**POLICE BATTLE RIOTERS**—From behind a sheltering wall, Rome police fire at rioters as 30,000 demonstrators stormed Vatican palace, seat of the Italian government. At least fifteen persons were killed, more than a hundred injured.

## Road Funds Drive Declared Success

Jake Garman, chairman of the special highway committee, said this morning that, taking into account larger contributions yet to come in from some business concerns, the drive for \$50,000 had been completed.

## U.S. Will Insist On 'Recapture' of All War Weapons

WASHINGTON—(AP)—The United States will reserve the right to recapture all weapons and munitions supplied Russia under lend-lease before writing the wartime account "closed," government officials said today.

These officials noted that such recapture provisions have been written into the lend-lease settlements concluded with seven other countries.

It is not clear when negotiations to settle the Russian account will get under way. A note to Moscow some weeks ago suggesting that a mission be sent here for the purpose reportedly has gone unanswered.

Officials say that in general this country does not expect to exercise its right in any country to regain possession of items like guns, planes and tanks, but that the recapture clause was inserted as a precautionary measure.

The great bulk of the \$11,000,000,000 in lend-lease goods furnished the Russians falls into the strictly war goods category.

The Russians will be asked, however, to pay at least part of the cost of civilian type articles which the Soviets can use in peace time.

Officials declined to estimate the amount of the final Soviet obligation. They pointed out, however, that Britain was billed for \$650,000,000 and France for \$420,000,000 when they settled their lend-lease accounts. But part of these sums went to pay for surplus property those countries wanted to buy outright.

## Demonstration Held For School Students

Engines started, sirens blew wildly, and water was squirted all through the Pampa fire station this morning but no flame or a puff of smoke could be seen.

It was just a demonstration put on by the boys at the fire house for the sole benefit of the first grade pupils of the Sam Houston school.

The youngsters darted hither and yon, climbing over the apparatus, wiggling the steering wheel and imitating the host. Finally to their utter delight one of the firemen started the pump and sprayed water on the floor of the engine room.

Another fireman showed the kiddies how firemen hit the ground floor without touching a step. Curious eyes turned ceilingward to watch with amazement as one fireman slid down the pole.

One of the biggest thrills for the kiddies came when they were permitted to wear a smoke mask. One little fellow was told to yell while wearing the mask. He tried, only a muffled grunt came forth and the rest whooped it up in glee.

It was all a tour on fire prevention for the school children and some of them were probably more than half hoping an alarm might be sent in so they could watch the trucks race out on the street.

## Market Men Seek Police Protection

MINNEAPOLIS—(AP)—A Minneapolis grocery-meat retail store offered 10,000 pounds of buffalo meat for sale today on a "first-come, first-served, no-limit" basis but asked for special police details to handle the crowds of meat-hungry housewives.

## Nation Awaits Word From Truman Tonight

WASHINGTON—(AP)—Housewives scurrying for meat and politicians for votes coked an ear to the White House for President Truman's decision tonight on what to do about getting steaks and roasts back.

Hours before the chief executive's all-network broadcast set for 9 p. m., Central Standard Time, the republican party termed the scheduled address "political" and demanded radio time to reply.

While there was no clear-cut indication what Mr. Truman plans to say in his 15-minute discussion of stabilization and the meat problem, the issue before him boiled down to this:

Whether to scrap meat controls outright, as many republicans and some democratic leaders have demanded, or keep them unchanged.

Or, whether to compromise on some relaxation of the controls. Involved perhaps higher ceilings, a bonus plan to induce marketing of livestock, and possibly importation of meat.

Mr. Truman is on record as firmly opposed to removal of OPA controls. He took this stand Sept. 26, but at a news conference last week he declined to comment when asked whether he had changed his mind.

One indication that he may have come from a high official who is familiar with the problem. He hinted to a reporter that top aides helping prepare Mr. Truman's speech met at the White House last night and that decontrol of meat is in the picture.

There has been speculation, moreover, that Mr. Truman might deal with wage controls, too, and possibly scrap that program.

On the other hand, among those playing an active part in drafting the President's statement are OPA Administrator Paul Porter and Rep. See TRUMAN SPEECH, Page 6.

## 21-Day Power Strike May Go To Arbitrators

(By The Associated Press) Leadership of the 21-day Pittsburgh power strike today faced three tests of its authority.

1. A back-to-work vote by 2,700 AFL street car operators and bus drivers who have absented themselves for 18 days rather than cross the independent power union's picket line.

2. An unsanctioned rank-and-file meeting tonight to consider the Duquesne Light company's offer to submit the wage dispute to arbitration, and

3. A collective bargaining election tomorrow in which two AFL unions and one CIO group challenge the independent union's right to represent 1,700 of its 3,200 members.

The election was ordered by the national labor relations board on petition of the AFL union mine workers' district 50. Also contesting the organizing right are the AFL international brotherhood of electric workers and the CIO utility workers union.

Mayor David L. Lawrence, who called the strike the city's worst disaster since the 1938 flood and said "the striking situation is a national employment issue," urged the strikers to accept the arbitration offer. The union is demanding a 20 percent wage increase against the company's offer of five percent.

A labor dispute which kept 900 Ford Motor company employees idle 12 days ended, but the nationwide walkout and Hollywood's film strike continued with scant hope of early settlement.

This was the situation: Ford: Open hearing foundry workers' collision on the job after their CIO union authorized a strike vote "on elimination of health hazards" in the plant. Ford also called back 100,000 employees said off highway because of a sheet steel shortage.

Maritime: The striking AFL masters, mates and pilots and CIO marine engineers called off AFL and CIO maritime groups to a joint strategy meeting Thursday because of opposition of the unions and shipowners were to be resumed tomorrow.

Hotels: AFL engineers in Washington considered joining the walkout after the CIO union's refusal to join the Capitol's finest hotels, adding the prospect of cold rooms to other discomforts which have befallen the guests.

Technicians of the AFL international alliance of theatrical stage employees voted to respect picket lines established at nine major movie studios by a rival group, the conference of studio unions, despite opposition of IATSE high officials who termed the vote "illegal."

## Jester Will Open Roster Campaign

AUSTIN—(AP)—Governor-nominee Beauford H. Jester will be the kick-off speaker tonight as advocates of the roads use tax constitutional amendment launch a statewide campaign at a dinner.

Allan Shivers, democratic nominee for lieutenant governor and Rep. A. Fisher will also speak for the amendment.

Field Marshal Wilhelm Keitel's spirits picked up over the week-end after he received two letters from his wife, who lives in the British zone.

None of the condemned have been told as yet exactly when they will hang.

**TWO DIE, 46 SURVIVE CRASH**—Forty-five persons survived the crash of this four-engine United Air Lines plane at Cheyenne, Wyo. Two of the forty-seven aboard were killed and ten were injured. The plane was Chicago-bound from San Francisco. Shown here is the section in front of the wings broken off from the fuselage of the plane in the crash.

## French Approve New Constitution

PARIS—(AP)—A constitution for France's Fourth Republic, providing for a powerful legislature overshadowing the president, bore the stamp of public approval today given in the face of Gen. Charles de Gaulle's opposition.

The people of continental France accepted the new constitution yesterday by a margin of some 1,212,000 votes—and a percentage of 53.6 in favor of 46.4 opposing. Voting was light, with 31.9 percent of the registered voters staying away from the polls.

Gen. de Gaulle, wartime leader of the fighting French, had contended that the charter was inadequate because under it the executive would be too weak.

But the result of the referendum was taken as strong testimony to his continuing prestige. He nearly defeated the constitution despite the fact that it was backed by France's three major parties.

The constitution will not take effect until early December, when Parliament is scheduled to be seated.

One chamber, the national assembly of deputies, will be elected Nov. 10. The second, the council of the republic, is to be chosen by a complex electoral college system.

The charter will be effective from the day that two-thirds of the council's members are seated.

An analysis of the referendum left no doubt in the minds of most observers of the scope of De Gaulle's "moral victory" over President Georges Bidault in a tug-of-war for leadership of the popular republican movement (MRP).

The combined "yes" vote garnered by the communist, socialist and MRP parties—which wrote and backed the law—was less this time than that gained by the communists and socialists without MRP support last May 5, when the first draft of a proposed constitution was rejected.

In yesterday's referendum, MRP followers, instead of sticking with Bidault and voting for the constitution, either voted "no" with De Gaulle or abstained from balloting.

The new constitution, drawn up by a constituent assembly, gives France its first permanent government structure in six years. By its provisions, the President, to serve

## AFL's Decision On Price Control Stand Is at Hand

CHICAGO—(AP)—The American federation of labor neared an important conviction, decision today on whether to come out for immediate removal of price and wage controls.

AFL President William Green urged the action in his keynote convention address. He contended the present OPA law was working out against labor's interests and that workers now would be better off without controls.

However, there appeared to be some AFL rank-and-file opposition to Green's idea. The day after he made his recommendation the AFL's brotherhood of painters and paperhangers asked the delegates to urge the government to strengthen the present OPA law.

The Washington administration might look at formal AFL confirmation of Green's position as a split among OPA's supporters sufficiently meaningful to be an argument for removing meat controls. At least some AFL delegates felt that may be the governmental reaction.

The stand taken by Green is that he always favored a price control law as a means of stalling off inflation until the nation could more evenly balance off the pent-up demand for goods and remove most of the price pressure. But he said the present law was too weak to keep prices down, could be classed as a "profit-protecting measure," and thus should be abandoned.

He said he did favor retaining "perhaps continued control of rent and some other items comparable to that."

## Warning Issued on Destroying Dogs

Local health officials today warned Pampans against destroying a dog that has bitten someone and is believed infected with rabies.

Back in the century of the common ham, it is true, short and stout models made up nearly a third of the retail clothing dealers' stock. Now they're hardly more than a fourth. Meanwhile the market for long models bounded up from 13 to more than 19 percent.

The National Association of Retail Clothiers and Furnishers, which discovered the new American wardrobe in a survey of its membership, hazard a guess that the change resulted from physical training received by the men in the services.

The survey also disclosed that a controversy is raging in the industry over whether suits should come equipped with vests.

"If a vestless suit trend exists it will be limited to young men's models in woolen and not worsted suits," the association's style committee decided.

"The vestless suit is proper in its place on college campus but its desirability in business and dress clothes is doubted."

This supreme court of haberdashery also ruled that among men the preference is almost evenly divided between four styles of undershorts—the boxer, the elastic back, the sides and jockey, and the shortie. "Consumer demand for shorts at \$2.00 is waning," it added wistfully.

## Molotov Charges U.S. Dominated Meeting

PARIS—(AP)—Russian Foreign Minister V. M. Molotov today attacked as "unsatisfactory" many of the results of the Paris peace conference, presaging a showdown on leading issues in the four-power foreign minister's New York meeting.

Molotov, charging that the United States had dominated the conference, upheld the Soviet Union's right to \$300,000,000 reparations from Finland—a figure soon afterward ratified, over United States opposition, voiced by Senator Arthur Vandenberg. The Michigan senator sought to reduce the reparations figure to \$200,000,000 but the conference voted this down 11 to 5.

Molotov remarked that only portions of the draft treaties with Italy, Romania, Bulgaria, Hungary and Finland pleased Russia and indicated that many of the issues would be thrown back into the foreign ministers council where decisions must be unanimous.

He accused the United States, Great Britain and France of "violating their agreements" and "treating" from four-power accord in the adoption of "a number of anti-democratic measures" in connection with Trieste.

He spoke critically of guarantees written into Balkan treaties for free navigation of the Danube and complained that the conference had refused to fix Bulgarian boundaries as of January, 1941—an action that would have given Bulgarian some territory from Greece.

The conference of 21 nations, taking action on the final draft treaty with Finland, prepared to adjourn tomorrow. The draft treaties then must be approved finally by the foreign ministers of the United States, Russia, Great Britain and France at meetings in New York.

Sen. Arthur Vandenberg spoke before Molotov and demanded that the Finnish reparations bill be passed from \$300,000,000 to \$200,000,000—a move that kindled Molotov's anger. The Michigan senator said: "The United States will leave its motives to the verdict of history in connection with the winning of the war and the writing of a just peace. We decline to plead as defendants among the Allies to whom we have given every ounce of cooperation in blood and treasure of which a great nation is capable. But we shall continue to speak for the American conception of justice and fair play."

Foreign Minister Ernest Bevin of Great Britain upheld the Russian claim to \$300,000,000 from Finland. Molotov said Vandenberg's address "made an unfavorable impression both as to his consistency and his frankness." He asserted that Russia always avoided putting "pressure on Finland for two years but that the Western Allies had not done likewise.

"We draw the attention of Finland to the difference between a true and a scheming friendship," he said.

Molotov spoke violently against criticisms of the veto power of the five nations. Although the United Nations security council, saying:

"The right of veto is not involved, but a question of whether they desire unanimous cooperation among the great countries."

## Drive to Help Handicapped to Continue Here

Although the drive officially ended on Oct. 12, work on the problem of minding employment for physically handicapped persons is being continued here.

Two persons on a veteran, have been placed on jobs in the past week but letters asking for assistance are still coming in, according to Dewey Belmont, commander of the local chapter of the Disabled American Veterans.

The local United States employment service has received several more letters during the past few days, according to Manager L. P. Fort.

One letter, from a veteran now in a government hospital, says the writer is an experienced arc welder but must work from a sitting position for some time after his release.

Another letter is from a veteran with experience as a truck driver who is able to hold a job, despite an arm injury. He has a wife and baby and needs a place to live.

C. M. Griffin, local DAV adjutant, said he was making an effort to find this man a place to live.

Physically handicapped persons who need assistance are urged to write or call the United States employment service or the veterans' service officer in the Legion VFW hall.

## Rides Offered for Men on McLean Job

Many offers of rides for laborers to work on the McLean prisoner of war camp are coming in as a result of mentioning this plan in the Pampa News recently, said L. P. Fort, local manager of the U. S. P.

While no active participation in transportation is taken by the U. S. P., many men have been referred to this job as a result of transportation being made available. Twenty men left the local office this morning to go to the job.

## List of Major Unbeaten Teams Due For Trimming

### Cowboys at Top In Border Loop Grid Standings

Associated Press Sports Writer

Unbeaten and untied, the Hardin-Simmons Cowboys this week plunge headlong into border conference play when they go to Albuquerque for a clash with New Mexico's Lobos.

With three victories over outside opposition the Cowboys go against conference foes in six of their seven remaining games. After the Lobos they are hosts to Arizona State (Tempe), go to Tucson to meet Arizona, are at home to West Texas and play at Texas Mines on succeeding weeks.

They entertain Howard Payne at Abilene, Nov. 22, the only remaining non-conference contest, then tangle with the strong Texas Tech Red Raiders.

The Lobos may have some trouble in store for the Cowboys but the prospect dimmed last Saturday when the New Mexico Aggies came within an inch of upsetting the Lobos, losing 7-6. It was the third victory in four starts for the Lobos and their third triumph over a conference team.

The first major opposition along the line will be provided by the University of Arizona Wildcats. That game will match a trio of left halfbacks, currently leading the difference division of the conference scoring race.

The Cowboys have Rudy (Little Doe) Mobley who has paced their offense to date, gaining a net of 285 yards from scrimmage in three games and accounting for 24 of the 86 points Hardin-Simmons has scored.

On the basis of conference records to Saturday, Art Pollard, right behind Mobley in rushing and scoring and leading the loop in punting, and Fred Enke, Jr., tops in forward passing led the Arizona attack from their halfback spots.

The Wildcats squared Texas Mines 27-13 Saturday for their second conference victory. The Wildcats lost their other game, 14-7, to the Utah Redskins.

Should the Cowboys manage to hurdle Arizona, they probably will coast through until they meet Texas Tech in the last scheduled conference clash, Nov. 30. That game may decide the winner.

The technicians went down to their first defeat in four starts Saturday, a 21-6 setback at the hands of Tulsa university at Tulsa.

The West Texas State Buffaloes marked up their first win of the season at Canyon, where they tripped Colorado college 13-12. The University of Nevada shattered the Arizona State Bulldogs from Tempe 74-2.

In other conference engagements this week, West Texas goes to Texas

### Pampa Is All-Victorious in 12 Meetings of Two Elevens

Pampa's Harvesters must figure out a way to not only stop Borger's Bulldogs but also to score on the carbon black city gridlers, whose goal line has remained uncrossed in three contests.

### Amarillo-Odesa Battle Will Top Schoolboy Chart

Associated Press Sports Editor

The Texas schoolboy football campaign moves into the stretch this week with 32 conference games in 14 districts but the big battle is an inter-district struggle between unbeaten, untied powerhouses of the west—Amarillo and Odesa.

This game will match teams long mentioned as quarter-finalists in the state play-off and boasting similar records. Best comparison is the fact that each beat Abilene by two touchdowns.

With the Amarillo-Odesa tilt for the top spot in the state's schedule will be Gainesville at Sherman. Favored teams for the District 5 championship and unbeaten and untied, this game will be the most important in the title race.

Corpus Christi plays Thomas Jefferson at San Antonio in a headlin. The Bulldogs won their season opener from Mangum, 19-0, defeated Quannah, 31-0, and routed Hollis, 27-0.

Pampa also won its season opener, defeating Electra, 19-6, but lost the next two, one to Sweetwater's powerful Mustangs, 19-0, and the other to Vernon, 12-0. Pampa took a 13-0 decision from Norman here Friday.

Although Coach Tricky Ward's Bulldogs relied mostly on a ground game in their first two starts, the Borgans took to the air to defeat Hollis Friday.

Less than three minutes after the game opened, Milton Price, Borger's great quarterback, scooped off tackle for a 66 yard touchdown gallop, and Roy Lee Dunn, big fullback, tackled the extra point.

Again in the first period, Price passed to Halfback Bob Picheur for 18 yards and the other end, Norman's kick was again good for an extra point.

Not satisfied with two touchdowns in the first, Borger made another opening period when Price passed to the second quarter but netted 36 yards, bringing the Bulldogs to the 10 line where Price went over. Dunn's trusty toe again added the extra point.

In the third quarter, Borger scored with a punt to Bill McLaughlin from the 15 to the seven and then Price went over to make it 27-0. Dunn's kick was inches too wide.

Outstanding run of the evening was a 75-yard touchdown sprint by Price in the second quarter but the play was called back on a holding penalty against Borger.

Meanwhile, Pampa's Harvesters came through mostly unscathed in Friday's game, although Tackle Gary Cooper is down with an injured knee and may not see action this week.

### Texas, Arkansas Matched in Top Southwest Game

By MAX B. SKELTON  
AP Staff Writer

Shoving intersectionals and the minor pigskin, picture aside, Southwest conference elevens this week get down to serious homefront business with only Baylor not competing against a conference opponent.

Unbeaten and untied Texas appears in the top attraction, entertaining the tied but unbeaten Arkansas Razorbacks at Memorial Stadium in Austin.

Texas A. and M. plays Texas Christian at College Station and Rice and Southern Methodist meet in a night game at Houston.

The drawing mentor of the eleven that lost to Army 21-7 Sept. 28 and Glenn Davis 20-12 here Saturday said he would "sure like to see these two teams play. It would be a wonderful game."

Conscious that his statement might be overheard by either Texas or Army ranks No. 1 in the National poll, he commented that Oklahoma got more breaks against Texas than Army: "We fumbled 12 times against Army," he pointed out. "We didn't fumble a time against Texas."

"Texas' strength is in its passing but it can run, too, when the passing spreads out the opposition's defense," he asserted. "Texas could lose Bobby Layne and still be just as much in the ball game although I never saw but one man before who could pass better than Bobby Layne. That was Sid Lickmyer. Yet Texas has the replacements—others who can throw that ball too. But if Army took Glenn Davis it would be greatly weakened."

Tatum declared both Army and Texas were "surprised at our strength. But when we met Army they were well-organized and we just didn't make a mistake they didn't turn into a touchdown. We are much stronger now."

He declared Army did not have the overall speed of Texas although Davis is faster than any back Texas can trot out. "But Army doesn't have the passing of Texas. In fact, they are two different kinds of ball club. Army is a ground team; Texas is a passing team. But Army can pass some. We throttled Army's running but we didn't have the pass defense we threw up against Texas. Army will pass on you if you don't have a real defense."

Texas completed 18 passes for 240 yards against Oklahoma's well-knit defense.

Army has a perfect T formation backfield, Tatum said, with Davis and Doc Blanchard filling the bill to a T. And it also has two big ends to make perfect set-up for the T. "Texas has twice as much reserve strength," he said. "We had Army beaten down at half-time and I thought we'd take them by two touchdowns. But one of our boys made a mistake and Army cashed in on it and got new life."

Tatum said he thought his team should have beaten Texas Saturday. And it came pretty close. Trailing only 14-13 at one stage, it saw Texas score a quick touchdown then Oklahoma came bouncing back to drive to the Longhorn nine-yard line before being stopped.

The game took on new significance last weekend when the Razorbacks upset previously unbeaten, untied and unscathed Sam Houston, 19-18, and Abilene Christian was held to a 12-12 deadlock by Southwesters.

Just what effect the Wildcats' deadlock will have on the title race will not be known until the two teams play Howard Payne. The Payne-Austin college tilt Friday may figure strongly in final standings.

Payne got in its best offensive licks in the second half last week to tie Southwest Texas State of San Marcos, 7-7.

Abilene Christian, unbeaten in four previous games, was camped on Southwesters' one-foot line with two downs to gain the required yardage when the final gun boomed, leaving the teams tied.

In non-conference games this week, McMurry tackles Texas A. and I. Saturday at Corpus Christi and ACC duels Southwest Texas State the same day at San Marcos.

McMurry did not play last week. This week the idle team is Southwestern.

### Sooner Mentor Says Longhorns Would Top Army

By HAROLD V. RATLIFF  
DALLAS—(P)—Big Jim Tatum takes Texas, suh:

The coach of Oklahoma's double-tough Sooners, who gave both Army and Texas a terrific battle, declared today "both are real champions, but if they played three games I'd pick Texas to win two of them. Army is tougher defensively but Texas has more a better and more reserve strength."

The drawing mentor of the eleven that lost to Army 21-7 Sept. 28 and Glenn Davis 20-12 here Saturday said he would "sure like to see these two teams play. It would be a wonderful game."

## Mathews Wins Guessing Game

Steve Mathews, local laundry firm owner, finished on top in last week's Daily News football guessing contest, missing only four out of the 16 selections to receive the \$10 first prize.

The winning contestant missed by favoring Illinois, Norman, Navy and Temple over Indiana, Pampa, Duke and Pittsburgh, respectively.

The Temple-Pittsburgh battle ended in a tie, with all of the 400-odd entrants missing on the game.

Eight entrants tied for second place with five misses each and the \$7.50 remaining prize money will be divided equally among the eight.

They were:  
A. McClendon, 308 North Banks; Irvin Helgert, Canadian; Allen B. Bashe, 328 S. Somerville; A. R. Risner, Wheeler; N. S. Hegwer, 1204 E. Browning; C. S. Stanfield, Clovis, N. Mex.; Mrs. Mary White, 615 E. Kingsmill; and Joe Lard, 506 N. Carr.

The University of Houston, leads the conference in scoring, with five touchdowns for a total of 30 points. He is followed by Jim Batchelor of East Texas, with 20 points.

## Effects Are Taken From Tourist Cabin

McLEAN—(Special)—A number of cabins in the hotel were closed and the tourist cot here last week, according to the management.

Tourists, who registered their home address at Gilmer, Calif., were said to have occupied the cabins last night. They are said to have left early the next morning, taking with them two draperies, two sheets, two pillow cases, four towels, two blankets and one bedspread.

The cabins are operated by Murray Basham.

Mines and the Aggies play Arizona State at Flagstaff, both Saturdays. The Wildcats play College of the Pacific at Tucson, Eaylor meets Texas Tech at Lubbock and Portland plays at Tempe.

## Gracie Reports

By GRACIE ALLEN  
Well, I see that a Harvard medical authority says men should wear high heels to improve their feet. For years other medical authorities have urged women to wear low heels to improve their dispositions, so there must be a fundamental difference between men and women. However, I suppose that's what makes marriage.

I don't know much about the effect of high heels on health, but I do know something about their effect on disposition. If a woman's feet hurt in expensive, fashionable high-heeled shoes her disposition is still good. But if they hurt in cheap, unfashionable high-heeled shoes her disposition is vile.

When I told George that high heels were meant for women and that men would look terribly silly if they wore them he just pointed at a woman passing by in slacks. So far I haven't thought of a good retort.

## THREE MEN RELEASED

Three men were picked up by city police for investigation over the weekend and were released this morning. They had been picked up after they dropped off in Pampa from a freight train. Police taxed them to the outskirts of the city this morning and told them to be on their way and not come back.

## Funds of AAUW Bring European Women Here

International grants issued by the American Association of University Women are bringing 29 women students from European countries to enter colleges and universities here this year. Some are coming on the research fellowships that are a long-established part of the association's program; 33 will receive emergency international study grants raised by the AAUW as a postwar reconstruction project for women of the liberated countries.

AAUW members throughout the United States have contributed to the international study grants, which provide a year's study in this country to promising young women whose education was interrupted by German occupation of their homelands. Federations of university women in these countries recommend the applicants, and final choice is made in this country by the American Assn. of Univ. Women, which provides a year's study in this country to promising young women whose education was interrupted by German occupation of their homelands.

Each student on an international study grant is met at the dock by the AAUW, who acts as her hostess in the port city where she lands, helps her with any needed shopping, and sees her off to the college or university in which she has been placed. Arrangements for college entrance are made in advance by the AAUW headquarters in Washington. The association provides the funds to cover expenses of a year's study. In many instances, governments are paying ocean transportation for the students, and colleges and universities are cooperating by remitting their tuition fees.

Five of the AAUW international students are from Norway, 4 from Holland, 4 from Belgium, 5 from Denmark, 9 from France, 2 from Britain, 3 from Luxembourg, 3 from Poland, one from Czechoslovakia, 2 from Greece, and one from Yugoslavia.

## NEW NOVEL, THE SUDDEN GUEST, TO BE REVIEWED HERE

Patrons of belle lettres will have occasion tonight to hear a review and discussion of one of the current books, "The Sudden Guest," by Christopher La Farge.

Mrs. Bedford Harrison, of Shamrock, will review this realistic novel at the city club rooms, 7:30 p. m.

The story at question deals with the effect of two east coast hurricanes—1938 and 1944—upon the conscience of a middle-aged New England spinster. "The Sudden Guest" is the story of Carrell Lection, and it turns out to be a challenge to the idealist, to him who turns his back on the truth to be found in life—whether it be good or bad.

The main character, a romanticist by temperament and philosophy, believes that by barring her doors securely and fastening her shutters against the storm, she can escape its ill effects and all her personal responsibilities incident to the wreckage.

Any persons who are interested are invited to hear; this review, which deals with a book that singularly, yet poignantly, reminds one of the issues of our time.

The state of Georgia was named after King George of England.

## What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach and ever-changing bile" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloats and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your doctor, SSS Tonic helps Build Sturdy Health.

Helps prevent many colds from starting by developing if used at the first warning sniffle or sneeze. This Double-Duty Nose Drops should have you much misery. Works fine! Follow directions in the package. VICKS VA-TRO-NOL

## How women and girls may get wanted relief from functional, periodic pain

Cardul, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build restfulness for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional, periodic causes. Try it!

## "IT'S MY BUSINESS TO SERVE YOU"

"I'm a service representative in the telephone business office. That job name means what it says. The reason I'm here is to give you service—informed information you may need about telephone matters.

"People come to me with all sorts of telephone problems. I answer dozens of questions every day. For instance, they want to know how we're getting on with the big job of adding to the telephone system, to serve waiting customers. Or maybe they don't know how hard we're working at it, so I tell them. They like to hear that, and I like to tell them.

"And then some want to discuss bills or refer calls to new numbers. Quite a lot of questions these days are about when folks can get telephones. More people call about that than ever called before. When our telephone engineers say, 'Demand is at an all-time high,' I know exactly what they mean!

"One of these days I can say: 'You certainly can,' when people ask if they can get telephones right away. That day isn't here yet. We have some serious shortages to work out. Even so, we're making progress. I know. That's another reason I like my job."
