Security Council Set to Order Investigation of Franco Regime

Russia Could Upset Plan By Its Veto

NEW YORK — (AP) — The United Nations Security Council is expected to order an investigation of Franco Spain today unless Soviet Russia, only opponent of the move, delays action by attempting to invoke the veto.

As the delegates prepared to meet at 1 p.m. Central Standard Time, they were lined up 10 to 1 in favor of Australia's latest proposal to set up a five-man subcommittee to determine whether the Franco regime is threatening the world peace.

PREPARED TO VOTE

The council, with this same lineup had been prepared to vote for the investigation Friday, but in the hope that Russia might reverse her position and make the vote unanimous, it agreed to defer action until this afternoon.

At least one delegate — Rafael de la Colina of Mexico — attempted to win Soviet Delegate Andrei A. Gromyko over to the side of the majority in the interest of unanimity, but there was no evidence that he was successful.

GROMYKO REMAINS SILENT

Whether the Soviet delegate planned to try to block the Australian resolution by invoking the veto was a subject of wide speculation over the weekend, but Gromyko remained silent on his plans.

By attempting to invoke the veto, it was pointed out, Gromyko had

Music Teachers Sponsor Concert By Clarence Burg

Clarence Burg, dean of the college of fine arts at Oklahoma City University will present a piano concert next Sunday in the Junior high school auditorium.

The pianist makes his second appearance in Pampa, being well received last year when first invited to play by the Pampa Music Teachers' Assn.

Dean Burg is a composer, conductor and organist as well as pianist. Of his playing the Oklahoma Daily said, "... plays with authority and rhythmic dash." In his Debussy there was delicate shimmer and in his Liszt clean cut precision and brilliance. Fine tone and delicate nuance, exquisitely turned phrase, all made his Chopin group a complete satisfaction." Reviews from all over the States praise the musical understanding of Burg.

The program to be given next Sunday will include both Liszt and Chopin among others.

Having strong background in music, Dean Burg attended the Eastman School of Music, the University of Rochester, Chicago Musical college, studied at Peabody conservatory at Baltimore and at the Von Ende School of Music, New York.

He studied with Ernest Hutcheson, Rudolph Ganz, Sigmund Stojowski, Harry Rowe Shelly, Clarence Eddy, Alexander Raab, and with Tobias Matthay in London during the four summers prior to 1938.

Burg, founder of the Oklahoma City piano festival, is an Ampico recording artist, and is a judge in the National Guild of Piano Teachers Auditions. He will serve as one of the judges in the auditions to be held in Pampa during the week following his recital.

Tickets to the concert may be obtained from local music teachers, or at the door of the school auditorium the afternoon of the concert. Price of the tickets is one dollar for adults, 50 cents for children.

Juniors To Present Glass Play Tonight

A comedy-murder three-act play, "The Bat" is to be presented by the Junior class of Pampa high school tonight at 8 o'clock in the Junior high auditorium.

The play can be seen in a second performance tomorrow night at the same time and place.

Ten persons are included in the cast of the play, which is under the direction of Miss Ruth Stapleton, head of the school dramatics department.

Admission is 30 cents for students and 50 cents for adults. Proceeds of the play will go into the Junior class fund.

LICENSE ISSUED

A marriage license was issued Saturday to Homer L. Dent, Jr., and Geneva Bille Cutright.

Truman Turns From Judgeship to Strike

Warlord Tojo And 27 Others Are Indicted

WASHINGTON — (AP) — The labor department said today negotiations between John L. Lewis and the soft coal operators, broken off April 10, will be resumed immediately.

Speaking on behalf of the department, Leo Eichel, press representative, said the joint conference will be resumed in the labor department conference rooms at 1:30 p.m. (CST) with Special Mediator Edward F. McCreedy and Paul F. Fuller sitting in.

WASHINGTON — (AP) — President Truman, his mind made up on the supreme court, turned today to a search for means of settling the nationwide soft coal strike before industrial paralysis sets in.

NEW CHIEF JUSTICE

The President's choice of a new chief justice to replace the late Harlan F. Stone and a new member of the court to succeed the man who will be elevated to the presiding spot are expected to be announced early this week—possibly tomorrow.

CATEGORIES OF CHARGES

As he presented the indictments, Keenan outlined three categories of charges: Crimes against peace, "conventional" war crimes, and "crimes against humanity." Offenses thus range from maltreatment of individuals to world conspiracy, and Keenan made it plain that the whole 18-year story of Japan's bloody bid for world power will be told in the forthcoming trials.

Not mentioned in the indictments were Emperor Hirohito and a half dozen of Tojo's former cabinet ministers.

SPECIFIC CHARGES

Keenan did not refer to them, but commented that omission of a name "in no sense implies" exoneration; other names may be added.

Indictments included specific charges of starting the war against the 11 Allied nations, and 16 of the prisoners including Tojo were accused of murder by "ordering, causing and permitting the armed forces of Japan to attack territory, ships and airplanes" of other nations in

Eagle Scout Award Will Be Presented

The presentation of an Eagle Scout award will highlight ceremonies in a court of honor to be held at eight o'clock tonight in the district court rooms.

Huelyn Laycock, Adobe Walls scout commissioner, will be in charge of the program in the absence of Joe Gordon, district advancement chairman.

The award will go to Jim Lehman of Booker in a special ceremony.

Lehman is a Lone Scout at Booker. Sitting on the court of honor will be Ray McKernan, R. C. Samples, the Rev. B. A. Norris and J. L. Swindle.

Social Union Wins American Zone Elections

FRANKFURT — (AP) — Germany's fast growing new political party, the right-of-center Christian social union, won an overwhelming victory in weekend county council elections in the American zone, marred by rioting and pro-Nazi activity.

Conservative rural voters gave the church-supported party almost a two to one lead over its nearest rival, the slightly left wing social democrats.

The communist party polled only a bare 5.4 percent of the 3,136,347 votes cast in the second free election in the area in 13 years.

While 5,043 elected county officials took their seats on rural councils today, four United States army agencies were investigating a street battle between German voters and more than 5,000 Jewish displaced persons at Dissen in Bavaria.

Six persons were reported still in hospitals out of 18 treated for stab wounds and beatings in the riot which finally was quelled by American soldiers.

Search was underway today for two Jewish guards whose disappearance prompted the displaced persons to rush the German police after a report circulated that the guards had been murdered by civilians.

Counter-espionage agents were probing the appearance of Nazi swastikas in another Bavarian town and the setting fire to a communist meeting hall.

Rural voters in staunchly pro-Catholic Bavaria gave the Christian social union its big total of 1,779,203 votes to the social democrats' 936,763 by overriding the majority the latter secured in more industrialized greater Hesse.

It was in the province of greater Hesse that the communists won their biggest vote, polling eight percent.

China Turns Down Newest Proposal

CHUNGKING — (AP) — Efforts to settle the fighting in Manchuria broke down today, the utmost efforts of General Marshall proving insufficient to bridge the chasm between the Chinese national government and the communists.

All sides revealed that settlement of the civil conflict faced indefinite delay, with the government refusing the newest truce proposal and the communists demanding strongly favorable terms on the basis of their military successes.

Informed Chinese sources said Generalissimo Chiang Kai-shek had rejected the Democratic League formula for the "cease fire" agreement which would have left the communists in possession of a large part of Manchuria.

The source indicated that the generalissimo preferred to wait until his armies had fought their way northward and had recaptured

Writer Trapped in Manchuria Gives Eyewitness Story

Editor's Note: The following eyewitness account of the fall of Changchun was dispatched by Tom Masterson, Associated Press correspondent who was trapped in the Manchuria capital when Chinese communists attacked it.

Changchun was captured by Communist forces after a four-day battle which ended with the national army commander fell wounded in a heroic but futile sally from his blazing headquarters.

The communists immediately plunged southward to meet the American-equipped Chinese government First Army which is attempting to advance to Changchun.

The communists are still rooting out a few pockets of diehard government troops scattered about the city, but they expressed the hope today that truce teams might soon arrive from Mukden to stop the fighting and straighten out the Manchurian muddle.

These hopes proved vain, dispatches from Changchun said in the days after this dispatch was filed, saying that peace negotiations had broken down.

Whether the new government First Army, still reported some scores of miles south of Changchun, will be able to recapture the city remains to be seen.

The defense forces consisted of 10,000 poorly-equipped men, including puppet Japanese troops as well as local conscripts and the government soldiers.

Up to 30,000 communists assaulted the city the night of April 14, two hours before the last Soviet soldiers withdrew from the city.

Not once during the succeeding four days did the onslaught let up. The communists mercilessly pounded the city with artillery, mortar fire, machine guns and rifles and finally broke through in a house-to-house conflict that was vicious on both sides.

The government's final rebuttal was the military headquarters in the large modern central bank building, garnished with sandbags and barbed wire.

On the first night the communists captured the main airport, cutting off the only hope of supply for the government forces.

On April 15 they penetrated deeply into Changchun's suburbs, and the following day seized the railway station and the Yamato hotel.

Mal. Robert Rigg of Chicago, U. S. military attache for Manchuria, and his pilot, Sgt. Clayton Pond of Portland, Ore., were staying at the Yamato.

They had arrived by plane April

Fort Worth Cats Paste Luckless Redmen 5-2, 1-0

(By The Associated Press) The Fort Worth Panthers, rocking along in third place in the Texas league baseball standings, boosted their stock yesterday by taking two games on a doubleheader 5-2 and 1-0, from luckless Oklahoma City, which has lost 10 straight and on only one league game.

tered hits until that inning. In the second game, Dallas' Bob Uble, expected to be a pit-thing mainstay, was knocked out of the box in the second frame.

Sly Jakucki of San Antonio also won his third victory in three attempts as the Missions won from Beaumont 3-2. He blanked the Exporters until the eighth, and in the ninth with the bases loaded and two out, retired the side without further harm.

Roman Brunswick came through with a shutout performance for Houston in the first game of the doubleheader with Shreveport.

Moe Santomauro, Fort Worth right fielder hit a home run in the second inning of the second game with Oklahoma City for the game's only score. Boles pitched five-hit ball to blank the Indians, while Dorsett of Oklahoma City gave up the same number of blows.

Today's schedule (all night games): Dallas at Tulsa, 6-8 and 7; league leading San Antonio defeated Beaumont, 3-2, and Houston hit with Shreveport, 5-0 and 4-5. Bob Hogue of Dallas, with three victories in as many starts, was robbed of a shutout in the first game by Joe Bull's homer with two on in the ninth. He allowed 9 well-scattered

Cowboy Camp Built to Welcome Rail Official

SAN ANGELO (AP)—A cowboy camp has been built at the railway depot here to welcome the Santa Fe presidential special train scheduled to reach here this morning.

Coffee will be served from a chuck wagon at a camp fire to Santa Fe president Fred Gurley and members of his party on a special tour of the railroad's lines.

The city plans to present Gurley with a silver-buckled cowboy belt and members of the party with spur clip tie clasps.

The big bats of the Johnston twins, Al and Bob, were the deciding factor yesterday when the Pampa Oilers came from behind to defeat the Amarillo Gold Sox in a West Texas-New Mexico league game at Amarillo.

These two teams will battle again tonight in Amarillo in the last of a two-game series. Game time is 8 o'clock.

With the Oilers trailing 7-6 going into the first half of the eighth, Al Zigelman, Oiler catcher, was walked and Al Johnston hit his home run to produce the tying and winning runs. Bob, Al Johnston's twin, then stepped up to the plate and cracked one over the left field wall.

Pampa scored in the first half of the first inning when Bob Otey, Pampa second baseman, singled, stole second and scored when the Amarillo shortstop made a Lud throw of Grover Seitz' ground ball. Virgil Richardson also singled in the first inning but died on base when Ernie Fulenwider fled out.

Warren Hacker, Oiler righthander, set the Gold Sox down in their half of the first. The Oilers were also one-two-three victims of Manuel Correa, Sox hurler, in the second inning, with Zigelman, Al Johnston and Bob Johnston going down in order, the latter by the strike-out route.

The Gold Sox got one man on base in the second but he died on base and the side was retired. Both sides retired in order in the third inning with Hacker striking out two.

The Oilers were retired without a hit in the fourth but the Gold Sox pounced on Warren Hacker for three hits and three runs in their half. Sutch struck out, Duarte was walked and took second on Zoeller's single. Lewis doubled, scoring Zoeller and Duarte went to third.

Visnovski struck out but Koppe doubled scoring Lewis and Duarte. Koppe was out trying to reach third, retiring the side.

Bob Johnston hit his first home run of the day in the fifth but the Oilers still trailed 3-2.

In the Sox half of the fifth, Buckler fled out, Correa struck out, Tenoris walked, Sutch was walked, Tenoris stole second and Duarte singled, scoring Tenoris. Zoeller then cracked a home run, scoring Duarte and Sutch ahead of him to give the Sox a 7-2 lead.

Pampa went down in order in the sixth and the Sox got one hit but were unable to make it count.

In the seventh, Pampa grounded out, Zigelman singled, Al Johnston doubled sending Zigelman to third. Bob Johnston singled scoring both Zigelman and Al Johnston. Hacker stepped up and hit a grounder to the third baseman, scoring Bob Johnston. Hacker was brought in by Harriman's single.

With the exception of a walk to Duarte, the Sox went down in order in their half of the seventh.

After the three-inning eighth for Pampa, the Sox threatened in the ninth when Seeds was walked and Tenoris singled, but Sutch grounded out and Duarte was struck out by Lefty Bill Garland, who faced only one man after relieving Hacker.

Boston Baseball Fans Clamoring For Two Winners

(By JOE REICHLER Associated Press Sports Writer) Both Boston representatives—the Red Sox and Braves—swept doubleheaders from their Philadelphia rival yesterday to change the pennant picture. The Red Sox whipped the Athletics 2-1 and 5-1, and the Braves took the measure of the Phils 6-1 and 2-1.

Both Boston representatives—the Red Sox and Braves—swept doubleheaders from their Philadelphia rival yesterday to change the pennant picture. The Red Sox whipped the Athletics 2-1 and 5-1, and the Braves took the measure of the Phils 6-1 and 2-1.

The coup de grace engineered by the Red Sox placed Joe Cronin's hopefuls at the top of the American league, a full game in front of the New York Yankees. The Braves, still rebounding from a hitless afternoon against Brooklyn's Ed Head last Tuesday, are in third place after four straight victories. Only one game separates them from the front-running Brooklyn Dodgers and St. Louis Cardinals.

It's been exactly a dozen years since both Boston clubs finished together in the first division and never have they won the flag simultaneously. In fact, the Braves have enjoyed only one championship season, coming on to win in 1914 after most of the experts had reserved the cellar for them.

Boston fans are keeping their fingers crossed hoping that Mort Cooper can come up with another 20-game season and that the money which bought Johnny Hopp and Ray Sanders from the Cardinals holds out. As for the Red Sox, nothing less than a first place finish will satisfy the Hug fans.

The Brooks and Cards, one-two in the senior circuit, each suffered a double reversal. The New York Giants supplied the knockout punch to their interborough rivals, 7-3 and 10-4, and the champion Chicago Cubs gave over 9-7 and 3-1.

Knukeballer Roger Wolff knocked out the Yankees out of first place 3-1 with a well-timed seven-hitter for Washington.

The Tigers disappointed the largest crowd in Detroit's history—57,149 paid admissions—by bowing to the Cleveland Indians 3-1 in 12 innings to sink deeper into third place.

Cincinnati's unpredictable Reds gained their fourth straight victory over Pittsburgh's Pirates 7-1.

Aged Ted Lyons of the Chicago White Sox registered his 200th triumph, his first since his release from the U. S. marines, by taming the St. Louis Browns 4-3 in the first game of a double header. The Browns, scoring nine unearned runs in the first frame, won the second contest 11-8.

Pioneer's Association Elects President (P)—Louise J. Honza was elected president of the Brown County association, at a reunion and dinner here yesterday.

Others elected were Louie D. Lane, first vice president; Mrs. J. W. Trapp, second vice president; James C. White, secretary, and the Rev. W. P. Burleson of Georgetown, secretary.

That the indicted prisoners were responsible for "mass murder, rape, pillage, brigandage, torture and other barbaric cruelties upon helpless civilian populations."

That while the U. S. secretary of state and the Japanese ambassador conferred in Washington in March, 1941, "Japan continued at a feverish pace to prepare for war" and that she had continued her earlier aggression in China despite assurances "she had no territorial ambitions."

Elections

cent of the total vote of 1,090,850 cast in the state, with inclusions in the industrial cities of Frankfurt, Wiesbaden and Kassel.

The trouble began in Dissen, according to military government officials, when between 5,000 and 6,000 Jews swarmed into the town, which is 24 miles southwest of Munich, accused the Germans of murdering two Jewish guards and then rushed the polling booths.

Five and a half hours later the riot was quelled and American soldiers forced the displaced persons back to their camp. An early curfew was imposed on the town. Twenty-five of the rioters were arrested, but 1,000 Jews in mass formation blocked MP's from arresting three others.

A curfew was also clamped on three other Bavarian towns, where U. S. counter-intelligence agents and German police are investigating election eve disorders.

Famine Relief

Acheson's position reflects the views of the state department's own food supply experts who expect famine needs are met more speedily than the food surplus countries are meeting them now.

Riots are feared in Germany and Japan where the safety of American occupation troops is a direct concern of the war department.

The use of food directly for political ends is seen by diplomats in two recent developments. One is Russia's current delivery of a half-million tons of grain to France specifically at the request of the French communist party leader. The action was taken after Russia had ignored a United States appeal to contribute to UNRRA grain pools.

The United States then got in on the French situation by making available ships in which to carry the Russian grain to France.

up their liquor fight? Picket says: "We'll stick to it year after year. We can stick at it for hundreds of years, if necessary."

But at this time, Picket says, his organization is not trying to do anything in congress about controlling liquor.

Does she expect prohibition's return? She says:

"That seems to be very far in the future. We're not working now for return of a national amendment. But we're trying to reduce the use of liquor as far as possible."

How? Miss Lindley explains: through local option laws and getting legislators to keep the liquor traffic within bounds.

"We're most interested right now in liquor advertising," she says. "There is too much of it. There's vast liquor advertising over the radio. For example, in the evenings of the choicest hours."

Meanwhile the women's Christian Temperance union is at-ive throughout the states.

In Pennsylvania the prohibition party pulled enough votes in the state's last general election to win standing as a party. In the May primaries it will have candidates for governor and other state offices.

It also has announced a strike campaign for a U. S. senatorial candidate.

Coal Strike

would not return to the bench before the June adjournment even if he gets the nod. The new court term opens in October.

Some Capitol Hill friends of the president said they think that if Patterson is moved into the tribunal, W. Stuart Symington, assistant secretary of war for air, might be considered for the cabinet post.

Meanwhile, Mr. Truman's concern over the dwindling coal supply was reflected in the solemn demeanor of Reconversion Director John W. Snyder, who also accompanied the President back to Washington from Quantico, Va.

Snyder told reporters he could afford little tangible hope for an early settlement of the 29-day walk-out.

The reconversion chief reportedly told the President that if the 400,000 soft coal miners remain out of the pits another two weeks the paralyzing effect of the strike will be felt all over the country. It already has hit the steel industry hard.

Snyder told Mr. Truman, and coal is being borrowed from some big railroads to keep freight moving on some smaller carriers.

The President thus far has left final responsibility up to Secretary of Labor Schweilenbach, who is making desperate efforts to get John L. Lewis and the operators together in a resumption of negotiations by tomorrow.

little to gain beyond getting the council involved in a lengthy discussion of the controversial veto question and delaying a final vote.

Most of the delegates were understood to feel that the Spanish question, in its present stage, is one of procedure, rather than "substance," and is therefore not subject to veto.

This, however, was a question which the council would have to determine once the issue was raised. The council's committee of experts on rules and procedure has had the veto issue under discussion since last week, but has not yet arrived at a definition of what constitutes "procedure" and what constitutes questions of "substance."

The sudden withdrawal of Australian Delegate W. R. Hodgson, sponsor of the inquiry resolution, from the council Saturday, left a new Australian representative, Paul Hasluck, to take the leadership in pushing the measure through.

Hodgson, who is Australian ambassador to Paris, announced he was leaving the council because of his wife's ill health and because he already had been away from Paris longer than he had expected when he agreed to serve on the council.

Oh, I Am A Realist

NATIONAL WHIRLIGIG

WASHINGTON By RAY TUCKER

WASHINGTON, April 28.—Although the cost of living has risen by about one-third from the 1939 outbreak of war to date, the increase is less than the advance set in our other two major conflicts—the 1861-65 struggle and World War I.

WASHINGTON, April 28.—If even that sum should burst loose too soon, in view of present shortages, that 11 per cent margin would be wiped out overnight.

WASHINGTON, April 28.—Recent wage and compensating price increase will obviously catapult the United States to a new plateau of permanently higher living costs.

WASHINGTON, April 28.—Others think the prevention of a runaway market was due, chiefly, to the prudence which people showed in spending habits.

WASHINGTON, April 28.—But the central fact—until now at least—is that there has been no terrific price inflation such as accompanied and followed all our other national departures from normal life and economy.

WASHINGTON, April 28.—The OPA bases its plea for continued life on a series of flimsy arguments, none of which holds water.

WASHINGTON, April 28.—While constantly clacking about preventing inflation it has been setting such energies as it has toward keeping a lid on prices, all the time ignoring the fact that rising prices are the result of inflation, not the cause.

WASHINGTON, April 28.—Neither Chester Bowles, former head of OPA and now head of the Office of Economic Stabilization, nor Paul Porter, current boss of the OPA, is by training, talent or experience fitted for his job.

WASHINGTON, April 28.—Another year of OPA's stupid bungling will treat America to another year of shortages in food and goods, a continual imbalance between the supply of food and the price, a series of fake emergencies, an expanded black market operating in defiance of the law, and one long, unbroken period of meddling such confusion.

WASHINGTON, April 28.—It will mean another year of price fixing and price meddling, another year of OPA intrusion into the private affairs of business, another year in which the socialist planners and the Communists inside the OPA can control profits or wipe out profits entirely.

WASHINGTON, April 28.—It will be another year in which the OPA can further entrench itself and continue its derangement of our economic life so that it can, at the end of the year, beg for just one more year to "straighten things out."

WASHINGTON, April 28.—By that time, the country will be so far in debt to the government that it will be unable to pay its bills.

WASHINGTON, April 28.—Check your chimney and make sure the winter's accumulation of soot on chimney walls is removed to prevent fires.

WASHINGTON, April 28.—In our desperate need we venture to draw attention to the fact that, with the prospect of a bumper crop, this country can afford to reduce substantially its wheat carryover of four million tons and make the quantity saved immediately available to India.

WASHINGTON, April 28.—The United States produces about 300,000,000 pounds of vegetable seed annually that are used for crop plantings throughout the world.

WASHINGTON, April 28.—Auto industry uses 2,800,000 gallons of oil annually for starch, alcohol, paints and varnishes.

MACKENZIE'S Column

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD, (NEA) —

Stirling Hayden, the tall, blond, starling man who became a star in two movies with absolutely no previous acting experience, married his co-star, Madeline Carroll, and then went back to the sea because he "hated" pictures, is back in Hollywood with a new outlook on life and a new "e" in his name, but without his bride.

You've read how they were divorced in Reno on Hayden's way back to Hollywood after he had served in the merchant marine, and as a captain in the Marine Corps, using the name of John Hamilton because he didn't want a Hollywood career mixed up with his fighting activities.

But the new "e" in his name was a new one on this department. "E" TO "I" AND BACK

When Producer Edward H. Griffith discovered him in 1940 in Boston, between sailing schedules, his manager, Stirling Hayden, when Paramount signed him to a film contract, Griffith suggested changing the spelling to "Stirling," which is the way it later appeared on the screen.

A few months ago, when Paramount resumed filming in New York the agents drawing up the contract asked: "What shall it be—an 'e' or an 'i'?" "Make it an 'e,'" Stirling said. So that's the way it will be in the future.

"I also thought of having a clause in the contract that Paramount would provide me with a place to live," Hayden chuckled. "I had heard about the housing shortage. But Bert Allenberg, my agent, talked me out of it. I'm getting more money than I did before."

Hayden says he doesn't hate the movies anymore. "When I was here before I saw a chance to make a lot of money quick, by a big schooner, and spend the rest of my life sailing," he told us. "The war changed my mind. You can't just run away from everything."

A REAL SAILOR "He's not kidding when we refer to Hayden as a seafaring man," said Stirling's all his life, ever since he was a kid living in the Maine seacoast town of Boothbay Harbor. He was navigator aboard the famed Gloucester schooner Gertrude L. Theban when it raced the Bluebird, an International Fishery republican government which France attacked in that year and finally overthrew in 1939. The political pulse of the country hasn't been taken in ten years, and under the totalitarian rule people have acquired the habit of keeping their tongues to themselves. Trying to forecast the outcome of a referendum—even if it were conducted without interference—would be no whit easier than guessing the number of beans in the jar in the window of the corner drug store.

While there are a lot of Spaniards who would like to see a revival of the republic, there are a lot of others who want a restoration of the monarchy and there are still others who swear by Franco but who would vote for the king if the generalissimo indicated his intention of withdrawing from the leadership.

Now there has been no general election in Spain since 1935 when the monarchy was restored. The republican government which France attacked in that year and finally overthrew in 1939. The political pulse of the country hasn't been taken in ten years, and under the totalitarian rule people have acquired the habit of keeping their tongues to themselves.

During the Civil War, living costs rose two-thirds over previous high levels. At the peak they were 50 per cent higher than any figure established in the 1835-37 boom. They kept going down until the middle nineties, but the cost of living was still higher than it had been in all the years before Fort Sumter.

Tips for Teens

By ELINOR WILLIAMS

For a sparkling, dream-girl complexion... Wash your face twice a day with mild soap and warm water—in the morning and at bedtime; after school, too, if your skin is oily.

Never, never leave makeup on overnight—unless you like ugly blackheads and want to encourage pimples.

Shampoo your hair every 10 days if it's oily, because oiliness and blemishes often spread from the scalp to your face, neck, shoulders and back.

Put your skin through a course of "rest" by stopping your use of makeup and cosmetics for a week or so.

Use a good night cream. It should be rich and creamy, and should be applied to the face and neck before going to bed.

Use a good eye cream. It should be rich and creamy, and should be applied to the eyes before going to bed.

Use a good lip cream. It should be rich and creamy, and should be applied to the lips before going to bed.

Use a good hand cream. It should be rich and creamy, and should be applied to the hands before going to bed.

It's pretty dangerous to say anything about Harvard, because those sons of the Crinshaw have a way of nominating people for "worst actor of the year" or "gilt most likely to be nominated for the Nobel Prize."

Tailors asked to make tuvedos just laughed hysterically as they pointed to empty shelves with one hand and flicked the dust from their cash registers with the other.

So many freshmen dug in the family attic for dad's old Gracie swallows that there was a movement to change the name of the occasion from the "freshman jubilee" to the "moth ball."

But you don't have to go to Harvard to take a course in shortages. I've been taking one at home since 1941 and I wish to goodness somebody would give me my diploma.

THE STORY: Deby and Joel didn't know what to do, so they finally persuaded them to eat it with her and Agnes.

They went right afterwards. It wasn't 7 o'clock yet, but she went up to bed, and she didn't know until after she came down at 8 that the next morning the doctor had been there again the evening before, and that Agnes had been up most of the night.

Deby looked up at him with her lips parted, half smiling. She pointed with her thumb toward the barn. Then she made her mouth round and said in her Cape Cod drawl, "They's a sheldrake hangin' on the lawn, ain't they?"

SUPPORT THESE PROGRESSIVE FIRMS WHO ARE BUILDING A NEW AND GREATER PAMPA

'One Man Crime, Inc., Given Nine Running Terms

SAN FRANCISCO—(AP)—White-haired Alfred Leonard Cline was sentenced yesterday to nine consecutive terms of from one to four years in prison for forging the names of two women who had wed him and then died mysteriously.

Judge Herbert C. Kaufman, in passing sentence, referred to Cline as "One-Man Crime, Incorporated."

"While it is true that you were convicted only of forgery," the judge stated, "circumstances surrounding the case constitute a pattern of conduct revolting and shocking to the conscience."

Several elderly women died and left their estates to Cline. In Dallas a murder charge was filed against him, but no action was taken on it. District Attorney Edmund G. Brown of San Francisco has declared the women who died were cremated at once, on Cline's orders, and under names other than their own.

Cline, 56, who served nine years of one prison term on conviction of grand theft and administering "stupefying drugs," and another term for forgery, was convicted this week on nine counts of forgery involving the \$223,000 estate of the former Eva Delora Krebs of Chicago, and property of the former Elizabeth Hunt Lewis of Oakland.

He stood with his hands in his pockets as Judge Kaufman imposed sentence. He spoke only two words—"No, sir"—when the judge asked him if he had anything to say before sentence was passed.

North Texas State To Inaugurate New Plan

DENTON—(AP)—A year of full-time business experience and a college degree, all in four years, will be offered business students at North Texas college through the job experience plan being inaugurated at the college this summer.

Students will be placed on jobs closely related to the fields in which they are majoring and will work at these jobs for two periods of six months during the last three years of their college careers. Three semester hours of credit for each job will be given the student if his grade by his employer is satisfactory.

Retired Merchant Dies in Hospital

DALLAS—(AP)—H. Kaplan, 77, retired Texarkana merchant, died yesterday at a Dallas hospital.

Kaplan came to this country from Russia 35 years ago. Funeral services will be held here today.

Survivors include a daughter, Mrs. Sam Garber of Texarkana.

Your Favorite Dish Available At Court House

Do you like to eat? Is bacon and eggs your favorite breakfast menu? Is so, you can find them down at the Courthouse Cafe, located on 121 West Kingsmill. Or, maybe you would rather have ham and eggs; well, they have those too.

All and any kind of famous meats, can be found down at the Courthouse, and they'll fix them just like mother does. You can get your bottom dollar, the Courthouse Cafe will satisfy your appetite, no matter how big or small.

Everyone loves home-baked pies, and if you want to find some good ones, just take a walk down and order yourself a meal, and afterward, eat a big slab of pie with that second cup of coffee.

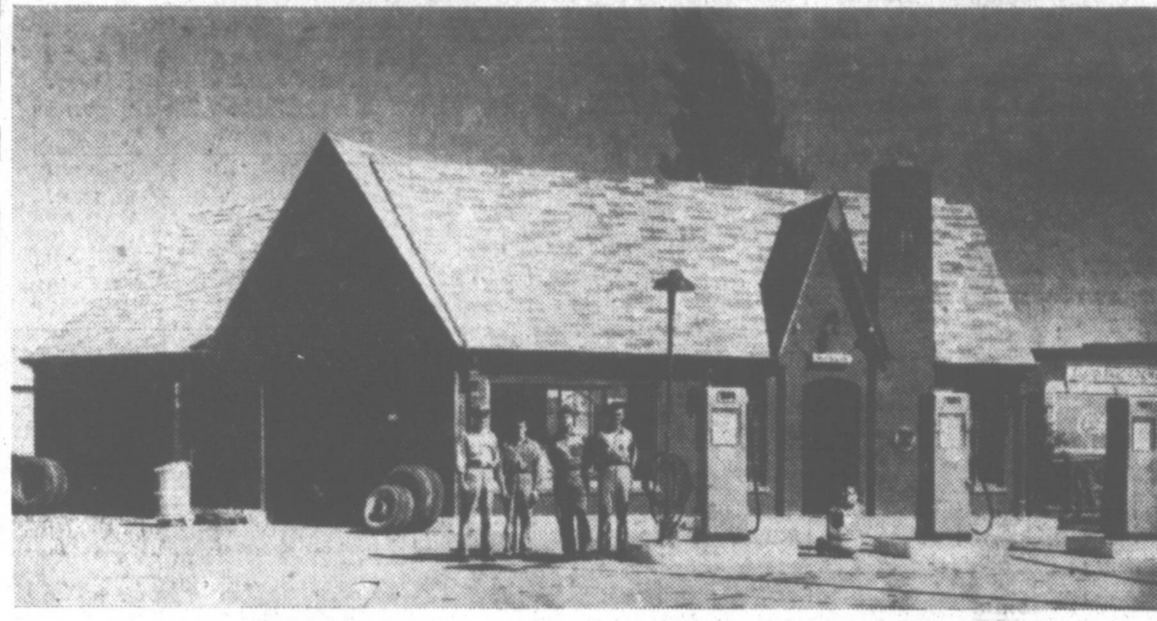

"Who owns this place?" you ask. Not many months ago, a couple of fellows from Dalhart bought the Courthouse Cafe and decided to feed these Pampa people some of the grandest food they ever ate. These two men, Loyse Caldwell and H. M. Munson, kept their word, for they are making a reputation for their cafe, that is even better than the one it already had. Mr. Caldwell has a wife and four children, and is planning to buy a home here. Mr. Munson has a wife and two lively boys and also is making his home in Pampa. Since they came here, they have renovated the annex to furnish accommodations for private parties, of 20 to 25 persons. They also have made plans to re-paint the cafe.

Both men are members of the Methodist church and the chamber of commerce. Call number 778 for reservations.

The Azerbaijanians managed to overthrow the despotic regime which we would like to eliminate bloodlessly if we can. But continuation of the present system, whereby a few people rule the country while the masses are worse off than serfs of the European Middle Ages, will only lead to revolution.

—Iraj Iskanderi, leader of revolutionary Tudeh Party in Iran.

By HAL BOYLE
(Editor's Note: Boyle's column today is in the form of a letter to his wife, Frances.)

BERLIN—(AP)—Dear Frances: Coming back to Germany is like revisiting an old acquaintance and finding him in the throes of cancer.

You may not ever have liked him, but you hate to see anyone in that condition.

You remember a year ago I wrote you of the vast devastation we saw as General Hodges' First Army was moving eastward for its junction with the Russians on the Elbe river. The face of Germany remains the same. The rubble and ruin of war

has been cleared from the streets, but there has been little if any building in the damaged cities.

This whole country is still one festering wound. After 12 months the people are still suffering from the shock of defeat. They are growing more hungry now and as they grow hungrier they grow more resentful and emotional.

After flying to Frankfurt from Rome, I took a two-day jeep trip through agricultural Bavaria before morning on to Berlin by train. The difference between country and city in Germany is the difference between life and death. War has made no fundamental change in the existence of the old Bavarian farmers.

But the cities—they are full of unhappy, hungry and able people. All roads are in terrible shape except Hitler's famous Autobahns. Hundreds of peacetime industries that could be revived are lifeless. Little effort has been made to restore the shattered stores and dwellings.

Everywhere on the streets you see empty sleeves and empty trousers—the war cripples. The Teutonic mind craves certainty, and in Germany there is nothing but uncertainty today. German character is deteriorating into dangerous self-pity, because the people see no way out, no future.

They still remain individually honest even in hunger—and in the cities every third sentence from the average German deals with food. If you left three chocolate bars on your hotel bureau top in Naples and returned a day later,

all three would be gone.

If you did the same thing in Rome, two would be gone. If you did it in Frankfurt or Berlin, all three would remain untouched.

Each night Main street in a German city in the American sector is a lovers' lane for GI's and German girls. For all the official hullabaloo that is raised over this, I think these youngsters are the most natural people in this incubator of world hatred called Germany. They at least are finding love among the ruins and if their love is twisted it is no more terrible than the world of suspicious Allies in which they live.

Yours truly,—H.Z.L.

Warm Springs Unit Dedicated by DAR

OTTUM—(AP)—The first unit in an expansion program for the Gonzales Warm Springs Foundation, a \$75,000 doctors and nurses residence, was dedicated yesterday.

The residence was sponsored by the Texas junior groups of the Daughters of the American Revolution.

In 1945, more than twenty-three and a quarter billion passengers rode the street cars, trackless trolley coaches and gas buses that make up the nation's urban transit lines.

Keep That Buggy Going, Repair at Hall and Smart

What's the matter, won't that old car run? Does it need a new motor or just some new parts? You should treat it right and drive down to the Hall & Smart Garage on 705 West Foster and let them take care of it for you.

Maybe your generator is haywire, or perhaps your starter just won't turn it over, no matter what your trouble, if it can be fixed, Hall and Smart can do it for you at low cost.

They will sell you new and rebuilt motors or if you have a good one, but just need some new parts, they can supply you with whatever you need. They do all types of overhaul and repair work.

John A. Hall, and Hall Smart have been residents of Pampa for the past 15 years and for the past five years, Mr. Smart has owned and operated a garage in Corpus Christi. He recently returned to Pampa to open this garage and make his home here. They opened the garage Nov. 19, 1945, and have since grown into a good, dependable business.

Both men belong to the Odd Fellows lodge, and are members of local churches.
