200 Volunteer Workers Turn Out For Cleaning of Lakeview Cemetery

The semi-annual cemetery working of the Lakeview Odd Fellows and Union Hill Cemetery Association was held Thursday, May 2, with 200 people participating.

With the aid of representatives of Womack Funeral Home, workers put the entire cemetery in good condition before the caretaker assumed his duties there the following day.

The caretaker has been engaged for a four-month period. The payment of a dollar per year per grave is asked from lot owners in order to maintain a cemetery upkeep fund.

In the all-day meeting a fine community spirit was displayed. The association concluded activities with the election of officers. N. A. Hightower was chosen chairman, Miss Beulah Black secretary, and Joe Barnett, D. H. Davenport Sr., J. W. Watson, and Lyman Davenport were named trustees.

District Governor Speaker at Lions

Chas. H. Dean of Plainview, district governor of Lions International, was visitor and guest speaker at the regular meeting of the Memphis Lions Club Wednesday.

He was accompanied by T. A. Singer of Dimmitt, who formerly lived in Memphis.

Dean spoke on preserving the American way of life and freedom as the U. S. knows it. He brought out means by which this freedom must be fought for, and the way in which organizations such as the Lions Clubs can be helpful.

McNeely Offices In New Location

Dr. M. McNeely, dentist who has been in Memphis for a number of years, announced this week the removal of his offices from the upstairs location in the Boren-Kinard building on the north side of the square, to the corner of Main and 11th streets, just across south of the high school building. The new dental home has been remodeled and air conditioned, it was announced, and some new equipment has been added.

Dailey Bros. Circus Due in Memphis Wednesday; to Be at Old Fairgrounds

The circus is coming to town! That statement in itself always provides hot news, for both young and old alike, for the circus has become an American tradition.

This time it's the Dailey Bros. circus, and the show will be here for performances at the old fairgrounds location, Wednesday, May 15. The shows will be presented, one at 3 o'clock in the afternoon, and the second at 8 o'clock at night, it was announced by a press agent of the show who was in Memphis this week.

The Office of Defense Transportation announced Monday that all movement of circus and carnival trains would be prohibited, effective May 10, due to the coal shortage. Whether the order will be lifted in time for the Dailey Bros. circus to reach here is not known. The order may not affect this movement, since this railroad line uses oil for fuel.

The show will arrive in Memphis early Wednesday morning by rail, and will consist of 25 double-length railroad cars, it was announced. Spectators are invited to witness the unloading of the animals, the heavy wagons, and other equipment.

The circus carries a herd of 15 elephants, including some which "talk," some which walk a wire, and some which play a realistic game of baseball. Directing the huge animals is 15-year-old Norman Davenport.

The show carries a large menagerie of animals from the far corners of the earth. Doors will open an hour before performance time to allow ample time for inspection of the menagerie and horse fair.

Foxhall Released From Air Corps

Capt. Lewis Foxhall, son of F. N. Foxhall of Memphis, has received his release from active duty with the army air corps and is now back in Memphis. Capt. Foxhall was with the air transport command, and served overseas in the European theater of war.

Hall County ACA Pays \$124,132 for Conservation Projects During 1945

The Agricultural Conservation Administration, according to the report filed by the Hall County secretary, Lynn L. McKown, spent \$124,132.27 on conservation projects in Hall County during 1945.

Ninety per cent of all Hall County farmers had projects approved and received payment out of the above sum for their completion. Largest single expenditure was made in the promotion of contour farming with \$61,440.84 invested during the year.

The total spent by ACA on terracing in Hall County was \$16,485.33 for the year with an additional \$1,016.64 paid for diversion terraces. Drainage ditches accounted for an outlay of \$684.96 and dams and reservoirs built by Hall farmers thru ACA cost \$9,424.50. Thirty-one farms were improved by construction of water wells at an ACA expense of \$11,216.

Contour strip-cropping on 11 farms amounted to \$1,284.80, and non-contour strip-cropping projects on 30 farms totaled \$1,041.63. Summer fallow projects on 232 farms represented an outlay of \$9,903.82.

\$17.50 was spent on mowing, \$13.66 for fireguards, and \$480.30 on deferred grazing projects. Planting of winter legumes on 24 Hall County farms brought the expenditure of \$1,602.25, rye grass cover, \$74, small grain cover, \$90, phosphate \$190, and alfalfa seed, \$3,556.02.

For the 1946 ACA program, Hall County has been allotted \$125,000, five thousand more than was originally planned. McKown revealed that 500 farmers in the county have not signed plan sheets for 1946, and that thus far only 60 per cent of the county's farms are participating in the program.

Under the ACA, conservation measures may be undertaken by

farmers and performed at ACA expense and with expert advice and supervision. The sum to be spent in 1946 slightly exceeds the 1945 outlay, yet at present farmers enjoying its benefits number 30 per cent less.

McKown is urging farmers to bring their conservation and improvement problems to the ACA office in order that maximum benefit to Hall farmers and accomplishment of ACA aims may be attained under the 1946 program.

Veterans, Civilians Warned Against Rent Racketeers

Tenants Urged to Report Violations of Regulations To Childress Area Office

Veterans and civilians alike who are seeking to rent living quarters should watch out for rent racketeers, Wilmer R. Mauldin, area rent director, said this week. Pressures for violations are increasing with the demand for housing weekly in the Memphis-Quanah defense rental area but also in nearly all rent control areas, Mauldin said.

"Complaints of violations and attempted evasions of ceiling rent regulation have increased recently," Mauldin said. "Prospective tenants need not, and should not, pay bonuses, side-payments, or exorbitant prices for furniture in order to rent an apartment or home at the legal ceiling price. Instead, they should notify their area rent office, 129 1-2 Commerce street, Childress, promptly of attempted evasions so that proper action may be taken to prevent selfish landlords from taking unfair advantage of the tight housing situation."

All Synthetics

A complete synthetic outfit is shown above as pictured in the April issue of Science Illustrated magazine. It consists of nylon-bristle headress, gown of gray nylon chiffon, synthetic lastex bra, synthetic rubber girdle, nylon chiffron gloves, lastex garters, nylon stockings and nylon satin slippers.

day afternoon at 6 o'clock. Special activities such as stunts, tours, etc., are being planned. J. J. McMickin will direct the club's activities.

Curtis Kelley will supervise swimming on Monday and Thursday afternoons at 2:30 o'clock at the swimming pool, and this will be available to all school students.

Mrs. Virginia Dodson is organizing a horseback riding club for both students and adults. This club will meet on Monday evenings at 6 o'clock, at the ball park west of the high school building. The riding club is proving to be very popular, and special activities are being planned. The first meeting will be held May 13, and all who wish to be members are urged to attend.

The city council of the Parents and Teachers organization is sponsoring a series of educational pictures each Wednesday morning at 9 o'clock in the high school auditorium. The show will be open to students of all ages.

The P.-T. A. is also sponsoring a story-telling hour for the youngsters. Particulars of this activity will be announced at a later date.

A band clinic is to be conducted by Perry I. Keyser, new band director, each day for both beginning and advanced band students. Fifty-three have already registered for this work.

A choral club for junior girls, to meet in the evenings, is also planned.

Besides these special recreational activities, the regular academic subjects will be offered, and students will be given credit upon completion of the subjects. Audrey Boggs will serve as instructor.

The Future Homemakers Club under the direction of Mrs. Durward R. Moorhead, will work on projects in sewing, canning, home decoration, etc. On special occasions they will meet for group instruction and recreational activities. On completion of these projects, girls participating will be given one-half credit.

Weldon McCreary will work with the Future Farmers of America chapter on projects and special experimental work. This organization is now functioning and has a membership of 45 boys. McCreary, assisted by two lo-

be taken to prevent selfish landlords from taking unfair advantage of the tight housing situation.

"I want to make it clear that the majority of landlords in this area are complying with all of OPA's necessary controls to prevent inflationary rents. They have been and will continue to be fair to their tenants. With the demand for housing increasing constantly, however, the opportunities for violations increase and some selfish landlords try a wide variety of schemes to evade detection. Tenants should be on guard not to become victims of such evasions.

"Landlords and tenants alike who have any question about their rights or obligations under OPA rent regulations should bring their questions to the rent office," Mauldin said.

be given by the business men themselves.

"Therefore, we are asking you again, to require a clearance for such campaigns through the chamber of commerce office before parting with your hard-earned money and taking on an obligation of this kind."

During the past few weeks, it was explained, a number of agents have been unloading their wares on Memphis business men, and few of these agents ever contacted chamber of commerce representatives before soliciting at the various business houses.

When an agent contacts the local chamber, officials explained, the authenticity of the agent and the firm which he represents, is checked. It was also emphasized that housewives, when solicited by various agents for magazines and similar products, should require a clearance from the local chamber.

Mrs. E. T. Miller has been visiting her daughter, Mrs. Russell E. Baldwin for the past two or three weeks. Rev. E. T. Miller, who held a meeting at Mountainair, N. M., arrived this week for a short visit.

Farmers Organize State 'Air' Group

A Texas chapter of the Flying Farmers was organized at Texas A. and M. College April 30, with 61 members present. Affiliation will be sought with the National Flying Farmers' Association.

The purpose of the organization, as set forth in the by-laws adopted at the meeting, is to "promote the educational and scientific development and advancement of the use of the airplane in Texas, and to express the ideas, hopes and wishes of those engaged in rural aviation."

Officers elected were Clayton Beard, Tahoka, president; R. L. Fields, Wharton, vice-president; and Miss Ama Lee Jameson, secretary-treasurer. The board of

cal men, will also conduct a course in woodcraft for younger boys in the high school workshop on Tuesday and Thursday evenings at 7 o'clock.

The summer program is being planned to develop the child socially and physically while not in regular school attendance, thereby aiding in the building of stronger personalities, healthier bodies, and more sociable individuals, and better community life in general, officials of the school board said.

The KNOTHOLE

By ELLIOTT PINE

A union for professional baseball players is the latest headache that managers have to worry about. Robert Murphy, Boston labor relations advisor, has registered the American Baseball Guild in the Suffolk superior court. He said that some members of every big league club have already joined and that many minor leagues were represented. Purpose will be to "right the injustices of professional baseball, and to give a square deal to the players."

Early baseball rules in effect barred southpaw hurlers. The 1887 code stated: "The pitcher shall take his position facing the batsman with his right foot on the rear line of the box, his left foot in advance of the right."

Speaking of rules, a New York sportsman, Julian Rice, has been advocating some revisions for years. One would permit a ball player to leave the game once and to return to the same position... another is to count every foul as a strike. He has some bright ideas to improve basketball too... such as having long shots count three points. His most startling idea is for swimming races. As he points out:

"There are usually a couple of false starts... my plan is to have a strip of metal along the edge of the pool, on which the racers will stand. Then when the race is to begin, the starter will send a current of electricity through the strip."

Don Budge, who is playing across the country in a long tournament with Bobby Riggs, is doing better since he got new glasses. Eleven old-time ball players have been admitted to the Hall of Fame. They are Jesse Burkett, Frank Chance, Jack Chesbro, Johnny Evers, Clark Griffith, Tom McCarthy, Joe McGinnity, Eddie Plank, Joe Tinker, Rube Waddell and Tim Walsh.

Secretary of Agriculture Announces Six-Point Program for Famine Relief

A six-point program for famine relief to be carried out in addition to voluntary conservation efforts has been announced by Secretary of Agriculture Clinton P. Anderson, according to a report received from the United States Department of Agriculture. "These measures," he said, "are taken after consultation with the governments of Canada and the United Kingdom, in which it was indicated that they would work with this nation toward the two common objectives of increasing total relief shipments of grain promptly and giving priority to areas abroad most urgently in need of special aid."

The six measures follow: 1. Millers are required to reduce their production of flour for domestic consumption to 75 per cent of the quantity distributed in the corresponding months of 1945. In addition to making more wheat available for export, this amendment to War Food Order 144 is designed to bring about more equitable distribution of wheat among millers.

2. Under the same amendment, food manufacturers are required to limit the use of wheat in the manufacture of products for domestic human consumption to 75 per cent of the quantity used in the corresponding months of 1945.

3. Effective May 1, millers and food manufacturers are limited to 21 days inventory of wheat. After that date no miller or food manufacturer may use wheat unless quantities of wheat or flour equivalent in excess of this amount are offered to the

Commodity Credit Corporation for export.

4. The U. S. D. A. is offering a bonus of 30 cents a bushel on wheat delivered under the certificate plan by May 25.

5. The U. S. D. A. will buy 50 million bushels of corn from producers for which they will be paid a bonus of 30 cents a bushel above the market price on the date of delivery for corn sold to the C. C. C.

6. The U. S. D. A. is offering to buy an unlimited amount of oatmeal from millers in the U. S. to make available additional food for relief purposes.

Delphian Club Has Meeting in Home Of Miss Milam

The Delphian Club met Tuesday in the home of Miss Maude Milam for a forum on education led by Miss Zady Belle Walker, who was assisted by Mesdames Sidney Baker, J. L. Barnes, C. C. Hodges, A. Anisman, Tom Draper, Jack Boone, and W. C. Davis.

A detailed discussion of the conditions of schools was held, beginning with the missions established at Nacogdoches, San Augustine, and San Antonio.

Miss Walker pointed out that because of the war and other conditions, schools have suffered, directly or indirectly, due to lack of funds and low salaries for teachers. Last year, from 40 Panhandle schools, 160 teachers left for better-paying jobs. "If we are to keep our good teachers we must raise salaries, provide better living conditions, and raise the social standard for teachers," Miss Walker said.

Mrs. Davis said that Texas is one of 12 southern states in the U. S. whose school system is rated as the poorest in the nation. This is due largely to the lack of resources from which funds may be obtained, and to the short period of attendance by a large number of pupils who are used in the agricultural industry.

"Why do some of our southern states spend \$528 per capita, while New York and some other northern states spend \$1,021 per capita," Mrs. Davis asked.

After a short business meeting, refreshments of ice cream and cake were served to Mesdames A. Anisman, Sidney Baker, J. L. Barnes, Jack Boone, W. C. Davis, W. C. Dickey, Tom Draper, O. R. Goodall, Henry Hays, C. C. Hodges, G. W. Kesterson, Lynn McKown, J. W. True, Harry Womack, P. E. Yarborough, Katherine Milam, and Misses Zady Belle Walker and Maud Milam.

Wesleyan Service Guild Meets With Mrs. H. Bownds

The Wesleyan Service Guild met Monday night in the home of Mrs. Hester Bownds for a program on "Peace Through His Cross," following which Miss Ira Hammond, program leader, gave the introduction and discussed race relations. Several special numbers were rendered by a colored choir from Morningside.

Prayer was led by Rev. Aubrey C. Haynes, and Mrs. W. H. Monzingo discussed "Fighting His Prejudice." "All Is Well in Thy Street" was discussed by Doris Stillwell.

The devotional was given by Mrs. George Payne, and Rev. Haynes discussed the general work of the church, stressing the evangelistic phase of the crusade for Christ.

Following the program, a short business session was conducted by the president, Mrs. Monzingo, after which refreshments were served to Mesdames H. B. Bennett, Mabel Lavender, Arthur O. Gidden, George Payne, Barney Burnett, Clinton Strygley, C. H. Compton, W. A. Taylor, Ruby Hardwick, W. H. Monzingo, Hester Bownds, and Misses Ira Hammond, Gladys Bownds, Doris Stillwell, Jan Monzingo, and Ruby Hoffman, and Rev. and Mrs. Haynes.

Mr. and Mrs. Carl Denny of Childress were guests Sunday of his mother, Mrs. B. F. Denny.

Wedding Shower Is Given in Honor Of Mr. and Mrs. J. B. Wyatt of Tell

MISS MARY RUTH JOHNSON

Mary R. Johnson, Former Resident, In Voice Recital

Miss Mary Ruth Johnson, former resident of Memphis who is an accomplished pupil of Mrs. Knox Childress of Weatherford, was presented by the Weatherford Junior College in her graduation voice recital Thursday evening, April 25, in the college auditorium.

She is the daughter of Mr. and Mrs. D. L. Johnson, former residents of Memphis. Mr. Johnson was superintendent and chemist for the local cottonmill for a number of years before the family moved to Wheeler and later to Weatherford.

Her evening repertoire included the following numbers:

"O Divine Redeemer," Gounod; "Villanelle," Dell'Acqua; "The Time for Making Songs Has Come, Rogers; "O Lovely Night," Ronald; "The Lilac Tree," Gartner; "The Spirit Flower," Campbell-Tipton; "Seguidilla-Carmen," Bizet; "A Heart That's Free," by Robyn.

As a coming soloist, Miss Johnson in her evening's performance displayed many essential qualities, it was reported. The flexibility of her voice, her ability to produce sostenuto to forte, and her perfect diction are exceptionally outstanding for such a young singer.

Miss Johnson is a Weatherford college graduate in both voice and academic courses this spring.

Wrinkle, Guinn and Jerry Johnston.

Misses LaDell and LaDeane Conner, Ruby Gilliam, Nettie Ruth Goff, Maxine and Mary Beth Crain, Wanda Morton, Rose Mary Stinnett, Virginia Lou Bryant, Nona Wyatt, Bonnie McFarland, and Aubrey Testemon.

Not attending but sending gifts were Mr. and Mrs. Badge Bryant and Bootie, Mr. and Mrs. Earl Harris, Mr. and Mrs. R. F. Harris, Mr. and Mrs. Arville Bryant, Mr. and Mrs. Andrew Stinnett, Mr. and Mrs. Charles Smith.

Mrs. Smith and Aubrey, Mr. and Mrs. H. B. Rhodes, Mr. and Mrs. Ode Wyatt, Mr. and Mrs. C. A. Thomas and Ruby, Mr. and Mrs. Nels Helm, Mrs. D. F. Monroe, Mr. and Mrs. Jake Christman, Mr. and Mrs. D. C. Messick.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

CARDUI

How do you like your Eggs?

Reddy Kilowatt as a trouble-shooter isn't worrying about your eggs—or whether you want 'em soft boiled, fried, scrambled—or if you like eggs at all.

But he is worrying about keeping your electric service flowing along as usual. If that means eggs for your breakfast, okay then, that's why he's up on a storm-lashed power pole.

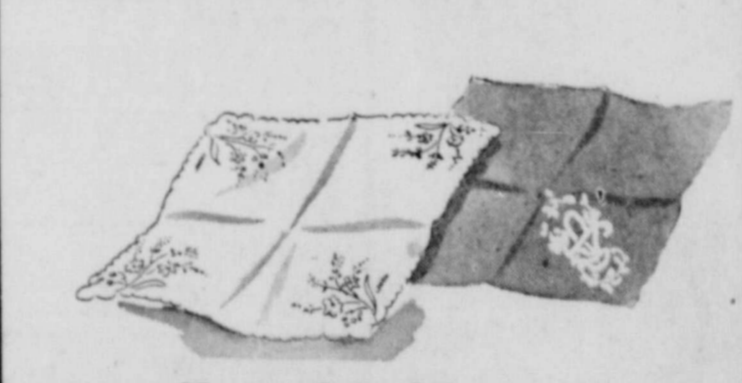

And, he'll stay there till he gets your line repaired—in spite of hot wires sputtering around him. In spite of rain . . . lightning . . . thunder . . . and a high wind howling, "Watch out, fella, we're gonna hit it again!"

You don't have to send him a check for his trouble. You won't pay any more on your electric bill—to cover his hard, wet work and the materials he uses. Chances are you'll never know a line went out.

This kind of service is routine stuff for Reddy, and the electric company he works for. Storms—the repairs and cost—are all prepared for and handled in a businesslike way. But it isn't an easy job. Keeping your electric service dependable and cheap is the result of careful planning and sound business management.

The Heart of The Home - - MOTHER
If It's Right for the Home It's Right for Mother's Day

No gift will be more appreciated by Mother than something for the HOME, her special domain. A new easy chair for her to rest in after her day's work is done ... A new piece to brighten up the living room for summer days ... Perhaps she wants a new bedroom suite ... or maybe a new lamp to lighten up the dark corners ... Whatever you give her for the home she will love it.
Our business is home furnishings, and in spite of difficulties brought on by conditions during the past few years, we can still do a pretty good job. You will be surprised to find how large a stock of fine furnishings we have from which you can select your gift for Mother on Her Day.

4-H Club Members Continue Work With Gardens to Ease World Famine

Four-H Club boys and girls throughout the nation are setting an example for all America. They are keeping on with their Victory gardens, which totaled a million acres during the war. It is in response to President Truman's recent message emphasizing the importance of increasing America's total food supply to help relieve famine abroad. The club members' action is stimulating rural youth to participate in the 1946 National 4-H

Victory Garden award program. The awards are offered by Allis-Chalmers for outstanding records of achievement. They comprise gold-filled medals of honor to the four top ranking entrants in each participating county, and \$9,600 worth of U. S. Savings Bonds to be shared by state and national winners. Sectional winners will also receive an educational trip to the 25th Anniversary National (Continued on page 8)

Annual Poppy Day To Be Observed In County May 25

Volunteer Workers to Be Formed Into Teams to Sell, Auxiliary President Says

Poppy Day will be observed in Hall County and throughout the United States on Saturday, May 25, Mrs. Oren Jones, president of the Memphis unit of the American Legion Auxiliary, has announced. Memorial poppies to be worn in honor of the dead of both world wars will be distributed on the streets throughout the day by volunteer workers from the Auxiliary and cooperating organizations. Contributions received in exchange for the flowers will be used in relief and rehabilitation work for disabled veterans, their families, and the families of the dead.

Extensive preparations for Poppy Day are being made by the Legion Auxiliary unit under the direction of Mrs. Jones. The volunteer workers are being organized into teams and assigned to locations in the downtown area. Residence areas also will be covered to give everyone an opportunity to pay tribute to the war dead by wearing a memorial flower.

The poppies have been ordered, and are crepe paper replicas of the European wild poppy which bloomed on the battlefields of France and Belgium in both wars and which has become a worldwide symbol of remembrance of America's battle dead.

Poppies will be more generally worn this year than ever before, Mrs. Jones predicted.

"With peace restored and the men coming home," she said, "everyone will want to pay tribute to those who can never come back to us by wearing a poppy in their honor on Poppy Day."

Lubbock District Recruiting Office Is Ordered Closed

According to information just received, Lt. Col. Walton H. Walker, commanding general of the 8th service command, Dallas, has ordered the closing of West Texas district headquarters in Lubbock in an effort to reduce the personnel requirements and streamline his organization.

The district will be divided between the Dallas recruiting district and New Mexico district. Dallas recruiting district has taken over control of the U. S. Army recruiting main stations in Abilene and San Angelo, and on May 1 the New Mexico U. S. Army recruiting district, with headquarters in El Paso, will take over the sub-districts of Amarillo, Lubbock, and Big Spring.

This is an administrative change, and the recruiting stations will continue uninterrupted in their efforts to provide their quota of the number of men authorized by Congress for the regular army.

County to Benefit By Money Spent on Rural Repair Jobs

Expenditures totaling more than \$221,000 will be made in the next few years by home owners on farms and in small communities of Hall County to improve present electric service and home plumbing.

These outlays will mean additional income to practically every local business and will finance additional wiring, bathroom improvements, and new electrical equipment for the county's 721 farm and rural homes already served with electricity, according to a study released by the Tile Council of America.

Introduction of running water, installation of tiled bathrooms, and replacement of out-moded plumbing fixtures head the list of most wanted farm home features, D. P. Forst, chairman of the council's residential construction committee, revealed. One in five farm families throughout the nation plan bathroom improvements, he said.

Additional wiring is needed in practically every farm home with electricity, according to the study. A huge market likewise exists for milking machines, quick freezing units, electric motors, baby chick brooders and other equipment.

Expenditures in the county are part of a \$94,617,000 program to be undertaken by Texas farm and rural home owners in the next five years, the study revealed. An estimated \$2,294,900,000 on similar improvements to present electric service will be spent in the nation during that time.

Livestock Raising Aids 4-H Members

Many rural youth, building a reserve for their farming operations by raising meat animals, are obtaining expert knowledge in livestock production through participation in the National 4-H meat animal award program. In that activity they learn how to select, properly feed and manage, protect against diseases, fit for shows and market livestock.

This is the 17th year of the program. The awards for outstanding 4-H records are donated (Continued on page 8)

Capacity Crowd Laughs and Groans At Minstrel Show

Instruments for School Band to Be Purchased With Proceeds of Show

Approximately \$350 will be turned over to Memphis High School, the money to be used in purchasing instruments for the school band, as a result of the two-hour minstrel show, the Dixieland Jubilee, held last Friday night in the high school auditorium under the sponsorship of the Memphis Lions Club.

Judging from the laughs and groans of the audience—the auditorium was almost filled to the limit—the Jubilee was a big success in a hilarious way; and judging from the approximate amount which is to be turned over to the school, the show was a big success in a financial way.

All reserve seats, which were placed on sale only a few days in advance of the show, were sold out prior to the opening of the doors Friday night. A large number of general admission tickets had also been sold, and several hundred people bought tickets when they arrived.

Wendell Harrison headed the cast as interlocutor, and kept the minstrel men busy answering his questions. Some of the answers were funny, and some were not, but most of them got at least a few chuckles out of the audience.

End men were Tom Posey, Ben Wilson Jr., Curtis Kelley, Lester Campbell, Haskell Howell, Ben Wilson Sr., O. R. Saye, and George Hayden.

Specialty numbers were by Katherine Baker, Katherine Milam, Jewel Stanford, Peaches Harrison, Gayle Stilwell, Mack Graham, Hayden, Edwin Gilliam, Lynn McKown, Jack Boone, Scott (Continued on page 8)

Small Quantities Of Scrap Lumber Sells at Childress

Small quantities of scrap lumber are now on sale at the Childress army air field, Lt. Charles P. Carley, salvage officer, has announced. The sale started Tuesday morning at 8 o'clock, and material for sale consists of scrap benches, tables, crates for bombs, and similar articles.

Due to the heavy demand by the public for material of this type, each purchaser will be limited to the amount of scrap lumber he may purchase.

The sale of this scrap lumber will be on a retail basis and no personal checks will be accepted. The sale will continue until all of the material has been sold. Lt. Carley advises that there is a quantity of scrap kindling in the salvage yard which will be given to any person or persons who will haul it away at no expense to the government. In order to clean out the salvage yard, this scrap kindling must be removed, and in the event that it cannot be given away, the kindling will be destroyed by burning.

Wahoo's Hornets Take Close Win In Schoolboy Ball Game With Hedley

In a close and exciting game, which saw Don Parker strike out 15 Hedley batters, Wahoo's Hornets of Memphis downed the Hedley nine 7 to 6 in Hedley Sunday.

Parker went the entire game in pitching Manager C. R. Rivas' schoolboy team to its second victory. In the opening game, the local squad downed Hedley here 17 to 3.

The score stood at 3 to 0 in favor of Hedley up to the 4th inning. In that frame, the Hornets placed three men on base, and Bob Hancock smacked out a 3-base hit to even the score at 3 to 3.

In the 6th, the Hornets racked up four more tallies to take the lead at 7 to 3. In the 7th, Hedley clouted out three more runs, but Parker closed down on the opposition to give the local players the 7 to 6 victory.

Playing for Memphis were Don Hancock, 1b; Bill Henry, ss; Clifford Vandeventer, 2b; Frank Smith, 3b; Johnnie Hancock, c; Jimmie Price, lf; Bill Hickey, rf; Jack Monzingo, rf; and Parker, p. "All you baseball fans who would like to see the future ball players of Memphis in action are invited to the ball park Sunday afternoon at 2:30 o'clock, to see the Hornets and Turkey get together," Rivas said. "Turkey has said they have a real club this year."

Mumps Contagious Before Symptoms Of Disease Appear

With a total of 5,906 cases of mumps having been reported in Texas in the first 17 weeks of this year, Dr. Geo. W. Cox, state health officer, has issued a statement stressing the fact that the contagion factor exists before symptoms appear, and urging strict isolation of all patients, in order to control the spread of this disease.

Mumps is transmitted by direct contact with an infected person and with articles freshly soiled by the secretions or discharges from the mouth or nose of persons having the disease. It takes from 12 to 26 days for mumps to manifest itself after the infection takes place. The disease can be easily transmitted, but one attack usually establishes immunity, although second attacks sometimes occur.

The most easily recognizable characteristic symptom of mumps is a painful swelling of the salivary glands. Sometimes there is an involvement of other portions of the body causing disturbances in the digestive, nervous, circulatory, and genito-urinary systems. The disease is usually accompanied by a temperature rise which more often than not is mild.

"The patient suffering with this disease should be isolated from other members of the family immediately upon the suspicion that mumps exists, and the family physician should be called promptly," Dr. Cox advises. "In the meantime, complete rest in bed is indicated. The doctor's orders should be followed strictly. Violating his instructions can lead to serious injury, which may permanently affect the individual's health."

Moore's Attending Mexico Convention

Mr. and Mrs. Zeb A. Moore of Amarillo, former Memphis residents, are attending the Kansas City Life convention in Mexico City this week.

Moore and his wife are guests of the insurance company, as a result of his exceeding the quota set by the company for the expense free trip. They flew to Fort Worth Thursday, and caught a special train from there for Mexico City Friday morning.

The convention is being held in observance of the 50th anniversary of the company. More than 340 members of the organization from 39 states and the District of Columbia, are in attendance.

A. and M. to Offer Courses in Flying

Flight training courses will become part of Texas A. and M. College's curriculum on June 1, thus making the school one of the few in the nation which have recognized the value of pilot training to the extent of making it a credit-carrying course, it was announced by Dr. Howard W. Barlow, dean of the school of engineering.

Six courses, all meeting Civil Aeronautics Administration requirements, are planned, covering instruction leading to licenses as private pilot, commercial pilot, instrument pilot, and instructor pilot, plus advanced and commercial refresher courses.

Each of the courses, open to any student of the college or to special students through arrangement with the college industrial extension service, will be of one-semester duration.

Vets, Report New Address to V. A.

A veteran who is getting a pension or any other recurring award from the Veterans Administration should report changes in his address to the VA regional office having his case file, Robert W. Sisson, Lubbock Veterans Administration regional manager, has announced.

He should not report new addresses to the Treasury Department.

Until the Lubbock regional office is officially activated the West Texas area will continue to be served by regional offices that are presently serving these 81 counties, Sisson pointed out.

"Since VA checks are mailed out in Treasury Department envelopes, veterans naturally get the idea that they should tell the treasury people when they get a new address."

Minister Arthur Francis, former minister of the Church of Christ, went to Houston last week where he will conduct a meeting.

4-H Members Find Landscaping Helps To Beautify Place

Four-H Club members are learning that landscaping their home grounds makes the property more valuable. Exceptional landscaping achievements of these rural youth are also rewarded in the national 4-H home grounds beautification program.

Participants learn how to correctly plant and care for grasses, flowers, shrubs, and trees. They are encouraged to keep their lawn mowed, weeds cut and shrubbery trimmed, and also to remove unsightly objects from their yard, repair rickety fences and improve driveways. Their training serves to develop a happy relationship through working with other members of the family in beautifying their homestead.

Merit awards donated by Mrs. Charles R. Walgreen, Chicago horticultural enthusiast, comprise silver medals to county winners and a gold watch to the state champion. All-expense trips to the National 4-H Club Congress are awarded to eight selected state winners.

The state extension service will provide information and suggestions to 4-H Club members for carrying on this activity and for helping them in reaching its objectives.

Dates Are Set for Texas State Fair

Dates for the State Fair of Texas at Dallas have been set for Oct. 5-20 this year, according to an announcement by R. L. Thornton, president of the Fair Association.

This will be the first exposition since 1941, when the traditional display of Texas agriculture, livestock, and industry was discontinued due to war-time restrictions.

Mr. and Mrs. E. W. Godfrey Jr. spent the week-end fishing at Lake Kemp.

Mr. and Mrs. Clinton Srygley were Childress visitors Sunday.

Be Sure to Give Right S. S. Number

According to the statement of J. R. Sanderson, manager of the Amarillo field office of the social security board, there has been an increase in recent months in the number of employees in this area for whom wages have been reported without a record of the employee's social security number being shown. "No employee," Sanderson said, "can receive credit for wages reported for him until his correct account number is ascertained."

Each employee, therefore, especially if he changes jobs frequently, is urged to see that each employer for whom he works is furnished an exact record of his name and social security number. Failure to furnish the employer this information amounts to the same thing as mailing in a premium of an insurance policy without stating whom the premium is from.

In order to save needless waste of time and expense, all employers are urged to demand that they be furnished a record of the social security number of each new employee before he is placed on the payroll.

Any questions on the federal social insurance program in the Texas Panhandle area should be addressed to the social security board field office, Amarillo.

Recruiting Service 'Career Caravan' Visits in Memphis

A U. S. Army recruiting service "career caravan" was in Memphis Monday, visiting at the high school in the morning and again in the afternoon. Later the display, housed in an army trailer especially constructed for the caravan, was parked on the north side of the courthouse where hundreds of people examined items on display.

On display was a B-29 engine, .50 caliber Browning machine gun, power driven upper gun turret from a B-25, an instrument panel from a B-29, turbo supercharger, and the AAF automatic pilot. As the people passed thru the display members of the team explained the workings of each item of equipment.

Capt. R. M. Stephenson commanded the show. He was assisted by Lt. Richard Moorehead, Lt. D. E. Rasmussen, M-Sgt. W. J. Coffman, M-Sgt. L. W. Coffman, and Pvt. Stanley Dillon. All these men are stationed at the Clovis army air field.

The caravan team showed the picture "Report From the Aleutians" to the student body of the high school at 11 o'clock. The

picture, in technicolor, was made by the army. Capt. Stephenson explained different phases of the GI bill of rights to the group following the show, and pointed out many features of the army's recruiting program. He extended an invitation to the student body to attend the air show to be held at Clovis Sunday, May 12.

The caravan stayed overnight in Memphis Monday, leaving for Childress early Tuesday morning. They will display the equipment in several towns and cities over this section for the next few days, and will be in the air show in Clovis Sunday.

Members of the caravan extended an invitation to the people of Memphis to see the Clovis air show, which will feature the P-80 "Shooting Star," the world's fastest fighter. The show will be held at the Clovis army air field from 9 o'clock to 5.

Mr. and Mrs. C. M. Ward of Edmond, Okla., visited here last week with her parents, Mr. and Mrs. T. J. Spry.

Mrs. W. G. Cousins of Bristow, Okla., came Sunday to make her home here with her daughter and son-in-law, Mr. and Mrs. J. C. Ross.

Mr. and Mrs. Marsene Holt were guests of Mr. and Mrs. R. C. Ellis and family in Amarillo Sunday.

Letters from men in the Service

(Editor's Note: The following letter was written by W. M. Kilpatrick, machinist's mate third class, who is by this time on his way home from China. The letter was postmarked April 25. He is the son of Mr. and Mrs. Bill Kilpatrick of Memphis.)

Dear Mother and Dad,
Well, I hope we are coming home this time. We are flying our homeward bound pennant. I don't know where we will go, but any place in the states suits me fine. It will take about 38 days to go from China, through the Panama Canal, and somewhere on the East Coast. Well, this is about all the news for a while—

will write more as soon as we get underway.

We are very busy getting ready to get started home. I had a letter from Bob Lee. He is in Shanghai—sure would like to see him but guess I won't get to. Well, I have to run now, will write more on the way back.

Lots of love,
Dub

"Um-m-m . . . there's MEAT FOR A WHOLE WEEK!"

Never a worry about spoilage! You'll buy meat and other perishables by the week when you have gas refrigeration, and any woman can tell you what that means! Gas refrigeration is the modern, economical way. It's silent . . . has no moving parts . . . nothing to wear out. It's GOOD to have GAS in your home!

NATURAL GAS PUTS DOLLARS IN YOUR POCKET

There would be no natural gas industry in this area today if it were not for the initiative and enterprise of private firms like the United Gas Pipe Line Company and its associated producing and distributing companies. The United Companies built a complex network of pipe lines to link wellheads with markets, released millions of pent-up dollars in payments to royalty owners, taxes and payrolls. United Gas investments and operations benefit every family in Texas, in one way or another.

Hog Cholera May Increase This Year Farmers Warned

With the arrival of the hog cholera season, farmers were warned this week that this No. 1 swine disease may take a sharp upswing this year.

Officers of the American Foundation for Animal Health have called attention to official figures, just released, showing that over 3,300 outbreaks of hog cholera were reported in the year just passed.

"This year the danger may be even greater because hog cholera moves in cycles, and another upward swing of the cycle—like we

experienced many times—may occur this season," the foundation report declares.

"The virus of this disease from last year's outbreaks now lurks in thousands of localities. Science has found no cure for cholera. The only safeguard is proper vaccination—before the disease strikes. Spring pigs should be vaccinated as early as possible, preferably around weaning time.

"First, however, they should be examined by a veterinarian to determine whether they are in condition to receive the immunization. If pigs are suffering from diseases or are out of condition, vaccination should not be attempted until they are restored to health."

Patriotic as well as profit factors are just as important this year as during the war, the foundation declared.

"America's food supply is being drained by the needs of war-ravaged foreign nations, and widespread outbreaks of hog cholera would deal a serious blow to our pork supply," the statement said.

Six-Inch Sermon

REV. ROBERT H. HARPER

Learning to Live Together.
Lesson for May 12: Matthew 18: 15-17, 21, 22; Mark 10: 35-37, 41-45.
Memory Selection: John 13:35.

Two matters are dealt with in this lesson—forgiveness and self-seeking.

Jesus outlined a plan for an injured man to follow. He must first talk with the man who injured him. If no amends are made, he must tell it to the church, and if the man who injured him will not listen to the church, he can be regarded as a Gentile and a publican. When Peter asked if forgiveness should be extended to the seventh time, Jesus replied, "I say not unto thee, until seven times; but, until seventy times seven." Jesus was not dealing in actual numbers. He did not mean that a man might forgive 490 times by count and then refuse further to forgive. But he meant to say that forgiveness should be unlimited.

In the second instance Jesus taught that it is unseemly and wrong that the inordinate ambition of this man or that should mar the association of brethren. When the ten heard the ambitious request of James and John, "they were moved with indignation." Then Jesus, calling them together, spoke of the nature of true greatness. It is the greatness of those who serve—"whosoever would be first among you, shall be servant of all."

Certainly the forgiveness of wrong suffered and the putting down of inordinate ambition are necessary if men would live well and happily together.

Got A Bite?

TRY THIS STUFF ON YOUR DOG

Benzene hexachloride, a new insecticide from England known as 666, may have possibilities for control of animal parasites, according to a preliminary experiment conducted by the Texas Agricultural Experiment Station.

Raymond Roberts, entomologist for the station at Weslaco, reported that 666 though relatively slow acting, proved effective in the control of dog fleas and the Lone Star tick. Roberts has recommended further studies with the insecticide.

A medium-haired dog so heavily infested with fleas that they could be seen crawling through the hair was treated with about two or three teaspoonsful of 5

per cent strength 666, the insecticide being rubbed into the hair, Roberts reported. The dog lay on a light colored linoleum for about an hour, and 54 paralyzed fleas were collected from the floor. Four hours later the dog was examined and no fleas were found. Fleas had returned to the dog three and four days later, even though there still was an odor of benzene hexachloride on the animal. Roberts said this would indicate there is little or no residual effect of the insecticide on warm blooded animals, such as DDT provides against some insects.

A second dog was treated and held over a sheet. Nearly a teaspoonful of fleas were removed

from the sheet. While these fleas were only paralyzed, which caused them to fall to the floor, none recovered. Slight reflexes could be detected in the legs of the fleas four hours after the treatment. Neither dog showed any ill effects of the treatment, Roberts said.

Four ticks located near the ears of one dog were treated with a pinch of dust. Three ticks were paralyzed in 30 minutes. The fourth, a partially ignored female, continued active for about two hours. Action of 666 was relatively slow as all four ticks retained some reflexes for twelve hours after treatment and removal from the dog but the ticks quit feeding almost immediately.

Mr. and Mrs. W. B. Hooser and Mr. and Mrs. Harry G. Womack attended the rodeo in Shamrock Saturday night.

SPRING BRINGS ON MORE 'GYP' SCHEMES

ONCE AGAIN the city of Memphis is being flooded with campaigns and solicitations by agents of out-of-town concerns, and most of these agents represent some firm which has as its main purpose the practice of removing money from our city through some "gyp" scheme.

For a number of years, the chamber of commerce has functioned as a filter for these agents, and has managed to do a good job of sorting out the good and worthy schemes from the bad and unworthy ones.

But, of course, the final check must be made by the business men themselves. As one official of the chamber of commerce put it, the business men must learn to say "no" to these agents—if that agent does not have the approval of the chamber.

Among other things, the biggest racket is that of "gyp" advertising. Business men are asked to buy ads in books of various types, and these men realize that they will receive little or no value from their ads. They feel obligated to buy the ad—particularly if the agent is accompanied by some local resident. As a general rule, if the chamber of commerce has approved the agent, the scheme is not overly bad, but the business men should certainly not feel obligated to buy the ad.

The chamber of commerce has already agreed to buy outright the song books needed for churches and the like, rather than see the money leave the city in the form of advertising—especially since that advertising brings in far more money to the out-of-town agents than the books are worth.

It is our request then, that if you are solicited by some agent for one thing or another, check to determine whether that agent is approved by the chamber of commerce. The chamber is your organization, for you and with you, and it's not likely that that organization will do you harm.

WE HAVE A LITTLE OF EVERYTHING

A RESIDENT of our city was overheard to say recently that no matter what it is that some place else has, "Memphis has at least a little bit of it."

If you will think that statement over briefly, no doubt you will agree with the man who said it.

We have wealthy people, yes—a few of them. And we have poverty-stricken people—a few of them. We have nice and beautiful homes, and we have small replicas of the city slums.

We have people who eat too much every day, and we have others who do not get enough to eat. We have people who know a lot, and we have people who know only a little.

We have progress—a little of it right at present; and we have those people who believe in staying in the same old rut—quite a bit of that.

Yes, whatever it is that some other place has, "Memphis has at least a little bit of it." Our job is to develop the desirable, and do away with the undesirable. Utopia may be too perfect to ever reach, but we can set it as our goal.

LOST

57,500 NEW CASE MACHINES

In its first 95 days, the strike at plants of the J. I. Case Co. prevented manufacture of approximately 57,500 new farm machines—tractors, combines, balers, plows, planters, disc harrows, etc.

IT ALSO STOPPED PRODUCTION OF REPLACEMENT PARTS.

The strike was called because the company rejected the union's demand for a 30 percent wage increase, the closed-all-union shop, the check-off, payment of union representatives for time spent on union business, and preference in overtime work for union officials.

CASE IS NOT IN FAVOR OF LOW WAGES. UP TO THE START OF THE STRIKE THERE HAD BEEN NO CUTBACK IN WAR-TIME HOURS OR EARNINGS OF CASE EMPLOYEES. NO SUCH CUTBACK WAS IN PROSPECT.

The Case company feels an obligation to prevent as far as possible, any inflation of costs and prices on the equipment it builds for the farmers. It is only common sense that large increases in the cost of manufacture must result in higher prices for farm machinery. Recently the strikers at two of the company's smaller plants have gone back to work, making certain machines available in the near future.

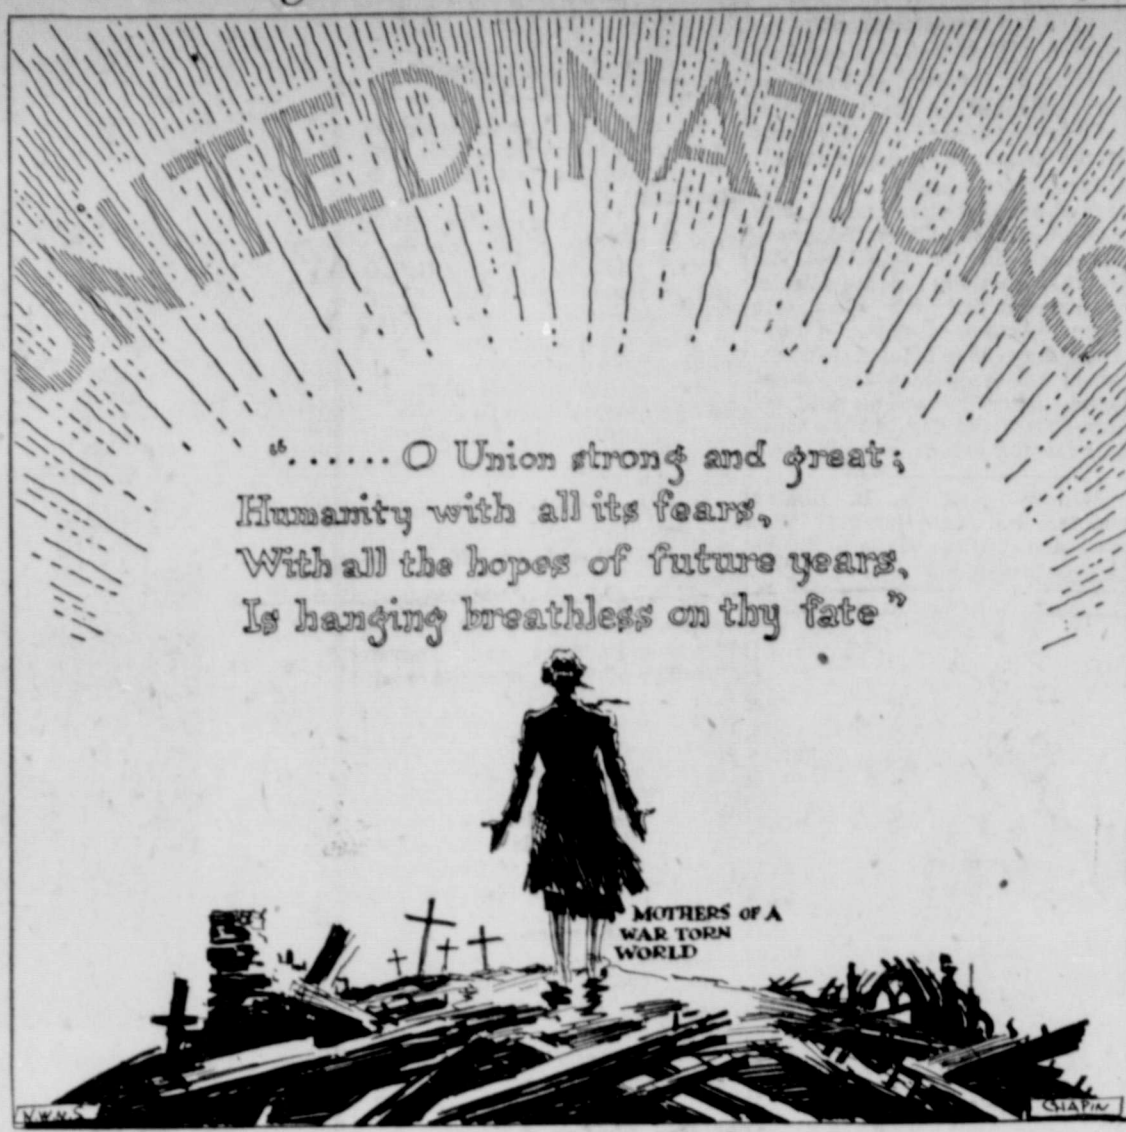

IF YOU CAN POSSIBLY DO SO, WE SUGGEST THAT YOU WAIT UNTIL YOU CAN HAVE THE CASE MACHINE OR IMPLEMENT OF YOUR CHOICE. MEANWHILE, WE WILL DO EVERYTHING WITHIN OUR POWER TO KEEP YOUR PRESENT EQUIPMENT GOING.

Press Paragraphs—

QUOTING OUR NEIGHBORS

Newspapers and Opinions

The Canadian Record: Something frequently overlooked in the exercise of the freedom of the press is the right of opponents to express their views. As long as we of The Record have anything to say about it, opinions of our opponents as well as our friends will be given equal opportunity for publication. A newspaper must stand for what it believes to be right, regardless of friendship or personal prejudice. Newspaper people must be public people.

Want the Truth?

The Foard County News: Most people who say that they want their paper to tell the whole truth always, don't mean it. They want an exception made in their case, and in the case of their family, and their friends, and their friend's friends, and this takes in about everybody.

Refusals

The McLean News: The tide has turned. Communities are voting down bond issues, two such propositions being refused within the past week in Panhandle towns. For the past several years any kind of bond issue was certain of passage, but maybe voters are beginning to see the long road ahead of them, paying taxes for mountainous public debts, and do not want to add any more to the tax burden.

Gardens

The Paducah Post: Those beautiful illustrations in seed catalogs are there just to show you what the stuff would have looked like if it had come up.

The Questioning Mind

The Ochiltree County Herald: Probably the most valuable quality with which a youngster begins life is curiosity. If he faces all situations with a question mark in his eyes or on his tongue, he should go far and contribute something to the well-being of mankind. Nothing is now being done as well as it could be done. Less than a hundred men in a million can be expected to raise

FIRST STATE BANK

Member FDIC

*** BANK PERSONAL LOANS ARE BEST ***

This Week in WASHINGTON

WASHINGTON, D. C. — Itching to get through with the affairs of state in order to devote their time to the more personal affairs of electioneering, it looks as though congressmen will vote for a prolonged adjournment to begin early in July. If they do, there is no question that many legislative matters, supposedly of major importance, will be side-tracked indefinitely.

The senate is apt to use up considerable time discussing the highly controversial issue of the 3,750 million dollar loan to Britain. On this issue the Republicans are widely split, the two nominal leaders of the party having very different views. Senator Vandenberg has endorsed the loan, while Senator Taft has asked that the loan be voted down but that an outright gift of 1,250 million dollars be made to the British to be used specifically for the purchase of American goods.

The senate has yet to take up the bill for the extension of price control which, because of the public interest in it, is likely to develop into a major battle. Since the OPA will fold up on June 30 unless a measure to continue it has been enacted, there is the possibility that it will automatically die. The house already has passed an OPA extension measure, which OPA officials say contains so many curbs that it could not

function. If the senate should pass a more lenient bill, there is expected to be great difficulty in arriving at a conference measure which would be agreeable to both houses.

The Case labor control bill is apt to be one which will be side-tracked since most senators are not anxious to debate this measure preceding an election. However, considerable pressure is being brought to force a labor bill to the floor. If the public becomes sufficiently aroused over the coal strike, the railroad strike, or other major strikes which may develop between now and June, other measures may be put aside to take action on labor problems.

It seems unlikely now that congress will take any final action on the super-security and health insurance bill, the minimum wage measure (which has passed the senate but made no progress in the house), or unemployment compensation.

The veteran's housing measure, a form of which has passed each house but must be rewritten in conference, probably will be worked out before the session closes, although it is possible, because of the long-range problems involved in veterans' housing, that even this measure will be left hanging in the air when congressmen decide that they must get back to their home stamping grounds.

Mother Has Her Worries Too

The lady of the house has her worries, too. Although she may not be the bread-winner of the family, her responsibility is still great. She, too, thinks and worries about what the future may hold.

She is more interested in the welfare of the children... wants to be sure they can get an education, to be taken care of in case tragedy strikes the family.

Vets Urged to Re-Instate Policies Of Lapsed Government Insurance

The contact service of the Veterans Administration is seeking every veteran who has let his G. I. insurance lapse to offer reinstatement without a medical examination.

Robert W. Sisson, Lubbock Veterans Administration regional manager, said success of the campaign would result in invaluable services to thousands of veterans.

Ex-G.I.'s can now reinstate policies without a medical examination, regardless of how long they have been out of the service, provided their health has grown no worse during the lapsed period, Sisson said.

"The liberalization is only effective until January 1, 1947," he pointed out. "Time is running out for many of these veterans and they must use every means to get them of this particular opportunity."

Importance cannot be overestimated. It will not only be able to reinstate policies, but veterans are now able to reinstate who would not be able to under rigid physical examinations of uninsurable veterans.

Son of Pat Neff In State Campaign

Pat Neff Jr., son of the former governor of Texas from 1921 to 1925, has announced his candidacy for attorney general.

Neff was born in Waco in 1903 and is a graduate of the University of Texas and of Baylor University Law School. He served in the attorney general's office under James C. Allred, Bill McCraw, and under Gerald C. Mann, until he resigned to enter the army early in 1942. He received a medical discharge in April 1944 due to a disability received in line of duty.

Baptist Churches To Collect Funds For Five Hospitals

Baptist churches throughout Texas will observe Mother's Day May 12 with their second annual Mother's Day Hospital Fund collection to provide charity care for the needy sick in the five Baptist hospitals of the state.

Sunday schools, church congregations, and all church organizations will participate with every member invited to make a gift to the sick poor as a personal tribute in honor, or in memory, of his own mother.

In the initial collection last year, Texas Baptists gave \$30,000. All gifts are used solely for giving free hospitalization to critically ill patients in need of hospital therapy but unable to pay for such treatment. The five Baptist hospitals are Hendrick Memorial Hospital, Abilene; Baylor University Hospital, Dallas; Valley Baptist Hospital, Harlingen; Memorial Hospital, Houston; and Hillcrest Memorial Hospital, Waco. Patients cared for under the fund are accepted from all parts of the state and need not be Baptists nor of any denomination.

The annual charity service of the five hospitals runs to more than \$200,000 a year and in the past has been paid out of hospital operating budgets, which are inadequate to meet the need, officials said. It was with the hope of providing sufficient funds specifically allocated to charity service that the Mother's Day observance has been instigated. Approved by the Texas Baptist Executive Board and the Women's Missionary Union Board, the observance will be a permanent annual event.

Patients cared for under the plan are, upon discharge from the hospital, given a bill marked "Paid by the Baptist Churches of Texas."

Directing plans for the observance are Robert Jolly, Houston; Lawrence Payne, Dallas; E. M. Collier, Abilene; Julian H. Pace, Waco; and K. P. Walker, Harlingen.

How To Make Your Will Before You Make Your Money

Many men work and save for a lifetime and still do not leave their families as much as the man who—though he may live but a few of his earning years—makes his estate certain FIRST, through Life Insurance, and then works and saves to keep it in force. For, if you live but a day, your Life Insurance will pay your family all you had intended to save. It guarantees the delivery of money as you designate, that administers itself, without loss, expense or delay.

Winning Essay

DIVERSIFIED FARMING PAYS

(Editor's Note: This is the first of a series of essays on "Diversified Farming," which were judged as winners in the annual contest for 4-H Club members of the county. Eleven gilts and one boar were awarded to the writers of the winning essays. The following was written by Kenneth Cheek of Brice.)

I am only a small boy and even I know it pays to raise many kinds of crops. The one crop man might fall entirely on his cotton, and yet have a living if he had cows with pasture and feed made at home; hogs with plenty of milk and grain to give them; chickens with feed and green

things for them. The milk, eggs, meat, and lamb could nearly feed the family at home. Besides, a few cows with a good alfalfa patch will give enough cream to keep the kitchen going. The hens, if cared for properly, would yield enough eggs to help out some with groceries. Then the extra pigs are always a good price.

The land must not be robbed by a one crop plan. Rotate on the land with legumes and your land will always be valuable. Don't take all the land for your crop without giving anything back. This will leave your children with worn-out land. Terrace your land and rotate your crops wisely. Raise animals that will help you make your living, use your forage crops, and fertilize the land at the same time.

A happy family is the family who makes its living at home, conserves the soil, and plans so that all can help. How nice to be able to help in the home! Diversified farming gives everybody something to do.

So let's diversify, save the land, save money, and build a happy home.

To: T. J. Wood Jr., and the unknown heirs and legal representatives of T. J. Wood Jr.; T. J. Oliver, and the unknown heirs and legal representatives of T. J. Oliver; L. A. Wilds, and the unknown heirs and legal representatives of L. A. Wilds, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Hall County at the Court House thereof, in Memphis, Hall County, Texas, at or before 10 o'clock a. m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 24th day of June A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 8th day of May A. D. 1946, in this cause, numbered 2958 on the docket of said court and styled Leiland Adams and wife Ruth Adams, Plaintiffs, vs. T. J. Wood Jr., and the unknown heirs and legal representatives of T. J. Wood Jr.; T. J. Oliver and the unknown heirs and legal representatives of L. A. Wilds, Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit is statutory Trespass to Try Title; Plaintiffs claim title under the 10 year and the 25 year statute of limitations; alleging that on the 1st day of May 1946, plaintiffs were and still are the owners of Lots Nos. 20, 21, 22,

23, and 24 in Block No. 62, Original Town of Memphis, Hall County, Texas, owning same in fee simple and being on said date in possession thereof; that on the 2nd day of May 1946, defendants unlawfully entered upon and dispossessed them of such premises and withholds possession of same from plaintiffs; that defendants have occupied such premises for a period of 6 days unlawfully and the reasonable rental of such occupancy is \$10.00. Plaintiffs pray for judgment awarding them the title and possession of the above described premises, for their damages in the sum of \$10.00 and for general relief, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Memphis, Hall County, Texas, this 8th day of May A. D. 1946.

Attest: ISABELL CYPERT, Clerk, District Court, 48-4c Hall County, Texas.
