OUR CIVIC CLUBS

Jaycees—Tues., Palm Room.
Rotary—Wed., Palm Room.
Lions—Thurs., Meth. Church.
Kiwanis—Fri., Meth. Church.

Week's Activities
JAYCEES—The club this week heard a discussion by Steve Matthews, former city manager of the election on the city form of government. Voters will cast their votes Tuesday on seven amendments to the city Charter. The board of directors will meet at the Chamber of Commerce office tomorrow night at 7:30, according to club President Joe Fischer. He urged all club members to be present at Tuesday's

meeting when election of officers will be conducted. Charles Thomas, of the West Theatre troupe, was in charge of the program.

ROTARY—Travis Lively, local business man, opposed the seven Charter amendments upon which the citizenry will vote Tuesday. He also appeared before the Kiwanis Club to oppose what he said would be "ward healing" if the amendments passed. Rev. Clyde Smith, new pastor at the First Methodist Church, spoke briefly on the meaning of Thanksgiving. The Rev. Douglas Carver, First Baptist Church pastor, announced a free sanitation course to be given at the Palm Room from Dec. 3 to 6. The club will meet with the Lions and Kiwanis at a noon luncheon Friday at the Palm Room.

LIONS—The Lions Club did not meet this week, due to the Thanksgiving holiday.

KIWANIS—Officers for the new year were elected. (See Page 1.) A musical program was conducted by K. C. Watkins. Appearing were Corky Cole, Oklahoma City, relative of Mrs. Harry Hoyer. She sang a number of selections from the accompaniment of Wanda Cook, also of Oklahoma City. Miss Cook is soon to be the bride of Mrs. Hoyer's son, Harry, Jr. The two were introduced by Mrs. Hoyer. Members next Friday will meet with members of the Rotary and Lions Clubs, at the Palm Room. Travis Lively also appeared before this club to discuss the coming election. Two transfer members were installed, Clyde Smith, from Big Spring, and Frank Wilson, from Austin.

CHARTER NO. 1

(Continued from Page 1)

It has ever been.

2. Payroll if the city of Pampa is the largest it has ever been, due to growth of the city, and the further fact that city employees are better paid than ever before.

Questions 3 to 9, all pertaining to calling of an election, are answered as follows:

The first petition presented to the City Commission was thought to be improperly drawn. It was suggested that the committee contact their lawyer for advice. They did, contacting attorney John Studer. Mr. Studer, advising with City Attorney Job Gordon, prepared another petition. Since Mr. Studer was in the race for county judge, so the committee said, he could not aid them publicly. According to the petitioning group, they then contacted a lawyer at Borger for advice. The committee again appeared, saying their attorney advised them they were ready to proceed with calling an election. Mr. Gordon advised the Commission and the committee that since they were rather confused, and to be certain all instruments were legal and procedure satisfactory, they should bring their attorney to the City Hall with them. The next week, Walter Rogers appeared with the committee as their lawyer, and advised they wanted to proceed on the original petition. The city attorney, working with Mr. Rogers, prepared the necessary legal documents for calling of the election. Pampa's City Charter provides that an election may be called within 30 days and not more than 90 days. The election was set some 45 days after the committee, with their attorney, reached an agreement.

10. The parking meters were installed, after surveys and requests by business men and other citizens, on a nine-month trial basis. Traffic and parking conditions have vastly improved. Receipts from the meters have exceeded \$20,000 the first seven months.

11. The city manager has a fixed automobile allowance of \$25 per month.

12 and 13. The City Commission has purchased equipment and supplies as required by the Charter and on the legal advice of the city attorney.

14. Jack Duncan, brother-in-law of the city manager, who is a returned veteran, was hired for a three-month period to run the swimming pool.

15. To better serve the people of Pampa, the Trash and Carbage Department was placed under the Health Department, and H. M. Brown was taken from Engineering Department and made superintendent. Brown is still so employed.

16 and 17. Jack Duncan, brother-in-law of the city manager, left the employ of the city when the swimming pool was closed.

Another List of Questions

If we have the ward system:

1. Would it promote harmony and unity?
2. Is it not true that all notorious corrupt city machines are where they have the ward system?
3. Is it not more democratic for the citizenship to have a vote on

CHARTER NO. 2

(Continued from Page 1)

rotation clause as a part thereof, is so far removed from democracy that the average citizen has refused to vote and said by his actions that Charter should be amended.

By choosing a commissioner or councilman from the several parts of the city, the citizenship will be brought into closer contact with their representative, and the governing body will know better what the average citizen wants and needs.

The United States is the strongest nation in the world and has grown strong under a representative type of government. How strong would it have been under the type of government that Pampa is now being operated under, and all of the senators and congressmen were chosen from New York, Boston, Philadelphia and Chicago?

The intellectual giants complain about the percentages of population in the different wards, and it must be assumed that the City Commission is underwriting this complaint. Perhaps the City Commission could tell the people why they refused to make any suggestions or render any assistance in setting up the different wards and told the petitioners that they were against any change in the present setup and that the petitioners would have to set up their own wards. Under the law it is the duty of the governing body to set up each ward so that the voting strength in each will be as nearly equal as practicable. If they are so anxious to do their duty to the people, why didn't they make another division of the town? It was suggested by the petitioners that the dividing lines of the wards be left open under the Charter and established later by ordinance. Your City Commission refused to agree to any such procedure and demanded that the wards be set up in the Charter.

They complain that under the

proposed Charter change a commissioner might ask favors for his ward. What could be wrong with that? At least there would be an opportunity to ask favors. Under the present setup, unless you live in the same ward with the present mayor and the commissioners, you can't even ask for favors, much less expect to receive them. Are we to understand that the present commissioners are favoring the wards in which they live and thereby discriminating against the wards or sections that are not represented on the commission?

Let us see what actually happens when all of the commissioners can be elected from one small section of the city as is now being done: "The present City Commissioners have held an election creating a bond issue of almost a half million dollars. This bond issue was for the purpose of replacing decayed sewer lines, to extend mains where needed to all parts of the city, and to construct storm sewers. The bonds were voted and sold above par value, and a part of the sewer line was replaced, but not one block of sewer life was extended in the districts where it is most needed. Why weren't these extensions made? The City Commission answers, "We couldn't get the sewer tile, and those extensions will have to wait another year."

While such answer was being given, it was a known fact that more than 20,000 feet of new sewer line was laid in an addition outside of the city limits, was connected to the city line as an extension thereto, and at that time served only approximately six families.

This does not prove that our present City Commissioners are not striving to the best of their ability, but it does prove the weakness of our present method of city government where all of the commissioners are elected from one district. Your Charter has been changed in the past so that the governing body of the city is not all elected at one time, as provided under the state law, but are elected one at a time. The danger of this arrangement has been shown by what has happened in the last two city elections. The political dominance has been so strong that there has not been a volunteer for the office, and the Chamber of Commerce and others of the City Hall family had to spend some time in finding a man who would permit his name to be placed upon the tickets under such circumstances; and when election day rolled around less than 3 percent of the qualified voters went to the polls to vote.

The amendment of the Charter will create a fair and representative type of government for this city of the same identical type as our national government, our state government, our county government, and the government that is used in the operation of nearly all organizations in a free country. It is true democracy for the reason that it gives the underdog and the minority

Services Set Monday For Allan Houston, 23

Funeral services will be held Monday at 10 a. m. from the First Baptist Church in Skellytown for Sam Allan Houston, 23, who died in a Ventura, Calif., hospital following an automobile accident.

Survivors include his wife, Helen, of Long Beach, Calif.; step-father and mother, Mr. and Mrs. C. G. Huckins of Skellytown; brothers, Jack Houston serving in the Army in Delaware, Gerald and Norvel Huckins of Skellytown; sisters, Mrs. Roxie Broughon of Higgins and Barbara Huckins of Skellytown.

Acting as pall-bearers will be Clyde Weaver, J. W. Weaver, Gene Hiram, Merle Harlan, Tavo Vaughn and Kenneth Huey.

Services will be conducted by the Rev. M. O. Evans, pastor of the Skellytown church, and burial will be in Fairview cemetery under the direction of Duanel-Carmichael Funeral Home. There will be a military service at the grave.

Without this right in the minority group, a bare majority will rule and run over any minority group or minority groups—the thing that is happening in Russia today.

Vote "YES" on all of the Charter amendments and insure yourself and your neighbor at least a voice in your local government.

Up In Smoke

AMARILLO (AP)—Fires causing an estimated damage of \$250,000 swept the Amarillo Cotton Oil Company hull house here last night. Several hundred tons of livestock feed were destroyed.

Scout-O-Rama Planned Feb.

Scouts and Scout leaders of the Gray District Adobe-Walls Boy Scouts of America, last week inaugurated preparation for a Scout-O-Rama to be held February 15 in the Junior high gymnasium. Scout Executive Hugo Oisen said Saturday morning.

The decision to hold the Scout-O-Rama came after the Scout Roundtable voted against holding merit badge exhibition because available merit badges that could show would only be duplicated in previous years. However, the masters elected to alternate shows each year by having a Scout-O-Rama one year and a merit badge exhibit the next. Borger is holding a merit badge exhibit this year and will hold their Scout-O-Rama in 1948.

The new program will depict all

Market Briefs

WALL STREET STOCKS
NEW YORK, Nov. 30—(AP)—Profit taking on three successive upturns handicapped today's brief stock mar-

ket and resulted in irregular trends for most departments. Many customers cashed in for profit over the weekend. Others bought timidly on the idea that the national coal dispute, threatening the flow of power, would not be permitted to continue indefinitely. The flow of pleasing dividends and earnings was helpful but conservatives inclined to caution because of the

thought that this was "water over the dam." Tax selling tapered although there was enough of it to stall individual buyers.

Prices slipped here and there after a fairly steady and quiet opening. Initial gains ranging to a point of 30 were reduced or converted into declines in a number of cases near the close. Both bids and offers were timid and transfers for the two hours dwindled to around 40,000 shares.

Better performers included American Telephone & Telegraph, International Harvester, Glenn Martin, Du Pont, American Can, Union Carbide, Bethlehem, Chrysler, Montgomery Ward, U. S. Rubber, Anaconda, Southern Railway, Great Northern and Bal-

timore & Ohio.

Weakening grain and cotton futures tended to chill enthusiasm in the share division. Bonds were relatively steady. Resistant in the curb were TPO Roofing, Brazilian Traction, Panhandle and Niagara, Hobson, Lacking much support were Middle West Corp., Electric Road & Share and De Jay Stores.

CHICAGO GRAIN
CHICAGO, Nov. 30—(AP)—Grains broke sharply under heavy selling on the Chicago Board of Trade today, although the market rallied slightly from extreme lows scored during the first hour of trading.

At one time the January wheat contract was down 8 1/2 cents, largest one-day drop since prior to the war, at that level resistance demand was encountered. Prices moved up several cents from their lows but were unable to approach yesterday's close.

Corn and oats were off more than 2 cents at times, market rally developed in both grains. Wheat also broke sharply at Kansas City and Minneapolis. Rye was down 30 cents, 10 cents at one time at Winnipeg.

Soft winter wheat, No. 2, corn dropped 2 to 5 cents and oats 2 to 4 cents.

Wheat closed 3 1/2-3 3/4 cents lower, January \$2.01, corn was off 2 to 2 1/2 cents, January \$1.22, 81 cents, finished 2 to 2 1/2, lower, December 78 1/2-3/4.

FORT WORTH GRAIN
FORT WORTH, Nov. 30—(AP)—Wheat No. 1 hard 2.20-2.24. Barley No. 2 1.48-1.50. Oats No. 2 white 90-97 1/2. Corn No. 2 yellow 1.57-1.58. Sorghums No. 2 yellow milo per 60 pounds 2.03-2.08.

CHICAGO WHEAT
Open High Low Close
Jan. 2.01-2.01 2.015 1.95% 1.974
Mar. 2.01-2.01 2.015 1.96% 1.974
May 1.91-1.91 1.91 1.86% 1.87%
July 1.74% 1.74% 1.69% 1.71%

FORT WORTH LIVESTOCK
FORT WORTH, Nov. 30—(AP)—(USDA)—Cattle: compared week ago; beef steers and yearlings strong, cows mostly 25-30 higher, hinds fully 25 lower, best killing calves strong, others weak, stockers weak to lower.

Week's tops: good beef steers 25.00; cows 16.00, hinds 11.00, calves under 500 lbs. 16.50, heavier weights 15.50, stocker calves and yearlings 16.75.

Week's bulks: good beef steers 16.00-16.00; common 12.00-15.00, medium and good cows 11.00-15.00; hinds 8.50-12.00. Good and choice killing calves 14.50-16.50; common and medium 9.00-12.50; good and choice stocker calves and yearlings 14.50-16.25; common and medium 11.00-12.50. Stocker cows 8.50-11.50.

Hogs: For week: butcher hogs steady to 50 higher, sows and pigs steady. Week's tops: butcher hogs 35.50; sows 25.50; piglets 20.90. Bulk prices this week: good and choice 180 lbs. up 25.00, good and choice 140-175 lbs. 21.00-24.00, sows 25.00. Stocker pigs 17.00-20.00.

KANSAS CITY LIVESTOCK
KANSAS CITY, Nov. 30—(AP)—(USDA)—Cattle: 300 calves of slaughter steers and heifers largely steady; strictly good cows steady; hinds steady to 25 lower; bulk of slaughter steers medium and good 20.00-26.00; few leads medium short feds and grassers 18.00-20.00; common and medium Mexicans 14.50-15.75; few strictly good and choice fed yearlings 22.25-30.00; most medium and good grain fed heifers 16.00-22.00; good beef hinds 15.50-16.00; good and choice vealers 17.00-18.50; comparable grade and choice calves 15.00-16.50; most good and choice steer calves 16.00-19.00.

HOGS 50: compared with last week

Indicted—12 Times

SHERMAN—(AP)—Robert Edgar Griffin, Frisco, Texas, was indicted today by a Federal grand jury on 12 counts of theft in connection with the disappearance of 60,500 bushels of wheat belonging to the Commodity Credit Corporation. The wheat was said to have been stored in a Frisco elevator.

(Griffin posted \$5,000 bond today in U. S. District Court.)

Planes Over Mexico

CORPUS CHRISTI—(AP)—Vice Admiral Gerald F. Bogan, USN, has arrived here to assume command of four squadrons of navy "Harpoons," twin-engine PV-2 patrol bombers, which will participate in inaugural ceremonies for the Aleman presidential administration to Mexico City.

The squadrons were scheduled to fly to Mexico City today.

Bogan is commander of the air force of the Atlantic Fleet.

"A Hale Cobbler Is a Better Man Than a Sick King"

★ Through the years many wise men have emphasized the true richness of glowing, vibrant health. No one has summarized the almost universal recognition of the value of health better than Bickerstaff, who said, "A hale cobbler is a better man than a sick king."

The chief job of the physician and the pharmacist is to keep you well. To this end both are educated, equipped, and dedicated in purpose. As pharmacists, we are better prepared than ever before to serve the health needs of this community. We invite you to inspect our modern prescription laboratory.

VOTE 'NO'

ON THE CITY CHARTER AMENDMENTS

These amendments, if adopted, would radically change the form of our City Government. They would divide the town into four wards, and would provide for a commissioner to be elected by the residents of each ward and a mayor to be elected at large, rather than having all members elected by the entire citizenship as in the past

DON'T LET THE PLAN OF THESE AMENDMENTS FOOL YOU! THEY SHOULD BE DEFEATED BECAUSE:

It is not democratic--

Under their provisions, you, as a citizen, would only have a voice in the selection of one commissioner and the mayor, only 40% of the governing body of your city. For the privilege of having one commissioner who resides in your section of Pampa, you would sacrifice 60% of the power of your ballot in city elections. Keep the right to vote for or against each and every man in City Commission. VOTE NO.

2. It is not representative--

Under the proposed amendments, wards are not divided fairly and equally either in population or tax valuations. Ward No. 1, with 35% of Pampa's population and 42% of tax valuation would have only the same representation as Ward No. 4, with 17% of population and 13% of tax valuation. Let's keep a fair and equal representation in our City Hall. VOTE NO.

3. It would create disunity--

Under the proposed plan, each commissioner would be obligated only to those citizens of his ward, instead of to the citizenship as a whole. This would prevent harmonious operation of the City's business, and would tend to increase the friction and sectional differences. It would make for waste and inefficiency. VOTE NO.

4. It is a step backward--

Pampa has operated as the great majority of progressive cities have. Only 28% of the cities of America do operate under the ward master system. The proposed plan would not help Pampa or any section of Pampa. VOTE NO.

This election does not involve personalities--

It is not an election involving officials or employees. The issue is only what form of government Pampa shall have in the years ahead. If there is any dissatisfaction with anything that involves or concerns and department of the city, a proper procedure would be to talk to either commissioner or the mayor so that they would have the opportunity to clear up the matter. The dissatisfied person has no assurance that these amendments would accomplish anything for him.

KEEP THE FULL POWER OF YOUR CITY BALLOT. DON'T PERMIT A REVERSION TO AN OUTMODED, INEFFICIENT, WARD-HEELER SYSTEM IN OUR CITY GOVERNMENT. VOTE NO!

(This Ad Paid for by Citizens Interested in Continuation of Our Good Form of City Government)

**Rheumatic Heart
First Cause in
Children's Deaths**

AUSTIN—Rheumatic heart disease is now the first cause of death among children aged 10 to 14, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox, and whooping cough has yet been developed for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrists. The pain usually is felt in one of these centers and spreads to the others. Oftentimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of

rheumatic fever. According to Dr. Cox the best safeguards against this disease are to have each child examined at least once a year by a physician, to have the right kind of food and plenty of rest. When the disease is suspected of being present, a doctor should be consulted at once, and if he prescribes complete bed rest, his advice should be implicitly followed.

Former Teacher Here Is in Germany
Miss Clara Glick, formerly a teacher in the Pampa school system, is among the first of a number of American school teachers to arrive in Germany.

Miss Glick, whose home is at Fort Worth, has been assigned to teach at Erlangen, Germany. She told a public relations officer that she expects to take advantage of her stay in Germany by doing a good deal of traveling.

More than 9 percent of Mexico's population is of pure Indian or mixed Indian blood.

The Bible is a book of faith and a book of doctrine, and a book of morals and a book of religion, of special revelation from God; but it is also a book which teaches man his own individual responsibility, his own dignity, and his equality with his fellow man. —Daniel Webster.

BUSINESSMEN

(Continued from Page 1) Fraser and with Hughes—and with other persons in the past. Hughes, who has either built or will have built within 90 days 357 houses in this community, said he had never used city employees on any of his jobs, that the city had never donated any machinery for his work, nor that he had any streets paved at the expense of the city.

The city has probably given one and one-half days of grading in the Carr-Terrace addition, and that was after rains, he explained. But he added, the streets were in the city, and the taxes had been paid on the property.

On the other hand, he said, he has paid to the city almost \$1,100 for patrol (grader) service in the addition, at \$8.50 per hour.

Sewer and water systems were installed in the addition in August, 1945, and the only time the city engineer was in the grade, regulated by checking the grade, required by the city, since then he said the city has become subject to taking over those lines. Payment for them is in order at this time. Hughes declared.

A total of \$18,750 has been placed in escrow by Hughes, in contract with the city, for paving that was done several months ago. This money would be sufficient to repave the street if the job does not meet with the specifications of the city.

Mayor Oden told a reporter: "We haven't lent, given or sold them (Hughes and Fraser) a joint," meaning water pipe and sewer tile. Quizzed on what has happened to the sewer construction and improvement money voted by the people in

a special bond election a few months ago, he gave this picture: "Already, \$103,000 of the \$453,000 voted has been spent for laying out fall lines, for right-of-way bought and damages paid on adjoining properties, and for engineering fees accrued in drawing up the entire sewer plans, including plans yet to be executed.

The remainder of the funds, \$350,000 is in government bonds, drawing interest at the rate of 2 1/2 percent. The interest rate at which the bonds were sold is 1.845 percent, he said.

"The City," he continued, "has other government bonds maturing, but I wanted to show you what had happened to this particular money."

Car Burns—1 Dead SAN ANGELO—(AP)—One person burned to death and two others were injured when an automobile burst into flames after striking a concrete culvert near here today.

Alvin Royce Spann, 16, died in the burning wreck, while his brother, Riley Willis Spann, 18, is in a serious condition at a hospital here. He suffered third degree burns and a broken leg.

Curtis Lee, 20, driver of the car, was not seriously injured.

'THE CHURCH OF CHRIST'

- 1—IS "THE CHURCH OF CHRIST" MADE UP OF ALL THE SAVED IN ALL DENOMINATIONAL CHURCHES? Yes, if there are any saved people in any of the denominational churches, they help to make up "The Church of Christ." Jesus adds all the saved to his church. Acts 2:47.
2—ARE THERE ANY SAVED PEOPLE IN ANY OF THE DENOMINATIONAL CHURCHES? 1—Every denominational church on earth started by the doctrines and commandments of men. 2—Each one is continued by man's will and way. 3—They are all unscriptural in some way or other. 4—They are out of harmony with God's will and way. 5—Only those who do God's will and follow his way can be saved. 6—God's way is ONE CHURCH. 7—That church is "The Church of the Lord," or "The Church of Christ." 8—In this church, and in this church only, can people claim the salvation of their souls, and the Father-hood of God. 9—All denominational churches are foreign to God's will. 10—The person that continues to support them, encourage them, or remain in them, has no promise of salvation. 11—If anyone should be saved in any denominational church, it would be in spite of that denominational church and not because of it. 12—There is no salvation in any ONE denominational church, nor is there any salvation in all of them put together.3—WHY DO I WARN YOU AGAINST ALL DENOMINATIONAL CHURCHES? 1—Because I want you to be saved. 2—No denominational church will teach you all you must do to be saved. If they did, it would cease to be a denominational church. It would be "The Church of Christ," if it taught all the truth. 3—"The Church of Christ," and only "The Church of Christ" will tell you all that you must do to be saved. 4—"The Church of Christ" has all the truth and nothing but the truth. That does not mean that a certain group of people has a monopoly on the truth, and that no others can receive it; but it does mean that all who accept all the truth, and nothing but the truth, will become members of "The Church of Christ," and will join themselves to no other. 5—"Jesus therefore said to those Jews that had believed him, if ye abide in my word, then are ye truly my disciples; and we shall know the truth, and the truth shall make you free." Jo. 8:31, 32. 6—"The church that has less than all the truth, more than the truth, or misrepresents any part of the truth, is not "The Church of Christ." 7—Every denominational church either has less than all the truth, more than all the truth, or misrepresents part of the truth, if not it would be "The Church of Christ."4—WHY DO PREACHERS CONTINUE TO PREACH DENOMINATIONAL ERROR? 1—I don't know. 2—Some have said that they would lose their jobs if they preached the truth. You would be surprised how much money some preachers get, and how well they fare on the money that poor people pay them to lead them in error. If any preacher of that kind reads this you will be apt to hear from him, but just remember that the same kind fought Paul when he encouraged people to LEAVE ERROR AND ACCEPT THE TRUTH. (Read Acts 19:8-41). 3—But other preachers are honest and just don't know any better. They have gone to the WRONG schools, studied the WRONG books, learned the WRONG things, have the WRONG knowledge, trust the WRONG guide, blindly teach the WRONG thing, and they, unintentionally, lead people in the WRONG way. 4—But does that make it any better because they do it blindly? No, Jesus said, "They are blind guides. And if the blind guide the blind, both shall fall into a pit. FRIENDS, JESUS HAS GIVEN US THE RIGHT WAY, AND WE MUST LEARN HIS WAY AND FOLLOW IT IF WE EXPECT TO BE SAVED!"5—BUT THE PEOPLE WHO THINK THEY ARE DOING THINGS IN JESUS' NAME, AND CALL HIM LORD, LORD, WILL THEY ALL BE SAVED? NO, FRIENDS! ONLY THOSE WHO DO GOD'S WILL CAN BE SAVED! Jesus said, "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father who is in heaven. Many will say to me in that day, Lord, Lord, did we not prophesy by thy name, and by thy name cast out demons, and by thy name do many mighty works? And then will I profess unto them, I never knew you: depart from me, ye that work iniquity." Mt. 7:21-23. Again he said, "Ye hypocrites, well did Isaiah prophesy of you, saying, This people honoreth me with their lips; but their heart is far from me. But in vain do they worship me, teaching as their doctrines the precepts of men. . . . Then came the disciples, and said unto him, Knowest thou that the Pharisees were offended, when they heard this saying? But he answered and said, Every plant which my Father planted not, shall be rooted up. Let them alone: they are blind guides. And if the blind guide the blind, both shall fall into a pit." Mt. 15:7-14.6—WHY DOES JESUS GIVE US SUCH WARNING? 1—Because he knew that there would always be men that love themselves and their doctrines better than they love him. 2—He knew that people would be prone to follow what they love. So he said, "If ye love me, ye will keep my commandments." 3—He knew that he could save only those that would keep his commandments. Rev. 22:14.

KNOWING THE TERROR OF THE LORD WE PERSUADE YOU TO TURN FROM ALL MANNER OF ERROR! BE A CHRISTIAN AND CHRISTIAN ONLY! BE A MEMBER OF "THE CHURCH OF THE LORD" AND "THE CHURCH OF CHRIST" ONLY! FOLLOW THE WORD OF THE LORD AND THE WORD OF THE LORD ONLY! DO THE WILL OF GOD AND THE WILL OF GOD ONLY! MAY GOD BLESS YOU AND HELP YOU TO DO HIS WILL IN EVERY THING! YOU THAT PRAY, PRAY FOR US! YOU THAT PRAY NOT, WE DESIRE OUR BEST WISHES! When you can, meet with us at 500 N. Somerville St., or go to "The Church of Christ" nearest you. Watch for another add next week. (CLIP THE ADDS AND STUDY THEM CAREFULLY!)

CHRISTMAS

(Continued from Page 1) mas season, merchandise that is of higher quality and priced lower than last year. Many veterans and their families will be together again for the first Christmas in several years. Regardless of United Nations mistrust and labor disputes, worries over lasting world peace and production tie ups, Christmas will take on a new meaning to most of us this year. Possibly a lot of us may not have so much, but perhaps we've learned to appreciate the things we do have a great deal more.

London contains more than 5454 licensed houses, including hotels and restaurants.

The Geese Are Safe, Hunters Experienced A trio of sportsmen didn't get the geese—but they must have enjoyed the walk. At least, they walked enough that they should have enjoyed it. The story is told that Thanksgiving Day, Bill Greer, and Linder Phillips, employees of the Pampa News, and Roy Kretzmeier, farmer northwest of Pampa, espied at least 100 geese flying over. They started after them, in their car. For two hours, the story goes, they followed them from place to place, waiting for them to settle down. Finally they did. For the next two hours they walked and crawled toward the sitting quarry. When about 40 yards away, the hunters were getting set to bring in the "wailing fowl." A fellow came tearing across the field in his car, and the geese took off for parts unknown. Cattle may develop nutritional diseases because of lack of phosphorus in their feed. John F. Studer Attorney At Law First National Bank Bldg. Room 12 Phone 500

Lowly Middies Almost Mar Cadet Record; Final, 21-18

By SID FEDER MUNICIPAL STADIUM, Philadelphia—(AP)—The Army's cadets wound up their three-year run unbeaten yesterday, but only by the squeaky margin of three extra points, as the Navy picked itself off the floor from its worst season in history to battle the mightiest gridiron machine of a generation to a standstill.

Porkers Oppose Louisiana State In Cotton Bowl

DALLAS—(AP)—Jimmy Stewart, executive secretary of the Southwest Conference, announced here yesterday that Louisiana State University and the University of Arkansas would meet in the Cotton Bowl here New Year's Day.

Arkansas, as co-champion of the Southwest Conference, is the host team. It entered the Cotton Bowl last week when Rice, tied with Arkansas would meet in the Cotton Bowl here New Year's Day. Arkansas, as co-champion of the Southwest Conference, is the host team. It entered the Cotton Bowl last week when Rice, tied with Arkansas would meet in the Cotton Bowl here New Year's Day.

Unknown Texan Stars for Irish

SOUTH BEND—(AP)—A tiny Texan, 160-pound Coy McGee of Longview, showed Notre Dame's regular line how to block in practice sessions, carried the ball only six times but gained the amazing total of 146 yards, or an average of over 24 yards per try.

The Geese Are Safe, Hunters Experienced

A trio of sportsmen didn't get the geese—but they must have enjoyed the walk. At least, they walked enough that they should have enjoyed it. The story is told that Thanksgiving Day, Bill Greer, and Linder Phillips, employees of the Pampa News, and Roy Kretzmeier, farmer northwest of Pampa, espied at least 100 geese flying over. They started after them, in their car. For two hours, the story goes, they followed them from place to place, waiting for them to settle down. Finally they did.

Lufkin Awarded District Crown

8 Persons Injured In Explosion at Houston Refinery

HOUSTON—(AP)—An explosion and fire at the Eastern States Oil Refinery on the Houston ship chan-

nel had engulfed eight raw gasoline storage tanks and injured a reported eight persons Saturday afternoon. More than 100 firemen were attempting to keep the raging blaze from spreading to other sections of the plant. Two hours after it started it was still within one storage area surrounded by a concrete fire wall. The plant is at the edge of

Moslem League Head Will Attend Meeting

NEW DELHI—(AP)—Finance Minister Liaquat Ali Khan, secretary of the Moslem League, announced after a meeting with Viceroy Lord Wavell and Mahomed Ali Jinnah, president of the Moslem League, yesterday that Jinnah definitely would participate in the London parley on India's political problems. The two Moslem League officials conferred with the viceroy for a half hour.

The party will take off for London today, Liaquat Ali said. Earlier there were persistent rumors that Jinnah had decided not to attend the London meeting.

Seven Houston firemen and one refinery employe were said in early reports to have been burned. Three men had been hospitalized at St. Joseph's infirmary. All three, John C. Brooks, 27, S. E. Blyard, 32, and Charles V. Domingo were in serious condition, doctors reported.

According to refinery employes, the fire started in a 2,000-barrel storage tank about 2 p. m. while firemen were battling this blaze the tank blew up with an explosion that was heard for miles. All the injured men were burned in this explosion.

The top of the tank was blown into the air and onto another of the nine tanks grouped in the area. Blazing gasoline was thrown over these tanks, and eight burst or exploded intermittently. The last, with a terrific explosion and shower of fire, blew up at 4 p. m.

At 4 p. m. refinery officials said they hoped to confine the fire to the enclosed storage area. No cause was determined immediately for the beginning of the fire. Plant officials estimated that if the fire is confined to the present area loss will amount to about \$30,000. Five of the tanks are 2,000 barrel capacity and four are 1,000 barrels.

'Friendly Advice' is Offered Leaders

WASHINGTON—(AP)—Senator Henry C. Dworshak of Idaho, one of the 17 first term Republicans in the new senate, yesterday offered "some friendly advice" to William Green, Philip Murray and all other union leaders.

"They must start now trying to be on friendly terms with both political parties if they want to keep organized labor out of the political doghouse."

The world consumes approximately 40,000 tons pepper annually.

Canal irrigation is used on one of every eight acres of the 244,000,000 crop acreage of India.

A rainfall of one inch over an area of one acre equals 101 tons of weight.

COAL STRIKE

(Continued from Page 1)
The fines once a settlement is reached.

These developments occurred on the outskirts of the court controversy:

1. The Virginia State Corporation Commission, it was reported, may go ahead with its scheduled hearing against Lewis regardless of whether he or his counsel shows up. The hearing is to determine whether Lewis should be barred from selling UMW "memberships" in Virginia because the union has not registered with the commission. UMW's benefits to members, the

complaint contends, amounts to securities which should be registered.

2. The Interior Department reported that conferences already have started between Federal agencies and companies which propose to pump natural gas to the East through the Big and Little Inch pipelines during the coal emergency.

3. New Proposals for legislation to promote labor peace are expected

from a three-day conference of state labor commissioners and union leaders which will start Monday. At the Capitol, a check showed strong support for President Truman in his finish fight with Lewis from both Democrats and Republicans.

Once fertilized, a splicer will continue to lay fertile eggs for about four years.

About 107 national and international unions are affiliated with the American Federation of Labor.

Mobeetie Young People Entertained at Banquet

MCBEETIE, (Special)—The First Baptist Church gave the Young People and Intermediate class a Thanksgiving banquet Nov. 25. A program consisting of a coronet solo by Lou Beck, a duet "Follow the Green" by Roberta Leonard and Betty Ruth Brewer was presented. Rev. Fullington of Wheeler then made a short address. Toastmaster Dinzel Leonard called for a toast by Rev. Cooksey. A sumptuous meal was then served to the large number present.

Grover Heard Names New Firm Manager

Ted Ratcliff, who has been employed as plant superintendent for a creamery at Amarillo, has been named as manager of the Heard's Creamery here, it was announced yesterday by Grover Heard.

Heard, who has managed his business for a number of years, said he is going to take a rest, upon the suggestion of his physician.

In commenting upon the completion of his new building on W. Foster St., he said he planned to move in within a few days.

He said there was about \$125,000 invested in the building and the equipment. The plant is now located at 501 Sloan St. He said he plans a formal opening of the new plant.

SCRATCH "NO"

With the city debt the highest in our history, it's time for us to scratch "NO" on the seven amendments to the city charter. Your city officials have served notice on the tax payers they would need one hundred thousand dollars more in 1947 than they spent in 1946.

If you want to vote for a City Government for —by—and of the people scratch "NO" on the seven amendments on your ballot like the example shown below. Cut this sample ballot out for your future reference.

A QUALIFIED VOTER

1. Is a person that has lived in Pampa six months previous to this election and has a poll tax receipt.
2. Old folks that have old age certificates.
3. Any person that has a discharge from the armed forces.

Sample Ballot

"Shall Section 1 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:

YES

"Section 11. MAYOR PROTEMPORE: In the event of the absence or disqualification of the Mayor, the Commissioners present shall select one of their number to serve as Mayor Protempore."

YES

"Shall Section 14 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:

YES

"Section 14. LEGISLATIVE PROCEDURE: Any three (3) members of the Commission shall constitute a quorum for the transaction of any business, and the affirmative vote of three (3) members of the Commission shall be sufficient and necessary to adopt or repeal any ordinance or resolution. The vote upon the passage or repeal of any ordinance or resolution shall be taken by "Yes" and "No" vote and entered upon the journal. All members of the Commission shall vote upon every question, ordinance or resolution, provided that not more than one member of the Commission may be excused from voting by a vote of the other three members, which shall be entered upon the journal. Any Commissioner refusing to vote unless so excused shall be entered on the journal as voting in the affirmative.

Every ordinance or resolution passed by the City Commission shall be signed by the Mayor and attested by the person acting as City Secretary and the seal of the City impressed thereon within two (2) days after its passage."

YES

"Shall Section 6 of Article VIII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:

YES

"Section 6. ELECTION OF MAYOR AND COMMISSIONERS: If such amendments shall be adopted, then it shall be the duty of the City Council, within ten (10) days after such election for the adoption of the amendment shall have been held, to call an election for the election of a Mayor and four (4) Commissioners, which election shall be held under the direction of the City Commission, according to the laws of the State of Texas regulating municipal elections."

YES

"Shall Section 7, Article VIII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:

YES

"Section 7. Within five (5) days after the election of the Mayor and all the Commissioners, they shall each take the oath of office and qualify as such Mayor and Commissioners, and shall hold their respective offices until the first Tuesday in April, 1947, and until their successors are elected and qualified, unless sooner removed under the provisions of this Charter."

YES

"Shall Section 11 of Article VII of the Charter of the City of Pampa, Gray County, Texas, be amended so that it shall hereafter read as follows:

THE BIGGEST BARGAINS IN PAMPA

And I mean just what I say. Talk about buying these little four-room houses for \$5000, here's something that you can buy for a lot less, and have a big income on the side. I have a big four-unit apartment house for sale. It is two story and has three rooms to the Apt., each with its own private bath. It is furnished and three of the Apts. are bringing in more than \$100 per month rent, and this is OPA ceiling. The owner lives in the other apt., and of course, when it sells you could move into it and still collect all this good money every month. I have looked this Apt. house over from top to bottom and it is in good shape. In fact the owner has just spent over \$500 on having it painted, and the plumbing put in good repair. The owner has other business interests, and has not to get out of town quick, hence all this bargain talk. You can assume the \$5000 he owes on it, and add about \$2000 more which would make a total of around \$7000, and I believe I could talk him into the notion of accepting it. . . . But you are going to have to hurry, because it's just like I say, he's leaving town, and when he does it's going off the market, as he's already made arrangements with another party to collect the rents and mail him the check, and I don't blame him as he's really got something here—should it be in any ideal location, just a little ways from downtown Pampa—say about 5 blocks.

Whether it be an apartment house or a good home, farm, ranch or anything, it might pay you to see us as I honestly believe that we have one of the largest listings in this part of the Panhandle. When you think of Real Estate, think of J. WADE DUNCAN 40 years in Pampa

Duncan Bldg. Phone 312

ARNOLD & ARNOLD Room 3 Duncan Bldg. Ph. 758 P. O. Box 1758

6-room house with living and dining room carpeted, has double garage. Close in. \$6,500.00. Wholesale and retail oil and gas, building and equipment. In Groom, Texas. \$250.00. 5-room on Wilcox Street, double garage, Wilcox Street, \$3150.00.

3-room house, immediate possession, \$2150.00. 4-room house, modern, to be moved, \$1950.00. 1 have some good listings on duplexes, in good locations.

Also 2-, 4- and 5-room houses in desirable neighborhoods, not listed. 320-acre farm 1 1/2 miles from Pampa, has 200 acres in wheat, 130 acres in pasture, all fences, well improved. Immediate possession. We appreciate your listings.

LEAVING PAMPA? DO YOU WANT TO SELL YOUR PROPERTY? If you want to sell, list with me. I have a ranch home, 2 1/2 to 40 years, at 4 percent interest, no title expense, no inspection fee, no commission. Can close deals very quickly.

Leaves From a Correspondent's Life Notebook

By HAL BOYLE
 NEW YORK—This may get Paul Holt shot as a traitor in Pinedale circus at high noon when he returns to his native England, but he said in front of three witnesses that America "is the most civilized country in the world."
 Not only that but Paul, who is a highly intellectual citizen of the British commonwealth and one of its best known journalists, said further: "And I like America. It's a wonderful place."
 Well, if this isn't heresy from a foreigner, it is certainly a fresh note from a new angle.
 Holt came here a few weeks ago for the first time since 1937. One of his assignments was to assess the present stage of anti-British feeling in America, and this is his report:
 "I didn't find any."
 Holt rates the United States tops in civilization because "it's a twenty-

four-hour-a-day country. You can work, eat, drink, loaf or play any time in the day or night. There is always something doing."
 "It is the most vigorous place in the world—vigorous and violent. It is so exciting to find people roaring their hearts out for something they want. They haven't given their individuality to a government to run as nearly every other people have. Here they demand things and still grasp for them as individuals."
 Holt doesn't see America as a land of money grubbers.
 "As a matter of fact you have lost your faith in the dollar," he said, "and you'll have to find faith in something new."
 "I think that a little song I heard in a night club—there isn't any money in money any more—is the theme song of America now."
 Both Holt and his wife, Estelle,

British Somaliland was occupied by Britain in 1827 after an attack by inhabitants on a British ship.

Carson Farmers To Hold Elections

PANHANDLE, (Special)—Farmers in Carson County will receive notices within the next week about annual elections of community and county farmer-committees, J. W. Everly, chairman of the County Agricultural Committee, said.

Each of the county's four farming communities will elect three committeemen and two alternates, as well as a delegate to the county convention where a three man county committee will be elected.

Everly said that approximately 200 farmers are eligible to vote in the elections this year. Eligible farmers are those who are participating in the 1946 agricultural conservation program. This includes own-

ers, operators, tenants, and shareholders on farms where the conservation program is being carried out. Because of the community property laws in Texas, the wife may vote if the husband is eligible to vote.

In announcing the elections, Everly urged that all farmers who are entitled to vote go to the polling places and vote. Since the committeemen are responsible for developing, adapting, and administering national farm programs to meet local problems and needs, it is important that the men elected really represent the choice of the majority of the farmers in the community.

There is one street car, gas, bus or trolley coach for every 1,500 persons in the United States.

Local Housewife Is Mentioned on Mutual

Mrs. R. H. Clemons, 927 E. Scott, St. Thursday was one of a number of housewives mentioned on Mutual's "Tell Your Neighbor" program, aired locally through KPDR each weekday.

The program, which comes on at 10:15 a. m., related an amusing incident: The announcer said Mrs. Clemons had asked her husband to get a pound or so of cooking shortening. When he failed to do so over a period of days, always saying

he would do so the next day, she became desperate. One day when he came home and said "When do you eat?" she said: "I forgot to cook today. We'll eat tomorrow!"

Phillips to Begin Six New Wells Throughout Area

The Phillips Petroleum Company recently commenced six wells in the area and announced the completion of a heavy producer in Adams County, Mississippi.

Three of the six well commenced are in Gray County and two are located in the area eight or nine miles south of Kingsmill. They are the No. 2 Urb, a proposed 3100 ft. test located 2974' fr. N and 2314' fr. E lines of Sec. 189, Bk. B-2, H&GN Survey; the No. 2 Doss, a proposed 3200 ft. test located 992' fr. S and 330' fr. W lines of Sec. 141, Bk. B-2, H&GN Survey; and the No. 1 Marilyn, located 1649' fr. N and 330' fr. W lines of E 1/2 of Sec. 152, Bk. B-2, H&GN Survey, twelve miles S of Pampa.

Hansford County—No. 1 Nate, 2532' fr. N and 2580' fr. W of Sec. 102, Bk. 2, GH&H Survey, No. 1 Chuck, a proposed 2800' test located 330' fr. E and 2310' fr. S lines of Sec. 5, Bk. 3-B, GH&H Survey.

Texas County, Oklahoma—No. 1 Luman, a proposed 2900' test located 2538' fr. E and 2535' fr. S lines of Sec. 3-IN-15E.

Phillips Petroleum Company's No. 1 Artman in the western part of Adams County, Mississippi, has opened a new pool from the Wilcox sand.

This well is located on a 5,000-acre block owned by Phillips and is approximately 10 miles northwest of

Rules-Regulations To Govern Three Texas Fields Are Announced

AUSTIN (AP) — The Railroad Commission recently announced rules and regulations to apply to three Texas oil fields as follows:

By counties:—Daily allowable for December in the Gilcock field raised from 2,652 barrels per day to 3,956 barrels per day, in conformity with a new maximum efficiency rate of production established for the field.

Young—Dillard field, spacing set at 933 feet between wells and 330 feet from any property line, proration unit of 40 acres, allowable divided equally between acreage and number of wells.

Cherokee—William Wise field, spacing set at 660 feet between wells and 330 feet from any property line, proration unit of 20 acres, allowable divided equally between acreage and number of wells.

The Cranfield Pool which produces from both the Wilcox and Susca-loosa formations.

After perforating only 4' of the sand body from 5618-22' the well started flowing and is making 5 1/2 barrels per hour of 37.8 gravity oil through a 12/64" choke. In the drilling of the well sand was logged from 5618-41'.

Peanuts get the name "goober" from their African name of "nguba."

News of Interest To Oil Men

Sunday, Dec. 1, 1946 PAMPA NEWS PAGE 15

Cities Service Oil Reports Heavy Producer In Ector Co.

Completion of two oil wells in Texas for a total initial potential of almost 2500 barrels of oil daily were reported by Cities Service Oil Co. during the past week.

The Thomas A. No. 3, located in the center of NW SW of Sec. 8, block 45, T&P survey, in Ector County, Texas, was completed for a daily initial potential of 2305 barrels of oil measured through 3/4 inch choke. Production was from the Ellinger, which was topped at 9794 feet.

The Robinson No. 1, located in the center of NE NE of Sec. 54, block M, EL&R survey in Dawson County, Texas, was brought in for a daily initial potential of 1715 barrels of oil.

Four new locations were announced, three in Kansas and one in Texas. New Kansas locations are the Pearson B. No. 3, in Phillips County and the Dahinton No. 1 and Maes No. 1 in Barton County. The new Texas location is the O'Brien C-2 in Dawson County.

The following is a drilling report of Cities Service wells:

Texas—Ector County—Thomas B. No. 9, C of SE NW Sec. 18, block 45, TWP 1S, drilling at 4940'. Thomas C. No. 4, C SW SE Sec. block 45, T 1S, T&P, pool, drilling at 8028'. Thomas C. No. 5, C SW NE Sec. 6, block 45, T 1S, T&P, completion. Thomas A. No. 3, C NW SW Sec. 8, block 45, E 1S, T&P, completion. Potential, 2200 bbls. of oil; 24 hours, through 3/4" choke. Potential based on 6 hour test of 576.52 bbls. through 3/4" choke.

Winkler County—Wheeler No. 2C, SE NE Sec. 10, block 46, T 1S, T&P, drilling at 7823'. Sherman County—Stewart No. 1, approx. C Sec. 383, block 1T, T&NO, preparing to test. Shoun No. 1, 100'S, 100'W of C Sec. 348, block 1T, T&NO, drilling at 801'. Dawson County—O'Brien C-2, C NE NW Sec. 53, block M, EL&R, location.

Gray County—Baggerman No. 7, SE NW NE Sec. 173, block B-2, H&GN, total depth 3105. 1000' of oil in hole. To shoot with nitroglycerine. Jones County—Hoehn No. 1, 330'S of N line, 330'E of W line, Cities Service-Hoehn lease. Sec. 214, Crain Srvy, drilling at 205'. To run 8 5/8" casing.

Oklahoma: McClain County—Von Wedel B No. 1 (partnership) approx. C NW NW Sec. 22-5n-4w, No. Lindsay pool, drilling at 7473'. Robinson No. 1 (partnership) C of NW SW 22-5n-4w, No. Lindsay pool, drilling at 10333'. Payne County—Walden No. 1 (wildcat) SE SE SE Sec. 9-18n-1e, drilling at 320'. Kiowa County—McNutt A No. 1, (wildcat) SE SW NW Sec. 26-7n-17w, total depth 1130'. Underreaming 8 5/8" at 1153'. Hole caved in badly.

Kansas: Rice County—Pullman C-3 C NE NE Sec. 33-19s-9w, drilling at 1040'. Pratt County—Long No. 1, (wildcat, partnership) C NE NE SW Sec. 2-22s-13w, drilling at 615'. Ells-

County—Rathbun No. 1, C SW SE SE Sec. 16-17s-8w, pumped 94 bbls. oil; no water; 12 hours. Testing. Butler County—Chesney No. 127, C of NW NW SE Sec. 21-25-s, setting pumping unit. Chesney No. 128, C of NE SW SE Sec. 21-25-s, drilling at 1600'. Ellis County—Johansen B No. 2, C E 1/2 NW NW Sec. 34-11s-17w, Bemis pool, drilling at 3447'. Phillips County—Pearson B-3, C NW SW SW Sec. 27-6s-20w, derrick completed. Brown B-2, C NW NE SW of C Sec. 23-5s-20-w, drilling at 3249'. Russell County—Eichman A-9, C NW SW NE of C Sec. 12-15s-14w, drilling at 3292'. Bender C No. 6, C S 1/2 SW NE Sec. 23-15s-14w, pumped 46 bbls. oil; 20 water; 10 hours. Testing. Barton County—Maes No. 1, C NE NE NE Sec. 21-18s-11w, location. Dahinton No. 1, SW NE NE Sec. 12-18s-11w, Evely pool, drilling at 300'. Bitter C No. 5, C S 1/2 of NE Sec. 18-18s-13w, drilling at 1780'. Schultz B. No. 1, C SW SW SW 4-19s-15w, Mer-

pool, killed well; to plug back with plastic. Kearny County—Anderson B. No. 1, C Sec. 11-23s-35w, Hugoton field, waiting on acid. Campbell No. 1, C Sec. 15-23s-35w, Hugon field, 1,000 gal. acid; to test. Miller H. No. 1, C Sec. 3-23s-35w, Hugon field, drilling at 827'. Miller J. No. 1, C SW SW NE Sec. 28-29s-35w, running surface casing at 823'.

New Mexico: Lea County—Brunson C-1, C SE SE Sec. 3-23-37, drilling at 1349'. Owen No. 3, C NW SE Sec. 35-21-37, drilling at 4316'. State P No. 1, C SE NW Sec. 32-22s-36, drilling at 6133'. Brunson No. 1, approx. C NE SE Sec. 4-22s-37c, testing. Flowing 36 bbls. oil per hour through 7/8" choke. State O No. 1, approx. SW SW SW Sec. 32-29s-37a, drilling at 3068'.

Second New Sand Is Found, Starr Pool

RIO GRANDE CITY (AP)—The second new sand in as many weeks was discovered in Starr oil pools, it was revealed recently.

At the J. O. Clark No. 1 Juarez test in the Kelsey field, the new sand was logged in the Frio at 5,364 1/2-72 feet after a gas sand was found at 5,297-5,318 feet. The sand developed nine and one-half pounds of working pressure and yielded a recovery of 350 feet of 47-gravity crude oil, with no water showing.

FIREMEN, SAVE MY BIRD

COFFEYVILLE, Kans. (AP)—Mrs. R. H. Gillespie's Thanksgiving dinner was a success—thanks to the fire department.

Just as she had completed plans for yesterday's feast, her turkey flew the coop—into a tree in a neighboring yard. Hysterical, she phoned firemen, and they shot the bird out of the tree.

Only about 25 percent of Mexican land is capable of being farmed.

Four Gas, Two Oil Wells Completed During Past Week

Six wells, two oil and four gas, were reported completed and proven in the area last week.

The two oil wells which were brought in for a total initial daily production of 178 barrels, are located in Hutchinson County.

Of the four gas wells, two are located in Moore county, and one in Wells County. See WELLS COMPLETED, Page 16

Public Will Discuss Panola Gas Allowable

LONGVIEW (AP)—The East Texas Chamber of Commerce will join the Panola County Royalty Owners Association at Carthage December 3 in a public meeting to consider the problem of increasing federal control of natural gas production in East Texas, John R. Aitford, president of the East Texas Chamber of Commerce, announced yesterday.

The meeting will be held in conjunction with the third anniversary celebration of the discovery of the Carthage gas field, one of the greatest reserves of natural gas in the nation.

State officials, members of the State Legislature and members of the Texas delegation in congress have been invited to attend and take part in the drafting of a program to limit federal regulation of the gas output.

Particular attention will be devoted to the Federal Power Commission which recently claimed the right to dictate the price on natural gas at the mouth of the well when the gas is destined to move in Interstate Commerce.

One of the founders of the Future Farmers of America and for many years a vocational agricultural specialist, Ross Floyd (pictured above) has been appointed agricultural service manager for Continental Oil Company, it was announced recently by Harry J. Kennedy, vice president in charge of marketing.

Floyd will assume active charge of Continental Oil Company's agricultural program, which provides a broad service to those engaged in farm, ranch, livestock, and kindred agricultural pursuits, and which in the future will also stress the promotion of activities of farm youth.

Floyd joins Continental Oil Company after serving the War Finance Division, U. S. Treasury Department, Washington, D. C. as western agricultural representative. For the previous eight years he had been associated with the U. S. Soil Conservation Service, first as regional business manager at Salina, Kansas, and later as regional administrator at Amarillo, Texas.

North America, with about one-twelfth of the world's population, uses about one-half of the world's supply of lumber.

Oil & Gas Div. Tests 17 Wells In Past 2 Weeks

The oil and gas division of the Railroad Commission announced the testing of 17 oil wells during the past two weeks. Of these wells tested 6 were new tests and nine were retests.

All wells tested showed a total daily potential production of 1939 barrels. The new wells showed a total daily initial potential production of 1,100 barrels.

The new tests were: Gray County—Champion Refg. Co. No. 9 Cook-Faulkner tested 156 barrels; Cree and Hoover No. 6 Davidson tested 50 barrels; Danciger Oil and Refg. Co. No. 23 Powell-D tested 34 barrels; Hutchinson County—Continental Oil Co. No. 4 C. C. Whittenturg "A" tested 138 barrels; W. W. Holmes et al. No. 6 Moore-Langdon tested 143 barrels; Marlow Oil Co. No. 5 Dial-Perkins tested 42 barrels; King County—Ohio Oil Co. No. 6 W. R. Ross "A" tested 295 barrels; Wheeler County—Smith Bros. Refg. Co. No. D-2 Harlan "D" tested 18 barrels.

The retests were: Gray County—Magnolia Pet. Co. No. 49 Fee 227 tested 35 barrels; Magnolia Pet. Co. No. 47 Fee 227 tested 27 barrels; Gray County—Gulf Oil Corp. No. 5 Worley-Combs tested 21 barrels; Lefors Petroleum Co. No. 3 E. Bull tested 33 barrels; Sinclair-Prarie No. 1 W. W. Merton "A" tested 76 barrels.

Carson County—Gulf Oil Corp. No. 7 and 10 B. F. Block tested 30 barrels each; Magnolia Pet. Co. No. 23 Fee 244 tested 18 barrels; Gulf Oil Corp. No. 18 L. Cooper tested 27 barrels.

North America, with about one-twelfth of the world's population, uses about one-half of the world's supply of lumber.

EVEN a Buick engine wears eventually, but our factory built "Power Package" is really a new Buick engine—makes your '37, '38, '39, '40, '41, or '42 Buick hit the road again like a new car.

You'll probably be surprised at the cost—it's much less than you'd guess. Come in and let us tell you about it. We can arrange easy payments to suit your budget.

And you'll find this engine unit much more economical and satisfactory in the long run than part-by-part replacement. One operation, and you drive out of our doors in your faithful Buick that will now give new Buick engine performance!

WHO?

Who wants Pampa's City Charter amended as proposed by the amendments to be voted upon next Tuesday?

After all, it is not a matter of politics, policies or personalities, but rather it is a civic matter.

Have you seen or heard of any endorsement or approval of these amendments by the City Commission, your Chamber of Commerce, your civic club, your church, your neighbor, your newspaper, or any other civic or local organization who usually sponsors, promotes or helps to put over anything in the nature of a civic improvement?

Find out, if you can, Mr. and Mrs. Voter, who inspired and is wanting these amendments!

WHY?

Why do the promoters of these proposed amendments want our form of city government radically changed?

They have a motive and some reasons? What are they? Have you read or heard any arguments for the amendments not based on personalities or sectional differences? Is that why they want to change our up-to-date, democratic, representative, progressive form of city government, which uses the best talent in our citizenship as a whole, and which gives every citizen the right to vote for or against every member of the City Commission, for an outmoded, inefficient, friction-promoting, ward-heeler system?

You are entitled to know, Mr. and Mrs. Voter, and to judge those motives and reasons!

VOTE 'NO'

Well Completions
Continue Increase
Through October

If well completions continue at the rate they have maintained for the first ten months of this year they will show an increase of 13.1 percent, or 2956 wells for the year, according to figures compiled by the Oil Weekly and published in their late edition. During the first ten months of last year the total number of wells completed by the industry inside the United States was 22,518 as compared with a total of 25,474 completed through October, this year.

Last month's well completions rate was on the up grade with 2756 completions reported to compare with 2002 completions reported during September.

With two months remaining in the year and the total completions already ahead of last year's, it appears that by the end of the December the total will have increased to 30,000. If so, this will make 1946, not only the leading drilling year since the beginning of World War II, but nearly comparable with the pre-war years of 1937-41, at which time the annual completions rate was 30,500.

Pampan Enrolled at Marietta College

MARIETTA, Ohio — Kenneth Cook, 697 E. Kingsmill, is enrolled at Marietta college here.

The college, which had a normal pre-war enrollment of 430, now has 1,042 students, or an increase of 140 percent. Of the 788 men enrolled in the college, 710 are veterans.

Benjamin Franklin invented bifocal-lensed glasses so that he might see his food, he explained, and also the ladies across the table.

West Texas City Submits to Test Hoping for Bright, Shiny Smiles

HEREFORD—(AP)—For a bright, shiny smile, this little Texas city and surrounding county will step aside as a natural phenomenon.

Long famed as a county without tooth decay, the people have decided to take their chances with dentists and dentures.

An extensive experiment has been announced to reduce fluoride content in drinking water, heralded as the source of sound teeth. Dr. Edward Taylor, director of the dental division of the Texas State Health Department, said the experiment will be a joint enterprise of the United States Public Health Service and the state department.

The water at Post, Texas, in Deaf Smith county, averages six parts fluoride per million parts of water. This high rate produces healthy, but mottled, teeth.

Bulk of the experiment will be borne by the City of Post, where it will be carried out. Initial outlay will be approximately \$30,000 for construction of a reduction plant.

Dr. Taylor said the experiment would continue over a period of a decade, allowing for study of the effect on permanent teeth of children born after its inception. He said the fluoride content would be reduced to one part per million parts of water, considered the desirable level, although one and one-half parts would afford maximum protection against tooth decay.

And while Deaf Smith county citizens are willing to give up almost perfect teeth for a little brighter smile, those at Marshall, Texas, want just the opposite.

In an effort to prevent seemingly abnormal tooth decay, the 24,000 population are submitting to an experiment which will add fluoride to their water supply. At Jacksonville, Texas, where there is no fluoride content in the water, the citizens have agreed to let nature take its course with their molars, providing a counter-check for the Marshall test.

LEFORS — (Special) — Wesley Daniels, son of the Rev. and Mrs. Newton Daniels, has been visiting with his parents over the Thanksgiving holidays.

Mrs. Ted Bigham underwent an operation at the Worley hospital.

Pampa, this week.

Wayne Hill was home over the weekend.

Mr. and Mrs. Benny Boyce and children of Shamrock, formerly of Lefors, attended the Lefors-Wilmington football game last week.

Mrs. Myrtle Hilton has returned

from Borger where she visited in the home of her son, W. E. Lesert.

Mrs. W. D. Fulcher, who has been visiting in Amarillo for several days, has returned home.

The Rev. and Mrs. W. R. Lawrence and children of McLean visited in the home of Mrs. Myrtle

OUT OUR WAY

Hilton Sunday.

Walter Emert has been visiting his sister, Mrs. R. R. Thompson, at Wichita, Kan., over the holidays.

Mrs. Fred Blackwell and son left Tuesday for Houston where they will spend several days with relatives.

Hilton Hill of Borger visited in the W. T. Hill home last weekend.

UNLUCKY DENVER—Mrs. Therese Aragon would just as soon forget Thanksgiving Day.

The 26-year-old woman went to the hospital for treatment of cuts and bruises after the car in which she was riding with her husband, Conrad, was involved in a collision.

Her brother-in-law, Pares Aragon, started to take her home from the hospital in his automobile and it, too, collided with a car. Mrs. Aragon went back to the hospital for treatment of more serious cuts and bruises.

There were more accidental deaths of farm workers in 1945 than in any other United States industry.

THIS IS AN ELECTION ASKING FOR BIG CHANGE

The voters of this city will go to the polls on Tuesday to decide a question which is of very real importance. The issue has been raised whether or not we should change the fundamental operation of our form of municipal government.

A group of citizens has proposed that the city be divided into four wards, with a resident citizen to be elected as commissioner from each, and with the mayor to be elected at large. At the present time, the mayor and the city commissioners may be elected from any part of the city.

Another group of citizens opposes this proposal, declaring that the present form of government should be preserved, and for various reasons which they have set forth.

Both sides have been given space in this newspaper, and the voters should consider very carefully all the merits and demerits in the evident facts set forth in those discussions.

Without taking a side in this controversy, we should like to point out to the people who actually run the government—the voters—that there are no officials up for election. This is an election which gives the voters the opportunity to voice endorsement of the municipal government as it now stands, or effect a complete and organic change in the form of government early Pampans set up here. This is no mere amendment to the existing Charter; it is seven amendments, enough to warrant our saying that it is an election for a virtually new form of government.

This is one of those times when the voters should exercise their franchise. If they don't, and later they see things that are radically wrong—however the issue may go—then they will have no justifiable reason to complain.

MACKENZIE'S Columbia

Russia's insistence Friday on retaining the veto over any arms control plan gives rise to serious wonder whether the earlier display of sudden Soviet collaboration with the Western Allies is what it seems to be—the approach of real peace—or is just another case of "on again, off again" Finnegan.

One's natural inclination is to cheer over any concession, having watched international relations deteriorate to a point where the danger of war could be seen. Still, while the present developments on the whole seem encouraging, we shall do well to reserve the main celebration until we are sure what is in the offing.

The current about-face, barring the veto problem, has been so sudden and seemingly complete as to stagger almost too good to be true. There is, for instance, that all-important agreement on the Trieste regime after months of bitter wrangling. This is a key which can unlock the door to the main objective of the peace-makers—a treaty with Germany, upon which must be built the rehabilitation of Europe.

Then the Big Four Council of Foreign Ministers has, amazing to relate, made progress in resolving the Danube river free navigation, of the Danube River. This vast waterway is of great military-political-economic significance not only Central and Eastern Europe but to the continent as a whole. The Western Allies have been fighting for wide open navigation, while the Muscovites up to now have opposed it.

Equally astonishing was the Soviet's agreement to international inspections in the field of arms and atomic bomb, until the veto question came up again.

But that isn't all. A far-reaching change in Russian policy toward Germany seems to be in the making. There have been persistent reports that the Soviet occupation authorities have decided to form state governments similar to those established in the American zone, with powers divided between federal and state administrations. Here-

GENTLEWOMAN FROM GEORGIA

WASHINGTON—(NEA)—Mrs. Helen Douglas Mankin, congresswoman from Georgia's Fourth District, which takes in Atlanta, says she has just begun to fight.

First, she is going to file a contest against the election of James C. Davis, of Decatur, Ga., who took her seat in Congress away from her in the November election.

Secondly, she is going to start a suit for damages against Georgia's secretary of state and the three state officials. If the case goes through to the Supreme Court, as Mrs. Mankin hopes it will, an opinion may be handed down which will outlaw Georgia's "county unit rule" and for the first time enable the people of that state to choose their officials by a majority vote of the citizens. The county unit rule was, of course, one of the factors responsible for Mrs. Mankin's defeat.

If Mrs. Mankin can go through with this double-barreled shotgun attack, she may well turn Georgia politics inside out, for the possibilities and implications are tremendous.

NO QUICK DECISION

Her formal contest against Davis must be filed with officials of the House and served on Davis before Dec. 2, which is the expiration of the 30-day-after-election period for such action. The contest will be referred to the House Committee on Elections when the new Congress convenes in January. It may take six months or a year before a decision will be made by vote of the House. Mrs. Mankin may not oppose Davis's taking his seat pending decision, because to do so would deprive her district of representation in Congress.

So They Say

A nation that has the genius to split the atom will find a means to enable its people to stay alive and well so that they may live out their days in useful service.—Dorothy McCullough Lee, Portland, Ore., utilities commissioner.

The care of the aged and chronically ill must not be left to the old man with the long white beard and the scythe.—Dr. Theodore G. Klump, former Food and Drug Administrator.

Communism does not reach the heart of a man who knows he is treated justly, whether white, black, red or brown.—Methodist Bishop G. Bromley Oxnam of New York.

Booms and depressions can be eliminated—but not by government alone. Both labor and management are needed in the American system. We have got to learn how to get along.—Irving M. Ives, Republican senator-elect of New York.

Centralization at the national capital or within a business under the taking always glorifies the importance of pieces of paper.—David E. Lillenthal U. S. Atomic Control Chairman.

History has proved too often and too recently that the nation which allows its military strength to decline invites attack.—Fleet Adml. Chester W. Nimitz.

To fore the Russians have been adamant in their insistence on a strong central government and have rejected the American plan for a federal state.

So it goes, and the ensemble looks so good at the moment that it really seems a pity not to accept it at face value forthwith. However, we have seen so many violent ups-and-downs in the relations of Moscow and the Western Allies that we must wait and see. And that's not a one-sided viewpoint, for Eddy Gilmore, AP chief bureau in Moscow, reports that the Russian people, convinced that the Soviet Union is making important concessions at the United Nations and Foreign Ministers meetings in New York, are beginning to get away from the United States will start doing the same thing.

Of course, I don't doubt that the Republicans would be able to locate him—with the experience they've had being submerged during the past few years.

But it must have seemed so quiet and friendly down there beneath the surface—far from John L. Lewis—with the sharks swimming cozily around, the cysters opening their mouths and not saying anything, and all the non-voting flora and fauna of the deep waving friendly-like to him, the way people used to wave in Missouri.

These representatives said they were operating only 30 per cent of capacity because the coal supply was so short. Their principal difficulty was in getting steel. Because of this shortage they were obliged to lay off the night shift.

Of course the principal reason they could not get steel is because of interference with the law of supply and demand by labor unions closing down coal mines and steel mills and threatening railroad transportation.

Yet many people with the best intentions believe that collective bargaining that uses strikes to get non-competitive wages is good for the working man as a whole. More people, however, are beginning to see that permitting an industry like coal to close down, and thus practically close down every other industry, is not to the public interest.

But the principle of collective bargaining is exactly the same whether it involves three men or the whole coal or railroad industry. If it is good in one case, it is good in the other.

We are short of most things largely because of labor unions and discriminatory laws. We have the knowledge, we have the men, we have the steel, and we have the materials. We are in a position to raise the standard of living faster than at any other time in our history, if we would only discard false legends on labor unions and government. If we would let the free initiative of man direct our energies, concerns like those producing type-setting machines would not be working only 30 per cent of capacity, nor would automobile production be only 40 per cent of what it was before the war. They would be working 100 per cent. Prices would direct man's energy where it was most needed.

Mrs. Mankin says she's in there fighting for the real Democrats.

NATIONAL WHIRLIGIG

WASHINGTON

In Hollywood

By ERKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD—(NEA)—The class in "How to Sell Music Back 10,000 Less" in Six Easy Steps will please come to attention.

Your professor, of course, is Spike Jones, currently murdering the classics on a national "music depreciation" tour. Spike and his band just completed a movie, "Variety Girl," at Paramount, where he used so many trick props that the prop department put up a sign reading: "DON'T throw it away. Spike may be able to use it."

Here are Spike's ideas on how to sell music back 10,000 years.

- 1. Pick a tune people would like to hear murdered. "Like Glowworm," says Spike.
2. Pick an instrument to ruin. "You can do terrible things to a harp. It's wonderful for slicing hard-boiled eggs at picnics."
3. Dig up a lot of good props. "Next season I'm going to shoot a banjo-player out of a cannon."
4. Rehearse in a place where you won't break any leases—"like the atomic bomb proving grounds in New Mexico."
5. Hire a crew of musicians who like to live dangerously.
6. Give it to Spike Jones. "I'm not afraid of anything—including Pepsi-Cola."

FILM COMEDY FOR DENNIS? Dennis Day's new comedy show, "A Day in the Life of Dennis Day," has Film Producer Hal Roach keen about Dennis' possibilities as a film comic. In a radio comment, he prevented Leo Durocher from accepting Seymour Nebenzal's offer to play a leading role in "Heaven Only Knows."

Yvonne Lake's "Ramrod" scenes are getting Producer Pop Sherman into censorship troubles for the first time in 20 years of film-making. . . . Promised and hoped for: That scene in "A Miracle Can Happen" in which Jimmy Stewart and unaccompanied on a huge lemon while Dolores Moran tries to fit a trombone-solo contest.

Russell Janney, author of the best-seller "The Miracle of Bells," sold the film rights to Producer Jesse Lasky for \$100,000, not for the announced \$100,000.

In 1917, Janney presented "God Knows," a vaudeville sketch, to Lasky, who turned it down. The price of the sketch was \$50, and this amount was included in the purchase price of "The Miracle."

MEET THE "JOHNSONS" Larry Parks and Evelyn Keyes costarred in a western epic, "Renegades," for Columbia shortly before they made "The Johnson Story."

With the success of the Johnson biography, film exhibitors are now advertising "Renegades" as "starring Larry (Mr. Johnson) Parks and Evelyn (Mrs. Johnson) Keyes."

Rita Johnson bought 20 hats at a store sitting before the New York to shop for a Broadway play.

"When I came to Hollywood from the stage I was so scared I bought one new hat," she said, "but now that I'm returning to the stage I'm 20 times more frightened."

Gracie Reports

Well, I see that President Truman took a practice drive into the Gulf of Mexico in a captured German submarine. The thought occurred to me that he must have been thinking wistfully about it as a nice place during the next two years to get away from the Republican Congress.

Of course, I don't doubt that the Republicans would be able to locate him—with the experience they've had being submerged during the past few years.

But it must have seemed so quiet and friendly down there beneath the surface—far from John L. Lewis—with the sharks swimming cozily around, the cysters opening their mouths and not saying anything, and all the non-voting flora and fauna of the deep waving friendly-like to him, the way people used to wave in Missouri.

These representatives said they were operating only 30 per cent of capacity because the coal supply was so short. Their principal difficulty was in getting steel. Because of this shortage they were obliged to lay off the night shift.

Of course the principal reason they could not get steel is because of interference with the law of supply and demand by labor unions closing down coal mines and steel mills and threatening railroad transportation.

Yet many people with the best intentions believe that collective bargaining that uses strikes to get non-competitive wages is good for the working man as a whole. More people, however, are beginning to see that permitting an industry like coal to close down, and thus practically close down every other industry, is not to the public interest.

But the principle of collective bargaining is exactly the same whether it involves three men or the whole coal or railroad industry. If it is good in one case, it is good in the other.

We are short of most things largely because of labor unions and discriminatory laws. We have the knowledge, we have the men, we have the steel, and we have the materials. We are in a position to raise the standard of living faster than at any other time in our history, if we would only discard false legends on labor unions and government. If we would let the free initiative of man direct our energies, concerns like those producing type-setting machines would not be working only 30 per cent of capacity, nor would automobile production be only 40 per cent of what it was before the war. They would be working 100 per cent. Prices would direct man's energy where it was most needed.

Mrs. Mankin says she's in there fighting for the real Democrats.

houses and corporations—which has finished a warning light against Representative Harold L. Russell's race for the treasury.

Normally these groups would be the first to applaud a lightening of their tax burden. But in this instance they find themselves the victims of war expenditures and new deal financing.

The Roosevelt Administration's criticized policy of bank borrowing has crammed their portfolios with government securities, perhaps to the extent of 50 to 60 percent of their total in many instances.

DEPRESSION—A permanently unbalanced budget and mountainous public debt, they have warned their Republican friends, would a premature tax reduction aggravate such a downward movement.

Now that the government must curtail spending, and the Republicans aim to reduce the budget by ten or fifteen billion annually, private industry and business must turn to banks and insurance companies for loans and capital for expansion.

Any legislative action drying up these sources of funds might precipitate a depression that would have political as well as economic repercussions.

BILBO—The Republican maneuver to bar Senator Theodore G.

"The Man" Bilbo from the Senate has become the most provocative issue at Washington. Both sides recognize that, aside from his personal fate, the outcome will have a far-reaching effect on the future course of American politics. He merely happens to be an individual, symbolic victim.

Although his G. O. P. prosecutors believe that they have legitimate grounds for opposing his admittance, their main objective is winning and retaining the powerful colored vote in about a dozen northern and western states where the Negroes can hold the balance of power. They aim to put half a dozen Democratic Senators on the spot for the 1948 elections.

The opposition also seeks to drive an even greater wedge between the reactionary and liberal wings of the Democratic party. It such men as Senators Scott W. Lucas of Illinois, Lester Hill Alabama, Elbert D. Thomas of Utah, Sheridan Downey of California, Glenn Taylor of Idaho vote against the Mississippi, it will develop even deeper ill feeling between the sectional Democrats.

VOTE—Since the Senate can virtually make its own rules for handling admissions and evictions, the first test will come on whether it will require a majority or a two-thirds vote to bar Bilbo. Unless some G. O. P.-ers desert the prosecution, he would lose under a majority procedure. He would win if it takes two-thirds.

It is not generally realized, but the G. O. P. can continue to harass Bilbo and the Democrats even if his credentials are honored in the first showdown. A motion to vote again on his qualifications is always in order, provided enough members support it.

This the G. O. P. can exhaust this political issue on the eve of every election for the next six years, even if "The Man" wins out at the next session.

"NEEDLING"—Henry A. Wallace's latest charge that Senator Arthur H. Vandenberg had steadily "needled" Secretary Byrnes into a pro-British, anti-Russian attitude amuses friends of the Michigan statesman. They suspect that the Iowa must have read a few of ex-Editor Vandenberg's literary productions.

As a young man Mr. Vandenberg

THOUGHTS

Cursed be he that perverteth the judgment of the stranger, fatherless, and widow. — Deuteronomy 27:19.

Oh what a tangled web we weave. When first we practice to deceive. — Sir Walter Scott.

was a hero-worshiper of Alexander Hamilton and wrote two biographical volumes about Washington's Secretary of the Treasury. In almost schoolboyish fashion—his style has improved vastly since—the editorized Hamilton praised his views on foreign policy, especially his opposition to Jefferson's pro-French, pro-Commune sympathies. The Hamiltonians were extremely pro-British.

This background serves to explain the Senator's deep interest in foreign affairs, and his desire to be chairman of Foreign Relations as well as President pro tem of the Senate. But these twenty-year-old writings do not substantiate Henry's indictment. It seems that somebody is "needling" him.

Danish Court Hands Woman Death Count

COPENHAGEN—The first woman ever condemned to death by a Danish court was sentenced today at Aarhus Jutland. She is 22-year-old Danish Grethe Barfleur who, unless her appeal for clemency is granted, will die before a firing squad for having reported 47 Danish patriots to the Gestapo during the German occupation.

Plant collectors in Latin America must obtain permits from the government of countries in which they work.

A large comic strip titled 'ALLEY OOP' and 'RIDERS' featuring characters like Red Ryder and others in various scenes of action and humor. The strip includes dialogue bubbles and panel numbers (11-29, 11-30, 11-28, 11-27, 11-26, 11-25, 11-24, 11-23, 11-22, 11-21, 11-20, 11-19, 11-18, 11-17, 11-16, 11-15, 11-14, 11-13, 11-12, 11-11, 11-10, 11-9, 11-8, 11-7, 11-6, 11-5, 11-4, 11-3, 11-2, 11-1).

FURNITURE ANNEX

Pampa, Texas

Texas Today

By JACK RUTLEDGE
AP Staff Writer

Our co-worker William C. Barnard apparently has started an exodus to the country with his recent story of the crossroadstore that

knew nothing of shortages. But it doesn't always pay off, a San Antonio housewife discovered. She took off in the family car to seek greener pastures when she was unable to buy soap, pepper, shortening and other such items in the big city stores. She walked into a grocery in

Schertz and there, piled up on the shelves, were the things she wanted. She picked them out and judged them happily to the cashier. "Sorry," he told her, "you can't have them. They're only for the people of Schertz."

He explained that literally hundreds of city dwellers had been scouring the neighboring country stores for scarce items, and that they finally had had to say "no" to protect their regular customers. She tried other smaller towns, and found the clerks and cashiers knew who to say "no" to, because they knew practically everyone in their home towns.

Houston reports that the nickel coffee is on its way out. Drug stores already have boosted prices up to seven cents to a dime a cup, and cafes are following. Jimmie Petkus, president of the Houston Restaurant Association, said cafes were trying to hold the nickel price because they figure high prices won't last too long and they're holding good will, even though they're losing. Drug stores defend themselves purely on an economic angle—cream, coffee, sugar, labor, all have gone up. The coffee itself, which has doubled in price, actually is the least expensive part of the cup of coffee.

Another nickel item that's just a dream these days is the nickel cigar. Harry W. McHose, national director of the Cigar Institute of America, Inc., said in San Antonio that it doesn't exist any more, mainly because of the boost in labor costs.

Monterey Finds Ham Profitable

By BOB THOMAS
HOLLYWOOD (AP) — The little peninsula of Monterey is finding out that ham—as well as its sardines—can be profitable. The "Forever Amber" company shut up there, and the town is establishing an office here to encourage more film locations in its area. After losing her baby, Esther Williams is due for a good rest, on doctor's orders.

Harold Russell, the handsome acting sensation, is now at Boston University to study advertising. He'll do more more movies. What's Warners doing to Robert Alda? In "Nora Prentiss," he is given featured billing below the "stars" Ann Sheridan, Kent Smith and Bruce Bennett. Ella Raines says she won't marry Maj. Robin Olds or anyone else for at least a year. She's having too much fun.

After getting his release from MGM, Tony Martin is lining up a big musical at Universal-International, probably "Up in Central Park." John Boles may return to the screen in "Heavenly Creatures," he is given featured billing below the "stars" Ann Sheridan, Kent Smith and Bruce Bennett. Ella Raines says she won't marry Maj. Robin Olds or anyone else for at least a year. She's having too much fun.

Things are getting back to normal in Universal City. I found Abbott and Costello as buck privates, getting their faces in a goopy cake. And after each take they would return to a handy table and try to heat each other at rummy. So the new regime can't be too revolutionary. Gene Tierney is back and ready for "The Ghost and Mrs. Muir," in which she'll wear gowns designed by her estranged husband, Otis Cassini. Van Johnson tells me he doesn't care if he never sees New York again. "It's not the town I used to know," he says.

New Make-up Color
