# SNOW, RAIN ADD MISERY TO TORNADO VICTIMS

## Pampans Give Full Support, Aid in Field

Hemphill County Sheriff E. R. Cloyd remarked Wednesday night shortly after the twister struck Glazier that half of Pampa was there.

Even though that was an overstatement of the moment, it developed that the sheriff was in reality giving some idea of the help local citizens were giving.

Station KPND at Pampa, acting in concert with city police and highway patrol short wave stations, flashed numerous times the signal for help; and the road was soon busy with traffic.

Not only did individuals help, but also there were whole organizations that sent out help within a few hours.

The complete unit of the medical detachment, 14th Battalion of the Texas State Guard, Pampa, under the command of Lt. Charles Madeira, has been on duty since midnight Wednesday.

Clavis Proctor, a member who spent months in France with a medical unit, dressed wounds at Canadian until Saturday. Another member was reported to have been on constant duty since then, but his name was not known.

The unit was mobilized within an hour after the appeal went out for help. The detachment's ambulance was used to move injured.

Among duties administered by members of the corps were plasma administration, dressing wounds, searching for victims, helping extract the wounded and dead; administering first aid; and the guarding of ruins to prevent looting.

Looting was reported in the ruins of Glazier, Higgins, as well as in the Oklahoma communities.

Richard Gee, of the corps, said one man was reported found, half-dressed, and without any clothes on. Although he had deep gashes across his back big enough to lay two fingers in, he was concerned about his trousers. He had \$60 in them, it was reported. That was at Higgins.

Other members told how the litter, carrying the wounded, were too big for hospital elevators; making it necessary to carry the cases up flights of steps.

Boy Scouts of the Adobe Walls Council, trained in emergency service patrol work, have been in the stricken areas in shifts since Thursday morning. They have been working in conjunction with the Red Cross and the Salvation Army.

Hugo Olsen, council executive, is in charge of operations in the area, and Tom Cochran and D. Watkins are the field executives, working out of Higgins.

Approximately 30 Scouts daily from troops, throughout the area, have made the trip daily to the area to help sort clothing, clean debris from the streets and buildings, run errands, and to do whatever is asked of them.

Friday the Scouts cleaned and helped arrange that part of the Higgins Hospital, which was unable to be used because of the damage caused by the tornado, so that more patients could be cared for at the scene of the disaster.

The Adobe Walls Council truck See EYEWITNESS, Page 3

## Services Set for 10 Storm Victims

Funeral services have been set for the following residents of Higgins and Glazier, who were killed in the tornado:

Charles Bernard, 5, resident of Higgins. Services in Higgins, Monday afternoon.

Joseph Riley, 50, resident of Higgins. Services in Higgins, Monday morning 10 o'clock.

Mrs. Verda Maggarda, 25, and daughter, Betty Lou, residents of Higgins. Services in Higgins this afternoon.

Nathaniel Brooks, 77, resident of Higgins. Services at First Baptist Church, Canadian, 1:30 Monday afternoon.

Mrs. Alice Davis, 64, resident of Glazier. Services at First Baptist Church, Canadian, 3 o'clock Monday afternoon.

# Pampa News

VOL. 46, NO. 4 (32 Pages) PAMPA, TEXAS, SUNDAY, APRIL 13, 1947. Price 5 Cents AP Leased Wire

GRAPH OF DESTRUCTION—Upper left, Ross Ward, nearest camera, does salvage work at the scene of what was his father's home, Glazier, being assisted by a friend, R. E. Curtisinger, of Hereford. No one was hurt there; center top, Bill Behrman, Pampa News staff member at the camera (who took all these shots) selects one of the scores of autos laid ruin. This was by no means the worst auto casualty; upper right, cattle lay dead and mortally hurt at Glazier. The steer in the foreground was shot a few moments after this picture was taken. At least 50 dead cattle were counted in this area; middle, right, looking north toward High School Building at Higgins, a scene of general and methodical destruction. Highway patrolmen were on every hand; lower right: this was once a filling station and other business houses, razed and burned; lower left, four men's bodies were taken from this pool of hall, which started fire that covered two blocks.

RUIN IN BRIEF—Scene above, photographed by Bill Behrman of The Pampa News staff, tells in brief the story of Glazier, erstwhile community of 200, where 16 persons died. This scene shows area least affected, but it is laid waste. Two dwellings, on left and right, are only ones left standing, and they are practically uninhabitable.

## Woodward Begins To Bury Its Dead

WOODWARD, Okla.—(AP)—Tornado-ravaged Woodward yesterday buried the first of its 84 dead, and the elements insisted on paying their last ironic respects as cold, rain and sleet added to the misery of this sorrowing city.

The first two victims of last Wednesday night's tornado to be buried were brothers, Roy Lee Harper, 4, and H. C. Harper, two months old, sons of Mr. and Mrs. H. C. Harper. A small group of relatives stood in the rain while simple services were conducted by Rev. Edward Lally of the Salvation Army.

A dozen other victims were buried yesterday after a call went out for voluntary grave diggers to help with the funeral preparations.

Funeral arrangements also were being made at Gage, Okla., where three were killed; Higgins, Texas, where there were 39 dead; and Glazier, Texas, where 14 died as the Tornado raced through the Texas-Oklahoma Panhandle.

An estimated 1,205 were injured and millions of dollars worth of property damage resulted when the twister struck in Texas, then spiraled northwestward into Oklahoma where Woodward bore the brunt of its fury.

The rain, which started here Friday night, has bogged down cleanup efforts and water soaked survivors were doing the best they could to make themselves comfortable in temporary shelters.

Utilities were in limited operation to supply emergency needs and a tent city was being erected on the football field near the high school to house victims who lost their homes in the Tornado.

Gifts of clothing and food came in by the wagon load.

See WOODWARD, Page 3

## BADGES COPPED

BALTIMORE—(AP)—Two policemen told their superiors that someone had stolen the badges off their uniform coats.

They explained the shields were taken right in the station, too. It happened when they left their coats hanging by late Sunday.

OKLAHOMA—Sunday partly cloudy, clearing by the wind.

## Chick Survives Storm, Evacuated to Pampa

A two-day-old baby chicken, sole survivor of a truckload of 1,000 at Woodward, had a home in Pampa today.

Mrs. Myra Coddin, of the Pampa News classified ad department, went to that devastated city Friday to inquire about her relatives, who were found to be all right.

While passing the rubble of what was the Railway Express office, she heard a faint "peep."

There, among the flattened building and shattered trucks, were several crates of dead chicks.

But there was still life for one—and it was rescued, and brought to Pampa.

## Flowers Received Here For Funeral Services

Over 6,000 flowers and ferns have been received by the Blossom Shop, of Pampa, to be used in the funerals of those killed in the tornado that struck the Texas-Oklahoma Panhandle.

Five thousand of the flowers were donated by the Colorado State Flower Growers Association for the victims of Glazier and Higgins, and 1,000 flowers and ferns have been sent by Purrow & Co., florists of Guthrie, Oklahoma City, to be sent to Woodward, to be used at the funerals of those stricken in this city.

The flowers and ferns will be made up as the Blossom Shop employs of this establishment and W. J. Freeman, florist, Amarillo.

## Mrs. Matt McCall, Manager Lamesa Chamber, Heads CC Association

Mrs. Matt McCall, manager of the Lamesa Chamber of Commerce, yesterday was elected president of the Chamber of Commerce Managers Association of West Texas during the closing hours of the organization's annual convention here in the Palm Room, City Hall.

The CCMATA at the same time voted a donation of \$50 to the Red Cross Storm Fund for the relief of tornado victims at Higgins and Glazier.

Other officers elected for the ensuing year are: W. E. Cantrell, Dalt, vice president; Bob Murdoch, Bowie, secretary-treasurer; Joe Cooley, Borger; L. A. Wilke, Sweetwater; Delbert Downing, Midland; Miss Ollie Clark, Albany; W. L. Coffey, Olney; Paul Counts, Fort Stockton; and Jim Mansfield, Levelland, all directors.

Postmaster W. B. Weathered, past president of the Pampa Chamber of Commerce, spoke Saturday morning on "Business Views the Chamber of Commerce," telling the group that business depends on the

Southwestern Public Service

See CC MANAGERS, Page 4

## Various Phases Phone Service Are Cleared Up

While local telephone operators remained on strike throughout the Higgins and Glazier tornado disaster area, union operators employed by the Southwestern Bell Telephone Company at Canadian returned to their posts to service all calls for those stricken communities and keeping in touch with the outside world to summon medical aid, furnish information for relief agencies, and other vital communications, according to reports from George Newberry, manager of the local office of the Southwestern Bell Telephone.

Newberry cleared up some misunderstandings yesterday afternoon when he explained that the Glazier and Higgins telephone companies are not connected with the Bell system, but that Canadian is, as well as Borger, Shamrock, Lefors, Pampa, Stinnett and other communities.

The manager added that at the conclusion of the strike, adjustments in telephone bills will be made by the company. All communities under the "emergency call only" system will have their bills discounted for the amount of days they were without full service. The local calls being serviced now are being given free of charge. However, long distance calls will have to be paid for by the customers. In other words, if the strike lasts one full month there will be a full discount for that month except for long distance calls, Newberry explained.

Meanwhile the non-union operators here stuck to their posts putting through local calls that could not be passed as emergencies, other than death, sickness or fire.

The girls were receiving compliment after compliment on the work they performed during the emergency at Higgins and Glazier and for their work in putting through essential calls for business as well as extreme emergencies.

## Water in School Forces Evacuation

Roaring winds, driving rain, swirling snow and sleet forced the evacuation of storm victims in tornado-ravaged Higgins School to seek shelter in the homes of relatives and friends in or near the town yesterday, as the school's basement went under six feet of water.

Earlier Mayor Warren Jenkins issued a proclamation to evacuate the school after the roof began to leak and sag menacingly. Some makeshift repairs to remaining Higgins homes were hurriedly made to make them habitable for the time being until more extensive repairs could be made. The shortwave radio station located in the school was forced to go off the air early Saturday.

Relief supplies that could not be sheltered from the pommelling elements at Higgins were sent back to Canadian for storage until needed.

Residents of Higgins sloshed their way through two inches of water and were becoming blue from the cold, and sluggish from lack of sleep. The temperature dropped to nearly freezing.

Cover the entire devastated area, and neighboring areas, wind, rain and snow made the going tougher for victims and workers alike.

Red Cross units and other volunteer units made frantic appeals Saturday for temporary emergency housing units to get the victims in a dry place.

Relief supplies from all points poured in with no place to properly store them and keep them safe from foul weather.

Meanwhile relief funds over the state swelled for the stricken area. Late yesterday afternoon Frances M. Vogler, National Disaster Representative, American Red Cross, working out of the St. Louis, Mo., field office said there is absolutely no

See EVACUATION, Page 4

## 'Good Neighbor' Contributions

The following contributions have either been paid or promised in the local drive under way for the "Good Neighbor Fund."

Making its beginning last night between 8 and 11 o'clock during the request hour over station KPND, the fund totaled \$2,515 by the end of the program.

See CONTRIBUTIONS, Page 3

## C of C Week to Be Observed in City of Pampa

This week will be observed as Chamber of Commerce Week in Pampa with a number of activities being sponsored by the local organization.

The program will get underway Monday evening at 7:30 with a radio program over KPND with a group of city residents of the local chamber taking part in a round-table.

The program will be conducted by Lieb Langston, who will propound numerous questions to the men taking part on the program. Another radio program will be given on Friday evening at 8:30 at which time a broadcast will be made of an actual directors meeting of the local board of twenty members.

Other activity for the week includes: Speakers before all civic clubs of the city, Junior High School Assembly on Wednesday at 1:30 and with the Senior High Assembly on Friday at 9:15.

The following proclamation was issued by Mayor C. A. Huff:

PROCLAMATION  
MAYOR OF THE CITY OF PAMPA TO ALL TO WHOM THESE PRESENTS SHALL COME:

WHEREAS, the first Chamber of Commerce in the United States was formed many years before the drafting of our National Constitution; and

Whereas, the Chamber of Commerce of Pampa has made outstanding contributions toward the economic, industrial and commercial development of our city; and

Whereas, the services of a Chamber of Commerce are indispensable

See OBSERVANCE, Page 3

## Kiwanians Will Go to Wellington

Pampa Kiwanians will charter a bus next Friday to attend an inter-city meeting with the Wellington club, it was announced yesterday.

The group will leave Pampa about 5 p. m. it was said. Bill Whalen, Texas-Oklahoma District governor, Kiwanis International, will be the principal speaker. Bill Wood, lieutenant governor, Division 6, will also be present.

A letter signed by local president, Fred Shryock, had this to say about the standing "feud" between "Texans and 'imported' members of the club:

"Aside from the benefit to be realized from your attendance, the 'Furnice' & 'Native Son Feud' has flared again. 'Gabby' Atchison has stated that the Okies would be so few in number on this trip that in order that the natives should not have to be too closely associated with them, a trailer would be provided for their use. 'Pop Off' Langston wagged that the percentage of 'Furnice' making the trip would be greater than the percentage of 'Texans.' ... Thirty-five members have now bought tickets, but Atchison won't tell which faction has greatest representation at this point."

Those wishing to make the trip, he said, should contact L. N. "Gabby" Atchison.

Bear front end alignment, complete brake service, Pampa Safety Lane, 511 S. Cuyler. Phone 101.

GOVERNOR ARRIVES—Gov. Beauford Jester, shown here as he arrived at the City Airport Friday preliminary to touring the stricken area of the northeast Panhandle. He is seen in the company of, left to right, DeLea Vicars, Farris Oden, and Frank Culberson, all of Pampa.

## Jester Tours Area, Promises Full Aid

Governor Beauford H. Jester Friday assured the people of tornado-crippled Higgins that the full strength of Texas would be brought to bear to alleviate their suffering and that he had already wired Sen. Tom Connally and Congressman Eugene Worley to contact federal agencies to release surplus property immediately for their relief.

The Governor addressed the Higgins populace from a public address system at the High School, then being used as emergency headquarters.

Jester told the senator and congressman to check on all Army-Navy supply houses, plumbing fixtures, water tanks etc. and to ask surplus agencies to declare them as emergency disaster needs for Higgins and Glazier and to get them there as soon as possible by army truck and trailer.

Yesterday the Governor conferred by telephone with 4th Army Commander, General Johnston Wainwright at San Antonio, asking him to release housing and other equipment now stored at Army Airfields and other stations in the Panhandle.

Governor Jester was flown to Pampa by plane from Austin after strong winds delayed his takeoff a day earlier from the State Capitol. He arrived here shortly after 10 a. m. Friday and was taken by automobile to Higgins in company with Captain Folk Ivy of the State Highway Patrol in the motorcade, bearing the Governor were: Walter Henshel, Dallas; Bob Burke, Austin, representative of the Brauff Airlines which flew him here; Max Bentley, chairman of activities of the West Texas Chamber of Commerce, met the Governor at Higgins and toured the area with him.

The Governor also conferred with Roy Sansing, Higgins attorney, and Signat covers to fit any car. Lloyd's at 3:45 p. m. Friday and was flown back to Austin.

## 'Ham' Operators Aid in Crisis

Amateur ("ham") radio operators around Pampa did a real service through the past few days, as they did for their country during the war.

Some of them are still at their sets, receiving and relaying messages from one community to another when normal channels of communication are cut off.

Most of the information received here yesterday relative to the continuing crisis in Northeast Panhandle was brought through the help of these short-wave fans. It is then relayed to the Red Cross, to Station KPND and The Pampa Daily News. The Associated Press got much of its information last night for its national stories through these local operators, via The News.

Last Thursday, Cecil Hudson, assistant manager of the Pampa Times, stayed at his set almost all day—monitoring for KPND. There are at least eight sets in this vicinity.

John Michel, KPND manager, said "We owe them a vote of thanks."

## DAYS NUMBERED!

Miss Iva Farrell, long-time resident of Glazier, Tex., and weekly contributor to the Canadian Record, told Editor Vincent Lockhart in a letter a few days ago she was getting pretty old and that she did not think she wanted to write the column "My Home Town, Glazier" any longer. Also, she is reported to have added, my "days are numbered."

She was killed in the tornado.

# Oilers Meet Gassers in Exhibition Game 3 p.m. Today

## Sports Lineup

By BOB BRAY

Grover Seitz, pilot of the local ball team's dreamboat, was sailing through clouds of relief yesterday after watching Thomas O'neal, during the Oiler's regular practice workout, O'neal has been optioned to the Oilers by the Shreveport Sports.

O'neal is a shortstop—and one that is badly needed here to fill the vacancy left by the injury to Earl Harriman. Seitz feels certain that O'neal is the man for the job. A native of Philadelphia, O'neal has played plenty of ball in the south and southwest.

The new Oiler is 6 feet 1 inch tall and weighs 175 pounds which makes Skipper Seitz happy every time he steps in the batter's box. He hit .312 last year while playing ball with Baton Rouge. Not only that, he reportedly looks mighty smooth in the infield.

The second reason that Seitz is trading air these days is it appears very likely that Bob Bailey, who was recently released from San Diego, will play ball for the Oilers again this season. Fans will recall Bailey for his long-time hitting with the Oilers in '39 and '42.

Bailey is a first sacker—and he pitches when the occasion presents itself. An idea of the regard Seitz has for Bailey's ability was expressed by Seitz yesterday. "I consider Bailey a better first baseman than Joe Bauman," he stated.

While with the Oilers previously, Bailey slugged out 29 homers. He is regarded a top notch long-ball hitter and without doubt will greatly strengthen the Oiler's power that is noticeably diminished with the absence of Virgil Richardson. And to the addition of Bailey gives the Oiler manager a chance to try an idea that he has been toying with for several weeks.

At Johnston, who is one of those top-flight all-around players that

no winning ball club can ever do without, will be given a chance to develop his already powerful left arm. Johnston can throw that ball and throw it fast. It may not be many days before he's pitching for the Oilers, and between pitching assignments Seitz would still doubtless work him in the outfield.

Things are definitely looking better around Oiler Park and with that in mind, now should be the proper psychological moment to remind fans that season tickets for Oiler games are now on sale at most of the drug stores, the two banks, and at several other business houses.

Under the setup offered here a ticket entitles you to attend 70 ball games, or you and the wife to attend 35 games. A game missed is not lost. If games stack up you can take a whole party to a particularly good game. Single day tickets are also on sale at the above mentioned stores for the opening game here April 23.

## Handicaps Slow Time Clocked on Boardwalk Mile

By JAMES P. HACKETT

ATLANTIC CITY, N. J. —(AP)—Leslie MacMitchell of the New York AC won the first running of the boardwalk mile yesterday in 4:14.8, breaking the tape on the straightaway course 20 yards ahead of Tommy Quinn of Elizabeth, N. J.

A crowd of 25,000 persons lined the route, hoping to see a four-minute mile, but wind, a faulty boardwalk and the hardness of the boards worked against the runners. Quinn finished about 10 yards in front of Bill Hulse of New Brunswick, holder of the American native outdoor record of 4:06.

Brown, Ross of Woodbury, N. J., a Parfery of the New York AC finished behind Hulse in that order. Since the straightaway mile was the first to be run on boards in the memory of veteran observers, Villanova College star, and Jimmy Rafferty of the New York AC finished behind Hulse in that order.

## Seitz Says Oilers Will Field Better Team Against Gassers

The Pampa Oilers will field a much stronger team at Berger this afternoon than the one the Gassers beat in the exhibition opener here last Sunday, Manager Grover Seitz indicated this morning.

George Parve, who opened the game against the Gassers last Sunday, and didn't give up any hits in three innings, will follow Hewitt on the mound, Leonard Davis has been named as the probable third pitcher. All are right handers.

R. C. Orey, speedy little second sacker from last season's Oilers, will cover his usual position. Francis Rice, promising rookie prospect from Fairbury, Neb., will be in center field.

Bob Bailey, a local boy who many fans will recall from his long hitting with the Oilers in 1939, will handle the right hand corner. Seitz said that it was not definite that Bailey would sign yet, but indicated that he considered Bailey even better than Amarillo's highly touted Joe Bauman.

Joe Fortin will be out in right field. Al Johnston, who was changed from one position to another three of four times last year, will be working in left field.

Thomas O'neal, the boy who the Shreveport Sports have sent us to play shortstop in the absence of Earl Harriman, will cover that position. Jack Elliott, hardworking rookie from Etid, Okla., will catch. Tony Fänge will be at his regular third base spot for the first time this season.

The Oilers have arranged another home game with the team from Weatherford Teachers College on the night of April 21.

## Amarillo Area Track Meet Is Postponed

The Amarillo Area Track Meet, which was to be held at Butler Field, yesterday, was postponed until Tuesday due to the bad weather.

It was announced that the meet would be held in the field house at West Texas State College, Tuesday, if the weather had not cleared.

## LIGHTWEIGHT

Everything points toward the 7-11 Club Boxing tournament, to be held in the Junior High School Gymnasium, next Thursday, Friday and Saturday, being one of the biggest boxing shows ever staged here. New entries are coming in daily.

The tournament will be an all-city affair with boys from both High School and Junior High School participating. The fights will be co-sponsored by the 7-11 Club and the Jaycees.

Proceeds go to the Jaycees Community Center Building Fund and to help to support various 7-11 Club activities.

A partial list of boys who have filed entry blanks:

85 pounds—Billy Campbell, 126 pounds—Carroll Martin, Pete Cooper, Jimmy Cox and Bob Hinkle. 135—Wesley Keith and Doug Mills, 145—Buddy Sawyer, Darrell Conklin, Troy Ray, and D. C. Compton, 155—Keith Payne, 175—Glen Gary.

Tickets for the fights may be obtained from any members of the Jaycees or the 7-11 Club. Reserve seat tickets will be on sale in the lobby of the Combs-Worley Building this week.

## Gassers Probable Starting Lineup

BERGER — The Berger Gassers will be out to earn their fifth straight win, their second from the Pampa Oilers, when they meet the Oilers here at 3 this afternoon, Manager Gordon Nell expressed the feeling yesterday that the Gassers had a stronger club now than they used in defeating the Oilers last Sunday.

Nell gave the following probable starting lineup. Pitchers: Clayton Fries, southpaw veteran who won 27 and lost only 4 last year, will open the game. He will be followed by Vernoy and Hair.

## Shamrock Softball League Organized

SHAMROCK.—(Special)—The pool system of selecting players for Shamrock's Softball League will be used in organizing teams for play this summer, the committee in charge of arrangements announced this week.

Names of all players, except pitchers, will be placed in a box and be drawn by the various team sponsors. Pitchers are such key players, their names will be drawn separately, the committeeman said.

Persons who wish to play softball during the summer months are asked to turn in their names, position preferred and alternate position, to the Chamber of Commerce office not later than Monday, April 21.

A meeting will be held at the Chamber of Commerce Office that night and names drawn placing each player on a certain team. Sponsors will name their own managers, and their names, of course, will not be drawn.

The pool system of selecting players is not merely the only fair way to organize a league, but actually the only way we can have a league at all," R. H. Dennis, chairman of the arrangements committee, said.

"If one or two sponsors sign up all the good players, the competition will be so one-sided that neither players nor spectators will enjoy the sport," Dennis pointed out.

Six local firms have agreed to sponsor teams under the pool system. They are: Montgomery Chevrolet, Bertram Drug, Shamrock Steam Laundry, White House Lumber Company, Benson Hardware and Adams Hardware.

One or two others have signified their willingness to sponsor teams if there are a sufficient number of players.

The league this year will be sponsored and governed by the Junior Chamber of Commerce. Serving on the committee of which Dennis is chairman are John Gilliam and Ray McMichael.

## SPORTS MENTION

NEW YORK.—(AP)—Ted Williams, assuring Southern scribers that he intends to seek one to left occasionally to counteract the "Williams shift," wonders why teams don't try the same move against Hank Greenberg. "He hits to left field as often as I hit to right, and he's strictly a pull hitter," says Ted.

## TODAY'S GUEST STAR

Bob Steidler, Buffalo Evening News, "Former lightweight champion Lou Ambers quit the tavern business. In other words, he isn't dispensing amber fluid any more."

## DANCE To VICTOR DIAZ ORCHESTRA

Every Saturday Night

## CANADIAN VALLEY PRODUCTION CREDIT ASSOCIATION

a fast growing agricultural corporation organized in 1934 for, and owned and operated by, farmers and cattlemen.

Economical and dependable loans exclusively for agricultural purposes. Farmers and cattlemen with a sound basis for credit are invited to investigate our services.

MR. C. W. ALLEN, Manager  
Will be at the Schneider Hotel  
Pampa Each Monday 10 a. m. to 5 p. m.

## Aggies Take Own Meet With Baylor And Louisiana

COLLEGE STATION.—(AP)—The Texas A&M track team won a triangular meet with Baylor and Louisiana State here today by scoring 96 1/3 points to 48 for LSU and 25 2/3 for Baylor.

Although Baylor was low in points, the Bears' Billy Martinson was not slow, for he equaled the Southwest Conference record time of 9.5 in the 100-yard dash, a feat he accomplished here in the conference preliminaries last year to become a co-holder of that record.

Martinson also ran the anchor leg on the Bear 400-yard relay team which won in a time of 42.5 seconds. A fair breeze helped the Sprinters but slowed those who had to circle the track. The best Aggie mile relay team of Napier, Bilderback, Holbrook and Harnden could do so in winning was 3:25.6.

The Aggies won eight first places and shared another. LSU took four and one half firsts and Baylor captured three.

Art Haws, Aggies, and Ronnie Knecht, LSU, tied for the high jump at 6 feet, 3 3/4 inches. Individual honors went to Bobby Lowther, LSU, with 13 points collected on wins in the Javeline and shot put and a second place in the broad jump.

Stoney Cotton, Baylor, was second high scorer, winning the 220-yard dash event, placing second in the 11 yard dash and running a leg on the winning sprint relay team for a total of 9 1/4 points.

Martinson did not enter the 220 yard dash event.

## Room 117 Takes Third In 8th Grade Softball

Room 117 established their third place standing in the Junior High School Intramural Softball Tournament by defeating the club from Room 113 in a wild slugfest spree that required two noon hour periods to be played off. Final count was 17 to 16.

Lineup.—Room 117—Kenneth Collins cf, Ray Bailey 2b, Gerald Matthews p, Ray Bauer c (coach), Carl Kennedy 1b, Stanley Webb 3b, Coy Nolan p, T. L. Mason lf, and Leroy Kelley rf.

Room 113—James Claunch ss (coach), Luzzy Tarpley c, Jim Jennings 1b, Harold Comer 2b, Jerry Lane 3b, Elmer Wilson p, James Sewell lf, Tommy King, cf, and Otis Qualls rf.

Room 213 will tangle with Room 114 at noon tomorrow for the 8th grade championship. The winner will later have the opportunity to meet the champions from the 7th grade for a Junior High championship.

## Cornish Knight Gives Derby Entries a Shock

NEW YORK.—(AP)—The Canadian, refugee from the claiming ranks, Cornish Knight, produced a real shock for some of the fancier Kentucky Derby favorites by taking the experimental handicap, while the hopes of such Glamor-Boy gallopers as Stepfather and Better Value were blowing up all over the place.

Eight candidates for the run for the roses—among them five of the top 20 winter book favorites—took a crack at the mile-and-a-halfteenth meander at Jamaica. And the Chestnut bargin Toronto Brewer Edward P. Taylor picked up for \$2,600, a 100 to 1 shot in the Derby wigger books, was the surprise best of the lot. The triumph was worth \$16,400.

Stepfather, movie-man Harry Warner's \$200,000 buy who was an impressive fourth in the abbreviated six-furlong experimental last Tuesday, and Better Value, the Texas hope who was knocked down to 12-1 in the Derby futures after a victory Monday, showed neither desire nor intention of running alick and wound up next to last and last in the nine horse field. Stepfather's dismal doings dismayed the \$5,488 assembled contributors who had knocked him down to a \$2.00-to-\$1 betting favorite.

About the only other Derby candidate for which a kibb word might be said was Phalanx, owned by Sonny Whitney and Abe Hewitt. Making his first three-year old start and totaling top weight of 122 pounds, the stretch - running star of last year's youngsters came a waltzing from last place to finish third behind Cornish Knight and Mrs. Bar-

## Local Girls Win Two Volleyball Games From Amarillo Club

The Pampa High School Girls Volleyball Team defeated the Amarillo Sandies twice in a three game series in the local gym last week. The Pampa "B" team lost to the Sandies "B" club after a hard fought 17-15 battle.

The Sandies "A" club opened strong to take the first game 15-11 by hooking the ball just over the net. The local girls evidently profited by the first game experience for they came back to take the next two games straight 15-10 and 15-7, using the hook return.

The local girls evidently profited by the first game experience for they came back to take the next two games straight 15-10 and 15-7, using the hook return. Edlyne Pryor, Pampa, and Pat Pitcock, Amarillo, were high point scorers.

Pampa "A" team: Alice Robinson, June Metheny, Avis Kelley, Edlyne Pryor, Dorothy Jones and Pat Pinson.

Pampa "B" team: Lajoy Duff, Martha McGuire, Mary White, Betty Parker, Mary Kretzmeier, Ann McNamara.

Substitutes: Pat Higginbotham and Betty Blalock.

The same teams are scheduled to clash again at the invitation tournament to be held here April 26.

Proof that PLYMOUTH is the  
**LOW-PRICED CAR MOST LIKE HIGH-PRICED CARS**  
Look at this chart and count the "yesses." They prove how far Plymouth leads the low-priced field in high-priced car quality features. You see these features listed across the top of the chart. They naturally make you think of the most expensive cars. Now read down the chart. You find Plymouth has all but one of these quality features—and more than twice as many as either of the other leading low-priced cars! Then, too, only Plymouth in the low-priced field gives you the added protection of Safety-Rim Wheels—the 32% greater effectiveness of Safe-Guard Hydraulic Brakes—the longer wear and greater economy of Superfinished Engine Parts. These are just some of the Extra Values you get when you get a Plymouth.

Training Camp Notes

By the Associated Press ST. LOUIS (AP)—The St. Louis Cardinals and the St. Louis Browns presented starting lineups of veterans when the two intracity rivals met in the opener of a two-game series at Sportsman's Park yesterday.

All the Card starters are players who were with the team last year, although Manager Eddie Dyer doesn't plan to use Center Fielder Terry Moore, whose ailing knee stiffened after play last week.

Denny Galehouse and Bob Muncrief will toss for the Browns and Red Mungar, Howie Pollet and John Grodzicki for the Red Birds.

WHITE SOX CHICAGO (AP)—The Chicago White Sox resumed their intracity series with the Chicago Cubs at Comiskey Park yesterday. Friday's scheduled tilt was rained out.

DETROIT TIGERS LOUISVILLE (AP)—With their starting lineup for opening day set, the Detroit Tigers yesterday began their last exhibition series, taking on the Louisville Colonels. After an open day Monday, the Tigers will begin their 1947 American League season against the Browns of St. Louis.

NEW YORK GIANTS NEW YORK (AP)—The New York Giants wind up their spring training season with the Cleveland Indians at their native Groves in California today. The Giants already have beaten the series as they have beaten the Tribe five times in 15 starts.

Zaharias Aims At 15th Title EINEHURST (AP)—Babe Didrickson Zaharias shoots for her 15th straight tournament triumph and a clean sweep of the winter and spring competitions in the 43th Annual North and South Women's Golf Championship starting here Monday.

Even whale meat is a welcome sight to Japanese, who can buy meat only at fantastic black market prices. Whale meat displayed by worker above is part of 400 tons which recently arrived in Tokyo aboard first of Jap whaler fleet to operate in Antarctic since the war.

Truman's Purge Order May Cost Nearly 5 Million

WASHINGTON (AP)—President Truman's sweeping order to purge Communist and "disloyal" employees from the executive branch of the government and screen all new job applicants may cost close to \$50,000,000.

A Justice Department official gave that estimate yesterday in an interview. Previous estimates ran as high as \$25,000,000.

A budget bureau study to determine the amount to be asked of Congress is holding up the start of the investigation, ordered three weeks ago yesterday.

Observance

(Continued From Page 1) to a progressive community; and Whereas a Chamber of Commerce is non-partisan, non-sectional, and non-sectarian; and

WHEREAS, a Chamber of Commerce stands for the best in government at every level; and Whereas, a Chamber of Commerce is constantly thinking and planning for the future growth and development of the community;

NOW, THEREFORE, I, C. A. Huff, Mayor of the City of Pampa, do hereby proclaim the week of April 13-19, 1947, as a week devoted to bringing about a more extensive recognition of Chamber of Commerce activity by the people of Pampa, and to be observed as Pampa Chamber of Commerce Week.

Signed: C. A. Huff Mayor, City of Pampa.

Hippopotamuses often weigh more than four tons.

Woodward

(Continued From Page 1) continued to arrive despite requests from the Red Cross that nothing more be sent now. Army, Red Cross and Salvation Army units were still serving food.

The Reconstruction Finance Corporation announced that Washington officially had declared this region a disaster area and was setting up an office to make loans to victims.

Fifteen men were sent on horseback to search the banks of the North Canadian River north and south of here for additional victims. Other searchers continued digging in the rubble of the city.

Many authorities state that coal is the greatest natural resource in the world aside from soil.

# House Committee Approves Bill to Restrict Strikes and Unions; Battle Seen This Week

WASHINGTON (AP)—Congress laced on its gloves yesterday for a free-swinging battle this week when the House Labor Committee approved, 18 to 4, a bill to restrict strikes and unions.

In the Senate, where the Labor Committee is half-way through a bill, Republicans looked over the measure in a party huddle and voted, 21 to 7, to support one bill rather than several, even at the risk of a Presidential veto.

At both ends of the Capitol, many Democrats are lining up with Republicans behind labor legislation. Three southern Democrats teamed in the House Labor Committee to vote with 15 Republicans against four northern Democrats.

This lineup may set the skirmish lines for the floor debate. The House gets its bill for floor debate Tuesday and passage by Friday is virtually certain.

Both Senate and House bills seek to check major strikes, like the telephone tie-up, which affect the whole nation.

The House bill, and the Senate measure in its tentative form, would curb collective bargaining by unions with an entire industry.

Both would bar the closed shop but permit the union shop in some form.

The closed shop compels the employer to hire only union workers. The union shop lets him hire anyone, but the new hand would have to join a union in 30 days. Labor organizations have far more union shop than closed shop legislation.

The Senate Labor Committee has not reached the part of its bill dealing with industry-wide bargaining. It expects to complete its work Monday.

The House provision on that point, Rep. Hartley (R-NJ), chairman of the House Labor Committee, said would break most national and international unions down to the size of local unions for individual companies.

Most radios do not reproduce sounds in more than about a third of the range which can be heard by the human ear.

## Red Blood Cells Must Be Kept Up If You Want To Feel Alive

### Thousands Now Regaining Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduces the red-blood strength—and starved, weak puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that have worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloats and give off that sour food taste.

Ever's wait! Energize your body with SSS, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

## Evacuation

(Continued From Page 1)

Need for further fund drives as the National Red Cross is prepared to underwrite all necessary aid to strike families that are in need of financial aid. This, she added, includes the complete rehabilitation of those families who are unable to care for themselves, such as re-clothing, rebuilding of demolished homes, essential re-furnishing of homes—but does not include replacing of record players, pictures, radios or any other luxury items—its means tables, chairs, beds, mattress, sheets, utensils, stoves, cabinets and the like. She also asked all volunteers or donors to first clear through Red Cross chapters here to find out what is needed instead of flooding the relief areas with goods where there is no place for storage.

Only a certain amount of items can be handled at a time and donors are asked to hold what they have and feed it to the relief organizations as they ask for it through Red Cross headquarters here or at Canadian.

Mrs. Vogler told a reporter that the work of the State Highway Patrol, including the two from the Pampa area, was so outstanding in expediting the relief to the stricken that "words alone could not describe them and their work. They were all too wonderful." Reports from other sources, seeing the patrolman, at work, substantiated Mrs. Vogler's statement.

Pampa relief crews were being relieved yesterday as freshened and rested help took the place of tired workers.

Meanwhile the national organization of Elk's Clubs had authorized a gift of \$2,000 for relief of the storm sufferers, it was disclosed in Dallas yesterday by Federal Judge William H. Atwell.

The Salvation Army opened a restaurant in Higgins to help feed the tornado victims and sent a corps of laborers to help clear the rubble street sidewalks.

Throughout the storm area Friday, 17 bodies were still unidentified. Yesterday this was reduced to two. American Red Cross figures showed. At the request of Amarillo, the County Commissioner's Court of Hemphill and Lipscomb Counties were asked to appoint a committee to handle all relief funds for the stricken communities. The committee consists of: H. S. Wilburn, president of the Canadian First National Bank; County Judge H. M. Wood, Hemphill County; County Judge Adolph Bissant, Lipscomb County; C. H. Hyde, president First National Bank; Higgins; Mayor Warren Jenkins, Higgins; and Warren Sansing, attorney, Higgins. Funds are being accepted here at The News, KPND, and the two banks.

## Storm Leaves Family Of Seven Orphans

A family of seven brothers and sisters were left orphans in the wake of Wednesday night's tornado which the lives of at least a half-hundred Texans, including their mother and a sister.

Mrs. E. L. Cooley and her daughter, Rosa Lee, 2, lay dead at the Duemel-Carmichael Funeral Home, the same undertaking company that buried their father Dec. 13, 1946.

The names of six of the children still living were not available, but the daughters' ages are 5, 9, 12, and 15, and those of the boys are 3, 7, and 13. Marcius James Cooley, the eldest of the boys, was taken to Boy's Ranch, near Amarillo, earlier by the minister of the Canadian Methodist Church. It was not learned where the other six will eventually be taken.

ing taken up here by a group of interested. Contrary to earlier announcements, this fund has no connection with the American Red Cross. The "Good Neighbor Fund" will be administered by the above-mentioned committee.

Huelyn Laycock, chairman of the Pampa Chapter of the American Red Cross, stated today that no drive is being staged by the local chapter for funds. "However," Laycock said, "our office will be glad to accept donations for the local 'Good Neighbor Fund.'"

Funds are being accepted here at The Pampa News, KPND, and the two banks.

As trained workers began taking over the evacuation and relief work, the Wednesday night chaos slowly turned to order.

Sopkesman for the two Churches of Christ of Pampa, the Francis Avenue Church and the Central Church, said a meeting of members is being called for Monday evening at 7:30 at the Francis Avenue Church, when plans will be drawn up for aid to the stricken people. "We are urging," they said, "that representatives of all congregations of the Church of Christ who are interested, to attend."

The Francis Avenue church is located at East Francis and North Warren St.

Huelyn Laycock, chairman of the Pampa Chapter, American Red Cross, said:

"Pampa and Gray County people are cooperating magnificently with the Red Cross and with the Good Neighbor Fund movement, but we know there is still a lot of work to be done. The continued human help of everyone will be invaluable to those who stand today without even as much as a roof over their heads."

## Pampa Policemen Assist at Higgins

Augmenting the State Highway Patrol in directing traffic at Higgins, Pampa sent six uniformed officers to the scene Thursday and Friday. Each of the men, with the exception of Chief Louis Allen, spent 18 hours working in the battered town. Allen spent 36 hours there directing auxiliary police work.

Officers from here that patrolled the streets of Higgins were Patrolmen H. A. Doggett, J. B. Pritchett, S. B. Patterson, Max McKean, and Ralph Phillips.

McKean, also was sent to Glazier Wednesday night with Captain Er-

ART BRALLEY

## CC Managers

(Continued From Page 1)

activities of the local chapter to help them and in turn help the city as a whole.

J. H. Greene, manager of the Big Spring CC, spoke on the subject of "Chamber of Commerce Views Business."

"Agriculture Needs the Chamber of Commerce," was the subject of Art Bralley, county agricultural agent for Potter County.

Del Rio was named as the site of the 1948 convention of the OCMAW after two other invitations from Eastland and Fort Stockton were also given. Mrs. Jim Metts, wife of Del Rio's CC manager, tendered the invitation that was accepted.

H. J. Tanner proffered the Eastland invitation and Paul Counts gave the Fort Stockton offer.

Among the eight resolutions passed by the Resolutions Committee were three of appreciation including one to the Amarillo Chamber of Commerce for the Friday night luncheon; one to the retiring President Joe Cooley and officers for the leadership in the past year, and one to the local CC for the arrangements made for the 1947 convention here.

Approximately 90 representatives attended the convention. Reports stated they all agreed this was the best and largest convention ever held by the association.

Approximately 30 representatives followed by Patrolmen H. H. Gates and Joe Wilkinson on an emergency run with serum for the Higgins injured.

A rhinoceros can attain a speed of 45 miles an hour.

## Cupid Scores 'Home Run' Record

Black bars on chart above show how marriages in the U. S. reached an all-time high in 1946, our first full peacetime year since the war. Chart above, from Metropolitan Life Insurance Company data, traces Cupid's ups and downs in large cities since 1940, with 1941, last prewar year, as the norm. Statistics cover 39 cities of 100,000 or more in 1940 and 69 such cities from 1941 to 1946.

## 300 Newsmen And Wives Attend Press Convention

More than 300 newspapermen and their wives attended the 38th annual Panhandle Press Association convention held at the Herring Hotel, Amarillo, Friday and Saturday.

Col. Ernest O. Thompson, chairman of the Texas Railroad Commission, Friday night told members that in his opinion "the freedom of the world depends upon American efforts to guarantee the freedom and independence of Greece and Turkey."

"These countries control the modern passes of Thermopylae against the advance of communism, and the passes must be held," he declared.

Thompson was host to his 26th annual dinner for the Panhandle editors.

Thompson said the world's greatest reserves of oil lie south of Greece and Turkey, and that American science and enterprise largely developed the fields.

"Along the waters of the Tigris and the Euphrates and around the Persian Gulf, is the oil that is necessary to guarantee the future freedom of the world from war."

An afternoon session Friday was devoted to an all-woman's program, treating the general subject "Widows of the Fourth Estate," and women's experiences in the newspaper business. Miss Claudia Ever-

**Association of Retail Grocers Work to Cut Food Prices in Nation**

CHICAGO—(AP)—The National Association of Retail Grocers advised President Truman today it had called on its nearly 70,000 members to work with suppliers to bring food prices down to "reasonable levels."

At the same time, the National Association of Retail Meat Dealers announced it "continuously" had been urging its members to hold meat prices to "lowest possible levels" and the American Meat Insti-

tute reported a record production of beef last month already has resulted in price reductions to "attractive levels."

Termining the present food price level "serious," Patsy D'Agostino of New York, NARG president, wrote Mr. Truman that the nation's independent grocers "welcome your action aimed toward bringing about lower prices as quickly as possible."

He added that the grocers were "heartily in favor of any constructive work" toward that end.

Mr. Truman has, three times urged business to examine its price structure for possible reductions. Zooming commodity prices, at the highest levels since September, 1920,

were explored at his Thursday cabinet session.

L'Agostino said his organization had urged secretaries of 476 affiliated state and local retail grocers associations to set up round table conferences between retailers and suppliers "to find ways to bring food prices to reasonable levels."

The American Meat Institute said a check of wholesale meat prices showed an average decline of about 10 percent from prices prevailing a month ago and about 20 percent below the price peak reached after the removal of OPA price controls last October.

**Henry O. Simmons, 68, Dies at Home Here**

Henry Oliver Simmons, 68, died yesterday morning at his home, 217 North Nelson, Pampa, after a short illness. Mr. Simmons had been a resident of Pampa for 18 years.

Funeral services will be held in the chapel of the Duenkel-Carmichael Funeral Home at 2:00 this afternoon, with the Reverends Clyde Smith and Douglas Carver officiating.

Mr. Simmons is survived by his wife, Mrs. Edna Simmons; two sons, Warren and Norman; a daughter, Lois Simmons; and two step-sons, John Meyers, of Pampa, and Royal Meyers, of Cuthbert, Montana. Interment will be at Fairview Cemetery, with Masonic Services to be held at the grave.

**SAFE DAILY QUAKES**

The Japanese consider mild, daily, earthquake tremors as safety valves for the pent-up energy beneath their islands. If none is felt for some time, they become worried for fear the energy will accumulate for a severe shock such as that of 1923.

Crude oil is produced in 24 states of the United States.

**Costly Collar**

Geraldine Du Bois has an expensive "collar" as she displays two live chinchillas, most costly of fur-bearing animals, on their recent arrival in Chicago. They are pioneers of an attempt to raise the South American rodents on commercial basis in the Windy City.

**Justice Loses Decision to Cop**

WASHINGTON—(AP)—Associate Justice Frank Murphy of the Supreme Court argued the point ably but, like so many other people do, he lost the decision to the traffic cop.

Justice Murphy was a passenger in a car halted by Pvt. R. V. Taylor of the Metropolitan traffic police who said the driver made a turn from the wrong lane at 14th and Pennsylvania.

Taylor directed the driver to accompany him to headquarters to be booked.

Justice Murphy dissented. He maintained the officer lacked the right to arrest and deprive someone of his liberty for a misdemeanor.

Taylor said he had the right as long as the misdemeanor was committed in his presence.

Bystanders said the discussion lasted 10 minutes, with considerable arm-waving. They said at one point Justice Murphy asked "do you know who I am?" and that Taylor replied "I think I do."

Taylor won because all three went to headquarters where the driver posted \$10 collateral and elected to forfeit it. Justice Murphy appealed also to Taylor's superior, Corp. A. B. Nicholson, but lost there, too.

**Friendly Thoughts**  
By J. M. CLEGG

Twilight is for recollection—for recounting—a time for peaceful thoughts. When at this hour a man reflects upon his record for the day with a view toward improving the morrow by some little added touch of kindness, he'll find in the mystic, darkening sky, a benediction hovering over his head.

Professional connections in other cities facilitate our serving you at distant points.

Listen to KFDN at 2:45 today. Clegg "Memorial Hour"—1340 on your dial.

**Beau Brummell of the Boulevards!**

YOU'RE practically that, of course, the minute you take over any new 1947 Buick. Never before has any automobile so completely won the country by its beauty—so clearly defined the shape of cars to come.

But really to take the stage and hold it—to cut a dashing figure in the smartest of smart company—

Mister, just picture yourself in this bold beauty here.

It is without question the most wanted version of America's most wanted car.

It's wanted for the freedom that's yours when its handy control swings back the top—and the sky becomes your roof and the birds your travel mates.

It's wanted for the lift and surge of its satiny straight-eight Fireball power plant, master of

every grade and hill, monarch of the farthest horizon.

It's wanted for bigness, and the deep comfort of low-set, cushiony seats—wanted for the floating ease of soft all-coil springing, and the sure-footed stride of a car that's big enough and brawny enough for its job.

It's wanted for styling that already has set the pattern for years to come—it's wanted for fun, for adventure, and for year-round, all-round full family use.

The demand for it? Great, of course. The supply? Mounting as fast as

Buick's beaver-busy production staff can free up the supply of the fine materials that go into it.

So with patience, one can be yours. With patience, that is—and the foresight to get your order in now.

A FINGER TOUCH—and the door window runs up or down automatically. Other handy controls raise or lower the top and adjust the front seat.

### Wallace Renews Slashing Attack On Truman Plan

MANCHESTER, England—(AP)—Henry A. Wallace renewed a slashing attack yesterday on President Truman's proposal to aid Turkey and Greece, declaring it was a commitment "to rush to the aid of every dictator who hoisted the anti-Communist skull and bones."

The United States, the former vice-president charged, was being directed along a road of "ruthless imperialism" reaching from China to the Eastern Mediterranean and from pole to pole.

(In Washington several senators attacked Wallace for speaking against the President's policy before audiences abroad. Senator Vandenberg (R-Mich.), chairman of the Senate Foreign Relations Committee, told reporters he thought it was "a shocking thing when an American citizen goes abroad to speak against his own government.")

Speaking in this Midland's industrial center on the second anniversary of the death of President Roosevelt, Wallace said "25,000,000 Americans who voted for Roosevelt still live and work in America," but "progressive forces" had been left leaderless and divided, and control of the government was now in the hands of men who believed the United Nations was "doomed to insignificance."

"These men, I suppose, remember that 20,000,000 Russians gave their lives to defeat a Fascist dictatorship," Wallace said, "yet they believe that fascism and communism are similar evils."

"Today the government and Congress of the United States are controlled by men who believe that in a world in which capitalism and communism live side by side, there is little hope for peace."

"No powerful idea—and communism is a powerful idea—can be sustained by guns or money," he declared.

"As long as workers live in slums, as long as farmers struggle for a bare existence, as long as all classes live in fear of unemployment and

### Miners to Make Own Decisions as To Mines' Safety

WASHINGTON—(AP)—John L. Lewis, in a sudden change of course, yesterday authorized his United Mine Workers District President to reopen coal mines immediately "where there is reasonable ground to believe" they are safe.

Only last Tuesday, Lewis had decreed a policy of working only at mines formally certified as safe after inspection—a time-consuming procedure.

Government officials said they expect coal mining to be almost back to normal Monday as the result of Lewis' change of tactic.

Word of the new Lewis order came from the field at Greensburg, Pa., Frank Hughes, president of the AFL-UMW district there, said that he had received a telegram from Lewis containing the order.

Hughes quoted the message to district presidents as saying:

"In order to avoid undue loss of coal production the president of each district is authorized to grant permission for the immediate resumption of production at each mine now closed where there is reasonable ground to believe from the information available to him that the mines have been placed in a safe condition."

There was no indication from Lewis as to what prompted the changed front. But:

1. Miners who have remained away from the pits since the Easter week "mourning" holiday for the 111 miners killed at Centralia, Ill., have drawn no pay.

2. Lewis still has to get back \$2,800,000 from the Federal District Court here, representing collateral he originally posted to help cover the original \$3,500,000 fine imposed against the union for contempt of court. The union's fine was subsequently reduced to \$700,000 on condition that it comply with court orders to withdraw a strike notice.

Lewis would not talk about the change of safety orders, merely saying:

"I wouldn't have any comment on anything today at all."

The tip-off that the UMW leader might be changing his signals came when a UMW official said earlier in the day at Pittsburgh that:

"We expect all the mines to be open Monday."

### Plan for 40-Year Four-Power Pact Before Big-Four

MOSCOW—(AP)—The foreign ministers agreed last night to take up on Monday the American proposal for a 40-year four-power pact against Germany, thus approaching what may be the final deadlock of the Moscow conference.

At the same time the ministers agreed to return some German issues to the deputies and the Allied Control Council in Berlin for discussion until the ministers meet again some months hence.

It was the first time that the Russians agreed to such procedure, and it was taken as an indication that the impasse over major issues will not be broken at this conference.

Failure to reach an agreement on the four-power pact, which is favored in the United States, Britain and France and opposed so far by the Soviet Union, may mean that the

### Other Communication Workers Join Strike

SEATTLE—(AP)—West Coast members of the CIO-American Communications Association Long Lines Division, have voted to respect telephone strikers' picket lines.

President William Olson announced yesterday, and will stop work at 4 p. m. (PST) in Pacific Telephone & Telegraph Company offices.

Scientists believe that in the early stages of the development of the earth its atmosphere was carbonic acid gas.

miners will lose their last chance for concurrence on a major issue.

American Secretary of State Marshall has attached special importance to the pact. He has pointed out that if the four powers can unite against German aggression it should be much easier for the powers to make economic concessions, since the security question will be taken care of.

In yesterday's session the ministers reached agreement on the carrying out of land reform in Germany by the end of 1947, the destruction of all German fortifications by Dec. 31, 1948, and the liquidation of war factories by June 30, 1948.

They were unable to resolve differences on whether the main German governmental powers would be handed to state or central governments.

**Improved Watches**  
Nicholas Facio introduced jeweled bearings for watches at the beginning of the 18th century. Diamonds and sapphires were the only stones that could be used.

About half the known coal reserves of the world are in the North American continent.

### Hungarian Declares There's Really Some Hustle in a Bustle

HOLLYWOOD—There's drama in a bustle.

That's what George Hoyningen-Huene said.

Then the internationally known Hungarian photographer proved it to a photography class of 200 wide-eyed GIs with the aid of a couple of soft lights, a couple of pins, and Hazel Brooks. Miss Brooks was wearing the bustle.

The GIs, studying photography under Uncle Sam's postwar plan, seemed much more interested in Miss Brooks than in George Hoyningen-Huene.

"The boys had voted Hazel 'The Girl We Would Most Like to Have in a Darkroom,' and in honor of the event she agreed to model at one of their classes. It was good publicity," Enterprise Studio said, for her role of "The Body" in John Garfield's new movie, "Body and Soul."

"I feel good and stupid," Hazel said between shots. "It would be much more fun in a darkroom. I'm so tired they'll probably vote me Miss Hatched Face of 1947."

George Hoyningen-Huene went back to lighting Hazel's bustle. He said, "Now watch closely, boys. You'll find out how to light up Hazel's face."

One ex-GI whispered to another, "I wonder if Hazel's face would light up if I asked her for a date?"

**NO. 1 PARTY HOST**  
Explaining what he had been doing for three years since he last m.c.'d an Academy Award ceremony, Jack Benny said at this year's affair: "I've got a full-time job now printing invitations for Atwater Kent parties."

Kent, who made millions in radio, has become Hollywood's No. 1 party host.

"I just like people," Kent yawned as 300 people, a six-piece orchestra, a couple hundred balloons, and 80 waiters swarmed over nine rooms of his 40-room estate perched atop a hill in Bel-Air.

Kent, a nice little man with grey hair, was wearing a dark blue suit, a red polka dot tie, and a bored expression on his face.

The party was a reception honoring Donald Douglas, his new DC-6, and American and United Airliner executives. Movie stars and eastern newspaper reporters were on the invitation list. But the party, we learned later, was a "B" affair. The "A" party at the Kent home is for more important occasions.

Maybe Mr. Kent wasn't bored, or as tired, as he looked. Maybe he was just wearing his "B" party smile.

**REVAMP HOPALONG**  
Bill Boyd, the cowboy hero who plunks villains instead of guitars, is doing right well, thank you, in making coin out of his western series, Hopalong Cassidy. When Bill and Lewis Rachmel took the production reins on Hoppy, they decided to end all those western perennials.

The villains dashing madly in and out of scenes, the poison water hole, the comic who falls in the water trough, the guy who says, "He went that-a-way," the girl in theingham dress, and all the rest.

"Westerns to satisfy a child's intelligence, westerns for both the child and the grownups," Bill and Lewis agree.

They've stuck to it, too. And now their pictures are playing big-time theaters where they never played before.

"When I first heard the name—Hopalong Cassidy," he chuckles, "I thought it was some kind of a disease." Bill won't even wear western clothes except when he's on the set. "They're just not comfortable," he says frankly.

### CIO Gathering Forces to Fight All Labor Bills

WASHINGTON—(AP)—The CIO, seeking higher wages but eyeing Congress, rallied its forces yesterday to fight the labor bills in the House and Senate.

CIO President Philip Murray told reporters he will have "a lot to say" about labor legislation today at a rally of 250 CIO leaders here.

He also announced that the five-man executive committee of the CIO Political Action Committee has been doubled in size. The executive group held a private strategy conference yesterday and discussed the labor bills.

Murray will make two speeches today—a national CIO Legislative Conference, and an all-day rally of about 250 CIO officials from all over the country.

Many of these will stay over Monday to talk with Congressmen from their areas. Later in April other CIO delegations will come here to visit their Congressmen.

The new issue of the CIO News, under the headline, "This Is the Payoff," says:

"American unions face the most critical weeks in their entire history. This week the House of Representatives is scheduled to vote on the most devastating anti-labor bill ever proposed in the United States."

The article says the Senate will be considering a bill "of almost equal severity," and that "passage of either of the measures will have a devastating effect on every union in the nation."

The CIO, through rallies, newspaper advertisements, contacts with Congress and other means, hopes to arouse its 6,000,000 members and—in the words of Nathan Cowan, CIO legislative director—"to mobilize every democratic-minded citizen in behalf of the rights of labor."

**Aluminum Licenses**  
Arkansas, Connecticut, Oregon, Rhode Island, South Dakota, Virginia, and Washington used aluminum for their 1946 automobile license plates.

Mrs. Ovie Tipton is ill at her home, 717 E. Browning.

Funeral Friday for Mrs. Pearl Howard

Funeral services were held Friday afternoon at 4 o'clock from the First Baptist Church for Mrs. Pearl C. Howard, 67, who died at her home, 325 Sunset Drive, Wednesday evening at 10:50 after a long illness. Rev. E. Douglas Carver officiated and burial was in Fairview Cemetery.

Difference

Most hemispherical maps give the division of the eastern and western hemispheres at the meridians 20 W. and 160 E., while some give it at 15 W. and 165 E.

### Baldy With the Fringe on Top

The Midwest Beauty Show, in Chicago, reports that more business men are patronizing the nation's 125,000 beauty shops than ever before. Not uncommon, they say, are scenes like this, where beauty operator Billy Owens puts a curl in the fringe around a male customer's polished pate.

### General Motors Offers CIO 10 Cent Wage Hike

DETROIT—(AP)—General Motors Corp., yesterday offered the CIO United Auto Workers a 10 cent hourly wage increase to tide 283,000 production workers over until August.

The announcement came at the time that President Walter P. Reuther of the UAW-CIO said in Washington that a 30-day strike notice has been filed in behalf of 75,000 Chrysler Corp. production workers.

The union's contract with Chrysler expired Jan. 25 but was renewed three times to run until April 23. The UAW-CIO has demanded a 23 1/2 cent hourly increase but no counter-offer from Chrysler has ever been made public.

General Motors said it would be willing to discuss wages again with the union in August.

Harry W. Anderson, vice president in charge of General Motors personnel, said that 10 cent offer was made in "recognition of the increased cost of living" and because it is "difficult to arrive at a year's settlement at this time."

The UAW-CIO, in negotiations that opened Thursday had asked the corporation for a 23 1/2 cent hourly wage boost, as well as a guaranteed 40-hour week and other concessions of an economic nature. The average wage of GM production workers has been estimated at

about \$1.31 per hour. General Motors' was the first wage offer advanced this year by any of the major automotive firms. Chrysler has been bargaining with the union for several months but has made public no offer. Ford's contract runs into May.

There was no immediate comment from UAW-CIO leaders, most of whom are attending a CIO conference in Washington.

However, Anderson said the proposal has not yet been accepted by "any union."

The same offer was made to the CIO United Electrical Workers and the United Rubber Workers, representing a relatively small portion of GM employees.

### Second Anniversary of Roosevelt Death Observed at Hyde Park

HYDE PARK, N. Y.—(AP)—The second anniversary of the death of Franklin D. Roosevelt was observed yesterday in ceremonies at the ancestral Roosevelt home here, with President Truman participating by radio from Kansas City.

Speaking to the nation as well as the assemblage here by radio (NBC, ABC, MBS), Mr. Truman said that uppermost in his mind in remembering his predecessor was "that he brought hope and courage to despairing hearts when fear was destroying the faith of the people—and that through the most terrible war in history he remained the symbol of fortitude, justice and humanity."

Participating in the broadcast from Hyde Park were Mrs. Eleanor Roosevelt and former Secretary of the Treasury Henry Morgenthau, Jr., a life-long friend and neighbor of the late President.

Morgenthau, president of the Franklin D. Roosevelt Memorial Foundation, announced that as a "living memorial" the Foundation planned the establishment of a system of international scholarships.

Mr. Truman recalled that a year ago he visited the white marble tomb of the late President at Hyde Park and said that "there is another and greater memorial to Franklin Delano Roosevelt which tells a fuller story."

"I have seen it in the eyes and I have heard it in the words and I have read it in the hearts of men and women all over the country. It is the natural human response of people everywhere to something in the character and personality of Franklin Roosevelt. It is a response to his understanding and his sympathy for suffering—an understanding and a sympathy that were deep and sincere because they were born of a tragic personal experience."

"Franklin Roosevelt rests in the spot he held dearest—his home," Mr. Truman said. "He died fighting

for what he loved most—his country—its homes—its institutions—its people, sharing their stubborn belief in freedom under a just God in whose almighty beneficence rests the hope of the world this day."

Morgenthau, speaking from the flagstoned portico of the Roosevelt home, a favorite luncheon place of the late President, said Mr. Roosevelt "was profound in his belief in the importance of education as an instrument for the achievement of freedom from want and freedom from fear in attaining the ideals of democracy."

Officials of the National Park Service, in charge of the estate, estimated that approximately 5,000 persons were present for the memorial program.

Shortly before noon Mrs. Roosevelt, dressed in black and attended only by George A. Palmer, administrator of the historic site, walked through the century-old hemlock hedge that encircles the rose garden and placed flowers on her husband's grave.

Her remembrance was one of white lilies and yellow roses.

### Workers at Chrysler File Strike Notice

WASHINGTON—(AP)—Walter Reuther said yesterday the CIO United Auto Workers Union has filed a 30-day strike notice in its wage negotiations with the Chrysler Corporation.

Reuther, UAW president, said the notice was sent to the government about two days ago, "and therefore will expire in about 23 days."

"That means a strike could be started at Chrysler after that time without violating the War Labor Disputes Act."

Reuther said the union has not filed strike notices in the General Motors and Ford cases.

### Get Rid of Winter Wear

WINTER'S GOING—so off with the red flannels and out with the spring tonic.

It's time to get into the swing of spring—and that means getting your Buick in shape to step out bright and lively when you feel like going places.

Flush the radiator. Change winter-weary oil. Ease its joints with fresh new lubricants. And how about brakes—steering gear—body bolts? Couldn't they stand a bit of attention after a hard winter's beating?

In short—how about a little of the care that keeps a good car good? That's our specialty, you know—knowing what to do and how to do it to keep your Buick at its best.

Call us or come in to see a date to make your car gay and lively as a lamb in spring.

## Marriage Announced by Parents

Mrs. Louie Hooper

Mr. and Mrs. Wade Thomason, 1109 Duncan, announce the marriage of their daughter, Betty Lee, to Louie Hooper, son of Mr. and Mrs. W. R. Hooper, Waurika, Okla., on Wednesday evening, April 2, in Amarillo.

Mrs. Hooper is a graduate of Pampa High School and attended the University of Denver at Denver, Colo., and is now employed by the Cabot Company. Mr. Hooper attended the Waurika schools, served over two years with the Army and at the present time is employed as office manager at the Schaefer plant of the Cabot Company. After a brief wedding trip to New Mexico the couple have established their home at 618 N. Frost.

## Progressive Class Has Social In Werth Home

The Progressive Class of the McCullough Methodist Church met in the home of Mr. and Mrs. Vernon Werth, West of town Friday evening with Mr. and Mrs. Herbert Maynard as hosts.

A short business meeting was held and games played. Refreshments were served to Messrs. and Mesdames Emmett Hunt, Paul Thurston, James Rose, Max Campbell, Jim Franklin, Carl Deckman, Rev. C. T. Jackson, Mrs. A. C. Nelson, Mrs. Werth and the hosts.

The May social will be held in the home of Mr. and Mrs. Carl Deckman.

## Mrs. S. E. Layton Shower Honoree

A pink and blue shower honoring Mrs. S. E. Layton was given in the home of Mrs. A. A. Russell, 121 N. Gray, Wednesday evening. Assisting Mrs. Russell as joint hostesses were Mrs. A. L. Jaynes and Mrs. Lucile Turner.

The honoree was presented with a corsage of pink rosebuds from the hostesses and many lovely and useful gifts from the guests, which were displayed on the lace-covered table.

Spiced tea was served by Mrs. Jaynes while Mrs. Turner served the cake, and favors were attractive nut cups decorated with pink and blue stickers.

Guests included Mesdames B. A. Ricketts, Edna Prescott, Cassie McPherson, Margaret Taylor, J. E. Moore, Frances McClelland, J. Q. Russell, and Lucile Glascock; and Miss Maxine Ricketts.

Sending gifts were Mesdames L. D. Parks, R. L. Stephens, Reba Gillison, Ralph Bradshaw, Coleman Williams, E. J. Rupp, W. T. Terrell, Myrtle Buck, Leo Roy Nuzum, and Alvin Brewer, Duncan, Okla.; and Miss Laura Joy Enloe.

## Miscellaneous Shower Honors Bride-Elect

PANHANDLE (Special) — Honoring Miss Juanita Pullen, who will become the bride of James Chesire, Jr., of Amarillo on April 16, Mrs. H. Kammerer was hostess for a miscellaneous shower on April 10 in her country home.

A color scheme of blue and white, the bride-elect's chosen colors, was carried out in the entertaining rooms with spring flowers as the decorations.

Games and contests furnished the entertainment of the afternoon with the winners of the contests presenting their prizes to the honoree, who was also presented many nice gifts from the guests.

Those present and sending gifts were Mesdames Harold Knapp, Fred Reiner, Frank Robinson, Earl Darnell, O. York, Walter Lill, Porter Brown, Paul Dauer, George Tackitt, Perry Pullen, Iva Pullen, W. A. Miller, M. P. Callahan, Paul Ross; Misses Sammie Joyce Bagwell, Betty Jo Tackitt, Marlene and Darlene Miller and Paula Rose Russ, all of Panhandle; and from Amarillo Mesdames Gordon H. Williams, Jerry Chesire and Lloyd Shoulders.

Refreshments of punch and individual cakes, inscribed with the words "Juanita and Jimmy, April 16," were served to the guests.

## Parent Education Club Meets Tuesday

The Parent Education Club will meet in the home of Mrs. L. N. Atchison and Paula Rose Russ, all of Panhandle, on Tuesday at 3:45 Tuesday afternoon. Mrs. E. E. Sherman will discuss suitable movies for children and each member is asked to bring snap-shot of her child to children to the meeting. There will be no club nursery Tuesday.

## WE, THE WOMEN Women Endure Tortures for Beauty

By RUTH MILLETT NEA Staff Writer

Recently the New York World-Telegram devoted a full page of pictures to telling the story of what goes behind the closed doors of a plush Fifth Avenue beauty salon.

The pictures were presented with the comment: "Look, gentlemen! For years now your women folk have been barging right into your barber-shops without ever letting you have a peek at their beauty salons. Well, here's a pictorial inside story for you on what goes on in those forbidden premises."

The men are bound to have found the pictorial story educational. But it was dirty trick to pry on women for the most unglorious hours of a woman's life are those spent in a beauty shop.

## Mrs. Joe Wells P-TA President at Woodrow Wilson

New officers elected by the Woodrow Wilson P-TA Thursday afternoon include Mrs. Joe Wells, president; Mrs. Lester Brown, vice president; Mrs. D. H. Ward, secretary; Mrs. Aaron Sturtevant, treasurer; Mrs. Arthur Rankin, parliamentary; Mrs. Hadley Watson and Mrs. J. B. Ayers, delegates to the City P-TA Council; Miss Pearl Spangher, Mrs. Lewis Grossman and Mrs. Russell Rittenhouse, delegates to the Tri-County Council.

The Woodrow Wilson Band, directed by Lewis Chamberlain, opened the program by playing "I've Been Working on the Railroad," "Our Boys Will Shine," and "Humpty Dumpty." Solos were played by Darien Olson, Billy Stone, Ken Bennett, Shirley McVay, Duane Koontz, and Jimmy Reed.

Miss Hort Anderson directed the school chorus in singing "Glow Worm," "Somewhere Over the Rainbow," "Mexican Folk Song," "My Shadow," and "Little Remus." Mrs. Lloyd Hicks had the devotional and asked the questions "Did we give as much thought on Easter to the clothes our souls wore as to the clothes our bodies wore? Do we really have Jesus in place and are we taking our religion seriously?" She ended the devotional by having the group repeat the Lord's Prayer.

H. A. Yoder, principal, announced that a Band Festival would be held here April 24 and 25 and that the Woodrow Wilson school district would be expected to house 50 students the night of the 24. No meals would be expected to house 50 students asked to get in touch with Mr. Yoder if they have an extra room.

A party was planned for the teachers Thursday night and all teachers, husbands or guests and members of the executive board are invited to meet at the school at 7:30 to go in a body to the La Nora Theater. Refreshments will be served at the Crystal Palace after the show.

Miss Allene Weathered's room won first place in the room contest with Miss Anna Belle Cox second and Mrs. W. A. Rankin third.

## Mrs. Beauford Norris El Progreso Hostess

Mrs. Beauford A. Norris was hostess for El Progreso Club this week with Mrs. Knox Kinard, vice president, presiding.

During the business meeting the club voted to assist the Council of Clubs in purchasing a tea table and piano for the City Club Rooms. They also decided to give special courtesies to hospital patients.

Mrs. P. C. Ledwith, program leader and gave an entertaining sketch on "San Antonio is Spain in Texas." Mrs. D. V. Burton followed this with a review of "The Tempered Blade" by Monte Barrett. This book is the life story of James Bowie who immortalized himself at the Battle of the Alamo in San Antonio in 1836.

## Recital Planned for Tuesday Evening at 8

The piano, voice and accordion pupils of Ken Bennett will be presented in a recital Tuesday evening at 8 o'clock in the First Baptist Church. The public is invited to attend.

Students appearing in the recital will include: Helen Blocker and Winnie Mae Allen, vocal; Jo Anne and Kenneth Bennett, and Vera Daugherty, piano; and Barbara Grossman and Carol Ann Henry, accordion.

## Pythian Sisters to Celebrate Birthday

The Pythian Sisters will meet Monday evening at 6:15 at the Court House Cafe for a dinner in celebration of their sixth birthday.

Mrs. Ina Belle Ater, grand junior; Lubbeck; Mrs. Alta Lacy, grand chief of Texas, Denison; and Mrs. Dorothy Bergman, district deputy, Lubbeck, will be guests for the celebration and also for the regular session and initiation in Carpenter Hall at 8 o'clock.

## Carson Federation of Women's Clubs Meets Tomorrow

PANHANDLE (Special) — The Carson County Federation of Women's Clubs will meet Monday afternoon, April 14, in the Panhandle High School Auditorium with the Fine Arts Club as hostesses for a musical program. Mrs. Minor Simms will also give a report of the recent conference at Childress.

Important business will be transacted and all members are asked to be present.

More than 2,500 gallons of cod liver oil was sent to Poland by the American Junior Red Cross during the years 1940-46.

## Pampa News SOCIETY AND CLUBS

Pampa News, Sunday, April 13, 1947 PAGE 9

Mr. and Mrs. Derrell D. Dollahon

## Johnson-Dollahon Marriage Vows Exchanged in Candlelight Ceremony

In an impressive ceremony in the chapel of the First Presbyterian Church at 7 o'clock Thursday evening, April 3, Miss Dorothy June Johnson, daughter of Mr. and Mrs. H. E. Johnson, 807 North Frost, became the bride of Derrell D. Dollahon, son of Mr. and Mrs. W. E. Dollahon, Roswell, N. M. The marriage vows were exchanged before an improvised arch of burning tapers in seven-branched candelabra, flanked by tall white floor baskets of Stephanotis with ivory satin bows. Dr. Douglas Nelson, pastor, read the double-ring service.

Organ prelude music played by Miss Mickey Casada while guests assembled in the Chapel of Love in the First Baptist Church. The bride and groom were escorted to the altar by Mrs. J. G. Jorgie and the groom's best man, Derrell D. Dollahon, Jr., son of the bride's father.

The bride, given in marriage by her father, was attired in a Hazelfield's creation of ivory slipper satin fashioned with a fitted bodice, a length veil of imported illusion fell from an ivory satin tiara head-dress. A triple strand of pearls completed her ensemble. She carried an ivory satin Bible topped with illusion and ivory roses-buds, with a shower of satin streamers.

Attending the bride as matron-of-honor, Mrs. Gene Lunsford wore a dress of ash-of-roses satin fashioned similar to the bride's. Her gloves and head-dress were of imported rose Venetian lace and she carried a colonial bouquet of roses.

Gene Dollahon, brother of the groom, was best man. The ushers were Jack Martin and Bob Bennett, both of Amarillo.

The bride's mother was attired in a gray dressmaker suit with black accessories which was completed with a rose corsage. Mrs. Dollahon, the groom's mother, wore a winter white suit with white accessories and a rose corsage.

Following the ceremony, the bridal party was honored at a reception in the home of the bride's parents. A three-tiered wedding cake centered the ivory linen-covered table. Mrs. Lunsford presided at the crystal. (See RECITALS, Page 10)

## Special Program for Auxiliary Meeting at Presbyterian Church

A special program has been planned for the Auxiliary meeting of the Presbyterian Church Wednesday afternoon at 2:30 in the West Room. An invitation is extended to the mothers of the church, and especially to the mothers of the Primary and Beginners' departments.

Mrs. Joe Gordon will speak on "Your Child and Religion." A talk on music and a special number will be given by Mrs. A. C. Wilkinson. Wednesday afternoon will be given by the Primary children.

## Miss Ernestine Holmes Will Present Pupils

The piano and accordion pupils of Miss Ernestine Holmes will be presented in two recitals to be held at the First Baptist Church this afternoon at 3 o'clock and Monday evening at 8. Both classical and modern compositions will be given on both programs.

Duos and duets will be featured on each recital. Joan Lunsford will play the complete Beethoven's "Concerto No. 2" on Sunday afternoon; and on Monday evening, Helen Kay Wilson will play Mozart's "D Minor Concerto" and Miss Ernie Marie Meers and Miss Ernestine Holmes will conclude the evening program with the well-known "Deep Purple" by Peter De Rose.

Solos will be played by Anita Devey, Mary Elizabeth and Lillian Young, Anna Lynn and Dan Gunn, Barbara Ann Beer, Faye Butcher, Charles and Marshall Nelson, Evelyn Tate, Carol Sue Wilson, Jan Dyer, Elmer Bryum, Nita Mae and Doreen Forde, Robert Patterson, Betty Webster, Bernafou McMill, Benny D. Eads, Hazel Mae Jarvis, Karen Kay Stone, Patsy Ellis, Dorothy Mackie, Helen Kay Wilson, Joan Lunsford, Jerry Louise Collins, Nickle Lester, and Miss Ernestine Holmes.

Joan Lunsford, daughter of Mr. and Mrs. Cecil Lunsford, 118 W. Albert, will be featured in the recital.

## Miss Ernestine Holmes Will Present Pupils

Joan Lunsford, daughter of Mr. and Mrs. Cecil Lunsford, 118 W. Albert, will be featured in the recital.

## Rev. James Todd Guest Speaker at Baker P-TA Meet

Rev. James Todd, pastor of the First Christian Church in Panhandle, addresses the Baker P-TA Thursday with "Building Better Bodies as his topic. Rev. Todd stated that we should think of our body as the temple in which we live, quoting 1 Cor. 6:19. "Know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own."

He stressed the fact that our entire life, both physical and spiritual, is affected by our thinking. Other things mentioned as essential for building better bodies were periodic physical examinations and recreation.

The second grade pupils entertained with springtime and holiday dramatic scenes. Pupils from Miss Lella Gilford's and Miss Alma Willard's rooms presented a colorful flower pageant entitled, "Wedding of the Flowers," with music and singing. Miss Ruth Poe's pupils gave a short play, "Holiday Fun," featuring several musical rhymes and jingles.

During the business session Mrs. H. H. Gates' resignation as president for the coming year was accepted and Mrs. Collins Webb was elected to replace her.

In a report of the City Council meeting of April 1, Mrs. J. L. Malinax told the group that City Council president, Mrs. H. M. Stokes, stressed that all names of new officers should be sent to Austin by May 1. She said the summer-round-up sheets were ordered and would be distributed to pre-school mothers at the next month's meeting.

The treasurer made her report and it was announced that the installation of the new officers will be held in May.

Miss Poe's second grade pupils won the room-contest prize with 18 parents present.

## Mildred Watis Marries Amos Isaacs of Dumas

WHEELER (Special) — Mr. and Mrs. J. H. Watis, Wheeler, announce the marriage of their daughter, Mildred Watis, to Amos Isaacs, Dumas, Rev. Blaine, pastor, read the single ring service at the Baptist Church in Huletts Friday evening, April 8, at 8 o'clock. They were attended by Bert Kennedy, formerly of Wheeler.

Mrs. Isaacs was graduated from Wheeler High School and attended the University of Oklahoma, Amarillo. For the last three years she has been employed at the Cactus Ordinance Works at Dumas.

Mrs. Isaacs served two and a half years overseas with General Patton's Army in France and Germany. He is employed at the Cactus Ordinance Works, Dumas, and after a short stay to Dumas, N. M., the couple established residence in Dumas.

## Junior-Senior Banquet Has Chinese Theme

Evette Haley, Canyon, was guest speaker for the annual Junior-Senior Banquet which was held last night in the High School Cafeteria.

The China of old was the general theme carried out with murals, temples, kites and rickshaw men.

Charles Hughes, president of the Junior Class, was master of ceremonies. He extended the welcome to the Senior Class and Bill Speer, president, responded.

The Junior Setet entertained the group as did Barbara Stephens on her mamama with songs in keeping with the theme.

Girls from the Sophomore Class served the food. They were dressed as Chinese coolies.

## Last of Band Concerts Given

McLEAN (Special) — The last of the band concerts was given Thursday night in the High School Auditorium with J. E. Shortt, bandmaster, directing. The Junior Band, Chorus, and Senior Band each presented several numbers. The feature attraction of the Senior Band was a trombone solo by Director Shortt while directing the band.

At the close of the concert W. R. Lawrence, president of the Band Boosters' Club, presided over a brief business meeting at which plans for the May Day Fete were discussed.

A number of bands, which have already accepted invitations to attend, will be led by the Booster Club. It was stated. A welcoming committee was appointed composed of Mesdames Odel Mantooth, Ruel Smith, and C. J. Montgomery. Election of new officers was deferred until the beginning of the fall term.

The United States has produced two-thirds of all oil used in the world to date.

## Planning Nuptials for Early Summer

Mr. and Mrs. R. L. Norris, 326 N. Faulkner, announce the engagement and approaching marriage of their daughter, Barbara, to Donald C. Leyson, son of Mr. and Mrs. H. J. Leyson, Jerome, Idaho. The wedding has been planned for early summer.

Miss Norris is a graduate of Pampa High School and attended Phillips University, Enid, Okla. Mr. Leyson is now attending the University of Idaho at Moscow.

## 'People in Our World' Program Topic For Meeting of B & P W Tuesday

Miss Florence Merriman, chairman of the Publications Committee, presented an interesting program on "People in Our World" Tuesday evening at the meeting in the City Club Rooms of the Business and Professional Women's Club.

Flags of the United Nations were in evidence throughout the room and each member present selected a flag of her choice as a favor. Miss Merriman had arranged a bulletin board with pictures of the peoples of several nations and the flags under which they live.

Recorded music of China and Russia was softly played as an introduction to the program. Mrs. Elsie Goss told the story of the life of Marian Anderson, one of the leading artists in the music world.

A "Dr. I. Q." program on famous women of the world was conducted, and prizes were awarded each person answering her questions correctly. The jackpot prize went to Mrs. Dorothy McMurry.

During a short business session it was decided that the social meeting scheduled for April 22 would be a Bingo Party with the proceeds going to the Cancer Fund.

Present were Mesdames Dorothy McMurry, Elsie Goss, Laura Belle Cornelius, Evora Crawford, Margaret Dial, Elsie Gee, Mildred Lafayette, Valora Loeher, Katherine Marshall, Lillian McKit, Tommie Stone, Lucille Turner, Dorthea Ward, Jesse Stroup, Bertha Chisum Gladys Jaynes; Misses Maggie Holis, Inez French, Maurine Jones, and Mrs. M. E. Leona Parker, Florence Merriman and Madge Rusk.

## Miss Julia Mertel Weds R. H. Jones

McLEAN (Special) — Mr. and Mrs. John Mertel announce the recent marriage of their daughter, Julia Elizabeth, Amarillo, to R. H. Jones, Bridgeport, Neb. The ceremony took place in the chapel of the Roswell Army Air Field, Roswell, N. M., with Chaplain Joseph W. James officiating.

The altar, banked with Spring flowers was flanked by candelabra bearing lighted tapers. A cross centered the altar table. Nuptial music included "Always," "Till the End of Time," and "I Love You Truly." The traditional wedding marches were used for the processional and recessional.

The bride, who was given in marriage by L. P. Noe, Amarillo, wore a blue gabardine suit with black patent accessories and a corsage of gardenias with pink rosebuds.

Miss Frances Hoover, Amarillo, was maid of honor. She wore a black gabardine suit with matching accessories. Her corsage was of gardenias, M/Sgt. Donald Baker, Roswell, was best man.

Mrs. Jones was graduated from McLean High School and attended business college at Albuquerque, N. M. She was formerly employed with the Veterans Administration in Washington, D. C., and until recently was employed at the Amarillo Hardware in Amarillo.

## Bride Complimented By Tea and Shower

SHAMROCK (Special) — Mrs. Loyd Bealy, who was Miss Marian King, daughter of Mr. and Mrs. Glenn King, before her recent marriage, was complimented with a tea and miscellaneous shower at the home of Mrs. Hester Dodson Wednesday afternoon.

Co-hostesses were Misses Clois Jolly, Duard Baker, Alvin Jolly, and J. R. Helley.

In the receiving line were Mrs. Dodson, the honoree, her mother, Mrs. Glenn King, and her mother-in-law, Mrs. L. C. Bealy.

A blue and white color scheme was emphasized in decorations.

Above the mantel blue satin streamers were tied in a bow above a miniature bride flanked with lighted tapers in crystal holders.

In the dining room the table was set with a cloth of lace with silver and crystal appointments.

Mrs. Clois Jolly poured, assisted with the serving by Mrs. Helley.

Mrs. Alvin Jolly and Mrs. Parker had charge of the gift room where many attractive and useful gifts were displayed.

About 65 guests called during the receiving hours.

What flour is a standard of diet for more Chinese than rice.

## Mrs. Paul Bowers Guest Reviewer For Twentieth Century Club Tea

The annual Guest Day tea of the Twentieth Century Club was held Tuesday afternoon in the City Club Rooms which were gaily decorated with spring flowers for the occasion.

Mrs. Paul Bowers, well-known Panhandle reviewer, gave a very comprehensive review of the "Walls of Jericho" by Paul I. Wellman. She was introduced by Mrs. W. R. Campbell.

Greeting the guests were the hostesses for the afternoon, Mesdames Paul Kasishke, D. C. Kennedy, and George Scott, and presiding at the guest book was Mrs. G. F. Branson.

Soft music was played during the tea hour by Miss June Gull.

The tea table was overlaid with Italian cutwork antique cloth and had as its centerpiece an arrangement of velvet jonquils with great ribbon streamers. Tea and coffee, jelly-shaped sandwiches, pastel colored minis in basket shapes, and individual cakes iced in green and decorated with a tiny flower, were served with Mrs. Raymond Harrah presiding at the silver tea service.

Mrs. Kasishke, president, welcomed the guests and presented Mrs. L.

**TO APPEAR IN RECITAL**—Phoebe Ann Osborne, daughter of Mr. and Mrs. J. P. Osborne, 1218 Charles, who will be presented in a program of classic and ultra-modern music in the near future by Mrs. May Foreman Carr. She was highly commended in recent auditions held in Wichita Falls, Amarillo and Pampa. Phoebe is a student at Junior High where she is accompanist for the school choir.

**Returned Tuesday From Honolulu**

Phoebe Ann Osborne arrived home Tuesday night after a six-weeks visit with relatives in San Francisco and Honolulu. She left Honolulu at 5 o'clock Monday afternoon by plane and arrived in Amarillo Tuesday night at 10.

On March 3 Phoebe flew to San Francisco where she joined her aunt, Mrs. D. I. Anderson, for a visit with Mrs. Anderson's daughter. They sailed on March 6 on the S. S. Matsushin and arrived in Honolulu on the 12th.

In Honolulu they visited another daughter of Mrs. Anderson, Mrs. Lloyd Deuel and her husband, a first sergeant with the Army Air Forces at Hickam Field.

Among the interesting sights seen were the Palace of King Kamehameha, last native ruler of the islands, which is now used as a meeting place for the legislature, the Isle of Oahu, the "Punch Bowl," the Royal Hawaiian Hotel, and Waikiki Theatre. They also saw the Pacific Fleet which arrived at Honolulu the day before they did.

**Recitals**  
 (Continued from page nine)  
 Donna Marie Leland, Mary Lou Prescott, Mary Ann and Virginia Becker, Joy Shumate, Don Davis, Barbara Jean Patterson, Billy Ead Cooper, Charles Garrison, Jimmie Swearinger, Sue Lynn McFall, Patsy Ann Cargile, Patsy Stovall, Ida Ruth Taylor, June Guill, Betty June Evans, and Eula Marie Meers.

The recitals are open to the public.

**STATIONED IN ROME**  
 McLEAN, (Special)—Harold E. Richardson, who was recently promoted to private first class, is now stationed in Rome, Italy. He is the son of Mr. and Mrs. T. G. Richardson and attended McLean High School before entering service.

**King's Daughters Class Entertained**

**SHAMROCK**—(Special)—Mrs. H. T. Fields entertained the members of the King's Daughters Sunday School Class at her home Tuesday afternoon.

Easter lilies, forsythia, violets, and iris made lovely decorations throughout the entertaining rooms.

Mrs. L. E. Clay, president, presided and Mrs. J. T. Weems led in prayer. The devotional was given by Mrs. M. E. Risk.

Contests provided entertainment for the group after which an ice course was served to Meses, H. V. Shoemaker, H. M. Green, M. M. Exter, O. T. Glascock, M. E. Risk, Glenn Cantrell, Sr., A. P. Bumpers, G. H. Burkhalter, A. R. Hugg, J. T. Weems, L. E. Clay, Wm. Kyle, A. J. Laycock, D. F. Sprull, J. B. Ziegler, Margie Fleener, Minnie Horne, and Bill Orrick.

**Elimination Speech Contest Winners**  
**SHAMROCK**—(Special)—Eighteen students of Mrs. Everett Smith's speech class entered the local elimination speech contest, and Seniors and Juniors represented the Shamrock High School at the area meet held at White Deer April 11 and 12.

Maidell Sorenson was the winner among Senior girls and Harvey Reeves won in the Senior boys division.

Winner among Junior girls was Sandra Burden, with Billy Bob Lassater winner in the Junior boys division.

Grade school winners were Shirley Ann Smith and Dewayne Beaty. A number of students will attend the Speech Festival to be held at Canyon April 26.

The American Junior Red Cross, with almost 20,000,000 members, is the largest youth organization in the world.

**Johnson**

(Continued from page nine)  
 tal punch service and Miss Gaylord served the cake.

The couple will make their home in Albuquerque, N. M., following a wedding trip to Denver, Colo. For traveling, the bride chose a yellow wool suit complemented with white accessories and a white rose corsage.

Mrs. Dollahan was graduated from Pampa High School and was chosen Harvestor football queen for 1945. She attended the University of New Mexico where she was a charter member of the Phi Beta Phi Sorority.

Mr. Dollahan attended Roswell High School. He served as an officer in the Infantry overseas four years before attending the University of New Mexico.

Out-of-town guests attending the wedding included Mr. and Mrs. W. E. Dollahan and son, Billy Joe; Mr. and Mrs. Gene Dollahan and daughter, Linda, all of Roswell; Miss Joan Sheva, Dallas; Miss Jeanne Hlman, Albuquerque; Miss Betty Summerlin, Jack Martin and Bob Bennett, all of Amarillo.

**Mrs. R. S. Tisdal Entertains Club**  
**SHAMROCK**—(Special)—Mrs. R. Stuart Tisdal entertained a group of guests and members of the Twentieth Century Club at her home Thursday afternoon.

King Alfred Jonquils, forsythia, violets, and iris were used in attractive arrangements to decorate for the occasion.

Following roll call the program was given by Mrs. John Gilliam, who gave an interesting and instructive discussion on "Future Transportation."

An Easter motif was emphasized at refreshment time.

Guests present included Meses, Russell Martin, Johnny Reeves, Lester Hartsfield, and Johnny Lammon. Members attending were Meses, V. C. Norman, John Gilliam, Virgal Agan, Charley Beck, W. R. Doty, Glenn LaDue, and G. B. Miller.

**Fake Off Ugly Fat With This Home Recipe**  
 Here is an inexpensive home recipe for taking off unsightly weight and help bring back alluring curves and graceful slenderness. Just get from your druggist four ounces of liquid Barcostrin (formerly called Barcol Concentrate). Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise diets. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

**PONTIAC**  
*A fine car made finer*

**Drive a Pontiac - and envy no one!**

ONLY PONTIAC OFFERS THIS ALL-AROUND VALUE

**TRU-ARC SAFETY STEERING**—More positive control with less effort.

**DUPLEX REAR SPRINGS**—Mechanically compensate for light or heavy loads; liners eliminate squeak.

**ALL-WEATHER ENGINE TEMPERATURE CONTROL**—Peak efficiency of operation under varying climatic conditions.

**PERMANENT OIL CLEANER**—Highly efficient, positive protection, no replacing.

**MULTI-SEAL HYDRAULIC BRAKES**—Protected against dirt and water for smoother stops, longer life.

**V-HEAD ENGINES**—Six or eight cylinders; smooth, powerful, long lasting.

**BODY BY FISHER**—Big and roomy, with famous Fisher No-Draft Ventilation, custom-type interiors, luxurious trim.

We sincerely believe that no car is more generally satisfactory to its owners than a Pontiac.

Year after year, Pontiac offers the fullest measure of quality—plus outstanding economy of operation and upkeep. It really leaves nothing essential to be desired—in performance, in comfort or in handling ease. And, always, it is one of the most beautiful cars to be seen on the streets and highways.

The 1947 Pontiac Silver Streak is an example of what we mean. People who get it need envy no one—and the same will be true of those who get their Pontiacs in 1948, 1949 or 1950. Year after year, Pontiac is a fine car—in every respect.

THE SOONER YOU PLACE YOUR ORDER for a new Pontiac, the earlier you will get it. So place your order now for future delivery.

TWO GUYS FROM Milwaukee DENNIS MORGAN JACK CARSON JOAN LESLIE JANIS PAIGE

West Virginia Girl, Joe Pat O'Keefe Wed in Amarillo

PANHANDLE (Special)—Mr. and Mrs. Charles G. Greybill, Charleston, W. Va., are announcing the marriage of their daughter, Phyllis Greybill Sweet, to Joe Pat O'Keefe, son of Mr. and Mrs. J. Sid O'Keefe, Panhandle, on Thursday in the First Presbyterian Church of Amarillo with Rev. Herbert Brown, pastor of the First Baptist Church of Panhandle, officiating.

The double ring service was read before an altar decorated with arrangements of peach gladioli backed by ferns and flanked by seven-lanched candelabras. Mrs. Eloise Gipson, organist, introduced the ceremony with the playing of "Clare De Lune" by Debussy and "The Wild Rose" by MacDowell. The "Bridal Chorus" from "Lohengrin" by Wagner was used as the processional. Malotte's "Lord's Prayer" was played on the organ during the exchange of vows, and the "Triumphal March" from "Nauman" by M. Costa was the recessional.

Attending the bride as maid-of-honor, Miss Bee O'Keefe, Charleston, sister of the bridegroom, wore an aqua wool suit with black patent accessories. Her corsage was of yellow gardenias.

J. Bryce O'Keefe, Amarillo, was his brother's best man.

The bride was attired in a beige wool suit with an invisible brown check. Her accessories were in brown lizard and her corsage was of brown orchids.

Mrs. O'Keefe, mother of the bridegroom, wore a black crepe dress trimmed in white and a corsage of red roses.

The couple left immediately on a wedding trip to Albuquerque and Santa Fe, N. M. They will be at home at 401 Arch Terrace, Amarillo, after May 1.

Mrs. O'Keefe, an accomplished musician, was educated in Charleston schools and was a member of the Kawawha Players of that city.

Mr. O'Keefe was graduated from Panhandle High School, attended North Texas State Teacher's College, Denton, and was graduated from the University of Texas, where he was a member of Friars, men's honorary service organization; president of the Curtin Club for three years, and a member of the Student Assembly. He did graduate work at Western Reserve University, Cleveland, O., and prior to entering service in the Army Air Corps was employed by the city of Cleveland Heights, Ohio, as promotion manager of the Cain Park Theatre. Since January he has been employed as office manager for Appliance Wholesalers Co., Amarillo.

Pampa Book Club Plans Shakespeare Meeting Tomorrow

A program on William Shakespeare, whose birthday anniversary falls on April 23, has been planned by members of the Pampa Book Club for its regular semi-monthly meeting tomorrow night at 7:30 in the City Club Rooms.

Mrs. Myles Morgan, president, will be in charge of the program. Members, and any others interested in attending, are asked to bring their favorite quotations from Shakespeare.

Recording from Macbeth will be played with the record-player being furnished by Tarpley's.

Robin Tibbets, former reporter on The Pampa News, is the author of a number of short stories and features in the Galleon, McMurry College literary magazine published this spring.

'Sloppy' Dress Destroys Feeling Of Personal Allure

BY ALICIA HART NEA Staff Writer The woman who works at home in slatternly dress is going to pay sooner or later for her sloppy habits. And I don't mean by that she's simply going to be caught looking like a scullion by an unexpected visitor.

Women who have this sense of glamor manage to tackle the grubbiest tasks without sacrificing any portion of it, but they usually dress for the part. That dress, however, is not any old relic, plucked from a closet, nor are those just any old slippers from which a few more wearings can be salvaged.

Functional housedresses — and enough of them for needed changes — can bring a woman through her grimmest hours looking tidy. Clothes designed for housework — and ditto shoes — can even speed her through her tasks and give her more leisure time in which she can settle down to the serious business of making herself glamorous.

FASHION NOTE

CHICAGO—(AP) — Judge N. J. Bonelli of police court advised John Duke, 55, that if he still thinks Frances Redfeather's shorts are too short, he should get around a bit more.

The Princess charged Duke with disorderly conduct after he locked her out of her room in his building because she wore the garment.

She produced the shorts in court for Judge Bonelli's inspection.

"Your trouble is that you don't get around," the judge told Duke in dismissing the case. "Compared with some shorts those are old-fashioned."

EXCESS HOUSING

MANSFIELD, Ill.—(AP)—The village board decided that the 700 inhabitants have no need for a jail, so they sold it at auction for \$375. There had not been a prisoner here in 15 years and the village has had no night watchman for 25 years.

# PICTORIAL STORY OF TORNADO

**INJURED PLACED ON TABLES**—The Woodward, Okla., City Hall was converted into a temporary hospital and injured were placed on tables when available hospital beds and cots ran out following the tornado which struck the Oklahoma Panhandle city.

**MAP OF TORNADO**—The tornado which hit the Texas and Oklahoma Panhandles was born at White Deer, swept northeast to Canadian, leveled Glazier, and fires broke out after it struck Higgins. Hardest hit was Woodward, where half the town was blown away.

**DAMAGE GREAT IN TORNADO**—Stores and homes alike were destroyed or damaged in Woodward, Okla., when a tornado struck the town. No estimate has been advanced on amount of property loss suffered.

**BUSINESS DISTRICT AFTER STORM**—This is a portion of the wrecked business district of Higgins, one of the several towns struck by a tornado which left death and destruction. This picture was made from the air.

## Expert Traces Tornado Path

J. R. Lloyd of the U. S. Weather Bureau in Kansas City is touring the path of the Panhandle-Oklahoma tornado. Lloyd is the nation's leading authority on the twister.

Lloyd says that with the possible exception of the atomic bombs, the tornado develops the greatest force known on earth. It has a velocity not exceeding 130 miles an hour.

The wind in a tornado whirls from 200 to 500 miles per hour. And the twister is concentrated. It is the exception for one to be more than a mile wide.

It takes several things to set off a tornado. Winds from the west blow eastward across the Americas. Warm, moist winds known as marine tropical air, blow from the south at about the same altitude as the west winds. They zip through the upper air trough between the Rockies and the Appalachians. The west and south winds blow at from 35 to 75 miles an hour and hit at almost right angles. This causes a great turbulence.

The wind from the south is stronger than the west breeze. This causes the eddy to start moving counter-clockwise.

There must be an upper-air cold front. There must be hot air currents rising from the surface. It could be that the steel in the Santa Fe Railroad set off the air currents which pulled the trigger on the tornado. The hot air rises into the cold front. The eddying winds start whirling. A twister is born. It generally moves north-eastward or diagonally from the meeting of the winds. The south wind tries to push the west wind northward. The west wind tries to keep going eastward. This conflicting force sets the normal tornado on its northeastward course.

The marine polar masses of air gradually become too warm aloft in the southern latitudes for the production of upper-air cold fronts. These fronts form farther north, causing a fixed migration season of the tornado.

But nothing is definite about the tornado. It seldom comes between 9 o'clock at night and 9 o'clock in the morning. This is because the hot air currents are not so active then.

Lloyd will gather all possible information in the Texas-Oklahoma storm area.

"We are going to make a thorough check of conditions," Lloyd said. "We may remain in the area two days."

**RED CROSS FLIES TO DISASTER SCENE**—Members of the Wichita, Kans., Red Cross are shown as they prepared to leave by air for Woodward, Okla., scene of the greatest damage in the Texas and Oklahoma Panhandle tornado. A similar flight, carrying doctors, nurses and emergency medical and food supplies, was sent by the Red Cross from St. Louis.

**DISASTER AT WOODWARD, OKLAHOMA**—This is an aerial view of the path of the tornado which swept through Woodward leaving a trail of death and destruction in its wake. No estimate of property damage has been attempted as yet.

**SPILLED OIL ENDANGERS WOODWARD**—Oil, which gushed from a storage tank along the railroad tracks at Woodward flooded onto the tracks and into the station adding the threat of fire to the town already stricken with tragedy following the tornado.

**WRECKAGE FALLS ON CARS DURING TORNADO**—The wreckage of homes and buildings in Woodward, Okla., is shown as it lay after being hurled onto the tops of hundreds of automobiles on the streets of the city during the tornado.

**TOWNS DEVASTATED BY TORNADO**—Heavy casualties resulted when the tornado swept through several towns and one of the hardest hit was Woodward, Okla. This aerial view of Woodward, showing a portion of the city, reveals only a few houses standing in this immediate area pictured.

# Franks Is Named City Manager City of Sherman

City Manager Garland P. Franks, named City Manager of Sherman Wednesday night, will take over his duties there Thursday, May 1, it was learned late last week.

Franks will succeed Jewell L. Hardy who resigned last December to enter the construction business in New Mexico.

Between December and May 1, Sherman was under the acting management of Sherman's water superintendent, Roscoe Russell.

Franks said yesterday that he has been assured by the Sherman City Council that he will have a chance to move his family shortly after his arrival there. No definite date was set by the City Manager as to when he would actually leave Pampa.

Friday, during the meeting of the City Commission held in the city manager's office, Franks, along with City Manager-elect Steve Matthews discussed with the Commission the transfer of duties and information from the outgoing city manager to the incoming manager.

Final arrangements for compensating Franks for the vacation he never received were unsettled at the close of the meeting. The problem was tabled until the Tuesday meeting of the Commission.

The pending milk ordinance, requiring dairies and creameries to properly grade and label milk for consumers, passed its second reading. A public hearing on the ordinance was slated for the Tuesday meeting of the Commission when creameries and dairymen have been requested to attend and discuss the ordinance with the Commission regarding the affect the law will have on them. The ordinance was introduced to the Commission by City Health Inspector Ray Salmon and City-County Health Inspector E. L. Howard. It is written as prescribed by the State Health Department and passed by the 45th Legislature in 1927.

The Commission was informed that up until this time there has been no law pertaining to the proper labeling and grading of milk and that it has not been done here.

Franks told the Commission that the State Civil Service Bill for municipal policemen and firemen in cities between 10 and 40 thousand population has already passed both houses and is ready for the Governor's signature.

Reporter Jester, authentically reported as being highly in favor of the measure, is ready to sign it.

When he does sign the bill, all cities falling in the 10 to 40 thousand population category will have to hold an election within 90 days from the date of the Governor's signature to determine whether or not the citizens of those communities wish to go along with the state by having their policemen and firemen undergo civil service examinations to secure appointments.

The Civil Service Board for each city will be state appointed, thus taking the power out of the hands of local politicians of the different cities. The election here will have strong opposition toward the measure according to some indications. At the same time citizens will also vote on the minimum pay for their policemen and firemen.

Should the measure be defeated at the polls by the citizens of this community, or any other community, a like election will have to be held.

## Peace Officers Panhandle Area Seeking Swindler

Peace officers of four Panhandle counties yesterday were on the lookout for a 5-foot 7-inch brunette, described as being fairly good looking and weighing about 145 pounds, who passed several rubber checks here and attempted to pass two others, County Attorney Bruce Parker reported Saturday.

## Dana Andrews Sees Too Much Sex in Movies

**By BOB THOMAS**  
HOLLYWOOD—(AP)—There's too much sex and sin in the movies. This has been a familiar cry since the first kiss flickered across the screen, but it's still ringing when it's voiced by someone like Dana Andrews.

The Collins, Miss. actor, who is currently on top of the Hollywood heap, is no Puritan, but he thinks film producing is giving a distorted view of American life by overemphasizing passion and crime.

"There's too much fightin' and killin' and lovin' and lustin' in pictures nowadays," he told me on the "Counterpoint" set. "Nearly every movie that comes along goes overboard in those departments."

Sex has become supreme in film stories, he observed. "If two people love each other in a picture," he said, "nothing must stand in their way, even if it's a husband or wife. The usual solution is to bump off the unfortunate mate in order to clear the path for pure love."

"The pendulum has swung too far in the direction of sex and crime," Dana declared, "and it has to return. Hollywood has to make more pictures showing American life as it really is." As noteworthy examples, he mentioned "The Best Years of Our Lives" and "State Fair," in which, coincidentally, he appeared, and "Marjorie," in which he did not.

Fortunately in Dana's case, his views are not pure oratory. He can do something about it. After he finishes his next film, he is going the way of most top stars and will produce his own picture. And he said he is looking for a clean, wholesome American story. Okay, Andrews, you are on the spot now.

Dennis Morgan and Jack Carson have let Warner's know they want to do more pictures apart from

RELAYED MESSAGES — TWA pilot Capt. Roy L. Thrush is shown at controls of plane from which he relayed radio emergency calls for doctors, nurses and medical supplies in connection with the Oklahoma tornado. A portable transmitter at Gage, Okla., contacted Thrush in the air and he relayed the messages.

**CONDEMNED TO DIE**  
The Everglade kite, of Florida, depends entirely on a species of snail for its food. Now man is draining the habitat of the snail, and with the snail's disappearance, the bird, too, will become extinct.

**VARI-SPELLED**  
Kansas has had more than 40 different spellings, some of which are: Acanasis, Cancez, Canzas, Canzes, Chanzes, Escanjaque, Kanse, Kansaws, Kansez, Kanzas, Kaus, Konzas, Okanis and Quaus.

## RIGHT The First Time!

There is nothing more irritating than to have to bring your car back to have a service job rechecked. You don't like it—and we don't like it. That is why we take particular pains to do the job right the first time. Our mechanics are trained to factory standards; we have invested many thousands of dollars in the latest equipment for servicing every part of your car. We are equipped to give you fast service, and the fairest prices. Get an estimate from us before you have any work done at any time on your car.

## BOYLES NASH COMPANY

## Commission Holding Flare Gas Hearings

AUSTIN — (AP) — The Railroad Commission has completed four days of show-cause hearings scheduled to determine if natural gas is being excessively flared in Texas oil fields.

At yesterday's session the group heard testimony from operators in the North Cowden Field, Ector County; McElroy Field, Crane and Upton Counties; Goldsmith Field, Ector County; Slaughter Field, Cochran, Hockley and Terry Counties, and Wasson Field, Yoakum and Gaines Counties.

Cliff Brien, engineer for a company which is constructing a gas pipeline from West Texas to Los Angeles, said delays in obtaining materials, particularly pipe, are

handicapping gas utilization projects in West Texas fields. All operators agreed that gas could be more efficiently used if a uniform rate of production could be obtained.

The human eye can detect about 10,000 different tints.

# The Union Still Refuses

Union leaders still refuse the Company's offer to submit their wage demands to impartial arbitrators appointed by Governors of the five states we serve. Union leaders still insist on national arbitration. They still demand that umpires judge the "game" from outside the "ball park."

And the public continues to be needlessly deprived of telephone service.

Why not let impartial citizens familiar with local conditions settle telephone wages?

The Company has repeatedly offered to abide by such a settlement.

The offer is fair to the Union, fair to the Company, and fair to the public.

The offer still stands.

SOUTHWESTERN BELL TELEPHONE COMPANY

### NO TELEPHONE WORRY IN OUR OFFICE!

I've heard some awful complaints about the telephone disruption during some of the past panhandle strikes, and I've heard some of the housewives complaining about it, but to be honest, it hasn't hurt my business any more. In fact, I'm kind of enjoying the rest. I've about decided that the world is going too fast for me anyway. You know I can remember back when we didn't have any telephones. In fact, I was 18 years old before I ever saw one of the things. Anyway as long as this strike lasts we're doing business by mail, so if you're interested in buying or selling something just drop us a letter and we will get in touch with you. Want to buy a good tourist car in one of the best towns in Colorado? We have one that's a money making thing... taking in around \$1000 a month and it is neat as a pin... will take 20,000 for it as the owner would sell. I have a good two-bedroom house on North Somerville that I can sell for the money. The trees and shrubbery would cost a lot of money, but you can have the location. You farmers and ranchers, or anybody needing fence posts... I have about 30,000 steel posts, 3 1/2 ft. long by 1 1/2 inches in diameter that I want 25c for... Will sell one or a thousand... these posts will last a lifetime. I have a good rent proposition out in the north part of town for a grocery store... living quarters overhead... this is a good proposition for someone who wants to have a small business of their own. I will say this... you can't beat the location... in the west part... I will pay 155.00 a month rent, paying proposition in 15,000.00... and the business property has 3 more years to go on their lease... Do you want to buy a good suburban grocery with living quarters? We have one of the best... doing a good business, and we can sell you this for an invite price. I want to buy a small house that I can move, doesn't have to be too good, but want it at least 12x12 ft... need it right now... lots, houses, plenty business propositions, in fact we have one of the largest in the panhandle, but you can buy it for 15,000.00 or by selling anything we would be glad to talk it over with you.

**J. WADE DUNCAN**  
Real Estate and Cattle

## Plans Completed For Oil Men's Reunion in June

An oil men's reunion will be held in connection with the oil industry participation in the PORT-O-TRADE National Manufacturers Exposition, June 13-22, Port of Long Beach, California.

A large area adjacent to the Exposition building entrance and commanding a view of the outer harbor is set aside for exhibits of oil drilling and production equipment, according to Director J. W. Charleville. Derricks, motors, cables, draw works, pulling units and pumps are among the products to be displayed and demonstrated at the show.

Long Beach Harbor has played an increasingly large role in the oil industries foreign trade. Over the pier on which the show is located, have gone millions of dollars worth of oil equipment to South America, and Dutch East Indies, Arabia and elsewhere. "The Port of Long Beach," Charleville said, "expects to handle more of this business, as the industry expands further into foreign areas of operation."

Oil men from throughout the Pacific Southwest will be invited guests at PORT-O-TRADE. Host will be W. R. Martin, former president of Martin-Decker Corp., who heads the Long Beach Harbor Commission. Robert H. King, widely known oil production man, has been put in charge of the OIL SHOW division of the Exposition.

Mr. J. W. Charleville said that popular demands had called for enlargement of the June Exposition into a major industrial show with emphasis on oil industries and their part in foreign trade.

This is one of the world's most important oil producing and refining areas, and the Port of Long Beach lies over one of the country's largest oil pools now being developed. J. W. Charleville pointed out. From the show site are visible more than \$300,000,000 worth of industrial facilities, marine terminals, refineries, and numerous producing areas, including the famous Signal Hill, the Wilmington Field, the expanded field tapping the Long Beach tideclans.

Howard Hughes' H-4 flying boat, largest airplane in the world, is in the final stages of completion just across a narrow channel from the Exposition site. Famous Santa Catalina island, twenty miles seaward, is plainly visible.

The show is being staged under sponsorship of the Harbor Commission by the Long Beach Junior Chamber of Commerce. Opening day guests will include some 3000 delegates to the National Junior Chamber convention, meeting in Long Beach June 9-15. These key representatives from cities all over the United States will be shown through the Harbor, the nearby oil fields, and the Exposition.

Space reservations are now being made with J. W. Charleville or E. H. King at the PORT-O-TRADE office, Pier A, Port of Long Beach, California.

### HEAVY SPENDER

The ordinance department of the United States Army spent nearly half as much money in 1917-1918 as the entire American government had spent since its beginning, in 1776.

### ENFORCED VACATION

Sir Isaac Newton conceived his ideas of the laws of gravitation when only 24 years old. A terrible plague had broken out in England, schools and universities were closed, and Newton had much time to think during the enforced vacation.

## News of Interest To Oil Men

Pampa News, Sunday, April 13, 1947

### Drilling Activity Increased Throughout Area Last Week

#### Fourteen Intent To Drill Notices Filed Last Week

Fourteen notices of intention to drill were filed with the Railroad Commission's oil and gas office during the past week.

Major drilling activity points toward Hutchinson County. Eight of the proposed tests were to be located there. The others are two in both Gray and Carson Counties and one in both Hale and Potter Counties.

Carson County—Aegey Drilling Company, Barnard No. 2, I&GN Survey, 420' from S and 330' from E lines of NW/4 Sec. 24, Blk. 4, 5 miles NE of White Deer, Gibson Oil Corporation, Bunker No. 1, I&GN Survey, 330' from W and 1117' from N line of SW/4 Sec. 35, Blk. 3, 10 miles SE of Pampa, Texwell Oil Corporation, O. N. Frashier No. 4, I&GN Survey, 990' from S and 330' from E lines of E 1/2 of SW/4 Sec. 182, Blk. 3, 5 miles W of Pampa.

Hale County—Stanford Oil & Gas, E. E. Kersey No. 1, C. P. Stephenson Survey, 690' from N and E lines of survey, Blk. S. 1 mile W of Petersburg.

Hutchinson County—Gulf Oil Corporation, Dial No. 139, Warren Wimberly Survey, 1406' from N and 467' from E line of survey, Hermann Bros., Hardin No. 2, TC RR Survey, 630' from S and 345' from E lines of E 240 of N 406 1/2 of Sec. 16, Blk. M-23, 1 mile S of Stinnett, Hermann Bros., Hardin No. 3, TC RR Survey, 630' from S and 1035' from E lines of E 240 of N 406 1/2 of Sec. 16, Blk. M-23, 1 mile S of Stinnett, J. M. Huber Corporation, A. E. Henderson No. 3, H&OB Survey, 330' from N and W lines of Sec. 1, Blk. HC, 4 miles W of Pringle, J. M. Huber Corporation, Riley "H" No. E-1, HC Survey, 1320' from S and W lines of SW/4 Sec. 8, Blk. M-16, 10 miles NW of Pringle, Dave Rubin, C. W. Whittenberg No. 7, Heirs of Wm. Neil Survey, 330' from S and 9 miles NW of Stinnett, Dave Rubin, C. C. Whittenberg No. 9, Heirs of Wm. Neil Survey, 330' from S and E lines of Lot 24, Blk. 2 Carver Lands, 9 miles NW of Stinnett.

Potter County—Canadian River Gas Company, Bradley et al. No. A-1, EL&RR Survey, 1910' from N and 1795' from E lines of Sec. 8, Blk. 11, 24 miles N of Amarillo.

HIGHEST EGG PRODUCER

Although the poultry industry is one of the most important branches of agriculture in Australia, Canada, Denmark, Eire, and Holland, the United States ranks first among all countries in egg production.

## Cities Service Reports Three Wells Completed

Completion of three oil wells for a total initial potential production of 3,927 barrels daily and one gas well for an open flow of 22,800,000 cubic feet of gas daily were reported by Cities Service Oil Co. recently.

Largest of the oil well completions was the Thomas C No. 6 in the TXL pool of Ector County, Texas, finished for an initial potential of 2,613 barrels of oil daily through 3 1/2-inch choke.

Kansas contributed the other two completions, with the Baumgartner B No. 1, Rooks County, chalking up an initial of 1,280 barrels of oil daily. Bender B No. 4, Russell County, was finished for 32 barrels of initial potential.

The single gas well completed during the week by Cities Service Oil Co. was the Whitman-Breneman No. 1, Kearny County, Kansas, brought in for an open flow of 22,800,000 cubic feet of gas daily.

Four new starts were reported, including the Jacobs B No. 3, Hughes County, Oklahoma; Gardner City B No. 1, Finney County, Kansas; Rome B No. 1, Ellis County, Kansas; and Dupree No. 2, Dawson County, Texas.

The following is a drilling report of Cities Service wells:  
TEXAS  
Crocket County—Hoover No. 2, C NE NE SE Sec. 14, Blk. GG—swabbing through casing, No gauge.  
Ector County—TXL "H" No. 1, (partnership) NW NW Sec. 1, Blk. 45, T-2s, T&P. Building derrick.  
Sherman County—Hitz No. 1, Sec. 4, Blk. T-1, 2&NO Sur. Total depth 2605'; shutdown for repairs.  
NEW MEXICO  
Lea County—Brunson B-2, C NE SW Sec. 3-22-7, Running reamer 3000' casing, Owen No. 7, C NE SE Sec. 35-21-37e, 8 5/8" at 2800' waiting on cement, Owen No. 6, C SE SE 35-21-37, no report.

OKLAHOMA  
Cotton County—Myers B-2, approx. 2100' test, located 330' fr N and 330' fr W of Section 1, Blk. HC, H&OB Survey.  
McCain—Harsberger No. 1, C NW WSE Sec. 22-5n-4r, drilling at 2665'. Lawson, C-C SE NW Sec. 22-5-4r, drilling at 7822'. Lawson-Harsberger No. 1 (partnership) C SW SE Sec. 22-5n-4r, drilling at 10,442'.  
Oklfuskee County—Armstrong A-2, C NW NW SW Sec. 23-12-8s, drilling at 1790'.  
Seminole County—Burden No. 1, C N 1/2 NW Sec. C Sec. 23-8n-6e, cleaning o/r on bottom.

Hughes County—Jacobs B No. 3, C SW NW NE 16-7n-8e, drilling at 2827'.  
KANSAS  
Barton County—Schultz B-2, SW SE SW Sec. 4-18s-15w, pumped 45 bbbls oil in 11 hours testing.
