## Dodgers Fall As Yanks Cop World Series

**BULLETIN**  
NEW YORK, Oct. 5—UP—The New York Yankees won the 1953 World Series Monday, beating the Brooklyn Dodgers 4 to 3 in the sixth game.

**YANKEE STADIUM, Oct. 5**—UP—The play-by-play of the sixth 1953 World Series game between the Yankees and Dodgers:

**DODGERS FIRST**  
Gilliam worked the count to 2-1 and then popped to Collins on the edge of the right field grass. Reese lined a 1-1 pitch into left field for a single. Robinson bounced to Martin, who tagged Reese in the base line. Robinson reaching first on the fielder's choice. Casey Stengel claimed that Reese interfered with Martin but Umpire Gore refused to allow the protest. Campanella hit Ford's first pitch on the ground into center field for a single. Robinson going to second. Hodges lined sharply to Rizzuto. No runs, two hits, no errors, two left.

**YANKEES FIRST**  
Erskine walked Woodling when his 3-2 pitch was low. Collins went down swinging on a 1-2 pitch. Bauer slammed a hard grounder past Reese into left field for a single. Woodling going to second. Berra lined Erskine's first pitch into right field and it went into the stands on one bounce for an automatic double. Woodling scoring and Bauer going to third. Mantle was purposely passed, filling the bases. Martin's sharp liner bounced off Gilliam's left leg for an error. Bauer scoring, Berra taking third and Mantle going to second. McDougald grounded into a double play, Cox to Gilliam to Hodges.  
Two runs, two hits, one error, two left.

**DODGERS SECOND**  
Snider went down swinging on (See Yank's Win Page 6)

## Fact-Finder Panel To End Dock Strike

NEW YORK, Oct. 5—UP—President Eisenhower's waterfront fact-finding board flew to Washington Monday with a report expected to lead to a speedy end by injunction of the five-day-old longshoremen's strike.

The three-member board was expected to present its report at the White House about noon. Mr. Eisenhower was ready to act quickly to obtain a Taft-Hartley law injunction which would send 65,000 striking dock workers back to work for an 80-day "cooling off" period and re-open the strike sealed Atlantic ports.

The president appointed the board last Thursday in a move to halt the strike under a Taft-Hartley provision allowing him to seek a federal court order prohibiting the walkout 80 days if it threatens the "health and safety" of the nation.

It was a foregone conclusion the board's report would justify a request for an injunction. Barring delays in obtaining the injunction from a federal judge, a back-to-work order could be expected late Monday or early Tuesday.

## U. S. OFFICIAL SHOT

## Killer Suspects Questioned

MEXICO CITY, Oct. 5—UP—Police questioned seven Indians Monday as "first rate suspects" in the shotgun murder of a U. S. State Department official who could not give bandits the money they demanded because he carried only travelers checks.

The Indians were among 240 persons rounded up by Mexican army troops, vigilantes and police Sunday in the wake of the highway robbery slaying of Dr. Ralph B. Swain, 40, of Benton, Ill., a Point Four official attached to the U. S. embassy in Nicaragua.  
A police official said the seven Indians were "first rate suspects" and were being subjected to "extensive interrogation."  
Swain was killed by a shotgun blast in the chest Saturday before the eyes of his wife, Suzanne, and their sons Tommi, 12, and Ralph, 10. They were stopped by four bandits as they drove through a wild mountainous section 150 miles southwest of Mexico City.

**TAKES OVER TODAY** — Perry LeFors, Perry LeFors' new airport manager, M. W. Alford, is shown here taking stock of his inventory. Arriving in Pampa Saturday night, Alford took over his duties at the field this morning. Manager of the Littlefield airport for the last two years, he was hired Aug. 31 by the Gray County Airport Board, a group appointed by the county commissioners' court. (News Photo)

## Warren Takes Oath To Supreme Court

WASHINGTON, Oct. 5—UP—Former Gov. Earl Warren of California was sworn in as 14th chief justice of the United States Monday in a colorful Supreme Court ceremony attended by President Eisenhower.

Mr. Warren was installed in the nation's highest judicial post promptly at noon, as the high tribunal assembled for its fall term. The court faces a heavy docket of important constitutional cases, including an historic test of racial segregation in public schools.

The 42-year-old Californian arrived here by plane Sunday night, after resigning the governorship he had held for 11 years. He was accompanied by Mrs. Warren. She had not planned to come but changed her mind at the last minute when her husband said he "just wouldn't know what to do" if she were not here to share his big day.

**Takes First Oath**  
The eight associate justices of the Supreme Court were waiting for their new chief when he arrived shortly before noon, at the white marble court building on Capitol Hill. Mr. Warren took his first oath—to defend and uphold the Constitution—in the privacy of the court's conference room adjoining the chief justice's chambers.

This oath, taken by all federal officials, was administered by Hugo L. Black, the senior associate justice.

## Exams, Game Top Agenda At PHS

Six-week examinations and the Amarillo - Pampa football game highlight activities at Pampa High School, according to Jack Edmondson, principal.  
The examinations begin Tuesday and continue through Thursday, he said. The Sandies clash with the Harvesters here Friday night.  
Two pep rallies are tentatively scheduled for the week, he said. A rally and bonfire will be held Thursday afternoon or evening at the high school and another is being planned for Friday in downtown Pampa. The time of the Friday rally will be announced later, Edmondson added.

## SIGNED 'DOROTHY'

## Jealous Spouses Ired By Postcard

PARIS, Ill., Oct. 5—UP—"Hell hath no fury like a woman scorned" or one who intercepts her husband's postcard signed "Dorothy," officials of a Paris club were convinced Monday.

One suspicious spouse kicked out her picture window in an argument with her cowed mate, and another went running for a divorce. The cards that caused all the marital fireworks read:  
"Darling:  
Don't forget our date at 8 p.m. Oct. 28.  
Dorothy."  
The postal bombshell was explained as a publicity stunt that backfired. The identity of the idea man was mercifully withheld.

**Boosting Dorothy Lamour**  
The cards were sent to plug the coming visit of film star Dorothy Lamour and a variety revue under the auspices of the Paris exchange club.

The club idea man went through the telephone book and mailed cards to every third name listed. Directory includes several other eastern Illinois towns as well as Paris, a community of 10,000 persons.

Scores of husbands come home from hard days at work to be confronted with the acid question: "Who is Dorothy?"  
Some of the explanations just weren't good enough.  
A Christian, Ill., husband threatened to sue the club because the

card touched off such a violent argument with his wife. The locomotive engineer's wife was understandably riled. She ran to the yards to flag down her husband and demand to know whether he was seeing his first wife, who, unfortunately was named Dorothy.

**Sees Lawyer**  
At Marshall, Ill., one wife headed straight to a lawyer to discuss a divorce but was dissuaded when the lawyer looked at the card and told her he got one, too.  
At Chrisman, fascinated neighbors reported that one lady kicked her picture window into small pieces while interrogating her husband about Dorothy.

Exchange club officials had only one explanation. It was a "mistake," they said lamely.

## Nixon Ready For Journey To Far East

WASHINGTON, Oct. 5—UP—Vice President Richard M. Nixon completed preparation for his nine-week good will tour of the Far East Monday with last minute briefings from President Eisenhower and other top officials.

## ROK Bares Plot To Free 22,500 Anti-Red PWs

**RESCUE ENDS HEARTBREAKING FAILURE** — C. M. Roberts, member of a Jacinto City, Tex., rescue corps, weeps as he administers oxygen to Monroe Roberts, 3, in a vain attempt to save his life. The Baytown Tex., child, pulled from a tributary of the San Jacinto River, lived for five hours, retained a natural color and a steady temperature, although doctors could detect faint heartbeats during the fruitless vigil to save his life. (NEA Telephoto)

PANMUNJOM, Oct. 5—UP—South Korean army sources bared Monday a plot to free 22,500 anti-Communist prisoners from Indian custody and Reds warned that a mass escape would "blow up" the truce.

The ROKs notified the Indians through the Eighth Army that Provost Marshal Lt. Gen. Won Yung Duk was planning to carry out the plot even if it led to an armed clash between South Koreans and Indians.

It was Won who almost wrecked the Korean truce last June 18 by permitting 27,000 anti-Communist North Korean prisoners to flee Allied compounds under unilateral orders from President Syngman Rhee.

South Korean political leaders called upon civilians to attend mass meetings Tuesday and protest the "barbarous" Indian handling of anti-Communist prisoners.

## Indian Clash Might Follow Mass Escape

Rhee's government ordered school children to take a holiday Tuesday and march to demonstration centers.

## Turkey May Win UN Council Seat

**UNITED NATIONS, N. Y., Oct. 5**—While Turkey was conceded to win a seat on the powerful United Nations Security Council Monday in a close three-way contest with the Philippines and Russian-dominated Poland.

A long series of ballots was expected when the General Assembly met to fill vacancies for two-year terms on the 11-nation council.

The two-thirds majority requirement made it a contest between the Philippines and Turkey, Communist Poland was expected to muster only the votes of the Soviet bloc.

In two other security council elections slated for Monday, Brazil was considered a certainty to take over the seat to be vacated by Chile at the end of the year. New Zealand was in line to succeed Pakistan on the council as a representative of the British Commonwealth.

The Soviet delegation sought support for Poland on the ground there was a gentlemen's agreement when the UN began operating in 1946 that one of the six rotating seats on the security council would go to a nation in the Communist sphere.

## Geologist Due To Speak Here

The Pampa League of Women Voters will meet tonight at 8 o'clock in the county courthouse of the courthouse, with Hugh R. Brankston, Fort Worth geologist, as guest speaker.

## McLean Man Found Dead

**McLEAN — (Special)** — Andrew Taylor Wilson, 60, of McLean, was found dead in a toilet at 7:40 a.m. today.

Justice of the Peace J. C. Clark, acting as coroner, ruled that Wilson "died by gunshot wound, self-inflicted." A shotgun and a stick, apparently used to pull the trigger, were found nearby.

Felix Jones found the body. He runs a cafe next door to Wilson's residence, a former filling station at South Main and Railroad Street.

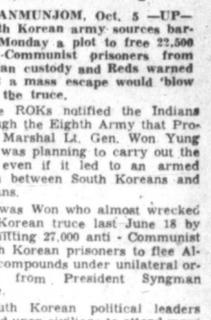

A lifelong Methodist who sharpened saws for a living, Wilson had lived in McLean for the last 40 or 50 years.

Nearby, Wilson left a number of notes to various members of his family. Plus one to the public that requested no flowers at his funeral.

## Pampan Critically Wounded By Pistol

Roy Whitlock, about 75, 902 S. Banks, was reported to be in critical condition at Highland General hospital here early this afternoon, after he was found on a bed at his home with a bullet wound over his heart shortly after 11 a.m.

## Ernie Pyle Needed Today By Countrymen, Bradley Claims

**BLOOMINGTON, Ind., Oct. 5**—UP—His countrymen need Ernie Pyle as greatly now as they did in World War II when he wrote the story of the fighting man for the folks back home, General of the Army Omar N. Bradley said Monday.

Bradley spoke at a dedication ceremony on the Indiana University campus of a bronze plaque honoring the Scripps-Howard war correspondent and marking an historical site in journalism.

"I wonder how this correspondent would have written up the battles of Korea—the frustrations of the long armistice talks—how he would attack the problems of the battles of the cold war that are going on around the world today," the five-star general said.

"Ernie Pyle... would have been in the trouble spots of the world where our allied forces are engaged. He would be out there reporting the best of India, China, the fight against the Communists in Malaya, the struggles in the Middle East, and the NATO maneuvers in Western Europe."

The Gray County sheriff's office reported that Whitlock, a carpenter and longtime resident of Pampa, was shot with one .38 caliber bullet, and that apparently he had shot himself. The revolver was found nearby.

He left no notes, the reports said. He was conscious when he was found but lost consciousness after his arrival at the hospital, it was reported.

# Refugees Describe Working Conditions In Iron Curtain

Editor's Note: Once in a while the Iron Curtain is lifted and the Western world gets a glimpse of real conditions in Communist Europe. The following dispatch, based on reports by Iron Curtain refugees, gives such a glimpse of conditions in the Ostrava coal mining area in Czechoslovakia, one of the most important in Europe.

**By DANIEL F. GILMORE**  
VIENNA, Oct. 5—UP—What is it like to work as a "free" miner—as opposed to a forced laborer—in the Ostrava coal pits in Czechoslovakia?  
The answer, given in independent reports by miners who have escaped to this listening post on the fringes of the Iron Curtain, goes far to explain why production is dropping drastically, as the Communists themselves admit:  
"Miserable housing... nauseating food... dirty, inadequate housing... ignorant technicians and supervisors... perilous working conditions in gas-choked tunnels... and the June currency 'reform' which robbed millions of people of their money."  
Considered Reliable  
The accounts the miners gave are considered reliable, since they were made separately by men from different pits and they agree in detail.  
"Free" miners work a 48-hour week, eight straight hours with no rest period. One Sunday each month they must "volunteer" to work extra.  
During the harvest the miners, after their day down in the pits,

# Rain Relieves Area Drouth

**By United Press**  
Lots of Texans and Oklahomans who had forgotten the perils of slick pavement lay in hospitals Monday. The Oklahoma highway patrol attributed at least four weekend traffic deaths to weather.  
But the rain also brought drouth relief and cooler weather to Oklahoma and Texas, while in the western portion of the region there was scattered frost under clear skies over Wyoming and north and east Colorado, Southern New Mexico reported.

Temperatures Sunday climbed no higher than 65 in Wyoming, at Sheridan; 76 in Colorado, at Eagle, and 78 in New Mexico, at Santa Fe.  
Even Texas, where existing autumn heat records have been shattered wholesale in past weeks, the maximum temperature was a mere 91 degrees, at Lubin, where clearing skies allowed the sun to warm the air. The mercury dropped to as low as 41 early in the day in Texas and skidded into the mid-30s in the Panhandle early Monday morning.  
Skies cleared over western Oklahoma Sunday night to end 48 hours of rain which moisture and the northwestern part of the state. Rainfall totaled more than five inches in parts of Jackson county and more than three inches across the southeastern third of Oklahoma.  
Sherman, in North Texas, got 2.24 inches in a 24-hour reporting period. San Angelo, in West Texas, got 2.09. During one 48-hour week end reporting period, the weather bureau said, Big Spring recorded 3.80 inches of rain.  
Much of the heavy rain poured into reservoirs furnishing water to Dallas and Fort Worth, both with short municipal supplies.

# 'Cease And Desist'

ROSARIO, Argentina, Oct. 5—UP—Judge Juan Larguiera has ordered a pretty motorist to discontinue to "cease and desist."  
The girl, whose name was not made public, is employed by a washing machine company. For several days, she has been "peeling" to the legal minimum in a show window and dropping her garments into a washing machine.

# Drouth Drivers

OKLAHOMA CITY, Oct. 5—UP—The Oklahoma Highway Patrol said it was understandable that headquarters was swamped with weekend accident calls.  
The mishaps were attributed to soaking rains that fell over much of the state. "It's been so long since it rained that most drivers have forgotten how to drive on wet roads," a patrol spokesman said.

# Ike Turning Away From Golf Playing

WASHINGTON, Oct. 5—UP—Backstairs at the White House: President Eisenhower has a n't played golf since he returned from Colorado Sept. 19 and some people think this is due to his ailing right elbow. But the White House staff says not. They say he'd rather play with his grandchildren than go to Burning Tree.

The children of the John Eisenhowers have been here over two weeks and the President has not been to the golf course once during that time.  
This represents a change from last spring when the three kids were visiting the White House. The President played golf twice a week then.

While the President was laying off the game, the golf bug bit his five-year-old grandson, David. Someone gave him a junior size set of clubs and David has been hacking around the south lawn of the White House on recent sunny afternoons.

Meantime, the President, himself, has virtually given up practicing iron shots on the lawn in the afternoon. It began to attract too many spectators and attention.

Mr. Eisenhower last week had an unannounced re-union with his old football and baseball coach at the Abilene (Kan.) high school. The coach was Frank D. Parent, now judge of the municipal court at Englewood, Calif.

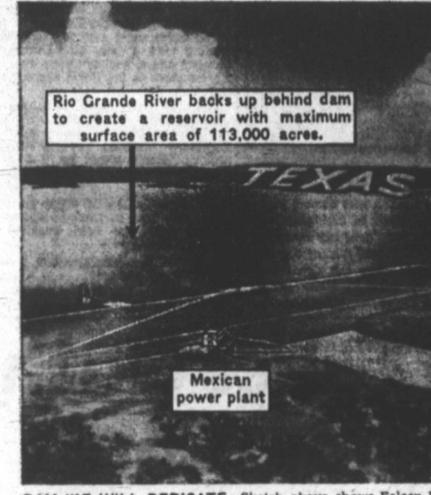

**SCREENING-IN THE ENEMY**—Neilz Nacke, former officer in the German air force, demonstrates his system designed to help improve marksmanship. A film of enemy soldiers is projected on a screen complete with sound tracks to simulate a realistic effect. After the enemy fires, Nacke returns the fire. When a bullet hits the screen the projector stops. The film is illuminated from behind to show where the bullet hit.

Arkansas Republicans are trying to get Mr. Eisenhower to stop off briefly in Little Rock next week on his way to Louisiana and Texas. They want the chief executive to give the GOP a boost in the city mayoralty campaign.  
Staff members say there is little likelihood of the President getting together with ex-President Truman when Mr. Eisenhower is in Kansas City Oct. 15-16.  
Vice President Nixon is not taking his golf clubs with him on his Far Eastern tour which starts Monday night. Says he'll be much too busy. And just when his game was improving.

Nixon will miss a good bit of the fall social season since he and his wife will not return to Washington until Dec. 11. But he won't miss any banquets. During the course of his 38,000-mile visit to more than 13 countries, he'll have to attend at least 40 formal dinners.  
When Adlai Stevenson came to the White House the other day to see Mr. Eisenhower, a reporter who knew Stevenson during the 1952 campaign noticed an increase in the girth of the former Illinois governor.  
"You look a little husky after your round-the-world trip," the reporter said to Stevenson.  
"Flatterer," muttered Stevenson as he pushed through the crowd.

World Series scene at the White House: A pretty secretary trying to explain to a visitor that her boss could not see him because the boss would be tied up in conference for at least another hour.  
And as the secretary talked, from behind the closed doors to the office of her boss came his loud, whooping cheers as Mickey Mantle homered for the Yankees. Then came the TV commercial.

**DAM IKE WILL DEDICATE**—Sketch above shows Falcon Dam, on the Rio Grande and some of its features. On Oct. 19, President Eisenhower and Mexican President Adolfo Ruiz Cortines will meet to dedicate the newly constructed project. The dam is about halfway between Laredo, Tex., and Brownsville. In August, an unexpected rise in the water trapped behind the dam caused emergency evacuation of villagers and ranchers whose homes were in danger of being flooded.

PAMPA'S new dial telephone system will go into service at midnight, Saturday, October 24.

Telephone central office installers are busy completing the installation of complicated dial switching equipment in the enlarged telephone building at Ballard and Francis Streets.

Dials have been placed on all telephones in the city, but until midnight, October 24, continue to give your calls to the operator — do not turn the dial, as this may interfere with your service.

Then at midnight on October 24, a signal will be given... hundreds of switches will click into place... and Pampa will have the finest, most modern telephone service available anywhere.

Friendship Class  
Installs Officers

Mrs. Ben Ogden became the new teacher of the Friendship Class of the First Methodist Church in special installation services in Fellowship Hall Thursday evening.

Mrs. Ogden replaces Mrs. WALL by Purviance who is retiring after teaching the class for 23 years.

With Mrs. C. T. Killo, outgoing president, in charge of the program, a history of the class was read by Mrs. W. C. Hutchinson. Recognition was given to past presidents and charter members attending the service.

In the installation service, conducted by Mrs. T. M. Johnston, Mrs. Sherman White became president; Mrs. H. P. Dosier, first vice-president; Mrs. W. E. Jarvin, second vice-president; Mrs. Clifford Ryan, secretary; Mrs. Frank Yealy, assistant secretary; Mrs. J. J. Cargile, treasurer, and Mrs. Purviance, assistant teacher.

Mrs. Herman Jones and Mrs. John Heesey sang "O, Master, Let Me Walk With Thee," accompanied by Purviance, who is pianist. Mrs. Roy Bourland presented gifts to outgoing officers, Mrs. Purviance, Mrs. Ogden, Mrs. Killo, Mrs. Jarvin, Mrs. Jones, Mrs. Ryan, Mrs. J. E. Kirckman and Mrs. Hutchinson.

Hostesses for the meeting were Mrs. Jake Osborne, Mrs. Lutha Pierson, Mrs. A. B. Carruth and Mrs. W. L. Rowntree.

Fall flowers and candles comprised the decorations, arranged by Mrs. Leslie Hart, Mrs. Fred Thomas and Mrs. Henry Butler. Mrs. Osborne presided at the late covered table where punch and cakes were served to the following:

Mrs. W. A. Rankin, Epar A. Stover, John Heesey, Herman Jones, J. R. Spearman, Claude Byrd, Puviance, J. A. Knox, Tom Cook, John K. Swin, Paul Caylor, G. N. Suttle, W. E. Abernathy, Diana Wood, J. M. Turner, Henry Butler, Lee Harrah.

Mrs. Clifford Ryan, Hutchinson, Elkins, W. R. Ewing, C.S. Boston, Bourland, C. Evans, Killo, Cole, Thomas, Rowntree, Cargile, Pierson, Carson Watt, Kirckman, W. S. Exley and Dosier.

WMU Circles  
Meet In Homes

Women's Missionary Union circles of the First Baptist Church met in the homes of three members for regular programs this past week.

Mrs. Charles Wilkerson was hostess to the Vivian Hickerson Circle. Prayers were led by Mrs. Rex Jones and Mrs. James Goodwin and the program was directed by Mrs. C. B. Bowman and Miss Jeanette Graham.

Attending were Mrs. Carlsson Grissom, Lea Graham, Bill Baley, James Wilkerson, Bowman and Goodwin.

A mission lesson on "The West Is Big" was directed by Mrs. A. McClelland for the Eunice Leach Circle which met in the home of Mrs. R. W. Tucker.

Mrs. O. B. Schiffman and Mrs. F. L. Field led the group in prayer. Attending this group were Mrs. J. B. Bannan, Schiffman, McClelland, Fields and Tucker.

New officers were elected for the Elitha Fuller and Lena Lutz Circles which met in the home of Mrs. C. L. McKinney.

Mrs. H. H. Blanton will serve as chairman; Mrs. Frank Howard, co-chairman; Mrs. R. C. O'Keefe, stewardship; Mrs. H. L. Green, Bible study; Mrs. Ruben Hilton, social chairman.

Mrs. Hugh Ellis, community missions; Mrs. Rufe Jordan, mission program chairman; Mrs. Charlie Miller, program chairman; and Mr. J. A. Hopkins, secretary.

A devotional on "Lift up your eyes and look on the fields for they are white to harvest already" was given by Mrs. Brandon and prayers were led by Mrs. O'Keefe and Mrs. L. H. Green.

Attending were Mrs. McKinney, O'Keefe, Brandon, Howard, Green, Tarpley, Hilton, Ellis, Jordan, Miller and Hopkins.

Reapers To Name  
Class Officers

New officers for the Reapers Class of Central Baptist Church are to be nominated by a committee, appointed by Mrs. R. B. Leonard, teacher, at a covered-dish luncheon Thursday in the home of Mrs. R. B. Batties.

The committee includes Mrs. R. L. Ratliff, H. D. Wolfe, A. R. Newman and L. C. Hagemann.

In a devotional following the luncheon, Mrs. Carroll B. Ray, wife of the pastor, pointed out the conduct of the lives of Christians at home is an interpretation for Christ to those who are not Christians. Scripture for the devotional was taken from John 13: 24-35.

Gifts were presented to retiring officers and recordings of hymns sung by Allen Grear, nephew of the hostess, were played.

Visitors present were Rev. and Mrs. Carrol B. Ray, Mr. and Mrs. John Max Cox, Mrs. Chester O'Brien, Mrs. K. R. Smith and H. L. Williamson.

Vails can be crimped by placing between two sheets of wax paper and pressing. A rounded veil should be steamed with tissue paper and stiff-pressed. Keep the paper in place until the veil is entirely dry.

To remove egg stain from fabric, first scrape away excess with dull knife; sponge in cold water. For persistent stain, rub in papain powder and rinse out in half an hour. Wash in warm soapsuds.

Miss Mary Riley  
Becomes Bride  
Of Joe Mitchell

WHEELER — (Special) — Miss Mary Riley, daughter of Mr. and Mrs. Ed Riley of Briscoe and Joe Mitchell, son of Mrs. C. D. Mitchell, were united in marriage Sept. 26, at 6:30 p.m. in the Baptist Church, Wheeler. Rev. M. B. Smith, local pastor, performed the double-ring ceremony.

Miss Riley chose for her wedding a rose beige suit with pink accessories. She wore a corsage of pink carnations.

Attendants were Mrs. Hannah Faye Atherton and Bill Crossland. Others present were Mr. and Mrs. Ed Riley and children, Nelda, Bob, and Ann, Miss Peggy Coult and Mrs. Bill Crossland.

Mrs. Mitchell was among the graduates of '53 Briscoe class. She was a popular member of her class and played basketball all four years of high school. She is employed as secretary for the district clerk of Wheeler.

Mitchell was an outstanding player on the football and basketball squad throughout his high school years. He was a 1952 Wheeler graduate. At the present time he is employed at Ebb's Service Station and also engaged in farming.

After a short wedding trip to Clovis, N. M. the couple is at home in Wheeler.

Rice and Short Ribs  
With Vegetables

With meat so tender it fairly falls off the bone, and the rice white and fluffy, just waiting to catch any of the savory juices and gravy which might otherwise get away—your family will not be able to resist eating the very last bit of this simply wonderful tasting main dish.

Here is a sure fire appetite stifier because hefty and hearty servings of the rice and short ribs are allowed each hungry eater. You will be glad to see that you can satisfy your family so inexpensively because this beef and rice dish is low in cost but really "fills up" those starving youngsters.

INGREDIENTS  
1/4 cup flour  
1 teaspoon salt  
1/2 teaspoon pepper  
2 pounds beef short ribs  
1/4 cup fat  
1/2 cup chopped onion  
1 cup diced carrots  
1 cup diced celery  
1 cup water  
1 tablespoon flour  
1/2 cup water  
4 1/2 cups hot cooked rice

Preparing the Fluffy White Rice: To make 4 1/2 heaping cups of white, fluffy, perfectly cooked rice:

1. Put 1 1/2 cups of uncooked rice, 3 cups of cold water and 1 1/2 teaspoons of salt into a 2-quart saucepan and bring to a vigorous boil.

2. Turn the heat as low as possible. Cover the saucepan with lid. Do not remove lid nor stir rice while it is cooking.

3. Leave saucepan over this low heat for 14 minutes. Remove from the heat. The rice is now ready to use. However, leave the cover on the saucepan to keep the rice hot if you are not ready to use it immediately.

Method: Mix together the flour, salt and pepper. Cut the short ribs into six equal portions and well. Melt the fat in a large skillet. Brown the short ribs in the fat. Add the onion, carrots and celery and bring to a vigorous boil. Add the rice and cook over a medium low heat for about 1 1/2 hours or until the meat is tender. Add the 1/2 cup of water to the 1 tablespoon of flour and mix to make a paste. Slowly add, stirring constantly, to the liquid around the short ribs. Cook, stirring, for about 5 minutes. Serve over the hot cooked rice. Some of the gravy may be served in a separate dish.

Texas PTA Congress

Delegates for the convention from San Antonio PTA in Pampa will be elected at their first meeting at 2 p.m. Oct. 8.

Sound Off  
By A Leaguer

Here's something new for you. We hope you learn as much as we did in an effort to reach quiet people with some often-forgotten facts, we of the League of Women Voters are going to list some questions of current interest with their answers following. Try your lunch and memory out and then read the answers.

1. What is the purpose of the American Government?  
Answer: The purpose is expressed in the preamble to the Constitution which states:

"We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic tranquility, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America."

2. What is the "supreme law of the land"?  
Answer: The Constitution, laws of the United States made "in pursuance of" the Constitution, and treaties made "under authority of the United States."

3. In case the Bricker Amendment is passed by Congress, how would it be ratified?  
Answer: Amendments may be proposed on the initiative of Congress (by two-thirds vote of each house) or by convention (on application of two-thirds of the State legislatures). So far there has never been a convention called under this authority. Ratification may, at the discretion of Congress, be either by the legislatures or by conventions, in three-fourths of the States.

4. We've all heard of "lame duck" amendment, but who knows just what one is?  
Answer: The 20th Amendment, adopted upon ratification by the 36th state on January 23, 1933, and certified in effect on February 8, 1933.

That's enough for one day. . . . better luck next time and here's hoping your sons and daughters didn't outshine you too much.

For those of you who are seriously considering joining the League but don't know of a close unit meeting, please feel free to call Mrs. Hahn, Mrs. W. L. Campbell or Mrs. K. E. Chalmer, 1348-J.

An orientation meeting is to be held Thursday morning at 9:30 at 1912 Hamilton. For those of you who are interested in joining or for any present member who would like to attend a unit closer to home, please feel free to attend and bring your children.

# Harvesters Meet Sandies In 1-4A Opener Friday

## Lubbock To Meet Odessa In Opener

By BUCK FRANCIS  
Pampa News Sports Editor

They start playing for keeps in the "Little Southwest Conference" this week — District 1-AAAA.

All eight teams of the rugged district will swing into conference action for the first time this season Friday night. At least two of the games, Amarillo at Pampa and Lubbock at Odessa, will be closely watched by schoolboy followers throughout the state. The Golden Sandies of Amarillo invade Harvester Stadium Friday night which is expected to overflow with 10,000 capacity PHS ball yard. Both the Sandies and Harvesters are unbeaten and untied in three games. Each finished the non-league play last week with close wins, the Sandies edging Plainview, 18-13, and the Harvesters downing Paschal at Fort Worth, 16-6.

Friday's game here will likely be rated a tossup in most circles. A kickoff time of 7:30 is not made a choice between the two. The only direct comparison is the two games the Sandies and Harvesters played with Paschal at Fort Worth, a margin of a safety was the difference in the two final scores. Amarillo won over the Cottonwood, 29-14, while the Harvesters eked up with 16-6 win over the same club last week.

Another game within the district that will likely get top billing in the state is the Lubbock-Odessa game. Lubbock has run a string of 29 straight wins and the Broncs all by going all out to snap that string. The defending state champion Harvesters haven't been impressive this season although they're unbeaten and untied. All three wins have been by narrow margins over "so-so" teams. But, there has been a rumor that coach Pat Pattison has been holding out until district play begins. Whether this is true will certainly be found out Friday night at Odessa. This game will also be a key one for the Eagles. A 7-0 loss to the new, 14-6, while the Harvesters eked up with 16-6 win over the same club last week.

The other two district games this week send San Angelo to Midland and Abilene to Borger. Midland is unbeaten in three starts this season but may encounter trouble with the improved San Angelo Bobcats. The last Friday night fought highly regarded Sweetwater to a 14-14 standstill. Midland, meanwhile, was seeing its unbeaten status intact with a 34-7 romp over Yaleta. Abilene will be heavy favorites to win Borger. The Eagles handed the defending triple-A state champion Breckenridge Buckies a 19-6 thrashing last week while Borger was winning its first game of the season with a 20-19 win over Austin El Paso.

Following is the District 1-AAAA scoreboard:

STANDINGS	W	L	T	Pct.	Pts.
Non-District					
Amarillo	3	0	0	1.000	53
Abilene	3	0	0	1.000	27
Midland	3	0	0	1.000	27
Odessa	3	0	0	1.000	22

#### District 1-AAAA Makes Remarkable Showing Against Outside Opposition

SEVENTEEN WINS, FOUR LOSSES and two ties is the record hung up by District 1-AAAA teams in non-district play. That's quite a record. If our mathematics isn't bewitched that record amounts to an .809 percentage.

Five of the eight District 1-AAAA teams are unbeaten. Among this group is the Abilene Eagles who have been tied once. The other four, Pampa, Amarillo, Lubbock and Midland are undefeated and untied.

At least one of these teams will fall from the unbeaten untied ranks this week. That, of course, will be either the Harvesters of Pampa or the Amarillo Sandies who clash here Friday night. United Press is giving this game top billing in the state.

If you haven't gotten your ticket to the Amarillo game here Friday, you may be too late. School business manager Roy McMillen reported this morning that only about 100 tickets remained unsold. And they were due to be sold out before the day's over. In the event you read this before 5 p.m., you may still be able to latch on to a ducat before the office closes. McMillen says there isn't much possibility of Amarillo returning any tickets. "We sent them 1,500 adult and 1,000 student tickets but I'm sure they'll be asking for more," McMillen said.

### Browns, 49ers Are Unbeaten Pro Elevens

NEW YORK, Oct. 5.—UP—The San Francisco Forty-Niners, Cleveland Browns and Detroit Lions boasted the only perfect records Monday as the 12-team National Football League warmed up for a season of surprises.

Coach Buck Shaw's Forty-Niners furnished Sunday's top thriller when end Gordy Soltz's 13-yard field goal with only six seconds to go gave them a 31 to 20 upset triumph over the Los Angeles Rams at San Francisco.

The Browns, with Otto Graham completing 15 out of 22 passes for 310 yards and three touchdowns, beat the Chicago Cardinals 27 to 7 and the Chicago Bears defeated the Green Bay Packers, 17 to 13 on George Bland's 16-yard scoring pass to end Jim Dooley with 3:22 minutes to go in Sunday's other games.

In Saturday night games, the Lions rallied with 17 third-quarter points to defeat the Baltimore Colts 27 to 17, and the Pittsburgh Steelers downed the New York Giants 24 to 14. The Philadelphia Eagles and Washington Redskins began the weekend action Friday night by playing a 21 to 21 tie.

### Baylor, Hog Features SWC Slate

By ED FITTE

Baylor's title clash with Arkansas, intersectional jousts by Texas, Southern Methodist and Texas Christian and surprising Texas A&M's first taste of finding itself a favorite all go into a pot-pourri blend that makes up the Southwest Conference schedule this week.

While Arkansas pits its unfamiliar first-place footing against the challenge of the nation's ninth-ranked Baylor Bears, Texas will seek revenge against Oklahoma at Dallas. SMU renews its rivalry with Don Fauro's Missouri Tigers in a Friday night schedule opener, also at Dallas, and TCU will try to up-end mighty Michigan State at east Lansing.

Coach Ray George's Texas Aggies who have won two and tied one in defiance of the odds, journey to Lubbock to tackle stubborn Texas Tech in one of two Saturday night games. Title-favored Rice takes a breather at home against twice-beaten Hardin - Simmons in the other one.

Game Gains Lausre  
The Baylor - Arkansas game, previously expected to be a comparatively smooth stepping stone for Baylor's championship aspirations, gathered luster over the week end as the Razorbacks won out 13 to 6 in the title debut of Coach Howard Wray, Arkansas and Abe Martin of TCU.

Now, the game may prove a troublesome one for the Bruins, whose leaky pass defense gave concern against Miami last week. Baylor should be the favorite — it has never lost to the Hogs in Waco — but the odds will be shortened considerably.

Texas, which hasn't beaten Oklahoma but once since 1947, will have the added incentive of the ranking memory of last year's 49 to 20 Souther stomp spur it on before a national television audience. Oklahoma fired a four-touchdown barrage at Texas in the first 12 minutes last year and the humiliation was terrific.

SMU - Missouri  
SMU, boasting new-found defensive might and an aggressive offense that needs a polishing scoring punch, may be in for a let-down after its game, but losing 6 to 4 battle with Georgia Tech. If so, a rejuvenated Missouri team that lost to Maryland but upset Purdue and beat Colorado, may avenge last year's defeat at the hands of SMU.

TCU, sputtering offensively and defensively in its first two games, won't be able to faller a single step. It hopes to give a glimmer of chance against the Michigan State Spartans, the nation's second ranked team.

The Texas Aggies may find it strange to be favored against Tech, although the margin won't be much in lieu of Tech's 27 to 13 victory over Oklahoma A&M last Saturday, and any kind of letdown might prove costly. They have been fied up so far and looked especially impressive in nipping Georgia 14 to 12 last week.

May Use Secondary  
Coach Jess Nease probably will be able to take a good look at some of his bench-warmers against Hardin-Simmons in the wake of the Owls' methodical 28 to 7 triumph over Cornell and Hardin-Simmons 27 to 10 to Trinity.

Rice's triumph, like Baylor's 21-13 victory over Miami and Texas 28-10-7 margin over Houston last week, was according to the form sheet, but the performances of the Aggies, Mustangs and Arkansas were strictly against the odds.

### Longhorns, Sooners In Nation's Feature

BY TIM MORIARTY  
NEW YORK, Oct. 5.—UP—A national television meeting between Texas and Oklahoma, five major intersectional games and several important conference battles will headline next weekend's college football program.

Neither Texas nor Oklahoma have lived up to their preseason build-up in early games, but armchair quarterbacks can expect the usual fireworks when these longtime Southwest rivals get together on neutral grounds in the Cotton Bowl at Dallas, Saturday.

Texas, surprised by Louisiana State in its season opener, had to come from behind against a stubborn Houston team last Saturday before emerging a 28 to 7 victory. Oklahoma, still nursing bruises sustained against Notre Dame, made only six first downs in getting for a 7 to 7 tie with host Pittsburgh.

Thus, Texas will carry a 2-1 record into the coxial clash, while Oklahoma will be hunting its first victory of the season. The Sooners will wind up as underdogs because of their slow start this season and the loss of ace halfback Joe Gling in the Pitt standoff.

Intersectional Games  
The major intersectional games on next weekend's schedule will find Tulsa at Alabama, Purdue at Duke, Texas Christian at Michigan State, California at Penn, and Nebraska at Pitt. The most attractive contest will be the Big Seven showdown when Penn's 3-2 pitch was high and outside. Gilliam was called out on strikes.

No runs, one hit, no errors, two left.

## 14-Year Strike Ends This Month

DUN LAOGHAIRE, Ireland, Oct. 3—The world's longest strike, against Pat Downey's saloon here, probably will end this month, it was reported Saturday.

Downey died last May, and the saloon will be offered for sale at public auction. If a buyer is found, the 14-year-old strike will be over.

"If the premises change hands, the strike will end," a union spokesman said. "We will have no dispute with the new owner."

The saloon has been picketed continuously since 1939, when Downey angered the union by firing a bartender. Pickets offered condolences to Mrs. Downey when her husband died, but the bar continued strike-bound under her management.

## Fine Realty Needs Offered At The Top O' Texas Realty

You can buy a home in one easy step by dealing with the Top O' Texas Realty and Insurance Co., La Nora Theater Building.

Many buyers, M. G. Elkins, owner and operator of the Top O' Texas Realty and Insurance Company, said, are forced to get their new home in a first office, arrange the financing in another building, and get their insurance in a third building.

The Top O' Texas Realty has cut out the red tape. All three agencies are made to operate in one efficient transaction in a friendly atmosphere.

Elkins promises you the very best in courteous service and the best deal in town. Property or realty is a wonderful investment and when you deal with qualified men and women who know the business thoroughly, you can't go wrong. All of the companies, Elkins emphasized, are licensed to do business in Texas.

**FRESH BREAD IS BEST** — When you buy bread, you want the freshest bread in town. And when you buy Town Talk Bread, you get the best bread plus the fact that it's better still because it's delivered fresh twice daily to your grocer. There are a number of different types of bread baked by Town Talk Bakeries such as raisin, rye, whole wheat, buttermilk and salt free bread for dieters. Yes, they have all types of nutritious breads for your family. The next time you're at your favorite grocer's, ask for wholesome Town Talk Bread. Remember, too, they bake decorative cakes for special occasions.

## Children Need Everyday Nourishment From Bread

During the school months, especially the nice months that make playing outdoors necessary, your children burn up loads of energy. And when they burn this energy, it needs to be replaced. And fresh nourishing bread can do it for you. Bread is the main staff of life, and without it a meal loses its basis for healthful nourishment.

Town Talk Bakeries have solved this problem for you. They deliver twice daily to your favorite grocer with the idea in mind, of keeping really fresh bread in your family's diet. A meal isn't a meal without bread. And especially since sandwiches are important in the everyday occurrence of school children. And since they need so much extra energy, why not serve delicious Town Talk Bread.

The Town Talk Bakery serves other delicious breads, too. Such as: raisin, rye, whole wheat, buttermilk, salt free and French bread. These are but a few of the many bread and pastry items that are brought to you by Town Talk Bakeries. These breads are made from only the best of wheat kernels and wholesome ingredients, which are determining factors in aiding your children's diet. When you shop for groceries the next time, pick up a loaf of delicious Town Talk Bread for your family and see if you can't tell the difference.

Town Talk also features all kinds of cakes, especially the made-to-order decorative cakes.

All year Town Talk carries various fruit pies and pecan pie. In colder weather, the bakers add a line of cream pies.

The baked goods are produced in the clean, efficient, modern plant at 1400 N. Main St. in Borger. Persons visiting Borger are invited to tour the plant.

Many persons, especially school children, are shown through the bakery, told how it operates and see it working. Persons are given no scheduled tours, instead, they are shown through as they come to the plant.

Town Talk Bakery was organized about two years ago to fill a need for fresh baked goods in the Upper Panhandle. Besides Pampa in this area Town Talk serves Skellytown and White Deer.

Maxis Crowe is the Town Talk salesman for the Pampa vicinity. The salt-free, and butter and egg breads are produced by Town Talk bakers for the convenience of persons who are dieting and can not eat salt or need extra-food value meals.

Brown and serve rolls are a great convenience for busy people who like hot rolls, but do not have time to bake them. Those persons can pick up a package of Town Talk brown and serve rolls at their grocer's, put them in the oven for a few minutes, and then enjoy the warm delicious flavor of warm rolls.

Remember, buy Town Talk breads for the best and freshest breads in town.

## All Business And School Needs Can Be Filled At Pampa Office Supply

A smart businessman knows that to get good work, he must also supply good equipment, plenty of him supporting such as pencils, inks, erasers, ledger fillers and other essentials that keep an efficient office working smoothly. And the smart businessman knows that when he depends on the Pampa Office Supply, he will have quality supplies that will save him money in the long run.

Students who have the proper equipment to work with, are just like anyone else doing a job. It depends a lot on the tools he has to work with. And when you buy from the Pampa Office Supply, you can depend on better workmanship. Fine school supplies also aid the student in other ways. When a child does not have his own equipment and supplies, it hinders him from doing good work. And when he has to borrow from his neighbor in the classroom, it doubles the load on both students. Keep your child well supplied, so that he has an even chance of turning out the best work that he can do.

The Pampa Office Supply also has a party goods department that will be a life-saver to many hostesses. When school starts, the parties begin. And the party goods department furnishes the hostess with favors, tablecloths, napkins and appropriate games for the party in mind. Don't worry and fret over the problems of giving a party when the Pampa Office Supply stands ready and waiting to help you.

You'll also find the famous Hallmark greeting cards for every occasion at the Pampa Office Supply. Birthday cards with lovely sentimental verses, or humorous cards that will give the receiver plenty of chuckles. Beautiful anniversary cards, wedding cards, sympathy and seasonal cards that will be in the best of taste. Stop in and look over the wide selection for you to choose from.

## 'Clip Joint' Doesn't Own Pair Clippers

By HARMAN W. NICHOLS  
WASHINGTON, Oct. 5 —UP— One of the spiffiest clip joints in our town doesn't own a pair of clippers.

I'm talking about barbershops, of course.

In the swanky Mayflower Hotel shop you sit in the chair, get approx in and the man starts to work on you with no more tools than a comb and a pair of shears.

"No clippers?" I asked.

Barber Bernard Franks replied: "We do not have any clippers, sir. We are old-fashioned here. We give you a custom-made trim."

Ordinarily in the other barber shops you start to take a little nap or read your paper and you feel the hair-mower running a haphazard course up the nape of your neck.

What is even more wonderful in this custom-made shop, fellows like Bernard Franks keep their lip sewed. I didn't hear one word about Carl Erskine's chore against the New York Yankees.

There was no mention of the Republican Congress or President Ike's arm, elbow, or his golf game either. Nothing but wonderful silence.

My old daddy, Carl F., once went to barber college and he used to come home and practice his trade on his young. Many's the Sunday I sat atop a heap of pillows on a semi-high chair while Dad did the best he could with hand clippers. Sometimes his mower didn't work so good and more often than not, it yanked out more wool than it clipped.

"Store-bought haircut I'll never forget the first store-bought haircut I ever had. The 'soup bean special' had been hired to play for the junior-senior banquet. My trim was of course a clipper job. Barber Red Bell gave me his very best, which was pretty good."

After I was pretty tired up, the "bean special" decided that, being prettyed up all around, it was time we asked for more money per man. After all, the piano player, Melba Weidinger, had spent \$1.25 for a marcel and all we were about to take home was \$1 each. And we appointed a committee of one, the late "Spit" Vannote, to call on old Doc Severson, the senior class adviser, to ask for \$1.50, which would leave Melba a net of 75 cents and the rest of us \$1.25, since crock trims in those days were a quarter and no tip.

Doc got sore and fired us.

**APPOINTMENT** — of Homer T. Anderson, above, as manager of the meat department at the Harvesters Food Market No. 1, 1333 N. Hobart was announced today by T. V. Wade, manager. Anderson's experience with meats ranges over twenty-five years, thirteen of which were spent with one grocery store in Pampa.

## Nehru Hits U.S. Policy

By PHIL NEWSON  
United Press Foreign Analyst  
India's very vocal Prime Minister Jawaharlal Nehru accuses the United States of being politically immature.

The United States might accuse Nehru of suffering, politically, from an inferiority complex.

At any rate, a series of events and utterances by Nehru in recent weeks has not improved relations between the two countries.

The brilliant, 64-year-old Nehru inherited his mantle of leadership of the Indian people from Mahatma Gandhi, a series of events and utterances by Nehru in recent weeks has not improved relations between the two countries.

He has found United States foreign policy immature.

He has denied that India wants a place on the Korean political conference table, but, because the United States has invited India from the conference, he accused the U.S. government of flouting the will of both Asia and Europe.

He describes Indian policy as independent but not neutral. And, while he freely criticizes U.S. policy, he declares that "any country which disapproves" his own policy "must be thinking in terms of pushing the people of India around."

At Panmunjon where Indian troops are guarding some 23,000 war prisoners unwilling to go home and where he acts as chairman of the five-nation Neutral Commission, the commission first was accused of distributing Communist literature to anti-Communist prisoners.

U. S. Overruled  
Then, United States and Allied objections that it violated the whole spirit of voluntary repatriation, the commission ruled that prisoners may be forced to attend "explanation" sessions attempting to get them to change their minds.

The commission also asked that the 90-day period for "explanations" be extended. The UN command refused.

Finally, Lt. Gen. K. S. Thimayya, Indian chairman of the commission, said that anti-Communist prisoners appeared to have been misled about their rights—presumably by the UN.

Since commission rulings have gone almost uniformly in favor of the Communists, one U. S. officer remarked bitterly:

"The Indians are just as bad as Syngman Rhee (South Korean president) said they were."

## Realtor Charged With Embezzling

HOUSTON, Oct. 3—UP—Assistant District Attorney R. H. Gallier Saturday disclosed he would seek to have another indictment returned against Jerry Bradshaw, a luxury-loving real estate operator charged with embezzling \$15,000 from a funeral home director.

Gallier said he would present to a grand jury on Monday a case in which Bradshaw allegedly got \$3,000 from Mr. and Mrs. F. E. Wiley and their son Loren in a real estate deal.

Friday, the grand jury indicted Bradshaw on charges of taking \$15,000 from Pat H. Foley. The money was allegedly paid him as "earnest" money in a real estate transaction but Foley charged that the realtor failed to live up to the agreement, though he kept the money.

Series Weather in 60's  
NEW YORK, Oct. 5 —UP—The temperature is expected to dip slightly for Monday's sixth game of the World Series, but it still won't be topcoat weather. The official forecast is "considerable cloudiness and cooler, with a high temperature in the mid 60's."

BAYTOWN, Tex., Oct. 3—UP—A 28-year-old refinery worker was fatally wounded by his own pistol Saturday while he was on a fishing trip with a friend.

Leslie Rallins, who worked for Humble Oil & Refining Co. here, died at San Jacinto Memorial Hospital nearly two hours after the mishap occurred.

Deputy Sheriff M. M. Brown said Rallins was fishing with Frank Campbell, 26, on the San Jacinto River near U.S. 90. He said Rallins pistol fell from his holster while he was trying to start his outboard motor. The weapon struck the bottom of the boat and fired. The bullet entered Rallins' right side.

## Vaccine May Halt Pinkeye In Cattle

COLLEGE STATION, Tex., Oct. 3—UP—A young veterinarian at the Texas agricultural experiment station has perfected a vaccine that will prevent costly pinkeye in cattle, it was disclosed Saturday night.

The veterinarian is Dr. F. C. Jackson, of the Angleton Field unit, who isolated the organism that causes the disease after five years of effort.

He perfected a vaccine that prevented infection in 85 per cent of the 1,500 cattle used as test cases.

Director R. D. Lewis of the experiment station said pinkeye makes calves go blind and cattle lose flesh and milk production.

The ailment spreads rapidly—faster among feedlot and dairy cattle than among range cattle—and may infect 80 per cent of a herd within one to three weeks. Herefords are most susceptible and Jersey cattle run a close second.

Speed Flight Postponed  
EL CENTRO, Calif., Oct. 3—UP—High winds Saturday forced postponement of an attempt by the Navy's Skyray jet fighter for a new world speed record. The Navy set a new date for a try for the speed test after the United States weather bureau forecast continued high winds for Sunday.

HEY! HERE COMES THE "SWEATER GIRL!"  
WOW!  
LOOKS LIKE HER MA MADE HER WEAR FIVE TODAY!

French hair styles for fall (top row of pictures) contrast strongly with American ones (bottom row). Notice the use of artificial curls and chignons on the French styles and the velvet ribbons and flowers. They are intended to add variety to short cut but, to American eyes, seem fussy and exaggerated. Henry of the Roosevelt, American hair stylist, created fall version of the Italian boy-cut (left), toned down and smoothed out for the wearing of hats. His duck-tail cap coiffure (center left) is for girls with good hair line, is brushed back in shadow waves without a part. Side and back of his third style are seen at right; there's a center part and a winged back effect on either side, with short hair overlapping for close-to-head lifted look. Reverse curl on top of head ends in casual kiss curl. These sleek styles contrast with deep waves and width of recent past.

By ALICIA HART, NEA Beauty Editor. "I could go crazy too!" said Henry of the Roosevelt, New York hair stylist, upon being shown some brand-new photographs of Paris hair styles for fall. A lady client of his, looking over her shoulders, remarked: "Who would go out with a thing like that? Where's the spinach and carrots? Reminds me of the bird-cage hats you see in Easter parades." In one of these Paris hair styles, long, lacquered, false curls had been added to make up for the hair the stylist had clipped from the model's head. In another, a false chignon, looking like a disintegrated skein of wool perched on top of a tousled, short hair cut. Another style featured bangs resembling those cut around a cereal bowl by economizing mothers. False, fat sausage curls projected from the back of this hair style. A fourth style consisted of perfectly straight, short, hanged hair, like a Bohemian artist's, but worse—the cutting had been done in several layers so that the model's head looked like a shingled roof. All styles had been decorated with velvet ribbons and flowers. As against this Parisian madness, Henry of the Roosevelt predicts this fall's hair-style trends for America: "The cap look will be the order of the day, with the beauty of the head shape revealed without extravagance or fantastic decoration, whether curls or false addenda. Kiss curls, which I call Spanish because of their long tradition in Spain, even though most persons call them Italian today, will continue. Hats can be worn well over these short, closely-fitting, smooth caps with their shadow waves." Continues Henry, speaking of another hair style for fall, "Any new hair style, such as the 'tossed salad' or 'Italian boy cut' of this past spring and summer, appears at first in a rough, exaggerated, vulgar way. These styles have continued no exception. They will continue but with the wildness taken out of them." If Henry's viewpoint can stand as typical, we might say that American hair stylists aim for simplicity, wearability and adaptability to individual face and personality.

SUPERGEARED FOR SPEED—Inventor M. Schaeffer holds his supergeared bike, which he claims can roll at high speeds with a minimum effort. The multigeared bicycle will be on display at the autumn fair in Paris, France.

Above Newchart shows average price of cotton in New York markets from 1946 to the present. High point in the period was 1951, when cotton was selling at about 46 cents a pound, low was 1948, when it brought 26 cents a pound.

Analysis Puzzle Account Is Told

The October issue of Mademoiselle magazine presents Lorna Slocombe's vivid and unparaphrased account of how worry and deep depression brought her to the analyst and how she stayed to work the puzzle out to the end, to see her whole. In the course of her narrative Miss Slocombe dispels some of the prevailing myths about analysis. "The very term 'to get psychanalyzed,' she says, 'is wrong. It isn't like that at all. . . . You solve your own problems in analysis, if that you are guided by the analyst, and his guidance consists principally in not letting you kid yourself about anything or skip anything you'd rather skip.' Miss Slocombe has difficulty in resigning herself at first to "thinking so much about myself. . . . I still had a childish notion that it was . . . self-centered, it was egotistical. . . . But presently I realized that my personality (the aggregate of habits and emotions that make up the human soul) was the only instrument by which I could reach other people in everything important in this world—in work, in friendship, in love." Once she was clear about this, Miss Slocombe was well on her way. In her article she covers a lot of ground—the dreams and their interpretation in the question of "falling in love with the analyst," knowing when you're through with your analysis. It all adds up to a striking example of how modern science can help modern woman and we believe you'll enjoy reading "Should You Be Psychoanalyzed?" in Mademoiselle's current issue.

**New Mexico Socialite Found Dying**

MADRID, Oct. 5—UP—Wealthy New Mexico socialite Natalie Campbell Baxter, 40, died of natural causes, it mysteriously, on the Spanish Mediterranean island of Mallorca, an autopsy report disclosed Monday.

There was speculation that the wealthy divorcee may have met with foul play. Her father, Frank Campbell, and her brother, Martin Campbell, reported that she habitually kept \$100,000 worth of jewelry and large amounts of cash with her.

Mrs. Baxter, divorced wife of a San Francisco lumber tycoon, died Sept. 26 and the Cifra News Agency reported at Madrid that there were "mysterious circumstances" connected with the death.

"Suspicious Symptoms"

Dr. Bartolome Mestres Fiol was called to Mrs. Baxter's cottage in Mallorca's San Augustin district, where he found her almost unconscious and in severe pain. She was taken to a clinic, where she died. The first reports indicated death came from a cerebral hemorrhage, which might have been caused by a blow.

Mestres noted unspecified "suspicious symptoms" at the time, and notified police, who picked up Jan Ouwkerk, a Dutchman who had been a frequent companion of Mrs. Baxter.

Reports reached Madrid Sunday night however that investigators were satisfied Mrs. Baxter was taken ill in her garage and fell, striking her forehead on the ground.

Ouwkerk still was held by police while Spanish authorities investigated reports that he was wanted in his native Netherlands.

Brother Runs Hotel

Mrs. Baxter's brother, Martin Campbell, operates a large hotel in Las Cruces, N.M., and the family owns several ranches in New Mexico.

She lost a suitcase at Houston, Tex., several years ago while en route to Mardi Gras, in which there was more than \$100,000 in jewels. It finally was found by a taxicab driver.

Mrs. Baxter was well known in Hollywood and New York social circles.

"Is that the biggest size bicycles come in? When Johnny is sick his father carries his paper route!"

**Movie Stars Trek To TV**

By JACK GAVER

NEW YORK, Oct. 5—UP—And still they come—the faces made familiar on the motion picture screens to the living room screens of television.

Alan Mowbray, genial and bulky, who has been in more movies than he can recall, is the latest recruit. He's come all the way from the custard pie comedy of early Hollywood to the custard commercial of TV.

Mowbray is the star of a new Dumont Network show called Colonel Humphrey Flack, seen on Wednesday at 8 p.m. The series is based on some Saturday Evening Post stories about the colonel, who is a sort of one-man better business bureau, an amateur legal aid society, Robin Hood and Barnum and Bailey. He gives wrong-doers a tough time for a fee, although he doesn't exactly fall into the private eye groove.

Still With Movies

The actor hasn't cast all aside in favor of television, however. He has recently attracted attention in films as a writer-director, selling three scripts to major studios. He has completed the shooting script for a fourth.

He also has two plays ready for the stage. One of them, *In The Spirit*, is scheduled for a tryout at the Pasadena (Calif.) Playhouse next Feb. 4, with his 22-year-old daughter, Patricia, in the leading role. The other, *Flame-Out*, is under option for a Broadway production this season.

One later play is a result of his intense interest in, of all things, jet planes. His son, Alan Jr., is in the Air Force now.

"As for all this talk about chaos in Hollywood and the grim state of the Broadway stage," Mowbray said, "the only people who are crying the blues today are those who perform in only one medium. As in everything else, I don't believe in putting all my theatrical eggs in one basket."

Lived in Central Park

Every time Mowbray passes Central Park here he thinks of the time he first came to this country from his native Britain in 1923.

"I came over to be an actor after a big of experience at home," he recounted, "but for the first three months my theater—and bed—were in Central Park. It was great training and excellent for building an immunity against colds."

"Three months in that park, and I'll guarantee you'll never have a sick day in your life."

Evidently there is one thing the park can't cure or prevent, however. Apropos of almost nothing, Mowbray suddenly asked:

"Why is it everyone has hair except actors?"

**Fell In A Well**

BERAZATEGUI, Argentina, Oct. 5—UP—Antonio Gustinch, a 64-year-old farmhand, was rescued Sunday—hungry but not seriously injured—from a 80-foot dry well he fell into four days ago on his way home from a bar.

Gustinch told rescuers he was with a friend at the time, but that the friend took no immediate notice of his disappearance, assuming that he had curled up beside the road to get some sleep.

MGM recently invaded Africa to shoot *Mogambo*, a movie starring another Ava named Gardner, with a small caravan of native guides. But Mrs. Hamilton busted into the jungle alone.

"I went in my car and took along maps," she said today in her off-hand, almost absent-minded fashion. "I didn't drive on roads. I wanted to get off the beaten tourist path. Who needs a safari?"

Once a lioness jumped on her car.

"I was trying to get a group of lions to play, like kittens, with a football tied to a string. They're little dears," she said.

Mrs. Hamilton also photographed the edge of a volcano while it was erupting. She killed three elephants and a couple of leopards. She crossed the Sahara Desert by herself and, like many another woman driver, stalled the car when the battery went dead.

Mrs. Hamilton tells this hair-raising story as if it happened in front of Schwab's drugstore.

"I spent five days building a hill so the car could roll down," she said. "I drank the water out of the radiator. My thirst was terrible. I spent the hottest part of the day under the car."

"But when I rolled the car down the hill, it wouldn't start. Then the self-starter miraculously worked. My overheated car made it to a French foreign legion post. My goodness, were they surprised to see me."

I asked her why she risks her neck when she could be taking life easy at her Jacksonville, Fla., home.

"I was repressed as a child," she said gently. "I was raised in a French convent behind high walls. I secretly read Robinson Crusoe but my teachers said that wasn't suitable for young ladies."

"As soon as I could, I got away and photographed and wrote my way around the world."

"That inferiority complex you cured me of yesterday cost me an additional \$25 on my way home—I sassed a policeman!"

**Even Money on Series**

NEW YORK, Oct. 5—UP—Needling to win only one out of two games in their home park, the Yankees now are whopping 3-1-3 to 1-favorites to win the World Series. However, odds-makers aren't willing to count the Dodgers out too quickly. The sixth game of the series Monday was listed at even money.

**Farm Animal Honors**

WATERLOO, Iowa, Oct. 5—UP—Meadowbrook Farms of Rochester, Mich., showed the grand champion stallion and mare of the national Belgian horse show Monday at the 41st National Dairy Cattle Congress. Dr. Reid A. Shank, Cincinnati, Ohio, showed both the reserve-champion stallion and mare.

**All Erskine Fans**

ANDERSON, Ind., Oct. 5—UP—An understanding mayor and police chief promised no parking meter tickets will be distributed after home town hero Carl Erskine takes the mound for the Dodgers in Monday's World Series game.

Mayor Noland C. Wright said it would be too much to expect Erskine fans to break away from the series to run to the street and deposit nickels in meters.

**MOOD ARE YOU LOOKING AT?**—All dressed up, these five subbonneted beauty queens of the bovine world are ready to parade their charms before judges at the International Livestock Dairy Show in Chicago, Ill. The cows are champions chosen at the Iowa and Minnesota state fairs.

**Neglected Bovines**

DALLAS, Oct. 5—UP—The police department has to draw the line somewhere.

During the height of the current prowler scare at Dallas, Dispatcher K. Z. Childs got a call from a male citizen.

The citizen complained that he had been sitting up for the past three nights to "protect his family" and now wondered if Childs would dispatch a police patrol squad to search his barn.

The man said it was about time he milked his neglected cows.

**New Wage, Health Benefits**

FORT WORTH, Oct. 5—UP—About 1,900 employees of Swift & Co. here will receive five-cent general hourly wage increases and benefits of a health program. The agreement providing the raise was signed in Chicago between the company and three unions.

**Vidyo Slips Up**

LONDON, Oct. 5—UP—The British Broadcasting Corporation's television service reminded viewers during the weekend not to forget to turn their clocks back one hour when daylight saving time ended Sunday.

But Sunday night the BBC itself forgot. It showed a televised replica of Big Ben giving the time as 11:35. The image suddenly faded out, then reappeared—this time showing 10:35.

**Cuban Swims Catalina**

EMERALD BAY, Catalina Island, Calif., Oct. 5—UP—Cuban Swimmer Jose Cortinas conquered the treacherous Catalina channel the "hard way." Sunday—7pm the mainland to the island—in 22 hours 11 minutes and 1-2 seconds.

**School Bonds Approved**

BIRDVILLE, Tex., Oct. 5—UP—Plans for construction of \$800,000 in new school buildings went ahead Monday after residents of the Birdville district voted 219 to 18 for a bond issue to finance the work.
