## County Can Give Thanks To Vets Buying Bonds

Purchase of additional Victory Bonds at this time is suggested by O. V. Alexander, chairman of the Hall County War Committee, as a tangible way for citizens to express willingness for victory over our enemies abroad and for the peace which the year has brought at home.

"It is suggested that Hall County residents celebrate a real Thanksgiving by buying bonds in honor of our service men who have returned home and who are still in the occupation services," said Chairman Alexander.

A report will be made after Thanksgiving day of the total amount of bonds purchased in Hall County and the chairman and committee members are hopeful that it will show the county somewhere near its quota.

Hall County's quota is \$285,000 of which \$140,000 is in E bonds. The enormous obligations incurred in the achievement of victory will drain the Treasury balance quickly and additional funds will be needed early in December, Secretary of the Treasury Fred M. Vinson warned at the opening of the Victory Loan for \$11,000,000,000.

He said "government expenditures are being drastically reduced and this will continue vigorously" but that "the aftermath of war, however, carries grave responsibilities that must be met."

The Secretary was referring to hospitalization of the wounded, their retraining so they can make their own way in life, the clothing and feeding of those yet to remain in enemy nations, the transportation of men home, mustering out pay and payment for munitions already used to win the victory.

He said a "substantial army and navy must be maintained until order is restored throughout the world" and that "the Victory Loan, while the last organized on a national basis, will not see the discontinuance of the sales of Series E, F and G securities." These types of securities will continue to be sold because their sale is necessary to help defray continuing expenses.

## Singing Club Has Meeting Sunday

Sunday is regular meeting day for the Memphis Singing Association and another capacity crowd is expected to be on hand at 2:30 at the First Methodist church.

Many visiting singers, special quartets and other features will be heard Sunday, announces President Bill Monzingo.

## Mrs. Maggie Gibson, Pioneer of Hedley, Buried on Tuesday

Funeral services were held Tuesday afternoon at 2:30 o'clock from the Womack Funeral home in Hedley for Mrs. Maggie Gibson, pioneer resident of the Hedley community who died last Saturday at her home in Fort Worth. Mrs. Gibson was the daughter of the late J. T. Adamson of Hedley.

Immediate survivors are her husband, A. H. Gibson of Fort Worth; four brothers, J. W. and M. L. Adamson of Los Angeles, S. G. Adamson of Hedley and T. L. Adamson of Fort Worth and two sisters, Mrs. Annie Greer of Amarillo and Mrs. Bruce Stuart of Independence, Mo.

Mrs. Gibson was born on Aug. 27, 1885 in Weston, Texas, but moved to Hedley when a young girl, where she lived until 1927 when she moved to Amarillo. She was married on June 13, 1926 to Mr. Gibson. They lived in Amarillo until 1935 when they moved to Fort Worth. Her mother passed away on Dec. 24, 1933 and her father died on Aug. 11, 1934. Mrs. Gibson was known to many persons in this section.

The funeral services were conducted by her former pastor, Rev. V. A. Hansard of Amarillo, assisted by Rev. W. F. Gaede of Hedley. Interment was in the Rowe cemetery. Pall bearers were John Dickson, Sam Owens, Clyde Grimsley, Coyt Doherty, M. W. Mosley and Winfield Mosley.

## Flu Is Near Epidemic Stage Here

Influenza in Memphis has reached near epidemic proportions during the past week, with numerous cases of severe throat infections.

Dr. O. R. Goodall, city health officer, discounted rumors of an outbreak of diphtheria, however, stating Tuesday night that he was not aware of any known cases.

There are more "flu" cases in Memphis than in years, he said, with scores of persons confined to their beds with temperatures and infected throats.

There have been a few cases of "strep" throat, he reported, but most of the cases of throat infection have been a result of the flu.

Some idea of the number of flu cases here is given by the report from Supt. W. C. Davis that 68 high school students were absent last Friday on account of illness.

The flu has been of a more virulent form than in recent years, however there have been no cases resulting in pneumonia or other serious complications.

Prompt treatment under a physician's supervision and the use of Sulfa drugs have acted as a preventive against pneumonia in many cases, it is believed.

For the past week all three hospitals have been taxed to their capacities with numerous patients being turned down.

## Lt. Col. Joe Peddy Had Rapid Rise in Army Air Forces

Another Memphis boy has made good in the Army—Lieut. Col. Joe Peddy, who spent the early part of his life here and at Oklahoma City, and who graduated from West Point in June, 1941.

After a year's training in the Army Air Forces, he had advanced to the rank of captain before going overseas in November, 1942.

He served in North Africa, Sicily and Italy, and lately returned to the States and is now in Fort Worth with headquarters of the Army Air Forces, and will move with the headquarters to Shreveport in January. His wife and son, who was born on the day he left for North Africa, are with him at Fort Worth.

Lt. Col. Peddy's father was with the Canadian Air Force during World War I and died of the flu while there on Nov. 1, 1918, and was buried in Memphis.

Nov. 11 was Joe's birthday, and his mother, Mrs. Jessie Peddy of Oklahoma City and his grandfather, Jeff Thompson of Memphis, went to Fort Worth to help him observe the anniversary.

## Herman A. Vallance Is Given Discharge

Herman A. Vallance is back in Memphis after receiving his discharge last Saturday from the Army Air Forces. He had been stationed at Rosencrans Field, St. Joseph, Missouri. Herman, the son of Mr. and Mrs. John Vallance, had been in the service three years and eight months. He will be associated with his father in the operation of the M-System stores.

## Old Custom of Flour Sack Underwear Revived Here

Old-timers who wore 'flour sack' underwear 30 or more years ago because the family budget did not allow for the store bought variety, probably never dreamed they were laying the foundation for a home industry that would develop into the present widespread use of articles made from flour, feed and salt sacks.

Shortage of underwear and many other household and wearing apparel items in the past two years has resulted in housewives resorting to a widespread use of

## Hospital Need in This Area Placed Before Bradley

The apparent need for a veterans hospital within the next two years at some point in the lower East Panhandle area was admitted by Gen. Omar Bradley, director of the Veterans Administration, reported Horace Tarver and W. C. Davis to Chamber of Commerce directors Monday, following their return from Washington.

This admission, with the statement from General Bradley, that hospital facilities in Texas are to be increased by 1,500 beds by 1948, considerably brightened the prospects for a hospital here, possibly within the next two years, in the minds of the local representatives.

Hospitals in the future, said Mr. Tarver, president of the Memphis Chamber of Commerce, are to be built strictly in accordance with the need of veterans, General Bradley told them.

"A survey which the Veterans Administration has," he declared, "shows there are 200,000 veterans now within a 150-mile radius of Memphis, which is usually accepted as an area for a hospital, and General Bradley told us that we should continue to press our case. For that reason I am optimistic—more so than ever, despite the fact that we got no promise of an immediate hospital."

Both Mr. Tarver and Mr. Davis, who represented the American Legion, were warm in their praise of General Bradley's attitude toward the future location of hospitals.

"His only thought," said Mr. Tarver, "seems to be to do what is best for veterans who will need medical care. He outlined to us on a map the location of existing facilities, and said definitely that somewhere in the triangle with Amarillo, Muskogee and Big Spring as the corners, that another hospital will be needed. He said by 1948 the Veterans Administration expects to increase its hospital beds by 1,500 in Texas. This is equivalent to 10 hospitals of the size of the Amarillo institution."

Mr. Tarver and Mr. Davis submitted a detailed written report to the Chamber of Commerce directors Monday afternoon. They went over all the points emphasized by General Bradley, who called into the conference with the Memphis men, his chief aide, General Hawley, and his chief engineer, Col. Tripp. Congressman Gene Worley, who arranged the meeting with General Bradley, went with the Memphis representatives to present their case.

While in Washington the local men were guests of Rep. Worley at a joint session of congress to hear Prime Minister Atlee's address.

Highlights from their report to the directors, include the following paragraphs:

General Bradley told us: "I'll feel plenty of pressure from local groups that think a new hospital would help put some small village on the map. Well, we plan to put all new hospitals where they will be of maximum use to the veterans. I appreciate your application coming from the veterans of your district. Our only interest is to look after their welfare and to take care of their needs."

Hospitals will be located only where veteran population shows a need. This is determined by a survey of the district.

He further stated, "Hospitals must be located where there are housing accommodations to take care of the families of the patients who come to visit them. Your brief does not show a housing shortage. This is in your favor."

Hospitals will be located only where there is an ample supply of pure water to take care of the added load. He called our attention to the fact that we have met this requirement very satisfactorily.

As a general rule, taking everything else in consideration, in the future special hospitals will be located near medical schools or large centers where sufficient numbers of competent doctors will be available. "However," he said, "I notice all medical schools in Texas are either in Central or East Texas. We may have to make an exception in Texas."

We called General Hawley's attention to the fact that there are (Continued on Page 12)

## Trip to Separation Center Is Vacation For Mrs. Gregory

Chief Warrant Officer A. R. Gregory of the Navy arrived in Memphis Tuesday, en route to Camp Wallace, near Houston, to receive his discharge. Joined by his wife, Mrs. Willie Margaret Gregory, secretary in the county AAA office, they decided to make the trip a vacation for her, and after reporting at Camp Wallace, they will go to Corpus Christi, and then to Mexico. They will be gone 10 days.

CWO Gregory has been in the service two years, and was overseas 22 months, winding up his combat duty at Okinawa.

## James L. Allison Dies in Childress

James L. Allison, former resident of Newlin and brother of Mrs. J. W. McCulloch of Memphis, died Tuesday at his home in Childress. He was 63 years of age. Funeral services are pending word from a son, Jas. L. Allison, in the Navy, who is stationed in California. The services will be held in Newlin, where the family lived until about a year ago, under the direction of the Womack Funeral home.

Survivors are the widow, Mrs. Hattie Allison of Childress; a daughter, Mrs. Neda Richardson of Paducah; his son, Jas. L. Allison, Jr.; two sisters, Mrs. McCulloch of Memphis and Mrs. C. J. Bright of Vernon and a brother, N. L. Allison of Lawton, Okla.

## Murder Case Is Set for Dec. 10

Albia Stubblefield, negro, under indictment for the murder of Sam Howard, negro, on Oct. 6 has been released under bond of \$1,500 and her trial in district court has been set for Dec. 10.

The negro woman was released from jail Thursday when her attorney, Grady Sturgeon of Paris, where she lived before coming to pull cotton, posted bond.

Howard died of knife wounds in his side and back following an altercation on a farm near Brice.

Other criminal cases set for Dec. 10 before Judge Luther Gribble are J. M. Franklin of Estelline, on a charge of intent to murder and Ray Blankenship for burglary.

Chosen by Movie Star Van Johnson from a group of 12 co-eds at North Texas State College, blonde 19-year-old Josephine Bridges of Denton (above) was presented to the student body and public as the "Cover Girl" for the 1946 student yearbook, the Yucca.

Twelve co-eds from the college, chosen in an earlier contest, were presented on the stage of the Texas as heath and the winner, selected by the Hollywood star, was named and presented by Yucca Editor James Goode of Denton. Miss Bridges is the daughter of Dr. and Mrs. C. A. Bridges of Denton and is a junior student on the campus. Her photograph will be featured on the cover of 3,000 copies of the student annual.

## TEL Class Meets With Mrs. Crawford

Members of the T.E.L. class of the First Baptist Church met Thursday afternoon, Nov. 15 in the home of Mrs. C. W. Crawford with Mrs. T. T. Loard as co-hostess for their regular social and business meeting.

Mrs. Loard, second vice-president, presided during the absence of the president. The group opened the meeting by singing the class song. Mrs. J. W. Fitzjarrald offered prayer. Mrs. Chas. Drake brought devotion reading 103 Psalm. Minutes of the last meeting were read and approved and plans for the Christmas tree were made. A free-will offering to the Mexican orphanage was taken. Mrs. A. M. Wyatt brought a Bible questionnaire and Mrs. J. H. Smith closed the meeting by reading "It Couldn't be Done."

The hostess served refreshments to 12 members.

## Foreign Missions Are Stressed at Baptist Meeting

Emphasis on foreign missions was given at the Texas State Baptist convention in Fort Worth last week, reports the Rev. Jeff Moore, pastor of the First Baptist church.

A budget of six million dollars for foreign missions for the coming year was adopted and it also was voted to increase the number of foreign missionaries from 525 to 650 in the immediate future.

Reports by foreign missionaries were given a prominent place on the convention program.

Attending from Memphis were Rev. and Mrs. Moore, George Cullin, Mrs. D. A. Grundy, Mrs. L. G. Rasco and Mrs. Frank Ellis. Rev. Moore and Mr. Cullin attended the brotherhood meeting, which opened Monday, and the ladies from the local church attended the W.M.U. sessions. The executive board meeting opened on Tuesday and closed Thursday.

Rev. Moore was re-elected as a member of the executive board for Texas. The state committee named Mrs. R. L. Mathis of Dallas, former Young People Leader, as executive secretary of the Woman's Missionary Union. The committee will be called into a meeting shortly to fill the vacancy of executive secretary in Texas, caused by the resignation of Dr. W. W. Melton, who is to accept a pastorate in Waco.

There was much discussion, reports Rev. Moore, in the convention on the resolution criticizing President Truman for his reported habits of drinking and card playing. A resolution was adopted calling on Baptist colleges to refrain from granting his honorary degrees. Many of the delegates and pastors opposed the resolution, he said, but in the way it was presented it was difficult for any delegate to vote against it. W. W. Dunn

Civilian consumption of peanuts as nuts, peanut butter and in the form of candy during the past 3 years has been at the rate of over 6 pounds per capita, or about 35 per cent above the pre-war average.

## Dunn Now With Memphis Body Works

W. W. Dunn, an expert body man, has just been employed at the Memphis Body Works, according to an announcement by Monzingo Bros., owners, this week.

Dunn, an ex-service man, moved here recently. He is well qualified in doing this type of work, having received several years experience in body shops before entering the armed services, the owners announced.

Also with Mr. Dunn is J. E. Henry, who has been employed by this firm for the past two years.

## Panhandle Safety Meeting Is Set For November 27

Safety's role in postwar reconversion plans of Panhandle industries will be highlighted by prominent safety leaders of Texas at Amarillo, November 27.

The occasion will be the second annual Panhandle Safety Conference sponsored by the Texas Safety Association. Industrial managers, safety engineers, foremen and industrial nurses from the Panhandle area will attend the one day conference.

Among the speakers will be Col. Homer Garrison, Jr., Director of the Texas Public Safety Department; M. E. Brock, Houston, President of the Texas Safety Association; Clyde Stephens, Chairman, Industrial Section of the association; R. B. Rooper, chief safety engineer, Humble Oil and Refining Company, Houston; C. J. Rutland, Dallas, chief safety engineer, Texas Power and Light Company; Isham Brown, Cabot Companies, Pampa.

More than five hundred persons attended the first conference last year.

### Future For Texas Building Era

question, science and will shape the world of and during the next in the Texas situation with its raw materials will be of increasing interest—not only to Texas but to the nation as a whole. Elmer Johnson, head of resources study for the Texas bureau of research, says, "The agricultural, structural and materials, as well as the metal, Johnson believes, and if properly used, great in can be developed here. as an example the use of glass companies now in business are importing glass to be found in Texas, particularly in Coleman county. sand is a comparatively of silica which is the of the glass industry." "Around 50 per cent of raw materials used in

Commercial glass manufacture is sand." Furthermore, he pointed out that pure sand is an important chemical raw material, used as a low-cost mineral adhesive in the machine-manufacture of corrugated paper shipping cases; sodium silicate is used in the manufacture of laundry soap, in water softening, and in making refractory cements.

Still other uses for sand are in welding operations, in fabrication of ships, trucks, and weapons, and for silicones which are used in plastics, and in newer synthetic rubbers.

### Paint Shop Fire Saturday Night, But No Damage

Waste materials on the floor of the Potts Chevrolet paint shop became ignited late Saturday night, causing a run by the fire department, but no damage except a scorched wall resulted. The shop, across the street west of the Chevrolet agency, was closed at the time but passers-by noticed smoke pouring from the window and turned in the alarm.

### Army Answers Your Questions

Your questions on allotments, insurance, legal problems or other matters as they relate to Army personnel and their dependents will be answered in this column or by letter. Write Headquarters Eighth Service Command, Dallas 2, Texas.

Q. I was discharged from the Army four months ago. At that time I stopped paying premiums on my National Service Life Insurance. I now find that it is possible for a veteran to keep the insurance for eight years from the time it was first taken out. I still have five years to go. Would it be possible for me to re-instate the policy.

A. Yes. Write the Veterans Administration, Washington, D. C. saying you want to re-instate your policy. Include in your letter your full name, serial number, policy number and unit to which you were last assigned. Include also a check or money order for back premiums and a statement that you are in good health. If you wait until six months have elapsed since you paid your last premium, you will have to have a physical examination.

Q. My husband was killed in action a year ago. I am now receiving a monthly pension, but it isn't enough to support me. If I take employment will this pension be cut off?

A. No. Since your husband's death was due to a service-connected disability, your pension is payable for life or until you re-marry, regardless of any other income you may have.

Q. My husband is going to ask for a discharge from the Army because of hardship conditions at home. If he gets a discharge for this reason will he be barred from any of the privileges of the GI Bill of Rights?

A. Not if he is otherwise eligible.

Q. How long does it take a soldier to be discharged once he reports to a separation center?

A. Normally, about two days. But, if his records are not in shape, if his personal affairs are not in order, or if he needs some medical or dental attention, it may take longer.

Q. I now receive a pension, as my husband was a World War I veteran. I have two minor children. In case I re-marry, would I still receive part of the pension for my children? If so, how much?

A. You would still receive part of the pension for the children—a total of \$38 per month if your husband's death was because of injury or disability due to Army service, or a total of \$27 per month if his death was due to other than Army service.

Q. Is there any way for a farmer to be discharged? A. Soldiers are not separated from the service merely because they are farmers. However, a discharge can be given based upon the soldier's importance as a civilian to national health, safety or interest, each case being decided on its own merits.

### Better Mend That Old Coat, Warns A. & M. Specialist

"If there's wear in an old coat yet, this is a year to give it first aid or beauty treatment, for clothing shortage is not over," says Mrs. Dora R. Barnes, clothing specialist for the Texas A & M College Extension Service.

Mrs. Barnes offers numerous suggestions. A small hole or tear may be mended by ravel yarns from a straight inside seam; linings worn only at the neck, hem or sleeves might be repaired with a matching or harmonizing fabric; shields or lining cloth tacked in at worn underarms do double duty. An entire new lining for a coat can be made using the ripped out pieces of the old lining as a pattern.

"A worn buttonhole can be renewed by machine stitching around it close to the edge and then reworking it," Mrs. Barnes declares, "and the worn edge problem can sometimes be solved by cutting down collar and cuffs to smaller shape or by making entirely new ones. Suitable restyling of sleeves or new shoulder pads often help the looks of an old coat."

For the final finished look to a repaired coat, steam press it by covering the wool with a dry wool cloth, then a dampened cotton cloth. Next, set the iron down, and lift it with just enough force to drive the steam through the wool. After pressing, lift the cloth and beat the fabric by hand to drive out the steam.

### Anglo-American Oil Pact Opposed By School Heads

Charging that ratification of the Anglo-American Petroleum Agreement by the United States Senate will "bring about a complete disruption of the petroleum industry in Texas thereby seriously impairing school finances" the Texas Association of School Administrators at its annual meeting in Austin has gone strongly on record in opposition to the treaty.

Adoption of the strong resolution followed issuance of a series of statements opposing the treaty by high officials of the state government, including State Superintendent of Public Instructions, Dr. L. A. Wood; Railroad Commission Chairman Olin Culberson and Land Commissioner Bascom H. Giles.

Irby B. Carruth, Superintendent of School at Waco is President of the Texas Association of Schools Administrators; C. O. Pollard, Superintendent of Schools at Henderson was Chairman of the committee which drew up the resolution opposing the treaty. Other members of the committee were H. L. Foster, Superintendent of Schools at Longview, R. L. Williams, Superintendent of Schools at Sweetwater, Nat Williams, Superintendent of Schools at Glade-water and Joe B. McNeil, School District Manager, Wichita Falls.

First Lt. Audie Murphy of Farmersville, Tex., the nation's most decorated infantryman, has been awarded the French Croix de Guerre.

### Hog Killing Time Brings Hints on Curing of Meat

Comes now hog killing time. Not as much as formerly, because with the widespread use of the quick freezer locker, hog killing is now a year 'round deal on many Texas farms. But most Texas farm people still wait for winter to butcher hogs for home use.

Even at that, according to Roy W. Snyder, meat specialist of the Texas A & M College extension service, if the weather gets much above 50 degrees for any length of time while the meat is in cure, it should be taken to a cold storage plant and let it cure under refrigeration.

With sugar scarce, many people will not have enough to cure meat. Salt, Snyder explains, is what actually cures the meat. Sugar improves the flavor and salt-peter makes a rich red color.

The standard recipe is 8 pounds of salt, 2 pounds of sugar, and 2 ounces of salt-peter. Mix, divide into three equal parts, and rub one part of the mix into the meat every three days. Pack meat into a meat box or barrel after each rubbing. After the third and last treatment, pack the meat into the container skin side down. Leave ham and shoulders in the mix for from two to three days per pound. A 4-5 and a half per pound is sufficient for bacon.

The longer the meat is kept in cure the saltier it becomes. If there is not enough salt that penetrates the pieces to properly cure the meat, it will spoil unless kept in cold storage. With pork now as scarce as it is, farm families will do well to have their meat a little saltier than usual, rather than take a chance on spoilage.

Texas the sixth state in population, contributed more than three-fourths of a million men and women to the armed forces.

### Texas Club Boys To Wear Cowboy Hats to Chicago

Big hats and cowboy boots will identify Texas' delegation of 23 members of boys' 4-H clubs to the National 4-H Club Congress at Chicago December 2 to 6. They were chosen by competition for the honor of representing their state at the annual affair.

According to announcement by E. C. Martin, assistant state agent for the A. and M. College Extension Service, 19 of the club boys will attend as guests of a big railroad system, while the remaining trio will be guests of sponsors of national contests in which they came through as state winners.

This group is Ray Adams of Swisher County, state winner of the Field Crops contest sponsored by a farm machinery manufacturing company; Clyde Jacobs of Goliad County, state winner of the Horse and Mule contest, sponsored by the Horse and Mule Association of America, and Herman Carroll Fowler of Hall County, state winner of the Better Farm and Home Methods Electric contest, sponsored by the Educational Foundation of an electrical manufacturing company. At Chicago they will be judged with winners of similar contests in other states for award of national scholarships offered by the sponsors.

The winners of the railroad company's award were selected for outstanding leadership in their communities, for wartime production of food, and for purchase of war bonds and stamps. They are: Albert Koenig of Potter County; Jim Bob Steen of Miles; Bobbie Joe Griffin of Taylor; William Lester Mackey of Gregg; Wallace Sparkman of Denton; John Edward Wakefield of Ellis; Jack

Booth of Harris; Dieky Broach of Brazos; Johnnie J. Szymanski of Fort Bend; Allen Hillboldt of Austin County; Doyle Davis of Castro; Charles Farmer of Cochran Floyd Terrell of Hale; Garland Rose of Lamb; Berry James Thomas of Lubbock; H. R. Tankersley of Lynn; C. W. Grisson of Farmer; Kenneth Adams of Swisher and Billy Cox of Yoakum.

### Plea Renewed For More Fats

More used fats from every kitchen is needed now to speed the return of many essential items that were scarce during the war, F. A. McBryde, district officer for marketing, of production and marketing administration said today.

Soap and soap powders, electrical appliances and dozens of other household items require the use of fats and oils at some stage of their manufacture.

The speed with which they return to peacetime homes depends on fats and oils. Since our supply of industrial fats and oils still is not sufficient to meet consumer demand, used kitchen fats are needed to replenish the natural stockpile, he said.

For every pound of used fat turned in at collection points, four ration points and up to four cents in cash are given the housewives.

That didn't work either, for... the fellow who buys a ticket pays the... tax because the bus companies would... not pay off either. Neither the booze... boss or the bus companies pay one... penny of the tax. That's called a... Sales Tax. And on and on it goes. Thousands of other... similar things could be brought to... light. The wool is being pulled... over the eyes of the people and they... think the man with the big club is... paying his share. You women can... smoothe the rough places and straighten... the crooks. When you get hold of the... law-making body you will do away... with booze. Better go hungry than... be fed on a booze tax.

There is a way by which our... government can use every living... soul of us to distribute tax money, and... this way would not hurt any

living soul, but would help all. But... we should not think of money just... as something to keep in the family... but as something to use for the... good and pleasure of all. Think... of what money will buy besides... goods and service. It will buy... health, better food, better clothes... and better shelter than most of us... have. It will buy freedom from... poverty and freedom from fear, that... dread monster that hovers contin-... ually over old age. Money, rightly... used, will diminish crime, and it... will bring us to a realization that... we are all brothers. Worry kills... more people than any illness. There... is no worry in heaven. Let us purge... our nation of financial worries. Mem-... bers of congress are not ignorant... people, for they know how to do... this and would if they were not... afraid of their horses. If they know... the right and do it they shall some... day be beaten with many stripes.

This is a world that God made. We... should be glad that we are in such... a world. It is just the same old... world that God made, but the peo-... ple are different. We should elect... to congress people who feel their... responsibility to make our nation... a prosperous and free place for... the building of homes and for the... building of character, and cut the... floor from under the feet of future... Hitlers.

Women will hold the club some... day, and women are not afraid to... say, "I told you so." Fear is the... devil's weapon. Let us fear no man... who kills the body, for that is all... he can do. Rather, let us fear God... who can destroy the body and cast... the soul into hell.

### Women and girls get wanted relief

functional periodic pain

Cardui is a liquid medicine which... women say has brought relief... the cramp-like agony and... strain of functional periodic... stress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid diges- tion. Thus help build re- sistance for the "time" to come. 2 Started 3 days be- fore "your time", it should help relieve pain due to purely func- tional periodic causes. Try Cardui. If it helps, you'll be glad you did.

Try Hot Water Plus After Meals For Acid Upset Stomach Here is welcome relief from the distress and discomfort caused by excess stomach acid. Just introduced to the druggists of this state is a remarkable formula called Neutracid. Its name tells the story of excess irritating stomach acids being robbed of their power to cause upsetting dis- tress. There's nothing quite like Neutracid. Its fast action means quick relief and this alone should merit a test. So why not get a package today. Put one teaspoon- ful of Neutracid in half a glass of hot water and drink right after meals when distressed. Bianford Pharmacy and all good druggists have this new and re- markable formula for excess stomach acid.

### Tech Raiders To Meet New Mexico

LUBBOCK, Nov. 21.—Injuries from the rough and tough week-end encounter with the Oklahoma Aggies hampered the Texas Tech Raiders this week as they drilled for the year's final game Saturday against New Mexico University eleven in Albuquerque.

Several regulars received serious hurts at Stillwater which may slow them up for the final. Floyd Lawhorn, stalwart guard, came home with both knees twisted and walked with difficulty. R. W. Moyers and Bill Kelley, ends, each had a bum knee and Gene Hardey, quarterback, suffered additional soreness in his side from bruises to broken ribs.

The two tackles, Bernie Winkler and Douglas McSwane, escaped without hurts other than soreness, while Cecil Norris, halfback, suffered new injury to his back. Pat Rarris, sub guard, received a twisted knee in the Aggie game and Ed Robnet, sub fullback, has a bad left eye as the result of a cleat being planted in it. Walter Schlinkman, All-American candidate and fullback, alone seemed to be entirely free of new injury. He played but a short time against the Aggies to permit his bad right shoulder further rest.

### Locals and Personals

Mrs. Bessie Archer, who is an employee in Rice Hotel Beauty Salon, Houston, and Hugh Murphy, Jr., of Jackboro are guests this week in the home of their mother and grandmother, Mrs. W. M. Padgett of 611 N. 16th St. En route to Memphis Mrs. Archer visited in Jackboro with a sister, Mrs. Hugh Murphy, who is ill in a hospital there.

Mrs. I. M. Caldwell of Amarillo visited her parents, Mr. and Mrs. R. L. Lamberson at Brook Hollow Club over the week-end.

Mrs. T. A. Paulsel and son Lee Allen of Fort Worth spent the week-end in Memphis with her parents, Mr. and Mrs. L. M. Thornton.

Mr. and Mrs. J. T. Rasco, Foster and Gertrude were Amarillo visitors Thursday.

Mrs. Coy Beckham visited over the week-end in Amarillo with her husband, S-Sgt. Coy Beckham.

Lee Wattenbarger and family, former residents of Memphis, were here the past week-end from Plainview visiting relatives and friends.

Mrs. Ora Oglesby visited her niece, Miss Oradel Nuhn in Amarillo for two weeks. Her niece and Margaret Milam brought her home last week-end.

Mr. and Mrs. Frank Finch returned last Saturday from a trip to North Carolina and other Southern States. They reported an enjoyable trip and plenty of beautiful scenery.

Mr. and Mrs. Ivan Thornton and little son left Wednesday for Lubbock where they will make their home. Ivan recently returned from the South Pacific and received his discharge. He goes back to the job he left when he entered the service.

Mrs. S. T. Harrison returned from Mangum where she visited her sister several days.

Bowen Cox of Canyon, formerly of Memphis, was here Tuesday visiting friends, following his recent discharge from the service. He is a former teacher in the Memphis High School but has been making his home at Canyon for the past several years.

Mr. and Mrs. C. A. Thomas of Anton, Mrs. Jimmie Bulen and S-Sgt. C. A. Thomas, Jr., of Lubbock were week-end guests in the Guy Kercheville home. S-Sgt. Thomas only recently arrived in the States after being captured on Java by the Japanese.

Mrs. E. Moreland and Mrs. Mattie Stanley attended the Grand Lodge of Rebekahs at Waco, and then went to Austin where they visited Mrs. Moreland's relatives.

### Employees Urged To Keep Record On Social Security

A social security account number shows that the worker has an insurance account with the United States Government—Federal Old-Age and Survivors Insurance.

Insurance policies must be protected and that is why they are kept in safe places. The social security account card is evidence of a worker's insurance policy with the government. Give it the same care as any insurance policy, advises James L. Farmer, manager of the Social Security Board's office.

For every account number it gives out, the Social Security Board sets up a separate account. The number on the card is the same as the number on the account. With the worker's name it identifies the account.

Old-age is not the only risk the account insures against. The purpose of this insurance is to pay not only a regular monthly income when workers are 65—and stop work, but to pay benefits to the family if the worker dies.

These monthly insurance payments are based on wages in the jobs that come under the old-age and survivors insurance system. Every day's pay on such a job helps to build up this family insurance protection. Be sure that these records are kept under one account number.

Families need this protection. When a worker or his family makes an insurance claim, his account should contain the complete record of all his pay in work that comes under the social security system. Even if he works only part time in such jobs, his wages should be recorded under his account.

Q. To be eligible for discharge from the Army of Occupation in Germany, does a soldier have to stay until he gets the required points? How do these soldiers get points?

A. Soldiers are released from occupation duty in one of two ways. When they become eligible for discharge, they are sent home and separated from the service. They are returned for duty in the United States as the size of the Army of Occupation decreases and as it becomes possible to replace them with lowerpoint men or by those now enlisting or being inducted into the service. Points have not been given for service since September, but from time to time the Army has reduced the number of points necessary to make a soldier eligible for discharge.

Q. My son is a liberated prisoner-of-war, but he doesn't have enough points to be discharged from the Army. I have heard that he can get a discharge now, regardless of the number of points he has. Is this true?

A. American prisoners-of-war and others who were out of United States control in enemy or enemy-occupied territory under honorable conditions for at least 60 days are now eligible for separation from the Army regardless of the number of points they have.

Q. My husband is in the Army. He has 22 points. I have heard different opinions on the number of points necessary to keep a soldier from going overseas. What is the right number?

A. The War Department has announced that enlisted men who have 21 or more months service and officers with 33 or more months service will not be shipped overseas. Exceptions are Regular Army personnel, those who volunteer for overseas service, graduates of certain schools and some soldiers who perform certain scarce specialized tasks.

Q. Has a ribbon like the rainbow ribbon of World War I ever been authorized for World War II?

A. Yes. All members of the armed forces of the United States and the Government of the Philippines who served honorably on active duty at any time between December 7, 1941, and a date to be announced may be awarded a World War II Victory Medal and may begin wearing the ribbon for the medal now.

## Tech Files Brief Showing Need for Pantex Facilities

A brief supporting the request of Texas Technological College that the Pantex Ordnance property near Amarillo be made available for the use of the college has been filed with the Reconstruction Finance Corporation. If acquired the property would provide physical and instructional facilities for the expected influx of returned veterans.

Dr. W. M. Whyburn, Tech president, in announcing filing of the application, forecasts a total full-time enrollment at Texas Tech in 1946 of 5,716 compared with the previous peak enrollment of 4,250 in 1940. This forecast includes a probable veteran enrollment of 1,466 in 1946 and a probably part-time or special short course veteran attendance next year of 1,900.

One of the chief reasons for the need of the Pantex plant as an adjunct to the regular educational facilities of the plant at Lubbock is that there is an acute housing shortage now in the neighborhood of the college.

"The Pantex ordnance plant with its extensive farms, shops, buildings, cafeterias and housing facilities would lend itself remarkably well to use by Texas Technological College. Immediately after it became available to the college, it would provide housing, classrooms, laboratories, and all other necessary physical facilities needed to give the short term courses desired by many veterans who wish some college education but do not desire a full program leading to a degree."

### Fellowship Hour At Presbyterian Church Wednesday

A special Thanksgiving service will be observed at the fellowship hour at the Presbyterian church Wednesday night, starting at 7:30 o'clock.

There are no union Thanksgiving services arranged in the local churches this year, but special prayers and music will be a part of the program at the Presbyterian church.

The national 1945 honey crop is estimated at 226 million pounds.

### United Nations Charter Outlined By Clayton Heare

The United Nations charter was outlined in a talk by Clayton Heare of Amarillo to the Rotary Club Tuesday noon. Mr. Heare, who has made a study of the Charter and who has been called on to explain it before various clubs and organizations, did not express any opinion as to whether it will prove workable.

He stated at the outset of his talk that he would voice no opinions but would attempt to explain the many ramifications of the plan for World Peace which came from the San Francisco conference.

Rotarians found the explanation interesting.

### Herschel Stewart Back in Business At Former Stand

Herschel Stewart is back in business in Memphis at the "same old stand," the Sinclair Service station which he operated before going into service nearly three years ago.

A machinist mate first class on a destroyer escort, Herschel spent 28 months in the Navy in the South Pacific, taking part in three major invasions, Luzon, Iwo Jima and Okinawa.

He came home with a lot of respect for his commanding officer, Lt.-Com. Franklin D. Roosevelt, Jr., skipper of the ship he was on. "We saw plenty of action," he said, "and our commander had plenty of what it takes at all times."

With Mr. Stewart at the Sinclair station are C. E. and L. W. (Dink) Maddox.

Farm fires take 3,500 lives and destroy 90 million dollars in property each year.

Cotton exports from the U. S. last season totaled two million bales as compared with 1.1 to 1.5 for the preceding four years.

### OTHER PROJECTS BESIDES A HOSPITAL

Mr. Horace Tarver and Mr. W. C. Davis have returned from a conference with Gen. Omar Bradley regarding a veterans hospital in Memphis. They were not promised a hospital, but they were assured that the local application will be given full and due consideration if and when locations are made for new hospitals.

From what General Bradley told the local representatives we do not anticipate any early action toward the establishment of a hospital here, but if Memphis keeps its case before the Veterans Administration it should in the course of time have an excellent chance for a hospital. More hospitals are to be built, and General Bradley said that he favored a policy of "smaller hospitals" at more points rather than the centralization of veterans facilities in the larger cities. This is an encouraging sign and we think it well that Memphis continue to press its case before the Veterans Administration. If the project is kept "alive" we believe Memphis does stand a chance, perhaps in the next 12 to 18 months of favorable action.

Not forgetting the hospital case but rather setting it aside for the time being, The Democrat believes there are a number of projects which warrant the immediate attention of the Chamber of Commerce and which demand prompt and wholehearted action on the part of the local citizenship. For one thing, our highway program has been sadly neglected. Every effort should be made to get it back to an active status. The highway west to Silvertown is something which very definitely affects the future of Memphis. It is a project on which action can be had. The highway department has millions in funds for new road construction. Hall County is assured the help of a half dozen adjacent counties in getting this project approved by the highway department. In our opinion it should be given top rating on our immediate program.

The Red River flood control and irrigation project, on which much favorable preliminary work has been done, is something else of importance that we shouldn't forget. The Bureau of Reclamation is making surveys and planning a pro-

gram of such projects for the expected depression years following a post-war boom. Are we doing all we can to further this project?

Then, there is the airport problem. Cities without airports in the near future will be in the same category as cities without railroads. The next two years will see the establishment of numerous air lines. They will by-pass Memphis unless Memphis shows enough interest and cooperation to provide landing facilities. In hoping for a hospital, we should be careful not to overlook the very important projects which we know can be had if we will but put forth a little effort and planning.

### Press Paragraphs

SELECTED FROM THE  
DEMOCRAT'S EXCHANGE

Now that the liquidating of the ration boards has been almost accomplished it might be a good thing to say a word of appreciation for the hundreds of patriotic men and women who served on them and helped to administer the program in their localities. Service on the ration board was difficult because every one who appeared before the board wanted something for himself and in many instances the board could not give it to him. If each request could have been filled there would have been no need for a ration board. The purpose of rationing was to distribute scarce commodities in such a manner that each community would get a share and the most essential persons in each community would be supplied first. The volunteer members of the ration boards, who received no compensation for the many hours service they gave to oftentimes an unappreciative public, deserve a sincere word of appreciation for their unselfish contribution to the war effort. They performed well a thankless job.—Foard Co. News.

Russia seems to be the unsolved riddle. Where is Stalin, and what about the future of Russia.

We have heard so many suggestions, that it seems silly to add any opinion.

Frankly it looks as if Russia intends to carry her bluff—or is it a bluff?—almost to the breaking point, if need be, in order to get her way.

We hear wild commentators say that we must fight Russia within five or ten years. Just what they know about it is beyond us.

Stalin certainly has sense enough to know that another world war in the immediate future would mean the destruction of civilization—provided we call this civilization.

We will stick to our original opinion—that Russia is going to bluff just as long as she can, and then make the best bargain that she can drive. After all, why should she not be suspicious? Churchill urged Germany to attack Russia; and we refused to have anything to do with the Reds until we needed them. Do you blame them for driving a hard bargain?—The Canyon News.

### Jackie Pounds Is Art Club Member

For students enrolled in Abilene Christian College who are interested in the various forms of art, the Art Club has been organized, and lists 16 students on its roll for the 1945-6 session of the college.

Included in this number is Jackie Pounds, daughter of G. L. Pounds of Memphis.

Miss Juanita Tittle, sponsor of the club and head of the college's art department, states that during the year various showings of the students work will be hung in public showings on the ACC campus.

### Hall County Wins State Honors in Safety Contest

Aside from the individual honors won by 4-H club boys in Hall County in the various state and national contests, the county has been declared "tops in Texas" in safety work.

The announcement of the county award was made this week by extension service judges who passed on the records of 4-H club work in all counties of the state.

It is the second year in succession that Hall County has been a state winner, having won the rural electrification plaque in 1944 as the banner Texas county.

A similar plaque will be awarded Hall County this year for its record in safety work.

In individual contests and in competition with hundreds of other Texas 4-H club boys, Carroll Fowler of Lakeview and Bruce Gibson of Turkey won first places and will go to the National 4-H Congress in Chicago Dec. 5-9.

Fowler won Rural Betterment Methods and Gibson took Texas honors in the Poultry division.

Jim Whaley of Estelline in the Garden contest, Laddie Sloan of Estelline in the Dairy production and Harold Rumpy of Lakeview in Safety, also won district honors and each will compete in regional contests for a trip to Chicago. Laddie Sloan also took third place in the National Achievement contest.

### Don Stevens, With AAC in Pacific, Is Given Promotion

Don Stevens, son of William A. Stevens, Memphis, now serving in the Pacific as a control tower operator with the Army Airways Communication System, was promoted to Sergeant on November 1.

Sergeant Stevens entered the Army in January, 1943 at Lubbock, and later attended the Army Air Forces technical training command school at Sioux Falls, S. D. and at Truxa Field, Wis. He was assigned to the Pacific in March, 1944 and has since worked at various Pacific Air Bases, directing the landing and takeoffs of planes operating in the areas of their commands.

The Army Airways Communications System operates a worldwide net of communications, providing radio and navigational aids at all Army Air Bases.

# Cyclone, Knocked Out by Flu, Drops Final To Clarendon

Shot to pieces by the flu, the Memphis Cyclone closed its season on Friday night in Clarendon by a 24 to 7 loss to the Clarendon.

With five members of the starting line-up absent from the game all the week and not being able to go out for practice, the Cyclone was pretty much at the mercy of the Broncos.

In the closing minutes of the game did the Memphis boys show enough strength to put over a clutch-down drive, which was clinched by a 30-yard run by McElroy.

Until then the Cyclone was in too bad shape to put much of a defense against the Broncos, who were paced by Pullman, fleetfooted passing back who had been laid up with injuries most of the season.

Pullman was the star of the game, both in running and passing. He scored three of the Cyclone touchdowns, and set the team up on a long pass.

Only time the Cyclone showed enough punch to get started was late in the final quarter when they took over on downs from their one yard line and worked the ball to the Bronco 30 on a series of downs, from which McElroy broke loose and went over. He also ran the ball around right end for the extra point.

The entire Cyclone squad had been on the flu list during the week, with Hickey, Huggins, Evans and McQueen being absent from classes and not being able to go out for a single practice session. Gerlach, Henry and Davis also were ailing and were suffering from colds Friday night.

Had the boys been in physical condition and able to turn on the power as they had done the previous two weeks against Wellington and McLean the outcome would have been different, but they came away from Clarendon with no alibis to offer. The Broncos were in good form and played an alert ball game, and by virtue of their victory took fourth place in the District 3A conference. The Cyclone wound up in fifth, having lost four and won three conference tilts.

For the season the local squad, made up mostly of boys playing their first year, had a record of 4 victories and 5 defeats. They had the sympathy of local fans who saw them Friday night and appreciated the handicap they were playing under, but fans in general know that they have a lot of potential dynamite in their ranks and that they will have considerable to say next season in the district.

The season's record is as follows:

- Memphis, 19; Paducah, 7.
- Memphis, 13; Wheeler, 0.
- Memphis, 0; Shamrock, 18.
- Memphis, 6; Floydada, 18.
- Memphis, 6; Lefors, 29.
- Memphis, 31; Lakeview, 13.
- Memphis, 12; Wellington, 37.
- Memphis, 18; McLean, 0.
- Memphis, 7; Clarendon, 24.

## Seaman Earl Jones Has 30-Day Leave

S 1-c Earl D. Jones is spending a 30-day leave visiting his parents, Mr. and Mrs. Conrad Jones, formerly of Memphis, and now living at 228 W. 69 Place, Los Angeles.

Seaman Jones entered the Navy June, 1945 and was in training a short while. He then left for combat duty in the Southwest Pacific and after two years he says he saw "most all of the ports from Hawaii to Tokyo."

He spent a short while aboard the U.S.S. Holland, a sub tender, and from there he was sent aboard the Cavalla, a submarine in which he made three patrols. He received a unit citation when his submarine gave the whereabouts of the Jap fleet to our Third Fleet and taking part in two major battles and sinking a carrier.

He helped sink two tankers and a heavy cruiser and was then transferred to Sub division 221 which was stationed in Subic Bay, Luzon, aboard the sub-tender, H. W. Gilmore.

After a few months there, he sailed for San Francisco aboard the U.S.S. Tuna.

(Continued from Page One)  
four or five towns within about 30 miles radius from which medical aid could be called in to assist a general staff. This fact impressed him very favorably.

General Hawley said, "As a result of the survey for the state of Texas, in 1948 there will be a need for 1,500 more beds than our present set-up calls for. It is possible that we will be calling on you for a location at some later date."

The Veterans Administration is planning a long-range program that will call for hospitals being built for the next fifteen years.

The sewerage system in a location where a hospital is to be located must be adequate to take care of its normal load plus the additional load that will be placed upon it. This responsibility belongs to the community in which the hospital is located. General Bradley expressed his appreciation of Memphis agreeing to meet this requirement.

The Veterans Administration looks with dis-favor upon large hospitals. In the future they are going to build 200 to 300 bed hospitals in order that individual patients may receive better attention. General Hawley stated that the United States would be divided into 132 districts with a field supervisor over each district to see that the veterans are given better service and to see that the hospital meets their needs.

The Veterans Administration under General Hines has already committed themselves to build a general hospital in Western Oklahoma.

We asked if the engineer's report had any bearing on deciding on the location. General Hawley said, "The location and inspection engineer's report has very little weight on locating hospitals. It is just one of the minor requirements before the final site is approved. However, his report would have to be favorable. The engineer's report shows the Memphis location satisfactory."

The location of a hospital is figured on a long-range basis and the donation of the site is not necessarily an advantage unless everything else is equal.

General Bradley stated that Congress will have to decide whether or not the Veterans Administration is to take over the Army and Navy hospitals or build new ones. He told Gene Worley

he did not want these hospitals if the budget was not cut too severely.

The abandoning of one hospital and building another is not necessarily a waste and therefore the administration has no hesitancy in so doing. General Bradley told us not to lose heart because they were abandoning some hospitals and planning to build others.

"Hospitals spread out over a great amount of space are impractical because of the personnel to operate them. Some of our hospitals have already become obsolete," he said.

Cities, political organizations, or any other agencies have no bearing on locating a hospital. The location is strictly on veteran need. A great number of hospitals are located without considering the authorities of the city. He further stated though, "We like for a city to show some interest because it soon becomes par of the city."

General Bradley stated that there would be around 20,000,000 veterans to provide hospital service for as a result of World Wars I and II. The need will increase in about 15 to 20 years.

While we were in session with General Hawley, Col. Brown was called in to explain the survey made in Texas which shows that West Texas was mentioned as showing a need for a hospital possibly by 1948. This impressed us very much and we dwelt on this survey quite at length.

## Red Cross Will Handle Messages In Emergencies

Emergency messages to servicemen overseas will be forwarded by the Red Cross in every instance in which Red Cross has facilities to transmit them, but families are urged to supplement the messages with letters of their own, Mrs. T. D. Weatherby reports. For purposes of servicemen's morale, the families' letters should contain additional and personal details that, because of crowded cable, cannot be included in the Red Cross emergency message.

Red Cross, it was explained, now is able to reach the greater number of men in the armed forces, except those assigned to ships and some mobile units of the navy and marine corps.

Emergency messages are those regarding death, serious illness, and urgent personal or family

## Story of Pioneer Pastor Will Be Related in Book

The story of Rev. A. E. Butterfield, one of the early day Methodist pastors in this section of Texas and who set out more than a half century ago to Christianize the Indians in Oklahoma, is to be told in a book which soon is to be published. The book is being written by Ben Moore of O'Donnell.

Rev. Butterfield, now 84 and bedridden at his home in Matador, once was Methodist pastor at Silvertown and is known to pioneer residents of the entire Plains country.

Rev. Butterfield was an early day missionary who braved the frontier dangers with faith as protection instead of a six-gun. Sent into the Fort Sill section of Oklahoma in 1892 by the North Texas Conference of the Methodist church, he became the friend of the Kiowas and led many of them to Christianity, including the chiefs of some of the widest tribes.

Two of the sons of one of these chiefs, Hunting Horse of the Kiowas, are now Methodist preachers.

The book will contain many historical incidents, gleaned from Mr. Butterfield's intimate knowledge of the Indians, including their account of the loss of the battle of Adobe Walls, their last major fight with white men in the Texas-Oklahoma section, which took place near the Canadian river, north of Borger, on June 27, 1874.

## Frank Richie Is Now A Constable

Frank Richie is now constable in Precinct No. 1, having recently taken the office. He was elected in the primary last year, but at the time was working for the city and did not qualify for the constable's place. There has been no constable in Precinct 1 for the past two years.

problems such as allowances, allotments, business affairs and paternity situations. Birth messages are considered as emergency messages when there are complications such as serious illness or death and when there are no commercial facilities for transmitting the message.

## John Snider Didn't Know Oren Jones

John Snider, "knew all the time" that he was talking to Oren Jones, when the Memphis druggist met him recently in Amarillo and Snider, veteran peace officer and barbecue king, failed to recognize him. At least, that's what the Amarillo News says in defense of Snider.

Snider told Jones he was "always getting him mixed up with a friend, Oren Jones," down at Memphis. Now, according to The Amarillo News, the joke was on Jones, for—the News says—Snider has a habit of making people think he has them mixed up with someone else.

Jones says, while he can't prove it, he knows positively and for sure, that Snider did not know him. Anyway, here's Snider's version, as reported in The News:

A Memphis druggist who thinks he has a joke on John Snider, Amarillo barbecue authority and pioneer peace officer, might find Mr. Snider has the joke on him.

The Amarillo man prides himself on knowing a lot of people in the Panhandle. He has a fine memory and as a joke, sometimes pretends not to remember a face or name.

Oren Jones, Memphis druggist, was in Amarillo recently. He ran into Mr. Snider and talked with him a while. His idea was that Mr. Snider didn't recognize him.

"You don't know me," Mr. Jones said.

Mr. Snider replied: "I'm afraid I can't call your name but I'm always getting you mixed up with a friend of mine down at Memphis, Oren Jones."

The odds are that Mr. Snider knew he was talking to Mr. Jones all the time.

## All-Day Service Sunday Free Will Baptist Church

All-day services will be held Sunday, Nov. 25, at the Free Will Baptist church and an invitation has been extended the public to attend.

Visiting preachers will be the Rev. B. A. Grant of Henderson, Rev. J. A. Brooks of Comanche and Rev. J. O. Fort of Bryan, it was announced by Rev. S. M. Ziegler, the pastor.

## Turkey in Halves For Thanksgiving

Many small families are going to have a "half turkey Thanksgiving."

Although market reports for the Thanksgiving season show there will be plenty of turkeys, many small families find a whole bird more than can be eaten with economy. For this reason many butchers are prepared to sell half turkeys on request. The bird is simply split down the back and along the breastbone.

The half bird, says Miss Edith Lawrence, food preparation specialist of the Texas A & M college extension service, is prepared for cooking in the usual way. The skin is skewered over the breast to keep it from pulling away, the leg is tied down and the bird is brushed with melted fat. A good trick to keep the meat from becoming dry is to cover with a clean cloth saturated with fat.

Place the bird, cavity side down, on a flat rack about the size of the cavity. Cook in a shallow, uncovered pan at 325 degrees.

## Has Good Yield In Sweet Sudan

Starting with a handfull of seed last year, J. R. C. Moseley, a leading field crop demonstrator in Palo Pinto County, harvested a large yield of sweet sudan seed this year.

County Agricultural Agent R. E. Lindsey reports that in the spring of 1944, Mr. Moseley obtained four ounces of the seed from the Texas Agricultural Experiment Station and planted one half an acre. Nursing this small planting carefully he harvested two cuttings and obtained 250 lbs. of seed. This year Mr. Moseley went all out for a seed crop. He supplemented the home-grown seed with a purchase of 200 pounds of seed and planted about 200 acres.

The result, says County Agent Lindsey, was one of the finest crops of sudan ever produced in the county. Yields of 500 to 600 pounds of seed an acre as well as a good crop of hay were obtained. The seed will be made available to other farmers in the county who have been influenced by Mr. Moseley's demonstration to grow this new type grass.

Lindsey says that Mr. Moseley has been producing vetch and Abuzzi rye for the past three years both for seed and demonstration of the value of these legumes as soil builders.

There are more than 3,500 species of ants.

## Sister Kenny Is Coming To Texas

Sister Elizabeth Kenny is coming to Texas. Famous for successful method of treating infantile paralysis, she has accepted an invitation to her by Governor Coke R. Stevenson to be guest of the Texas Committee in charge of the campaign for the Kenny Foundation Fund, which will be held in this state and throughout the Nation Nov. 22 through Dec. 8 it has been announced by George C. Francisco Jr., general chairman of the State Committee.

Bing Crosby is chairman of the national campaign. The quota for the Texas campaign is \$250,000, and the committees are being organized throughout the state to direct the fund raising. Every cent raised in the campaign will be used in the fight against polio. One-half of the funds raised in Texas will be used to make available the Kenny Method of treatment to all victims of the disease.

Sister Kenny will be the guest of the State Committee at a date to be announced later. She will appear at a public meeting in Austin, and will have as her guests, several of the Texas boys and girls who have been successfully cured of the effects of the disease at the Kenny Institute in Minneapolis.

State headquarters are at the Driskill Hotel in Austin. Chairman Francisco has appealed to the entire state to help in the campaign, and to those who are not solicited, to mail their donations to the State Headquarters. "We can use workers in every part of the State," Mr. Francisco said. "Write me and we'll put you to work."

## Support Price for Hogs Set at \$12

A 1946 pig goal of 52,000,000 head an average support price for good to choice butcher hogs of \$12 per hundred pounds (Chicago basis) has been announced by the United States Department of Agriculture.

Effective dates of the support price program are Oct. 1, 1946 to Sept. 30, 1947, according to C. B. Hodges of Texas Production and Marketing Administration. Seas-

for the first time to hog prices, meaning the \$12 average Chicago price will vary according to normal seasonal changes. This price ranges from \$10.75 in December, 1946 to \$13.25 in Sept. 1947, Mr. Hodges said.

The present support price of \$13 per hundred, Chicago, with no seasonal variation, was announced on May 21, 1945, to be effective until Sept. 1, 1946 and now extended to Sept. 30, 1947, he continued.

Next year's average support price at Chicago will reflect at least 90 per cent of parity to far-

amendment. In arriving at the price, the average difference between U. S. average for all hogs and average market price for butcher hogs have been present 90 percent of parity. Heretofore the addition now including parity for sows. Heretofore have been reflected in parity but not in Chicago price explained. Parity for 1945 was \$12.60 and 90 per cent parity for the same date '34.

### St. Church Estelline Will Conduct Revival

VIRGIL REYNOLDS

Week of gospel music and evangelistic services will be held at St. Church in Estelline beginning Sunday, Nov. 25, Rev. J. Reynolds, the pastor, announced. Virgil Reynolds, evangelist and musician, will conduct the services. Public is extended a cordial invitation to attend.

When Washington gave General Wright a hero's welcome, he was represented by Major Hubert Carroll of Paris.

### Childress Votes To Pay Half Cost on Quitaque Project

Definite action in behalf of the Quitaque Creek irrigation project has been taken by the Childress Board of City Development.

Directors of the B. C. D. have voted to pay one half the cost of installing an analysis station at the dam site, in order that recordings of the water flow may be furnished the Bureau of Reclamation.

These records, over a given time, will be used by the Bureau in determining the feasibility of a dam and irrigation project, reports James C. Mahan, president of the Turkey Reclamation Project.

There is much interest in Childress over the project, reports Mr. Mahan, because Childress is seeking to increase its water supply, and if the dam is built it proposes to take water from the reservoir that would be created.

A gauging station has been maintained at the site for several months but more complete records are sought by the Bureau of Reclamation and the new analysis station is now planned.

The Texas hill country is looking forward to a big deer and wild turkey hunting season. One survey figure shows that by the end of the year, hunters will have spent half a million dollars for the nearly 12,000 bucks they will carry away. The average hunter is estimated \$175 on a hunting expedition.

Twenty-four Texans have been honored with the nation's highest award—the Medal of Honor.

#### THE STATE OF TEXAS

TO: Ethelene Jones GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 7th day of January, A. D. 1946, at or before 10 o'clock A. M., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 19 day of Nov. 1945. The file number of said suit being No. 2899.

The names of the parties in said suit are: Herman M. Jones, as Plaintiff, and Ethelene Jones, as Defendant.

The nature of said suit being substantially as follows, to wit: Plaintiff was married to defendant on or about October 28, 1944, and lived together as such until on or about 1st day of November, 1944, when defendant left the bed and board of this plaintiff, and defendant was harsh, unkind, and cruel towards plaintiff which rendered their further living together insupportable. There were no children born to this union and no community property accumulated. Plaintiff seeks divorce as is more fully shown by plaintiff's petition on file in this suit.

Issued this the 19th day of November, 1945.

Given under my hand and seal of said Court, at office in Memphis, Texas, this the 19th day of November A. D. 1945.

#### SHERIFF'S SALE

THE STATE OF TEXAS  
COUNTY OF HALL

WHEREAS, on the 26 day of September, 1945, in Cause No. 2506 in the District Court of Hall County, Texas, wherein The City of Memphis, Texas, Plaintiff, State of Texas and County of Hall and Memphis Independent

School District, Impleaded Party Defendants, were Plaintiff, Impleaded Party Defendants, recovered judgment against Mrs. Jo Martin Sidebottom Defendant, for taxes, penalty, interest, and cost against the hereinafter rescribed property;

WHEREAS, on the 31 day of October, 1945, by virtue of said judgment and the mandates thereof of the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 1 day of November, 1945, seize and levy upon the property of the above defendant the following described property, situated in Hall County, Texas, to-wit: FIRST TRACT: All of LOTS Nos. 1 to 6 inclusive in Block No. 51 of the Original town of Memphis in Hall County, Texas.

And I will on the first Tuesday in the month of December, 1945, the same being the 4 day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Memphis, Texas, between the hours of 2:00 p. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgment against said property in said suit, whichever is lower, subject also to the right of the Defendant to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

DATED at Memphis, Texas, this the 1 day of November, 1945.

W. C. Anderson, Sheriff  
Hall County, Texas  
By A. B. Stuart, Deputy. 22-3c

#### THE STATE OF TEXAS

TO: Jacklan Hardage GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of December, A. D. 1945, at or before 10 o'clock A. M., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 8th day of November, 1945. The file number of said suit being No. 2891.

The names of the parties in said suit are: Truett Hardage as Plaintiff, and Jacklan Hardage as Defendant.

The nature of said suit being substantially as follows, to wit: This is a suit for divorce, plaintiff alleging that he was legally married to defendant on or about the 22nd day of August, A. D. 1939, and that defendant permanently abandoned plaintiff on or about the 6th day of March, A. D. 1940 without any cause or provocation on the part of the plaintiff; that said abandonment has extended over a period of more than three years; that the marriage relation between plaintiff and defendant still exists; that there were no children born to plaintiff and defendant and none adopted by them or either of them; and no property rights to be adjudicated in this suit. Plaintiff prays for citation, divorce from defendant, costs and general and special relief, in law and in equity.

Issued this the 8th day of November, 1945.

Given under my hand and seal of said Court, at office in Memphis, Texas, this the 8th day of November A. D. 1945.

By the way, kiddies, get your letters to Santa written right away and turned in to The Democrat office. They will be published before Christmas in time for Santa to read them. The earlier you get them to this office the more likely it is that they will be published.

Service men are coming home so rapidly The Democrat reporters can't keep up with them. Parents, wives, and other relatives will confer a favor on us by reporting the arrival of their returned loved one besides showing a courtesy toward such loved one. To all returning service men The Democrat extends a sincere welcome.

Bill Phleuger of West Noel says, "My wife has developed the bad habit of staying up until two and three o'clock in the morning. She just won't go to bed until I get home."

Subscribers outside the four-county zone who remit only \$2.00 for renewal will have the time extended less than 10 months, for it goes at short-time rate. The price per year outside the 4-County zone is \$2.50.

Matilda Unstart of East Noel says her neighbor's husband wanted her to kill a chicken the other day to celebrate their seventeenth wedding anniversary, but she did not because she thought a chicken ought not to be punished for something that happened 17 years ago.

Hiram Wood, Navy man home on 60-day leave, is helping out at The Democrat office during his stay in Memphis. Hiram grew up in this office, and couldn't resist

the temptation to get his hands once more, even though he has more than another year to serve in the Navy. His idea is at a time when it is certain that other Democrat staffers are on the way home and I hope they get here soon.

The sudden advent of dust from the north Tuesday changed the complexion of the weather somewhat, even this Wednesday is clear and with just a mild breeze. Conditions are that it will be colder in the Panhandle. For several weeks the weather has been ideal for crop gathering, the farmers have been taking advantage of the opportunity.

T. T. Posey, minister of First Christian Church, haven't yet been invited to a turkey dinner on Thanksgiving. The little old hen would be kept over until Christmas.

Services were held Monday afternoon at 2 o'clock from the assembly of God church for Amelia Ann Arnold, mother of Mrs. Emma Camp and Mrs. H. Kirtrell of Memphis, who passed away Saturday in a local hospital after a brief illness. Her husband was in Wellington. She was 62 years of age. Services were conducted by Rev. C. A. Strickland, assisted by Rev. T. E. Gibson, under the direction of the Women's Funeral Home.
