MEMPHIS, HALL COUNTY, TEXAS, THURSDAY AFTERNOON, JULY 12, 1945 FIVE CENTS NUMBER 5

County Bank Deposits Over Five Million

Bank deposits in Hall County stand at well over five million dollars at the close of business on June 30. This is a gain of \$482,275.14 over the deposits reported on June 30, 1944, and does not include about two million dollars which have been invested in war bonds in this county. Deposits are slightly lower now than they were in January when county banks reported their all-time high. On deposit in the county banks at the present time are \$5,250,280.

Annual statements of the banks of the county issued last week show a continued improvement in the economic stability of the county. The small amount of rainfall during the first half of the year has not affected the county's financial position. Bond purchases during the month of June were well over the half-million mark.

Deposits in the four county banks on June 30 are as follows: Peoples State Bank, Turkey, \$3,222,077.37; 1945, \$470,000.00; National Bank, Lakeview, \$345,834.42; 1945, \$458,000.00; State Bank, Memphis—\$796,155.14; 1945, \$1,341,000.00; First National Bank, Memphis—\$2,256,178.21; 1945, \$3,000.77.

Sgt. Leon Watson Slightly Wounded Mindanao

Sgt. Leon Watson was slightly wounded on Mindanao on July 5, according to a message received recently by his parents, and Mrs. J. W. Watson of Memphis.

Watson has been in service and one-half years and has three years. He has part in five major engagements in the past 10 months, one being the invasion of the Philippines. He graduated from Lakeview high school, and had lived there his life up to the time he entered service.

Glen Bruce Is Home From 2-Year Service in England

Glen Bruce returned home Friday from two-years overseas. He was with the Army Air Force and was stationed in England. He is the son of Mr. and Mrs. Sam Bruce.

The European War was tougher than most people realize, Bruce declared. And the man V-Bombs were plentiful made life miserable for a lot of folks. If one landed within miles of camp every window had to be replaced next day.

The weather in England was cool when Bruce left there. He was sleeping under three blankets every night, but when he landed in New York the temperature was 100 degrees, "and had to carry our heavy packs that kind of weather," he said. After spending a 30-day furlough here, Bruce will report for other assignment. He has three others in service.

Beef Cattle Production Subsidy Payments to Hall County Feeders

Cattle feeders in Hall County now apply to the County Administration office for beef cattle production payments under the Government's new program to increase the production of meat.

Feeders are encouraged to feed beef cattle, including those he raises and those he raises, to feed and choice grades under the new program. The method of payment is similar to the dairy program also handled through the County AAA office, according to County AAA Chairman R. A. Eddleman.

The beef cattle production payment amounts to 50 cents per hundredweight in Good or Choice

Mrs. H. B. Estes Resigns After 22 Years as Principal

Mrs. H. B. Estes, principal of West Ward School, has resigned to assist her husband in their new business. Mrs. Estes has been principal for 22 years and during that time she has taught a great number of pupils who have families here in Memphis. She holds a B. A. Degree from West Texas State College at Canyon. Mr. Davis, superintendent of schools, states that West Ward was the smoothest running school within the system and he contributed it to the way Mrs. Estes handled the administrative problems.

The School Board has accepted Mrs. Estes' resignation with deep regrets in losing her service from the Memphis Schools. Miss Esta McElrath, who holds a Master's Degree, has been appointed principal of West Ward to succeed Mrs. Estes.

Draft Board Offices Will Be Closed Each Saturday Afternoon

Offices of the Hall County Draft Board will be closed each Saturday afternoon in the future, according to announcement this week. This change follows instructions from the state headquarters of Selective Service at Austin, and follows an order from national headquarters, which said in part: "President has ordered a 44-hour work week for Selective Service System effective July 1, 1945. Work week for all offices will consist of five eight-hour days, Monday through Friday, and four hours on Saturday."

All persons having business to transact with the personnel of the Memphis office are asked to take notice of the closing of the office each Saturday afternoon, and make their plans accordingly.

Farmers To Get Classing Service Free

Farmers of Hall County will get free classification of their cotton this fall, according to W. B. Hooser, county agricultural agent. He has just completed the organization of four associations in this county who have planted one adopted variety of cotton seed. These groups were organized to promote the improvement of cotton, and the four associations formed cover the entire county.

This means an annual saving to cotton farmers in this county of approximately \$10,000, which amount would have to be paid by the farmers themselves if they did not take part in the cotton improvement program.

The associations were formed under provisions of the Smith-Doxey Act, which authorized the Office of Marketing Services of the War Food Administration to classify the cotton free of charge (Continued on Page Five)

2 Trade Meetings To Be Held July 17 OPA Announces

Two trade meetings will be held in the County Court Room in Memphis Tuesday, July 17, the District Office of Price Administration announced today.

The first meeting will be at 8:00 a. m. with representatives of stores selling articles covered by MPR 580. Emphasis will center on application of pricing rules and marking and tagging of clothing and household furnishings.

At 9:00 a. m. all second hand dealers, as well as dealers selling new and used household and personal goods are urged to attend a meeting to discuss MPR 429. Used automobile and machinery dealers are not included in this meeting.

In addition to Hall County dealers, representatives of the trade in Donley, Collingsworth and Childress counties are urged to be in Memphis for the meetings.

Big Spring Gets Vets Hospital

WASHINGTON, July 9.—The Veterans Administration announced today that a new West Texas veterans hospital will be located at Big Spring.

President Truman approved selection of a 31-acre site, which was a gift of the city, for construction of the facility, the Veterans Administration said.

Plans called for construction of a general and surgical hospital at an estimated cost of \$2,000,000.

Memorial Services Held Here Sunday For Pfc. Erwin

Memorial Services for Pfc. Horace E. Erwin, infantryman of the 10th Army who was killed on Okinawa May 22, were held at the First Methodist Church of Memphis Sunday afternoon at 2:30 o'clock, conducted by Rev. P. E. Yarborough, pastor, and Rev. Albert Cooper of Kirkland, his former pastor.

A large crowd attended the services. Some special songs were sung by a choir composed of girls of Erwin's age, and his football mates and W. C. Davis attended in a body. Also present were members of the Memphis Volunteer Fire Department, of which Private Erwin was a member before going into service. A United States flag was presented to Mrs. Mary Lou Erwin. Wendell Mitchell In Dallas Hospital With Broken Leg

Wendell Mitchell of Lakeview suffered a broken leg Tuesday, July 3, while helping unload equipment owned by the Kraft Cheese Co., into their Hollis, Okla., warehouse. He was brought to a local hospital. Friday an Estes Funeral Home ambulance carried Mr. Mitchell to Dallas where he was admitted to Baylor Hospital for special treatment.

Reports Wednesday afternoon said that his leg was mending nicely.

MEMPHIS OWLS GO TO QUAIL FOR GAME SUNDAY

The Memphis Owls will journey to Quail next Sunday, according to an announcement by Dave Price today. Local fans were asked to take note of the place of next Sunday's game.

Six Men From This County Enter Army

Six Hall County men were inducted into the armed forces at Oklahoma City Monday, July 2. All of these men were accepted by the Army.

They were: Marvin L. Cannon, Herman Christwell, Jesse Criswell, Allen Ray Bell, Lonnie Clifton Rieburg, Jr., and Edward Ray Hillman.

Three-Year-Old Boy Drowns in Flash Flood at Paducah

PADUCAH, July 10.—The death of a three-year-old boy by drowning resulted near here Monday night when the child was swept away as he was being carried from a bus stalled in the rising waters of Buck Creek, five miles south of Paducah.

After an all night search by a posse of volunteers headed by members of the Paducah fire department, the body of the child, later identified as the son of Mr. and Mrs. Charles Burns of Ogden, was found three and one-half miles from the scene of the accident.

The body was lodged in a mesquite bush three feet off the ground when it was discovered. The mother and child were en route from Abilene to Paducah when the bus became stalled in "waist-deep" water, which submerged the highway for a distance of 100 yards.

A rush of water took the child from Mrs. Burns' arms as she stepped from the bus. All other passengers made it to safety, after three passengers were rescued as they clung to a cedar post. A Mr. Chapman who lives nearby was said to have brought the trio to safety by throwing them a rope and dragging them to higher ground.

The party searched all night for the missing child and a fire truck from the army air field at Childress stood by until the body was recovered.

After assisting in the search three hours, the bus driver was said to have driven the bus on into Paducah.

Lions Entertain Scouts Tuesday

The Memphis Lions Club was hosts to about 20 Boy Scouts of Troop 35 and guests at a chuck wagon supper Tuesday evening at the City Park. Barbecue and beans with all the trimmings were served to the group.

O. Olsen, Boy Scout director of the Adobe Walls Council, presented Troop 35 with their charter, and gave the boys Eisenhower Medals for their efforts in gathering a carload of waste paper.

Major Anastasio of the U. S. Air Forces presented a shell case to the troop for a total of 1000 pounds of waste paper gathered by each boy. Troop 35 was one of three troops out of 15 to win this award, Major Anastasio said.

Highlight of the evening's program was the presentation of an American flag by Mrs. L. G. Rascoe. She gave this flag to the troop in honor of her son, Lieut. Billie Fred Rascoe, who was killed in the service of his country. Lieut. Rascoe was once a member of troop 35.

General rains over Hall County and surrounding territory fell both Monday evening and Wednesday night, breaking one of the driest periods in the county's history. The rainfall varied from showers to flash floods Monday, but Wednesday night approximately one inch fell over most of the county.

Memphis received .88 of an inch Monday evening, and Wednesday night .90 of an inch rainfall was registered by J. J. McMickin, U. S. Weather Bureau observer.

Sells Grain Co.

John T. Bishop, who has been a Memphis merchant for the past 34 years, sold his grain and coal firm recently to Clyde Milam. Mr. and Mrs. Bishop are moving to Arlington.

John Bishop Sells Grain & Coal Co. To Clyde Milam

The Bishop Coal & Grain Co. in Memphis has been purchased by Clyde F. Milam from John T. Bishop, who has been operating this business for the past ten years. Mr. Milam takes charge July 16.

The name of the firm will be known as the Milam Grain & Coal Co., and will continue to do wholesale and retail merchandising.

Mr. and Mrs. Bishop will leave for Arlington around the first of August, where Mr. Bishop has bought a nice home. He will probably enter into some kind of business at that place soon. For the next two or three weeks he will remain here and work with Mr. Milam.

Mr. Bishop has been operating the grain and coal business for (Continued on Page Five)

First Cotton Bloom

The first cotton bloom of the season was brought in Tuesday by mail carrier Irvin Johnson from the Luther Nabers farm near Plaska. The stalk had several squares besides the bloom.

Mr. Nabers has about 100 acres of cotton advanced to the point of being ready to bloom.

Thursday afternoon, July 5, hail destroyed most of the crops in the Friendship community. This strip of the county also suffered severe hail damage last year.

Good rainfall was reported in the Plaska community Wednesday night. This community has received less rain during the last few months than any other part of the county.

An area south of Lakeview and the Deep Lake community reported about one-quarter inch of rain both on Monday and Wednesday. Most of the western part of the county received about one inch Wednesday, and the precipitation Monday was estimated from two to four inches.

Farmers around Hulver said they received close to an inch of rain Wednesday night.

Crops were damaged in the Turkey area Monday where the greatest amount of precipitation was reported. In flash floods, from seven to ten inches of rain fell in localities south of the river, while in other communities less than an inch of rainfall was reported. High winds raged in this area preceding the downpour, and wiped out hundreds of acres of growing crops.

Crops over the county as a whole are later than usual, but with rainfall this week as well as showers last week, farmers are rushing to get remaining acreages planted. Due to the lateness of the season they are planting combine maize, hegarl and cane, as well as some sudan.

County Receives Poison to Fight Grasshoppers

Grasshopper poison has been secured for the farmers of Hall County, County Agent W. B. Hooser said Wednesday. Last week he ordered a supply of sodium fluosilicate and bran which was scheduled to arrive soon.

A building has been made available as a mixing station by Frank Foxhall, and is located at the West Texas Cotton Oil Co. The farmers may come to this building and receive the poison free of charge, and will be shown how to mix and distribute it. Other mixing stations will be opened in this county if other communities desire them, Mr. Hooser said.

"Grasshoppers are starting to do damage to crops already," the county agent said. "We must not let them do much damage, but begin to distribute the poisoned bait as soon as it arrives. The bait (Continued on page five)

Details of Death of Sgt. Durrett Furnished

Details of the death of Sgt. Robert Barton Durrett, who was killed April 21 on Luzon, have been received by the family from the chaplain and the commanding officer.

Barton was the son of Mr. and Mrs. B. E. Durrett of Lakeview; was born at Hamlin, Jones County, Sept. 25, 1912; moved to near Lakeview 28-years ago; helped his father farm until he was called to Fort Sill June, 1943 for training; graduated from Lakeview High; married Miss Anna Estelle Davenport Nov. 14, 1936, and had been in the Philippines since the invasion of Luzon. Letters follow:

Battery A, 121st Field Artillery Battalion, April 27, 1945
My Dear Mrs. Durrett:
It is with the deepest regret that I write this letter concerning

the death of your husband, Sergeant Robert B. Durrett.

Robert was killed during an enemy infiltration attack at about 4 o'clock on the morning of April 21, 1945 by a heavy demolition charge thrown in to the tent in which he was sleeping. At the time of his death, his organization was in combat in the vicinity of Imugan along the Villa Verde Trail, Pangasinan Province, Luzon, Philippine Islands. I assure you that your husband suffered no pain whatsoever. He was buried with full Protestant rites in U. S. Armed Forces Cemetery No. 1 at Santa Barbara, Luzon, P. I.; row No. 70, grave No. 3705.

Since your husband's assignment to this organization, all officers and men came to admire his courage and devotion to duty. His death was a severe blow to us and it shall not be soon forgotten.

organization join me in extending you our sincerest sympathy and

we all hope we can in some manner be of assistance.

Sincerely,
Cedric O. Bourn, Capt.
23 April 1945

Dear Mrs. Durrett:
As Protestant chaplain of the 32nd Division Artillery I wish to convey to you and yours the most sincere sympathy of both myself and the comrades of your husband, Sgt. Robert B. Durrett, who was killed in action against the enemy on April 21, 1945. His immediate commanding officer is writing to you in which he will give you more detailed information of the action that resulted in your husband making the supreme sacrifice for his Country.

At a time like this, any words of mine seem so futile to express our sorrow and bring comfort to you. Instead I commend to you the words of our common Lord and Saviour who said to those who mourn, "Let not your hearts be troubled neither let it be

afraid"; "In my Father's house are many mansions"; "I go to prepare a place for you"; "Because I live you too shall live." I am assured with the Apostle Paul, "that nothing can separate us from the love of God which is ours in Christ Jesus."

Services were held in the Battery area on the Villa Verde Trail where he made his supreme sacrifice for his Country. The interment was in the U. S. Armed Forces Cemetery at Santa Barbara, Pang. P. I., where Robert was laid to rest with full military honors and the reverence due to a brave and highly respected comrade. The cemetery itself is a lovely section of the fertile plain which makes up the greater part of Pangasinan Province and is given the best of care by men especially fitted to do so.

With deepest sympathy I remain sincerely yours,
Earl R. Sidler II, Chaplain

S-Sgt. A. L. Bevers Is Back in States

Staff Sergeant Arthur L. Bevers, son of Mr. and Mrs. J. C. Bevers, has returned to the United States from overseas where he was serving with the 656th Tank Destroyer Battalion. This unit, commanded by Lt. Col. John C. Meador, landed in England the last of December 1944. It remained on the southern coast of England for almost a month. The unit moved across the English Channel in LST's to France. From this camp the battalion marched across France and Belgium to the vicinity of Liege where it joined the 9th Armored Division.

On the 28th of February 1945 the battalion moved through Aachen, Germany, and crossed the Roer River near Duren. Then as a part of the armored spearhead, it fought east to Remagen and the Rhine River. On the 7th of Mar., 1945, when the Ludendorf Bridge was captured intact by First Army troops, "destroyers" from Company "C" were the first Tank Destroyers to cross the Rhine River into the bridgehead. The entire battalion crossed over to the east side of the Rhine River and occupied direct fire positions during the expansion of the bridgehead.

When the First Army broke out of the Remagen Bridgehead, the battalion rolled southeast to Limburg, then turned and raced north to Warburg, taking in stride all resistance it met. A short rest, and the long march on Leipzig began. The battalion pushed as far east as the Mulde River where units from the 69th Division took over and went on to meet the Russians.

After the Yanks and the Russians met, the battalion was assigned to the Third Army. It then moved to Weiden, near the Czechoslovakian border. A week

or two later the unit moved to Bayrouth, Germany where it began preparations for the return home.

IT'S GREAT TO GET BACK FROM NATURE

POISON IVY, mosquitoes, ants, sunburn, rain—

Roughing it on a camping trip is great stuff. For a week or so. Then you begin to long for the comforts of home.

A good light to read by... a hot shower... your electric razor... an electric range... and, of course, your radio.

It's surprising the number of every-day conveniences made possible by electricity. You take them for granted—until you have to get along without 'em.

The big reason why you forget 'em is because electric service is so good and cheap. Electricity is still available at low pre-war prices. There have been no shortages.

And you can be sure there will be plenty of power for the post-war electric era—thanks to the practical experience and sound business management of America's light and power companies.

Former Memphis Man Featured on Chicago Program

President Joe J. Mickle of Centenary College will deliver one of a series of lectures on the 21st session of the Norman Harris Foundation Institute on International Relations at the University of Chicago next week, according to an announcement by C. F. Huth, Executive Secretary of the Institute. Mickle and Mrs. Mickle are former residents of Amarillo, where Mrs. Mickle's parents, Judge and Mrs. Works, now live. He is a graduate of Memphis high school, Union College, Southern Baptist University, Columbia University and New York University.

The University of Chicago sponsored a five-day session of the Institute on International Relations last year, selecting, for study and consideration, a timely problem of international significance, inviting the outstanding authorities in the field to lecture and discuss groups on the subject. Many of the lecturers in the field of international relations will be guests of the Institute and participate in discussions. President Mickle of Centenary College, a recognized authority on Japan, will deliver a lecture in a closed session of the Institute on "The Problem of Japan." His lecture will make up part of the treatment of the subject, "Treatment of Enemies and World Security." He will lead a round-table discussion of the subject following the lecture, with leading authorities from Japan participating. President Mickle is especially qualified to speak on the subject of Japan, having spent twenty years in that country as a student, educator, and business manager and trustee of Kwansai Gakuin University, an American sponsored institution in Kobe. His ability to speak the language and his position in the educational world enable him to meet many leaders of the Japanese people and to

learn from them something of their philosophy of life and their desires for domination of all the Far East. His years of association with Japanese educators, students and the common people of the country have given him an opportunity, which few Americans have had, to gain a wide knowledge of the problem of what to do with Japan after the war is won. Before assuming the presidency of Centenary College, in May, 1945, he was Associate Executive Secretary of the Foreign Missions Conference of North America and Executive Secretary of its important Committee on East Asia. This work brought him in contact with high officials of the government, church leaders, educators and authorities on international affairs.

Manila As I Saw It

By Sgt. C. L. DURHAM
"Manila As I Saw It" was written June 24, 1945 by Sgt. C. L. Durham, son of Mr. and Mrs. W. L. Durham of Lakeview. He is with the 417th Bomb Group, an A-20 Havoc bomber unit famed as the "Sky Lancers", now operating in the Philippines.

I have just returned from my second pass to the city of Manila; my first visit was during the first part of May. After almost eighteen months in the jungles of New Guinea it is difficult, at first, to perceive any other life than that of the jungles. My first few hours in down-town Manila were spent in profound perplexity, for it was hard to believe that I was back in civilization. Even with rubble and devastation everywhere there was still evidence of a once beautiful and modern city of the western trend; there were people who speak our language and possessed many of our Western customs.

The reconstruction of Manila is well underway; there are thousands of Filipino laborers calmly going about the task of cleaning up their homes and their city. There are very few people complaining about the destruction or the difficult task that confronts them. They are accepting all this with astonishing serenity. On Rizal, the main street of Manila, there are hundreds of small shops and markets. In these shops you can buy almost any item from trinkets to hand-made home furnishings. There are several large market places where people from the province (rural districts) bring their produce and wares. Each person who has something to sell sets up a display either on the sidewalk or under the market shed. There are vegetables, fruits, meats and sea-foods, the latter seems to be plentiful. On one of my visits to the market I purchased a dozen large crabs; that evening several other soldiers and myself had an enjoyable feast of boiled crabmeat. There are thousands of people that patronize these co-operative markets. The crowds at the markets are usually so large that shopping or sightseeing is very difficult. Prices are exceedingly high on all merchandise in Manila. I talked to a number of families on food prices and living costs; they all agreed that

it costs the average family about five dollars a day to live. Rice is served three times a day in most homes; it was about the only food the average family could afford during the Japanese occupation, and there were times when it was impossible to obtain rice.

The most interesting scene I saw while in Manila was early one morning just before daylight—one of the main roads from the province was lined with Filipinos for miles bringing their produce and wares to the market. Most of them had loads that seemed impossible for a person of their size, but in spite of their loads and long journey on foot the most of them were singing or humming.

After talking to many people of different nationalities who were in Manila during the Japanese occupation and witnessing some of the horrible atrocities and hardships forced upon these people by the Japs, there is absolutely no doubt in my mind why we are fighting this war. There were thousands of people who lost their homes and everything they owned as a result of Japanese destruction. Many persons didn't even have enough clothing to dress decently. During the period between my first and second visit the clothing problem has shown great improvement due to shipments from the United States and local manufacture of materials. I wish it were possible for every American citizen to visit a war-torn city such as Manila; I am sure that there would be less complaining about minor inconveniences caused by the war; there would also be reduction in labor troubles and strikes, especially in those factories and plants that are producing war materials.

During my last visit to Manila I spent six days sightseeing, and each day brought new scenes and interests. There is much to see and it would take a long time to visit all the places of interest. A visit to Manila is a real moral tonic for the soldier who has spent many months in the jungles of the Southwest Pacific—I am anxiously looking forward to my next pass there.

We've Had Some Interesting Experiences, Too!

Curtiss Helldiver Dive-Bomber in action against the Japanese in the Pacific.

Whether you fly 'em...or make the fuel that flies 'em...you learn something!

The boys who have been filling Tojo's fleet as full of holes as an old tin can will have some interesting stories to tell when they get home.

And Phillips is going to have some interesting things to tell you (and show you) too!

Because a big part of our job the last five years has been to produce the 100-octane Aviation Fuel that has kept the big boys over Berlin and Tokio. And it hasn't always been an easy job.

In some ways it has involved almost as many trials and tribulations as a pilot goes through before he wins his wings. We've built new laboratories and staffed them with the wisest and most experienced scientists we could find. We've built new plants and introduced new processes. In short, we've gone "all out"—with every bit of brains and brawn we have—to give our fliers every ounce of precious 100-octane fuel that could be produced!

The result—today Phillips is one of the very biggest producers of 100-octane Aviation Fuel in the country! That's a mighty important fact—and one of which we're very proud.

And it's a significant fact, too—for every man and woman who plans to drive a car after the war. Because you can bet your bottom dollar that all the experience, all the know-how, all the scientific knowledge we've gained in becoming one of the largest producers of 100-octane gasoline—will be packed into the Phillips 66 Gasoline which powers your post-war car!

When you see the Phillips 66 Shield, remember—it stands for fuels for Victory today, and fuels for better driving tomorrow.

the mother, by two soldiers. Glowing tributes were paid by Revs. Yarborough and Cooper, the latter closing his tribute with the following poem:

TO HORACE
(By Albert W. Cooper, pastor)
A tribute to a boy I knew, whose life is ended,
So far as mortal life on earth is made to mean.
But in our hearts and minds, eternity extended,
Cannot erase the beauty of his spirit, brave and clean.
I've walked the fields with him for days,
In toil together
We measured land, and talked of many things,
Always he took what came, just like we take the weather;
Without complaint, accepting life and all the change it brings.
His shabby smile was planted deep. So in him was found no false pretense; no malice, hate, or greed.
He had no time for vicious thoughts; no sham hypocrisy.
True blue he was in every way; in thought, in word, in deed.
Sometimes, perhaps, he cringed from tasks that life put out before him;
Not feeling adequate in strength or mind for that which must be done.
But still, in faith, he gave his best, and said a will to win.
And with that heart and mind to try, a victory can be won.
And though today, his body lies beyond the deep blue sea,
His spirit is beside us here, free from the pain of life;
Free from the task of soldiering. And hard as it may be,
There's comfort in the fact that he gained victory in the strife.
He would not say, "Don't weep for me."
He knows our grief is deep.
But he would say, were he but here,
"Press on, in love, and fight.
I may have fallen in the fray, but still I'm just asleep.
And in the final scheme of things there's victory for the right."

to meet the program requirements. To be eligible a feeder must certify on his application (1) that he owned the cattle at least 30 days before his sale, (2) that the cattle weighed at least 800 pounds when sold, (3) that the cattle brought not less than the minimum price for good grade, and (4) that the cattle were sold for slaughter to an authorized slaughterer.

An authorized slaughterer is any slaughterer who operates under Federal inspection or under an OPA permit at the time he slaughters the feeder cattle on

which the payment have been made.

A feeder-slaughterer is eligible to receive payment provided payment has not previously been made on his cattle. He may also receive payment on cattle he raises provided they are eligible under the program. To collect payment he must substantiate the date of purchase, the price he paid, and the weight at the time of purchase. He must also certify the grade and weight of the carcass after slaughtered to further determine the eligibility of the cattle.

A feeder other than a feeder-slaughterer must present sales receipts, invoices, scales tickets, or other written evidence from the buyer to verify (1) date of sale, (2) the name of the buyer, (3) the point of sale, (4) the number of head, (5) the total liveweight, (6) the price received, and (7) the name of the legal-authorized slaughterer to who sold.

In addition the feeder, if he did not raise the cattle, must show the status of the cattle at the time he purchased them by furnishing the name of the person from whom purchased, and the date of the purchase. The feeder may also be required to furnish evidence that the payment has not been made previously on these cattle.

Payments will be made from funds of the Commodity Credit Corporation of which \$40,000,000 has been authorized.

Farmers may obtain details of the program from their local AAA office.

THE MEMPHIS DEMOCRAT

Regarding Youthful Applications for Social Security

Judging from the number of youthful applicants for social security account numbers many boys and girls do not understand that an account number is needed only if the individual is working or has a job in prospect, said James L. Farmer, manager of the Amarillo, Texas Social Security Board field office.

Some of the applicants for social security account numbers do not have any intention of engaging in employment soon, according to a check made by a member of the office staff. Therefore, it may be that the impression has gone out that a social security account card may be used as a "working permit," which is entirely erroneous. The Social Security Board manager emphasized the

statement that a social security account card is not a substitute for a work permit. He urged cooperation of all parents in his effort to see that no social security account cards are issued for any purposes except that for which they are intended by the Social Security Board.

Cadet Nurse

Miss Euclair Gilbert visited
home folks and friends July 4.
She is in the Cadet Nurse Corps,
stationed at St. Anthony School
of Nursing at Amarillo.
Euclair finished Memphis high
school with the class of 1945.
She is the daughter of Mr. and
Mrs. W. W. Martin of this city.
Her many friends who love her
wish her success in her chosen
career.

**Pfc. Charles Durham
Is Now in Germany**

Pfc. Charles T. Durham, now
stationed in Germany, recently
wrote his parents, Mr. and Mrs.
W. L. Durham of Lakeview, con-
cerning his experiences while
fighting was going on in that
theatre.

Some of the information is
given here: After leaving the
States Charles was in England for
awhile. During his stay there he
was under strenuous training,
long hours in ice, snow and mud.
Part of that time his duty was to
check the mileage and refuel
planes as they returned from mis-
sions.

He saw the New Year of 1945
ushered in while in the City of
Paris. He has one battle star,
been 20 months overseas, and in
service 33 months.

Charles has never given infor-
mation out that wasn't permis-
sible or that would have wearied
anyone concerning where he was
or what he was doing. His letters
have always been happy, and he
has been concerned in every thing
and every one at home.

National Fat Shortage**

It's been ages since we had an
old-fashioned "bee" in these
parts, but just as we've always
pitched in to help a neighbor, so
must we pitch in for our country.
To help make hundreds of
battlefield and home-front es-
sentials, more used fats are
needed than are on hand. City
folks are trying to make up the
deficit of over 1,200,000,000
pounds. But their fats aren't
enough.

Women in small cities, towns
and rural districts must also save
every drop of fat. Not just big
amounts. But scraps of plates,
meat trimmings. Melt them

Impressive Wedding Service Here Unites Virginia Knight and Sgt. Oedewaldt

Announcement is being made of the marriage of Virginia Knight, daughter of Mr. and Mrs. W. A. Knight of Clarendon, and Sgt. Bruce E. Oedewaldt, son of Mr. and Mrs. Albert Oedewaldt of Mapleton, Ill., on June 10.

Rev. J. M. Moore, pastor, read the service at 4 o'clock Sunday afternoon in the First Baptist church of Memphis. Palms, baskets of shasta daisies, gladioli and Dorothy Perkins roses, flanked by candelabra, formed the background for the ceremony.

Miss Lois Hill of Memphis, accompanied by Mrs. T. L. Rouse, sang "One Alone," and "I Love You Truly." "Believe Me If All These Endearing Young Charms" was played during the wedding, and the traditional professional and recessional marches were used.

Miss Juanita Knight attended her sister as maid-of-honor and Miss Dorothy Joe Salmon was bridesmaid. Lt. Edward Theis of Munhall, Pa., served as Sgt. Oedewaldt's best man, and Lt. Emmett D. Sylvester of St. Louis, Mo., was groomsmen.

The bride, who was given in marriage by her cousin, Harris H. Hall of Hedley, wore a white gown fashioned with a lace bodice, long sleeves, and a draped V neckline. The full net skirt extended into a train, and her tiered veil was attached to a satin

accessories and a corsage of carnations.

Following the ceremony, a reception was held in the home of the bride's parents. The lace-covered bride's table was centered with a tiered cake, flanked by flowers in a pair of vases presented the bride's mothers at her wedding. Mrs. W. F. Adams of Lakeview, Miss Thelma Williams of Amarillo, and Miss Laverne Hatley assisted in serving.

For her return to Amarillo, where Sgt. Oedewaldt is stationed, the bride wore an asua suit, complimented by white linen bonnet and white accessories. The couple are at home at 505 Louisiana St.

Mrs. Oedewaldt was graduated from Lakeview High school and attended Tyler Business College. She is employed as advertising manager at Levine's Department store, Amarillo.

Sgt. Oedewaldt was graduated from the Glasford High school in Illinois, entering service after finishing school.

Winnie Capwell and T-Sgt. Rex Metz Wed in Virginia

Announcement was received this week by Mrs. C. H. Waller of the marriage of her sister, Winnie Capwell of Amarillo, daughter of Mrs. Ida Bennett of Memphis, and T-Sgt. Rex Metz of Gassaway, Va., son of Mr. and Mrs. George Metz.

The wedding was held in the home of the groom's parents in Gassaway in the presence of members of the family. The vows were read by the Rev. Kyser of Gassaway. Those attending were Mr. and Mrs. Ben Duckworth and Mr. and Mrs. D. F. Thompson of Gassaway, Mr. and Mrs. Lee Barley of Clay, Va., Opal Metz and the groom's parents, Mr. and Mrs. George Metz.

After a short visit in Gassaway the couple will be at home in Orlando, Fla., where T-Sgt. Metz is stationed.

Thursday Night Dinner Club Has Meeting July 5

The Thursday Night Dinner Club met July 5 in the home of Mr. and Mrs. Lloyd Phillips at 8:30 P. M.

The table was decorated with Irish pointed lace and a centerpiece of shasta daisies. A fried chicken dinner was served to Mr. and Mrs. John Bishop, Mr. and Mrs. B. B. McMillan, Mr. and Mrs. H. H. Newman, Mr. and Mrs. Charlie Williams, Mr. and Mrs. T. D. Weatherby, Mr. and Mrs. Phillips, and one guest, Mrs. Perry Hale.

Mr. and Mrs. John Bishop are moving to Arlington August 1 and Mr. and Mrs. J. M. Ferrel Jr., will take their place as members of the club. The next meeting will be held August 2 in the home of Mr. and Mrs. H. H. Newman.

Mr. and Mrs. R. V. Jones and family of Brice spent Sunday with Mr. and Mrs. L. L. Mitchell of Memphis.

June Edmondson, Earl Ira Foster Wed in Clarendon

In a single ring ceremony read by Rev. Upchurch in the First Baptist parsonage in Clarendon June Edmondson became the bride of ARM 2-c Earl Ira Foster on July 4.

The bride was dressed in a black and white street length dress with black accessories. Her corsage was of white iris.

June is the daughter of Mr. and Mrs. Lonnie Edmondson of Artesia, N. M., and formerly of Memphis. She graduated from Memphis High School with the class of 1942 and for the past year has been employed as book-keeper of the Artesia Cleaners, Artesia, N. M.

Earl is the son of Mr. and Mrs. Jess B. Foster of Amarillo, formerly of Memphis, and a graduate of Memphis High School.

The couple will make their home in Miami, Fla., where Earl is stationed, after a few days visit here.

Mrs. Hightower Is Hostess for Wesleyan Guild

The Wesleyan Guild met July 3 in the home of Mrs. N. A. Hightower.

A picnic supper was served on the lawn preceding the business session and program.

The program theme was "Open Doors," taken from Chapter 3 of Revelations. Following the devotion by Mrs. Morris the program was presented as follows: Miss Thelma Lee Messer gave "Other Doors"; Mrs. C. H. Compton, "Small Doors"; and Mrs. Bill Monzingo, "Large Doors."

Those present at the meeting were Mrs. Taylor, Hightower, Monzingo, Bennett, Morris, Compton, Bownds and Misses Dorothy Gowen, Gladys Bownds and Thelma Lee Messer.

Dan McMillan, Robert Hanvey, Alonzo Robertson and Frank Smith, who are attending the summer session of school at Canyon, visited in Memphis over the week-end.

Mrs. J. L. Smith and son, Boaz Stotts, returned Sunday to their home in Memphis after a week's visit with her sister, Paulette Krouser of Bloomington.

WE WILL REOPEN MONDAY, JULY 16

On Monday, July 16, we will reopen our dry cleaning plant here in Memphis, and invite our customers to again patronize us. It will be our aim from now on to give the people of this area a better cleaning and pressing service, and special attention will be paid to those small things which shall receive our careful attention.

For the past few weeks we have been closed because of shortage of help, but at this time we wish to announce that David Curtiss has been employed by us. He takes the place of John McCauley, who is now serving in the U. S. Navy. Mr. Curtiss is skilled in all types of cleaning, and with his help we will continue to show our customers the same courtesy and make every effort to take care of their cleaning needs.

PVT. FREEMAN BUTLER

S I-C DELBERT BUTLER

One of the sons of Mr. and Mrs. F. B. Butler of Lakeview is in the Army of Occupation in Germany and the other is serving in the Pacific. In Germany is Pvt. Freeman Butler and fighting the Japs is Seaman First Class Delbert Butler.

Freeman went to Italy in November, 1944, later went to Corsica and then back to Italy on VE-Day for re-assignment. Furlough papers were given him, and then his 30-day leave canceled and he was transferred to the Army of Occupation. He is a mechanic in the Air Forces, training first at

Sheppard Field and later at Glendale, Calif., San Antonio and Hobbs, New Mexico. He went overseas last November.

Seaman Butler writes his parents he has been almost everywhere in the Pacific since he entered the Navy. He entered the service on Dec. 23, 1943, took his boot training at San Diego, and left last October for New Guinea. After three months there his ship left in a convoy for the Philippines and after the Manila invasion went on to Okinawa. He was back in the states for a short visit early in May.

WOMEN WORK

By INEZ BAKER

This isn't about women especially, but a lot of women are interested in the subject. My nephew, Sgt. Horace W. Scruggs, whose home is Wellington, visited us last Saturday. He has just returned from Europe where he served as waist-gunner on a B-17 in the Eighth Air Force. After three months in the U. S. he will go to the Pacific.

The Germans call the Americans sentimentalists, and we are prone to be, sometimes to the extent of thinking the Germans are human. But Sgt. Scruggs told things that opened our eyes. He told of the complacent, well fed German people; he told of dropping food from planes to the starving people of Holland, while German soldiers kept guns trained on the mercy ships; he told of the arrogance of German prisoners transported by plane. When our boys were captured they were forced to march for hundreds of miles through rain or snow, urged on by bayonets and dogs. Are women of America going to forget that soon?

The Salisbury ladies brought to the Red Cross rooms last week: 5 pr. bed-socks, 1 pr. wool socks, 16 pillow tops, 2 quilts and 46 hospital garments. This made a total of 648 garments for the first half of the year.

Apologizing for not accomplishing more, Mrs. Ernest Lee pointed out that this was a busy time for farmers. And that one of their good workers, Mrs. Emmett Solomon, had been unable to help much since she had been driving a wheat truck for the past several weeks.

For a long time I have thought I would like to write character sketches of Women I Know. If I ever do I'd like to use Mrs. Solomon as a subject.

Mr. and Mrs. Solomon live about three miles from Memphis. Their house is perched high on a hill and is painted white with a red roof. The barns are white and red, too, and all about are beautiful shade trees. They have four children. Two sons are in the service, a daughter won high honors when graduating from Memphis High last May, and there is a young son of about ten years of age at home.

Each week day Mrs. Solomon hurries about the duties connected with their business, for farming is a business you know. She raises chickens, sells cream, runs errands for the farm to save time for her husband, drives wheat or cotton trucks, and makes things

Come in and see the first quality B. F. Goodrich Silvertowns... the tires that give you what you want most in a tractor tire—bite-in, earth-gripping traction. The B. F. Goodrich extra-high cleats and open-center design give a deeper bite; the tough, paired cleats give double grip; and the open design is self-cleaning... has no mud-catching pockets—the cleats spring dirt free.

See B. F. Goodrich tires in action on your own neighbors' farms; you'll see them do a fine job. Then come in and see us for your Silvertowns—the long-wearing tires that give you traction when and where you need it.

SOCIETY.

Daughters of Wesley Class Celebrate 22nd Anniversary

On the 22nd Anniversary of the class, the Daughters of the Wesley Sunday School class met in the home of Mrs. Chas. Webster with the president, Mrs. T. J. Hampton officiating.

The devotional, by Mrs. D. S. Baker, was followed by the class history by Mrs. Bess Crump; and prayer by Mrs. E. W. Solomon. After the program, the members gathered around the lace covered table upon which the Angel Food anniversary cake with 22 candles was placed. Each member made a wish and Mrs. Solomon, the teacher, and Mrs. Hampton, the president, blew out the candles. The group sang "Blessed be the Tie."

Angel Food cake and punch were served to Mmes Chas. Williams, Robert Cummings, Luther Barnes, Vera Dickey, Solomon, D. A. Neeley, W. A. Thompson, Bess Crump, Henry Newman, Albert Gerlach, Frank Wright, Floyd McElrath, Tommie Potts, Brice Webster, D. S. Baker, the hostess, Mrs. Chas. Webster and the co-hostess, Mrs. T. J. Hampton.

Doreus Society Has All-Day Meeting

The Doreus Society met in the home of Mrs. Frank Smith for an all-day meeting, July 15. The day was spent in quilting and conversation.

Mrs. Smith read Chapter 6 of

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Kidneys Must Work Well - For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

THANKS To Our Customers

We have just sold our grain and coal business here in Memphis to Clyde Milam, and take this means of thanking the people of this territory for the nice business we have enjoyed.

During the ten years we have operated this firm you have been kind to us. The volume of merchandise we have handled has been made possible by your patronage, and we want to say that we appreciate every dollar you have spent with us.

It has always been our desire to deal fairly with our people. And throughout the years, as we manufactured feed and bought and sold grain, coal, feeds, seed, etc., every effort was made to take care of the needs of local citizens. We feel that our efforts were successful, for you have made it possible for us to do a nice volume of business.

Mr. Milam takes charge of the business July 16. It is our desire that all our old customers continue to trade with him. We know that he is a man of integrity. He is progressive, and is making plans for the future operation of this firm which will be acceptable to the people of this area.

Again let us say, "THANKS." We enjoyed our relations with you, and as we move to a new home, we realize that we shall miss our good friends here.
