Lewis Threatens Nation With New Coal Stoppage

LIVESTOCK RUSHED TO MARKET — Trucks, filled with cattle and hogs, line up for blocks outside Kansas City stockyards for train to unload cargoes. For some the wait was night-long. Killing rooms of packing plants are busy as livestock pours into the stockyards pens.

Definite Buyer Resistance Reported Pushing Extremely High Prices Down

Panhandle Oil Field Still Free

AUSTIN—(AP)—The railroad commission today issued its November crude oil allowable order designed to result in production of 2,108,166 barrels of crude daily in Texas next month.

The order increased permissive production 66,876 barrels above the current permissive flow.

The change resulted from revisions in maximum efficiency rates of Texas fields and from boosting general producing days for the state from its current 24 days to 25 for November.

West Texas (District 8) was given 20 producing days and the big East Texas field 21. The Panhandle remained exempt from shutdown.

The commission set net allowable at 2,242,730 barrels of crude daily for November, but an estimated underproduction of six percent, or 134,564 barrels, was expected to reduce the crude flow to 2,108,166 barrels per day.

The U. S. Bureau of Mines estimate of November market demand for Texas crude was 2,090,000 barrels daily, 18,166 barrels per day less than the commission expects to be produced under the November order.

Expected production of natural gasoline and distillate was set at 180,330 barrels daily, increasing prospective production of all petroleum liquids during November to 2,288,536 barrels daily.

The next statewide oil hearing at which testimony will be taken on which to base December allowables was set for Nov. 14 at the state capitol.

Texas Production Of Oil Decreases

TUSLA, Okla.—(AP)—The Oil and Gas Journal reported today that crude oil production in the United States totaled 4,735,632 barrels daily for the week ended Oct. 19, a decrease of 20,978 barrels from the previous week's figure.

Texas recorded the greatest decline, dropping 17,700 barrels to 2,446,550. Michigan declined 5,028 barrels to 45,497. Kansas was down 4,250 barrels to 267,850. Illinois was 1,800 barrels lower to 205,100, and the Rocky Mountain area of Colorado, Montana and Wyoming was off 350 to 199,280.

California increased 3,100 barrels to 872,300. The eastern area was up 1,750 to 69,000. Oklahoma increased 1,000 to 353,650 and Louisiana was up 900 barrels to 102,550.

Mississippi increased 2,200 barrels to 76,405.

* THOUGHTS

Then answered I them and said unto them, The God of heaven, He will prosper us; therefore we will prosper as well as build.—Nehemiah 4:1

WASHINGTON—(AP)—Secretary of the Interior J. A. Krug, now traveling in the Southwest, today invited John L. Lewis to meet him in California if he wants to discuss a new soft coal mining contract by Nov. 1.

The United Mine Workers' leader, tossing out the threat of a new coal production shutdown, charged the government with breach of contract yesterday and hinted gloomily at new wage demands. He demanded that negotiations for a new contract begin by Nov. 1.

"On that date," Krug told Lewis in a communication made available at the interior department, "I will be at Tule Lake, Calif., discussing our program for veterans settlement, but I will find a way of arranging a time for our meeting if you want to meet me there."

"However, if it should better meet your convenience I will see you in Washington directly after my last publicly announced address on Nov. 6 to the town hall in Los Angeles, which ends by committed western inspection trip.

"Will you please let my office know what arrangement will suit you best."

Lewis' new challenge, ending nearly six months of comparative silence, could mean a walkout of the nation's 400,000 soft-coal miners by Nov. 20—on the icy edge of winter.

Unleashing his attack with sudden fury, the united mine workers' union boss accused the government of contract breaches resulting in the loss of millions of dollars due to the mine workers.

In a letter to Secretary of Interior J. A. Krug yesterday, Lewis demanded that negotiations for a completely new contract begin by November 1, and coupled with it a threat to tear up the existing contract in 30 days.

Krug, who is at Amarillo, Texas, during an inspection trip, expressed shock at Lewis' assertions.

"The government has not breached its contract with the united mine workers," he declared.

"I have already suggested to Mr. Lewis arbitration on these disputed points."

"The government's contract with the united mine workers covers wages, hours and working conditions during the period of government operation. It does not provide for reopening of the contract to revise wages or hours."

Krug disclosed that he and Lewis had a heated discussion in his office last Saturday morning. He also asserted that in his opinion some of the wildcat coal strikes constituted a breach of contract on the part of the miners.

"The government of the United States lives up to its contracts," he said, and added: "I have already suggested to Lewis, as requested by Lewis, to discuss at any time any matters arising under the contract with the united mine workers which the United States of America has made with Mr. Lewis."

Krug voiced confidence that the pact "will stand for the period of government operation" of the soft-coal mines. He was not certain whether he would return to Washington to discuss the matter with Lewis. His trip is scheduled to continue through November 4.

Coincidental with Lewis' new blast, Navy Capt. Norman H. Collison, federal coal mines administrator, disclosed that he already had written a letter to Lewis accepting the decision of an Illinois arbitrator—a decision favorable to the union—on the issue of variations, one of the points raised by Lewis in his charge of contract violation.

Collison's letter further suggested the appointment of an umpire to decide the second specific point of contention, which was the "tipping" as it comes out of the mines in tiny cars, or after it has been tipped.

In attendance at the meetings, to help organize the best possible school, will be three representatives, two from Veterans Administration and one from the State Vocational department.

Other Pampans attending the meeting tonight in McLean will be County Judge Sherman White, County Agent Ralph Thomas, American Legion Commander Ray Gunn, W. B. Weather, president of the chamber of commerce, and E. O. Wedgeworth, chamber manager.

"This project is being organized for the veterans and we would sincerely appreciate their attendance at this meeting," Laycock said. "We feel confident that many veterans who now believe they aren't interested in any additional training, will want to take advantage of some of the courses we intend to offer them."

Incorporators of the \$80,000 concern are eight Dallas ex-servicemen who plan to hire only GIs as drivers. Incorporators include Passman, J. B. Thompson, Layton Humphrey, J. D. Thompson, M. A. Genaro, Harry Gowins, Bert Maxwell and Wirt Davis II.

Drivers eventually will share in the profits of the company, Passman said.

City officials said they were afraid of a taxicab "war" if a second company begins operation here. At present, one franchise has been granted, to the City Transportation Co., the applying concern, said that if the franchise is granted, 20 cabs would be in service in time to handle an expected influx of passengers during the Christmas rush.

Passman said the new company already has received a state charter. He said they have assured delivery of 10 new taxis monthly, and original plans are to institute a fleet of 100 cabs.

The application was filed Sept. 25. The application was filed Sept. 25.

The application was filed Sept. 25.

Hope Remains for Five Power Amity

LONDON.—P—Foreign Secretary Bevin told the house of commons today he was "not hopeful" that the major powers would achieve lasting amity.

He reaffirmed his determination to achieve understanding among the great powers—Great Britain, the United States, Russia, France, and China.

"It will not be the fault of his majesty's government if it does not come," he declared, opening a two-day debate on basic British foreign policy.

Bevin told the house of commons that Britain was anxious to conclude an enduring peace with Japan and ensure against future Japanese aggression.

He spoke of "encouraging signs" in Indonesia (the rich Netherlands East Indies), said British troops would leave the islands by Nov. 30 and commented:

"I have every hope that, by that date, a settlement will have been reached."

About Egypt, the foreign secretary said:

"We are handicapped in bringing our negotiations with Egypt to a conclusion by internal political difficulties in Egypt itself."

A dozen foreign ambassadors and ministers sat in the gallery of the packed house listening to his address, which had been spoken of in the British press as "the most important speech of his career."

He declared that any suggestion that Great Britain wanted to exploit and suppress peoples of the Eastern Mediterranean was "sheer nonsense."

Speaking of Iran, where Russian and British interests border, he said: "I am very anxious that the small governments should never fall a victim of any difference of opinion by the three larger ones."

"We wish to see Persia (Iran) free from foreign interference."

"If this is observed by all countries this area will be kept clear of any possible conflict."

Bevin said Britain had made it clear that if Russian demands for bases in the Dardanelles were granted, it would involve an "unwarranted interference with the sovereignty of Turkey."

Observing that he agreed the Mon reux convention granting Turkey control of the strategic Black sea straits required modification, he added:

"The British government was anxious to keep the international aspect of this waterway in view."

"Our view," he added, "is that direct exchanges of view provided by See BEVIN SPEECH, Page 8

Limitations Put On United States Loans by Byrnes

WASHINGTON.—(AP)—Secretary of State Byrnes indicated today that the United States will not extend credits to countries which might regard such credits as enabling them economically.

Byrnes told a news conference, in answer to questions about cancellation of a \$40,000,000 credit to Czechoslovakia, that "the government will give preference in loans to countries needing such loans."

2. Governments which are friendly to the United States.

Byrnes' mention of economic assistance referred to a charge made at the Paris peace conference by Fustis' deputy foreign minister, Andrei Vishinsky, which was applauded by delegates from Czechoslovakia and other eastern European countries.

Vishinsky accused this country of practicing "dollar diplomacy" and of attempting to enslave eastern European countries through loans.

Byrnes maintained that the state department does not have a general policy of denying aid to countries alleged to be within the Russian sphere while granting it to nations which have supported certain objectives in international conferences.

Results of the Adobe-Walls campaign, Boy Scouts of America, campfires over the past several week ends will be worked out during the Scoutmaster's roundtable tonight in the city commission room.

Over the past week end the Pampa district, the last district of the council to hold its camporee, had its seven troops competing for ratings at the camporee site, Lake McLean.

The district's camporee was held after a three week postponement due to weather conditions and other cause.

Toastmasters Will Meet Club Founder

Members of the Pampa Toastmasters club will leave at 4:30 this afternoon to attend a 6 o'clock dinner at the Herring hotel, Amarillo, with the honor guest being Ralph Smedley, founder of Toastmasters International.

Other local members will go to Amarillo later in the day for 7:30 meeting with Smedley. City hall representatives and Amarillo Toastmasters will also attend.

FAIR OFFER CENTRALIA, Ill.—(AP)—Mayor O. W. Wright offered today \$1 for a ticket for an event which occurred nearly 100 years ago.

Carl Comstock of Peconica, Ill., wrote the mayor that he had a ticket for the Illinois Agricultural Society Fair, which was held in Centralia on Sept. 13, 1858. "Make me an offer," Comstock wrote.

Wright said maybe the ticket would be the start of a municipal museum.

ITALIAN WOMAN FIGHTS POLICE — When Venezia Giulia police tried to break up a demonstration in Montefiore, Italian ship building center, husky woman put up a strong fight. One policeman had his hands full with the angry demonstrator and had to be joined by two others before the woman could be led away.

General Assembly of U.N. Opens Tomorrow

NEW YORK.—(AP)—Diplomats from over the world called their staffs and advisers into last-minute conferences today to shape the policies they will present in the meetings of the general assembly of the United Nations which open tomorrow in Flushing Meadow Park with President Truman as the welcoming speaker.

Most delegations already were settled in overcrowded New York hotels but late-comers still were arriving by air from far parts of the globe. Among these due to arrive today were two prospective antagonists—Field Marshal Jan Christian Smuts, prime minister and foreign minister of the Union of South Africa, and Mrs. Vijayalakshmi Pandit of India. Her plane trip was delayed by engine trouble at Algiers and then by the TWA pilots' strike in Shannon, Ire., where she changed planes.

Although some negotiations were reported in the streets between India and South Africa, Mrs. Pandit—only woman delegation chief—was prepared to carry on a fight in the assembly against "Jim Crow" conditions already imposed upon Indians in South Africa. She is the sister of Pandit Jawaharlal Nehru, chief minister in India's new interim government.

The Indian delegation also has organized a campaign which may be sprung to oppose South Africa's intentions of annexing Southwest Africa, the old German colony which the union administers under a League of Nations mandate.

The annexation proposal has been placed before the general assembly for consideration.

The disposal of several other League mandates, under a trusteeship council, seemed assured with the announcement last night that the United Kingdom had submitted terms under which it would agree to trusteeships for Tanganyika, Togoland and Cameroon, all in Africa.

France has offered French Togoland and Cameroon and the Australians have offered their portion of New Guinea.

The American delegation headed by former Senator Warren Austin of Vermont continued its day-long sessions of combing through the list of problems on the assembly agenda. It met in almost constant session yesterday and last night to determine a policy on future needs of the refugee care agencies after the ending of UNRRA next year and also completed its committee assignments.

The people of the West coast still strikebound. The unions are to negotiate with West coast shipping interests after concluding talks with the East and Gulf coast operators.

F. P. Trainer, chairman of the Maritime Engineers' negotiation committee, said he would recommend to the general membership that they ratify the agreement.

He said he did not know when the ratification meeting would be held, but that the agreement would be notified as soon as possible and an attempt made to hold meetings simultaneously in all affected ports.

Lawrence Kammet, MEBA publicity representative, said the general membership would not be asked to ratify the agreement, since the AFL organization still was negotiating for a settlement and the engineers would continue to respect MMP picket lines.

Terms of the contract were withheld by Trainer and Frank J. Taylor, president of the American Maritime Institute, representing the operators, pending notification of the union membership and ship owners' companies.

Agreement with both unions would end the shipping tie-up on the East and Gulf coasts, leaving only the West coast strikebound. Nearly all American shippers would be paralyzed by the strike.

The unions are to negotiate with Pacific coast operators later.

Crude Purchases To Remain Same

BARTLESVILLE, Okla.—(Special)—Frank Phillips, chairman and K. S. Adams, president of Phillips Petroleum Co., have announced that the company does not contemplate reducing any of its present purchases of crude oil in the Panhandle area, as the result of the construction of the proposed new 12-inch pipeline by its wholly owned subsidiary, Standard Pipe Line company, which will transport crude oil from West Texas to the Phillips, Tex., refinery.

The company's Phillips, Tex., crude requirements have been increasing at a rapid rate and are expected to continue to increase. Present operations have been produced elsewhere by the company for oil produced in the Panhandle. Stocks have steadily declined and are now at minimum working level.

It is expected that the new West Texas-Panhandle pipeline will be extended at some later date to a connection with the Standard pipe line and the Oklahoma-Kansas pipeline system at Yale, Okla. so as to augment the crude supplies of the Phillips Petroleum company's Oklahoma, Okla., and Kansas City, Kans., refineries.

WEST TEXAS—Partly cloudy this afternoon, tonight and Wednesday, widely scattered showers in all except Panhandle and South Plains. Little change in temperature.

EAST TEXAS—Partly cloudy tonight and Wednesday, warmer northeast portions this afternoon. Gentle to moderate east to southeast winds on the coast.

OKLAHOMA—Partly cloudy, little temperature change tonight and Wednesday, scattered showers southeast today and Wednesday; low tonight, upper 50's to lower 60's.

CHICAGO GRAIN
WHEAT—(USDA)—All grain futures moved sharply higher in an active trade today, spurred by an additional report of a 100,000 bushel deficit in local stocks. The report came in the form of a letter from the U. S. Department of Agriculture, dated Oct. 21, 1946, which stated that the local grain supply was 100,000 bushels below the demand for the month of October.

Shade of Sycamore by PERCY MARKS Author of "The Plastic Age" "A Tree Grown Straight" Etc.

XXVI
ON New Year's Day, 1941, Gayle sat in her living room smoking a cigarette and staring into the leaping flames in the fireplace. She could hear active movements in the kitchen and dining room. Mrs. Mays, Tom, and the maid were all extremely busy, because there would be many people coming later in the afternoon for cocktails and eggnog. Bart was sleeping. He had awakened in the middle of the morning, had breakfast, and then gone back to sleep again. Gayle knew she would have to rouse him soon. Well, she would—and she would hide the fact that her world had fallen in ruins around her along with all the rest of the world.

She felt tired, too numb and beaten to think, but thoughts seemed to push their way into her resisting brain. They formed themselves in spite of her, and once formed, they taunted her with her blindness and stupidity.
"I ought to have known months ago," she told herself wearily. "It was as plain as anything."
In the past months Bart's flirtations had grown both more numerous and more open. She wondered sometimes if he actually thought she did not care. Once she had protested. "You owe me some consideration, Bart," she had said. "I'm not just a plaything for you. I'm a woman, and I deserve to be treated as such."
But she had not been able to do this. She had been too afraid to speak.

of you. You did everything except trump your partner's ace.
"Did I?" said Gayle. She sat down, lighted a cigarette with trembling fingers and repeated, "Did I?"
"Did I? Did I?" he mimicked. "I'll say you did. What's got into you? You've been acting queer for weeks."
"Let's say from New Year's Day, just to be exact," Gayle's whole body was so taut that she felt as if she must scream. Where the sudden rush of rage came from, she never knew; but without warning, the control she had exercised so carefully was all gone. "Yes, I'll tell you what's wrong. I didn't think I would, but you asked, and now I'm going to tell you. I've been acting queer because my husband lied to me."
"Lied to you?" Bart's eyes opened wide. "What's got into you? I haven't lied to you."
"Of course you haven't," you said you weren't with Beth New Year's Eve. You said you were down in the locker room. Well, you lied. You lied, I tell you! I saw you go upstairs with her, and I saw you come down with her. You'd been—

"Gayle! No! I tell you, no! You've got it all wrong." He leaned forward in his urgency and reached for her hand, but she snatched it angrily out of reach.
"I have not got it wrong. You lied. I know you lied! His hand sank and his cheeks reddened. 'I lied all right.'
"You lied because—"
"Because I knew you wouldn't believe me if I told the truth. He lifted his head and looked at her pleadingly. "I didn't know what else to do. I'd had too many drinks, and I guess Beth did too. We went upstairs, and I'll admit there was some necking, but that's as far as it went. I know that's true, but I don't think it's wise to tell her. I'm sorry, Gayle—honest, I am. I've been sorry ever since—pretty damned ashamed, too."
In the end Gayle forgave him, but long after he was asleep she lay awake wondering if he had told her the truth. She wanted desperately to believe him.
(To Be Continued)

Leaves From a Correspondent's Life Notebook

By JOHN McKNIGHT
ROME—(AP)—The jeep, ubiquitous but drab in time of war, is just as ubiquitous in time of peace—but not so drab.
A dwindling contingent of army vehicles still tootles along Italian highways in the liverish coat which, while it may add appreciably to the difficulty of enemy gunners, contributes nothing to the cause of esthetics.
Private purchasers of the quarter-ton "roller skates," however, have dipped their paint brushes into the rainbow and a Rome parking lot these days looks like a basket of Easter eggs.

The only limitations on color combinations seem to be lack of imagination, short stocks in Italian paint shops and, in one case at least, a wife's resounding "no" to certain exotic hues rashly proposed.
A chaste black with red trimmings was the compromise she imposed, a combination since emulated by other members of the Rome colony who either have a certain native restraint or have acquired it through their wives.
However, the young American idea over here—and it is surprisingly numerous, what with the many GI's who have taken local discharges to wed black-eyed Italian belles—runs to flamboyance.
An army officer who owns his own jeep has done it up in lacquer white and red wheels and chromium bright work, while one of the less doddering correspondents has picked brilliant green with yellow markings. There are several jeeps around town in baby and navy blue, and jeeps are to be seen, too, in lavender, mauve, purple, light tan and almost any other color you can name.

amidships and elongated into a station wagon.
OFIC reports that, in addition to jeeps sold to soldiers and sailors (who also bought 290 trailers and 131 motorcycles), UNRRA took 297 U. S. war veterans 250, private charities 25 and U. S. embassies and consulates 54.
With the 3,167 jeeps sold to the Italian government and the 390 to private Italian purchasers there are now—making allowances for some shipped home and others cracked up—something over 5,000 privately owned quarter-tons buzzing around Italy.

Religious War Rages Among Far Easterners

COMILLA, EAST BENGAL—(AP)—Residents of this eastern Bengal city who are caring for victims of communal violence declared Saturday that the Moslems who comprise a majority in this area are waging "undeclared civil war" against the Hindu minority.
More than 5,000 refugees from Noakhali have streamed into this Tippera district city bringing with them gruesome tales of murder, rape, arson and looting.
Four refugee camps are filled with stranded men, women and children.
The refugees give this account of RHEUMATISM and ARTHRITIS:
I suffered for years and am so thankful that I am free from pain and able to do my work that I will gladly answer anyone writing me for information. Mrs. Anna Paul, P. O. Box 825, Vancouver, Wash.

American Legion Plans Expansion
AUSTIN—(AP)—Several expansions of Texas American Legion activities during the next fiscal year have been authorized by the state executive committee, including creation of a department of radio relations and employment of a full time director of youth activities.
The committee held its semi-annual session yesterday, hearing department Commander Bertram E. Giesecke of Austin urge that the term "Legionnaire" be applied generally to all World War I and World War II veterans.
Eight zone meetings whereby J. D. Amstutz of Houston, commander of Negro American Legion veterans may increase Negro membership were authorized.
A budget of \$164,225 for the American Legion's state program for the new fiscal year was adopted. Employment of a secretary for each of the five American Legions service officers at Veterans Administration installations at Dallas, Houston, Lubbock, Waco and San Antonio, was also authorized.

Expert washing, polishing and waxing, also tire and battery service.

Peace Perley Pessimism

Poll of Newsmen at Paris Conference Finds Gloom Is Strong Over the East-West Conflict

Dominant delegates at the Paris conference, in the eyes of the correspondents, were Molotov and Vychinsky, shown right to left. Molotov's dim view of parity underlined newsmen's pessimism.

Editor's Note: With the end of the Paris peace conference, the shift of emphasis to the UN and Big Four meetings, NEA Service polled 41 of the correspondents permanently assigned to conference coverage to get their views on what had been accomplished. Here's what the poll showed.
By FRANK DONOHUE
NEA Staff Correspondent
PARIS—(NEA)—Although the Paris peace conference completed its difficult job of treaty preparation, among the correspondents who covered the long and often bitter sessions there is strong pessimism over the results.
A still more pessimistic undercurrent arises from the ill-aided hopes that the conference could reconcile two ways of life—the East and the West. This pessimism among the newsmen was underlined by Molotov's final denunciation of the treaty and its decisions.
Twenty-two of the 41 correspondents polled by NEA Service felt that the conference, by completing its mission, was a technical success. While most of the dissenters said the conference brought into sharp focus conflicting ideologies which cannot live side-by-side, the optimists declared any open discussions were a step forward, and that the justice of granting the smaller nations and enemy powers a hearing was a measure of success, too.
Twenty-six correspondents felt it made little difference that the conference spent its time working on treaties involving the small powers instead of considering the more major matters such as the final disposition of Germany and a workable treaty with Austria.
Molotov emerged the dominant delegate to the parity, with Vychinsky a close second. Fourteen correspondents voted for Molotov and 12 for his compatriot. Only six felt U. S. Secretary of State Byrnes was the most influential, but several said he "wielded the biggest stick despite his relatively soft speech," and that he "dominated the Western bloc." Four correspondents voted for Czechoslovakia's Masaryk and three for Australia's Evatt.
Here's how the newsmen summed up the leaders:
Molotov was a symbol of the opposing ideology, a bulldog in his defense against the majority. He played a secret hand. Everything turned on what he disclosed.
Vychinsky's interlectual resourcefulness and oratory were outstanding. When he started speaking Africans he really floored his listeners. Vychinsky had complete command of his case.
Masaryk's greatest effort was to bridge the gap between East and West.
Most correspondents believed that the conference's biggest flop was Evatt who first rallied and then failed to hold the small nation's together.

war assets administration offered 391 twenty-two inch rolling pins with 4-inch handles down at Camp Berkeley.
Here's that man again, Kilroy. Lt. Edward Kilroy, of Worcester, Mass., who spent the last eight weeks at the army medical department school for medical officers at Brooke army medical center, San Antonio, has left for Smoky Hill air base at Salina, Kans.
All during the war, when signs of "Kilroy" were everywhere from Nome to Rome, Lt. Kilroy was studying medicine at Harvard. It was, he says, a couple of million other guys.
Travel difficulties don't bother Walter Buckner, the San Marcos editor. When he wants to go on a week-end vacation, he just steps out in his back yard.
There, a few feet from his home, he has built a log cabin complete with all modern conveniences.

CLASHES WITH LIFE:
The Negro coach of a Negro high school football team finally got fed up, did what most coaches would like to do sometime or other during the season.
He issued this statement to the fans:
"If you are a bootblack, shine shoes. If you are a hamburger seller, make hamburgers. If you are a preacher, stay in your pulpit. Let your coach develop your team."
" 'I'll be seeing you,' said a Corsicana man as he paid a \$5 fine for drunkenness.
He did. Two hours later he was back in jail—drunk.
Worst pun of the week, reported in San Antonio during the flood:
" 'How's Olmos dam doing?'
" 'Well, it's olmos holding its own.'
Bad news for husbands: The

WE, THE WOMEN

Women Will Hold Meat Prices Down

By RUTH MILLETT, NEA Staff Writer. In his speech to the people...

They have already proved that. Let butter go sky high and they start doing their own rationing...

And they'll do it with meat. They can perform a few tricks with meat substitutes even now.

And, while a meal built around a pot roast may be simpler to prepare and more satisfying than a meal built around a meatless dish...

There's a price limit. So let meat prices skyrocket and women will cut down on meat...

PERSONAL NEWS OF McLEAN

McLEAN—(Special)—The fifth grade pupils elected new officers for their "Citizenship Club" meeting...

Farnsworth, and son, C. B. (Brownie) of Spearman, are visiting their son and brother, R. R. Cable, and family.

Mr. and Mrs. Harry Barrette and Mr. and Mrs. Henry Magerkurth and daughter, Frankie Sue attended the football game at Clarendon Friday night.

Mr. and Mrs. Robert Howard and son, Don, were transacting business in Shamrock Saturday.

J. E. Stewart has gone to Kansas looking after his farm interest.

Mr. and Mrs. Merle Ford of Amarillo were in McLean Saturday. They spent the night with his parents at LeFors.

Miss Duella Wood of Amarillo visited relatives during the weekend.

Wes Huddleston of Pampa was in McLean Saturday night. He received a leg injury in a car wreck east of here two or three months ago.

Mr. and Mrs. Homer Chaffin of Ceres, Calif., visiting in the home of her son, Minister M. W. Chaffin of the Church of Christ.

Mr. and Mrs. Allen Story and sons of Plainview visited Sunday with Mrs. J. W. Story and attended services at the Methodist church.

Mr. and Mrs. Uba Turley of Oklahoma City is visiting her sister, Mrs. R. N. Ashby, and husband.

Betty Wade, Patsy Ferguson, Ethel Hugg and Mildred Holloway attended Rainbow club meeting at White Deer, Tuesday night.

Pvt. George Baker, Jr. is on furlough visiting his parents, Mr. and Mrs. George Baker, Sr., other relatives and friends. He is in the air corps, stationed at Kelly field, San Antonio.

Mr. and Mrs. James Barret and children of Pampa attended Sunday night services at the Baptist church.

Guy Hedrick was in the Worley hospital, Pampa, Saturday suffering from an infected knee.

Mrs. Vina McDaniel of Compton, Calif., and Mrs. C. F. Christman of Delhi, Calif., were visitors at the morning services of the Baptist church Sunday.

Mrs. M. M. Wall is visiting her son and family, Carl D. Wall of Kellerville.

Snakes have jaws with elastic hinges, otherwise they could not swallow their prey whole.

Mrs. H. A. Longino spent Friday night with her daughter, Miss Lenore Longino, at Amarillo. Miss Longino is a stenographer for a law firm there.

Mrs. Grace Martin and Miss Jewel Cousins of Borger spent the weekend with the latter's sister, Miss Nona Cousins.

Mr. and Mrs. Farris Hess have both been ill the past week.

Sea oranges are animals. They belong to the sponge family and are found in the Gulf of Maine.

Army Far Out in Front as Nation's Top Football Team

Baggett Fired As West Texas Athletic Head

AMARILLO—(AP)—Al Baggett, director of athletics at West Texas State college, Canyon, has announced that he has been dismissed. He said last night that he had been notified of his discharge in a letter from College President Dr. J. A. Hill.

Baggett had been director of the West Texas school's athletic program since 1933.

Baggett said his dismissal resulted from his part in the recent coaching controversy which caused suspension of W. W. Nicklaus, head football coach, and Leslie Van Meter, line coach.

When several Buff players refused to take the field if Nicklaus remained in charge of the team, Baggett sided with Van Meter, who served as football coach at the college from January to June 1942. Van Meter went into the army and upon his return was assigned as assistant coach to Nicklaus who had been employed during his absence.

Baggett said he had refused to request a leave of absence or to resign.

The football team has been under supervision of W. A. Miller, basketball mentor, since Oct. 12 when Miller guided the Buffaloes to their first and only victory of the season—over Colorado College.

Players Arrive for First League Game

Layne, Eikenberg Set To Collide in Passing Duel

(By The Associated Press)

Together Texas' Bobby Layne and Rice's Virgil Eikenberg have pitched the football for 943 yards this season. Thirty thousand fans will turn out at Houston Saturday to see what they can do separately and against each other.

It promises to be the biggest individual aerial battle that's come up in Southwest conference football in years as undefeated, untied Texas seeks to hurdle the team considered its greatest barrier, Layne and Eikenberg rank first and second in conference passing.

Layne's pitching has been phenomenal although he has played little better than one-half in the five games Texas has won to date. Blong Bobby, the mightiest passer Texas ever has had, has whipped 54 aeriels and completed 32 for 582 yards—an average of 18.1.

Eikenberg, the Boling Texas bombardier, has four tests and connected throws into the sky has been on 19 for 361 yards. Eikenberg has had just one pass intercepted; Layne has thrown seven into enemy hands.

Aside from the Layne-Eikenberg fireworks, the Southwest conference's leading offensive team will be going against the top defensive outfit, Texas in five games has tolled to 2,837 yards with 1,095 on the ground and 962 in the air—an average of 41.4 yards per game. Rice is second in offense with 1,212 yards—an average of 30.3 in four tilts.

The Owl defense has held opponents to 347 yards for an average of 14.7. Texas ranks second in defense with an average of 170.8.

Thus the big game of the year in the Southwest matches the 1-2 passers and the 1-2 offensive and defensive teams.

Elsewhere in the conference, S. M. U. and Baylor are moaning over injuries.

Baylor's Bears, who take on the Texas Aggies at Waco this week, list two men who may not see action for a while. They are Sammy Pierce, fullback, out with a twisted knee, and James Watson, freshman halfback. Both took jolts in the Lubbock encounter with Texas Tech.

In Dallas, Matty Bell, preparing his Mustangs for a trip to Columbia, Mo., to tackle the Missouri Tigers, called off his usual scrimmage yesterday because of a crippled condition resulting from the

Lefors High Honor Students Announced

John D. Fouburg, principal of Lefors high school, has just recently announced the first six weeks' honor roll.

Topping the A-honor roll are: Patsy McIntyre, 5 A's; Angie Rae Davis and Betty Scott, 4 A's and 1 A.; Patsy Johnson, La Vaughn Mullins and Connie Garber, 4 A's.

Others on the A-honor roll are: Lora Ripley, Wanda Rickman, C. H. Keeton, Jerry Berryman, Barbara Ross, Martha Snyder, Ann Phillips, Marguerite Crawford, Delma Rickman.

Those making the B-honor roll are: Wanda Roberts, Berryman Breining, Dorothy Howard, Robert Carr Vincent, Jo Ann Wall, Duane Hankins, Christine Guthrie, Donald Rice, Jimmie Lee Davis, Jo Ann Johnson, Sam Daniel, Judy Johnston, Hugh Daniel, Joe Ogden, Sara Alrington, Bob Perkins, Janelle Upham, Jo Alice Tubbs, Jo Ann Adams, Jo Ray Johnson, Barbara McCullick, Joe Ray Brock, Joe Paifer, Clell Breining, Fay Bigham, Margaret Dickerson, Wade Straeener, Bonnie Rhea, Patsy James, Bobbie Jean Hedrick, Rudy Redus.

Mighty Cadets Pile up 112 of 156 First Place Votes in Poll

By SID FEDER
NEW YORK—(AP)—Boosted back to first place among the nation's football teams a week ago by the country's sports writers, Col. Red Blak's Army team zipped farther out in front in the Associated Press weekly poll today.

At the same time Notre Dame boosted its second place margin over Texas and Tennessee, Northwestern, Georgia and North Carolina made skipping up the trail off their successes of last Saturday.

All together, 156 sports writers from every section of the country balloted in this third week of the Associated Press' poll for the 1946 gridiron season. Texas drew 25 less votes for first place than it did a week ago, in spite of its 20-0 win over Arkansas last Saturday, and Notre Dame dropped 10 off its top-place selections.

Army picked up all of these 35, and more besides, when it crushed Columbia 48-14 and handed Lou Little's Lions their first setback of the campaign. They also had defeated Villanova, Oklahoma, Cornell, and Michigan.

As a result of all this, Army piled up 112 first-place votes, and an additional one-quarter top-spot vote, cast by an undecided ticket-splitter who couldn't make up his mind among the Cadets, the Irish, the Longhorns of Texas or the Quakers of Pennsylvania for the place at the head of the parade with each voter balloting for 10 teams. Notre Dame finished with 21 1/4 first-place votes and Texas with 13 1/4.

The volunteers of Tennessee, up-setters of Alabama, picked up six top selections along the way. The only other outfit to be named to lead a ticket was the coast conference favorites from the University of California at Los Angeles, who were selected on two ballots.

Based on a system of 10 points for a first place vote, 9 for a second place pick, 8 for third, and so forth, Army topped up the tremendous total of 1,499 1/2 points for the first time in the history of the poll. Notre Dame held second with 1,231 1/2 and Texas third with 1,262 1/2.

With the top trio remaining in their same order, Tennessee zoomed up from ninth place to fourth with 898 points as a result of its 12-0 decision over Bama, which left the Vols unbeaten and untied after four starts. The vault of the Vols dropped U. C. L. A. to fifth with 890 and left Penn. 40-0 winner over Virginia, sixth with 699 1/2. Georgia, 33-13 victor over Oklahoma A. and M., moved up to seventh with 548.

Michigan and Northwestern each collected 418 points for tenth place in an exact tie, which is exactly how they wound up in their collision last Saturday—at 14-all. Rounding out the select set, North Carolina collected 110 points for tenth place after the surprise party the tarheels threw for navy Saturday.

Right here in District One, the press box is generally terrible, with no conveniences whatsoever. Lubbock is the only good one as all of the Western games are played at Tech stadium, and it is the best to be desired. Amarillo's is far too small and a "ledge" of seats elevated above the others are practically impossible to work from. Borger installed a press box for the first time in this year, but Borger News-Herald sports scribe Jack Roberts says it's nothing to be proud of.

The press section of the local coop will seat only about six with comfort. The other two sections are used for radio and public address systems and they're too small. Then too, there's a constant parade of persons—who have no business in doing so—going through the box. This could be eliminated by the construction of a stairway from the rear, a lock on the door and a more adequate system of policing.

We sports writers don't want to be coddled but we do expect comfortable working conditions with little or no interference from press box coaches, and other hangers on. We propose that the school erect a radio booth on the opposite side of the field next year and reserve the entire box for the working press. In that case, a section could also be reserved for scouts. We do not resent scouts but their work is altogether different from that of the press and should be so separated.

The knowledge that some schools are taking the writers to heart came to us when we visited Sweetwater. The Mustang bowl, where Sweetwater's games are played is something out of this world and the press box is big, roomy and has a special glassed-in front that eliminates the glare of the sun except one in the middle, which interfered with no one. The radio booth is upstairs, also the public address system and each section has a telephone line. We hope this the latest Western park press box of the future can be half as nice to work in.

Marshall May Become Ambassador to Britain
NEW YORK—General Marshall may become ambassador to Great Britain, according to Business Week.

"It won't be surprising if General Marshall returns from China soon," says an article which will appear in the next issue of the publication. "Washington is practically resigned to abandon its efforts to establish a national-communist coalition government, inasmuch as no one in this administration seems to know what U. S. policy in the Far East should be."

"If he returns soon, he may be asked by the President to become ambassador to Great Britain. Up to now, the London post has been handled before a number of men who are financially able to make large contributions to the democratic party fund, but none so far has offered a high enough price."

Any ear is only as safe as the driver.—Ned H. Dearborn, president National Safety Council.

Conference Leaders To Meet This Week

(By The Associated Press)

Three districts of Texas school football have conference games involving leading teams this week, two of those games matching undefeated, untied eleven in season play.

District 14 sends Galveston against Orange in the battle due to determine the championship while District 15 has Austin meeting Brackentridge at San Antonio—the first big game in the title drive.

Minerals Wells plays Brownwood in a game between undefeated conference leaders in District 9.

Only two districts have undisputed leaders. Those are Ysleta in District 4 and Brownsville in District 16. All except two districts 6 and 12—have played conference games. One of these, District 17, swings into title play this week with Nacogdoches at Jacksonville and Lufkin at Conroe.

Leaders in the districts that have played conference games:

Stagg Denies He'll Quit Coaching Game

EL PASO—(AP)—Football's grand old man, Amos Alonzo Stagg, says his health is good and that he has no intention of resigning as coach at the college of Pacific.

Stagg, stopping here last night while en route with his football team to Evanston, Ill., to meet Northwestern next Saturday, was surprised when told that a rumor was spreading that he would resign at the end of the current season.

"No idea has ever been farther from my mind," he said. "My health is good and I intend to continue coaching indefinitely. The idea of resigning has never entered my head. I cannot understand how such a report got out."

Dyer To Be Honored At November Banquet

HOUSTON—(AP)—A testimonial dinner honoring Eddie Dyer, manager of the world champion St. Louis Cardinals, will be held here Nov. 7.

Outstanding baseball personalities will be invited to attend the dinner, to be held at the Houston club.

Plans for the party were made here yesterday by officials of the Houston club and the Houston chamber of commerce athletic committee.

Some 6,800 railroad and highway bridges were blown up in France in the last war.

Plainview Seeks WT-NM Franchise

PLAINVIEW—(AP)—Plainview is going after a franchise in the West Texas-New Mexico league and subscriptions to stock now are being received.

The goal is \$50,000 for acquiring the franchise, erecting a baseball plant and carrying on the business of organized baseball in the city.

Albuquerque, which has a franchise in the West Texas-New Mexico league has made application for franchise in the Arizona-New Mexico league, being revived after lapse during wartime years. Should the Albuquerque franchise become available it will be placed wherever the other seven league members determine. Hobbs, N. M., and Odessa, Texas, both with baseball plants, are also tentative applicants for the Albuquerque franchise, should it become available.

Sam Langford, former baseball player, said he has already ascertained the league members look with favor on Plainview, due to its being located centrally and the transportation economy that is apparent.

Healing cuts are receiving \$125-000,000 annually from the American public.

Professional BUSINESS MEN

John H. Plant D. C. Ash

Your Southwestern Life Underwriters are professional business people, engaged in one of the Nation's leading professions. They equip themselves through continuous study and training to give you the highest possible degree of life insurance counsel and service. They are adept through experience at applying sound principles of life insurance to the solution of personal and business problems. Their profession requires that they keep abreast of the constantly changing economic picture.

Their Rate Book contains the facts on how and what to save to provide protection for your family... mortgage cancellation... or business insurance. They have the means to assure your children a college education, or to start a business of their own. They can show you the easiest, least expensive way to provide a retirement income for old age. They are ready to counsel with you at any time, without obligation. Ask them today for a plan for you to consider.

Southwestern Life Insurance Company
C. F. O'DONNELL, PRESIDENT HOME OFFICE • DALLAS
PAMPA

It's not that we don't love our work!

WE DO LOVE our work—but these days, we almost dread leaving home and going to our showroom.

So many people want new Packards, and there are so few coming through!

But you can't build cars without materials!

The factory is straining every effort to get more parts and material so production can be increased.

We're doing our best!

Some cars have been shipped with wooden bumpers, some without window regulator handles. This costs the factory a lot of money, for it means that replacements must be shipped and installed later.

Under such difficulties, it's a wonder the folks at the factory have done as well as they have. This year, compared to the same period of 1941, Packard has built a higher percentage of cars than the industry as a whole.

We don't dare predict!

Our customers have been so patient that we'd like to sound some optimistic note.
