Dollar Day Program Studied By Group

A group of eight of the business men in Memphis met last afternoon at the office of Commerce where they discussed and laid out a plan for monthly dollar day messenger in this city.

Gen. Joseph Lemons, chairman of the sub-committee of the plan to formulate the plan to be presented in person to each merchant in town.

Wednesday afternoon session of a group meeting of the dollar day committee was held last Monday night in the council chamber at the city hall.

The meeting was attended by about 15 men.

Letting business get on by failure to have dollar days, declared H. J. Byrd, president of the C-C and member of the committee.

Byrd said the committee is having dollar days and we are sitting by some of our business places.

Two years ago, dollar days were held because of the scarcity of goods now he said.

Special events are going on everywhere these days and we are looking for bargains.

JOHN REESE

Vernon Minister Evangelist For Church of Christ

Minister John G. Reese of Vernon, a fluent speaker, will be here all next week to speak twice a day at the Church of Christ gospel meeting.

Gray Carter, minister of the local church, will open the gospel meeting Sunday morning and will speak Sunday night also. Mr. Reese will be here Monday for the 10 a. m. service and for all other services through Saturday night, the evening services to be held at 7:30.

"Mr. Reese has held meetings in a number of states and with many of the best congregations," says Mr. Carter. "You will enjoy his talks."

Minister Carter was in Abilene this week, from Monday through Thursday, for four days of a lecture series.

The gospel meeting will run through Sunday, February 6.

VETERAN BANK OFFICIAL TALKS ABOUT WORLD'S UNCERTAINTIES

While he puffed on a cigarette, in a holder, Chairman Scott Montgomery of the board of directors of the First National Bank, sat back in his chair in his office one day this week and contemplated world conditions on the eve of the 51st anniversary of his founding of the institution he now heads.

"I simply cannot believe the Russian people are anti-Christian," he declared, with reference to the recent action of Hungary, a Russian satellite state, in imprisoning a Roman Catholic cardinal.

"The fight the Russian overlords are making against the Christian religion and western civilization has certainly caused our world to be in the greatest period of uncertainty during my lifetime," he added. "The world today is divided about fifty fifty and it can mean only one thing, that the Biblical prophecy is being fulfilled."

Mr. Montgomery pointed out that a war between the United States and Russia can mean only one thing, destruction of civilization and 100 years of Dark Ages for all mankind.

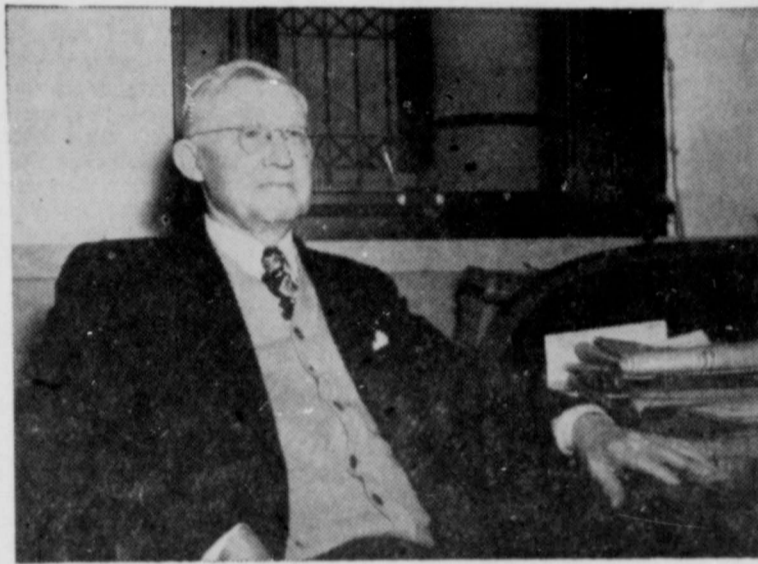

"I don't want to think of what our condition will be in the land if such comes to pass," he added.

"However, the atomic bomb can keep such a war from being started," he reflected.

As to domestic legislation in Congress, Mr. Montgomery says it is his firm conviction that the Taft-Hartley law will not be changed very much even though it may be called by another name.

"I don't think the president will be able to put over his drastic social security program," he added.

Although he is now 78 years old, Mr. Montgomery comes down to his office regularly every day the bank is open. He first moved to Hall County in 1889, landing at Salisbury. He served two terms as sheriff and tax collector by the time he opened the bank which he has headed ever since. He and his wife, the former Lulu Walters, were married in 1891. They will have their 58th wedding anniversary this year.

First National Bank Has 51st Birthday

The 51st anniversary of the First National Bank of Memphis, coming up next Tuesday, March 1, will be observed with "business as usual."

S. S. Montgomery, chairman of the board, and founder of the institution, said he would be at his desk as usual Tuesday. Thos. E. Noel, bank president, said the officials have made no plans for any celebration this year since "all of the celebrating was done last year on the occasion of the 50th anniversary."

Mr. Noel did take time to make an observation on conditions in the country at this time.

"At this particular time, it is very important that everyone be extremely cautious about their business obligations due to the fact that we are now in a declining price cycle."

"I don't look for any serious depression but feel that conditions in general point to a slight recession over a period of years," he added.

The banker pointed out that the First National Bank stands for a "stabilized economy."

"It has always been our desire, and still is, to offer a friendly banking service, and to co-operate with our patrons and the citizens of this community in every worthwhile project."

The First National began business on March 1, 1898, with \$15,302.07 on deposit. Deposits had risen to \$62,197.43 by December 31, 1901. By December 31, 1910, deposits were up to \$287,177.42.

The business of this institution has shown its greatest expansion in the past seven years, with a total of \$4,708,079.01 on deposit last December 31.

"Through good times and bad times, we tried to render a banking service which would add to the stability of our community," says Mr. Noel. "Time has proven this policy of rendering service to be sound."

New Pleasant Valley Irrigation Well Okay

While the well on Tom Lenoir's place was being completed and readied for irrigation needs Wednesday, a report came from Texas A. & M. College on the possibilities of using the water from the A. L. Hall well, about a mile away.

Both wells are on farms in the Pleasant Valley community, a few miles west of Plasko.

The Lenoir well will likely prove up as the best well in the area so far since it has been gravel-packed deeper than the others.

Roy C. Garrett, assistant professor of the agricultural-engineering department of College Station, has submitted the following opinion on water in the A. L. Hall well:

"It is my opinion that continual or frequent irrigation with this water would not be satisfactory. Infrequent irrigation, such as once yearly or every two years, will probably not be harmful due to the leaching action of intervening years."

Four Churches Here To Sponsor World Prayer On March 4

According to preliminary announcement this week, four church congregations of Memphis will hold a joint service in observance of the World Day of Prayer on March 4.

The service will be held at the First Christian church at night, beginning at 7:30.

The four churches joining in the observance here are: First Methodist, First Presbyterian, First Christian and the Assembly of God.

The public is urged to remember the date and time and attend this momentous observance.

A detailed program will be announced next week.

WALKY-TALKY IS INSTALLED ON CAR USED BY LOCAL FIRM

A walky-talky equipped pickup was received by the Memphis office of West Texas Utilities company Monday for use by E. M. Murphy, trouble-shooter for the local office.

Mack Wilson, manager here, says similarly-equipped cars from Childress were used two weeks ago in making repairs on the line between Memphis and Lakeview when it broke during the last ice storm.

"Had it not been for these cars with walky-talkies, the company would have had plenty of trouble in the ice storm in the Abilene area last month," he said.

The men working on these cars can call directly into the dispatcher's office at Quanah or into headquarters at Abilene. When someone in the office here in Memphis wants to contact Murphy, for instance, while Murphy is out in this car around Lakeview, they must call the dispatcher in Quanah who, in turn, calls Murphy direct. Murphy is told the message and hurries into the office here if he is needed here. The walky-talky does not connect up with the office here, just with the Quanah dispatcher but the office here can talk to Quanah over the company's private line. Murphy, however, can talk to other cars that are equipped with the walky-talky as they are on the same wave length. There are six of the cars working out of the Childress district office.

Chickasha Cotton Oil Company Buys First Gin Here

One of the biggest transactions of the past year in Hall County has resulted in the sale and transfer of what is reputed to be one of the most modernly equipped cotton gins in West Texas.

According to the records in the county clerk's office, W. W. Beaty has sold his cotton gin in Memphis to the Chickasha Cotton Oil Company for \$65,000 cash. The deed was filed for record on February 9.

The sale includes the gin, the grain elevators, all buildings, machinery, equipment and supplies on hand.

Mr. Beaty bought this gin about five years ago and immediately remodelled it throughout.

Grover Roden will continue as manager of the gin, it was said this week. Mr. Beaty is out of town and couldn't be reached for a statement. He owns a cotton gin and other property in Robstown, near Corpus Christi, which he will continue to operate.

Mr. Beaty also sold a plot of 2.9 acres at Eli, with cotton picker sheds on it, to the Oklahoma firm.

This is the first gin in Hall County to be purchased by the Chickasha Cotton Oil Company but they own gins in nearby counties and have an oil mill at Hollis, the nearest point, in addition to mills in other cities in Oklahoma.

Red Cross Official Talks To Two Clubs

Members of the Rotary Club Tuesday noon heard a talk by Mrs. Juanita Hutchinson, general field representative for the Red Cross in the Panhandle, in which she outlined the history and aims of that organization.

Heydon Hensley, program chairman, introduced the speaker. He is also county chairman for the Red Cross. Allen Dunbar, club president, announced two new members, Brown Smith, local contractor and Zeke Brown, news editor of The Democrat.

Mrs. Hutchinson told of the beginning of the Red Cross back in 1859. The American National Red Cross has been a quasi-governmental agency since 1905 but its functions were better defined in Public Law No. 47, passed in 1947. During time of war, it is the medium between the people and personnel in the services. It is governed by a board of 50, known as the board of governors. Eight of these are named by the President, 30 are named at the annual convention and 12 are elected by the other members.

Texas belongs to the Mid-Western area of the Red Cross, with 517 organized chapters.

"There were 303 domestic disasters in the United States last year that required Red Cross help," said the speaker.

Outright grants are made quite often to needy persons, families and communities that have been stricken by disaster. The national quota this year will be 60 million dollars.

Mrs. Hutchinson praised the Junior Red Cross of Hall County, pointing out that its roll call is in November of each year and it is kept separate from the regular organization. This county's junior group sent \$50 to the National children's fund last year, used to help children in stricken countries abroad.

The Red Cross roll call will be held during the month of March. Gene Lindsey has been made drive chairman and the county's quota will be \$2,080.

The work of N. W. Durham, home service chairman here, was highly praised by the field representative.

2 SCHOOL BOARD MEMBERS QUIT; NEW MEN NAMED

Two members of the present school board of the Memphis independent school district have declined to allow their names to be submitted for re-election.

T. B. Rogers resigned as of February 1 and the board authorized the president, Roy Coleman, to name his successor. Mathew Allen was named for the vacancy and has agreed to have his name submitted for a two-year term.

E. E. Cudd has informed the rest of the board that he does not wish his name submitted for re-election, according to Miss Belle Sweatt, board secretary. The name of James Arthur Anthony has been submitted as a candidate for this vacancy.

The regular school election will be held at the City Hall on Saturday, April 2. L. B. Madden has been named election judge to be assisted by Mesdames D. A. Neeley, L. W. Stanford and Horace Tarver.

A third members term due to expire is the place now filled by Roy Coleman, president of the board. Mr. Coleman has allowed his name to be submitted for re-election, according to Miss Sweatt's records.

"Anyone else wishing to make the race for a place on the school board must have his name submitted on a written request signed by five qualified voters," says Miss Sweatt. "In order to have his or her name printed on the ballot, this request must be filed with my office at least 10 days before the date of the election."

In connection with the decision (Continued on page 8)

the Red Cross," concluded the speaker. "You give to your fellowman through the Red Cross."

Mrs. Hutchinson also spoke to the Lions Club at its Wednesday noon meeting along the same line.

Leasing Activities County Reported Largest In History

Confirmation from the leasing office concerned has been received for some weeks, one of the leasing campaigns in Hall County has been going on here for 30 days.

Two drilling blocks were formed, according to information available, being contracts in each reported to be in the vicinity of the river.

The 60 sections of the ranch, lying in Hall County, is reliably reported to be leased. Records in the leasing office reveal some of the details.

Lakeview Groups Lead Donations For Polio Drive

The Lakeview community, including the high school, the grade school, the Lions club, the Baptist church and the Methodist church, took time out last week and raised a total of \$129.02 for the Hall County March of Dimes.

The Lakeview high school raised \$41.93, while the grade school raised \$20.76.

Turkey school sent in \$9.76 this week, while the Brice school sent in \$2.45. The Plaska Needle club sent in \$5.00.

Total in the fund up to Thursday morning was \$2,265.72 but several hundred dollars additional is expected in the next few days from individuals and clubs, says Treasurer Thos. E. Noel.

Chairman R. C. Lemons adds that "donations to the fund are as badly needed as ever as we still have two polio patients to look after although both have improved greatly in the past 60 days."

The new donations, not previously acknowledged, include:

- Lakeview high school — \$41.93
- Lakeview grade school — 20.76
- Lakeview Baptist church — 11.50
- Lakeview Methodist Ch. — 12.00
- Lakeview Lions club — 42.50
- Lakeview miscellaneous — 2.33
- Plaska Needle club — 5.00
- A donation — 2.00
- Mrs. Hulda Wilson — 5.00

Burglar Leaves Milam's Register Miles From Town

Last Friday morning, when Clyde Milam arrived at his office at the Milam Grain & Coal Company, he found the office cash register gone. A side door had been broken in and the burglars evidently had carried the cash register off with them.

"There were two guns in the place that they did not bother," he reported next day to Sheriff Earl Hill and Chief of Police Jack Peabody.

The missing cash register only had ten dollars in cash and currency, Mr. Milam reports. The fact that it was not easily opened is the only reason it was stolen, he thinks.

Monday afternoon, the daughter in the Eugene Davis family, who lives 12 miles east of town on the Hollis highway, saw the machine lying near the fence while she was rounding up the milk cows. Her father went out and got it and carried it to his house.

Deputy Sheriff W. P. Baten went out Wednesday and got the broken machine. It was in bad condition, he says. There had been so much fog and mist falling since the machine was thrown out that all trace of finger prints were gone.

"It looks now as though it might have been the work of some transient thief," said Baten. "At first, we thought it was the work of some local amateur but the fact that the burglar had a car

"Daring New" Dodge Will Be Shown Public Friday

Designed for today's definitely taller, heavier, more active Americans, who want to go places in style, the "daring new" Dodge cars will be displayed to the public over the nation Friday, February 25. One of the new cars will be placed on the showroom floor of Hickey Motor Company, local Dodge dealer.

The new Dodge will feature a distinctive new style with spacious interiors that give more head room, elbow room and leg room—plus an amazingly smooth ride, Gerald Hickey, local dealer, stated in announcing the new cars. Head room is actually greater than before, yet overall car height has been reduced. Front seats are six inches wider, rear seats nearly eight inches wider; yet overall car width is narrower. More leg room in front and back seats has been obtained.

Redesigning of chassis and body locates front and rear seats farther forward, which will give a smoother ride, according to advance publicity releases. Added vision has been obtained by increasing size of the windshield. The new "Get-Away" engine provides quicker acceleration for faster pickup, yet the high compression motor is rated to be economical in gasoline consumption.

Other features include: air-plane-type shock absorbers, bigger luggage compartment, and Gyro-Matic transmission.

Three completely new cars are being introduced by Dodge over the nation. They are: the Coronet, 123 1/2-inch wheelbase models with greatest luxury and comfort; the Meadowbrook, which is identical with the Coronet in body style and dimensions but designed for those not requiring the same rich trim and fittings; the Way-farer which is an entirely new addition on a shorter 115-inch wheelbase.

MRS. T. KITTINGER SUFFERS BROKEN HIP

T. Kittinger of Austin writes that Mrs. Kittinger fell Friday and broke her hip, which physicians stated was a bad break.

Mrs. Kittinger was just getting over burns she received a few weeks ago when a stove exploded.

The Kittingers have many friends in Memphis who will be grieved to learn of their hard luck.

Wesleyan Service Guild Hears Talk Concerning Alaska

A continuation of the study from the book, "On Our Own Doorstep," featured the regular meeting of the Wesleyan Service Guild when its members met at the home of Mrs. Arthur Gidden Thursday evening, February 14.

The meeting opened with a prayer by Mrs. Earl Hill who also presided over the business session. The president appointed a nominating committee to select officers for the coming year. Members of the committee are Mrs. H. B. Bennett, Mrs. Arthur Gidden and Miss Dorothy Gowan.

Mrs. Robert Spicer, program chairman, presented Mrs. George Payne who gave an inspirational devotional from the book of Job, and Mrs. W. D. Young who reviewed the chapter on "Alaska." Mrs. Young presented a very enlightening lesson regarding the geography, climate and social conditions as they exist in the peninsula.

A delicious refreshment plate was served to Mesdames H. B. Bennett, Robert Spicer, Bob Tiner, Earl Hill, George Payne, W. D. Young, Perry Keyser, Nugent Brown, Arthur Gidden and Miss Dorothy Gowan.

Culture Club Hears Program On Pan America

An interesting program on Pan America was presented Wednesday afternoon, February 16, during the meeting of the Woman's Culture Club in the home of Mrs. Homer Tribble.

"Origin and Purpose of Pan American Organization" was discussed by Mrs. Robert Moss and a beautiful Pan American legend was told by Mrs. R. E. Clark.

Concluding the program, Spanish students, under the direction of the teacher, Miss Bonnie Jean Smith, entertained with several

'Religious Music' Is Program Topic At Harmony Club

Mrs. M. McNeely, assisted by Mrs. Perry Keyser, entertained the Harmony Club Wednesday afternoon, February 9.

"Religious Music" was the program topic and Mrs. Gordon Gilliam served as leader. The following program was presented: "Musical Instruments in Biblical Times," Mrs. Gordon Gilliam; "Stories of Favorite Hymns," Mrs. M. McNeely; voice, "Open the Gates," Mrs. O. T. Toney; "Goin' Home" Mrs. Garner Lee, Mrs. Ed Monzingo and Mrs. Perry Keyser; piano duet, "Sara-bande," Mrs. T. L. Rouse and Mrs. Henry Foster; duet, "For You I am Praying," Mrs. Clyde Millam and Mrs. C. H. Compton.

Members attending were Mesdames C. H. Compton, L. G. Deberry, Henry Foster, Gordon Gilliam, R. S. Greene, Perry Keyser, D. L. C. Kinard, M. McNeely, Clyde Millam, Ed Monzingo, T. L. Rouse, Carl Smith O. T. Toney, Conley Ward, M. C. Allen and Miss Esta McElrath and one guest, Mrs. H. Byrd.

Mrs. A. B. Jones, Maggie Chandler and Rena Waller, all of whom have been on the sick list, are very much better.

Katherine Barbar and Dortha Mitchell of Abilene spent the week end with Katherine's parents, Mr. and Mrs. John Barber.

Spanish songs, including "Campanas de Santa Maria," "Cielito Lindo," "Solamente una vez" and "Carmela." The student group included Lois Carpenter, Lona Faye Collins, Anita Murphy, Beverly Snell and Jo Ann Hart.

During the tea hour dainty refreshments were served to the following members: Misses Bonnie Jean Smith, Alma Bruce, Esta McElrath; Mesdames R. E. Clark, H. A. Combs, D. A. Grundy, R. L. Madden, T. J. Way, C. D. Morris, Robert Moss, one guest, Mrs. Darrell Hannon and hostess, Mrs. Tribble.

Woman's Rights Under Texas Law Discussed By Club

"Equal Rights Legislation" was discussed when members of the Business and Professional Women's Club held their regular meeting at a noon luncheon at the Masonic Hall on Thursday, February 17. Nineteen members were present.

Mary Foreman, president, had charge of the business session and introduced Mrs. Isabell Cypert as a new member. Plans for the annual banquet were discussed.

Mrs. Hester Bownds, chairman of the committee on legislation, had charge of the program and presented a number of interesting and informative facts which compared Texas laws regarding the rights of women and those of other states. She was assisted by Inez Mason, Mrs. Arlis McBee and Joyce Hoff who further developed the subject by a series of questions and answers on the pros and cons of the "Equal Rights" amendment.

Baptist GA Girls Enjoy Valentine Banquet At Church

Valentine ornaments featuring arrangements of fern, red satin ribbon and red hearts were used to decorate the banquet rooms at the First Baptist Church. The occasion was the Valentine banquet given by Circle No. 4 to entertain the G. A. Girls of the First Baptist Church.

In charge of banquet arrangements were Mrs. Henry Hays, Mrs. Roy Patton, Mrs. Leon Randolph, Mrs. O. T. Toney, and Mrs. C. R. Tension. Mrs. Lynn Jones is chairman of Circle No. 4, the sponsoring group.

A tasty menu consisting of tomato cocktail, an Italian spaghetti dish, spiced peaches, green salad, and cherry tarts was served to about 20 guests.

Following the meal, Miss Vernice Spencer conducted an hour of games featuring many well-planned contests and a large selection of games.

Lay Leader Has Morning Service At Methodist Church

The lay leader of the First Methodist church in Memphis, D. A. Neeley, will have charge of the morning service next Sunday at the church as part of a program for this church throughout the nation.

The general subject will be "Lay Activities in the Advance For Christ and His Church," according to Rev. C. C. Armstrong, pastor.

Nugent E. Brown will assist Mr. Neeley on the program.

Oil Mill Finishes Up Season's Run; Had 110 Employees

The Western Cottonoil Company mill in Memphis closed down for the season last Monday night, Manager Durwood Howell announced.

The mill began the season last September 1 and has been employing as high as 110 men while operating around the clock.

A visit to the mill one day last week revealed that the sterilizing machine, installed last year because of the pink boll worm quarantine, has really purified all cotton seed used by the mill so far as the worm is concerned. All seed was subjected to 150-degree steam before it was run into the big seed house. Incidentally, this seed-house, 380 feet in length, has a capacity of 17,000 tons.

From the seed-house, the seed was run through seven so-called "first-cut" linters and then through 21 "second-cut" linters. A total of 300 pounds of oils taken from each ton of seed that goes through the mill. The "kernels" of the seed are then separated from the hulls and put through a hot-cake breaker to make cow and calf "pellets." The hulls are sold separately.

"This is one of the most modern hydraulic mills of the South," explained Manager Howell. "Everything is saved. The mill is all-electrically operated."

The mill has 14 oil tanks, each with a capacity of 48,000 pounds. The lint warehouse has a 4,000-bale capacity. The linters are sold through brokers to chemical companies.

"Our season was much better than last year," reported Mr. Howell.

Many of the employees are on a salary basis. Others work on an hourly basis.

Oklahoman Works Out Vagrant Fine On Clean-Up Job

City Police Chief Jack Peabody reports the arrest of an Oklahoma man about 30, last weekend on a vagrancy charge to which the man pleaded guilty and was fined \$14.15, including court costs.

The man is spending ten days in the city jail and working out his fine by helping with the street cleaning detail. In addition, he paid off two checks he had allegedly given local merchants which the chief said were no good. The man says he was shell-shocked overseas during the late war.

A local 19-year old boy was picked up last weekend and charged with reckless driving, the chief reports. He paid his fine.

Two small 12-year old boys from Hedley also were picked up by the chief and admitted they were "runaways." They were turned over to the highway patrolmen who took them to Hedley.

Mr. and Mrs. J. W. Curry of Hollis, Okla., were visitors in the home of Mr. and Mrs. Earl Miller last Thursday. Mrs. Miller is a niece of the Currys.

Now Is Time To Start Gardening Tech Prof. Advises

LUBBOCK—If you are planning a "good garden" for late spring and summer, now is the time to do the work, warns Dr. A. W. Young, head of Texas Technological college's plant industry department.

The spading, plowing and fertilizing should be finished in the next few days, and English peas, radishes, lettuce and onions planted at once.

Rich barnyard fertilizer ought to be worked into the soil several times, using about 10 tons per acre, Dr. Young said. Fertilizer that is pretty well rotted does give best results that is worked well in the upper 68 inches of soil. The amount of straw (which should be very slight) will make a lot of difference in garden results by determining the nitrogen content of the soil and the way the ground retains water.

By planting a garden now, better selection of seeds and plants that will actually be put in the ground later may be accomplished.

R. J. Cooley and Jimmy Determan were in Wichita Falls one day last week where Mr. Cooley bought a load of furniture for his store.

VETERANS QUESTION BOX

Q—I am a World War I veteran and have been suffering from a stomach ailment for some time. May I go to a private hospital in my home town and have Veterans Administration pay the bill?

A—You may provided only if your stomach ailment is service-connected and you receive prior approval from VA to do so.

Q—My child was born five months after the death of my husband, a World War II veteran. Is the child considered a full beneficiary insofar as death pension or compensation are concerned?

A—The posthumous child of a veteran is entitled to allowance of death pension or compensation at the same rate as a child born during the lifetime of such veteran.

Q—May benefits be paid for a veteran's child not residing with the widow?

A—Yes. Payments may be made to the person who has custody of the child.

Q—I am going to college under the GI Bill. Will I have to refund the tuition if I leave school before the end of the school year?

A—If you drop out of college before the end of the period for which tuition has to be paid by Veterans Administration, you will have to pay VA for the time you did not attend school or you will lose eligibility for the training time covered by the payments.

Veterans holding National Service Life Insurance policies are urged by the Veterans Administration to review their GI insurance for possible changes of beneficiaries.

Thousands of veteran policy holders have not changed their beneficiaries, although their family status has changed, VA said.

Changes may be made at any time, and as often as necessary, simply by notifying VA's Insurance Service in the Branch Office, 1114 Commerce Street, Dallas, Texas.

A veteran has the right to designate any person, company, corporation or other legal entity as his beneficiary.

Veterans enrolled in schools and colleges under the GI Bill must comply with the regularly prescribed standards and practices of the educational institutions during their period of enrollment, VA reports.

Student-veterans must abide by all the rules and regulations of the institutions where they

34 Tech Squadmen Awarded Letters For Past Season

By CLARK SCHOOLEY
Tech Sports Writer

LUBBOCK—Varsity football letters for 1948 were awarded last week to 34 men. Dr. J. William Davis, chairman of the Athletic Council, who made the presentation, praised each player for aiding in winning the Border conference title. He lauded Coach Dell Morgan and his aides, pointing out that three of the four years Coach Morgan has guided his men into Border conference play have resulted in conference titles.

Receiving letters are: Centers—Bud Henderson, Quanah; J. B. Mahler, Temple; and Bobby Williams, Phillips. Guards—Bobby Garner, Denison; Milburn Haydon, Weatherford; Derrell McCurry, Lubbock; Don Orr, Graham; Dan Pursel, Gladewater; and Bill Stallings, Tyler.

Tackles—John Andrews and Marshall Gettys, Amarillo; Bobby Broyles and Douglas McSwane, San Angelo; and Don Williams, Phillips.

Ends—J. L. Gulley, Lubbock; Elbert Johnson, Temple; Bill Kelley, Idalou; Frank Ottmers, Fredericksburg; and Luke Thompson, Eldorado.

Backs—James Conley and Zac Henderson, Quanah; Ernest Hawkins, Lamesa; Tim Hatch, Wellington; Earl Jackson, Phillips; Glenn Lewis, Quitaque; Bill Lyman, Littlefield; Walter Maloney, Roscoe; Charles Reynolds and J.

are enrolled. They must maintain satisfactory academic marks. Wilful misconduct or unsatisfactory progress are grounds for withdrawal of subsistence and tuition payments.

The number of applications for veterans' GI loans dropped to 24,602 during November, 1948—the smallest monthly total since January, 1946, VA reports.

November applications were about one percent under the total received by VA during October.

More than a million and a half veterans were treated during fiscal year 1948 under the "home town" medical program, according to VA.

Get Early Start With Tomatoes By Use Of Hotbeds

In order to get an early start with tomatoes, it's necessary to plant the seeds now in a plant box or hotbed.

The tomato seedlings can sprout from seed now and spend the next six to eight weeks under protection from the cold, growing big enough for transplanting, when all danger of frost has passed.

For the average home garden, says J. F. Rosborough, extension horticulturist of Texas A. & M. College, a small plant box can be built 18 inches wide, 30 inches long and four inches deep. The soil should be made up of equal parts of compost material and good garden loam soil, thoroughly pulverized and packed.

It's suggested that the rows be four inches apart, and the tomato seed planted three per inch in rows running the width of the box. Cover the seed one-fourth inch deep and sprinkle the soil well with warm water to speed up germination. On warm days the plant box may be left in the sunlight on the porch, but brought inside when the temperatures drop below 40 degrees F.

When the plants get to be two or three inches high, it's a good idea to thin them to a spacing of four inches between plants. But don't throw away the ones you thin out. Shift them over to another box, or give them to a neighbor who may have also prepared a tomato box.

After growing in the plant box for six or eight weeks, the seedlings will be about eight inches high. Then they're ready for transplanting into the open garden when all danger of frost is over, and water them good before setting them out, suggests Rosborough.

In order to have your tomato seedlings ready to set out in the garden on time, it's a good idea to start the plant box preparation around seven weeks before the usual date of the last killing frost.

156 Counties Have Clothing Programs During Past Year

Of the 190 Texas counties with county home demonstration agents, 156 carried active clothing programs in 1948. Thirty-two additional counties did some clothing work as a carry-over from active programs in past years.

Continued high prices of clothing was no doubt one of the reasons why home demonstration club women and 4-H Club girls showed so much interest in clothing construction, planning and care, say the extension clothing specialists of Texas A. & M. College. Articles made at home netted a savings up to 1/2 the price of like garments ready-to-wear.

They report that more than 571,000 garments were made by home demonstration women, and 18,356 families improved their clothing by better planning. Additional thousands improved the family clothing by carrying their sewing methods and by using better sewing equipment.

Accessories came in for their share of the attention. More than 9,000 bags and 4,000 pairs of gloves were made.

The outstanding event in girls' 4-H Club clothing work was the dress revues held in 126 counties. Representatives from 96 counties participated in the State 4-H Dress Revue which was held during the State Fair of Texas. Some 5,000 girls participated in these dress revues.

4-H girls, conclude the specialists, made almost 101,000 garments during the year.

Ford Tractor Show To Be Held Mar. 2 At Foxhall Motor

The annual Ford tractor show is slated to be held in Memphis next Wednesday evening, March 2, Eddie Foxhall and W. Middleton, owners of Foxhall-Middleton Tractor Co., announced this week. The show this year will be held in the building occupied by Foxhall Motor Co., and will start promptly at 7:30 p. m.

In their announcement this week, which goes to every farm family, the tractor dealers stated that the show this year will feature three movie films. Refreshments will be served to all persons attending, and prizes will be passed out.

First picture farmers of this area will see will be a 30-minute film entitled "First in the Hearts of Farmers." This movie will deal primarily with soil conservation and fertilizing.

The second will be "Kickapoo Prairie," which will also show for half an hour. It is a color picture, and will depict tractors and equipment in action.

The last moving film will be "The Wise Choice." Foxhall and Middleton stated they did not know what type of picture this was.

In moving the place of the annual show from the implement house to the Foxhall Motor Co. building, the owners stated that they would be able to take care of the large crowd in a better manner.

"We think our show this year will prove to be both educational and entertaining," the owners stated. "Plans are being made to have every article we handle in the way of equipment on display, and several entertainment features will be in store for those attending."

This report was received in Memphis by Manager Clifford Farmer of the C. C. When he informed Mr. Hall of the opinion, the latter said he had not planned to use his well more than once during the growing season.

This water is high in sodium content but it is much lower than water from wells nearer the river. The Gattis well, near Brice, is said to be very low in sodium content and will be available for use whenever needed without injury to the soil, Farmer reports.

Doyle Hall's well, near the A. L. Hall place, has sandied in and will have to be drilled over. Doyle was attempting this week to salvage some of his pipe. He says he will gravelpack the next hole much better than his first one.

2 SCHOOL BOARD—

(Continued from Page 1) of Mr. Cudd and Mr. Rogers not to run for re-election, Sup't. W. C. Davis has issued the following statement:

"The Memphis school board and the school faculty want to express their appreciation to E. E. Cudd and T. B. Rogers for their having served this community and the Memphis independent school district for the past 14 years as members of the school board.

"They have been dependable and very faithful to duties entrusted to them by the people of the community. They served all these years without remuneration. These men are relinquishing their places on the school board to men who have children in school, and they ask that their names not be placed on the ballot for re-election."

and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite Underweight, Dizzy Spells.

Drugless Health!

NO MATTER how long you have been suffering from stomach, kidney and rheumatic distress, and what drugs you have tried before, you can now hope for relief if you take GEO-MINERAL. With your eyes SEE the results seven days after you start taking it.

DRUGGISTS, Chemists cannot make GEO-MINERAL. It comes from the earth—Nature's laboratory. Contains NO dope, NO alcohol, NO oil. ONLY Nature's minerals—the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

Wonder Minerals

FOR THOUSANDS of years sufferers, on advice of doctors, go to mineral springs to get cure, or relief. The late President Roosevelt used to go to Mineral Springs in Georgia. He was helped or would not have gone there twice a year.

WE HAVE all heard of the miraculous springs of Lourdes, France, and famous Thronion in ancient Greece, where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

IF YOU ARE a sufferer, and can not go to the mineral springs, try GEO-MINERAL, which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results

WATCH your elimination from your bowels two or three days after you start using GEO-MINERAL. The waste, black as coal, will break away and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize its priceless value.

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite when your eyes lack that bright spark and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

"We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in our drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C. "Users report almost miraculous results, helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. We believe that there exist very few items on the druggists' shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on guarantee basis, there have been very few refunds.

Wild Antelope Drank Water At Sod-House Near Newlin

EUGENT E. BROWN

Dogs, rattle-snakes and antelope really gave them a scare when they landed in the field in 1892, say Mr. and Mrs. S. Ballard, who celebrated their 58th wedding anniversary in their present home at 814 Bradford street in Newlin, Tenn.

MR. AND MRS. J. S. BALLARD

Martha," as her husband called her, was employed that year as teacher for the school. She lived in a half dug-out sod house with two rooms," she told me one day last week. "Our home was located about two miles from Newlin and we were drinking water in barrels from Parker Creek. The antelope would come up and drink of our barrels."

Carthage, Tennessee. The Ballards came here from Newlin, Tennessee, which is in Hall County, on the Cumberland River. Mrs. Ballard and Judge M. O. Goodpasture were pupils of the same school. Prof. Horace Roubelt, who lived in Salina, Ark., before coming to Newlin, where he and the now deceased Cordell Hull were good friends as young men.

Ballard interrupted the explanation to say: "I had a brother already out here in Pete Ballard who still lives at Newlin. He came here in 1892 so we decided to come out here and make a living in a new country."

Ballard was born Martha Cordwell. She was only 18 when she married, about five years younger than her husband. She then so to call her "Miss" then so I have been her that ever since," he said.

Got \$25 Salary. He got \$25 a month for teaching his first year at Newlin," she said. "I began school five pupils but enrolled 37 at the end of the term. Many families moved into the country that winter."

He stayed back there for ten years before we moved back to Newlin to stay," recalls Miss Ballard. "Our children were born here. Ballard says he 'farmed' most of the time. When they came back to Hall County they settled in the Elgin area where they farmed for years before retiring and moving to Memphis.

Former Teacher In Memphis Dies On Thursday; Age 80

Friends in Memphis have learned that Miss Elizabeth Kindness Hughton, 80, a veteran teacher, has died at her home in Waco.

Miss Hughton taught in the primary department of the Memphis school system for about ten years before 1920. Many local citizens were her pupils in those days.

Although advanced in age, Miss Hughton was a teacher in a private academy in Waco at the time of her death. She met a class on Wednesday and died at her home Thursday afternoon at 5:15. She had come to West Texas when her doctor advised a higher altitude. She also taught in Shamrock, Abilene and Anson before returning to Waco in 1925.

LOCAL VOLUNTEERS NOW AT CAMP CHAFFEE

Word was received by their families this week that four boys who recently left Memphis and volunteered for the Army have now been transferred to Camp Chaffee, Ark. for eight weeks of basic training.

The boys are: Vernon L. Hawthorne, son of Mr. and Mrs. W. C. Hawthorne; Buddy and J. E. Murdock, sons of Mr. and Mrs. Hamp Murdock; and Roger Stinnett, son of Mr. and Mrs. Henry Stinnett. The quartet will be at Camp Chaffee near Abilene.

Diane Meacham, student at TCU, Fort Worth, spent the week end here with her parents, Mr. and Mrs. C. C. Meacham. When he showed up. He proved to be a mighty good man and we made him the Sunday school superintendent. He was Mr. Will Walker who has moved out of Hall County since those days."

Two New Highway Patrolmen Go On Duty In Area Soon

Two new highway patrolmen will go on the job in this area on March 1, next Tuesday, according to announcement made this week by Col Homer Garrison, Jr., director of the department of public safety at Austin.

One will live in Clarendon, his name is Vernie L. Immel. His original home was at Higgins before he entered training to become a patrolman. He will work under the direction of the Amarillo office.

The other new patrolman, James R. Shields of Commerce, will be stationed at Quanah. This will leave Highway Patrolmen Callaway and Moore in Memphis and their territory will continue to include Childress and Collingsworth Counties, so far as known now. They originally patrolled Donley County also.

Memphis Second On Card Friday At Canyon Meet

The Memphis Cyclones will meet the fast Phillips Blackhawks Friday afternoon in Burton Gym at Canyon in their first game of the Regional 1-A series to be played Friday and Saturday.

Jerry Kolander, sports writer for the News-Globe, says the Memphis and Phillips match "stacks up about even." However, this is hard to believe. Phillips was runner-up to Dumas in the 1-A tournament staged at Dalhart last weekend. Kolander says the Hawks played two games in the afternoon and came up for the night game and "just simply ran out of gas."

Scores of fans from Memphis will be on the sidelines Friday afternoon at Canyon to see what happens. The Memphis-Phillips game will be the second on the agenda Friday afternoon. The first will be Abernathy against Sundown. Sudan will meet Spur in the first game after supper. Dumas meets Shamrock in the final Friday night.

16 RHODE ISLAND RED PULLETS PRODUCE 256 EGGS IN BAD WEATHER

Here's a record of sorts on egg production from a flock of young hens!

On April 24, 1948, Miss Rena Waller bought 20 baby Rhode Island Red chicks from the Lawrence Hatchery in Memphis. All but one were raised to be grown chicks. Of the lot, 16 were pullets. They began laying by the 24th of November.

On January 18, Miss Waller began keeping records on 13 of the pullets. In 32 days, most of them during the coldest weather, Miss Waller gathered 256 eggs from the 13 pullets. This was an average of eight eggs each day.

And they are Rhode Island Reds! "It's a record, believe me," exclaimed Ira Lawrence, the hatchery man, when he was told of the production. "White Leghorns won't heat that during blizzardy weather."

W. E. Johnsey, another member of the 40-year club of old-timers in Hall County, was on Saturday to subscribe for The Democrat. Born in Mississippi, Mr. Johnsey says he left there at so early an age (20 months) that he has never taken the time or trouble to go back to that state. But he did work in a war plant in Jackson, Tenn., for six months during World War I. Mr. Johnsey spends much of his time nowadays in the study of the Bible. "That is a great book and I believe in it," he declares. "fact, I have written a lot about the Bible." As far as world wars are concerned, Mr. Johnsey predicts there will be more wars. "The Bible says we will have wars until the end of time," he points out. With reference to the Russians policy of opposing all churches, he says the Bible says there will be nations like that.

A. J. Rogers, legislator from this district, was home last weekend from Austin for a short visit to the folks at Childress. He dropped by The Democrat Saturday morning and predicted this session of the Legislature will last until August. "You'd be surprised to learn how much work we have ahead of us down there," he said. This is Rogers' first term but he has been placed on five important committees.

The writer must tell a good joke on himself! This is in response to public demand! During the hour of funeral services for Mrs. Goodpasture last week, we decided to go down to the First Christian church to attend. We made an honest mistake, believe it or not, of trying to enter by way of the 10th street door. We passed through the pastor's study and walked into what we thought would be the rear of the auditorium. We found ourselves on the back row of the Choir! A book was thrust into our hands with instructions as to the number of the song coming up. There we were in a place we had never filled before. Not knowing one note from another, we made a brave attempt. When the choir stood up, we stood up. There was not a vacant seat in the auditorium but we had two seats on that back row in the choir and could use either one. So we stayed in there until the end of the service. It was a vantage point. We could see most everyone in the audience. But, they also saw us! Some of them stopped us after the service was over with the question: "Well, I didn't know you were a singer!" Folks, we didn't know it either! Now Bill Monzingo wants us to sing in his choir!

Folks down Childress way got busy and raised over \$2,600 for their March of Dimes campaign by auctioning of a three-tiered cake half a dozen times. County Chairman Dr. Roy E. Barr reports they have raised \$4,200 so far. Half of the money raised will remain in the county. Mrs. Wilson and Mrs. Ebbie Straeener and daughter, Alice, all of Lakeview.

Lakeview Boxers Sweep Childress Opponents Off Feet Thursday Nite

Lakeview's boxing team will meet the Childress boxers in a return bout Thursday night (tonight following a bout held last Thursday night at the Childress Airfield Gym in which Lakeview won eight of the 10 bouts on the card.

The Childress Index had the following story on the bouts held there. By Stanley Bohenek The Lakeview High School sluggers got a good workout last night at the expense of the Childress Boxing Team, sweeping eight bouts of the ten-match card held at the Airfield Gymnasium here.

There was no lack of heart among Coach Bill Adams' local boys—they were just outclassed by the visitors, many of whom have had years of experience. But the small crowd that witnessed the fights will agree that the Childress boys, game and fighting to the end, threw everything they had at the Lakeview boys in every fight.

Brightest spot on the program, as far as the Childress fans were concerned, was the bout between 165-pound Jerry Sims of Childress and James Branum of Lakeview, a 160-pounder.

Both boys were novices, but they put on a thrilling show that kept the fans yelling and on the edge of their seats through all three fast rounds. They mixed it up from the start, with Sims gaining a slight edge in points in the first round, and then holding his own well in the second. Sims landed a hard right in the second canto, then fell into his opponent, both piling up in the ropes.

Sims had the edge over Branum in the last round and gained the decision. Dewey Graham, 126 Childress boy, won a decision over a scrappy and experienced Richard Salmon, 128.

Salmone came out of his corner, determined to make short work of Graham. Graham surprised his foe, however, and showed exceptional form as he held his more experienced opponent at bay throughout the first round, and then gained a clear edge in the second. The Childress boy landed several telling body blows in that second period, wearing his foe down and then piling up a few points for good measure in the third to take the decision.

Childress almost gained a third win of the night when Lee Burton, 120, scored a first round knockout over Richard Woods, 122, pound Lakeview student. The fight, however, went to Woods when the judges ruled that a foul was committed by the free swinging Burton just before the knockout blow.

One of the fastest bouts of the evening was the 60-pound opener between Harold Meeks of Childress and Russell Sams of Lakeview. Sams, a member of the fighting Lakeview Sams, downed Meeks early in the first round, but Meeks went down again when he tripped.

The fleawights battled through

a fast second round with Sams gaining a slight edge, and doing the same in the third to get the decision over the game Childress boy.

In another fleaweight bout, resulted in a decision from T. Royce Denton, Lakeview, 87 Bostick, 84, Childress. The fight was close all the way, with Bostick mixing it up fast and furiously with his heavier opponent. Denton seemed to tire midway in the second round, and Bostick made the most of it before Denton recovered his wind.

Donald Stevens, 125, gained a decision over Sanford Meeks, Childress. This fight, too, was close, with Meeks giving practically as much as he took for all three rounds. Fans were treated to another free-swinging affair when Charles Denton gained a TKO over Orville K. Smith in the second round. Both boys weigh-in at an even 80 pounds.

Smith showed plenty of class, but was slightly winded in the first round. He hurt his arm just before the second round ended and was unable to answer the bell for the final round, Denton getting the TKO.

Williams Wins Hendrix Williams scored a knockout over Marvin L. Loney of Childress in 1:27 of the second round in a 140-pound fight. Lenny held his own throughout the first round, swapping punch for punch, but got in the way of a right cross in the second period and went down. Taking advantage of a seven-count to rest, Lenny took a right again, and went down, this time for the count.

Raylan Collins, popular 150-pound Childressite, lost by a knockout to Wendell Orand, 153, in 1:27 of the third round. Collins, fighting the second bout of his career, got a big hand when he was announced. He had the edge over Orand in the first round.

Collins, although he slipped and went down for no count in the first round, had the edge over Orand in that period. Orand, however, was a past master in the art of weaving and ducking, and kept out of the way of Collins swings.

The Childress boy was caught in a corner in the second round, and took a flurry of rights and lefts that turned the tide. He went down for a count in that round, came back strong for the third, only to be knocked down for the ten-count.

Elmo Sams Wins In the last fight of the evening, Elmo Sams, 114-pound Lakeview veteran, scored a knockout over David Smith, 110. Sams sparred cautiously from the start, waiting his chance near the end of the first round, felling Smith in 1:56.

Smith fighting the third bout of his career, made a creditable showing, and landed several blows that staggered Sams. The teams are to stage a return bout at Lakeview Thursday night, February 24.

A bad case of catarrh (sinus) is blamed by County Judge M. O. Goodpasture of Hall County for keeping him from becoming a member of Cordell Hull's company of volunteers in the Spanish-American War of 1898.

At the time, Goodpasture was a young man living in Salina, Tenn., where one of his best friends was another young man by name of Cordell Hull, later to become the famous Secretary of State Hull in President Roosevelt's cabinet in World War II.

"Cordell made up his company of 100 men by starting in with a petition and he put his own name at the top of the list," says Judge Goodpasture, in recalling those days. "He honored me by asking me to be the second on the list but, as I had a bad case of what we called catarrh at that time, I was afraid camping out at night wouldn't be good for it, so I turned him down."

The strange part of this catarrh business, though, is that Robert Turner, a school-mate, also had catarrh but he went on and joined up, went to Cuba and, while there took a swim every day in the sea water which completely cured his catarrh. And Judge Goodpasture says he still has his case although the doctors now call it sinus!

Hull, as a young lawyer, was nominated for the Tennessee legislature before he was 21. After the Spanish-American war, he was elected circuit judge. Then he was elected to Congress in 1906 and served in that body until 1930 when he was elected to the U. S. Senate. Then he was made secretary of state and served until 1945 when his health failed and he resigned so he could go to Walter Reid Hospital where he lived for three years. Mr. Hull is still living in Washington.

Cordell Wanted To Work "I will never forget one incident that illustrates the character of Mr. Hull," says Judge Goodpasture. "The Hull family had three children, including Cordell. When Cordell was only 5, he started to school in a log cabin, located in what was then Obadiah River Valley, now under a lake. There were only two families attending the school. The other one had four children, making seven pupils. As they had short terms, the question came up as to whether or not they would have school on Christmas day to make up for lost time. Three of the pupils voted for it and three against it. Cordell did not vote. Finally, the teacher, in exasperation, pleaded with Cordell to say whether or not he wanted school on Christmas day. He was only 5 at the time. He finally blurted out, 'let's work!'"

"Cordell and I have corresponded all of these years although I haven't seen him since 1900," declared the judge. "He has failed to answer only one of my letters and that was one I sent him when he was down at Montevideo, in Uruguay, for a Pan-American conference and I don't believe he ever got it."

Judge Goodpasture came to Cooper County, Texas, in 1900, where he stayed a year or longer, then he moved on to Wellington and stayed there eight years or longer before moving to Memphis where he has resided ever since. He has served this county officially for many years, being first elected as county clerk.

Deceased was a brother-in-law to Mrs. E. M. Dennis of Memphis and uncle to Mrs. Grover Moss, Mrs. Dunbar Posey, Mrs. Morgan Baker and Mrs. Jeanette Irons, all of this city. Mr. Robert Dennis was mayor of Olton from 1837 to 1947, active in the Methodist church, and was school trustee for 14 years.

EASY COME, NOT-SO-EASY GO—Rita and Fred Johns gaze ruefully upon a receipt for a tax refund of \$300,085.70 which Fred received by mistake from his 1948 income tax. He really was entitled to only \$5.70 of that amount. Unemployed since last May due to an illness, Fred would have had good use for the money, what with three children to feed and clothe.

Texas U. Offers Freshmen Chance At Scholarships

High school graduates who need a little financial help to enter the University of Texas next fall can apply for 50 Wilbur S. Davidson \$100 scholarships for freshmen.
 To qualify, a high school graduate must show financial need, be of good character, and rank in the top half of his class.
 The scholarships were offered for the first time in 1948, and are designed to provide freshmen students with money to enter the University and pay living expenses until they can find jobs.
 Interested students should write to the dean of student life University of Texas, for application blanks.

Mrs. C. A. Turner of Houston arrived Saturday morning for a week end visit with her parents, Mr. and Mrs. C. L. Mixon of Clarendon, formerly of the Salisbury community. On Sunday Mrs. Turner accompanied her parents to Amarillo where they visited in the home of Mr. and Mrs. Mixon's daughters, Mr. and Mrs. Ted Richards and Mr. and Mrs. Homer Butcher.

Maloney P. Moore Buried Feb. 16 In Newlin Cemetery

Mr. Maloney P. Moore, who died in a local hospital on Monday night, February 14, was buried in the Newlin Cemetery on Wednesday afternoon, the 16th, following services at the Newlin Methodist church, with Rev. A. V. Hendricks, pastor, officiating, assisted by Rev. R. H. Knight.

Born in Emmitt, Louisiana, September 2, 1860, Mr. Moore was reared in that community. He came to Texas about 1885 and began farming operations there. He met and married Miss Nancy Ellen Jenkins, daughter of J. H. and Sallie Jenkins, on August 18, 1886. They celebrated the 62nd anniversary last August. They moved to Newlin in 1908 where he built the home in which he resided 41 years. Mrs. Moore was raised near Roanoke, Virginia, coming to Texas the year she married.

The Moore family was a long-lived family but the last member of his immediate family, a half-brother, Rolla Self, died in 1939 at the age of 92.

The Marcum-Vandeventer Funeral Home had charge of the funeral arrangements. Active pallbearers were: Ed House, Joe Allen Ballard, Frank Solomon, Cecil Lockhart, Frank Ellis and Tracy DeCompte. The honorary pallbearers were: Ted Barnes, Charlie Williams, J. D. Bice, Pete Ballard, W. R. Glover, Gus Odom, Ben Gresham, Will Jarrell, D. W. Lawrence and J. R. Mitchell. Flower bearers were: Mesdames Fred Hemphill, Ed House, Frank Ellis, D. W. Lawrence, Roy Coleman, Felix Jarrell, Cecil Lockhart and J. R. Mitchell.

Survivors include Mrs. Moore, the widow; five sons, Lon P. of Memphis, J. C. of Dallas, Murphy of Denver and Rolla and Leon Debs, both of Ontario, Calif.; three daughters, Mrs. L. L. Bewley of Yoncolla, Oregon, Mrs. Betty May Moore of San Jose, Calif., and Mrs. D. C. Messick of Route 2, Memphis, 15 grandchildren and 20 great grandchildren.

Friends from out of town who attended the funeral of Mr. Moore included: Mr. and Mrs. Sidney Koeninger of Hale Center, Mr. and Mrs. J. F. Solomon of Shamrock, Mrs. V. W. Bentley of Magic City, Mr. and Mrs. W. H. Messick of Plainview, Mr. and Mrs. Bill John Messick of Plainview and Mr. and Mrs. John Ballard of Tulia.

Out of town relatives included: Mrs. A. B. Whitlock, Cecil Whitlock and Duney Whitlock, all of Lubbock; W. R. Jenkins of Cooper, Mrs. Jim Venters of Wichita Falls, Mr. and Mrs. Rhyne Steinback of Muleshoe, D. C. Messick Jr. of College Station and Mr. and Mrs. J. C. Moore of Dallas.

County School Job Not Affected By New Senate Bills

Proposal No. 11, in the Gilmer-Aikin committee report on reorganization of the Texas school system, is not included in Senate Bill 116, the reorganization bill now being considered at Austin. This co-called Proposal No. 11 would have abolished the county board of education and county superintendent's office, as now constituted.

Since Senate Bill 116 does not include this proposal, the county boards and county superintendent's office are not affected so far as this bill now stands. What action will be taken later by the State Legislature remains to be seen.

In the news story, carried in

last week's issue of The Democrat, it is stated in error that S. B. 116 provides for abolishment of the county superintendents office, as such.

The speaker at the meeting of the teachers, held in Memphis on February 15, L. R. Burkett of Hardin College said he was in favor of S. B. 116 as it now stands. Mr. Burkett argued against the bill, No. 115, which would set up a centralized state agency for appointment of the state superintendent. This bill, however, was passed by the State senate at Austin with a 16 to 8 vote following a 11-hour filibuster against it. More trouble faces the bill now in the House of Representatives.

THE AMBASSADOR QUARTET AND BELL RINGERS

will be presented in the auditorium at the Memphis high school at 9 o'clock on the morning of Tuesday, March 8.

This group is made up not only of unusually fine singers but they have wonderful personalities. They are complete masters of harmony, offering a program of the finest music, both vocal and on the bells, ranging from the popular to the best operatic selections, says a press release.

Dressed in beautiful costumes and dramatizing many of their renditions, they present an extremely picturesque and gay sight on the stage. Versatility, harmony and music quality all blend into a program that is superior and pleasing. Their interpretation of negro spirituals completely captivates their audience and is one of the features of their program.

Rarely can any thing be presented more beautiful to schools and colleges than the program of this high class musical organization, says the same press release.

Swiss Bells never fail to please and the Ambassador's rendition of "Bells of St. Mary's" and "Sunday Morning In London" will long be remembered.

The time is March 8, at 9 a.m.

Highway Chairman Thanks Memphis For Hospitality

Chairman Fred Wemple of the Texas Highway Commission this week sent Manager Clifford Farmer of the Memphis C-C a letter of thanks for the fine reception given him and State Engineer Dewitt C. Greer and Delbert Downing two weeks ago.

"Will you please extend to the Lions and Rotary Club and members of the chamber of commerce, the sincere thanks of Dewitt, Delbert and myself for the fine hospitality and excellent meeting accorded us in Memphis last week," writes Mr. Wemple.

"We had a very pleasant and profitable visit in your section of the state and feel that first-hand information gained by Dewitt and myself will be of much value to us in the future."

Mr. and Mrs. J. E. Norman Jr., and daughter Lynda Jon visited friends in Childress Sunday.

Mrs. Mary Owens spent Tuesday in Amarillo with her daughter, Mrs. Brooxie Davis.

Total Of \$45,507.50 In U. S. Savings In County Last Month

Hall County citizens purchased \$45,507.50 in U. S. savings bonds during the month of January, according to a report released Monday by O. V. Alexander, county chairman.

Of the total, \$30,787.50 was in series "E" and the balance in series "F" and "G" bonds.

Anyone wishing to put some of his money in savings cannot find a better place for them than in savings bonds, points out Mr. Alexander.

These bonds can be purchased at the post offices or any bank in Hall County, he added.

"Series E bonds pay 2.9 percent in a 10-year period," he pointed out.

CARD OF THANKS

We wish to express our most sincere thanks to each one who helped in any way to relieve the suffering of our dear one, James B. Wrenn, during his illness and to those who helped lighten our sorrow at his death.

During your hours of trial, we pray that you may be comforted as you have comforted us.—Mrs. James B. Wrenn and Family.

Texas U. Offers Freshmen Chance At Scholarships
 High school graduates who need a little financial help to enter the University of Texas next fall can apply for 50 Wilbur S. Davidson \$100 scholarships for freshmen.

To qualify, a high school graduate must show financial need, be of good character, and rank in the top half of his class.

The scholarships were offered for the first time in 1948, and are designed to provide freshmen students with money to enter the University and pay living expenses until they can find jobs.

Interested students should write to the dean of student life University of Texas, for application blanks.

Mrs. C. A. Turner of Houston arrived Saturday morning for a week end visit with her parents, Mr. and Mrs. C. L. Nixon of Clarendon, formerly of the Salisbury community. On Sunday Mrs. Turner accompanied her parents to Amarillo where they visited in the home of Mr. and Mrs. Nixon's daughters, Mr. and Mrs. Ted Richards and Mr. and Mrs. Homer Butcher.

MALONEY P. MOORE

Maloney P. Moore Buried Feb. 16 In Newlin Cemetery

Mr. Maloney P. Moore, who died in a local hospital on Monday night, February 14, was buried in the Newlin Cemetery on Wednesday afternoon, the 16th, following services at the Newlin Methodist church, with Rev. A. V. Hendricks, pastor, officiating, assisted by Rev. R. H. Knight.

Born in Emmitt, Louisiana, September 2, 1860, Mr. Moore was reared in that community. He came to Texas about 1885 and began farming operations there. He met and married Miss Nancy Ellen Jenkins, daughter of J. H. and Sallie Jenkins, on August 18, 1886. They celebrated the 62nd anniversary last August. They moved to Newlin in 1908 where he built the home in which he resided 41 years. Mrs. Moore was raised near Roanoke, Virginia, coming to Texas the year she married.

The Moore family was a long-lived family but the last member of his immediate family, a half-brother, Rolla Self, died in 1939 at the age of 92.

The Marcum-Vandeventer Funeral Home had charge of the funeral arrangements. Active pallbearers were: Ed House, Joe Allen Ballard, Frank Solomon, Cecil Lockhart, Frank Ellis and Tracy DeCompte. The honorary pallbearers were: Ted Barnes, Charlie Williams, J. D. Bice, Pete Ballard, W. R. Glover, Gus Odom, Ben Gresham, Will Jarrell, D. W. Lawrence and J. R. Mitchell. Flower bearers were: Mesdames Fred Hemphill, Ed House, Frank Ellis, D. W. Lawrence, Roy Coleman, Felix Jarrell, Cecil Lockhart and J. R. Mitchell.

Survivors include Mrs. Moore, the widow; five sons, Lon P. of Memphis, J. C. of Dallas, Murphy of Denver and Rolla and Leon Debs, both of Ontario, Calif.; three daughters, Mrs. L. L. Bewley of Yoncola, Oregon, Mrs. Betty May Moore of San Jose, Calif., and Mrs. D. C. Messick of Route 2, Memphis, 15 grandchildren and 20 great grandchildren.

Friends from out of town who attended the funeral of Mr. Moore included: Mr. and Mrs. Sidney Koeninger of Hale Center, Mr. and Mrs. J. F. Solomon of Shamrock, Mrs. V. W. Bentley of Magic City, Mr. and Mrs. W. H. Messick of Plainview, Mr. and Mrs. Bill John Messick of Plainview and Mr. and Mrs. John Ballard of Tulia.

Out of town relatives included: Mrs. A. B. Whitlock, Cecil Whitlock and Duncy Whitlock, all of Lubbock; W. R. Jenkins of Cooper, Mrs. Jim Venters of Wichita Falls, Mr. and Mrs. Rhyme Steinback of Muleshoe, D. C. Messick Jr. of College Station and Mr. and Mrs. J. C. Moore of Dallas.

County School Job Not Affected By New Senate Bills

Proposal No. 11, in the Gilmer-Aikin committee report on reorganization of the Texas school system, is not included in Senate Bill 116, the reorganization bill now being considered at Austin.

This co-called Proposal No. 11 would have abolished the county board of education and county superintendent's office, as now constituted.

Since Senate Bill 116 does not include this proposal, the county boards and county superintendent's office are not affected so far as this bill now stands. What action will be taken later by the State Legislature remains to be seen.

In the news story, carried in

last week's issue of The Democrat, it is stated in error that S. B. 116 provides for abolishment of the county superintendents office, as such.

The speaker at the meeting of the teachers, held in Memphis on February 15, L. R. Burkett of Hardin College said he was in favor of S. B. 116 as it now stands. Mr. Burkett argued against the bill, No. 115, which would set up a centralized state agency for appointment of the state superintendent. This bill, however, was passed by the State senate at Austin with a 16 to 8 vote following a 11-hour filibuster against it. More trouble faces the bill now in the House of Representatives.

Mr. and Mrs. Delbert McBee of Pampa arrived in Memphis Thursday to visit his parents, Mr. and Mrs. Charlie McBee, and other relatives. They left for their home the following day and were accompanied by their son, Duain, who had been here with his grandparents for the past three months.

Jesse Ray McBee left Sunday

for Odessa where he will be employed. He had been employed for the past several months at Durham's Pharmacy.

Mrs. C. H. Riddle of Lakeview and her parents, Mr. and Mrs. Walter McCracken, and I. N. Reeves all of Hedley arrived home Tuesday after a week's visit in Gainesville with relatives and friends.

Dale Carnegie

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

FIRST THINGS FIRST

DO you think things out in the order of their importance? If you don't, you are only half-way efficient.

Henry L. Doherty, founder of the nation-wide Cities Service company, said that regardless of how much salary he paid, there were two abilities he found it almost impossible to find.

These two priceless abilities are:

First, ability to think.

Second, the ability to do things in the order of their importance.

Charles Luckman, the lad who started from scratch and in 12 years climbed into the president's chair of the Pepsodent company, got a salary of a hundred thousand dollars a year and made a million dollars in addition, declared that he owed much of his success to developing the two abilities that Mr. Doherty said he found it almost impossible to find.

D. Carnegie

Charles Luckman said: "As far back as I remember, I have gotten up at five o'clock in the morning because I think better then than at any other hour. I can the better plan my day in the early morning and do the things during the hours that follow in the order of their importance."

I once asked Max Schuster, one of the founders of the famous publishing house, Simon and Schuster, how he managed to avoid the usual hectic rush of publishing offices, and get so much enjoyment out of his work. He replied: "I always do the most disagreeable tasks the first thing in the morning. That eases my mind and makes the rest of the day more enjoyable."

The rule of doing first the thing of most importance, and the task most disliked the first thing in the morning, has worked for these highly successful men. It will work for you, too.

Here's a suggestion: Make a list the night before of the things you must do the next day. Be careful what you put at the top. Make that list, then go to bed and forget it. Whatever you do, don't give it another thought. You can do nothing about it in bed and you will tire your mind thinking about it, and impair your rest. The tomorrow will be a new day and you will find yourself enjoying starting it fresh.

Enumerators For New School Census To Begin March 1

Census enumerators for the common school districts of Hall County have been named, says Miss Mary Foreman, county superintendent.

The list includes: Gammage, Mrs. Thurman Elford; Indian Creek and Friendship, Mrs. Glen Stargel; Salisbury, Mrs. Ed Hutcherson; Weatherly, Mrs. Bruce Dameron, and Farnell, Mrs. T. J. Cope.

Independent schools of the county will name their own census enumerators for the annual scholastic check-up. Brice is now in the Lakeview consolidated district which comes under Sup't. Loran Denton.

Instructions and material will be given the enumerators Saturday morning, says Miss Foreman. All children born after Sept. 1, 1931 and before Sept. 1, 1943, are to be enumerated. The census is to be taken during the month of March.

"All six-year old children entering school for the first time this year must have birth certificates," said the superintendent. "All parents are urged to contact their enumerator."

Hall Co. Schools To Pick Speller For County Meet

An old-fashioned spelling bee will be held in every school in Hall County, according to plans outlined this week by Miss Mary Foreman, county superintendent.

"The six schools of the county will be allowed to send the winner of each school to the county elimination spelling bee, to be held on April 15," says the official. "The winner of the county will be sent to Amarillo on April 30 for entrance in the district spelling bee to be held under the sponsorship of the Amarillo News-Globe at the Herring Hotel."

"The winner at Amarillo will be sent to Washington, D. C., with a chaperon of his or her choice, with all expenses for both to be paid by the News-Globe."

The spelling list for the district final will be taken from the combination of the four lists found in the back of the currently adopted spellers for the 5th, 6th, 7th and 8th grades. Should added words be needed, Webster's famous Blue-Black Speller will be the source.

The following schools in Hall County will be allowed to pick a school champion to be sent to the county contest: Memphis, Lakeview, Estelline, Turkey, Farnell and Brice.

New Manager Here For Perry Brothers Served In Korea

A veteran of the Korean occupation by U. S. Forces, Billie J. Hall of Stamford, is the new manager for the Memphis store of the Perry Brothers dime stores. He succeeds J. A. Larned who was transferred to Littlefield.

Young Mr. Hall was in the Coleman store before coming here a couple of weeks ago. He is unmarried and is living with Mr. and Mrs. Gilbert Petty.

"I was sure glad to get out of Korea," he says.

Legislator Rogers Visits Memphis To Tell Of His Work

State Representative A. J. Rogers of Childress was a visitor to Memphis last Saturday, meeting friends and reporting on what is happening down at Austin in the Legislature.

Rogers has been made a member of five different committees of the House.

"Fortunately, I am a member of the powerful appropriations committee," he said. "To be on this committee is an enviable position and one which is rarely accorded new members, most especially one from West Texas. In fact I believe our district has been treated unusually well in that I have also been placed on four other committees, highways and roads, conservation and reclamation, labor and agriculture."

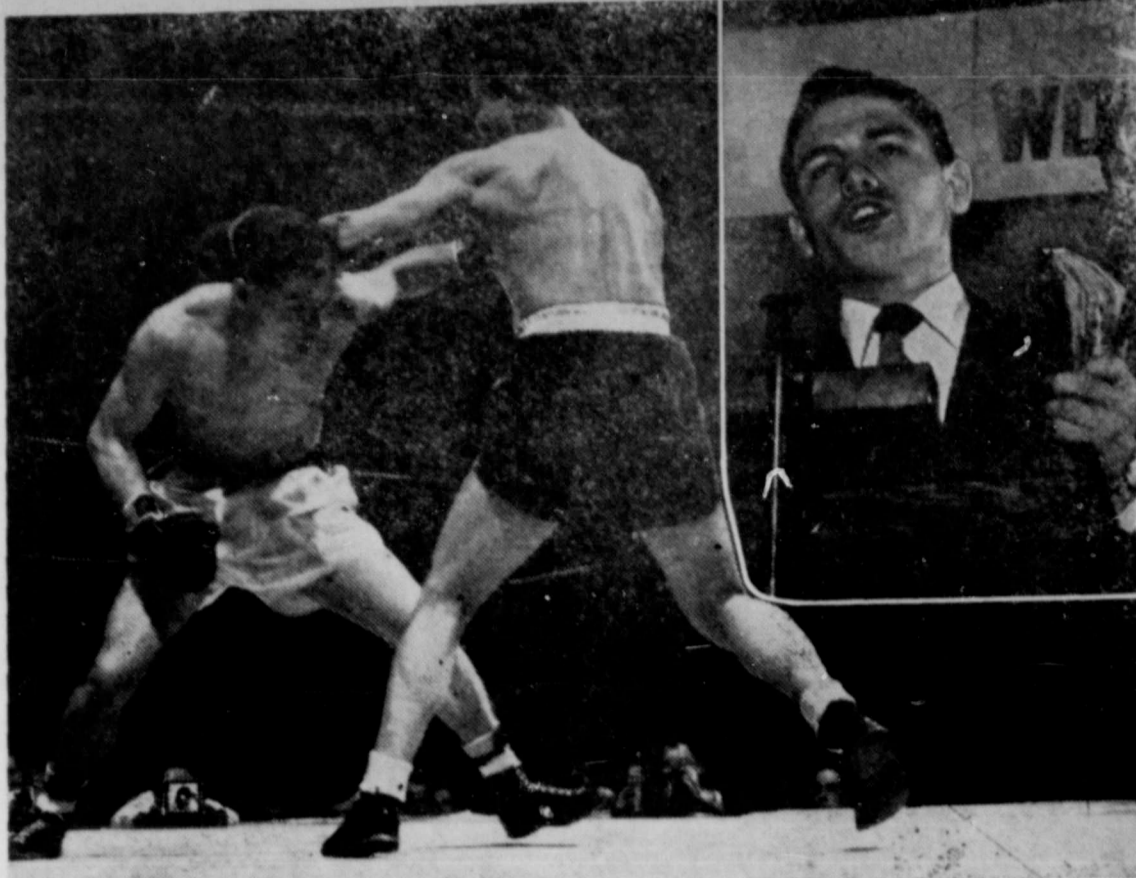

Mr. Rogers supported Durwood Manford, speaker of the House, in his race at the beginning of the session and, consequently, has drawn some valuable assignments so far as committees are concerned. Most of the work in the House is done in committees which can either approve a bill or reject it before it gets to the floor for consideration.

Rev. Ferguson To Preach For Meeting At Nazarene Church

A revival meeting will open at the Church of the Nazarine, 8th and Montgomery streets, Saturday night when Evangelist John R. Ferguson of Atlanta comes here for the series.

Pastor I. T. Hoggatt issues an invitation for the public to attend the services to be held at 7:30 every night through all next week, including Sunday, March 6. "Rev. Ferguson is an outstanding speaker," the pastor added.

Mr. and Mrs. J. C. Ross were in Amarillo Sunday where they visited with their daughter, Mr. and Mrs. Benton King and son, John.

WE WILL CELEBRATE OUR

51st ANNIVERSARY

TUESDAY, MARCH 1, 1949

In March, 1898, far-sighted men established this bank with total assets in the amount of \$15,302.07. Today this figure is well over the four and one-half million mark. We are proud of our growth during the past 51 years, and are proud of the confidence which the citizens of this community have placed in us.

Upon the arrival at our 51st milestone, we pause in our every-day affairs to express our sincere appreciation for all the things that our loyal customers and friends have done for us. The trust and confidence of our patrons have

made possible the broadening of the service which this institution has rendered our community.

This bank was established with the aim of adding to the stability of this farming and ranching area. Time has proven this idea to be sound. It has always been—and still is—our desire to offer a friendly banking service, and to cooperate with our patrons and the citizens in every worthwhile project. As the leveling-off period approaches, we want to work as closely as possible with the people of this community in their financial affairs.

DEATH YACHT SOLD—After 14 months as an attraction on the amusement pier at Long Beach, Calif., the yacht "Mary E." on which wealthy Mr. and Mrs. Walter E. Overell were killed in a mysterious explosion in 1947 at Newport Beach, was auctioned off for \$500 recently, the bid reportedly going to a Los Angeles attorney who plans to send the yacht to New York for exhibition at Coney Island. The Overell's daughter, Beulah Louise, and her fiance, George Gollum, were charged with murder after the fatal explosion, but were acquitted after a dramatic trial.

Mr. and Mrs. O. L. May of Rush Springs, Okla., accompanied by their daughter, Mr. and Mrs. Franch Sochek and family of Sterling, Okla., visited Sunday afternoon in the home of Mr. May's cousins, the Misses Black.

Darrell Carter, a sophomore at Abilene Christian College, spent the week end with his parents, Mr. and Mrs. Gray Carter. Mrs. C. F. Stout accompanied Darrell to Abilene Sunday and is attending the lectureship at A. C. C. this week.

Mr. and Mrs. Vernis Moreman of Los Angeles, Calif., arrived last week for a visit of two weeks with his mother, Mrs. W. H. Moreman.

Mr. and Mrs. John McCauley and family were in Seymour over the week end where they visited with relatives.

Mrs. Elma Terral of Dallas, who for the past three weeks has been visiting with friends in Lubbock, returned to Memphis the later part of last week to be with her daughter, Mrs. Dewey Hawkins who has been ill. Mrs. Hawkins was reported to be improving the first of the week.

Mr. and Mrs. Kenneth Hawkins and son, Kenny, and Mr. and Mrs. J. H. Justice and son, Jackie, visited in Tucumcari, N. M. over the week end with Mr. and Mrs. Huie Justice.

Merle Padgett left Sunday for Denver where he will attend a watchmakers school. Mrs. Padgett and children plan to join him later when suitable living quarters are found.

Shirley McBee went to Amarillo Friday where she visited over the week end with her uncle and aunt, Mr. and Mrs. Marvin McBee and daughter, Mary Lee.

Ed Smith, who has been employed in Childress for the past two months, was a Memphis visitor Monday. Mrs. Smith and children have only recently moved to Childress from Memphis.

John Marcus Hall, who is with the Zia Housing Project at Los Alamos, N. M., visited here from Friday until Tuesday with his parents, Mr. and Mrs. Forrest Hall.

Mrs. Emmett Ables, Mrs. Oscar Ables of Memphis and Mrs. Bill Day and son, Mike, of Amarillo were in Childress Wednesday where they visited Mrs. Day's aunt, Mrs. Zoe Young.

Mr. and Mrs. Jess Dempsey of Duncan, Okla., visited here from Friday until Sunday with her mother, Mrs. John C. Wilson, and other relatives.

Mr. and Mrs. Dink Miller and son, Donnie, of Borger were weekend visitors in the home of his parents, Mr. and Mrs. Earl Miller and her parents, Mr. and Mrs. J. J. McDaniel.

Mr. and Mrs. Jimmy Determan and sons, Jolmie and Tony, visited last week end with relatives and friends in Okarche and Kingfisher, Oklahoma.

Mrs. Jack Perkins and daughter, Olena, of Hedley and Mrs. Emmett Ables of Memphis were in Childress Saturday on business.

Can Black-Draught Help That Dull, Dopey Feeling?

Yes, Black-Draught may help that dull, dopey feeling if the only reason you feel that way is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath — and if these symptoms are due only to constipation — then see what Black-Draught may do for you. Get a package today.

Mr. and Mrs. Ernest Hollis and daughter, Verlyn Ray, of Plainview were week end visitors of his sister, Mr. and Mrs. C. J. Messer.

DEMAND MINIMUM STANDARDS FOR YOUR HEALTH... An examination would guarantee that an applicant meets these minimum standards. It would be given by a qualified and impartial board. No partiality or preference would be shown by the board because its members would not be practitioners of any branch of the healing art, but instead would be science teachers from the staffs of our own leading Texas schools such as Texas, Texas A. & M., Texas Tech, Rice, S. Things One Remembers

Taxpayers of the United States are asked to provide billions of tax dollars annually to defeat the spread of communism which is just another name for socialism. We just finished a war to block aggression that cost us thousands of lives and hundreds of billions of dollars.

In the same breath we are asked to authorize billions more in taxes to permit our own government to go into business and ultimately drive its own citizens out of many fields of activity, including local self-rule—witness our Federal program to own or dominate hydro-electric power production, housing, medicine, loans and grants, farming through subsidies, and now steam electric plants, steel production and a long list of other activities.

What is socialism? As defined by the Socialist League of Britain about 1884, "Socialism means that the land, the capital, the machinery, the factories, the workshops, stores, means of transit, banking, and all means of production and distribution of wealth must be declared and treated as common property." Today England has accepted this doctrine and the United States seems bent on following in its footsteps.

Why are we opposed to the spread of socialism and communism when we authorize our own Federal government to extend that doctrine at home as rapidly as it can be forced down the throats of unwary, tax-burdened citizens under appealing disguises?

ANOTHER AIR LIFT

Press Paragraphs—

QUOTING OUR NEIGHBORS

EVERYBODY HAS HIS OWN IDEAS ABOUT THE PROPRIETIES, about farming and merchandising, about government and how to keep the country on an even keel. Mr. Mahon, who has been in Congress many years from this district and has been a stalwart in formulating policy at Washington, will be pleased, we know, to have the information that the effort to keep excess profits drained off has been quite successful, at least in one business in Floyd County. We note, with interest, with horror, in fact, (and pass the information along for what it may worth to the congressman and to any others) they got a certain business located at 212 South Main Street, Floydada, drained off before the stockholders got any. (This is the address of the Floyd County Hesperian). The congress has been eminently successful in this respect. Perhaps that body will go to even greater heights now.—Homer Steen in Floyd Co. Hesperian.

THIS WOMAN WRITER TELLS OFF THE MEN FOLKS: Ruth Millet, writing in an NEA feature, sums up the span of life thusly: It's a man's world. Here's why. If a man doesn't marry, he is a bachelor—a glamorous word. If a woman doesn't marry, she's an old maid. When it's his night out, he's "out with the boys". When it is her night out, she's at a "hen party." What he hears at the office is "news". What she hears at a bridge party is "gossip." If he runs the family, he's the "head of the house." If she runs it she "wears the pants in that family." If she is overly solicitous of him, he is "henpecked." If she sticks close to him she is a "possessive wife". In middle age he is "in the prime of life." At the same age, she's "no spring chicken." If he is an easy spender he "does not deny his family anything." If she doesn't count the pennies, she is "extravagant" or a poor manager. Gray hair gives him a distinguished look. If she has it, she's an old hag. If he hasn't any small talk, he's the "quiet type." If she hasn't any, she is "mousy."—The Canyon News.

Lack Of Teachers Faces Future Of Elementary Schools

Schoolhouses in 1953 may be bulging with students but lacking in teachers, a survey of elementary teaching positions in Texas by a University of Texas graduate student indicates. Hollis A. Moore, Jr., who is assistant to Dean L. D. Haskew of the College of Education, found

there will be a shortage of more than 20,000 teachers by 1953. He drew his figures from the Bureau of Vital Statistics and elementary enrollment data in the State Department of Education. His survey showed Texas schools will require 29,844 new elementary teachers in the five-year period, 1949-50 through 1953-54, to replace experienced teachers who leave the classroom, and to provide additional teachers for each 30 pupils due to increased enrollment. Less than 2,000 elementary teaching certificates of all kinds were issued in 1947-48 and if this production rate continues, the shortage is inevitable, he emphasized.

This Week in WASHINGTON

THERE IS LITTLE question but that President Truman and his administration stalwarts are playing some politics and that the President is in an enviable position on the enactment of a new labor law to take the place of the Taft-Hartley law. Senator Taft of Ohio, the GOP Senate leader, of course, is fighting for his political life in seeking (1) to prevent repeal of the Taft-Hartley act and, failing in that, (2) to reenact some provisions of the Taft-Hartley act into the new labor law. President Truman, however, having promised labor repeal of the act both in his speeches and in the Democratic national platform, is sitting back and letting the Republicans take the blame for opposition to repeal.

It is certain that the Democratic conservatives in the Senate and House will throw some safeguards to curb labor into the new labor law in addition to those asked by the President, but the President will not get the blame for this from labor. At this writing it appears that the House may re-enact the labor bill—which is almost the old Wagner labor law with the President's amendments added—as is, but that the Senate will stiffen it somewhat to protect the public interest. In the meantime, the President contends that he has the power inherently, as President, to protect the national welfare, which is the public interest, without the help of any specific provision of the labor or any other law.

In his stand, he is following in the footsteps of Andrew Jackson, Abraham Lincoln and Theodore Roosevelt who held to the same view, namely, that under the general welfare clause of the Constitution he is charged and, therefore, has the power to protect that welfare in any case unless specifically prohibited by the Constitution, and in spite of any law or ruling by Congress. Senator Taft in challenging the President's stand is following in the footsteps of his father, President William Howard Taft, who denied the president had that power.

The American Legion, the nation's largest veterans' organization, with posts strung from coast to coast and from Gulf to the Great Lakes, has announced its legislative program for the 81st Congress to include:

- 1—Increased personnel forces and naval air and development and procurement program to 200 aircraft annually.
- 2—Aircraft warning systems for U. S. and more Alaskan airfields.
- 3—Construction of facilities for aeronautical related activities, stockpiling of materials and the nation of all aircraft.
- 4—Adequate proving experimental and personnel with long-range guided cargo and transport aircraft for commercial use for military use in emergency.
- 5—Development of Guard and Reserve secretaries named for components in army, navy and air force.
- 6—"Realistic" steps to adequate program for military and commercial lighterships.
- 7—More attention to the Guard and Reserve secretaries named for components in army, navy and air force.
- 8—Terms the Merchant "fourth basic act" (a) more funds for increase shipping; (b) sales of American war (c) halt Interstate Commission from means of transportation; (d) permitting to participate in overseas; (e) maintaining range facilities by means adequate federal program for U. S.

Wellington And Abilene Boxers Meet On Friday

Wellington fighters will meet the best that Abilene can put in the ring at Wellington Friday evening, Feb. 25, John Lee, boxing coach, announced this week. Included in the group will be both high school and grade school boys, and approximately 15 fights will be on the card. Lee announced that his boys won over Clarendon Thursday evening, Feb. 17, taking 10 out of 16 contests. During the bouts, each school won one by knockout and one each by technical knockout. They will again meet the Donley County fighters Mar. 4th. A special invitation was extended to local boxing fans to see the fights by Coach Lee. Bouts will start promptly at 8:00 o'clock in the Wellington high school gymnasium. Mary Nell Evans and Ann Richardson went to Amarillo last Saturday on business.

70,000 Horses POWER UNITED GAS COMPRESSORS

It takes a lot of horsepower to move natural gas through the 6,000 miles of pipe lines that form the United Gas transmission system. Sometimes the gas is under sufficient pressure when it leaves the wells to carry it to its destination 50 or 100 miles away. More often, however, it must pass through a compressor station, where it gets a boost along the lines to cities, towns and industries where it can be used. Operation of compressor stations at key points in the system is one of many important functions of the United Gas organization...all of which have the ultimate purpose of assuring a continued dependable supply of gas for our customers.

Field compressors used to draw gas from a well location in a field to a central gathering point.

Main line compressors step up the pressure of gas along transmission lines, and are installed at intervals of 50 to 75 miles.

Cooling towers are placed along the main line to cool the gas and the compressed gas as it passes, for every 100 degrees, for every 100 feet, the pressure is increased from 250 pounds per square inch to 300 pounds per square inch.

There once was a woman

*There once was a woman who lived in a shoe,
She had so many children, and so much to do,
Till she learned to keep house by the system of touch,
And found electricity helped very much!*

Yes, in this shoe, a cottage for two, or a mansion on the avenue—keeping house by touch is an adventure in living.

Touch a button, twist a dial, flip a switch, and Reddy Kilowatt is at your service, ready to bring ease and comfort and entertainment to your home.

And for only a few pennies a day! What other item in your family budget gives you so much living value—for such little cost?

To Be Here Wednesday

THE MERIT FEED SERENADERS will be in Memphis for a personal appearance to be held in the Jack Cain Feed Store at 2:30 P. M. on Wednesday, March 2.

The Serenaders, composed of Louise, Lucille, Kenny, Stubby and Bob Russell, feature both popular and western music and songs. Also, on their program are Elmer Putter's comical "putterings" and other novelty acts. This popular radio act is heard over radio station WKY, Oklahoma City and KFMJ, Tulsa, every Monday through Friday and is sponsored by Merit Mills, Inc., of Oklahoma City.

No admission will be charged for the show, and everyone is invited.

4 Lakeview Boys Attend Hardin's Agriculture School

Garland Payne, son of Mr. and Mrs. Herbert Payne of Lakeview, was one of four Hardin College ag students who spent last weekend here with the homefolks. The others are: Don Hancock, James Virden and Ernest Goudy. They were accompanied by James E. Patterson, a journalism student of Hardin.

Payne reports Hardin College has a 380-acre farm on which the ag students work, doing their practical studies with dairy cattle as well as beef cattle. Garland is a strong believer in a good dairy program.

"I am very much interested in the Jersey dairy program in Hall County," he declared. "When they put on that proposed dairy show here in April, I will certainly be here to see it."

He added: "Give a farmer a good milk cow and some chickens and he'll never starve. Cotton is alright as a cash crop but the other will keep his family from starvation."

Mr. Patterson reports Hardin College has its own printshop with about seven linotype machines for the students to work with.

Young Payne won a scholarship at Plainview's dairy show a couple of years ago which he is using to attend college on now.

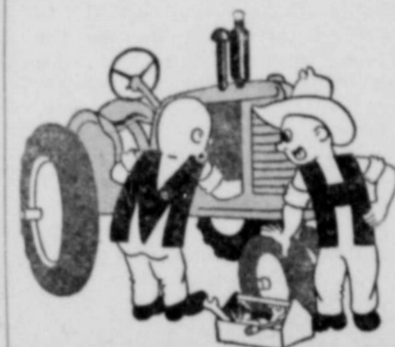

Patterson and Payne visited The Democrat office Saturday.

Mr. and Mrs. Blackie Glosson were Childress visitors Saturday night.

FORMER EDITOR HERE UNDERGOES OPERATION

Percy Bones, a former editor of The Democrat and former owner of the Shamrock Texan, underwent a serious abdominal operation last week in Edinburg where he now lives. He is manager of the Hidalgo County News at Edinburg. Mr. Bones' condition last Thursday morning was reported as critical.

Sue Lynn Guthrie and Betty Jean Solomon, both of Lubbock spent the week end here with their parents, Mr. and Mrs. Roy Guthrie and Mr. and Mrs. E. W. Solomon.

Texas Exes Will Gather March 2nd At Childress Meet

University of Texas exes of this area will hear D. B. Jack Holland, dean of men of the University of Texas, when they (and their wives or husbands) meet March 2 at Hotel Childress in Childress for the traditional get-together and dinner at 7:30 o'clock.

An institution of the University celebrated the world over on March 2 wherever Texas exes live, this reunion will be the first in this area in 20 years. Prior to that time exes from Donley, Hall, Childress and Collingsworth counties met annually rotating the meeting place. This year exes everywhere who can find it convenient to come to Childress are urged to do so. It is hoped that this will be the first of a series of such meetings.

Childress exes sponsoring the affair extend a cordial invitation to all exes. Tickets are \$2.25 each for a fried chicken dinner and the opportunity to hear news of the University first hand.

In Memphis, tickets are available at The Democrat office; or they may be secured by sending check to John Herren or Kenneth Fink, Childress. Reservations must be made on or before Feb. 28. Call Nugent Brown at 15 for reservation ticket.

One of the best movements possible for Memphis at this time is the plan to have monthly dollar days. Such an event will be very fine if all of the merchants join in on the deal. Or at least 90 percent of them. Without co-operation of a big majority, dollar days will not be worth much to the community. However, adjoining towns have been staging dollar days and appreciation days now for some months with good crowds attending. As H. J. Howell pointed
