Longhorns Romp Over Texas Ags Before 48,000

By HAROLD V. RATLIFF
AUSTIN.—(AP)—Dana X. Bible bid farewell to the coaching profession today—but not to football.
The little general of the gridiron, who saw the Texas Longhorns close his career in a blaze of glory by beating bitter rival Texas A. and M. 24-7 yesterday with Bobby Layne putting on one of his greatest one-man shows, departed soon after by plane for Philadelphia to see the Army-Navy game.
Perhaps he also will be talking a little football business there. As athletic director at the University of Texas, Bible has announced his plans for making his school a national power in the game. He is going after the top teams, not only to be played in the East, Midwest and on the Coast, but to come to Texas for major inter-sectional battles.

Bible smiled misty-eyed yesterday as his boys flocked around him upon finishing their smashing conquest of Texas A. and M. in the fifty-third meeting of the two state schools. "The boys wanted to uphold a tradition—that of never being defeated by A. and M. in Memorial Stadium," he declared. "The boys were glad they could give me a good parting gift—and I know of no nicer gift they could have given me than this. It was a hard-fought game and we beat a team that played hard football."

Assistant Coach Blair Cherry will succeed Bible as head mentor of the Longhorns Jan. 1.

Memorial Stadium was jammed with the largest crowd that ever saw a Southwest conference football game—48,000—as the jittery but fighting Longhorns maintained a jinx over the Aggies that now has extended 23 years.

Equally as jittery were the Aggies but they couldn't recover from their misuses as old the Longhorns. Layne kicked a 21-yard field goal, made a touchdown completed five of eight passes for 103 yards and rolled up 67 yards on the ground. However, Bobby was charged with 33 yards in losses most of which came from a bad pass-back from center to cut his rushing net down to 24. He got off one quick-kick that traveled 68 yards and all the way around was a thorn that pricked A. and M. into making a defat.

Bobby personally accounted for nine of the Texas points and set up another touchdown with his running and passing.

A. and M. scored its touchdown in the last two minutes of the game—the first time an Aggie team has gotten one from a scrimmage play in the history of Memorial Stadium. Stan Holling, brilliant Aggie passer, accounted for it. Holling, who completed eight throws of 14 attempted for 145 yards lofted 31 yards to end Charley Wright for the counter.

Texas, by winning the game, finished in third place in the Southwest conference standings.

Under the world naval agreement of 1921, since abrogated, warships were limited to 35,000 ton size.

Amarillo Strikes Hard in Third, Fourth Quarters Before 8,000

By SCOTT RAFFERTY
News Sports Editor
Pampa's Harvesters hung up their football suits yesterday, suits that showed plainly the effects of a 27-0 trouncing at the hands of Amarillo's Golden Sandies, who marched on to their third straight district crown.

A crowd of over 8,000 jammed Butler Field in Amarillo to watch the Sandstrom come to life in the third period, after gaining only a 7-0 edge in the first two quarters but, even at the end, the Sandies knew they had a ball game.

Five bad breaks—three pass interceptions and two fumbles—cost the Harvesters at least a touchdown and a wealth of Amarillo reserves helped the first string wear down a tired Harvester squad.

The Amarillo victory kept alive the tradition that no Pampa team has ever beaten Amarillo on Butler field, where the Sandies have lost only one conference game—a 9-7 defeat at the hands of the state champion Lubbock Westerners in 1939.

The game was an offensive battle from start to finish, although both forward walls played great ball. The Sandies rolled up 360 yards rushing while Pampa was accounting for 224 yards but a hoped-for Harvester passing attack was limited to two completions for 31 yards.

Pampa's one touchdown—jaunt, a 34-yard dash by Fullback Carl Klaves early in the first period.

Prior to yesterday's Amarillo-Pampa game, members of the Harvesters football team met and dedicated the game to their athletic director and head coach, Otis Coffey.

Coffey said today that "they knew how much I wanted to win the game and there wasn't one of them who didn't try his best to do it. We were beaten by a great team."

went for naught when the officials called it back, saying that Mayes' knee had touched the ground when he broke through a swarm of Sandie linemen.

Biggest thrill for Pampa fans was Charlie Laffoon's brilliant 65-yard dash from his own 14 to the Amarillo 21 just before the game ended.

The little Harvester quarterback went over, under and around a swarm of Amarillo players before he was finally brought down by Lawrence Jackson, Amarillo reserve back. Laffoon tried a pass on the next play but it was incomplete and the Sandies' Bobby Brown intercepted his next throw just as the game ended.

The Harvesters recovered an Amarillo fumble on the Sandie 32 soon after the game started. Laffoon picked up three yards, added six more and Carl Mayes added two for a first down. Laffoon lost three and Mayes broke through for the touchdown that was called back.

The threat was killed when Bobby Bauman recovered a fumble on the 30.

The Sandies sputtered on their own 35 and Strueber kicked, with Laffoon returning to his own 35.

Consistent short gains by Wilson and Mayes set the ball down on the Amarillo 34, from where Laffoon kicked out of bounds on the 25 and the Sandies marched to the Pampa 29 just before the quarter ended.

Hudgins went for three as the quarter started and then passed to Bauman on the three-yard stripe, from where Bobby Rue, playing for the injured Harvester Collins, went over. Bobby Farmer kicked the extra point.

Carl Mayes returned the Sandie kickoff from his own five to the 40. Wilson and Laffoon collaborated for 16 yards on two plays but the locals stalled and Speer kicked out on the 16. Amarillo was penalized five yards and Bauman kicked back to the six. Strueber kicked out to Laffoon, who returned it from the 47 to the Amarillo 36.

Pampa drove but couldn't get the additional one and Amarillo took over. The Sandies could get nowhere and Pampa opened up with an aerial attack that netted three completions—and three penalties; the half ending when Jack Glasgow intercepted a Pampa pass and raced to the 20.

Carl Mayes started off the third period with a 26-yard dash from his own 30 to the Amarillo 44. Wilson added 11 yards, made nine more on two plays and Laffoon made two for a first down. Carl Mayes lost three and Rue intercepted a pass and ran to the 40.

The Sandies drove to the 31 from where Bauman raced 31 yards down the sidelines to score. Farmer's kick was not good.

Starting from the 22, Laddie Mayes made 15 yards on two plays but Pampa stalled and Speer kicked to the Amarillo 32. Denny Willis then raced 68 yards for another Sandie touchdown and the kick was good.

The Sandies took possession on a fumble a few minutes later and Doug Husband raced 38 yards to the Pampa seven. Husband went for three more and Bobby Puett went over for another Amarillo touchdown, shortly after the fourth quarter started. Farmer's kick was good.

The two teams fought on even terms the remainder of the quarter, climaxed by Laffoon's 65-yard dash to the Amarillo 18.

The Amarillo victory yesterday was the second time in history that Amarillo has won over Pampa 27-0. The other was at Amarillo in 1940. The worst defeat in Harvester history is a 50-0 trouncing at the hands of the Golden Sandies in 1939.

3 College Coaches Bow Out Thursday

NEW YORK.—(AP)—Cornell College and Texas made the departures of their coaches memorable occasions in closing their 1946 football schedules Thanksgiving Day.

While Cornell's Big Red lost to Penn at Philadelphia, 26-20, after scaring the daylight out of the Quakers, the game was one that Ed McKeever, who is leaving Ithaca after two seasons, can point to with pride.

The husky Penn forces were expected to trample McKeever's crew, but Cornell drew first blood, scoring the first time the Red put the ball in play from scrimmage and adding two more touchdowns in the final period after the Quakers thought they were out of danger. By losing, Cornell lost the mythical Ivy League title. The championship goes to Yale which has a 4-1-1 record.

The Texas Longhorns presented the venerable Dana X. Bible with a going-away gift in a 24-7 victory over Texas A. & M. Bible, who steps out of the coaching ranks after 34 years, saw his team—rated No. 1 in the nation in mid-October—salvage a third place in the Southwest Conference standings after an in-and-out season.

Andy Kerr's Colgate Red Raiders came through in storybook fashion to make his exit from the grid picture a pleasurable one. The Raiders were trailing Brown 7-0 going into the third period. Between halves Kerr pleaded with his charges to get out and get three touchdowns. They did just that and won 20-14.

Arkansas, already assured of tieing for the lead in the Southwest Conference, was beaten by Tulsa 14-13 despite a two-touchdown rally in the second half. The victory secured certain to keep Tulsa in contention for a bid to its sixth straight bowl appearance.

The University of Kansas wound up its most successful season in 16 years with a 20-19 triumph over Missouri's big Tigger team.

The victory gave the Jayhawkers a tie with Oklahoma for the Big Six crown. Each team has four victories and one defeat.

In the Southern Conference, William and Mary trounced Richmond 40-0 to gain the runner-up spot to North Carolina's champions and win the Virginia state title. Wake Forest is a 39-7 drubbing by Amarillo in 1942.

The starting lineups:
PAMPA—Pos. No. AMARILLO
Boyle, L. E. ... Glasgow
Russell, L. ... Hale
Thornborrow, L. ... Brannon
Lockhart, L. ... Wright
Griffin, R. ... B. Attebury
Speer, R. ... Bradlee
Sawyer, R. ... Bauman
Wilson, L. ... Bauman
Anderson, R. ... Bauman
C. Mayes, R. ... Strueber
Substitutions:
Amarillo: Farmer, Tally, Edwards, W. Kenton, ends; Reynolds, Lockmiller, Lyde, Evans, Hagan, Bailey, Ashby, Anthony, Storch, Gardner, centers; Willis, Collins, B. Attebury, Husband, Brown, Puett, Lamb, Lieberman, Jackson, Woods, backs.
Pampa: C. Anderson, end; Gary and Troop, tackles; Sebagg, guard; Baker, Holter, L. Mayes and Jones, backs.

The Summary

Canadian Club to Honor Football Boys

CANADIAN (Special)—The Big Brothers club held a meeting Monday night at which time they decided to honor the football boys and their parents with a banquet sometime in the near future. A committee was appointed to make all arrangements and announce the time and place. The football boys' banquet has become such a popular affair that it is difficult to find a dining hall large enough to accommodate all who would attend.
The body of a full-grown elephant contains about 70 gallons of pure oil.

Pampa News

Published daily except Saturday by The Pampa News, 223 W. Foster Ave., Pampa, Texas. Phone 566. All departments, MEMBER OF THE ASSOCIATED PRESS (Full Licensed Wire). The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it...

REPORT ON THE DARK AGES Ever since the country elected a Republican Congress prophecies of a return to the so-called Dark Ages of the Harding-Coolidge-Hoover era have been heard throughout the land. As a consequence, a good many people seem to be waiting fearfully for a wave of black reaction to engulf them.

So, in the hope of bringing a crumb of comfort to those timorous minds, we should like to borrow a few statistics on those Dark Ages which recently were unearthed by the "Topics of the Times" columnist in the New York Times.

Let's start with wages. Taking 100 as the base figure for real wages in manufacturing industries in 1941, it develops that wages in 1920 stood at 120 points. Two years later the figure was 125, and in two years more it went to 130. At the end of the Coolidge era it had risen to 136.

The first old-age pension law came in 1923, under Harding. Seventeen states had such laws when President Roosevelt took office. The number of child workers was decreased by 2,000,000 between 1910 and 1930, with most of the reduction coming in the 1920s. The number of high school and college students more than doubled between 1920 and 1930. Teachers' average annual pay rose from \$870 to \$1420 during the same period.

These aren't the only figures that the enterprising columnist presented, but perhaps they will serve the purpose of recalling that the Twenties were not the decade of social backwardness they are sometimes charged with being.

There was a good deal of well being and good feeling in the Twenties. At the end the prosperity got of hand and the good feeling wore thin. But it can't be said that there was no progress, no social consciousness, no political decency.

It scarcely seems necessary to say that the Twenties, like any other period of history one may choose to designate, were largely shaped by the personalities and prejudices of the men who conducted or influenced the government of this country. Yet perhaps that truism must be restated at a time when it is being said that inflation, depression and another war are inevitable with the Republicans in power.

To deny that statement is not to be partisan. To deny it is not to say that inflation, depression and war are impossible under Republican influence. But the statement should be denied and refuted because it is an easy and dangerous generality which doesn't really mean anything.

What is a Republican - Harold Stassen, Thomas Dewey, John Bricker? What is a Democrat - Franklin Roosevelt, Sidney Hillman, Theodore Bilbo? What are the inflexible rules of either party which make disaster inevitable under the one and prosperity and peace inevitable under the other?

There is no answer. It is impossible for the political leaders of today to think as the political leaders of the Twenties did. It is impossible in a free government to repeal progress or to stifle change.

Our chance of escaping inflation, depression and war depend upon the collective intelligence, effort and good will of all the people, and upon the same qualities in the individuals to whom the operation of government is entrusted. There is neither doom nor salvation in a political party label.

MACKENZIE'S Column By J. M. ROBERTS, JR. AP Foreign Affairs Analyst (Subbing for Mackenzie) Just before V-J day a strange open letter appeared in the Washington Post explaining to the Japanese what "unconditional surrender" meant and disabusing their minds of the "utter destruction" fears their militarists still were seeking to implant. Informed circles immediately spotted the letter as something out of the ordinary, as, in fact, an official communication designed to be picked up and communicated to Tokyo, and fingers began to point at Capt. Ellis M. Zacharias, U. S. Naval Intelligence, then assigned to the office of War Information. Zacharias has been trying for some time, using information gathered during many years in teaching the Japanese through psychological warfare. The revelations by Japanese after the war, and of the Pearl Harbor investigation, soon had people talking about him as one of the major

NATIONAL IDIOTIC news behind the news

WASHINGTON BY RAY WEXLER

DREAMS - The Far West's bright dreams of establishing a far-flung industrial empire beyond the Rockies may not materialize as a consequence of the shift in political and geographical control of the next Congress. Likewise the Democratic South may suffer in the long run to equalize railroad rates, attract new industries and capitalize on its vast wartime expansion.

Although the western states will have a larger Republican representation in House and Senate than they have enjoyed in many years, the newcomers from that region will sit at the foot of key committees, not at the top. The vast area beyond the Great Divide will have only two chairmanships under the present Congressional set-up, and only one under the proposed La Follette-Monroe reorganization.

The spearhead of the drive for decentralization, Pat McCarran of Nevada, will be only another member of the upper chamber, not one of its leading and most forceful figures. He was not able to obtain passage of his decentralization bill at the last session, and his chances will be even less under Republican rule.

WARNING - Spokesmen for western interests, including representatives at Washington, newspapers and magazines, have flashed this warning since the November 5 election. Governor Earl Warren of California is to be named as the nominee of a major party, has campaigned on this issue for many years.

Other western projects which may be forgotten are the proposals for creation of a new American authority in the Northwest, and a similar agency drawing power from the Missouri River as it winds through the heart of the country.

As advanced by their proponents, these step-children of TV were designed to furnish the basis for continuing industrial expansion that would relieve the West and Far West of its dependence upon the East.

COMPETITORS - Financial as well as political considerations will operate to oppose the demand of the West and the South for a more generous share of the industrial pie.

The New Martin-Halleck-White-Taft-Vandenberg leadership on Capitol Hill, for obvious reasons, is more closely associated with the industrial interests of New England, the Middle Atlantic and the Midwest than with those of rival sections.

It will be natural for them to support the claims of eastern steel, brass, automobile, chemical and other heavy manufacturers as against potential competitors in other areas. They draw their political and financial support from the old fashioned firms.

In Henry J. Kaiser's battles with coming reports on the size and development of armies, it undoubtedly will come up again in any discussion of disarmament. It is obvious that it is going to be one of the re-licances in whatever peace machinery is evolved.

Soviet Foreign Minister V. M. Molotov's statement yesterday accepting the principle of international inspection machinery along with other statements in this field make it certain it will be one of the primary factors in discussions.

Zacharias' story serves to emphasize the necessity for extreme care before the safety of the United States is left to international inspection by unscrupulous agents. He apparently makes the point unwittingly, and drives it home, oddly enough, while quoting Franz Von Rintelen, famous pre-Nazi German secret agent, and the general practices of espionage.

Rintelen, says Zacharias, once pointed out that the United States, in those days, made virtually no effort to hide its military developments. He added, and this is the point of such significance to planners of international inspection systems:

"The United States is too vast with its developments going simultaneously at distances of thousands of miles, interrelated as they are and requiring simultaneous observation. It would require hundreds of highly qualified agents and no intelligence service can afford to concentrate such a huge army . . . in any one country."

Von Rintelen also pointed out that the military is the source of a bear little relation to the sudden developments and expansions of wartime, and concluded that ultimate failure is always the lot of espionage in the United States.

This country is not unique, in these respects, among the areas which will be subject to any international inspection plans.

In Hollywood

BY ERSKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD-(NEA)-In a new movie, "The Chase," there's a wacky gangster character named Eddie Roman, who keeps his hat on while having his hair cut, smacks the ladies around, has an auxiliary throttle in the back seat of his bullet-proof machine, and lets a pet dog murder his enemies.

A very unsavory fellow, indeed. In fact, he's a real American con-man, whereas his American counterpart is lost harassed.

While discussing these problems with friends at a United Nations session in New York, Mr. Bevin explained his difficulty and his remedy. He said that he and other labor leaders in Britain had been so preoccupied with government and politics that they relaxed their personal supervision of the locals.

When these bodies held meetings, only a few scores attended, and they were mostly Communists. They maneuvered their friends into office, and adopted resolutions in accordance with the party line.

Before that he tried for seven years to become a film actor. Hollywood turned him down twice, in 1937 and 1939.

As he recalls, "My agent took me around to all the studios. There were no jobs. The casting offices said I was a character man, not a leading man."

Before that he was a Wyoming cow-puncher, a railroad section hand, a fireman, private policeman in a New York department store, a shipyard worker, a carpenter and a hobo.

DISCOVERED AT LAST Goldwyn discovered Steve while he was playing the lead opposite Constance Bennett in a road company of the Theater Guild's "With-

OFFICE CAT

Little Elizabeth (when dessert was served-Oh, Mother, how I wish you had told me this morning that you were going to have ice cream for dinner).

Newly Wed-Look here, dear, all these bills are dated before we were married.

Wife-Yes, darling. Newly Wed-Wal, don't you think a bit unfair to expect me to pay for the hair I was caused with.

It WAS A LONG CLIMB Steve himself chuckles. Not long ago he appeared in "Boston Blackie's Rendezvous." After that picture, one woman wrote to Columbia studio: "Steve Cochran reminds me of a young Boris Karloff."

Steve Cochran is no overnight sensation. He's been around Hollywood for five years.

He was Ten Grand Jackson in "Wonder Man," with Danny Kaye. He made three B pictures at Columbia, played the prizefighter in another Kaye movie, "The Kid From Brooklyn."

Before that he tried for seven years to become a film actor. Hollywood turned him down twice, in 1937 and 1939.

As he recalls, "My agent took me around to all the studios. There were no jobs. The casting offices said I was a character man, not a leading man."

NEW RIGHT-END HARRIMAN by Peter Edson

WASHINGTON-(NEA)-It may be the end of the session for the Truman team, but the main games on the schedule, keep an eye on the new right-end, Secretary of Commerce W. Averell Harriman. Take note it's right end he's playing, though he replaced left-end Henry Wallace when that great open-field runner got kicked off the squad for breaking training.

Harriman is a shy man, in spite of his height, his reach and his weight as a big businessman. Wallace was shy, too, but in a different way. While Wallace could be counted on to make the headlines once a week with some spectacular play, Harriman avoids publicity. Consequently, the Washington sports writers have not been giving him the attention he deserves.

Since Harriman appeared in the first-string line-up early in October, however, he has quietly been making his weight felt. Reports leaking from the secret workouts and skill-practice sessions of the Cabinet squad give Harriman credit for helping plan several of the trick plays which have been unworked in recent scrimmages.

WALLACE FUMBLER BEFORE NAM GOAL The National Association of Manufacturers is giving a lot of advance promotion to Harriman's scheduled talk before the 61st annual Congress in American Business at New York. . . .

downs. . . . We have got to help the rest of the world get back on its feet. . . . We are up against the necessity of raising the American standard of living.

NOW LISTEN TO HARRIMAN The above was Henry Wallace speaking, not W. Averell Harriman. It so happens, however, that the other day Harriman made a speech before the New England Council in Boston. It was in the nature of a warm-up for Harriman's coming speech to the NAM.

Just for the fun of it, note what Harriman said, comparing each sentence with what Wallace said. . . . "The Department of Commerce is largely a service agency to further the economic welfare of the country by fostering commerce and industry. . . . Our objective is to maintain a high level of employment. . . . It is now the responsibility of businessmen to assist in preventing inflationary price increases. . . . Personal freedom cannot be used as a shield for the protection of special privileges. . . .

With this method which has been tested down through the ages, producing the highest level of living in the world has never known. There is no status quo. There are no untouchables. There is no caste system. The man with an idea can go to the top. And when he goes to the top he does not push other people down but he helps them raise their real wages.

We want capital to be in the hands of the people who can make it produce the most because it's worth has to be used in order to benefit its owner, and thus it has to be distributed.

Supplemental Filing Statements Asked
Landlords operating a hotel, rooming house, motor court, tourist court, or space rented in an auto or trailer camp in Gray, Garson and Hutchinson counties are required to file supplemental registration statements for their establishments before Dec. 31. Fred S. Brown, area rent director, has stated. Brown explained that this registration is being conducted throughout the country to comply with a provision of the Price Control Extension Act of 1946 which directs OPA to classify separately transient hotels, residential or apartment hotels, rooming houses and tourist courts.

THE GREATEST BAKING POWDER IMPROVEMENT IN 50 YEARS!

Improved with... FOOD CALCIUM

BETTER'S BAKINGS 3 WAYS!

1. **BAKINGS LOOK BETTER**... THE FOOD CALCIUM in the new KC permits more even distribution of the fine, active ingredients throughout the baking powder. This promotes more uniform action—gives bakings the light, smooth texture and inviting rich appearance everyone enjoys.

2. **BETTER TASTE**... New KC assures full flavor of other ingredients—in your baked goods you get no soda taste from KC.

3. **BETTER FOR YOU, TOO**... KC makes everything you bake with a valuable source of FOOD CALCIUM—adding 2 to 5 times more FOOD CALCIUM than the fresh milk used in a baking, depending on the recipe. Thus KC joins milk as a fine source of this vital food element.

Double Action BAKING POWDER

Zone Meeting Is Held at McLean

McLEAN, (Special)—The local Nazarene Church was host to a group of church groups last Saturday for a zone rally meeting here. Hedley, Memphis, Wellington and Dodson churches had representatives here. The Rev. and Mrs. W. E. Bond, Loyd D. and Wilbur Leaker of Hedley, Rev. and Mrs. M. W. Wilson and Misses Juanita Eppers and Jessie Faye Hammonds of Memphis, Rev. and Mrs. Austin Moore, Mr. and Mrs. Therman Emmert and Mrs. W. J. Moore of Wellington were present.

An all-day program was conducted. About 50 persons were present for the lunch given at noon.

SUNDAY SCHOOL LESSON

PAUL ADMONISHES THE CHURCHES
1 Corinthians 11:20-27; Romans 13:13-14; Ephesians 5:18-21.
By WILLIAM E. GILROY, D. D.
The notion that the early Christian church was composed of pure and perfect men who were in the New Testament the apostles that were written to the churches, not only to Paul, but also by Peter, James and John. When one considers how unpopulated and how subject to persecution was the new faith, it seems strange that any church should boast of its purity and that it should have joined the Christian group. But Paul admonishes against feeding those who would not work seems to indicate that there were some converts to Christianity the sort of "converts" who in our times have been called "rice Christians"—those who merely profess to be upon the abler and more prosperous and licentious.

SURPRISE RECOVERY
OMAHA, Neb. (P)—The mystery about a shipment of hacksaw blades which was consigned to an Omaha concern several months ago has been cleared up.

A spokesman for the concern said he has been advised by the superintendent of the State Penitentiary at Lincoln that the blades were found there, still securely crated with some machinery.

THE FACT THAT THEY HAD BEEN washed of their sin and mutual aid. Side by side with the tenet that Christians should love their neighbors and fulfill the law of Christ, he held down the principle that "every man should bear his own burden." The converts to the Christian church were largely gentiles, many of them former idolaters, in cities full of licentiousness.

No doubt many of those who were drawn to the Christian way were inebriated and evil surroundings; but others were converts from evil ways of living. When Paul describes the evil life of those corrupt cities, he says, in writing to the Christians, "and such were some of you."

But the fact that they had been washed of their sin and mutual aid. Side by side with the tenet that Christians should love their neighbors and fulfill the law of Christ, he held down the principle that "every man should bear his own burden." The converts to the Christian church were largely gentiles, many of them former idolaters, in cities full of licentiousness.

Carriers for Sale
FORT WORTH, (Special)—Hospitals, schools, universities, ambulance services and others will benefit materially in an offering to be made by War Assets Administration of approximately 43,000 litter carriers, according to Duncan D. Myers, Chief of the Public Interest Division in the Fort Worth WAA office.

Myers stated that the sale will open Dec. 1 and is to last for 30 days, presenting for purchase surplus property which cost the government \$500,000.

Veterans will have their orders filled first. Prices range from \$3 for straight plates and a mattress. Educational and public health institutions that qualify can get a 40 percent discount.

Ray Anderson and Grady Cominger spent last week in Oklahoma City where they received treatment at a clinic.

Beliah Hayton has re-enlisted in the Army as a paratrooper. He has previously been discharged after serving three years. He is a son of Mrs. Bonnie Patton.

Sam Lanning, Henry Haiduk, Floyd Ketchum, and G. E. Bigsby returned this week from a fishing trip to Possum Kingdom. They report catching one 28-pound catfish and several 5- to 8-pound bass.

Mr. and Mrs. J. F. Bruce of Burden, Kansas, are visiting in the home of their daughter Mrs. Harrison Caldwell and Mr. Caldwell. This was the first time they had seen their grandchild—Judith Ann, born recently at a Pampa hospital.

SAFE FOR WHOM?
CHICAGO (P)—The home of Attorney William H. Schultz was securely locked against all intruders when he and Mrs. Schultz returned after a short absence.

They summoned police who broke a back door lock after finding it had been jammed and the front door double-locked. Then they discovered they had been locked out by burglars who looted the premises of an estimated \$12,000 of jewelry, cameras and clothing.

The U. S. labor department estimates that 900,000 people moved from the U. S. south to the north and west from 1940 to 1945.

What Adequate Wiring means to you

Every year you depend more and more on low cost electricity to bring you more convenience and economy in your home and place of business. As new appliances and other aids are developed, you use electricity more and more. You improve your lighting, too.

To have electricity accomplish these many tasks successfully and efficiently you should provide **ADEQUATE WIRING**.

ADEQUATE WIRING MEANS

1. enough circuits
2. large enough wire
3. enough outlets and switches

When you build or remodel your home call on your Public Service Company for help in planning your Adequate Wiring System.

SOUTHWESTERN PUBLIC SERVICE COMPANY
22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

ENOUGH CIRCUITS
The fuse box is the center of electrical service in your home. Circuits should branch off from it to each center of electrical use on side roads branch off from a main highway.

LARGE ENOUGH WIRE
The wires in your home can be likened to the branches of a tree; each must be large enough to bear the weight it must carry, or service the appliances or lights to which it will be connected.

ENOUGH OUTLETS AND SWITCHES
Each room in your house should have enough outlets and switches to provide service for every appliance or light you have there now, or expect to have in the future. It's hard to have too many, easy to have too few.
