

# ESTELLINE

By MRS. ALBERT BAILEY

Mrs. Rex Gilbert and daughter Jackie, and Mrs. E. R. Gilbert spent the week end with the J. T. Gilberts, in Cleburne.

Mr. and Mrs. C. J. Kilgore of Chatanooga, Okla., visited with the N. B. Doughty family, Sunday.

Mrs. Finis Edwards and children of Plainview visited her parents, Mr. and Mrs. R. E. Cooksey last week, the Cookseys returned home with them Monday, for a weeks visit.

Mrs. Winona Moorhead and little son of Brownfield are visiting her parents, Mr. and Mrs. Lawrence Price.

Among those attending the OES School of Instruction in Pampa, last week were Mr. and Mrs.

Barney Russell, Mmes. Lena Hill, M. E. Chandler, V. C. Beverly, A. A. Patterson, Dave Waldon, S. T. Hutchins, Pete Davis, Leonard Braidfoot, Wm. Rigsby and J. T. Green. Dave Waldron accompanied the group and spent the day with relatives.

Mrs. Lula Belle Huffmaster is visiting her daughter and family in Southern California. She expects to be gone a month.

Mr. and Mrs. R. A. Eddleman and Mrs. W. F. Holland left Sunday for Ft. Worth, where they will visit relatives. Mr. Eddleman will go on to Dallas where he will take some advanced work in the Masonic Order.

A new bulletin, C-264, "Vegetable Insect Control," is available at the office of the local county extension agent. Get the bugs early and save the home garden produce.

PERRYTON CANDIDATE

## LaMaster Tells His Views On Campaign Issues

LeRoy (Pete) LaMaster, Congressional candidate from the 18th District, clarified several issues of his campaign platform in a letter to The Democrat this week.

The Perryton wheat farmer presented his views on nine issues of international, national and state significance.

On the national level, LaMaster said he opposes President Truman's Civil Rights program and compulsory National Health Insurance. He also stands opposed to federal support for education.

"I feel that federal aid without control is impossible," he explained.

Concerning labor, LaMaster gave his approval to the Taft-Hartley law with certain reservations.

"I will favor a repeal of the Taft-Hartley law only when a more adequate plan, both for labor and management, is drawn up," he added.

LaMaster said he would favor government control of coal mines when economy of the nation is endangered and being operated by government forces and not by forced labor of men on strike.

LaMaster is in favor of a federal farm program but believes the present administration has handled the program poorly.

"I believe the basic idea of controlling production is sound but I feel the control program should have been put into effect before our surpluses became so large," he elaborated.

"I favor price supports only

# NEWLIN

By MRS. ALMA HEMPHILL

Mrs. Maude Anderson and Mr. and Mrs. Art Sargenta and son have returned to their homes in Modesta, Calif. after visiting a few days with their daughter and sister, Mrs. Earl Murphy.

Mr. and Mrs. Leonard Ennis of Texarkana spent part of last week in the home of her sister and family, Mr. and Mrs. Archie Martin.

Mr. and Mrs. A. J. Waters of Ida, La. spent last week with their daughter and family, Mr. and Mrs. Estal Collins.

Mr. and Mrs. J. W. Diggs and daughter visited last week in the home of Mr. and Mrs. Bill Diggs. L. B. Ewen of Lubbock spent the week end with her parents, Mr. and Mrs. Ben Gresham.

Visitors in the home of Mrs. T. R. Shelton last Wednesday were Mrs. Cora Gillispie of Fort Worth, Mrs. Hemp Duckett of Memphis and Mrs. Ben Gresham.

Mrs. Charles Murphy spent two days last week in Childress with her family and friends.

Mrs. J. N. Hoover is visiting with her daughters in Memphis this week.

Mrs. Lula Nelson is in Abilene visiting with Mr. and Mrs. E. A. Nelson.

W. C. Jarrell underwent major surgery in an Amarillo hospital last week.

Mr. and Mrs. Tom Sweatt and boys spent the week end in Oklahoma City with her sister and family, Mr. and Mrs. Melvin Hall.

with control of production," LaMaster said.

LaMaster sees no need to increase national defense expenditures but does not think these costs should be reduced to the point of crippling our defenses.

He favors a veterans bonus plan if such a plan is used to equalize benefits received by all veterans.

Concerning the Marshall and European Recovery Plans, LaMaster says, "While I am in doubt as to the ultimate benefits these plans will bring us, I do feel we should assist these countries in recovery."

The Perryton candidate favors expansion of the REA and TVA if private enterprise will not serve the areas affected or if private capital is not available to undertake the projects.

LaMaster is the son of Mr. and Mrs. W. M. LaMaster of Perryton. The family moved to that town when it was founded in 1919. He is 32 years of age, a graduate of Texas A & College and was a naval officer during World War II. He has been associated with his father in wheat farming and cattle raising since his discharge in 1946.

His campaign statement: "If elected, I intend to serve the entire district as honestly as possible and to the best of my ability in all matters. I have spent considerable time during the past few years trying to keep abreast of the problems in this district, also national and international problems.

"I feel that there is a need for better representation of all districts in Washington. If elected, regardless of who may support me, I feel that my only obligation will be to serve all the residents of all the counties on an equal basis.

"While I am not a fanatic on church work, I do believe that there is a need for spiritual guidance in the duties of this office, and, if elected, I intend to ask for such guidance."

## DON'T BE TAKEN IN

by Malicious Slander Against Aluminum Cooking Utensils!

Recently, the housewives of West Texas have witnessed the revival of an old and viciously false bugbear . . . that cooking utensils made of aluminum cause disease and are dangerous to health. This rank untruth, circulated principally by house-to-house salesmen for certain competitive cookware, has flared up in various parts of the country, in years past. In each instance it has been branded as a falsehood by national health authorities of unquestionable repute.

"The reappearance of such misrepresentation here warrants this warning to the women of Memphis: DO NOT BE TAKEN IN! If you encounter sales methods of this type, report the names of the salesman and his company to the Bureau for proper action."

The American Medical Association Says: "There is not the slightest reason for believing that food cooked in aluminum utensils is harmful. We believe that all such propaganda against aluminum cooking utensils comes from faddists, quacks, or ignoramuses, or, in some instances, is doubtless inspired by the makers of other kinds of cooking utensils."

The Federal Trade Commission Says: "Extensive scientific investigations have failed to disclose evidence that food prepared or stored in aluminum utensils is unsafe, disease producing, poisonous, or otherwise dangerous to health."

# Lakeview PTA Completes Playground Fence Drive

The residents of Lakeview and the surrounding area have once again demonstrated their ability to work together for improvement of their community.

These people—until recently faced with a real problem concerning the safety of their school children because the high-passes near the grade school playground.

But the people around Lakeview solved this problem and on March 18 a 650 foot steel fence completely around the playground. This fence stands six feet in height and has eliminated the danger from automobiles to school children.

A. W. Francis, grade school principal, first submitted the plan to construct the fence to the Lakeview Parent-Teacher Association. However, the PTA could not finance this project alone so a committee was selected to raise funds in the community.

Serving on this committee were Mrs. Atho E. Gardenhire, Mrs. E. C. Barnett, Jr., N. C. Durrett, J. B. Byars, W. M. Gowdy and C. J. Reed.

These six persons worked at their task until over three-fourths of the necessary funds had been raised. Mrs. Gardenhire and Mrs. Barnett covered the entire area by automobile seeking contributions. Carrying their lunch with

them, the two ladies went from house to house in every surrounding community.

The men on the committee, assisted by Superintendent Loran Denton, met with officials of the State Highway Department. The highway men agreed to furnish the labor for the construction of the fence if the Lakeview people would furnish the materials. The committee made trips to several towns to find the materials needed and then the "go-head" for the project was given.

"We are grateful to every person who contributed to this project," PTA members said. "It was through their interest that its success was made possible."

The Lakeview group also praised Highway Department Official Byrd of Memphis and all the men who worked to construct the safety fence.

Families who contributed to the fund included: J. O. Adams, Dick Baker, Jake Barron, E. C. Barnett, Jr., Fae Blevins, J. W. Bevers, V. L. Bevers, O. E. Bevers, Euba Fae Blevins, J. W. Boswell, Walter Bounds and J. B. Byars.

Also John Capps, C. I. Castell, W. E. Clemons, Collin S. Craighead, C. C. Crozier, H. F. Cunningham, W. A. Davis, B. F. Davis, C. H. Davidson, D. H. Davenport, Sr., David H. Davenport, H. L. Davenport, H. J. DuVall, J. B. Duren, Joe Durham.

Also B. E. Durrett, Thelma Durrett, V. C. Durrett, Loren Denton, Mrs. Susie Estice, O. E. Evans, First National Bank, A. W. Francis, Miss Addie Fisher, O. E. Gardenhire, Arnold Hall, Hubert H. Hall, R. D. Hall, R. G. Hatter, T. C. Harris, W. C. Hightnight, Hoggart and Son Co-op Blacksmith, Homer Hulsey, Bill Gowdy, Jim Gowdy, Lakeview Co-op Gin, J. E. Lane, W. E. # Similar Wrecks Blamed On Sand

Poor visibility was blamed for two automobile accidents on Highway 287 Sunday which occurred under similar circumstances, near the same spot and within a period of about 20 minutes.

Highway Patrolman N. D. Callaway said the drivers of the automobiles blamed the ehrs automobiles blamed the raging sandstorm for cutting down their visibility.

Both accidents were "rear end" collisions and no one was seriously injured although considerable damage was done to two of the cars.

The accidents both occurred about five miles south of Memphis. Callaway said the first wreck was at approximately 12:40 p.m. Lee Briley, Memphis Negro, was driving a 1940 model automobile and was hit from the rear when he was forced to slow down because of the sand. He was hit by Otho S. Henville of Pampa who was driving a 1947 station wagon. The two vehicles were hauled into Memphis.

Some 20 minutes later the second wreck occurred just a few feet from the scene of the first. The circumstances were identical to those causing the first wreck. Isaac E. Levy of Durango, Colo., driving a 1949 sedan, was hit

Minister Bedford Smith was in Amarillo Tuesday to attend a planning conference for the annual Julian Bivens Christian Service Camp. The camp is held during the first two weeks in July at a site about 30 miles from Amarillo on the Borger highway.

First Christian Church ministers from this area attended this conference to make plans for the camp weeks during the coming summer.

Mr. and Mrs. Byron Baldwin visited in Quanah Sunday with Dr. and Mrs. James Baldwin and family. Mrs. Baldwin remained for a few days longer.

## The Farmer and his Problem

E. T. Burk for Congress

### AGRICULTURE IS BASIC!

Farm Prosperity Means Prosperity For All

Yet there are people who would monkey with this basic industry and endanger it to the point of collapse.

The Farmer Has A Friend In E. T. Burk Because:

- He was raised on a farm and knows the work and the problems.
- E. T. Burk has dealt with farmers all his life.
- E. T. Burk realizes that everything depends on farm prosperity.
- E. T. Burk favors keeping price supports on agricultural products until we are certain their removal won't cause a price collapse.
- But E. T. Burk strongly opposes tying down our farmers in a great tangle of bureaucratic control.
- E. T. Burk favors common-sense, farmer-approved farm laws.

# Pittman Calls Sunday Workout

With one eye on the weather and the other on prospective new talent, Manager Doc Pittman plans to put the Memphis Owl baseball through their stiffest practice paces to date Sunday afternoon.

A small group of diamond aspirants have been holding afternoon sessions this week but Pittman hopes to have the big practice workout Sunday.

Bad weather has delayed the squad's progress, causing considerable concern to the club officials as the opening date of April 8 nears.

Pittman will release the names of the prospective club roster after Sunday's session. The club plans to use more "home talent" this season and number of new faces will probably be prominent when the team takes the field. The Owls reached the play-offs last season before dropping the pennant to Mangum.

Memphis will play Wellington there April 8 in the season's opener and will meet the Dukes again the afternoon of April 9. General Manager C. L. Pierce said.

They come to Estes Park April 10 for a night game with the Borger Gassers of the West-Texas New-Mexico League. Memphis

plays O'Brien here on the night of April 15 and again on the afternoon of April 16.

The Owls open their Red River Valley League play against Dumas here on Sunday afternoon, April 23.

RRV officials met Sunday at Childress to iron out last-minute details before play begins. One change in the schedule was made. Wellington and Mangum have changed places on the league schedule.

Doc Pittman represented Memphis at the meeting. Other officials were present from Childress, Wellington, Dumas, Hobart, Altus and Mangum.

The league is still seeking another member to bring its circle up to eight clubs. The officials were polled on their choice Sunday and picked Quanah as the most logical club to fill the vacancy.

League President Paul Ord has been in touch with Quanah baseball officials this week and has offered them a place in the league. No final decision has been announced, however.

Beethoven wrote some of his greatest music after becoming deaf.

## PERSONALS

Mrs. Irene Barbee of Fort Worth visited her parents, Mr. and Mrs. J. H. Barbee of Lakeview over the week end.

Mrs. Carl Harrison and Mrs. Billy Thompson visited in Amarillo Friday night with relatives.

Mr. and Mrs. Benny Pyeatt of Lubbock spent the week end with her parents, Mr. and Mrs. R. L. Brewer.

Mr. and Mrs. Louis Conn of Amarillo spent the week end with their mothers, Mrs. Birdie Sanderson and Mrs. Henderson.

Mrs. R. H. Wherry visited in Amarillo Tuesday and Wednesday with her daughter and family, Mr. and Mrs. J. O. Fitzjarrald.

LUXURY KEYNOTES '51 FRAZERS which go on display at all Kaiser-Frazer dealers Friday, Mar. 31. The new Frazer series is marked by aero-dynamic styling with a European note evident in the elevation of the rear fenders...

Rice Motor Co. To Show New '51 Frazer on Friday

Rice Motor Co., Memphis Kaiser-Frazer dealer, and agencies over the nation will display the new 1951 Frazer cars in their showrooms Friday, March 31. This is the first of three new lines of 1951 automobiles which will be marketed in all price ranges by Kaiser-Frazer Corp.

In the "handcrafted" Frazer luxury line, five custom body styles will be available, E. E. Rice announced this week. The new cars are marked throughout by custom car styling features key-noted by a heavily chromed tunnel grille with two airfoil center vanes which house the parking lights in their wing-tips.

Plated "speed lines" strengthen the swept-back front fenders and are reported in the rear fenders, which are crowned with oversize tail lamps with columnating lens and built-in reflectors. Placement of the massive lamps at the peak of the fenders defines the car from the side as well as from the rear in night driving.

The five styles include a four-door sedan and Vagabond "utility" model in the Frazer Standard line, with a four-door sedan, convertible and "hardtop" in the Manhattan series. The "hardtop" sports model resembles a convertible in detail, even to a colorful

sheath of meatherproof nylon which covers the rigid ribbed steel roof.

The Frazer is offered in all models with the powerful new K-F high-compression "Supersonic" engine. Hydra-Matic transmission and overdrive are available as optional equipment.

Luxury comfort and convenience features identify the Frazer line throughout. They include restful multi-coil seat springs with airfoam rubber padding, and color styled upholstery in finest wool Bedford cloths, broadcloths and saddle leathers.

Center arm rests are standard both front and rear in the Manhattan series, and automatic window lifts are available as optional equipment.

The wrap-around bumpers are studded with bumper guards which have large, detachable "torpedo caps." The caps, which project beyond the outer extremities of the bumpers, afford extra protection and are replaceable if they become scuffed.

The new lines of the Manhattan four-door sedan are dominated by a rakish roof which tapers down to the deep, curved rear rear window. The window is 57 3/4 inches in width, presenting a striking contrast with the low, 62-inch overall height of the model.

An exclusive K-F feature is the design of the center pillar post, which is of heavy, chrome-framed safety plate glass, providing additional visibility as well as struc-

tural roof support.

In addition to the new Kaiser "Supersonic" engine, mechanical advances include improved front and rear suspensions, which produce a softer, sway-free ride over rough terrain; covered, permanently lubricated rear springs; reinforced box-type frame, and dust and sound-sealing insulation.

Four Persons Injured By Exhaust Fumes

Four persons—two unidentified—were slightly injured Monday night when exhaust fumes from the automobile in which they were riding overcame them.

A Murphy-Spicer ambulance picked up the four—two men and two women—about three and one-half miles south of Memphis on Highway 287. Mr. and Mrs. M. C. Woods, farm couple who live north of Memphis, were two of the victims. The other couple was not identified.

Robert Spicer drove the ambulance to the scene and brought the four people to a Memphis hospital. They were not in serious condition.

The accident occurred around 9 p.m. Spicer said the fumes from the car's exhaust had evidently overcome the four occupants. They were driving an old model car.

Scouts Will Hold Indian Ceremony At Library Park

Troop 35 will hold a special Indian Ceremony at the Library Park Monday night at 8 p.m., Scoutmaster Ted Myers announced this week.

Myers said the public is invited to attend this special ceremony. A large campfire will be built in the park and the Scouts will march from the library building to this spot in silent formation.

After the troop has assembled around the fire, the patrols will each have a part in putting on a short program. Several songs will also be sung by the Scouts, Myers said.

EGYPT'S "ROYAL MOUNTED" . . . This is a first picture of Egypt's finest—the royal desert camel corps. All are hand-picked, like Canada's Royal Mounties. These Sudanese have similar duties, patrolling the vast Sahara desert wastes for miscreants.

RED CROSS HANDLING FOOD CLAIMS FROM FORMER VETERAN PRISONERS

Former prisoners of war of World War II, for whom the American Red Cross conducted a large-scale of food packages and other supplies during hostilities now are being assisted by the Red Cross in filing application for food claims from the War Claims Commission. Heyden Hensley, chairman of the Hall County Red

Cross Chapter, announced here today.

The War Claims Commission has determined that all German and Japanese prison camps were sub-standard in terms of international law established by the Geneva Convention. Thousands of former American prisoners of war have testified individually that the sustenance of Red Cross food packages alone saved them from starvation, malnutrition, and other illnesses.

In stating that wartime files of prisoners of war of this country have been reopened in this and other Red Cross chapters, Hensley said that this service will be given by chapter Home Service workers. Home Service in the local chapter traditionally assists the armed forces and veterans of all wars in family and welfare problems and in following through on government claims applications.

At the chapter house they will assist applicants in preparing statements, will interpret terms of the War Claims Act of 1948 which set up the War Claims Fund for payment of these claims, and also will interpret later instructions or decisions they may receive from the War Claims Commission requiring evidence to be furnished. The War Claims Fund derived from property in the United States formerly owned by Japan, or by nationals of this country which was "frozen" by the United States on December 7, 1941.

Claimants eligible to file food claims, in addition to members of the American or Philippine armed forces and their specified survivors, include United States civilians interned by or in hiding from the Japanese in certain areas or their specified survivors, and members of religious organizations in the United States. The claims currently being paid for food allowances only.

A report of total claims applications received, and the extent and nature of possible claims to be paid, will be submitted to the President by the War Claims Commission for presentation to the Congress on or before March 31, 1950.

In announcing that the Red Cross is one of several agencies assisting potential claimants with applications, Hensley recalled that 27,873,698 prisoner of war packages were packed and shipped by the American Red Cross for distribution by the International Red Cross during World War II.

Two-thirds of the more than \$168,000,000 worth of prisoner of war supplies went to German-controlled camps in Europe. Nearly \$3,000,000 worth of similar supplies went to the Far East by mid-1945, according to Hensley. Until the end of 1943, 90% of these goods reached Japanese prisoner of war camps through the International Red Cross. Prisoners in the Far East received only one-tenth of the amounts which reached their ultimate destinations in Europe.

### Energy Can Be Healthful

A nutritionist as to the energy means power or heat and it is often measured in calories or heat units. The popular definition of energy includes such as vim, vigor, vitality and spirit.

A nutritionist may then contend that the more energy foods are eaten, the more energy will be but says Louise Starches, sugars and starches are not necessarily the high energy foods. Starches, sugars and starches are the chief sources of fuel for the body. If used in these foods are stored as fat, a person may feel energetic, says Miss Mason. Too many of these foods may cut down on other nutrients, such as vitamins or needed by the body for normal well-being and normal vigor.

Mason says the term fuel is a better word than food since the term describes the foods that supply the energy for the body's activities. The fuel needs of the body depend on the size and activities. A person who is a constant body builder must have a constant supply of fuel.

Active and fact-growing members in the family may require more fuel than older members of the family, but their needs of calories should be carefully watched says Miss Mason. Many sweets or sweets, meals, may interfere with the appetite for substantial nutrients which are needed to produce nutrients for growth and vitality.

DO THE MEANS JUSTIFY THE ENDS? . . . Some people resort to any means to accomplish their ends—book ends, that is. If the pages of these books appear dog-eared, it will be for good reason. Acting as book ends is a pair of Chihuahua puppies owned by Mrs. Louise Williams, Los Angeles. The litter was so tiny it had to be fed by eye dropper.

### Cattlemen Warned That Hornfly Is Becoming Active

A tiny fly, grayish to black in color and about 3-8 of an inch long about this time of the year or little later begins to rob the livestock producer of pounds of beef and dollars that could be profits. This small bloodsucker, according to James A. Deer, assistant extension entomologist of

Texas A. & M. College, is the hornfly.

It is seen principally on the head, neck and shoulders of cattle often in great numbers and if permitted to multiply, they may cover 50 per cent of an animal's body, says Deer. The hornfly has a very short life cycle—10 to 14 days. This factor, points out Deer, makes it possible for every heavy infestation to build up in the spring before the producer notices their presence. Control measures should be used early to check the multiplication in the first generation. The first spraying is very important and may

### Gov. Shivers To Dedicate Dining Hall

Gov. Allan Shivers will deliver the dedication address for Texas State College for Women's new dining hall May 12.

The new dining unit was recently named Hubbard Hall in honor of L. H. Hubbard who retires as president of the College September 1 and in memory of Mrs. Bertha A. Hubbard.

Plans for the dedication ceremony are being worked out by a committee headed by Maury Pallard, vice-president of the TSCW regents.

In the near future invitations will be sent to all members of the Texas Senate and House of Representatives, other state officials, presidents of state senior colleges, presidents of junior colleges, high school superintendents, presidents and past presidents of TSCW ex-student chapters, former regents, and presidents of various women's organizations.

Gov. Shivers will spend the entire day of May 12 in Denton and will in addition to the dedication address probably speak before various civic groups.

Mrs. Shivers and the wives of many other state officials will be invited to the dedication and will be honored at a special luncheon at Hubbard Hall.

Regents of TSCW are expecting thousands of visitors to view the dedication ceremony and to inspect Hubbard Hall which is unique among college dining halls in the Southwest. More than 2000 students can be seated at one time in this 300 foot square central eating establishment which includes in addition to four major dining wings, a cafeteria, store room, laundry and a kitchen containing the most modern equipment available.

### Farmers Can Get Supply Of Bermudagrass

For several years, agronomists of the Texas Agricultural Experiment Station have been testing and increasing the supply of Coastal Bermudagrass. According to A. W. Crain, associate extension pasture specialist of Texas A. & M. College, the supply is large enough at the present time to permit a limited distribution.

He says farmers or others interested in obtaining a small supply of the grass may do so by sending one dollar, to cover the cost of handling and sacking, to

reduce the total number of sprayings needed during the summer. Animals should be given the first treatment when the fly population reaches an average of about 25 flies per animal.

Deer says there are two insecticides which will give very effective control against the hornfly. DDT has been successfully used for several years and a 5 percent spray dip will give excellent results. Toxaphene is the other recommended only for use as a spray. Deer adds that toxaphene has given equal or superior results when compared to DDT for hornfly control.

He points out that numerous tests have shown that cattle kept free of hornflies gained from 10 to 20 pounds per month than those not treated. Ten pounds of 40 per cent wettable toxaphene or eight pounds of 50 per cent wettable DDT in 100 gallons of water and used as a spray will protect cattle for a period of 20 to 45 days says Deer.

the forage section, agronomy department, Texas Agricultural Experiment Station, College Station, Texas. The grass sprigs will be shipped by express collect and should be sufficient to set from one-fourth to one-half an acre. Due to the limited supply, those writing in are requested to ask for only one sack of material.

Crain says it should not be tried in areas that receive less than 30 inches of rainfall, unless irrigation is used. It is not a wonder grass, but he recommends giving it a trial. He says it will grow anywhere that common bermudagrass will grow but that it requires a fertile soil and more water because it produces a much higher yield. It can be used for both pasture and as a hay crop, he adds.

Along with the sack of grass sprigs will be sent information on land preparation, fertilization and care. He points out that the distribution is being made in response to the many inquiries that have been received regarding the source of planting material. Results obtained from these farm plantings will prove valuable to the agronomists in their further studies of the grass and its potential value in Texas.

Mrs. Frank Monzingo, Carol, Mrs. Clifton Burnett, Katherine Wright, Barbara Edmonson and Betty Hickey were Amarillo visitors Saturday.

Port Aransas is called Tarpon Capital of the world.

### Wayland Choir Featured On Dallas Station

Wayland College International Choir has reached another milestone on the road to success. The Choir which has become noted for its unique programs now takes to the air. Soon the International Choir under the direction of Shelby Collier will begin a series of fifteen-minute weekly radio broadcasts over station KYBS in Dallas. This station, Baptist owned and operated, is the largest FM station in north Texas.

Dr. Alton Reed, director of the station, was on Wayland campus, with his engineer Wednesday, March 22, making tape recordings of the programs. The choir will continue making recordings each week with the new tape recorder purchased by the college for future broadcasts.

The programs will include the entire repertoire of the choir's concert program plus oratorio selections. Sacred songs, spirituals, traditional a-cappella music and the music of nine different nations will be heard on the broadcasts.

The International Choir hopes to further promote international understanding and good will by this series of programs, by presenting the music of other nations to the vast audience of radio listeners.

### Reserve Officers Now Eligible For Three Year Tour

Air Force Reserve and National Guard Officers on inactive duty will be considered for recall to three years active duty if they meet any one of the following requirements:

If under thirty years of age as of July 1st and with a college degree.

Prior service officers with less than three years of active duty must have an efficiency rating of excellent or better for the last twelve months they were on active duty.

Prior service officers with more than three years active duty must have an average efficiency of forty or more if or company grade, or forty-three or more if of field grade, for the last three years they were on active duty.

Rated pilots who meet any of these requirements who desire a recall on flying status must be currently proficient in flying or have the ability to become so quickly. Pilots without flying training during the last two years must meet a Flying Evaluation Board.

Interested Air Force Reserve and National Guard Officers who meet these requirements should contact Headquarters Twelfth Air Force, Brooks Air Force Base, Texas and request application forms.

The Governor's Mansion in Austin was built in 1855.

### Mrs. R. S. Greene Gives Solo Play At Theatre Meet

Mrs. R. S. Greene, in her charming manner, entertained members of the Memphis Little Theatre with a solo play, "Post Road" on Wednesday afternoon of last week. The meeting was held in the home of Mrs. L. G. DeBerry, 713 South 8th street.

Miss Helen Boswell, president, presided during the business session at which time the following officers were elected for the ensuing year:

Peaches Harrison, president; Helen Combs, vice president; Lucy Way, recording secretary; Mary Ruth Dryden, corresponding secretary; Roselyn Williams, treasurer; Tomacell Greene, critic and parliamentarian and Joyce Childress, press reporter.

Tasty refreshments were served during the social hour to Lena Mae McNally, Ida Anisman, Helen Boswell, Joyce Childress, Helen Combs, Emma Deaver, Verna DeBerry, Ann Ferrel, Tomacell Greene, Peaches Harrison, Laura Mai Hightower, Ethel Hillhouse, Lottie Kinard, Owen Lindsey, Katherine Milam, Mary Helen Sexauer, Nell Treadwell and Lucy Way.

### Officers of LAPM Meets With Local Chapter Friday

Lt. Col. Castka and Col. Beaur of Pampa, state officers of the LAPM and Condon, met in Memphis with the local chapter on Friday evening, March 24. Mrs. Beaur accompanied the officers.

During the evening the visiting officers told the group about plans for the meeting of the Upper Panhandle Assn. which will be held in Pampa on April 19. Earline McDaniel and Annie May Willeford were named as delegates from the local chapter.

Sandwiches, doughnuts and coffee were served during the social hour. Members were in attendance from Wellington, Childress, and Memphis.

### Mrs. A. S. Moss' Sister Dies in San Antonio

Mrs. F. W. Cooksey of San Antonio, sister of Mrs. A. S. Moss of Memphis, died March 21 at her home there. Funeral services were held in that city on March 22.

Mrs. Cooksey has been in ill health for several months suffering with a heart ailment. Mrs. Moss has been at her sister's bedside much of the time during her illness. She returned home Friday.

MR. AND MRS. BENNY PYEATT (Photo by Wise)

### Miss Barbara Brewer Becomes Bride Of Benny Pyeatt In Memphis Rites

Miss Barbara Brewer, daughter of Mr. and Mrs. Roy L. Brewer of this city, became the bride of Benny Pyeatt, former Memphian, in an impressive ceremony performed Saturday, March 11, in the Baptist parsonage. The groom is the son of Mr. and Mrs. Owen Pyeatt, who formerly lived in Memphis but are now making their home in Clarendon.

Rev. Roy Shahan, pastor, read the double-ring service at 5:00 o'clock in the afternoon.

For the wedding the bride chose blue suit complemented by pink accessories and a corsage of white gardenias.

Miss Charlene Pyeatt, sister of the bridegroom, was maid-of-honor. She was attired in a suit of navy blue accented by white accessories and a corsage of white carnations.

Jack Pierce served as best man. Other wedding guests included Donald Corley and Richard Walters students at Wayland College, Patsy Nell Combs, Shirley Foster, and Darrell Childress.

Both the bride and groom are well known here having been reared in this city. They were popular members of the '49 graduating class of the Memphis High School, where they took an active part in all school activities.

Mrs. Pyeatt was a member of the Memphis High School band and was crowned band sweetheart in '48. Immediately after finishing high school, she entered Draughon's Business College in Amarillo. At the time of her marriage she was employed here in the County's Clerks office.

Mr. Pyeatt was a member of the Cyclone Football team. He attended Clarendon Junior College.

Mr. and Mrs. Pyeatt will make their home in Lubbock where the groom is employed with the Southwestern Associated Telephone Co.

### 'Alaska' Is Theme Of Study At Church Council Meeting

The Woman's Council of the First Christian Church met Monday afternoon at 3 o'clock in the church parlor with Mrs. Clyde Milam and Mrs. J. W. Stokes as hostesses.

Mrs. Doris Hickey served as program leader for the afternoon. An interesting program was presented by Mrs. Adams who discussed "Alaska." Mrs. Mae Maddox who gave a paper on "The Invasion of Alaska" and Mrs. Iernie Heafner who concluded the lesson with a discussion of "Western Canada."

Ice cream and cake were served to the following members: Inez Aspgren, Elizabeth Aduddle, Opal Curry, Susie Coleman, Doris Hickey, Leona Limer, Katherine Milam, Mae Maddox, Bell Odom, Della Pallmeyer, Mable Roberts, Lucille Randal, Leola Stokes, Elsie Smith, Bernie Heafner and Faye Maddox.

### Girl Scout Troop Names Committee Members Tuesday

Girl Scout Troop, No. 1, met Tuesday afternoon at 4:15 o'clock in the City Hall.

Troop committee members were announced during the meeting and include Mrs. W. R. Scott, chairman; Mrs. Bill Crowder, Mrs. Clyde Crawford, Mrs. W. P. Batten and Minister Gray Carter.

Members present were Nan Crowder, Shirley McFee, Billie Billie Hartman, Jaussetto Messer, Rita Jo Hale, Yvonne Padgett, Betsy Godfrey, Patricia Padgett, Jarita Hartman, Lavelle Creach, Sharon Harrison, Carolyn Crawford, Dorothy Moore, Addie Lou Wells, Patsy Godfrey, Beverly Bowerman, Ouida Pearl Massey, Norma Ruth Sett, Nadine Padgett, and Barbara Baten.

### Junior Endeavor Meets Sunday

The Junior Endeavor of the First Christian Church met in regular session Sunday evening.

Following the business meeting an interesting program was presented by Oscar Maddox, David Smith, John Coleman and Gordon Maddox.

Seven members and one visitor was in attendance. The meeting closed with the Endeavor benediction.

### Rebekah Lodge Enjoys 'Tacky' Party Monday

The members of the Rebekah Lodge, No. 346, were entertained with a "Pot Luck" supper and Tacky Party at the lodge Hall on Monday evening, March 27.

Informality was the keynote of the gala entertainment provided for the group as they enjoyed a series of party games preceding the enjoyable supper.

A program of appropriate songs and reading also added to the enjoyment of the occasion. Mrs. Linnie Kennedy was awarded first prize for the "Tackiest" costume.

Members present for the evening social were Meses. Alla Boswell, Ella Johnson, J. W. Burks, Ollie Tribble, Millie Murphy, Isabelle Cypert, Margarette Smith, Julie Briscoe, Earline McDaniel, Ora Ritchie, Nell Reed, Cloe Rogers, Anna Kercheville, Lovell Blackmon, Linnie Kennedy, Annie May Willeford, Jessie Baker, Pearl Massey and Opal Duke.

### Ann Tiner Gives Piano Recital

Miss Ann Tiner, piano student of Mrs. L. G. Rasco, was presented in a recital on her eleventh birthday Saturday afternoon at 4:30 o'clock. Ann is the daughter of Mr. and Mrs. Bob Tiner, 416 South Seventh.

She was assisted by Walter Smith, Joan Miller, Cloyce Ray Orr and Cleve Mae and Wayne Tiner.

A program of solos, piano numbers and songs were presented.

Refreshments of punch and cookies were served to Mr. and Mrs. M. N. Orr, Arvin Orr, Dr. and Mrs. J. M. Orr and Linda, Mrs. Arthur Gidden, Mrs. May Combest, Mr. and Mrs. R. T. Tiner, Mary Jane Jones, Monta June Saye and Starline Gilbert.

S. Greene, Bess Crump, C. R. Webster, Q. Posey, Anna Dickson, C. E. Hankins, Mac Tarver, W. F. McElreath, W. C. Dickey, C. W. Broome, Rollo Davidson, D. B. Kennedy, T. J. Way, Frank Foxhall and W. H. Monzingo.

**NEW COIFFURE**—Here is one of the coiffures designed especially for the heart-shaped face. This hair-do, with its curled bang above the brow, waves flowing back from the temples, and saucy hoop over one ear, accentuates the pleasing contours of the face.

### Locals and Personals

Visitors in the home of Mr. and Mrs. N. Orr Sunday were Dr. and Mrs. W. N. Orr and sons, Bill and Bob, of Littlefield, Dr. and Mrs. J. M. Orr and daughter of Wellington, Mrs. Bob Tiner and children, Cleve, Wayne and Ann of Memphis, Mr. and Mrs. Arvin Orr and children, Cloyce Ray and Carlyn Sue, of Plaska, Alice Faye and Coy Orr of Littlefield, LaVerne Orr of Texas Tech College, Cecil Heath of Lubbock and Mr. and Mrs. Charlie Spencer of Matador.

Cleve Mae Tiner, a student at Midwestern University, Wichita Falls, visited here in the home of her parents, Mr. and Mrs. Bob Tiner, over the week end.

Colvin Orr and Mrs. J. P. Orr of California are visiting here this week with relatives.

Mr. and Mrs. W. G. Shearer had as guests over the week end their daughter and son-in-law, Mr. and Mrs. Emmitt Ray of Lampasas and a son and family, Mr. and Mrs. Seyon Shearer son of Leon of Dustin, Okla., and Miss Doris Stephens, also of Dustin, Mr. and Mrs. Ray also visited in Hedley with his parents while here.

Marie Edwards of Wheeler visited Anna Margaret Collins over the week end. Both are attending business college in Amarillo.

Mrs. J. W. Combs and Miss Wilma King visited in Amarillo with relatives Friday of last week.

Mr. and Mrs. Paul Pierce of Childress visited Sunday afternoon with Mr. and Mrs. Joe Reheis.

Mrs. Henry Foster and children, Henry and Cheryl Ann, left Monday for San Antonio where they will visit with Mrs. Foster's brother, Bryan Ball and family. Mrs. Foster's sister, Miss Rena Ball, will join her there over the week end and they will attend the State convention of Delta Kappa Gamma which is convening

### Tick Trouble For Farmers, Warns Expert

The mild winter has brought out early the lone star tick. According to James A. Deer, assistant extension entomologist of Texas A. & M. College, rather heavy infestations are already showing up on cattle and in some areas lawns are heavily populated with the pests.

As cattle parasites, Deer points out these ticks are bloodsuckers and in addition to sucking blood, cause secondary damage by leaving raw wounds where the screw-worm fly can deposit her eggs. Earliness of treatment may aid considerably in combating the lone star tick, says Deer, and the animals should be sprayed or dipped when the ticks first appear.

If a dip is used, Deer says it should contain eight pounds of 5 per cent wettable DDT and four pounds of 6 per cent gamma BHC to each 100 gallons of water. For a spray, the DDT-BHC combination or 10 pounds of 40 per cent wettable toxaphene may be used in 100 gallons of water. Either of the solutions will kill the ticks present and will protect the cattle against reinfestation for a period of from two to four weeks.

In that city. En route home Mrs. Foster and children will visit another brother, Truett Ball in Boerne.

Those visiting in the home of Mr. and Mrs. Ted Barnes over the week end were Mr. and Mrs. C. M. Mears and daughter of Littlefield, Mr. and Mrs. R. V. Smith and Linda of Lubbock.

Lone Star ticks in the lawn, with 10 per cent DDT dust at the rate of one pound of dust to each 1,000 square feet of area.

### Women Enjoy Japanese Tea of Mrs. W. H. Monzingo

The Society of Christian Women in Denton recently purchased the vehicle first to appear on the campus following a series of party games preceding the enjoyable supper.

The tea table was typically Japanese. The cloth was of embroidered green silk, beautiful article loaned by Mrs. Jack Mooreman. In addition to the tea, sweet rice bread and tea cakes from a Japanese shop, olives and nuts were served. Mrs. Monzingo was assisted by Mrs. Davidson, both in costume.

After the program and tea, much time was spent enjoying the exhibited articles. Those present were Mesdames Myrtle Phelan, N. A. Hightower, G. E. Payne, C. T. Vickers, R.

### Deferred Grazing Practices Should Get Consideration

Pasture plants need a rest period to regain their vigor and to allow them to produce a seed crop. Now is the time to make plans for carrying out deferred grazing practices for this year, says A. H. Walker, extension range specialist of Texas A. & M. College.

The length of deferment may vary from two to six months or longer depending on the rainfall, condition of the range and the kinds of grasses in the pasture. In areas of high rainfall where grasses get coarse and lose their nutrients upon maturity, a spring rest for vigor and a fall rest for seed production is best, says Mr. Walker. In north and west Texas where grasses cure well, a six months rest from May to November may be advisable.

He points out that many ranchers were surprised at the amount of grass that came back on their deferred pastures. Excellent moisture and good growing condition last year were contributing factors and many ranchmen found tall growing grasses in their deferred pastures that they had never seen before. The explanation, Walker says, the grasses never had a chance to grow up before heavy grazing got them.

More operators, he adds, are finding that there is a dollars and cents angle tied in with the deferred grazing practice and cites as an example the case of Mason county ranchman Elwood Kothmann. Kothmann, he says, has rested one pasture for three years during the growing season from May to November and has grazed it during the winter months. Last year this pasture produced 41 pounds of beef per acre on an annual basis and did it in just six months of grazing and Walker adds the grass is nearly waist high.

Walker suggests that you make plans to defer at least one pasture on the ranch this year. He says demonstrators have proved that deferred grazing is also a very effective aid in any range recovery program and with favorable weather deferred pastures have shown remarkable recovery.

Miss Angus Oliver and Miss Jean Durham of Wichita Falls visited Miss Oliver's parents, Mr. and Mrs. J. W. Oliver Sunday in Plaska.

### Warning to Housewives

### Health Officer Says Aluminum Not Harmful

Dr. O. R. Goodall, city health officer, this week stated that no harm could be attributed to cooking food in aluminum utensils.

The denial of harm from cooking with aluminum-ware was made by the health officer after numerous housewives of this area had been warned by salesmen of non-aluminum ware of the danger to health by use of the popular utensils.

According to reports, a salesman makes an important scientific discovery before the very eyes of every prospective customer. He prepares a brew of boiling water and baking soda. The concoction, he says, produces a poison.

"It's not so," Dr. Goodall said. "If it were, I would be dead as I have been eating food cooked in aluminum ware for a long time. The worst you can get from the mess is aluminum hydroxide, a non-poisonous chemical used to treat stomach ulcers."

### Wayland Group Will Conduct Services At Peden Baptist Church

The Wayland College Volunteer Mission Band will conduct the services at the Peden Memorial Baptist Church at Plaska this coming week end.

Saturday night services will be held at 7 p.m. and Sunday worship will be held at 10 a.m. A second service will be held at 2 p.m. Sunday.

A cordial invitation has been extended the public to attend these services.

Rev. Lloyd Garrison, state worker and pastor at Loop, taught a Sunday School study course at the church last week. Theme of the study was "The True Function of the Sunday School."

Two Training Union Study Courses were taught in the Intermediate and Junior departments. Mrs. Jack Wolfe taught the Intermediate group while Mrs. H. A. Hodges was in charge of the Juniors.

Mrs. W. R. Parker and daughter spent from Thursday until Sunday with Mrs. Lenis Simpson in Amarillo.

Sam Bass, famous Texas outlaw, is buried at Round Rock.

DR. DUKE McCALL

### Baptist Radio Programs Will Feature McCall

Announcement has been made by the Baptist Radio Commission in Atlanta, that the theme for the rector, that the theme for the Baptist Hour messages during April, May and June will be "Avenues To Abundant Living." The speaker for this series of sermons will be Dr. Duke K. McCall, Executive Secretary of the

Southern Baptist Convention.

Hall County radio listeners can hear Dr. McCall's broadcasts over KCTX, Childress; KFDA, Amarillo; WBAP, Ft. Worth, and W-FAA, Dallas.

Dr. McCall has a world-wide reputation as a speaker, educator and a religious leader. He is a member of the Baptist World Alliance Executive Committee, and Treasurer of the Southern Baptist Foundation. He has spoken on the Baptist Hour several times previously.

A native of Mississippi, Dr. McCall is the son of Judge and Mrs. John W. McCall of Memphis Tennessee. He graduated with honors from Furman University, Greenville, S. C., and received the Th.M and Ph.D. degrees from Southern Baptist Theological Seminary in Louisville. He also holds honorary degrees from Furman, and from Baylor University, Waco, Texas.

Dr. McCall left the pastorate of Broadway Baptist Church, Louisville, in 1943 to become president of New Orleans Baptist Theological Seminary. He held the later position until May 1946 when he became executive secretary of the Southern Baptist Convention Executive Committee. His tasks now include the lading of six-million Southern Baptists in their worldwide evangelistic educational, and benevolent work.

Sir Francis Drake was the first Englishman to travel around the world.

### Timmons Says He Favors No Special Group

Rep. J. Blake Timmons, completing his second term as the West Panhandle legislator, was in Memphis and Hall County all day Monday with Zook Thomas of Wellington in the interest of Timmons' candidacy for Congress in the special election to succeed Gene Worley and for the Democratic nomination.

The 33-year old Timmons, a four-year veteran of the recent war, has served as assistant secretary of the Texas Democratic Party since he was 18, and went with Jim King of Memphis to the 1940 Democratic National Convention as youngest member of the Texas delegation.

A native Panhandle farm working boy, Timmons' father and four brothers organized the Timmons Construction Co. of Amarillo after the sons returned from overseas.

In the Legislature, Timmons has worked for a pipeline gas tax to finance better schools and more farm-to-market roads, soil and water conservation. He is chairman of the Commerce Committee, and recently sponsored a cooling-off, mediation labor bill modeled after the Stassen Act of Minnesota and the North Carolina voluntary arbitration laws.

"No one asked me to announce for Congress when I was first to announce my intentions to run while we were still fighting for the Ruaral Telephone law," Timmons said. "I am hamstrung by assure groups of my record of the people of the"

**HOSKINS CAPTURED IN PADUCAH BY MEMPHIS OFFICERS MONDAY**

James Hoskins was returned to the Hall County jail here Monday—just one week after he had escaped from his cell there.

Hoskins has been the object of a week-long extensive search through this area by local officers. He was picked up near Paducah Monday by Deputies W. P. Baten of Memphis and Clyde Rogers of Estelline.

Baten, who has spent considerable time during the past week searching for Hoskins, got his first real break Sunday night when he questioned a woman at Morningside who was the escaped prisoner's "sweetheart." She gave him a lead on Hoskins' whereabouts.

Baten and Rogers went to Paducah Monday and found Hoskins. The Negro had been employed by a Paducah man since his escape from jail here.

He broke out of the county jail during the early hours Monday, March 20. Hoskins pushed out several weak bars in his cell window, climbed out on a ledge and dropped to the ground.

He was charged with stealing several hundred pounds of cotton from two Hall County farmers.

You get only the best of service when you bring your car to Kermit Monzingo, your Chrysler Plymouth dealer. —Adv.

Local officers said he will now have to face charges of jailbreak in addition to theft charges. Escaping from a jail is a felony carrying from two to five years sentence.

Men, more than women, are afflicted with color blindness.

There's more Mead's Fine Bread sold in the Panhandle than any other bread! Buy a loaf today. —Adv.

**PFC CECIL F. FOSTER RECEIVES DISCHARGE**

Pfc. Cecil Foster, son of W. H. Foster, arrived in Memphis Saturday after receiving his discharge from the U. S. Marines on March 22 at San Diego, Calif.

He had been stationed at San Diego for the past year. He plans to make his home in Memphis.

sold by members of the Senior Class. Adult reserved seats will be \$1.00, students, 50 cents. Regular adult seats will be 50 cents and student seats, 25 cents. Proceeds will be used to buy the senior gift to the school and to sponsor the annual Senior trip.

### Value of

(Continued on page 12)  
opportunity to progress, to make money and to gain fame, and these rights must be defended at all times."

Supt. W. C. Davis was master of ceremonies at the banquet. Food and arrangements were planned by the mothers of the high school football squad members and fathers of the players were their special guests.

The banquet was held at the high school cafeteria. The program was opened with a reading, "The Fiftieth Boy," by Wayne Saunders. The Girls Sextette sang three numbers.

Coaches of the Memphis schools were introduced during the program. Included were: Charles York, head coach, Ray Newton, assistant coach, Fred Wright, basketball coach, and George F. Childress, junior high coach.

Also receiving recognition were eight senior members of the 1949 football squad: Wayne Saunders, Bobby Pat Young, Andy Gardenhire, Raymon Welch, R. A. Wells, Bobby Crooks, Kenneth McQueen and Raymond Clark.

### Directors

(Continued from page 1)  
Milam, vice president; Homer Tucker, secretary; Hayden Hensley, H. J. Howell, Ben Wilson, Jr., Ed Hutcherson and T. D. Weatherby.

Dick Shelton, Henry Hays, Mack Graham, J. A. Anthony, Paul Montgomery, O. V. Alexander, and Herschel Combs.

Out-of-town directors: Hulen Clifton, Estelline; B. E. Davenport, Lakeview; Johnnie Grady, Brice; Eddie Smith, Wellington; Joe McMurtry and Loyd Shelton, Clarendon; B. C. Bray, Turkey; J. R. Barnhill, Turkey; and Don Grady, Brice.

Arthur Gidden, Plaska; Jiggs Mann, Palo Duro; Pete Davis, Estelline; Will T. Davis, Tell, and Bill Madaris, Hollis, Okla.

### Monday Is

(Continued from Page 1)  
ing season underway, this Dollar Day should have special emphasis to most consumers.

Advertisements in this week's Democrat indicate that merchants have exceeded any past bargain offers in an attempt to make Monday one of the year's top shopping days. Spring and Easter shopping will be economical shopping in Memphis Monday.

### Hall County

(Continued from page 1)  
in death in 1934.

Mrs. Dennis was a charter member of the Rebekah Lodge at Lakeview and was a member of the Memphis First Baptist Church. Survivors include four daughters: Mrs. Grover Moss, Mrs. Dunbar Posey, Mrs. Morgan Baker and Mrs. Jeanette Irons, all of Memphis.

One son, Morgan Dennis of Dimmitt, also survives. Other survivors include three sisters, Mrs. Ethel Reeves of Lakeview, Mrs. Myrtle Ray of Morton and Mrs. Winnie Williams of Maxwell, Calif., and three brothers, Marvin Duren of Memphis, J. B. Duren of Lakeview and Joe Duren of Roaring Springs.

Also surviving are 12 grandchildren and seven great grandchildren. Eight children preceded her in death.

### Funeral Services

(Continued from page 1)  
vivors include eight grandchildren and four great grandchildren.

His wife preceded him in death on Dec. 28, 1945. Two sons also preceded him in death.

Born Nov. 13, 1867 in Tennessee, Richerson moved to Texas with his family while he was a youth. He married Miss Ida May Scott of Alvarado on Feb. 3, 1894, and the family moved to Hall County in 1901.

Richerson was active in farming in the Estelline vicinity until several years ago when bad health forced him to retire. He moved into Estelline to make his home at that time. He was a member of the First Baptist Church there.

Out-of-town relatives attending the funeral services included: Mr. and Mrs. Sam Hale, Mrs. Oma Green and Ed Smith, all of Phillips, Lawrence Scott of Amarillo and Mr. and Mrs. Elmer Graham of Vernon.

### Farmer Attends

(Continued from page 1)  
and told the officials present that they must be the walking symbol of everything the organization is or stands for.

"We can't do today's job with yesterday's tools," Lewis said. The C-C delegates present heard a number of addresses by high-ranking officials and were guests at several banquets during the three-day session. A program was held for the delegates' wives each day. Mrs. Rarmer attended these meetings.

### Graveside Services For Kathy Crabtree Held At Lakeview

Graveside services for Kathy Crabtree, stillborn daughter of Mr. and Mrs. J. E. Crabtree, were held at the Lakeview Cemetery Thursday at 10 a. m.

Minister A. W. Frances conducted the services. Burial was under the direction of Murphy-Spicer Funeral Directors. Survivors other than the parents include the grand parents, Mr. and Mrs. J. E. Clark of Brice, and Abe Crabtree of Thuckerville, Oklahoma.

### Television

(Continued from Page 1)  
to take the aerial down and make several repairs but that he will put it up again as soon as possible.

"Several television authorities have told me that reception will be highly possible as soon as the atmospheric conditions have returned to normal," he said.

Norman has received pictures from television stations WKY, Oklahoma City; KRLD, Dallas, and WBAF, Ft. Worth.

Monzingo completed the installation of an 82-foot, three channel aerial at his building Monday. He has picked up no figures over his set yet.

"However, we believe reception will be possible as soon as we change our booster set-up," Monzingo said. His equipment now has three small booster units but he plans to replace them with one large unit.

"We certainly believe good television reception here is a strong possibility and we are going to keep working toward it," he said.

Gainesville is called the "City of 100,000 Trees."

Farmer said one of the highlights of the meeting was a trip to the King Ranch, largest in the world. The delegates were shown some of the nation's top cattle, race horses and quarter horses at the ranch.

Farmer said his biggest thrill was seeing Assault and his sire, Bold Venture, both Kentucky Derby winners. The meeting was concluded Tuesday evening with the annual banquet in the Driscoll Hotel Terrace Room.

## 100 Entrants Expected For Junior Olympics Friday

### EVENTS FROM ALL GRADES TO PREPARE FOR WINNER RIBBONS

Between 250 and 300 students from the three Memphis schools will participate in the Junior Olympics at Cyclone tomorrow night. Events will be held for youngsters from first grade through the senior high school class.

Starting with the first grade and running in order through the 12th. In addition, several special events will be presented, possibly featuring members of the Cyclone track squad. Members of the track team are not eligible to compete in the Olympics. Tickets have been distributed to the business firms in Memphis and are being given away. Coach York said everyone who is interested is invited to attend the event. Interest has been mounting in the junior high, West Ward and high school during the past week and competition among the youngsters for the ribbons as expected to be keen.

## Cyclone Track Squad Win Panhandle Meet Trophies

Disregarding a raging sandstorm and a class list of competitors, the Memphis Cyclones scampers away with the Panhandle Invitational Track and Field meet title Saturday.

Coach Charles York's cinder crew took three first places, won the mile relay and placed a number of second and third's to build up a total of 31 points for their day's work. This gave them whopping margin over the field and put them 13 points ahead of their nearest rival, Class B White Deer.

Pete Moore, Bobby Crooks and Bobby Young were the top point makers for the Cyclone squad. Moore led his teammates in points by winning the discus, taking second in the shot put and running on the mile relay team. He tossed the discus 128 feet, six inches in his winning event.

Bobby Crooks won his speciality, the 440-yard dash, with a run of 48.4 seconds. He also anchored the winning mile relay team.

Young stepped off the high hurdles in 15.2 seconds for his first place.

The Cyclone mile relay team, composed of Moore, Crooks, Charles May and Lee Bloxom, won that event with a time of 3:46.8.

Memphis brought home two of the three trophies offered at the Panhandle meet for the mile relay and team winner. Joel Combs of Lefors took the other trophy for his winning run in the 220-yard dash, giving him high point honors.

Other Memphis point winners include Kenneth McQueen, second in discus and third in shot put, and Ralph May, second in 880-yard dash.

Dimmitt placed third with 16 points and Lefors, a 2-A school, ended up fourth with 15.

Phillips Blackhawks, defending champions of the Panhandle get-together and pre-meet favorites, had a day that was nearly as miserable as the weather and could muster only 11 points.

There were 17 schools and 225 youngsters entered in the competition. Memphis will have the distinction of holding three records at the meet since all marks Saturday will count as such. Previous records at the annual meet have been destroyed.

Joel Combs of Lefors was the top point maker for the meet. The Lefors ace took first places in the 100-yard dash and the 220-yard run.

The wind was an unwelcome

## Speaking of Sports

WITH THE OL' SPEKTATOR—

The strong showing Memphis made at the Panhandle track session Saturday should mark the Cyclone crew as the "team to beat" when the district get-together is held here April 14.

However, the local speedsters may well expect plenty of competition from at least Lefors, Shamrock and Wellington. The Lefors squad boasts one of the Panhandle's top performers in Joel Combs. He's got the speed to make him logical choice for the state meet this year.

This boy Stokes will also give the Pirates a great deal of help in the weight events. He won the shot put at Panhandle Saturday

and has been picked as the boy Class A title in that event this year.

However, on the strength of Saturday's competition, it would seem that the Pirates will have to develop more overall power before they can hope to upset the Cyclone title plans.

Shamrock won points in the dash events and broad jump Saturday but will have to improve more before they have the squad strength to go all-out for a district crown. Melton of Wellington won points for his school in the field events and may carry the brunt of the Rocket attack at the district meet here.

But—and this is pure speculation, being based on Saturday's showing—it seems that Memphis and Lefors will fight it out for the district crown.

Both schools boast a few outstanding performers. Lefors will have Combs and Stokes while Memphis' most formidable competitors will probably be Pete

Moore, Bobby Crooks and Bobby Young. Stokes beat Moore in the shot put Saturday but the big Cyclone weight man came home with flying colors in the discus. Whether or not Stokes is a polished discus hurler remains to be seen. He competed in that event in the district meet last year, placing fourth. Moore finished second last year.

Combs will be favored in the 100-yard dash and the 220. However, Bobby Crooks has been known to step off the 220-yard distance in a time that could pose a real threat to Combs. Crooks will be favored in the 440-yard run and Young will be the boy in the hurdles.

Competition between the Pirates and Cyclone seems to stack up about even at this point but the Memphis squad appears to have the edge the rest of the way. Charles May, Kenneth McQueen and Lee Bloxom, for instance, will be almost certain point winners.

The overall strength of the Cyclone squad seems to assure their points in almost all track and field events. If the meet is close, the winner may be decided by second and third place points. The value of a rounded squad was demonstrated by the Cyclone Saturday when they won the Panhandle meet by a wide margin despite the fact they won only four first places and that a member of the team was not high point man.

### EDITS DORM NEWSPAPER

Adrian Combs, son of Mr. and Mrs. H. A. Combs, has been named editor of the Men's Dorm III "Informant," dormitory newspaper at Texas Tech.

Combs is a freshman journalism major at Tech.

Toboggan sleds were invented by American Indians.

## NTSC Has New Masters Degree In Education

A new Master of Education degree, requiring 36 semester hours but no written thesis, will be offered at North Texas State College this summer.

Designed primarily for teachers and administrators, it will require at least one year of public school experience.

The new degree will require graduate credit of at least 36 semester hours. Masters degrees in arts and science call for 24 hours plus a six-hour thesis.

"We feel we are developing a program for the professional teacher or administrator which is geared to the idea of improving his teaching endeavor," Dr. J. C. Matthews, vice president of NTSC and dean of the School of Education, said in announcing the degree.

It will be offered in seven major fields: elementary school instruction or administration, secondary school instruction or administration, public school administration, supervision, and guidance.

## RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back. **CREOMULSION** for Coughs, Chest Colds, Bronchitis

## Extensive Damage By Wind Sunday

Strongest wind of the year hit Memphis and Hall County Sunday and developed into a dust storm after day-

break and northwesterly wind picked up thirsty soil along with it, blowing a dust storm.

A damaging blow to the suffering wheat crop, W. B. Hooser said, was that no extensive wheat was blown down the crop could still come in.

and did suck a lot of substrate from the ground, need for a rain that day, he said.

Official record of the wind's damage was taken here. Howardson reported blasts of 45 miles per hour and gusts to 55.

Other than being the cause of two automobile accidents south of here on Highway 287, no extensive damage was done by the wind in Memphis. Two telegraph poles on the Ft. Worth and Denver railway right-of-way were tipped over to a leaning position by the stiff breeze. However, Agent J. J. McMicken said that the poles were in a weakened condition prior to the storm. The poles are still standing with the aid of braces.

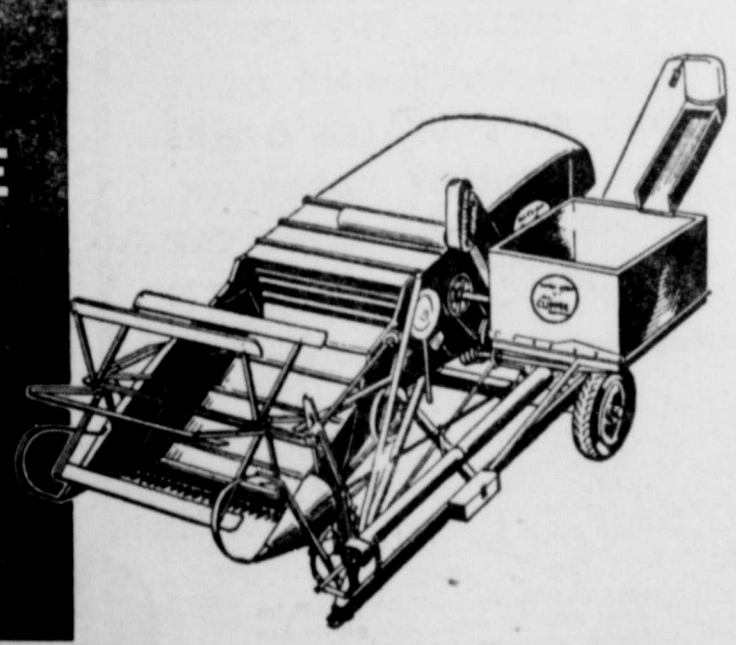

Childress weather reports said that the dust storm was solid from Lubbock to Oklahoma City and reached a height of 9000 feet. The warm wind blasts during the day brought Sunday's high temperature up to 90 degrees, according to Weather Recorder J. J. McMicken.

### CARD OF THANKS

### United Gas Plans Expansion For Gulf South Area

An expenditure of nearly \$36,000,000 is planned by the United Gas companies in 1950 to expand and improve facilities in the Gulf South states in which they operate, according to an announcement by N. C. McGowen, president.

by the distribution divisions of United Gas Corporation. Many of these new customers will be in cities and towns presently served by the firm, while others will be in communities previously without gas service. Nearly \$7,500,000 is provided in the 1950 construction budget for extension of gas service by the distribution divisions of the company.

United Gas Pipe Line Company, the transmission subsidiary, contemplates construction expenditures of nearly \$22,000,000 during the year. Approximately \$2,000,000 will go into gathering lines and equipment to tie additional gas fields into the pipe line system. About \$17,500,000

is scheduled for construction of new lines to communities and industries not presently served and to increase the capacity of existing transmission lines. The remainder of the Pipe Line Company construction budget will go into plans for the production of natural gasoline and other liquid hydrocarbons from natural gas, for expansion of compressor stations and other projects.

Union Producing Company, the producing subsidiary of United Gas Corporation, has a budget of nearly \$6,500,000 for acquisition of leases, exploratory drilling, gas and oil field development and re-cycling operations, including the drilling of about 50 wells in the Gulf South area.

United Gas, with general headquarters in Shreveport, invested more than \$36,000,000 in extensions of service and development of oil and gas fields during 1949, it was pointed out by President McGowen. This year's construction budget will bring the total spent on similar projects since 1930 to more than \$300,000,000.

United Gas Corporation and its Pipe Line and Producing subsidiaries have operations in Louisiana, Texas, Mississippi, southern Alabama, northwestern Florida and southwestern Oklahoma.

United Gas also owns approximately 75% of the common stock of Duval Sulphur & Potash Company. This firm has been engaged for some time in the mining of sulphur in Fort Bend County, Texas, and has recently extended its operations to eastern New Mexico, where it has discovered a substantial potash reserve. Mining and milling facilities on this property will begin in the immediate future.

"Residents of the area we serve will have directly or indirectly in the benefits of this construction program," McGowen said. "Thousands of persons will enjoy the conveniences of natural gas service for the first time. There will be more jobs for workmen in the Gulf South and resulting payrolls to benefit local businesses. A considerable amount of material and equipment will be purchased from firms in the area and the drilling program will mean more money for royalty owners and land owners in these states."

### George Wiggins Now Serving As Instrument NCO

Private First Class George Wiggins Jr., 20, the son of Mr. and Mrs. G. W. Wiggins R. D. 1, Lakeview, Texas is now serving as Instrument Corporal for the Second Platoon in the Heavy Mortar Company, 32nd Infantry Regiment, 7th Infantry Division in Camp Haugen, Honshu, Japan. Private First Class Wiggins attended the Linden High School in Linden, Texas. He attended the Fire Direction School at Camp Youngs, Japan in June, 1949. Private First Class Wiggins enlisted in the army May 1, 1948 at Lubbock, Texas and received his initial training at Fort Ord, California.

### VET PROBLEMS AND ANSWERS

Q. After I had mailed my last NSLI premium by postal note, I realized that I had failed to identify myself on the note. What shall I do now?

A. You should write to VA at once giving the amount of the postal note, the date and post office from which it was mailed as well as your name, address and policy number. In future premium payments on postal notes, you should make sure you write your name and address clearly on the back of the note and your policy number on the front.

Q. My husband who is now totally disabled, received a bad conduct discharge. Is he barred from receiving benefits from VA because he was not honorably discharged?

A. Under existing legislation, it is not necessary for a veteran to have an honorable discharge in order to be awarded VA benefits. It is, however, necessary that the discharge be under conditions other than dishonorable.

Q. I am at present receiving \$15 monthly compensation. If I become permanently and totally disabled for causes not due to service, will I be entitled to non-service pension?

A. Yes. Payment will be made to you under the benefit paying the higher amount, if you are otherwise eligible.

Q. I have been disabled ever since my discharge from the Army. If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer.

two years ago, but only recently did I make application for compensation. If VA allows my claim, will payment be made retroactive to date of my discharge?

A. No. The general rule with reference to the effective date of award of compensation is that it becomes effective as of the date of the application is filed with in one year from date of discharge, the award may be made retroactive to date of discharge.

AMERICAN COMMON-SENSE still prevails on ANY question—where the majority speak their minds. The great danger on many highly important issues, however, is that those VITALLY interested and affected fail to assert themselves. Write your Congressman and Senator, that you want COMPULSORY TAX health insurance, with all its red tape evils, and LOWERED quality of medical and other health services. Every American who possesses a true sense of direction wants individual freedom. He cannot have that freedom, and at the SAME time turn billions of payroll deducted dollars over to thousands of Federal bureaucrats, so they may ration all phases of health service. National surveys show that the vast majority prefer VOLUNTARY health plans. Tarver's Pharmacy Phone 24

The House of Quality

### Don't Take Your Greatest Asset for Granted

★ Most of us throw every safeguard possible around our property. Homes, automobiles, and valuable personal property are carefully insured against losses by fire, theft, and storm. We insure our lives to protect the economic well-being of our dependents. Yet health, on which depends our ability to earn these material comforts, is often completely neglected. Good health is too frequently taken for granted until it is lost. It is wise to protect this priceless asset. Include a health examination for every member of the family in your yearly budget. When medicine is prescribed, bring the prescription to us for prompt, economical service.

### Hundreds Tell Bob Wills Of Hadacol's Numerous Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Betty Lou Lobb, 720 College St., Bethany, a well known singer, is a good example.

"I was tired, run down and lost my appetite. I suffered with gastric disturbances. I had tried almost everything but it didn't seem to help me. I had heard about the wonderful results HADACOL had been bringing to so many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and had a wonderful appetite. I am no longer nervous. I am sure that HADACOL has helped me a great deal and I recommend it to my friends."

Miss Lobb suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the

### Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWYN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have already been benefited by

this amazing tonic, HADACOL. So, it matters not who you are. . . . it matters not where you live. . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

50,000 Miles - No Wear!

1. Driven 5 Years in 10 Weeks! For 70 days, six
brand-new cars raced over the broiling Mexican-border
desert at 60 m.p.h. ... putting amazing new Conoco Super
Motor Oil to one of the most punishing tests ever devised.
After 50,000 miles of continuous driving, engines showed no
wear of any consequence... in fact, an average of less than
one one-thousandth of an inch on cylinders and crankshafts.
Startling proof—factory finishing marks were still visible
on piston rings!

2. New-Car Mileage! This rugged road test—equal to
5 years' normal mileage—proved that Conoco Super Motor Oil,
with proper crankcase drains and regular care, can keep your new
car new! Gasoline mileage for the last 5,000 miles of the test-run
was as good as for the first 5,000 miles... actually there was an
average difference for the fleet of only 4/100 of a mile per gallon!

3. New-Car Power! Quicker Starts! Yes—
Conoco Super Motor Oil's extra protection keeps that
factory flash... that showroom smoothness... year
after year! Conoco Super Motor Oil OIL-PLATES metal
surfaces to make your engine last longer, perform better,
use less gasoline and oil! Conoco Super Motor Oil
virtually stops wear before it starts... keeps your engine
new and clean. New Conoco Super Motor Oil is the great
new modern wear-fighter!

## Editorial

### Let's Help Take The Census

One of the most gigantic statistical jobs—indeed, it is believed to be the biggest—in the history of this nation gets underway April 1.

This job—the 17th Decennial Census—will be watched with interest by most of us. As a nation, we may be compared with a large family in that we like to keep tab on just how many of us there are and whether or not we are growing at a healthy rate.

The census will tell us this and many other things. Of more interest to those of us in this area, this census will show us the rate of population increase in Hall County during the past 10 years. It will show us what our income level is and whether the most recent population shift has been toward rural or urban areas.

The statistics which will be compiled from this census will be of great value to our government groups and to private enterprise. The statistics which this census will supply will be of vital concern in future legislation, both on state and national levels.

For these reasons it behooves each Hall Countian to co-operate with the enumerators who will take this census. These enumerators are local people who have a very important job to do. By offering our full co-operation when the enumerator calls to ask questions, we can help make this huge undertaking a success.

### Red Cross Drive Is Short

Red Cross Drive Chairman Gray Carter said last week that he will extend the campaign through April if this is necessary to bring Hall County up to its \$2,600 quota.

Now Carter will be one of the first to admit that the average American is being swamped by organizations and causes which are asking contributions. But he believes that the Red Cross is an organization that is of great service to humanity and he feels that the quota for the county is low enough to be reasonable.

Actually the \$2,600 being sought amounts to only about 20 cents per person in this county. This hardly seems to be too much to ask. If you haven't made your contribution yet, why not do so as soon as possible and help bring Hall County up to that quota for 1930.

### Press Paragraphs—

#### QUOTING OUR NEIGHBORS

##### MORE MORALS!

Congress is all set to investigate the morals of Hollywood. What a joke! No one condones the immorality which has been displayed in Hollywood, both by the performers and in the pictures, but the public eats up the stuff. Investigation will simply intensify the desire of the public for more the same thing that Hollywood has been dishing out. Morals cannot be legislated, either good or bad.

—Canyon News

##### HIGHWAY PROBLEM

The problem of what to do about the road destruction caused by heavy commercial vehicles seems to be a major headache in practically every state.

An official publication of the Louisiana Department of Highways recently ran an article on the subject, in which it said that a very high percentage of the trucks are violating the weight laws. It then said, "We are building and maintaining heavy-traffic roads for only two percent

##### TOO MUCH GOVERNMENT

Many of the things The Hesperian is disposed to discuss, argue about, are dismissed by some of the more advanced thinkers as matters which are now part of past history, the patterns set the race lost, the record closed. We think now in particular of the transportation matter and particularly of the railways. The truck and bus folk appear to be no champion, youthfully exuberant and militant these industries have a modern-message

## UNHARMONIOUS DUET

of the nation's vehicles—This is a pretty large expenditure for such a small segment of traffic."

The Galveston, Texas, News said editorially, "Today's trucks are almost the size of railroad boxcars. Some, with their trailers, are even larger. These not only are wearing on tax-supported highways but they create serious traffic hazards—The trucking industry must bear an equitable share of the cost of maintaining and building the highway system."

Speaking of the taxes paid by the trucks, the Texarkana, Arkansas, Gazette said that they were very small in the light of "the damage done to the roads that must be maintained at the expense of the taxpayer."

So it goes, throughout the country. In the meantime, our roads are breaking down at a faster and faster rate and the cost of maintenance, repair, and building grows larger and larger. "Freight trains on the highways are financial drain on every taxpayer. There's lots of talk about it. Let's hope it will soon be implemented with action."

which seems to hit a responsive chord. Yet, the railways, which are, after all, the nation's chief network of commerce and transportation front of defense, need the thoughtful attention of the people of the country. It is too late to point with alarm for the present lawmakers. Their minds are set in a pattern, it seems to us. They know and accept that government and labor have hamstringed the nation's railways, regulated them, alternately strangling and applying restoratives, until the railways are helpless to help themselves. They are on the ropes and only hope the ICC, the Texas Railroad commission, the people who work for them and take their money, but at the same time call them unprintable names—they only hope that these people will give them an occasional opportunity to wage war with

business conditions and incidentally competitors on an equal basis.

To make the truck boys happy and to keep some of them from getting too hostile and read into this bit of thought something reflecting on them and their use of the highways, we hurriedly add the thought that they are headed in the same direction as the railways. The government and the people who work for the truckers will have them so tightly bound with red tape within the next decade that they'll be asking, not telling. A man will call up a trucker and want some information about a hauling job. The trucker's man will look in his rule book, like the railway man does, and then tell the customer he'll let him know as soon as he can find out.

"So what! I take two baths a day"

Whether they like it or not... American boys are the cleanest in the world. Here in the Gulf South, automatic gas water heaters keep an abundance of hot water always on hand... for bathing, dishwashing, laundering. Natural gas does all the big jobs in the home... and costs you only a few cents a day.

### Natural Gas Serves in Many, Many Ways

Thousands of industries, stores and homes in the Gulf South depend on natural gas as their economical source of fuel and power. Gas company payrolls stimulate trade and create jobs throughout the area. Gas company taxes help finance your health, police and fire protection, your schools and roads and other essential governmental services. Natural gas is a valuable and inseparable part of Gulf South prosperity.

Six-Inch Sermon REV. ROBERT H. HARPER

The Church Suffering and Triumphant. Lesson for April 2: I Peter 4: 12-13; Revelation 7: 9-17. Memory Selection: II Timothy 2: 12.

THIS being Palm Sunday, it is fitting that we consider the Church Triumphant. Peter writes of churches he had founded in Asia Minor of some fiery trial that had come upon them, or would come, and he exhorted them to stand firm in view of the blessings that would come to them in the better world. In Revelation we learn of the heavenly glory in the great hereafter. As the inspired seer, St. John, looked off from Patmos, the site of his banishment, he saw the New Jerusalem, and a vast multitude that no man could number, standing before the throne, clothed in white robes, with palms in their hands. What a Palm Day indeed!

One of the elders told John that those arrayed in white robes had come out of great tribulation and had washed their garments white in the Lamb's blood. And they served God in his temple. What a glorious thing to contemplate from the vantage of our imperfect world! When our trials have passed away, we can join in the service of praise, led by the four and twenty elders, casting down their golden crowns around the glassy sea. We cannot know just how heaven will be for us. It is enough to know that its joys will never end. The one thing is to make sure of going there, through faith in Christ. Let us strive to be worthy of a place in the innumerable multitude by washing our robes.

Don Tarver Studies Ag Journalism

Donald Q. Tarver, Memphis, Texas, is a senior in agricultural journalism at Kansas State college.

Kansas State is one of the six colleges in the United States offering a degree in agricultural journalism. Courses in this curriculum include basic studies in dairying, animal husbandry, horticulture, poultry husbandry, agronomy and other agricultural sciences. In addition the student takes reporting courses, editing, advertising, radio and others to prepare him for work in the field of his special interest.

The field for graduates is large since there are more than 500 agricultural publications in the United States as well as many publications dealing with agriculturally related subjects. A farm background is desirable for graduates but not essential.

Bob Jeffries Is Mechanic In Air Force

Private First Class Bob L. Jeffries, 23, of Memphis, Texas, has entered the Airplane and Engine Mechanic's School at Sheppard Air Force Base, the home of the largest technical school of this type in the world. During his 28-week course as a student at Sheppard he will receive intensive training designed to provide him with the thorough knowledge and the basic skills required in servicing, inspecting and maintaining every type of aircraft currently used by the USAF. Upon graduating he will be awarded the rating of Airplane and Engine Mechanic. Along with the majority of graduates in his class, he probably will be assigned to one of the major Air Force commands for on-the-job experience with first-line operational aircraft after completion of his schooling here. Pfc. Jefferies is the son of Mrs. Vesta Jefferies of 203 11th St., Memphis.

This Week in WASHINGTON

LAST WEEK was a busy one in Washington, both in and out of congress, with every move weighted with politics and with the congressional elections this fall as objectives of the leadership of both parties.

There is little question but that the charges by Sen. Joseph R. McCarthy of Wisconsin of Communist infiltration in the state department were made for political effect. The truth of the matter is that the charges will not be borne out by the investigation promised by the senate committee. The chances are that whatever truth there may be in the charges is likely to be soft-pedaled.

Republicans are charging that the refusal of the President to turn over all the files of the state department to the committee is prima facie evidence there is something to hide. This is not the case, however, according to those who know the facts. The loyalty review set-up in the government is a two-way street. Not only are the loyalty investigations set up to oust the Communists and those who are considered a bad risk, but they are also designed to protect the innocent employees of the government.

The F. B. I. investigations have proved to date that less than one-tenth of 1 per cent of those thousands of employees who have been screened have a taint of disloyalty against them. McCarthy's charges of four, 57 or 200 Communists in the department were first made in political speeches by the Wisconsin senator.

Of the first water importance was the settlement of the coal strike, with John L. Lewis coming out on top again, just when some thought the wily mine union leader was "over a barrel." And again politics crops out. Senator Taft is asking for an investigation of the court proceedings against the mine union because the government did not prove its case of contempt against the mine union. Senator Taft thinks, apparently, the government did not do its best to prove the charges.

Then there was action by both "The Jazz Singer" starring Al Jolson was the first talking picture. For a short period from 1835 to 1837 the United States government was out of debt.
