## Legionnaires and Firemen To Hold Conventions In Memphis

### Panhandle Firemen Convene Here on Tuesday, May 8

Plans for the 22nd Semi-Annual Convention of the Panhandle Firemen's Association have been completed, according to an announcement by Fire Chief Thomas Clayton today. Members from all smaller cities in the Panhandle will meet in Memphis May 8, and spend one full day devoted to problems of fire prevention and fire control.

The association includes members of volunteer fire departments from all smaller cities in the Panhandle. Due to wartime conditions, it is expected that the attendance will be limited for the two-day session here.

In charge of the "chow" committee are O. R. Saye and Hooper Saw. The program committee includes John Hancock, Ed Mcary and Leon Montgomery. The entire program, as released by Fire Chief Thomas Clayton is as follows:

- 7:45 A. M.—Registration of delegates at City Hall.
  - Delegates will go to Legion hall for business meeting where resident J. P. Hazelwood, Canaan, will preside.
  - 10:00—Meeting called to order. Sing, "America," by audience.
  - 10:10—Invocation by Rev. P. Yarborough.
  - 10:15—Address of Welcome by L. C. Kinard, city secretary.
  - 10:25—Special number.
  - 10:35—Response to address of welcome, Chief Ben White, Pampa Fire Department.
  - 10:45—Reading of Minutes of Convention.

### Ration Office Begins Receiving Canning Sugar Applications

The local rationing board started receiving applications for canning sugar last month, Oren Oren, chairman of the sugar panel announced this week. Application blanks will be available at the Memphis office and also at grocery stores.

Each applicant is urged to put own answers to all questions as will prevent returning the blanks for more information and thereby prevent delay in issuing certificates.

This year applicants are urged to mail their applications to the rationing office at Estelline, and bring them to the Memphis office. The certificates for canning sugar will be mailed back soon as they have been acted on by the sugar panel.

Regional OPA officials point out the following reasons for the more stringent regulations on sugar this year: Military needs are high. Each soldier actually consumes twice as much sugar each year as the average civilian receives. Ships which otherwise would be bringing sugar into the United States are hauling supplies to the battle fronts. Manpower is scarce at sugar refineries and shipping ports. Beet sugar production last year was 500,000 tons short, making the stock of sugar smaller for this year.

### Club Boys Win Gilt in Essay Writing Contest

Eight Hall County 4-H Club boys won a gilt each last week, following judging of essays which they had written in a statewide contest sponsored by a well known mail order house. "Diversified Farming" was the subject of the essays, the winners receiving prize gilts. According to county Agent W. B. Hooser, judging of the essays last week gave all county eight winners.

The boys who wrote the best essays are: Wayne Dudley Adams, Wiley; Frankie E. Wheeler, Pleasant; Bobbie Jake Jonett, and Wayne Marcum, Parnell; Harvey Joe Sewell, Newlin; Bruce G. Gibson, Turkey; John Luther Byars, Lakeview; and W. H. Wood, Brice.

### High School Chorus To Present Recital

Members of the Memphis High School Girls Chorus will give their spring recital tonight at the high school auditorium. The program will begin at 8:30 p. m. Students from all high school classes are included in the chorus, which is directed by Mrs. James E. Masterson. Mary Ruth Anderson will be the accompanist.

Twenty-seven numbers will be sung during the program. They will include popular songs, spirituals, religious and patriotic selections. Most of the numbers will be sung by the entire chorus, but a trio and an octet will be rendered, and the audience will be asked to join in the last song, "Star Spangled Banner."

The public is invited to attend this recital.

Members of the chorus include: Betty Ables, Minerva Baskerville, Maria Baskerville, Doris Compton, Winifred Jo Fowler, Joan Floyd, Martha Godfrey, Henrietta Hawthorne, Imogene Kutch, Ellen Leinor, Ha Sue Davis, Joyce Goodpasture, Clara Jo Hayes, Jo Patonostro, Frances Pysatt, Sue Ann Roberts, Wanda Reynolds, Sevilla Saunders, Lavrene Saunders, Betty Bob Webb, Naomi Ables, Ray Nell Castner, Sue Lynn Guthrie, Rebecca Moss, Laverne Orr, Voncille Pounds, Louise Rogers, Mary Frances Whaley.

### John N. Byars of Lakeview Buried Here Thursday

Funeral services for John N. Byars of Lakeview, who passed away Tuesday, May 1, 1945, at 6:30 P. M., at the age of 58 years, were held at the First Methodist Church of Lakeview Thursday, May 3, conducted by Rev. C. C. Hardaway, pastor. Interment was in Fairview Cemetery under direction of Estes Funeral Home.

Details of the funeral service and Mr. Byars' life were not obtainable at the time of going to press, but will be published in full in next issue.

### County Donates Carload Clothing

Responding to the call for clothing in the United National Collection, Hall County citizens have contributed a carload of serviceable garments. The drive closed April 30, and a car has been chartered which will leave Memphis Friday.

Every kind of garment imaginable has been collected to be shipped to the people in war-torn countries, according to Ben Wilson, chairman. And the surprising thing about the articles donated is that they are all serviceable, some of them showing very little wear.

Sorting by Boy Scouts started on Saturday, April 21. Other citizens who donated their time during the last few days include Mrs. Murry Dodson, chairman, Mrs. E. E. Roberts, Mrs. M. E. McNally, Mrs. W. C. Davis, Mrs. J. W. Longshore, Mrs.

Members were notified that they will leave Memphis Saturday evening at 7:30. This is part of the mobilization training of the Texas State Guard. Complete equipment will be used during the maneuvers.

#### New Rules Effective May 1 for Issuing Tractor Gasoline

Beginning Tuesday, May 1, tractor gasoline will be given out to users of R coupons in two installments. When a user gets his tractor gasoline, he will be issued 70 per cent of his installment at that time by the rationing office. After that is used up, he then applies in person or by mail for the remaining 30 per cent.

Also beginning May 1, R coupon users will be required to keep a record of tractor gasoline sold to them. This record is to be kept as a card issued by the War Price and Rationing Board. On the record, the dealer who supplies your R coupon gasoline is required to sign up the date of purchase, his name, address, the number of gallons he sold you, and signature of the person making the delivery. He must sign the information each time he sells you the R coupon gasoline. This card is to be kept and presented to the rationing office with each farmer's next application for R gasoline. As no gasoline can be issued without this record, all R gasoline users are urged to take care of this record in order to be able to turn it in the next time they apply for tractor gasoline.

The local group was organized to render assistance to men and women in service, and when the war is over to aid them in their various problems of getting established again in civilian pursuits.

"We are anxious to enlist everyone who is willing to help in this worthwhile work," President Hightower said. "The need for a strong organization of this type is great at this time, and will be greater when our young men and (Continued on page twelve)

### City Trucks Will Start Picking Up Trash on Monday

City trucks will start gathering trash from residential and business districts of Memphis Monday, May 7, according to an announcement by City Commissioner R. C. Cummings today. This decision was reached at a meeting of the City Council Monday night, and will be part of their program to make every effort to aid in the improvement of living conditions here.

In the past, only tin cans were gathered by city trucks, but now all kinds of trash, which cannot be burned, will be picked up and hauled away. Residents are asked to clean their premises, and burn dried grass, tree limbs, etc. Everything else should be placed as close to alleys as possible, and put into containers if they are available. Each month a truck will come by and load this trash up and haul it away.

PRESIDENT TRUMAN'S OPPORTUNITIES
(The Panhandle Herald)

The Nation has received well the accession of Harry S Truman to the office of vice president of the United States. A check of his ten years as United States senator from Missouri shows that he has obtained a much better background to serve as president than most persons had believed possible.

Willingness of President Roosevelt to have him as a running mate in 1944 was an indication that Truman was thoroughly qualified to serve as his successor.

Truman's record shows that he is progressive and wants to make a public official who will do what is best for our citizenship.

Indications are that the people of all parties want to give him an opportunity to make a good president. The people are interested in having everything done possible to bring about lasting peace after the close of World War II.

Although it may be Truman's wish to follow much as possible in the footsteps of President Roosevelt, such a goal will be impractical. Truman must be true to himself, if he is to stamp himself as a leader.

His long experience in the U. S. senate should give him a leadership in that organization that was not enjoyed in recent years by President Roosevelt. It is doubtful if Truman would take a hand in a program to purge Democratic senators or to attempt to pack the Supreme Court as his predecessor did.

Roosevelt died just as victory was coming in World War II. Like Lincoln, he did not live to go through the reconstruction period that must follow this great war.

President Truman is the leader of the Democratic party. The party had built around Roosevelt for four terms and most persons had feared the time when Democrats would have to nominate a successor.

Death has solved that problem. Truman will serve almost four years. Undoubtedly his record will make him the perfect nominee in 1948. Democrats will rally around him and there will not be a fight in the National convention that had been expected.

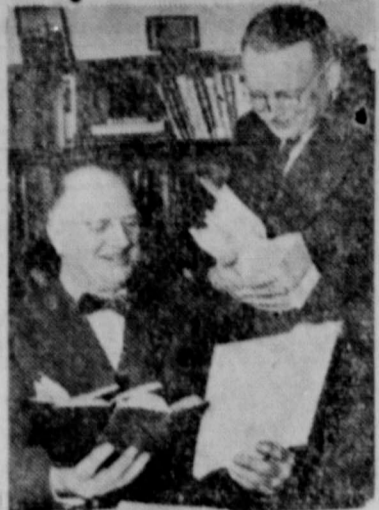

Just as death of President McKinley made Theodore Roosevelt the logical nominee in 1904 and death of President Harding made Calvin Coolidge the only choice in 1924, so the Democrats in 1948 will enter their National convention with President Truman as the ideal standard bearer.

The long period of adjustment under Truman should put Democratic party in good shape for the campaign in 1948. Voters have much to be thankful for the Democratic party.

For many years there have been charges of an effort at dictatorship under Roosevelt—yet his passing brought about normal succession just as this nation has had with the death of six other presidents.

Since taking office on April 12, President Truman has impressed the nation with his executive ability. The people sense the great responsibilities cast so suddenly upon him and are going to give him their whole-hearted support.

Crusade Goes Over

CHICAGO — Bishop J. Ralph Magee (left), chairman and director of the Methodist Crusade for Christ, receives news that the goal of \$25,000,000 for postwar relief and reconstruction has been surpassed by more than a million dollars.

Dr. J. Manning Potts, who came from Roanoke, Va., to become Bishop Magee's associate, presents him a summary of reports from the denomination's 600 district superintendents. The total is \$26,040,749. Of this amount \$1 million is in cash, represented by pass books in the Bishop's hand. The rest is in pledges payable within the next nine months. This is believed to be the largest sum ever raised by a church for a comparable purpose.

Emphasis will now swing to other aspects of the four-year, five-fold Crusade for Christ: church school attendance, stewardship, evangelism, and support of international collaboration.

Combat Infantryman Badge Awarded to Pvt. Elwyn Pate

A Combat Infantryman's Badge was recently awarded to Pvt. Elwyn Pate, son of Mr. and Mrs. W. Pate of Lakeview, and now serving with General Patton's Third Army, 65th Division in Germany.

Private Pate, now 19 years of age, entered service Oct. 1, 1944. After 15 weeks training at Camp Wheeler, Ga., he was sent to Ft. Meade, Md., where he stayed one week and then went to France.

WOMEN WORK

By INEZ BAKER

A young wife said to me the other day: "I thought when my husband went away to the Pacific that I could not stay in the little apartment we had shared together. But he asked me to. He said he wanted to remember me there, where we had been so happy. It was lonely at first but now it is a refuge after a long hard day at working, meeting the public. He seems closer to me there and I am glad I stayed."

From the Ell women has come a large box of kit bags. From Salisbury, 328 hospital articles. This club also collected 226 pounds for the used clothing drive. Other clubs over the county are weighing in their collections and it is believed our quota will be more than met. A number of volunteers will help pack the clothing this week and the shipment will be made.

There is still much yarn for socks at the Red Cross rooms. So many nice pairs of socks have been brought in and we are sorry the names of all could not be obtained.

Women have become a little discouraged about the collection of waste paper, fats and tin cans. We have saved them and no one seems to want them. In many cases after we have hired some one to deliver scrap paper, the paper has been destroyed. We want to do whatever we can and we have been urged to save these things, but we have become a little puzzled about the matter. But since Mrs. Claud Johnson has consented to serve as salvage chairman we are sure everything will work out all right. We assure her our fullest cooperation.

1943 Cotton Crop Under Loan To Be Placed in Pool

All 1943-crop cotton under government loan August 1 will be placed in a pool, as provided in the loan agreement, and sold by Commodity Credit Corporation, Dan L. Boyd, District Representative, WFA's office of supply, has been informed.

Meanwhile, producers may repay outstanding loans and redeem their cotton under terms of the 1943 cotton loan program.

After final liquidation of the cotton, new proceeds, if any, will be distributed to farmers in proportion to the number of gales each had in the pool. All advances, accrue costs, including storage, insurance and handling charges first will be deducted before any payments are made, he said.

Average 1943 loan rate for 15-16 inch middling cotton, net weight was 20.06 cents per pound.

There are about 100 species of fleas, of which one-third are American.

Sentinels of Health

Don't Neglect Them! Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all work out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Lasted on Doan's. Sold at all drug stores.

Let's raise the money in the MIGHTY SEVENTH

OUR FLAG flies once again over Corregidor. The cost was great in blood and pain, but our fighting men did not turn back. And on two Jima, four thousand men—more and more—died to take the long step forward to Victory. Twenty thousand others suffered wounds. Yes, we're on the way to Tokyo!

At home, your contribution to Victory is measured in dollars.

The Seventh War Loan is the biggest in America's history because seven billion dollars must be raised from individuals alone. That means you must buy more and bigger War Bonds.

This is really two great loans in one; for this time last year you had been called upon twice to subscribe in War Loans. As our fighting men raise Old Glory all over the world—let's raise the money back home!

BY UNCLE BOB

of the Kraft Dairy Farm Service

No matter how good a big, thick, juicy steak may be or how hungry you are for such a treat, you still want some side dishes also, consisting of grain supplement, a glass or two of milk and a chunk of apple pie or a dish of ice cream.

So, too, regardless of how hungry your cows are for fresh green forage, they want some side dishes also, consisting of grain supplement. They need grain for two reasons—to keep them in top condition and to maintain milk production at high levels.

The amount of grain a cow should get while on pasture depends largely on the amount of milk produced. Each cow should be fed on a basis of its production. Grain feeding is particularly important in late summer, when pastures may go down.

A good guide on this subject is publication B-69, Extension Service, Texas A. & M. College, College Station, Tex. It says a good cow should get about three pounds of grain daily per gallon of milk produced while the cow is on good pasture, and offers some suggestions for grain mixtures.

The information in this bulletin will help you figure out how much of each kind of grain you'll need to carry your herd through the summer at highest production level.

You know, I've been under the impression for quite a number of years that milk comes from cows. Now I get a USDA leaflet which figures out how much milk is produced by an acre of pasture!

This USDA leaflet discusses a program set up by the Bureau of Dairy Industry. Twelve pasture plots were planted with various grasses and clovers, each plot getting a different seeding. The amount of milk given by cows pastured on each of the plots was recorded daily.

Using the milk price in that region, it was easy to figure how many dollars worth of milk was produced on each type of mixture. Some very sharp differences were found.

A mix seeded to orchard grass and Ladino clover proved the best in that region. It produced 5,996 lbs. of milk per acre, with a production value of \$142 per acre, after deducting cost of fertilizer, grain supplement, mowing cost, etc.

The point is simply this—maybe there is a better mixture of grasses than the one now in your permanent pasture, which will bring more milk per acre. I suggest you look into this, by a visit with your county agent. He can tell you what mixtures have proved best in your county.

The best way to handle an accident or a fire or something of the sort, is to prevent it before it happens. And the best way to control flies is not after they start pestering, but before they hatch.

Sprays may make more comfort for you and the cows at milking time, but Wisconsin points out in Extension Folder 88 that most sprays have very little to do with actual control of the number of flies around the barn.

Fly control starts in the places where flies breed. Houseflies and stable flies breed in manure and moist, rotting bedding material. The best thing to do, particularly at this time of year and on through summer, is to get manure applied to your land as soon and as often as possible.

Some new sprays may be available to farmers soon, using DDT, which will be a big help in controlling flies. Meantime, I know you'll find some interesting ideas in Folder 88, which you can get by writing the Extension Service, University of Wisconsin, Madison, Wis.\*

\*NOTE: There usually is a 5¢ charge for pamphlets mailed to non-residents of a state; but possibly your own state has a free pamphlet on the same subject. Ask your county agent.

in Memphis over the week-

and Mrs. Hubert Foster  
last Thursday for a visit  
at Giles. Cpl. Foster return-  
to this county several months  
after spending 15 months in  
Alta Falls, where he will be  
joined. Mrs. Foster will join  
later.

Chief Quarter Master L. W.  
Messer left last week after a 30-  
day furlough with his parents,  
Mr. and Mrs. Roscoe Ellerd, and  
other relatives and friends. He  
has been in the South Pacific for  
the past 21 months and reports  
to Princeton, N. J., for new as-  
signment.

Lt. C. R. Gowan left Tuesday  
after a visit here with his parents,  
Mr. and Mrs. C. E. Gowan. He  
also visited Lubbock, Waco, Ft.  
Worth and Vernon with friends  
and relatives. He reports to Santa  
Barbara, Calif., for reassignment.  
Lieut. Gowan recently returned  
from 38 months service in the  
Pacific with the Army Quartermaster  
Corps.

Charles Flannery of Dallas,  
formerly of Memphis, was seriously  
wounded in Okinawa, according  
to word received by Mrs. Sam  
Hamilton from Charles' mother,  
Mrs. C. W. Flannery of Dallas.  
He was with the 6th Marine Division  
and was shot in the stomach.  
He was with the Marines at Guadalcanal  
in the early days of fighting the Japs.

Mrs. J. E. Morrow of Hollis left  
Thursday of last week after a visit  
here with her daughter, Mrs. H. H.  
Lindsey, and family.

**Speedy Scott Given Promotion in Rank**

Signalman J. L. "Speedy" Scott  
has been promoted from 2nd class  
Petty Officer to the rank of 1st  
class Petty Officer according to  
word received here last week by  
his wife, Mrs. Patty Scott. He is  
stationed aboard the U. S. S. Fel-  
land somewhere in the South Pacific.  
He is the son of Mr. and Mrs. Bob  
Scott of Memphis.

Et. Murray Jones, who has been  
stationed at Childress Army Air  
Field, was recently transferred to  
Nashville, Tenn. He will remain  
there a few weeks before going  
overseas. Lt. and Mrs. Jones were  
residents of Memphis during his  
assignment to the Childress Air  
Base. Mrs. Jones plans to return  
to their home in Houston where  
she will live while her husband  
is serving overseas.

Cpl. Jack Holcomb, who is with  
the American forces in Germany,  
sent a German flag home to his  
mother. This flag is on display  
at The Democrat office. It is  
now just a relic, and does not  
mean a thing, for it represents a  
lost dream of world conquest.

**Locals and Personals**

Mrs. Marion Long returned  
home last week after a two weeks  
visit in Altus, Okla., with her  
friend Mrs. W. C. Roubush. Mrs.  
Roubush accompanied her home

### Pfc. Howard Baker Describes Action In Front Lines

Pfc. Howard W. Baker writes the following letter to his parents, Mr. and Mrs. T. W. Baker of Antelope Flat, from Germany

March 9, 1945

Dearest Folks,

I'm sorry I haven't been able to write you any sooner, but due to some negligence in the quartermaster corps, my foxhole wasn't supplied with a writing table.

For the past month I've been in action; and all I can is that live ammunition predominates. A few of the fellows claim it's almost as bad as some of the maneuvers we've gone through. It's only when you see the real thing that you understand why the army goes through so much trouble setting every man through long tedious, nerve-racking preparations. It's to be prepared physically and mentally for the arduous tasks ahead.

I'm happy to say that our company acted quite cool in battle, and as a matter of fact, some of the men, including myself, were so cool, our teeth chattered. Mine were acting like a verbal machine gun. Judging from what I've seen, on entering battle for the first time, 90 per cent of the men are terribly scared, and the other 10 per cent are darned liars. Sarge told us that we haven't too much to worry about. He claims there is one bullet with your name on it, and if that misses you, you are safe. George White, a private for sixteen months, before the army commissioned him Corporal, says he's going to change his name to "Strizawetxjes."

Two days ago we were in an area that was being used by the enemy as a target for their artillery. When the first shell landed we were ordered to dig foxholes. Just to prove to our superiors that we were able to obey orders even under fire, everyone dug a fox-hole. As a matter of fact, many of us anticipated the order, and acted accordingly. My buddy, Joe, dug a fox-hole so deep, you couldn't tell whether he was digging for safety or for oil. Sarge walked by, looked down and yelled, "Joe, if you just dig one inch deeper, I'll have you charged for desertion." Yes, there are even laughs in battle but not many. Before I close, Mom, let me say that I'm in the

best of health and spirits so don't worry about me. Tell everyone hello for me.

### Pfc. Finace E. Dyer And Comrades Are Highly Commended

Fifth Air Defense Command Unit, France.—Pfc. Finace E. Dyer, husband of Mrs. Neva Dyer, Memphis, received one of the greatest rewards a soldier can earn when Lieutenant General George S. Patton, Commanding General of the Third U. S. Army, commended him and the men of his Battery in a commendation which read in part:

"These attacks were met by the gun crews with typical American fortitude; each man displaying conspicuous bravery. Defending the field with rapidly developed and extremely effective fire, these units destroyed fourteen enemy aircraft and badly damaged four others. The heroic performance of these units is in keeping with the highest traditions of the service."

General Patton's commendation had reference to an attack on January 1, 1945 by twenty-five German fighters which attempted to strafe a Ninth Air Force fighter strip somewhere in France. The field was protected in part by gun crew of the Ninth Air Defense Command. In ensuing battle, fourteen of the attacking fighters were destroyed and four others were badly damaged.

### Col. W. H. Lavender Completes Training At Pyote AAF

Pyote Army Air Field, Tex.—Col. William H. Lavender of Memphis is now completing his final-stage training as a member of a B-29 crew at Pyote Army Air Field.

Pyote is one of the four Superfortress training fields of the Second Air Force where individual crew members are trained to live and fly as a combat team. After completing their training here the crews are sent to combat theaters to do their part in the B-29 bombing missions against the enemy.

Col. Lavender, son of Mrs. Mabel Lavender, of 908 Bradford St., Memphis, entered the military service May 7, 1943.

A farmer in civilian life, he is a graduate of Memphis High School, class of 1941, and is married to the former Vern Duren, daughter of Mr. and Mrs. J. B. Duren, of Lakeview.

He is the flight engineer on his bomber.

### Pfc. L. E. Jenkins Made Sergeant In Victory Division

With The Infantry (Victory) Division in the Philippines.—Pvt. First Class L. E. Jenkins son of Mr. Lemiel E. Jenkins of Memphis has been promoted to Sergeant in the 21st Infantry Regiment of this famed Victory Division. He is leading a squad in a rifle company, according to the GHQ of the Division.

The hard hitting regiment of Sergeant Jenkins spearheaded the 24th Division attack on Hollandia, fought and won the better battle of Breakneck Ridge on Leyte and has crushed Japanese Forces in numerous smaller engagements.

The 21st Infantry is a regular Army unit. It was organized during the Civil War and the battle cry, adopted on the bloody field at Fredericksburg: "All we need is 40 rounds and a musket," has carried its victories against the enemies of America for almost a century.

### PVT. THOMAS ALLEN FLOYD REPORTS AT KEESLER FIELD

Keesler Field, Biloxi, Miss.—Pvt. Thomas Allen Floyd, son of Mrs. P. B. Floyd, Rt. 1, Memphis, has reported to Keesler Field to take the Army Air Forces Training Command examinations to determine his qualifications as a pre-aviation cadet.

As an applicant for training that will make him a flying officer, he will be given a series of tests at Keesler Field. He will also take other classification tests to measure his technical skills and aptitudes, and he will receive a number of phases of military training here. Upon successful completion of this processing, he will be sent to the proper Army Air Forces Training Command station to begin his training as pilot, bombardier or navigator, depending upon the position for which he has been found best qualified.

### GERMAN HORSES PULL YANK JEEP OUT OF MUD

With the 99th Infantry Division—"Baby Olivia", a squad-jeep of Co. B, 994th Infantry had gone to her hucupans in a German mudhole. As they pushed, pulled and tugged in vain to get her out, the men spotted an old man coming across a field in a wagon drawn by two husky horses. "There's just the field expedient we need," said Pfc. John P. Mederies of Fall River, Mass.

Hailing the farmer, the men explained their predicament to him, unhitched the horses from the wagon, and fastened them to the jeep. One good heave was all it took. "Baby Olivia" was "liberated" from the German mudhole and the squad resumed their chase of the fleeing Jerries. Two "horsepower" had done the trick. Pvt. Fay Parker of Parnell was one of the six members of the squad riding in "Baby Olivia."

### GETSGOOD CONDUCT MEDAL

Cpl. Billie O. Browning, 815 S. Eighth, Memphis, was recently awarded the Good Conduct Medal at Westover Field, Mass., where he is presently on duty. The medal was awarded for "exemplary behavior, efficiency, and fidelity."

It requires 40 cubic feet of space to hold one ton of anthracite coal and 45 cubic feet for one ton of bituminous coal.

Gold was known to the Indians as early as 1564.

### Pfc. Eldon Padgett Says Truck Driving In War Romantic

At first thought truck driving might seem to be the most unromantic job in the army, but Pfc. Eldon W. Padgett knows from experience how vital it is in the building of an airstrip. And airstrips, Padgett says, are shortening this war. His present work, is hauling gravel for a strip.

Padgett, who formerly lived on the farm of his parents, Mr. and Mrs. C. L. Padgett, Box 1306, Memphis, Texas, has service in the New Guinea campaign behind him and is currently taking part in the Philippine liberation with his outfit, the 874th Engineer Aviation Battalion. He has also, among other jobs, been a machine gunner. Holder of the Asiatic Pacific Theatre ribbon, the Good Conduct medal, two battle stars and the Gilder pin, and qualifying as a sharpshooter, he was promoted to private first class in March, 1944. He has been overseas since January 27, 1944.

Padgett, who entered the army March 2, 1943, at Lubbock, says his narrowest escape happened during his training period. The glider in which he was riding almost collided in midair with another, but both pilots banked sharply just in time.

Padgett has a brother, T-Sgt. Merle Padgett, with the Air Corps, and now back in the States after three years in India. Padgett intends to own a farm with his father after the war.

### Army Answers Your Questions

Q. Our son was hospitalized in England. He writes us that his condition is not serious, but we feel that he may be hiding the truth from us. Would the War Department let us know just exactly how he is?

A. As a matter of policy, the War Department will report serious illnesses and subsequent changes in physical condition to the next-of-kin of hospitalized soldiers. If you have received no official notice of a serious illness or injury of your son, you may assume that his condition is, as he says, not serious.

Q. Can an officer serving overseas stop an allotment made out to his wife?

A. Allotments of officers' pay to their wives are voluntary and may be stopped at any time. Army law, however, requires that

an officer support his legal dependents.

Q. Where can I apply for the flag that is given to the families of men who die while in the service?

A. Postmasters have been supplied with application forms to be completed for the issuance of flags for the families of deceased service men.

Q. Could my husband serving in the Army overseas divorce me without notifying me of the proceedings?

A. This is a matter which should be taken up with your civilian attorney. The law requires that the wife be notified of the proceedings either by being served with an official notice of the suit or by publication. Service by publication is authorized when the husband does not know his wife's whereabouts. If both husband and wife are residents of the same state, and he knows where she is at that residence, she must be served with papers.

## THIS TAKES GOOD MANAGEMENT!

It's a neat feat to navigate a windy corner with a pile of packages and keep skirts down to a modest level. We're facing a somewhat similar problem during these stormy war years—carrying bigger power loads, higher costs, heavier taxes—and still keeping prices at low pre-war levels.

We're rather proud that electricity hasn't been rationed and hasn't gone up, like so many household necessities. In fact, the average family actually gets about twice as much electricity for its money today as it did 15 years ago.

This takes good management, too.

# It sure is a headache!

Sure, everybody knows that right now quality oil is more important than ever before...but even motorists who are twenty times as old as our troubled little friend, don't know how easy it is to choose a quality lubricant.

They may be misled by bad advice from well-meaning friends, befuddled by claims, or low in sales-resistance to high-pressure selling. So choosing a quality oil can become a chore, a bore, and a headache.

Well, Phillips puts an end to your oil worries, and tells you how you can pick quality with certainty every time.

You know that oils may differ greatly...in chemical composition, in lasting power, in stability...and in other ways. And Phillips offers a number of differing lubricants to meet various preferences of car-owners.

But if you want our best oil, remember that Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality...the highest grade and greatest value...among all the oils we offer to motorists like yourself.

Don't forget! It's time to drain and refill with fresh, summer-grade Phillips 66 Motor Oil.

## Metropolitan Class Has Meeting April 27

The Metropolitan Class of the First Baptist Church met in the home of Mrs. J. S. McMurry Friday, April 27, with 17 members and a guest present. Co-hostesses Mrs. McMurry were Mrs. W. Bragg, Mrs. Theodore Swift, and Mrs. Emma Baskerville. The entertaining rooms were decorated with cut flowers which were carried out the class colors. The program for the afternoon was as follows: opening prayer, J. S. McMurry; devotional, "Walking in the Light," Mrs. Anderson Smith; piano solo, "Castle of Spring," Mrs. H. B. Moore. The business session was presided over by Mrs. Emma Baskerville in the absence of the president, Mrs. Oattie Jones. Refreshments of ice cream and

cake were served to Mesdames Omer Hill, W. C. Anderson, C. C. Dodson, Bil Smith, L. G. Rasco, Bob Scott, H. B. Gimore, Theodore Swift, J. S. McMurry, Emma Baskerville, Mrs. Henderson Smith, Misses Agness Hayes, Gertrude Rasco and Roddy Lynn Patton.

## Needle Craft Club Has Meeting May 1

The evening was spent in quilting for the hostess. Cake and ice cream were served to Mesdames J. M. Ferrel, Robert Cummings, Earl Pritchett, Perry Hale, Matt Bradley, Bessie Hudgins, T. D. Weatherly, George Hammond, Bess Crump, and Henry Newman. One visitor, Carol Ferrel, was present.

## Memphis Woman Elected Vice President of 7th District Federated Women's Clubs

Amarillo Globe News

Mrs. Raymond W. Harrah of Pampa was elected president of the Seventh District of the Texas Federation of Women's clubs for the coming term at the district meeting Tuesday in the Polk Street Methodist Church. Mrs. D. L. C. Kinard of Memphis was named first vice president and Mrs. L. E. Slate of Sudan will be the new second vice president.

During the afternoon session, Mrs. Florence Scott, first vice president of the state federation, spoke to the delegates and members on "Post-War Education." "We are facing an educational crisis," she stated and named two problems which will be outstanding. The first will be the problem of how to take care of returning soldiers and second, how to keep young people in high school.

Using statistics to illustrate the educational unfitness uncovered in our servicemen, Mrs. Scott said that 30 per cent of men in the services have less than a high school education, 23 per cent have had four years in high school and only three per cent have attended college for four years.

Under the GI Bill of Rights, Mrs. Scott explained the offer of the government to send returned servicemen to school. Unless there is an attractive schooling offered they will not want to give up the prospect of a job to continue their education she continued.

The other problem of young people who have not been in service but who have given up high school or college for good jobs, is equally as pressing, the speaker stated. Over a million students have left to enter war jobs or others with high wages. Schools which offer courses for the student to attend half a day and work half a day are proving satisfactory, said Mrs. Scott, who has been for many years a school superintendent.

The speaker expressed the current need to revise textbooks and improve instruction in mathematics, history and English. The sciences are progressing rapidly through visual and audio education.

To the question of what can the club women do to help the situation, Mrs. Scott suggested that they see that the schools have more movie projectors, new

er courses and organize a "Back to School" movement.

She predicted a return to liberal arts schooling and reorganization of educational curriculums. Among those will be pre-schools in the educational system, facilities for physically and mentally handicapped children and adult education.

Through the efforts of educational and club leaders, Texas should be able to become a leader in new education patterns. "We are in for a revolution in education," Mrs. Scott emphasized.

Reports from seventh district clubs followed her address. During the morning meeting Miss Ethel Foster, state president of the Texas Federation of Women's Clubs, gave a report of activities during her administration.

Mrs. Sam Seay was in charge of the program during the luncheon. Mrs. Earl G. Hamlett gave the invocation and a musical program was brought by Miss Vesta O'Dell, Miss Juanita Singer and Russell Curtis. Mrs. Wes Izzard, outgoing district president, acknowledged special guests, life members and officers.

Attending from Memphis were Mrs. T. J. Dunbar, Mrs. Wesley Foster, Mrs. D. L. C. Kinard, Mrs. Claud Johnson, Mrs. Robert Sexauer, Mrs. George Sexauer, and Mrs. W. C. Davis.

## Philathea Class Has Meeting With Flora Webb on Tuesday

The Philathea Sunday School class of the First Baptist Church held its monthly meeting in the home of Flora Webb, associate member on Tuesday night, May 1. Co-hostesses with Mrs. Webb were Ada Sargent, Bonnie Jenkins, Molly Carlos, Vido Graham, Mattie Orah Jones, and Clara Pritchett.

Following a short business session the following program was given: Devotional on Mothers, Mattie Orah Jones; song, Velma Clark and Flora Lindsey accompanied by Mrs. J. H. Smith; prayer, Clara Pritchett.

During the social hour refreshments were served by the hostesses to the following members: Vida Graham, Irma Hale, Velma Clark, Christine Long, Mattie Orah Jones, Bonnie Jenkins, Elene Gilbert, Molly Carlos, Flora Webb, Hester Sweeney, Fayrene Jones, Flora Lindsey, Laura Peabody, Ethel Kelpatrick, Mrs. J. ## Three Troops of Girl Scouts Are Organized Here

Miss Ida Mae McClure of the National Girl Scout staff met Tuesday with leaders and troop committee members to form three girl scout troops. At an earlier meeting Miss McClure and Mrs. Laura Nobel met with more than 100 girls who were eager to become Scouts and Brownies.

Leaders have been secured for three troops: Mrs. James F. Smith and Mrs. Ralph Howe for the first grade troop; Miss Leona McCraw and Miss Myrtle Gibson for a fourth grade troop; and Mrs. O. A. Sturdevant and Miss Susie Johnson for the eighth grade senior troop.

Miss McClure urges that the community work together on this project. As soon as leaders can be secured, new troops will be formed. In the fall it is planned to form an association of adult sponsors. This organization has the backing of Mr. Davis, superintendent of schools, who hopes scouting can be made available to all girls.

Anyone interested in working with the Girl Scout organization is urged to contact one of the leaders or Mrs. Noble.

# Ration Book Prepared

Ration book five is now in preparation at Washington and is expected to be ready for distribution after the war. The new ration book will be issued late this year or early next according to reports from the War Relocation Authority.

There has been no final decision whether the new book will be a one or two-year period. It is thought, however, that it will follow the pattern of the current book four which is good for about twenty months—unless OPA change the present rate of use, book four stamps for meat and products will last until Dec. 1. Blue processed stamps will do housewives around Oct. 1.

The new book is not ready these coupons run out, the switch to the interim green point stamps for one food program, and per-

haps to the spare stamps for the other.

Just as a precaution there will be stamps for the rationing of additional commodities, although OPA says it can't imagine now what they might be.

A number of new techniques to safeguard against counterfeiting will be used in the new book. Just what they are OPA isn't saying.

# How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help!

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

# LESS OOMPAH ON THE MOUNTAIN

? YES NO

Any man's chestful of mountain air—compared to his chestful at ground level—can't blow out as much of an oomph. For mountain air is thinned, but up in the Rockies—or out on the plains—or anywhere else right now—it's this air of Spring that's really important! It warns of danger to your car, crying for the real thorough safety of a Springtime change to Conoco N<sup>th</sup> motor oil—a change that will OIL-PLATE your engine's insides!

Patented Conoco N<sup>th</sup> oil includes an added life-saver—an extra ingredient. This product of long costly research adds little to price, but it bonds protective lubricant to metals direct, in the form of OIL-PLATING—an extra that goes even

beyond Conoco N<sup>th</sup> oil's great liquid film to curb grinding wear!

Another great quality of OIL-PLATING is its resistance to acids. They're always part of combustion, but they can't freely corrode OIL-PLATED parts. Save those parts to save oil and gasoline—to conserve power and your battery—to fight carbon and sludge. It pays to remember that exactly what you want is Conoco N<sup>th</sup> oil—today. ## THE NAVY KNOWS where a big share of Hanes production is going

As you'd assume, the makers of Hanes Underwear are doing a needed war job first—helping to clothe your relatives and friends in the Armed Forces. This means that sometimes your dealer's stock of Hanes Underwear will be low—though we are making all we can for our civilian friends, too.

HANES VALUE is based on putting the best quality possible into knitted underwear at prices most men can afford. To do this, we buy our own cotton, spin the yarns, knit these into true-size garments that feel comfortable, look good and wear long. P. H. Hanes Knitting Company, Winston-Salem, North Carolina.
