### Four-Year Old Mass Sedition Case Dismissed

WASHINGTON—(AP)—Chief Justice Bolitha J. Laws in federal district court today dismissed the four-year old mass sedition case.

In granting defense motions to dismiss the indictments and prevent a retrial of the conspiracy case against 28 defendants, Laws said: "Under the circumstances, to permit another trial, which conceivably would last more than a year, with new prosecutors and newly appointed counsel for defendants, with the eventual outcome in serious doubt, would be a travesty on justice."

The government has a right to appeal Laws' decision. But Assistant Attorney General Theron L. Caudle, representing the justice department, made no statement in court and afterward told newsmen the question would be decided later.

Laws noted in his opinion that the chief prosecutor in the case, O. John Rogge, a special agent in charge, was dismissed by Attorney General Clark recently, had stated in open court on three occasions that he doubted whether the supreme court would uphold a conviction.

The 28 defendants were placed on trial April 19, 1944, charged with conspiracy to interfere with the draft and to undermine the morale of the armed forces.

## Beta Sigma Phi Continues Study Of Fashion and Materials

Mmes. James Massa, F. M. Culberson, and D. C. Kennedy presented a program on "Interesting Materials and Designs," and "Tips on Fashions," when members of Beta Sigma Phi met Tuesday night, in the home of Mrs. D. R. Weston, with Mrs. Tom Rose, Sr., as co-hostess.

Mrs. Culberson told of a trip to Cape Ann, near Boston, where the Folly Cove designers live. Their designs appear almost exclusively on dresses.

Mrs. Massa showed silk scarves and laces made in Switzerland. She also displayed a typical hand made Chinese dress with long flowing sleeves which buttoned up the front and was embroidered with designs taken from nature.

The conventional Japanese costume she explained, has the design worked out in three different mediums. The material is first woven with a design. The pattern of the design is then continued by painting in bright colors, usually by hand after which the embroidery, also by hand completes the pattern. She also displayed materials made from various fibers, as well as a hat and shoes from the Philippines.

Mrs. Kennedy discussed American fashions. She told the group that the fashions shown this year have the greatest variety in color, silhouette, and fabric in their history and went on to say that there is a vast difference in emphasizing your good points and grossly exaggerating them in the assembling of a good wardrobe one should be prepared to spend money, time and good taste.

A report on the progress of the "Lady of the Year" was given. Refreshments of fresh coconut pie and coffee were served to Misses C. W. Henry, James Poole, Ray Roberts, E. C. Stroup, E. E. Shellhamer, Robert Carter, Harry Caylor, H. J. Johnson, John Plaster, Jack Davis, J. H. Osborne, Wesley Davis, Misses Ruth Stapleton, LaNelle Scheelagen, Virginia Vaughan, and Anita Andrews, who also guests.

## Miss Bumpers Bride-Elect Honored at Tea

SHAMROCK, (Special)—Miss Zenith Bumpers, bride-elect of Roger Wilkes of Corpus Christi, was complimented with a tea and shower Thursday afternoon at the home of Mr. Johnnie Douglas.

Hostesses were: Mrs. Douglas, Mrs. E. Bumpers, and Mrs. Buck Slaught.

The home was artistically decorated with autumn flowers.

In the living room the mantel was draped with a white satin bow, edged in silver, which revealed the announcement of the wedding, scheduled to take place in Corpus Christi, Nov. 17. "Zenith and Roger, Sunday, November 17," was inscribed on the ribbon in silver letters.

The refreshment table was laid with a cloth of hand-crocheted lace. Appointments were of crystal and silver.

In the receiving line were: Mrs. Douglas, Mrs. E. Bumpers, mother of the honor guest, and the honoree.

Miss Willena Gordon, presided at the guest register. Mrs. Jack Nichols poured at the silver tea service, and Mrs. Clark Bumpers was hostess of the gift room where many attractive gifts were on display.

During the receiving hours, recorded music provided entertainment. About sixty guests registered and sent gifts.

## Pink and Blue Shower Honors Mrs. Barrett

SHAMROCK, (Special)—Mrs. Price Barrett was named honoree at a pink and blue shower Tuesday evening, which was given at the home of Mrs. Gordon Stanford.

Assisting hostesses were Mrs. A. C. Henderson, Mrs. Wesley Leake and Mrs. C. L. Foster.

The entertainment rooms were decorated with pink and white carnations in artistic arrangement.

Mrs. Stanford received the guests upon their arrival and Mrs. Henderson had charge of the guest register, with Mrs. Foshee presiding at the tea service.

The honoree was presented with a lovely baby bed from the group. Games provided entertainment during the receiving hours.

## Report Made on Executive Meeting

PANHANDLE, (Special)—Mrs. Willie C. Neal, member of the State Legislative Executive committee from the thirty-first senatorial district, returned home Thursday of last week from Corsicana, where the committee met for its annual meeting and Armistice day, Nov. 11, in the home of Governor-elect Breauford H. Jester.

Only a limited amount of business was attended to by the committee, most of the activities honored the governor-elect.

Mrs. C. Neal attended a sunrise breakfast, sponsored by the American Legion post, at the fair grounds. This year the breakfast was a "sunrise breakfast" for many years and Mr. Jester was the principal speaker.

The noon luncheon was interesting. It was held at the home of the Gophers home, Jester and R. W. Calvert, state committee chairman, were among the luncheon speakers. Calvert grew up in the home and naturally it was a warm place in his heart to be told his listeners.

The committee selected several committees to attend to various activities concerning state affairs. Mr. C. Neal said the next meeting would be in connection with the inauguration of Governor-elect Jester at Austin in January.

## Panhandle Woman Is Wed to Amarilloan

PANHANDLE, (Special)—Mr. and Mrs. R. E. Booner have announced the marriage of their daughter, Margaret to C. L. Shields, son of Mrs. A. M. Johnson of Amarillo. The ceremony was read Oct. 26 in the home of the bridegroom, with the Rev. A. D. Foreman pastor of the First Baptist church, reading the rites. The couple was unattended.

Mrs. Shields attended Panhandle high school where she graduated with the class of 1943. She attended business college in Amarillo and is now employed with the American National bank there.

Mr. Shields attended school in Amarillo and has recently been discharged from the armed services. He is associated with his father in the furniture business.

## Man 'Not Guilty' Of Assault Charge

Henry Jenkins was found "not guilty" to charges of aggravated assault on Miss Bernice Brown, by County Judge Sherman White in the county court yesterday afternoon.

Jenkins, who chose to take the stand and testify in his own behalf, stated that he did not strike or even push Miss Brown.

He testified further that the misunderstanding grew out of a "child squabble."

Statements by witnesses, who had previously been on the stand, apparently coincided with Jenkins' testimony.

The court found Jenkins "not guilty."

## Carson County HD Council Has Tea for Guests

PANHANDLE, (Special)—The Carson County Home Demonstration council gave a tea, Monday at the First Baptist church honoring present and elected members of both the commissioner's court and the council.

The entertaining room was decorated with fall leaves, pyracantha berries and candles. A cornucopia filled with fruits and vegetables was the centerpiece for the refreshments table.

The program for the afternoon consisted of a vocal solo by Lula Mae Cummings, accompanied by Carolyn Williams, readings by Barbara Davis and Donna Brunner and a talk on Alaska by Miss Charlotte Tompkins, home demonstration agent. She illustrated her talk with pictures she had taken in Alaska.

Reading certificates were awarded to the following women: Mesdames Amos Adams, E. L. Jones, Otis Walker, M. F. Callham, Cecil Walker, R. R. Pugh, J. E. Wagoner, Zilla B. Coffman, George Latta, Lloyd Thorp, M. O. Callham, George Hawkins and Porter Brown.

**WHY GET UP NIGHTS DUE TO KIDNEYS?**

**FLUSH THEM OUT THIS DOCTOR'S WAY**  
If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache, due to excess acidity in the urine, be glad you're reading this.  
Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.  
Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... soothes the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

WHERE ECONOMY SHOULD BEGIN... If those politicians who continually talk about government retrenchment and economy are at all sincere, they will have no difficulty in finding places to cut the federal budget by billions of dollars.

When government goes into the power business, it destroys some of the very sources of the tax revenues which keep it alive. It blocks private investment which would create productive jobs, real business opportunity, and taxable assets.

The grandiose government power schemes which are currently proposed would, if all were approved, almost completely socialize the power business.

The activities of the Rural Electrification Administration should also be eliminated. The private utilities are now starting the most ambitious farm electrification program in history.

By J. M. ROBERTS, JR. AP Foreign Affairs Analyst (Subbing for MacKenzie) The United Nations debate this week over the issue of troops may well go down in history as the mystery of Lake Success.

Last August Russia, following her usual line of seeking to arouse world nations against her "capitalist oppressors," charged that U. S. and British troops were on the soil of such countries as Greece and China with grasping designs.

Embarrassment by then had become counter-embarrassment. It's the Russians who have been fogging up the police force outlook to the point where the U. N. military staff has been able to do nothing.

Another reason has developed lately—that there is a chance, though slim, of running the Russian counter-embarrassment.

The mystery lies in why the British and Americans chose to run with the Russian punt instead of just letting it bounce out-of-bounds.

Leaves From a Correspondent's Life Notebook

NEW YORK.—The best sign that the world is returning to normalcy is a report from Italy that a 100-foot rose-colored sea serpent has been sighted in Lake Como.

So don't just sit there in your chair and say "there ain't no such animal." All the people who say they saw one weren't nibbling on high-voltage soda pop.

The lake Como serpent—if any—differs from other members of the breed—if any—by having great horns and huge scales.

There is a possibility that this new beheadment is merely the loch monster being driven to sea to escape the rigors of the Scottish climate.

The loch ness sea serpent, first reported in 1845, has had its last appearance in 1943. He hid out during the war after a group of pub-room admirals proposed that the

Deduction Plan Offered to Vets

NEW YORK, N. Y.—World War II veterans of the Metropolitan Life Insurance company have been offered the opportunity of meeting the cost of their National Service Life Insurance through authorized deductions from their pay.

"This is in accordance with our desire to emphasize to all veterans the importance of conserving the National Service insurance benefits available to them," said Mr. Lincoln.

The announcement to the organization of the salary-deduction arrangement is being accompanied by a detailed description of the liberalized provisions of the insurance which became effective by act of congress last August.

American army intelligence then scattered all over." American army intelligence then uncovered other hiding places which yielded gallons of diamonds, often in flimsy containers such as shoe boxes. The gems were "in a confused condition. Dirty and mixed with worthless debris," the army announcement said.

Henderson and Dr. William H. Foshag, curator of minerals at the Smithsonian, were called to Tokyo to classify and appraise the "collection."

"If they had been piled in one heap on a desk I don't suppose you could have stretched your arms around the bottom of the pile," Henderson said.

There were so many that it took Henderson and Dr. Foshag, working with four Japanese, five solid months to count and classify them.

### Ex-Resident to Be Buried Here

Funeral services will be held at the Duengel-Carmichael funeral chapel here at 4 p. m. tomorrow for Ora Price Sharp, 51, former resident of Pampa who died of a heart ailment at 3 a. m. Thursday at the Dalhart hospital.

For the past four or five years he had been making his home at Stratford, where he was employed as a meat-cutter. Prior to then, he had worked in a Pampa market since 1912 when he moved here. He was born Aug. 6, 1895, in Kansas.

The Rev. James Todd pastor of the First Christian church, Panhandle, will conduct the rites, and burial will be at Fairview cemetery.

month the plan should be accumulative.

This plan was downed without a vote by Boss Lion Jimmy McCune who stated, with a plan like that, he was afraid that he would have trouble keeping his Lions under control.

McCune also announced that there would be no meeting next Thursday since it was Thanksgiving, but warned Lions to be prepared to go "slumming" Friday, December 6. On that day they are to meet with the Rotarians and Kiwanis in the Palm rooms at the city hall.

The entertainment program was presented by nine members of the Baker school Choral club, under the leadership of Mrs. Claudie Galman.

Members of the group were Francis Brown, Anita Davey, Loquita Harvel, Frankie Turpen, Erma Jean Crall, Leta Mae Innon, Bobby Jones, Perry Musgrove and Ronnie Elliott.

### Chicken Thief Uses Chloroform Method

HOUSTON—(AP)—A chicken thief here is using chloroform-filled spray guns to stun his prey before carrying it off.

Deputy Sheriff Stanley Mahavier said today that a spray gun with chloroform in it was left behind in a recent raid. Vance Batella, a chicken owner, reported last night that after a number of his chickens had been stolen the remainder acted as if they had been gassed.

Mahavier said the thief evidently sprayed the chloroform through a window, waited for it to take effect on the hens, then walked off without risking detection from squawking quarry.

Petroleum Southwest corporation had bid to lease the line for 30 years for either petroleum or gas transportation.

The company's offer to pay the government 15 percent of gross income could mean a return to the government of \$800,000,000 for the Big Inch and \$1,500,000 for the Little Inch, he estimates.

These calculations, he said, were for movement of oil in the Big Inch and gasoline in the Little Inch and were based on wartime volume. If used for gas the return to the government during the same period would be \$185,000,000, he said.

L. M. Glasco, Dallas oil man, who proposed moving the Little Inch line so that it could feed oil into California from West Texas. His company, he said, would pay the government 5 cents a barrel and stand the cost of moving and relaying the line.

### Coal Strike

(Continued from Page 1)  
Lewis' suburban Virginia home yesterday had dwindled away. Only reporters and photographers were on hand when he emerged.

The writ is another step toward possible changing of jail doors in the UMW chieftain's face. It directs him to appear before U. S. District Judge E. Alan Goldsborough on Monday and tell why he did not honor an order to recall his contract "termination" of Wednesday night.

If Lewis fails then to clear himself of the contempt charge—possibly by calling off his "termination" notice or by showing that his stand is lawful—the next step will come Wednesday. On that day, Judge Goldsborough "with an advisory jury" will decide Lewis' guilt or innocence.

If convicted, the union might be fined and Lewis sent to jail, until he obeys the court.

The contempt citation was issued late yesterday. It was not served immediately because Lewis had gone to his home in Alexandria, Va., and it had to be served in the District of Columbia.

Associates of Lewis indicated then that there would be no difficulty about service—that Lewis would make himself available in Washington.

In the mine fields, tension mounted as the idle miners watched the struggle between their leader and the government. Two men were shot fatally in West Virginia in the first major flare-up of violence.

Railroads, steel mills and their customers, public utilities and other big users of soft coal began batten down for the worst—a protracted work stoppage in the 3,300 government-held mines.

A "brownout" to save fuel darkened the capitol dome itself, while republican and democratic congress members joined in demands for extraordinary measures. Some asked a special session of congress but men close to President Truman said that was unlikely.

Neither Lewis nor his lieutenants gave any inkling what he intends to do when he goes before Judge Goldsborough.

## Big Nine, Pacific Coast Titlists To Be Crowned

**By AUSTIN MEALMEAR**  
NEW YORK—(AP)—Champions of the Big Nine and Pacific Coast conferences, who will meet in the Rose Bowl on New Year's day, will be crowned tomorrow as the district and most lucrative college football season of them all moves within sight of the finish line.

Title races which have been in doubt since the opening practice day will be partially or completely settled in several other leagues and many teams will call it quits for the year.

Others, like army, navy, Georgia and Georgia Tech, will be resting or playing breathers in preparation for important matchups next week.

But all of the chips in the game will be down at Los Angeles and at Evanston, Ill., with Columbus, Ohio, claiming more than casual interest in the proceedings.

Well over 100,000 persons are expected to jam the Los Angeles Coliseum to watch all-victorious UCLA battle it out with Southern California for top honors on the Pacific Coast.

A victory for the Bruins would give them the conference championship with no strings attached and automatically send them into the Tournament of Roses classic at Pasadena on Jan. 1. If Southern Cal. a seven-point underdog, should come through, however, the two would share the title and a vote of conference members would be needed to name the Rose Bowl host.

Illinois, meanwhile, will stake its claim for a Big Nine title on a victory over a northwestern team that is still reeling from its hammering by Notre Dame, with a sell-out crowd of 47,000 in prospect at Evanston.

If the Illini should falter, Michigan could grab the Big Nine and

## Boyles, Anderson Still Out Of Pampa Starting Lineup

**By SCOTT HARETTY**  
With at least two regulars still out of the lineup, the Pampa Harvesters battle the Plainview Bulldogs here tomorrow afternoon at 2:30 in a District 1-AA conference football game.

Still missing from the Harvesters starting lineup will be Phil Anderson and Bob Boyles, 204-pound left end. Pampa will have a heavy edge in weight tomorrow, the weighing of the Bulldogs nearly 17 pounds per man, but the Hale county eleven will field a team with far more experience than that held by the local eleven.

## Stan Musial Is Named League's 'Most Valuable'

**By JOE REICHLER**  
NEW YORK—(AP)—Stanley Frank Musial, stellar first baseman of the world champion St. Louis Cardinals and his league's batting champion with a .365 average, today was named the National League's most valuable player in 1946.

In winning baseball's most coveted prize for the second time in his brief four-year major league career, the Donora, Pa., clown who only yesterday celebrated his 26th birthday, received the highest total of points ever accorded any player since the present rating was adopted in 1938.

Musial, who also was voted most valuable in 1943 with 267 points, polled a total of 319 points in the balloting of 24-man committees of the Baseball Writers' Association of America. Three writers from each league city voted.

The previous high received by any player was 305, garnered by Jimmy Fox in 1936 while a member of the Boston Red Sox. The previous National League high was earned by Bucky Walters of the Cincinnati Reds who polled 303 in 1939.

Musial, 10th Redbird to receive valuable player recognition since the award was instituted in 1912, received 22 of the 24 first place votes to make a runaway race of the balloting. Of the two writers who failed to name him on the first ballot, one placed him second and the other ninth.

Second place went to Brooklyn's Dixie Walker, whose 159 points made him the poorest runner-up in the last nine years.

Outfielders Enos Slaughter and Southpaw Pitcher Howie Pollet, both members of the Cards, were third and fourth respectively.

Pounding out the first 10 were Harold Reese, Brooklyn's splendid shortstop, 79; Ed Stanky, scrappy Dodgers second baseman, lead-off man extraordinaire and best base on balls wrangler in the league, 67; Del Ennis, hard-hitting outfielder and the Philadelphia Phil's candidate for rookie-of-the-year honors, 61; Harold (Pistol) Pete Reiser, leading basestealer and Brooklyn's sterling flycatcher, 58; and Phil's most valuable player, Phil Savaretta, outfielder-first baseman of the Chicago Cubs, 49.

The Owls to share the title with Arkansas, which will be idle while awaiting its Thursday windup with Tulsa.

Nebraska will be at Oklahoma, with the winner clinching a tie for the Big Six crown, although the co-champion won't be determined until Thanksgiving day when Kansas and Missouri get together.

Drake will be at Oklahoma A. & M. in the Missouri Valley and Texas Tech goes to Arizona for a border conference clash while non-conference games send Kansas State to New Mexico and Brigham Young to Texas Mines.

Stanford will invade California for their annual "big game", somewhat reduced in stature this year by the USC-UCLA affair. Oregon goes to Oregon State and Montana to Washington for other Pacific Coast conference battles and Nevada plays at Loyola of California.

## Army, Irish May Play Re-Match in Los Angeles Soon

**LOS ANGELES—(AP)**—Los Angeles, still seething with indignation over the Coast conference—Big Nine closed shop on the Rose Bowl excluding Army, appeared determined today to bring the Cadets out here, one way or another.

The city council yesterday invited Army and Notre Dame to play a re-match of their recent scoreless game, and councilman Harold Harby said both institutions seemed receptive to the bid, with an answer probably forthcoming tomorrow.

The council would stage the game Dec. 22 or 23 in 103,000-capacity memorial coliseum, with most proceeds going to charity.

The game probably would be co-sponsored by the county council of the American Legion, which also wired a proposal to West Point and South Bend.

Insulin was discovered in 1921. "Merry Christmas."

## Duck Season To Open Tomorrow

Duck and goose hunting season opens tomorrow morning with prospects for good hunting reported at Lake McCellan, 25 miles south of Pampa.

Bert Howell, concessionaire at the lake, reported today that the lake is at high water level and that "birds" are not needed in most places, but two or more persons holding an annual permit may construct a blind.

Hunting will be permitted at the lake tomorrow and on each Wednesday, Sunday and legal holidays thereafter until the season closes.

Each hunter must have a license to hunt and must also purchase a duck stamp at the post office and a Lake McCellan hunting permit at the boat house and must "check in" his kill each day before leaving the lake area.

**NOT GOOD WORKERS**  
African elephants are of little use to man as work animals. They must spend so much time eating to sustain their huge bodies, that they have little time left for work.

## Why Bert Won First Prize

**Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.**

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them; neatly arranged, with the husks cleanly trimmed, and the booth white and spotless.

"Trimmings" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive...in nice surroundings that

belong with the enjoyment of a wholesome beverage of moderation. And Andy, of course, is a whole-hearted supporter of "Self Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that taverns selling beer are clean and orderly.

From where I sit, people like Andy also rate a "First prize." Not just for the quality of the product—but for the "trimmings" too.

## Take Family or Friends Out for Delicious Meal

Dining out tonight? Then, why not take your family or friends to the Court House Cafe one of Pampa's oldest established restaurants, located at 121 West Kings mill, in the heart of the downtown shopping district.

At the Court House, you can get delicious steaks, sandwiches, lunches, sea foods and good hot coffee at any time, day or night.

Since taking over the operation of the Court House Cafe in January, M. M. Munson and Louise Caldwell, partners in the operation of the firm, have made many friends among the men and women engaged in business in and around Pampa. They have tried to cooperate in every way in the business growth of the great Pampa area and fully realize the importance of the major industries, oil, cattle and agriculture, that are prevalent.

The delicious steaks prepared at the Court House Cafe are taken from only the finest cuts of beef and special care is taken to see that they are prepared the way you want them.

Vegetables served with dinner orders are always fresh-cooked in one of the cleanest kitchens in the Pampa area.

If you are dining with a private party, why not call the Court House Cafe and make arrangements to use the private dining room there. You may order the meals in advance or have your guests order individually after they get there.

Whatever the time or event, the Court House Cafe is always a good place to eat. You'll always find someone you know there, so drop by and give them a visit.

PAMPA LUBRICATING COMPANY, 114 East Francis, has the equipment and the products to SERVICE your car right—the widely known Quaker State Oils and Greases, Danciger Gasoline, tires, batteries, accessories, etc., are part of the facilities to "keep the old bus road fit."

## Don't Forget Portraits For Holiday Gifts

Don't forget those photographs for Christmas.

Shopping worries can be sliced in half by giving portraits from Smith Studio for gifts to friends and loved ones; they're so inexpensive, yet so different.

The fine portraits made at Smith Studio, located at the corner of Foster and Russell streets, will be an everlasting remembrance of your thoughtfulness.

Whether it be a picture of you, or a family group it will always be an effective gift.

For daughter and son in school, have their picture made, too, to send to their friends. They always appreciate gifts of this sort.

When you have your picture made at Smith Studio, you can be sure that the staff will make every effort to see that it is reproduced in its most lifelike tones and placed in attractive frame of your choice—and Smith's have a large stock of these beautiful frames, too.

Why not take advantage of the years of experience in photography offered you by Irl Smith, owner and operator of the studio.

Besides the making of portraits, the studio does fine commercial work and also specializes in weddings, school and sports events and all other types of photography.

A large stock of certain types of film and many camera supplies is kept in stock at the studio, too, and these will become more plentiful in the near future.

Remember, don't neglect that Christmas shopping list—and include on it a portrait from Smith's Studio. The address is 122 West Foster street and the telephone number is 1510.

A photograph is a lasting remembrance.

**THE FAMOUS BEAR WHEEL ALIGNMENT** process has, according to expert opinion, saved more lives and auto wrecks than any one agency now used to keep automobiles "roadable." An approaching crack-up in your steering gear rarely ever lets you know it BEFORE it happens—you can be going ten miles an hour or sixty—well, it's just too bad if you are going sixty... see McWilliams Motor company, 411 South Cuyler TODAY for a wheel alignment check-up today.

**THE MOTOR INN AUTO SUPPLY COMPANY** invite inquiries from any firm or individual in Pampa's trade territory for all types of automotive equipment. This wholesale automotive parts company is located at 107 East Francis.

In addition to the famous Phillips "66" line of gas and oils, JACK VAUGHN'S "66" SERVICE STATION, 501 South Cuyler, handles frozen food cabinets, Thor Washing Machines, and home furnishings. Phone 9569 for information about any of these.

**PALMITIER AND SONS** maintain a highly specialized service that is a boon to oil drilling firms—they go to the field, pick up the drilling engine, repair it, set it back on location, ready to go... the concern is located at 517 South Cuyler and their phone is 1785.

## YOUR LAUNDRY AND DRY CLEANERS

Pictured above is the modern plant of the Your Laundry and Dry Cleaners, located on East Francis street. Standing in front of the building are Owners Steve Matthews and O. J. Payne and Ernie Voss, manager of the cleaning department. By calling 675, you can take care of both your cleaning and laundering needs when one of the experienced drivers from Your Laundry and Dry Cleaners stops at your door. New equipment has recently been installed in the laundering department of the firm to assure you the best in service. Remember, for cleaning and laundering, just call 675.

## Milk Needs More Safeguarding Than Any Other 'Basic Food'

As perhaps the most important of all basic foods, milk is the one that probably requires more safeguarding than any other type of food—liquid or solid.

From the time it comes from the dairy until it reaches your refrigerator, every precaution should be taken to see that the milk is pure, wholesome, healthful and delicious.

Those precautions are an everyday operation at Plains Creamery, one of the most modern establishments of its kind in this area.

To begin with, only milk from fully inspected and approved herds is processed there. This milk is brought from the producer with the greatest possible speed and in the cleanest conveyances so that it reaches you only in its purest stage.

Once it reaches the plant, human hands never touch the milk as it goes through the various pasteurization and other processes before being bottled and distributed throughout this area.

Each vessel in the plant is kept clean at all times and regular inspections are made to see that there are no harmful defects in the operation of the facilities.

Other Plains Creamery products, including butter, ice cream and cheese are handled with the same scrupulous care and are packaged with the most modern methods.

The creamery was taken over by the Plains firm over four years ago and operates in a wide area. Plains milk being available in nearly every community in the great Pampa-Bogert-Amarillo area.

O. E. McDowell has been manager here since the plant, located at 219 East Atchison, was opened. The telephone number is 2204.

Remember—when you buy dairy products, look for the name, "Plains Creamery" on the bottle or package. You'll be assured of the finest that modern processes can afford.

**Navy Enlistments Again Unlimited**

Lieutenant W. C. Thrallkill, officer in charge of the navy recruiting station, Albuquerque, New Mexico, announced today that enlistments in the regular navy are again unlimited. Applications for enlistment as hospital apprentice and electronic technician are also desired.

The navy offers a young man innumerable opportunities to better himself educationally through study courses, free trade schools, and travel. There are opportunities to learn any of 50 trades.

Everyday, navy trained men are returning to civil life and to good paying jobs as a result of the training and experience they had gained in the navy.

A ranchero in the Valley has so much faith in science that a new seed developed to make chickens lay eggs has him worried.  
 After buying a bag at a Brownsville feed store he walked a few blocks, began to ponder what seemed to him a very perplexing problem, and stopped a policeman for advice.  
 "How," he wanted to know, "can I segregate my roosters so they eat some of this feed and begin laying eggs, too?"  
 The cop told him to quit worrying.

The big problem in Waco, though, is termite.  
 They're getting into Pat Nell's \$1,344-75, on a burst of buying at the close.

**CHICAGO GRAIN**

CHICAGO, Nov. 21—(AP)—Another new 26-year peak for wheat futures was established on the board of trade today when the bread cereal moved up more than 2 cents a bushel at times. Strong demand for the cash grain supported the upturn in futures.  
 Corn held barely steady.  
 The January wheat future closed at \$2.15 1/2, a new peak for any delivery since 1929. Wheat gained 3-21 cents. Corn finished 3/4-1/2 higher, January

collection of prize gavel.  
 Baylor university officials called them an "undermining influence."  
 The gavel—100 from all sections of the country—are kept in two glass cases.  
 Collection attendants became alarmed when they noticed a pile of sawdust under gavel No. 153. It was a gavel presented the President of the university by Masons at Alvarado last September. It was cut from a box of a tree on the Senator farm.  
 Anyway, after the sawdust discovery a student worker, Raymond Harris, sprayed the gavel with DDT pronounced the termite dead. But a few days later more sawdust appeared. Harris tried something else—benzene crystals and a solution of formaldehyde.  
 If that doesn't work, he'll take "drastic measures" because he explained, "this thing has become a personal fight between this termite and me."  
 But police at Fort Worth decided science would be of no help in ending the crime career of their young-est burglar, a boy of 9 who admitted burglarizing three homes. He said he used a bone to pick window locks.  
 Police decided the best solution was a good spanking.
