Texas Gunman Flees Prison In Oklahoma

GRANITE, Okla., Oct. 3—UP—A notorious Texas gunman, considered very dangerous, engineered an escape from Granite state reformatory Saturday and was believed roaming Saturday night on foot through the Quartz Mountains near here.

The fugitive was Norman Davenport, 28, Wichita, Kan. He was serving a 25-year term for the kidnap-robbery two years ago of an Oklahoma highway patrolman. His brother and crime companion, Chester, 27, escaped from the prison several months ago and is still at large.

Davenport and 18-year-old Gene Stanton, Lewistown, Ida., kidnaped a prison employe and three other prisoners in making their getaway.

Overpowered Prison Worker
 They overpowered the prison employe, Luther Brooks, and a co-worker in the power house by brandishing a knife and a .32-caliber pistol.

Warden Joe Harp said Brooks was forced to accompany the pair, along with the three prisoners, while the other employe was bound and gagged and left inside the fenced reformatory enclosure.

The pair used an acetylene torch to cut a hole in the prison fence, then ordered Brooks to drive them from the area in his automobile.

Brooks and the three kidnaped prisoners returned to the institution at dusk Saturday night. Brooks said Davenport and Stanton were serving five years for automobile theft, separated soon after the escape at 10:30 a.m.

Escapes Separate
 Stanton drove away in Brooks' 1941-model Ford, while Davenport forced Brooks and the trio of convicts to walk into underbrush near Lake Altus on State Highway 9. Davenport held his hostages until twilight, then ordered them to walk towards the rugged Quartz Mountains nearby.

DIFFERENT SHOPPING — Instead of their usual shopping habits, Dallas housewives and husbands are crowding gun shops following rape-murder of Mrs. H. C. Parker Thursday. Here, Mrs. H. C. Monico shops for a purse size pistol. Gun shops reported business has increased ten to one. (NEA Telephoto)

Job Mishap Injures 32

EVERETT, Mass., Oct. 3—UP—The roof of a concrete oil storage tank under construction collapsed Saturday, killing one man and injuring 32 others who fell to the bottom of the tank in tons of wet cement and steel reinforcing rods.

The accident, which occurred at 12:10 p. m., was the most serious in the history of the industry, said one of the injured.

Everett Fire Chief James J. Evans, who directed rescue operations, said some of the injured were in critical condition.

Those injured in the 35-foot fall were hoisted from the tangle of debris by a massive crane.

Many Backs Broken
 "There were many men with broken backs and bones," Evans said.

The last lift of the crane brought out the body of Edward Bruno, 36, Medford, Mass., father of five children. His face was coated with cement.

Massachusetts Lt. Gov. Sumner G. Whittier, who lives nearby, was among more than 1,000 persons who gathered at the scene.

The accident occurred as an estimated 50 men worked into their lunch hour to finish pouring a one-foot slab of reinforced concrete on the roof of the tank under construction at the Esso Standard Oil Co.'s plant.

Frank Bagone, 34, East Boston, one of the workmen, said he, his brother, Joseph, 28, and Charles Sapichette, 21, clung to the sides of the structure as a mass of concrete and steel fell 35 feet to the floor of the tank.

Others Reach In Vain
 The other workmen reached in vain for something to hold on to, and fell to the bottom of the tank.

Work Law Gets Test In Amarillo

AMARILLO, Oct. 3—UP—Fourteen Amarillo employes of the Santa Fe railroad Saturday won the first round of a court battle which may decisively test the Texas right to work law. The law holds that union membership cannot be made a condition of employment.

District Judge E. C. Nelson of 108th District Court granted two temporary injunctions in the case. One forbids the Santa Fe and 14 non-operating unions to enter into union shop agreements; the other, issued on petition of the railroad, forbids the union to act in any manner aimed at forcing the railroad to enter into such an agreement.

The injunctions will remain in effect until the district court issues a further order. Hearing on a petition for permanent injunction is scheduled to begin in the 108th District Court Nov. 16.

Issued Order
 The suit was filed here on May 5. At that time, the court issued an order restraining the defendants from negotiating a union shop contract. That order remained in effect until Saturday, when it was converted into a temporary injunction.

The hearing on the temporary injunction began May 14 and continued until May 20, when attorneys for the unions moved to take the case to federal court on grounds it involved a constitutional question.

After hearing in federal court regarding jurisdiction of the case, it was remanded to the state court on July 31. Hearings resumed Aug. 14 and ended four days later with the judgment pending until Saturday.

Texaco Slates New Test Well

A transaction is now in escrow whereby the Texas Co. is committed to drill a test well to the southeast in the northeast corner of Gray County by April 1, 1954.

The drilling commitment and lease covers property owned by Ed Gray, Clyde Gray, Roy Mathers and F. W. Gordon and includes all of section 23, the north half and southeast quarter of section 26, block M-2, H and GNR Co. survey.

The property is located between the Quindone field and the Gult Bailey well now being drilled in Wheeler County.

The new well's significance is that it is located several miles from production and is in the general southeast trend of the Quindone field.

Gang's Auto Tries To Hit Young Girl

FORT WORTH, Oct. 3—UP—A car of yelling teenagers screaming "that's her, that's her"—Friday night tried to run down the 14-year-old sister of a youth attacked the night before by a gang of chain-swinging hoodlums.

The car was an old model without tail lights and fitted the description of the one which Thursday night curbed Eddie Churchill, 19-year-old Texas Christian University sophomore, as he drove home from a movie.

Virginia Churchill told police Saturday that four youths in the car swarmed the street and tried to run her down in front of her home about 10:30 p. m. as she crossed the street after baby-sitting for a neighbor.

Her brother was slugged across the left shoulder the night before with a chain by one of five youths who curbed him on a dark stretch of street.

Churchill told police he hit his attacker on the shoulder "as hard as I could" with a bolo knife he carried in his car after reading about recent curbing by young chain gangs. The youth screamed in pain and all of them fled, Churchill said.

Churchill's sister said the car Friday night swung around the corner and the youths screamed: "That's her, that's her" as the vehicle veered toward her.

She ran into the house and the car sped off. Her mother, Mrs. Virginia Churchill Cusato, said she ran to the door in time to see an old model car without tail lights speed away.

BY U. S. AND CANADA

Air Warning System Viewed

WASHINGTON, Oct. 3—UP—The United States and Canada are studying automatic warning systems designed to signal approach of enemy planes from two to six hours in advance of an attack.

Discussing these largely secret electronic devices, Defense Department officials Saturday emphasize they now are experimental. The officials said improvement of North American defenses against air attack will necessarily be a gradual process rather than the radical jump for that some scientists have contended is possible.

Brief Notice Now
 Perfection of equipment that could be installed in the Far North and given several hours advance warning would be of vital importance to civil defense, Air Force and Army anti-aircraft units. At present, they could expect only the briefest notice of an air threat.

One device which Air Force sources consider likely to be adopted

Girl, 2, Drowns In Fishing Pond

HOUSTON, Oct. 3—UP—A two-year-old girl in suburban Jacinto City fell in a 16-inch fishing pond and drowned shortly after noon Saturday.

Jacinto City Police Chief C. B. Driver identified her as Diane Redford, daughter of Mr. and Mrs. Russell Redford.

The child straggled away from her home and two blocks away to the backyard of Mr. and Mrs. J. W. Lofton where she apparently toppled into the fishpond.

UN Stated To Reply To India's Charges

BY POPE PIUS

Punishment Asked For War Criminals

CASTELGANDOLFO, Italy, Oct. 3—UP—Pope Pius XII proposed an international penal code Saturday for punishment of war criminals.

"The offender in political matters upsets the order of social life just as much as the offender in common law. To neither must be allowed assurances of immunity in his crime," the Pope said in a 7,000 word speech to delegates to the Sixth International Congress on Penal Law.

He outlined in detail his recommendations for an international penal code. Highlights points were:

Only the most serious crimes should be covered by the code.

This should include the waging of modern war except in self-defense, mass shootings, racial massacres, mass deportations, mass force against defenseless girls and women, manhunt for forced labor and other "liquidation" programs perfected by totalitarian states.

Penalty Should Match Crime
 The penalty for violation should correspond to the gravity of the crime. The penalty for violation should be the same in all countries.

There should be impartial international tribunals with neutral judges.

The accused must be free to defend himself. The trial must be unbiased in contrast to the "popular tribunals" behind the Iron Curtain.

There should be no wanton arrest or detention without trial and there must be neither physical nor psychic torture or "narcoanalysis" which led the victim to confess "crimes" he did not commit.

"Nations and peoples shall have their own penal law," the Pope said. "It is easy to change your domicile and to pass frequently from one state to another, it is to be hoped that at least the most grave crimes be punished everywhere and, if possible, in an equally severe manner, so that the culprits may not be able, wherever they may be, to avoid or be protected from punishment."

FBI To Enter Greenlease Kidnap Case

KANSAS CITY, Oct. 3—UP—The parents of kidnaped Bobby Greenlease hoped Saturday their faith "could endure 48 hours" after which time the Federal Bureau of Investigation can enter the case under provisions of the Lindbergh law.

A spokesman for the Robert C. Greenleases said the wealthy parents of the six-year-old boy "are living on faith and prayer" in the absence of anything new in the case.

The spokesman was Robert Lederman. He emphasized the Auburn-haired abductress of Bobby has made no contact with the boy's 71-year-old millionaire father and mother, Virginia, 45.

Bobby was kidnaped Monday.

Lederman, a Tulsa, Okla., business partner of the wealthy Cadillac distributor, emerged from the massive Greenlease house to say:

"In firm reality, there is nothing new overnight. We are living on faith and prayer."

"Faith is eternal and we have faith. We hope our faith can endure 48 hours."

"Something has got to break in this case."

PRAY FOR SCHOOLMATE — Special prayers are being said daily by students at exclusive Notre Dame de Slon school in Kansas City for their kidnaped schoolmate Bobby Greenlease, Jr., 6. Bobby was abducted last Monday by a red-haired woman posing as his aunt. There has been no contact made with the kidnapers, a family spokesman said. (NEA Telephoto)

Urge Session Of Big Four

WASHINGTON, Oct. 3—UP—The United States, Britain and France will make one more attempt to pin down Russia on an early Big Four meeting on Germany and Austria, diplomatic officials reported Saturday.

These sources said plans are well along for preparation of a new Allied note to the Kremlin, insisting that the Russians reply to a month old invitation for a four-power foreign ministers conference on Oct. 15 at Lugano, Switzerland.

The Russians this week sent a 3,000-word "reply" studiously avoiding any mention of the first Lugano invitation, sent to Moscow on Sept. 2 by the Big Three. Instead, the Russians proposed a five-power conference with Red China in-to talk over world tensions.

Confusion Reigns
 Undersecretary of State Walter Bedell Smith, former ambassador to Moscow, called the Soviet note a "re-hash" of previous Red arguments and a masterpiece of confusion and camouflage.

Russian evasion, diplomats said, gave Washington, London and Paris the choice of "disengaging" from the Lugano offer or of capitalizing on the Soviet attitude by demanding an answer, yes, or no, on the Big Four meeting.

The tremendous new Munich station took the choicest clear channel in Central European radio all to itself. The channel is coveted because of its long range and large, established audience.

The Munich station transmits seven hours and 15 minutes daily in 11 languages, concentrating on audiences behind the Iron Curtain.

Millions of persons all over Europe listen nightly, voice officials said for 173 kilocycles is the most popular longwave radio band on the continent.

Before it suddenly backed out of competition with the Voice's new Freepowering transmitter, Radio Moscow used the frequency, beaming Red propaganda to millions—up to 1,700 miles distant on nights when atmospheres were good.

That changed on Aug. 25 when the Voice put the \$5 million Munich station into operation on the same frequency.

The American station cut the effective Moscow coverage to about 140 miles, voice radio experts said.

For two weeks, they said, Radio Moscow kept blaring out its message only, in effect, to have it pushed back into its own face.

Then, without any warning, Radio Moscow shifted off the frequency.

Ship Discovers Tropical Storm

MIAMI, Oct. 3—UP—A lonely ship accidentally discovered Hurricane Gail, the seventh tropical storm of the year, Saturday and apparently fought its way through the 80-mile an hour blow some 2,600 miles southeast of Miami.

The Miami weather bureau also is watching another area of suspicion much closer to home which may have caused a private plane with two aboard being overdue for six hours on a flight from Key West to Miami.

The easterly wave, often the forerunner of a hurricane, caused rains up to five inches in Florida Keys and winds of 30 miles an hour along the entire Florida east coast.

Hurricane Gail was so far from land that the San Juan weather bureau did not plan to issue another advisory before Sunday unless another ship happened to get caught in its fury.

The storm was charted in a noon advisory at latitude 15.0 north and longitude 44.0 west or about 1,000 miles east of the French Island of Martinique. It was moving west-northwest at about 15 miles per hour.

The ship Thorbjorg, apparently of Swedish registry, radioed the weather bureau that it ploughed through the center of the storm where the pressure was 29.12 inches, indicating that Hurricane Gail was still in an infancy stage but growing up rapidly.

Cabin Boy Hero In Ship Wreck

PORT HURON, Mich., Oct. 3—UP—A 15-year-old cabin boy at the helm of a German ship when it was rammed and sunk in St. Clair River was hailed as a hero Saturday.

The boy, Carl Heinz - Werner Schultz, picked himself up off the deck of the "Wallschiff" and ran below decks warning a warning to sleeping crewmen to prepare to abandon ship.

The Wallschiff, a packet ship on its maiden voyage up the Great Lakes from Hamburg, was rammed broadside by the huge Cleveland Cliffs ore carrier "Pioneer" a mile south of here near midnight Friday.

The Canadian pilot guiding the comparatively tiny ship through the lakes died of a heart attack after the crash. His body was found in the water. It was first believed he had drowned.

Minutes before the crash, the 72-year-old pilot had told the ship's Captain Thomas Nissen "this is my last trip, I'm going to retire."

Five crewmen, including the captain and the Wallschiff, were injured but all 17 crewmen and a German exchange student passenger were rescued. The 504-foot Pioneer was only slightly damaged and her crew unhurt.

"She went down like a stone in seven minutes. It was hell," said Wallschiff Third Mate Ernst Broer. "Everything went down with the ship."

Amarillo Boy Hanged By Tube

AMARILLO, Oct. 3—UP—Fourteen-year-old Terry Summitt was strangled Saturday by a bicycle intertube hanging on an iron tent frame in his back yard.

The boy, son of Mr. and Mrs. Davis E. Summitt, was found hanging by two 14-year-old boys, who were on their way home from a movie matinee.

The tube was twisted about his neck several times and hung over a short iron post on the metal framework. The family physician said the boy apparently had been dead for some time.

Police theorized the boy probably wound himself in the tube and lit off himself from the ground, expecting it to unwind. They believe the tube slipped around his neck and he couldn't get free before he lost consciousness.

Claim Allies Misled POW Anti-Commies

PANMUNJOM, Sunday, Oct. 4—UP—The United Nations may reply Sunday to Indian charges that the Allies misled anti-Communist prisoners. The charge touched off another round of bitter battle between the UN command and the Indian-dominated neutral repatriation commission, informed American officers said.

UN commander Gen. Mark W. Clark emphatically denied the Indian allegation Saturday and the sources said the UN reply to the Indians would follow Clark's denial Sunday.

The five-nation neutral commission meanwhile revealed that unrepatriated Americans, British, Chinese and Korean prisoners will be subject to Indian military law and punishment while held in the neutral camp.

Ruling Announced
 The ruling was announced Saturday. It apparently was an Indian move to prevent further riots in the neutral zone camps where three anti-Communist have been killed and 10 others injured by Indian guards suppressing demonstrations.

An Indian spokesman said he did not know whether the prisoners would be told the Indians had the power to try them for crimes.

Presumably any of nine anti-Communist prisoners the Indians admitted Saturday had escaped from the camp will be tried under Indian code if recaptured.

No Legal Fiat
 The anti-Communist Chinese and North Koreans were killed last week when the Indians had no apparent legal fiat to enforce their rules.

Saturday night the Allies drafted their reply to the Indian charge that the "UN command had given interpretation to the terms of reference which was not acceptable to the commission."

Added Testimony On Gas Rate Plan

Further testimony in the request of Empire Southern Gas Company to raise Pampa's rates is expected to be taken Monday afternoon—about hours before the weekly meeting of the Pampa City Commission.

City Manager B. H. Cruce Saturday thought that Monday would wrap up the hearings which have already been recessed twice.

At last week's commission meeting Mayor Tom Rose promised James A. Davis, Fort Worth, company president, that commissioners would have a definite answer—one way or the other—this Tuesday. Only a bare quorum will be on hand Tuesday, though, because Commissioners W. D. Varnon and Gen. Frazier are expected to be out of town.

That means that Rose and Commissioners W. B. (A) Neel and Frank Dial will have to vote unanimously on the question to reach a final decision. Empire is asking a minimum of \$2; the present rate is \$1.50.

In other activity Tuesday County Judge J. B. Maguire Jr. and County Commissioner W. E. (Bill) Jarvis will be present with city commissioners to discuss the proposed county barn in Recreation Park.

Bert A. Howell Inc., Plumbing, Sheet Metal, Heating, Air Conditioning, Ph. 152, 119 N. Ward, Adv.

Drug Firms Not Unanimous On Ten-Cent Coffee Plans

At least two of Pampa's drug stores will hold the price of coffee down to five cents per cup, according to information received by The News Saturday.

However, most stores in the city are planning to abide by a decision reached at a meeting of the Top o' Texas Druggists Association last week.

According to this information, some of the druggists feel that coffee is a "drawing card" and should remain at a nickel. However, most of the druggists of the city were of the same opinion of one druggist who said: "I agree that coffee might be a drawing card, but if you serve a good cup of coffee, the customers are going to continue to come in, whether it sells for a dime or remains at the nickel level."

This druggist went on to say that in all sections of the country coffee is selling for 10 cents. "There certainly is no profit in coffee at a nickel, with prices as they are today," another druggist said.

The date on which the price was to be raised was set as Oct. 15, but some of the store managers indicated they might not wait until the deadline to raise their price.

WITH AN EXCLUSIVE GROUP — Walter Dean (second from left), district superintendent of Humble Oil Refining Company, was honored at 6:30 p.m. Saturday in the American Legion-V.F.W. Hall with a dinner at which an estimated 200 persons were present. Retiring from Humble employ, Dean is shown here with other retired oilmen: John Markee (left), Phillips Petroleum Company; Fritz Waechter (third from left), Humble; and Dan Gribbon, Texas Company. Dean was presented a television set by Tommy O'Roark, for the company, and a polaroid land camera by George Cree Jr. Replacing Dean is Bill Thiebaud.

Seventy Korean War Vets To Be Honored On Friday

The names of 70 veterans of the Korean war have been submitted to the committee planning the observance of Korean Veterans Day here next Friday, it was announced Saturday by Aubrey Jones, committee chairman.

The list is headed by M. Sgts. Eugene Williams and James Hart, who were Pampa's only two servicemen to be held in Communist prison camps during the conflict. Both were recently released.

Williams, who is vacationing with his wife and family in California, has informed Jones that he will be here in time for the observance. Hart already has returned to his home in Pampa.

The veterans will be guests of the committee at the Amarillo Sandies Pampa Harvesters football game next Friday night. Preceding the game, brief ceremonies will be held honoring the veterans of the Korean war, including all those who gave their lives.

Master of ceremonies at the ob-

servance will be Clinton Evans, vice president of the Pampa Chamber of Commerce and president of the Kiwanis Club.

Jones reminded all veterans and those sending in names of veterans that all names should be turned in at the Chamber of Commerce office by not later than Wednesday at 5 p.m.

He also said that the veterans can pick up their tickets to the football game Wednesday or Thursday at the office of County School Superintendent B. R. Nuckols in the county courthouse. The tickets will not be available before Wednesday morning or after Thursday at 5 p.m. Each veteran will be allowed two tickets, he added.

The names of the 70 veterans are Ray Laycock, Jerry D. Griner, Eugene Dumas, Floyd E. Matheny Jr., David G. Melton, Cleo Pate Ennis, Edward E. Sargent, Ray D. Horn, P. M. Bynum, Richard Cutting, Charles H. Wilkerson, Vernon F. Holler, Robert Lee Elliott, Carl Hillis, Richard E. Morgan, Bob Parcher, Roy Fulcher.

Herman D. Linycomb, Billie Pete Hughes, Richard Lee Cooke, Ira Gilleland, Eugene Williams, James Hart, Murial Walker, Jack B. Higginbotham, John I. Cunningham, Cleo Ennis, Paul R. Gobin, E. Holt, Bobby R. Dunn, Virgil C. White, Charles W. McCoy, Eugene Dumas, L. P. Velasquez.

Billy C. Hulse, Beryle E. Williams, Harold E. Fry (in Veterans hospital in Amarillo), E. R. Riggs, Roy E. Hubbard, Jimmy L. Tucker, S. R. Howett, William L. Marshall Jr., Lloyd Taylor, Jimmie Savage, Sandee White, Jerry Moroe, Jack Cullison, Don L. Wills, Jack Ramsay.

Dr. J. W. Jermyn, Douglas Keyser, Richard D. Nicholson, Jimmie E. Savage, Harold Fry (in Northwest Texas hospital with eye injury), Lynn D. Speer, Shelby Coddler, J. D. Compton, Harry Artripe, Jim Rowley, T. H. Willson, I. E. Dycus, L. G. Fort, Delmer Lee Shoffit, James C. Pogue, Durham (no first name given) and Robert F. Browning.

GOOD DEED — Boy Scouts of Pampa were busy Saturday doing a good deed for the community. They were putting up posters urging Pampa residents to go to church during Back to Church month. Pictured above are two of the scouts as they paste up one of the posters. They are: Gary Howell, son of Mr. and Mrs. A. C. Howell, 1912 Coffee, left, and Andy Epps, son of Mr. and Mrs. W. L. Epps, 1909 Duncan. (News Photo)

Mrs. Jester, 93, Dies Saturday

CORSICANA, Tex., Oct. 3 — Mrs. George T. Jester, 93, widow of a lieutenant governor and mother of a governor, died Saturday at her Corsicana home.

She was the mother of the late Gov. Beauford Jester. Her late husband, George T. Jester, was lieutenant governor of Texas from 1894 to 1898.

Mrs. Jester was born in Aberdeen, Miss., and came to Corsicana when she was a teen-aged girl. She was a member of the Methodist church and taught adult Sunday school classes for 73 years.

Death came at 4:30 p.m. Saturday. Funeral arrangements were incomplete.

Survivors include one daughter, Mrs. Clay Johnson of Fort Worth; seven grandchildren and several great-grandchildren.

Apartment House Blaze Reported

Both origin and amount of damages were still undetermined Saturday in the fire that sent smoke pouring out of all the windows of a two-story apartment house at 121 Starkweather.

According to Fire Chief Ernest Winborne, two fire trucks about 2 p.m. Friday rushed to the scene of what first appeared to be a major fire-in-the-making.

Actual center of the fire was located underneath a stairway in the center of the building.

Winborne thought the building—containing six apartments—was owned by T. L. Lindsey, 1000 Charles.

Office Obtained For United Fund

United Fund officials Saturday night had not yet determined date for their drive or the final complement of drive chairmen.

But they had found an office for their one paid associate.

Mrs. Emmett Gee, hired about a month ago, has been working in the Pampa Chamber of Commerce office on the business and industrial survey handled by four phone company employes.

That'll be different now. According to John Campbell, associate drive chairman, Ivy Dunagan has handed over a room on the second floor of the Duncan Building for her use.

Elks Conclude Clothing Drive

More than \$5,000 worth of used clothing.

That's what the Pampa Elks had collected by late Saturday night in their annual clothing drive, designed to help Pampa's underprivileged.

"We're in very, very good shape and we feel Pampa really helped us out," Joe Tooley, past Exalted Ruler of the local lodge, said Saturday.

Admitting that he didn't think the contributions were going to hit that high, Tooley explained that a "lot of 'em" came in Saturday night, the last day of the drive.

This year's drive was dedicated to the memory of Frank Leder, an Elk who died Sept. 3 in Galveston and one of those who originally set up the drive.

Only thing left to do is distribution, Tooley said. Anything that cannot be used in the Pampa area will be donated elsewhere—probably Korea.

Borger Pastor To Speak Here

The Rev. Winford Moore, pastor of the First Baptist Church in Borger, will be the guest speaker at a dinner meeting of the Brotherhood of the First Baptist Church Tuesday night, according to J. R. Stroble, director of education.

Rev. Moore is widely known throughout this area, Stroble said, and plans are being made to make this one of the largest brotherhood meetings ever held here.

The dinner will be served by ladies of the church under the direction of Mrs. Claude Wilson. Special music is being planned by Paul Biggs, director of music.

One of Many
There are more than 400 kinds of hummingbirds in Central and South America and 17 in the western United States, but the only one will be donated elsewhere—probably Korea.

day at 211 Hugres Bldg.

Suspended Sentences On Forgery Cases

Four persons, charged with forging checks, have been handed five-year suspended sentences in 31st District Court and placed on probation.

District Judge Lewis M. Goodrich Friday afternoon sentenced Betty Howell, Lloyd B. Williams, Harold Summers and Joe L. Trussell.

All four entered pleas of guilty and were charged with passing the checks the same night and in the same local spot.

Monday a petit jury is slated to be sworn in.

Mainly About People

Mr. and Mrs. Noeley Joe Ellis, former Pampans, now of Oklahoma City, Okla., became the parents of a 9-pound, 8-ounce boy in Worley Hospital at 8:30 p.m. Friday. The baby is the first grandchild of Mr. and Mrs. N. B. Ellis, 1352 Garland. His father is an interne in the University Hospital, Oklahoma City.

Demonstration To Highlight Fire Prevention Week Here

Proclaimed by President Eisenhower, Fire Prevention week will be observed this year from Oct. 4 to 10, according to Pampa Fire Chief J. E. Winborne.

Chief Winborne said this year's campaign will emphasize human carelessness as the biggest fire hazard of all. "The National Fire Protection association, sponsor of this annual crusade against fire, reports a life loss of 12,535 and a property loss of \$894,000,000 in 1952," he said. "And according to the NFPA, 90 per cent of the fires that are taking such a high toll of life and property could have been prevented."

CHIEF WINBORNE

Highlighting the week's activities here will be a fire prevention demonstration Tuesday at 8:30 p.m., on the junior high school campus, where two houses, built for the demonstration, will be burned. One will be fireproof, while the other will not, the chief said.

The demonstration will show the advantages of Flam-mort, chemical spray used on unpainted wood. The public is invited to attend, he said.

On Friday selected children from public schools will be given rides on the city's fire trucks.

Other events include a poster contest for students in grades 4 through 7, with cash prizes being awarded the winners. The three winning posters in each room will be displayed

... slates demonstration in downtown show windows. Students in the top four grades will compete for cash prizes in an essay contest.

Chief Winborne, along with Chris Walsh, chairman of the observance here, urged all residents of Pampa to take an active part in this year's campaign. "Every citizen has an obligation to himself and the com-

munity to prevent fires," the chief said. "Where fires are not discovered or reported promptly, the fire department may be called too late to prevent death, injury, and heavy property losses."

"We of the Pampa Fire department," Chief Winborne concluded, "are ready at all times to fight fire for the community, but we'd rather work with the community and prevent fires. Let us help you to make every week Fire Prevention week."

School Assumes Baruch's Name

NEW YORK, Oct. 3—UP—The City College of New York will rename its school of business for old student Bernard M. Baruch at a ceremony next week, officials said Saturday.

A bronze plaque bearing the new name of the school, "The Bernard M. Baruch School of Business and Public Administration," will be affixed to the 16-story building's entrance at a convocation Thursday.

Baruch was scheduled to speak at the ceremony along with Alfred P. Sloan Jr., chairman of the board of General Motors. The elder statesman graduated from City College in 1889 and is now a trustee.

Warren To Tackle Monumental Task

By CHARLOTTE G. MOULTON
WASHINGTON, Oct. 3—UP—Gov. Earl Warren of California will assume a monumental legal task when he becomes 14th Chief Justice of the United States at simple ceremonies in the Supreme Court Monday.

The genial Californian has never been a judge although his career has been allied to the law in various ways. Yet he must soon give his legal judgment on issues, such as racial segregation in public schools, that will have an intimate effect on the lives of every U.S. citizen. Other important cases will have an impact as yet unpredictable on labor relations, finance, commerce — even the world of sports.

In addition complexities in specialized fields like patent and maritime law will present themselves for his resolution.

Communist cases are at a minimum as the 164th term opens.

Succeeds Vinson
The governor lays down the burden of his state office Sunday. He is scheduled to arrive in Washington by plane that night ready to take up his new duties next day in the marble Greek-temple style supreme court building on Capitol Hill. He succeeds Chief Justice Fred M. Vinson who died of a heart attack last month.

The traditional opening session is always brief, consisting mainly of admission of attorneys to practice. Warren will receive the constitutional oath from acting Chief Justice Hugo L. Black in the privacy of the justices' conference room. Only members of the court will be present.

The court will adjourn for a week so the justices may confer on the handling of more than 300 petitions for review that have been filed during the summer. On Oct. 12 it will be announced which have been rejected and which will be accepted for hearing and decision.

Presides Over Conferences
Vinson's law clerks have been hard at work on these cases for several weeks, and Warren will have the advantage of their labors when he plunges into the legal intricacies of each petition. He may avoid taking part in many of the

Livestock Report

FORT WORTH, Oct. 3—UP—USDA—Weekly livestock:

Cattle: Compared last Friday: Slaughter steers and long yearlings about steady, some light-weight yearlings unevenly higher.

Cows 60c-\$1 lower, bulls steady, stockers and feeders strong to \$1 higher, stocker cows \$1 lower.

Week's top: Slaughter steers and yearlings 22, some steers weighed up to 24, cows 12.25, bulls 12.50, feeder steer yearlings 16, Stocker cows 12.

Calves: Slaughter calves \$1-2 higher, stockers strong to \$1 higher. Good and choice killers 12.50-15, few heavies 15.50-16, medium to choice stocker steer calves 11-16, few early to 17, and one outstanding lot 624 lbs. at 19.

Sheep: Slaughter lambs 1.50-2.00 higher, slaughter yearlings steady. Slaughter ewes \$4 lower and feeder lambs 50 or more higher. Week's top: Slaughter lambs 18.50, slaughter yearlings 12, aged wethers 9, slaughter ewes \$5.50, feeder lambs 13.50.

Hogs: Butchers 1.25 lower, sows \$1 lower. Week's top: Butchers 26, sows 23.50.

Didn't Miss Him

LONG BEACH, Calif., Oct. 3—UP—Police were puzzled when the parents of Jackie White, 2, a lost child, waited five hours to contact them.

"When you have nine children you don't miss one immediately," Mrs. Ethel White explained.

French Squelch Commie Strike

PARIS, Oct. 2—UP—The government squelched a 24-hour Communist-led strike on the nationalized railroads Friday in the first test of strength in what threatened to be a new wave of walkouts.

The strike, intended to paralyze transport in southeastern France in addition to disrupting railroad

service in other areas, fizzled out by noon when the government invoked its new emergency plan to keep the railroad running in event of a national walkout by transferring non-Communist personnel to affected services.

Stubborn Victory

TOPEKA, Kan., Oct. 3—UP—James E. Collingwood, 45, a farmer with a law degree, went to court with two witnesses and plenty of evidence.

He argued his case for more than two hours Friday and won acquittal—from a traffic charge that would have cost him \$5. He estimated it cost him \$100 to win the case.

'Press Agent' Dies Of Cancer

SAN FRANCISCO, Oct. 3—UP—George Creel, famed "press agent for Americanism" and close friend of two presidents, died Friday of lung cancer in St. Francis Hospital. He was 76.

Creel never recovered consciousness after lapsing into a coma earlier this week following an exploratory operation. He was attended through his last hours by his brother, Dr. R. H. Creel.

"Mr. Creel's death was inevitable," his brother said. The physician said the operation had no bearing on Creel's death.

Creel first gained national recognition during World War I when he served in the Wilson administration as head of the government's information program. During the early days of the "New Deal" he served as one of Franklin D. Roosevelt's top administrators and was considered a personal friend of the president.

Born Dec. 1, 1876 on a farm in LaPayette County, Mo., the publicist jumped into politics in his early 20's and was instrumental in the election of state and national candidates. His work in behalf of Woodrow Wilson's campaign for the presidency earned him the president's lifelong friendship.

Creel had been variously a journalist—he owned his own newspaper at the age of 20—and author and politician.

A lifelong Democrat, Creel broke with the Roosevelt administration and actively campaigned for the Eisenhower-Nixon ticket in the last presidential election.

Board Planning To Solve Mortgage Money Shortage

By NEIL MACNEIL
WASHINGTON, Oct. 3—UP—The National Association of Real Estate Boards said Saturday it would push hard next year to win congressional approval for a new national mortgage association that would invest unused private capital and perhaps solve the nation's mortgage money shortage.

Although the new association would be started with government money, this would be paid back at an "early date" and the corporation would depend solely on private funds.

The maximum amount the government would "invest" in the project would be \$150 million. The privately-financed organization would replace the government's present Federal National Mortgage Association, which now holds nearly \$2.5 billion in mortgages.

Not a Stop Gap
"This is not a stop-gap measure," an NAREB spokesman said. "It would be a permanent solution to our mortgage money problem. Legislation to get the corporation started was introduced last July 29, just before Congress adjourned for the year, by Rep. Douglas R. Stringfellow (R-Utah). It would be called the Central National Mortgage Association."

The basic purpose of the new association would be to make it easier for home buyers in all parts of the country to get mortgages at a "fair" rate of interest. Shares at \$100
Stringfellow's bill states the CNMA should "facilitate maximum participation of private financial institutions and investors" in the mortgage market.

18 Regional Associations
Under the plan, 18 regional mortgage associations would be chartered throughout the nation by the central association, which would make its headquarters in Washington.

Republicans Prepare For Ike's Birthday

WASHINGTON, Oct. 4—UP—Pennsylvania Republicans are planning to turn President Eisenhower's 63rd birthday celebration into an extravaganza of music and merrymaking.

The President and his wife Mamie, along with a host of government and Republican dignitaries, will gather at Hershey, Pa., Oct. 13 for the occasion. Mr. Eisenhower will be 63 the next day.

Other permits issued last week included four remodeling of residences, a new residence, three other remodeling of businesses, two new garages, a storeroom—even a moving of a garage.

The thirteen were: Ivy Duncan; remodel business; 115 E. Kingsmill; \$30,000. Melvia Stephens; new garage; 1817 Coffee; \$625.

Indoor entertainment at the sports arena and an outdoor show for a "box supper" crowd of about 20,000 at Hershey Stadium.

Pampan's Nephew Killed In Crash

Jim Hamlett, 20, former resident of Pampa and a nephew of Mrs. H. D. McWaters, 1020 N. Sourville, was one of three killed in a bus crash near Ehrenberg, Ariz., late Wednesday night.

Hamlett was born here December 28, 1932, and attended Woodrow Wilson school until moving with his parents at the age of 11 to Bismarck, Ark.

BUILDING PERMITS

Thirteen permits to build were recorded last week in the city office of public works.

By far the largest in the matter of estimated cost was turned in by Ivy Duncan for "remodeling a business"—the fire-gutted portion of the 100-block of East Kingsmill.

According to the permit, Duncan intends to "remodel the existing business building by repairing the entire building" and it is "to be made into as many rooms as possible." All roofs are to be treated with a flame-proof material.

Other permits issued last week included four remodeling of residences, a new residence, three other remodeling of businesses, two new garages, a storeroom—even a moving of a garage.

The thirteen were: Ivy Duncan; remodel business; 115 E. Kingsmill; \$30,000. Melvia Stephens; new garage; 1817 Coffee; \$625.

Indoor entertainment at the sports arena and an outdoor show for a "box supper" crowd of about 20,000 at Hershey Stadium.

Lefors Annual Staff Named

LEFORS — (Special) — Carolyn Maples and R. J. Wooten will serve as co-editors for this year's Lefors "Treasure Chest."

Business managers will be Jack Chisum, Hugh Braly, and Anita Tillman. Sports editors: Ruffie Cole and Eunice Patterson. Activity editors: Marie McPherson, Jan Mounger, and Jane Boucher.

Miami Personals

MIAMI — (Special) — Gayle Russell, Helen Locke, Myrna Montgomery, Harold Greenhouse, Adele Loofer, Jan's Carnahan, Ann O'Loughlin, Linda Adcock, Beth Hood, Gaynell Sullivan, Mary Tolbert, JoAnn Graham, Mrs. Bill O'Loughlin, Mrs. J. C. Graham, and Mr. and Mrs. Don Myers attended Amarillo Little Theatre's opening production of "Gaslight" this week.

Mr. and Mrs. Ray Jones Jr. of Pampa, formerly of Miami, announce the arrival of a daughter, Pamela Ray, Tuesday at Highland General Hospital in Pampa. Toad had news to good, Ray had to undergo surgery early Friday morning in the Pampa Hospital.

Mrs. Ed Talley and Mrs. Frank Hears were co-hostesses for the last meeting of the Forty Niners club. Thirteen members and the hostesses attended.

Typhoid Fever Hits Houston Student

HOUSTON, Oct. 3—UP—A 24-year-old University of Houston student was in serious condition Saturday with typhoid fever which doctors believe he got by biting his fingernails after working in a laboratory.

The university offered free inoculations to 40 other students who had been working in the same laboratory.

Mr. and Mrs. R. J. Bean and Mr. and Mrs. Roy Mathers returned home this week from their trip to the Bankers Convention in Washington, D. C. They traveled 3800 miles and through 18 states on their trip.

Mayor Proclaims Handicapped Week

Mayor Tom Rose, in a proclamation issued Saturday, urged all residents in the city of Pampa to cooperate with various organizations and groups of the city in an effort to "see that the handicapped of tomorrow will be able to find their rightful place in our economy."

The mayor issued his proclamation in connection with the observance of the ninth annual National Employ the Physically Handicapped week, Oct. 4 to 10.

Promotion Workers Will Introduce New Automobiles

By PAUL E. SVOBODA
DETROIT, Oct. 3—UP—Promotion men for the automobile companies are dusting off their adjectives and blondes these days.

It's getting close to 1954 car announcement time and adjectives and blondes—who don't need adjectives—are as much a part of the annual hoop-la as the winner is to a hot dog.

The blondes, and an occasional brunet, come into it this way: They "drive" the cars which are photographed for advertising and news pictures.

You never see Mama and the five kids in the first pictures of a new model. It's always a blonde with more interesting curves than the automobile. Mama is too busy to go gadding about in new cars.

When they want that "revealing" look, the promotion men scurry to the beaches with their new cars. There well-developed young ladies are casually drying their hair in front of a new "Super-duper's," or silhouetted hauling a basket lunch out of the trunk for a day at the beach.

Mayor Proclaims Handicapped Week

Mayor Tom Rose, in a proclamation issued Saturday, urged all residents in the city of Pampa to cooperate with various organizations and groups of the city in an effort to "see that the handicapped of tomorrow will be able to find their rightful place in our economy."

The mayor issued his proclamation in connection with the observance of the ninth annual National Employ the Physically Handicapped week, Oct. 4 to 10.

Along with the President of the United States and the Governor of Texas, Mayor Rose called upon everyone to cooperate with committees in lending their full support to the observance.

In his proclamation the mayor said that many employers know that it is good business to hire the physically handicapped. "Employers who have had experience in the employment of the physically handicapped including disabled veterans, have learned that when they are placed on the right jobs they are as reliable, productive, and as capable as the non-disabled, and sometimes more so," the proclamation said.

BACK TO CHURCH—The Pampa Kiwanis club is sponsoring "Back to Church Month" in Pampa during the month of October. The campaign got underway at Friday's luncheon meeting of the club when C. J. Humphreys, Amarillo attorney and Baptist layman, addressed club members and guests. Humphreys is pictured above, center, with Kiwanis President Clinton Evans, left, and J. R. Stroble, educational director of the First Baptist church here and a member of the club. (News Photo)

Kiwanians Elect Slate Of Officers

County Judge J. B. (Buff) Maguire Jr. was elected president of the Pampa Kiwanis club Friday at the club's luncheon meeting in the basement of the First Methodist church. Elected for the year 1954, he will succeed Clinton Evans.

Maguire and other officers and directors were elected unanimously by the membership as there was no opposition.

Others elected were Frank Fata, first vice president; Ralph McKinney, second vice president; Ken Meaders, Sam Begert, Warren Hasselback and Malcolm Hinkle, directors.

The club, sponsoring "Back to Church Month" here during October, inaugurated the campaign at the meeting, with 21 ministers of the city being guests of the club and with C. J. Humphreys, Amarillo attorney and prominent Baptist layman, as speaker.

He said that along with the idea of getting people to go back to church "we should get America back to God. If you really mean what you are saying about going back to church, test it out." He told President Evans to ask members next week how many went to church on Sunday.

Quoting various stories from the Bible, he asked the assembled group to apply these stories to themselves.

Thornton Speaks In States' Behalf

LOS ANGELES, Oct. 3—UP—Gov. Dan Thornton of Colorado, a member of President Eisenhower's Inter-Governmental Relations Commission, advocates getting "the federal government out of tax fields that traditionally belong to the states."

Thornton, speaking before a farmers insurance group, said Friday the states would save money if they assumed duties that have been taken over by the federal government.

"For instance, the states can do a much better job on highway maintenance and construction, because, it seems, they get more for their dollars," he said.

Court Reporter Gets Salary Hike

A raise in salary from \$4,800 to \$6,000 annually has been granted to Bob Baker, district court reporter.

Gray County commissioners Thursday approved this county's share of the monthly salary, which will be \$252.50 instead of \$210. Amounts paid by the other counties of the district are: Wheeler, \$136.25; Hemphill, \$45.78; Lipscomb, \$41.32, and Roberts, \$14.15.

WHERE'D HE COME FROM?—Many people would like to know how this grasshopper got inside the hermetically sealed speedometer panel of Earl Cole's 1953 Ford, but none has yet come up with an answer. Cole, who's put 53 miles on the new car, took it into a Parsons, Kan., garage and mechanics tell him they'll have to take the case apart to remove the insect.

WHAT DO YOU WANNA KNOW, JOE?

What's the Army Reserve got to offer me?
The pay of your grade or rank for each training assembly and for 15 days a year in camp while in a unit.

Is that all?
You get a whole lot more. The satisfaction of fulfilling your obligation to your country, a chance to volunteer and go to Army schools at full pay, opportunities for promotion and good training... and finally, a lifetime retirement income at the age of 60 based on your pay rate at retirement time.

How big is that retirement income?
It's based on your length of service, grade and pay rate at retirement time. It can be \$90.00 or more a month.

How much time do I have to spend to earn a retirement income?
Spend only 15 days at summer camp plus 40 hours in additional Reserve activities every year.

YOUR COUNTRY NEEDS YOU!

SEE the U. S. Army Reserve Unit Instructor in your city or visit the nearest U. S. Army Recruiting Station. The addresses of your local Army Reserve Unit Instructor is:

112 N.E. Second, Amarillo, or see Lt. Truett S. Ross, commander, Btry. B, 807th APA Bn., 512 Lefors, Pampa, phone 4872-4.

DON'T LET GO—European hepcats, in a contest between Berlin and Paris, prove they are just as limber as any of our native jitterbugs. Axel Garcinet whirls his partner, Bebe Coffinet, both from Paris, off the floor in time with a mad musical beat at the Sports Palace in Berlin. However, the French contingent lost to the German team in the "best rubber-legged couple" competition.

Controversy Seen On Epitaph Censor

LUTON, Eng., Oct. 2-UP—Appointment of a censor for cemetery epitaphs caused a controversy Friday in this Bedfordshire borough.

The epitaph censor appointed by the town council, parks director R. J. English, said he would not permit uncomplimentary poems, mottoes or witty sayings to be placed on tombstones.

Nor would he approve an epitaph such as the one he saw at Whitby, Yorkshire.

"Sudden and unexpected was

the end
"Of our esteemed and beloved friend.
"He gave to all his friends a shock
"By falling into Sunderland dock."

Alderman Walter Roberts, leading opponent of censorship, protested that "a grave is a personal thing."

The London Daily Mirror joined the controversy by urging Luton to "arise."

"Don't take this lying down," the Mirror counseled.

The Mirror said it would be a "shame" to do without such epitaphs as:

"Here lies John Racket
"In his wooden jacket.
"He kept neither horses nor mules.
"He lived like a hog.
"He died like a dog.
"And left all his money to fools."

'In Dutch' Again
RACINE, Wis., Oct. 2-UP—Richard W. Tobias, 32, whose one year's license suspension for drunken driving was up Friday, began another year's suspension for going on another fool.

Tobias was fined \$200 and had his license revoked Thursday for another year when he was caught driving.

"I tooted my horn at a car that was going too slow," he said.

The slow moving car turned out to be a police car.

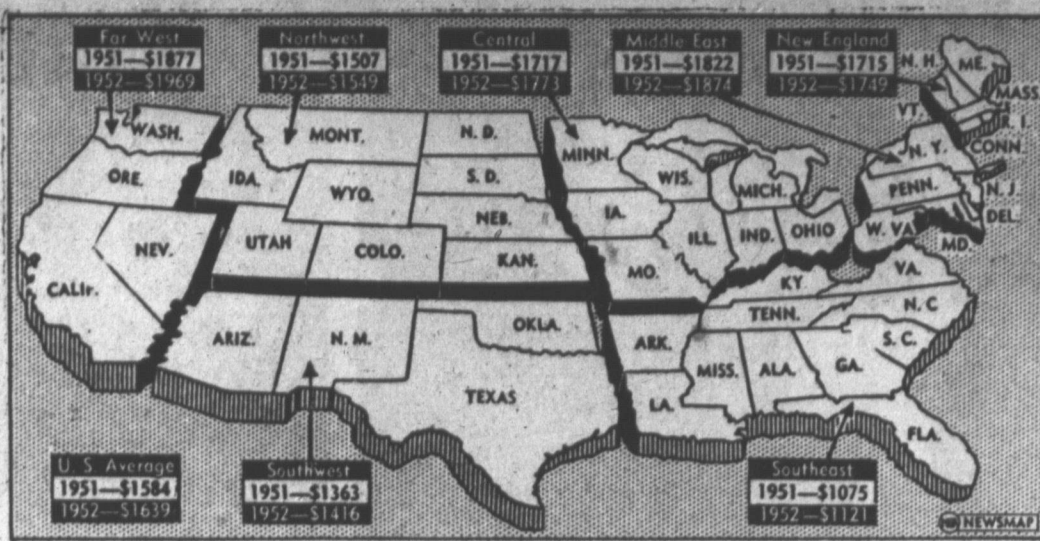

Distraught Worker Persuaded 'Down'

MEMPHIS, Oct. 3-UP—A jobless rodeo worker teetered drunkenly on a pole 100 feet above 2,000 horrified midway goers at the mid-South Fair early Saturday until an off-duty fireman lured him down with cigarettes and reassuring words.

For a breathtaking hour and 48 minutes the man refused help of would-be rescuers and fought off one attempt to seize him.

While police and a volunteer Marine pleaded with the distraught man by loudspeaker, Fireman J. B. Sutton risked his life to climb the swaying stunt pole, and gave the man a cigaret. In 15 minutes Sutton "talked" him down.

Seized by police and held for investigation despite assurances given over the loudspeaker, he would not be punished, the man gave his identity as Carl Clemons, 31, unemployed rodeo worker.

INDIVIDUAL INCOME GROWS—The average per capita income in the U. S. during 1952 jumped \$55 above the 1951 figure. Above Newsmag shows the per capita income by regions during 1951 and 1952. The most notable increase occurred in the Far West with a rise of \$92 per individual, while New England had the smallest increase . . . \$34. Data from the U. S. Commerce Department.

Swimmer Defends Boat Proximity

ISTANBUL, Turkey, Oct. 3-UP—Swimmer Florence Chadwick Saturday defended her right to swim near a boat when she stroked her way across the Straits of Gibraltar in record time.

"Everyone swims next to a boat," Miss Chadwick said. "I cannot think of any channel swim in which the swimmer did not use a boat for navigation purposes."

Spanish newsmen Ramon Sanchez wrote Friday her conquest of a Spaniard's speed record should be stricken from the books.

Sanchez said Miss Chadwick swam too close to her accompanying boat, Seagull, thus protecting herself from strong currents when she crossed the Straits in five hours and six minutes Sept. 30. The previous record set by Francisco Calatayud, was six hours and 54 minutes.

Miss Chadwick hopes to swim the Dardanelles next week.

Dodgers Pull Even With Yankees In World Series, 7 To 3

Duke Snider Leads Brooklyn Attack

By CARL LUNDQUIST
BROOKLYN, Oct. 3.—UP—Billy Loes, a dead-panned, dead-end kid proved his critics to be dead-wrong Saturday when he pitched a courageous 7-4 victory for the Dodgers who tied up the World Series with the Yankees at two triumphs apiece.

Tremendously tired as he pitched bear-down ball all the way, Loes finally went out for relief pitcher

Today's World Series game will begin at 7 p.m. Pampa time. Radio Star KPDN, who is carrying the broadcasts for Top of Texas baseball fans, will take the air at 12:45.

Glen Labine in the ninth inning when the Yankees loaded the bases with none out on singles by Gene Woodling and Billy Martin, and a walk to Gil McDougald. But before that Loes had struck out eight Yankees, yielded only one other walk and kept eight Yankee hits generally well scattered.

Labine struck out Phil Rizzuto, and got pinch-hitter John Mize on a fly to center as Duke Snider's throw kept Woodling at third. Mickey Mantle, who had struck out twice again Saturday after whiffing four straight times Friday, finally got a hit, a single that scored Woodling. But left fielder Don Thompson, replacing Jack Robinson for defensive reasons, whistled a throw to Roy Campanella that caught Martin at the plate for the game-ending out.

Loes, the big city kid from the wrong side of the subway tracks, had plenty of help this time as the Dodger "window breakers" pounded four Yankee pitchers for 12 hits, including a record-breaking home run by Duke Snider that sailed high over the right field screen and across Bedford Avenue. That gave Snider five World Series homers for his career, a new high for a National League player. Mel Ott of the Giants and Snider held the mark before.

This time it wasn't even close. The Dodgers, operating with the same murderous intent that marked their efforts all season, pounded lefty Whitey Ford out of action in the very first inning.

A delighted all-time record World Series crowd for Brooklyn of 36,775 watched Ford take his punishment. A break or a boner—depending on your viewpoint, started things off.

Gilliam hits Junior Gilliam, the rookie terror, opened the game by hitting a high fly deep into the right field corner near the fence. Hank Bauer unfamiliar with the tricky contours of this ball park, let the ball drop right at the foul line. Apparently he thought the ball might hit the wall and he was getting set to grab it on the rebound.

The Dodger players in the bullpen nearby added to Hank's confusion by hollering, probably saying "look out, Hank" long before he was in danger of hitting the barrier.

An infield out by Pee Wee Reese moved Gilliam to third and Jack

GANGWAY—Harold Lewis, who led the Harvester ground attack against Paschal at Fort Worth Friday night, is shown during a 28-yard gallop during Friday's tilt. Raiders Surprise Undeclared Oklahoma Aggies, 27 To 13

STILLWATER, Okla., Oct. 3.—UP—Texas Tech found a cool drizzle a fine tonic Saturday and kept firm control on the wet ball to defeat Oklahoma A&M 27 to 13 before 10,500 dampened fans.

The Red Raiders from the dry plains of West Texas rambled to a three-touchdown lead in the first half before the favored Oklahoma Aggies could score. Tech's quarterback Jack Kirkpatrick ran for two of the first-half touchdowns, and

Pitt Stuns Sooners In 7-7 Deadlock

PITTSBURGH, Oct. 3.—UP—Pittsburgh came from behind in the final period to the speedy Oklahoma, 7-7, Saturday in an inter-sectional battle before 33,923 sweating fans.

Pitt, dog-tired in the 87-degree heat and trailing 7-0, took an Oklahoma punt on the Sooner 48 and marched to the visitors' one-yard line in 14 plays. Then Pete Neft, a 19-year-old substitute quarterback, hurdled the middle of the Oklahoma line for the touchdown. Guard Paul Blanda kicked the tying point.

Missouri Rips By Colo. 27-16

By GENE MEAKINS
BOULDER, Colo., Oct. 3.—UP—Missouri's whipsaw Split-T offense and sharp secondary completed and intercepted enough, passes Saturday to demolish Colorado 27 to 16 and end a 12-game home winning streak for the Big Seven's youngest member.

Missouri scored twice in the first five minutes of the game, and appeared ready to rout Colorado.

Georgia Tech Outplayed But Ekes By SMU Mustangs, 6-4

By BILL FERGUSON
ATLANTA, Oct. 3.—UP—Geoplatonated and desperate, Georgia Tech got one touchdown on the breaks, dug in on the goal line and finally gave up two safeties Saturday and barely stretch football's longest unbeaten string through 29 games.

Playing their first game under ex-junior college Coach Chalmers Woodward, the new breed of Mustangs threw a mammoth line against the favored Engineers and kept them bottled up most of the way.

Cougars Hold 7-2 Lead At Halftime

By LLOYD LARRABEE
AUSTIN, Oct. 3.—UP—Texas struck with four lightning-like scoring thrusts in the third period Saturday to come from behind and hand the University of Houston's Cougars a 28 to 7 defeat before 30,000 fans at Memorial Stadium.

The up-and-coming Cougars, meeting the 1963 Southwest Conference champions for the first time, took advantage of five Texas first-half fumbles to hold a 7-2 lead at halftime. But the Longhorns retaliated with an 11-minute scoring spree in the third quarter that left Houston demoralized.

Houston quarterback Newton Shows put his team in front with an eight-yard pass to end Ben Wilson in the second period on a brief scoring drive set up by a fumble by Texas a quarterback Charles Brewer. Halfback Donnie Dietrich converted.

Texas had to be content with a two-point safety in the first half, scored when end Menan Schriever pounced on a fumble by back Ted Gray in the end zone.

But Longhorns counted touchdowns in third quarter on a five yard dash by fullback Doug Cameron, a 33-yard pass from quarterback Bunny Andrews to end Gilmer Spring, a two-yard dive by fullback Joe Youngblood and a goal line plunge by halfback Paul Parkinson.

Superior manpower showed its effect as Texas Coach Ed Price poured three platoons into the breach to stem the Cougar tide in a clash marked by a brief downpour, followed by steamy 89-degree temperatures.

QB Meeting Set Tomorrow

The Pampa Quarterback Club will view the Harvester-Big Spring film and possibly the PHS-Paschal game at the weekly meeting Monday night.

The meeting, to be held at the 8 a.m. Houston auditorium, will begin at 8 p.m.

Precision of a watch's hairspring is affected by the static electricity generated and given off by the human body. Such electricity is absorbed by the mechanism of the watch.

Porkers Outlast TCU Frogs, 13-6

FAYETTEVILLE, Ark., Oct. 3.—UP—Arkansas, which almost automatically wears the longest odds in the Southwest Conference, held off a desperate Texas Christian University rally in the fourth period Saturday and beat TCU 13 to 6.

The game, which 14,000 persons saw, opened the Southwest Conference football race. It also was the first conference test for two new coaches, Bowden Wyatt of Arkansas and Abe Martin of TCU.

Wyatt, who was hired to build Arkansas' into a winning team after its years of hard luck, installed the single wing to replace the Arkansas Split-T. Martin introduced the T to replace the spread of Dutch Meyer, his predecessor.

Arkansas took the initial kickoff on its own 20-yard line and in 11 plays drove to the first touchdown. The drive was highlighted by a 55-yard run around left end by tailback Lamar McHan to the TCU 7-yard line.

Bullied Over
Henry Moore pulled his way over center for the first touchdown of the game four plays after McHan's run. McHan's attempt for extra point was blocked.

Neither team seemed able to move the ball until late in the second period. TCU's left halfback, Marshall Robinson, then moved for a 20-yard gain to the Arkansas 30, but a jarring tackle by McHan caused Robinson to fumble, with McHan recovering.

The 190-pound senior tailback then directed the Arkansas reserves on a 70-yard touchdown drive. It was climaxed by a 25-yard pass to McHan.

On the first play, Leake faked beautifully to his fullback, faded back with the ball concealed and then fired to Grigg along the right sideline. With the Pitt secondary completely fooled, Grigg took the ball on his own 38 and outstepped two Panther defenders.

Pitt Drives to Score
In the final period, Neft teamed up with fullback Bobby Epps and reserve fullback Ray Ferguson as Pitt drove for the score. Neft, the game's leading ground gainer with 73 yards on 21 carries, repeatedly denied Oklahoma's defense for large gains. But a 15-yard pass from Neft to Ferguson put the ball on the Sooner's four-yard line. Three plays later Neft dove over.

Brilliant goal-line stands by both teams kept the score down. Oklahoma failed to cash in on a break in the third quarter after Bob Burris recovered Epps' fumble on the Pittsburgh six. The Panthers dug in and limited Oklahoma to five yards in four tries.

In the opening seconds of the final period, the Sooners halted Pitt on the Oklahoma half-yard line.

Score by periods: 0 0 7 7—Pittsburgh; 0 7 0 0—Oklahoma.

Oklahoma scoring: Touchdown, Neft. Conversion, Blanda. Conversion, Grigg. Conversion, Leake.

Rutgers 20, Virginia Tech 13
NEW BRUNSWICK, N.J., Oct. 3.—UP—Rutgers University, opening its 6th football season, routed the 13th-ranked Cavaliers in the second half and upset Virginia Tech 20 to 13 Saturday before 10,000 at Rutgers Stadium.

Texas A&M Ags Outpoint Georgia By 14-12

DALLAS, Oct. 3.—UP—Texas A&M, an aroused underdog, came roaring from behind Saturday night to give touted Georgia a lesson at its own game with a sparkling aerial attack and slashing running game that gave the Aggies a well-deserved 14 to 12 victory.

An effortless 15-yard lob into the end zone from quarterback Don Ellis to halfback Johnny Salyer with 1:43 to play was the telling blow of the inter-sectional clash, but it was the pounding feet of sophomore Billy Pete Huddleston and Edwood Kettler that made the difference.

The Texas Aggies caught fire in the final minutes when they capitalized on a Georgia fumble to set up the winning play after a long drive of their own had fizzled out moments before.

Unerring Tosses
Zeke Bratkowski, Georgia's talented tosser, had a rough time of it against the Texas A&M defenses, but he kept the crowd of 20,000 and the Aggies on edge constantly in the action-packed second half with his unerring tosses.

All of the scoring was packed into that final 30 minutes after a listless first half with Bob Clements putting Georgia out in front with a four-yard scoring smash early in the third quarter.

The Aggies roared right back

Texas A&M Ags Outpoint Georgia By 14-12

with 10 tremendous ground plays, featuring Huddleston, Salyer and Kettler to move 50 yards—in 10 plays, climaxing by a two-yard knife through left tackle to knot the drive. Kettler then kicked the first of two conversions to shove Texas A&M out front.

Georgia Takes Lead
Bobby Garrard, a sophomore halfback, sent new life surging into the Georgia cause early in the final quarter when he scooped in a punt on his own 14 and sped 79 yards down the sidelines before Aggie fullback Bob Easley overhauled him only seven yards from the goal.

Three plays later halfback Charlie Madison rolled around a pileup at the center of the line to switch the lead to Georgia 12 to 7. With time beginning to run out, the Aggies surged goalward with two four-down gambles that paid off, but the drive fizzled and the ball went over on the Georgia 23.

On the first play, Howard Kettler tumbled and an Aggie recovery set up Ellis' playoff lob to Salyer, who was all alone in the end zone.

Score by periods: 0 0 7 7—Texas A&M; 0 6 6 12—Georgia.

Texas A&M scoring: Touchdowns, Kettler 2.
Georgia scoring: Touchdowns, Clements, Madison.

Nerve to Heart
Custom of wearing engagement and wedding rings on the third finger of the left hand is said to have originated in an ancient belief that a delicate nerve runs directly from that finger to the heart.

Score by periods: 0 0 7 7—Pittsburgh; 0 7 0 0—Oklahoma.

Oklahoma scoring: Touchdown, Neft. Conversion, Blanda. Conversion, Grigg. Conversion, Leake.

Rutgers 20, Virginia Tech 13
NEW BRUNSWICK, N.J., Oct. 3.—UP—Rutgers University, opening its 6th football season, routed the 13th-ranked Cavaliers in the second half and upset Virginia Tech 20 to 13 Saturday before 10,000 at Rutgers Stadium.

Leaders Hit Rocky Road In Week's Schoolboy Grid Tilts

By UNITED PRESS
A gridiron earthquake struck the high-and-mighty in all divisions of the Texas schoolboy football race Friday night, toppling such touted teams as Corpus Christi Ray, Houston Lamar, defending champion Breckenridge of Class AAA and Palestine.

Once-tied Port Arthur knocked off Pay 14 to 6 while once-beaten Harlingen fought highly-favored Lamar 7 to 0 in a 7-to-7 tie in the biggest upsets in Class AAAA.

Ahlens spilled Breckenridge 19 to 6, while North Dallas bowled over Palestine 20 to 13 in the Class AAA shockers.

Undeclared Stamford whitewashed previously unbeaten-untiled Balinger 42 to 0 in the standard Class AA result, while Electra fell out of the unbeaten class 13 to 6 to Jacksonville, Seagoville was beaten by Class A Wilmer-Hutchins 11 to 20, San Saba got no better than a scoreless draw with Class A Burnet, Del Rio upended Floresville 14 to 6, Laredo kicked Eagle Pass 13 to 7 and Refugio dumped Aransas Pass 12 to 6.

Trampled out of the unbeaten ranks in Class A were Paducah, Glen Rose, Farmersville, Whitesboro, Whitewright, Hawkins, Woodville and Lovelady, while Overton, Burnet Bellville and Hebbronville suffered ties.

Meanwhile, Class AAAA champion Lubbock beat Fort Worth North Side 13 to 7 for its 29th victory in a row and Class AA champion Terrell walloped Mesquite 65 to 0. Class A champion Wink doesn't play until Saturday night when it faces Fort Stockton.

Brownwood, Lufkin and Pharr-San Juan-Alamo also fell from Class AAA's unbeaten ranks as San Angelo nipped Brownwood 13 to 6.

SPORTSMAN'S DIGEST

LEARN HOW DEEP YOU'RE TROLLING

7-6

MOST TROLLING ANGLERS OVERESTIMATE THE DEPTH THEY THINK THEY ARE FISHING BECAUSE THEY MAY HAVE SEVERAL HUNDRED FEET OF LINE OUT.

YOU CAN FIND EXACTLY HOW DEEP YOUR LURE IS MOVING BY GRADUALLY TROLLING CLOSER TO SHORE. WHEN YOUR LURE BECOMES SNAGGED ON THE BOTTOM MOVE BACK UNTIL YOU'RE RIGHT ABOVE IT. MAKE A SURFACE MARK ON THE LINE.

THEN WHEN YOUR LURE IS FREE MEASURE THE LINE UP TO THE MARK.

Irish Romp Past Purdue

By ED SAINSBURY
LAFAYETTE, Ind., Oct. 3—UP—Notre Dame shattered Purdue with merciless efficiency Saturday, running up a 37 to 7 margin, as Purdue lost possession of the ball four times on fumbles and three times on pass interceptions before a capacity 49,138 fans.

The Irish, as usual, won on alertness, taking advantage of every break. Two of their five touchdowns came after bollemlaker fumbles, another after a pass interception, a fourth after a six-yard Purdue punt, and the fifth on an 86-yard kickoff return by John Lattner.

Lattner and his veteran running mate at fullback, Neil Worden, were the main cogs in the Irish offense. Worden made 43 yards in seven carries and two of them were for 11 yards each and both good for scores. Lattner carried 14 times for 60 yards in addition to his touchdown ramble.

But Coach Frank Leahy, as his team worked to a 30-point edge in the opening three periods, had a fine opportunity to work his reserves, as sophomore backs Dick Fitzgerald and Dick Washington, each saw action and Fitzgerald turned in 90 yards on 10 tries, including a 46-yard prance, while Washington made 48 yards in six carries and had a 31-yard touchdown run.

Ralph Guglielmi, the Irish quarterback, was credited with the final Irish tally on a four-yard sneak after end Don Penna had recovered a fumble by Purdue's Roy Evans on the Bollemlaker 42. Guglielmi also had a successful day passing, hitting on seven of his eight attempts for 92 yards.

Purdue's game was a tale of misplays. Fullback Max Schmalig, the only Purdue runner that gained consistently, made 49 yards in 10 carries, but he fumbled twice, once on his own 48 and again on his 24. An Irish score followed the first of these fumbles.

Three times in the second period, passes by Evans were intercepted, once by Guglielmi and twice by Tom Carey.

Score by periods:
Purdue 0 7 0 0—7
Notre Dame 10 13 14 0—37

Touchdowns: Notre Dame, Worden 2, Lattner, Guglielmi, Washington; Purdue: Kerr. Points after touchdown—Notre Dame; Mavrides; Purdue; Evans. Field Goals—Notre Dame, Mavrides.

Yanks Deny Last Play Was Boner

BROOKLYN, Oct. 3—UP—A bonehead play? The beaten New York Yankees denied it Saturday down to the last man.

"Don Thompson made a helluva throw," said a stunned Billy Martin, the Yankees second baseman who was thrown out at the plate for the final out as the Dodgers licked the Yankees 7-3 in the fourth game of the World Series.

"I still don't see how he made that throw."

"I told Billy to go in," said third base coach Frankie Crosetti. "It was my responsibility. I thought Billy could make it easy. Thompson made a perfect peg, one hop to the plate."

"I was sure my hit would score 'em both," said Mickey Mantle, who singled to left where Thompson had replaced Jackie Robinson for just such a defensive emergency in the ninth.

Mantle came up with two out and the bases loaded in a last-ditch Yankee stand—Gil McDougald on first, Martin on second and Gene Woodling on third.

Mantle's single scored Woodling but Martin, out at the plate easily on what appeared to be one of the great World Series boners, made it the final out and the Yankees rally died.

"Mantle hit a hard, low liner," said manager Casey Stengel. "Naturally, we didn't try to gamble for that run because we had to keep the rally alive. It was just a great throw by that left fielder, that's all." Actually the Yankees were licked before that. The questionable strategy merely quenched a last-ditch hope.

"I thought Ford was bad," said Stengel of his starting pitcher. "He didn't have it. I was losing with him and had to take him out after one inning. Use him again? I dunno. Maybe later at the stadium. We'll have to wait on that one."

McDougald, who drove in the first two Yankee runs with a homer in the fifth off Brooklyn's Billy Loes, found little joy in relating, "It was a straight one down the middle. I got a good piece of it, I guess."

Martinez Confident Of Winning Crown

NEW YORK, Oct. 3—UP—Welterweight Vince Martinez, heartened by his impressive technical knockout over Jimmie D'Andrea, said Saturday: "I've learned to pace myself, and I'll win that title yet."

Violent Vince of Paterson, N.J., stopped young D'Andrea of New York at 1:58 of the fifth round Friday night before 3,000 in St. Nicholas Arena.

That victory in the nationally televised and broadcast bout will send 24-year-old Martinez back to Madison Square Garden in a main event Nov. 20 or 27 against Danny Giovannelli or Billy Graham.

Martinez, 148 1/2 pounds, coasted in the first two rounds as D'Andrea, 153 1/2 pounds, plodded after him with a bob-weave hooking attack aimed chiefly at the body.

Lefors Personals

LEFORS — (Special) — Mr. and Mrs. W. W. Bratcher of Lefors have just returned home after visiting with their son Kenneth Bratcher and wife in Dallas, and with Mr. Bratcher's brother and family in Paula Valley, Okla.

Mr. and Mrs. Billy Lacy of Amarillo visited this week with Mr. and Mrs. R. H. Lacy and family in Lefors.

Mrs. Alfred Bennett, sons Alfred and Billy and daughter Maryville, visited with Mr. Bennett in Stafford recently.

Mrs. Bill Tillman and Mrs. Walter Pflug of Lefors took Mrs. J. L. Bromlow to Amarillo this week where she will remain for a few days treatment.

John Klyce, son of Mr. and Mrs. G. B. Klyce of the Colfax Carbon Camp, was released this week from the hospital. He had suffered a broken arm during a football game between the Gasoline Plant boys and the Carbon Plant boys on Saturday.

Mrs. D. M. Jones of Lefors visited recently with her niece in Panhandle.

Ruth Crutcher and Lonzo Turner

Forbes To Keep Bureau Position

WASHINGTON, Oct. 3 — The Eisenhower administration has decided to keep John F. Forbes as director of the Bureau of Mines despite a previous effort to replace him.

Forbes has long had the support of John L. Lewis who protested heatedly when Interior Secretary Douglas McKay decided to nominate Tom Lyon as bureau director last May.

President Eisenhower withdrew Lyon's nomination after Lyon stated the Senate Interior committee.

Oliver Scotts and other friends in Lefors this week. The Garbers are former residents of Lefors.

Mr. and Mrs. Roy Jeffries of Lefors left this week for a visit to Arkansas.

Little Walter Roy Todd of Lefors was honored with a birthday party in his home recently.

Connie (Garber) Redus, a graduate of Lefors and of Tulsa University, is now teaching school in Oklahoma City. Redus, also a graduate of Lefors, is attending Oklahoma University.

by testifying he gets a revocable \$5,000 annual pension from Anaconda Copper Mining Co. and opposed the federal Mine Safety Law.

Undersecretary of Interior Ralph A. Tudor said Friday Forbes will remain in his present post until he retires from federal service. Forbes will be 68 Nov. 21. He has been with the bureau for more than 38 years and has served as director since Nov. 15, 1951. Civil service employees may retire at 65 and must resign at 70 unless their term is extended by the President.

White Deer Personals

WHITE DEER — (Special) — W. Bates has returned from several months of work in Pierre, S. D.

Mr. and Mrs. J. W. Wells transacted business in Miami Thursday.

Mr. and Mrs. W. S. Berry left Thursday for Oklahoma City where Berry will be admitted to McBride Hospital. Berry will be operated on and will have bone grafting done.

Mr. and Mrs. L. J. Sutton are back home after having their Gulf Station closed for the past five weeks.

Visitors in the home of Mr. and Mrs. Paul Powers recently were Mr. and Mrs. A. W. Chisum, and boys, and Mr. and Mrs. Grady Bailey and son of Miami; Mr. and Mrs. Royce Bailey, of Amarillo; Mr. and Mrs. Les Saltzman, of Pampa; Mr. and Mrs. Bob Galman and son, and Mrs. Mollie Seitz, all of Mobeetie. Occasion was a farewell dinner for Adrian Chisum, brother of Mrs. Powers, who is being transferred to Salina, Kans., from Amarillo Air Force Base.

Orvil Franklin has been a patient in Highland General Hospital.

A number of farmers are still traveling to other parts of the country with their machinery. Most of them seem to be going to South and West Texas.

Mr. and Mrs. E. E. Foose and family visited her brother, and family, Mr. and Mrs. M. W. Crawford, in Oklahoma City, recently. While there, the group attended the Notre Dame-Oklahoma U. football game. Others attending the same game included Coach and Mrs. James Loye of White Deer.

Little James Wheeler, son of Mr. and Mrs. Joe Wheeler, had the misfortune of breaking an arm during play at school this past week.

Mrs. Lee Thompson, of Brownfield, visited friends here a few days this week.

Mrs. J. C. Freeman and daughter, Mrs. Bill Fagan, of Troy, N. Y., visited in Denver, Colo. this week.

Mrs. Jo HySmith and boys visited Mrs. Hope Rusk in Canyon recently.

The Baptist parsonage is getting some face lifting. Included in the redecorating is the addition of asbestos shingles over-all.

H. M. "Nick" Nichols, of Panhandle, and Dr. Frank Sims, of Pan-Tech Farms were in town this week.

H. W. Buchanan has returned from a visit with Lt. and Mrs. Bill Buchanan in California.

SPANISH BASES ANCHOR MEDITERRANEAN DEFENSE — Soon-to-be-acquired bases in Spain, along with those already in operation in the Mediterranean (shown in white area on above Newsmap) would act as defense anchors for the western allies. They run from Turkey in the east, to the Iberian Peninsula in the west. The bases in Spain could act as steppingstones for bombers on stabs deep into the Soviet heartland. Because they are located behind the protective land barrier of the Pyrenees Mountains, and beyond the range of Russian MIG's, enemy aircraft would have to fly over more western soil and would be much easier to intercept.

Peg O' Pampa

"The best age to have fun is the one you're in."
...Marcelene Cox

AND ISN'T THIS one of the best times of the year to have fun? School means lots 'n lots of excitement when it includes happy weekend trips for football games. Then there's play practice already going on, up at high school, and most of the teenage clubs have scheduled their parties and dances for the fall season! The first meetings of the women's clubs are being held, and it's always so good to get back in the swing of things and enjoy the enthusiasm of a brand new set of club leaders. Yearbooks promise interesting and varied program studies. Even our men experience this annual "back-in-the-harness" feeling, and they're busy with Quarterback Club, something they always take on in addition to their other civic club work. Maybe we're all organization-happy in the autumn, but what better way to accomplish good for ourselves and others than joining forces?

AND SPEAKING OF YEARS — heard that Mrs. Lillie Mae Fowler of the telephone company was presented a "Five-Year Pencil" recently. The gold pencil which was decorated with a gold bell meant that Lillie Mae, who by the way is chief operator in traffic, has completed five years with perfect attendance. She's been an employe of the phone company for the past 23 years.

HAS YOUR CLUB been thinking what it could do to help in the United Fund drive? It's going to be up to us to make this combined effort a success, and eliminate the complaint of too many money-raising campaigns in Pampa. It's especially nice to have all the meetings, kick-off breakfasts, rummage and bake sales, and store-to-store soliciting all rolled into one drive.

IF WISHING MADE IT SO... Peg would wish for the Ray Kuhns' built-ins along their fireplace wall... the young, growing weeping willow behind the Harvey Nenstiel home... the "vi-talent-y" of Mrs. Otis Nace... the woodburning fireplace in the W. R. Campbell home... the hat wardrobe of Mrs. Luther Pierson... the green thumb of Mrs. W. C. Mitchell or Mrs. L. E. Willis... the cooking ability of Mrs. Gene Fatheree or Mrs. Claud Wilson... the silver coffee services owned by Mrs. Vernon Hobbs or Mrs. E. C. Sidwell... the perfectly designed closets in the Frank Culbertson home... the cute hairdo Jean Chisholm is wearing... the dependability of Mrs. H. H. Hahn... the antiques collected by Mrs. Ralph Esson... the wonderful, infectious laugh of Mrs. Eddie Dunigan... the attractive interior of the Hugh Burdette home... And while we're wishing, wouldn't it be nice if home-life everywhere could be as it is at 1211 N. Russell?

WHO HAS A GOOD recipe for apple dumplings... been real hungry for them at our house. Another thing that sounds good come Autumn (if and when) is Tamale Pie, the kind you put in the oven until a sort of corn meal top crust bakes to an even brown. Haven't you eaten them in cafeterias and always wondered how they were made?

FUN NIGHT PLANS are underway already and we're looking forward to seeing some folks we haven't seen in ages... well, since last year's open houses at the schools. And there are so many nice new teachers in the school system to join our favorites already there... favorites like Mrs. C. W. Stowell, Mrs. Ben Ogden, etc... Remember the national "prettiest teacher" contest. We should enter some. How about Patricia Lively, English teacher; Coach Terry Cully's wife, Betty, who teaches physical education.

WONDER IF WE'LL even be started burning fall leaves by the time fire Prevention Week is over. Chris Walsh and Kirk Duncan are working with Chief Winborne on the observance, and we're watching the paper for special do's and don'ts. Seriously, what is the practice when leaves start falling and swish-swooshing along streets and sidewalks? Should we be as cautious as possible and burn them, or would they be picked up by city trucks if placed in boxes or baskets beside garbage cans? We do hope for an exhibit of the fire prevention posters... we might learn a lot from imaginative grade schoolers who LOOK for the fire hazards adults too often OVER-LOOK.

PANORAMICALLY: The Walter Purviances are enjoying their air conditioned car, yet... and wouldn't we all if the summer-like weather continues... Why is it the best desserts always off-balance your caloric count for the day?... For instance, the dessert Mrs. Jimmie Thompson served at a bridge the other day... The George Scotts were planning a football weekend in Dallas and a happy time with school-teacher daughter, Betty Joyce... Another Mama and Daddy with every reason to be proud of their daughter, are Mr. and Mrs. Sug Cobb... Sally's high score on her entrance exams rated her a nursing scholarship in St. Louis... Been hearing about some nice entertainments for Mary Bonner... They'll be leaving soon for Dallas where the doctor will study pathology... Love beezig black hats like we've seen Mrs. George Cree Jr. and Mrs. Homer Dockery wearing... Did you see the Associated Press picture of James Hart in all the papers... We'll have a chance to pay tribute to James, Eugene Williams and all other Korean veterans at the Amarillo-Pampa game... Seems fitting, somehow, that this recognition day should come on the day we play the Sandies... Hasn't "How are the Harvesters doing" been a stock phrase with servicemen ever since World War II?... Pampanns have been listening in on the World Series, and the Bicky Raymond Reids are there on the spot... Mrs. Fred Neslage is always bright and gay as the yellow knit suit we saw her wearing...

DID YOU READ the letter from Sgt. Frank Ledford, a former PHS student, who urges we write some of his buddies in Korea. Talking about club projects, looks as if that would be a wonderful one for some of the younger groups... or older ones... because the boys like to get mail from anyone! Imagine! If even 20 members in one club spent 15 minutes each writing a letter following their program, 20 GIs would be made happy 15 times over. And, never fear, 20 letters would come popping back from Korea... soldiers overseas are the best and most prompt pen-pals one can have!

As ever,
PEG O' PAMPA

TO ATTEND COUNCIL — Mrs. Jake Garman, 1125 Charles, seated, and Mrs. W. B. Herr were to leave for San Angelo to attend a two-day meeting of the Diocesan Council of Catholic Women. Mrs. Garman is president of the council and Mrs. Herr is to serve as delegate from the Pampa Holy Souls Catholic Church. Theme of the meeting is to be "The Lay Apostolate in Promoting Religion." (News photo)

Clayton Husted Is Guest Speaker For Council Of Clubs At Recent Meeting

Members of the City Council met recently in the City Club Rooms with Mrs. Ralph Thomas, president, in charge of the business session. Clayton Husted was guest speaker for the group.

Seafoods Plentiful For Month Of October

Have you ever thought about how much of our food comes from the sea around us? Not as much, of course, as comes from our land in terms of tonnage, but in terms of providing the essential minerals and nutrients needed in every diet, the sea provides a major share of our food.

Fish will be plentiful during October, according to the U.S. Fish and Wildlife Service. Not only are stocks in cold storage larger than they have been any previous year at this season, except that of 1952, but the catch from Gulf waters looks promising.

First big hauls from the autumn catch in the Gulf promise fat and juicy oysters, a city shrimp of all sizes and big crabs with plenty of meat. Also, mullet, red snapper and catfish are being caught in increasing numbers.

Now if you want the rare delicacies such as smoked fish, you may have to pay more for them this fall. Here's why. Holdings total only slightly more than a million pounds, which is about one-fifth less than last year at this time. However, mild-cured salmon stocks are about 14-per cent larger than a year ago.

New crystal plates and cups have been purchased by the council and were shown to the group. The Council accepted the Altrusa Club into the organization as a new member club.

Announcement was made that the gray ladies were being formed again and the group will meet Tuesday morning at 9:30 in the Red Cross office. Mrs. Frank Shotwell announced that any interested women would be welcome to participate.

About 35 club representatives attended the meeting.

Thoughtful Thief

MADISON, Wis., Oct. 2—UP—College students Phillip Stafisieu and James Cady won't mind it a bit if the thief who stole their wallets recently makes a habit of it. Thursday the youths got a letter with \$40 enclosed—\$10 more than was stolen—and an explanatory note.

"The extra \$5 in each case is so that you can buy new wallets," the note said.

Epsilon Sigma Alpha Sorority Annual Fashion Showing Rehearsal Is Scheduled

Rehearsal of the Epsilon Sigma Alpha Sorority sixth annual fashion show will be held Thursday evening at the Pampa Junior High School Auditorium at 8 o'clock. The actual show which will have a television theme will be held Oct. 11 at 2:30 in the school auditorium. Mrs. Melvin Watkins is general chairman of the showing which will benefit the Carver School playground.

Assisting Mrs. Watkins is Mrs. Norman Fulps as co-chairman. In charge of the tickets and programs are Mrs. Albert Doucette and Mrs. Bruce Parker. Publicity will be directed by Mrs. Jack Samsel assisted by Mrs. Fulps. Mrs. Tom Lindsey will have charge of entertainment and will be assisted by Mrs. Walter Reek. Mrs. Parks Brumley will be responsible for the house and Mrs. Burton Doucette will be properties manager. Mrs. Herman Foster will do the floral decorations.

Members of the contact committee have arranged for models and fashions to be shown. That committee includes Mrs. Guy LeMond, Mrs. Gwen Gray and Mrs. John Nutting. Script will be written by Mrs. Bert Arney. Mrs. Oran Payne and Mrs. Bill Ragsdale.

American Legion Auxiliary Meets

Members of the American Legion Auxiliary met recently for an executive board meeting in the City Club Room. Mrs. Frank Shotwell, president, was in charge.

Delegates were appointed to represent Pampa at the district convention to be held in Amarillo Oct. 10. The delegates are Mrs. Joe Shelton, Katie Vincent and Frank Yae. Mrs. Wayne Washburne, Mrs. Roy Hall and Mrs. Gladys Turner are alternates.

Plans were made concerning Christmas gifts to be given to the gift shops for hospitalized veterans. Members planned to give a donation to the United Fund drive.

Mrs. Al Lawson reported on child welfare and Mrs. Washburne gave a report on rehabilitation. Mrs. Frank Lard gave a discussion on "How Deep Are Our Roots." This was the history of the Auxiliary.

Kezzie Mae Circle Meets In Home

SKELLYTOWN — (Special) — The Kezzie Mae Circle of the Women's Missionary Society of the First Baptist Church met in the home of Mrs. Buck Durning recently.

Mrs. Tom Ingram called the meeting to order and Mrs. Jerry Biggers gave the opening prayer. Mrs. Buck Durning gave the devotional. A book review on "Sacrifice and Song" was given by Mrs. L. F. Karlin.

New officers for the year were elected. Mrs. Tom Ingram was elected chairman; Mrs. Dave Dickinson, secretary; Mrs. Bill Houghton, community missions; Mrs. Travis Fatterson, Bible study; Mrs. L. F. Karlin, stewardship chairman; Mrs. Jerry Biggers, mission study; Mrs. G. C. Huckins, benevolence; Mrs. Charles McCord was elected to be the Young People's leader; and Mrs. Buck Durning was elected program and literature chairman.

Mrs. Marshall Satterwhite gave the closing prayer.

CHECKING SEAMS — Judges of home demonstration and 4-H Club exhibits in the American Legion Hall Saturday check seams of clothing made by Gray County club members. Left to right are Mrs. Ruby Campbell, Hemphill County Home Demonstration Agent; Mrs. N. B. Cude, exhibit chairman, Worthwhile Club of Pampa; and Miss Mary Moreman, homemaking teacher in Pampa Junior High School. (News photo)

New Hymn Book To Be Published

By ELIZABETH TOOMEY
NEW YORK, Oct. 3—UP—The conversation took place in a carpeted French restaurant in the heart of Rockefeller Center.

A handsome young man, carrying a briefcase from his advertising office in the next building, did most of the talking during lunch, mixing Biblical quotations with Madison Avenue slang.

The talk was of hymn singing. The topic was no less surprising than the speaker.

"We wanted it to be a happy book, one the whole family would use," said Lee Bristol Jr. Then he grinned and added, "We worked on the premise that no souls are saved after five stanzas."

His humor and enthusiasm were so contagious that even the waiter lingered to listen. Bristol was talking about a new book called "Hymns for Children and Grown-Ups" which he and organist Harold W. Friedell edited. It will be published next week by Farrar, Straus and Young.

"Some of the hymns are so short we hope families may use them as grace," Bristol continued. "You know, shared religious experience is a fine thing. After you get over the first hurdle and sing or pray together, you get over the embarrassment."

At 35, Bristol already has established himself as a leading church layman, and at the same time has continued his music education here and abroad, worked as assistant producer on a famous TV comedian's program, and finally moved to his present job in an advertising office.

Worked on Train
"When we decided to do the book we agreed to meet every Thursday for lunch to talk over what we'd done that week," Bristol said. "I did a lot of my work on the train between here and home."

He commutes daily from Princeton, N. J., where he lives with his wife and two small children. Mrs. Bristol was a member of the choir he leads every summer at Bay-

head, N. J., when they met. Now the choir is limited to children from six to 13 "because they're more dependable at that age."

"I tested the hymns on my choir members last summer," the young composer explained with boyish eagerness. "We wanted them to say something to the children. We wouldn't, for instance, put in a hymn like 'Jerusalem and the Golden'." At the 11th hour we discovered we'd left out "Silent Night."

Hobart Street Church Girls Have Officer Election

The Hobart Street Baptist Church Junior Girls Auxiliary met recently at the church for election of officers. Miss Paula J. Vanderburg was elected to head the group.

After the election of officers the group sang "We've A Story To Tell The Nations." Miss Marquetta Cargile led in prayer.

Other new officers include Miss Cargile, vice president; Miss Louise Tyree, secretary; Miss Jo Ann Moxley, program chairman; Miss Mildred Stephens, social chairman; Miss Helen Brock, song leader; Miss Pat Vanderlinden, monitor; Miss Moxley, reporter.

After the closing prayer Mrs. Howard Vanderlinden had charge of the program.

Attending were Misses Helen Brock, Carol Hill, Virginia Jackson, Jo Ann Moxley, Mildred Stephens, Lena Mae Smith, Paula Jo Vanderburg, Pat Vanderlinden, Marquetta Cargile, Lanora Thomas, Truma Pate, Louise Tyree, Linda Doggett, Marilyn Gray, Mmes. Preston Wallace, Howard Vanderlinden and W. I. Vanderburg.

Thirty peaks in Colorado are higher than Pike's Peak, which ranks 31st in height.

Hobart Street Baptist Women's Missionary Union Members Meet

Members of the Hobart Street Baptist Women's Missionary Union Circles met for visitation and Bible study recently.

The Juanita Harper Circle met in the home of Mrs. Claude Brock. The opening prayer was led by Mrs. Mildred Stephens. After a short business session a prayer was led by Mrs. Marge Keyser. The group visited the shut-ins.

Present were Mmes. Marge Keyser, M. H. Dickerson, W. D. Pate, W. A. Parr, A. C. Stokes, V. L. Henson, R. K. Douglass, Joe Murphy, W. O. Coll, F. E. Matheny, Mildred Stephens, C. E. Brock and Miss Mary Lou Douglass.

Members of the Nina Hankins Circle met in the home of Mrs. Ed Gentry for Bible study. After the opening prayer led by Mrs. Leonard Foster a short business session was conducted. The Bible study was taught by Mrs. Warren Jackson. Closing prayer was given by Mrs. Gentry.

Those present included Mmes. Leonard Foster, Chester Tackett, Warren Jackson, F. L. Billingsley, Joe Scott, Bob Johnson, Fred Welby, Bill White, P. D. Boddy, Ed Gentry and Alvie Freney. Mrs. Carl Ammons was hostess to the members of the Alma Jack-

son Circle which met for a Bible study led by Mrs. Lawrence Barrett. Opening prayer was led by Mrs. F. E. Matheny Jr. The business meeting was conducted by Mrs. Jack Gist. Closing prayer was given by Mrs. Ammons.

Members present were Mmes. Jasper Tackett, Lelan Coberly, Clyde Pegram, Jack Gist, Jack Alexander, Lawrence Barrett, F. E. Matheny Jr., Lun Pitcock and Carl Ammons.

Mrs. Paul Hulsey entertained members of the Jeanett Hunker Circle. After opening prayer led by Mrs. W. F. Vanderburg Mrs. Milburn Bates conducted the business session. Mrs. Leonard Hollis taught the Bible study lesson. Mrs. Bates closed the session with prayer.

Attending were Mmes. Nolan Wilborn, C. C. Hoover, Leonard Hollis, Glen Hamlin, W. W. Smith, Milburn Bates, W. F. Vanderburg, Lonnie Carlton, Maurice Newton and Paul Hulsey.

Next Wednesday all circles will meet at the church at 12:30 for a covered dish luncheon and royal service program. The Juanita Harper Circle will have charge of the program and the Alma Jackson Circle will have charge of the luncheon.

Calvary Baptist WMU Officers Are Installed

Officers were installed at the Friday evening meeting of the Calvary Baptist Church Women's Missionary Union. Miss Clifton Kelly of White Deer was the installing officer. She compared the officers and their responsibilities to trees.

Officers taking office include Mmes. Melba Langham, president; Bert Mitchell, first vice president; L. A. Lavery, second vice president; Jack Robertson, recording secretary; Wilda McGehee, corresponding secretary and treasurer; Lavell Stovall, young people's director; and L. L. Cooper, business women's circle sponsor.

Circle chairmen installed include Mmes. C. Prince, Travis Winegeart, Oleta Higdon and Nell Turpen. Mrs. C. A. Pixler was installed community mission chairman.

Other chairmen include Mmes. C. E. Humphries, mission study chairman; J. M. Hill, stewardship chairman; R. O. Clements, social chairman; Charlene Boyd, publicity chairman; and Nell Turpen, music chairman.

Women's Society Of Christian Service Meets In Circles For Bible Study

Members of the Women's Society of Christian Service of the First Methodist Church met in circles during the week for study.

Circles Three and Four of the Women's Society of Christian Service of the First Methodist Church met in Fellowship Hall with Mrs. Irvin Cole as hostess.

Mrs. H. W. Odom conducted the business meeting and made the announcements. After which a devotional, based on Dr. Peter Marshall's, "Power for Daily Living" was given by Mrs. Paul Bowers. Mrs. H. W. Clodfelter led in prayer.

A playlet, "The Three Kings," was given by Mmes. Roy Johnson, H. W. Clodfelter, L. W. Bonny and Hollenbeck.

Mrs. Bowers presented the study from Jeremiah. Mrs. Lee Harrah dismissed the meeting with prayer.

Guests present were Mmes. J. W. Phillips, Coy Palmer, Loyse Caldwell, Clodfelter and Harrah. Members from Circle Three were Mmes. Hollenbeck, Bryant, Eyer, Cook and Cole. Members from Circle Four were Mmes. Bonny, Bowers, Futrell, Richardson,

Johnson, Matloy and Odom. Circles Seven and Eight of Women's Society of Christian Service of the First Methodist Church met in the Church Chapel. The meeting opened by singing "Sweet Hour of Prayer." Mrs. A. L. Lawson led in prayer.

Lesson study was on the prophet, Jeremiah. Scriptures on the spirit and power of prayers were read by Mmes. S. C. Evans, Tom Cook, W. S. Exley, W. R. Ewing, H. P. Doster, John Sweet, and R. E. Hamm. The meeting was dismissed with prayer by Mrs. F. R. d Cary. Members present in Circle Seven were Mmes. W. R. Campbell, Sherman White, George Walstead, R. K. Elkins, John Sweet, R. I. Davis, P. H. Gates, B. F. Jackson, H. F. Barnhart, A. C. Stealy, A. B. Carruth, W. R. Ewing, A. Elder, R. Lawrence, and one new member, Mrs. R. E. Hamm.

Members in Circle Eight were Mmes. Joe Cargile, Tom Cook, W. R. Johnson, J. E. Kirchner, W. E. Exley, F. R. d Cary, S. C. Evans, H. W. Clodfelter and one visitor.

GRACE FRIEND

Dear Grace Friend,
At present I am employed in the office of a rather large concern where most of us are single young men and women. I have worked here for two years and have always gotten along fine with everyone.
Just recently a new fellow has been hired and I found him quite attractive and secretly hoped that he would like me too. However, the only things I seem to attract from this fellow are occasional equivocal remarks or teasings. He can never seem to carry on a normal conversation or even say anything nice to me at all.
I still think he is really nice underneath it all and do wish I could find some way of making him feel the same about me.
We recently held an office party and I did hope he would ask me, but instead he came stag, acted disinterested and left early, although I did notice his watching the whenever I danced with one of the other fellows, but maybe I just hoped he would.
I just can't figure out his behavior. I am sure he could be a very nice person if he wanted to be. I just wish I could get him to want to be. Could you possibly give me some ideas, I've used all of mine?
Julia

Dear Julia
Don't give up so easily. Continue to be friendly to him in the office. Perhaps you will have theater or ball game tickets soon and you might ask casually if he would like to attend the play or ball game with you.
He may be shy and afraid to ask you out for fear you might turn him down. Make it plain to him that you like him and enjoy his company and perhaps he will gain the necessary assurance.
WHERE TO FILE WILL
Dear Mrs. Friend
This happened in California.
My friend was on a trip in the north when she had a heart attack and died. What property she had was in another part of the state. Her home was in still another county. We have been wondering if her will could be filed in any of those three counties. We would appreciate it very much if you would tell us the answer.
Max

Dear Max
The will would be filed in the county where she had her legal residence.

Shoe production in the United States is about three pairs per capita annually.

Members of Circle Six met in the home of Mrs. Bob Anders. Members present were Mrs. Anders, E. C. Cox and A. O. Halligan. All circles will meet at the

church Wednesday for royal service programs.
Abraham Lincoln was nearly 40 years old when the first known picture of him was taken.

MATURE PARENT

By MURIEL LAWRENCE
Sooner or later, our children will discover we do not always practice what we preach. When they do, we should not retire from authority with our faces red and our confidence shattered.
Youngsters should be put straight when they attempt to use our failings to evade facing and correcting their own. Efforts to force us to overlook their mistakes by reminding us of ours are tactical devices that rot only the unwary or insecure father and mother.
When our youngsters demand a "good example" from us, they need reminding that we are, alas, fallible human creatures who have no pretensions to perfection. This tends to disarm them of their bumptiousness and gives us the chance to point out that we are making a pretty sincere and consistent struggle to do our best with ourselves.
A father I know couldn't fathom why his son seemed defeated in school. One day in a heart-to-heart talk, young Bob blurted out that he would never be "worth a darn"

because he hadn't his father's ambition and ability.
Bob, Sr., laughed with relief. "That's what you think," he told his son. "All my life I've had to struggle to get up enough energy to do my job. I had trouble staying in college. I've made more than my share of bonhead plays. Sure I've achieved something you'd call success. But not by being smarter or more immune from natural laziness than other people. Getting right down to it I guess the difference was just that I kept on plugging away and correcting my mistakes."
WE LEARN BY OUR ERRORS. Father Bob then gave his son a piece of sound advice: "Never be afraid of mistakes. We learn by our errors. People who never make mistakes don't have as many opportunities as we more human folks do."
This conference did a world of good for young Bob's morale. It broke down a barrier between Bob and his Dad and between Bob and real achievement.
Family leadership, like other leadership, is not gained by self-righteous assumption of freedom from human error.

Kit Kat Klub Members Plan Activities For October; Bake Sale Is Scheduled

Kit Kat Klub members met for a business session held at the home of Miss Jerry Sloan, 711 E. Browning, recently. Miss Alice Seawright was hostess for the meet.
A bake sale was planned for Oct. 17. The club voted to adopt a needy family. Miss Dixie Su Rhodes is in charge of this committee.
Miss Christine Pierce gave a report from the decoration committee for football dance scheduled for Oct. 23.
Plans were also discussed for a slumber party to be held by members of the Sub Deb Club and Kit Kat Klub.
The KKKK planned two projects for the month of October. They will sell poppies for the Veterans of Foreign Wars and serve as hosts at the Oct. 30 Community Concert.
Members present were Misses June Montgomery, Betty Osborne, Mary Wills, Lottie Wills, Carol Foster, Glenda Dudley, Carol Faxson, Claudette Matheny, Carolyn Dial, Patsy Darby, Nancy Harrison, Adelaide Skelly, Jerry Sloan, Jiggie Qualls, Judy Nance, Alice Seawright, Janice McWright, Carol Henry, Dixie Su Rhodes, Martha Skelly, Sheila Chisholm, Jerry Hill, Joan Rogers, Anita Wedgeworth, Cynthia Cantrell, Christine Pierce and Mrs. Jack Osborne, sponsor.
Mrs. Frank Hewitt Given Surprise Party
SKELLYTOWN — (Special) — Friends and relatives surprised Mrs. Frank Hewitt with a party on her birthday recently in her home.
Fruit jello, ice cream, cake and coffee were served to the honoree, Frank Hewitt, Mr. and Mrs. Howard Patton from Pampa, and Mr. and Mrs. Melvin Beighle and children. Patricia Ann and Mike.

MAPPING PLANS — The Oil and Gas committee of the Pampa Chamber of Commerce has virtually completed plans for Pampa's observance of Oil Progress week, Oct. 11-17. Members of the group are pictured above as they mapped plans for the occasion. In the picture, left to right, are: Fletcher Kennedy, general manager here for Stanolind Oil and Gas company, chairman of the Budget committee; E. G. Wedgeworth, manager of the Pampa Chamber of Commerce; C. A. Husted, regional chairman of the Oil Industry Information committee for the American Petroleum Institute; George B. Cree, Jr., chairman of the chamber's Oil and Gas committee; H. E. Schwartz, publicity chairman of Oil Progress week, and Dan Gribbon, retired Texas Company executive, chairman of the parade and Miss Oil Progress contest. (News Photo)

Oil Progress Week Activities Slated

A schedule of events during Pampa's observance of Oil Progress week, Oct. 11 through 17, were held in the office of the Chamber of Commerce Saturday by the chamber's Oil and Gas committee. The observance here, which marks the first time Pampa has gone in for a full scale observance, will begin next Sunday, with the erection of displays in windows of downtown stores and banks, erection of information booths, the completion of decorations in the main part of town and a prize shoot at the Pampa Skeet club at the northeast corner of the Rodeo grounds from 11 a. m. to 6 p. m. Nothing has been planned for Monday, Oct. 12, due to the observance of Business, Industry and Education day in Pampa. On Tuesday, Oct. 13 a banquet will be held at the Pampa Country club. The hour of the banquet will be announced later. This will be an invitation affair, with approximately 250 oil executives of this area in attendance. The highlight of the week's observance will be the parade on Wednesday, Oct. 14, at 3:45 p. m., featuring the 12 candidates for Oil Progress Queen and oil field equipment. The queen will be named after the parade and will be announced from a speaker's stand to be set up on the south lawn of the Gray County courthouse. Rep. Walter Rogers of this district will be the principal speaker. On Thursday, Oct. 15, a buffet luncheon will be held in the First

National bank building from 11:30 a. m. to 1:45 p. m. This also is an invitation affair for some 100 petroleum executives of the area. Announcement of decoration and cleanliness winners will be made that day. A free dance at the Southern club will be held on Friday, Oct. 16 from 9:30 p. m. to 12:30 a. m. Music will be furnished by the Mello-Aires. The week's observance will be concluded on Saturday with a sponsored invitation ham dinner at the Rodeo grounds at 4:30 p. m., with about 1,200 invited guests attending. Information booths will be erected in the Hughes building, Combs-Worley building, First National bank and Citizens Bank and Trust Co. The 12 high school girls in the Miss Oil Progress contest are: Seniors: Beverly Rogers, Leta Inmon, Su Stone and Gaye Nell Carter; Juniors: Peggy Cotten, Carol Foster, Nancy Harrison and Margie Rountree; Sophomores: Joan Robertson, Carol Henry, Shirley Keel and Anita Southard. The winner of the contest will receive an all-expense paid trip to the State fair in Dallas on Oct. 23, 24 and 25, with expenses included for her chaperon. She will stay in one of Dallas' leading hotels and will attend all of the special features of the fair. The queen and her chaperon will be flown to Dallas by Cap Jolly in the George Cree Drilling Co. plane. They will return Oct. 25.

Heavy Smoking Cited As Cause Of Lung Cancer

SAN FRANCISCO, Oct. 3—UP—Excessive smoking and "smog" have been singled out as possible causes of lung cancer at a meeting of the American Cancer Society's California division. Dr. Lester Breslow, chief of the chronic disease service of the State Department of Health, reported the "connection between heavy smoking and lung cancer cannot be argued away."

Breslow said Friday a study of 518 lung cancer victims disclosed nine out of 10 were smokers and more than seven out of 10 smoked more than a pack a day. The health director admitted smoking could not be the sole cause of lung cancer, but "one is led to the conclusion that excessive cig-

aret smoking is an important factor in the spectacular rise in lung cancer."

Presenting another theory, Dr. Paul Kotin, assistant professor of pathology at the University of Southern California, reported hydro-carbons extracted from the smoggy air of Los Angeles had produced cancer on mice. "The atmosphere seems to be most to blame for the rapid rise

of lung cancer," Kotin said. "The disease has increased most rapidly in industrial and urban areas suffering from air pollution."

Kotin said the university's medical school had accumulated a "basic knowledge" in three years of biological smog research but the subject was "still in its investigative infancy."

Flying Boom Has 'Busted'

WASHINGTON, Oct. 3—UP—The flying boom of the late 1940's has busted to such an alarming degree there might be a scarcity of civilian pilots in an all-out war.

This was admitted Saturday by government and airline officials who said flying is no longer glamorous to the average youth.

There also is the question of economics. It costs about \$500 to learn to fly, another \$100 a month to maintain a plane, and the aircraft industry has not yet produced the cheap, inexpensive craft blueprinted after World War II.

The number of students in civilian flying schools last year was only 21,000 as against 122,924 in 1947. More than half the schools that were buzzing in 1947 have folded up, with nothing to show but a few "beat up planes" instead of profits.

The boom reached its peak in 1947 when 100,000 World War II veterans got free flight training under the GI Bill of Rights. Some officials believed then a new and sound industry had been founded.

But in 1948-49 the number of students dropped to 49,876 and has been going down since. It is possible business will pick up next year — as Korean veterans take advantage of the GI bill — but officials don't expect a total enrollment of more than 40,000.

There is, of course, a big pool of qualified pilots but age is catching up with them far faster than they are being replaced. That is what is giving concern to both government and industry officials.

There is no specific program at

TUNING IN A HEART—Johnny Bujam's heart is being "broadcast" through an electro-phono cardiograph machine to anxious listeners, Janet Cahill, 9, and members of the Chicago, Ill., Variety Club. The organization donated the machine to the medical staff of the La Rabada Jackson Park Sanitarium.

present to entice youths into flying, except in the U. S. Air Force. But there are still plenty of schools for the youth with time and some money. Enrollment now is down to about the 1939 level — a mere 15 per cent of the peak enrollment of 1947.

Gilstrap To Preach At Local Church

Rev. O. H. Gilstrap will preach at the 11 o'clock services today at the Missionary Baptist Church. The regular pastor, Rev. Otto Hillis, has accepted an assignment at Lovington, N. M.

Gray County Farmers Store Feed In Trench Silo Method

By WALTER SWITZER
Pampa News Staff Writer

The advantages of the use of modern silage methods over the use of bundle feed for livestock was cited by Johnnie Johnson, Gray County farmer, who with Hubert Keahey, another local farmer, is now in the process of cutting and storing silage for various farmers of the area.

and storing of winter feed for livestock heretofore has been the high cost of labor," he continued, "but with equipment such as ours we can do the work as fast with less labor."

He explained that he and Keahey bought two silage cutters and put them together in such a manner that they can cover four rows at one time with the machine being operated by only one man, the driver of the tractor.

Getting back to the subject of silage, he said that with modern silage methods the feed stays much cleaner. "The trouble with bundles," he stated, "is that when feeding, the cattle get much of it dirty and there is much waste. That is not the case when trench silos are used. It has been proven time after time that cattle will eat all of the feed that comes from the silos."

Many farmers used to use water to pack down silage, Johnson said, but many times there resulted a big loss, because too much water was used. "We use a tractor to

When a trailer load is dumped into the trench, another tractor is driven into the pit to pack the silage.

HE STATED that a trailer is filled each 25 minutes and while one trailer is on its way to and from the silo, another is being filled. "In this manner we can do three or four times more work with less labor," Johnson added. As a parting thought, Johnson summed up the value of silage by declaring that it adds much to the food value and, when fed to dairy animals, it has a tendency to stimulate milk production.

Johnson, who came to Gray county with his parents 25 years ago, attended school in Pampa, where he was a member of the 4-H club.

He first joined the 4-H club in 1930, the first year Ralph Thomas, county agent, was here. Johnson's farm is located about 13 miles south of Pampa.

A GOOD YIELD was also noted on the Loyal Bird farm south of town, which was on irrigated land. Here the stand was considerably higher than on McKinney's dry land farm.

Also, on the same day on the Bird farm, John Mackey was harvesting maize with a modern combine, which harvested and cleaned the grain in one operation. After cutting eight rows, Mackey dumped the maize in a truck. This particular maize was of very good quality, Mackey said, and was not

believed to be too wet to take to the elevator.

Mackey leased a considerable amount of land from Bird and planted cotton earlier this year, but when bugs ate up the cotton, he replanted in maize. The stalks which remained after harvesting, he said, would make very good silage.

Predicts Food Price Leveling

WASHINGTON, Oct. 3 —UP— Undersecretary of Agriculture True D. Morse has predicted food prices in the grocery store will probably not get any higher. However, he said, he did not anticipate "such falling off" either. The present spread between relatively high consumer prices and low prices paid to farmers is due to "many factors," he said, including special packaging and processing methods, such as frozen foods. Morse said in a radio interview Friday night the Agriculture Department is investigating the price gap. He did not blame industry. But he said industry should be "very interested in making any adjustments that seem to be reflected by the facts that are developed."

WINTER FEED — Livestock on the Milton McKinney farm, about 30 miles south of Pampa, will be well supplied with feed this winter, as the above picture will show. Hubert Keahey is shown above in the process of dumping a trailer load of silage into the big trench silo on the McKinney farm. Keahey and his partner, Johnnie Johnson, were cutting about 100 acres of cane last week on the farm, using their modern cutting and chopping equipment, Johnson estimated that they would cut about 250 tons of silage from the 100 acres. (News Photo)

Southwest Grain

FORT WORTH, Oct. 3—UP— USDA—Weekly grain review:

A mixed price trend ruled southwest grain markets this week. However, records kept by the Production and Marketing Administration show only small changes from Friday through Friday.

Based on wholesale carlot quotations, Texas common rate points, wheat went up 1/4¢ a bushel on the low end of the range and a quarter of a cent on the high. No. 1 hard offerings closed Friday at \$2.37 1/2 to \$2.52 1/2.

White corn lost 4¢ a bushel on the low end of the range and 3¢ on the high. This left Friday's quotations at \$1.89 1/2 to \$1.93 1/2 for No. 2 offerings. Losses on No. 2 yellow corn were sharper at 8¢ to 8 1/2¢. Prices closed at \$1.90 1/2 to \$1.92 1/2.

Declining corn prices were influenced by increased offerings from the new crop. In sympathy with this trend, oat prices weakened. Based on cash sales at Fort Worth, No. 2 white oats ranged from 62 1/2¢ to 67 1/2¢ a bushel Friday. This was three-quarters of a cent lower on the low end of the range, but a quarter of a cent higher on the high end. Barley brought \$1.39 to \$1.45 per bushel, up a penny on the low end of the range but down a penny on the high.

from the new crop. In sympathy with this trend, oat prices weakened.

State Works On Settling Anglo-Iran Oil

WASHINGTON, Oct. 3—UP—Herbert Hoover Jr., the State Department's new petroleum affairs trouble-shooter, is working hard to push the Anglo-Iranian oil dispute toward a quick settlement but "Sees no immediate solution."

The former President's son was sworn in Sept. 12 as Secretary of State John Foster Dulles' special adviser on worldwide petroleum problems. An old hand at ironing out difficult situations, he plunged immediately into the complexities of the dispute which has taken a turn for the better since the fall of Iranian Premier Mohammed Mossadegh.

But a host of obstacles must be cleared before Iranian oil once again moves in world markets. Not the least is whether and when the new pro-Western Fazlollah Zahedi government at Tehran makes a deal with the British-owned Anglo-Iranian Oil Co., which controlled the rich oil fields until Mossadegh seized them in 1951.

Hoover Must Be Invited

Unless Zahedi and the British invite him, Hoover can not participate in such negotiations. He can, however, offer this government's good offices. He also might influence developments by telling Zahedi how much more American financial aid his impoverished government could expect if the dispute is settled amicably in the interests of the Western world.

Hoover told the National Petroleum Council this week to ignore rumors about U. S. plans for a settlement. He said there is no definite plan as yet and "it may take months, even years," before a solution is found.

Hoover is known to be working vigorously to that end but there are many issues involved—legal, technical, financial and emotional—and he must go slowly. His biggest job is to convince the Zahedi government an accord with the British is in its own best interests.

"All We Have Are Hopes"

A high State Department official said "all we have are hopes" but he conceded prospects are brighter, now the British-hating Mossadegh has been ousted. He said the United States was prepared to offer its good offices because it thinks a settlement would be helpful to the free world.

Iran Supreme Oil Council said Tuesday \$40 million and 600 oil experts are needed at once to repair the damaged fields and refineries before production can be resumed. It said the multi-billion dollar installation is "completely out of commission" and warned Iran must resume production or face bankruptcy.

The State Department official specifically noted the council's mention of "oil experts." He said this could be a good sign because Mossadegh refused to allow foreign technicians in the fields. This is where Hoover could play a key role. For the past 15 years he has been helping Venezuela, Iran, Peru, Chile and Brazil on technical and economic problems.

American Not Worried

Meanwhile, big American oil companies which built up production to cover the world deficit when Iran's wells shut down, are represented as not too worried about Iranian oil coming back into the market.

George Holton, chairman of the Economy-Vacuum Oil Co., said Aug. 25 the return of Iran's output would pose problems of supply and demand but "an industry which has thrived on competition should have no fears of it now."

In any case, Holton said, "we have much more to gain from the contribution to world peace that the resulting stabilization of the Iranian economy should make, than we could possibly lose."

It's The Same Old Story: Another Oil Well In Quinduno

SPEAKERS IN OIL MEETING — These four men will be principal speakers at the 34th annual meeting of the Texas Oil & Gas Association, scheduled Tuesday and Wednesday.

SPEAKERS IN OIL MEETING — These four men will be principal speakers at the 34th annual meeting of the Texas Oil & Gas Association, scheduled Tuesday and Wednesday.

A scant one of the 16 intentions-to-drill filed last week with the regional office of the Texas Railroad Commission had a proposed depth of more than 4,000 feet.

Per usual it was in Roberts County's Quinduno Field—the Shamrock Oil & Gas Corporation's No. 20 L. A. Maddox, located five miles west of Miami.

Other oilfield activity reported by commission personnel included the completion of six others and six gasers.

These are the statistics:

Poetry Wins Freedom

MILWAUKEE, Oct. 3—UP—Two Canadian girls were out of jail Saturday because they put the "crime does not pay" maxim into poetry.

Here's their poem:

"We are two Canadian girls from far away,
"Who decided to wander to the U.S.A."
"To Milwaukee we came late one Sunday night,
"Our first impression was one of delight.
"We decided to stay in this city so fair.

"Our thoughts wandered, but we seemed not to care,
"We took the path of wrong versus right,
"And through our greatest folly we ended in plight."
"Mariene Johnson, 16, and Gwendolyn Evans, 20, both of Vancouver, B.C., submitted their poem Friday to District Judge Harvey L. Neelen.

The girls were charged with larceny and vagrancy. After reading the poem, Neelen suspended sentence on the larceny charge and dismissed the vagrancy count.

Company Editor Explains Work To Lions Club

"It's a big business split into little pieces."

That's how Charlie Annett, editor of "The Southwesterner," Southwestern Public Service's official publication, explained his job Thursday noon to members of the Pampa Lions Club.

Editor of the internal organ for more than five years, Annett said that "the editor is the voice of management, but still he can't get very far away from the individual employee."

Expressing concern over the "public opinion of bosses and businessmen," the Amarilloan said he was an avid reader of the comic strips, particularly the ones that portray bosses of varied types.

"An editor is a man with a mission," Annett stated. And then he added: "We make mistakes, we make some dillies — and occasionally, we admit it, too."

Kiwanian Clinton Evans made a short announcement on an October "Back to Church" movement, sponsored by his club. Oct. 25 will be the day that Kiwanians will shoot for — to get Pampans to church.

Rusty Ward told Lions that some 33 Pampa boys have expressed a wish to enter the Lions' Boy Scout troop (16) and then Bob Rasmussen has asked to be relieved of his duties as Scoutmaster.

Miss Su Stone, 17, daughter of Mr. and Mrs. Marvin Stone, Hopkins, took over duties as October Lions Club Sweetheart. And Al Osko was admitted as a new member of the Pampa Lions.

Probe Slated On Strike Of Dock Workers

NEW YORK, Oct. 3—UP—An emergency presidential investigation of the three-day-old East Coast dock workers strike began Saturday with a plea by shippers for a Taft-Hartley injunction to end the walkout and an official decision on which of two unions actually represents the strikers.

More than 200 ships were tied up in Baltimore, Philadelphia, Boston and New York as stevedores stay away from work and tugboats crisscross in New York respected picket lines. Ports from Portland, Me., to Hampton Roads, Va., were idled by the walkout staged by 65,000 members of the International Longshoremen's Association, which was ousted from the AFL for racketeering and corruption.

Witness Appeals

Joseph Mayer, counsel for the New York Shipping association, was the first witness to appear before the three-man board of inquiry named by President Eisenhower to recommend action in the dispute.

Mayer said the shippers were not certain whether the workers were represented by the I.L.A. or the rival union established by the AFL to seek control of East Coast piers.

Dewey Probing Visits To Prison

NEW YORK, Oct. 3—UP—Gov. Thomas E. Dewey demanded Saturday his acting lieutenant governor explain fully his frequent visits to a Sing Sing inmate described as "still a power in labor circles."

The governor acted swiftly to clear the mystery of the strange popularity of Joseph (Joey) Fay, who received scores of calls from high New York and New Jersey state leaders and national labor officials at his prison cell.

Lt. Gov. Arthur Wickes, who took his oath of office Thursday, admitted he had gone to Sing Sing to visit Fay "half a dozen times" to promote labor peace in the district he served as state senator.

Upping Oil Output Main IPAA Concern

FORT WORTH, Oct. 3—UP—Building U. S. oil output to required defense capacity — and keeping it there — will be the "primary concern" of the Independent Petroleum Association of America when it meets here Oct. 19-20.

Petroleum supply, demand, imports, productive capacity, industry costs will be studied in relation to the "over-riding problem" of building a backlog of reserves to cushion any abrupt emergency demand, IPAA officials said.

Some 800 oil men will take part in industry committee meetings Oct. 18-19 when these studies and reports will be prepared for consideration by the IPAA membership.

While endorsing the need for an excess oil productive capacity of at least 1,000,000 barrels daily, as recommended by defense authorities, IPAA warns that this goal has not been reached.

Though United States production is "shut-in" by about 1,000,000 barrels daily, IPAA describes this as an "idle capacity" which is roughly equivalent to the current rate of oil imports.

In any emergency which cut off imports as in World War II, the nation would be without any excess capacity beyond current requirements, the association contends.

Atomic Experts To Fight Cancer

WASHINGTON, Oct. 3—UP—The House Commerce committee Saturday called atomic medical experts to tell what they have done and hope to do with atomic energy in the fight to overcome cancer.

Chairman Charles A. Wolverton (R-N.J.) said the hearing would show what the Atomic Energy Commission is doing in the field of medicine.

Called as witnesses were Dr. John C. Burgher, director of the AEC's biology and medicine division; Dr. Marshall Bruce, director of the Oak Ridge Institute's medical division; and Dr. Charles L. Dunham, chief of the AEC's medical branch.

The committee is trying to find out what is being done to combat major diseases, Friday heard a prediction from a leading cancer expert that a successful penicillin-like treatment for the disease will be developed within 10 years.

The prediction was made by Dr. Cornelius P. Rhoads, New York, who attended the late Sen. Robert A. Taft (R-Ohio).

Rhoads described Taft as "one of the best examples" of the 50 per cent of cancer patients whose discovery of the disease is made too late for successful treatment.

Wildcat Reports

Gray County
Gulf Oil Corp. No. 1 E. A. Shackleton; Sec. 67, Blk. 3, I&GN Survey; 660' from N-L and 2800' from E-L; drill stem test, 4870-92'; open 2 hrs.; medium blow, 1 hr. 15 min.; decrease to weak; recovered 95 ft. gas and oil cut mud; 1/2 gal. free oil, 1 gal. salt water; shut in pressure, 500 lbs.; cored, 4882-4912'; recovered 20' limestone; shale; drill stem test, 4870-4912'; open 15 min.; then tool closed and reopened for 45 min.; recovered 50' slight gas cut mud; no pressure; drilling below 7929' in limestone.

Hansford County
Humble Oil & Refining Co. No. 1 S. P. Jackson; Sec. 111, Blk. 45, H&TC Survey; 7690-7710'; open 47 min.; recovered 85' drilling mud; drilling below 7929' in limestone.

Texas Co. No. 1 T. J. Blakemore; Sec. 30, Blk. 4-T, T&NO Survey; 660' from E-L and 1920' from S-L; School Lane to 7920'; cemented with 1000 sacks; plugged back, 7900'; drilling cement, 7930'; perforated 4 shots, 5996-97'; squeeze 400 sacks; waiting on cement.

Lamb County
Texas Co. No. 1 Union Compress Co.; Lbr. 12, Lge. 664, ST. Cap. Land. Survey; 793' from N-L and 440' from W-L; set 5 1/2" pipe to 4080', cemented with 1500 sacks; drilled to 9842' (total depth) in granite wash; drill stem test, 9850' to 10,842'; open 1 1/2 hrs.; recovered 345' drilling mud; flowing pressure, 140-180 lbs.; 15 minute shut in pressure, 2408 lbs.

Parker County
Gulf Oil Corp. No. 1 J. E. Kelleher "A"; Lot 5, Fred W. Brown's Sub-division of League 13, Blk. C, School Lane to 7920'; recovered 330' from N-L and 660' from W-L; drilling below 5315'.

Roberts County
Cabot Carbon Co. Morgan & Head Sinclair Oil & Gas Co. No. 1 J. G. Morrison et al "A"; Sec. 12, Blk. C, Gunter & Munson Survey; 330' from N-L and 2310' from E-L of N-2; lost circulation, 4612'.

Wheeler County
Gulf Oil Corp. No. 1 Bailey; Sec. 20, Blk. A-5, H&GN Survey; C. SE-NW see contractor Laughlin Bros.; drill stem test, 10,809-829'; recovered 90' oil and gas cut mud; flowing pressure, zero; 20 minute shut in pressure, 275 lbs.; coring below 10,871'.

Oil Workers' Conclave Ends

DENVER, Oct. 3—UP—Five hundred delegates to the Oil Workers' International Union's 23rd annual convention were on their way home Saturday after a week of blasting Republican administration policy.

Before the five-day convention ended Friday night, the delegates re-nominated their international officers, passed several more anti-administration resolutions and submitted two cases involving the firing of union employees to arbitration.

O. A. Knight was re-nominated president. D. J. Schafer as vice president and T. M. McCormick secretary-treasurer. All without opposition. All members of the OWIU executive council also were re-elected.

All 125,000 union members are eligible to vote for new officers, and no opposition outside of write-in ballots will appear against present office-holders.

One of Friday's resolutions blasted a national sales tax as "the implement by which the tax burden is shifted from the rich to the poor."

A second called for improvement and extension of the social security laws to include all working men and women. The resolution asked for "general liberalization" of the legislation with increases in benefits and outside earning allowances by pensioners.

A.A.O.C.C. MEET SLATED

Reminders Saturday were being sent out to oilmen in this section of the nation on the 13th annual meeting of the American Association of Oilwell Drilling Contractors, scheduled Oct. 4-6 in Denver, Colo., according to F. Sheldon Brigance, president.

Head injury is the commonest single cause of death in traffic accidents, according to the Encyclopedia Britannica.

Jacques Offenbach, the composer, was born in Cologne, Germany, but spent most of his life in Paris.

U.S., Canada Rigs Up 18

DALLAS, Oct. 3 — A total of 2817 rigs were active in oilfields of the United States and Canada for the week of September 28, 1953, according to a report to American Association of Oilwell Drilling Contractors by Hughes Tool Company.

This compares with 2799 reported a week ago, 2783 a month ago, and with 2614 in the comparable week of 1952.

A comparison by principal areas for the past two weeks shows:

Pacific Coast, 176, up 2; Oklahoma, 368, same; Kansas, 161, up 10; Rocky Mountains, 272, up 8; Canada, 182, same; Ark-La-Tex, 186, down 7; West Texas and New Mexico, 472, same; Gulf Coast, 840, up 7; Illinois, 186, up 8; North Texas 314, up 8.

STILLED STILL—There used to be plenty of WMP (white mule power) in this tall tract, but no more. It's a bootlegger's still, seized by federal raiders who put its owners out of business on a lonely farm near Downingtown, Pa. State Police Sgt. V. E. Simpson looks up at the towering tank. Also taken by the government were 30,000 gallons of mash and several hundred gallons of alcohol.

ALL BOLLED UP—J. S. Wallace, of Sikeston, Mo., contrasts specimens of irrigated and non-irrigated cotton grown at the Campbell (Mo.) Horticulture Field operated by the Missouri College of Agriculture Experiment Station. Plant on left received normal rainfall, while plant on right was irrigated. Non-irrigated cotton averaged 1430 pounds of seed cotton to the acre and is through. Irrigated cotton is between one half and two thirds picked and already averages 1540 pounds of seed cotton per acre. Both were planted on April 25. Irrigated cotton received 1 1/2 inches of water on July 7; two inches on July 27; two inches Aug. 10, and two inches Aug. 15. Water came from a shallow well and was applied through a sprinkler system.

STILL HAS A STEADY HAND—Dr. Mario Ivigro relaxes in the barber's chair as 93-year-old Frank H. Thomas, oldest active barber in the U. S., starts another day's work. Thomas operates his shop in Milford, Kan., and has been in the business for 77 years. His shop still features old-style wooden chairs and individual shaving mugs, dating back to 1876, the year he started in business.

WASHINGTON, Oct. 3 — Secretary of Interior Douglas McKay has named three businessmen to survey activities of the Bureau of Indian Affairs.

D. Lutton, Santa Fe Railroad, Chicago, and J. R. Johns, Sears Roebuck Co., Dallas. McKay said the study is part of a department-wide survey "to improve administrative methods and to economize without impairing necessary governmental services."
