## Oilers Blast Henderson, 25-9, To Sweep Class C Series

### Isaacs' 10-Hitter Wins For Pampa

By SCOTT RAFFERTY  
News Sports Editor

Showing tremendous hitting power and nearly flawless play afield, the Pampa Oilers, champions of the West Texas-New Mexico league, emerged today as Class C baseball champions of Texas by swamping the East Texas League Henderson Oilers, 25-9, here last night in the concluding game of a "Little Dixie Series."

Pampa took the opening three games at Henderson Saturday, Sunday and Monday and put the clincher on last night before nearly 4,000 fans.

The local Oilers, who finished second to the Abilene Blue Sox in the regular West Texas-New Mexico league season, took league playoff games from Amarillo and Lubbock to win the league championship, marking the second time in the history of the league that a Grover Seitz-managed team had won the title.

### 12 Victories in 16 Games Assure Pampa of Crown

Following the close of the regular league season, Pampa's Oilers battled through 16 games, winning 12, to capture the league championship playoff and the subsequent "Little Dixie Series."

The Oilers opened up with Amarillo, taking four of six games from the Gold Sox with Lefty Bill Garland registering two victories, Jim Carithers one and Joe Isaacs one. Carithers and Warren Hacker were the losers.

Pampa also took four out of six from Lubbock to win the championship playoff. Garland, Carithers, Hacker and Isaacs each won a game with Foster White and Isaacs getting tagged with two losses.

The four straight wins from Henderson went to Garland, Carithers, Hacker and Isaacs in that order, leaving Garland as the top pitcher of the entire post-season. He won four victories and no losses. Carithers and Isaacs each won three and lost one, Hacker won two and lost one while White lost one.

Pampa secured a total of 94 runs in the 16 games, allowing a total of 59 by the opponents.

### Acquitted Nazis Will Be Escorted To British Zone

NUERNBERG—(AP)—Franz Von Papen, Hans Fritche and Hjalmar Schacht, the three Nazi leaders acquitted by the international military tribunal, will be escorted to the British zone by American military personnel, defense counsel said tonight.

All three will be taken to Hamburg, from whence Schacht will proceed to his home in Schleswig-Holstein, counsel said.

It could not be learned whether the former German financier would be provided with escort after his arrival in Hamburg.

Fritche, former deputy propaganda minister, sent his wife to Hamburg yesterday, and expressed hope she would be there when he arrived.

Anton Pfeiffer, chief denazification officer for Bavaria, announced he had been instructed to give the three a guarantee of "safe conduct" protecting them from arrest by German denazification courts in the American zone.

Defense counsel said the trio would leave at an unannounced time and would follow a secret route, all in the same automobile. Just what type of escort would be provided was not announced.

The protection granted the three from prosecution by courts in the American zone, Pfeiffer stressed, is temporary, covering only their departure from the Nuernberg jail and the zone.

### Accident Fatal to Brother of Pampan

T. B. Morton, age 28, Commerce, Okla., died in an Oklahoma hospital at 4 this morning, following an automobile accident yesterday.

Morton, who was a brother of Mrs. C. F. Killo of 1121 Garland, was a captain in the air corps during the war and served two years with the famed Flying Tigers in China.

Mrs. Killo will leave for Commerce to attend the funeral, as soon as possible.

### Home-Made Grape Jelly Proves Good

FOOT WORTH (AP)—The thief who recently took 23 jars of home-made grape jelly from the home of Mrs. Carolyn Lee, dancing teacher here, came back Friday night and got the rest of it—12 jars.

"He needn't come back any more," Mrs. Lee volunteered. "It's all gone now, and my summer jamming paper too."

### 'Tactics' Don't Please Drive Committeemen

Larger contributions to the Pampa-Perryton Highway 18 today totaled \$100, but committeemen were not too pleased with the "delaying tactics" being employed by some merchants they have contacted.

Jake Garman, head of the committee, said some businessmen, when approached for a proportionate contribution in the campaign to

right-of-way fund, as reported by Chairman Garman, are:

- Ivy Duncan, \$500
- Panama Estate, \$500
- H. C. Thompson, \$500
- Rutherford Enterprises, \$500
- Tex. Evans Truck Co., \$500
- M. C. Moss, \$500
- Pampa Hardware, \$500
- Tom Ross Motor Co., \$500
- McWilliams Motor Co., \$500

raise \$50,000 for right-of-way, had asked the members to come back later in some cases not bothering to specify any definite time.

"These men trying to gather this money are donating their time from their businesses, and they certainly don't have time to call two or three times at any place," one member said.

"The highway is to benefit everybody—and certainly not the members of the committee any more than anyone else."

Merchants and other businessmen were notified earlier this week they were to be contacted, and to be thinking about how much they could give.

A campaign is to raise the \$50,000 by Oct. 10, so that it can be

### Foreign Policy Of U.S. Remains Strong--Byrnes

PARIS—(AP)—Secretary of State James F. Byrnes declared today that the conflict of viewpoints among the Allies is serious, but he echoed a recent statement by Prime Minister Stalin that there is no immediate danger of war.

Byrnes spoke at a luncheon of the American club in Paris.

"After every great war which has been won by the combined efforts of many nations, there has been a conflict among the allies in the making of peace," Byrnes said in his prepared address.

"It would be folly to deny the seriousness of the conflict in viewpoints among the Allies after this war."

"To ignore that conflict or minimize its seriousness will not solve the conflict nor help us along the road to peace."

"To exaggerate that conflict and its seriousness, on the other hand, only makes more difficult the resolution of the conflict."

"I concur most heartily in the view recently expressed by Generalissimo Stalin that there is no immediate danger of war. I hope that his statement will put an end to the unwarranted charges that any nation or group of nations is seeking to encircle the Soviet Union."

See FOREIGN POLICY, Page 4

### Hull's Condition 'Most Critical'

WASHINGTON—(AP)—Cordell Hull's condition continues to be most critical, the navy reported today.

An 8 a. m. (CST) bulletin from Bethesda, Md., naval hospital, where the former secretary of state suffered a stroke Monday said:

"Mr. Hull had a very poor night. His condition continues to be most critical."

The 75-year-old Tennesseean had a sinking spell last night. The hospital's 10 p. m. bulletin said his condition, which until then had been termed serious, "is now considered to have become critical."

### American Plane Down With 39 Aboard Ship

NEW YORK—(AP)—An American overseas airlines plane with 39 persons aboard—three of them infants—plunged in flames into the wilderness of Western Newfoundland early today in what may be the greatest tragedy in the history of American commercial aviation.

The coast guard reported that the possibility of survivors was very remote.

The four-engine DC-4, enroute from New York to Berlin, crashed 10 minutes after it left Stephenville, Newfoundland, at 3:24 a. m. (EST).

The coast guard, in a radio message sent at 9:48 a. m. (EST) said three persons, believed to be Newfoundland civilians, were at the scene and an army searching party was at the foot of the hill into which the plane crashed.

The message said the searching party has traveled 100 miles from the top of the hill which is covered with rocks and scrub trees.

The message, sent from a coast guard plane at the scene, said the airplane appeared to have exploded after the crash and that only a tiny fragment of the ship was visible. There was a heavy rain at the time.

It was the second plane tragedy of Newfoundland, 921 air miles from New York and approximately 225 miles west of Gander.

First reports from relatives of the passengers indicated some of the Boeing 4 children were enroute to Germany to join their husbands.

At Gander, officials of the airline See AMERICAN PLANE, Page 5

### Wellington School Teachers on Job After Walkout

WELLINGTON, (Special)—A group of 32 Wellington public school teachers returned to their jobs this morning, following a 24 hour walk-out which arose from a dispute over pay.

The walkout was the first since the teachers' union was formed in 1945. The teachers' union had been excluded.

Instead of leaving their 1200 students Wednesday, teachers were called to a meeting by Superintendent of Schools Logan Cummings for the purpose of straightening out their dispute with the school board.

Cummings stated that in a meeting called yesterday by the school board on September 2, the wage increase had been promised him and that he in turn had promised it to the teachers.

At the meeting yesterday, which lasted six hours, the teachers agreed to go back to their classes for a few days until a definite settlement could be made.

L. A. Manzer, president of the teachers' union, said the school system "simply did not have the money to pay the increase." A conflicting report also quoting Manzer said "the board did not have authority to pay the increase."

### Houston's Port Tie-Up Increases

HOUSTON—(AP)—Members of the AFL Seafarers International union, first of the seamen's unions to strike in last month's paralyzing maritime walkout, have pledged support to other local striking groups that are lying in Houston's port activities.

The SIU has opened its hall to committee members of the Marine Engineers Beneficial association, the Masters, Mates and Pilots union and the International Longshoremen's association.

The SIU, through officials, announced it will continue to support the striking unions as a unit of the maritime trades council.

The officials said the SIU, if necessary, will order seafarers into waterfront picket lines.

### Don't Read This— Might Blow You Up

CEDAR SPRINGS, Mich.—(AP)—"Watch out now. This may blow up all right."

These words from Mrs. Fred Weaver preceded a test tube oxygen-producing demonstration before her junior high school class yesterday.

She shook the tube. An explosion followed, injuring Mrs. Weaver and all 28 pupils. Two of the students required hospital treatment for eye injuries.

Mrs. Weaver, who suffered burns and lacerations, explained the experiment was to make pure oxygen and included mixing amounts of potassium chlorate and magnesium dioxide.

"I guess I got the wrong mixture," she said.

### New U.S. Navy Plan Calls for Aleutian Base

PEARL HARBOR—(AP)—A new U.S. navy policy in the Pacific calling for a strong Aleutian base near Siberia and extension of its outpost 2,000 miles westward to Guam was announced today.

The policy was made public at a press conference by Adm. John H. Towers, commander of the Pacific fleet, who conferred only Monday with President Truman and high navy officials in Washington.

Towers declared that Guam, 3,313 miles west of Pearl Harbor, would be turned into an outpost as strategically important as this Hawaiian island—the symbol of U.S. navy might in the Pacific.

The admiral said the new Pacific policy would be to concentrate permanent naval installations in Alaska, the Aleutians, Hawaii and the Marianas, which includes Guam.

"This would include permanent facilities for surface warships as well as navy bases."

"It is obvious," Towers said, "that we need a base further in the Pacific. Because of the mobility and range of surface and air fleets it is necessary that we extend our Pacific outpost beyond Pearl Harbor."

"Guam fills this need and it will be equally as important, but not so large, as Pearl Harbor."

The navy, the admiral added, already has begun its program of building up Guam's permanent installations.

Most of the installations at Guam, he said, were not permanent but had to be made so "or else if there is another conflict we will have to do it all over again."

Towers declined to say where the new Aleutian base would be built but predicted it probably would be somewhere near the center of the island.

See ALEUTIAN BASE, Page 5

### Local Coach First To Enter Contest

Coach Otis Coffey, Pampa high school grid mentor, was the first to turn in predictions on this week's football games in the Daily News football guessing contest.

All entries for this week's contest must be in the News office by Friday at two o'clock.

### Executive Board of Scout Council To Meet

Camp building and general camp improvements will be discussed at 7:30 p. m. today at the quarterly meeting of the Abode Walls Area council executive board. Boy Scouts of America, to be held in the commissioners room. City hall, according to W. M. Weathered, president of the board. Board members from fifteen counties are scheduled to attend the meeting.

### Suspect Held in Veteran's Death

HOUSTON—(AP)—Houston police early this morning questioned a 21-year-old suspect in connection with the fatal shooting of Frank Anthony of Houston, 23-year-old war veteran whose badly decomposed body was found yesterday in a secluded wooded area near here.

Anthony disappeared after leaving for an Aug. 17 hunting trip in the Buffalo Bayou area.

Homicide detectives Frank Murray and J. G. Irvin took the suspect into custody at his home at 11 p. m. last night. He was questioned by Lieut. George Seber, head of the homicide detail, who directed the swift-moving police investigation.

A 22 caliber bullet was found lodged in the skull of Anthony's body and the top of the skull was fractured. Police believe he had been severely beaten.

A missing clue was Anthony's 22 caliber rifle which he had taken on the trip. A box of shells was found in one of his pockets. His hip pockets, however, were found turned inside out and empty.

The youth's mother, Mrs. Pearl Anthony, 45, of Houston, conferred with Seber yesterday afternoon.

### Truman, Steelman Agree on Report

WASHINGTON—(AP)—President Truman agreed with Reconversion Director John R. Steelman today that the meat shortage may grow worse this winter.

The President said there is no conflict between a report released today by Steelman and his own views expressed to a news conference last week.

The President, asked at today's news conference if there was a discrepancy, said he had conceded that there will be meat shortages ahead even though he looked for improvement soon but that there will be no meat famine.

That, the President said, does not imply a difference between the two views.

Told that Steelman said the meat shortage would grow worse this winter, the President said he was having a survey made and that Steelman may be correct.

WASHINGTON—(AP)—President Truman today called on business, labor and consumers to do their "utmost to keep industrial peace" and to "maintain production."

He said in a news conference that the results of a survey made this far adds up to a splendid achievement.

"But," he added, "we must not pause to congratulate ourselves. A difficult struggle lies before us. We must do our utmost to keep industrial peace to maintain production at present levels where it is high and to spur it to higher levels where it is lagging."

Mr. Truman said he hopes that every business man, worker, farmer and consumer will "take to heart" that "an all-out emphasis on production of finished goods and on preventing a further increase in prices is the task immediately before us."

He singled out the latter expression of opinion from the quarterly report of Reconversion Director John R. Steelman. The chief executive's statement was made in connection with the report.

Steelman cautioned that a further See MEAT SHORTAGE, Page 5

### Rough Going Predicted for Army's Plan

WASHINGTON—(AP)—Rough going in congress for the army's revised universal military training plan is predicted today by key legislators.

Most of the few lawmakers in Washington shied away from open comment on the controversial issue—just as they usually have in the past.

But nearly all those who would discuss it—friends and foes alike—agreed that many a hot debate would break out over the problem once congress resumes business next January.

The controversy was reopened yesterday when Secretary of War Patterson outlined the revised training plan to the American Legion convention at San Francisco.

His proposal, in general, called for a year's training for all physically fit youths between the ages of 18 and 20, with six months of it in military camps and the remainder available in seven alternatives.

Trainees to have civilian, rather than military status, thus being under a special code of conduct and responsible to a civilian organization such as the present selective service system.

The Legion promptly issued a headquarters statement declaring it believed a mandatory four month period in camps was adequate, with the balance of the year spent in alternative training procedure.

Such a program previously has been urged by the Legion.

Rep. Brooks (D-La) of the house military committee told a reporter See ARMY PLAN, Page 4

Our Motto: 'A Free Press—Voice of Freedom, Guardian of Liberty!'

The story is told of the man who never advertised, because, he said, he didn't need to do so. The climax to that story was that he advertised—that is, the receivers posted the place for sale when he became insolvent.

Newspaper advertisement can either be accepted or rejected by the reader—it need not bore him, and, on the other hand, he can read it all evening if he chooses. Therefore, we might say it is quite unobtrusive. As has been said before, it must pay, for people continue to use it.

That combination of facts makes it possible to produce a newspaper free of government or other foreign subsidy. That is the reason the press of America can be free.

The picture above is typical of the advertising department of the The News. Accounts are divided among the members of the staff, and contacts are made through those people. Making up an ad—called "laying out" by the trade—in an art. It is done on a big drawing board, somewhat like that a designing engineer would use. Ideas come from many sources, and no small part of them from the minds of the advertising men on the job.

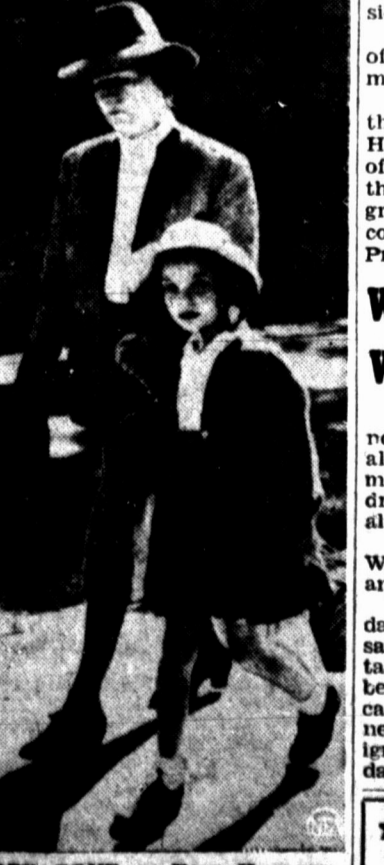

The department is a great link in the institution of the Fourth Estate—the press. It is a barrier between a subsidized and a free press, which searches for truth and liberty.

### ★ THOUGHTS

And mine eye shall not spare, neither will I have pity; I will recompense thee according to thy ways and thine abominations that are in the midst of thee; and ye shall know that I am the Lord that smiteth.—Ezekiel, 1:3.

God all mercy is God unjust.—Edward Young.

HOPE GONE — Frau Hermann Goering as her daughter are pictured as they entered a Nuernberg building where Goering and twenty other Nazi war criminals heard their sentences. Hope of acquittal for the German leaders vanished when the International War Crimes Tribunal pronounced guilty of crimes, appropriate was.

# Shade of Sycamore

By PERCY MARKS Author of "The Plastic Age" "A Tree Grown Straight" Etc.

THE STORY: Gayle, daughter of a college professor, has just become engaged to handsome Bruce Wright, famous athlete and actor of wealth. Visiting his home and parents for the first time, she is delighted by the splendor in which they live. There is to be a ball and Lucille, the personal maid attending her during her stay, insists on doing her hair and make-up.

IX

WHEN Gayle stood looking at herself in the long mirror, it was hard to believe what she saw. She had never looked so well—never. She was a tall girl, with long, smooth lines. Around her slender throat was her greatest treasure, a string of small, graduated pearls her Uncle Nathan, Nate's father, had given her on her eighteenth birthday, and on her right hand she wore a ring with a single pink pearl, a present from Nate. The bodice of her gown was snug, and the tiny sleeves were little puffs of net. The skirt broke away from her waist, as Lucille had said, like foam, and the silver rose, partly above the waist and partly below it, seemed to emphasize the break. Under the net, the silver leaves shone softly.

Lucille stood back to study the total effect. "Lovely," she sighed. "Just lovely. You wear clothes so well, Miss Kent, and your gown is a dream. You must have a very fine couturiere. She knows just what becomes you best."

"I have," said Gayle, laughing in her happiness, "and she ought to know; she's studied me for years." She smiled proudly at Lucille. "I made this dress."

"Not you couldn't have?"

"Yes, I did. I make all my dresses."

"Miss Kent! But you are wonderful. Believe me, I do not give false compliments. Almost every day I see the most expensive gowns from the best shops, and I have never seen one more beautiful than yours. Wait until Mr. Bruce sees you."

"I'm beginning to want him to myself," Gayle admitted.

THE praise kept her buoyed up until she reached the head of the great marble stairway. Then she hesitated.

She took a slow step downward, then another, and another, each slower than the last.

Several more slow steps brought her around a turn, and then she saw Bart waiting for her at the foot of the stairs. He looked very handsome in his dress suit and Gayle almost forgot her fear in a moment of adoration.

Then Bart looked up and saw her. His eyes seemed to sparkle, they were suddenly so full of light, and his lips parted as he stared. Then he cried excitedly. "Don't move, Gayle. Stay right where you are. Don't move. I'll be right back." He dashed away to reappear a minute later with his mother beside him. Obediently, Gayle had waited, one hand resting on the marble balustrade.

She looked down at Mrs. Bartlett and Mrs. Bartlett looked up at her, each smiling a little, each secretly estimating the other. Gayle thought that Mrs. Bartlett was almost overpowering in her regal beauty. She was wearing a chiffon gown, flame-colored, with a diamond buckle at her waist. It was cut low in front, and a diamond lavalier, as large as the palm of Gayle's hand, sparkled above her bodice.

"Isn't she perfect, Mother?" Bart demanded impatiently, determined that his beloved should hear the praise he thought she merited. "Isn't she a dream?"

His mother smiled at him and said indulgently, "As if you were in a condition to judge." She lifted her bare arm in a gesture of welcome to Gayle. "Come, my dear. Bruce mustn't keep you

posing there on the stairway any longer." And as Gayle came closer, she added, "Your gown becomes you greatly. Now, come. The dinner guests are here, and we are having cocktails."

THIRTY sat down to dinner, a few from Philadelphia, most of them from the neighboring estates. Meeting all of them was an ordeal, especially since Gayle felt sure all of them knew already of her engagement to Bart. She was being looked over; of that she had no doubt. These people were wondering she pined, and as the minutes passed, she grew increasingly sure that she did not. The long table was a stunning composition of lace and flowers, silver and crystal. It was all as she had read it in stories of the very rich. There was a strange variety of wines, many courses—and the silent-footed, blank-faced footmen moved with ghostly efficiency.

The ball was better. After the first half hour it seemed like any other formal ball. There were about a hundred couples, and the music, which was played by a famous "name" band, was superb. She was a good dancer and knew she was, and to move with Bart in perfect rhythm was as always a kind of swimming happiness that made her almost weak. She felt as if she were floating in a dream, and when he would tighten his arms and bend his head until his cheek touched hers, no thought remained with her—nothing but a blur of emotion.

When he left her at her bedroom door after kissing her again and again, she entered the room dazed with love and weariness. It was a shock to find Lucille waiting.

She undressed Gayle and put her to bed almost as if she were a child, and to Gayle her gentle skill was like balm on her tired nerves. Once in bed, she smiled up at Lucille. "Thanks so much—and, oh yes, will you wake me at nine in the morning? I have an engagement with Mr. Bartlett."

"Yes, Miss Kent. Good night."

"Good night, Lucille. And thank you again."

(To Be Continued)

## Leaves From a Correspondent's Life Notebook

By JOHN MCKNIGHT

ROMA, Oct. 3.—So I say to him, "I love you deeply."

The waltz girl in the long blue velvet dress put the tips of her slender fingers together and laughed. When she laughed, her green eyes laughed too.

"And what, does he answer? 'I don't know because he answers me in Italian!'"

The girl was Sarah Churchill, 30-year-old daughter of Britain's wartime Prime Minister, a WAAP for five years and now back at her chosen career as an actress.

She was talking about the movie she is making in Rome—"Daniele Cortis," based on the 19th century novel by Antonio Fogazzaro, in which she plays the feminine lead opposite the Italian stage star, Vittorio Gassman.

Miss Churchill speaks no Italian. Gassman speaks no English. On the set, she delivers her lines in precise, carefully enunciated English.

lish he speaks in Italian. Since there will be both Italian and English versions of the flicker, Miss Churchill's voice will be dubbed in the former. Gassman's and the rest of the cast in the latter. It is easy to see that the situation makes for complications.

And how did the English girl happen to be in Italy for this picture with an otherwise all-Italian cast?

Director Mario Soldati—who doubles on the set as interpreter for his star—answered:

"I tested 27 Italian actresses for this part. None would do. This part is a complicated, twisted, tortured woman, a strong woman, a tragic woman. We don't have women like that in Italy—not actresses, anyway. Only one or two, maybe, on the stage. But if they have the ability they don't have the face."

"One day I dropped in at an Italian producer's place and saw some tests. There was one girl—she was lovely, photographed—but I said, 'That's the one.' I didn't know who she was. She turned out to be Miss Churchill."

Miss Churchill says she does like the part. It is that of Elena, barrenness of Santa Giulia, cousin and childhood sweetheart of politician statesman Daniele Cortis. The two meet again after 10 years' separation when both have married others. Their struggle against renaissance passion and her final refusal to marry so that Cortis may pursue his political destinies unhindered make the plot of the book.

BERLIN (AP)—Chewing German schoolboys their hearts won by GI's to taught them to play baseball, want to go to the United States "to get rich quick."

They dream of an America with plenty of food, no ruins, Indians who capture, wild animals and gadgets.

Gathered around the battered desks of a small schoolroom in suburban Zehlendorf, some 50 school children and I talked about the United States—that is, they did most of the talking.

"Do you think I could emigrate to the United States? Asked Hans, his cheeks plump with the kind of fat you get on potatoes and black bread."

"My pa says there still are plenty of billionaires and millionaires in America and that after the peace maybe I can go and make lots of money. But if there is so much money in America, why are there so many strikes?"

Most of his classmates, who also thought it would be "wunderbar" to go to the States, didn't have such ambitious reasons.

"I'd like to go for the cats," shouted a lad on a far corner. "To get away from the ruins," said another. None of them wanted to leave Germany forever. Indians are there and what do you Americans do when they go on the warpath?" asked little Julius.

One youngster wondered "do Americans speak German and do they listen to German music?"

"Not the military kind, certainly," interposed the teacher. Then as the boys sang a German folk song, he turned to me and sighed:

"The nazis ruined their voices. We used to have such wonderful choirs. Now they can only sing marching songs at the tops of their voices."

To keep salt dry, place it in a container and leave it near the pilot light on the stove overnight.

Flat brushes like brooms and paint brushes should be hung up to dry with their bristles down.

Carelessness with matches and careless smoking habits cause more than 100,000 fires each year.

## Good News For Folks Who Suffer From

STOMACH GAS  
SOOR FOOD TASTE  
ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste bitter food, or, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles, else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, lousy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula, which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalis to counteract gas and bloating when what you so clearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait 'till the host of "sore" people, SSS Tonic has helped millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build Sturdy Health.

**THE GREATEST BAKING POWDER IMPROVEMENT IN 50 YEARS!**

Improved WITH... **FOOD CALCIUM**

**Bettors Bakings 3 Ways!**

- 1. BAKINGS LOOK BETTER**... THE FOOD CALCIUM in the new KC permits more even distribution of the fine, active ingredients throughout the baking powder. This promotes more uniform action—gives bakings the light, smooth texture and inviting rich appearance everyone enjoys.
- 2. BETTER TASTE**... New KC assures full flavor of 2. other ingredients—in your baked goods you get no soda taste from KC.
- 3. BETTER FOR YOU, TOO**... KC makes every thing you bake with it a valuable source of FOOD CALCIUM—adding 2 to 5 times more FOOD CALCIUM than the fresh milk used in a baking, depending on the recipe. Thus KC joins milk as a fine source of this vital food element.

**PERSONAL NEWS OF McLEAN**

McLEAN—(Special)—A new feature in the high school is the band, directed by Everett Shortt. McLean has been without a band for two seasons.

At the annual Sears Roebuck pig show, held in Pampa last week, three boys from McLean were winners of 4-H awards. In the gilt class, second place went to Dolphus Smith, son of Mr. and Mrs. Homer Smith; third place, Kenneth Seales, son of Mr. and Mrs. Frank Seales; fourth place, Pat Reeves, son of Mr. and Mrs. Frank Reeves. First place went to a Groom boy, Lilburn Hitter, Assistant County Agent Victor Joyner is their sponsor.

Mr. and Mrs. Luther Petty transacted business in Pampa Monday, and called at the W. E. Jones, Sr., home in Lefors.

Mr. and Mrs. George Orrick and son, Booby, were recent visitors of the former's parents, Mr. and Mrs. W. L. Orrick of Shamrock.

Misses Earlene Eustace and Alice June Cortis have entered college at West Texas teachers college at Canyon.

June Wood made a trip to Pampa the first of the week.

Bob Black has enrolled as a student in secondary Methodist college at Abilene.

Ernest Edwin was a Pampa visitor Monday.

The McLean Baptist Missionary Society has started its new year of work, beginning October 1. The following officers were elected, and committees appointed: Mrs. Leroy Williams, president; Mrs. John Cooper, first vice-president, and membership chairman; Mrs. Boyd Reeves, second vice-president, and educational chairman; Mrs. Murray Boston, third vice-president, and young peoples chairman; Mrs. Leo Gibson, secretary and reporter; Mrs.

**BGK Sorority Has 10th Anniversary**

The BGK Sorority celebrated its tenth anniversary with a dinner-dance at the Terrace Grill, Tuesday night. This party was the climax of a series of parties honoring the club's five new members. A baked chicken dinner was served in banquet style on gaily decorated, candle-lighted tables. Purple and gold, the club colors, were used in the table decorations. Little birthday cakes were placed cards. Huge bouquets of purple dahlias were used as center pieces. The birthday cake was decorated in club colors with the letters BGK across the top. Streamers of purple satin ribbons with the words "Tenth Anniversary" in gold, ran out from the birthday cake.

Mrs. E. L. Henderson acted as hostess, and greeted the members and their guests. She introduced Beth Mullinax, president, who in turn introduced the sponsor, Mrs. Crawford Atkinson, the charter members, and the following new members: Miss Jean Chisum, Mrs. Cal Pierce, Mrs. John E. Keogh, Mrs. Parks Brunney, and Mrs. Todd Cone.

Miss Mullinax gave a short sketch of the club's achievements for the past ten years, then turned the program over to Ken Bennett who played and sang piano selections during the dinner hour.

After dinner, the group danced to the music of Ken Bennett and his band. During a short intermission, Erna Francis entertained the group with songs.

**McLean Student Is Newspaper Editor**

Harold Longino, of McLean, and senior student at McMurry college, Abilene, has been named editor of the War Whoop, college newspaper. Longino, who is reported to be an A student, has received several awards and commendations for his past literary achievements.

The custom of having a best man at weddings is believed to be a survival of primitive marriage by capture when a man seized a woman and carried her away by force.

**Social Calendar**

**FRIDAY**  
Eastern Star, Entre Nous will meet with Mrs. C. A. Tignor, 1129 Terrace.  
**MONDAY**

**Cresas Pledges To Take Oath**

Barbara Carruth led the business session when the Las Cresas club met in the home of Marjorie Taylor, five miles north of town. A pledge constitution was drawn up by Mary Lou Mazy, Marjorie Taylor, and Barbara Carruth, and was read and approved by the club. Pledges will take their pledge oath Saturday night and will begin pledging Wednesday morning.

Heavenly hash, brownies, and cakes were served to Eleanor Carruth, Joan Clay, Rosamond Allen, Patsy Cox, Patty Rutherford, Roberta Smith, Barbara Carruth, and Mary Lou Mazy.

**Many Never Suspect Cause of Backaches**

This Old Treatment Often Brings Happy Relief  
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.  
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with burning and burning sometimes shows there is something wrong with your kidneys or bladder.  
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**Former Dallas School Principal, Coach Dies**

DALLAS—(AP)—Funeral services for John A. Wilson, 68, former principal of Sunset high school and football coach of North Dallas high school here, were to be held today. Wilson died at his home here yesterday after a long illness. He had resigned from the school system in 1931 because of ill health.

**Downtown Residence Is Being Moved Out**

The old making way for the new is exemplified in the moving of a house from 113 N. Somerville. T. J. Owens, contractor, has bought the old stucco, which will be moved to N. Russell and re-modeled.

**Take Off Ugly Fat With This Home Recipe**

Here is an inexpensive home recipe for taking off unsightly weight and helping build slimming curves and graceful slender lines. Just a few drops of grapefruit juice to make a pint. Then just take two tablespoonful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

**OUR BOARDING HOUSE WITH MAJOR HOOPLE**

CATCH-AS-CATCH-CAN

**Mob Gathered For Show Gets Out-of-Hand**

It wasn't a fire and they weren't giving away free beer, but the mob was gathered just the same.

The line-up extended from the box office to Frost street, in the gutter, and the street, and if sky hooks would have been convenient they would probably have hung on them. The popcorn stand did a rushing business and some of the impatient spectators were loaded with enough of the blown corn to take them out on a weekend trip.

And—it was all due to a movie showing in the Rex theater titled "Mom and Dad."

The milling throng started to appear a little before 8:30 p. m., waiting for the 9 p. m. show when the doors would be open for "Men Only." Shortly before 9 p. m. the crowd began getting out of hand and a hurry call was put into police headquarters for some uniformed assistance. Shortly afterwards one of the city's cruiser cars appeared on the scene and police hopped out to put the line-up in a little more orderly fashion. Along Foster street cars were lined up in the middle of the street. One cynic was heard to remark that he doubted if the cars would appreciate the performance even if they could have rolled down the aisle and parked in one of the front row seats.

At one point of the melee for admittance the window of Tomoy's popcorn stand was broken, but no casualties occurred. Finally after the female of the species wended their way from the movie house the males filed in to take their seats and enjoy the last show for the evening.

**OUT OUR WAY BY J. R. WILLIAMS**

WHAT'S ALL YOU NEED TO KNOW RIGHT NOW, JAKE?

**GOP Candidate Charges Shortage To OPA Backers**

AMARILLO—Frank T. O'Brien, republican candidate for congress from this district, last night in a radio address charged those who voted for OPA extension with causing "the dire shortages and high prices of meats and other necessities of life which face us today."

"My opponent, your present congressman," he said, "voted for the extension of OPA."

He was referring to Eugene Worley, who also defended OPA before businessmen both at Amarillo and Pampa.

O'Brien holds that the issues are sufficiently important to erase party lines: "This is not a simple question of republican against democrat. It is a question of the middle-of-the-road conservative tradition of Texas and the south against the wild-eyed radicalism of the northern left-wingers and fellow-travelers who have infiltrated into the high places of our government in Washington."

O'Brien announced his platform for labor, advocating repeal of the

Norris-LaGuardia act, which prevents a federal court from stopping violence in strikes, and amendment of the Wagner act so that labor and management would have equal rights under its provisions. He also said legislation should be passed which would force the big unions to incorporate so they can be held responsible for "violations" of contract.

"Union labor has grown up now," O'Brien said. "It must be made to accept the responsibilities that go with adulthood."

He also demanded that unions be made subject to federal anti-trust laws just like any other corporation.

The Amarillo lawyer said the citizens of the Panhandle "are weary of the bureau and restrictions imposed on them."

**Foreign Policy**

(Continued From Page 1)

of that the responsible leaders of the Soviet Union so believe."

He added the hope that Stalin's words would dispel "the unwarranted charges that the United States is seeking to use its possession of the atomic bomb as a threat of force against the Soviet Union."

However, Byrnes said, American foreign policy will continue to follow a strong line.

"Just because war is not now imminent, we must take the greatest care not to plant the seeds of a future war. We must seek less to defend our actions in the eyes of those who agree with us, and more to defend our actions in the eyes of those who do not agree with us."

The major portion of his speech was devoted to his views on the future control of Germany. He amplified in some respects his recent speech at Stuttgart and the 40-year treaty that he proposed last spring for keeping Germany disarmed and demilitarized.

**Army Plan**

(Continued From Page 1)

he agrees with the Legion, but he said the broad training choices of the army plan and the civilian status proposal are particularly worthy of praise.

Rep. Clarence Brown (R-Ohio) said he believes the entire issue would be one of the chief disputes next year but that he didn't care to express his viewpoint at this time.

Senator Lucas (D-Ind.), terming the army plan "an interesting compromise," commented that in the past the "American people have opposed any type of compulsory training."

The house military committee postponed a decision on the problem last year, voting to wait until the new congress convenes. The house postwar military policy committee urged adoption of some type of training program, but did not offer a bill. No hearings have been held on the subject by the senate.

**QUICK TRIP NECESSARY**

Lafayette, Ind.—(AP)—William L. O'Brien, Jr., of Evansville, Ind., a student at Purdue university, answered the telephone sleepily at 6 a. m., listened, then sprang into action.

Evansville was 200 miles away. Bus and train connections were not good enough and time was an important element. Quickly he letter-

**In Hollywood**

By ERSKINE JOHNSON  
HOLLYWOOD (NEA)—Today we have the biggest romantic scoop of the year. Red-haired Joan Leslie has been in love 19 times. She told us so herself.

And we have the torn-up notebook page to prove it.

She said: "I've been in love 19 times. I've made 19 pictures and I've been in love with my leading man in every one of them. It was unavoidable."

Okay, Miss Leslie, we won't discuss your affairs of the heart. As you put it: "That's private affair. And the men I do go out with are not connected with the motion picture business. It's boring to have to talk about pictures all day and half the night."

Joan Leslie is in the clouds these days after winning her freedom from Warner Bros. She claimed, in court, that a minor's contract becomes void when the minor becomes of age. And she won. Warner Bros. signed her up when she was 15.

**GROOMING, THEY SAID**

"They said they were going to groom me for a few years," she said.

"Two weeks later I was playing opposite Humphrey Bogart in 'High Sierra.' I was Gary Cooper's girl friend at 16 in 'Sergeant York.' I didn't know what everything was all about."

But, she said, there's more to breaking her contract than just that.

"My roles were getting worse with every picture. 'Janie Gets Married' was the topper. I played the young-

est 18-year-old I've ever heard of. I was never that young ever."

She tried to get other roles, she said, but everyone said she was too young.

"I wanted to play Bessie in 'The Corn Is Green.' So I went to the studio and asked them to let me make a test. They said: 'Bessie' in 'The Corn Is Green'! Why, Joan, I bet your mother didn't even let you read the book."

"They didn't think of me as an actress," Joan said. "They always thought of me as a Janie."

**IT'S DIFFERENT NOW**

But now she's footloose and fancy free—Joan says things will be different.

"Ever since I was 15 people have been telling me what to do and what not to do. From now on I'm going to make my own mistakes. I'm going to play characterizations that are worth-while. Instead of sending the hero out to do heroic things, I'm going to do them."

Her first picture as a free-lance star will be opposite Herbert Marshall in the Eagle-Lion production "Mr. Jow." She'll play an English newspaperwoman complete with accent. Then there is a picture in England. And bids from all the major companies.

She will receive as much for "Mr. Jow" as she made in an entire year at Warner Bros.

**Floyd E. Barnhart Services Tomorrow**

Funeral services will be held at 2 p. m. tomorrow from the Duenkel-Carmichael chapel for Floyd Earl Barnhart, 33, who died August 29 in a hospital in France. He had been sick for about one week.

Mr. Barnhart was born May 24, 1913, in Ada, Okla., and had been in the U. S. army for the past 10 years.

Surviving are a son, Earl George of San Antonio; mother, Mrs. Eula Jobe of Neosho, Mo.; sisters, Mrs. H. L. Brown of Pampa, and Mrs. Thelma Dean of Oklahoma City; brothers, Vernon and Herman, both of Neosho.

Burial will be in Fairview cemetery with military services at the grave.

Duenkel-Carmichael service.

**Beware Coughs That Hang On**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

### American Plane

(Continued From Page 1)  
 raid rescue planes which flew over the area reported the wreckage still was burning four hours after the crash and that it was unlikely anyone aboard was alive.  
 The big plane, a skymaster, smashed into a hillside 10 miles from Harmon field at Stephenville, where it had refueled because the "Gander" airport was closed in with rain and fog. The ceiling at Harmon field was 5,000 feet and visibility 10 miles.

The coast guard dispatched a B-17 and a helicopter from Argentina. The helicopter was expected to reach the scene at 2:30 p. m. (EST) today.  
 There have been three 27-victim plane crashes in American commercial aviation. In addition to the Sibena crash, other such crashes involved an American airlines plane at San Diego, Calif., March 3, 1946, and a non-scheduled Viking airline plane near Richmond, Va., last May 16.

The special assistant to the commanding general for search and rescue of the Atlantic division of the air transport command reported at Fort Totten, N. Y., that paratroopers from the 18th air transport command at Presque Isle, Me., and Goose Bay, Labrador, were speeding to Harmon field, Stephenville, to take part in the search and necessary rescue work.  
 Low ceilings and rain are prevailing near the scene of the wreck, the coast guard said.  
 Persons aboard the plane were

eight crew members, including a stewardess, and 21 passengers.  
 In a message to the coast guard, the North Atlantic ocean patrol commander said:  
 "Army air searchers report that the possibility of survivors are doubtful. Rescue parties on foot may reach the scene in four to eight hours."  
 Nineteen of the passengers were from Frankfurt, Germany; nine from New York to Berlin, and three from New York to Amsterdam, Holland.  
 Among the passengers were Helen Kent Downing, 26, of Thompson, Ga., and her two children, Laurie Elizabeth, four years old, and Barbara Kent, 20 months.  
 There were no Texans listed among the passengers.  
 One person may have missed the crash. The company said an employee, George Mac Call, had flown "deadhead" to Newfoundland and presumably left the plane at Stephenville.

### Dance Series Will Benefit Teen Canteen

The first in a series of benefit dances for the Pampa Teen Canteen will be held at 8:30 p. m., October 12 in the American Legion, VFW home, 123 West Foster St., according to Jack Graham, local service officer here.  
 Proceeds of the public dances will go for the support of the Teen Canteen.  
 The dance committee headed by John O. Moon has secured the services of Phil Phillips and his orchestra of Amarillo. The second dance of the series is scheduled for Halloween night in the same building.

**INSIDE JOB**  
**SALT LAKE CITY—(AP)—**The U. S. employment office adopted a new line of persuasion in urging women to take part-time clerk jobs in labor-short Salt Lake City.  
 It advised that clerking was the best way to get first hand information on what merchandise is available.

### Meat Shortage

(Continued From Page 1)  
 rapid price rise might lead to "an early and severe" economic collapse with serious economic and social consequences.  
 Steelman also spoke out bluntly against a general round of "large" wage increases at this time.  
 He said these could benefit "only special groups," and in general would do so "at the expense of fellow workers throughout the nation."  
 Declaring that the national economy is simultaneously "in a position of great promise and of great danger," Steelman set forth "two great problems" which he said America faces.

For the long range, to "maintain our economy at full production and full employment."  
 In the meantime, to "prevent runaway inflation."  
 "If prices keep on rising and precipitate a wage-price spiral, business and agriculture will find themselves priced out of the market and into a depression," Steelman asserted in his quarterly report to President Truman and congress.  
 He added that if on the other hand "we can successfully retard the rise in prices, the backlog of demand for goods and the tremendous pools of savings and current income should reduce the rates at which demand slackens."

In stating that "our national target is a balance of supply with demand at a high level of production and employment," the reconversion chief rejected the suggestion of some "that the best way to achieve this goal is to 'let prices go.'"  
 "An uncontrolled advance in the general level of prices," Steelman said, "is the worst possible way to bring demand into balance with supply."  
 Such a course, he added, "can only lead to price collapse."

### James Turner

(Continued From Page 1)  
 added that they doubted if he recognized his wife upon her arrival.  
 Turner came to Pampa in 1929 and worked for a while as an accountant for the Pampa News, and later went to the Standard Food Markets here as bookkeeper. Some time later he went into business for himself as a private accountant and in 1943 entered the insurance business with J. Ray Martin, forming the partnership of Martin and Turner. He continued his work as a private accountant during his insurance career.  
 He was born Dec. 31, 1894, in Bloomfield, Ark., and graduated from Dover high school, Ark. After leaving high school he attended the agricultural college at Russellville, Ark., and then received his business training at Texas Commercial college, Tyler.

A veteran of World War I, he served in various training camps throughout the nation, mostly as a company clerk. Since 1919 his connection with the American Legion saw him mostly in the adjutant's office and this year elected as commander of the Kerley-Crossman Post. Besides the American Legion he was a member of the Pampa lodge of A. F. & A. M., a member of the board of stewards, First Methodist church, and a member of the Men's Sunday School class of that church and of the Rotary International.

Surviving are his wife, Mrs. Gladys M. Turner; one daughter, Mrs. Agnes Shimek, Austin; father, Lee M. Turner, Russellville, Ark.; one sister, Mrs. S. F. Brooks, San Benito, Texas, and three half-brothers, Henry, Raymond and Lewis Turner, Russellville, Ark.

Members of the American Legion post, V. F. W., and auxiliaries will hold memorial services at 8 p. m. tonight in the American Legion home. Funeral services will be conducted at 4 p. m. tomorrow in the First Methodist church with the Rev. E. B. Bowen, pastor of that church, officiating. Military services will be held at the grave in Fairview cemetery.

### Aleutian Base

(Continued From Page 1)  
 Aleutian Peninsula jutting westward from the Alaskan mainland. This would put it somewhere east of the navy's big base at Dutch Harbor, which Towers recently inspected.  
 The navy also wants another base in the Philippines, Towers said. The navy wants anchorages where fuel stations can be located for dispersal in this age of atomic bombs.  
 "But the best security," he added, "is to keep our monopoly of the atomic bomb until the world is more settled than it is at present."

### Lucky Cabbie

**CHICAGO—(AP)—**Julius Wolf, a taxicab driver who won a safety award for driving 375,000 miles in city traffic without an accident in 15 years, says there is more than luck in his record.  
 Wolf, 37, who does most of his driving in the Loop district, gave a tip on how to outguess the other motorists:  
 "Figure out what he's up to. Then figure he'll do it wrong. You've got to be ready for everything."

A total of 75,562 slot machines in the United States were reported in 1945.

 Mrs. Ola Stewart, 217 E. Francis, is recuperating from a tonsillectomy. \*Adv.

### Oilers

(Continued From Page 1)  
 on Gene Olive's home run over the left field wall and the East Texans added another in the fourth on a walk, a single and an error.  
 Range singled to lead off the fifth for Pampa, Richardson singled and Fortin hit into a double play with Range scoring on the play.  
 Successive doubles by Lloyd Pearson and Ray Honeycutt and truck stop. Albert Noland, owner and manager.  
 Mrs. Mary Stark, of Long Beach, California, mother of Mrs. Arthur M. Teel, has been quite ill in St. Anthony's hospital in Amarillo. Mrs. Stark is now showing improvement.  
 Mrs. Ola Stewart, 217 E. Francis, is recuperating from a tonsillectomy. \*Adv.

Pampa scored two more—in the eighth on a single by Berrymann, a walk to Zigelman, Isaac's fly and a triple by Otey.  
 Henderson scored its final two runs in the ninth when Ferguson, pinch-hitting for Pitcher Edwards, doubled, Olive reached first on a fielder's choice and Cecil McClung homered over the left field fence.  
 Earl Harriman, regular Oiler shortstop, was unable to play due to an injury suffered in the final game at Henderson.

Struck out: by Evans 1; by Isaac 4. Base on balls: off Arnes 2, Grove 2, Evans 2, Isaac 4. Wild pitch: Edwards, Evans. Hit by Isaac (Stone). Left on base: Henderson 4; Pampa 7. Leading pitcher: Davis, Time, 2:30. Umpires: Atkins, Craig, Rabe and Sandt.

**BRING YOUR OWN**  
**COLUMBIA, Mo.—(AP)—**Harold Hall, a Clarence, Mo., veteran, thought he had solved his housing problem by bringing his own house to the University of Missouri.  
 It was simple enough to place the 12x20 foot structure on a semi-trailer. But hooking up the utility pipes was another matter. There wasn't a plumber available—and Hall had to drive back 70 miles to Clarence to find one.  
 Whole communities in Idaho are free from household flies as a result of DDT spraying on a statewide basis.  
 Waxed paper windows have been devised for chicken houses, in order to admit the maximum amount of ultraviolet light.

### Dr. Douglas Nelson Speaks to Rotarians On United Nations

The Rev. Dr. Douglas Nelson, pastor of the First Presbyterian church yesterday addressed the Pampa Rotary on the organization of the United Nations during their regular meeting held at noon in the Palm Room, City hall.  
 Dr. Nelson told the Rotarians that this world cannot exist half slave and half free, and pointed out that one of the main issues of world peace is that all nations have to be treated fairly around the peace table.  
 Prior to Dr. Nelson's address Postmaster W. B. Weathered spoke briefly on the intended highway between Pampa and Perryton. He explained that the highway committee, now working on raising \$50,000 for the purchase of rights of way, fences and water holes, wanted to raise the entire amount by Oct. 10 so they would be in a position to meet the State highway commission in Austin on Oct. 14, and want to have all proofs of

# Vernon To Bring Veteran-Studded Team Here Friday

## SPORTS

Thursday, Oct. 3, 1946 PAMPA NEWS PAGE 7

"You men may have heard rumors about me being a slave driver—"

### Grayson Says Feller Was 'Unwise' In Risking Arm To Set New Record

By HARRY GRAYSON  
NEW YORK (NEA)—Robert William Andrew Feller was extremely unwise in risking his million-dollar arm to break Rube Waddell's major league strikeout record. Any experienced manager would have advised the young man against it.

Bob Feller seemed to realize he was jeopardizing his future in early July, when he said, "If everything hangs together, I believe I have a good chance."

I wonder what Feller thought he would do with the record.

When a pitcher is offered a contract, the front office doesn't ask him how many he struck out. It takes into consideration only how many he won.

Feller's feat did little more than revive to old-timers the memory of the legendary Waddell, and the Iowa Farm Boy's frenzied pursuit of 344 strikeouts no doubt increased his admiration for the southerly who was so eccentric that all left-handers since his day have been supposed to be more or less good.

Feller did not require an additional strikeout accomplishment to make him a more magnetic bucks office draw. He was already the top attraction in his profession.

The bulk of the fans of today never had heard of Waddell, who blew

### Maurice Lockhart May Not Start for Pampa Tomorrow

Vernon's Lions, filed in pre-season forecasts as one of the top teams of District Two, will battle the Pampa Harvesters here tomorrow night at eight o'clock in the third game of the season for both teams.

### Dallas Captures Second Game of Dixie Playoff

ATLANTA (AP)—It looked today as if the Rebels from Dallas were well along toward winning their battle with the Dixie team.

The Dallas team, the Texas League's representative in the Dixie series, held a 2-0 lead in games over the Atlanta Crackers of the Southern association with the actual advantage of retaining the competition on its home grounds.

The Rebels took a tight pitching duel 3-3 here last night on the three-hit hurling of Henry Perry and prepared to head back for Dallas. The teams will pick up the play in the Texas city on Sunday.

The lineups:

Dallas (TL) 000 002 001-3 6 1  
Atlanta (SA) 000 000 000-3 3 3  
Perry and Riebe; McGowan, Thompson (8) and Mathis.

### Sports Round-Up

By HUGH FULLERTON, JR.  
PRINCETON, N. J.—It isn't too surprising this football season to read blasts like that one about the "Human Slave Market."

Seems from here the phrase coaches who receive higher salaries than university presidents may explain some of its vehemence.

But it does seem strange in this ivy league stronghold to read the suggestion that colleges which don't go all in subsidizing might as well give up hope of drawing big gates because the competition from professional football will become too great.

That theme is developed in this week's Princeton alumni weekly by football Reporter Yee A. Gould. He says that the "ivy group" agreement will "bring to an end the long and brilliant records of the eight colleges concerned as teams of national consequence."

The ivy goes on to add that the same thing would take place eventually because the pros play more and better football and will soon attract the general public away from football games.

He's right on one count: Anybody who wants to give up doesn't belong in football.

### Christmas Spirit Strikes Flatbush

BROOKLYN (AP)—It isn't Christmas yet but the spirit of giving is rampant in the Dodger household.

Less than two weeks ago, Branch Rickey, president of the Brooklyn Dodgers, surprised his players by awarding certificates for new suits to each player who was voted a full share of the world series prize.

The players in a turnout measure the club was awarded in and bought a cab in cruiser.

Rickey in a surprise ceremony at Ebbets field last week.

Yesterday Rickey announced the club was awarding the Dodgers' share of receipts for the big game-or games here against St. Louis to about 50 full-time members of the organization other than executive and players.

The melon to be divided will amount to about \$17,000 for a single game and double that sum if another game is played tomorrow.

The Brooklyn boss also told the club he would give \$25 to take the day off and presented them with tickets for the game.

### Tech Gridder Dies of Injury

LUBBOCK (AP)—Billie Joe Whitehead, 19, died at 3:15 o'clock this morning without regaining consciousness since he was injured Monday afternoon in a football practice at Texas Tech.

He suffered concussion and other injuries in the accident. A brain surgeon came here by plane from Dallas to perform operation Wednesday at West Texas hospital here, finding not only a large clot on the brain but the brain itself injured.

Whitehead was the son of Sheriff and Mrs. E. L. Whitehead of Mason. He was a sophomore agriculture student at Tech. He received three football, two basketball and one track letters in high school and lettered at football for Tech in 1944. He served in the navy from Feb. 15, 1945 to Aug. 2, 1946.

The body was taken to Mason for services Saturday.

### 30,000 Expected To See Game Saturday

DALLAS (AP)—An estimated crowd of between 25,000 and 30,000 is expected to attend the Texas Tech-Southern Methodist football game here Saturday night at the Cotton Bowl, a feature of the opening day of the Texas State Fair.

Lester Jordan, business manager of Athletics at S. M. U., said last night that S. M. U.'s being Temple last Friday at Philadelphia and Tech defeating Texas A. and M. in San Antonio have brought a boom in ticket sales.

### Nelson, Hogan Will Enter at Fort Worth

FORT WORTH (AP)—Ben Hogan seeking his thirteenth tournament championship of the year along the Page golfing trail, and Byron Nelson, making his first appearance in the tournament in six weeks, headed a field of 50 that moved out today in the first round of the \$10,000 Fort Worth open.

The longest elephant tusk of which there is authentic record is 11 feet, five and a half inches long, and 18 inches in circumference.

### Junior Pirates Win 20-13 Game

LEFORS (Special)—The Lefors Pirates, coached by L. B. Penick, defeated the White Deer Junior team by a score of 20-13 here Tuesday night.

John Gomer, 135 pound halfback, led the attack for the Junior Pirates with two touchdowns, while Troy Stracener added the other score.

Starters for the Junior Pirates were: Bobby Bagley and Billy Butler, ends; James Trusty and Donald Stokes, tackles; Charles Cox and Friday Todd, guards; Joe B. Genter, John Gomer and Joe Combs, halfbacks; Troy Stracener, quarterback; and Roy Tracener, fullback.

The Junior Pirates, undefeated in their first two games, will journey to McLean Tuesday Oct. 8, when they will meet the McLean Junior team at 3 p. m.

### Swimmer Gets Huge Fish Bared

BUFFALO, N. Y.—Leo Widelski, swimming in the Niagara river, came face to face with a 24-pound, 37 1/2-inch muskellunge.

Taking advantage of the muskie's preoccupation with a large carp it was having difficulty in swallowing, Widelski hauled the fish ashore bared.

South Dakota is called the coyote state.

## Important Sectional Games Mark Schoolboy Grid Slate

### Cards, Dodgers Playing Second Contest Today

By JACK HAND  
BROOKLYN (AP)—Leo Durocher's ability to rally his sagging Dodgers from the brink of disaster meets its big test today when Brooklyn resumes its post-season playoff series with St. Louis knowing full well that the national league pennant and world series cash will vanish in defeat.

Back at Ebbets field where they have compiled an amazing record of 56 wins and 51 defeats for a .527 percentage, the Brooks are inclined to overlook the 4-2 defeat hung around their necks by Howie Pollet in St. Louis Tuesday.

Durocher has been able to pick up "Bums" after a defeat that would take the heart out of an ordinary ball club. The Flatbush faithful are confident Leo will bring them back bouncing from the shadows.

Durocher will start Joe Hatien, the rookie left-hander who came out of service to win 14 and lose 10 in his freshman year.

Arriving in New York last night a few minutes behind the Dodgers after a 22-hour train trip, Eddie Dyer's Redbirds were a loose, confident ball club, sure of themselves and not conceding a thing.

Dyer, on the hot spot all season when his star-loaded Cards failed to play up to their prewar form, is in the enviable position of having a second game in his pitching selection. If he made the wrong pick tomorrow he still could save his skin tomorrow in the third game.

Murry Dickson, a wiry little right-hander from Tracy, Mo., was the choice over Harry (the cat) Brecheen. Dickson has been effective against the Dodgers, beating them three times and losing only once on relief.

Dyer planned to continue his lineup switches if Durocher uses a left-hander. That would mean Ery Euskow would go to left field instead of Harry Walker and Clyde Klutz would replace Joe Garagiola behind the bat. If it's a right-hander, the same lineup that opened Tuesday will prevail.

Likewise Durocher will switch back to Ed Stevens at first against a right hander and probably insert Augie Galan at third and Dick Chittman in left. He wasn't sure about third and might leave Cookie Lavagetto at the bag using Galan in left.

### Lefors Battles Broncs Tomorrow

LEFORS (Special)—The Lefors Pirates, after defeating the Wheeler Mustangs 32-7 last week, will be on their toes to chalk up another victory Friday night when they meet the Cleburne Broncs at eight o'clock here at Shaw Park.

Coach Joe Champlo has all the injured men back in the line-up with the possible exception of one arm. Quarterback Jimmie Gatlin is ailing with an injured knee, but is expected to be ready for the game.

The Pirates' scrimmage this week has been concentrated on the defense. The former supervisors of which the Broncs are expected to do most of their running.

The probable starters for the Pirates will be: C. H. Keeton and Joe Ogden, ends; Hugh Daniel and Clell Breining, tackles; Tommy Jinks and Jack Cullison, guards; Ike Doom, center; Eugene Cooper and Harold Sims, halfbacks; James Gatlin, fullback, and Wade Stracener, fullback.

### Villa Was Champion Before Fight Began

AUSTIN (AP)—Rudolf Villa of El Paso became bantamweight champion of Texas even before he kayoed Gene Kelly, who was defending his title in their Sept. 26 bout.

Armour Stewart, state supervisor of boxing and wrestling, announced yesterday that Kelly weighed over the 118-pound limit when he entered the ring against Villa. Contracts had been approved for the match to be for the bantamweight title.

Villa knocked out Kelly in the sixth round.

### INJURIES SLOW WEST TEXAS STATE WORK

CANYON (AP)—Plagued by injuries, West Texas State plans new line art backfield combinations for its game with New Mexico university at Albuquerque Friday night as the Buffaloes seek their first win in three starts.

The outbreak of injuries has prevented the team from engaging in any heavy practice all week.

## High School Bands Invited to Attend Texas-Arkansas Game

AUSTIN (AP)—Senior and Junior high school bands are being invited here for the Texas-Arkansas football game Oct. 9.

Resuming a practice interrupted by the war, the University of Texas athletic council has announced it will assign free seats in a special section of the stadium for the game. Visiting bands must pay their own expenses to Austin and notify Longhorn band director George E. Hurt by Oct. 12 if they plan to attend.

The special band day observance drew as many as 72 school bands with 4,700 players in pre-war days.

backfield and End Derrell Davis in the line.

Cox did most of the passing last week with McCallip and Williams eating up yardage on the ground, and Davis snagging most of the throws and dealing misery in general to the Berger carriers.

Admission prices for the game at Berger will be 25 cents for students and 50 cents for adults.

## Two Grid Teams Will Play Games Here, in Borger

Two Pampa football teams have games scheduled tonight, one contest to be played at Bulldog stadium in Borger and the other to be played here tonight.

The game here, the Pampa Junior high Reapers will meet the Sun Houston Rangers of Amarillo in a Panhandle Junior high conference game.

Game time will be at 7:30 at Harvester park.

The Reapers, coached by Jack Davis, will be playing their second game of the season, having fought to a scoreless tie with the Borger Junior high eleven there last week.

In practice this week, Fullback Dale Richardson, who has never played football prior to going out for the Reapers, was outstanding in the backfield, while Guard Eddie Scheig showed great improvement in the line.

The Gorillas, mentored by Dick Livingston, will be seeking their second straight triumph over the Borger eleven there tonight at 7:30. Pampa won a wild, 25-19 decision here last week, although the local gridgers were outweighed 15 pounds to the man.

Outstanding in last week's Gorilla game were Jimmy Cox, Jack Williams and Wayne McCallip in the line.

## COUGH-BRONCHITIS SIPTOL (PLAIN)

Gives you instant relief to a stuffed-up head-cold and cough, throat irritation and hoarseness due to a cold. Siptol loosens the phlegm in the nasal and bronchial tract, and makes breathing easier and checks excess coughing.

### Grayson Says Feller Was 'Unwise' In Risking Arm To Set New Record

**By HARRY GRAYSON**  
NEA Sports Editor

NEW YORK—(NEA)—Robert William Andrew Feller was extremely unwise risking his million-dollar arm to break Rube Waddell's major league strikeout record. Any experienced manager would have advised the young man against it.

Bob Feller seemed to realize he was jeopardizing his future in early July, when he said, "If everything hangs together, I believe I have a good chance."

I wonder what Feller thought he would do with the record.

When a pitcher is offered a contract, the front office doesn't ask him how many he struck out. It takes into consideration only how many he won.

Feller's feat did little more than revive to old-timers the memory of the legendary Waddell, and the Iowa Farm Boy's frenzied pursuit of 334 strikeouts no doubt increased his admiration for the southerly who was so eccentric that all left-handers since his day have been supposed to be more or less goofy.

Feller did not require an additional strikeout accomplishment to make him a more magnetic bucks offshoot draw. He was already the top attraction in his profession.

The bulk of the fans of today never had heard of Waddell, who blew

the ball past 343 batters for the Athletics in 1904. All the knowledge of the larger share of the remainder had of Waddell was garnered from books.

Waddell had no thought of establishing a record when he fanned 343. The Rube did it during the normal run of the season, at a time the total naturally wasn't pressing. Certainly he had no idea that he was hanging up a mark that 42 years later someone would work overtime to pitch out of turn and otherwise go to extraordinary lengths to outstrip.

Feller's wildness has demanded that he be a work-horse. He has always thrown more balls than any other pitcher in the business.

Feller now plans to pitch parts of games five times a week over a 30-day stretch with his All-Stars.

At Yankee Stadium, Oct. 6, Feller and the veteran Negro Satchel Paige, will attempt to set a new speed record when they fire fast balls past an improved chronograph. Feller's record of 98.6 miles an hour, or 145 feet a second, was established in Washington, Aug. 20.

Pitching to a speed measuring device is little less ridiculous than the Feller tour when player is getting his kind of money. Many a player has ended his career by doing something much less foolish.

Tom Yawkey is reported to have given Ted Williams \$10,000 not to go on the post-season jaunt, and The Kid patrols the outfield where he is comparatively safe.

It is true that Feller lost four years while in the navy, but while he is strappingly mature at 27 he isn't going to lengthen his brilliant career working overtime.

He is paid \$50,000 a year, and income tax being what it is he can retain only a small fraction of what he makes on the junket.

Bob Feller is strappingly mature at 27, but there are just so many flips even in an arm as remarkable as the one that dangles from his shoulder.

The African black porcupine does not use the same method of attack that employ by his North American cousin. He charges his enemies by running at them backwards.

### Maurice Lockhart May Not Start for Pampa Tomorrow

Vernon's Lions, rated in pre-season forecasts as one of the top teams of District Two, will battle the Pampa Harvesters here tomorrow night at eight o'clock in the third game of the season for both teams.

Although they have six regulars back from last year, an injury jinx has hit the Lions and they have not yet been in top strength, having opened the season by losing to Altus 7-0 and falling to the powerful Sherman eleven, 18-0.

### Dallas Captures Second Game of Dixie Playoff

ATLANTA—(AP)—It looked today as if the Rebels from Dallas were well along toward winning their battle with the Dixie team.

The Dallas team, the Texas league's representative in the Dixie series, held a 2-0 lead in games over the Atlanta Crackers of the Southern association with the additional advantage of resuming the competition on its home grounds.

The Rebels took a tight pitching duel 3-0 here last night on the three-hour effort of Henry Perry and prepared to head back for Dallas. The teams will pick up the play in the Texas city on Sunday.

The lineups:

Dallas (TL) 000 002 001-3 6 1  
Atlanta (SA) 000 000 000-3 3 3  
Perry and Riebe; McGowan, Thompson (8) and Mathis.

### Sports Round-Up

**By HUGH FULLERTON, JR.**  
PRINCETON, N. J.—(AP)—It isn't too surprising this football season to read blasts like that one about the "Human Slave Market."

Seems from here the phrase "coaches who receive higher salaries than university presidents" may explain some of its vehemence.

But it does seem strange in this ivy league stronghold to read the suggestion that colleges which don't go all in subsidizing might as well give up hope of drawing big gates because the competition from professional football will become too great.

That theme is developed in this week's Princeton alumni weekly by football reporter Yee A. Gould. He says that the "ivy group" agreement will "bring to an end the long and brilliant records of the eight colleges concerned as teams of national consequence."

The writer goes on to add that the same thing would take place eventually because the pros play more and better football and will soon attract the general public away from football games.

He's right on one count: Anybody who wants to give up doesn't belong in football.

### Christmas Spirit Strikes Flaibush

BROOKLYN—(AP)—It isn't Christmas yet but the spirit of giving is rampant in the Dodger household.

Less than two weeks ago, Branch Rickey, president of the Brooklyn club, surprised his players by awarding certificates for new cars to each player who was voted a full share of the world series prize.

The players in a turnout celebration were presented with the cars, but in that first playoff game the Cards had the Garage-Iola.

### WEAK'S WORST GAG

The Dodgers may have been presented brand new cars, but in that first playoff game the Cards had the Garage-Iola.

### SPORTS BEFORE YOUR EYES

Jersey Jones, who once held the distinction of managing Bingo Joe Bonovic, has teamed up with Lew Ruten to pilot "the world's best middleweight," Charley Burley.

Jones says that when Burley saw the recent Zale-Graziano fracas he merely asked: "How long do you think it will take us to get him?"—meaning Zale, of course.

Colorado grid fans are referring to the 76-0 affair at Austin, last week at "that gridiron grade-crossing accident."

It wasn't no accident, friends; the Longhorns did it a purpose.

### DRESS REHEARSAL

Biggie Munn, Syracuse grid coach, scheduled a night practice last Saturday and then he was asked to speak at a religious convocation for incoming freshmen at the same time.

Biggie dressed in his football gear, hurried to the chapel and delivered a ten-minute talk from the stadium. Needless to say, the stunt was well liked by the kids and Biggie probably didn't mind reversing the usual punt-and-prayer set-up.

### END OF THE LINE

Tony Yovicich, who registered at Duke last spring and then tried to transfer his football talents to North Carolina, will play for Miami against Carolina tomorrow.

Shue Fry, the Hepler Brothers' champion quarter horse from Carlsbad, N. M., has been retired. Natcherly, with cold weather coming.

### 30,000 Expected To See Game Saturday

DALLAS—(AP)—An estimated crowd of between 25,000 and 30,000 is expected to attend the Tech-Southern Methodist football game here Saturday night at the Cotton Bowl, a feature of the opening day of the Texas State Fair.

Lester Jordan, business manager of Athletics at S. M. U., said last night that S. M. U.'s thing Temple last Friday at Philadelphia and Tech's thing Texas A. and M. at San Antonio have brought a boom in ticket sales.

### Nelson, Hogan Will Enter at Fort Worth

FORT WORTH—(AP)—Ben Hogan seeking his thirteenth tournament championship of the year along the Page golfing trail, and Byron Nelson, making his first appearance with the touring pros in six weeks, headed a field of 60 that moved out today in the first round of the \$10,000 Fort Worth open.

The longest elephant tusk of which there is authentic record is 11 feet, five and a half inches long, and 14 inches in circumference.

### Cards, Dodgers Playing Second Contest Today

**By JACK HAND**  
BROOKLYN—(AP)—Leo Durocher's ability to rally his sagging Dodgers from the brink of disaster meets its big test today when Brooklyn resumes its post-season playoff series with St. Louis knowing full well that the national league pennant and world series cash will vanish in defeat.

Back at Ebbets field where they have compiled an amazing record of 56 wins and 21 defeats, for a 727 percentage, the Dodgers are inclined to overlook the 4-2 defeat hung around their necks by Howie Pollet in St. Louis Tuesday.

Durocher has been able to pick his "bums" off the floor after a defeat that would take the heart out of an ordinary ball club. The Flatbush faithful are confident Leo will bring them back bouncing from the shadows of defeat.

Durocher will start Joe Hatten, the rookie lefthander who came out of service to win 14 and lose 10 in his freshman year.

Arriving in New York last night a few minutes behind the Dodgers after a 22-hour train trip, Eddie Dyer's Redbirds were a loose, confident ball club, sure of themselves and not conceding a thing.

Dyer, on the hot spot all season when his star-loaded Cards failed to play up to their prewar form, is in the enviable position of having a second guess in his pitching selection. If he made the wrong pick today he still could save his skin tomorrow in the third game.

Murphy Dickson, a wiry little right-hander from Tracy, Mo., was the choice over Harry (the cat) Brecheen. Dickson has been effective against the Dodgers, beating them three times and losing only once on relief.

Dyer planned to continue his lineup switches if Durocher uses a lefthander. That would mean Erv Eusak would go to left field instead of the third and might leave Cookie Lavagetto at the bag using Galan in left.

### Lefors Battles Broncs Tomorrow

LEFORS (Special)—The Lefors Pirates, after defeating the Wheeler Mustangs 32-7 last week, will be on their toes to chalk up another victory Friday night when they meet the Cleburne Broncs at eight o'clock here at Shaw Park.

Coach Joe Champlo has all the injured men back in the lineup with the possible exception of one minor. Quarterback James Gatlin is ailing with an injured knee, but is expected to be ready for the game.

The Pirates' scrimmage this week has been concentrated on the defensive end. Linebackers are expected to do most of their running.

The probable starters for the Pirates will be: C. H. Keeton and Joe Ogden ends; Hugh Daniel and Cliff Bretning tackles; Tommy Jinks and Jack Cullison, guards; Ike Doom, center; Eugene Cooper and Harold Sims, halfbacks; James Gatlin, quarterback, and Wade Straecner, fullback.

### Tech Gridder Dies of Injury

LUBBOCK—(AP)—Billie Joe Whitehead, 19, died at 3:15 o'clock this morning without regaining consciousness since he was injured Monday afternoon in football practice at Texas Technological college, a day off and presented them with tickets for the game.

### Villa Was Champion Before Fight Began

AUSTIN—(AP)—Rudolf Villa of El Paso became bantamweight champion of Texas even before he kayoed Gene Kelly, who was defending his title in their Sept. 26 bout.

Armour Stewart, state supervisor of boxing and wrestling, announced yesterday that Kelly weighed over the 118-pound limit when he entered the ring against Villa. Contracts had been approved for the match to be for the bantamweight title.

Villa knocked out Kelly in the sixth round.

### Junior Pirates Win 20-13 Game

LEFORS (Special)—The Lefors Pirates, coached by L. B. Penick, defeated the White Deer Junior team by a score of 20-13 here Tuesday night.

John Gomer, 135 pound halfback, led the attack for the Junior Pirates with two touchdowns, while Troy Straecner added the other score.

Starters for the Junior Pirates were: Bobby Bagley and Billy Butler, ends; James Trusty and Donald Stokes tackles; Charles Cox and Friday Todd, guards; Joe Gomer, center; John Gomer and Joe Combs, halfbacks; Troy Straecner, quarterback; and Roy Traecner, fullback.

The Junior Pirates, undefeated in their first two games, will journey to McLean Tuesday Oct. 8, when they will meet the McLean Junior team at 3 p. m.

### Swimmer Gets Huge Fish Bared

BUFFALO, N. Y.—(AP)—Leo Widelak, swimming in the Niagara river, came face to face with a 24-pound, 57 1/4-inch muskellunge.

Taking advantage of the muskie's preoccupation with a large carp it was having difficulty in swallowing, Widelak hauled the fish ashore barehanded.

South Dakota is called the coyote state.

### High School Bands Invited to Attend Texas-Arkansas Game

AUSTIN—(AP)—Senior and Junior high school bands are being invited here for the Texas-Arkansas football game Oct. 9.

Resuming a practice interrupted by the war, the University of Texas athletic council has announced it will assign free seats in a special section of the stadium for the game. Visiting bands must pay their own expenses to Austin and notify Longhorn band director George E. Hurt by Oct. 12 if they plan to attend.

The special band day observance drew as many as 72 school bands with 4,700 players in pre-war days.

backfield and End Derrell Davis in the line.

Cox did most of the passing last week with McCallip and Williams eating up yardage on the ground, and Davis snugging most of the throws and dealing misery in general to the Berger carriers.

Admission prices for the game at Berger will be 25 cents for students and 50 cents for adults.

### Two Grid Teams Will Play Games Here, in Berger

Two Pampa football teams have games scheduled tonight, one contest to be played at Bulldog stadium in Berger and the other to be played here tonight.

In the game here, the Pampa Junior high Reapers will meet the Sam Houston Rangers of Amarillo in a Panhandle Junior high conference game.

Game time will be at 7:30 at Harvester park.

The Reapers, coached by Jack Davis, will be playing their second game of the season, having fought to a scoreless tie with the Berger Junior high eleven there last week.

In practice this week, Fullback Dale Richardson, who has never played football prior to going out for the Reapers, was outstanding in the backfield, while Guard Eddie Schegig showed great improvement in the line.

The Gorillas, mentored by Dick Livingston, will be seeking their second straight triumph over the Berger eleven there tonight at 7:30. Pampa won a wild, 25-19 decision here last week, although the local gridgers were outwashed 15 pounds to the man.

Outstanding in last week's Gorilla game were Jimmy Cox, Jack Williams and Wayne McCallip in the

### 189 School Children Slated For Death This School Year

AUSTIN—If the rapidly increasing rate of traffic fatalities is not retarded, 189 school-age children are slated for death by automobiles during the school year, according to George Clarke, managing director of the Texas Safety Association. Another group of approximately 700 youngsters are marked for death by other types of accidents. Most of the school-age traffic victims will be first-graders, representing a generation who does not remember prewar traffic, and many of whom have not been taught at home to obey traffic signals. The next number will be third-grade youngsters; the four grade holds the greatest probability to lead in bicycle-motor vehicle deaths. Last year in Texas 883 school children were killed by accidents of all kinds, and many were injured, some of them disfigured and crippled for life. In the traffic accident category, they were struck down going to and from school, for the most part; twelve were killed in school bus accidents. These deaths and those occurring on the school grounds and in the school buildings accounted for 450; 433 children were killed in home accidents and in accidents away from home and school, home and school.

This year traffic accidents generally have shown a sharp increase over 1945. From January through July, 1946, 1,024 people were killed—a total 40 percent greater than that for the same period last year. Old cars, old tires, deteriorated highways and inadequate policing have teamed up with the most important factor—carelessness—to reap a red harvest that is only slightly below the record toll of 1941.

### Novel Art Display Will Open Sunday

AUSTIN—Artists and Walkowitz, the widely discussed experiment of having artists work on a single subject, will be on display at the University of Texas in the academic room, main building, Oct. 6-27.

Through the college of fine arts of the university art enthusiasts will have opportunity to view the results of the idea of Abraham Walkowitz, painter, to have 100 leading American painters, sculptors and print makers make a portrait of him. Each artist was free to choose his medium, interpretation and form. The portraits reflect the personality of the artist.

### GALL BLADDER SUFFERERS AVOID LIFE OF MISERY

**DUF FO LACK OF HEALTHY BILE**

Sufferers rejoice at remarkable relief from First Best Results, Russian Bile. New relief for gallbladder sufferers lacking healthy bile is seen today in announcement of a wonderful preparation which acts with remarkable effect on liver and bile. Sufferers with agonizing colic attacks, stomach and gallbladder misery due to lack of healthy bile now find of remarkable relief after using this medicine which has the amazing power to stimulate sluggish liver and increase flow of healthy bile.

**GALLUSIN** is a very expensive medicine, but considering results, the \$3.00 cost is only a few pennies per dose. **GALLUSIN** is sold with full money back guarantee by Berry's Pharmacy. Mail Orders Filled.

### Market Briefs

#### WALL STREET STOCKS

NEW YORK, Oct. 2.—(AP)—Stocks picked up fractions to around 2 points in today's market in a slow recovery after three sessions of declines. Steels and rails led the way in an early return although gains were scattered throughout the list. Some advances were trimmed slightly as declines lagged, but many losses closed at their best. Dealings remained slow with transfers totaling about 900,000 shares.

#### CHICAGO GRAIN

CHICAGO, Oct. 2.—(AP)—Demand which came from shipping and export houses accompanied by aggressive covering by previous short sellers, created a strong market in corn futures today. At times the yellow grain was up more than 2 cents. Oats and wheat were firm.

Strength in corn was attributed to a firmer cash market. Toward the close processors were bidding \$1.85 for old No. 2 yellow corn shipped within five days. Wheat closed 1 1/2 higher, March \$1.97. There were no transactions in January wheat. Corn advanced 2 1/2 3/4, January \$1.36 1/2, and oats were up 5/8-1 1/8, November \$1 1/4-1 1/8.

#### FORT WORTH, Oct. 2.—(AP)—Wheat No. 1 hard 2 1/4-1 1/4, 92-93. Oats No. 2 1 1/4-1 1/4.

#### CHICAGO WHEAT

July	36.18	36.95	36.10

#### NEW ORLEANS SPOT COTTON

NEW ORLEANS, Oct. 2.—(AP)—Spot cotton closed steady, \$23 a bale higher here today. Sales 4,451. Low middling 23.60; middling 23.65; good middling 24.65. Receipts 1,515; stock 245, 648.

#### Blind Will Receive Braille Film Summary

NEW YORK—Blind persons soon will no longer have to rely on their friends' assistance in explaining movie scenes when the dialogue stops.

"Advance summaries of new films will be prepared by Hollywood studios to be put into Braille and mailed to the blind," Business Week reports.

"The summaries will outline the story, describe costumes and sets, and introduce the actors."

"The Braille Institute of America, Los Angeles, will test and perfect the idea in California, with its 12,000 blind, and later extend the service to the 100,000 blind in the nation. Thought is also being given to putting the summaries on phonograph records."

The United Mine Workers have consistently opposed the unscrupulous, bureaucratic control and price-fixing policies of OPA. Every attempt by OPA and the lawmakers to produce a new formula and bolster controls has resulted in greater failure. We feel confident that the OPA is powerless to remedy its own deficiencies.—John L. Lewis.

### Texas Weather Is Now Object Of More Practical Interest

AUSTIN—Texas weather, always a source of controversy, has become an object of more practical interest in Texas. The State Board of Insurance Commissioners announced today that a \$100,000 deductible will be added to all wind-storm and extended coverage insurance policies, except farm properties, on which a \$50 deductible will be used, a change which is due to the unusual number of wind and hail storms during the past five years.

This plan was adopted in lieu of the 75 to 100 percent raise in insurance rates justified by the past five year record on which insurance rates are based. The Board felt that the public would not be justified in paying the materially higher rate which the experience figures would require merely to secure protection for the first \$100 of the loss. The deductible has been used for many years in automobile insurance. The experience covering the past nine and one-half years show that all companies doing business in Texas lost a total of 23,000,000 on windstorm and extended coverage insurance men pointed out at the recent hearing that this experience is the most disastrous insurance experience suffered by insurance companies on windstorm business in any section of the United States within such a nine and one-half year period of time. Some companies have withdrawn recently from Texas on account of this experience.

"During normal times any unusual loss by storm would be compensated for by the years which were free from storm damage," Fire Insurance Commissioner Marvin Hall stated. "The period of 1941-45, however, showed a higher than average ratio of loss to premium income for every year with the total going above 100 percent in two of the five years. The average loss for all classes of risks rose to 81 percent during this time. Damage to dwellings, which make up over half of the property insured against windstorm was particularly heavy, rising to 416 percent loss ratio in the sea coast area during 1943 and showing a total loss of 89 percent for the entire state during the previous five-year period."

"There is little hope," Hall added.

### McLean Church Buys Denworth Property

McLEAN, (Special)—The McLean Baptist church membership was successful bidder for the Denworth Community church, at a price of \$2,539, it has been announced.

The local church has let the contract for moving the building here. Foundation forms are being erected on the site, which will be west of the present building. It will be used for housing the young people and intermediate departments. The name Idaho is derived from the Indian words "edah hoe," meaning light on the mountains.

## New Factories For Disabled Vets Planned

By WILLIAM GLOVER  
AP News-Features Writer

NEW YORK—A nationwide series of industrial plants directed and manned entirely by disabled veterans is being proposed to key executives as the first rehabilitation program based on the wishes of casualties themselves.

The plan was described by S. C. Rothman, former army major, who said he had undertaken a study of rehabilitation needs at the request of Sen. Harley M. Kilgore of West Virginia whose attention had been called to the matter by the late President Roosevelt. Rothman, a native of Charleston, W. Va., and a personal friend of Sen. Kilgore, said he had obtained the views of more than 5,000 servicemen during the period he was an industrial hygiene engineer in the Second Service Command.

"More than 52,000 combat wounded and disabled veterans have tramped the streets of the nation since January looking for jobs," said Rothman, "and only 6,000 have been placed."

**UP TO BIG BUSINESS**

Big handicap in reemployment of casualties, he added, is that only big industry—which actually hires only 5 percent of the nation's employed—has the facilities for setting up rehabilitation and training programs, which have reached "only a small sector of the disabled group."

"Hospital surveys of the handicraft work and crafts of many patients revealed that the veteran was not only industrious but manifested a wholesome ingenuity as well as originality in his creations," Rothman said. "Why not coordinate this latent talent pool of nearly a million men into a Veterans' Industry Plan for the disabled?"

The plan has been discussed in preliminary form with Sen. Kilgore, Gen. Omar Bradley of the Veterans Administration, Maj. Gen. G. B. Erskine of the retraining and reemployment administration, veteran group representatives and labor-management officials. A "rounding board" survey is now being conducted among 100 executives to develop final details.

**MIGHT UTILIZE WAR SURPLUS**

Under the plan, a national corporation would be set up, headed by a board of trustees representing business, labor and government. An executive administrator and all other staff personnel would be disabled veterans. The organization would take over abandoned surplus war plants or available community buildings and "the vast stock piles of surplus war materials might be made available to these shops which can recover them into manufactured articles useful to the consumer public."

"Utility of the items rather than curio value will be the deciding factors in setting up production schedules. Minor assembly jobs will be contracted for with neighboring industries."

"The veteran will be paid from the profits of his own industry the wage rates existing in the surrounding area. Profits earned by the industry over and above its needs will be set aside for an emergency loan fund. Under no circumstances will prices be cut to undercut or to encourage cutthroat competition."

Rothman said that two bills providing for government establishment of such a coordinating program have been introduced in congress but that action has been delayed until business has had opportunity to evolve a voluntary plan.

**Government Gets In 'Black Ink'**

WASHINGTON—(AP)—Treasury figures today showed the government finished the first quarter of the current fiscal year (July 1-Sept. 30) with a \$119,300,000 surplus of receipts over expenditures.

This is the first time in years the government has gone through the first quarter in the black. The corresponding period of last year, covering the last two months of war and early days of peace, saw the government \$11,900,000,000 in the red.

For September of this year alone, government income exceeded spending by \$1,700,000,000, more than wiping out the deficits run up in July and August.

President Truman, foreseeing deficit operations in later quarters, has predicted the government will be in the red by \$1,900,000,000 on current operations when the fiscal year closes next June 30.

The federal debt as of Sept. 30 was reported at \$265,768,000,000 but is scheduled for a reduction approaching \$2,000,000,000 in early October through cash redemptions of securities out of an idle cash balance that exceeded \$10,171,000,000 at the end of September.

**Touring Europe**

SEARCY, ARK.—Gathering material for future news columns, Dr. George S. Benson, president of Harding College, is shown above in Stockholm, Sweden, one of the many stops on his European tour. Results of Dr. Benson's trip and the information he gathers will be used in his column, which is a regular feature of this newspaper.

## Convicted High Criminals Won't Set Any Record; 231 Others Convicted

By JAMES MARLOW

WASHINGTON—(AP)—Hanging Goering and the other top nazis for war crimes won't set any record, in numbers.

They're just a round dozen of nazis, even if the Allies catch Martin Bormann. He was sentenced in absentia and may be dead already.

The job should be easy for the army, which has had plenty of experience in this line.

Since the army occupied the American zone of Germany in the spring of 1945, this is what it has done about bringing death to nazis for war crimes:

Not including the 12 big shots sentenced yesterday by the international court, 231 nazis have been sentenced to death by military courts. Of the 231 sentenced, at least 55 already have been finished

about everything, didn't overlook hanging, even during the war.

For the benefit of commanding officers whenever the need arose, the army's provost marshal general's office put together a little booklet called "Procedure for Military Executions."

It has a list of instructions and a set of diagrams on how to erect a gallows, even down to the number of hinges on the trapdoor and the kind of trapdoor.

The booklet prescribes the kind of rope—Manila hemp, 1 1/4 inches in diameter, and about 20 feet long—and the material for the hood which is placed over the victims head before the noose is adjusted. It should be black satin.

For some reason the booklet omits some details to which any experienced civilian hangman would pay strict attention.

The booklet seems to assume that any military men conducting a hanging will know how to make a hangman's noose and knot. And it neglects to say the knot

## Stores Have Planned Large Buying Spree

NEW YORK—The biggest Christmas buying spree in history is a probability for department stores this year.

Should be placed behind the victim's ear. So that when he drops his neck will be broken sharply, bringing quick unconsciousness.

If the knot is placed beneath the jaw or chin, the victim slowly and painfully strangles.

But the booklet does not fail to mention that the victim's arms and ankles should be bound with leather straps.

From the time a victim climbs the gallows stairs until he is pronounced dead, it takes about 15 to 30 minutes.

Unless the 12 nazis are hanged in groups on a number of gallows, their execution singly might take as much as six hours.

year, Business Week reports. Noting that the adjusted index of department store sales for August "almost blew the top out of the thermometer," the publication observes:

"Department stores accepted what looked like a miracle—at least to those who had been loud in predicting buyers' strikes—with utter equanimity. Preliminary reports for early September indicated sales were still climbing. And by Christmas, department store controllers predict, the swelling stream of dollars will grow into the greatest torrent on record."

Shrimp have a life span of about 12 to 18 months.

### Nowotny Named To TU Position

AUSTIN—With a record-breaking study body of 17,000 crowding the Forty Acres to capacity, a timely re-organization and expansion of the student life staff of the University of Texas has just been completed.

For the first time since the death of Dean V. I. Moore three years ago, the university this fall has a full-time dean of student life in the person of Arno (Shorty) Nowotny, a familiar figure on the campus since his own undergraduate days, when he was head yell leader, 20 years ago. Dean Nowotny heads up the entire student life program, with the

## Shade of Sycamore

By PERCY MARKS Author of "The Plastic Age" "A Tree Grown Straight" Etc.

**THE STORY:** Gayle, daughter of a college professor, has just become engaged to handsome Bruce Bartlett, famous athlete and scion of wealth. Visiting his home and parents for the first time, she is delighted by the splendor in which they live. An elaborate ball is given and Bart is entranced with her appearance. Gayle has promised to spend some time with him in the morning and asks the maid to wake her early so as not to keep him waiting.

**X**

THE next morning Gayle found Mr. Bartlett waiting for her in the wheelchair sitting under a striped umbrella, a table with the bell on it at his side. Miss Wallace was seated under another umbrella perhaps twenty yards away. She smiled at Gayle as she passed, and Gayle waved a greeting in return.

Without preliminary talk, she bent and kissed Mr. Bartlett. Then she stood back and looked at him. "Aren't you much better than you were yesterday? Your color's ever so much better."

"Yes, I am." He motioned to the wicker chair beside him. "Sit down. I'm glad I'm so well, because I want to talk to you, and I couldn't very well if I were having one of my bad days. I've done little but think about you since yesterday morning."

"Somehow I know what you're nice thoughts," said Gayle.

"Nice indirectly, because I wouldn't have been thinking them if I hadn't loved you at sight." He paused and studied her gravely. "Tell me: you dislike my wealth very much, don't you?"

"Yes," Gayle answered without hesitation. "I disliked it before I ever came in contact with it, and now I dislike it more than ever."

"I thought so. You said yesterday that the grandeur frightened you. Will you tell me why you dislike it so much?"

"Gladly. I've always wanted a

you must be fair to Bruce. "Fair to him?" she asked, confused. "Am I being unfair?"

**BRUCE**, Gayle, has always had everything, and the money isn't entirely responsible. He hasn't been taught to deny himself anything. Now you want to deny him everything all at once. How would you like to be forced to make such an adjustment? It would be ten times the adjustment you would have to make if you became the mistress of Sycamore tomorrow. No, my dear, I won't make Bruce suffer for my mistakes. I admit to you I made mistakes, very bad ones. Bruce should never have been brought up to rely on wealth entirely, but that's the way he was brought up. I think he ought to have the house, and he can't maintain it without an allowance. I'll tell you this much for your comfort. Nothing will be left to him outright at my death. He will get it all eventually, but my wife is my beneficiary, and she is a very strong, healthy woman. She will probably live another twenty-five or thirty years." He smiled almost sadly.

"There's nothing to be a war in Europe, and if we get into it, it will absorb the great fortunes like fire flaming across a prairie. You and Bruce will have a generous income, but you won't be rich. Doesn't that satisfy you?"

"It has to if I want Bart, and I do want him." She smiled at him, and her cheeks grew pink.

Miss Wallace drew near. "I'm terribly sorry, Miss Kent," she said apologetically, "but I've given Mr. Bartlett 15 minutes more than the doctor said he could have."

Gayle stood up at once. "Oh, do you think it's been bad for him?"

"Probably, but I think he's entitled to do something that's bad for him once in a while."

"There," said Mr. Bartlett, "do you see why I adore my wife?"

"I do, indeed. I can't tell you what this talk has meant to me, Mr. Bartlett. I'll never be able to tell you."

"You don't have to. It's meant even more to me."

(To Be Continued.)

### The Butcher, Baker And Music Makers In Civic Operetta

AP Newsfeatures

SAN DIEGO, Calif.—Light opera—with such old favorites as the Mikado and H.M.S. Pinafore drawing well—has been revived in San Diego as a community project from roots left by a federal WPA music project of the 1930's.

Played in the same outdoor bowl in Balboa park where the WPA "star-light operas" were presented, the Mikado opened before an audience of only 400. Before it had completed a two-week run, nightly attendance was around 1,000.

The Chocolate Soldier, next offering, played to 15,000 in two weeks.

H.M.S. Pinafore followed for nine nights with the "standing room only" sign out the last three nights. The bowl's seating capacity is 1,200.

The production were by the San Diego Light Opera association, launched by three veterans of the

For warmth, comfort and good looks choose our outing flannel. These pajamas for boys, age 6 to 16, are very nicely tailored and are available in two-piece styles. Nice selection of patterns.

1.50 to 1.95

deans of women and women as his lieutenants.

Taking over as dean of men is Charles V. Dunham, advanced from assistant dean when the board of regents promoted Nowotny to the student life position. On the distaff side, Miss Dorothy Gebauer continues as the university's able and popular dean of women.

Dean Gebauer has one new assistant this year—Mrs. Martha H. Anderson, former lieutenant (jg) in the Spars—in addition to her two former assistants, Miss Margaret Feck and Mrs. Ann C. Allison. Before entering the Spars, Mrs. Anderson was on the dean of women's staff at Mary Washington college, in Virginia.

The cannon of all three ships in Columbus' expedition cost about 11,000 pesos—about equal to the cost of one of the big cannons on a battleship today.

### Texan Scores KO in 1st Round of Fight

OKLAHOMA CITY—Eddie O'wyler, 166, Gainesville, Texas, knocked out Georgia Murphy, 185, Chicago, last night in the first round of a scheduled ten-round main event boxing bout before a crowd of 800 at the stockyards coliseum.

There are about 1,200,000 Arabs in Palestine.

# Diamond Industry Within Palestine Said Booming

NATHANYA, Palestine — Jewish artisanship geared to American-type production lines will produce an estimated \$22,000,000 worth of cut and polished diamonds in Palestine this year, from an industry that began eight years ago with a \$1,000 debt.

Palestine's diamond industry, second only to Belgium as the world's cutting and polishing center, has revolutionized the centuries-old art of turning grubby looking rough diamonds into the scintillating gems.

There are 33 well-lighted, ventilated factories in the country, employing some 4,000 craftsmen who earn from \$75 to \$100 a week. Many of the workmen, Jews young and old, bear on their forearms the tattooed numbers that were put there in Nazi concentration camps.

Fourteen of the 33 factories are in Nathanya, birthplace of the industry in the Holy Land, and others are in Tel Aviv, Jerusalem and other cities.

The production line methods of

Lt. troit are adapted, with diamonds passing from one polisher to another, each applying his own special type and number of surfaces.

American jewelry stores absorb most of Palestine's finished diamonds. Last year plants here turned out \$24,000,000 worth of gems, 81 percent of which went to United States markets.

**Big As Golf Balls**

Diamonds polished in Palestine range from huge stones (the biggest was 92 carats) to the size of golf balls. To one so small it takes 200 of them to make one carat—one-fifth of a gram.

These tiny jewels, usually destined to stud a lady's wrist watch or similar valuables, are called "brilliant" and are cut in a way that gives them the appearance of larger stones. So skilled are the hands and eyes of these workmen that they with the aid only of an eight-power magnifying glass and a tool that serves only to hold the stone, grind as many as 57 separate reflecting surfaces on a diamond the size of a grain of sand.

Rough diamonds flow to Palestine from South African mines via the Diamond Trading Corporation in England. One shipment of roughs, averaging six carats per stone, may have two dozen stones worth a total of \$10,000. When perhaps sixty pairs of skilled hands have had a turn at it, this same shipment will have a hundred stones, weighing only 50 carats but worth \$30,000 or more. The added value is the skill of the polishers, the loss in weight is the dust from cleaving cutting and grinding.

**Allowances for Thefts**

Sorted as to size and color, a rough diamond goes first to the cleaver. He cleaves the diamond into the most valuable combination of smaller stones, using diamond diamonds as tools for diamonds. The cleaver studies and furrows the rough, and then in a nerve-wracking second strike he blows the single blow that cleaves the stone.

From cleaver to cutter where the cleaved stone is halved for polishing, to shaper to polisher is an average of one month's operation. Cutting, grinding and polishing is done by coating metal surfaces with diamond dust suspended in castor oil, a solution that costs the Palestine industry about \$2,000 a day. That cost, plus labor, machinery—and an average of \$50,000 a month written off in thefts by workers—puts the total cost of producing a polished gem out of a rough stone at \$75 per carat. Add to that the cost of rough diamonds and apparent is the reason diamonds have for 400 years been the symbol of wealth and romance.

Diamond cutting has become Palestine's No. 1 export industry within a period of eight years.

**Pyorrhea Curable In Early Stages**

AUSTIN—Contrary to the popular belief that pyorrhea is incurable, this is only true in the most advanced cases. Dr. Geo. W. Cox, State Health Officer, advises those persons who even suspect the presence of pyorrhea to take time by the forelock and seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment, since the symptoms are often so vague that the patient is unaware of its existence," Dr. Cox said. "Regular visits to the family dentist are therefore extremely important."

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

The family dentist can usually remove the cause of the trouble, Dr. Cox said, and when this has been done, intelligent routine home-care of the mouth by the patient will effect a cure in the majority of early cases.

Concern regarding pyorrhea should not be based upon the misguided notion of its incurability, according to the State Health Officer, but rather that it be discovered by the dentist when still in a curable stage.

**Gracie Reports**  
By GRACIE ALLEN

Goodness knows, I always try to find cheerful things to tell people about, so I certainly must comment on the price of one of the most important commodities coming down. I refer to airmail stamps, which now cost only a nickel.

That makes them just about the cheapest thing on the market today. If only they were good to eat!

George and I are sending airmail letters far and wide. For who can tell?—if other industries find out that the post office is making a big deal, isn't she, about six or seven grand?

Paulette is supposed to wangle a hard bargain with the studios, but this is just another myth, she said. Her Paramount contract, one of the most envied in Hollywood, was none of her doing, or so she claimed.

"I simply told a certain agent that if he would arrange a certain type of contract, I would sign him as my agent," she said. "He got it. I haven't been in the front office in three years."

Yvonne De Carlo admits Robert Stack is her new boyfriend. But nothing serious yet. A shower didn't stop Jane Powell from entertaining veterans at Sawtelle. She continued singing in the rain—Abbott and Costello start their radio show tonight and they claim it's entirely new. You won't even say "I'm a ba-a-a-d boy"—The RKO gang finally pulled a rib on Shirley Temple by posing an assistant director as an Arabian prince. She still doesn't know the hoax—Margaret O'Brien's family had to sell the Beverly Hills home to avoid cranks and gawkers who made life miserable—Ida Lupino is yachting with her latest, Sterling Hayden—Maria Montez will extend her French jaunt if the strike delays "Atlantis"—I guess the west is still wild. Leroy Prinz caught a possum out at Warners yesterday.

New ELECTROLUX vacuum cleaners are now being delivered. Also parts and service.

**Paulette Goddard Explodes Impression She's Money-Wise**

By BOB THOMAS

HOLLYWOOD — (AP) — For some years now, Hollywood and the general public have had the impression Paulette Goddard is a sort of glamorous J. P. Morgan, a gal with a sharp eye for collecting and retaining nicola. Well, you can forget it.

"I don't know where people get the idea I'm a shrewd business woman," she told me between scenes of "unconquered." "I hate responsibility. Honestly, I can't tell you how much money I've got or what banks it's in."

"Don't you have any investments?"

"Not a single one. Oh wait—that's right, I do own a piece of beach land above Malibu. It cost me \$50,000 and recently I turned down an offer to sell for \$80,000."

Among Paulette's other worldly goods is one of the most expensive jewelry collections in Hollywood, valued at close to a quarter-million dollars. And she didn't buy any of it.

"I came by it honestly," she quickly added. "You know, I've been married three times."

Checks evoke nothing but disdain from Paulette. Her secretary prepares them and the actress signs without reading them, although she may be more careful after this story appears.

"You know," she said, "I ran across a check for two weeks' salary in a sack just the other day. I don't know how it got there."
