Must Have Names of County's Gold Stars

men and women and
are asked to get busy
ish pictures and infor-
for the Hall County War
to be published soon. The
at publishers stated this

The Hall County War Book to
be published soon will contain the
names of every gold star Hall
County serviceman who paid the
supreme sacrifice. That is, all
the names it is possible for The
Democrat to obtain.

Last July The Democrat ran the
list of those in the army who were
declared officially dead, but the
Navy Department has not released
a list of the navy dead. Below
is the army list (as recently pub-
lished) and the others in-so-far as
obtained.

Relatives and friends are re-
quested to look over the names
and see if any names are missing
that should be listed, and report
them to The Democrat during the
next few days in order that prop-
er respect may be paid them in
the War Book.

Time is drawing near when
the too late, as November
the last day for turning in
ation. The pictures and in-
on can be turned in any
between now and November
something might happen to
you from taking care of
atter on the final date, so
urged to do it now.

They have already turned in
ormation and pictures, and
books. There are others
ould have a place in the
which will grow more val-
as time goes on and will be
ished history of Hall Coun-
part in World War II. It
be complete unless every
of the county's 1,800 war par-
ants are listed therein.

There are a few points to re-
em-
osts nothing to put picture
cord in the book.
book is wanted, a deposit of
required, and the balance of
is payable when the book
livered.

If you don't want one of the
s you can still make it a
complete record and a bet-
book for the ones who do
them by turning in pic-
am information, which
cost you anything.

Hall County service man
oman, whether going from
county or from any other
is entitled to be entered in
book.

The name of every one paying
supreme sacrifice is wanted
the memorial page.

Size picture up to 8 by 10
will do. A 3x5 or 5x7 pic-
is preferable. Tinted pic-
can be used, but clear black
white pictures are much bet-
er.

Two sets of notices have been
nd to every GI. No more no-
will be mailed.

Orders for books must be made
the final date, as it isn't likely
any extra books will be or-
ed.

Time is short and workers

eeener, Robinson
y Variety Store
om Hamilton

R. (Bob) Queener and L. A.
e) Robinson this week an-
ced the purchase of Hamilton
ety store, which has been
ated by O. N. Hamilton for
y years. The new owners
ght the building, stock, and
ares, and have closed the
es in order to remodel.

Queener operated Bob's Cafe
for eight months until the
aurant was sold recently to
erge Hayden. Robinson, whose
was in Alexander City, Ala.,
an ex-service man. The two
ers joined the army together
years ago, and were room-
es for over three years. Both
ed the rank of captain when
ey received their discharges.

Extensive remodeling plans
have been made by the new own-
ers, and new merchandise will be
display when they hold their
normal opening, which will be an-
nounced next week. Name of the
store has been changed to Mem-
phis Variety store.

HALL COUNTY COTTON PRODUCERS ATTENDING SPECIAL COMMITTEE HEARING TO DETERMINE POLICIES

delegation of Hall County
cotton producers are attending
special congressional commit-
tee hearing in Lubbock today, and
take part in discussing recom-
mendations on future policies
legislation affecting cotton
cotton production.

The hearing was announced re-
cently by Congressman George
Conner of the 19th district, on
his invitation the committee
to this section of the state.
The special committee conducting
the hearing at Lubbock is a sub-
committee of the House Agricul-
ture committee, and is headed by

STOP DRAFTING UNTIL JANUARY 1

All calls have been cancelled
under Selective Service until Janu-
ary 1.

It is stated that the number
of volunteers has been sufficient
to take care of the needs of the
armed forces.

A call was made for Hall Coun-
ty to furnish men for physical
examinations and for induction
during October, according to the
Hall County Selective Service
Board, but the call was canceled
because of the changed policy.

All boards have been ordered
to make up new files on the men
registered under a new system
which has been adopted by Selec-
tive Service.

Congressman Steve Pace of Geor-
gia, author of the well-known
Face parity bill. Six other mem-
bers were scheduled to accompany
Pace to Lubbock for the hearing.

The Lubbock hearing is the
second to be held in Texas. The
other was held at Cameron.

A representative group of coun-
ty farmers met in Memphis last
Saturday, and drew up recom-
mendations which will be present-
ed at the hearing. The group
went on record as desiring:
1. A referendum to determine
whether cotton marketing quotas

REV. JEFF MOORE

Rev. Jeff Moore Goes to Mangum Baptist Church

Sunday will be Rev. Jeff
Moore's last day at the First Baptist
Church as pastor. He will
preach at both morning and even-
ing services, and invites the pub-
lic to attend.

Rev. Moore has resigned to ac-
cept the pastorate of the First
Baptist Church at Mangum, Okla.,
effective November 1, after serv-
ing the local church since Sep-
tember 21, 1943, a little more
than three years. He came here
from Claude where he served as
pastor some five years.

In his letter of resignation, Rev.
Moore said that the three years
as pastor here had been three of
the most important years of his
life. There have been 169 added
to the church membership by bap-
tism and 246 by letter during his
stay here.

Following his resignation effective
November 1, Rev. Moore and his
wife and baby went to Califor-
nia where he held a revival
meeting and arrived back here
Wednesday.

The local church has not called
a pastor to succeed Rev. Moore.

Memphis Will Join Nation in Observing Air Mail Week

Attention will be called to the
new five-cent United States air
mail rate as the local post office
joins the nation in observing Na-
tion Air Mail Week October 27-
November 2, Postmaster J. H.
Vallance declared this week. An
effort will be made next week to
stimulate volume of air mail
stamps sold.

Inauguration of the new five-
cent United States flag rate Octo-
ber 1 immediately brought a
sharp rise in air mail volume,
Postmaster Vallance said. Rapid
air mail service, offered for the
first time at a low postage rate,
should stimulate commerce, it
is believed. For that reason, busi-
ness men over the nation are en-
couraging large air mailings dur-
ing the nation-wide air mail pro-
motion week.

"We have long advocated lower
air mail rates," Horace Tarver,
president of the chamber of com-
merce. (Continued on page 5)

C. OF C. HONORS TEACHERS WITH DINNER THURS.

Pointing to the respective re-
sponsibilities of the community
and teachers in present-day living,
Dr. J. Herschel Coffee, professor
of economics at West Texas State
College, Canyon, was principal
speaker at an informal dinner
honoring teachers of Memphis
Thursday evening of last week.
The dinner was sponsored by the
Memphis chamber of commerce,
with 60 teachers, board members,
and members of the education
committee attending.

Horace Tarver, president of the
chamber of commerce, was toast-
master. The address of welcome
was given by J. B. Crockett, man-
ager of the C. of C. All princi-
pals of schools were introduced by
Supt. W. C. Davis, as well as
members of the school board.
The education committee of the
chamber of commerce was intro-
duced by President Tarver.

The educational committee, who
were in charge of arrangements,
is composed of W. C. Davis, chair-
man, Miss Mary Foreman, Dr. M.
McNeely, Mrs. W. L. Crowder,
George E. Forgy, and Rev. Tom
Posey.

Dr. Coffee in his address ex-
plained the relationship between
the teachers and the business life
of the community. He outlined
the first requisite of teachers in
shaping the minds of students,
then told of their responsibility
of taking an active part in com-
munity life.

"The teaching force of a school
system may expect any commu-
nity to look for definite develop-
ment along cultural lines as a re-
sult of the work of teachers," Dr.
Coffee said. "There was a time
when some educators believed
that all to be expected from
teaching was included in the de-
velopment of the pupils. I feel
that this is only one result of the
work. Another should be the aid-
ing of young people in locating
their place in the business and
professional life. Most of us feel
that a well-developed mentality
will make a place for itself in
life."

The speaker gave the responsi-
bilities of the community as a
whole to those engaged in the
teaching profession, and outlined
what they should expect from the
citizenship.

Wasn't Good Day for SNAKE Killing Either

Rattlesnakes are not very
fond of cold weather, but evi-
dently they came up for air last
week, especially northeast of
town where H. H. Shields and
Wilmuth King were building
two and a half miles of fence.

How they had time to do
much fencing and fight rattles-
nakes too is one of the mys-
teries of the present age.

They killed 24 rattlers along
the two and a half miles of
fence. The rattlers were of var-
ious sizes and had rattles rang-
ing from 2 to 20.

The public may wonder if the
two men saw snakes in their
dreams at night following the
snake killings.

Mrs. J. W. Smith Dies Following Protracted Illness

Funeral services are to be held
at the First Baptist Church, Fri-
day, October 25, at 2:30 p. m.,
for Mrs. J. W. Smith, age 69
years, 4 months, and 6 days, who
died at a local hospital Wednes-
day morning at 7:30, following a
protracted illness of several
months duration.

Services will be conducted by
Rev. Jeff Moore, pastor of the
First Baptist Church of Memphis.
Interment will be in Fairview
Cemetery under the direction of
the Murphy-Spicer-Estes Funeral
Home.

Mary Adehne Simpson was
born July 17, 1887, in Warrick
County, Illinois. She was mar-
ried October 7, 1902, to William
Arthur Whitten who preceded her
in death on December 10, 1918.
To this union five children were
born: Mabel Whitten (deceased),
Mrs. J. A. McBee, Artis Whitten,
and Cecil Whitten of Memphis,
and Herman Whitten (deceased).

Others surviving her are five
grandchildren, and two brothers,
Tom and Ray Simpson of Peoria,
Ill.

Mr. Smith moved to Hall Coun-
ty in 1911. She united with the
Baptist church at the age of 16
years. She was united in mar-
riage in 1919 to J. W. Smith who
died in 1925.

Gilchrist Explains Amendment to Be Voted November 5

Attention of the people of Tex-
as is directed to an obligation in-
volving payment for a \$75,000
building at the John Tarleton
Agricultural College at Stephenv-
ille by President Gibb Gilchrist
of the A. & M. College of Texas,
who is also president of the John
Tarleton Agricultural College at
Stephenville.

President Gilchrist urged careful
study and complete under-
standing of the provisions of a
constitutional amendment, S. J. R.
No. 5 (No. 1 on the ballot),
which will be submitted at the No-
vember 5 election.

"In 1937 the legislature in the
John Tarleton appropriation bill
authorized \$75,000 for a science
building. An error was made in
copying the instrument and this
particular item was inadvertently
left out of the final bill which
the governor approved. When ap-
prised of the error, the governor,
under his constitutional authority,
authorized a deficiency appropria-
tion.

"The building was constructed
and put in use. The contractor
was paid with state warrants un-
der the deficiency appropriation.
After two years the attorney gen-
eral ruled that the deficiency war-
rants were issued without proper
legal authority. Many lawyers

LESTER CAMPBELL

Lester Campbell Takes Charge of McLean News

Lester H. Campbell, who re-
signed as editor of The Memphis
Democrat two weeks ago, an-
nounced purchase of The McLean
News this week. He and Mrs.
Campbell moved Monday to Mc-
Lean where he will take over edi-
torship and management of the
newspaper on November 1. Mrs.
Campbell will assist him.

The former Democrat editor is
a partner of Albert Cooper and
Arval Montgomery of Shamrock,
in the McLean publication of
which Cooper will be publisher.
Cooper and Montgomery publish
The Shamrock Texan and are as-
sociated in the ownership of The
Wheeler Times. Montgomery is a
brother of Herschel Montgomery
of The Memphis Democrat staff.

Campbell and his associates
purchased The McLean News
from T. A. Landers who has been
owner and publisher for 25 years.
Landers is retiring from news-
paper work and will shortly move
to a farm in Wheeler County
which has been his hobby for sev-
eral years.

Campbell began work on The
Democrat in June, 1939, follow-
ing his graduation from the Uni-
versity of Texas and worked here
until February, 1942, with excep-
tion of two months in the sum-
mer of 1941 when he was with the
Galveston News. He entered the

STAMPS QUARTET HERE TONIGHT

The Stamps All-Star Quartet of
station KWFT, Wichita Falls, will
appear here tonight (Thursday)
at the high school auditorium,
sponsored by Boy Scout Troop
No. 35.

Lovers of singing are urged to
attend this program tonight, be-
ing assured of a real treat. It
has been several years since the
quartet has appeared here.

Good seats are available, ac-
cording to Scoutmaster Ted
Myers, who stated that he hoped
a large crowd would be in at-
tendance.

collector. (Continued on page 8)

Runways have been bladed at
the Municipal Airport, and planes
are now using the field. Horace
Tarver and Wendell Harrison,
members of the airport commit-
tee of the city council, said this
week. A new road is being built
just east of the bridge over Par-
ker creek, and will go to the
hanger site, situated on the west
side of the port. This road will
be hard-surfaced, the committee
members stated.

Ed and Lewis Foxhall, who
have leased the port, are this week
constructing new hangers, office,
and other installations. They
have purchased one new airplane
which is already at the field, and
another will arrive within a short
time.

The runways are 100 feet wide,
and will be hard-surfaced as soon
as government aid is obtained.
The city also plans to install com-
plete lighting equipment making
possible night flying to and from
the field, and the laying of water
mains is scheduled. Electric lines
have been run to the hanger site,
and a gasoline pump has been in-
stalled for refueling planes using
the field.

The new runways have been
laid off in such manner that the
north-south and east-west run-
ways form a cross, while the
north-south and northwest-south-
east runways form an X. The
north-south runway is 2,400 feet
long, with that running east-west
measuring 2,600 feet. The third
runway is 4,000 feet long, and
has been graded in a northwest-
southeast direction.

Mr. Tarver stated that the city
has been in touch with the army
in a matter of procuring a B-29
bomber to be permanently sta-
tioned at the air field. Confir-
mation of this was received in
Memphis Tuesday, and the ship
will be flown here within the near
future.

Plans are now being made to
hold a Dedication Day at the air-
port after immediate construc-
tion of facilities is completed, the
committee members stated. Fly-
ers from all over the country will
be invited to Memphis on that
day, and approximately 75 planes
will be expected on the field. A
full day's entertainment will be
outlined, and the public will be
invited to inspect the field.

One Week Remains
For Taxpayers to
Earn 3% Discount

Citizens of Memphis and Hall
County have one more week to
pay their 1945 taxes and receive
the three per cent discount which
all taxing bodies in the county
allow. To date, tax collections
are larger than in former years,
a survey shows.

All taxes paid during October
will receive a three per cent dis-
count. A two per cent discount
will be given on taxes paid in No-
vember, and one per cent discount
in December.

Tax collectors called upon all
persons who have bought property
in Memphis or this county to go
to offices and check rolls to see
if rendition is being made under
correct ownership. Real estate
transactions are causing confu-
sion, and if records are not kept
up-to-date, some property may be
placed upon the delinquent lists,
collectors stated.

F. R. Springer is county tax
collector. (Continued on page 8)

Cyclone to Meet Lefors Here; Lakeview Goes to Shamrock

WHEELER BEATS LOCAL TEAM BY SCORE OF 12-6

The Memphis Cyclone football
team and the Lefors Pirates are
scheduled to play at Cyclone Sta-
dium Friday night. The local
team expects to wipe out last Fri-
day night's defeat at the hands
of Wheeler by trouncing the visit-
ing Lefors team.

A brief summary of the game
at Wheeler is given:
An inspired club at Wheeler,
playing at a homecoming, cashed
in on an intercepted pass to win
by a score of 12 to 6.

Wheeler scored first on a pass
over the 30 yard line. Their try
for an extra point was no good.
Memphis came back and scored
without losing the ball, making
two first downs and a touchdown.
Larry McQueen carried the ball

ESTELLINE TEAM LOSES TO EAGLES LAST WEEK

The Lakeview Eagles will jour-
ney to Shamrock Friday night to
meet the Shamrock Irishmen, one
of the top notchers of the district.
The Irishmen have won every con-
ference game played so far this
year.

The Eagles won a non-confere-
nce game over the Estelline team
Friday night by a 12 to 7 score.
In the Lakeview-Estelline game
the first quarter ended with the
score 0-0. During the second
quarter Lakeview scored on a 90-
yard pass play. Try for the extra
point was no good.

In the third quarter Collins of
Estelline intercepted a Lakeview
lateral and went 45 yards un-
touched for a touchdown, and con-

COMMUNISM AND ATOMIC SECRETS GREAT THREAT TO WORLD PEACE, CONGRESSMAN WORLEY DECLARES

Speaking at a joint meeting of
Memphis Lions and Rotary clubs
at the First Methodist Church
basement Tuesday noon, Con-
gressman Gene Worley defended
OPA price control, although ad-
mitting that it had been far from
perfect, told of his trips with a
congressional investigating party
to the Far East, and wound up
with a brief outline of what the
United Nations are up against in
trying to bring about world peace.

About one hundred club mem-
bers and visiting guests heard
Worley's address, which was de-
clared by them to be one full of
food for serious thought.

Speaking briefly of the price
control act, Worley said without
it the national debt would have
been tripled, and that it has help-
ed in many ways to keep down
inflation. It will not be long un-
til the decontrol board will elimi-
nate practically all the items now
under OPA. The OPA has not
prevented inflation, but it has
controlled it as well as possible
under the circumstances and
against heavy objections. Chances
are, he said, we will avoid most
of the worst consequences of in-
flation which was faced as the re-
sult of World War I. When pro-

Miss Willie White And Ray Webster Wed in Fort Worth

Miss Willie White of Fort Worth and Ray Webster, also of Fort Worth but formerly of Memphis, were united in marriage Saturday, October 19, at the Polytechnic Baptist Church in Fort Worth. Rev. Chaffin, pastor, read the marriage vows at 11 o'clock in the morning.

The couple was attended by Mr. and Mrs. Joe Webster of Fort Worth.

The groom, who is the son of the late Mr. and Mrs. D. P. Webster of Memphis, attended Memphis schools and made his home here before entering the service. He served with the U. S. Army for 17 months and was wounded in North Africa. Since his return to the states, about two and one-half years ago, he has made his home in Fort Worth and is connected with an auto supply house.

Mr. and Mrs. Webster are visiting in Memphis this week with relatives, and before returning to their home in Fort Worth will go to Lubbock and Sweetwater.

Home Makers Class Has Meeting in Home of Mrs. Ed Stanley

The Home Makers class of the First Baptist Church met in the home of Mrs. Ed Stanley Thursday at 7:30 with Mrs. Weldon Lewis as co-hostess.

The evening was devoted to business and plans were made for year books.

Refreshments were served to the following members: Mesdames George Cullin, A. L. Wilson, Edward Hill, Holland McMurry, Herschel Stewart, Rachel Jones, Bill Miller, D. S. Miller, H. B. Patterson, Gene Corley, Leon Piland, Ed Stanley, and one guest, Mrs. E. L. Spradlin.

Successful Parenthood

MRS. CATHERINE CONRAD EDWARDS
Associate Editor, Parents' Magazine

"I JUST DON'T see how you ever manage!" If you are the mother of four or more children, you are probably used to hearing these words from friends who find that just one or two children can create plenty of work. Sometimes you can't see how you manage either. While you're busy preparing the baby's formula, Jack and Arlene may be quarreling noisily in the kitchen, with small Peter adding his sound effects to the already blaring radio program. . . well, you wonder how do you ever do it and remain sane?

But, of course, there are saving graces in the life of the larger-than-average family. Several children of the same age group will help entertain and aid each other in a hundred small ways. Arlene lends a hand each day when you're bathing or feeding the baby. Jack helps get Peter dressed each morning. When at times you think with envy of your next-door neighbor who has just her small Peggy to care for, remember that she probably spends almost as much time on her one as you do on your four. When Peggy was a baby, her mother had to struggle alone with the work of bathing, dressing, and feeding her. Now she devotes part of each day to amusing Peggy and playing with her. Your older children do most of that for you! Of course, Peggy receives a larger share of her mother's attention than any one of your children receives from you.

A recent statistical study made in the farm homes of Vermont and New York State bears out these common-sense observations. "Where there was only one child in a family," the report states, "about the same amount of time was used as where there were two or more children of about the same age." Of course, as your children grow older, they take less of your time, no matter how many you have. In Vermont homes where the youngest was six months or less, the time given to child care was about 27 hours a week. When the youngest was four to five, the time spent was 12 hours. When he was six or eight, the time was only three hours. By the time he had reached eight to eleven years of age, most mothers reported no time spent exclusively on child care. For you mothers with four children, the total time spent would be slightly higher than this average, although as we said before, each child would be receiving less individual attention.

You may not put much stock in statistics when they point out how it is possible for you, with four children, to be only slightly more worn out than your neighbor with one. But there's something you have discovered for yourself: the extra richness in your life, not to mention the lively confusion that keeps you young and on your toes as well as on your feet!

Ila Sue Davis of Memphis Student At T. C. U.

Miss Ila Sue Davis, daughter of Mr. and Mrs. L. F. Davis of Memphis, is attending Texas Christian University and living in a Campus dormitory, the university announced this week.

Over-all enrollment of the school is at an all-time high, totaling approximately 4,000. Some 650 students are residents of TCU's four dormitories. Two additional dormitories, one for girls and one for boys, are now being put to be ready for occupancy in 1947, it was reported.

Miss Davis is a freshman student at the university.

Halloween Carnival Will Be Held at Brice School Oct. 28

Announcement was made this week that a Halloween Carnival will be held at the Brice School Monday night, October 28, and will be sponsored by the Brice Parent-Teacher Association.

There will be bingo and other games as well as eats and coffee, members of the organization stated.

Sponsors have extended a cordial invitation to all persons in the Brice community to attend, and the proceeds will go to the Brice school.

FOUR MEMPHIANS ATTEND EASTERN STAR IN HOUSTON

Four Memphis women are attending the Grand Chapter Order of the Eastern Star in Houston this week. Mrs. Lloyd Phillips will be installed to a district office at this meeting.

Going from here were Mrs. Phillips, Mrs. Irvin Johnson, Mrs. Pen Wilson, and Mrs. H. T. Gregory.

CHILDRESS B SQUAD SQUASHES FUTURE CYCLONE TEAM 6 TO 0

By SCHOOL REPORTER

The Memphis B-Squad, the Cyclone team of next year, played a good game against Childress and would have won on penetrations had it not been for a lucky pass by the Childress team. The game played on Thursday, October 23, ended with Childress leading by a score of 6-0.

In the first quarter, Childress kicked off. Don Morrison caught the ball on the 25 and ran it back to the 34 yard line. Charles Morrison took off for a 7-yard plunge through left guard to make it 2nd and 3 to go. Next play found Morrison going through the middle for 1st down on the 50 yard line. Then three line drives by Don Morrison and Charles Morrison carried the ball down to the Childress 35 yard line. On the next play Childress recovered a fumble. The Blue Cats tried to go through the line and failed, tried a pass, incomplete, and then

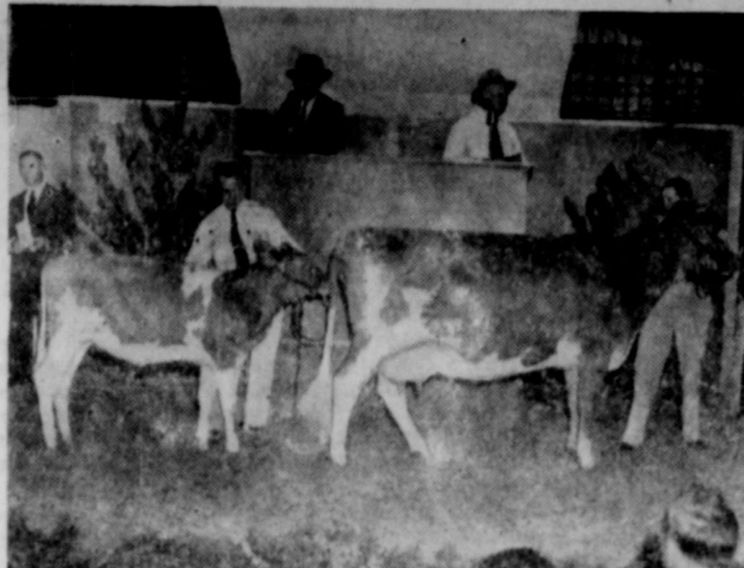

kicked on the third down. The kick was short and Memphis started their drive through the line with Don and Charles Morrison at the ball carrying spot. After three plunges they were still one-half yard short, so instead of kicking, tried through the line again but failed. Childress took possession of the ball on their own 32 yard line and after two running plays had failed, threw a long pass to the right end who made a very hard catch and behind good blocking ran the remaining distance for the only score of the game. The try for an extra point failed. The 1st quarter stand-out players were Don and Charles Morrison on the offense, West, McQueen, Messer, and Clark on the defense. Very few yards were gained by Childress through the Memphis line.

The 2nd quarter found each team unable to gain ground and the ball see-sawed around the 50 yard line with no scoring threat from either side. Memphis made one 1st down, Childress none. Jack Knight showed up exceptionally good as a defensive center.

During the third quarter due to several penalties and one fumble, Memphis failed to get their touchdown drive started. Again Childress was stopped on the ground and the high wind kept them from passing. Childress made one first down, Memphis none.

At the start of the fourth quarter, Memphis punted to the 50 yard line, held the Blue Cats there for three plays. After a penalty, a return punt, Memphis took over on their own 45 yard line. A pass from Green to Rasco netted seven yards. A run by Don Morrison picked up a first on the Childress 42 yard line. Another pass from Green to Rasco netted eight yards. Don Morrison galloped around right end for another first down on the Blue Cat's 18 yard line. With the ball in pay territory, Memphis hit some hard luck and a few stubborn Blue Cats. After an incomplete pass and a fumble, Childress kicked themselves out of trouble as the game ended.

Memphis led in first downs, 7-3.

CALF SELLS FOR NEW RECORD PRICE . . . Seven-month-old calf, Noble Deborah, sold for a new world record price of \$19,560, topping the previous record by \$3,000, at the Curtis Farms, Cary, Ill. The calf was purchased by Mrs. F. L. Weyenberg, Thiensville, Wis. Shown with the calf is her dam, Quail Roost Noble Primrose, which was purchased by the Curtis farms in 1945 for \$17,000.

The game was fought hard and the Memphis boys showed up good as a team in defense. Don Morrison did an outstanding part at low and hard ball carrying and averaged better than five yards each time he ran with the ball. Green threw some good passes and as quarterback, called a good game. Harvey Jarrell, Leroy Green, and Don Morrison were the spark plugs of the defense in the last quarter.

Need Cotton Pullers Over West Texas

Cotton growers in almost every county in West Texas are crying for pullers to help in the cotton harvest.

State Farm Labor Supervisor C. Hohn, of the Texas A. and M. College Extension Service, reports that Dawson County needs 1500 additional workers to harvest cotton. There is a demand for the same number in Scurry County. Hohn says, where the cotton harvest is reaching its peak, and Jones County as cotton begins to come in, is calling for 1000 laborers. Very few counties in West Texas have enough migrant help, and pullers are being paid from \$1.50 to \$2.50 at the gin.

Since the yield of cotton all over West Texas is below standard farmers are having a hard time holding the pullers on the job, says Hohn. Laborers "keep looking for greener fields and are losing valuable time," he adds. There are about 35,000 migrant laborers in the cotton pulling area now, and Extension agents and farm labor assistants are working constantly on replacements as workers move to other areas. Bad weather has caused many pullers to leave West Texas and go to other sections where the housing situation is better.

A call for help from the Plains wheat country has come in also, says Hohn. Plains counties need tractor hands for plowing and seeding and year-around workers are being offered from \$2.50 to \$7.00 a day.

Miss Vernez Turner Becomes Bride of Travis Malone in Amarillo Ceremony

Miss Vernez Turner of Amarillo, daughter of Mrs. Fred Hart of Amarillo and sister of J. C. Turner of Memphis, became the bride of Travis Malone of Amarillo, son of W. S. Malone of Memphis, Thursday, October 17, at the San Jacinto Baptist Church in Amarillo. Rev. J. E. Hill, pastor, read the double-ring ceremony at 8:30 p. m.

Mrs. Robert Orton of Canyon was the bride's only attendant and J. W. Hale was best man.

The bride wore an aqua cardigan suit complemented with a white lace blouse and accessories of brown lizard. Her shoulder corsage was of tallman roses and her brown sequin calotte had a shoulder length veil.

Mrs. Orton, matron of honor, wore a lime green suit with brown accessories. Her corsage was of gardenias.

The bride is a graduate of Canyon High School. She also attended West Texas State College at Canyon, and at the time of her

marriage was employed by Phillips in Amarillo.

The groom is a graduate of the Memphis High School. He served four years with the U. S. Coast Guard with three years of that time spent on the east coast and one year in Greenland. He received his discharge in March of this year.

The couple will make their home at the Mark Twain apartments in Amarillo.

Guests attending the wedding were Mr. and Mrs. Robert Orton of Canyon, Mr. and Mrs. J. C. Turner of Memphis, W. S. Malone of Memphis, Mr. and Mrs. Harris Malone, Mr. and Mrs. Weldon Malone, Mrs. Fred Hart, and Mr. and Mrs. J. W. Hale.

Mr. and Mrs. W. W. Kercheville of Pampa visited relatives and friends in Memphis over the week-end.

Johnnie Dean Hardwick visited in Childress the past week-end in the home of Mr. and Mrs. Pete Darling.

P.-T.A. Sponsoring Halloween Carnival At Pleasant Valley

A Halloween carnival will be held at the Pleasant Valley school Tuesday night, October 29, it was announced this week.

The carnival is being sponsored by the Pleasant Valley P.-T. A. and proceeds will go toward improving school equipment.

"The public is cordially invited to attend, and we especially urge people who live in the Pleasant Valley community to come," members of the program committee stated.

Girl Scouts to Have Rummage Sale November 2

A rummage sale will be held by the local Girl Scouts Saturday, November 2, Mrs. James Smith, chairman, announced this week.

The proceeds from the sale will be used in girl scout work. Plans are now being worked out and a detailed account will be published next week, Mrs. Smith stated.

Students Organize Spanish Club

Students enrolled in the Spanish classes of Memphis High School met Monday to organize a Spanish Club for the following school year. Officers elected were Jimmy Gerlach, president; Jack Pierce, vice president; Edith Compton, secretary; Barbara Brewer, treasurer; Muriel Jo Cochran, reporter; Leota Sturdevant, song leader; Lois Wines, pianist; Peggy Mitchell and Billie June Sturdevant, social chairmen.

The club reports that it has plans for many social activities during the year.

ESTELLINE

By MRS. FRED BERRY

Bobby Huffmaster was here over the week-end. He is in school at Canyon.

Mrs. Carl Jones of McLean is here this week.

Mr. and Mrs. Jack Cobb are spending a few weeks in Marlin for their health.

Mrs. Lillie Bagwell, Mrs. A. G. Huffmaster, and Mrs. P. L. Vardy went to Houston as delegates for the Eastern Star.

Mrs. Mattie Risby has returned from a trip to Dallas where she purchased new goods for her ready to wear store.

Janet Gilbert of Estelline visited the past week-end in Lubbock with Nell Bailey, where they attended the Baylor-Tech football game.

A. B. Stuart of Estelline, who is attending WTSC at Canyon, attended the Baylor-Tech football game in Lubbock Saturday.

Mr. and Mrs. Bobby Billingsley of Amarillo are the parents of a girl. She is the granddaughter of Mr. and Mrs. Billingsley of Hulver and Mr. and Mrs. Spruill of Parnell.

Mrs. Rex Gilbert and daughter, Jackie visited in Plainview Sunday with Mrs. Gilbert's sister.

Mr. and Mrs. Roy Bacus and Miss Dee Groom of Sudan spent the week-end here with friends.

Mrs. Quentin Adams and son of Lubbock visited relatives here over the week-end.

Mrs. Dorothy Woods and Mrs. Lon Gilbert of Amarillo visited in Estelline Sunday.

Mrs. Mesdames Katie Phillips, Lester Phillips, and Leon Phillips went to Plainview last week to visit Mrs. Lacy Phillips, who is in the hospital.

Rev. Bounds of Childress visited here Saturday.

Mrs. Grace La Rue of St. Louis, Mo., visited her niece, Mrs. Burl Bell, here Saturday. They left for Wichita Falls to be with their sister and mother, Mrs. C. Bounds, who is seriously ill.

John Warren McCollum left for Gunn after a visit here with his parents.

Mr. and Mrs. Wayne Adams announce the arrival of a son October 18. He has been named Monty Wayne and weighs seven pounds.

The P.-T. A. is sponsoring a play, "Southern Cinderella," November 6 at the school auditorium. Everyone is urged to attend as the proceeds will go for the lunch room.

Gilchrist Explains—

regard the legal question as a close one.

"The John Tarleton Agricultural College has had the use of the building for nine years. It is a splendid structure, now the most used building on the campus. It houses the library of 26,000 volumes and the departments

of chemistry, engineering, architecture, and biology.

"The three-story brick building today is worth twice its original contract price, and it still has not been paid for. Throughout the war the building was used to train men for the armed forces. Today it is being used by some 500 returned veterans for classrooms and laboratories.

"The college could hardly have done the job for which it was created without this building, and this proposal simply provides a

means of paying for the construction and thereby correcting an honest mistake."

C. of C. Honors—

(Continued on page 8)

"One of these which teachers expect is an adequate income," he said. "The records show that the average income of teachers over the United States is \$1,300 per year as compared with an

average of \$2,700 paid to industrial workers. Yet the teachers are required to spend a great deal of time and money in college preparation. I feel that one of the finest things the business men of a community can do is to strive to correct this inequality."

The informal dinner was the first to be given by the chamber of commerce honoring teachers. Manager Crockett stated that it is the plan of the educational committee of the C. of C. to make this an annual affair.

merce said, "believing that rapid mail service between customers and manufacturers and distributors would foster commerce."

"The Post Office Department has taken a leaf from the book of American business, reducing the air mail rate from 8 cents to 5 cents an ounce and simultaneously offering better and faster service. The department has borrowed the proven principle that by getting more customers for a good product at a reduced cost the unit cost of delivery is cut. A lower price requires one thing to succeed—larger volume.

"Business men want to have the five-cent rate continued. A policy of enlightened self-interest suggests that all of us promote air mail during this period when the new low rate is being tested."

Meanwhile, Postmaster Vallance reported, air mail letters are being received at the post office with incorrect postage affixed. The five-cent rate applies anywhere that the American flag flies, including all United States possessions. It is also applicable to the armed forces abroad, and to Canada and Mexico.

Future Farmers Initiate 27 New Members

By SCHOOL REPORTER

The Future Farmers initiated 27 new members into their chapter Monday night, October 14. The program was handled by R. C. Edwards, E. L. and Larry McQueen, Gayle West, Olin Ray Jenkins, Melvin Stewart, and Bill Hickey.

Highlights of the evening included some of the following stunts: Jimmy McElreath boxing Chubby Cullin (McElreath blindfolded); Sammy Rasco (blindfolded) jumping from a height of two inches when he thought himself to be high in the air; "Doo-dee" Fowler eating a raw egg as a prize for drawing a black bean; and Adviser McCreary welcoming Wayne Saunders into the chapter with an electric fence shocking unit in one hand and Saunders well grounded.

At the close of the program, the refreshment committee, consisting of Billy Stewart, Doyle Sar-

gent, and Wayne Hutcherson treated every one with cold drinks and candy.

The following boys successfully passed the initiation and are now "greenhands." Corky Billingsley, Fletcher Bowns, Ray Crawford, Bobby Crooks, Charles Cullin, Elbert Dixon, Robert Duncan, Gerald Fowler, Ernest Gilcrest, Jim Hansard, Herbert Hartman, Jimmie McElreath, Kenneth McQueen, Roger Monzingo, Bordie Newsome, Jimmy Price, Sammy Rasco, Kenneth Sams, Wayne Saunders, Gary Tarver, Daymon Welch, R. A. Wells, Frankie Wheeler, Carl Wilson, William Polasek, Dale Martin, and Andy Gardenhire.

MEMPHIANS HUNT DEER ON COLORADO TRIP

Mr. and Mrs. Gerald Knight of Memphis and a party from Fort Worth returned last week from Monte Vista, Colo., where they went deer hunting. They brought deer home with them. While at Monte Vista the Knights visited Mr. and Mrs. Frank Jackson, formerly of Memphis. Mrs. Knight and Mrs. Jackson are sisters.

Mr. and Mrs. F. N. Blevins of Houston are visiting her mother, Mrs. A. C. Hoffman, this week.

Coleman Installs Refrigeration Units At South Side Gro.

The South Side Grocery, owned by Roy L. Coleman, this week announced the installation of new refrigeration units, and 100 per cent self service. The occasion will be Open House Days Friday and Saturday, October 25-26.

The store recently installed two, 11-foot Husman open-type refrigerated cases, one of which will carry refrigerated produce, and the other will feature dairy products and all other pre-packed items ordinarily selected from closed-type cases. In addition to this, a 7-foot frozen food case has been installed, which according to Mr. Coleman, holds a temperature from zero to five below.

"All frozen food items including package ice cream will be sold from this open-case," Mr. Coleman said. "This will allow our customers to make their own selections of frozen food items along with their produce and dairy items."

In keeping with this new trend in self-service, the grocery store has also installed the very latest in shelving, checking stands, and several other conveniences which will make shopping easier, Mr. Coleman stated.

CAROLE DELANEY WRITES STORY FOR MAGAZINE

Carole Jean Delaney, 9-year-old daughter of Mr. and Mrs. Harry D. Delaney of 2708 24th, and a fourth grade pupil of Mrs. H. J. McCabe in Roscoe Wilson school, is author of a Halloween story in the current issue "Children's Activities" magazine. Children from five other states are authors of stories, and hers is the only one from Texas. She wrote a poem that appeared in the same magazine last December.—The Lubbock Avalanche-Journal.

Chickens - Turkeys

Intestinal worms and germs cause most all diseases and loss in egg production. STAR SULPHUR COMPOUND given in water or feed destroys these worms and germs as they enter fowls with feed. Preventing most all diseases. Rids them of blood-sucking lice, mites, fleas, blue-bugs that sap vitality, reduce egg production and kill many baby chicks. Costs very little. Money back if not satisfied. For sale at DURHAM-JONES PHARMACY

HELP WANTED

IS THERE A MAN in Hall County who is dissatisfied with his present occupation? We want a healthy, ambitious man under 55 who has the intelligence and willingness to take suggestions and who is competent to work five or six days each week without a boss or a time clock to keep him on the job. To such a man is offered a Watkins Dealership which will pay far above the wages of skilled labor. A car or truck is necessary and, unless you have \$1,000.00 to invest in stock you will need friends to guarantee your honesty. Don't answer this unless you possess the above qualifications. We have already had too great a turnover due to lazy men looking for something for nothing. If interested, write A. Lewis, 70 West Iowa, c/o The J. R. Watkins Company, Memphis, Tenn. 18-3c

DEALERSHIP open for Fuller Brushes in Hall and Donley counties. Car necessary. For full details, write P. O. Box 1491, Amarillo. 18-3p

Hall County—

(Continued from page 1)

should be in effect in 1947.

2. Allotments should be based on land devoted to cotton the last 10 years. (Reason given for this is that farmers of cotton belt would plant the crop from fence to fence, and the resultant overproduction would destroy the market.)

3. Allotment be on land and not the man; and also be based on total cultivated acres rather than yield.

4. Farmer should receive 100 per cent of parity instead of 90 per cent—and restricted acreage.

5. Consider cost of farm labor in parity formula.

6. Consideration be given the effort of farmer in conserving and building up his soil in setting 1947 program.

The purpose of the hearing, as announced, was to get the views of cotton producers with respect to legislation to be considered by Congress next year. A portion of the AAA law, including that part which enables producers to establish national and local cotton acreage quotas, will expire next year.

The Hall County delegation will present this county's recommendations, as outlined above. The following farmers had indicated they would attend the hearing: Candler Hawkins, Robert Sexauer, George Sexauer, Paul Montgomery, Ott Bevers, Paul Russell, Hulen Clifton, Gerald Rapp, J. L. Darby, and County Agent W. B. Hooser. Also to attend was a delegation from Turkey.

RETURN FROM HUNTING TRIP
 Boots Gerlach and Brown McMurry returned first of the week from North Dakota where they spent a few days hunting pheasants. They report a successful hunt and an enjoyable outing. "Pheasants are plentiful and the farmers are anxious for a lot of them to be killed as they are destroying feed, and we killed our limit which is 25, or 5 a day."

Communism—

(Continued from page 1)

duction catches up with demand, prices will gradually come down and then be more normal.

The speaker then launched into a description of the power of modern war equipment, such as the V2 and Atomic bombs, the results of which he observed first hand at Bikini Island and what had been done at Hiroshima, Japan, by the atomic bombs; also how powerful the V2's were against London. London and other English cities would have been entirely destroyed if the V2's had been loaded with atomic bombs, he declared.

"So the world faces the fact that every country will have solved the secrets of the atomic bomb within five years, and no nation will be safe from any other nation if we do not come to a united understanding and agreement in the peace conferences being held.

"So far we are not doing so well in getting permanent peace, due to the fact that some countries understand nothing but force and think that co-operation is a one-way road instead of a two-way road. If all other countries were as sincere about going all-out for peace as is the United States, the whole thing could be settled in 30 minutes. As it now stands, there is a 50-50 chance of reaching an agreement.

"Communism is on the march all over the world, and is being directed from Moscow. While other countries are demobilizing their armies, Russia still has five million first-line soldiers. I do not believe that America should be an aggressive nation, but had she been prepared in 1941 like she was two to four years later, Japan would never have bombed Pearl Harbor. No one will jump on a prize fighter, and no nation will jump another if the other is strong and able to repel aggression.

"I believe we should stay the strongest nation in order to protect ourselves. The oceans are no more than the moats that protected feudal castles in the early centuries. America has 300,000 gold stars and 700,000 maimed and crippled soldiers from the recent war—too great a price for being unprepared. We should all be fully informed and take the proper steps to outlaw wars," was his final plea.

ID WITH GESTURES . . .
Winston Churchill can always be depended upon to break forth in gestures. He whisks his high top on a walking stick as a method of acknowledging the cheers of the crowd as the freedom of the borough of Blackpool is accorded him.

RED SOX STAR ROOTER . . . Not only during the world series, but at all games possible, "Corky" (Michael on this birth certificate), son of Joe Cronin, manager of the Red Sox, was present and proved his ability as a rooter. Like most other managers, Joe Cronin does not always indulge in the niceties of gesture or language as laid down by Emily Post. "Corky" seems to have improved on some of the gestures.

GALLOPING GRANDMA . . .
Mrs. Forest Burright, 63, wife of an Oregon, Ill. farmer and mother of seven children, working out on the Roosevelt raceway with her trotter "Kinny Wyn" over a fast track. Mrs. Burright set her world's record in 1943, when she drove the trotter "Luckyette" a mile in 2:04 1/2.

WORLD'S OLDEST BATTLEWAGON . . . Piloting the 145-year-old hull of the Frigate Constellation, oldest warship afloat in the world, on a tow-rope trip from Newport, R. I. to Boston was a tough assignment. It was the Constellation's first sea voyage in 24 years. She was built and launched at Baltimore. The city of Baltimore now wants the Constellation as a relic.

MUST PART . . . Little Michael Feliciano finds parting with his friend, "Red," pretty hard. The apartment where he lives at Fox Hills, L. L. N. Y., says no dogs. Michael's father fought on Saipan, Tarawa and Iwo Jima.

November 2 Is the Final Date

To Bring Pictures and Information About Hall County Veterans to Be Used in the Book . . .

"The Men and Women in World War II from Hall County"

WHICH WILL BE PUBLISHED SOON!

No pictures will be accepted after this date. **ACT NOW!** Bring your pictures to The Democrat so that this book will contain the permanent record of as many veterans from this county as possible.

HERE'S THE INFORMATION WE NEED:

1. Name and rank of the serviceman.
2. Parents' names.
3. Maiden name of wife.
4. Branch of service and time of entry into service.
5. Places of service.
6. Medals, decorations, etc., awarded.
7. If wounded, where and when.
8. Time of discharge.
9. If killed in action, where and when.
10. Name of school attended.

THERE ARE STILL MANY WHO HAVEN'T TURNED IN THEIR PICTURES. WE DON'T WANT TO LEAVE ANYONE OUT. We want to make HALL COUNTY'S WORLD WAR II BOOK COMPLETE.

There are still some who had not (before now) heard about Hall County's World War II Book being compiled—and also there are some who knew about the book and intended to put in pictures,

SO . . . to be sure that everyone who has worn the uniform will have an opportunity to be included, the final date for accepting pictures is now extended to **NOVEMBER 2ND.**

NO COST OR OBLIGATION TO YOU!

Bring Pictures of Service Men and Women to

The Memphis Democrat

REMEMBER—It costs nothing to include your Service Men and Women in this book. Pictures are returned when book is published in approximately six weeks.

Good Roads Amendment Gets Officials' Endorsement

...of the state's highest of... had placed their stamp of approval on the Good Roads Constitutional Amendment Tuesday, October 22 as the list of endorsements began to mount during the two weeks before the November 5 general election.

Governor Coke Stevenson and Democratic nominee for governor, Beauford Jester, led the parade of supporters of the amendment. Governor Stevenson asserted, "From my study of road building problems, I am convinced that the Good Roads Amendment should be adopted on November 5," while the nominee for his office, Jester, proclaimed that adoption of the measure "will establish a sound financial policy upon which our road planning agencies may base their plans."

John S. Redditt, chairman of the Texas Highway Commission, issued a statement declaring, "It is my firm and considered belief, as a citizen and as chairman of the highway commission, that the passage of this amendment is to the best interest of all Texans, and

for that reason, I am for it and advocate its passage."

Pointing out the fact that the Good Roads Amendment will continue allocation of one-fourth of the gasoline tax for the available school fund under constitutional protection, Dr. L. A. Woods, state superintendent of public instruction, explained it will also assure the availability of funds with which many miles of all-weather roads for school bus routes will be constructed.

"Adoption of the Good Roads Amendment will establish a sound system of road financing that will result in more and better roads for the people of Texas," Senator Allan Shivers, Democratic nominee for lieutenant governor stated in his endorsement.

"Before our road building agencies can plan with certainty," Price Daniel, Democratic nominee for attorney general, expressed in a letter backing the measure, "they must be assured that our road funds will be protected. This amendment will give that protection and insure an orderly development of both state and farm-to-market roads."

The president of the Texas County Judges and Commissioners' association, Judge Sid J. Cailavet, charged that the amendment will make no changes in existing allocation of road user taxes. "It will simply give these agencies a guarantee that road funds will be available as anticipated," he said.

Claude H. Gilmer, speaker of the House of Representatives, asserted that it is essential so that road funds will always be available for the purpose for which they were originally created while J. E. McDonald, Texas Commissioner of Agriculture, claimed the economic status of the Texas farmer depends to a great extent upon the type of road to which he has access.

"I feel that, if passed, the Good Roads Amendment will be the greatest step forward in the development of the road system of the state of Texas," D. C. Greer, state highway engineer, stated.

Among other strong endorsers of the amendment are: Judge Jeff D. Stinson, Judge W. S. Barron, Fred Knetsch, member of the state highway commission, Julian Montgomery, state highway engineer, 1937-1940, and Reuben Williams, member of the state highway commission.

Mr. and Mrs. J. C. Roberts of Abilene spent the week-end here with their parents, Mrs. Ora Denny and Mr. and Mrs. Bob Roberts.

Mr. and Mrs. A. Anisman are attending market in Fort Worth and Dallas this week.

Sophomores Plan Halloween Party

The Sophomore class met Monday with their sponsors to discuss plans for a Halloween party.

While the class was assembled they chose for their class flower the pansy, and maroon and white as their colors. A class motto was chosen which is as follows:

We have the class

We have the colors
We are the Sophomores,
Three cheers for the others.

**OUTWEARS
PREWAR TIRES**

There's no getting away from it! When you have a good thing—word gets around—and FAST! And from our view, it seems everyone is demanding the tire that OUTWEARS PREWAR TIRES.

FOR EXTRA SAFETY AND EXTRA MILEAGE THE NEW B.F. GOODRICH SILVERTOWN IS WORTH THE WAIT!

The new Silvertown tires have been setting records for long mileage, safety and economy not only on taxi fleets, police cars and special test cars but in regular car owner use.

These new tires are built with a broader, flatter tread that puts more rubber in contact with the road, spreading the wear over a larger area. To hold this heavier tread, B.F. Goodrich engineers developed a 35% stronger cord body with stronger cords and more of them... This meant better bruise resistance, greater safety.

If you want the tire that OUTWEARS PREWAR TIRES, place your order today. A little wait will be rewarded with today's biggest money's worth in tires.

New Improved B. F. Goodrich TUBES

Over 100 Women Expected at Childress For District Meeting of B & PW Clubs

Over 100 women from eight surrounding towns will meet in Childress Saturday and Sunday, October 26 and 27, for the annual conference of district 10 of the Texas Federation of Business and Professional Women's clubs.

Towns to be represented are Crowell, Electra, Graham, Quanah, Vernon, Wellington, Wichita Falls, Archer City, and Memphis.

Maurine Scott, president of the

Memphis club, Mrs. Doc Saye, and Miss Audrey Beth Boggs will go as delegates from Memphis.

Mrs. Louise Bowers of Childress, district director, will appear on the program.

Mrs. Clifford Caroline Dunn of Amarillo, first vice president of the Texas Federation, will be the state representative of the meeting and will appear on the program.

Registration for the conference will open at 3 o'clock Saturday afternoon in the lobby of Hotel Childress and will be followed at 7:30 o'clock by an informal dinner with Mrs. Dunn the guest speaker. Miss Powell, president of the childress club, will preside.

Mrs. Dora Davis, Wichita Falls, second vice president of the Texas Federation, will give the invocation.

Mayar H. C. Preslar of Childress will give the address of welcome and Jeannette Wey, president of the Quanah club, will respond.

Following the dinner, the group will move to the Woman's Department club where special entertainment will be provided by the Quanah club.

The Sunday session will open at 8:30 o'clock with the Wellington group presiding at the coffee.

NEW HAT FOR THE WIFE . . . Want to make the little woman happy? This hat should do the business, and may be purchased for only \$10.00. The hat is a genuine 18-carat gold hat on display in a Pittsburgh store. The crown is of woven gold adorned with gold and diamond three-leaf clip and gold net veil.

The business session will be from 9:30 until 10:30 o'clock under the supervision of the district director, Mrs. Bowers.

The business session will feature a report of the National Biennial by Mrs. Davis, Marcelle Gay of Graham, Lillian Stille of Electra, Ola Walston of Vernon, and Winnie Foster of Wichita Falls.

Presidents of the various groups will be presented in a panel discussion.

Following the business session the delegates will attend special services at the Central Christian church while the district chairman and presidents continue with the business session.

Mrs. Bowers will preside at the 1 o'clock luncheon at Hotel Childress. Lula Mae Carter of Childress will give the invocation. The meal will be followed by musical entertainment and the remainder of the program will include a discussion of club projects and reports of committees.

Atalantean Club Meets in Home of Mrs. J. A. Odom

"Youth Betterment" was the program theme at the October 16 meeting of the Atalantean Club in the home of Mrs. J. A. Odom.

Mrs. W. C. Dickey, president, conducted the business session. Mrs. C. R. Webster presented a letter, which had been drafted by the legislative committee, for the club members to sign. The letter gave the club's opposition to passage of the Wagner-Murray-Dingell bill, and is to be sent to the two senators from Texas, and the U. S. representative from this district. The roll call was answered by members giving assigned topics.

The program was introduced by Mrs. H. B. Estes. She spoke on the betterment of the youth in their formative years, and gave examples. Members of the Girl Scout troop, under the supervision of Miss Leona McCraw, appeared before the club. Their part of the program was said to be very inspirational. Mrs. N. A. Hightower spoke on the betterment of the youth in the teen-age years. Four high school students, Gladys Bownds, Louise Rogers, Hugh Haynes, and Leroy Green, appeared before the club giving their views on supervised recreation. Members voted unanimously to give their aid and support to a community youth center.

During the tea hour, refreshments were served to Gladys Bownds, Louise Rogers, Hugh Haynes, and Leroy Green, guests; Mesdames C. W. Broome, Troy Broome, W. C. Dickey, H. B. Estes, N. A. Hightower, H. J. Howell, T. M. Isham, Claud Johnson, C. W. Kinslow, D. J. Morgensen, J. H. Morris, D. A. Neeley, Myrtis Phelan, Bentley Page, Jeff Ray, Bob Roberts, C. R. Webster, J. A. Whaley, and Miss Imogene King, members.

NATIONAL AIR MAIL WEEK—
 OCTOBER 27 THROUGH NOVEMBER 2

THE WORLD of today stands face to face with the startling developments of two eras running concurrently—an Atomic Age and an Air Age. Attention is called to this as we observe National Air Mail Week Oct. 27-Nov. 2, and realize that the Post Office Department has a direct and vital stake in the progress of aviation. The department has accepted the challenge of the Air Age eagerly because of the opportunity afforded to render greater service to the people of this nation and the world. An effort is being made to afford an advanced facility for business and cultural interchange all over the globe.

The slogan adopted by the postal service is "To Transmit Communications of the World—Better, Faster and Cheaper." This purpose is being accepted by the public as they take advantage of the new 5-cent air mail rate.

Air mail service received its first mention June 14, 1910, when Rep. Morris Sheppard of Texas introduced a bill in Congress for an investigation to determine the practicability and cost of an aeroplane or airship mail route. We have seen the gradual growth of air mail since that date. In the nation today there are 75,745 miles of air mail service.

With the hope that the municipal airport some time soon may be designated as a pickup station, people of this area are realizing that the time element is being drastically eliminated by realizing that the time element is being drastically eliminated by come we shall see more and more of those letters and packages labeled "Via Air Mail."

Hallowe'en Jitters

Press Paragraphs—

QUOTING OUR NEIGHBORS

The G. I. and College
 The colleges throughout the country are swamped with enrollments, mostly G. I. freshmen. The condition is a wholesome indication. It also suggests that the obvious duty of this country is to enlarge its educational institutions to the point where they will accommodate all who desire to attend. The future of this nation and of any democracy depends upon the intelligence and the literacy of its people. We should find a way to amply finance our educational institutions to the end that the right type of instructors will be attracted to them and encouraged to make teaching a profession. We should also introduce to a greater degree into our schools vocational training, that young men and young women may equip themselves to be something else besides stenographers and typists. The young people are ready for it but the schools are not. We should wake up in the matter of educational facilities. We are only scratching the surface. —Foard County News.

Newsprint Situation
 The Floyd County Hesperian Report says the newspaper situation really is more critical than it has been in prior years and along after January will get worse. Publishers of small newspapers are beginning to put out warnings, too. How much ice it really cuts in the whole picture we do not know, but we hear stories of big publications and periodicals buying up mills for their own supply and "throwing the order book away." At any rate the paper situation is really becoming serious and some periodicals are sus-

pending publication for this and other reasons.

The Newspaper

The Moore County News: In the problems facing us in this particularly difficult time, we will need a free and unshackled press. The weight of your opinion will always correct the usual errors made by newspapers, so long as they are free. Your newspaper is a visitor in your home, the companion of many of your hours, your informer, your periscope, with which you scan the sea of events and problems of the day. Never let the clarity of its vision be dimmed by suppression or political intimidation. You are free to disagree with each word it prints. Defend with your very life if necessary, its right to print it.

OPA Went Out June 30

We were quite surprised to see such an ardent New Dealer as Senator Pepper question the right of OPA to live. He compares the popular attitude toward OPA to that of national prohibition a few years ago. When national prohibition broke down, the people were ready to vote it out. The difference with OPA is that it went out of existence on June 30, and should have remained dead. By this time the people would have readjusted themselves without the need of this government bureau to do the impossible. If Senator Pepper wants to kill OPA, let him go to it. The sooner we get rid of half of the 3 million government employees, the sooner the national budget will be balanced. —Canyon News.

They say that J. Evetts Haley, noted Texas author, once visited a Fort Worth book store. His newest volume was on display. Picking up a copy, he asked the saleslady, "Is this book any good?" Not knowing she was speaking to the man who had written it, she answered, "You bet it is! The pictures were drawn by Harold Bugbee!"

None of us can resist the temptation to say, "I told you." Last summer, I warned that an effort would be made next January, when the legislature meets, to repeal the tax exemption on the gasoline the farmers burn in their tractors. Well, those in favor of removing the exemption didn't wait till January; the campaign has already started.

This Week in WASHINGTON

WASHINGTON, D. C.—Efforts of the administration to work toward a balanced budget, and announcement that for the first time in many years receipts for the first quarter of the present fiscal year exceeded disbursements, was a topic of favorable discussion in Washington this week.

While the maritime strike, the unsuccessful attempts at solution of the multifarious questions at the Paris conference, ousting of Secretary Wallace, probable results of the coming congressional elections, all were claiming their due share of attention, the favorable position of the government finances and the determined effort of President Truman to withstand pressure to loosen the government purse strings, topped the list.

At the first of the year deficit estimates for the Treasury Department for this quarter totaled \$4,500,000,000 and President Truman in August forecast a deficit, for the year, of \$1,900,000,000. As a matter of fact, the receipts for the first three months were \$119,306,000 more than the government spent for the period. This does not indicate, however, that there will not be a deficit for the year, what with GI terminal pay, world bank and monetary fund commitments and other things which will cause expenditures to mount in the coming quarter. However, the deficit of \$1,900,000,000 is a tremendous come-down from the 21 billion dollar deficit of last year than the 54 billion dollar deficit for the 1945 fiscal year.

That some congressmen and senators do not like the President's economy move in which, by presidential order, he sharply curtailed budget expenditures, is indicated in his sharp refusal to withdraw his curtailment of the pork-barrel \$500,000,000 rivers and harbors and flood control appropriations, which he slashed approximately two-thirds. No less

The farmer is the most heavily taxed man in Texas in proportion to income and property. His land can't escape taxation because it is out in the open where everybody can see it; he couldn't hide it, even if he wanted to. And he pays 4 cents a gallon on the gasoline he burns in his automobile — and mainly drives over community roads that are dusty half the year and nearly impassable with mud the rest of the time. And they are going to try to make him pay a tax on the gasoline he uses in his

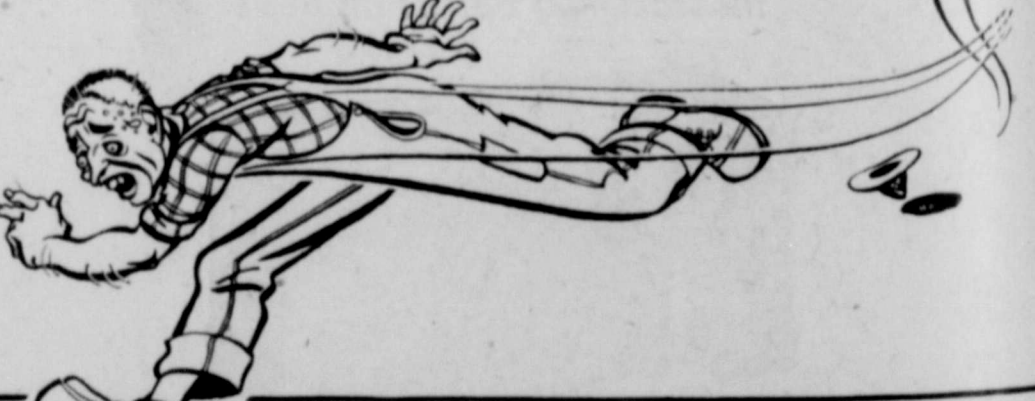

personage than Senator McMillan of Tennessee, acting president of the senate, sought to have the President rescind his order, but without success. And as a result, at a recent meeting of the rivers and harbors committee, resolutions were adopted which the President and asking him to rescind his order. Many members of the congress favor a balanced budget, but would like to balance it at the expense of someone else's barrel in some state other than their own.

And on the subject of federal here are some figures which indicate the tremendous purchasing power which is now in the country. Experts declare if spent for goods will start a real-for-employment spiral. The Federal Deposit Insurance Corporation announced that insured companies and mutual savings banks in the nation amount to \$1,000,000,000 which is an increase of more than \$16 billion dollars since 1945. Incidentally, the FDIC has reported that "more than 27 million depositors in insured banks have suffered a loss."

On the congressional front, both national committees in Washington are apparently confident of winning control of the house and senate. Here are some figures which indicate how close the battle may be. There are a total of 435 seats in the house. Democrats now have 241 and Republicans 194. Both parties agree there are doubtful districts in the house which may go either way. Of the 63 districts, 42 are Democratic, 21 are Republican and 32 of them in the large cities. The Democrats can lose 23 of the 63 doubtful districts and still maintain control, while the Republicans must win insofar as states are concerned, 10 of the doubtful districts are in Connecticut and Missouri, the President's home state. There are doubtful districts in New York, Pennsylvania, 5 in Illinois, 5 in California and the rest are scattered through 20 states. Three states are effected, the 6 Connecticut districts which comprise the state, and one district each in Delaware and Wyoming where each only one representative.

A favorite story is the one of the Irishman who captured 17 enemy soldiers, single-handed. The general asked, "How did you do it?" He said "I surrounded them." We have read many times of Robert E. Dale Carnegie

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

DON'T WORRY — TRUST IN GOD

THIS column is proud of the fact that it gave William C. Jeffers his first national publicity of an inspirational nature. Mr. Jeffers is president of the Union Pacific Railroad.

I talked to him lately and he told me something of a helpful nature that I want to pass along. On the subject of worry, I asked him, since he carried so much responsibility, if he worried.

Dale Carnegie

His answer: "No, I do not worry. I have never worried, and I have such strong feelings on the subject of worry that I have discharged men in my organization for worrying."

I asked him why he had adopted this attitude, and he said: "A man who worries is liable to make mistakes. And in the railroad business that is pretty bad—it may kill people."

Naturally I continued the subject and asked him how he kept from worrying, and he told me he had learned it from his Irish mother. He went on to say, "She trusted in God and never worried about anything. This made a deep impression on me, and I learned early in life to do as she did about worry."

Still on the subject of worry, he continued: "When I have a problem to solve, I try to get all the facts on it that I can. After I have all the facts and have studied them as best I can, I go to bed and let them flop around on my mind. Usually the next morning I suddenly get a 'hunch' how to handle my problem. Then I go ahead and carry out the plan. If it fails I do not worry. I know I have done the best I can and waste no time worrying about what might have been."

Splendid advice, as all those who have tried it will testify.

Glen L. Martin, the famous bomber manufacturer, once said: "I am surprised when I look back on my life, in this matter of worry. I was once a garage mechanic, working for wages. My tasks were comparatively simple. I worried as much then as I do now when my responsibilities are far, far greater."

Think of that! He worried as much when he was repairing cars as he does now when he has so much of the war effort on his shoulders.

Texas Farm Bureau Federation Supports Good Roads Law

The Texas Farm Bureau Federation today announced adoption of a resolution supporting the Good Roads Constitutional Amendment to be voted upon in the November 5th election.

"Our organization is in full accord with the amendment," J. Walter Hammond, president, declared. "Farm-to-market roads are uppermost in the minds of rural people and the Good Roads Amendment is our assurance of obtaining greatly needed improvements."

Continuing, Hammond said "We are in dire need of better facilities for all weather roads which will benefit rural mail and school bus routes as well."

The Texas Farm Bureau Federation is one of thirty state organizations which have already pledged ardent support of the Good Roads Amendment. The amendment, last of three to ap-

pear on the November 5 ballot, assures the availability of gasoline taxes and motor vehicle registration fees for road purposes, with the exception that one of every four cents in gas taxes will continue to be allocated to the Available Free School Fund.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic disease. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Board of Three Would Handle Veteran's Land Bill If Amendment Carries Nov. 7

A maximum revolving fund of \$25,000,000 would be set up for the purchase of Texas lands and their re-sale to veterans of World War II, if Texas voters adopt an amendment to the state constitution on November 7, permitting this to be done.

The amendment would set up the machinery for the purchase and sales of agricultural and ranching lands, and will be come effective as soon as the passage of the amendment is certified.

The legislation, adopted by the last legislature, was given approval in the house 119 to 0, and in the senate 29 to 0. To date no serious opposition to the move has been noted in the state.

Board Is Set Up

The board to administer the legislation, which becomes effective when and if the amendment is adopted, will be composed of the Governor, the Commissioner of the General Land office and the Attorney General. The plan recommended to be followed by Bascom Giles, Commissioner of the General Land office is as follows:

(1) Acquisition by the Veterans' Land Board of Federal surplus real property (of which there are some 856,000 acres in Texas) and other state owned land, 500,000 of the 1,500,000 acres of public free school

lands and such other privately owned lands as practical, located throughout the State.

(2) Conveyance of such lands through sales to the veterans under the following conditions:

(3) All sales to be made to Texas veterans only through competitive bidding.

(4) No land to be sold until six months after formal cessation of hostilities and not for less than the state purchase price.

(5) Maximum purchase to be limited to one tract not exceeding \$5,000.00 state valuation to any one veteran.

(6) Land to be sold for all cash or for as low as one-tenth down payment with notes to run for 40 years and bearing four per cent interest per annum.

(7) A 7-8 mineral fee interest on sulphur and 15-16th mineral fee interest on oil and gas to go with the title to land purchased with the state retaining 1-8th free

royalty on sulphur and 1-16th fee interest on oil and gas.

(8) Listing of location of land will not be available until acquired by proposed Veterans' Land Board. It is proposed to acquire this land in the various geographical divisions of the state so as to afford a wide variety in crop production in keeping with the desire of veterans to carry on a balanced farm or ranching program.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, twinges, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
