

INFORMATIONAL FARM SESSIONS ARE SCHEDULED

FARM PROBLEMS TO BE DISCUSSED AT FIVE MEETINGS

A series of informational meetings on farm labor, veterans preference for new farm machinery, crop insurance, and farm plan sheet for 1946 will be held at various sites throughout Hall County beginning Wednesday of next week, Lynn L. McKown, secretary of the ACA, announced this week.

The meetings will be conducted by workers of the Agricultural Adjustment Agency and the extension service, it was explained.

Under the 1946 program farmers are required to obtain written approval for all practices, before the practices are carried out, and without this approval no payment can be made on a farm in 1946, McKown said. All farmers who wish to comply with the 1946 program should attend one of the meetings, or contact the local AAA office, after March 19, then plan sheet sign-up and issuing of approvals for contour farming, summer fallowing, and field strip cropping will begin.

First of the meetings will be held Wednesday at Estelline in the high school building at 7:30 o'clock. Signing up will be done from 1 to 5 o'clock in the afternoon at the Estelline gin.

Second meeting: Brice school, 7:30, Thursday, March 21, with signing up from 1 to 5 o'clock at the school.

Third: Turkey theater, 2 (Continued on Page 12)

T. J. Hampton, 77, Resident 41 Years, Dies in Memphis

Funeral Rites Are Held At Baptist Church Here; Interment at Fairview

Thomas Jefferson Hampton, 77, resident of Hall and Donley counties since 1905, died here Monday. Funeral services were held at the First Baptist Church Tuesday afternoon at 4 o'clock, conducted by Rev. Jeff Moore, pastor.

Interment was in Fairview Cemetery, under the direction of the Estes Funeral Home. Hampton was born in Johnson County, and moved to Hall County from there in 1905. He had made his home in or near Memphis since that time. He was united in marriage in 1907 to Addie Maddox, and to that union two children were born, Thomas and Juanita, both of whom preceded him in death. Hampton was 77 years, 1 month, and 6 days of age at the time of his death.

He had been a member of the Oddfellow lodge for the past 41 years, and was a member of the First Baptist Church in Memphis.

Survivors include his wife; two step-children, Mrs. Frank Garrett of Memphis and Hubert Maddox of Lubbock; two sisters, Mrs. Rob Huckabee of Munday and Mrs. W. A. Huckabee of Floydada; and one brother, Charles Hampton of Johnson County. One sister, Mrs. W. A. Huckabee, and his brother were unable to attend the services.

Flower bearers were members of Mrs. Hampton's Sunday School class at the First Methodist Church, and some members of the First Baptist Church.

Pallbearers were Charles R. Webster, Clinton Srygley, Ed Cudd, N. W. Durham, W. A. Simmons, Otho Fitzjarrald, Mac Tarver, and Henry Scott.

CLAUDE'S COMMENTS

The last comments you read were those written by someone in The Democrat office, claiming he was substituting for me. Those comments were so interesting that even I had to admit they were better than any I write. If he had continued them for another week or so, I would have been put out of business. Fortunately for me, our stay at a hospital wasn't long and we got back on the job.

City to Enforce Rules on Driving

A campaign against double parking and excessive speed on the square and the highway through Memphis is starting this week, H. M. Stinnett, newly-elected Memphis chief of police, said this week.

The giving of tickets for any violations of city ordinances will commence immediately, Stinnett said. Decision to clamp down on reckless driving and double parking was made at a recent meeting of the city council of Memphis.

Three particular phases of violations are being stressed; the three are as follows:

1. No double parking on the square or on the highway which runs from 4th to 10th street on Noel.
2. Excessive speed on this part of the highway and around the square.
3. Excessive sounding of horns on automobiles.

First part of the campaign will consist of issuing green "courtesy cards," receipt of which by a driver will constitute a warning and no penalty. For the second offense, red tags will be given and offenders will have to appear in city court before R. L. Duncan, city judge.

Serious offenders will be given the red tickets on the first offense, it was emphasized.

A city ordinance prohibits double parking at any point on the square, the new chief of police said, as well as double parking at any place on the highway through town which might hold up traffic. A previous campaign against such parking was conducted here several years ago, but during the war, the ruling was relaxed.

There is danger of losing the routing of the highway through town, it was pointed out, if the double parking is not entirely eliminated. During busy days it has been noted that traffic is almost entirely stopped due to the large number of cars which double park around the square, particularly on the side where the highway runs.

The people of the city are beginning to make a race track out of the square, Stinnett said, and urged local drivers to slow down in helping to control the traffic situation.

The third part of the campaign, that of cutting down the excessive sounding of auto horns, is another badly needed improvement in driving, Stinnett said. There is an ordinance, he pointed out, prohibiting the use of auto horns except when necessary.

Martin Wood Shop Is Damaged By Fire

The wood and tin shop of C. D. Martin, located at 6th and Brice streets was seriously damaged by fire of undetermined origin late Monday night.

J. W. Yardeman, fire department truck driver, stated that extensive damage was done to fixtures and interior of the building. It is believed that the blaze was caused by defective wiring.

Survivors include her parents, (Continued on Page 12)

This Is One World, Williams Declares

"I think that the United States should say to Great Britain and Russia that we believe we are on the right road and ask those two powers to join us on that road—and if they don't want to, then we should hoe that road alone," so said Jeff Williams, the nationally-known speaker and attorney of Chickasha, Okla., in one of the most entertaining and enlightening addresses ever given in Memphis when he spoke at an open meeting of the Brotherhood of the First Baptist Church here Tuesday night.

The meeting was well-attended, but the size of the crowd did not justify Williams' excellent, timely, and entertaining address. His informal speech was spiced throughout with saucy sayings and humorous incidents, and not one person was found looking at his watch although the talk lasted for an hour and 15 minutes.

Miss Edna Bryan, Former Resident, Dies at Temple

Served as County Clerk For 10 Years; Was Making Her Home at Plainview

Miss Edna Bryan of Plainview, who served as county clerk of Hall County for ten years and who spent a number of years teaching in county schools, died Thursday night of last week in Temple, where she was undergoing medical treatment in the Scott and White hospital.

Funeral services were held Saturday in San Antonio, where one of her brothers, Bill Bryan, is making his home. Burial was also at San Antonio.

Miss Bryan was very well known in Memphis. The daughter of Mr. and Mrs. H. B. Bryan, now of Corpus Christi, she began her teaching career at the Fairview school. She taught there a few years and then moved to Memphis.

After working in business houses here for a while, Miss Bryan was a successful candidate for the office of county clerk, and served in that capacity for ten years. Following that, she taught at Eli for eight years.

In the spring of 1942, she announced for the office of county superintendent, but withdrew from the race and accepted a position with the old-age assistance administration. She was employed in this type of work in Plainview at the time of her death. She was active in civic work in Plainview, and was recently chosen as president of the business women's and professional club there.

Miss Bryan was an active worker as a member of the Methodist Church. She was a charter member of the Hall County chapter of Delta Kappa Gamma, teachers sorority, and a member of the Eastern Star and Rebecca Lodge.

Survivors include her parents, (Continued on Page 12)

RE-BUILDING OF LOCAL OIL MILL BEGINS MONDAY

PLANT TO BE READY FOR OPERATION BY FALL COTTON SEASON

Re-building of the West Texas Cottonoil company mill, which was badly damaged by fire in June of 1943, will commence next Monday, Frank Foxhall, assistant manager, announced this week.

The new building will be one of steel, Foxhall said, and plans are being made to have the mill open by the time of the fall season.

Machinery for the mill has been located, some of which will be new and the remainder almost new. The mill will be equipped with the hydraulic-type machinery.

Ben Paige of Abilene has been chosen as the new superintendent of the mill, and will arrive in Memphis in the near future to aid in supervising the re-building of the mill. Paige is married and has a four-months-old child, and his family will join him when a home can be located.

F. N. Foxhall, manager of the mill, estimated that about one hundred men will be employed when the mill goes into operation. It is planned to have three shifts of workers.

The plant has not been in operation since the disastrous fire which occurred June 16, 1943. At that time the main building and machinery were completely lost. (Continued on page 7)

Plans Being Made By Local Men for Highway Meeting

Luncheon for Visitors to Be at Methodist Church; Progress to Be Reviewed

Future plans for highways 18 and 256 and review of the progress of these two highways will be the highlights of a meeting of Highway Association 256, 86, 30, 62, and 18, when the group meets in Memphis Friday.

A luncheon is being planned for the group, County Judge M. O. Goodpasture said this week. The local official is in charge of the arrangements for the meeting. The luncheon is to be held at the First Methodist Church, and will be served by women of the church.

Expected to attend are county judges of the following counties: Castro, Briscoe, Swisher, Hall, Donley, Roberts, Gray, and Ochiltree. Also invited to participate in the meeting are district engineers from Amarillo, Lubbock, and Childress.

In addition, letters have been sent out by E. O. Wedgeworth of Pampa, secretary of the association, to the mayors of 12 towns and cities of the district. President of the association is Judge Woodson Coffee of Silverton.

So far not many of those invited to the meeting have answered, Judge Goodpasture said, and it is feared not a very large representation will be present.

4 Hall Countians Enter U. S. Army

Four Hall county men entered the armed services this week thru the local draft board.

Clarence Coy Denton of Lakeview, Burnie Briently Townson of Turkey, and Aubrey Ray Leamer of Memphis were inducted into the army.

Eugene Henry of Lakeview volunteered and was accepted in the army.

Hall County Falls Behind In Red Cross Campaign

PICTURED are Hubert, left, and L. F. (Chuck) Jones, sons of Mr. and Mrs. O. V. Alexander of Memphis. The picture was taken at Schofield Barracks, Oahu Island. Hubert arrived in Memphis Sunday with his discharge, and L. F. arrived with his discharge today. Both men were in the army.

The job of the American Red Cross still "goes on over there," O. V. Alexander, chairman of the Hall County annual drive for funds, said this week, but Hall Countians are not exercising much activity to raise their quota of \$4,030.

Mrs. Katie Malone, Resident 26 Years, Dies at Memphis

Funeral Services Held at Local Church of Christ; Interment at Fairview

Funeral services were held Tuesday afternoon at the Church of Christ in Memphis for Mrs. Katie Ann Malone, who died here Sunday. The rites were conducted by Minister A. W. Francis Jr. Interment was in Fairview Cemetery in Memphis, under the direction of the Womack Funeral Home.

Mrs. Malone, wife of W. S. Malone, was born November 18, 1892, in Delta County. She was 53 years, 3 months, and 22 days of age at the time of her death.

She had been living in Memphis for the past 26 years, and became a member of the Church of Christ in 1917.

Survivors include her husband, W. S. Malone; one daughter, Mrs. Russell Crone of Memphis; five sons, Douglas Malone of Lubbock, Weldon Malone of Childress, Horace Malone of Amarillo, Travis Malone of the U. S. Coast Guard, and Kenneth Malone of the Merchant Marine; her parents, Mr. and Mrs. L. L. Johnson of Clarendon; one sister, Mrs. L. P. Blevins of Memphis; and six brothers, Dave Johnson of Clarendon, Bill Johnson of Amarillo, Woodie Johnson of Amarillo, Curtis Johnson of Clarendon, Oscar Johnson of Clarendon, and Ernest Johnson of Madera, Calif.

Pallbearers were Bill Goffinett, Neal Sweett, Hal Goodnight, C. E. Stillwell, Lumas Stillwell, and Dot Webster.

Attending the services from out-of-town were Mr. and Mrs. M. L. Crone of Lindale; Mr. and Mrs. W. D. Walker of Wichita Falls; Mr. and Mrs. Bob Walker and Ben Walker of Childress; Mr. and Mrs. Glenn Milner of Lubbock.

Mrs. Stroehle, 61, Dies in Memphis

Mrs. Matilda Stroehle, 61, who has been making her home in Memphis with her daughter-in-law, Mrs. Reba Stroehle, for the past six months, died Saturday afternoon following a long illness.

The body was shipped by the Estes Funeral Home to Central City, Colo., Mrs. Stroehle's home city, for burial. Attending the services from Memphis were Mrs. Reba Stroehle and daughter Billie Jean, and Mrs. J. W. Fitzjarrald, mother of Mrs. Reba Stroehle.

"I have resigned as chief of police for the city of Memphis in order to give all my time to my campaign for sheriff. "It has been a privilege to serve the people of our county as an officer for the past 10 years, and I desire to express my sincere thanks and appreciation to all those with whom I have served for their splendid cooperation and the confidence they have shown in me. "I have strived untiringly to justify the confidence and support given me and pledge the same effort to you, if favored with the office of sheriff in the coming election."

Beer Election Petition Is Declared Illegal

A petition for a beer election to be held in Memphis was presented before the Monday meeting of the Hall County commissioners court, but no action was taken since the petition was found to be illegal, Judge M. O. Goodpasture announced following the meeting.

The commissioners court does not have the authority to turn down a petition, it was emphasized, but the one presented for the beer election was not legally prepared. If the petition had been fully legal, then the court would have been obligated to call an election on the question.

Another petition, properly prepared, may be presented before the court at any time, it was pointed out following the meeting. As far as presenting a second petition, no period of time must pass.

In explaining why the petition was illegal, Judge Goodpasture quoted section 32 of the Texas Liquor Control Act, as amended by the 48th legislature. In the act, it is stated that "upon the application of any one or more qualified voters of any county, justice precinct, or incorporated town or city, the county clerk of such county shall issue a petition to be circulated among the qualified voters thereof for the signatures of those qualified voters in such area who desire that local option election be called therein for the purpose of determining whether the sale of alcoholic beverages of one or more of the various types and alcoholic content shall be prohibited or legalized within the prescribed limits of such county." The petition which was presented before the court Monday (Continued on Page 12)

This quota is only half of that asked in last year's drive, Alexander pointed out, and it is hoped that the county will donate the amount early to complete the drive.

Only \$100.60 had been turned in by Wednesday—which means the county is ONLY \$3,929.40 short of the quota.

All committee chairmen, appointed before the drive started March 1, were urged to contact citizens in their area immediately for contributions, and turn that collected in as soon as possible. Funds are to be turned in to E. A. Smith Jr. at the First State Bank in Memphis, who will issue a receipt for the money.

In urging the committees to commence their work immediately, Alexander said that the Red Cross, as of January 31, was operating 775 clubs and recreation facilities for American troops in the various theaters of the world.

The largest number of clubs was in Germany, a total of 280, with 107 off-post clubs, 36 on-post, 75 "donut" dugouts, and 62 clubmobiles.

Other countries with clubs were Japan, Italy, France, the Philippines, Korea, India, Austria, Okinawa, England, Belgium, China, Morocco, Egypt, Saipan, Libya, Algeria, French West Africa, and Kwajalein.

Funeral Services Held at Estelline For D. C. Denson

Countian Moved Here in 1915, Was Manager of Gin At Hulver for 15 Years

David Clifford Denson, 58, who has been manager of the Hulver Gin for a number of years, died at his home in Hulver Saturday night at 7:30 o'clock.

Funeral services were held at the First Baptist Church in Estelline Wednesday afternoon at 3 o'clock, with Rev. J. D. Coleman, pastor officiating assisted by Rev. A. F. Loftin. Interment was in the Hulver cemetery under the direction of the Estes Funeral Home of Memphis.

Denson was 58 years, 8 months, and 17 days of age at the time of his death. Mrs. Denson, to whom he was united in marriage February 7, 1907, died in a local hospital December 4 of last year after an illness of two months.

The family moved to Hall County in 1915, and Denson had been manager of the Hulver Gin since 1930.

Survivors include two daughters, Mrs. Loneta D. Rowe of Littlefield and Mrs. Doris Mae Ford of Estelline; and one son, David C. Jr., who is now serving in the armed forces.

Pallbearers were Cap Orett, Lloyd Phillips, Hulien Clifton, Clinton Richburg, John Russell, and Grant Hartwell.

Greene Dry Goods Begins 38th Year

The firm of Greene Dry Goods, which opened in Memphis March 13, 1909, is beginning its 38th year in business this week. R. S. Greene, owner, has announced.

"May be express our heartfelt thanks to our many customers for their continued patronage through these 37 years," Greene said. "Many of our customers today bought from us during the first year we were in business. We'll do our best to merit your patronage during the years to come."

County Soil Conservation District Proclaims 1945 As Banner Year

1945 was a banner year, according to the annual report of the Hall County Soil Conservation District.

The district has received and approved applications for assistance on farms totaling more than 282,000 acres, and supervisors have been able to give the assistance requested on more than 150,000 acres.

It has assisted farmers to install contour planting on over 81,000 acres, strip cropping on more than 16,000 acres, cover crops on 5,400 acres, protect more than 79,000 acres with crop residue, properly stock 61,000 acres of range land, re-seed 220 acres of cropland to native grass, and build

84 stock ponds and 3,100 miles of terraces.

In planning and establishment work the district has been assisted by the U. S. Soil Conservation Service.

Approximately 67 per cent of all conservation work planned in the district has been put on the land, and the remaining plans are being installed by the farmers as fast as the weather and labor and materials permit.

The board of supervisors of Hall County district is composed of Ray Grimes, John Sharp, J. L. Brooks, F. E. Leary, and Raymond Scott. Besides Hall County, the district is composed of Childress County and small portions of Cottle and Motley counties.

Smith Promoted To Sergeant Rank

Sgt. Benny E. Smith, whose wife, Mrs. Doris Smith, resides at Memphis, was recently promoted to his present rank.

Sgt. Smith was inducted into the army at Camp Chaffee, Ark., in September of 1944. He received his basic training at Fort Bliss, and left for overseas duty in April of 1945. He is now serving in the 925th anti-aircraft artillery automatic weapons battalion.

Sgt. Smith attended Wellington High School where he participated in football. Prior to his induction into the armed forces he worked on his own farm.

He is entitled to wear the Asiatic-Pacific theatre ribbon.

Hosiery Shortage Has Dire Affect On Miss Foreman

The shortage of hosiery is affecting Miss Mary Foreman, county superintendent, but not exactly in the way you may think.

Coming under Miss Foreman's jurisdiction are quite a number of teachers throughout the county, and those teachers are unable to find any hosiery when they get to town on the week-end.

Now Miss Foreman is taking the brunt of the attack, as the teachers hop onto her in an effort to have some hose saved for them.

What to do? Well, Miss Foreman doesn't know, but she is certainly open for suggestions to keep the women teachers off her neck.

You aren't getting machinery, Mr. Farmer, because...

PICKET LINES

have taken the place of **PRODUCTION LINES!**

...so don't blame your Implement Dealer!

YOUR implement dealer had planned and expected to have his display floor filled with new implements and tractors weeks ago. And we had planned to make them—had told our dealers and our farmer customers they would have new equipment and plenty of service parts for the 1946 spring work. And we had hoped to sell these machines at no advance in price.

Real Production Had Started

When the war ended, our organization bent every effort to increase production, with the result that in the last months of 1945 machinery was being built in very substantial quantities. Here are a few figures:

ITEM	PRODUCTION	
	NOV. 1945	DEC. 1945
Tractors	7,271	7,432
Combines	2,345	2,526
Cultivators	3,482	3,308
Hay Loaders	209	982
Plows	6,185	6,702*

*Plows are made in our Canton and Chaffanooga Works, which are not on strike. January production was 7,747 plows.

Both your dealer and we were encouraged by this production picture at the turn of the year. But the strike changed all that. As you know, the CIO United Farm Equipment & Metal Workers of America called a strike in ten of our plants, on January 21, 1946.

What Is The Strike About?

Wages are a basic issue. At the time of the strike, Harvester employees were among the highest paid workers in American industry. When the strike began, the average hourly

earnings in the ten plants, not including overtime, were \$1.15 $\frac{1}{2}$. If present wage proposals are adopted, this figure will become \$1.33 $\frac{1}{2}$ per hour.

When the strike began, negotiations were broken off by the Union on the issue of compulsory union membership. The Company has no desire to weaken the Union. It recognizes certain reasonable needs of the Union. But the Company does oppose compulsory unionism. It feels strongly that an employee's membership should be a matter of his own choice.

Material Costs and Price Relief

Wages and materials are the great costs of operating our business—together they consume all but a few cents of every dollar the Company takes in. Wages are obviously going to be high—and nobody knows just how high material costs will go.

In the face of rising costs of materials, the Company does not see how it can pay the wage increases recommended by a Government fact finding board until it has definite and satisfactory assurance from the Government that reasonable price relief will be granted to the Company within a reasonable period of time. This matter is of such importance that it will not be discussed here, but will be covered by future advertisements devoted to both prices and profits.

Speaking for our dealers and ourselves, we can assure you that no customer is more eager than we are to resume production. We are doing and shall continue to do everything in our power to bring about a fair settlement as soon as possible.

Dr. John Ashton of Texas A. & M. Visits Show, Pays High Compliments

Hall County's ninth annual 4-H and FFA livestock show attracted a number of out-of-county visitors this year, due to the excellent calves shown, and among them was Dr. John Ashton of Texas A. and M., who accompanied the judge of the show, Roy Snyder, to Memphis.

Following the show, Dr. Ashton was asked to give his comments on the show. He made the following statements:

It was a rare treat to have the privilege of attending the ninth annual 4-H club and FFA calf contest held at Memphis March 2. The writer, along with Knox Parr and "Doc" Ruhmann, assistant state boys' club agent, followed with the greatest interest

the intelligent placings of Roy Snyder of Texas A. and M. college, whose expert judgment must have been generally satisfactory to the club members and their parents and friends.

Mr. Snyder was good enough to explain the reasons for his preferences and such qualifying nouns and adjectives as "finish," "quality," "typy," "blocky," etc., took on clearer significance after Mr. Snyder had finished his explanations of his placings.

I think that all concerned who played a prominent part in staging this important show are deserving of much credit, particularly the energetic county agent, W. B. Hooser, who was untiring in his efforts to make this event the outstanding success which it undoubtedly was.

The average man can only faintly realize the vast amount of planning and execution of the innumerable details essential to the success of a show of this description, besides the months of actual training and lecturing to the boys and girls regarding the proper feeding and care of the animals, for no matter how highly bred these may be, they cannot win unless they are fed under scientific principles which permits

them to make the highest possible gains in the limited time at the disposal of their youthful caretakers.

It was indeed encouraging to see such a large attendance of progressive residents of the city of Memphis, and also from other sections such as Estelline, Lakeview, etc. They could not give their patronage and appreciation to a better cause, and when it came to buying the calves—result of months of assiduous care and skillful feeding of these worthy boys' and girls' patient efforts, it was heartening to note the spirited bidding at the auction.

Knox Parr, district county agent, has always given much encouragement to this kind of work, and it is plain to an outsider that very great progress has been made in the nine years since this laudable work started. Some of these boys and girls who are excelling in calf feeding today will be the prominent breeders of tomorrow. All this means progress, and progress means more wealth to the community and a better standard of living all around.

Better cattle can and should be raised, and to see the 70 head which paraded before Hall County folks at Memphis on March 2 is a demonstration which means that never again are the farmers and breeders of this county going to be satisfied with anything but the best in cattle breeding.

These boys and girls, the men and women of tomorrow, are taking the lead in cattle improvement work. As the judge pointed out, even the tail-enders in the several classes were so good that they would qualify much higher in classification when slaughtered than the average good steers which make up our ordinary beef supply; while the winners, with their thick and firm, but tender covering, smoothly and evenly distributed over the loin, ribs, back, and rump, and well carried down to the hocks in most cases, would dress out a carcass many grades higher in quality than the beef which the average housewife pays well to get.

In fact, the lessons and results from these calf shows, in the writer's opinion, can scarcely be exaggerated, and even greater impetus should be given in the future to this work. Good cattle means more wealth, better living, more industrious boys and girls on our farms—and more money to spend in town by our rural folks who know how to spend it to the best advantage. The scrub is going fast—let it go!

"The eye of the master fattens his cattle."

Teachers' Sorority Shows Consistent Gain in Membership Over War Years

The Delta Kappa Gamma Society, a national organization for women teachers, has consistently gained in membership even during the war years. At the last tabulation there were 625 chapters consisting of 22,909 members. Texas leads the nation with 94 chapters composed of 4,009 members.

Chapter membership consists of one-tenth of the white women teachers of each county. The chapter in this section of the state is Gamma Kappa chapter and includes members from Childress, Collingsworth, Donley, and Hall counties. It was organized in 1937 and has had four presidents. Miss Bonnie Willis, Wellington, now president, was preceded by Miss Esta McElrath, Memphis, Miss Laura Roberts, Childress, and Mrs. Clarence Morris, Memphis.

The membership quota for Hall County has been filled with the allotted seven members: Misses Esta McElrath, Mary Foreman, and Audrey Boggs, and Mrs. Clarence Morris, all of Memphis, Mrs. Henry Foster of Plaska, Miss Emily Smith of Lakeview, and Mrs. Ed Kennedy of Estelline.

LARGE NUMBER OUT FOR INITIAL BALL PRACTICE

DON WRIGHT NAMED MANAGER; COPPEDGE TO BE TEAM CAPTAIN

From all appearances, there are just too many would-be baseball players in Memphis. Because last Sunday afternoon when the initial workout for the Memphis baseball team was held,

three or four players for each position turned out. And newly-elected team manager, Don Wright, is glad to see all those men out, but he warned them that they would have to "give" if they expected to see much playing.

Wright was chosen as manager at a recent meeting of those interested in forming a city team for the summer months. Selected as team captain was J. W. Coppedge of Estelline, former football and basketball star at SMU. Wright will serve as the non-playing manager, while Cop-

pedge will be an active player while serving as team captain.

New equipment is now being bought. Funds were collected in the form of donations from the various business houses in the city this week, and now a sufficient amount of money has been raised to buy the initial outlay of equipment.

As yet, no games have been scheduled, it was reported. It is hoped, however, that games with several of the surrounding towns may be matched in the near future. At present, the team is planning to have a few practice sessions before attempting to meet other teams.

'M' SYSTEM

(Continued from page one)

"That's oil, Brother." After spending about ten days enjoying wife's stay in the hospital, I came to the conclusion there are two kinds of oil: the kind one puts in his motor and the kind one puts in their own insides. Every person, practically, who goes through the clinic (and hundreds do every day where we were) has to take two ounces of castor oil. Multiply two ounces by hundreds of people and one can truly say, "that's oil, brother."

When and if I have to give up my easy chair in The Democrat office, I know where I can do something else without any practice or extra schooling. I could easily qualify as a guide in any clinic, but wouldn't want to have the job of chambermaid.

Speaking of oil, let's not wait for an oil well to come in before doing something about the cemetery. The money has been in the bank several years to buy a power mower for the cemetery when such a mower is put into production. In the meantime, the chairman of the cemetery association should call a mass meeting right away so that a working organization may be perfected. Hundreds of people, both here and elsewhere would become paying members, producing enough funds to keep a caretaker busy the year round at the cemetery. Let's make Fairview Cemetery a restful and peaceful City of the Dead instead of a "Hog Heaven."

Wonder if there have been any more hogs turned loose in Fairview Cemetery. Something should be done, folks, for it is not right to make the last resting place of our loved ones a place for looting and rooting. You remember a few years ago, enough money was raised through liberal donations from the people to dig and equip a well, and buy pipe to reach to all parts of the cemetery, when someone looted the pipe and sold it? Now the hogs root and ruin the shrubs and flowers. Isn't it time to stop such things, put our money where our mouth is and really get busy? Let's have that meeting right away.

Speaking of oil again, the well at Swearingin is at an interesting depth and before long should tell the tale of wet or dry. It's wet, this whole section of country will benefit. If it's dry, this whole country will go on at it has been doing all these years, growing cotton and feed, raising cattle and Cain.

With united action this area and its towns can be improved in many ways. We have the resources and people. Cooperation can work some splendid results. Separately, nothing can be accomplished. The whole thing resolves itself into this one thing: Willingness to pull together to make town and county forge to the front of all others.

Paging Bill Monzingo and other Hall County singers! What do you think of the idea of renewing the Sunrise Easter Service at Memphis City Park amphitheatre this year on Easter Sunday, which comes April 21? Before the war, the sunrise service was established, and some inspiring services were held. The war stopped travel and the services were discontinued with the idea of reviving them when peace came again. There are enough singers in Hall and adjoining counties to make an Easter service at sunrise worth attending. Would like to have expressions from singers and lovers of singing. Make it quick and snappy—do you want such service or not?

C. Hodges Sells Camp Alhambra to Amarillo Man

R. H. Snell of Amarillo, who has been in the service station business in that city, has purchased Camp Alhambra, tourist courts, from C. C. Hodges, and took over management of the camp this week, it has been announced.

Snell and his wife and two daughters, Beverly and Pat, moved to Memphis, and are now making their home at the camp. They are active members of the Presbyterian church. Hodges, who retains ownership of the Alhambra annex, consisting of several apartment houses, will continue to make his home in Memphis. He and Mrs. Hodges have purchased a home at 821 Brice street, and have remodeled the interior of the house for their home.

The former camp owner came to Memphis from Clayton, N. M., and started building the camp in October of 1930. All of the rooms have been constructed since that time, as well as all improvements made.

In the future, Hodges said, he will not be engaged in business, but will acquire and sell rental property. He has been extremely active in civic work. As chairman of the park committee before the war, Hodges spent a great deal of his time in promoting the park and seeing the project through to its completion. He is now serving as mayor of the city, having been elected to that office in 1945.

"My wife and I like Memphis," Hodges said, "and we intend to make our home here. I do not plan to be engaged in any type of business, but will do a certain amount of buying and selling of rental property."

Dewlen on Staff As News Reporter

Alton Dewlen has joined the staff of The Democrat and will serve as a news reporter until September, when he plans on re-entering Baylor University to complete work towards his law degree.

Curtis Harrell, who has been serving as news reporter, will devote most of his time in the future to work as a printer, but will still continue to work some as a reporter.

Dewlen is well-known in Memphis, and was a senior at Baylor when the war started. He served for almost four years in the U. S. Marines, and was released in December.

Williams Is Given Naval Discharge

Charles Albert Williams, whose home is on route 2, Memphis, was honorably discharged from the U. S. Navy at the separation center in Norman, Okla., March 2, it has been reported here.

Williams, an electrician's mate second-class at the time of his discharge, served overseas for 18 months in both the Pacific and American theaters. His last duty was aboard the U. S. S. Amphiam, a repair ship.

Plans for VFW To Be Discussed

A meeting of all veterans interested in organizing a local chapter of the Veterans of Foreign Wars will be held in the City Hall in Memphis Saturday afternoon, March 23, at 5:30 o'clock, A. L. Wilson of Childress, who is arranging the meeting, announced this week.

R. E. Bruce, district commander of Amarillo, will be present for the meeting, Wilson said, to aid in forming the new organization.

The VFW is strictly a veterans organization, it was explained, and was originally started at the close of World War I.

Johnson Leases Alamo Cafe Here

Mr. and Mrs. J. W. Johnson of Memphis have leased the Alamo Cafe, located on the Childress highway, and have assumed management of the firm, it has been announced.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backache, rheumatic pains, uraches, dizziness, getting up nights, leg pains, swelling, sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

PERSEVERANCE PAYS MOREMAN OF BRICE

HALL COUNTIANS should be proud of the results of the judging at the Amarillo stock show, when one Hall Countian, Jack Moreman of Brice, took the reserve champion prize with one of his entries.

Moreman has been entering calves in the Amarillo show for the past several years, and finally reaped his reward this year when his calf came in second from a large field of calves brought to Amarillo from throughout the Panhandle and parts of Oklahoma and New Mexico.

Not only did his calf win reserve champion honors, but it sold for a high price, a total of \$935, at the rate of \$1.01 per pound. This, together with the prize money which he gathered in, netted Moreman a nice take for his year's project.

However, the main thing is that Moreman has shown a great deal of progress in this work. This is probably the last year he will have entries in the show, for he is now 18 and will be called by the draft in the near future—providing the draft is not stopped. But during these years, Moreman has learned much about cattle breeding and raising, and some day this knowledge will pay him even more than his show prize money—and his knowledge will also pay the area in which he lives, for he has built a firm foundation for his future. We add our humble congratulations to Jack Moreman of Brice.

THIS WORLD OF OURS AS IT APPEARS TODAY

IT ISN'T OFTEN that we clip anything from another paper to run in this part of the Democrat, but the following article from the Shamrock Texan gives, in a clever way, how the whole nation has fallen into a bad habit during the war. Here it is:

Dear Ed:

The help situation doesn't seem to be improving much, does it? Shamrock seems to be more fortunate along this line, but I've been around a little and it's a serious thing, believe me, when a waitress brings you a fork to eat soup with and a saleslady buys all the nylons and the non-union housewives do without.

In some of the cafes in different sections of the country, signs similar to this are seen frequently: "Please be courteous to our help; we can get plenty of customers."

Of course, I'll admit it's more than an amateur blunder to get the wrong names and addresses on ads, but it could be worse. I might not even have gotten the ad.

Bankers, in some sections, don't bother to count your money any more. They just ask you the amount, subtract 20 per cent,

and give you the receipt showing the time of your appointment.

Cashiers are allowed to use the payee's hands to count beyond 10, and all the sales over this amount are merely disregarded. All the inexperienced help should go on a strike for a six-months training period, during which time they would be paid double while learning and time and a half for homework.

Distraught owners and managers are forced to do as the employees bid, and domestic help is a thing of the past. Using the family car is permissible to pacify the maid, but when it comes to letting her confiscate the sugar stamps, that's the limit.

Perhaps the logical explanation of all the absence of capable workers is accounted for in the fact that so many of the boys are still in service. Still, it seems strange that a manicurist or stenographer would be in the Navy, doesn't it, Ed? Stranger things have occurred, however—I'm still here.

If there weren't a help shortage, you'd have to fire yourself, Ed, or pay yourself for so much overtime you'd go broke. What is the percentage basis there?

The opinion that always predominated was "When the war is over, there'll be plenty of help." I suppose the flaw in that theory is that many of the servicemen reduced to "inactive status" want to remain that way for awhile, and don't blame them for that.

Well, if I've impressed you sufficiently with how important and indispensable I'm not, I'll close and ask for the afternoon off. You'd better be good to me—not everyone can walk around my desk without falling over the wastebasket, as I did yesterday

By BOYCE HOUSE

The only diamond mine in North America is in Arkansas.

Your columnist visited the mine, back in 1925. I hired a service car and drove over from Nashville, Ark. The highway passed through a huge peach orchard, said to be the biggest in the world. Folks said it was divided up into streets and avenues so it was no trouble to find any particular worker during the picking season as a record was kept in the office and they knew he would be working on 23rd street near avenue M, or something like that.

The diamond mine is near Murfreesboro. The field was discovered by a farmer in 1907. As the story was told to me, the farmer was recovering from a fever and was sitting under a tree when some of the children, who were playing, turned up a peculiar stone, which he noticed. The rock

proved to be a diamond which sold for \$2,500.

On the day of my visit, as we approached the town, the driver crossed a railroad track without looking in either direction. At my exclamation, he said, "Oh, they don't have but two trains a week, Monday and Thursday, and this is Saturday."

Surrounding the diamond mine was a solid fence and the gate was opened by a man who had a rifle. Our credentials proving satisfactory, we were admitted and walked about the place with a guide. There were armed men pacing up and down close to that high board fence like sentinels. There was a sifter through which the rocks were run and the diamonds sorted out. Your observer was shown 20 or so and had the privilege of letting them trickle through my fingers. I sorter thought they might give me one as a trifling souvenir of my visit but they didn't—of course, I wasn't expecting a diamond of the headlight size, just a modest little half-carat one.

These were really diamonds in the rough and it would take a trained eye to see that they were precious stones just waiting to be cut and set into rings and bracelets.

No accurate figures on the total output have ever been published but the Smithsonian Institute reported in 1928 that 10,000 diamonds with a conservative value of \$150,000 had been taken from the field.

The Paducah Post: Several of the Paducah Post's country correspondents have failed to turn in any reports from the communities they represent lately and we want to stress the fact we want them to resume their weekly columns for the paper. The Post is indeed grateful to the correspondents who have faithfully contributed their letter each week and we hope in the near future to have every community represented. If you are already a correspondent, or if you wish to act as such in your community and your former correspondent has moved away or decided to quit, drop by the office and pick up your supplies.

Hospitality

The Chillicothe Valley News: We had the pleasure this week of eating dinner in the middle of a country road among a group of men who had gathered with their tractors to aid in cultivating a tract of land belonging to a bereaved neighbor. The same evening we read our evening paper and found a page ad in the Wich-

ita Daily Times asking the people of Wichita Falls to be polite, gracious, courteous, and kind. What a difference 65 miles west can make. We wonder if Wichita Falls could use a good coffee salesman to sell a few cups of "Southern Hospitality."

They Might, at That
 The Hereford Brand: Spinach-lovers attention: Mrs. Izora Clark

Matthew, former home demonstration agent, who lives near Daniel school house, says they have more spinach in the frame garden than they can use. The only protection provided was supplied by the dead asparagus tops which Mr. Matthews cut and spread over the frame garden before the first blizzard. If it came to a choice, a lot of people would prefer the dead asparagus tops.

The Jeffroy "Soil Control Cultivator" is so designed that it will perform practically all the work required on a well operated farm. Its chisel-type cultivator combats soil erosion by wind and water. It conserves moisture as and where it falls. The Soil Control Cultivator does not pulverize the ground, but cultivates Nature's way by breaking up the topsoil and opening the way for moisture to go into the subsoil for storage. The Soil Control Cultivator is ideal for breaking stubble land after harvest, maintaining summer fallow ground, or, with sweeps, for killing vegetation.

- ★ Plows and cultivates the natural way. ★ Conserves moisture.
- ★ Prevents blowing. ★ Stops erosion. ★ Cuts plowing cost in half.
- ★ Constructed to last a lifetime. ★ Pre-war prices. ★ Made in 4 sizes to fit your power: 7 ft. - 10 ft. - 13 ft. - 16 ft.

This Plow Sells for Less Than Other Plows of Similar Type. It Is Heavy and Will Perform to Any Farmer's Satisfaction.

Pick any one!—but get an OIL-PLATED engine

They're all good. And you can prove that you're a good chooser . . . by getting an OIL-PLATED engine.

Any car you buy . . . (or the one you still want to keep!) . . . will have OIL-PLATING on guard in the engine if you make it a point to use Conoco Nth motor oil. It's patented oil. It includes the added OIL-PLATING ingredient. And this acts magnet-like—to make your engine's fine inner finish attract lubricant that's durably surfaced right on . . . joined up or OIL-PLATED.

OIL-PLATING gives surfaces a barrier against wear. And wear is the big cause of carbon and sludge. So you can see why OIL-PLATING is just about a must if your car is a veteran—crying for its Spring change of oil. And with a new car you'll start right and keep right by using only Conoco Nth . . . oil that OIL-PLATES. Start for Your Mileage Merchant's Conoco station. Continental Oil Company

Agencies Release Large Percentage Of Surplus Foods

About 94 per cent of all government-owned foods sold during January by the U. S. Department of Agriculture were items declared surplus by other government agencies.

Bulk of the declared surplus property sales consisted of butter, pineapple, pineapple juice, and tobacco products, according to E. A. McBryde, district director.

Smaller sales included USDA owned commodities released in regular stock-turnover and inventory reductions and those purchased originally from farmers in price support programs.

Sales for the month totaled \$8,766,849, bringing to \$77,591,225 the amount of all agricultural products sold since May, 1944, he said.

Dr. and Mrs. Jack T. Baldwin spent last week-end in Dallas.

Mrs. True Owner Of 2 More Bulls

Mrs. Jerry W. True is the owner of two more registered bulls, following her purchase of the pair at the Panhandle Breeders Association auction last week in Amarillo. Clyde F. Milam also bought one bull for the Katherine Stokes Milam herd.

The two purchased by Mrs. True were Mischief Designer No. 433754, which placed second in the show, and was consigned by Lyndon H. Sims of Dalhart; and Anvil Rippers 29th No. 4011609, consigned by J. C. Studer and Sons of Canadian.

Milam's selection was Anvil Tone 38th No. 4086986, consigned by Studer and Sons of Canadian. Mrs. Milam has a herd bull, Double Mischief 2nd No. 3451496, which is a brother to Mischief Return No. 4339042, the grand champion of the show. The grand champion bull was consigned by Cecil Carr of Paducah, and sold for \$1,375. Mrs. Milam purchased Double Mischief 2nd from Carr two years ago.

CORRECTION

An article in last week's Democrat stated that Mrs. T. A. Nichols, mother of Dr. J. A. Odum of Memphis, died at Rogers Tuesday. The statement was in error. Mrs. Nichols was the mother of Mrs. J. A. Odum, and Mrs. Odum had been with her for several weeks.

Hodges Is Mayor - He Just Simply Can't Leave City

When Mayor C. C. Hodges announced that he had sold his business establishment, Camp Alhambra tourist courts, a stranger in town was wondering what Hodges future plans were.

"I'm wondering if Hodges will be leaving Memphis," the stranger remarked to Attorney J. O. Fitzjarrald.

"Oh, he can't leave town—he's mayor," said Fitzjarrald.

"Gosh, I didn't know the job was that good," was the stranger's quick reply.

WORKING WOMEN FORM CLUB - TO HAVE WEEKLY LUNCHEONS

Women who devote most of their daytime hours to their work in town finally gave up hope this week of being able to belong to the various clubs in the city, and organized one of their own—a club to meet each Tuesday at noon for luncheon.

The first meeting of the club was held Tuesday noon in the Pounds Cafe, and a total of 32 charter members were enrolled. Chosen as president was Maurine Scott; vice president, Pauline Knight; secretary-treasurer, Rose-lyn Williams.

Committees will be selected by the president during the coming week to form the foundation of the organization, and the membership will voice their approval or disapproval of those chosen at the next meeting.

There are many clubs and organizations in Memphis for both men and women, members of the new organization stated, but up until now there has not been one to which a working lady could belong because of the hours of her work. Last week the idea was advanced to form such a club, the word was passed around, and the organization of the club resulted this week.

The organization may later affiliate with the national group known as the Business and Professional Women's Club, although nothing along that line has been accomplished, it was explained.

Charter members of the club are Lois McCulloch, Doris Stillwell, Pauline Knight, Maurine Scott, Avis Kilpatrick, Audrey Williams, Myrtle Wood, Laurel Ellis.

Mary Lee Mabry, Roselyn Williams, Suzy Williams, Janice Morgan, Thelma Lee Messer, Mary Foreman, Dink Dennis, Katherine Baker, June Power, Evelyn Holt, Floy Gerlach.

Helen Boswell, Una Loard, Billy C. Robertson, Kathleen Mc-Masters, Mary Jones, Willie Margaret Gregory, Rebecca Carson, Theola McClure, Mollie Carlos, Ruby Hoffman, Marjorie Rogers, Nell Bullard, Louise Fisher, and Willie Isham.

R. Howe Resigns As Secretary of Credit Association

The resignation of Ralph Howe, secretary-treasurer of the Memphis Production Credit Association, was announced this week. Effective March 16, the resignation was accepted by the board, which named Don Wright, present assistant to Howe, to fill the vacancy created.

Wright, who has assisted Howe for two and one half years, has been in the cotton and gin business about 25 years. He will assume his new duties immediately, and the organization of the club resulted this week.

Howe came to Memphis in the summer of 1941 from Crosbyton where he had served as county agent for seven years. He is the senior deacon in the Masonic lodge, is a vice president of the Lions club, and has an enviable record in civic and business affairs of Memphis. Howe is moving with his wife and daughter, Giva Lois, to Seymour where he will be engaged in livestock farming.

Howe stated his regrets at leaving the fine associations and relationships he has enjoyed in Memphis, and renders best wishes to all his friends here.

Mrs. Reilly Visits Winter Carnival

Mrs. Robert V. Reilly, the former Miss Mary Jane Selby of this city, and her daughter Mary Margaret, attended the winter carnival in St. Paul while visiting her husband's parents, Mr. and Mrs. Jack Reilly of St. Paul, Minn. The following article and a picture of Mrs. Reilly were printed in the St. Paul Pioneer Press:

From deep in the heart of Texas came this pretty ex-Wave, wife of a St. Paul Marine flier, just to see the 1946 Victory Winter Carnival. The former Mary Jane Selby of Memphis, she met and married Major Robert V. Reilly of St. Paul while in the service.

On being discharged, she returned to her home town to wait for her husband's release from the service before moving to St. Paul. But meanwhile, along came the winter carnival. She had never seen one and she didn't want to miss it.

Her husband was still overseas—he is now air operations officer on Guam. But she came here regardless, accompanied by their 4-month-old daughter, Mary Margaret, with whom she is visiting her husband's parents, Mr. and Mrs. Jack Reilly, 1891 Portland Ave. She is pictured here seated on an ice formation in Victory Square, gazing fondly at Minnesota's winter sky.

Social Trend to Be Subject of Debate

A town hall meeting of the Women's Culture Club of Memphis will feature pro and con discussion on the subject, "Should Our Present Social Trend in the Federal Government be Expanded or Curtailed?"

The meeting will be held Thursday night, March 21, beginning at 8 o'clock in the Memphis High School auditorium.

Speakers on the affirmative side will be Temple Deaver and Judge M. O. Goodpasture, and on the con side will be J. C. Wells and W. C. Davis. Mrs. D. A. Grundy will serve as moderator.

The meeting will be open to the public, it was announced.

Mr. and Mrs. Henry Newman visited in Clarendon with their son, Henry Boyd, last week-end.

Assembly of God Revival Getting Good Attendance

Showing a steady increase in attendance, the revival services at the Assembly of God church in Memphis are causing much interest, Rev. C. A. Strickland, pastor, said this week.

The meeting, which began March 5, is being conducted by Evangelist G. S. Koontz of Los Angeles. The evangelist is speaking on themes of vital interest to the people of our day and great spiritual blessing is attending his preaching, it was pointed out.

The services, which will continue through March 24, are being held each night at 7:30 o'clock.

Gardening Time For 1946 Is Near

Gardening time for 1946 is at the doorstep of the majority of Texas homes.

Warmer weather moving north into the central and north central portions of the state permits planting beets, English peas, carrots, cabbage, and other hardy vegetables now, says J. F. Rosborough, horticulturist for the A. and M. College extension service. Turnips, spinach, radishes, white potatoes, parsley, onions, mustard, and head and leaf lettuce may be added to this list soon.

Best results are obtained when it is possible to plant these hardy and semi-hardy vegetables 20 to 30 days prior to the average date of the last killing spring frost in

a given area, Rosborough says. Vegetables like tomatoes and peppers, which are frost tender, lend themselves well to starting in a hotbed or plant box. The seeds may be planted six to eight weeks prior to field setting. There is advantage in planting the beds and boxes early in February in central, north, and northeast sections, but in the high plains area of the state such operations may be done late in the month. In areas where frost-free days will appear in the next three weeks, selecting, treating and bedding sweet potato slips for production should be attended to now.

Recognizing that most Texas families learned a good deal about successful gardening during the war years, Rosborough offers these points as refreshers to insure better production from the home plot:

Treat seed before planting. Soak over night in water seeds

which germinate slowly. If barnyard fertilizer is used apply it several weeks or as far in advance of planting as possible; if commercial fertilizer is used apply it in the row seven to ten days ahead of planting. Drain site well. Rotate garden site or rotate vegetables within it. Flat rows in low rainfall areas, or where no irrigation water is available; ridged beds for irrigation or high rainfall areas. Re-plant every week some kind of vegetable and keep the garden plot in full production. Use good seed and control bugs.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion. Thus help build resistance for the "time" to come.

2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

MOM'S BACK IN THE KITCHEN

Yes, she's back at her old job of home-making—that 24-hour-a-day job with no overtime pay.

Mom learned a lot about electric service during the war. She found that stitching up a cruiser and stitching up a curtain are both done more easily and quickly when electricity lends a hand.

And when home-making had to be sandwiched in after war-plant hours, Mom learned that the touch of a finger-tip brought her a dozen willing servants for the cost of a candy bar.

Mom's back in the kitchen. And electric service—always ready, dependable and cheap—is there with her, making her tasks easier, her life more comfortable. Service like that just doesn't happen. It takes hard work and good business management. The men and women in Mom's electric company—and yours, too—make it possible.

Land Withdraws From Race for County Attorney

C. Land has authorized The Democrat to withdraw his announcement for County Attorney and makes the following statement:

That since the recent formal announcement for the same office by J. O. Fitzjarrald, I feel that I should withdraw in his favor, because I had already said while the war was on and have told Mr. Fitzjarrald since his return from military service, that if and when I decided to run for my office I would not be in his way. Therefore in keeping therewith, I commend his candidacy to the voters, and wish to express my gratitude and many thanks to the citizenship of the county for their past favors, support, and splendid cooperation in this office which I appreciate to the fullest extent.

Respectfully submitted,
C. LAND.

Beer --

(Continued from page 1) was not obtained from the Hall county clerk, Miss Sybil Gurley, and she had no record of it. Furthermore, the act states that "when any such petition so issued shall within 120 days after the date of issue be filed with the clerk of the commissioners court bearing the actual signatures of as many as ten per cent of the qualified voters in any such county, justice precinct, incorporated town or city, together with a notation showing the residence address of each of the said signers . . . it is hereby required that the commissioners court at its next regular session shall order a local option election to be held upon the issue or issues set out in such petition."

In regard to this part of the act, Judge Goodpasture explained that the residence address should be more in detail than just the post office address, since some people who live out of the county might receive their mail in the county.

It was emphasized that another petition could be drawn up legally and presented before the court, without delaying for any certain length of time. The act does state, however, that if the election is held, "no subsequent election upon the same issue in the same political subdivision shall be held within one year from the date of the preceding local option election in any county or political subdivision thereof."

Mr. and Mrs. E. E. Roberts and daughter Sue Ann visited last week-end in Denton and Fort Worth. In Denton they visited a sister, Mrs. Homer Baker and family, and in Fort Worth they visited their son, Lt. Evan Roberts and wife. Lt. Roberts is stationed at the Fort Worth AAF.

Mrs. W. E. McClenny has gone to San Diego, Calif., to visit her husband who is working there. During her absence, the children, Wayne and Sue, are visiting their grandparents, Mr. and Mrs. M. C. Martin.

Schools to Close As Teachers Meet

Hall County schools will be closed Friday to enable teachers to attend the Northwest Texas Conference for Education in Amarillo, it was announced this week.

Dr. Herbert Bruner, superintendent of schools at Oklahoma City, and Dr. Arnold E. Joyal, dean of education at the University of Oklahoma, will be the principal speakers.

Superintendent W. C. Davis of Memphis is president of the Hall County unit of district 9; Mrs. D. L. C. Kinard is a member of the conference publicity committee; and Miss Mary Foreman is a member of the necrology committee.

Mrs. Kinard will serve as chairman of the parent-teacher section meeting, to be held Friday afternoon at the Amarillo senior high school.

Miss Edna Bryan --

(Continued from page one) Mr. and Mrs. H. B. Bryan of Corpus Christi; two sisters, Miss Maggie Bryan and Mrs. Roy McQueen, both of Corpus Christi; and four brothers, Ike Bryan of Big Spring, H. B. Bryan Jr. of Lubbock, Bill Bryan of San Antonio, and Jack Bryan of Corpus Christi.

One World --

(Continued from page 1) the future leaders of the world—are being paid less than the average laborer, the Oklahoman stressed. Education must be brought up to a higher standard before the ignorance of the world can be eliminated, before we will be able to comprehend the thoughts of our neighbors, and before we will be able to live together in this world as one people, regardless of the race, language, or color.

The well-known attorney was brought to Memphis under the sponsorship of the Baptist Brotherhood, and spoke at one of their regular meetings. The meeting was open to the public, and about 200 attended.

His address was not only interesting, but extremely entertaining, and he kept the attention of the audience during the entire speech. Prior to his address, several songs were sung, and Mrs. Charles Lacy of Quanah, former Memphian, sang a solo.

Mr. and Mrs. Herbert Curry and Reggie were Amarillo visitors Sunday.

Informational --

(Continued from page 1) o'clock, Friday, March 22, with signing up at the city hall from 9:30 in the morning until 2 in the afternoon.

Fourth: Memphis, district courtroom, 7:30 Tuesday, March 26, with signing up in the county AAA office from 8 to 5 o'clock.

Fifth: Lakeview, school building, 7:30 Wednesday, March 27, with signing up at the bank building from 1 to 5 o'clock.

Thanks

We wish to express our deep appreciation to our many friends for their loyal support in making Camp Alhambra a success.
