. VACANCIES: Vacancies in the City Commission shall be filled by appointment by the City Commission by majority vote, for the remainder of the unexpired term, but any vacancy resulting from a recall election shall be filled in the manner provided in such cases."

Amendment of Article VII, Section 4, so that the same will read as follows:
"Section 4. ELECTIONS: The elective officers of the city shall consist of a mayor and the four commissioners. The commissioners, other than the mayor to be designated as Commissioner No. 1, Commissioner No. 2, Commissioner No. 3, and Commissioner No. 4, each of whom shall be elected to the office for which he is a candidate by a majority of the qualified voters of the city at large, and the City Commission shall be the judge of the election and qualifications of its members."

Amendment of Article VII, Section 5, so that the same will read as follows:
"Section 5. ELECTION DAY: The regular municipal election of the City of Pampa shall be held on the first Tuesday in April, 1952, and on said day each year thereafter."

Amendment of Article VIII, Section 6, so that the same will read as follows:
"Section 6. APPEALS: All elections provided for in this Charter, except the regular election held on the first Tuesday in April, 1952, and on said day each year thereafter, shall be called Special Elections, and all such elections shall be conducted and results canvassed and announced by the authorities as provided in the Laws of the State of Texas, and such Laws shall control in all municipal elections, except as otherwise herein provided."

Amendment of Article VIII, Section 7, so that the same will read as follows:
"Section 7. ELECTION OF MAYOR AND COMMISSIONERS: If such a resolution shall be adopted, then at the next regular election held on the first Tuesday in April, 1952, the Mayor and Commissioner No. 1 and Commissioner No. 2 shall each be elected for a term of two (2) years, and Commissioner No. 3 and Commissioner No. 4 shall each be elected for a term of one (1) year. Thereafter, the Mayor and each Commissioner shall be elected for a term of two (2) years."

Amendment of Article VIII, Section 8, so that the same will read as follows:
"Section 8. Within five (5) days after the election of Mayor and all of the Commissioners at the next regular election held on the first Tuesday in April, 1952, they shall each take the oath of office and qualify as such Mayor and Commissioners, and the Mayor and Commissioner No. 1 and Commissioner No. 2 shall hold their respective offices until the first Tuesday in April, 1955, and until their successors are elected and qualified, unless sooner removed under the provisions of this Charter, and Commissioner No. 3 and Commissioner No. 4 shall hold their respective offices until the first Tuesday in April, 1954, and until their successors are elected and qualified, unless sooner removed under the provisions of this Charter."

And BE IT FURTHER RESOLVED That this resolution be and the same shall constitute notice of the intention of the City Commission, as required under Article 171 of the Revised Civil Statutes of Texas, and this resolution shall be published in the Pampa News, the official publication of the City of Pampa, the same being a newspaper published in the said City and such publication shall continue for ten (10) days, the first publication to be at least twenty (20) days before a said ordinance shall be passed.

PASSED AND APPROVED this 5th day of July, 1952.
C. A. Holt, Mayor.

ATTEST: Edwin S. Vickers

Mrs. J. D. Coleman To McLean Schools

McLEAN — McLean School Board has appointed Mrs. J. D. Coleman homemaking teacher for McLean schools.

Mrs. Coleman, wife of board member J. D. Coleman, will take over duties Aug. 1 according to McLean Superintendent Paul Kennedy.

Coleman was forced to resign take over duties Aug. 1, according to action. No successor has been named to his seat.

Eoni DiMaggio is the only player on the Red Sox remaining from the permanent winning 1956 outfit.

Miss Ann McNamara as instructor, 14 are enrolled in this course.

Oklahoma Man Fined

E. H. McCorkle, 35, of Oklahoma was fined \$33.55 in county court Friday on a charge of swindling with a worthless check and was turned over to the sheriff of Roberts County on a felony warrant for the same offense.

McCorkle was picked up Thursday night by the sheriff's office for writing a hot check for \$35. In addition to paying the fine, he had to pay the amount of the check.

Move To White Deer

PANHANDLE — R. M. Chastain, manager of the Panhandle Gas company for 22 years, has become manager of the gas firm in White Deer.

Chastain takes over the White Deer post Aug. 1.

Shamrock Hospital Gets Face-Lifting

SHAMROCK (Special) The Shamrock General Hospital is undergoing a face-lifting and installing some new equipment.

Manager Don Curl stated that practically the entire interior of the building has been repainted and refinished during the last six months. Plans call for a new circular entrance with a steel chair ramp to replace the spiral railed front porch and steps. A new single front door outlined with glass brick is to be installed.

New equipment includes a large, track-mounted, overhead lighting unit installed in the operating room. It is known as a Cele Light and gives a light intensity of 1,400 foot candles. The track mounting permits angles

from any overhead position, sending direct light at the same angle as the surgeon's line of vision and eliminating shadows.

MEN AND WOMEN TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drugstore and ask for 4 ounces of liquid Barcetrane. Pour into a pint bottle and add enough grapefruit juice to fill twice a day. That's all there is to it. If the very first bottle doesn't show the simple easy way to lose bulky fat and help regain slender, more graceful curves, if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 32 Pounds
"I am writing to tell you how much good Barcetrane has done for me," writes Mrs. H. J. Fontenot, Box 628, Anahuac, Texas. "I weighed 195 pounds when I started and am now down to 163 and am still taking Barcetrane. I feel better than I have in six years and I cannot begin to tell you how proud I am to lose weight."
And Mrs. J. W. Harp, 908 S. Cedar, Cleburne, Texas, writes to say: "I think Barcetrane is wonderful. I lost 30 pounds taking it—from 140 to 110. I now have my normal weight and feel like a new person."

Teachers In Miami Granted Pay Raise

MIAMI — Teachers in Miami public schools have been granted increased pay following action by the school board recently. Teachers, who had been re-

ceiving the minimum required by the state—\$2,403 a year—were granted increased allowances up to \$2,903, a \$200 a year boost. This is for a beginning teacher holding a bachelor's degree according to A. H. Gordon, superintendent of Miami public schools. Salaries are increased each year

according to the number of years of experience. The Texas State Teachers Association is planning a campaign now to have an increased minimum salary set by the legislature for teachers. Minimum sought by the TSTA is \$3,000. **Read The News Classified Ads**

Shamrock Boy Burned

SHAMROCK (Special) — Jim Bruton, 15-year-old son of Mr. and Mrs. N. O. Bruton, is recovering from burns suffered when he tried to smoke a rattlesnake out of a cistern. The accident occurred on the A. F. Wischkaemper farm south of Shamrock.

A large rattler had bitten one of the Wischkaemper saddle horses while B. J. Boyd was riding him. The snake disappeared in an old caved-in cellar and while Boyd and N. O. Bruton went to find a veterinarian to take care of the horse their sons, Bobby Boyd and Jim Bruton, decided to try to kill the reptile. After burning gasoline in the cellar failed to make the snake show his hiding place the boys decided it might have gone into the cistern nearby. Bruton poured about a pint of gasoline into the cistern and dropped a lighted match which set off an instantaneous explosion. He suffered burns about his face and neck and on the fingers of both hands. Mrs. Bruton brought both boys to the Shamrock General Hospital. Bobby Boyd also received emergency treatment at the hospital for slight facial burns.

Taxpayers To Help Hemphill County For Second Year

CANADIAN — For the second year, Hemphill County Commissioners have received help from citizens in solving its financial problems. The county accepted last week an interest-free loan from the Hemphill County Taxpayers Association for \$10,000. The county has issued a time warrant for the amount payable to the association in November in return for the loan. The association had pledged to make as much as \$25,000 available to the county if needed. The money will be repaid from tax collections Nov. 1.

Only 2 Precincts To Meet In Hemphill

CANADIAN — Only two precincts have made plans for Democratic conventions this week in Hemphill County. Of the 11 precinct groups, only Pts. 1 and 2 in Canadian have announced plans for sessions next Saturday. According to County Democratic Chairman Thomas Jones, who authorized the calling of precinct conventions in the two voting precincts, other conventions may be called by chairmen, but he will not call the sessions. The two authorized conventions are to be held at 3 p.m. Saturday in Hemphill County Courthouse.

Canadian Firemen In Fund Campaign

CANADIAN — Firemen in Canadian are trying to raise \$1000 to purchase a resuscitator. The volunteer fire group will be assisted in the campaign by Canadian Chamber of Commerce, Canadian doctors and members of the hospital board. The portable machine is to be used as an emergency iron lung in reviving victims of drowning and electrocution. A move is underway in Canadian to buy a second machine for the Hemphill County Memorial Hospital.

James Seitz Heads Miami Legion Post

MIAMI — James Seitz has been elected commander of the Pulaski Post No. 108, American Legion. Seitz, who takes office Aug. 14, replaces Newton Cox. Other officers elected by the Miami Legion post include County Agent Vic Joyce, who succeeds Seitz as vice-commander; Ed Haynes, county judge, who will begin his seventh year as post adjutant. Attorney Harold Sanderson was re-elected finance officer. Also re-elected were J. W. Thompson, service officer and William E. Cox, child welfare chairman.

2-Day Band School Slated At Shamrock

SHAMROCK (Special) — A two-day band school will be held in Shamrock, July 18 and 19. Bandmaster Robert Reeves and Mrs. Reeves will be in Shamrock for rehearsals with the Senior High School Band from 9 to 10 a.m. Friday and Saturday mornings. The Junior High School Band rehearsal will be from 11 to 12 noon each day. Individual instruction will be offered throughout the school hours. All high school girls interested in becoming twirlers will meet with Reeves at 1 p.m. Saturday at the band house.

Bread an other bakery products consume 12,500,000,000 pounds of flour annually. Newly elected officers included R. W. Beck, historian; Ray Manning, chaplain and Bennie Holland, sergeant-at-arms. M.M. Craig Jr. and W.D. Allen were re-elected, and Bruce Maddox was elected to his first term on the executive committee.

The Pampa Daily News

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with the truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa News, Atchison at Somerville, Pampa, Texas. Phone 666, all departments. MEMBER OF THE ASSOCIATED PRESS. (Full Leased Wire.) The Associated Press is entitled exclusively to the use for reproduction on all the local news printed in this newspaper as well as all AP news dispatches. Entered as second class matter under the act of March 2, 1879.

SUBSCRIPTION RATES

By CARRIER in Pampa 35c per week. Paid in advance (at office) \$3.00 per month, \$6.00 per six months, \$12.00 per year. By mail, \$7.50 per year in cash (including postage, \$1.00 per year outside retail trading zone). Price for single copy 5 cents. No mail order accepted in localities served by carrier delivery.

Economy Unpopular

Every once in a while we get to feeling sorry for politicians. That's about one shade less sinful than having a hot hen for cheap whiskey and expensive women — but there it is.

After all, a politician is nothing more than a guy who has to say what people want to hear and do what they want done. These are not one and the same thing, but the politician always gets blamed because he acts just like most of the people who elect him to office.

Take the matter of "government economy" — as dull a subject as you'll find anywhere.

Everybody is in favor of economy in government. Not a day goes by that some outfit doesn't send us a booklet, pamphlet, poop-sheet or bladder passionately devoted to the cause of government economy.

They recite statistics and hurl adjectives and say we're going to hell in a handbasket if we don't blow the whistle right now and knock off the financial orgy we've been indulging for 20 long years.

Economists, press agents, statesmen (politicians who have grown too old to enjoy any vice except being nuisances) and experts of all shades and descriptions tackle the subject from every angle, using the printed and spoken word, cartoons, graphs, pictures and charts.

They have a wonderful audience. The customer reads the pitch and says: "Brother, ain't it a crime the way those guys in Washington throw my dough around. I wonder how mad the missus would get if I went to the ball game tonight?"

And don't blame the guy a bit. He's being a lot more realistic than a lot of the "economy" crowd.

By now he's learned the hard way that there isn't going to be any economy in government — today or ever — until there is less government.

There isn't going to be any economy until we quit the practice of wet-nursing every shiftless bum in Europe and Asia and opening the public treasury to every domestic pressure group big enough to scare the pants off a few congressmen.

We aren't ready for "small government" yet. Don't argue that point, either. Look who was nominated by the Republicans — a professional soldier who never balanced a book, collected a bill, met a payroll, or had even a nodding acquaintance with basic economics — the kind of economics every peanut stand operator has to earn if he's going to keep the sheriff's padlock off the door.

It's rough — plain and earthy rough — to be "economical." It gets you nothing but knocks. If you're not in favor of stuffing every rat-hole with American dollars, you're an "isolationist." If you don't think the government is the Great Wetnurse of Humanity, you are a throwback to the "jungle" and "dog-eat-dog."

Who wants to be one of those? Lets spend & spend and reserve economy as a conversation piece. It's safer.

Newspapers are forever bawling about economy in government. Sure, we're no better than any other group. The farmers are hotter than jalapenos about federal expenditures, but they hang on to a parity program the way ticks stick to a fat hog. Industrialists are forever yacking about "free enterprise," but as quick as they get into a deep hole they hire a high priced shyster in Washington to introduce them to the right people around the RFC. And newspapers — well, remember when the Post Office Department suggested that newspapers start paying a little more postage so the papers wouldn't get hauled through the mails at a loss to the government? Buster, did they holler!

Do all these people want "economy"? How many communities have turned down federal money for a dam?

A housing project? A military installation? A road, a bridge, an airport or a stick of peppermint candy?

It's a fact — almost nobody really wants government economy. Let's face it.

The politician doesn't want economy either. If he doesn't have money to spend out of the public treasury, why should voters bother to elect him? What has he "done" for his constituents if he hasn't managed to throw a few bucks their way?

So, he says, "You're right, Buster, what we need is economy in government, and I'm all for you, kiddo." And he and his constituents nod their heads; knowing damn well neither he nor they really mean a word of it.

The cost of "economy" is minimal government; and that means simply that the citizens fish or cut bait.

Old E. W. Scripps, who drank a gallon of whiskey every day and founded 60 newspapers, said it this way: "I hold very strongly that the world owes no human being a living, that society owes nothing to any individual member of itself. Only that human being who can support himself or herself, beginning at the age of adolescence, is entitled to a place in the world at all. That is nature's law."

That's hard talk from a rough & tumble campaigner and nobody likes to hear such things.

But it's the only answer.

We'd just as soon quit getting "hand-outs" from the "economy" crowd. They don't ring true. Trying to effect government economy now is putting the cart before the horse.

First must come a reduction in government; a restatement of the purpose of government, and a return to freedom with all its hurts, hardships and rewards.

Then we'll have "economy" because the government won't have anything much to spend money on.

Better Jobs

By R. C. HOLDS

Republican Platform Gives No Hope For Free Enterprise

"Vice is a monster of so frightful mien, As to be hated needs but to be seen; Yet seen too oft, familiar with her face, We first endure, then pity, then embrace."

When one reads the platform of the Republican Party, one is convinced of the truth of Pope's statement. There has been so much collectivism and totalitarianism in both political parties for years that they have both come to endorse the welfare state or a planned economy. They have completely discarded liberty and moral law — the free enterprise system — on which this country was based.

Neither the Republican or Democratic party for 20 years has done anything to get people to understand the moral laws on which this country was founded and which produced the greatest results in the degree they were followed than any other system in all history.

The platform is a conglomeration of contradictions. The Republicans of course criticize the mismanagement of the Fair Deal of New Deal, but they propose doing the same thing — meddling with human initiative, not only in the United States but throughout the world.

The Republicans, like the Democrats, promise security. They do not seem to know that the best possible security is living in harmony with the Golden Rule. They seem to think there can be security based on the government initiating force.

They say that wage and price controls have been utilized, not to maintain economic stability, but to reward the friends and punish the enemies. They thus imply that they want wage and price controls and that individuals selected by the major are wise enough to regulate prices and wages. They do not believe that all men should have the right to help establish wages and prices — that it done by the politicians — by the government.

In another place they talk about "injurious price and wage controls" — implying that it is possible for price and wage controls by government to not be injurious. They imply that wage and price controls do not take away from an individual his God-given natural right to be free to help establish values.

They advocate slum clearance, just as the New Deal has been advocating for years.

They continually talk about studying this and that. That is just a vague way of evading. If they do not know the moral laws that should be in operation, they are not fit to be in office.

Their farm policy is most socialististic. They imply that the Democratic farm program will lead to less freedom on the part of the farmer. The Republican Party advocates parity on all non-perishable farm products, while the Democrats only try to parity prices on six products — wheat, cotton, tobacco and peanuts. The Republicans say: "Where government action on perishable commodities is desirable, we recommend locally controlled marketing agencies and other voluntary methods." How can they be controlled and be voluntary at the same time, unless they mean controlled by the majority. They came little for principles, but only for the individual's right to choose whether or not he wants to produce this or that.

And how are the Republicans going to pay the cost of all these things and not have the authority to restrict production? Farmers, like everyone else, will produce what will make them the most profit. And if they have parity on some products and not on others, they are limiting production on the parity items it causes overproduction of those products which are competitive. That would work a real hardship on the farmer who competes in the competitive system or the American way of life.

Of course the farmers and all those who are on a competitive basis are mercilessly persecuted by everyone. They have to pay the prices of the products farmers have to buy. And when both parties for years have been advocating collective bargaining that throws price out of balance, it is only natural that the politicians have to appease the farmers by trying to give them also a monopoly, as they have given organized labor. But no politician can give an advantage to some groups in order to give any group an advantage. This country was based on the idea that the government should give no advantage to any group. Agree when the labor unions have been able to browbeat the politicians into giving them an advantage, then the process of giving advantages goes on and on until we finally lose our economic freedom. It is just a method of buying votes not an attempt to promote justice and liberty.

The Republican Party goes on record in favor of the right to establish "union shop" contracts by agreement with management. That means that the majority has a right to take away from an individual his right to use his conscience as to the values of his services. That means that we can have seniority and featherbedding of all kinds and the young people who are just starting must wait until someone else dies before they can advance. That means that production is greatly reduced and prices are kept up and human initiative is thwarted. The union shop is practically the same as the closed shop. A man has to pay into the labor bosses in order to work. And yet the Republican Party is contending that it is advocating liberty and freedom!

They say they believe in the right to free collective bargaining. There is no such thing as free collective bargaining. It is totalitarian bargaining. Every union insists not only on bargaining for the members of the unit but for everybody in the unit. That is a form of totalitarianism. It is the method that is bound to lead us into a fascist or dictator form of government.

Electronics

REG-MANNING

Bid For A Smile

Most of the late Will Rogers' cracks were rather kindly ones, but when the attention was great enough he could turn that lark into a scathing remark. At one time, when he was farming, a neighbor deprecatingly said, "Sayah, Will, yer crop looks mighty yellow!"

Rogers eyed the man. "So it does, I planted yellow corn."

"Nope," answered the man who was later to become America's idol. "Just a fence between us, son."

Pat—Did you tell your family I was coming over this evening and this evening of my vacation?

Girl—Yes, and it worked like a charm. They're all going out to the movies.

Girl—Do you think a mother of twenty-four should have more than enough for anybody.

Man—The right to quit work, but no employer has a moral right to agree to enter into a conspiracy with fellow employees to simultaneously discharge his men with the idea of injuring them, and making them take lower wages.

Neither have workers a moral right to combine to simultaneously quit—that is to strike—in order to force their employer to pay them more than a free market wage and thus be obliged to raise the price of the product produced, and thus lower the real wages of other workers who are consumers.

No man has very little difference who heads the Republican Party so long as the politicians believe in and advocate things in their platform that are complete violations of the Golden Rule and will result in less freedom, less production and a lower standard of living.

The platform of the Republican Party is just further evidence of Lord Acton's statement that "All power (political) corrupts, and absolute power absolutely corrupts."

The platform was written mostly by politicians who are on the government payroll or who want to be on the government payroll. They care little for principles, but only for their own power and do not care about the happiness of their children or their children's children.

Fair Enough.... GOP Committee Member Says U. S. Will Go Socialist Soon

By WESTBROOK PEGLER (Copyright, 1952, King Features Syndicate, Inc.) CHICAGO — A member of the Republican National Committee, without a twitch of concern in a private gathering a few nights ago that actually Republican party left and that, in his opinion, the country would go socialist in a few years.

He thought General Eisenhower would only retard the slide.

I think he is right. Even Senator Taft, the Mr. Republican of the stockyards, has yielded to the trend in his votes on a few issues which fortified the national government in its encroachment on the constitutional rights of the states and the civic and human rights of the individual citizen. His Taft-Hartley Act, condemned for demagogic reasons by President Truman and his cohorts of the union movement, certainly is a violation of civic and human rights, but not in the sense complained of by Taft's opponents. It is a pernicious because it concedes to the national government authority to regulate private business relations between individual workers and their employers. It not only presumes to empower the Labor Relations Board and other agencies of the national government to dictate the terms of such relations which are, after all, business contracts, but it compels multitudes of citizens to join private political organizations operating in the guise of voluntary protective associations.

They are forced to pay tribute to political forces which work for socialism contrary to the rights of the citizen and the welfare of the nation.

Truman really was right in calling this act a slave-labor law but only in the sense that it confirms the degradation of the citizen which was wrought by the earlier Wagner Act. It ameliorates his slavery but does not repudiate slavery as such. The worst possible insult to the citizen is not meant that the citizen's freedom is granted to French deputies but everyone believes him guilty of plotting against the security of the state.

Although the French Reign of Terror flopped, it was carefully planned. Francois Billoux, Stalin's errand boy, returned from Moscow with orders to smash the French middle class.

The bourgeoisie is handing over the country to American occupation. It is a victim of American colonization. It has voluntarily and deliberately submitted to the orders of American millionaires.

He also blasted "high dignitaries of the Church" for erecting barriers between Catholics and Communists.

The opening gun was fired on the arrival of General Dwight D. Eisenhower. The Red press urged readers to demonstrate "as in Tokyo," where Bloodshot marked May Day for future. They expect engagements in Paris so a crowd could gather to raise hob.

The ugly feature of the upheaval was that the rioters, composed in large part of fanatical Democrats, were given credit for wounding gendarmes. The hard-boiled police, in turn, armed themselves with clubs, tear gas and revolvers.

They pounded the daylight out of the mobs everywhere and tossed them from the city. Angry Red bosses pestered out.

In an attempt to save face, Ducloux the scapegoat and berated Politburo members first made plain that the faithful had been deceived. They expect the decree from Billoux, "misread" and "misinterpreted."

His demand for "revolutionary ardor," they pointed out, really meant to fight ardently for the Russian brand of world peace and for a trip to San Francisco.

The real cause of the failure of skull-cracking and the backtracking in the party line is that most of the five million French people who voted Communists in the last election, only incline toward the Reds for economic reasons. They still consider Paris and not Moscow the capital of France.

A new insight into rank and file Communist thinking is revealed in a survey by the French Institute of Public Opinion. More than half of the Red voters admitted that in their view the most important point in their party's program was "improving the workers' condition" and "lowering living costs."

The majority maintained that the living standards could be raised in the National Labor Relations Act. We shall never see the repeal of the income tax law which totally destroys the citizen's right to the fruit of his labor and presents to Congress the power to bring every dollar of income from every citizen in the entire nation and send him to prison for refusal to obey. We may one day see the end of the withholding process and the so-called baby sitters' amendment by a court action holding longer the delay the less likely it is that we shall see such a decision. The courts have lost not only their civic conscience but their faith. They will write decisions with the fear in mind that honest decisions would cause terrible confusion and disappointment among millions of persons reliant on various aspects of social security for little addition to their income and cheerfully ignorant of the wrongfulness of these institutions.

Improved through normal reform rather than by revolution. We shall never see the day when

International Whirligig... 3 Per Cent Of French People Said To Be Loyal Communists

By JOHN FISHER The pro-American coalition of Premier Antoine Pinay has been strengthened by the confusion in the high commands of the Gaullist and Communist movements.

Anyone familiar with the rapid changes in ministries can never be sure of stability or consistency in mercurial French politics.

But for the moment here some fresh explosion over foreign policy, inflation or seething North African nationalism, the prospect seems brighter for French support in a working arrangement with Germany against Russia.

Only a few months ago when Premier Fraux's cabinet blew up after a brief 40 days of futility, many chicken-hearted people assumed that only a neo-dictatorship by the implacable Charles de Gaulle could rule fickle France.

But in March and again in the last fortnight the "Reunion of the French People" split. Twenty-eight deputies voted with Pinay in defiance of their leader's expressed commands. So is the Communist possible impact seems farther away than ever.

However, the French People's Rally is a mighty potent element still. Is very refusal to join recent center ministries creates the Communist shadow of the Third Force collapse.

The current Communist hierarchy has maneuvered itself into such a mess that the French, instead of fearing the treacherous outfit, are laughing at it—the worst possible insult to Stalinist pride.

Reds Unsuccessful M. Jacques Ducloux, the former pastry cook who became Stalin's French field marshal, was thrown ignominiously into the housework for his part in the recent anti-American riots. Later the meticulous courts released him on the plea of immunity granted to French deputies but everyone believes him guilty of plotting against the security of the state.

Although the French Reign of Terror flopped, it was carefully planned. Francois Billoux, Stalin's errand boy, returned from Moscow with orders to smash the French middle class.

The bourgeoisie is handing over the country to American occupation. It is a victim of American colonization. It has voluntarily and deliberately submitted to the orders of American millionaires.

He also blasted "high dignitaries of the Church" for erecting barriers between Catholics and Communists.

The opening gun was fired on the arrival of General Dwight D. Eisenhower. The Red press urged readers to demonstrate "as in Tokyo," where Bloodshot marked May Day for future. They expect engagements in Paris so a crowd could gather to raise hob.

The ugly feature of the upheaval was that the rioters, composed in large part of fanatical Democrats, were given credit for wounding gendarmes. The hard-boiled police, in turn, armed themselves with clubs, tear gas and revolvers.

They pounded the daylight out of the mobs everywhere and tossed them from the city. Angry Red bosses pestered out.

In an attempt to save face, Ducloux the scapegoat and berated Politburo members first made plain that the faithful had been deceived. They expect the decree from Billoux, "misread" and "misinterpreted."

His demand for "revolutionary ardor," they pointed out, really meant to fight ardently for the Russian brand of world peace and for a trip to San Francisco.

The real cause of the failure of skull-cracking and the backtracking in the party line is that most of the five million French people who voted Communists in the last election, only incline toward the Reds for economic reasons. They still consider Paris and not Moscow the capital of France.

A new insight into rank and file Communist thinking is revealed in a survey by the French Institute of Public Opinion. More than half of the Red voters admitted that in their view the most important point in their party's program was "improving the workers' condition" and "lowering living costs."

The majority maintained that the living standards could be raised in the National Labor Relations Act. We shall never see the repeal of the income tax law which totally destroys the citizen's right to the fruit of his labor and presents to Congress the power to bring every dollar of income from every citizen in the entire nation and send him to prison for refusal to obey. We may one day see the end of the withholding process and the so-called baby sitters' amendment by a court action holding longer the delay the less likely it is that we shall see such a decision. The courts have lost not only their civic conscience but their faith. They will write decisions with the fear in mind that honest decisions would cause terrible confusion and disappointment among millions of persons reliant on various aspects of social security for little addition to their income and cheerfully ignorant of the wrongfulness of these institutions.

Improved through normal reform rather than by revolution. We shall never see the day when

The bulk of replies was for peace—not the much publicized Communist "peace offensive" based on international class warfare—but non-involvement in a war between the Soviet Union and the United States.

Less than one in four expressed any feeling of solidarity with Russia. Only one in 17 favored "shaking off the American yoke," a chief theme of party propaganda.

This glimpse into the mysterious mind of Communists indicates—as recent events have proven—that Red leaders can mobilize followers and call strikes in an effort to get more bread. They can win attention by waving the olive branch.

But they cannot hold their followers in direct political action in behalf of the Soviet Union. French Communists have no idea of fighting on Stalin's side in a war between Russia and the United States. Rather they voice a strong desire for neutrality.

Until there is a lessening in runaway prices, unemployment and hardship among workers, the Communists will be effective in labor unions and in poverty-stricken areas. But, the survey discloses, the Kremlin will only repel left wing elements if it continues to insist that all Frenchmen who voted Communist must be the instruments of Moscow foreign policy.

Analysts estimate from a survey of the poll that only a per cent of the people are genuine Stalinists whose first loyalty is to Russia. This number, approximately 1,000,000, forms a formidable Fifth Column and a hard core of agitators and propagandists.

But so long as a wary and strong cabinet sits in Paris the Quinlains are not enough to seize control or to seriously sabotage the country.

LOOKING SIDWAYS

By WHITNEY BOLTON

It doesn't come to many people knocking along a city street to run into a man dripping with Texas oil and wind up in an airplane headed for San Francisco.

One of those hordes living the life adventures, the kind of men who share a turkey leg with you in New York today and cable you from Ankara tomorrow. I wasn't doing anything but walking up Broadway when a man slapped me on the back and boomed:

"Come on, polecat, get your bag packed! We're moving out tonight." It was Gilpin Sprague. I asked to see it and it was.

Gilpin Sprague has all the way most people have worries. It lives with him and he lives off it. He wasn't doing anything but walking up Broadway when a man slapped me on the back and boomed:

"Come on, polecat, get your bag packed! We're moving out tonight." It was Gilpin Sprague. I asked to see it and it was.

Gilpin Sprague has all the way most people have worries. It lives with him and he lives off it. He wasn't doing anything but walking up Broadway when a man slapped me on the back and boomed:

"Come on, polecat, get your bag packed! We're moving out tonight." It was Gilpin Sprague. I asked to see it and it was.

Oilers Land Five On All-Star Team

Sudol And Woldt Starters For South

The Pampa Oilers have landed five of the seventeen members of the Southern All-Star team which will battle the Northern All-Stars in a game to be staged at Clovis Aug. 2. Ed Sudol, slugging first sacker for the Oilers, grabbed off the first base position while Deck Woldt was awarded the center-field position.

The other Oilers making the "dream game" squad were Brown by Brown who was named as utility infielder and pitcher Max Molberg and Juan Montero.

Montero, who is no longer with the Oilers, will still represent the Pampa team in the game. Only two players were unanimous choices in the balloting and they were both on the Southern Squad. Pitcher Jesse Jettich of Abilene and pitcher Ed Arthur of Lamesa were the two.

Ed Buz and Joe Fortin tied in votes for the leftfield position for the Southern squad. The team manager will decide on which one will open the game in that position.

Other members of the southern squad are Ray Machado of the Lubbock Hubbers, Art Bowland of the Abilene Blue Sox, I. B. Palmer of the Lubbock Hubbers, Jackie Sullivan of the Lamesa Lobos, Jess Jacinto of the Hubbers, Glen Sebo of the Lobos, and Don Stokes of the Lobos.

The Northern division squad is made up of the following: pitcher Jesse Priest, Albuquerque; Carrol Dial, Clovis; Bill Hair, Clovis; Ed Elinger, Boyer; and Joe Hinckman, Albuquerque Catchers Les Mulcahy, Amarillo, and Frank Benites of Clovis. First base, Merv Connors, Amarillo. Shortstops, Clyde Perry and John Jeandron (these two tied for this position). The team manager will decide which one will play. Utility infielder John Jeandron, Clovis, left field, Cully Rikard, Albuquerque, centerfield, Hal Epps, Boyer, rightfield, Jim Matthews Clovis and utility outfielder Francis Rice of Clovis.

These All-Star players are now in the process of choosing their managers.

The North team will be the home team in the game as Clovis is a member of the Northern squad.

Tickets for this game may be gotten by writing the Clovis Baseball Club, Box 1069, Mr. Elmo J. Tucker, President.

Olympics Open In Rain Before 70,000 Spectators

By TED SMITS
HELSINKI (AP)—The 1952 Olympic games opened Saturday in sudden splendor before 70,000 spectators who cheered wildly for the big Scandinavian and American teams but greeted Russia's first appearance with only polite applause.

One unscheduled incident marred the rain-saturated, solemn ceremony. A shapely woman in a flowing white robe tried to get the loud speaker on the central dais to hush the crowd but was hustled away by police.

Paavo Nurmi, Finland's immortal distance runner of the 1920's, and tried to get an audience wearing the pale blue and white uniform he made famous, carried in the Olympic torch set ablaze on Mount Olympus.

Hans Kolehmainen, another Finnish Olympic champion, lit the flame atop the 24-story stadium tower, where it will burn throughout the games.

This set of games is the biggest ever, with 870 athletes competing. Russia is taking part for the first time and Germany and Japan are returning after a war absence.

For an hour and ten minutes, 3000 athletes and officials from 69 nations paraded around the brick red running track, their jackets clinging limply to their hasty frames. They churred the center surface into muck tomorrow the actual competition starts on a running track which apparently has been damaged.

Red China, although admitted to the competition, was not in the parade.

J. Lyman Bingham, executive director of the American Olympic team, said he understood the "woman" was trying to make a "peace" demonstration.

Her robe was in imitation of ancient Greek attire. She ran a

INJURED—Elmer Wilson, former player for the Pampa Harvellers, was injured on an oil lease and at the present time is recovering from head injuries that he received. Wilson is in the Highland General Hospital but is not receiving visitors at this time.

Palmer Captures Canadian Honors

WINNIPEG, Man. (AP)—Johnny Palmer, an obliging invader from North Carolina, carried off the Canadian Open golf championship Saturday by shooting a six-under par 66, for a record medal score of 263 in the 72-hole tournament.

Palmer wound up 25 strokes under par. His score lopped five strokes off the old Canadian Open record of 268 shot by Bobby Locke in 1947 over the par-71 Toronto Scarborough Course. Locke was 16 strokes under par.

Two other U.S. players—Fredrick Haas and Dick Mayer tied for second with 274. Haas finished with a 66 and Mayer with 68.

Three Americans shared fourth place with 275—Doug Ford, Al Zimmerman and Skee Riegel.

Palmer, carrying off \$3,000 first prize won by 11 strokes—the largest margin in the Open at least since 1923 when Joe Kirkwood an eight-stroke bulge.

Braves Take Cards On Dittmar's Hitting

ST. LOUIS (AP)—Jack Dittmar's bat powered the Boston Braves to a 6 to 2 triumph over the St. Louis Cardinals last night as Jim Wilson hurled five hit ball. Dittmar drove in five runs with a homer, double and single.

Cats Defeat Allison Behind Nine-Hitter

CANADIAN, Texas, (Special)—The Canadian Cats took an 11-4 lead in the third inning of a local field last week, behind the 9-hit pitching of Father Hatthewise, and the best team support furnished today.

The Cats scored one run in the first inning, to open the scoring, but the Kelton team came back in the top of the second 5 runs on 5 hits, a walk and an error. Their lead was never endangered following the second inning.

The Canadian team had its only big inning in as they tallied 5 hits, a walk and an error. Their lead was never endangered following the second inning.

Kelton scored 1 hit in the fifth and one in the 8th for their total four scores.

The Cats scored three runs in the fourth as Walker was issued a base on balls. Des Henry singled sharply. Morgan was safe on the third baseman's error, as Walker and Henry scored. Buddy Gross sacrificed sending Morgan to second. Frances was safe on an error. Morgan scoring on the pitcher's error, and Austin struck out, and Pat grounded out short to first to end the inning.

The Cats scored one run in the 7th as Gambin singled with two out, and stole second. Walker singled driving Gambin in and Des Henry grounded out short to first. Morgan scored the first run for the Cats in the 8th, as he was safe on Short's error, then stole second. Buddy Gross struck out. Glen Muller led to left field. George Austin was safe on an error, as Morgan went to third, then scored as Kenny attempted to catch Austin off of second. Deaton (batting for Pat) grounded third to first to end the inning.

Cook, first man up for Kelton in the top of the 9th was safe on Center Field's error, but the next three men failed to reach first.

Father Matthews' winning pitcher, racked up 13 strike-outs, and gave up 9 hits. Hendrix, losing pitcher, had 8 strike-outs, and gave up 10 hits.

Mat Boys In Action Again This Week

Promoter Howard Vineyard has lined up the third of his Summer wrestling programs and it will be reeled off next Friday night at Oiler Park beginning at 8:30.

Main event of the evening will be a return match between Dory Funk and Ray "Big Train" Clements. Fans will remember that the last time that these two met there was quite a ruckus when Funk kayped the referee and a mob had to be brought in. Big Train didn't think too much of this and refused to go on with the match.

Semi-final action will be Cowboy Carlson, the Southwest Junior King, taking on Dale Haddock, a newcomer to the local ring. This will be a two out of three fall affair with a 45 minute time limit attached.

A one fall twenty minute preliminary match will be announced later on in the week.

Advance tickets may be purchased at 11 a.m. Friday at the Sportsman Store or may be reserved by calling 2009-w.

Doctors Report Eva Peron Better

BUENOS AIRES, Argentina (AP)—Eva Peron rallied somewhat yesterday, and was reported resting peacefully, but her doctor's bulletins failed to dispel a prevailing impression that she is sinking.

The Argentine first lady has been ill for eight months, gravely ill for 10 days. The diagnosis has never been officially disclosed. Mrs. Peron underwent a major operation last November after examination by a New York cancer and tumor specialist, Dr. George Pack.

President Juan D. Peron has kept close to the bedside of his wife since her condition worsened.

Dunlap Top Hitter In Texas League

DALLAS (AP)—Grant Dunlap, the clouting Shreveport first baseman, continues at the top of Texas League batting but some of the boys show symptoms of moving in on him and making it a battle down the stretch.

With the race at the two-thirds mark, Dunlap is batting .347 on 94 hits in 271 times at the plate. He dropped a point from last week whereas the muscular catcher, Babe Martin of San Antonio, added four and now is batting .341.

Frank Keller, Oklahoma City first sacker, also is moving into the picture. Keller raised his average from .326 to .332 last week.

There's a new home run leader. It's Keller, who has moved past the slumping Jerry Witte of Houston. Witte appears stuck at .17 circutera while Keller has bashed out .19.

Johnny Wilson, defensive half-back for Michigan State, is an honor student and president-elect of next year's senior class.

Washington Bats Beat Down Browns

WASHINGTON (AP)—Jackie Jensen's home run, Ken Wood's double and Mickey Vernon's pop fly single to center gave Washington two runs in the eighth inning and a 2-1 victory over the St. Louis Browns last night. Julio Morino won his fourth straight decision and his sixth of the season, holding the Browns to seven hits.

Entries are made with Herman Watkins, 1004 Gordon; anybody interested in competing has been asked to notify him. An entry fee is required.

Before the wheat harvest interfered with hot rodding, the local club gave proceeds for the May 4 races to the American Cancer Society. The national organization recently sent the group a citation in the form of a certificate for its service.

Barkley's Aides Sure Of Victory

CHICAGO (AP)—Julian W. Barkley said last night his campaign for the Democratic presidential nomination is gaining momentum by the hour.

"Barkley will get a surprising number of votes on the first ballot," he said after a long series of pre-convention conferences at the Kentucky's headquarters.

Kentucky Gov. Lawrence W. Wetherby, who has been chosen to nominate Barkley, made the prediction about first-ballot votes for the 74-year-old vice president who actively entered the race only a little more than a week ago.

Athletics Win

PHILADELPHIA (AP)—The Philadelphia Athletics—held to two hits and a pair of runs by rookie hurler Bill Hoft, for the first seven innings—came from behind today with two tallies in the eighth and another in the ninth to edge the Detroit Tigers 5 to 4.

SUMMER FUN ON WATER—These girls ride two types of rubber-tube boats on water near Munich, Germany. One uses a bicycle with paddle-wheel power, the other just paddles.

Oilers Sweep Series From Lubbock Hubs

Lefty Ted Gardner made his initial strat for the Oilers last night, a successful, as his new teammates staked him to a ten run lead which enabled him to set down his old teammates, the Lubbock Hubbers, 10 to 6.

Gardner had the Hubbers completely fooled for the first six innings, but he tired in the last three in which the Hubbers picked up their six runs.

Oiler bats clipped starter and loser, George McDuff, for five runs in the first three innings. This included a roundtripper by Manager Jake Phillips, which went over the centerfield wall.

Friday night's starting pitcher for Lubbock, Ramon Garcia, re-letted McDuff in the third and went the rest of the way. In the first Deck Woldt got on base on a walk in the fifth frame, but came Woldt out at second for the second out of the inning, but Doug Lewis come through with a single which sent Stout hurrying for third. Phillips then burred in both runs with a double to the left centerfield wall. Ed Sudol then sent one through the pitcher's box which brought in Phillips with the third run of the inning.

The Oilers picked up single runs in the second, third and fourth innings. They were set down in order in the fifth frame, but came back for their final four runs of the game in the sixth when they tagged Garcia for five base hits. Woldt led off the inning with a booming double off the right field wall. Stout followed this with another double. Woldt held up for long and couldn't get any further than third, but Lewis drove in both runners with a sharp single. Sudol then drove in Lewis with a double that got through Ed Buz and allowed Sudol to reach third. Sudol later scored on 2 single by Don Moore.

Every Oiler in the lineup got one or more base hits for their night's work.

Gardner lost control in the seventh, allowed three runs on three base hits, and his second walk of the evening. He also ran into trouble in the ninth when he allowed another three runs, but the lead that the Oilers had built up early in the game was too much for the Hubbers to overcome.

Gardner's control ball was working to perfection as he whiffed

Charley Coe Scores Again

DENVER (AP)—Charley Coe, the two-time winner from Oklahoma City, and Buster Reed of Sanger, Texas, scored victories Saturday in the semifinals of the Trans-Mississippi golf tournament.

Coe, champion in 1947 and 1949, and Reed, a member of the North Texas State National Collegiate golf champions, will play for the title over 36 holes tomorrow.

Coe, who has been off form the past few days, played top-flight golf in ousting Bill Carey, Denver, 4-3. Coe's putter behaved perfectly.

Reed chipped within three feet of the pin on the 35 yard No. 17 and holed out for a birdie 3 that put him one up on Ed Hopkins, Abilene, Tex. Reed won the match by halving the 18th.

Coe moved through the quarterfinals Saturday morning with a 3 and 2 win over Duke Cas, Denver, a cousin of the birdie 3 he whipped in the afternoon.

Reed won his quarterfinal match in 19 holes from Bill Parker, 18-year-old Tulsa caddy.

Hopkins fired three under par golf, the best of the day, in winning his quarterfinal test from Bernard Woody, Denver, 4 and 3. Bill Carey played even par for his 5-3 quarterfinal victory over Dick Spangler, a hotel, the Nebraska State champion.

Hopkins was plagued by weak putting. He missed several chances to win holes against Red when his putts fell short. Hopkins had a birdie 4 on the 11-yard, No. 3 to go 1-up. Reed evened the match with a par 4 on No. 4 when Hopkins went one over. Reed went one up with a birdie two on the 12-3 yard No. 7.

They halved No. 8 but Hopkins pulled even when Reed slammed two drives out of bounds on No. 9. Reed went one up on No. 11 with a birdie two on the 17-yarder. Hopkins squared the match on No. 13 with a par 3 while Reed went one over. They halved 15; 15 and 16 before Reed went in front to stay on the 17th.

Tennessee Back To Texas Tech

KNOXVILLE, Tenn. (AP)—Knoxville Journal in a story for today's editions said Bust Warren, former University of Tennessee back, has accepted a job as coach at Texas Tech at Lubbock.

Warren, coach at Oak Ridge, Tenn., High School for the past three years, would succeed another former Tennessee star back, Walter Babe Wood, who resigned to enter the insurance business.

Warren would be an aid to Dewitt Weaver, captain of the 1936 Tennessee team and now in his second year as head coach of the Red Raiders.

A member of Warren's family at Oak Ridge reported he was in Lubbock conferring with Texas Tech officials.

Gold Sox Win Again In Friday's Action

BY THE ASSOCIATED PRESS
Riding a crest of success, the Amarillo Gold Sox collected another West Texas-New Mexico League victory last night, smothering the Berger Gassers 15-4.

Meanwhile, league-leading Clovis downed Albuquerque 5-2, and Pampa gathered in a 5-4 decision over Lubbock. Abilene's game at Lamesa was rained out for the second night.

At Amarillo, shortstop Clyde Perry banged out a homer, a double and three singles to lead the winners. Catcher Les Mulcahy also contributed a circuit blow for the victors. A former Berger pitcher, Jack Venable, went the distance for Amarillo.

Clovis stacked itself to a three-run first inning off Frank De Carolis then held on to whip Albuquerque, which is hanging on to second place with Lamesa, Berger and Lubbock a short way behind in third.

Jack Gaines scattered 10 hits to do the trick for Clovis and even the score in the three-game series. Albuquerque won the Thursday night tilt. Mel Kramer came in on relief in the ninth last night to save Gaines' 12th out of the year.

At Pampa, Doug Lewis slammed a double in the bottom of the eighth to give the home team its victory over Lubbock. Lewis advanced to third on Jake Phillips' single and came in when Ed Sudol flied out to centerfield.

Golfers Meet Today At Country Club

The Pampa Men's Golf Association will hold their third meeting of the year at the Pampa Country Club this afternoon.

At the present time the defending Pampa Country Club team is in first place with one more match to be played after tonight. Pampa has a total 445 points, Phillips, 428; Ross Rogers, 316 and Huber 211.

Play is on a medal basis with three points for each match, one for each nine holes and one for the eighteen holes.

All Pampa golfers are invited to participate in the event.

SPORTSMAN'S DIGEST

It's possible to bounce a dry fly on rare upstream wind or windless days by bending a silk worm gut leader to use with a floating fly line.

Soak a fine-tapered gut leader and tie a heavy-hackled dry fly on it. IMBED THE HOOK IN A TREE TRUNK AND WIND THE LEADER HALFWAY AROUND IT AS SHOWN ABOVE. LEAN A HEAVY POLE AGAINST THE LEADER AT THE TREE TRUNK AT A RIGHT ANGLE TO TREE. SLIP LEADER END LOOP OVER A DRIVEN STICK OR SMALL BRANCH TO DRY THEM. GIBBER TO WATER-PROOF IT. REPEAT AS NECESSARY. FISH DOWNSTREAM AND LET IT DANCE!

Deadline A Week Away On Contest For Airport Name

It won't be long until the three airport naming contest judges will be called together to select a name from among the many entries in The Pampa Daily News sponsored "Name Your Airport Contest."

The deadline for bringing or mailing suggested names for the airport to the contest editor at The News is midnight, July 26. That is next Saturday, election day.

The winner will receive \$25 in cash from The News and will have the honor of knowing that he — or she — selected the official name for the southwest field. The latter is because the county commissioners have agreed to abide by the decision of the judges. Two from Pampa and one from McLean — and so name the new field.

So, if you have thought of that name, plus some good reasons for it, you better get your entry in this week or it will be too late. Remember, there are no duplicate prizes. The prize will be split in case of a tie. The earliest postmark will be declared the winner.

No date for announcing the winning name or the winner has been announced.

VISITING PAMPA—J. R. (Bob) Strobbe, of Mobile, Ala., leaves for Austin today after a two-day visit with the Rev. E. Douglas Carver of the First Baptist Church. A minister of Education at Dauphin Way Baptist Church, Mobile, Strobbe will be the guest of Rev. Carver at both church services today. (News Photo)

Anti-Bind Weed Chemical To Be Available In Area

Gray County Soil Conservation District is to receive 40,000 pounds of sodium chlorate for control of a perennial weed called bind weed in this area.

The chemical sterilizes soil against the growth of this particular weed for three to five years. Common to an extensive area, the weed is called wild morning glory, vine weeds or possession vines in various regions.

The county commissioners court will furnish four three-foot spreaders and one 10-foot tractor-drawn spreader to distribute the sterilant on area farms.

Furnished at cost price to farmers through the soil conservation board comprised of area farmers, the chemical is due to arrive about Aug. 1.

From 4-5000 pounds have not been committed and interested farmers are asked to contact Foster Whaley, county agent.

Area farmers who have used the chemical and report successful results include H. L. Case, seven miles southwest of Pampa, Fred Hasild, Graytown community, and Ben Lockhart, Laketon.

Nancy Coley New Council President

Miss Nancy Coley, daughter of Mr. and Mrs. Robert Coley of Pampa, was chosen president of the council at the Pampa District Intermediate Camp at the Ceta Canyon Methodist Encampment this past week.

Miss Coley was one of approximately 23 Pampa Methodist youth and adult leaders attending the encampment from the First, McCullough and Harrah Methodist churches.

A total of 194 intermediates and 25 adult leaders from the district attended.

Another encampment in the form of a training school for prospective Methodist Youth Fellowship district officers is in progress at Ceta Canyon camp. The school is to end at noon today. Final election of the new officers is to take place Friday evening at meeting in the First Methodist Church, Pampa.

LIFELESS

(Continued From Page One) the two county commissioner races in Pampa and McLean with efforts by the candidates going so far as to end passing, vote asking, and several letter writing sprees.

Down the ballot, on the stable and justice of the peace, the four different races, McLean justice of the peace, McLean constable and Pampa constable, and Lefors justice of the peace, were as listless as the others outside of carburetors chattering and matches being passed.

So, the candidates go into the home stretch this week. For some it will be the end of the line victory or defeat; for others it may mean another month of campaigning until the runoff on Aug. 23, which will be decisive.

Even then it may not be. Some local Republicans, it has been rumored, are considering entering nominees for local offices in the November general election. If they do, it will mean another two months of campaigning. But that won't be known until Aug. 2, date of the county conventions.

Voters will have more than the primaries to attend to next Saturday. Some will have precinct conventions to attend as well. Those who attend the Republican conventions however will not be permitted to participate in the primaries being held on that same day, according to the Texas Election laws. Those who vote in the primaries in turn, of course, may not participate in Republican conventions.

Another sign of the dull campaign was reflected in the county clerk's office Saturday morning where only 60 absentee ballots had been registered with 20 still out in the mails. Deadline for absentee voting is midnight Tuesday. In most other election years absentee balloting rose into the hundreds long before the deadline.

IPAA Meeting Site Changed

Announcement was released here today that site for the annual membership meeting of the Independent Petroleum Association of America has been changed.

According to C. F. Buchner, executive manager of the IPAA, members will convene in Oklahoma City, Oct. 23 and 24. Buchner said information on reservations and program will be mailed to members early in September.

Jailed For Destroying Evidence

Destroying state's evidence and wresting a deputy sheriff sent one man to jail in lieu of a \$48.02 fine Saturday in County Court.

Elvin Lee Brown, of the 800 block W. Kingsmill, charged with swindling with a worthless check destroyed one of the two checks held against him and then tried to wrestle Chief Deputy Shirley Nickols when the latter was called in to search him for the missing check.

Brown, Miss Mildred Banta, secretary to County Judge Bruce Parker, said, took the two worthless checks from her desk and went to the mens lavatory where he flushed the larger one down the commode. He denied the action when questioned and resisted being searched. Later he admitted destroying the \$42.08 check on the spot.

He was actually charged with a hot check for \$16.80 passed on Mom and Pop Grocery but Judge Parker levied the fine on the amount of the check Brown destroyed. Unable to pay, the defendant was sent to jail.

E. H. McCorkle, Oklahoma City, also charged with swindling with a worthless check, was released Friday after paying a \$10 fine plus costs for passing a check on Joe Key, local trucker, for \$35.

TOP O' TEXAS

(Continued From Page One) the arena. Events will include a bull fight, bull riding, flag race, barrel race, dog-and-race and cutting horse contest.

Wednesday's activities begin with registration at 8 a.m. with the final entry deadline for all rodeo performances at 11 a.m. that day.

The grand parade forms at West Foster and Hobart Streets at 3:15 p.m. Wednesday of the rodeo week and will parade through Pampa streets at 4 p.m. A color guard from the Amarillo All Force Band will lead.

The first entry for the parade has come from the riding club in Liberal, Kan., a uniformed organization that will compete with riding clubs throughout a tri-state area for the first prize trophy.

Other entries from ranches, civic clubs, bands, commercial concerns, individual cowboys and cowgirls and bicycle riders will be included. Trophies will be presented to first place winners in the first four divisions and cash prizes will be awarded to the most attractive commercial entry, most comical entry, most typical cowgirl and cowboy and the best decorated bicycle.

No formal registration is required for entries in the parade, according to George Dillman, parade marshal. "Just be at the starting place on time," he says and judges will be on hand to award prizes.

Ballyhoo parades through the streets are scheduled for Thursday, Friday and Saturday at 4 p.m.

Gate to the rodeo arena will be opened each day Wednesday through Saturday at 5 p.m., and performances begin at 8 p.m. Dances follow each of the four main shows at the junior high gymnasium.

Entry blanks for all events may be obtained at rodeo headquarters in the city hall or by writing to post office box 1942, Pampa.

Seven contestants have registered to date in the Sponsored Cowgirl Contest with entries as far away as Tucuman, N. M., Rocksprings and Crosbyton. From this contest a rodeo queen will be chosen by rodeo spectators.

To be judged on her riding ability in the grand entry of the performance, the cowgirls' reining contest and barrel race, the queen will be elected by secret ballot sheets presented to spectators Wednesday night and will be presented at Thursday night's performance.

A special hand-made saddle will be given as first prize in the cowgirl contest, a tailor-made cowgirl riding costume as second prize and a pair of ladies' boots as third.

Plans for smooth-flowing traffic at the rodeo were completed Friday by the police and parking committee with B. H. Cruce as chairman. A new gate is to be constructed for all spectators from the eastern area to enter and leave the arena and west-side rodeo goers will enter and leave the gate now in use.

Members of the state highway patrol, the county sheriff's department and local policemen will be aided by Pampa firemen in keeping a steady flow of traffic.

Cars may be parked anywhere around the arena this year and about three or four times as much parking space as has ever been in the past will be provided.

It was decided at a directors meeting yesterday that 1,200 more seats would be set aside making a total of 2,400 reserved seats this year. All reserved seats are to be on the west side of the arena, leaving the balance of 6,000 seats to be sold on general admission tickets and will be located on the east side and part of the west.

Paid ushers to assist in seating spectators will be on hand at all performances of the rodeo. This, according to the directors, is to avoid trouble over reserved and box seats.

Reserved seat tickets go on sale Monday at rodeo headquarters at 8:30 a.m. A meeting of the ticket and usher committee has been called for 8 p.m. by John Pitts, chairman.

Directors attending the planning meeting yesterday were Crouch, Frank Lard, George Neef, A. L. Mills, Aubrey Jones, Quentin Williams, Wiley Reynolds, E. O. Wedgeworth, John Pitts, Homer Taylor, Fred Thompson, Joe Loop, Holly Gray, R. M. Samples, John Sims, Clayton Mathis and M. C. Overton.

THE CAPTAIN HAS A GREEN THUMB—Many a sea-faring man has dreamed of his own little plot of ground where he can garden to heart's content—but Capt. J. Traynor, master of the British ship Stirling Castle, made the dream come true. And right on board his ship, too. At left, above, he tends his garden, located in an annex to his shipboard quarters. At right, he practices his other hobby—painting—as he works on an oil sketch of ships in Southampton harbor. One of his seascapes hangs in the Merchant Navy Officers' Club at Durban, South Africa.

German Students Plan Pampa Trip

(Continued From Page One) Harburg in the province of Hannover. She will celebrate her 17th birthday August 25 after arriving in Pampa.

Her father is a farm owner and her mother is a housewife. Her scholastic major is languages, four of which she speaks and reads in varying degrees. These include German, English, Latin and Italian.

Literature is her next interest and biology and geography follow. In sports she likes swimming, dancing, tennis and ping-pong and her hobbies include music, reading, and holiday excursions.

She is a member of the International Youth organization and has participated in an international workshop. Miss Johannsen is not quite sure what profession she wishes to follow, but thinks it will probably be teaching.

A letter from her to her "foster" parents for a year states that she is looking forward to being in Texas, the West, to which German youth attach a colorful and gay impression.

The Kiwanis Club, after a year as sponsor of an exchange student, Dietre Umbach, is looking forward to having the two

Elmer Wilson Hurt In Oil Field Accident

Elmer Wilson, son of Mr. and Mrs. Elmer E. Wilson, 1407 Duncan, is in Highland General Hospital recovering from a concussion received in an accident Friday about 10 a.m. while working on the Badger Oil Lease near Berger.

Wilson was hit in the head with a well tubing tong as he stood up from picking up a bucket on which he had been standing. Workers were pulling tubing from wells on the lease and a co-worker of Wilson's had been spinning one of the tongs and let go of it just as Wilson stood up.

The impact knocked Wilson unconscious and he remained in an unconscious state until 3 p.m. that day. He was rushed to the Plains Hospital in Berger and was transferred later to Highland General.

A report from the patient's mother is that he is recovering satisfactorily. It is not definite when he can be dismissed from the hospital.

Students in Pampa next year, according to E. L. Henderson, club president and Clinton Evans, vice president.

Mainly About People.

Mr. and Mrs. Carl C. Davis, 506 N. Warren, are visiting Davis' son-in-law and daughter, Capt. and Mrs. Jim King of Colorado, for two weeks.

Fuller Man 314 Cook Ph. 2132-J. Wanted to buy some Bantam hens, call 206.

Mr. and Mrs. Phillip E. Corcoran, 1401 W. Browning, became the parents of a boy, Patrick Norman, at Highland General Hospital Friday. The baby weighed 8 pounds, 11 1/2 ounces.

Oxyera equipped ambulances. Ph. 400 Duenkel-Carmichael.

Mr. and Mrs. T. N. Watson and son, Tommy Jr., 1219 E. Francis, returned Saturday from a week's visit in Galveston.

Poko and Hospitalization Ins. Ph. 1949. Mrs. W. Hatcher 210 N. Gillespie.

Mr. and Mrs. O. G. Evers, Lubbock, have been visiting in the home of Mrs. Evers' parents, Mr. and Mrs. R. W. Phillips, 428 N. Christy.

A boy, Ronald David, was born to Mr. and Mrs. E. O. Carter, 812 S. Banks, Friday at Highland General Hospital. The baby weighed 8 pounds, 1 1/2 ounces.

Guest in the home of Mr. and Mrs. Fred W. Martin Jr., 1719 N. Hobart, for the past two weeks was Mrs. Kay Martin of Fort Worth.

Drive Out to Hi Hat Drive Inn larger than new sensational Hi Hat that's different. We pack picnic boxes to go. 1824 N. Hobart on New North Drive.

Mrs. Milton Wiley, 713 E. Denver, has returned home from Highland General Hospital where she underwent surgery.

Visiting Mr. and Mrs. E. L. Anderson, 1002 E. Francis, are Mrs. Don C. Eason and children, Donna and Jeff, Pass Robles, Calif., and Mrs. Rhuea E. Ingenthron, Portland, Ore.

Miss Barbara Ann Carlson, daughter of Mr. and Mrs. H. E. Carlson, 1616 Hamilton, arrived Wednesday from Austin where she recently received her Bachelor of Science Degree in elementary education from the University of Texas. Miss Carlson will visit in Pampa during a two-week vacation. She plans to teach in the Midland schools this fall.

Mr. and Mrs. Henry Herman Reynolds of Estancia, N. M., announce the birth of a daughter at 9:20 p. m., Thursday in Albuquerque, N. M. The baby weighed five pounds, 15 ounces, and has been named Deborah Dee. Paternal grandparents are Mr. and Mrs. Henry Reynolds, 1201 Charles, and maternal grandparents are Mr. and Mrs. Cecil Myatt, 601 N. Nelson. Mrs. Reynolds is the former Miss Betty Myatt.

Mr. and Mrs. Joe Lewis are to leave Monday for San Jose, Calif., where they will visit Mr. and Mrs. John Lawler, Louise and David. Mrs. Lawler is the former Josephine Lewis.

Mr. and Mrs. Foy Guin of Russellville, Ala., and daughters, Janet and Judy, have been guests in the home of her parents, Mr. and Mrs. D. A. Caldwell.

ACT CALMLY

"Later on, as they saw the ship burning fore to aft, they trembled visibly."

Namm quoted a member of the lifeboat crew as saying "that the captain of the Black Gull, as the last man to leave the ship, stood erect and then calmly saluted his lost ship."

Another Gripsholm passenger, Mrs. Kay Wheeler of West Los Angeles, Calif., wired:

"I felt very panicky as I looked up to see the entire sky ablaze."

Of the 45 survivors, 44 were transferred from the white-hulled Gripsholm to the Coast Guard cutter Mackinac. One, Third Officer Nils Varen, was burned so badly he remained on the Sweden-bound Gripsholm for medical treatment.

ISSUE CALLS

(Continued From Page One) reported that, despite roadblocks and "people's police" with orders to shoot to kill, the number of refugees escaping to the Allied sectors here is steadily growing. In the first two weeks of July, the center recorded 4400 who successfully made the break, one-fourth of them, the center said, were young men who feared they would be drafted into the "defense army."

AN OPEN LETTER TO PEOPLE WITH OPEN MINDS

from...

BUFF MAGUIRE

Dear Fellow Citizens of Gray County:

I am addressing a message to you from the heart.

To me, a public office is a public trust. And good government is the foundation stone for stability, prosperity and progress in any community or county.

I want to be a partner to the progress of Gray County. Not a silent partner, but an active, participating partner as your County Judge.

The office of County Judge is one of the key offices in your county government. The County Judge runs the county's business. It's big business. I am acutely aware of the responsibility of the position. Yet, I am seeking the job because I, as a citizen, am dedicating myself to the development and enrichment of the area in which I live, have my home, and am raising my family. It is my sincere belief that a full measure of devotion to the duties of County Judge by a citizen equipped with a legal mind and stable business background will bring dividends unlimited to the people of our booming territory.

I am seeking to serve you as an individual fellow citizen. I have the welfare of my county at heart. Hence, this message from the heart. I hope that you will give me the coveted privilege of serving you as County Judge through your decision at the polls next Saturday.

Yours For Good Government And A Greater Gray County,

J. B. (BUFF) MAGUIRE, JR.

Davis May Win First Medal In Olympics At Helsinki

By TED SMITS
Helsinki, (AP)—To Walt Davis, a six foot, eight inch Texan who fought his way back to strength from childhood attack of infantile paralysis, may go the glory of winning the first American gold medal of the 1952 Olympic games.

crowd of 70,000 will be on hand. The U. S. hasn't a chance in the 10,000 except possibly for fifth place or so.

Sports Roundup

By MURRAY ROSE
 For Gayle Talbot

Helsinki, (AP)—This one-time leading 121 man has retired from the bulging body league. I've been cooked in a sauna bath. The AP sports department's broad-beamed bobbed crew of Ted Meyer, Orlo Robertson and John Chandler needn't worry any longer about losing their place on the team. I've pulled my belt in three inches. What's more, the veteran reporters are going to lose their alternates as soon as I can get Will Grimsey in the hot box.

Davis is rated the world's best high jumper with a chance of breaking the world record here. In this tricky event, where even the greatest stars have had days, he has been amazingly consistent at 6 feet 8 and 10 inches, far higher than anyone outside the United States.

Newcomer To Track
 Davis came to Texas Agricultural and Mechanical College on a basketball scholarship and never took track very seriously until last year. He went out for it to escape spring basketball practice, because we had a coach who was a dream for workouts.

Erskine Wins Over Lowly Pirates, 9-1

PITTSBURGH (AP)—Right-hander Carl Erskine aided by three home runs, one a grand slammer by Pavee Reese, hurled the league-leading Brooklyn Dodgers to an easy 9-1 victory over the last-place Pittsburgh Pirates today.

It was the Dodgers' eighth straight win and their 12th in a row over the Bucs without a defeat.

Andy Pafko and Billy Cox also homered for the Dodgers. It was Pafko's 12th of the season and Cox's first. Ralph Kiner smacked his 19th for the Bucs in the final inning.

Erskine was never in trouble as he picked up his 10th victory against only two defeats. Left-hander Howie Pollet was charged with his 11th loss of the season. He's won three.

Reese's grand slammer, fifth of his major league career, came in the eighth inning off reliever Paul LaPalme.

LIONS' SHARE—The United States Olympic team has a brother act for the first time since 1920. Bill Ashenfelter, left, qualified for the steeplechase. Horace made it in the steeplechase and 10,000 meters. Neither ran before matriculating at Pennsylvania State College after World War II. (NEA)

Sports Shot

By HAROLD V. RATLIFF
 Associated Press Sports Editor

The National Skeet Tournament, a sports spectacle in which the participant pays all the expenses and gets nothing in return except a cup or two, will open in Dallas next Sunday and run a week.

It's quite an event. Some 800 persons, most of whom have more money than they know what to do with, will spend plenty of it on shells, entry fees; trap boys, targets, officials, and awards which they hope to win themselves.

If ever there was an amateur sport this is it. During this tournament some 800,000 shells will be fired and almost that many clay targets will be smashed. Those shells alone will cost better than \$50,000. The shells weigh over 46 tons. They will be propelled by 15 tons of gunpowder.

Here's an example of what it costs to participate in skeet tournaments: Mrs. Leon Mandel, Chicago socialite who has gone into the game with the intention of becoming the greatest marksman of them all and who is making rapid strides toward that objective, spends \$12,000 a year at it.

Mr. and Mrs. W. B. Akin of Dallas got into skeet shooting only last year. They counted up at the end of the year and found they had spent between \$50,000 and \$60,000.

Otelia Deckshot of Dallas, who doesn't go into the thing anywhere near so heavily, paid out \$1,000 on four tournaments. It's truly a rich man's and rich woman's game.

Skeet is easy to learn but for that reason it is the most exciting sport and the sport in which it is more difficult to win than most any other.

You will see men break 199 targets out of 200 and wind up in sixth place. You have to be perfect to take home the trophies in this endeavor.

Skeet is only 28 years old. It was started by three quail hunters in Andover, Mass., who wanted something to practice on. They shot at targets in a circle but got complaints from a fellow who they were killing his chickens. So they cut it to half a circle.

Skeet shooting today is in a half-circle with eight stations. You shoot from every angle. The National Skeet Shooting Association chose Dallas as its permanent home in 1949.

One thing about a Texan: let him get you in his own ballpark and he'll beat your ears down for sure. Thus Texans dominate the National Skeet Tournament in Dallas every year.

But Texans have some advantages to make them the best in the world in this sport. There are more people who like the outdoors and they have more money to spend. Skeet shooting can be carried on 12 months out of the year in Texas because of favorable weather conditions.

There are some 8,000 persons who shoot registered targets in the nation. There are probably 60,000 who participate in skeet shooting but on a limited scale.

The Association was formed in 1935. The second world war came along to give it a big boost. The military installations used it to train to shoot Germans and Japs.

There's no doubt but that it is one of the most entertaining and interesting sports of all. Every-

 Years in National League

Question: You hear a lot about Duke's Dick Groat as a professional baseball prospect. What did he hit for the Blue Devils this past season?

Answer: Groat the Great hit .373 driving in 47 runs to lead Duke to 30 wins in 35 games, and a spot in the National Collegiate Athletic Association tournament.

Q. When Fred Merkle failed to touch second against the Cubs in 1908 in the honor play of the century, who was the man crossing the plate with what the Giants thought was the winning run?

Q. Moose McCormick, who were the first ball players selected to the Hall of Fame?

A. In 1938, Ty Cobb, Honus Wagner, Edd Rupp, Walter Johnson and Christy Mathewson initiated the movement. Since then, 52 players and five executives have been added to the roll.

Indians Blank Red Sox, 4-0

BOSTON (AP)—Backed by a 12-hit attack that included rookie Bill Glynn's first major league homer, Bob Lemon blanked the Boston Red Sox, 4-0, Saturday to move the Cleveland Indians to within a single percentage point of second place.

The Washington Redskins of the NFL have played only one scoreless tie in their history. That was against the New York Giants on Oct. 1, 1939.

Hacker Wins Over Giants

CHICAGO (AP)—Pitcher Warren Hacker made it three shutouts in his past four starting stints as he hurled the Chicago Cubs to a 3-0 victory over the New York Giants Saturday.

It was a scoreless duel between Hacker and Jim Hearn, for seven and a half innings. Then Hearn's usually dependable defense failed him as shortstop Al Dark and aggressive second baseman, were charged with errors.

Morgan Makes Final Appearance In Win

NEW YORK (AP)—Tommy Morgan made his final appearance of the year in Yankee Stadium a winning one Saturday as New York Yankees defeated Chicago, 4-2, to extend the sagging White Sox's losing streak to six games.

The victory enabled the Yankees to boost their American League lead to 5 1/2 games over the runner-up Boston Red Sox, who dropped a 4-0 decision to the third place Cleveland Indians.

Morgan, service bound, was forced to retire after seven innings because of a blister on his right index finger but by that time the Yanks had the decision locked up.

Billy Pierce, White Sox ace, suffered his fifth defeat at the hands of the Yanks and it was the Sox' seventh straight loss in the Stadium.

The Washington Redskins of the NFL have played only one scoreless tie in their history. That was against the New York Giants on Oct. 1, 1939.

Lorenzo Still Leads Other West Tex - New Mex Hitters

Pat Lorenzo, recently acquired from the Lamesa Lobos by the Berger Gassers, is still holding down the league's batting lead with a lusty .411 for his efforts through games of July 16.

Lorenzo holds a 15-point margin over runnerup Cully Rickard of the Albuquerque Dukes who is hitting .398 for the season.

In team batting, the Lamesa Lobos are leading with a .328 average while the league-leading Pioneers are holding down the best average in team fielding which is .958.

Mel Kramer of the Pioneers is the leading hurler with a 7 and 0 record for his season's work.

Beaumont Gate To Be Given Hearing

BEAUMONT (P) — The low attendance for Texas League games in Beaumont is expected to be aired at the meeting of the league in Oklahoma City Monday.

A meeting was held here yesterday among civic leaders and Guy Airey, owner of the club, and plans made for special days and other attendance-boosting ideas as the gate in the current home stand dipped as low as 235 on one occasion and was over the 1,000 mark only four times in nine dates.

Last night, 3,061 fans turned out at the Roughnecks played Dallas a double-header and Dave Hoskins, the Negro pitcher who has been packing them in over the circuit, hurled for Dallas.

Three members of the championship West Virginia basketball team of 1942 were killed in action during World War II.

INSULT TO INJURY—With two out in the first inning, Bobby Thomson tripled for the Giants at the Polo Grounds. Thomson streaked for the plate with the second pitch to Bob Elliott. The Reds didn't take kindly to Augie Donatelli's decision, but the run counted and the New York Nationals were off to another victory. (NEA)

Oilers Dump Lubbock 5-4 Behind Shipman

A lead-off double by Doug Lewis in the bottom of the eighth inning gave the Pampa Oilers a thrilling 5 to 4 victory over the Lubbock Hubbers in the second of a three-game series here Friday night.

Lewis banged his double off the leftfield wall which was followed by Jake Phillips single to right. Lewis held up seeing if he was going to be caught and could only reach third. Ed Sudol then flew out to center and Lewis came in with the winning run. This was Sudol's fourth hit of the game. He came through in the first with a bases-clearing double off of starter leaved Garcia in the first and blanked the Oilers until the eighth frame.

Morris Shipman went the distance for the Oilers to gain credit for his sixth win of the season as compared to a total of four losses.

Shipman started the game by giving up three hits in the first but the Hubbers were unable to get more than one run for their efforts.

The Oilers came back in the bottom of frame and picked up four markers when Garcia gave up four hits and two walks. All of the runs came about after two men were retired.

Lubbock came back in the third and picked up two tallies to put them within one run of tying it up but Shipman slammed the

Squads Complete For Greenbelt

The 3rd annual Greenbelt Bowl Football Game will be held in Childress, Friday, August 15.

The personnel of both the East and West Teams are completed. The invitations have been extended to boys from all over the State of Texas and Southwestern Oklahoma, and they have accepted. There are boys from Baytown, Anson, Fort Worth, Lubbock, Lamesa, Odessa, Tulsa, Borger, Wink, Dalhart, Lockney, Vernon, Chillicothe, Breckenridge, and other towns.

Each team is composed of 24 players, and the top boys in the state have been selected. Each boy was selected as to his football ability and placement on district, regional, and all-state teams. Among some of the top football players from over the state are Kenneth Lounsberry, Baytown; Cecil "Rusty" Gunn, Arlington; Billy Davis, Pampa; Charles Brewer, Lubbock; Choppy Spencer, Borger; Don Jones, Lubbock; Bill Curtis, Waurika, Oklahoma; Hartsell Haws, Altus, Oklahoma; Both Oklahoma boys were selected on the all-state teams from the state of Oklahoma.

George Stewart, chairman of the Greenbelt Bowl Football Game, has promised that this will bring together the outstanding football players in the state of Texas and Southwestern Okla. These boys will be given a chance to train and play together. George stated that any college in the United States would be very lucky to have these boys a member of their football team.

Blaine Rideout, trainer of the University of Nebraska team, has accepted the invitation of the Greenbelt Bowl Football Committee to serve as trainer for the East team this year. As yet no trainer has been named for the West Team.

Jack Mitchell and Bobby Goad from Texas Tech in Lubbock, will coach the West Team. This is the 2nd year that Mitchell has served as coach of the West Team. Dixie White and Prince Scott of Midwestern University will coach the East Team.

Tickets are now on sale.

Phils Nip Reds

CINCINNATI (P) — For the second straight day, the Philadelphia Phils today broke up a tie ball game in the ninth inning as they scored two runs for a 7 to 5 victory over the skidding Cincinnati Reds.

Holy Souls Leads League

Play in last week's Junior Softball games left Holy Souls leading the league in both the Seniors and Juniors.

The Seniors have won four games while losing none in the second half of play. Hobart Street Mission who played but two games are in the second spot.

The Junior Holy Souls team has lost none while winning two. They are tied for first place honors with First Christian and Central Baptist.

IN A MATTER OF HOURS!

WATCH THIS NEWSPAPER FOR TIMELY RESULTS ON

- CITY ELECTIONS
- COUNTY ELECTIONS
- DISTRICT ELECTIONS
- STATE ELECTIONS

Think of it! Only a few hours after the polls close, you know the unofficial results of Texas elections. That's the sort of coverage this newspaper provides for local, as well as statewide elections. Even now we are preparing to gather the county returns for the forthcoming election. In addition, this newspaper is one of the Texas newspapers and radio stations which operate and pay the expense of the Texas Election Bureau. The Bureau gathers returns on a statewide scale so that you may know the results of Texas elections promptly... without waiting one to three weeks for the official count. The Bureau never supports or opposes any candidate. Its only mission is to find out as quickly as possible which candidates win... and report that information to you through these columns.

Unique Library Loans Animals To Youngsters For A Week

By WAYNE HARBERT
SACRAMENTO, Calif. (AP)—Want to borrow a skunk? Fox? Owl? Mink? Rabbit?
You may, for a week, if you're a youngster with the proper answers.
Sacramento has a free lending library of animals, operated by Dalton Merkel, who checks out the pets in take-home cages.
A few of the animals are "in reserve" temporarily. Until Merkel is certain they're wholly safe.
There are about 300 in the library, including a pair of red foxes, a baby grey fox, a porcupine and a mink, an owl, squirrels, rabbits, snakes, turtles and raccoons. The library has been in operation four months; withdrawals run 10 to 20 a week. It is financed from a private foundation and by donations from the Junior League, service clubs, city schools and state fair.
The library, located on the

ABOARD USS MACON — Midshipman Ralph F. Freese, son of Mr. and Mrs. Al Schneider, 1012 Duncan, sights through a periscope aboard the heavy cruiser USS Macon. Freese is one of 380 midshipmen aboard the 17,000-ton vessel, underway in the Atlantic on a summer midshipman training cruise to the British Isles.

Pfc. George A. Whitten, son of Mr. and Mrs. A. B. Whitten, 926 E. Browning, is expected home from Korea this week, according to his father.
A Marine for the past 1-2 years, Pfc. Whitten has been serving in the Korean area for a year.
Pfc. Clenton C. Hensell Jr., son of Mr. and Mrs. C. C. Hensell, 1800 Hamilton, has been released to inactive duty in the U.S. Marine Corps reserve, following 10 months of service in Korea.
Arriving in San Diego, Calif., July 3 aboard the USS Valley Forge, Pfc. Hensell reached home July 11. He served in Company E, Second Battalion, of the First Marine Division.
In September Hensell plans to enter the freshman year at West Texas State College, Canyon Tex.
A Pampa naval reservist, Albert H. Luevano, husband of Mrs. Beatriz Luevano, 606 Stewart Place, spent a Fourth of July week end in Colon, Panama, the

final liberty of a 30-day training cruise.
Luevano, a chief commissary steward, was among the 152 reservists aboard the destroyer escorts USS Haas and USS Willett, who arrived in Barranquilla, Colombia, on June 29 after gaining their "sealings" on rough waters from Ciudad Trujillo.
The men were invited to at-

MINUS HIS LAUNDRY IN KOREA — Pfc. Emmett (Tex) Riggs, son of Mrs. G. R. Riggs, 1015 Jordan, had his laundry knocked off the line recently in Korea, thanks to the cleansing action of a Red mortar. Riggs, a scout observer with the intelligence section of the First Bn., 14th Inf. Regt., had washed a week's worth of dirty clothes and hung them on a communications line stretched between two trees. The Reds shelled Riggs' position and an 82mm mortar round exploded nearby. Upon investigation, Riggs found a mortar crater directly under the spot where his underwear was hanging. Most of his clothes were still on the line, though torn to shreds by shrapnel. And at the bottom of the crater— one undamaged pair of shorts.

Two area Texans have returned to Long Beach, Calif., aboard the heavy cruiser USS Saint Paul after spending nearly eight months in the Korean combat area.
Aurelio G. Garcia, son of Mr. and Mrs. J. W. Garcia, Pampa, and Dennis D. Cloud, son of Mr. and Mrs. H. F. Cloud, Higgins, are both seamen aboard the Saint Paul.
The vessel spent her time during the cruise ranging the length of North Korea's east coast from the battle line at Kosong to Chonjin, within 50 miles of the Siberian and Manchurian borders.
Her duties varied from giving direct gunfire support to United Nations front line troops to the destruction of railway targets near the key Red points of Songjin and Wonsan and the bombardment of North Korean headquarters and supply installations in Chongjin.

JOHN H. HARNLY For COUNTY JUDGE

Friends, Neighbors, Voters of Gray County this is the fourth of a series of adds to acquaint you with my candidacy for County Judge of Gray County.
I would like for each and every voter of Gray County to understand the real reason that I finally consented to run for this office of County Judge. After fighting the tax increase last year several persons suggested to me that I run for this office. I laughed it off at the time. Then last fall when the tax notices were sent out and it became apparent that the present Judge and Commissioners Court had not played fair with the taxpayers I began to wonder if it were not my duty as a citizen to make this race and try and correct or rather stop some of the inequalities that had been left. It certainly was not fair that some of us got relief and that others did not.
In trying to find out what the Court had done about raising taxes I found a practice that the Court was using that is not in the least Democratic. This is the practice of the Court to make every decision unanimous. In this way you can not pin responsibility on any one Commissioner or the Judge. When you try to pin the responsibility on any one person they tell you that they were against it but by agreement had to go along. Each one tells you the same story. You know some of them are lying to you because it takes three out of the five to make a decision. You finally decide that they are all lying and that when next election comes along you will do all in your power to unseat the whole group and get a new Court that is willing to take responsibility for their actions.
These are some of the reasons that caused me to run for County Judge and I can assure each and every voter that I will do all in my power to correct these things if elected. I will need the help of all you citizens that believe in good, honest, and equitable government. Not only do I need your vote but I need your active support if you believe in these things. Get out and help get me elected your County Judge.
REMEMBER THAT IN THIS TIME OF HIGH TAXES AND HIGH COST OF LIVING THAT THE PLACE TO START ECONOMIZING IS AT HOME WHERE YOU CAN EXERCISE A CERTAIN AMOUNT OF CONTROL. MY RECORD SHOWS THAT I AM OPPOSED TO UNNECESSARY EXPENDITURES OF PUBLIC FUNDS AND AGAINST ANY INCREASES IN LOCAL TAXES. IF YOU WANT ECONOMY IN GOVERNMENT START AT HOME BY ELECTING JOHN H. HARNLY YOUR NEXT COUNTY JUDGE.
Listen to KPBN at 11:55 a.m. and KPAT at 6:30p.m.

Norman Barber, son of Mr. and Mrs. Carl Barber, of Lefors, is home on a 30-day leave from duty in the Mediterranean area.
Seaman Barber, who attended Pampa High School before going into the service, will return to Norfolk, Va., next month on his way back to the Mediterranean.
Everette T. Huffines, seaman, USN, son of Mr. and Mrs. Oliver Huffines, Pampa, has returned to the United States aboard the escort aircraft carrier USS Bairdoko.
The carrier has recently completed her second tour of duty in Korean waters.

... the **COOL** kitchen—
of Course it's **ELECTRIC!**

That means the comfortable kitchen is electric, too. The summer sun will soon be beating down—driving many housewives away from cooking. But not the ladies who are cooking electrically.
You can have hot meals without excessive kitchen heat. Complete meals and complete comfort. There's a range that will do it all for you. Of course, it's electric.

Double-Boiler Quality without the fuss and trouble!

Yes, that's right! With electric cooking you have all the desirable effects of double-boiler cookery. **WITHOUT** the fuss, muss, and fear of burning your hands with hot steam. To make the following recipe on older cooking methods, you would have to use a double-boiler with its inconvenience. All you need with modern electric cooking is an ordinary sauce pan to get desirable double-boiler effects.

CLIP AND SAVE THIS RECIPE

CHOCOLATE LOAF CAKE

1/2 cup butter (1/4 lb.)	4 tsp. baking powder
1 1/2 cups sugar	1/2 tsp. salt
4 eggs	1/4 tsp. cinnamon
3 sq. chocolate, melted	1 cup light cream
2 1/2 cups sifted cake flour	2 tsp. vanilla
	1/2 teaspoon lemon extract

Grease and flour a 13" x 9" oblong pan. Cream butter and sugar together until fluffy. Melt chocolate on low heat or simmer of electric range. Add eggs, melted chocolate, and flavoring and beat thoroughly. Add sifted dry ingredients alternately with cream. Pour into prepared pan. Bake at 350° for 45 to 50 minutes.
Next week we will give you the thing for the above cake.

Actress Ann Blyth Proves Nice Girl Can Make The Grade

By JAMES BACON
HOLLYWOOD (AP)—Can a nice girl make the grade in the movies? Ann Blyth, a girl any fellow could proudly take home to meet his mother, is proof that virtue is its own reward, even in Hollywood.

This young and beautiful actress is one of the most talented and successful in the business. Yet, paradoxically, her name is seldom, if ever, mentioned in gossip columns. In fact, one well-known Hollywood playboy once told me: "I don't see how that girl ever has any fun. You never see her in the nightclubs."

Ann, it seems, spends most of her leisure time at church bazaars, a most unlikely hangout for gossip columnists.

She has plenty of dates, like any other girl of 23, but so far nothing serious. One of her steady

is Charles Fitzsimons, the handsome Irish-born brother of Maureen O'Hara.

Fitzsimons discloses that a date with Ann usually entails dinner, then a movie, with a chocolate soda afterwards. There are thousands of similar dates like that throughout the country, but in Hollywood among movie stars they're very, very, rare.

Ann is not a prude about nightclubs. "It's all right," she explains, "to go there to see some great artist perform. But to sit there in those dingy, smoke-filled rooms night after night is not my idea of fun."

"I like to dance," she adds, "but not on a crowded floor."

Fitzsimons discloses something else about a date with Ann. "Besides being one of the nicest girls I've ever met," he says,

Recommends Shorter Hikes For Soldiers

WASHINGTON (AP)—An Army doctor has recommended easier marches for young soldiers in training — to help save their feet from injury.

Lt. Col. Francis D. Threadgill of the Army's Fort Ord, Calif., hospital reported evidence that long road marches given before proper conditioning of new men helped cause "march fractures"—a fracture of certain bones of the forefoot.

Although commonest among soldiers, it is sometimes seen in waitresses, postmen and others who walk a great deal, the colonel said.

Asserting that in actual combat the foot soldier is seldom called upon to do long-lasting marching without let-up, Threadgill said, "It would appear unwise to cause march fractures by creating conditions which will not be met in the field."

"Training should produce a soldier with ability to withstand prolonged stress under varied conditions. The time necessary to inculcate the ability to perform repeated road marches without ill effect can be much better spent in other necessary fields in training the modern soldier."

Gas Rate Hike Goes Into Effect For Irish Consumers

SHAMROCK (Special)—Shamrock residents will pay more for the gas they use this month. The first rate hike to be asked by and granted to the Shamrock Gas Company in twenty years goes into effect with current July consumption. The increased rate was approved by the city last February.

The old rate of 30 cents per 1,000 feet has been raised to 40 cents per 1,000 for the first 25,000 feet over the 2,000 minimum. This is the increase most domestic users will notice. The rate drops until after 200,000 feet it is 15 cents. The 2,000 feet minimum still stands at \$1.50.

The gas company's statement advising residents of the increase said in part: "Twenty years ago when we voluntarily reduced to the unusually low rates that you have enjoyed over this twenty-year period, we thought the wells from which we were drawing our supply of gas would be adequate for a long time and certainly did not anticipate the high cost of securing additional production that is needed today."

A check of the new rate in comparison with those of surrounding towns of similar population shows Shamrock still has a cheaper rate.

Director Sets Pace For Actors

By JACK QUIGG
 For BOB THOMAS
HOLLYWOOD (AP)—"I never ask an actor to do anything I wouldn't do," says director Budd Boetticher.

Boetticher is an exuberantly athletic young fellow with r'd hair, bull shoulders and bulging biceps who will do practically anything that might inspire a movie thrill. By setting the example, he has been able to lure some of filmland's top leading men into risking their necks trying to imitate him.

After Boetticher tried it first, Scott Brady climbed aboard a bucking brahma bull for the ride of his life; Anthony Quinn, who Boetticher says suffered from claustrophobia, emoted from a diving suit for an underwater earthquake scene; Jeff Chandler drove a truck through a raging oil and gasoline fire; Robert Stack fought a bull.

Boetticher, best known for "The Bullfighter and the Lady," is a former football player and bullfighter in Mexico. He wears dungarees and a tee shirt on the set so he won't ruin his suits.

The secret of luring actors into action, he says, is playing on their egos.

"They all have ego. I say, 'Let's do it this way,' then I go ahead and do it. After that, their pride won't let them back down."

"An actor should do stunts that are natural for him to do. It would be silly to risk your lead-in break-neck down hill for a long shot. But in closeups, there is no substitute for the actor himself."

Boetticher directed portions of "City Beneath the Sea" from a diving suit. For "Bronco Buster," after test-riding Brady's bull, he spent a day baiting it so it would charge him on sight. Then, standing near a camera and waving a bullfighter's cape, he flagged it into charge after charge. His purpose: a closeup of a charging bull.

Miss America Officials Can Do Without Rival's Advice

By JOHN BAUSMAN
ATLANTIC CITY, N. J. (AP)—Ever since 1921 this resort city has been picking Miss America—and confident officials of that annual show figure they can do without advice from the new rival "Miss Universe" contest in California.

Miss America Pageant bosses continue to insist their winner must have brains and talent as well as beauty. They turn deaf ears to critics who claim the contest should stress more bathing suit appeal and forget about this talent business.

Jibs Without Effect
 Even jibs from sponsors of the Miss Universe show at Long Beach are without effect on plans for the 1952 Miss America pageant in September. Miss Universe sponsors launched their project with a blast at Miss America and its "amateur night talent stunts."

In answer, Miss America officials say more people prefer their contest as it has been run in recent years—with poists going for talent and personality as well as for a beautiful face and figure. Talent in this case means singing, dancing, or other entertainment or skill, even sports.

Lenora Slaughter, director of the Miss America Pageant, claims the Miss Universe contest is years behind Atlantic City's production. "They've got the same kind of contest we used to run, with movie contract prizes and everything," she said.

Denies Rivalry
 She denied the two contests are rivals. "We can't be competitors. We are very different contests."

By trial and error the Miss America pageant arrived at its present talent and beauty formula. The changeover came in 1945 when scholarship prizes were awarded instead of the movie contract such as now goes to Miss Universe winners. The scholarship policy, Miss Slaughter says,

Two Fined In JP Court

Two men have been fined a total of \$53 in justice of the peace court.

William Hough Dees Jr., of Lefors, was fined \$19 on a charge of intoxication. Constable Charlie Clendenen, Lefors, arrested Dees Thursday night and brought him over to the sheriff's office here.

M. L. Rowan, Wheeler, was assessed a fine of \$34 on a charge of allowing a minor to operate a motor vehicle without a driver's license. Highway Patrol brought him in, as Rowan had not appeared in the mandatory five-day period.

"she is surprisingly attentive when we talk."

Fitzsimons is an up and coming young actor and he recognizes that as a rare quality among actresses. The usual female movie star gabs about herself for hours on end and then gives her partner a break with a remark like this:

"Now let's talk about you for awhile. How did you like my last picture?"

In Ann's case, that would be hard to answer unless one were an inveterate moviegoer. She has three major pictures either just released or about to be.

All of them accent her versatility. In "The World in His Arms," she plays a Russian countess who makes love to Gregory Peck; in "Sally and Saint Anne," she plays an 11-year-old girl; and in "One Minute to Zero" she plays a young war widow.

Wheeler Installs Three-Way Radio

SHAMROCK (Special)—Three-way radios have been installed in the cars used by the peace officers of Wheeler County. Sheriff Bus Dorman and Deputies Charlie Mixon and Lake L. Black can now communicate from widely separated areas in the county and with the officers of nearby counties on their new frequency modulation communication sets.

County commissioners court believes that installation of this system will help in the apprehension of law violators and will also perform other public services.

More than 280 kinds of minerals and gems have been found in North Carolina.

More People Select GAS than any other Automatic heating fuel

- GAS IS CLEAN**
 Gas is the cleanest of all heating fuels. It burns without smoke or odor. Leaves carpets, drapes and household decorations spotless and clean.
- GAS IS DEPENDABLE**
 Gas is always ready for instant use at the turn of a valve, and is not subject to interruption by wind, storm and weather.
- GAS IS BEST FOR AUTOMATIC HEATING**
 By using Gas, it is possible to maintain constant temperatures by a flick of the thermostat. Automatic Gas heating equipment demands neither thought nor attention in providing uniform comfort in the home.
- GAS IS MODERN**
 The use of Gas for house heating is constantly growing. It is widely recognized as the most modern method of heating, because of the inherent characteristics and advantages of GAS, THE MODERN FUEL.
- GAS IS SILENT**
 Gas burns without noise. Because Gas heating systems are silent in operation, they are more adaptable than any other heating systems to closets, Kitchens, utility rooms and attics.
- GAS SERVICING IS RELIABLE**
 Customers using Gas for house heating have a greater guarantee of heating service and equipment servicing when required than those using other fuels.

"Three Generations"

NEWS PHOTOS BY ODIS QUALLS

ABOVE: Mrs. H. E. Carlston, left, doesn't need a toy car to win grandson Lee Waters. All she needs is her big, happy smile that overflows with the love and pride she feels in Lee. His mother, Mrs. Bill Waters, center, takes him for frequent visits to the homes of his grandparents, Mr. and Mrs. Carlson and Mr. and Mrs. Harvey Waters. Lee's mother, who was Elaine Carlson before her marriage, and his father, County Attorney Bill Waters, both attended Pampa schools and the University of Texas.

CENTER: Whether it's a game of catch or just plain man-to-man talk, this is a compatible trio. Trippy Dosier is pictured with his dad, Price, Pampa businessman, and his granddad, H. Price Dosier, Sr., certified public accountant. Trippy's mother is the former Janice Wheatley, and his grandparents are Mr. and Mrs. J. L. Wheatley. He has one sister, Cheryl.

BELOW: When granddaughter Kathy, eight months old, comes for an office visit, County Clerk Charlie Thut brushes aside record books and takes time for a chat with her. Pictured, right, is Kathy's father, Dale Thut, who was reared in Pampa and attended Pampa schools. He was graduated from Texas Technological College and is now in the insurance business here. Kathy, who recently moved here with her parents from Amarillo, also likes to visit her Grandmother and Grandfather Thut at their home here, and visit her maternal grandparents in Lubbock. Another favorite relative is her uncle, Don Thut, who is spending the summer in Pampa.

TOP LEFT: Music is one of many pastimes the three generations enjoy together. Mrs. Katie Vincent, left, her granddaughter, Marilyn, and daughter, Mrs. Dudley Steele, look over some favorites like "Winter Wonderland." Mrs. Steele conducted a dancing studio here prior to her marriage, and was a popular entertainer at civic functions. Now, she often provides accompaniment for Marilyn's tap routines. Mrs. Steele is a member of the Twentieth Century Culture Club, and Mrs. Vincent is a member of the Civic Culture Club. The three also enjoy marketing together and planning menus for family dinners.

LEFT CENTER: Paul Carmichael, left, and son, Bob, watch 18-months-old Doug as he tries out a rocking chair Bob used at Doug's age. Bob and his wife, Virginia, met while students at Texas Technological College. They now reside here where he is associated with his father in business. Doug's other grandparents live in Dallas and he doesn't see them too often, but he is a frequent visitor at Granddad and Grandmother Carmichael's house where a baby bed, high chair and toys are always ready for him.

LEFT: When Grandmother comes for a visit, three-year-old Peggy Griffin is always the first to greet her. Peggy is the daughter of Mr. and Mrs. E. J. Griffin, Jr., and granddaughter of Mr. and Mrs. Reno Stinson. Mrs. Griffin, the former Jerry Stinson, attended Pampa schools prior to study at Colorado Woman's College in Denver. Peggy's proudest possession is her new baby sister, who looks like the three generations above.

Mr. and Mrs. Bill Rodgers Gantz At Home Here Following Recent Wedding

In a wedding solemnized July 19 in the Central Christian Church paragon in Clovis, N. M., Miss Paula Frances Layne, daughter of Mr. and Mrs. D. O. Layne of Augusta, Ga., became the bride of Mr. Bill Rodgers Gantz, son of Mr. and Mrs. S. S. Gantz, of Pampa.

Rev. Claude A. Loris officiated at the ceremony. S. S. Gantz served his son as best man.

The bride, given in marriage by her father, selected for her wedding an ivory silk shantung dress with black velvet accessories. Her corsage was red and white roses.

After a wedding trip through northern New Mexico, the couple is now at home at 345 Sunset Drive.

Mrs. Gantz was graduated from the Tubman High School in Augusta and the junior college there. The bridegroom was graduated from the Enid, Okla., high school. Mr. and Mrs. Gantz are both graduates of Newberry College in Newberry, S. C.

Mrs. Buisz Urbanczyk Honored With Shower
WHITE DEER — (Special) — Mrs. Buisz Urbanczyk and Mrs. L. F. Kotara were hostess at a lullaby shower given recently at Parish Hall in honor of Mrs. R. L. Wyatt.

Games were played and prizes were presented to the honoree, Mrs. Wyatt.

The serving table was covered with a Quaker lace cloth with a stork for the centerpiece. Appointments of crystal and silver were used. Refreshments of cake and ice tea were served.

Guests present were the honoree, Mrs. Wyatt, and Meses. T.S. Skibinski, Ed Warminski, John Warminski, Joe Gordzell, Dallas Wyatt, Vincent Urbanczyk, Fred Urbanczyk, Pat May, T. L. Haiduk, Eddie Kalka, John Urbanczyk, of White Deer, Johnnie Wyatt, O.E. Allen, S. C. Kalka, Keith Bohrer, Skellytown, Mrs. Jimmie Labus, Panhandle, and Richard Johnson Amarillo.

Sending gifts were Meses. Ralph Roney, Johnnie Kotara, Emil Urbanczyk, Henry Urbanczyk, Bessy Pyatt, and Jimmy King.

Young children often refuse a food without being able to explain that they have grown tired of the taste, smell, and sight of it. Mothers should be careful to see that their children's menus vary from day to day.

Susan Varner To Become Bride Of Floyd P. Shaw

Miss Susan Varner, daughter of Mr. and Mrs. L.I. Varner of Dallas, will become the bride August 30 of Floyd P. Shaw, IV, son of Mr. and Mrs. Floyd P. Shaw III, former Pampans now residing in Ventura, Calif.

The approaching marriage was revealed recently in Dallas at a coffee given in the home of the bride-elect's parents. A rainbow theme was carried out in decorations with a foam star studded with flowers in rainbow shades.

Dr. Lance Webb will officiate at the ceremony in University Park Methodist Church in Dallas.

Miss Varner attended Southern University of Colorado. Her sorority is Alpha Delta Pi. Her fiance attended New Mexico Military Institute and was graduated in one from SMU. He was a member of Delta Chi and Alpha Delta Sigma, advertising fraternity.

Kidney bean salad is easy to make. Just drain the canned beans and mix with a thin tart salad dressing, a small onion sliced in thin rings, a little chopped celery and sweet pickle, and salt and freshly-ground pepper to taste.

Molly Nelson, G. B. Crawford Say Vows In Gardnerville, Nev., Church

Wedding vows were exchanged in the Farm Valley Methodist Church of Gardnerville, Nevada, on June 18, 1952 by Miss Molly Jean Nelson, daughter of Mr. and Mrs. Jerry F. Nelson, 1101 East Francis, and G. B. Crawford, son of Mr. and Mrs. J. T. Crawford, Skellytown. Rev. H.G. Harvey officiated at the doubling ceremony.

The bride wore a street-length dress of white nylon organdy with full skirt, fitted bodice with low neckline and Bertha collar, and rhinestone buttons to the waistline. A white shell hat of straw and lace and white gloves completed her ensemble. Her only jewelry was a pearl choker, a gift from the bridegroom. She carried out the traditional something old, something borrowed, something blue, which was a blue handkerchief her mother carried at her wedding, and something new which was her wedding ensemble. For the wedding trip to Yosemite Park, Calif., the bride chose a navy nylon dress.

The bride was a graduate of the Pampa High School class of 1952. She was employed by

Southwestern Bell Telephone prior to her marriage. The bridegroom attended White Deer High School and North Texas State College before entering the Air Force. Crawford is stationed at Mather Field, Calif., and the couple is now at home at 2031 I Street, Sacramento, Calif.

Story Hour Begins In White Deer Library

WHITE DEER — (Special) — The Children's Story Hour for children of White Deer and the surrounding territory started July 11 with an enrollment of 28.

Mrs. Leon Nicholson of White Deer was the story teller for the first session. Stories will be told each Friday at 4 p.m.

Mrs. Parker Mangum Entertains First Baptist Church Class

Mrs. Parker Mangum of Phillips Camp was hostess to the First Baptist Church Martha Class at a coffee this week.

Mrs. Myron Spencer gave the devotional, which was followed by a sentence prayer and short business meeting. Attending were Meses. J. B. O'Bannon, Chester Johnson, T. J. Owen, J. A. Hopkins, Ray Barnard and W. C. Griffith.

Also present were Miss Virginia Hopkins, Jimmy Barnard, Carol Ann and Linda Belmont, Carol Ann Nachaleaner, and Billy Ray Mangum.

at the County Library. Miss Jo Battle, County Demonstration Agent of Panhandle, reports that this promises to be one of the most successful series of its kind in the county.

Miss Dunlap Presents Program On Bread Methods At Worthwhile Club

The Worthwhile Home Demonstration club met Friday at the home of Mrs. George T. Adams for a demonstration on quick loaf breads.

Miss Dunlap baked an orange loaf fruit bread, and gave step-by-step directions. She explained that a little flour should be mixed with nuts or raisins before adding to mixture, and they won't settle in the bottom of the cake.

Batter should not be mixed too much, she said, and quick breads must be baked soon after mixing for best results. Dry ingredients should always be sifted. Miss Dunlap served the bread to guests, and reported on the cotton fashion show the Hutchinson County Council is sponsoring in Phillips High School July 31 at 7:30 p.m. The wardrobe of cotton was loaned by the National Cotton Council.

During the business meeting conducted by Mrs. Roy Tinsley, samples of plastic purse material were shown and several selected plastic they want for their purses. Some members plan to attend

To test a griddle for baking temperature when you are making pancakes, sprinkle a few drops of water on it when it's heated. If the water dances, the griddle is ready for baking the pancakes. If the water sizzles and steams the griddle is not hot enough. If the water sizzles and disappears, the griddle is too hot.

Ice Cream Clowns are good desserts for a children's party. To make one arrange a scoop of ice cream on a large thin crisp chocolate cookie. Use semi-sweet chocolate drops for eyes and strips of maraschino cherries for mouth and nose. Arrange an ice cream cone on top of the ice cream for the clown's hat.

the meeting July 31 at Mrs. Emmet Osborn's home starting at 10 a.m. Paper sack lunches are to be taken by guests.

Mrs. R. H. Dilley, a special guest, was present. Cake, ice cream soda and mints were served to the following members: Mmes. John King, W. L. Campbell, O. W. Allston, Tinsley, Ray, Robertson, P. G. Turner, R. F. McCallip, O. G. Smith, Matie Kees, George T. Adams, and Miss Dunlap, a guest.

Tuesday Club Has Party In Shamrock

SHAMROCK (Special) — The Tuesday Club was entertained recently by Mrs. Shirley Draper in the home of her daughter, Mrs. Harold Williams. Eight members and eight guests enjoyed bridge during the afternoon.

Mrs. Royce Lewis was presented the prize for club high score, Mrs. Al Ryan won guest high, Mrs. Winifred Lewis won low, and Mrs. Louis Devaney won the Bingo.

Club guests were Mrs. Harrison Hall of Wheeler, Mrs. Billy Holmes, Mrs. Jack Martin, Mrs. Perry Bear, Mrs. Winifred Lewis, Mrs. Al Ryan, Mrs. Sol Blonstein, and Mrs. Ralph Balthrop of California.

Bridge Party Held At Shamrock Club

SHAMROCK (Special) — Mrs. W. H. Dial and Mrs. Al Ryan were co-hostesses to a large group of friends at the Shamrock Country Club on Thursday afternoon. Following an afternoon of bridge, prizes were awarded to Mrs. J. H. Caperton, high; Mrs. Robert Laycock, second high; Mrs. Pat Ryan, low; and Mrs. Bill Howe, Bingo.

MRS. DON RICHMOND (Qualls Pampa Photo)

Bednorz-Richmond Vows Exchanged In Holy Souls

Miss Matilda Bednorz, daughter of Mr. and Mrs. Joe Bednorz of White Deer, became the bride of Mr. Don Richmond of Denver in a formal ceremony read here in the Holy Souls Church with Rev. Myles Moynihan officiating.

Rev. Anthony Soklich played the professional and recessional and accompanied Michael Konesky who sang "Ave Maria" and "On This Day, O Beautiful Mother."

The double-ring ceremony was read before an altar decorated with white daisies. Miss Frances Bednorz, the bride's sister, wore a ballerina-length yellow organdy gown and carried a yellow daisy colonial bouquet. Miss Emma Reed, bridesmaid, wore a blue gown. Mrs. M. J. Konesky, bridesmaid, wore pink and the matron of honor, Mrs. J. W. Kidwell, wore a green organdy gown with black velvet trim. The attendant's gowns were identical to that of Miss Bednorz, junior bridesmaid. They carried colonial daisy bouquets dyed to match their gowns.

John W. Kidwell was best man, and Norbert Bednorz and Kevin Chisholm were altar boys. Mr. Bednorz gave his daughter in marriage. She was attired in floor-length white organdy gown with a lace over skirt in ballerina length. The bodice, closed with buttons to the neckline, was covered with lace. The long sleeves culminated in points at the wrists. She wore a lace hat with attached finger-tip veil of illusion. For something old, she wore a locket which her mother and two sisters wore at their weddings. She carried a colonial bouquet of white daisies tied with blue ribbon.

For her daughter's wedding, Mrs. Bednorz selected a navy nylon dress with white accessories. She wore a pink carnation corsage.

A wedding breakfast in the home of Mr. and Mrs. J. W. Kidwell of Pampa followed the ceremony. Rev. Soklich and Rev. Moynihan and members of the wedding party were guests.

In the afternoon, a reception was held in the Parish Hall of the White Deer Sacred Heart Church, with 52 guests present. After a wedding trip to New Mexico and Colorado, the couple is at home in Denver, Colo.

The Mature Parent Teenagers Should Plan Summer Days

By MURIEL LAWRENCE

I know a charming, intelligent woman with a degree from a noted university who, although talented, has made poor progress in her work.

Recently she applied for a job. After her interview, she called me excitedly to tell me that her prospective employer had promised her \$5000 a year, quick increases and sure advancement.

"Isn't it blissful?" she asked me. "The woman I talked to was so kind and helpful! It's just the job I've been waiting for!"

When the job didn't materialize she came to see me as depressed as she had been exhilarated.

I said, "Beth, what led you to believe in the integrity of someone who made you such big promises without knowing anything important about you?"

She stared at me. Then her lovely blue eyes filled with tears. "Oh, Mrs. Lawrence," she reproached me, "if you talk like that you'll destroy my faith in people!"

This is a dependent child. Her training in "faith" in everyone's loving kindness has been bad training. It has been training in evasion and dependence.

Her university degree has not been able to counterbalance this evasive dependence. Her need to believe in the goodwill and kindness of everyone she has worked for is a self-protective device. She has to believe in them because she does not know what to do with ill-will and unkindness. To survive she has had to pretend that they do not exist. As they do exist, she has had a hard time surviving.

As human beings are only loving and kind part of the time, children get into trouble when they don't know how to handle what goes on in human beings the rest of the time.

Last month, our universities graduated thousands of young Americans into the world of ambition and envy as well as the world of justice and kindness. I sincerely hope they are not going to entrust their professional futures to the loving kindness of their associates without sufficient reasons to do so.

Harry's success as a business man may depend not on his degree but on his fearless recognition of envy himself and those around him. Harry's art degree will be of small use if she feels it is ignoble to see through the unwarranted criticism by her ambitious advertising director.

It is our refusal to brief young people on the malice and envy of the workaday world that makes them their victims. We refuse this education because we secretly fear what malice and envy can do. We take refuge from the burden of this instruction in pious talk about "faith" and "trust" in people. Instead we should say, "Where there are justice and love, trust them. Where there are none, do not trust."

I was shocked by the attitude of my young friend. Her parents are adults who pride themselves on their religious devotion and moral worth. We have no moral or religious grounds at all for ascribing good motives to those who are struggling with bad ones. We are just afraid of what the bad ones can do to us.

The Mature Parent Teenagers Should Plan Summer Days

By ALICIA HART

NEA Beauty Editor

How are you spending your school-free summer? Are you letting the days slip idly by, or have you put the precious time to profitable use?

There are actually many things for you to do, even if you stay home, visit the zoo, go on picnics, swim in the nearest pool, or just putter around your room.

Perhaps you'd like to change your old bureau into a modern dressing table. And what about the clothes closet? It might be fun to paint or wallpaper it.

Whatever plans you make however, be a wise girl and follow the advice of the National Safety Council, and play safe. Don't try to crowd too many activities into one day. You'll spoil all the fun if you are always exhausted.

Be sure you get enough sleep. Just because you are on vacation doesn't automatically mean that you should keep late hours consistently. Of course, watch your exposure to the sun, and

don't be a daredevil in the water. If you can't swim, keep out of small boats, or wear an approved life preserver. Rocking or splashing in a canoe is dangerous and could cause the craft to tip over.

You'll enjoy a much happier vacation if you use your common sense, and follow the simple safety rules set down for you.

Add sparkle to a dress pocket by attaching four of your prettiest small scatter pins to the four corners of a gaily colored silk hankie, and then tucking the hankie in the pocket.

When you select a taffetized finished fabric, try to get information on cleanliness before purchasing it. Beware of any fabric that has visible white cracks or crevices on the wrong side.

Read The News Classified Ads

Walking constantly in thin-soled shoes tends to cause arches to sag and callouses to form. You should own at least one pair of street shoes that feature soles thick enough to cushion the foot. Metallic prints and stripes have entered the shower curtain field with gold, silver, and gun-metal glittering on water-repellent, easily washable fabrics.

WHAT'S COOKIN' IN GRAY COUNTY HD CLUB WORK

By HELEN DUNLAP
County Home
Demonstration Agent

Farm and home accidents are creating such a serious problem, that President Truman has issued a special proclamation, urging farm residents and all persons interested in farm safety observe National Farm Safety Week, July 20 to 26. Estimates, just released from the National Safety Council, show that 14,500 farm people were accidentally killed last year and 1,200,000 others suffered loss from time and injury.

Home accidents are costing Americans over \$600,000,000 annually in loss of wages, medical expense and insurance overhead. Homes, which are safe for children to grow up in, are those with safety conscious parents and where hazards are corrected.

Accidents may happen in the home because the homemaker is tired. It is smart to plan devices to save strength and energy. Use the head instead of the feet. Instead of carrying heavy clothes and baskets to the line, why not put them on small wagons or carts. Working surfaces of the correct height will prevent fatigue by eliminating bending and lifting.

Burns cause many home accidents. How many times precautions observed wisely might have prevented a small child from being severely burned. Some simple measures such as turning the handles of pans away from the edge of the stove to prevent their being knocked off accidentally might have done the trick. Flat-bottomed pans are not so apt to tip as rounded ones. Know where you will set a pan, before you take it from the stove.

Remove the cover from a pan by raising the far side first.

LAMB KABOBS

To prepare lamb kabobs to broil over an outside fire cut a pound and a half of shoulder lamb in one-inch cubes, marinate in about one-half cup French dressing. Add a crushed clove of garlic if the dressing does not already contain this seasoning. Season with salt and pepper just before broiling slowly; turn to brown evenly.

FROZEN MEATS

Frozen chops and steaks that are not thawed before cooking will need two to fifteen minutes longer than usual cooking time. The time varies with their thickness.

CHOCOLATE CAKE VARIATION

To vary a chocolate cake add a half cup of broken nut meats to the batter just before pouring it into layer cake pan. Put the layers together with a banana cream filling and sift confectioner's sugar over the top.

If you are having difficulty keeping your garden tools clean and free from rust try applying a thin coat of shellac to the tools.

The steam will come out away from you. Round, thick, dry pot holders are best for safety. There are no corners to scorch or catch fire, and there is no chance for steam burns. You see that the observation of these little things you have always known, may help prevent a most serious accident.

And now, during the polo season, let's get rid of those flies. Get rid of those breeding places first, and then spray for the stragglers. Organic matter, such as hay, straw or manure, which remain wet for any length of time make potential breeding places. A 2-1/2 per cent D. D. T. or a two per cent chlordane solution prepared from the emulsion concentrate are effective sprays. Washing the walls around doors where flies are likely to enter the house is another effective method of control.

Palace de Pampa

THESE BEAUTIFUL BALMY evenings are certainly made for porch sitting — in grand time for getting the whole family together — or load the brood into the car and drive around town, seeing whatever there is to see. We do this quite often. Occasionally friends wave you down as you pass by to have you join them in a watermelon feast. Nice!

GUESS BUTCH LANGFORD is a mighty happy boy after winning the Soap Box Derby last Sunday. The Langfords are pretty fine racers — his brother won it last year. Had a wonderfully enthusiastic crowd watching the races, despite sun and dust!

WASN'T THAT A GOOD picture of Bettye and Raymond Reid in The News Monday? Bill Cree, Bettye's brother, and his new bride accompanied them to Hawaii. What a wonderful place to vacation — Honolulu — Ah! Know they're having a terrific time.

HATE TO SEE FAMILIES leaving Pampa — but s'pose that is what makes life interesting for some folks. Personally, would just die if we had to tear up roots and leave all our friends and the familiar things we love so much here. . . Mr. and Mrs. Nat Lunsford have moved to Shawnee, Okla. . . Mr. and Mrs. George Jeffcoat and son, Tex, have gone to Stratford, and Jim and Pattie Berry have moved to Tulsa. We'll miss them all.

NEW ARRIVALS IN TOWN: Jerry Allen — new son of Mr. and Mrs. Jethro Lewis. . . new daughter for Racnel and Parks Brunley; don't know yet what they have named her. . . the Charles Warminkskis of White Deer welcomed a son into their family. . . Mr. and Mrs. Hershel Williams named their newcomer Travis Lee (nice name). . . Mr. and Mrs. Bob Hatcher of Lefors announce the birth of a daughter, Cynthia Diane. . . Fanny Russell was born Wednesday; her proud parents are Mr. and Mrs. Champ Hughes and the H. S. Hillanders had a girl, Vicki Diane. . . to name a few. See! People may leave but they are being replaced all of the time by little newcomers.

NAMING CHILDREN is an odd thing — it is interesting to delve into the reasons parents have for naming their offspring what they do. Sometimes it is an old family name carried on for generations of a combination of the parents' names or a name of an old family friend. Sometimes it is just a name they grew up liking. But I wonder how many people have said, "When I have a girl — or boy — I am going to name her — or him — such-n-such" — and then actually did name the child "such-n-such" when the time came. I didn't! . . . Heard a cutie on the subject. A proud couple was trying to decide on a name for the new daughter and the wife said she had always loved the name Euphronia, which, quite naturally, upset the father, who could picture a horrible future for his daughter being burdened with such a name. But instead of protesting loudly, as he wanted to do, he calmly said, "Fine. My first love was named Euphronia." The youngster was named Kathleen. Might be a trick worth remembering, huh?

MANY FAMILIES have left on vacations and returned without Peg even realizing they'd gone. . . must be slipping. . . Dr. and Mrs. (Gussie) Warrall and daughter Virginia returned last week from Lake City, Colo. . . Mrs. Harvey Rochelle and Mike and Karen Sue have been in St. Louis, Okla. (didn't know there was a St. Louis there). . . the Leon Gilberts returned from Las Vegas, Nev., with wonderful tales. . . Charles and Jeanne Cook and Tom and Horlene Rose have been in Chicago and Michigan. . . Evergreen, Colo., was the vacation spot picked by the Kenneth Huey family. . . The W. D. Fowlers and son Rickey vacationed in Long Beach, Calif. . . Mr. and Mrs. Paul Edwards spent last week end in Denver. . . could go on and on relating the trips of other fortunate. Shouldn't have taken my vacation so early — am in the mood, if not in the need, of another one.

PANORAMA DE PAMPA: Earl Denamore mowing his lawn. . . Ruhl Samples giving a bunch of youngsters some golf pointers. . . Mrs. Sam Malone and little daughter (a replica of her mother). . . Mrs. Floyd Watson with her two small daughters (amazes me how she keeps a bow in the little-est one's hair — so precious). . . Mr. and Mrs. Jay Graham and their three little boys will start their vacation next week — don't know where. . . Doris Lively left this week — Canada. I think. . . Saw Don and Theda (she's so pretty) Foster cinema-ing one night. . . saw Jeanette and Art Aftergut with their kiddies, too. Speaking of cinemas — should never have seen the movie, "Lovely To Look At" — such costumes — don't guess anyone can do the extreme styles in such a glorious way as Adrian. (One gown looked just like Eleanor Braly). . . Must get some new clothes — made me dislike everything in my closet.

WHILE ON THE CLOTHES SUBJECT — been reading my "dream" magazines again. Just like a woman, haven't completed my summer wardrobe yet and already getting anxious for fall things. One of the newest items is the crepe dress. They call it. . . new figure in fashion. Didn't really realize it before, but after thinking about it — it has been a long time since designers have used crepe in their creations. There are so many different textures in crepe fabrics and it is such a versatile material — as Adele Simpson describes it. . . contributes a great suppleness, a mellow touch, a luxuriant drapability. Wonder how easy it is for a beginner to sew — must give it a try. Sand color is a great fashion color this fall.

READ A REVIEW of James Thurber's new book, "The Thurber Album," one of those simple, direct books instantly recognizable as a classic, with its understanding of a certain kind of boned Americanism. Must get it — love his kind of humor for a change.

MISS JOAN STROUP has been a busy little girl. . . showers and preparations for her wedding this afternoon at 4:00 to Leon English. Nicki Fraser is now Mrs. Duane Lyon, and Carol Sloan and Bob Hayes are honeymooning. It's like June in July!

As ever,
PEG O' PAMPA

Small fry can usually manage soup served in cups with two handles more easily than the usual soup bowl and spoon.

Anne Cabot's New Album of Needle-work is chock-full of grand designs, plus exciting features and a gift pattern, printed in the book, 25 cents.

MRS. FRANK WALTERS
(Smith Photo)

La Donna O'Neal Becomes Bride Of Frank H. Walters

In a formal ceremony solemnized July 10 in the White Deer First Methodist Church, Miss LaDonna O'Neal, daughter of Mr. and Mrs. Conner O'Neal, became the bride of Sergeant Frank H. Walters, son of Mr. and Mrs. T. Walters of Baltimore, Md. Double-ring vows, read by Rev. J. Alvis Cooley, were exchanged before an altar flanked by candelabra and baskets of orchid gladioli. The bride's colors of orchid and green were carried out in decorating.

Miss Peggy O'Neal, sister of the bride, played a prelude of music including "O Promise Me," "To A Water Lily," "To A Wild Rose," and "Sous le Vent." She accompanied Mrs. Lou Helen White of Amarillo who sang "Because" and "I Love You Truly." Traditional wedding marches were used. Johnnie Mas and Alvin Dauer, cousins of the bride, lighted candles.

Tops In Classics

Here is a beautiful shirt-waist style that's as versatile as can be season after season. Perfect in detail and line, it boasts perforated pattern in sizes 14, 16, 18, 20; 40, 42, 44, 46. Sizes 16, 4 5-8 yards of 39-inch.

For this pattern, send 30c in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, The Pampa News, 1150 Ave. Americas, New York 36, N.Y.

Send 25 cents today for your copy of Basic FASHION '52. It shows you how to make your wardrobe.

Brook provided special music during the reception. When the couple left for a wedding trip to Baltimore, the bride traveled in a navy linen ensemble with light blue accessories.

The bride was graduated from White Deer High School and attended West Texas State College three years, where she was a member of Kappa Tau Phi and Tau Beta Sigma.

The bridegroom is a graduate of the Morgantown High School in Baltimore and attended West Texas State College. He is now serving in the United States Air Force.

The couple will live in Baltimore until he reports for his overseas assignment.

If droopy veils are spoiling your summer hats, correct the condition in a minute with steam iron. Place your veil on the ironing board between two sheets of waxed paper. Set your iron for "rayon" and press.

Iron small parts of your blouses or dresses first to prevent wrinkling larger parts — trimmings, collar, sleeves, back bodies, front bodice, skirt last of all. Iron bias-cut skirts with the weave for a straight hem line.

Dry, then dampen evenly, wrap in waxed paper and put rolls of clothes in refrigerator — another trick for easy ironing. It helps prevent mildew.

In hot weather, you can achieve crispness by treating cottons, linens in a minute with steam vapor starching — especially prepared to make ironing easy and to give the clothes a finish that is dirt-resistant. Add one cake of a blue wax ironing aid to each quart of your favorite hot starch. Mix one cup of this basic starch with seven cups warm water (use it cool for the rayons) and squeeze the hot starch through the garments for an even finish. Remove starch, by wringer if possible, to avoid streaking.

robe do double duty with economical, time-saving styles. Gift pattern printed inside, 25 cents.

PROGRESS . . . AND YOUR BANK

The progress of this community is in no small way dependent upon the bank services of this organization. The numerous business and industries, and the many individuals of this community whom we have served with sound advice and financial aid, have all contributed to its progress and growth. May we help you with your financial planning, too? Come in soon, and talk it over.

As You Like It!

A COMPACT CURTIS CABINET ARRANGEMENT FOR SMALL HOME OR APARTMENT

CURTIS CABINET SALE NOW IN PROGRESS

Whether you build new or remodel, whether your kitchen is to be large or small, expensive or modest, you can have a Curtis - planned kitchen which will incorporate your ideas and be best suited to your family needs. Your Curtis kitchen need not cost you a penny more than you can afford now. If your budget is limited, you may put in a small installation of cabinets, as pictured above. Other units may be added easily later on. But don't make the mistake of buying poorly-made cabinets. Buy the best — for you are buying permanent furniture for long years of use — and the difference in cost will be very little.

Voters Guide: Women's Group Queries Candidates

During the past few weeks the League of Women Voters compiled, and prepared for publication, information about virtually every candidate for office from governor on down to constable who will be voted on next Saturday in the July 26 Democratic primary election.

Information on candidates was obtained from the candidates themselves through questionnaires sent them by the league. The state organization obtained the information on state-wide candidates and the local organization on local and district candidates. Not a word has been changed from their answers — including grammatical or spelling errors. Candidates who failed to answer the queries are listed with the notation "no reply" following their name.

So, here they are; offices sought, salaries of some, filing fees, candidates, their backgrounds and what they stand for as gathered by the League of Women Voters.

UNITED STATES SENATOR

Name and address: Landley Beckwith, Gladewater.

Occupation: Attorney, teacher.

U. S. Congress 14 years.

Education: About 4 1/2 years of schooling at Texas University, S.M.U., S.H.S.T. College, Baylor, Abilene Christian College.

Party: Democrat.

Age: 38.

What particular training and experience have you had that would qualify you for this office? Attorney, teacher, 16 years of legislative experience, 14 years in Congress.

What should U. S. policy be with respect to the following? The United Nations: I've supported the U. N.

Aid to underdeveloped countries: Within reasonable limits, I've supported this.

What steps should Congress take to halt inflation? Emphasize economy in government.

Where can federal expenditures be cut? Through more efficiency in purchasing for the military. Also we should seek to get along with the least possible number of employees in all branches of government.

In what pieces of legislation are you especially interested? Please state support or opposition. I favor a Civil Pilot Training program — this will save money. More help for prisoners of War from enemy property funds. Aid for Veterans, service men, aged and needy commensurate with increased living costs.

Name and address: Price Daniel, Austin, Texas.

Party: Democrat.

Age: 41.

Education: AB and LL.B., Baylor University.

Occupation: Attorney and News Publisher.

What particular training and experience have you had that would qualify you for this office? Attorney General for six years. Member of Texas Legislature, three terms; Speaker of the House during the last term.

What should U. S. policy be with respect to the following? The United Nations: Work to strengthen the U.N. as an instrument of world peace; providing that its decisions should not supersede the Constitution and domestic laws of the United States.

Aid to underdeveloped countries: I favor limited aid to those countries which are helping themselves and co-operating with us in our fight against Communistic aggression. We must continue to co-operate with such countries but should not continue to bear a disproportionate part of the financial burden.

What steps should Congress take to halt inflation? Balance the federal budget and stop deficit financing. Going in debt billions of dollars per year is the greatest cause of inflation.

Where can federal expenditures be cut? By eliminating dishonesty, waste and extravagance in our federal agencies and especially in the preparedness and Mutual Security programs. Congressional investigations have revealed tremendous waste and unnecessary expenditures in these programs as well as considerable loss of tax money through corrupt practices.

In what pieces of legislation are you especially interested? Please state support or opposition. Return of Texas Tidelands to the state; federal budget by stopping high taxes and big spending; support Gossett - Lodge electoral college amendment; support adequate preparedness program and positive understandable foreign policy designed to halt spread of Communism and to bring about a peaceful world; opposed to socialized medicine.

E. W. Napier, Wichita Falls, no reply.

GOVERNOR

Name and address: Allan Shivers, Capitol Station, Austin.

Occupation: Governor of Texas.

Education: University of Texas, A. B. '21 LL.B. '23.

State your qualifications: 12 years in State Senate, one full term and part of a second as Lieutenant Governor; filled out part of term as Governor, and then elected in 1950 for a term of my own which will be completed this year. Background, experience and record as Governor submitted as qualifications.

How do you think the state's financial problems can best be solved? Continue sound business principles applied after a careful study of problems and responsibilities of our state government.

Do you favor a direct preferential primary vote for presidential candidates as opposed to the present precinct county convention system? I was the first public official in Texas to urge it publicly and propose that it become law at the next session of the Legislature. (See daily papers, March 14, 1952).

What do you consider the major issues before the state at this time? Economy of money, water and soil; adequate sup-

port of our great highway system, including farm-to-market roads; adequate and continuous improvement of our educational system; keep Texas free of socialistic tendencies and at the same time make its influence felt in national political arena.

Please state your platform: To continue to do my best to make Texas a good Governor.

Name and address: Allene M. Taylor, 127 Koepke Street, San Antonio.

Occupation: Housewife.

Education: High School, College equivalent, Business and Law study.

State your qualifications: Practical experience in business, Jurisprudence, familiar with practical knowledge of social, economic and civic problems. Housewife and mother of four children. Native Texan.

How do you think the state's financial problems can best be solved? Elimination of all waste and graft. Fair and just taxes on all natural resources. Abolishment of created jobs for political friends.

Do you favor a direct preferential primary vote for presidential candidates as opposed to the present precinct county convention system? Yes. This is the only means whereby a president can be chosen by the voters. Convention system has become politician's football.

What do you consider the major issues before the state at this time? Make the tax dollar work for the taxpayer. Equal representation for all the people, instead of a chosen few.

Please state your platform: \$100 per month compensation for aged, 35 per cent minimum increase in school teacher's pay. Veteran employment and legislation. Constructive program for farmers and ranchers. Adequate juvenile protection. Replace political appointees with qualified personnel. Abolish graft, waste and corruption from state administration. Revenue without additional taxes. Return control of State Government to the citizens of Texas.

Name and address: Ralph Yarborough, 2527 Jarratt Avenue, Austin.

Occupation: Attorney.

Education: Sam Houston State Teachers College; University of Texas LL.B. 1927.

State your qualifications: School teacher 3 years, Assistant Attorney General 3 years, 3 years and 9 months, representing Permanent School Fund and University of Texas, Member original Board of Directors of Lower Colorado River Authority, District Judge of Travis County, 3 years. Overseas service World War II, Europe and Asia, 97th Infantry Division, Staff Officer. Student of history and government.

How do you think the state's financial problems can best be solved? By eliminating waste and corrupting practices. Research and advice on economical and efficient administration now made available by different agencies.

Do you favor a direct preferential primary vote for presidential candidates as opposed to the present precinct county convention system? I favor a presidential primary for Texas with a secret ballot.

What do you consider the major issues before the state at this time? The depletion of our water and soil resources. The lack of a presidential primary. Corruption in government and the need for integrity, honor and ability in public office.

Please state your platform: For continuing, without compromise, Texas' fight to regain her Tidelands. For elimination of waste and corruption on a state level. For a progressive road program for cities, counties and primary highways. For a real water and soil conservation program. For a Texas presidential primary with a secret ballot. For more just treatment of elder citizens. For stopping mushrooming bureaucracy in Austin. For sound financing of our public schools. For a drastic change of the auto inspection law. For protection of small businessmen from unjust taxation. Against political meddling with our state hospitals and for scientific treatment of the mentally ill. Against any increased or additional sales taxes or a state income tax.

LIUTENANT GOVERNOR

Name and address: Frank Hessbrook Morales, 1303 East 7th Street, Austin.

Occupation: Owner and operator of funeral home.

Education: High School.

State your qualifications: Business man.

How do you think the state's financial problems can best be solved? By proper legislation.

Do you favor a direct preferential primary vote for presidential candidates as opposed to the present precinct county convention system? No.

What do you consider the major issues before the state at this time? Proper legislation and let the people have their voice.

Please state your platform: I vote a straight Democratic ticket. As a Lieutenant Governor, I can-

not make any promise.

Name and address: Ben Ramsey, San Augustine.

Occupation: Attorney.

Education: Attended University of Texas, 5 years.

State your qualifications: Admitted to Texas Bar 1931. Served House of Representatives, Texas Legislature 1931-1934; Texas Senate to 1940-1948; Secretary of State January, 1949 to February 1950; elected Lieutenant Governor 1950.

How do you think the state's financial problems can best be solved? By economical administration.

Do you favor a direct preferential primary vote for presidential candidates as opposed to the present precinct county convention system? Yes.

What do you consider the major issues before the state at this time? No answer.

Please state your platform: 1. A blacktop road to every farm home in Texas. 2. Rural telephones at reasonable rates.

3. Conservation of Texas' vital natural resources, soil and water. 4. Less government, better government and cheaper government.

5. No new taxes.

6. Honesty in government to protect the interests of the people so that they will get a dollar for every dollar of taxes they pay, for the tax burden now is becoming intolerable.

7. An economical government that must keep the state on a sound basis and not plunge it into debt.

COMMISSIONER OF AGRICULTURE

Name and address: Billy E. Beard, 214 Varisco Building, Bryan.

Occupation: Farmer and rancher.

Education: Graduate of Liberty High School, Liberty, Texas, 1919. Texas A&M College in Agriculture, Farming and ranching activities necessitated withdrawal before receiving my degree.

State your qualifications: I was born on a rice farm in Jefferson County, near Beaufort, Texas. Moved to Liberty, Texas, and started farming rice at the age of 16. Continued farming and ranching until March 1941 at which time I enlisted in the Air Force, was discharged November 16th, 1945, at which time I began my farming and ranching activities again. I entered the Agricultural School at A&M College of Texas. I withdrew from Texas A&M College in 1949 due to my expanding farming and ranching activities. I have had outside business experience in marketing, agriculture and livestock product. As a practical farmer and rancher I know from first hand experience the problems that confront the agricultural interests in Texas.

Please state your platform: 1. To diligently carry out the regulatory duties prescribed by the law - making bodies of our state.

2. To the best of my ability to employ competent persons trained in agriculture and having had practical farming experience.

3. To be leader in co-ordinating all groups interested in agriculture, so that we may combine our forces and work toward one goal.

4. To be active in planning and carrying out a sound economic, workable water supply and control program and along with this a more thorough and beneficial farm program.

5. To make available to people of Texas the results of experimental projects carried on in the General Land Office Bureau in farming practices and soil re-tilization program.

Name and address: Walter McKay, Fredericksburg.

Occupation: Stock farmer.

Education: Grammar School, Liberty; Main Avenue High School, San Antonio; Baylor University, Waco.

State your qualifications: Reared on farm, Caldwell County. Did landscape work while attending high school and college. (Texas Landscape Co., San Antonio).

B. H. Derrick Nursery & Floral Waco, 22 years working experience with the technical department of the Texas Agricultural Department — holding positions in all levels of the Department during this time. Was chief division of Horticulture and Plant Quarantine and first assistant to the commissioner when resigned in 1950.

Please state your platform: Employ only competent and necessary personnel resulting in greater efficiency and higher return per salary dollar. Eliminate waste in payment of unnecessary salaries and expenses such as that of office of Deputy Commissioner. Eliminate all unnecessary expenses, principally unnecessary traveling expenses. These economies would eventually result in Department becoming self-supporting. In general, carry out those policies which proved successful during my 22 years of actual experience in all levels of the Department and thus promote general welfare of Texas farmers and ranchers use common sense and practical application in enforcement of laws pertaining to agriculture, thereby keeping open agricultural channels of trade in other states; oppose adoption of Brannan plan and dictation of agricultural policies by Washington bureaucrats.

Name and address: John C. Whitt, Land Office Bldg., Austin.

Occupation: Commissioner of Agriculture.

Education: Bachelor of Science from Texas Technological College, Graduate work in agriculture, Texas A&M.

State your qualifications: Born and raised on the farm, the son of a Clay County tenant farmer. All education directed toward farm methods. Head of division of agriculture, Midwestern University, four years. Organizer of veterans' agriculture program in North Texas, 27 years old, married, father of 2 sons.

Please state your platform: Fair, impartial and economical administration of laws passed by the Legislature, including:

(1) Advanced seed testing and certification.

(2) Inspection of warehouses and expansion of market reporting.

(3) Supervision of public weights and measuring devices.

(4) Progressive horticulture and plant quarantine methods. Also, to continue and improve policies inaugurated during my first term of office and to work for the good of Texas agriculture.

Name and address: Curt Stiles, 2111 Lewis Avenue, Dallas.

Occupation: Lawyer.

Education: 4 years University of Oklahoma, LL.B. degree, Southern Methodist University.

Junior College (Prep School)

State your qualifications: Former county judge, Hill County, Texas, Chief Examiner, Gas Utilities Division, Director of Production Railroad Commission of Texas. Railroad Commission serving second term. Practical business man. Have owned substantial business 26 years.

Please state your platform: To continue a fair, reasonable and equitable administration of the affairs of the Railroads, Trucks, and Gas, Butane, and Oil industries of Texas as I have in the past.

Name and address: Joe Laird, Brazos County.

Occupation: Petroleum Engineer and geologist.

Education: BS in Petroleum Engineering, Texas A&M College, 1949. MS in Geology, University of Oklahoma, 1947.

State your qualifications: Young (age 35), Professional Engineer and not "professional politician," registered petroleum engineer with 13 years practical oil production experience, former District Petroleum Engineer for Railroad Commission in Houston, former professor of petroleum engineering at Texas A&M College, through proper training and experience understand and will be able to cope with the future problems of petroleum conservation.

Please state your platform: 1. Eliminate certain operating practices which result in the land and royalty owners being "robbed" of their fair share of the oil and gas produced from their property.

2. Greater attention to the problems of the Motor Transportation Industry and enforcement of the Motor Carrier Act OR turn it over to someone who will.

3. Statewide Rule calling for a prorata formula based 50 per cent on acreage and 50 per cent on production, with exceptions where necessary.

4. See that, when allowable cuts are necessary, due to reduced market demand, Texas does not bear more than its fair share of the cut, as we have in the past.

5. Elimination of the requiring of numerous unnecessary reports.

6. New Discovery Allowable Rate permitting higher per well allowances for "wildcat" discoveries.

Justice to all, under the law, rich and poor alike; simplification of trial procedure, including special issue submission to juries, by adopting court rules, patterned after the Federal Court rules and statutes in Code Statutes.

Supreme Court Place I.

Name and address: Spurgeon Bell, 114 Capitol Avenue, Houston.

Occupation: Lawyer.

Education: University of Texas, LL.B. Degree, 1933.

State your qualifications: Assistant District Attorney of Harris County in charge of Civil matters — 2 years. First Assistant City Attorney of the City of Houston — 2 years. State Attorney of Criminal Appeals — 3 years. General practice of law in the City of Houston since 1933. Including the trial of cases in all State and Federal Courts, including the Texas Supreme and United States Supreme Courts.

Please state your platform: To render capable, fair and efficient service as a member of the Court.

Name and address: Frank P. Culver, County Courthouse, Fort Worth.

Occupation: Associate Justice Supreme Court of Texas.

Education: Vanderbilt University, B. A. University of Texas, LL.B.

State your qualifications: Appointed to 17th District Court of Fort Worth in 1928. Elected successively in 1928 - 32 - 36 - 40 - 44 - 48. In 1950, elected Associate Justice of Court of Civil Appeals of Fort Worth without opposition in the primary or general election. Served for six years in active duty with the army in World War One and World War Two, with both the 80th and 38th Texas Divisions. Family — wife, two married daughters, two new granddaughters. Have lived in Fort Worth over 40 years.

Please state your platform: If elected, will exercise the most careful regard for legal precedents which constitute the foundation of our jurisprudence and at the same time will support any sound proposals which tend to simplify the procedure in our courts and accelerate the dispatch of business. It will be my purpose to see that every case receives the most conscientious and mature deliberation; that substantial rights will be regarded before mere technicalities; and that the business of the court will be dispatched without undue delay.

Name and address: Glenn R. Lewis, P. O. Box 670, San Angelo.

Occupation: Lawyer.

Education: From public schools of Quitaque in Briscoe County to Claremont College, Claremont, Texas in 1918. Graduate in 1921. A. B. degrees from Trinity University in 1922. Entered University of Texas Law School in 1923 received law degree in 1925.

State your qualifications: Began practicing in San Angelo, Texas in 1925. Was District Attorney of the 5th Judicial District 3 terms, 1931-1937. Served as Assistant Attorney General under Gerald C. Mann, as head of the Taxation and School Division, also head of the Land and Bond Division, and served as Acting Attorney General many times. 1942 to 1945 was Judge Advocate U.S.N.R. General practice in San Angelo, Texas, in firm of Neill & Lewis from 1945 to present, during which time I also served as City Attorney for San Angelo from 1948 to 1950.

Supreme Court Place II.

Name and address: Robert Bruce Keenan, Box 1331, Gladewater.

Occupation: Attorney at law.

Education: Presbyterian Mission and High School, Tahlequah, Okla., Oklahoma and Michigan Universities, office of father, the late Judge Bruce L. Keenan.

State your qualifications: 39 years of practice of civil law; admitted to the Bar in Texas, Oklahoma and California, all Federal courts, including U. S. Supreme Court, also various departments of U. S. Government and Interstate Commerce Commission; Past Department Judge Advocate of the American Legion (Texas and Oklahoma). At age 60, I will bring full vigor and maturity to the court.

Please state your platform: Justice to all, under the law, rich and poor alike; simplification of trial procedure, including special issue submission to juries, by adopting court rules, patterned after the Federal Court rules and statutes in Code Statutes.

Supreme Court Place III.

Name and address: W. St. John Garwood, Houston.

Occupation: Associate Justice, Supreme Court of Texas.

Education: A. B., Georgetown University, 1917; LL.B., Harvard University, 1922; also one short term law school, University of Texas, 1919.

State your qualifications: 1-2 years service in position to which I seek reelection. Approximately 30 years in law practice, except for about 4 years in military and naval service in both World Wars. Am unopposed for democratic nomination.

Please state your Platform: Judicial candidates cannot properly have a platform in the usual sense of that term. They can only state their qualifications and promise to faithfully perform the duties of the office. I so promise.

Supreme Court Place IV, Unexpired Term.

Name and address: Clyde E. Smith, Capitol Station, Austin, Texas, P. O. Box 81, Woodville.

Occupation: Lawyer.

Education: Woodville High School; entered law office of Robt. A. Shivers Woodville, at age of 17 and studied law for 4 years — admitted to the Bar, June, 1919.

State your qualifications: I practiced law 33 years. During this time I was County Attorney, Tyler, County, 2 years; District Attorney, 75th Judicial District 8 years; District Judge, 75th Judicial District 7 years; Associate Justice, The Supreme Court of Texas since November 15, 1950; appointed by Governor Allan

Shivers and now a candidate for two year unexpired term — unopposed.

Please state your platform: To reach a decision in every case, fairly and impartially, using the law and the evidence as my sole and only guide.

JUDGE OF THE COURT OF CRIMINAL APPEALS

Name and address: Jesse Owens, Box 1744, Vernon.

Occupation: District Judge.

Education: North Texas State College.

State your qualifications: Taught school for a number of years. Actively engaged in the practice of law since January, 1927. County Judge, Foard County, Texas, from 1923 to 1927. District Attorney, 46th District, from 1927 to 1941. Assistant Attorney General of Texas from 1943 to 1946. District Judge, 46th District, composed of Wilbarger, Hademan and Foard Counties, since August 24, 1949.

Please state your platform: In a race for Judge of the Court of Criminal Appeals there is not much to be said about a platform. However, I shall endeavor to construe and follow the law, both as to the Constitution and statutes, fairly and impartially without fear or favor to any person.

Please state your platform: To have justice done in all cases before the Supreme Court, and to administer the law fairly, justly and impartially.

Supreme Court Place 2.

Name and address: Robert Bruce Keenan, Box 1331, Gladewater.

Occupation: Attorney at law.

Education: Presbyterian Mission and High School, Tahlequah, Okla., Oklahoma and Michigan Universities, office of father, the late Judge Bruce L. Keenan.

State your qualifications: 39 years of practice of civil law; admitted to the Bar in Texas, Oklahoma and California, all Federal courts, including U. S. Supreme Court, also various departments of U. S. Government and Interstate Commerce Commission; Past Department Judge Advocate of the American Legion (Texas and Oklahoma). At age 60, I will bring full vigor and maturity to the court.

Please state your platform: Justice to all, under the law, rich and poor alike; simplification of trial procedure, including special issue submission to juries, by adopting court rules, patterned after the Federal Court rules and statutes in Code Statutes.

Supreme Court Place III.

Name and address: Graham B. Smedley of Tarrant County, Texas, P. O. Address, Capitol Station, Austin.

Occupation: Associate Justice Supreme Court of Texas, candidate for re-election to a second elective term, Place No. 2.

Education: A. B. and A. M. Degrees from George College, Georgetown, Ky., LL. B. Degrees in Law School at University of Virginia.

State your qualifications: County Attorney of Midland County, Texas for one term, Assistant Attorney General of Texas for nearly six years under Attorney General Ben F. Looney. General practice of the law for a number of years in Midland, Austin, Wichita Falls and Fort Worth. Appointed by the Court a member of the commission of Appeals of the Supreme Court of Texas in 1933, and served in that capacity until September 1945, when the Supreme Court was increased to nine by constitutional amendment and I became a member of that Court. Elected in 1946 to a term of six years on the Supreme Court and have served as Associate Justice of the Supreme Court since that time.

Please state your platform: A member of the court, in my opinion, can have no other platform than that he will endeavor diligently and faithfully to perform the duties of his office with impartiality, and to decide each case in accordance with the law as he understands it, having due regard to the rights of the parties and the justice of the decision.

Supreme Court Place III.

Name and address: W. St. John Garwood, Houston.

Occupation: Associate Justice, Supreme Court of Texas.

Education: A. B., Georgetown University, 1917; LL.B., Harvard University, 1922; also one short term law school, University of Texas, 1919.

State your qualifications: 1-2 years service in position to which I seek reelection. Approximately 30 years in law practice, except for about 4 years in military and naval service in both World Wars. Am unopposed for democratic nomination.

Please state your Platform: Judicial candidates cannot properly have a platform in the usual sense of that term. They can only state their qualifications and promise to faithfully perform the duties of the office. I so promise.

Supreme Court Place IV, Unexpired Term.

Name and address: Clyde E. Smith, Capitol Station, Austin, Texas, P. O. Box 81, Woodville.

Occupation: Lawyer.

Education: Woodville High School; entered law office of Robt. A. Shivers Woodville, at age of 17 and studied law for 4 years — admitted to the Bar, June, 1919.

State your qualifications: I practiced law 33 years. During this time I was County Attorney, Tyler, County, 2 years; District Attorney, 75th Judicial District 8 years; District Judge, 75th Judicial District 7 years; Associate Justice, The Supreme Court of Texas since November 15, 1950; appointed by Governor Allan

Shivers and now a candidate for two year unexpired term — unopposed.

Please state your platform: To reach a decision in every case, fairly and impartially, using the law and the evidence as my sole and only guide.

JUDGE OF THE COURT OF CRIMINAL APPEALS

Name and address: Jesse Owens, Box 1744, Vernon.

Occupation: District Judge.

Education: North Texas State College.

State your qualifications: Taught school for a number of years. Actively engaged in the practice of law since January, 1927. County Judge, Foard County, Texas, from 1923 to 1927. District Attorney, 46th District, from 1927 to 1941. Assistant Attorney General of Texas from 1943 to 1946. District Judge, 46th District, composed of Wilbarger, Hademan and Foard Counties, since August 24, 1949.

The Voters' Guide: Office Seekers Take Their Stands

Education: Graduate of Carrizo Springs High School with honors; worked part way through Westmorland College, San Antonio and graduated therefrom. Graduate University of Texas Law School with LL.B. degree.

Occupation: Attorney and business man. What particular training and experience have you had that would qualify you for this office? A director of Texas Good Roads Association; a member of Texas Economy Commission; for 7 years served as an Officer of Lions International and in 1950-51 served as President of Lions International all over the World. In the last two years have visited 33 Countries of the World and studied conditions in those countries; for 4 years represented the United States on the Board of International Relations of Lions International and for 4 years was elected Chairman of World Peace Council. Have studied National and World issues and also served 6 years as County Attorney of Dimmitt County, Texas.

What should U. S. policy be with respect to the following: The United Nations? We should continue to support the United Nations as long as there is an opportunity to bring about world peace. If we did not have the United Nations what other organization do we have in the world to help work for world peace? Aid to underdeveloped countries: We should continue to aid in developing countries only if they show they are willing to aid themselves. We must realize America is an industrial country and as other countries develop and prosper they will create a market for our goods and thus help the National economy and National prosperity.

What steps should Congress take to halt inflation? Congress should require enforcement of its laws already in existence. We should eliminate waste in our domestic spending and study the administration of our domestic Government to see if spending could be reduced, which I believe it can; also to be more careful in our administration of our greatest export which now seems to be the American dollar.

What can federal expenditure best be cut? More study to this matter should be required, but in my opinion we can begin by cutting Federal expenditure here at home by stopping channeling that the other Nations of the World should now be getting on their feet and we should be able to reduce our Federal expenses abroad.

In what pieces of legislation are you especially interested? Please state support or opposition. 1. Legislation restoring the tidelands to Texas. 2. Favor Soil and Water Conservation. 3. In favor of greater assistance in the building of public roads. 4. In favor of economy in Government and a more businesslike administration. 5. In favor of a strong National defense. 6. In favor of a definite and unwaivering policy against Communism.

Name and address: Roy Selman, Crockett Party; Democratic. Age: 35. Education: Bachelor of Science, North Texas State Teachers College, Denton. Bachelor of Arts, University of Berkeley, Berkeley, Calif. Bachelor of Business Administration, Tyler Commercial College, Tyler.

Occupation: Houston County Judge, Farmer-Stockman. What particular training and experience have you had that would qualify you for this office? Eight years as Houston County Judge, four years as Houston County Democratic Chairman.

What should U. S. policy be with respect to the following: The United Nations: Continue United Nations membership but reduce the financial share of the United States. Aid to underdeveloped countries: Curtail Santa Claus' program but continue those that are aiding.

What steps should Congress take to halt inflation? Follow budget closely and get government on a cash basis. Where can federal expenditure best be cut? Eliminate waste and graft by reducing number of government agencies; by keeping closer check on military spending.

In what pieces of legislation are you especially interested? Reduce Federal Income Tax on small income group of \$1000 to \$20,000. I am interested in Legislation concerning Agriculture, Roads and Veterans Affairs.

Name and address: John Lee Smith, Lubbock Party: Democratic. Age: 37. Education: High School, College. Occupation: Attorney at Law, Engaged in practice of Civil Law for 25 years. Served in U. S. Army in France and Britain 1918-19.

spending except for defense purposes. Where can federal expenditure best be cut? See above. Rigidly supervise all bureau spending. In What

In what pieces of legislation are you especially interested? Please state support or opposition. Opposed to repeal of Tatt-Hartley Act. 2. Opposed to enactment of FEPC legislation. 3. Favor Constitutional amendment specifically denying to the President any so-called "inherent"

CONGRESSIONAL DISTRICT 18th, State, Texas. Name of candidate, Walter Rogers, 43, Democrat. Address: Pampa, Texas - Wash. Bldg., H. O. B. BIOGRAPHICAL INFORMATION: Education: Elementary Schools, McKinney, Texas; High School, McKinney, Texas; University of Texas (Law School) Austin, Texas.

Occupation: Attorney - At Law. What particular training and experience have you had that would qualify you for this office? A legal education supplemented by 16 years of active practice of law as general practitioner, service in municipal government, service as district attorney, law general practice of law provides a field that furnishes wide experience in business and governmental problems, human relations and free competitive enterprise.

What should U. S. policy be with respect to the following: The United Nations: The purpose of the UN is fine, but it cannot be carried out unless the nations live up to their obligations for the promotion of peace. Russia is holding up the UN to exhibit good faith on this score.

Aid to underdeveloped countries: We must never forsake the basic principle of helping the needy, but we must be ever vigilant in aid to foreign countries, to prevent the results of such aid being used against us in case of war.

What steps should Congress take to halt inflation? Everything possible to help production so that the civilian needs will not suffer from hoarding, channeling materials and supplies to the military in the preparation of war. Constant watch on military and government expenditures.

Where can federal expenditure best be cut? The various government departments can be cut, but this will not result in much tax relief. This relief must come from reductions in military expenditures. These reductions must not jeopardize the effectiveness of the program. The streamlining of expenditures can effect much saving.

In what pieces of Legislation are you especially interested? Improvements to the state hospital system. A better system of primary highways. (A) Please state support or opposition: -- I favor both of the above.

Please state your platform: A more businesslike administration of the agencies of the state government.

DISTRICT ATTORNEY OF 21st JUDICIAL DISTRICT Annual Salary: \$5000 and \$100 expense account for each county. Filing fee: \$12 for Gray County and proportionate amounts for each of the other four counties in the district.

Term of office, two years. Name and address: Thomas C. Braly, 208 Combe-Worley Building, Pampa, Texas. Occupation: Lawyer. Education: Pampa High School, University of Oklahoma and University of Texas.

What particular training and experience have you had that would qualify you for this office? Legal training and the experience of having previously served as District Attorney.

What do you consider the duties of the office you seek? Honest, fair and impartial enforcement of the law.

What are your suggestions for increasing the efficiency of this office? Revision and modernization of the Penal Code and the Code of Criminal Procedure of the State of Texas.

Please state your platform: Fair, impartial and honest enforcement of the Penal Laws of the State of Texas.

What do you consider the duties of the office you seek? It is the duty of the County Attorney to prosecute violations of the penal code of Texas on all crimes defined as misdemeanors; to represent the county in all civil matters affecting the rights of the county and to advise with the Commissioners Court; to render legal opinions construing the law upon request from County officials.

What are your suggestions for increasing the efficiency of this office? It is my belief that this office has been efficiently handled during the present term.

Please state your platform: I pledge continued vigorous prosecution of law violations coming within the jurisdiction of the County Court of Gray County and to work for the interests of Gray County as a whole in any and all matters of a civic or public nature during the coming two year term.

COUITY JUDGE Annual Salary: \$4687.50. Filing fee: \$28.12, to be divided equally among the candidates. Each pays \$109.37. Term of office: Two years. Name and address: John H. Harnly, Route 1, Miami, Texas. Occupation: Farmer. Education: Six and one half years college, A. B. & B. S. Degrees from McPherson College. Year's Graduate work in Education at the University of Kansas and Semester's Graduate work in Petroleum Engineering at the University of Oklahoma.

This office is the head of the Commissioners Court and as such is very important in administering the affairs of the County. I believe that the County Budget should be carefully studied and kept at a minimum for sound reasons. I have worked in refineries and was assistant manager of one. I rank in the upper ten per cent in intelligence. I am a taxpayer and own considerable property in Gray County and therefore am interested in keeping taxes low.

What are your suggestions for increasing the efficiency of this office? More interest on the part of the citizens.

What is your opinion on preferential primaries? Events of this summer indicate that some reforms are needed.

In what pieces of Legislation are you especially interested? Improvements to the state hospital system. A better system of primary highways. (A) Please state support or opposition: -- I favor both of the above.

Please state your platform: A more businesslike administration of the agencies of the state government.

DISTRICT ATTORNEY OF 21st JUDICIAL DISTRICT Annual Salary: \$5000 and \$100 expense account for each county. Filing fee: \$12 for Gray County and proportionate amounts for each of the other four counties in the district.

Term of office, two years. Name and address: Thomas C. Braly, 208 Combe-Worley Building, Pampa, Texas. Occupation: Lawyer. Education: Pampa High School, University of Oklahoma and University of Texas.

What particular training and experience have you had that would qualify you for this office? Legal training and the experience of having previously served as District Attorney.

What do you consider the duties of the office you seek? Honest, fair and impartial enforcement of the law.

What are your suggestions for increasing the efficiency of this office? Revision and modernization of the Penal Code and the Code of Criminal Procedure of the State of Texas.

Please state your platform: Fair, impartial and honest enforcement of the Penal Laws of the State of Texas.

COUITY JUDGE Annual Salary: \$4687.50. Filing fee: \$28.12, to be divided equally among the candidates. Each pays \$109.37. Term of office: Two years. Name and address: John H. Harnly, Route 1, Miami, Texas. Occupation: Farmer. Education: Six and one half years college, A. B. & B. S. Degrees from McPherson College. Year's Graduate work in Education at the University of Kansas and Semester's Graduate work in Petroleum Engineering at the University of Oklahoma.

What do you consider the duties of the office you seek? Enforcing the law according to the statute laws of our city, county, and state.

What are your suggestions for increasing the efficiency of this office? More study of modern law enforcement, higher type men for deputies, and by all means have men who are willing to work, and who are courteous at all times.

Please state your platform: Fair and impartial law enforcement, enforced by deputies who are fair and impartial with the public. Our motto (Fair to all, and partial to none).

COUITY COMMISSIONER PRECINCT 4 Salary: \$375.00 & \$75 a month travel expenses. Filing fee: \$282.50; to be divided among the four candidates. Each pays \$65.62. Term of office: Two years. Name and address: Wm. Earnest Beck, McLean, Texas.

Occupation: I have been commissioner since soon after leaving service in the Army. Education: Tenth grade. What particular training and experience have you had that would qualify you for this office? I consider my training of five years for former County Commissioner C.M. Carpenter and five and one-half years as commissioner as helpful training for qualifying me for re-election to the office.

What do you consider the duties of the office you seek? I consider the duties of the office to be many. First is the care and maintenance of the roads throughout my precinct. I consider it one of my duties to check on the general welfare of all the citizens of my precinct, and if I feel that I should call it to the attention of the proper authorities so that they may be taken care of, I further feel that my precinct is only a fourth of the entire county and second to none in the interest of the welfare of the entire county and will do my best to cooperate with the other three commissioners in all matters concerning the welfare of the county.

What are your suggestions for increasing the efficiency of this office? Have been and if re-elected shall continue to use every method I know to increase the efficiency of my office.

Please state your platform: It has been my policy and will continue to be if re-elected to be fair to all the patrons of my precinct and it will be my earnest endeavor to render the same service to all people of my community. It shall be my duty to cooperate as I have in the past with the other commissioners of the county. I shall use my best judgment to place the money available to my precinct in the places where it is most needed.

Name and address: Glenn A. Jolly, McLean, Texas - Quail Road. Occupation: Oil field worker. Education: High school. What particular training and experience have you had that would qualify you for this office? Experience with machinery - ability to work on men.

What do you consider the duties of the office you seek? County and Precinct Government; road maintaining.

What are your suggestions for increasing the efficiency of this office? Don't know until I am elected.

Please state your platform: Honestly to county and Precinct. Holding expenses to lowest level possible.

Name and address: R. J. Turner, Rt. 1, McLean, Texas. Occupation: Farmer, and Gasoline plant employee. Education: Junior in High school. What particular training and experience have you had that would qualify you for this office? I have had some experience in road work, and other jobs that would qualify for the job.

What do you consider the duties of the office you seek? To maintain the roads and bridges in Precinct No. 4. To supervise oil wells, machinery, and etc. To act as member of Commissioner's Court.

What are your suggestions for increasing the efficiency of this office - No answer.

Please state your platform: Efficient service to all the people.

O. L. Tibbitts - no reply.

COUITY COMMISSIONER Annual salary: \$375.00 and \$75 a month travel expenses. Filing fee: \$282.50 (to be divided equally among the five candidates so that each one pays \$52.50). Term of office: Two years. Name and address: J. W. "Bill" Graham, 413 North Gray, Pampa, Texas. Occupation: County Commissioner. Education: High School and business college graduate. What particular training and experience have you had that would qualify you for this office? First of all, devote time and study to the many problems that come before the Commissioners Court.

What do you consider the duties of the office you seek? Handing all financial business of a county. Supervising construction and maintenance of roads and bridges.

What are your suggestions for increasing the efficiency of this office? First of all, devote time and study to the many problems that come before the Commissioners Court.

What do you consider the duties of the office you seek? Enforcing the law according to the statute laws of our city, county, and state.

PAMPA NEWS, SUNDAY, JULY 20, 1952 Page 17
Please state your platform: A fair distribution of tax money. Strict economy. Bette. school bus routes.
Name and address: W. E. (Bill) Jarvis. Occupation: Wheat farmer and rancher. Education: High school.
What particular training and experience have you had that would qualify you for this office? With 47 years of school bus driving, see the necessity of improved roads.
What do you consider the duties of the office you seek? Improving our roads so far as our county expense can afford, without raising our taxes.
What are your suggestions for increasing the efficiency of this office? To the best of my ability see that the tax money of our county is well spent.
Please state your platform: To cooperate in every way possible, for better and safer roads, particular our school bus roads. As I have stated above, my experience, I feel I know from experience the need for them. Also to act on any duty that is a commissioner's, and for the well being of all tax payers. Honest your support will be appreciated.
S. W. "Stan" Kretzmeier, Rt. 1, Pampa, Tex.
Farmer and rancher. High school, Pampa. Short courses in maintenance, repair, and operation of power machinery, Moline, Ill. and Waterloo, Iowa. Specialize in new property; if the experience in Agricultural Committee work, supervision of labor, a successful farming enterprise, and selected by the U. S. Government during World War No. 2 to organize and train groups of Pampa High school boys in the maintenance and operation of farm power machinery.
I consider the duties of this office as dealing with the maintenance and repair of all county property; letting contracts for the building of new property; if the citizens of Gray County deem it necessary to do so, the setting of county tax rates, and seeing that the spending of county funds be done in a conservative manner.
(a) I believe that a County Commissioner should visit all precincts pertaining to his office more often.
(b) Create a better understanding and interest among those employed by him.
(c) Consider the counsel and advice of others, if reasonable.
(d) Control additional commissioning of the county funds.
(e) More and better all-weather roads.
(f) Lowering of county taxes if at all possible.
Name and address: F. H. Paron, 821 So. Russell, Pampa, Texas.
Occupation: Owner and operator of F. H. Paron Boiler and Welding Shop.
Education: High school and had been studying additional concerning welding and boilers.
What particular training and experience have you had that would qualify you for this office? Have operated my own business for 30 years, served as City of Pampa Alderman from 1924 to 1928 and as City Commissioner of Pampa from 1948 to 1951.
What do you consider the duties of the office you seek? The proper attention to the affairs and business of the county, giving the same attention and care necessary to properly understand and conduct the same.
What are your suggestions for increasing the efficiency of this office? A full study and complete knowledge of the problems coming before the commissioners and prompt action thereon to the best interest of the precinct I will serve and the county and the residence thereof as a whole.
Please state your platform: An honest, fair and businesslike conduct of the office, giving attention and acting thereon to the best interest of the residents of Gray County.
Name and address: E. C. Schaffer, 908 S. Wells, Box 927, Pampa, Texas.
Occupation: Retired. Education: High school graduate of Sedalia, Missouri.
What particular training and experience have you had that would qualify you for this office? Twenty-two years in county 2, and four years in county trustee and 30 years in district 10 as trustee; worked with county surveyor.
What do you consider the duties of the office you seek? Serve on board of qualification for the county; pass on all county bills.
What are your suggestions for increasing the efficiency of this office? Lower taxes over all county.
Please state your platform: Will make this office a full time job if elected.
Constable - Precinct 1 Annual salary: \$2187.50. Filing fee: \$153.12. Term of office: Two years. C. S. Clendennen - no reply.
PRECINCT 3 Annual salary: \$2187.50. Filing fee: \$153.12. Term of office: Two years. Name and address: Paul R. Bowers, Star Route 3, Pampa, Texas; Route A. Groom, Texas. Occupation: Farming. Education: 3 1/2 years Texas Tech engineering school, Lubbock, Texas.
What particular training and experience have you had that would qualify you for this office? Experience with heavy duty machinery, care and maintenance. Sound business experience in handling farm operations.
What do you consider the duties of the office you seek? As a commissioner of this precint I intend to serve the people of this precinct to the best of my ability in cooperation with the commissioners court.
What are your suggestions for increasing the efficiency of this office? My suggestions will come later, after I have worked with the commissioners court, but as a basis for my opinion I think any organization must have efficient employes to be efficient. Please state your platform: Honesty and fair dealings with all concerned. And if I am elected to this office I would consider myself as part of the governing body for Gray County and to work toward its efficiency and economy in all issues concerned.
JUSTICE OF PEACE PRECINCT 1 Annual salary: \$2187.50. Filing fee: \$153.12 (to be divided equally among the three candidates. Each pays \$51.04. Term of office: Two years. Name and address: W. E. Green, Box 704, McLean, Texas. Occupation: Comon School.
What particular training and experience have you had that would qualify you for this office? Two years at Justice of Peace school.
What do you consider the duties of the office you seek? Duties of the office is to sit as Judge of all cases brought before you. What are your suggestions for increasing the efficiency of this office? Please state your platform: Equal rites to all, and privilage to none.
Name and address: C.S. Rice, Box 622 McLean, Texas. Occupation: Justice of the Peace.
Education: High school.
What particular training and experience have you had that would qualify you for this office? Served eight years as a Justice of Peace from 1924 to 1932 and Jan. 1932 and four years this time.
What do you consider the duties of the office you seek? To administer justice without partiality.
What are your suggestions for increasing the efficiency of this office? Devote full time to the duties of the office.
Please state your platform: To serve the people of this precinct in an honest and fair manner.
J. C. Claborn - no reply.
JUSTICE OF THE PEACE PRECINCT 1 Annual salary: \$2187.50. Filing fee: \$153.12 (to be divided equally among the 3 candidates. Each pays \$51.04. Term of office: Two years. Name and address: E.A. Vance, Lefors, Texas. Occupation: Justice of the Peace, Precinct 1.
Education: High school.
What particular training and experience have you had that would qualify you for this office? I have worked at this kind of work many years.
What do you consider the duties of the office you seek? Being on duty at all times for any cases that may come in, for attention as well as being able to take care of the many little jobs for the public that they need done for them.
What are your suggestions for increasing the efficiency of this office? None.
Please state your platform: Justice and fairness to all.
W. R. Combs, no reply.
W. V. H

The Voter's Guide

Name and address: Tom Colson, 513 Lowry, Pampa, Texas. Occupation: Guard at Cabot Company. Education: Finished high school years S.M.U.

What particular training and experience have you had that would qualify you for this office? I have been employed for approximately three years on the Pampa Police Department and a short time by the Sheriff's Department of Gray county, Texas. In addition to that I took two weeks of police schooling at Austin Texas and a FBI training course here in Pampa, Texas.

What do you consider the duties of the office you seek? To enforce the law to the best of my knowledge and ability.

What are your suggestions for increasing the efficiency of this office? No partially and treating all individuals the same regardless of whether rich or poor or whatever influence they may try to bring to bear on me.

Please state your platform. Law and order.

Name and address: H.A. Doggett, 1417 E. Francis. Occupation: Juvenile officer for Gray County. Education: Through the 10th grade.

What particular training and experience have you had that would qualify you for this office? Been in law work for the last seven years.

What do you consider the duties of the office you seek? To keep law and order.

What are your suggestions for increasing the efficiency of this office? I believe that is office is run efficiently to the best of my knowledge at this time.

Name and address: Earl Lewis, 1417 E. Francis.

"My wife may be a little surprised to see you—but just be patient and she'll get reconciled to it!"

Oilmen Seek Demo Plank To Defend Depletion Allowance

DALLAS (AP)—The oil industry is using the report of a presidential commission in an effort to get into the Democratic platform a plan advocating continuance of the tax depletion allowance.

President Truman, who appointed the Materials Policy Commission which advocated the income tax write-off, still is against it. He has called it a multi-million dollar bonanza for oilmen.

But oilmen and the commission headed by William S. Paley, president of the Columbia Broadcasting System, cite the 27 1/2 percent tax write off as a powerful stimulant to oil exploration.

Oil industry spokesman Charles E. Simons, executive vice president of Texas Mid-Continent Oil & Gas Association, has equipped Democratic delegates and alternates from several oil-producing states with copies of the commission report and its recommendations for increasing exploration and source development.

"Adoption of these recommendations," said Simons, "particularly the ones concerning taxes, would be a great contribution toward the long-range supply of oil and gas."

Already, Republican platform draftsmen—with an eye to the oil industry's support and vote—have spoken up for the depletion allowance, and its continuance is asked in a GOP plank.

Simons, former secretary of the state Democratic Executive Committee in Texas said, "party chieftains as well as oil leaders know the political implications of any future shortage of oil products."

He pointed to the GOP platform provision which called for full development and conservation of resources.

The Republican platform advocates "reasonable depletion allowances, synthetic fuels research and public land policies... which will encourage exploration and development of our mineral resources."

The Paley Commission outlined in its five-volume report the needs and prospects of the United States resources for the next 25 years, Simons said, and added:

"The commission and the oil industry believe it is the best method devised as an incentive to continued wildcatting and continued development of proven oil and gas fields."

"At least nobody has offered a better or more reasonable system."

In citing the depletion allowance as a powerful exploration incentive, the MPC report said: "Principal influence of public policy to date upon the rate of exploration for crude oil, beyond the provision of the general legal and social framework in which the enterprise of the wildcat can flourish, is to be found in the tax system."

"In particular, the provisions permitting the expensing of intangible costs of drilling and the charging of depletion as a percentage of value of the wildcat and sold have acted as powerful stimulants to exploration."

"If these provisions were removed, wildcatting activities would be sharply reduced with two possible results. Either domestic production would be cut and the depletion allowance would be a dead weight upon the industry, or the depletion allowance would be a dead weight upon the industry, or the depletion allowance would be a dead weight upon the industry."

No. 1 John Haggard, Sec. 5, Blk. 2, L&GN 660' fr S&W-L; cored 7592-5550'; DST 7490-7550'; open 1 1/2 hours; good blow; recovered 3960' slightly gas-and oil-cut salt water; hydrostatic pressure 3,600 pounds; flowing pressure 950 pounds; Cored 7550-7610'; Cored 7610-70'; DST 7642-70'; open 2 hours; fair blow decreasing throughout; recovered 350' slightly gas-cut, muddy salt water; coring ahead.

Gulf Oil Corp. No. 3 John Haggard, Sec. 20, Blk. 2, L&GN, 660' fr N&E-L; drilling below 950'.

H. L. Hunt No. 1 J. A. Bivins; Sec. 124, Blk. M-8, AB&M, 660' fr E, 1980' fr S-L; drilling below 8203' in lime and chert.

Sharp Increase Registered In Panhandle Oil And Gas

A sharp increase was registered last week in Panhandle oil and gas production. Gas production shot to 111,725 MCF in the addition of two new gas wells while oil production rose to 408 barrels from eight wells.

Only seven new locations were staked as compared to 13 during the previous seven-day period. Total completions totalled 15 last week as compared to 11 the preceding week. No wildcats were staked in the district.

Canada Claims She Could Help If War Cut U. S. Oil Supply

By SAM DAWSON
NEW YORK (AP)—Enemy submarines could snip this nation's oil lines from Venezuela and the Middle East. And all-out war could strain our oil resources—big and growing as they are.

But Canada reminds us today that she could furnish an ace in the hole—from 100 to 300 billion barrels of the war necessity, lying close to the surface in the tar sands of Northeastern Alberta.

That is a potential three to nine times as great as the 32 billion barrels of proved oil reserve which the American Petroleum Institute says this nation has.

No Russian sub could reach that Canadian life line of oil. But there's a hitch: no oil flows from there yet, because of the high cost of production.

Three American, 10 Canadian and one Swedish company are starting work this summer to seek a way to produce gasoline and fuel oil economically from this vast deposit and to bring it to the American market.

A Toronto engineer, S. M. Blair, in a report to the Alberta government says that removing the earth overhanging the 50 to 500 feet and getting the tar sands to the processing plant would cost 55 cents a barrel. Extracting the valuable sulphur and processing the crude oil would cost another \$1.35. Piping the crude oil to Lake Superior would add \$1.02 to the cost—for a total of \$3.10 a barrel. Similar oil brings \$3.50 a barrel on the American market now. Under Blair estimates this would be a profit margin of 40 cents.

The Swedish Shale Oil Co. is leasing part of the Alberta government's pilot plant at Bitumont to see if it can't reduce these costs by extracting the oil through underground combustion.

Two American firms—Socoy-Vacuum and Sun Oil—have leased between them 150,000 acres in Alberta. Another, Shell Oil has geologists looking the sands over. Ten Canadian companies have leased 250,000 acres. This summer the oilmen are core-drilling to find out for sure how much oil is there, and how much overhang of earth and rock must be removed to get at the rich sands. The mixture of oil and sand is about as thick and heavy as

Doctors Study Low Back Pain

By ALTON L. BLAKESLEE
AP Science Reporter
NEW YORK (AP)—Your aching back may be due mainly to our easy, mechanized life, a study of low-back pain finds.

Muscles grow weak from lack of use with soft living. When you bend down to pick up a pencil or a suitcase, or tend to the garden, you get a muscle strain. Repeated strains bring chronic misery.

But there's a cure for most cases of this kind of back ache, through proper exercises. Dr. Hans Kraus of New York University College of Medicine, writes in GP magazine of the American Academy of General Practice.

He reports a study of 4,000 cases of low-back pain made by scientists at Columbia Medical Center and New York University—Bellevue Medical Center's Institute of Physical Medicine and Rehabilitation.

Your back is subject to various kinds of ailments and troubles. But often, he says, the doctor cannot find any apparent trouble. He blames our easy life as a basic cause of the pain.

Many of us don't get enough exercise to keep muscles fit. Sedentary living shortens our back and thigh muscles, muscles of the trunk become weak.

Anything that calls for more work than the muscles can do bring acute strain. Muscles get still less efficient, leading to another strain and chronic trouble.

The long suffering frequently lies in with some emotional difficulties and the back ache gets to be a continuing misery

They'll Do It Every Time!

THE OYOSURE OF EVERY EYE, PARTICULARLY GUYS, IS SEPTIC'S FRAU LUSHULLA, A DREAM, A WOW! A PRIZE!

THAT YOUR WIFE? BOY! ARE YOU LUCKY TO HAVE THAT TO COME HOME TO EVERY NIGHT! WOO-WOO! SHE OUGHTA BE IN THE MOVIES!! AND WHAT A DISPOSITION... SMILING SUNSHINE!

OH, YOU'RE HOME, ARE YOU? WELL, IT'S ABOUT TIME! NOW, BEFORE YOU START LOLLING AROUND, RUN OVER TO THE DRUGSTORE AND GET ME A JAR OF MADAME CONCRETE'S FOUNDATION CREAM...

ONLY THING I CAN'T FATHOM, SEPTIC, IS HOW A GUY LIKE YOU THAT HOOKED UP WITH AN ERK-JAY LIKE YOU...

THANKS AND A TIP OF THE HAT TO THE GUY WHO TOLD ME ABOUT SEPTIC'S FRAU LUSHULLA, MICH.

By Jimmy Hatlo
NOW GET A LOAD OF LUSHY, HOW SHE IS WHEN SEPTIC SEES HER, DISPOSITION RANCID AND GOO UP TO HER BEEZER...

There're Hot Months Ahead!

Let Us Install an Air-Conditioner
In Your Home

You'll enjoy the comfort this hot weather and for years to come. Select one of the many styles in stock at our shop.
