# McGuire Walks Away With Election

## Rogers Pressing For Dam Funds

### Move Started To Lift Ban On Project

WASHINGTON (AP)—Texans hope to get money from Congress next year to build the proposed Canadian River Dam.

The 85 million dollar project at Sanford, Texas, was authorized in 1950. But no money was voted to start the work.

Authorization was obtained after Texas legislators agreed not to seek construction money so long as the then recently started Korean conflict continued.

Rep. Walter Rogers of Pampa told a reporter Saturday a move is underway to get this emergency period ban lifted.

Commitments not to ask for an appropriation were made then to senators who were objecting to passage of the authorizing bill, Rogers said, and required introduction of a new bill, with loss of all progress made.

The dam would store runoff of the Canadian River in a reservoir at Sanford. The water then would be delivered through aqueducts to about a dozen West Texas towns.

"Efforts are now being made to satisfy senators that the project is necessary and to seek release from our commitments," Rogers said.

He said he is contacting senators who are here for their support.

"We certainly will honor our commitments," he said, "but we are hopeful that in view of our dire need for more water the senators will voluntarily agree to appropriate funds."

### Pampa Girls Take Honors In Rodeo

Two Pampa girls took top honors in the cowgirl sponsor contest of the Phillips 66 Rodeo Club Rodeo in Phillips during this past week.

June Hull, riding for the city of Pampa, won a hand-made saddle for the best average in two go-rounds of the rodeo. During the first go-round she finished riding a set pattern in 15.2 seconds and the second go-round she completed in 12.1 for an average of 13.6.

Sammie Dalton, sponsored by the town of Phillips, won the first day money and a radio with a riding time of 15 seconds flat and came in second on the average at 14 seconds, following her second ride in 13 seconds.

She was presented a riding costume for the second-best average.

### Pampa Rated High In Buying Power; Gains Over Last Year

Special To The News  
NEW YORK — What is the average income of Pampa families? How much is available to them for spending, after taxes? How do they spend it?

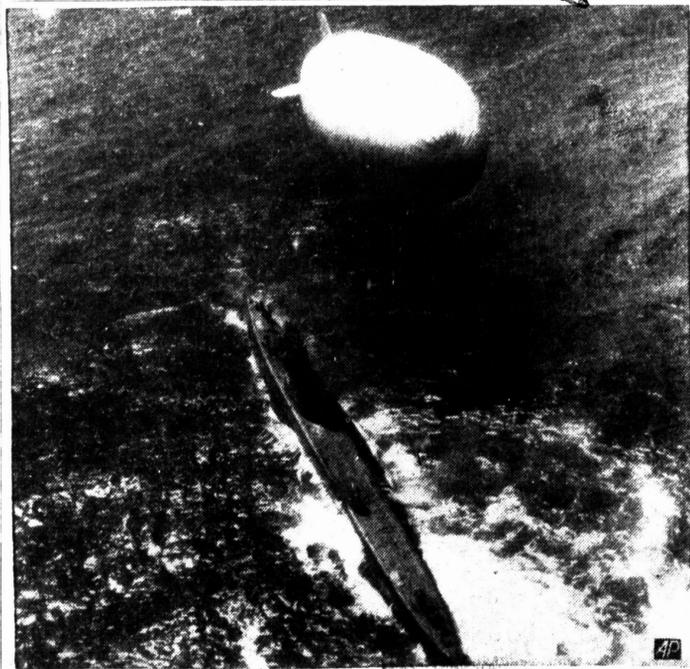

Answers to these questions, much sought after for commercial reasons, are contained in the new copyrighted survey of buying power, covering the entire United States, prepared by Sales Management.

The figures show that higher incomes and a better standard of living prevail locally. Pampa families recorded net earnings in 1951, after deduction for all taxes, of \$25,119,000. This was a gain over the \$23,430,000 net income of the previous year.

Divided by the 5400 families in the city, it represented earnings of \$4,652 per family, which compares favorably with the \$4,064 per family, on the average, throughout the West South Central States and the \$4,595 per family in the State of Texas. It is greater also than the previous year, when earnings, per family, locally, were \$4,339.

The figures, it is pointed out, are arithmetical averages, obtained by dividing total income by total number of families.

The better earnings locally led to bigger spending. Pampa stores registered a sales volume in the year of \$34,344,000, which was

SUB RESCUES BLIMP — A disabled Navy blimp, its propellers and power plant damaged when it accidentally hit the water in a simulated attack on the submarine USS Sea Poacher, hovers near the water as it is taken in tow by the undersea craft July 11. The submarine managed to haul the blimp to the safety of Florida's Boca Chica naval air station despite high winds and rough seas, completing a 22-hour rescue maneuver unique in naval annals. (U.S. Navy Photo via AP Wirephoto)

### In October... Russ Propose Big Four Meet

MOSCOW (AP)—Russia proposed Saturday a big four-power meeting on a German peace treaty to be held not later than October.

The Soviet government called for the meeting with Britain, France and the United States to consider a peace treaty, formation of an all-German government, all-German elections and a time limit for withdrawal of occupation forces by the Big Four powers.

The Soviets said they would discuss a German elections commission as proposed by the three Western powers but only following the discussion of the peace treaty and formation of an all-German government.

The Soviet proposals were contained in notes handed the three Western ambassadors in Moscow (See BIG FOUR, Page 3)

### Texas GOP Will Battle For Harmony At State Meeting

SAN ANTONIO (AP)—Texas' rip-snorting Republicans convene here Tuesday with some hopes of unity to swing this state to Eisenhower in the November election.

They may have to fight it out again to achieve a degree of outward harmony. The convention must name a new state chairman and a new state executive committee of 62 members.

Already in the saddle as National Committeeman from Texas is Jack Porter of Houston, who rode in with the Eisenhower tide at the National Convention in Chicago.

Porter said that reports from county conventions all over the state indicated to him that Alvin H. Lane of Dallas would be overwhelmingly elected state chairman. Lane was closely allied with Porter in the successful fight for recognition at Chicago.

The Old Guard candidate is Carlos Watson of Brownsville.

### Ike, Taft To Confer

DENVER (AP)—Dwight D. Eisenhower and Sen. Robert A. Taft — who was the general's chief rival for the top presidential nomination — will confer soon, Eisenhower's political chief of staff said Saturday.

The staff chief, Gov. Sherman Adams of New Hampshire, told a news conference there is a possibility the meeting may take place in New York next week if the Ohio senator should decide to cut short his vacation in Murray Bay, Quebec.

Otherwise, the general and Taft will get together early in September in New York or Ohio. "I am sure you can look forward to a meeting of Gen. Eisenhower and Sen. Taft in the near future on some mutually convenient date," Adams said.

The forthcoming meeting probably will determine just how active a role Taft may play. Some Eisenhower supporters reportedly are not too anxious to have Taft closely identified with the general during the campaign because of the sharply differing views the two men hold on some issues.

### MAGGIE LEAVES FINLAND

HELSINKI, Finland (AP)—Margaret Truman headed back to Sweden Saturday aboard the regular Stockholm-Helsinki ferry on her way to Oslo, Norway. The President's daughter was seen off by U. S. Minister John Cabot, who had been her host during her two-day stay here.

### Shivers Turns Down Adlai On Tidelands

AUSTIN (AP)—Gov. Allan Shivers said Saturday he could not personally support Gov. Adlai Stevenson for the presidency in view of Stevenson's stand on tidelands.

But he called on the people of Texas to tell him what action they want taken with respect to determining the next president.

"My recommendation to the State Democratic Convention meeting in Amarillo on Sept. 9 will be based on people's decision, made to me by their letters and telegrams," Shivers told reporters shortly after returning from his conference with Stevenson in Springfield, Ill.

Shivers repeated his declaration of inability to support Stevenson personally because the latter said Saturday he agreed with Stevenson which would have returned tidelands ownership to Texas.

Stevenson also displeased Shivers by saying he accepted the Supreme Court decision holding the federal government has paramount rights to the rich offshore oil deposits.

Shivers declared: "I will do whatever a majority of the Democrats of Texas want me to do officially. If a majority said they wanted to support Stevenson and that I should not take any action against him because (See SHIVERS, Page 3)

### Seeking to be Seated

Porter called this a "minimum number of contests" adding: "I think they will be settled in a manner that will leave a good taste in everyone's mouth."

Porter said he hoped the convention would be the first step in a campaign with Republicans united "to carry Texas with the help of Democrats for Eisenhower and Nixon."

Just what effect a movement by conservative Republicans to put up a separate party slate for the general election would have on the convention here remained to be seen. Edward B. Robinson of Fort Worth said last week the group would call itself the Conservative Party and seek to place Eisenhower and Nixon at the head of their ticket.

### Scoutmaster Seared By Strange 'Ball Of Fire'

WEST PALM BEACH, Fla. (AP)—A deputy sheriff and two Boy Scouts Saturday added details to a scoutmaster's story of his encounter with a strange object in a rural wooded area Tuesday night.

They told of scorched grass, strange lights and showers of sparks in the area where D.S. Desvergers said he was "blasted by a ball of fire" from the object when he investigated flashes of light near a country road.

Desvergers, 30, hardware salesman and former marine, said he was questioned last night at the West Palm Beach International Airport by officers from Washington whom he refused to identify.

The scoutmaster has described the object he encountered as shaped "like half a rubber ball," about three feet thick at the edges and high enough at the center for men to stand erect inside.

He told a Palm Beach reporter Saturday he knows what the object was, but added "it's better for me not to go any further for the public good because it might cause a panic."

Desvergers reported he was taking three scouts home Tuesday night when he stopped to investigate the lights in nearby woods. He said when he flashed his light on the object, he was blasted by the ball of fire and overcome. Deputy Sheriff Mott N. Partin,

### Jarvis Unseats Bill Graham In County Commission Race

Pampa Atty. J. B. McGuire yesterday polled 2,675 votes to win the race for county judge over Bruce Parker, incumbent, who received 1,502 votes, according to final figures in the run-off election.

An even 200-vote difference gave W. E. (Bill) Jarvis the Democratic nomination for county commissioner over incumbent J. W. (Bill) Graham with a final tally of 1,531 to 1,331. Jarvis will have to beat Clayton Husted, Republican, before he can be assured of election.

In McLean the hot race between O. L. Tibbets and Glen Jolly finished with Tibbets being elected, 457 to 366. Justice of the Peace E. A. Vance held on to his job in Lefors easily by defeating W. H. Hix, 229 to 141. Jim McCracken, Democratic chairman of Box 3, was swept back by a vote of 40 to 16 over F. E. Ledwick.

Maguire jumped into an early lead when the absentee votes were turned in by the special commission. Maguire led, 133-68.

From then on it was Maguire all the way in what was generally predicted over the county as a close race.

Parker managed to carry two boxes — Pat. 4, Alamed and Pat. 6, Laketon.

In Laketon the vote was 29-17 and Alamed it was 73-48. By 7:35 p.m. with eight precincts reporting (plus the absentee totals) Maguire had Parker 1,573 - 896. Fifteen minutes later — with all of the bigger boxes in — the young attorney tightened his stranglehold with a count of 2,445-1,395.

It was considered "all over" at 8:10 p.m. when 13 of the county's 18 boxes gave Maguire 2,538 and Parker 1,438. From there on it was easy; the next count of 16 boxes showed Maguire with 2,675 and Parker 1,492. The last two boxes to report Grandview and Laketon didn't change the picture except the latter giving the judge a three-vote margin.

The best Graham could do in his battle for renomination over Jarvis was to the one McLean and Laketon with final count of 196-156. Graham controlled the absentee ballots 82-66. The battle was in Precinct 9 where Jarvis won by one vote, 211-210.

Although he carried all of the precinct boxes in McLean and Alamed, Tibbets lost among the absentee voters, 238-166. The three boxes each gave him narrow margins of victory which resulted in his receiving only 71 votes more than Jolly.

A total of 4,177 votes were counted. (See MCGUIRE, Page 3)

### West Rejects Russ Charge Of Plot In Trade Restrictions

BERLIN (AP)—The United States, Great Britain and France Saturday jointly rejected Soviet charges that they were taking measures to reduce trade between East and West Germany.

The charges were made by Soviet General of the Army Vassily Chukov in a letter dated July 30.

U. S. High Commissioner Walter J. Dornally said in his reply, delivered there Saturday "I can not understand or accept" the allegations that Western nations are responsible for reducing the flow of trade between West and East Germany.

The Russians had accused the three Western powers of breaking the 1949 agreement that ended the Soviet blockade of Berlin. General Chukov — Soviet commander in East Germany — blamed a decline in trade between zones of the divided nation on Western restrictions.

### Quake-Battered Bakersfield Sweeps Up

BAKERSFIELD, Calif. (AP)—The quake-battered Bakersfield community swept up the rubble to-day and counted damage estimated tentatively at 20 million dollars from Friday's sharp shock. Two lives were lost and 32 persons injured.

Meanwhile, the epicenter of a tremor which shook Los Angeles early Saturday was placed at only 25 miles northeast of Pasadena. It caused no damage but woke thousands of persons in the middle of the night.

City Manager C. Leland Gunn said that damage from Friday's shock will be greater than that

### Ross Buzzard Named Head Of Red Cross

Ross Buzzard of Pampa was named to succeed Larry Fuller as chairman of the local Red Cross chapter at a board meeting Friday evening.

Fuller resigned as his recent transfer with the Southwestern Public Service Company from Lefors to McLean became effective.

The resignation of Joe Key from the local board was also accepted Friday and Mrs. W. C. Breiang of Lefors was named to replace him.

Reports made by Lewis Chamberlain, blood defense program chairman, on the current Red Cross-sponsored donor campaign indicate success in the program. The quota of approximately 600 required donors has not been reached yet, Chamberlain stated, but work is continuing and pledges are being made.

He urged campaign workers to stress to all donors the necessity of making appointments for the blood program. The bloodmobile unit from Fort Worth headquarters is to be at the American Legion-VFW Hall in Pampa September 2 and 3 and a schedule of donors is being made to avoid any delay in procedures.

### Major Proclaims Blood Donor Days

Mayor C. A. Huff has proclaimed Sept. 23 to be defense blood donor days in Pampa and invited citizens to visit the bloodmobile that is to be in Pampa on those days and, if possible, give a pint of blood for the U. S. Armed Forces.

In his proclamation, the Mayor pointed out that the spirit of patriotism is the heritage of all Texas and symbolizes the strength and fervor of all men and women who have made this state what it is today.

He said, "It is fitting and proper that we should be mindful of our heritage and sacrifices the men in our Armed Forces are today making in our behalf on the battlefields of Korea."

### Gray County Gives Support To Northcutt

Gray County voters stood by their Potter County neighbor, E. O. Northcutt, yesterday and supported him 2,662-1,141 over his opponent, O. S. Moss, Post, in the run-off for associate justice, Court of Civil Appeals.

Northcutt, like Atty. J. B. Maguire, winner of the county judge race, snapped into an early lead here and never relinquished it. Northcutt carried all of the 18 boxes and the absentee vote.

The only state race on the ballot — associate justice of the

Judge Frank F. Culver of Fort Worth built up a commanding lead Saturday night over Attorney Spurgeon Bell of Houston in their race for Place No. 1 on the State Supreme Court.

In returns at 10 p.m. to the Texas Election Bureau, Culver led his young opponent from Houston, 181,048 to 163,443.

State Supreme Court — brought less interest than the civil appeals battle with Spurgeon Bell of Houston nipping Frank Culver of Fort Worth 1,888-1,783. Bell carried 12 of the 18 county boxes but lost the absentee votes 102-73.

Each candidate lost one box apiece by one-vote margins. Culver lost Pat. 7 by a 10-9 count while Bell lost Pat. 6 by an 18-7 count.

Both judicial campaigns, like the county judge race, were determined before 8:30 after the largest boxes had reported. Pats. 9 and 10 telling the tale as they did in all the other races except county commissioner.

### Sopek Gets Five Years

Franklin Dewey Sopek, admitted burglar, has been given a suspended sentence of five years in Gray County district court and turned over to the United States Navy for further processing.

Sopek had admitted pulling four burglaries in McLean the night of July 10-11 and stealing an automobile in Oklahoma a few days earlier.

Upon his arrest by Deputy Sheriff Jim Shelton, Sopek had in his possession these stolen articles: the automobile, a tape recorder, portable typewriter, wrist watch, a five-gallon gas can packed with soft drinks, an ice, and \$14.60 of \$10.00 taken from a service station.

But he was only tried on the theft of the tape recorder. Charges with being absent without official leave by the Navy. Sopek was picked up from the Sheriff's office Friday afternoon by Naval authorities and taken to Amarillo to face further inquiry.

Air-conditioning service, replacement of motors, pumps, pads and all items for air-conditioning. Best A. Howell Inc. 119 N. Ward Tr. 152 or 482.

### Five Churches Cracked by Earthquake

Five churches cracked by the tremor planned emergency services elsewhere, the ministers announced. Churches made unsafe are Catholic, Presbyterian, Congregational, Seventh Day Adventist and Church of Christ.

Mayor Frank E. Sullivan called an emergency City Council meeting today to discuss what civil defense and other aid should be asked. The Kern County Supervisors held a curbstone meeting and asked the state of California for emergency aid.

Gov. Earl Warren in Sacramento, promised that all help desired will be made available.

SHAVE IN A HAIRCUT — Nels L. Walberg, right, ship's serviceman 3c, USN, son of Mr. and Mrs. A. R. Walberg, Pampa, gives a shipmate a haircut aboard the anti-aircraft light cruiser USS Jugeau, now operating off the east coast of Korea.

## Stars and Stripes

Leroy Brown, engine man 3c duty with Flight B, Sixth Air USN, 922 E. Campbell, arrived Rescue Squadron, at Ernest Har recently at Key West Fla. aboard mon Air Force Base, Newfoundland, the submarine USS Archerfish.

The submarine travelled eastward to a group of divers at 11 a. m. and 2 p. m. today.

By act of Congress, battleships are named for states while aircraft carriers are named for important battles and for famous ships formerly on the Navy list.

Alton has been assigned to the maintenance section with the Rescue Flight.

The Rescue Flight is a part of the U. S. Air Force's world-wide search and rescue service with provided wood.

Airman 3c Emmett D. Allen, son of Mr. and Mrs. Emmett Allen, Alameda, has reported for

### Tenth Anniversary Services Today For Lutheran Church

In observance of its tenth anniversary, the Zion Lutheran Church, Pennsylvania and Dunbar, will hold special services at 11 a. m. and 2 p. m. today.

Preaching both services will be the Rev. H. R. Frerking, Wichita Falls, Tex., under whose guidance the first steps toward organization of the church were taken. Frerking lived in Amariño at the time.

The public is cordially invited to rear Rev. Frerking and help the church celebrate its anniversary.

During the past 10 years the Zion Lutheran Church has grown from a "few interested individuals" to a group of 80 members. Three resident pastors have served the congregation: the Rev. Henry G. Wolter, the Rev. Rufus Young, and the Rev. Arthur Bruns, the present pastor.

Two of the original founding families still reside in Pampa and are active in this Lutheran group. They are the J. P. Carlsons and the J. D. Schroedels.

MAIL CALL — Marine Sgts. Andy A. Tarrant, left, and Lewis R. Strine, York, Pa., sort the mail for members of Headquarters Squadron, First Marine Aircraft Wing, at an advance air base in Korea. Sgt. Tarrant, 21, has been serving in the Korean area since Oct. 1, 1951. A graduate of Pampa High School in 1949, he attended Texas Tech for one and a half years before enlisting in the U. S. Marines Jan. 19, 1951. He is the son of Mr. and Mrs. Ewing L. Tarrant, 304 E. Browning.

search and rescue service for all U. S. aircraft and those of foreign countries that request it. Flight B gives coverage and rescue service to military and commercial aircraft flying the North Atlantic route.

CPL. JUNIOR VINYARD home from Korea

SHAMROCK (Special) — Cpl. Junior Vinyard, son of Mr. and Mrs. A. L. Vinyard, is home on a 30-day furlough after 10 months on the Korean battle front.

A member of the First Bn., Vinyard was in the Battle of Heart Break Ridge. Wounded in the leg Oct. 6, he received treatment aboard the Naval hospital ship USS Consolation. A month later he was back in the front lines.

In letters to Shamrock friends he mentioned he could not write so often as he'd like because there were no lights to write by that close to the front.

Vinyard was separated from his outfit July 15, the same day his company returned to battle. Prior to the sailing of the Marine Adder July 20, he learned the First and Second Bns. had been sent to the front the same day and had suffered extremely heavy casualties. He considers himself lucky to have missed that last battle.

The Marine Adder, carrying 2,999 returning servicemen, landed Aug. 8 at Seattle, Wash. Vin-

### Tourists Spend High Canadian Facing Water Shortage

MEXICO CITY (AP) — Foreign tourists spent \$271,600,000 in Mexico last year but Mexicans offset this by spending \$88,400,000 abroad, mostly in the United States.

The Banco de Mexico said last year's tourist spending was \$32,700,000 more than in 1950. The 411,000 tourists were 6 per cent more than 1950.

Canadian is facing a serious water shortage. One city well is out, temporarily, and the drain on reserves has been so heavy that pumps have not been able to keep pace, according to Mayor Jess Lindley.

The mayor issued an appeal to Canadian residents to conserve city water supplies as much as possible by cutting down on watering of lawns and shrubs. He urged that all watering of lawns be halted after 8 p. m. so that storage tanks can be filled overnight.

City officials have asked that citizens cooperate with voluntary restrictions now and avoid the necessity of strict rationing.

## Rites Today For Mrs. Dora Meaker In Panhandle

PANHANDLE (Special) — Funeral services for Mrs. Dora Gilbert Meaker, 48, will be held at 1 p.m. today in the Panhandle First Baptist Church.

Mrs. Meaker died at 1:30 a.m. Friday from a heart attack.

She moved to Carson County from Woodward, Okla., in 1920 and lived here ever since.

Surviving are her husband, Julius, Sr., two sons, Julius Jr., Gilbert Meaker, both of Panhandle; one daughter, Mrs. Clara Hoskins, Pampa; three sisters, Mrs. Al Lettloe, Panhandle; Mrs. Tom Roles, Troupdale, Ore.; Mrs. L. H. Fitzsimmons, Roseburg, Ore.; and stepmother, Mrs. T. A. Gilbert, Reydon, Okla.

Rev. Douglas Carver pastor of First Baptist Church, Pampa and Rev. W. E. Thorn, pastor of the Panhandle church, will officiate. Burial will be in Panhandle Cemetery with the Poston Funeral Home making arrangements.

Palbearers are: Donald and Leo Nicholson, Edward and Walter Dittberner, Bobby McBrayer, and Billy Carey.

## 4-H Club Baking Entries Will Be Judged Thursday

An exhibit of cookies and cup cakes baked by county 4-H Club girls will be judged Thursday in the court house office of Miss Helen Dunlap, home demonstration agent.

The exhibits, to include 12 cup cakes with cream cheese icing and 16 plain, rolled cookies, are to be on display at 2 p.m. Judging begins at 2:30 p.m.

Miss Charlotte Tompkins, Panhandle, and Mrs. Sybil Giddens, Canadian, visiting home demonstration agents, are to serve as judges.

The baked products are to be exhibited with a record composed of a standard report, food preparation report, and a narrative of club work and how the club member got along in baking the cakes and cookies.

Winners of first place in both divisions will freeze their products to send to the Amarillo-Tri-State Fair where they will be judged Sept. 20 from entries throughout the district. An entry prize of baking equipment will go to county winners and first place district winner will receive a grand prize.

Recipes used by girls in the bake exhibits are the results of experiments made at Texas Tech College, Lubbock, for the district's particular altitude.

All 4-H girls are eligible for entry.

Lumber, paper, iron and other type mills line both shores of the Yalu river at the facing cities of Antung, Manchuria, and Sinifu, Korea.

of failing to grant the right of way. The Lewis car received the major portion of the damages—\$350.

## Auto Accident Toll Reaches 232 In Pampa

The year's automobile accident toll for Pampa has reached 232. Damages calculated at \$370 resulted from an accident at 12:30 p.m. Saturday on Francis, just west of Ballard.

Jethro C. Lewis, 27, of 312 N. Gillespie, was driving west on Francis when his vehicle collided with an automobile operated by James W. Daniels, 38, of 628 N. Dwight, police report. Daniel was pulling out from the curb at the time.

Daniels was cited on a charge

MARRIED COED TAKES HONORS — Mrs. Imma Lee Barnes, wife of Wayne Barnes, former Pampans, ranked top in grade averages at Abilene Christian College. Mrs. Barnes, a business administration major, had a grade average of 3.70. Barnes, son of Mr. and Mrs. L. A. Barnes, 631 N. Faulkner is a graduate of Pampa High School and the University of Texas where he majored in mechanical engineering. The couple will be in Pampa Saturday following graduation services Friday. Barnes at present is with the Extension Service of the University of Texas.

## Periodical Report On Conditions Here

Pampa has been added to the list of Texas cities whose business conditions are compiled by the University of Texas research and development and printed in the monthly publication, Texas Business Review.

The first report appeared in the July issue of the publication and will be listed monthly along with 64 other major Texas cities. Statistics are given on postal receipts, building permits, bank deposits, end-of-month deposits, an-

nuual rate of deposit turnover, placement in employment, air express shipments and telephones in service.

## Iran Carrying Out High Brass Shake-Up

TEHRAN, Iran (AP) — The high brass of Iran's 130,000-man Army was thinned Saturday by the retirement of 15 generals, including one dismissed from military governorship of Tehran after his troops fired on rioters' debits, end-of-month deposits, an-

## Complete Plans For Opening Of Lefors School

With the election of Herbert Arledge as junior high coach and math teacher, plans for the beginning of the 1952-53 school year at Lefors are complete, according to H. C. Wilson, superintendent.

Arledge comes to Lefors from Nacona where he served two years in a similar position. He is a graduate of Texas Wesleyan College, Fort Worth.

Final plans for the opening of school were announced by Wilson as follows:

All students who will participate in the band are to be at the band hall Monday at 9 a.m. to start practice under the direction of Desmond Brewer. Classes for the week will be arranged.

Parents of pre-school children are reminded that all pre-school children must have a physical examination certificate at the time of registration for school. Certificate forms may be obtained from the school office.

A breakfast at 7:30 a.m. for the faculty, the school board and their wives will begin Sept. 2 as a day of planning. The main event of the day is to be an address by Dr. J. B. Roberts, West Texas State College, Canyon.

Parents are invited to attend this lecture, Wilson stated. Faculty meetings are scheduled for that afternoon and registration is to begin at 8:30 a.m. the next day, Sept. 3.

Buses will run according to the schedule arranged last year and

## McGuire

(Continued From Page One) cast in the county bench race — just a few hundred under the primary total vote.

When the county commissioner court convenes next year there will be only one "old face" there, Commissioner Arlie Carpenter, Lefors, who had no opponent in the primary.

## Strange Ball

(Continued From Page One) entered the woods, something "went off and showered sparks all over the area like a Roman candle."

In Washington, an Air Force spokesman said an officer was sent to check on the incident.

# HERE'S WHY!

## America Bought 10,000 Zale Diamonds

### Every Week During 1951!

Much finer quality at lower prices is accomplished through Zale's own direct-importation of diamonds. Exclusive Paul Raynard mountings increase diamond brilliance by 33% or more! A generous "Protected Purchase" Plan permits customer to wear and compare a Zale diamond for 30 days with guaranteed refund of money if not completely satisfied! Visit Zale's, today. Compare and see for yourself WHY Zale Diamonds are "First Choice" wherever sold!

**DIAMOND SOLITAIRE**

Single, fiery diamond set in superbly simple prong mounting of 14k white or yellow gold.

\$2.50 Weekly **\$125**

**27 DIAMOND INTERLOCKING PAIR**

Impressive wedding set has 27 radiant diamonds in modern 14k white or yellow gold mounting.

\$3.00 WEEKLY **\$150**

**11 DIAMOND SET**

A magnificent bridal set! Eleven brilliant diamonds in popular fish-tail-type mounting. 14k gold.

Pay Weekly **\$475.00**

**6 BRILLIANT DIAMONDS**

A set that looks like it would cost dollars more! Special mounting shows off diamonds. 14k gold.

1.00 Weekly **\$50.00**

**8 FIERY DIAMONDS**

Popular 14k gold fish-tail mounting lends added radiance to each brilliant diamond. Excellent buy!

Pay Weekly **\$650.00**

**MAN'S DIAMOND**

Five brilliant cut diamonds set in massive 14k yellow gold mounting with white gold top.

2.50 Weekly **\$100.00**

**DIAMOND TRIO**

Beautiful matched set for bride and groom! Five fiery diamonds in solitaire. 6 blazing diamonds in each 14k gold wedding ring.

5.00 Weekly **\$225.00**

## Big Four

(Continued From Page 1) by Foreign Minister Andrei Vishinsky late yesterday.

The Soviet note outlined at length serious objections to the Western Power proposals as contained in their notes of July 10 and concluded by declaring:

"Nevertheless the Soviet government is prepared to discuss at a meeting of the four powers on a commission for investigation of conditions for carrying out free elections in all Germany."

# The Pampa Daily News

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with the truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa News, Atchison at Somerville, Pampa, Texas. Phone 666, all departments. MEMBER OF THE ASSOCIATED PRESS (Full Licensed Wire). The Associated Press is entitled exclusively to the use for republication on all the local news printed in this newspaper as well as all AP news dispatches. Entered as second class matter under the act of March 3, 1978.

**OPS Retrenches**  
The Office of Price Stabilization must soon cut its staff in half — from 12,000 to about 6,000 employees — because of heavy budget reductions imposed by Congress.

As is to be expected, OPS and other officials are saying that the result will be to cripple the whole price control program, and that the consumer will be the greatest sufferer.

Controls, by their very nature, attempt to replace the natural law of supply and demand with fallible human judgment. Political expediency — the everlasting search for votes and patronage and power — often influences that judgment.

Under these conditions, initiative is lost, ambition is dimmed, lethargy sets in. If the controls are of the "tough" variety which short-sighted people have demanded, the inevitable result is a drop in the production and distribution of goods of many kinds — people won't spend their time and money and energies trying to do a job if they see no chance to make a fair profit.

Congress did a wise thing when it heavily cut OPS appropriations. It would have done a much wiser thing had it abolished the bureau entirely and given us back the free economy which is responsible for the unequalled living standards of our people.

## Back To Freedom

A short time ago the Kansas Livestock Association held its annual meeting at Wichita. It passed a set of resolutions under the title "Freedom" which deserve national attention. In part, here is what was said: — "We frankly recognize the fact that the policies and acts of government, which we did heretofore and do now condemn, have been legalized ostensibly under the theory, that, by promoting the economic security of the individual they would abolish want and fear.

"We are conscious of the pain that will attend the reversal of our present course. The transition from an untenable artificial economy to the law of supply and demand inexorably decreed by Nature; from lavish spending of inflated dollars to the enforced exercise of public and private thrift in the use of honest currency; from dependence on the subsidies of socialism to the self-reliance of enlightened capitalism; this transition we know, will inflict upon each one of us heavy hardship and stern sacrifice.

"But, upholding the old Constitution and honoring the Founders of the Republic, we demand its restoration. . . . The people who deal in livestock like people in a thousand diverse lines of endeavor, have had a full dose of the bitter medicine of government paternalism, government controls of almost every conceivable kind, and political dictation of our lives. Their resolution is in the finest American tradition.

## A Good Bill

Every taxpayer in this country has a very real personal interest in a bill (S.913) which has passed the Senate and is now pending in the House.

This bill provides for a Joint Congressional Budget Committee, to be made up of 14 members, seven each from the House and Senate Appropriations Committees. The committee would hire a permanent staff of technical experts whose duty would be to analyze each item in the proposed Presidential budgets and then to detail for Congress items which are wasteful or unnecessary.

This would give Congress Constitutional control over the purse strings which, in actual practice, it has largely lost. Few members of Congress are experts on money and taxation and budget-making — few have the time or inclination to plough thoroughly through budget requests which are enormously technical and complex in many instances.

5.913 would provide Congress with what it needs and must have — recommendations by experts free from outside pressure and influence. It would make it possible for Congress to vote budgets in which waste would be at a minimum. It would save us billions every year.

## This Is The Year

A warning which seems to merit thoughtful consideration by all Americans in this year of political decision was sounded recently in Youngstown, Ohio, by Dr. Ernest E. Irons, a past president of the American Medical Association.

Dr. Irons, who has been an active leader in the doctors' campaign against socialized medicine, declared that "we are still open to a flank attack through economic and business areas which have not developed an offensive against continuing socialistic trends."

"The average citizen," Dr. Irons said, "can easily tell white from black in normal questions. But he loses the ability of most of us to distinguish the many shades of socialistic grey until the moral and economic issues of superficially attractive but dangerous proposals are laid bare."

This is the year for all of us to try to distinguish the basic moral and economic issues involved in all proposals affecting the future of America.

## Better Jobs

By R. C. MOILES

### What Our School Children Are Coming To Believe

A reader sent me a copy of an article from the Los Angeles Examiner. It was written by a boy going to high school. I am reproducing it below:

"I am an Examiner carrier and therefore read the paper every day. Ever since the UNESCO (United Nations Educational Scientific Cultural Organization) came out, it has been posted by your paper.

"I am 15 years old and go to Washington High. All my friends and I are for UNESCO training in school.

"No one is trying to take away our rights. This program just wants to give all countries the great privileges that we in the United States have. They are trying to do this by stressing world history instead of United States history in our schools.

"If we are ever to have world peace, this is the way to do it, by having a world government with representatives from each nation.

"The system we have now, each nation with a separate government, has been in use for thousands of years. It doesn't work. That has been proven, and all I can say is we better do something about it, and fast."

**Youth Easy Frey Of Day Dreamers** is, of course, not the case. Not individuals who have read some history, and are educated enough to recognize that we must look through proposals for the betterment of mankind and see the end results, to believe the nonsense of this school boy. But the youth reading this propaganda in the schools—and it is pretty general in most of the later textbooks—is likely to believe that we can have peace and prosperity throughout the world by giving up our own government, and having a larger one capable of using more coercion.

What they do not seem to see is that we would be giving the rest of the world the right to confiscate our wealth and eventually give them the right to indoctrinate us with the European ideologies of statism—to indoctrinate us with the idea that the individual is not important but the group or the state is the unit that thinks and does things. Only individuals create, and the state or the group never creates. Only individuals learn and create, and the group never learns.

One of the troubles with teachers in state educational institutions is that they can only teach something that is popular. They don't even go into the details of how peace can be brought to the world. And the youth or the day dreamers never think that through.

I of course do not know what state textbooks they are using in this particular high school but I just have been reading "The Government Today" and it slyly leads the youth to believe that One World or the United Nations is better than the United States. They do not seem to realize that the Declaration of Independence is the greatest guide for society ever undertaken in a big way. And to the degree that we follow the precepts in the Declaration of Independence, to that degree do we develop character and understanding and good will among mankind.

Of course, school administrators who believe that they need not render a service good enough that people will voluntarily pay for it, and believe that the majority in each community has the right to coerce the minority would naturally believe that the majority in the world has a right to coerce and rule and boss and dominate over the individual.

Parents who love their children had better devote a little time to find out what they are being taught in our tax supported schools. There can be nothing more tyrannical, nothing more unjust, nothing more terrible, than miseducating our children. We cannot devote too much time and energy to first understanding moral laws ourselves and then teaching our children the principles on which this government was formed—a namely the Declaration of Independence and the Golden Rule.

For application to the skin it is a good thing to have soothing preparations which help to relieve the itching and speed nature's recovery. On the other hand, putting just any old ointment or lotion on the skin can cause a lot of extra trouble.

tors may have to become "detectives" to find it.

## Hold Still For Me, Colonel—

## Down South 1952 Dollar Worth One-Third The Value Of The 1932 Dollar

By THURMAN SENSING  
Southern States Industrial Council  
Nashville, Tennessee

In recent days we have heard a great deal of talk about the economic progress of the past twenty years and about the high degree of prosperity we are now enjoying. Let's examine some of the samples of this prosperity.

To begin with, it should be noted that based upon the wholesale price index—which is considered a fair gauge of relative values—the dollar of 1952 has almost exactly one-third the purchasing power of the dollar of 1932. Is that progress?

A good many of us were buying life insurance and retirement plans in 1932. We were endeavoring to provide for our families as best we could in case anything happened to us, and we were also planning for our own old age.

What has happened to the dollar in these intervening twenty years knocks all our calculations into a cocked hat. A man intending to leave his wife \$10,000 in life insurance proceeds, based upon 1932 dollars, would actually be leaving her now only \$3,333. Or a man intending to retire now upon a \$100 per month life annuity would actually retire with \$33 per month, based upon 1932 purchasing power. Two-thirds of the value each expected to have been wiped out! Is that prosperity?

We were urged to buy government bonds during these years, and most of us did buy them. What has been the result?

If you had invested \$10,000 in government bonds in 1932, you would have had an irredeemable paper currency. What has happened to gold and the dollar during these twenty years?

If you had \$10,000 in gold in 1932, your government forced you to exchange it for \$10,000 in currency. The \$10,000 in currency is still \$10,000 in currency, and based upon 1932 purchasing power, would now have a value of \$3,333 — whereas the \$10,000 in gold which was forcibly taken from you would now bring \$23,000 in the free money markets of the world and would have a purchasing power of \$7,666. Is that prosperity?

Those who invested no money at all during the last twenty years in life insurance or retirement plans, those whose savings during these years have appreciated in value to at least the increase in the price of gold, those who are now earning three times as many dollars as they earned twenty years ago — these people are as well off as they were in 1932, but no better off. Have they prospered?

And how about the millions of people who did invest in life insurance and government bonds, who had no chance to invest their savings for appreciation, who must live on fixed income and cannot

get more dollars. Are they prosperous? And finally, is the nation prosperous? The national debt was \$19 billion in 1932; it is \$262 billion now. During eighteen of these twenty years, the federal government spent more than it took in. Is that prosperity? Or are we buying an appearance of prosperity with borrowed money? In 1932, federal taxes took five percent of the National Income; in 1952, federal taxes are taking twenty-five percent of the National Income. Is that prosperity?

We have made great technological progress during these twenty years — as we have during every twenty-year period in our history — but we had better think twice before we swallow this talk of general prosperity. Violation of the moral principles that must always underlie a sound economy, as evidenced by the illustrations given above, can never result in real prosperity.

## Fair Enough'.... NLRB Forced Reinstatement Of Ex-Cop With Criminal Slate

By WESTBROOK PEGLER  
(Copyright, 1952, by West- brook Pegler, Inc.)

The National Labor Relations Board has ordered a manufacturer in Boston engaged in the production of secret electronic devices for the Army, Navy and Air Force to reinstate a workman with a criminal record who denied that he had ever been convicted of a crime in his application for his job.

The employee is John S. Stabins, a renegade Boston policeman who robbed a liquor store while on duty in uniform in 1940, was convicted by a jury, sent to prison for three months and canned from the force.

Stabins was not restored to his defense factory job. He did get \$355.20 back pay. But, in a transaction having the characteristics of a shakedown by an official agency of the federal government, in favor of a union, he agreed in writing to "resign" and waived his claim to the job. This was a deal under the table.

In addition to the penalty of \$255.20, Photovitch, Inc., the defendant company, was forced to sign an abject, humiliating admission of wrongdoing in dismissing a convicted fiduciary agent he had had in his application, and to post a bond of \$10,000 to the National Labor Relations Board. This document, dictated by the labor relations board, said: "Notice to all employees: Pursuant to the recommendations of a trial examiner. . . . WE WILL NOT discourage membership in the International Union of Electrical Radio and Machine Workers (CIO). . . . by discriminatorily discharging or refusing to reinstate any of our employees."

And the duncecap order further said: "We will offer to John S. Stabins immediate and full reinstatement without prejudice to his seniority or other rights and privileges and we will make him whole for loss of pay."

The tenor of the notice is characteristic and a hardy survival of the pioneer days of this vicious bureau under the original New Deal Communist.

They were made notorious by congressional exposure. The Communist purpose was to exalt the tax-exempt, predatory union racket over taxpaying, law-paying business firms of unquestioned loyalty to the United States. Then, as now, only wily union executives were traitorous adherents of the Muscovite treason.

The duncecap order closed with a bottom line which read: "This notice must remain posted for 60 days from date hereof and must not be altered, defaced or covered by any other material."

The final disposition, holding Photovitch guilty of discrimination against this thief and liar in a plant covered by special "security" measures was signed by Paul M. Herzog, chairman, and John M. Houston and Abe Murdock, Labor Duck Congressmen, members of the board. Herzog is the man who created an unbearable situation which forced Robert N. Denham to resign his job as general counsel of the board when Denham insisted on strict adherence to the Taft-Hartley Law. His resignation created a vacancy for Ida Klaus, a niece of David Dubinsky, the perpetual president-dictator of the Garment Workers Union. Miss Klaus's interpretation of the law has been satisfactory to the board.

Stabins was a cop from 1919 to 1940. In his application for work at Photovitch he said he had no police record. Had he admitted his record he would have been turned down.

Edmund J. Blake, the company's lawyer, a specialist in these brazen labor board jobs, bore down on the fact that Stabins signed his name just below a line warning him that "any misrepresentation" would be sufficient cause for dismissal. Mrs. Blake argued that if Stabins were upheld just because he had joined a union, no criminal, however dangerous, could be hired for a job. He provided he bestirred himself in union activity. This has been the rule nevertheless for many years and many vicious criminals enjoyed its protection throughout World War II. And the trial examiner held that Stabins was a "truthful witness" while the emperor and cost him his life. To someone didn't do a thorough research job on this lissome, brown mtnx and spill the entire rosy story. Actually, of course, the story of pretty girls consorting and collaborating with the conquerors of their people is not new and as

recently as World War II in France we learned of some outstanding examples of betraying your fellow live good with the enemy. But Malinche was a special kind and could have taught her successors a trick or two in full, thorough practice of infamy.

In any case, Mrs. Sale had poured whole months of her time into study of the Malinche story and was launched on her novel about Malinche. It hasn't shown up. The deductive work she did on Malinche didn't finish it. She is too good a writer to have written a book publishers won't buy. The deduction has to be that she got embroiled in writing movies and in dreaming up such a juicy story, dotting her swimming pool with brandy snifters.

Back to your typewriter, woman. Let your guests fend for themselves.

On Communist reports of germ warfare, he says: "No one in China can have any doubt of the reality of this deed." It is clear, therefore, that in the course of a year or two, Mao Tse-tung has not only educated the 500,000,000 mainly illiterate Chinese to the point where they know what "germ warfare" means, but he has supplied them with an imposing number of microscopes, and brought them in teeming hordes to Korea to examine the evidence. Dr. Hewlett Johnson brought back proof in writing—obvious and authentic, because it was Chinese writing!

## The Nation's Press

RED DEAN AMONG THE YELLOW MEN  
"Truth," London, Eng.

Those who suppose that the loving kindness of the Dean of Canterbury is reserved for the Soviet Union are mistaken. No bounds contain his zeal. The regimes in Poland, Czechoslovakia, Hungary, Rumania and Bulgaria are equal claim to his devotion, while the Red Dean congratulates the golly Mao Tse-tung and his most Christian Government. Dr. Hewlett Johnson went there, no doubt in the service of truth and honor. The result is that the world now knows that "religion free" throughout that vast region — no doubt the nuns recently tried and held up to public execration were Fascist beasts—that the impudent, impudent people of British India, which, they fervently desire—and that the brutal Western Powers have, indeed, been waging bacteriological warfare in Korea. Dr. Hewlett Johnson brought back proof in writing—obvious and authentic, because it was Chinese writing!

### Schools In Canadian Open Sept. 2

Canadian schools will open for the 1952-53 term, Tuesday, Sept. 2. Supt. A. H. Breazeale has announced.

Registration schedules for all schools were announced this week and school buses will begin operating on regular schedules on opening day.

Boys reporting for football practice Monday, Sept. 1, are to enroll Saturday morning, Aug. 30 at the high school and members of the high school band will be enrolled at 1:30 p.m. the same day.

The first faculty meeting of the school year has been set for Sept. 1 at 3 p.m. in the high school library.

Enrollment this year is expected to be about the same as in 1951, Breazeale said. No major increases are anticipated.

"Gothic" term still applied to heavy black-letter type, was a term of contempt used by Renaissance type designers, and meant barbarous.

### Majority Of Lefors Graduates Planning To Attend College

LEFORS (Special) — Graduates of 1952 here plan to attend college almost 100 per cent, a recent survey shows.

Fryda Mae Howell, a personality queen, plans to enter West Texas State, while Dick Maple, a valedictorian and athlete, has chosen Texas A&M.

Texas Tech claims Melvin "Burl" Bigham, Fern McCathern, Dickie Davis and Wanda Williams.

Shirley Perkins, editor of the "Pirate," school paper, attended summer school at Abilene Christian College and plans to return there this fall.

Edward Wiggins and Bill Linton have been accepted by Hardin - Simmons University at Abilene.

Joe Archer and his recent bride, the former Wanda Vaughn, have already gone to San Antonio where they plan to attend Trinity University.

Gordon Ryledge, Pirate football star, will attend Arlington State, a branch of Texas A&M, while Bob Newcom favors Sul Ross at Alpine. Bob Bishop, popular athletic manager, is undecided between Amarillo College and West Texas. Others in the 1952 class have announced that they will go to college but are as yet undecided upon the choice of campus.

Other college students from the Lefors area are Johnny Morris, Rebecca Breining, Bob Wilton and Freddy Newson, North Texas State, Tommy Jinks, West Texas State, Joel Combs and Don Stokes, Oklahoma University. Plans of other "Pirates" students will be announced shortly.

### Skellytown Cubs Reactivate Sept. 8

SKELLYTOWN (Special) — Skellytown Cub Scouts will start their new year the week of Sept. 8. This was brought out at a meeting held by Scouts and leaders in Skellytown last week.

The group, Pack 9, directed by Bob Heaton, met in the home of Mr. and Mrs. Ray Wither for a committee meeting at which the season's activities were discussed and a winner's roast planned for Aug. 27.

Parents attending the session were Mrs. C. E. Hanna, Mrs. Harold Braddock, Mrs. Bob McKernon, Mrs. Mable Pearson and Mr. and Mrs. Ray Wither.

### Irish Kick-Off Highway 66 Drive

SHAMROCK (Special) — G. L. Harrison has announced that a kick-off breakfast at 7 a.m. Tuesday will launch the annual fund drive of the Shamrock Unit of the National Highway 66 Association.

Workers will attend the breakfast and start the solicitation for funds immediately afterwards. The committee headed by Harrison hopes to complete Shamrock's \$450 quota in one day.

Working with Harrison on the campaign are: Robert Laycock, Jim Abbott, Norman Patrick, Ed Smith, Pat Ryan, Glynn Bell, Dennis Ward, Glenn Richerson, and Gerald Mayfield.

### Shamrock Couple Visits In Hawaii

SHAMROCK (Special) — Among the passengers who "Lurled to Hawaii" aboard Matson Lines Luxury Liner Lurline from San Francisco, Calif., on Aug. 13, were Mr. and Mrs. George Stanley, 112 S. Iowa St., Shamrock. The couple are visiting their son-in-law and daughter, Major and Mrs. Austin Wiggins, and children. Mrs. Stanley is society

bulk weight and help regain slender, more graceful curves, return the empty bottle for your money back.

Lost 36 Pounds  
Mrs. Lionel Scott, Route 1, Box 36, Weigate, Texas, wrote us that she has gained off 36 pounds taking Barcstrate. Everyone does not want to lose that much of course. Mrs. W. G. West, 137 E. Park St., Sulphur Springs, Texas, reports that she lost 16 pounds and that she ate everything she wanted. Why not start today losing weight with Barcstrate?

Here is an inexpensive home recipe to take off unguilty weight and help bring back alluring curves and graceful slenderness. Just get from any drugist, four ounces of liquid Barcstrate. Four into pint bottle and add grapefruit juice to fill bottle. Then take just two tablespoonful twice a day. That's all there is to it. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose

**TO FIRST BAPTIST** — Bob Stroble will arrive in Pampa this week to make preparations for taking over duties as minister of education and associate pastor for the First Baptist Church here. A get-acquainted dinner is planned at the church Wednesday for Stroble and his family. He comes to Pampa from The Dauphin Way Baptist Church, Mobile, Alabama.

### Lela Schools Slate Opening Sept. 2

SHAMROCK (Special) — Enrollment for the 1951-52 term of the Lela Independent School District will be held August 29. T. H. Baker, principal, announced this week. Regular classes will start Sept. 2.

Parents are invited to visit the school. Remodeling during the summer was done in the lunch room and in the first grade room. The school board has worked hard to make preparations for the school opening.

Board members are: Dusan Palko, president; R. L. Wyatt, secretary; C. G. Cantrell, Jr., vice president; Dee Crowder, R. L. Griffin, Duward Price and Carl Phillips.

Mrs. Johnnie Bentley was named as teacher of the seventh grade to complete the faculty. Other members of the faculty, Mrs. Caro Beth Wells, first and second grades; Mrs. Helen Sanders, third and fourth grades; Mrs. Mildred Scruggs, fifth and sixth grades; and Mrs. Maude Sims, eighth grade.

editor of the Shamrock Texan. Mr. Stanley is associated with Tisdal Truck and Implement Co.

# WARREN'S WARMUP

By WARREN HASSE—News Sports Editor

QUESTION: Who is the only professional golfer to win the Masters Golf Tournament three straight times?

TIME FOR A CHANGE, FELLOWS?

Every year, as the West Texas-New Mexico League baseball race draws toward the wire, and the owners red ink bottle nears emptiness, something always starts rumors of changes in the league and transferring of ballclubs. Earlier this week a special, hush-hush executive meeting of the league in Lubbock again roused the rumors, which this time don't appear to be just idle rumormongering. It looks like this year some changes are due to be made.

How much they will involve Pampa, we don't know at this time. Nor does anyone else seem to be able to tell. But the executive session is due to reconvene in about two weeks, and something concrete might result.

Reports we have gotten from last week's meeting were that all the club presidents were claiming a deficit for the season. A deficit brought on by the greediness of the larger towns in the circuit who refused to listen to the wishes of the smaller entries last year.

The smaller clubs explained to the large franchises that they couldn't possibly survive in the league with a huge roster of veterans because of the tremendous salary load required by these experienced players. But the big clubs held sway, and the veteran limit was settled on at eight, over the protests of at least two small-town owners. Now the big boys are finding that they should have listened to the grass roots boys.

It takes just so many admissions at the gate to foot the bill of a ballclub. The town with the largest population is the one that stands the best chance of paying the bills. From strictly a percentage standpoint, Pampa, drawing on the average of 500 per night (a hazardous guess) has drawn a larger percentage of its population than has either Lubbock or Albuquerque. BUT 200 a night won't pay the bills. Which is the reason why the club lives in Albuquerque or Pampa. BUT, the 2,000 fans a night at Albuquerque will foot the bills there.

By salary standards, this league is not class C. We know of a major league catcher today, who caught in a world series a few years ago, and wasn't drawing half the salary that at least 10 players we can name are drawing this season in the WT-NM.

The legal salary limitations of the league is \$3,400 a month (exclusive of manager), the maximum permitted in Class C by the National Association. But it is doubtful if there is a club in the league abiding by this limit. There is where the trouble lies. Why aren't they abiding by it? Because they can't possibly do so and still have eight veterans on the club. We don't blame the veterans. They have been knocking around in baseball most of their life, aren't going anywhere now, and if they can draw a good salary for their services right now, more power to them.

The trouble is within the league itself for permitting a Class C league to try and operate with Class A rosters. It's time to give the league back to the club owners! We like baseball. We want to see it continue in Pampa, Borger, Clovis, Lamesa and Pankin Center. But it can't when these small communities must draw four and five times this population to break even.

Let's look at it another way. Using the basis of \$3,400 a month salary limit for the five months of the season, it is going to cost the club owner \$17,000, plus about \$3,000 (to use round figures) or \$20,000 a year in salaries. Add to this the expenses of the balls, bats, light, insurance, other employees, uniforms, transportation, etc., and you can see it will probably cost around \$25,000 a year. That is if they abide by the player salary limit. Now, an attendance of 40,000 adult admissions over a season would bring in \$30,000 less taxes. Add to that amount the kid tickets, the sale of signs and hot seats, and your concessions take, and a club owner would probably be able to show some black ink. It would be close, but anyway, he wouldn't be losing the huge amount of money now and baseball could probably continue in the smaller towns.

Yes, it's time to give the game back to the owners—the addition of the Midland Bulldogs to this season promises to make it even tougher. Because the new member club is going to have a lot to say about who will be on top of the heap at the end of the season from all indications. Four Favorites Right now it looks like Lubbock, Odessa, Midland and Amarillo will be the big four, with Pampa, Borger, San Angelo and Abilene bringing up the rear. At least that is the way several of the sportswriters have sized it up. Lubbock will have six regulars and 14 other lettermen returning. Of the six regulars two were on the offensive team and four on the defensive. But a strong school football program promises to furnish adequate replacements. Leading the returnees for the Hub City boys will be Dick Lowmyer from the ball-carrying unit and tackles Jimmy Gaffney and Jerry Martin and halfbacks Buddy Hill and Sammy Garner from the defensive squad. Hill is a treacherous quarterback on the offense, and should be

# Yankees Move Into Lead With 1-0 Win

## Westland, After 21 Years, Captures National Amateur

### Jim Turnesa Grabs Lead in Fort Wayne Open Tourney

FORT WAYNE, Ind. (AP)—Jim Turnesa of Briarcliff, N. Y., the PGA champion, staked his fifth consecutive 3-hole 34 Saturday and added a 43 to take over the lead in the Fort Wayne Open Golf Tournament.

His 203 total was 13 under par for the 54 holes. The final round is Sunday.

The steady Turnesa was the victor in the Fort Wayne Ellis Course and his eight-foot birdie putt on No. 17 took the three-quarter lead away from Julius Boros of Mid Pines, N.C., the national open champ, and Ted Kroll of New Hartford, N.Y., the halfway leader.

The muscular Boros, in a six-hole tie for fifth place Friday, matched Turnesa's 67 today and Kroll took a 68 today and Kroll took a 69. That gave them 205 total.

Cary Middlecoff of Memphis, showing the strain of a long winning streak, dropped from his second-place tie Friday to a fourth-place tie Saturday with Jimmy Clark of Laguna Beach, Calif. Middlecoff took a 69 for 705 total.

Clark splashed a 6 - under - par 20 on the back nine, lowest score ever fired on that half of the course, to go with par 36 on the outward trip. His back nine included four birdies and an eagle and his 66 compared with 69 and 70 on his first two rounds.

Clark finished with a 206, tied Friday with Turnesa, a 20 Middlecoff for second place, took a 71 today and added to a three-way tie for eighth.

The leaders included: Jack Burke Jr., Houston, Tex. 72-65-71-206. Earl Stewart Jr., Dallas, Tex. 71-68-70-209.

### Fish Hook Saves Boy

RUSSELLVILLE, Ark. (AP)—The story of how a fish hook helped save the life of a 12-year-old boy has been disclosed here.

The boy, James Chronister of Moreland, was fishing in Hacker Creek near here Wednesday afternoon. He slipped into the water by accident. A nearby fisherman, F. M. Virdean, saw the boy go down but he couldn't swim. He shouted for help.

About a hundred yards away E. V. Lavell heard the cry and came running up. He dove into the water but couldn't find the lad.

Then he seized a floating fishing pole to probe for the boy. He gave the pole a tug and dragged the boy from the water.

### Army Buys Body Armor

WASHINGTON (AP)—The Army is buying body armor through the Marine Corps for use by soldiers in Korea because it is not yet receiving its own type of armor in volume.

The Army has announced it has ordered 25,000 suits of the Marine-type armor made of rigid fiber glass plates curved to fit the body.

But, it said, it is going ahead with its own plans to develop a protective garment made of 12 layers of flexible laminated nylon ducks.

Tests in Korea have shown that both types are effective in preventing wounds from mortar shells, hand grenades and other low-velocity messies and fragments.

SEATTLE (AP)—Jack Westland, a beaten finalist 21 years ago, became United States Amateur Golf champion Saturday.

The 47-year-old Everett, Wash., insurance man, who took time out from a howlittical campaign to defend the title tournament, triumphed back the repeated challenges of young Al Mengert of Spokane, Wash., to win, 3 and 2, in the 36-hole all - Northwest final.

Westland, the oldest man ever to win the U.S. amateur title, shot superb, rock - steady golf through the entire 34 holes of the final match.

He had a couple of unsteady moments on the first nine of the afternoon round, when he let the 23 - year - old Mengert catch him for the second time, but on the crucial closing holes it was Westland who remained cool as an ice cube, shooting a steady string of pars to win.

Westland held a 6 - foot putt on the 34th hole before a gallery of more than 5,000 for a par. Mengert, 23, had a five on the hole.

Westland held a one-up lead at the end of the first 18. Mengert took over for the first time with a one-up lead at the 34th.

On the treacherous 34th, a lake hole, Mengert's second shot hit a trap. Westland was short of the trap in good shape. Westland pitched six feet from the cup.

Westland rolled and won on the 34th. On the treacherous 34th, a lake hole, Mengert's second shot hit a trap. Westland was short of the trap in good shape. Westland pitched six feet from the cup.

### Oilers Back To Face Hubs Tonight

The cellar-dwelling Pampa Oilers, almost mathematically eliminated from a playoff spot, return home tonight to play the Lubbock Hubbers in the first game of a two - game series.

Game time is 8:30, the usual favorite starting time. Ted Gardner or Max Molberg is the probable starting pitcher for the Oilers while Juan Montero will probably go against his former mates for the Hubbers.

Also with the Lubbock club will be another former Pampa favorite, third baseman Lou Suarez. Suarez joined the Hubbers about two weeks ago, but was hit in the face by a bad-hop-

ping ball and was quite badly cut up. He hasn't returned to the lineup since, but may be with them tonight.

The clubs conclude their series with a single 8:15 game Monday. It is the final appearance this year of the Hubbers in Oiler Park. Then the Pampans go on the road for six days, hitting all of the three southern towns.

Nothing but title matches seems to be the order of the day for Pampa wrestling fans. Promoter Howard Vineyard has announced another title bout to follow up his world championship battle of two weeks ago.

On next Friday night, again in the outdoor arena at Oiler Park, Cowboy Carlson, the current Southwestern states junior heavyweight champion, will put his title on the line for the colorful Frankie Hill Murdock.

The first match of the program will start at 8:30. The remainder of the card hasn't been completed as yet, but at least two more bouts will be scheduled.

Murdock has been absent from the area's wrestling rings for the past six months. But his colorful cowboy regalia, short-trimmed beard and rugged wrestling style have always proved popular with local fans.

Carlson, a young Montana cowboy who moved in, has proved to be a very clever matman. His "mule kicks" and other original tactics have made his foes wary of his movements.

Reserved seat tickets will go on sale Friday morning at the Sportsman's Store and will be on sale again at 7 p.m. at Oiler Park. Reservations may also be made by telephoning 2035.

The Panuco Ribber, near Tampico, Mexico, has produced more 200-pound tarpon than any river known to fishermen.

## Thompson Tosses Win Over Clovis

CLOVIS (AP)—Tall Tommy Thompson halted the Pampa Oilers' losing streak at six 15-4; Albuquerque edged Lubbock 3-1; and Lamesa and Amarillo split a doubleheader. The Oilers took the first game 10-6 and then the Sox grabbed the nightcap, 11-5.

Until the 18th century the spinning and weaving of flax was one of the most important of the domestic industries of Europe.

## Murdock To Seek Carlson's Crown Here Next Friday

Nothing but title matches seems to be the order of the day for Pampa wrestling fans. Promoter Howard Vineyard has announced another title bout to follow up his world championship battle of two weeks ago.

On next Friday night, again in the outdoor arena at Oiler Park, Cowboy Carlson, the current Southwestern states junior heavyweight champion, will put his title on the line for the colorful Frankie Hill Murdock.

The first match of the program will start at 8:30. The remainder of the card hasn't been completed as yet, but at least two more bouts will be scheduled.

## Raschi Hurls Win; Gets Good Support

NEW YORK (AP)—Vic Raschi pitched the New York Yankees back into first place in the stirring American League pennant race Saturday by beating the Cleveland Indians, 1-0, before 35,747 fans, largest crowd of the year at Yankee Stadium. Gene Woodling and Joe Collins whacked consecutive doubles in the fourth inning to account for the game's only run off Early Wynn.

The Indians, had taken the lead Friday by one percentage point by downing the Bombers, 6-4. Brilliant fielding in the eighth inning prevented the Indians from tying the score. Bill Wynn was cut down at the plate attempting to score from first base on Dale Mitchell's two - out double to right center field. Hank Bauer retrieved the ball, fired in to second baseman Billy Martin, who whipped it to catcher Yogi Berra in time to nail the sliding Blynn.

Raschi surrendered six hits in posting his 15th victor of the season compared to three defeats. Wynn was tagged for seven safeties.

Until the eighth, rookie Jim Waugb, fresh up from the minors, had allowed the Brooks only three hits and Amoros' tally in the fourth inning.

Big Ralph Kiner got the Pirates off to a one - run lead in the second with his 27th home run of the year. The Pirates added the second marker in the seventh on a walk by catcher Clyde McCullough and a double off the left field screen by rookie Emanuel Senerchia.

George Shuba drove in Edmondson with the Dodgers' winning tally after Jackie Robinson tied the contest with a single, sending across Billy Cox.

# Interscholastic League Starts Another Gridiron Campaign On Sept. 1

A week from tomorrow, after 111 days on the shelf, football equipment at Pampa High School will again be dragged out, donned, and then worn out by husky athletes bidding for starting positions in the 1952 edition of the Pampa Harvesters. Next Monday, Sept. 1, is the legal date on which interscholastic League members may again put on the mosekinis and cleats in preparation for the new campaign.

For two members of District 1-AAAA, the late fall practice drills gives the coaches less than two weeks to sharpen their wits for the first ball game. The Pampa coaches get 19 days.

With the football season just a week away from starting, a quick look at the "Little Southwest Conference" - as 1-AAAA is lovingly known (despite the fact it grew to eight members since last season ended) - looks like another rat - race for the championship. And still in the driver's seat are the Lubbock Westerners.

Last year's state champions and this year's team to defeat the Harvesters last year, the race was a rough one last year, but the

top signal - caller in the district. Heading the list of returning Bronchos of Odessa will be the tall quarterback, Carl Schleymerer, the boy with the whiplike arm. He will be aiming his aerial shots at end Johnny Heio, a holdover from last year. Other returnees are tackles Ed Gay and Bill Eisinger, halfback Charley Ward and Bobby Ghormely and Abilene bringing up the rear. At least that is the way several of the sportswriters have sized it up.

Right now it looks like Lubbock, Odessa, Midland and Amarillo will be the big four, with Pampa, Borger, San Angelo and Abilene bringing up the rear. At least that is the way several of the sportswriters have sized it up.

Lubbock will have six regulars and 14 other lettermen returning. Of the six regulars two were on the offensive team and four on the defensive. But a strong school football program promises to furnish adequate replacements. Leading the returnees for the Hub City boys will be Dick Lowmyer from the ball-carrying unit and tackles Jimmy Gaffney and Jerry Martin and halfbacks Buddy Hill and Sammy Garner from the defensive squad. Hill is a treacherous quarterback on the offense, and should be

Lubbock will have six regulars and 14 other lettermen returning. Of the six regulars two were on the offensive team and four on the defensive. But a strong school football program promises to furnish adequate replacements. Leading the returnees for the Hub City boys will be Dick Lowmyer from the ball-carrying unit and tackles Jimmy Gaffney and Jerry Martin and halfbacks Buddy Hill and Sammy Garner from the defensive squad. Hill is a treacherous quarterback on the offense, and should be

defensive backs Swain Adams and Dale Sherrod. All tallied, the Bronchos get eight returning defensive and offensive regulars from the squad which had an 8-2 mark last year, losing only to Pampa and Lubbock.

Amarillo's Sandies, far from the great Sandies clubs of past years, should start back up the hill this season. They have but three regulars returning from the squad which won seven and lost three last year. They are guards Leon Egleson and William Armstrong and back Jackie Miller. Other lettermen from last year include fullbacks Kent Gathright and Gene Booth, halfback Bobby Gahan and tackles Curtis Ballard and Carroll Shelton.

Midland could be the really surprise club. Coach Tugboat Jones will have four returning offensive starters and three of his defensive first stringers. In addition, he will get some aid from blocking back Larry Friday, who didn't play last year, but was a main cog in '50.

Abilene has only one returning regular, guard Jerry Turner, but the Eagles will draw strongly on

their B squad and deserves to plug the gaps.

Another questionmark ballclub. Leading the 16 returning lettermen will be quarterback Bubba Hillman, a neat passer who will be ably flanked by halfbacks Eddie Ward and Dean May, both scatters. They will miss their passing attack of last year, though, Cleburne Bybee and Chippy Spencer.

San Angelo has 17 returning lettermen, but they probably won't be too potent. Coach Pete Sikes' club should be improved but after the horrendous season the Bobcats had last year it will take a while to get the spirit back up.

1952 Schedule The complete District 1-AAAA football schedule for 1952 follows: Sept. 12 - Abilene at Arlington Heights of Fort Worth; Odessa at Port Arthur.

Sept. 18 - Shamrock at Borger. Sept. 19 - Pampa at Austin of El Paso; Capitol Hill of Oklahoma at Odessa; Plainview at Lubbock; Lamesa at Midland; San Angelo City at Amarillo; Sweetwater at

at Midland; Vernon at Pampa; Highland Park of Dallas at Lubbock; Breckenridge at San Angelo.

Oct. 3 - Duncan, Okla., at Pampa; Plainview at Amarillo; Lubbock at North Fort Worth; Paschal of Fort Worth at Odessa; Yaleta at Midland; San Angelo at Sweetwater; Breckenridge at Abilene; Borger at Austin of Odessa at Lubbock; Midland at San Angelo; Borger at Abilene; Oct. 13 - Pampa at Abilene; Amarillo at Odessa; San Angelo at Lubbock; Midland at Borger.

Oct. 24 - Midland at Pampa; Abilene at Amarillo; Odessa at San Angelo; Lubbock at Borger; Abilene at Midland.

Nov. 1 - Lubbock at Pampa; San Angelo at Amarillo.

Nov. 14 - Amarillo at Midland; Lubbock at Abilene; Borger at San Angelo.

Nov. 15 - Pampa at Odessa.

Nov. 22 - San Angelo at Pampa; Amarillo at Borger; Abilene at Odessa; Lubbock at Midland.

# New Coaching Staff Takes Up Reins Of Young Lefors Pirates

**By DON BLAKE**  
**Pampa News Correspondent**  
**LEFORS (Special)** — Although the weather is still hot and main interest is centered in the local softball league at present, an atmosphere of football creeps into fans' conversation on the "DP Bench" at the local square nowadays.

Long a football stronghold in District 1-A, the Lefors Pirates are an unknown quantity this year since the subject of much speculation in this little oil town. With a brand new coaching staff the townspeople are eagerly awaiting the call for practice Sept. 1 to get a line on what the Bucs will have to offer this season.

Last year's District 1-A runner-up will field an almost completely new team having lost eight starters by graduation. Bob Callan, who conducted spring training after having been elected head coach, has resigned and is succeeded by his brother H. W. Callan, former assistant at Shamrock. C. H. Keeton, a Pirate great several years ago and more recently a standout at West Texas State, has been named assistant coach and will handle the line. Albert Arledge will coach Junior High football and varsity basketball. Arledge is a graduate of Texas Wesleyan College at Ft. Worth and coached at Nacoma the past two years. All the coaches attended the recent Texas High School Coaches' School at Ft. Worth.

**Lost Stars**  
 Lost to the Pirates are Bob Clemmons and Ray Dickerson, both all-District 1-A and co-captains last year, center and wing-back, respectively. Also gone are high greats Melvin (Burl) Bigman, Ed Wiggins, Gordon Rutledge, Bob Newson and Dickie Maples.

On the bright side coach Callan has a fine group of returnees. Headed by co-captains Billy Watson and Russell Herring the Pirates are backed by such stars in the backfield as Jimmy Dorn, powerhouse; and Joe Dick Martin and Eddy Clemmons, speedsters and sidesteppers. Jack Pfug, Dick Redus and Charles Shockley will bolster the backfield as will Johnny Rowe, the junior high star who will be a freshman and make a strong bid for a berth

**H. W. CALLAN** .. head coach.  
**C. H. KEETON** .. assistant coach.

on the varsity his first time out. Yandel Hudson, Royce Gee, Larry Rider, Gene Fulton, Robert Smith, Don Davis, George Lackey, Richard Tennant, Bob Klein, Ted Oldham are other outstanding line candidates.

An odd twist is Don Howard's bid for a berth on the squad. One of the student managers last year, Howard has decided to try for a varsity letter in his senior year. He looked good in spring training at several line spots and no doubt will see considerable service. L. B. (Cub) Coberly, arming light of the 1951 "B" squad's backfield, is a question mark as he may not be able to report because of work at his father's dairy farm. Another enigma is Earl Wingert, former Pampa Guerilla, who showed to advantage in spring training. If it is found that Wingert is ineligible for the Buc varsity he will undoubtedly add power to the "B" squad line.

Rowe is the only freshman expected to make the "A" squad, as all the other junior high greats are light and not so speedy for their age. However, it looks like a good squad, even with the changes, and Pirate fans are hopeful.

## Sports Roundup

**NEW YORK (AP)** — Now look, let us not be hasty about comparing this nice young fellow Bobby Shantz, with another left-hander who used to pitch for the Athletics, name of Robert Moses Grove. Let us leave Bobby to develop for a time, say 10 to 15 years, before we take him beyond his depth.

Jimmy Dykes, who manages the present A's and who played infield alongside Grove — what little infielding was necessary. Everything Shantz racks up on another one, happens to be a pitcher Dykes against a wall and demands to know if the devious little cuss isn't a better pitcher than Old Moses was.

Well, it puts Dykes in an awkward spot. About all he can do under the circumstances is take a reflective puff on his cigar and say that it is difficult to compare 'em. Shantz being the cutie type with five or six different pitches whereas Grove, in his greatest days, was a A's depended on a fast ball, a faster ball and a bullet, holding the latter back for emergencies.

The danger is that if it keeps up Dykes is going to forget himself and forget that Grove was a sullen, unsociable bellow in his playing days and told somebody off. Much as he may love the little tyke and much as he would love to see him notch those 300 victories, he knows that Shantz faces an almost superhuman task in trying to match any phase of Grove's record.

Sure, Old Moses was the last American leaguer to win 30 or more and the only southpaw ever to attain that mark. That was in 1931, when he closed with a 31-1 record — against the modern rabbit ball, incidentally. But that's just happened to represent the peak of his great career. Let us look at what they are asking Shantz to shoot at.

Grove pitched 17 years in the big show, the first nine with the Athletics and the final eight with the Boston Red Sox. In his 17 years he won 300 and lost 141. He was a right-hander and his fast ball just a memory, he still was able to break even at 7-7 with a sore arm curve.

Those seven he won in his vaudeville days were just sufficient to total 300 victories for the long route against 141 defeats. Again these figures scarcely indicate how magnificent the hall of famer was, how virtually unbeatable during the period when he was really blowing them down.

In the nine-year stretch from 1927 through 1935, Grove only once won fewer than 20 games. His victories read, in order: 20, 24, 20, 28, 31, 25, 24, 8, 20. That long-term eight came in 1934, his first after he had been traded to the "Gold Sox" in a spectacular deal. He had a sore arm that year, but he came back with a curve the next that was good for 20 wins, and as late as 1938, he still was cagey enough to lead the American League in winning percentage with .644.

None of this is meant to discourage Shantz or to suggest that Philadelphia's fans haven't something to get excited about. They have. One who saw Grove at his peak merely wishes to recommend moderation.

# Bobby Fernandez Takes Over Bat Leadership With .483

A former West Texas - New Mexico League batting champion who has been away from the league for several years has returned to take over the individual batting leadership according to the latest official averages. Bobby Fernandez, who clouted the ball at a .404 clip in 1949 while with the Abilene Blue Sox, is currently smashing the apple at a .483 clip for the Lubbock Hubbers. But Fernandez doesn't have enough timeleft to get enough games in to make his torrid pace a legal one.

Second place is held by another Cuban ballplayer, Pat Lorenzo of Borger, hitting .409. But Lorenzo, like Fernandez, is a doubtful legal owner because of the number of games he will get to play.

One boy sure to have enough games is Cully Rikard of Albuquerque. The former Pittsburgh outfielder is third in the averages with a .381 percentage, ten points ahead of Don Stokes of Lamesa. The home run hitting leadership is still held by Jim Matthews of the Clovis Pioneers, but Jumbo Jim is getting quite a bit of trouble from a pair of Gold Soxers, Merv Connors and Les Mulcahy. Both are not tiring in the stretch, and instead are re-pounding the ball harder.

The runs - batted - in department has been taken over by Joe Fortin of the Lamesa Lobos. Jo-Jo wrestled it away from Art Cutti of the Albuquerque Dukes.

Rice is slowed by Stan Matthews and Francis Rice, who headed three departments last week, is on top in only one this week, runs scored. Teammate Cliff Pemberton has taken the total hit lead and Stan Machinsky has moved into a tie with Rice for total bases.

Mel Kramer and Red Dial of the Pioneers continue to be the pitching race setters with Ray Machado of Lubbock the work horse and Ed Flanagan of Albuquerque the strikeout king.

Innings pitched: Ray Machado, Lubbock, 217; Priest, Albuquerque, 216; Hair, Clovis, 221; Juan Montero, Lubbock, 217; Priest, Albuquerque, 21. Strike out: Ed Flanagan, Albuquerque, 158; Montero, Lubbock, 156; Priest, Albuquerque, 150; George Payne, Lamesa, 141; Dial, Clovis, 139.

**PITCHING LEADERS:**  
 Player, club W L  
 Mel Kramer, Clovis 11 1  
 Red Dial, Clovis 23 7  
 Otho Nicholass, Abilene 14 5  
 Lloyd Hair, Clovis 13 6  
 Bill Hair, Clovis 15 8  
 Jesse Priest, Albuquerque 19 11  
 Ed Arthur, Lamesa 19 11  
 Innings pitched: Ray Machado, Lubbock, 217; Priest, Albuquerque, 216; Hair, Clovis, 221; Juan Montero, Lubbock, 217; Priest, Albuquerque, 21. Strike out: Ed Flanagan, Albuquerque, 158; Montero, Lubbock, 156; Priest, Albuquerque, 150; George Payne, Lamesa, 141; Dial, Clovis, 139.

**McFall President Of City League**  
 John McFall was named president of the Men's City Bowling League at an organizational meeting held Thursday night. He will have Abrey Johnson as his vice president and Bill Berthens was named to the secretary-treasurer's post.

In other business, the league decided to set sponsorship fee at \$35 for a team for the season. The nightly bowling fee was set at \$1.50 to cover the bowling and jackpot costs.

Present at the meeting was a representative of the Amarillo Bowling Association, who informed those present about the plans for the Southwestern tournament to be held in Amarillo in February. It is hoped that they make it the biggest Class B tournament in the country, drawing over 100 teams from the five-state area.

Ted Evans is president of the Pampa Bowling Association.

## Shamrock Ducats On Sale Sept. 2

**SHAMROCK (Special)** — Reserve seat tickets for the five home football games of the Shamrock Irishmen will be placed on sale at 9 o'clock Tuesday afternoon, Sept. 2. The tickets will be sold on a first-come, first-served basis. The price is set at \$6 each.

They will entitle the holders admission to the following games: Sept. 12 — Shamrock and Quannah, Sept. 26 — Shamrock and Dumas, Oct. 24 — Shamrock and Perryton, Oct. 31 — Shamrock and Paducah, Nov. 21 — Shamrock and Childress. The latter two are conference games.

## Sports To Meet Amjets Today

The Pampa Sports are scheduled to travel to Amarillo this afternoon and meet what is probably their toughest opposition of the year: the Amarillo Air Force Base Amjets. The Jets have several outstanding professional players on their team, along with a lot of ex-collegiate stars.

Game time is scheduled for 6 o'clock.

The Sports are trying to schedule a return game with the Amjets for Tuesday night at Oer Park.

Shamrock is now in the 3-A division.

## Hogan and Jones Honored As Top Golfers Of Half-Century

**CHICAGO, Ill. (AP)** — Ben Hogan, the dauntless little Texan, is the top golfer of the last 50 years.

Hogan was selected as the No. 1 professional golfer in a poll of the 3,023 members of the Professional Golfers Association of America and more than 900 members of the nation's press and radio.

He finished three points ahead of Walter Hagen and 18 points better than Gene Sarazen. Hogan polled 522 points.

Four other Texans landed on the top 10 of the mid-century honor roll. Byron Nelson was fourth with 491 points, Lloyd Mangrum was seventh with 304, Ralph Guldahl was ninth with 145 and Jimmy Demaret, tenth with 117. Harry Cooper, another Texan, barely missed the top 10.

Sam Snead was fourth, Tommy Smith eighth.

Armour sixth and MacDonald Jones Top Amateur.

Bobby Jones was named the No. 1 amateur. Others in the

## Braves Bunch Hits For Win

**CHICAGO (AP)** — The Boston Braves bunched three of their six hits in the seventh inning for two runs to nip the Chicago Cubs, 2-1, Saturday to sweep a two-game series.

Includes games through Aug. 13 except Abilene at Clovis Aug. 7.

# Panhandle's Biggest Golf Tournament Gets Underway This Weekend

## Journey Committee Meeting Tuesday

In a quiet, official manner the 25 members of the Panhandle Golf Association's 15th annual "Day" weekend tournament committee met Tuesday at the Pampa Hotel to discuss the details of the 15th annual "Day" weekend tournament. The committee members, who met in the hotel ballroom, discussed the details of the tournament, which will be held at the Pampa Golf Club from Friday through Sunday. The committee members discussed the details of the tournament, which will be held at the Pampa Golf Club from Friday through Sunday. The committee members discussed the details of the tournament, which will be held at the Pampa Golf Club from Friday through Sunday.

1951 Winners — Pictured above are some of the winners in the 1951 Top 'o Texas Golf Tournament. From left to right are Bob Giese, Amarillo, first flight champion; Ham Luna, Pampa, tournament champion; Tommy Hite, Shamrock, runner-up; and Jack Williams, Plainview, champion. All are expected to return this year to defend their titles. (News Photo)

## Sports Shot

**By HAROLD V. RATLIFF**  
Associated Press Sports Editor

In just three weeks Texas colleges that play football will begin the long march. They will have 15 games in 14 states and Mexico. There's nothing like it anywhere else.

These schools will play in New Mexico, Arkansas, Kansas, Louisiana, Tennessee, Oklahoma, California, North Carolina, Mississippi, and Arizona, and of course, in Texas.

This season is not unusual, however; it's always this way. Football in Texas is something to talk about.

First games are scheduled Sept. 13 when Sul Ross and McMurry clash at Abilene and Southwest Texas State engages Abilene Christian at San Marcos. All the schools swing into action Sept. 18-19-20.

Texas' six members of the Southwest Conference all will play opening games Sept. 20 except Rice which starts Sept. 27.

**Drowned Man**

Herman Hickman, the 300-pound "Mr. 50 by 50" who didn't win at Yale but got a long-term contract just the same then quit for a better job, is quite a story teller. But something that happened to him proved funnier than any of the stories he tells on other.

Hickman was vacationing in Florida this summer. He leaped into a boat and broke an ankle. The boat sank out on the dock working on him. A crowd gathered around. Hickman could hear a woman in the crowd mutter: "He must have been drowned at least two days. See how bloated he is."

Hickman told the story in speech at a sports show in Fort Worth. And there's the tale Hickman tells of the manager of a baseball club in a North Carolina league. It seems the club had lost 32 straight games and the directors had the manager on the carpet preparatory to firing him. He told the manager: "What you want me to do—win 'em all!"

Vadal Peterson, the Utah University basketball coach who lectured at the Texas coaching school, says it's serious business indeed for a fellow to referee a game in Argentina. If the local team loses the official gets beat up.

Peterson took a team to the South American country several years ago. At the half, with Utah leading by several points, a battered little fellow approached him. "They beat me up," he said, "but I'm officiating the second half anyway."

"Do you know," said Peterson, "there were 32 fouls called the second half and all of them were against my team."

Utah won anyway.

**"Suitcase" Lane**

Doc Hayes, the Southern Methodist basketball coach, thought he had Keith Lane, the former Berger High School star in the bag. He was so convinced that he had snared Lane for SMU that he wouldn't believe he had lost Keith when he saw the schoolboy cager having dinner with the Oklahoma A&M squad.

But during a game in the national collegiate cage tourney at Kansas City, Lane arose from the Oklahoma A&M bench and bowed the officials. "I give up," said Hayes. "That settles it."

So Lane is not at Oklahoma A&M and Coach Hank Iba thinks he'll be a great one.

**Bigger Crowd**

There comes a belated correction. The all-star, football game of the Texas coaching school at Fort Worth actually drew a crowd of more than 10,000 instead of 16,604 as officially announced the night of the game. It seems tickets bought by the coaches attending the coaching school were not counted.

Fort Worth did a great job of putting on the coaching school. Not only was the clinic operated smoothly and to everybody's satisfaction but both the all-star basketball and football games set new attendance records.

Clark Griffith, owner of the Washington Senators, was the top pitcher in the American League in 1901. Hurling for Chicago he won 24 games and lost 7.

## Longhorn Gridiron Hopes Go With Inexperienced Sophs

AUSTIN (Sp1) — Green as the envy their predecessors aroused, the 1952 Texas Longhorns will pin their hopes for the immediate football future on sophomores when fall training opens here Sept. 1.

"We have a number of fine, new boys who have bright futures, but we do not expect immediate success with them," says Coach Ed Price. "Few sophomores are capable of assuming first-string duty in our rugged conference, yet because of a shortage of seasoned players we necessarily will have to depend on several first-year performers as regulars in our two-rotation scheme."

Nearly half of the players expected to make one or more of the Texas platoons will be playing Southwest Conference ball for the first time. The offensive lineup probably will include only two sophomores, but the defense likely will be comprised principally of newcomers.

**Sophomores Figure**

Among the problems holding high priority when practice gets under way are developing a quarterback replacement for Dan Page and rebuilding the defense. Top contenders for the quarterback role are Bunny Andrews, who came to the front as a passer in spring drills; T. ones, who started the '51 campaign as a regular, and Bob Raley, who has earned two letters as a defensive half-back.

Sophomores figuring in the quarterback solution are Glen Dyer of Sinton and Dick Miller of Cleburne.

Much of the success last year was attributed to the defensive platoon that included such outstanding performers as Bobby Dillon, all-America safety man; Linebacker Don Menasco, all-America in '50; June Davis, linebacker and defensive quarterback for two seasons; End Paul Williams and Halback Don Cunningham.

Their replacements for the most part will come from the newcomers. Ed Kelley, a sophomore from Cuero, is ticketed temporarily at least, for Dillon's job. Paul Parkinson, a first-year converted end from Baytown, looks as Cunningham's successor, while Jim Rosser of Cleburne or Don Miller of Fort Neches may outdo more seasoned rivals in the battle for Davis' post.

Among those mentioned more prominently for Menasco's fortress is Letterman Glimmer Spring, the talented end from Lufkin, who also is headed for a berth with the offensive platoon. The terminal manned so well last year by Williams probably will be guarded by Carlton Massey, a former letterman at Southwest, who is playing SWC ball for the first time. Like Spring, he is a versatile star.

**Other Untested**

In addition to Andrews, who is expected to report to Coach Price for the initial practice at 3:30 a.m. on Sept. 1. They will draw their equipment and take physical examinations on August 30.

Approximately 25 practice sessions, including two intra-squad games, are scheduled prior to the opening game with LSU in Baton Rouge, La., on Sept. 20. The successive dates with North Carolina, North Texas, Oklahoma and the six conference rivals makes the schedule the roughest ever attempted by a Texas team.

## Green's Gossip

May you're going to need a shoe-horn to squeeze into the golf shoes for the rest of this week, you'll be glad to hear that the tournament committee has decided to play the tournament on the Pampa Golf Club. The committee has decided to play the tournament on the Pampa Golf Club. The committee has decided to play the tournament on the Pampa Golf Club.

Players' names will be called from a list of names and other matters to be discussed. Any questions concerning the tournament should be directed to the tournament committee.

All divots may be repaired by putting a ball on the hole. Ball may be changed on pre-determined surface. Ball declared lost if not found within five minutes. Out of bounds, lost or unplayable ball penalty, stroke and distance.

Tree line separating No. 1 and No. 18 fairways will be marked with two club lengths away from the hole. In fairness of play, the hole will be played in two. All final and final holes will be played in two.

**Committee Meeting**

There will be a final meeting of the tournament committee, organized by Ham Luna, on Friday night at 7 p.m. to iron out all the final details of the tournament. Members of the tournament committee are Melvin Smith, Clare Freeman, Charles Ankel, Cletus Mitchell, Jack Chant, Les Hart, Dallas Bowler, Ed Ehridge, Johnny Clarke, Boston, Henry Rose, Al Moore, R. A. Baker, W. T. Finley, Wilbur, Charles Douglas, Frank Heath, Grover Austin, Jr., Donaldson, Frank Kelley, Bill Moore, Foster Elder, Fred Tindler, Ray Laycock and R. M. Niles.

In addition to the 18-hole qualifying rounds on Friday, a driving test will be held at 6:30 a. m.

## Dial Posts Win No. 25 As Pioneers Whip Oilers, 12-3

CLOVIS (Sp) — Red Dial coasted to his 25th victory of the season Friday night as the Clovis Pioneers mauled the Pampa Oilers, 12-3, in the first of a final two-game series between the two clubs. It was Clovis' 19th in 19 starts over the sinking Oilers.

Dial yielded nine hits three in the final frame when the Oilers punched over their final marker. The Pioneers hogged two Pampa hurlers, Bob Votaw and Morris Shipman, for 13 including Virgil Richardson's 19th homer to feature a seven-run outburst in the fifth canto.

The Oilers scored an unearned run in the first inning, but the lead vanished in the second when the Pioneers counted twice on a walk, two singles and long fly to Deck Woldt.

After the Pampanos knotted the

## Dukes Capture Two From Hubs

By THE ASSOCIATED PRESS

Virgil Richardson slugged his 19th homer of the season Friday night as the Clovis Pioneers took a 12-3 West Texas-New Mexico League win from Pampa.

Elsewhere about the circuit, Albuquerque pitchers Jesse Priest and Frank De Carolis teamed to take a twin bill from Lubbock 5-0 and 3-2.

Borger and Abilene split a doubleheader. Borger taking opener 7-2 and Abilene the nightcap 9-2.

It was a slugfest at Amarillo. In another twin bill, the two teams pounded out four circuit blows. Amarillo won the first 6-5, and Lamesa took the second 14-7.

At Clovis, it was Red Dial's 25th victory this year. He gave up nine hits, three of them in the last inning.

Priest claimed his 17th win of the year and De Carolis scattered seven Lubbock hits to win the second tilt.

Borger pitcher Jim Cain limited Abilene to six hits in the first game on his home grounds. Mike Gazella served up five hits to the losers in the second tilt.

Merv Connors slugged a two-run homer in the opener at Amarillo for the homeowners. But in the nightcap, Fosty Kennedy laid out a bases loaded homer, and Vic Garcia and Joe Fortin homered solo for Lamesa.

## IT'S TIME FOR BACK TO SCHOOL

FOR BACK TO SCHOOL

FOR PETE'S SAKE DRIVE CAREFULLY!

THIS IS PETE

These are big days in the life of Pete . . . He is going to start to school. In the few brief years of his existence Pete hasn't time to learn all there is about life and living. In his pursuit of happiness, in the forgetfulness of a split second — he may on sudden impulse dash out into the street and into danger. There are two things you can do if you drive a car — DRIVE WITH EXTRA CAUTION near all schools, and keep your car in top running order.

BE ALERT!

YOU CAN STOP YOUR CAR within 33 feet, going 15 miles per hour . . . it takes 52 feet at 20 m.p.h. . . and fully 75 feet at 25 m.p.h. Remember this next time you drive through a school zone. And remember that the difference of TWELVE INCHES may mean a child's life!

STOP SCHOOL CROSSING

LOCATE THESE AREAS

WEED BORDERED CHANNELS IN RIVERS AND LAKES ARE BEST COVERED IN FISHING BY TROLLING. THIS AREA MAY BE NARROW AND 20 FEET OR MORE DEEP. PLUG CASTING FROM SHORE USUALLY IS INEFFECTIVE (EXCEPT WHEN FISH ARE MOVING ABOUT ON A FEEDING SPREE) BECAUSE PLUG CROSSES ABOVE CHANNEL FOR ONLY A SHORT DISTANCE. FISHING IN WEED BORDERS USUALLY AREN'T INTERESTED, EVEN IF IT'S SEEN. A LURE TROLLED DEEP WITHIN A CHANNEL IS MORE PRODUCTIVE.

**Pampa Foundry Playoff Winner**

The Pampa Foundry softball team, first half winners in the Lefors Municipal Softball League, Friday night became league champions as they defeated the second half winners, Skelly Oil, 9-8.

The victory gave the Foundrymen three wins in the four games played of the five games series. The Foundry crew took the playoff series opener 6-4 and Skelly evened the series last Tuesday night, 4-3. Foundry won on Thursday 12-11, and then clinched it Friday.

A scheduled tournament to be held at Lefors starting tomorrow had to be delayed indefinitely because of conflict with another softball tournament. The Lefors meet, sponsored by the Lefors Lions Club, will be rescheduled later.

## SPORTS AFIELD

By TED KESTING

There undoubtedly is more interest in setting a new world record for musky than for any other species. No longer does the average angler gloat over a mere 25-pounder. He wants 'em bigger, much bigger.

With all the publicity about big muskies, you can't blame the angler for laboring under the belief that 40-pounders are common and that 20- and 30-pounders are just minnows. However, C. L. Johnson, who held the world's record a few years ago, says that to him any musky between 20 and 30 pounds is a whale.

The truth is that the average size of the North American muskellunge landed by rod and reel is only around 12 pounds. Some lakes may have larger fish, but the biggest percentage of musky waters produce more fish under 15 pounds than they do over that weight.

For example, consider a report from the Manitowish waters of Wisconsin. In 1951, 394 muskies weighing 7,089 pounds were caught. The fish averaged just under 12 pounds in weight and 33 1/2 inches in length. Only 57 muskies weighed 20 pounds or more. Similar records from other musky waters of the country show about the same ratio of big fish. So you see, 50- and 60-pounders are rare indeed.

What about those 100-pounders you've read of? Johnson's done a lot of research during the last 20 years and has been unable to verify a single story. Probably the fish that has received the widest mention is the one taken by the Wisconsin Conservation Department's fisheries division in 1902. This was taken in seining operations, the spawn was removed and it was returned to the water. Newspapers quoted the men as saying the fish weighed 102 pounds. Johnson contacted the Wisconsin fish authorities in 1925 to verify the weight and received the reply that it was not actually weighed on any

**CONTENT WITH CATCH** — James L. King, 801 E. Malone, appears happy with the 17-pound albacore (long finned tuna) which he caught recently near Newport Beach, Calif. King was visiting with his son and his family at Costa Mesa, Calif., at the time. King caught the fish on light tackle, using a 27-pound test line.

scale, but "estimated." So there goes the bubble.

Several authoritative reference books, including the Encyclopedia Americana, state that the muskellunge often reaches five to eight feet in length and 100 pounds or more in weight. But no such fish is recorded in ichthyological literature.

David Starr Jordan, author of the technical book "Fishes," and the authorities for Webster's New International Dictionary and the Book of Fishes published by the National Geographic Society are all more conservative, stating that the musky attains a weight of 60 to 80 pounds. Johnson concludes that we have

no actual proof of a musky that was larger than the recognized world's record taken on hook and line—89 pounds and 11 ounces. That doesn't mean there isn't a bigger one—and scores of fishermen are trying to find it.

## Bulldog Stadium Ready For Action

BORGER — The newest football stadium in District 1-AAAA, the home of the Borger Bulldogs, will be ready for occupancy on Sept. 18, when the Pack opens its 1952 grid season.

Only rest rooms, concession stands and road leading to the field remain to be completed before the field will be ready for full play. Dressing rooms, to be built under the stands, will be ready later. But accommodations for showmen have been made with the National Guard which owns an army near the field.

The new edifice, built from funds derived from a \$100,000 revenue bond passed in 1951, is located just west of the by-pass highway.

The playing field is in part dug out of a hillside so that the rocky hillside forms the foundation for one tier of stands on the east side. The stands on the west side are some steel stands which were moved from the old football field. The stands on the east side include some temporary bleachers set up last year at the old field. The permanent seating capacity will be 18,000.

A parking lot will be on the south side of the stadium and two practice fields have been sodded and graded on the north side.

## 'New Look' Will Greet Fans Attending Red Raider Games

LUBBOCK, (Special) — It's the "new look" again for Texas Tech's Red Raiders.

Last season Texas Tech sported a brand-new coaching staff and a new formation—the split-T. This year the "new" feature deals with the playing facilities.

Twice as many lights will illuminate Jones Stadium. Instead of only 12 bulbs on each of the six poles, there'll be 24 bulbs on each pole. At 1,500 watts a bulb, 216,000 watts will shine forth. Any hidden ball plays will be due to a quarterback's cunning, not to a shadow on the field.

And the field itself is something Coach DeWitt Weaver is proud of. Bald spots appeared early last season, but careful planting, constant catering, and timely rains have guaranteed the Raiders an ideal turf.

These improvements won't be wasted on a mere handful of people. Last year's capacity of 18,000 has been boosted to better than 22,000 by transfer of seats from the old stadium to the south end zone. In addition, contracts for four more sections have been let, and by 1953 there'll be 30,000 seats available. A stadium seating 45-50,000 needs only a favorable vote on Tech's entry into the Southwest conference.

Jimmie Wilson, business manager, figures the additional seats will help him retain his friends for season ticket sales are run until Sept. 1. That's the day when ticket sales will be continued

## Arcaro Rides Mr. Big To Win

CHICAGO (P) — Mr. Paradise, with Eddie Arcaro aboard, Saturday won the \$107,120 Washington Park Futurity, beating his Arlington Futurity conqueror, Mr. Good, by a length and a half.

Arcaro recorded his 31st stakes victory of the season and raised to \$994,722.50 the amount of money his stakes triumphs have earned.

Mr. Paradise is owned by Mrs. Ada L. Rice, wife of a Chicago grain operator.

King Pin, owned by Hal Price Headley of Lexington, Ky., was third.

The Eastern invader, Sun Warrior, finished fourth.

## Red Sox Edge Chicago, 4-3

BOSTON (P) — Rookie Sammy White's two-run homer in the sixth inning off Chicago's Hector

## Lefors All-Stars In Wheeler Meet

LEFORS — (Special) — Alvin Martin's Lefors All-Stars girls softball team, has entered the Wheeler Invitational Tournament at that city beginning Monday night.

The All-Stars are undefeated in regular season play but lost two games in the recent double-elimination tournament at Amarillo, a TAAF-sanctioned affair. Martin's girls all teen-agers, won two games in the Amarillo tourney but were pitted against older and more experienced women including the champion Freeman's Flowers, who will represent this region at the state TAAF tournament in Tyler this week.

(Skinny) Brown provided the winning margin for Lefty Mel Parnell Saturday as the Boston Red Sox edged the White Sox 4-3.

Thirty-two states have state sales taxes.

## OUT OF DOORS with Field & Stream

Those Smoothbores From Overseas  
By WARREN PAGER  
Shooting Editor

I wish I knew just how many assorted shotguns have been carted back to this country by souvenir-minded GIs. Thousands of them are kicking around, good, bad and indifferent. Nary a batch of mail comes to my desk without questions as to makers, or values, or the safety of these muskets.

Now any gun is worth just what you can get for it, no more, no less. This applies to the flossily engraved foreign field gun just standard-grade Winchester or Remington at the local gun shop. And a great many of these European smoothbores were made by little known custom gunsmiths. But there are a few simple rules about their safety factor with our ammunition.

First, if that pretty gun has a splashing pattern running around barrels, it has Damascus tubes. That means no dice with any of our factory fodder. You have a souvenir. Your eyes and your left hand are your own if you want to risk a blow-out, of course, but by me a Damascus-barreled job is a wall decoration only.

Second, many foreign-built shotguns of pre-1940 vintage, particularly those in 16-gauge, are made with short chambers. All U. S.-made shotguns turned out since the early twenties are chambered to handle shells that open out to 3 inches, fired length. Not unfired length.

Many of the French, German, and Belgian-built field pieces were made to handle shells of only 2 3/4 inches, fired length. Not our longer shells in them means that the lips of the cardboard case unfurl part way into the forcing cone, which is the squeeze-down just ahead of the chamber proper. Pressures are built up by some 15 per cent, possibly higher, and the result may be grief.

Got a foreign shotgun? Take off the fore-end, slide the barrels off the breach. On the flattened undersides you'll find marks. European-made smoothbores marked with 70 are of proper chamber length for 70mm. or 2 3/4-inch shells. Those marked with 65, or 60 or 70, are chambered for the shorter shells, 2 1/2 to 2 5/8 inches fired length.

All of the "pie crimp" shot shells made today, the hulls without an over-shot wad, open out to 2 3/4 inches. Does that mean that your engraved Belgian 16-gauge marked 65 for chamber

length must be thrown out? Nope. There are two possible answers. One, top-drawer gunsmiths can re-in those chambers properly — and they are also capable of deciding whether there's enough metal in that light 16 to make such a chamber-lengthening job safe.

Two, in that gauge both the Winchester-Western and Remington-Peters outfits load some shells with the old type of over-shot wad and crimp with rolled edge. These are 2 9/16. And Federal, which uses the roll crimp but a disintegrating wad over the shot, loads all theirs to 2 9/16 inches fired length. So you aren't as badly off as you thought you were.

**Newhouser Halts Washington, 6-3**  
WASHINGTON (P) — Hal Newhouser's somewhat shaky pitching was backed up by 12 hits and four double plays Saturday as Detroit overcame a 3-0 deficit to defeat Washington, 6-3.

**Brazle Downs Giants, 3 To 1**  
ST. LOUIS (P) — Alpha Brazle cast aside his relief role Saturday and twirled the St. Louis Cardinals into second place in the National League by defeating the New York Giants 3 to 1.

## Editor Finds Cancer Like A Fire; Quick Attention Needed

By HAL BOYLE  
 NEW YORK (AP) — Some weeks ago A. P. Cooke, editor and publisher of the weekly Pampa News, learned something that I was sure had news about one of his readers. The reader was himself. Should he print the news or keep silent? Cooke hesitated, then sat down and typed out his regular column, "Just Roaming."  
 "The word cancer is an ugly word," he began. "It is, to most folks, a cruel word, a despairing fly to New York to see the specialist because the very thought of it brings despair to anyone close to one so afflicted."  
 "I have just been told that I have a cancer in the tissues of the mouth, but I am not despairing."  
 "You see, medical people say that early detection is half the battle, and medical science has advanced rapidly in the treatment of this affliction."  
 Editor Cooke recalled wryly how often he, like his readers, had dropped a dime into the little boxes that appear on store counters during the American Cancer

## Wheeler County 4-H Holds Encampment

SHAMROCK (Special) — Wheeler County 4-H club boys and girls held their annual joint encampment at the Van Zandt Ranch Thursday and Friday. Ribbons were awarded to winners in contests of rifle shooting, horse shoe pitching, washer pitching and volley ball.

"Operate," said Cooke. The next day he was in the hospital, and the day after that he was operated on. He spent more than four hours under the knife, required three blood transfusions, but 12 days later he left the hospital. Today Editor Cooke has a happy ending story for his readers. The stitches are out of his jaw, he feels the surgeon is as optimistic over the results of the operation as he is, and he is on his way home.  
 Before he and his wife left, I visited with them on a park bench in Greenwich Village. He expressed gratitude that his own doctor had told him promptly the full truth of his ailment. "It's a hell of a shock," he said, "my doctor to tell me as it was. But it was almost as hard for me to hear it. He hated to tell me. But I'm glad he did tell me. Pussy-footing, bumfuzzling... doesn't do any good. It's like the specialist said about your garage. If it's on fire, you want to know it—and do something about it quick."

## Mexico's Lusty Volcano Is Dead of Exhaustion

By LAURANCE F. STUNTZ

Mexico's lusty, fire-breathing volcano, Paricutin, apparently is dead of exhaustion at the age of nine years and six months. Geologists say this flame-spitting youngster literally burned itself out.  
 "Geologically, Paricutin is dead," said Teodoro Flores, head of the government Geological Institute, but he added, "it must be remembered that geology is not an exact science." Flores said there had been no activity from the 2,000-foot cone since March 2. Few tourists have visited the volcano in the last year, since it has done little more than puff out whiffs of smoke.  
 The volcano took its name from Paricutin village — which is buried under many feet of ash — although it actually was nearer another also buried village, Frangaricutiro. That name was too long for a tourist attraction.  
 Flores said Paricutin has given scientists a chance to study the birth and death of volcano "and that is something which may not happen again for centuries."  
 Paricutin was born in an Indian's modest corn field Feb. 20, 1943. The cornfield berserk shortly after a heavy

earthquake and began to fire out smoke and hot rocks. Geologists said there was no connection, but you can't make the Mexican layman believe that. The best and simplest description of the birth of Paricutin came from Dionisio Pulido, who saw it happen. Incidentally, he lost his entire 60-acre corn-and-bean farm under spreading lava cone.  
 "I was in the field with my wife, Pabla," said Pulido. "I was preparing the field to plant corn. I went on ahead of my family to clear some branches off the field.  
 As I walked along, I heard the ground in front of me snort. I looked and there was smoke coming out of the ground. I was scared but I stopped and watched it for five minutes.  
 "I thought the world had caught on fire. I thought it was the end of the world. I thought the world was burning up."  
 "The ground thundered for about 10 minutes. I said, 'Hall, purest Mary.'"  
 The government moved Pulido and other villagers to new farm lands. But the man who witnessed the birth of the volcano which engulfed his farm was not there to see its Pulido, end. He died three years ago when Paricutin still was putting on its fireworks for visitors.

## Named Manager

SHAMROCK (Special) — Hollis Harrod has been named general manager of the Friendly Theatres — the Texas, Liberty, and Pioneer Drive-In in Shamrock. He assumed his duties as manager on Friday. Mr. Harrod has served as manager for the Video Chain for 17 years, and Gene Worley and Bill Rushing feel fortunate in securing his services.

## The News Presents... The Little Merchants

Number 13 in Pampa Daily News presentations of carrier boys is Alfred Willson, son of Mr. and Mrs. Roy Willson, 1127 S. Clark. Alfred is the veteran carrier for The News, having delivered papers for three years, the longest time of any carrier on the present staff. His route begins at 414 N. Cuyler and goes from there to Mary Ellen, 923; from Mary Ellen down Harvey to Charles Street at the 1300 block and ends 1000 Charles.  
 This News carrier is a native of Pampa and has attended school at Baker since the first grade. He will enter junior high this fall as a 7th grader.  
 Alfred says he likes school "a little bit." History, science and geography are his favorite subjects. He reads science fiction books, likes all kinds of movies, especially Westerns, and has no food problem. He just likes any kind.  
 He thinks "girls are nuts," but he likes dogs and he has owned a little pooch—"a mixture of all varieties"—for about eight years.  
 Alfred goes fishing with his parents when he gets an opportunity and this summer he went to Apache Lake in Arizona. However, he doesn't brag about the trip—he didn't catch anything.  
 If any of Alfred's 128 customers needs to call about a paper some evening, the Willson's phone number is 3442-W.

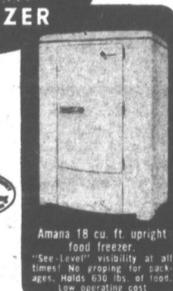

## Feed the Family Better...

### FOR LESS MONEY

with an **Amana** FOOD FREEZER

It takes an Amana Food Freezer to really squeeze the most out of food dollars while enjoying the finest foods—in or out of season! # Do you believe in <sup>Dollar</sup> signs?

**T**HERE are a lot of signs to guide you to the best buy in automobiles. Popularity is a good sign. It means that a lot of people have tried a car and found it good. So it's important to know that Buick is today — and has been since 1938 — the most popular car outside the "low-priced three."

Room, comfort, power, ride are good signs. So it's important to know that you can pay hundreds of dollars more and not beat the room and comfort you get in a Buick SPECIAL.

Nor, at the price, can you match its power. And only Buick gives you a real million dollar ride.

Doesn't all this give you a hint? Doesn't it suggest that you ought to try out a Buick — sample its Fireball 8 Engine — find out how it takes you over the road — feel the sure control that is yours on curves — discover its "big car" room and smoothness?

Do that—and look at the dollars on the price tag—and we know what you'll find out: If you can afford a new car, you can own a Buick—and boy, what fun that will be! Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52

# Career Women At Home

Hot  
l gen  
lberly  
Shary  
tes as  
Harrod  
or the  
and  
ushin  
g his

There are always people who seem to have more than 24 hours in their day. One such group is our career women who double as homemakers. They hold responsible jobs, sometimes working in shifts, do all their housework, including cooking and laundry, and still find time for recreation. Part of the efficiency they maintain in their eight-hour working day is carried to their apartments or homes, and in that way they find time for pleasant pastimes that rest the mind and boost the spirit.

MISS GERRY CARRUTH, secretary in Cabot's Research and Development department, finished high school here, went away to college (TSCW in Denton) and came back home to work. Her parents, Mr. and Mrs. Gus Carruth, live near Pampa and Gerry has an apartment on West Browning. One of her hobbies is collecting records, and her collection provides a favorite after-work recreation.

MISS GRACE MACKKEY AND MISS MARY KRETZMEIER are among a group of registered nurses who live in suites at High-

land General Hospital. The nurses have their meals at the hospital, and their uniforms are done for them, but they still have off-duty clothing to keep in tip-top condition. While waiting turns at the ironing board, Miss Mackkey writes a letter home she's from Trout Creek, Mich., and jokes with Miss Kretzmeier about her home town's hot weather. The Michigan nurse has been here since June, and Miss Kretzmeier, a Pampa girl, is the daughter of Mr. and Mrs. S.W. Kretzmeier.

MISS LORRAINE BEDNORZ is typical of the young women who came to Pampa from surrounding towns. Many commute, but others, like Lorraine, become homemakers on a small scale. She and another telephone operator share an apartment on N. Somerville and even though they work shifts, they find time to cook and entertain friends. Many of Pampa's career women have lunch downtown, but most all of them like to have breakfast and dinner at home. Cooking is a favorite relaxation. Like Lorraine, they enjoy going to market and can usually match the experienced

homemaker's skill in buying. MISS BILLIE PULLIAM, known for her "Party Line" program over Radio Station KPDM, stays busy keeping up with numerous social activities of our city. Besides her office work, and announcing, she attends all important women's functions morning, afternoon and evening. Her program was discontinued this summer, and that has given her a little free time in which to catch up on her reading—a favorite pastime.

MISS FLORENCE JONES, a teacher in the Pampa school system, has three months for her hobbies and recreation, and she keeps the summer full and interesting with activity about her lovely home on N. Russell. She always has a flower garden and enjoys gardening as a hobby, but her favorite diversion is a visit from her students or ex-students. They have a way of just "dropping in" anytime, and they usually find the cookie jar full and Miss Jones ready to greet them with a cheerful word, no matter how long and tiring the day has been!

## MATURE PARENT

By MURIEL LAWRENCE  
The divorced parents of a little girl of 13 are currently waging a much-discussed bitter international fight over her custody. It's reported she wants to stay with her father who objects to visiting her mother.

Another child of 13 whose parents are embattled over custody is in the news too. Newspapers have published a letter she wrote to Pin Luncheon in it, she says, "I am 13 and you are 15 and I'd like to be a mother. Don't let myself be influenced."

A child of 13 who lives with one parent who is fighting an action for custody can no longer avoid being influenced by the tensions around him than he could avoid reacting to the temperature generated by an over-zealous father.

Divorced parents who resent having to share their child will do well to recognize that and take steps to protect him against the influence of their exerts, and a mother. Unless such steps are taken, they may lose him.

None of us is perfect in wisdom. Since we make mistakes today, the chances are we'll make a few tomorrow. When our child is 12, he may regard us as perfectly just, perfectly right. But this impression does not last.

When he is 19 or 20, he forms judgments of his own. It is his nature then to question ours if they do not check with his. As he begins to question our judgment on late hours, his choice of friends, on the fun he enjoys, we cease to be perfect to him and every value we have ever given him comes under close scrutiny.

Then the divorced parent who has presented himself as faultless is in trouble. If he has laid all the weight of blame for his unhappiness on his former partner, this idea comes under close scrutiny along with all his others.

The bill comes in for the bitter condemnation in which we have indulged and the child who has begun to question thinks: "How mistaken is my mother's judgment of my father? How quickly did his father of mine leap to conclusions! Was this what my absent parent had to put up with?"

When this happens, our child is without anchor. He is orphaned of trust in both his parents.

When we are sick with a high fever, our judgment of cold and heat is unreliable. When we are feverish with anger at what we believe is betrayal, our judgment of the betrayer is unreliable.

While nobody with any understanding of the human heart could ask us to feel tenderness for one who seems to have injured our hopes for happiness, we should be able, if we are grownup people, to bring honesty to our situation. We should at least be able to admit our abnormal state and make it known to the child we profess to love to protect his trust in us.

Unless we feel we must claim perfection, we should be able to say, "Look, my dear, I have been hurt and am very angry. Therefore, I do not see clearly. So what I say of your absent parent is unreliable. Love me—but do not believe what I say for a while."

Then, we may keep our child and he will keep us. Our efforts to justify our cause by trying to alienate our child from his other parent is distrust of our own cause. If we trusted it, we would not need to exert self-will upon the young person for whom our misjudgment has created many problems.

We would be able to share him up with his other parent, knowing that he must himself discover what is wrong and what is right in both his father and his mother.

## How Do You Look At Work?

By ALICIA HART  
NEA Beauty Editor  
Getting yourself a job is one thing, but knowing how to hold it is quite another. In addition to the quality of your work, the way you look and act ranks high on your efficiency record.

Think first of personal appearance. Loafers and bobby socks may be fine for casual at-home moments, but they are definitely no asset at the office. You'll make a much better impression if you choose clothes with conservative lines.

Furthermore, your grooming must be impeccable. That means no hanging hems, slips showing, wide-open seams, or stray threads. If you wear stockings with seams, keep them straight.

The shine on your shoes may seem like a bit of unimportant grooming, but it is vital to your overall appearance. Your make-up, hair, nails and posture should also receive careful scrutiny. Don't allow yourself to be slipshod with your appearance. Then, too, you can never over-emphasize cleanliness.

Bright, shiny hair, a smooth, well-applied make-up and perfectly manicured nails all mark you as an up-and-comer worth watching.

The unwritten rules of office etiquette should not be taken lightly, either. Topping the list is punctuality.

It's not as horrible as you might think. Being on time is just a matter of getting into the habit. Try to make and receive as few personal telephone calls as possible.

Your voice should always be well modulated and under control. Keep your personal life out of the office.

Everybody has problems, so there is really no point in sharing yours. And, finally, show real interest in your work and do more than is asked of you.

In Lutheran countries, the days marking Epiphany, Circumcision, Good Friday, Easter Monday, Ascension Day, Whit - Monday, Ash Wednesday, and Corpus Christi are holidays.

## Horace Mann PTA Executive Group Meets At School

The Horace Mann Parent-Teacher Assn. executive board met at the school Friday to formulate plans for the opening day of school.

Mrs. T. M. Brooks, hospitality chairman, and Mrs. B. M. Rutherford, membership chairman, will be in charge of arrangements.

Mr. Sam Begert, new school principal, was introduced to the group by Mrs. James Lewis, PTA president.

During the business session, parent-teacher material was given to each member present.

## TEEN TALK

By VIVIAN BROWN  
What to do with all those little things we've picked up on vacation—shells, driftwood, fossils and other rocks, coins, buttons and that collection of postcards and stamps we've just begun?

Most times we clutter up the house with these new-found treasures until Dad and Mom put a bit of pressure on getting us to dispose of them. One morning we look at our prize collections fondly and put them in the junk heap. It needn't be that way at all.

You can do wonderful things with shells, for instance. Dress up your room by pasting them on the walls, follow out the salty decor by putting fish net (available at our prize collections fondly) and put them in the junk heap. It needn't be that way at all.

If you are a conchologist in earnest, then paste your little shells under each and paste to a wall or insert in a pretty little box for all to admire.

Driftwood is fun used as decorations; dangling from the ceiling or made into lamps or placed on the back of your door with a recess holding philo-tendon, ivy or other trailing vines. A collection of driftwood in animal shapes can make an attractive hobby spot of any room.

An ordinary rock or fossil collection can make conversational pieces if they are properly identified and attractively displayed. Don't throw them in old coffee cans or jars and expect onlookers to be enthusiastic.

Postcards from places far or near may be pasted over an old card and covered with a glass or placed symmetrically or fan-shaped on the wall around your mirror with tape. These shouldn't be thrown in a drawer to take up space until they are discarded.

Coins picked up while traveling in foreign lands make interesting necklaces or bracelets. Butterfly collections make handy accessories to a room. Insects as collections do not have as much appeal to girls as boys, says the American Hobby Federation.

After a one-year national study of hobby clubs the federation has found that the top ten collective and creative hobbies are: seals and labels, autographs, model plane making, woodcraft, insect collecting, stamps, painting, dolls, photography, model railroading.

Stamp collecting is not as popular as formerly, they say, because weekly allowances have been cut, and kids are concentrating on other items. Seals and label hobbyists obtain them from household items such as food, cosmetics, clothing, confectionery, letters and packages. Other popular seals and labels include fa-

## RUTH MILLETT

A wife writes to agree with a recent article saying that a woman can try too hard to please a husband.

Here is her experience in her own words: "It certainly is true that a wife can lose her own individuality in trying to please her husband."

"I honestly tried so hard that I never had any confidence in myself at all. My husband started belittling me, too, and became so critical of me I could hardly hold my head up."

"Then one day I started to wonder what he ever found to admire about me enough to ask me to marry him. It finally dawned on me that in trying so hard to please my husband I had lost all of my own individuality."

"From that day on, I quit trying so hard to please and even on occasion, pointed out a few of his annoying traits. That didn't make for peace at the moment. But it did give him the idea that perhaps he wasn't quite perfect and all-important."

"He's much nicer to me than he used to be and we get along fine."

"That's the other side of the picture women usually get of marriage. They have been fed too long on the idea of the importance of pleasing their husbands."

When the idea is carried too far a man is likely to get an exaggerated idea of his own importance and lose sight of the fact that his wife is an individual too.

His wife's best way is to take the middle road to please a man in the ways that are important to him without giving him the idea that she hasn't any other ambition or goal in life. And she should please herself part of the time, too, by expecting him to put her preferences first now and then.

A man not only gets spoiled by too much slave-like devotion—but he gets a little bored with it, too. And then nothing a woman does can please him.

Clara Young, vice-grand, presided in the absence of Noble Grand Faye Weaver.

The members, Johnnie Meard and Dave Preston, were reinstated into the lodge.

During the meeting, each member was urged to bring a member who has not been attending lodge, to the next meeting session.

Among those present were Eloise Weaver, Vencie McAllister, Ida Shurbin, Lola Huckins, Mable Pearson, Glenna Anderson, and those mentioned.

Photography is a newcomer to the top ten hobby favorites of young people, reports the federation, with almost as many girls as boys fascinated by it.

Instead of taking photographs of giggling girls and reluctant boys, the camera hobbyist concentrates on trick shots or unusual scenery and sometimes manages to make the hobby pay off.

Many photography prizes are taken by teen-agers. A Jill or Johnny on the spot lens enthusiast may be rewarded by snapping an important news picture for the local paper.

If you haven't a hobby, you are really missing something. You'll never be lonely or have time on your hands when you get interested in a hobby.

MISS BARBARA JEANNE BARRETT

## Miss Barbara Jeanne Barrett Of McLean, Robert Williams To Wed In December

McLEAN (Special) — Mr. and Mrs. H. E. Barrett announce the engagement and approaching marriage of their daughter, Barbara Jeanne, to Robert L. Williams, son of Mrs. Cecil B. Williams

of Sanford. The wedding will take place in the Berger Church of Christ December 19.

The bride-elect was graduated from McLean High School with the class of 1951 and is employed with Phillips Petroleum, Phillips. Mr. Williams is a graduate of Phillips High School and Texas Technological College, Lubbock. He is employed by Phillips board of education as coach in Phillips High School.

## Mrs. W. H. Fuller Entertains Mothers Of Pupils At Social

Mothers of piano pupils of Mrs. W. H. Fuller were entertained in City Club Room Friday to introduce the new revised Dunning Course which Mrs. Fuller will teach in the Fall.

Mrs. Fuller studied this summer with Mrs. Gladys Glenn at the Musical Arts Conservatory in Amarillo. Mrs. Glenn, president of the Conservatory, spoke to the group and explained the Dunning method.

Mis Jo Ann Jett, teacher at the Conservatory, entertained with piano selections during the evening.

The serving table was laid with a lace cloth over green, and centered with yellow pompons in a green bowl. The name "Dunning" was printed in gold on green napkins. Mrs. L. J. Zachry presided at the punch service, and Mrs. R. R. Cable presided at the guest register.

Others present were N. A. Cobb, uncle of the family; Mr. and Mrs. Mitch Maness, Mr. and Mrs. Neldi, Mrs. Githa McConnell, Winford Swain and daughter, Mrs. Alta Stanard, Mrs. Sannie Sullivan, Mrs. Mabel Meadors, Miss Pear Spaugb, Mrs. J. F. Meers and grandson, Don Sprinkle.

Others present were N. A. Cobb, uncle of the family; Mr. and Mrs. Billy Taylor and daughters, Mr. and Mrs. Horace Pickett, Mrs. J. L. Lester, Mr. Bill Baird, Mr. and Mrs. Bobby Sullivan, and Mr. Thomas Van Bibber.

**Canadian Baptist Church Has Social**  
CANADIAN (Special) — Members of the First Christian Church, Canadian, honored Mr. and Mrs. Thomas Gray, Mr. and Mrs. Fred Weeks, and Mr. and Mrs. Bern Wilson with an ice cream party Wednesday evening, August 20. The affair was held on the church lawn.

Birthdays of luggage were given to Mr. and Mrs. Gray, who celebrated their birthdays this month. Mr. Gray is pastor of the local church.

Farwell gifts were presented to the Weeks and Wilsons. Mr. and Mrs. Weeks and son Larry have moved to Pampa, and Mrs. Wilson and sons, Jerry and Larry, are moving to Ruidosa, New Mexico.

Ice cream, cake and iced tea were served to approximately one hundred persons.

**Shamrock PTA Sets Fall Meeting Dates**  
SHAMROCK (Special) — The executive council of the North Ward PTA met Wednesday morning with Mrs. Allan Toler.

The second Tuesday in each month was set as a permanent meeting date. Classes having a one-ninety per cent membership will be awarded \$5 by the council. Rooms with 10 mothers in attendance at a meeting will receive \$1.

A watermelon supper for all families with children in North Ward is scheduled for 7:30 September 9 in the lunchroom.

Officers for the coming year are Mrs. Ernest Blake, president; Mrs. Allan Toler, vice president; Mrs. Amos Reeves, treasurer; Mrs. Bill Cantrell, secretary; Mrs. Clark Bumpers, publicity; Mrs. E. D. Hofmann, parliamentarian and round-up chairman; Mrs. Nathan Lammus, safety chairman; Mrs. Glenn Clifton, health; Mrs. Floyd Blake, membership; Mrs. Tom O'Gorman, ways and means committee chairman; Mrs. Glenn LaDue, program; Mrs. R. C. Hawk, publication magazine; Mrs. Duward Vinyard, hospitality; Mrs. James Brothers, goals; and Mrs. J. D. Clay, Founders Day.

## Cobb Family Has Reunion In Kingsmill

Mr. and Mrs. H.C. Van Bibber of Kingsmill were hosts at a family reunion, attended by eight of their brothers and sisters in the W. E. Cobb family.

A buffet luncheon was served at noon, after which pictures were made of the group. At 5:30 p.m., Billy Robinson, ministerial student at Phillips University, gave a short devotional on "Love." T. E. Cobb led group singing.

Dinner was served to guests following the short vesper service.

Attending the reunion were T. E. Cobb, Plainview; Mrs. Myrla Hodges, Pampa; Mr. and Mrs. Harrison Cobb, Austin; Mr. and Mrs. Eulis Cobb and son, Curtis, New Haven, Conn.; Mr. and Mrs. Bruce Cobb, Theida and Nancy, Happy; Mrs. Lessie Cobb Martin, Bowie; Mr. and Mrs. John P. Robinson and Billy, Hereford; Mr. and Mrs. Melton Brewton, Raymond, and Evelyn, Mineral Wells; and Mr. and Mrs. Van Bibber.

Others present were N. A. Cobb, uncle of the family; Mr. and Mrs. Mitch Maness, Mr. and Mrs. Neldi, Mrs. Githa McConnell, Winford Swain and daughter, Mrs. Alta Stanard, Mrs. Sannie Sullivan, Mrs. Mabel Meadors, Miss Pear Spaugb, Mrs. J. F. Meers and grandson, Don Sprinkle.

Others present were N. A. Cobb, uncle of the family; Mr. and Mrs. Billy Taylor and daughters, Mr. and Mrs. Horace Pickett, Mrs. J. L. Lester, Mr. Bill Baird, Mr. and Mrs. Bobby Sullivan, and Mr. Thomas Van Bibber.

**Skellytown Baptist Circle Organized**  
SKELLYTOWN (Special)—Rev. Eugene Brand was guest speaker at a tea held recently in honor of the Baptist Church Business Women's circle.

Mrs. Charley Cook and Mrs. Ed Harmon presided at the refreshment table.

Mrs. R. L. Bradford gave the devotional, and Mrs. Margie McBroom and Mrs. Willis Aubert sang a duet. A playlet, "The Clinic," was presented by members of other circles.

Attending the organizational meeting were Mmes. Clyde Horner, Erwin Brown, Marshall Giesler, H. Hensley, J.S. Johns, Mickey Duvivan, Homer Garrett, A. L. Lee, Bill Houghton, W. N. Adams, Bradford, McBroom, Paul Mathews, Everett Huffines, Bill Eldridge, Cook, R. McGee, Harmon,

## Shamrock Announces New Music Teacher

SHAMROCK (Special) — Mrs. M.E. Lewallen has been engaged to teach piano in the Shamrock Schools this year. She also teaches violin and accordion. She taught for 18 years in Burkburnett and the last four and one-half years in Amarillo at the Musical Arts Conservatory and in her own private studio.

Mrs. Lewallen has studied with some of the most successful teachers in Texas including Mrs. O.H. Gregory of Burkburnett, Mrs. Clara Baber and Mrs. A.H. Mahaffey and Mrs. Frank Kiker of Wichita Falls, Frank Kiker of Dallas and Dr. Gladys M. Glenn of Amarillo. She studied in the St. Louis Institute of Music.

She holds the Licentiate Certificate from the Texas State Department of Education which entitles her students (who follow the state's prescribed course of study) to receive high school credit for their study. She also holds the certificate to teach the Progressive Series Music Course.

**Jim Gray Family Has Annual Reunion**  
SHAMROCK (Special) — Five generations were present at the family reunion at the Jim Gray home in the Twitty community recently. They were Mrs. W. P. Messimer of Lockney, who is 80, Mrs. Stella Messimer of Shamrock, Mrs. Pearl Guynes of Shamrock, Mrs. W.H. Bradley of Shamrock, and Hershel Ray Bradley, 3.

This is the first gathering of the family where all five generations were present. The next reunion is scheduled for August 1953.

Those attending for lunch were Mr. and Mrs. Jerry Herbold and son, Mr. and Mrs. Frank Messimer and daughter, and Mrs. Lee Tommy, all of Lockney, Texas, Mr. and Mrs. John Messimer, Mr. and Mrs. Lee Messimer and three children of Hydro, Okla., Mr. and Mrs. Leroy Willingham and children, Clinton, Okla. Mr. and Mrs. James Ray of Lubbock; Mr. and Mrs. Elmer Roberts and children, Mrs. Pearl Guynes, and Mrs. Stella Messimer of Shamrock, Mr. and Mrs. E. F. Johnston and daughter of Lela, Mr. and Mrs. Jim Gray and daughter of Twitty, and Mrs. Leon Messer of Shamrock.

Also attending the reunion were Rev. and Mrs. R.K. Whittaker and Mr. and Mrs. Theo Scott, Aubert, Miss Addie Fern Lick, and Rev. and Mrs. Brand.

Foot-Flairs Trapeze  
come in tomorrow... see the new styles you've been reading about in the fashion magazines... fall fashions by all those famous makers, in dress-up, daytime, casual and school-time styles... red cross shoes, \$10.95 and 12.95 carmelletes, 10.95 and 12.95 risks, 7.95 to 10.95 foot-flairs, 10.95... and trapeze loafers—new suedes in every color — just 6.95 come in tomorrow... see them all... and pick your fall footwear wardrobe now!

**RUTH MILLETT**

The problems that arise concerning children of divorced parents are many and varied. An unusual problem comes to light in the case of Joe Di Maggio and his ex-wife, who is the mother of his 10-year-old son. According to newspaper reports, she doesn't think it is proper for Joe to take the boy on his dates with other women and wants a court action to put a stop to it. Very little that happens to children of divorce is either right or proper. It isn't right or proper for a child to have his custody fought over in court. It isn't right or proper for a child to live with only one parent when he has two living—or to be passed back and forth from one to the other. It isn't right or proper for a child to watch a parent dating first one person and then another, always wondering: "Will this one be my new mother—or father?" It isn't right or proper for a child to grow up in the world with the idea that his parents didn't love him enough to stick by their marriage vows and make a normal home life for him. But, all kinds of situations that, from the standpoint of a child, are neither right nor make a normal home life for him. After divorce parents often try as best they can to protect their children from as much unpleasantness as possible, and to give them as much security as they can under the circumstances. The pity is that they don't work harder before divorce to protect their children, by working to save their marriages from the divorce courts. In air, sound takes nearly five seconds to travel a mile, but in water it goes the same distance in one second. In iron or steel sound goes a mile in one-third of a second. The speed of sound in air is affected by the wind.

**CHECKS ARE HAPPY HI-LINES**

FOR SCHOOL, PLAY and year-round wear, new jackets and pants for small fry are made of worsted and flannel-like fabrics in checks and plain colors. The combination shown here presents a Dan-River fabric woven of Celanese acetate and rayon in a brown, gray and yellow novelty check over a plain brown mixture cloth. The jacket has two large patch pockets, zippered front, and a neat belt that is partly anchored to prevent its being detached or lost. (ANS Features)

A LOCAL ORGANIZATION is discussing the "Lite a Bike" campaign mentioned in Palaver week before last. We've sent for a sample kit and information on the project, and went to hear more from other cities who've sponsored a mass taping of bicycles. Will be wonderful if the group can get the tape and see that our kiddoes have their bikes outlined so that we can see them coming (or going) at night. City Manager Cruce has offered the assistance of the city police and fire departments. In some cities bicycles have been taped in fire stations. Now we'll just sit back and wait for information. In the meantime, we like the way people have responded to the plan, and in particular, the gesture from Mr. Cruce. By the way, we hear he has visited all over town, in the library, etc., and just looked around and "got acquainted" with folks and places. We like his doing that.

"A pat on the back is good if it is hard enough and low enough." WE NOTICE how often the Central Baptist and First Baptist WMU groups call on sick members of their organizations. In the Central Baptist Church they often set aside a special day for visiting and nothing else. (That's a good idea for a housewife who has days for washing, ironing and baking, and somehow never finds time for those informal visits with friends she enjoys so much.) We "read across" this idea for those shut-ins, and thought perhaps some of the circles might enjoy the suggestion that can bring lasting cheer and diversion to the sick. The plan is to start them off with a planted window box and a few tools and pointers to keep the flowers growing. Even makes Peg want to run a window box for this winter. It's lots more fun than just a pot plant, and a normal of our florists here can arrange an assortment of plants for indoors.

PANORAMICALLY: Somebody wrote recently that teen-age is the time between pigtails and cocktails... never did agree with that, and had more proof of the worth of our youth after hearing about the Religious Drama Club's play the other night... they can put their time to serious thought, or they can just have fun... Never heard of so many dances as this week end — all back-to-school, of course... The Country Club dance was last night... Lots of activity out at the club to wind up the summer social season, and pave way to the Labor Day week end... Buffet supper last Sunday, then family night Friday night... Kept Joe Key, Frank Smith, O. B. Worley, Homer Johnson, R. E. Batson and bunch more busy getting those socials organized... Lots of visitors gonna be here for the Top o' Texas Tournament, and hope to see some former Pampans here for that event, as well as some "around-Pampa visitors"... So glad to see the Rusty Wards back here... Seems they just belong here... Jacqueline Merchant, another pretty teen-ager... also like the sweet disposition of Vivian Wilkinson, daughter of Mr. and Mrs. C. V. Wilkinson... Would like to be driving up to the "Pennsylvania Dutch Days" in Hershey, Pennsylvania... believe that celebration was 21 through 23... love the cooking for which they are famous... Have you seen the gray exterior on Bunny and Leah Behrman's home? ... it's set off by a beautiful, beautiful door that I want to say is apricot-colored... so many names for so many shades, one is afraid to say what's what... anyway, we like it... Anybody building a new house these days is saying, "If you don't think money grows on trees — buy some lumber!"... and, joke or not, building seems to be booming... we're glad to see Pampa growing up and out in all directions... notice even on the end of Kingsmill there are families moving into new homes...

HERE'S A "WANTA SEE" Peg's adding to her list. Heard about the beautiful new fireplace Edith and Ernest Johnson are building with a red patio all around. "Spoused to be christened this week, and would certainly like to be in on the festivities — everyone says they have one of the most beautiful yards in town. Next to people who take pride in their homes, we like best those who improve their outdoor living. Some folks just have a way of making a yard look inviting.

HAD TO SAY ERNY, MEENY, MINEY, MO to select a prune cake recipe from among those we got in the mailbag. They all sound wonderful, and we've already had one at our house this week. Will try them all because cooking is particularly fun when someone special recommends a recipe to you. Here's a recipe that has been in the family of the sender for a long, long time and the icing is so good. Never know whether to quote a contributor's name to this column, but this cook said, "Happy eating," and we know by that she would like to share her family recipe. And don't you think that half the fun of cooking is having someone ask for the recipe?

**PRUNE CAKE**  
three cups flour  
one teaspoon salt  
four teaspoons baking powder  
one cup shortening  
two cups sugar  
four eggs  
one tablespoon grated lemon rind  
two cups prune water (unsweetened)  
1 1/2 cups chopped nuts  
two cups chopped cooked prunes (unsweetened)  
Sift flour, salt and baking powder. Cream shortening thoroughly. Add 1 1/2 cups sugar gradually. Beat well. Beat eggs until light and fluffy. Beat in remaining 1/2 cup sugar, add to creamed mixture. Beat well. Combine lemon rind and prune water alternately with sifted dry ingredients. Fold in prunes and nut-meats. Bake in greased cake pans lined with waxed paper in very moderate oven. Cool cake and cover with plain brown sugar boiled icing.  
**ICING**  
one cup white sugar  
one cup brown sugar  
3-4 cup cream (can milk)  
one tablespoon butter  
Cook over low fire until it forms a soft ball. Let cool, then beat to spreading consistency. Sprinkle coarsely crushed or rolled peanuts or almond brittle candy liberally on sides and top of cake if desired.

READ NOT LONG AGO that there are seven national crimes: (1) I don't think... (2) I don't know... (3) I don't care... (4) I am too busy... (5) I leave well enough alone... (6) I have no time to read and find out... (7) I am not interested... That's the line of thought the League of Women Voters has been trying to overcome. Incidentally, the League began its finance drive this week. One of the big points in their budget is the printing of a brochure, "Know Your Town." Mrs. J. D. Schroedel (1101 N. Frost) is taking contributions.

**Male Method Of Buying Groceries Can Be Ruinous To Family's Food Budget**

BY GAILE DUGAS  
NEA Woman's Editor  
NEW YORK — The real menace in the budget bout when women shop for food these days is a hidden one. It lurks around the supermarket under the alias of "husband."  
He may be the man who foots the bills but he's also the man who sends them shooting up as much as 15 per cent a shopping trip.

This is straight from a chain store executive who, naturally, are not averse to seeing husbands do the shopping. But at the same time they feel it's only fair to issue a word of warning to wives. "We find," these executives say, "that husbands are great peanut eaters. They also like cookies, soft drinks and exotic lunch meals. And they don't mind munching on pretzels, chewing gum, gum drops and rare cheeses." Giving the average man a shopping list and sending him off is as easy on the budget as ordering your dresses straight from Paris C.O.D.

If the list reads "steak," he'll bring home the sirloin every time. If you point out that you meant minute steaks, he'll sulk: "You didn't say which kind."  
If the cart find bread at the first grab, he'll take bread sticks or cinnamon rolls or poppyseed rolls. Bang! And here's another hole in the budget.

After he's finished his lively game of substitutions, this fiend in human form will throw everything else within easy reach into his basket.  
**Mrs. Fields Honored**  
SHAMROCK (Special) — Two parties recently honored Mrs. W. A. Fields. The first was a party given by the Shamrock Club August 19 to join Lt. Col. Fields in England. A coke party was given by Mrs. Robert Laycock, and Mrs. Leonard Cowden complimented Mrs. Fields with a breakfast.

**Tips For Tasks**  
To remove nail polish stain, apply polish remover directly to the stain with an eye-dropper. After a few minutes, sponge with a clean, white unstarched cloth, working from the outer edge in towards the center.

**Irish Tourist Bureaus**  
DUBLIN (AP) — The Irish Tourist Board is to set up travel bureaus in all the major centers of the United States to attract tourists, the Board announced here. The bureaus will be opened in time to appeal to Americans to visit the Festival of Ireland, to be held in April 1953.

A worthwhile project, and we'll be looking for the brochures in the fall when they are distributed.  
A SECRET, 'tis said, is something a woman tells to only one person at a time. But, after a while, even a woman learns (?) and so I'm not telling one single soul that I am

Almond-stuffed olives are just his style. That's because he's something of an adventurer in new foods and likes to think of himself as having an open mind. Incidentally, a sneaky substitution that he pulls often is camembert cheese for the plain old American kind.  
Did you ever try to make a sandwich of grilled camembert for Saturday lunch?  
But when you decide to do the buying yourself and take your husband along to bring home the bacon, you really shoot the works. This is on the word of A & P executives, who ought to know. While you're busy tending strictly to business and sticking with your

**Do Your Own Monogramming**

PERSONALIZE back-to-school or "at home" towel ensembles with your name, monogram or initials. It's wonderful economy, done on your sewing machine and the effect is extremely smart. Cannon Homemaking Institute offers suggestions on how to monogram with rick-rack. Write your name, initials or design on strong tissue and pin it securely to the towel. Stitch through the rick-rack, tissue and towel, following the outline. Finish by hand, tacking a securely. Tear away all tissue and your monogram or name gives the effect of actual embroidery.  
A short name, as in the towel ensemble shown, requires only two yards of baby rick-rack braid. A ten-cent card, found at the dime store, contains five yards — enough for two "bath" towels, two face towels, and two wash cloths.

list, your husband is off making little forays.  
"He's adding to the gourmet-type pantry he's established at home. What you get out of this is everything on your list plus as necessities in living."  
When the checker finally starts to ring up your bill, it sounds as if he'd combined the national debt with "The Star-Spangled Banner." Who needs champagne these days? Who, for that matter, needs do. But never, never let him put hoof inside a grocery store!

**Why Do We Need New Bible? Revision A Gigantic Process**

By FRANCES DUNLAP HERON

NEW YORK (NEA) — The time is 1000 B.C. Out on the hills of Palestine shepherds gather around their campfire. As the stars shine down and God seems close, one of the shepherds begins a story while the others listen raptly. It is a story of Abraham and Moses and the greatness of God, told in the words the sheep herders know and love.

The centuries pass. It is A.D. 1526 A devout English family, at risk of severe punishment hides within their home a copy of the forbidden Tyndale New Testament, produced on that amazing invention — the printing press — in English.

A.D. 1611. Persecution is over, and the English-speaking world hails the new King James Version of the Bible, appointed to be read in churches.

Thus the Word of God through the ages manifested itself to His people. Always the one who preserved God's message wrote in whatever language his people would understand—Hebrew, Aramaic, Greek, English. From language to language, the word has spread until today it appears in more than 1000 tongues.

And now it is A.D. 1952 — the west milestone in man's longing to comprehend the word for his own day. On Sept. 30, the recently-completed "Revised Standard Version of the Holy Bible" will become available in the U.S. and Canada—the result of long years of devoted labor by 32 Bible scholars.

The Standard Bible Committee, headed by Dean Emeritus Luther A. Weigle of Yale Divinity School, was appointed in 1930 by the International Council of Religious Education, now part of the National Council of Churches of Christ in the U.S.A. On behalf of 40 Protestant denominations, it was authorized to produce a translation designed for public and private worship, making use of the best available Biblical research, manuscript discoveries and archeological findings.

The first part of the task—the New Testament—appeared in 1946. Now the completed Bible is ready for issuance to coincide with Christian Education Week, Sept. 28 to Oct. 5. Simultaneous observances in 3000 communities on Sept. 30 will mark the biggest project in book publishing history—a first printing of almost one million volumes.

From the scholars' standpoint, however, the most significant record the "Revised Standard Version" can achieve is that of occupying the people's Bible, as the King James version did in its day.

Why was a revision needed? What changes have been made? How did the committee arrive at decisions on translation?

Bringing out a revision of the Bible is not a new idea. Two versions authorized by the Church of England preceded the King James all within 72 years. But within the following 341 years, only two authorized revisions of the English Bible have been made. The first was in 1885, followed by our American variant in 1901; the second is the "Revised Standard Version" of 1952.

Both versions are revisions of the King James. Why did it need to be revised?

First, the King James translators had only a dozen or so late medieval manuscripts of the New Testament. Today's scholars can count more than 500 mistakes in the Greek text; the King James group had no aids for understanding the Hebrew text of the Old Testament such as Biblical scholarship now possesses.

Second, the translators of 1611 and even of the 1870's did not have the present-day contributions of archeology to help them understand the vocabulary, idioms and grammar of New Testament Greek.

Third, many English words have changed meaning since the days of the Elizabethan language in which the King James version is preserved.

To take a few examples: "Conversation" in 1611 meant "behavior." What was "comprehend" is now "overcome" and "mansions" is "abiding place." The word "suffer" is now translated "let," thus easing the minds of people like the woman who wondered why Jesus wished small boys and girls to suffer in the verse, "Suffer the little children..."

The members of the Standard Bible Committee saw their task as three-fold:

1. To recover the Bible at points where the Hebrew and the Greek text, followed by the King James, is now misleading because of the changed meaning of English words.

2. To preserve the basic structure of the Tyndale Version and the simplicity, dignity, directness, beauty and power of King James.

3. To seek now (according to Dean Weigle) to replace the King James Version with a version as accurate as conscientious scholarship can produce in the light of what is known today. Each substitution of words called for a two-thirds vote of the committee.

Changes that will meet the eye at once are the return to the "Lord" of the King James version, replacing "Jehovah" of the American Standard. The Psalms, much of the prophets, and many other portions of the Old Testament are printed in their original poetic form, instead of being set off as numerical verses.

And as two million readers of the New Testament revision already know "eth" and "est" endings have been dropped. "Thou" and "thy" remain only when addressing God in prayer.

NEXT: "Returning to the old recipe."

**Texas University Gets New Prexy**

AUSTIN (AP) — Dr. Logan Wilson, sociologist, will become president of the state's main university Feb. 1.

He was elected by unanimous vote of the University of Texas regents yesterday. Wilson said he was happy to be returning to the school where he got his first master's degree in 1927.

Wilson, who is academic vice-president of the Consolidated University of North Carolina, will succeed Dr. T. S. Painter as president at the maximum statutory salary of \$15,000 per year, plus home and utilities.

**Praying Postman Charged In Killing**

HOUSTON (AP) — A praying postman clerk has been charged with beating to death a former Paris woman, Mrs. Edna Specht, 39.

He is Silas Edgar Locke, 51. The woman's body was bruised severely from her forehead to her knees. An autopsy last night set the cause of death as a massive brain hemorrhage.

Police said Locke prayed frequently while they questioned him and appeared to be in a daze. He denied striking the woman.

Justice of Peace Tom Maes ruled it murder.

DEAN LUTHER WEIGLE directed the work of 32 Bible scholars.

beauty and power of King James.

3. To seek now (according to Dean Weigle) to replace the King James Version with a version as accurate as conscientious scholarship can produce in the light of what is known today. Each substitution of words called for a two-thirds vote of the committee.

Changes that will meet the eye at once are the return to the "Lord" of the King James version, replacing "Jehovah" of the American Standard. The Psalms, much of the prophets, and many other portions of the Old Testament are printed in their original poetic form, instead of being set off as numerical verses.

And as two million readers of the New Testament revision already know "eth" and "est" endings have been dropped. "Thou" and "thy" remain only when addressing God in prayer.

NEXT: "Returning to the old recipe."

**California Uncovers Smugglers**

SACRAMENTO, Calif. (AP) — Evidence of a smuggling ring which is sneaking both aliens and closed by State Narcotics Agent John Mistry.

Mistry, who heads the state's anti-narcotic operation in the 28 interior counties north of Fresno, said the ring is smuggling raw opium into California in greater amounts than have been seen in the state since 1944.

"They charge \$100 or \$150 to smuggle a Mexican alien into the Sacramento or San Joaquin Valley," Mistry told investigating state assemblers. "They also throw in a bunch of marijuana and opium in the cars used to bring the aliens in."

He said the ring is bringing a thousand Mexican nationals weekly into an area centered around Stanislaus County. He added that aliens have been found in large numbers as far north as Yuba and Butte Counties.

State agents found a 30 ounce can of raw opium in a San Joaquin Valley labor camp recently, Mistry reported, as well as a 20 ounce can in Fresno and a 50 ounce can in Los Angeles.

Harpist

### Harpist In Recital

WHITE DEER (Special) — Sam Milligan, harpist, will present a recital at 3 p.m. today in the music room of the White Deer Elementary School.

Milligan, a graduate of White Deer High School, will return in September for his third year in the school of music at Del Mar College, Corpus Christi, where he is majoring in musicology. He has studied with LaVerne Hodges of Corpus Christi and Mary Myracle of the University of Texas.

He has been soloist with the Del Mar band and orchestra and has appeared with the Corpus Christi Symphony Orchestra.

During the past year, in addition to his college work, he has taught music classes in private schools in Corpus Christi.

Milligan's program for Sunday afternoon will include "Folk Song Suite," arranged by LaRanaga; "Night Breeze," Saizedo; "Serenata No. 28," Villa-Lobos; "Tango," LaRanaga; "Andantino," Mozart; "Blues in the Night," arranged by Maxwell; and "Espanso Cant," arranged by LaRanaga.

### JACOBY ON BRIDGE

#### Make High Discard, Do Better Generally

By OSWALD JACOBY  
Written for NEA Service

"What makes a discard encouraging?" asks an Oakland reader. "You often use this expression in your articles, and I have been wondering whether you mean that any high discard is encouraging, and that any low discard is discouraging." No, the answer is not quite so simple. In general, a high discard is more encouraging than a low discard, but sometimes a player has to throw away a worthless card that happens to be fairly high. An astute partner will size the situation up correctly.

In the hand shown today, for example, East eventually made two high discards in hearts—but neither discard was encouraging. In fact, they distinctly warned West not to lead a heart.

West opened the five of spades and South held off until the third round. South then led a

low diamond and hopefully finished dummy's ten. East won with the jack of diamonds and returned a low club hoping that his partner had a high card in the suit.

As it happened, South won with the queen of clubs and promptly led the queen of diamonds to force out West's ace. West happily took his two remaining spades, and East discarded first the nine of hearts and then the jack of hearts.

These hearts were high cards. Had East intended them to be encouraging, he would have discarded them in the opposite order: first the jack and then the nine. The fact that he discarded them upward made it perfectly clear that he did not want the heart lead.

West easily read the signal and therefore returned a club when he had finished with his spades. This permitted East to take four club tricks, thus setting the contract four tricks. If West had foolishly led a heart after finishing with his spade, South would have made his contract.

### Community Singers Plan Meeting Today

Community singers will meet at the Hobart St. Baptist Mission at 2:30 p.m. today. There will be quartet and class singing. The public is invited.

## Business Highlights

John Parker and E. C. McCollum of Pampa salesmen for Purley Motor Company have been honored by the Dodge Division of the Chrysler Corporation for outstanding accomplishments in the retailing of Dodge passenger cars and trucks.

As a result of their achievements, Parker and McCollum received a charter membership in the Dodge "400" Club, and were presented with a special pin and club membership by R. L. Adams, Dodge district manager, Aug. 21.

Through their membership in the "400" Club, Parker, and McCollum will have as their associates other top Dodge salesmen across the nation. The club is to be a permanent organization with membership each year to be determined by the best individual sales records.

Parker and McCollum received official word of their sales success in a congratulatory message from E. C. Dock, general sales manager of Dodge in Detroit. Dock referred to Parker's and McCollum's work as a splendid achievement and expressed hope that the charter members be able to continue and improve their club standing through the years to come.

### Kingsmill Preacher Ends Tenure Sunday

Rev. Pearl Yeakley will preach her farewell service tonight in Kingsmill.

She has been pastor for six years. Succeeding her will be Rev. Ar-

**CONTRACTS NEW AGENCY**  
Harold Wright, local insurance agent, has been appointed general representative of the Pan-

handle for the Western Fidelity Life Insurance Company of Fort Worth. Harlan Sloan, superintendent of agencies, Fort Worth, was in Pampa Friday to negotiate a contract with Wright.

This agency is an added facility to Wright's general insurance company, in operation in Pampa for 16 years. (News Photo)

Doris Bingham, Siloam Springs, Ark.

## First Bale Of Cotton For Shamrock Nears '48 Record

SHAMROCK (Special) — The first bale of cotton is in Cecil Ameron who lives three miles west of Twitty brought the first bale for the 1952 season Monday. The bale arrived 12 days earlier than last year's initial load which was brought in by R. M. Bradley of 5 1-2 miles southwest of town. It was 39 days earlier than the first 1950 bale which belonged to Edgar Wischnemper of 10 miles southeast of the city.

The Shamrock Chamber of Commerce presented the grower of the first bale with a \$75 premium. The bale, which has not been sold, is on exhibit in front of the Farmers & Merchants State Bank.

The cotton was ginned free by the Tindall Gin in Shamrock which is managed by J. N. Tucker. The 415-pound bale was ginned from 1,910 pounds of seed cotton. It was of 7-8-inch staple and graded middling light spots. It turned out 200 pounds of head. The cotton was of the Macha Storm proof variety.

Ameron missed by one day in tying the record of the earliest bale of cotton ever ginned in Shamrock. Henry Simon, colored farmer of southwest of Shamrock, marketed a bale on Aug. 17, 1948, to set a record.

Ameron gathered his second bale Tuesday and was working on his third bale Wednesday, neighbors said.

**WE SAW**  
Mr. and Mrs. J. N. Hess and family, who recently won a prize for driving the 100-mile car across the Golden Gate bridge, waiting in line at the local Buick house to get their car serviced. They are in Pampa visiting Mr. and Mrs. C. J. Hess, George Hess, and Mrs. L. A. Laverty. (See story, page 3)

Eleven Pampans and two Le-fors boys were caught Thursday night by Ollie Wilhelm, theater manager, as they climbed over the fence in back of the theater. No further proceedings are contemplated, according to H. A. Doggett, county juvenile officer, but if caught again they face a fate worse than death—banned from all five Pampa movie houses.

## SEWING MACHINES IMPORTED FROM JAPAN ARE NOT SINGER MACHINES!

HERE ARE THE FACTS . . .

REGARDLESS OF WHAT YOU MAY BE TOLD BY OTHERS, sewing machines imported from Japan are not SINGER\* machines, and are not made of SINGER\* parts. While some of these machines may look like a particular SINGER model, they are not made or sponsored in any way by SINGER. SINGER does not have—and never has had—a factory in Japan!

SINGER SELLS AND SERVICES ITS MACHINES ONLY THROUGH ITS OWN SINGER SEWING CENTERS identified by its famous red "S" Trade Mark on the window and listed in the phone book only under SINGER SEWING MACHINE COMPANY. To be sure your money is buying the finest, most dependable sewing machine in the world—a new SINGER or acused SINGER reconditioned and backed by SINGER . . .

SHOP WHERE YOU SEE THE RED "S" ON THE WINDOW!

"Exclusive But Not Expensive"

**Buzz Sawyer**

LOOK! SEE THIS WIRE ATTACHED TO THE GAS THROTTLE, SKIPPER? YES AND IT DOESN'T BELONG THERE. BET YOUR LIFE IT DOESN'T! NOW WATCH WHAT HAPPENS WHEN I PULL THE SPRAY LEVER. GREAT SCOTT! IT SHUTS OFF THE GAS! IT'S THE SAME ON THE OTHER PLANE, TOO! YOU WERE RIGHT, SKIP. WE'VE BEEN SABOTAGED.

**Jackson Twins**

COME UP FORWARD! IF YOU WANT! IT'S JUST YOURSELVES RIGHT TO HOME, NOW! I GUESS YOU THINK IT'S CRAZY FLYING AN EGG ALL THE WAY TO SAN ANTONIO?? OH, WE'RE USED TO THE COLONEL, MISS? ONCE WE FLEW THE WHOLE CAST OF 'TEXAS, I'LL BRING YOU DOWN FROM NEW YORK TO ONE OF HIS PARTIES? HE SAW A L'IL GAL CRYIN' IN PALM HART ONE TIME AND HAD US FLY HER ALL THE WAY TO TOKYO TO SEE HER WOUNDED HUSBAND? HE'S FABULOUS AN HOUR LATER THERE'S OLE SAN ANTONIO, TWINS? POWDER UP THEM L'IL IDENTICAL NOSES? IN TWENTY MINUTES YOU'LL BE SELLIN' EGGS TO AN ORNERY OLE TEKAN?

**Blondie**

A PUNDIT IS A VERY WISE MAN. DADDY, WHAT IS A PUNDIT? THAT'S EASY-- A BACHELOR IS-- A VERY VERY WISE MAN. ASK HIM WHAT'S A BACHELOR. WHAT DID HE SAY? A BACHELOR IS AN UNMARRIED MAN. THAT'S BETTER.

**Alley Oop**

OH, WHAT HAVE I DONE AND WHY DID I DO IT? WHY, OH, WHY? WHAT'LL I DO? THERE'S ONLY ONE THING YOU CAN DO NOW! YOU MEAN THERE IS SOMETHING I CAN DO? WHAT IN HEAVEN'S NAME IS IT? GET ALLEY OOP ON THE JOB AND DO IT FAST! OOP? THAT JUG-HEAD? I DON'T KNOW, BUT THIS IS STRICTLY FOR HIM-- IT'S TOO MUCH FOR PURE SCIENCE!

**Bo**

I'D BETTER FIND THOSE DOGS AND QUIET THEM DOWN BEFORE THEY WAKE SUSIE... MRS. SMYTHE'S VOICE SOUNDED LIKE SHE WAS MAD ABOUT OUR BARKING. MAYBE WE'D BE SMART TO SLIDE UNDER A BED 'TIL SHE COOLS OFF. PHEW... I CAN'T STAND THIS VERY LONG.

**Ozark Ike**

TH' EAGLES LOSE AGAIN! WOW! OZARK'S CIRCUS CATCH SAVES TH' GAME! WILL WHUTCHA KNOW? I SMACK-DAB IN A FLAT-FOOTED TIE PER FUST PLACE! AND ONE GAME

**Chris Welkir**

CHRIS WELKIN! DON'T MISINTERPRET MY PRESENCE IN LOVERS' LANE, DR. BUDD... I WAS SHOWING MISS AMAIZA OUR CAMPUS-- CERTAINLY NOT, DEAN PROCTOR. IT IS YOU, AFTER ALL! OH, THERE YOU ARE, AMAIZA! LOOK, HOW'D YOU LIKE TO CATCH THE CAMPUS QUEEN DANCE WITH ME?

**Mutt & Jeff**

GOSH, I DREAMED I WENT TO HEAVEN! THAT'S FUNNY! I DREAMED I WENT DOWN BELOW! YOU DID? NOT BAD! I WAS DOWN THERE ABOUT AN HOUR SHOVELING GOAL WHEN I ASKED FOR A VACATION AND GOT IT! HOW WAS IT IN HEAVEN? NOT SO GOOD! I WORKED DAY AND NIGHT PUTTING OUT THE STARS, HANGING UP THE MOON AND THEN PUSHING AROUND THE CLOUDS ALL DAY! WHY, DIDN'T YOU ASK FOR A VACATION? I COULDN'T! WE WERE SHORT OF HELP!

**Bugs Bunny**

GREETS AN' STUFF, ELMER! FUDD'S APPLIANCE. THIS IS AMAZING! I'M TURNIN' OVER A NEW LEAF! BESIDES... I HAD A L'IL LAUNDRY I WANTED T' GET DONE BEFORE TH' CUSTOMERS START COMIN' IN.

**Pop**

YOU'VE BEEN A BIG HELP, PRISCILLA! WHAT WOULD YOU LIKE FOR A REWARD? A BAG OF POP CORN WITH ALL THE FIXINGS! GOOD ENOUGH!! BY 'FIXINGS' I GUESS YOU MEAN SALT AND PLENTY OF HOT BUTTER! --AND THE MOVIES!!

**OUR BOARDING HOUSE** By J. R. WILLIAMS

OH, I'M FIGGERIN' OUT A FIGGIN' HERE SO YOU CAN USE ALL OF THEM THINGS AT TH' SAME TIME, IF YOU EVER WANNA! IT'S SUCH A LOUIS' DAY, I WISH I HAD A NICER OUTDOORS! SO DO I-- VERY, VERY MUCH! GREAT CAESAR! THIS IS STUPENDOUS! SHOULD I SEND MATHA HER WINNINGS OR WAIT TILL I GET HOME AND CASCADE IT INTO HER LAP? MY ADVICE IS TO SEND IT HOME IF YOU DON'T WANT HEAD-LINE BILLING AS MAJOR HOOPLE LATE CANDIDATE FOR PRESIDENT! LESSEE-- THREE TIMES \$72.60-- I SHOULD'N'T HAVE PLAYED HOOKY THE DAY TEACHER GAVE US MULTIPLICATION! ALL WE NEED IS A LAUNDRY BAG FOR THIS DIRTY STUFF!

**Vic Flint**

MUSHY! DID YOU HEAR? THIS MAN SAYS ORGIN WAS MURDERED! SO WHAT? YOU SEEM TO TAKE MURDER AS A MATTER OF COURSE. PEOPLE DIE EVERY DAY, DON'T THEY? THIS MAN WAS ONE OF YOUR STEADY CUSTOMERS, DO THEY OFTEN DIE SO SUDDENLY? LOOK, AREN'T YOU GETTING A LITTLE NOSY?

**Little Doc**

WATCH THIS... I CALL IT THE REVERSE NINE REEL CAMERA-MAN DIVE!

**Wash Tubbs**

THERE! YOU LOOK LOVELY, CATBY! WHY NOT WAIT FOR EASY OUTSIDE? WOT IS THIS CHARACTER YOU'RE EXPECTIN'... A TIN GOD, OR SOMETHIN'? JUST WAIT! I BET YOU'LL WANT TO BE LIKE EASY, TOO! HE'S SUCH FUN! AND A REAL LIVE HERO! SO I'M NOT, EH? LOOK, KID, I AIN'T AFRAID OF NOBODY! I CAN WHIP ANYONE IN MY GANG, SEE... AND BROTHER, THEY AIN'T SISIES! WELL, I WOULDN'T BRAG ABOUT THAT, BILLY! OH, HERE HE IS! IZZAT SO? WELL, HE SOUNDS LIKE A BIG DRIP TO ME! AND I AIN'T WAITIN' TO MEET HIM! SO LONG!

**Boots**

ROD, LOOK AT ALL THE GUNS STORED DOWN HERE! AND MONEY! STACKS OF IT! AND HERE'S THE OUTFIT HE USED TO PRINT IT! NOW, OING DANG IT, I AM MAD! GIT! TH' WHOLE NOSY LOT OF YOU! A REGULAR ARSENAL!

**Mickey Finn**

HAVE YOU CHECKED OUT YET, PHIL? NO! I'LL GO DOWN AND DO IT RIGHT NOW! MY BILL, PLEASE! OH, YES, MR. FINN! JUST A MOMENT AND I'LL TOTAL IT UP! I'M SURE YOU'LL FIND IT CORRECT! PUT HIM ON THE BED!

**Penny**

GOOD MORNING, FATHER, HOW DO YOU WANT YOUR EGGS? GOOD MORNING, PRINCESS, I'LL HAVE 'EM BOILED. IS THAT OKAY? CERTAINLY, BOILED, POACHED YOU NAME IT... BUT WHY DON'T YOU THINK SERIOUSLY ABOUT SUNNY SIDE UP... I'VE SORT OF ALREADY FRIED THEM.

**Freckles**

NOW EVERYONE MARCH DOWN TO THAT BOAT! CLIP D'VA THINK THE PUNK MEANS BUSINESS? YOU GOT EYES, AINT-CHA? JUMPIN' CATFISH! LET'S GO, MEN! ALL THE STOLEN MONEYS THERE BUT THE \$5 HOPPER GAVE ME IN THE GAS STATION. I'LL WORK TO PAY IT BACK, MR. GRUBBLE. LARD, WITH ALL THE MONEYS YOU'RE GONNA COLLECT, YOU MAY NEVER HAVE TO WORK!

**Donald Duck**

PHOOIE! YOU CAN'T HIT THE BROAD SIDE OF A BARN! GET YOUR GUN! I BET A CHICKEN DINNER I CAN! OKAY, START SHOOTING! BANG BANG BANG BANG! OKAY, SEE ANY HOLES? MY GOODNESS, NO! LOOK WHAT WE FOUND UNDER YOUR BED, UNCA DONALD!

## HERE'S MY FORMULA!

Browning was right when he said, "Grow old with me, the best is yet to be." It will be friend, if you head your life in the right direction. Me? My formula is simple. I try to give more than I get. I've seen a lot of life in my time... got a lot of friends. Most of them discuss their problems with me. And there is the church on the corner. One Sunday years ago a strange thing happened inside of me, and it made life worth living ever since... GOD. Been giving Him a dime out of every dollar since that day. Yes, sir, I'm rich. Not much money but haven't an enemy on earth. Trying to walk the straight and narrow way and getting others to go with you makes one feel downright good inside. I've seen a lot of life in my time and still have much to live for. I'm also ready to go when He calls. Are you ready to go? Are you at peace with God?

**You In The Church...  
The Church In You**

Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be faithful Be a Churchman!

# WHAT WOULD YOU PAY FOR NEW EARS?

Many hard of hearing persons would give almost everything they own to be able to hear again. But that isn't necessary. The price of a Beltone hearing aid is quite reasonable. And while a Beltone is not quite the same as new ears, it is the finest substitute the world's most gifted inventors have yet developed. WHY NOT HEAR AGAIN? Get the thrilling facts about Beltone. No obligation.

## Steel Price Increase May Boost Gasoline, Fuel Oil Cost

WASHINGTON (AP) — The steel price increase may increase the cost of your gasoline and fuel oil.

Oil industry spokesmen estimate the new steel prices will bring a multi-million-dollar boost in industry costs — in drilling, production, transportation and marketing.

And they say the increased costs doubtless will strengthen the industry's case for removal of price controls on crude oil, or, if that move fails, there will be an argument for higher ceiling prices.

The Petroleum Administration for Defense (PAD) has called for the drilling of 55,000 new producing wells in 1953. For each well oil men estimate, about 275 tons of steel is needed to get the oil from the ground to the consumer. This includes steel for drilling, refineries, power plants, rail and tank cars, pipelines and pumps.

Assuming the increase in steel price may average \$6.50 a ton for the overall steel used, one oil organization official said, the additional cost for steel for getting oil from 55,000 new wells to the consumers would be more

than 98 million dollars.

Ask Decontrol of Crude

On the same basis, he said, the cost of drilling some 1,000 new wells under the expansion program during the remainder of 1952 would be increased by about \$32,500,000.

Of the total cost increase, he estimated about one-third would be for oil country tubular goods.

Now pending with the office of Price Stabilization (OPS) is an application of the Independent Petroleum Association of America (IPAA) for decontrol of crude oil prices.

A price committee of the IPAA is scheduled to meet in Fort Worth next month to prepare a report for the annual meeting of the association in Oklahoma City in October.

It is considered likely that if OPS turns down the decontrol application, someone will file a price increase proposal.

More Tubular Goods Needed

In its August issue "Facts and Forecasts," the IPAA reviews the PAD program for expansion of the nation's oil-producing capacity.

In addition to the 55,000 wells for 1953, it calls for 60,000 in

Wildcats held the Panhandle spotlight last week as three new wildcat locations were staked in the Panhandle, two of which are to be drilled in Roberts County. Two tests were plugged. Cities Service plugged its No. 1 This in Roberts and Hunt Oil Co. abandoned its No. 1 O. H. Fincher.

G. B. Cree Jr. filed intention to drill its No. 1 Carter in Roberts, eight miles northeast of Pampa, while Shamrock O&G Corp. filed on its No. 1 L. A. Maddon, 8 1/2 miles northwest of Miami. The Cree test is ticketed to 4,500 feet while proposed depth of the Shamrock well is 7,500 feet.

In Hartley County Kerr-McGee has staked its No. 4 Berneta, a 6,000-foot venture.

The week saw 10 new locations and 20 completions of which three were oilers, 11 were gasers and six were plugged wells. Total increased potential was 137 barrels of oil and 24,405 MCF gas.

## Cameraman Suing GOP

WASHINGTON (AP) — A news cameraman struck in a scuffle on the floor of the GOP convention in Chicago is suing the Republican National Committee for \$250,000.

Stanley Tretick of United Press Newspictures complained he suffered physical pain and "mental suffering" because he was humiliated before a television audience of 70 million who witnessed the incident.

The complaint said Tretick was seized by a sergeant-at-arms while trying to photograph a delegate who had collapsed, and was struck two or more blows by Chicago policemen and ejected from the hall despite credentials permitting him to be there.

The complaint, filed in District Court here yesterday, said the committee was responsible because the attack was made to (1) carry out temporary Chairman Walter S. Hallanan's order to clear the aisles, and (2) to make a public apology, prevent "unfavorable publicity" — a picture of an unconscious delegate.

The complaint said further the committee "acquiesced" in the alleged beating by failing to Republican headquarters here said it had no immediate comment.

Immediate it had no comment Tretick, once a war correspondent in Korea, also named the GOP committee's new chairman Arthur E. Summerfield, as a defendant.

## World Crude Production Takes Up Slack

TULSA, Okla. — World production of crude oil in June regained most of what it lost during the previous month's strike of oil workers in the United States. The Oil and Gas Journal reports.

Total production of the non-Communist world averaged 11,281,800 barrels daily, a gain of 1,115,100 bbl. daily over May. The increase was almost entirely in the United States where production fell to 5,106,800 barrels daily in May and was back to 6,149,000 barrels daily in June.

Production in the United States was still about 280,000 barrels daily under the pre-strike month of April. Total foreign production however, was nearly 73,000 bbl. daily over May and about 200,000 barrels daily higher than in June.

Much of the continuing gain in foreign production was due to increases in Canada and in the Middle East. Canadian production was at a new all-time high because of increased demand in the prairie provinces and heavy summer pipe-line runs to the Lake Superior terminal.

Oil production of the Middle East in June set a new record, even exceeding the high before the loss of the output of Iran last summer. Total Middle East production in June was 2,208,900 barrels daily. The previous record was in May 1951 when the Middle East produced an average of 2,203,800 bbl. daily, including 717,000 barrels daily from Iran. Iran is now producing only about 30,000 barrels daily to meet consumption requirements within the country.

The former production of Iran has been almost entirely taken over by three other leading oil countries in the Middle East — Kuwait, Saudi Arabia and Iraq. Saudi Arabia production set a record in June at 899,000 bbl. daily. Iraq also reached a new high.

## Italy Begins Small Scale Atomic Work

MILAN (AP) — Italy has started its research for an experimental atomic stockpile in mostly basement quarters next to a "room for rent" sign.

It is a modest beginning — with "home made" heavy water, a tiny quantity of locally obtained mineral uranium, eight professors, some 30 student research assistants and about \$100,000.

Unlike the great secret American atomic cities, visitors need no special passes and there are no gun-bristling guards at the doors of the CISE (Centro Informazioni Studi Esperienze) laboratories, the organization for Italian atomic study.

The center is financed by a dozen of Italy's major industries. Professors directing the work say that the \$100,000 is about one one-hundredth of what they need for really advanced experiments.

But they take hope from increasing government interest in Rome where late in July the research was placed under control of a government agency on nuclear energy.

Minister Pietro Campilli of commerce and industry announced that Italy expects to receive financial aid from the United States to help with the studies.

## Record \$64 Billion Collected in Taxes

WASHINGTON (AP) — A record \$4,971,210,298 was collected by the Internal Revenue Bureau in taxes and social security contributions during the fiscal year which ended June 30.

This was about 1 1/2 billion dollars more than in the previous 12 months. In addition, federal agencies other than the revenue bureau took in \$2,364,500,000 for fiscal 1952.

## TIPRO Plans Meet Oct. 20

AUSTIN — Directors of Texas Independent Producers and Royalty Owners Association will gather in Austin Monday, Oct. 20, for their mid-year meeting.

"We fully expect TIPRO's policy on oil imports to be redefined," said President Bryan W. Payne of Tyler, "in the light of growing world oil surplus. Also due for consideration at this time is the matter of price decontrol for crude oil and other commodities not in short supply."

The one-day meeting, to be attended by approximately 200 directors from every part of the state, will be climaxed by the Director's Dinner. The executive committee will meet the preceding day to work out last-minute details for the meeting and prepare reports for consideration by the directors.

Some directors have indicated plans to arrive in Austin for the statewide Railroad Commission hearing Friday, October 17, and remain over the weekend for the Monday meeting.

The association previously announced selection of San Antonio for its Seventh Annual Meeting, March 30-31, 1953.

## Agriculture Front Is Quiet So Far In Presidential Drive

WASHINGTON (AP) — Will farm prices become a major issue on how voters vote for President this year? Four years ago at this time, they were a red hot political topic. Secretary of Agriculture

Branan had already taken out the Republican control led 80th Congress, blaming it for a sharp downturn in grain prices. The Branman campaign has been credited with a major role in obtaining the Midwestern farm support that helped President Truman win his upset victory over Gov. Thomas E. Dewey.

Insofar as prices are concerned, the history of 1948 is being repeated to a considerable extent this year. Farm prices as a whole — as well as prices of many individual farm products — are lower now than they were at this time in 1948 and a year ago. Yet little political attention has been focused on this situation — either by Democrats or Republicans. Some political observers have predicted that farmers will be more interested this fall in such government controls, and charges of corruption and communism in government, than in farm prices.

Agriculture Department reports show that farm prices as a whole are 2 per cent lower than at this time in 1948. They show also that the prices farmers pay out for what they need are about 12 per cent higher than in 1948. Much of the 1948 campaign was centered on Democratic charges that a Republican Congress had restricted government grain storage operations to such an extent that farmers were unable to take advantage of federal price support programs.

Yet this year department reports show market prices for wheat are further below the federal price support level than they were in 1948. In the summer of 1948, farmers received an average of \$1.98 a bushel for wheat or only 2 cents below the support level. So far this summer, wheat prices have averaged around \$2, or about 20 cents below the level the department said at planting time it would support this year's crop.

The department has forecast that farmers' net income — amount left after paying production costs — would be down from last year's \$14,900,000,000. The net farm income in 1948 was \$15,738,000,000.
