For The Best Of Care Bring Your Ford Back Home

Genuine
Ford
 Parts

Your
 Ford Dealer

 Ford Best

We Americans have learned to drive our cars far better than we have learned to care for them. The cars are built so well—will withstand so much abuse and neglect, that we have grown a bit spoiled about the real importance of good service and how to get it best and most economically.

We mention this because our own FORD cars especially have always been built so well to "take it"—and because Ford owners have good and inexpensive service open to them the whole country over.

To any car owner who is interested in the best possible service investment in his car, and to FORD owners above all, we make these timely suggestions:

First: Bring your car "back home" for any work it needs. Your FORD dealer knows your FORD. His men are trained specialists. They work with FORD parts and proper tools. No lost motion or excessive labor costs to you. Servicing your car is more than just a "job."

Second, see that your car comes in for service soon enough and regularly. Proper care and adjustments at the right time—instead of repairs made too late through neglect—will save you money and provide you safe, sure transportation.

Your car deserves good care—and the best place to get it is "back home."

"You say, madam," said the barrister to the woman in the witness box, "that the defendant is a sort of relation of yours. Will you explain what you mean by that?"

"Well, it's like this. His first wife's cousin and my second husband's first wife's aunt married brothers named Jones, and they were own cousins to my mother's own aunt. Then, again, his grandfather's on my mother's side, were second cousins, and his stepmother married my husband's stepfather, and his brother Joe and my husband's brother, Henry, married twin sisters. I've always looked on him as a sort of cousin."

Our National Holidays

If "national holiday" is to be interpreted as a holiday declared by the federal government, then we observe no such holidays, for the legal declaration or observance of holidays is a matter entirely up to the state or territorial government. Of the total number of legal or public holidays observed in various portions of the U. S., only seven may be said to be "national" in the sense that all 48 states concur in their observance. These are New Year's day, Washington's birthday, Independence day, Labor day, Armistice day, Thanksgiving (though not celebrated on the same day in each state), and Christmas.

If you have a relative or friend in the service and have any doubts about what to send him as gifts, your problems are over. The service men have solved it for you by naming tobacco as their first choice in gifts. Actual sales records show the favorite cigarette with men in the Army, Navy, Marine Corps, and Coast Guard is Camel. Prince Albert is the popular smoking tobacco. With these preferences in mind, local tobacco dealers feature Camels by the carton and Prince Albert in the pound tin as ideal gifts to the men in the service from the folks back home.—Adv.

THE HOLY SPIRIT OUR HELPER

LESSON TEXT—John 3:5-8; Acts 1:8; Romans 8:26-28; Galatians 5:22-26.
GOLDEN TEXT—As many as are led by the Spirit of God, they are the sons of God.—Romans 8:14.

Nothing could be more practical or blessed for and in the life and service of the believer than an understanding of the person and work of the Holy Spirit; yet it is a subject concerning which most Christians are woefully ignorant.

Before taking up the work of the Spirit as it appears in our lesson, we should understand that the Holy Spirit is a person, not an influence which may exert itself upon a service, or a power which a man may obtain and use. He—the Spirit—is one of the Trinity, with the attributes of a person, doing the work of a person and always referred to as a person in Scripture. (When "it" is used of the Holy Spirit in the A.V. it will be found to be corrected to "him" in the R.V.)

What then does this divine person do? The work of creation was His as one of the Godhead. He regenerates, He teaches, He comforts, He leads, He calls and qualifies Christian workers, He is the divine author of the Bible. These and many other things He does, this One who indwells the believer as the ever-present Guide and Counselor. The Christian is

I. Born of the Spirit (John 3:5-8).
The new birth is indispensable to entrance into the kingdom of God. We either enter that way or we do not enter at all. Let's be clear about that. "Ye must be born again" is not the edict of a church or the plea of a preacher; it is the plain statement of our Lord Himself (v. 5).

The Holy Spirit is indispensable to regeneration. We must be born of the Spirit. How it takes place we do not know, for it is not the coming or going of the wind, but just as the power of the wind is known to us by clear evidence, so the regenerating power of the Spirit, mysterious though it be in operation, is known to us by the evidences of redeeming grace in a man's life.

II. Empowered by the Spirit (Acts 1:8).

Spiritual birth calls for service for Christ. For that we must have the power of the Holy Spirit. A man may do many ordinary things in the strength of his own body and mind (although even these ought always to be under the Spirit's control), but when he comes to witnessing for Christ, teaching or preaching God's Word, he must have Holy Spirit power or he is utterly ineffective.

III. Directed by the Spirit (Rom. 8:26-28).

The guidance of the Holy Spirit, especially in the matter of prayer, is stressed in these verses, but they are a part of a longer passage dealing with the indwelling, enabling, and guiding power of the Holy Spirit (read vv. 9-14). Every detail of life in the home, at business, or in social relations should be in conscious submission to His leading.

It is in the realm of the spiritual, however, that we find ourselves peculiarly infirm (v. 26), and this shows itself especially in prayer—"we know not how to pray as we ought." Then the Spirit in the Christian makes intercession. How blessed! "The practical meaning of these profound words seems to be that the divine Spirit, by His immediate influence in the saint's soul, which becomes as it were the organ of his own address to the Father, secures the rightness of the essence of the saint's prayer." (H. C. G. Moule).

IV. Walking in the Spirit (Gal. 5:22-26).

Being born again of the Spirit, living daily by the Spirit, it is right that (as v. 25 puts it) "if we live by the Spirit, let us also walk by the Spirit." The works of the flesh, horrible in their wickedness and lust, are listed in the verses preceding (vv. 19-21), and then by striking contrast we have the fruit of the Spirit in the life of the Christian. Note the distinction: Work is something we produce; fruit is something that grows.

Walking in the Spirit the Christian finds in his life the inward graces of love, joy, and peace. These then express themselves outwardly in longsuffering, kindness, goodness, faithfulness, meekness, and self-control. The Spirit-filled man is not only a good man; he lives a good life.

Gems of Thought

FRIENDSHIP is to be purchased only by friendship. A man may have authority over others, but he can never have their heart but by giving his own.—Thomas Wilson.

It is not the mere station of life that stamps the value on us, but the manner in which we act our part.—Schiller.

Pull the Trigger on Lazy Bowels, with Ease for Stomach, too

When constipation brings on acid indigestion, stomach upset, bloating, dizzy spells, gas, coated tongue, sour taste and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable on your stomach. Even find it easy to take. Buy Dr. Caldwell's Laxative-Senna at your druggist today. The Laxative-Senna combined with Syrup Pepsin is easy on your stomach, too.

The worst sorrows in life are not in its losses and misfortunes, but its fears.—A. C. Benson.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Early Days In West Texas
Colorado City In The '80s

continued from last week
To the northeast, the Double mountain, Spur and Matador country, due to its rough terrain, remains practically unchanged. Each Spring, as they have for nearly sixty years, Matador chuck wagons go out with good men and good horses to brand their calves, which have become so highly bred that they rate among the tops with the Northern feeders. The Spur ranch was purchased by the S. M. Swenson interests a good many years ago. Its tillable lands have been sold to farmers and the Swensons operate the balance as a unit of their S M S ranches.

The Double Mountain country, ever an excellent breeding and developing section, is today a cattle country of small ownerships, made up in many instances of the sons of pioneers and in others, of men who have lived in the section over a long period. These have brought their cattle up through the years by careful breeding to a standard equal to any in the Southwest. Among them are the Wallaces, Bert and Eck; the Dennises, the Smiths, and So Relles. The Beggs Brothers, and Price Stoll,

the old Paddle ranch, and the Jackson brothers of San Angelo, the old Magnolia. Prominent in the Aspermont and Peacock sections are J. D. Patterson and Will Flowers. The O. S. ranch of the Connell Estate in Kent and Garza counties, is almost intact, as is the T Bar of C. O. Edwards. The Slaughter Estate near Post owns a remnant of the Square and Compass and have their headquarters where the original ones were located. Mrs. J. B. Slaughter, wife of one of the original brothers, makes her home on the ranch. Lands of the Llano ranch along with others were purchased by C. W. Post, who colonized them and established the town of Post. K. Stoker has a nice 30,000-acre ranch in the south portion of Garza County.

Highways, highlines and railroads criss-cross the old range country, and there is little left except the towering Double Mountains to remind old fellows like Jake Raines, Prinkle Moore and Bob Weatherby of the days when all trails led to Colorado City, with its hot baths, hair cut and high-jinks.

Mitchell county is still rated as one of the cattle counties of West Texas. In its southern portion and lapping over into Coke and Sterling counties in places, lies the 250 sections of the Renderbrook Spade ranch, owned by the Elwood heirs, of DeKalb, Illinois. It is rated as one of the best big ranch properties in West Texas. It is watered by the Colorado River and numerous caeeks and springs. It was one of the first large ranches in West Texas to utilize pipe lines as a means of providing a uniform water supply for its cattle. Headquarters, modern in every respect, are located at Renderbrook Springs,

about 30 miles south of Colorado City. The Elwoods were among the earliest manufacturers of barbed wire and much of their earlier product is to be seen in the fences on the ranch.

Until his retirement a few years ago, D. W. Arnett, who came to the ranch from Williamson county with the Snyders, was in charge of operations. Upon his retirement, Otto F. Jones became manager. The ranch uses a wagon in its work and maintains five camps strategically located. In recent years, a good portion of it has been fenced for sheep. At this time, sheep and cattle are on it in about equal numbers. To the east of the Spades, Price Maddox and son operate the old RUF ranch, running both sheep and cattle. They also operate the Combination ranch in Nolan county. Maddox, Senior, is president of the Texas Sheep and Goat Raisers Association. Hiram Snyder, son of D. H., who with his brother founded the Spade ranch, runs cattle west of Colorado City in the Westbrook country. Eudie Wulfjen and Lay Powell operate ranches to the south of town, adjoining the Spades.

Until recent years for a few hours each fall, herds milled and a cloud of dust, reminiscent of the old days hung over the pens east of town, when the Spades would be loading out their yearlings for shipment to the Paris ranch or Price and Jimmie Maddox would be delivering their calves to feeder buyers, but in recent years, these have fallen into modern ways and truck their cattle from ranch to railroad.

As the years went on, old-timers passed away and the younger generation gradually dropped out. The old-timers on the name of Colorado. Three years ago, the three remaining old-timers, recalling the glory of the day when Colorado merited the suffix, promoted and ordered an election to have the town officially renamed Colorado City—so Colorado City is today—a Colorado City sans seventy-eight merchants, twenty-eight saloons and dance halls, cowboys and freighters, street car lines and salt works, but with all a sturdy, modern little West Texas city, happy in the new order and pardonably proud of the part it has played in the development of West Texas.

YOU BUY INOCULATION ON FAITH

Field tests have shown a big difference in the quality of inoculator brands on the market. You cannot see the legume bacteria you purchase. Immediate demonstration is impossible. What is the reputation and experience behind the inoculation you buy?

• NITRAGIN is the ORIGINAL LEGUME INOCULATOR, having served the farmers for over forty years. It won a GOLD MEDAL at the World's Fair, St. Louis, 1904.

• NITRAGIN is made in the most complete and modern laboratory of its kind in the world.

• NITRAGIN is the leader in its field by a big margin. NITRAGIN demand in the South has rapidly increased year after year. During the fall of 1940, the Southern shipments of NITRAGIN were for more than 45 million pounds of VETCH and WINTER PEAS. This large demand is due to many field tests carried on year after year. We prove by these tests that NITRAGIN is a good product.

Send for our booklet "Plant Legumes to Prosper," showing pictures of field tests and how NITRAGIN is made. The booklet also gives you valuable information regarding the inoculation of legumes. If your dealer does not have NITRAGIN in stock, have him get it for you. Insist on NITRAGIN inoculation.

NEW DESIGNS FOR YOUR COOKIE JAR
(See Recipes Below)

COOKIE SURPRISES

All crisp, crunchy, and some slightly nutty, all of today's recipes are so fashioned as to send you on a real cookie-baking spree. Fill that lovely cookie jar of yours until the sides are fairly bulging with goodies so you can have cookies a-plenty to put in the children's lunch boxes, to serve as afternoon snacks, and as a pick-up for mealtime.

If you're doing some baking for a bazaar, there's nothing quite like plates of yummy cookies to put over the sales. Remember, you can sell a lot more, if you give out some samples. These can be set on plates with white paper doilies, for sampling, and those to be sold put in boxes already fixed. Cookies can be sold by the dozen if they're fancy and somewhat elaborate, by the pound if they're small drop cookies or squares.

Here's an interesting variation of the filled cookie, both dainty and delectable.

Corn Flake Filled Cookies.
(Makes 36 medium-sized cookies)
1 cup shortening
1 cup brown sugar
3 1/2 cups flour
2 teaspoons baking powder
1/4 teaspoon salt
1/2 cup water
1/2 teaspoon vanilla
2 cups cornflakes

Blend shortening and sugar thoroughly. Sift flour, baking powder and salt together and add alternately with water and flavoring to first mixture. Stir in coarsely rolled corn flakes. Chill. Roll dough to 1/8 inch thickness. Cut with cookie cutter. Spread one round with filling, put on a second round and press edges together with a fork. Bake on a greased baking sheet in a hot (425 degrees) oven about 12 minutes.

Filling.

1 1/2 cups chopped dates
1/2 cup sugar
2 tablespoons water
2 tablespoons orange juice
1 tablespoon orange rind

Combine all ingredients together and cook until soft paste is formed. Cool before filling cookies.

Your cookie jar problem can be solved very neatly with toothsome oatmeal cookies with flecks of chocolate in them:

Oatmeal Cookies.

(Makes 4 dozen)
1/2 cup butter or shortening
1 cup brown sugar
Grated rind of 1 orange
1 egg, unbeaten
1 teaspoon vanilla

LYNN SAYS:

An assortment of cookies, freshly baked and packed in tins with waxed paper between layers makes a delightful present for youngsters away at school and for friends you seldom see. When your own cookie jar has been filled to bulging, pack a few boxes from what you have and spread cheer to others, too.

Careful packing in tins with waxed paper will keep even small dainty cookies fresh for a long time. Some flavors like chocolate improve after they stand for some time. Chewy, nutty cookies are the more chewy and delicious after several days. Spicy cookies become moist and well flavored after standing.

Soft Ginger Cookies.

Brownies.
(Makes 2 dozen)
1/2 cup butter or shortening
1 cup sugar
2 eggs, well beaten
2 squares unsweetened chocolate, melted
3/4 cup flour
1/2 teaspoon baking powder
1/2 cup chopped nuts
1 teaspoon vanilla

Beat eggs and sugar together. Add to this melted butter and chocolate and blend. Add flour, baking powder, nuts, and beat well. Pour into a greased pan and bake 30 minutes in a 350-degree oven. Cool and cut in squares.

• Meat-Macaroni Casserole.
1 package macaroni
1/2 cup salad oil
1 pound hamburger
1 dry onion, minced
1 green pepper, minced
1 clove garlic, if desired
1 can tomato soup
2 cups peas
2 cups corn
Salt and pepper

Cook the macaroni in plenty of boiling salted water and when tender, put in a sieve and rinse with cold water. Meanwhile fry the hamburger in the heated oil, stirring it occasionally to separate it. Skim out the meat and in the same fat cook onion, pepper and garlic till tender, but not browned. Garlic may be omitted entirely, and it is usually removed after the onion and pepper are cooked. Combine all ingredients and simmer 20 to 30 minutes to heat thoroughly and blend flavors, then serve.

Household Hints

If the beaten eggs are mixed with milk that is slightly warm when making custards the custard will not be watery.

When baking candied sweet potatoes turn them frequently to permit even browning.

To remove fresh fruit stains from table linen, stretch the stained part over a bowl and pour boiling water over it.

Canned foods that spoil should be buried with one tablespoonful of lye to each quart to keep animals away from it.

If washable curtains become rusted on the rods during damp weather, dampen the rust spots and cover them with a thin coating of salts of lemon. Let stand until the stains disappear.
