88,888 BALES IS WINNING GUESS IN 1949 COTTON GUESSING CONTEST

Mrs. Rhodie Davis of Memphis has won the 1949 Cotton Guessing Contest, conducted annually by The Democrat. Mrs. Davis guessed that 88,888 bales of cotton would be ginned in this county during the season just passed. Ace Galley, census enumerator for Hall County, this week released the final official figure as 88,214 bales, making Mrs. Davis' prediction only 674 bales over a perfect score.

She will receive a three-year subscription to The Democrat as first prize. W. B. Scott of Memphis is second for this year with a guess of 91,030 bales. It was the highest guess made in the contest this year which saw a record number of predictions entered. He will receive a two-year subscription to The Democrat.

Third place prize of a one-year subscription goes to C. A. Russell of Turkey who guessed 80,889 bales. The 88,214 bales of cotton ginned this year represents a new all-time record for Hall County. It barely passes over the 87,078 bales ginned here in 1928.

County Dairymen To Hold Monthly Meeting Tuesday

The Hall County Dairy Association will hold its regular April meeting Tuesday night, April 18, at 8 o'clock, Secretary Charlie Williams announced this week. He said the meeting will be held in the county court room at the court house here.

The Purina Feed Co. will present a film on milking procedure and feeding of calves, Williams said. He said that every person interested in dairy cattle in this area is cordially invited to attend the meeting.

ALL COUNTY ENTRIES WIN AT PLAINVIEW; BYARS EXHIBITS JUNIOR GRAND CHAMPION

John Luther Byars, son of Mr. and Mrs. J. B. Byars of Lakeview, won top honors at the Panhandle-Plains Dairy Show in Plainview Monday. Young Byars exhibited the grand champion heifer—a senior yearling Jersey—at the 4-H and FFA Junior Dairy Show which opened the giant dairy extravaganza. His heifer won first place in the Jersey senior yearling division. Alga Turner, son of Mr. and Mrs. Alga Turner of Turkey, won third place in the senior yearling heifer division.

CLAUDE'S COMMENTS

By J. C. W.
How you feel this Thursday morning, huh? Good, huh? Who wouldn't, with signs just right for the long-looked for rains. Over one-half inch of rain has already fallen, and clouds rain-laden, with the wind from the right direction. It brings to mind the song, "It isn't raining rain to me; it's raining daffodils."

PLENTY OF ROOM FOR ALASKA AND HAWAII . . . There has been considerable speculation as to possible arrangements of the stars in Old Glory should Alaska or Hawaii or both be admitted to statehood. These girls at the office of the world's largest manufacturer of flags in New York City show two combinations of 50 stars flanking a flag with a field of 49. If—and when—Alaska and Hawaii are voted statehood, there will be a boom in the flag-making business, for existing U. S. flags will become obsolete.

Owls Blast Dukes, 9-4 In Opener

The Memphis Owls turned on a four-run rally in the fourth inning here Saturday night to win their 1950 opening game against Wellington, 9-4. The Dukes had led 4-2 up to that point.

Leonard Ruyle opened on the hill for Memphis and worked un-

til the sixth inning when he was relieved by Manager Doc Pitman. Ruyle gave up five hits and all four Duke runs. He was credited with the win.

Pitman held the visitors to two hits during his three-inning performance.

The Owls blasted three Wellington hurlers for eight hits. Caple was relieved in the fourth by Upton who gave way to Brown in the eighth. Upton was charged with the loss.

Both Clubs scored runs in the second inning but Wellington brought in three tallies in the third to slip ahead. Memphis scored once in the third and then had their big four-run frame. They added two more scores in the seventh and another in the eighth.

Attention Voters Over Poll Tax Paying Age

I have mailed out a Political letter to all names in Hall County on the Poll Tax List.

As I did not have any way of getting all names of voters that did not have to pay Poll Tax I did not send you a letter. I regret this very much as I think that the older people that know me best are stronger for me than the ones that don't know me so well.

But will appreciate any and all help and suggestions from you, so come in and let's talk things over.

Yours for a BETTER and Cleaner Hall County which to raise our children.

How Would You Like to Live in the "Good Old Days"?

Back in grandfather's time, during the final years of the last century, things were quite different. There were no movies, no airplanes, no automobiles, few bathrooms, practically no electrical appliances. If you contracted cholera or pernicious anemia, your days were numbered. Your blood just "changed to sugar" and you were "to water" in the latter. There was little protection against virulent epidemics. Smallpox vaccine was the only biological on the market. When diphtheria or typhoid ravaged a community, there was nothing to do but wait it out in hope and dread. A return to the "good old days" would mean, among other things, the sacrifice of the major portion of the contributions of medicine and pharmacy to your health and well-being.

BARBIZON

A masterpiece of design... a masterwork of weaving! Alexander Smith's Barbizon introduces a completely new fashion in textured carpeting. For the design is created, not with different colors, but with yarns of different texture, dyed the same subtle shade. The plume and scroll design of deep, plushy wools is set against a background of tightly twisted yarns. And, to add to the richness of the pattern, the design is sculptured, to further the bas-relief effect. Now, for the first time, you can carpet your home with a broadloom that combines the beauty of textured pattern, and the luxurious depth of pile. Barbizon is so new that there is still not enough for all who want it. So come as soon as you can to make sure of securing enough of the color you want to carpet your home. Available in deep green, grey, beige, rose and blue.

ments were served during the hour to Mmes. C. W. B. Estes, Henry Foster, John Fowler, H. J. Howell, T. M. Isham, Claud Johnson, Ed Monzingo, J. A. Odum, S. B. Palmeyer, Myrtle Phelan, Bob Roberts, Robert Sexauer, Edwin Smith and Miss Gertrude Rasco.

Mrs. Lee Brown Is Hostess to Methodist Circle

The Methodist Young Women's Circle met Monday evening, April 10, at 7:30 o'clock in the home of Mrs. Lee Brown.

Mrs. M. D. Gunstream was program leader for the evening and the subject under discussion was "The World Must Learn to Read."

Betty Sheppard spoke on "The Defrauded Millions" and "New Responsibilities Created by Millions of New Readers" was discussed by Patsy Clifton.

The study, "The Desperate Face" was given by Mrs. Jack Baldwin.

Mrs. Calvin Draper, president, conducted a short business session preceding the study hour.

A salad course was served to the following members: Mmes. Rollo Davidson, Jay Sheppard, Olive Lee, Calvin Draper, Noel Clifton, Cove Hunt, Jack Baldwin, M. D. Gunstream, Charlene Carter and Mrs. Brown, Hostess.

Dr. and Mrs. M. McNeely and Mrs. T. K. Treadwell and sons, Terry and Phil, spent the Easter holidays with Dr. and Mrs. Alfred H. Freeman at Wichita Falls. Mrs. G. R. Sensabough and daughter, Mary Lane of Dallas also visited the Freemans.

G. H. NELSON

Lubbock Lawyer Announces For State Judgeship

Former State Sen. G. H. Nelson, Lubbock attorney, will be a candidate for the State Court of Criminal Appeals, subject to action of the Democratic primary election on July 22.

A former city attorney of Tahoka; county attorney of Lynn county; 106th district attorney and a private law practitioner for 23 years, Nelson seeks the

post now held by Judge F. L. Howkins.

Nelson, 48, was born in Hughes Springs, Cass county; was educated in the public schools there; East Texas State Teachers college, Commerce; and the University of Texas.

He has been a resident of Rosco, Hermleigh, Tahoka, and Ralls, in West Texas prior to moving to Lubbock in 1936. Before entering the practice of law in 1927, he was a school principal and superintendent and a chamber of commerce manager.

A member of the State Senate between 1935 and 1941, Nelson was a candidate for lieutenant-governor in 1938, losing to Coke R. Stevenson in the latter's first campaign for that office. He is married and has four children.

Nelson's announcement stresses his seven years as a prosecutor, more than a decade of defense counseling and seven years in the legislative branch of the government, during which he helped write numerous laws, as especially fitting for him for service on the State Court of Criminal Appeals.

"It shall be my purpose, as a member of the State Court of Criminal Appeals," the Nelson statement says, "to protect the rights of every individual who may be charged with crime to the end that those rights, under the Constitution and laws of Texas are preserved. Likewise, it shall be my purpose also to protect the public from the ravages of crime and criminals. The public has rights that must be preserved, as well as the individual who may be haled before the courts."

Nelson said he would wage an active campaign for the office and expects to visit each of the state's 254 counties between now and the July election.

Gerald Howard Is Aboard Destroyer With Sixth Fleet

Gerald D. Howard, seaman apprentice, USN, of Lakeview, Texas, is scheduled to arrive in Naples, Italy, April 22 aboard the destroyer USS Vogelgesang, which has been engaged in fleet maneuvers with the Sixth Fleet in the Mediterranean.

The visit to Naples was arranged to afford the ships' crews a period of relaxation ashore and an opportunity to visit the beautiful Italian countryside.

Leave parties have been arranged which will enable a large number of men to visit Rome. They will join the many thousands from all over the world who are visiting the Eternal City during the Holy Year. Trips have also been scheduled to Mount Vesuvius, the ruins of Pompeii and the Isle of Capri.

Crooks, Young Are Point Makers For Cyclone Squad At Childress

The Memphis Cyclone cinder crew took it on the chin Friday night—in regard to both breaks and form—but still managed to collect six points and a seventh place standing in Childress' Green Belt Track Meet.

Bobby Crooks and Bobby Young provided all the scoring puns for the Cyclone thin-clads. Crooks took second in the 440-yard dash and third in the 220-yard sprint to collect five points. Young added the other point with his fourth-place performance in the 120-yard high hurdles.

Amarillo won the meet with ease, rolling up 49 points to lead the field of 12 entries. Abilene was second with 36 points. Both are Class AA schools.

Phillips, a team Memphis beat handily at Panhandle several weeks ago, was third with 12½ points and White Deer took fourth with 11½. Wichita Falls finished fifth, scoring 10 points and Childress gained sixth with 7½.

Hamlin tied Memphis for seventh. The remaining schools, in order of finish, were: Shamrock 5, Borger 4, Wellington 2, Turkey 2 and Vernon 1.

Memphis stock took a heavy blow in the high hurdle event when Bobby Young was forced off-stride by a collision with a competitor and thus ruined a great chance to cop first place in the event. He still managed to get in the money with a fourth place finish but his start left little doubt but that he would have finished higher except for the accident.

Bobby Crooks met the classiest dash man in the state when he

ran against Amarillo's Galen Fowler in the 440-yard dash. Fowler sped over the distance in a new record time of 51 seconds to clip exactly one second off the old mark. This event drew the most attention of any in the meet. Crooks contested the Amarillo star most of the distance but wasn't able to keep the pace and finished about 10 yards behind Fowler. His time was 53 seconds.

Crooks looked like the class in the preliminary 220-yard event but ran third in the finals Friday night. Tommy Moore of Phillips won the event with a 23.5 second run, followed by James Self of Wichita Falls. It was a new record, the old one being 24 seconds.

Two other records fell in the track events. Tom Horn of White broke his own 2:06 minutes record in the 880-yard run with a sizzling 2:05. He was running against time since there were four heats in the event.

Joe Sparkman of Childress broke the mile run performance with a time of 4:45.3. He was voted the most outstanding athlete in the meet for this showing.

Field event records to fall were the high jump, where Amarillo's Robert Whiddon soared to 6 feet, 1¼ inches, and the shot put, sent 47 feet 10 inches by Don McGraw of Abilene.

Whiddon was the high point man for the meet. He took first in the discus and high jump and second in the shot put to amass 13 points.

Results: DISCUSS—1, Whiddon, Amarillo; 2, McGraw, Abilene; 3, Childress, Amarillo; 4, Bridges, Abilene; 135 feet, 10 inches.

HIGH JUMP—1, Whiddon, Amarillo; 2, White, Wellington; 3, Tie, Cox, Amarillo, Smink, Amarillo; Grant, Abilene. 6 feet 1¼ inches.

BROAD JUMP—1, Eldridge, Phillips; 2, McLemore, Shamrock; 3, Donnell, Amarillo; 4, Walker, Vernon. 21 feet, ½ inch.

Mouth Cancer Takes 10,000 Lives Yearly

"Death enters through the mouth" is an old and rather false French saying. However, cancer of the mouth is a serious disease that destroys approximately 10,000 men and women each year.

The control of this kind of cancer rests very largely with the patient and with his dentist and physician. Persistent though minor sores in any part of the mouth, lip or tongue should receive medical attention. A dirty mouth is apparently a more frequent site of cancer than one receiving adequate personal and dental care.

Many theories have been advanced as to what causes cancer of the mouth but none is satisfactory. Vitamin B deficiency may well be a factor in stimulating pre-cancerous conditions. Irritants of the tissue may contribute to the disease. One authority suggests—for lack of more scientific information—the old English advice, "The temperate use of spice, smoke, and spirits."

(A Short Story)

By RICHARD HILL WILKINSON

"WHEN A MAN," said Shirley Frazer, "is so proper, so all bound up with convention and propriety that he bends over backwards, what can you do about it?"

"Give him the air," said Leona, promptly. "What a big help you are! I happen to be in love with the man. I happen to want him to propose to me—and—and he won't."

"Both of you," said Leona, "ought to have your heads examined."

"He's always trying to protect my honor and my good name," Shirley appeared on the point of tears.

"I feel quite confident," said Leona, "that he must be insane." Below stairs Shirley's mother was announcing that Mr. Cy Ax-

ford had arrived and had been waiting 15 minutes. Shirley gasped. She took a last look at herself in the mirror, flung a hurried goodbye at Leona, and rushed out. Cy Ax-

Memphian Injured Sunday Morning In Lawton Wreck

Miss Alma Bruce, West Ward teacher, was injured Sunday morning in an automobile accident at Lawton, Oklahoma.

Miss Avis Kilpatrick of Memphis and Miss Adelle Harrel were also in the car but sustained no injuries. The automobile is owned by Miss Harrel who is teaching school at Andrews. She reported that the car was badly damaged.

They were returning from the Easter Services which are held each year near Lawton when the accident occurred. Miss Harrel had stopped for a street light when another car hit her from behind, driving her automobile into one ahead of her.

Miss Bruce has been confined to her home this week as a result of injuries but her condition was not reported as critical.

Borger Gassers Blank Memphis

Borger hurler James Parker limited Memphis to four scattered singles Monday night as the Gassers blanked the Owls 3-0 in an exhibition game at Estes Park.

Leonard Ruyle and Doc Pittman combined their tossing talents to hold the West Texas-New Mexico league club to six hits but their efforts were not quite enough. A

of Owl miscues and a freakish triple by Gasser Perry put the game on ice for the visitors.

Ruyle opened on the mound for 3½ innings and Player-Manager Pittman relieved him in the fifth frame. Ruyle gave up three hits and one run while he was working while Pittman allowed an equal number of hits and two runs. Ruyle was charged with the defeat.

Pittman started a rally for the Memphis club in the last of the ninth when he singled and was sent on to second by Coppedge's one-sacker after Pruitt had struck out. But Stewart hit into a double play to end the game.

Borger scoring came in the third, sixth and eighth innings. POWER SHORTAGE

Open House Honors R. H. Wherry On 75th Birthday Anniversary

Honoring R. H. Wherry, who celebrated his 75th birthday Saturday, April 8, Mrs. Wherry and Mrs. Otho Fitzjarrald entertained with open house at the family home, 914 Cleveland, Sunday afternoon.

A host of friends of the honoree called between the hours of 3:00 and 5:00 o'clock.

The entertaining rooms were attractively decorated for the occasion featuring a variety of spring flowers in pastel shades.

In the dining room, a beautifully decorated birthday cake served as the centerpiece on the refreshment table. Mrs. Otho Fitzjarrald, daughter of the honoree, presided at the silver coffee service. She was assisted in serving by Mrs. J. W. Fitzjarrald, Mrs. Reba Stroehle and Bille Jean Stroehle.

Mr. Wherry, who has operated the Wherry Jewelry Store in Memphis for the past 40 years, has the honor of operating one of the oldest businesses in the city.

A native of South Carolina, Mr. Wherry moved to Texas when a young man. Mr. and Mrs. Wherry were married in East Texas 42 years ago this month. The young couple first located in Vernon where they resided two years prior to moving to Memphis in 1910.

Mr. Wherry is a member of the Baptist Church. He has taken an active part in the growth and development of the city.

Blue Bonnet Club Enjoys Social At Potts Ranch

The Tomie Potts' Hereford Ranch, located near Hedley, was the scene for an enjoyable social given by the Blue Bonnet Needle Club on Friday evening, April 7. Special guests on this occasion were husbands of the members.

The group arrived at the ranch about 7 p. m. and enjoyed an inspection tour of the farm, viewing some of the fine animals recently added to the Potts herd.

A delicious barbecue supper was served in the attractive country apartment were foursome tables were arranged. Decorations were in keeping with the Easter season.

Mrs. Potts was assisted with Party arrangements by members of the social committee including Mrs. Ottie Jones, Mrs. George Cullin and Mrs. Jack Boone.

Following the meal, the group enjoyed games of forty-two.

Attending this affair were Mr. and Mrs. George Cullin, Mr. and Mrs. Herschel Combs, Mr. and Mrs. Jim Vallance, Mr. and Mrs. T. B. Rogers, Mr. and Mrs. Rex Snell, Mr. and Mrs. Ollie Lee, Mr. and Mrs. Ottie Jones, Mr. and Mrs. Claud Johnson, Mrs. Fern Boone and hosts, Mr. and Mrs. Potts.

Since 1902 when President McKinley was assassinated, the U. S. Secret Service has been charged with guarding the President.

Newlyweds Named Honorees at Dinner Party in Estelline

Honoring Mr. and Mrs. James Whaley, Mrs. J. A. Ballard, Mrs. W. M. Whaley, and Mrs. Jerrel Rapp entertained with a western dinner in the spacious home of Mr. and Mrs. J. A. Ballard in east Estelline on Saturday night.

Tables which were arranged in the living room and dining room seated all guests. Beautiful cut flowers centered with pink pencil candles served as centerpieces for the tables. Places were marked with hand-painted cards.

The delicious food was served buffet style and included on the menu were: baked ham, potato salad, relishes, sliced tomatoes, baked beans, cake, iced drinks and coffee. After the dinner, table games were enjoyed until a late hour.

Those present were: Mr. and Mrs. James Whaley of Austin, Mr. and Mrs. C. L. Sloan, Jr. of C. L. Sloan, III of U. S. Armed Forces, Patti Soan, Ray Purdue of Childress, Nell Bailey of Earth, Paul Kinard of Memphis, Carroll Berryman, Rabb Holland, Morris Leary, Mr. and Mrs. Frank Cooper, Mr. and Mrs. Bob Davidson, Mr. and Mrs. C. Mr. and Mrs. James Whaley are studying in the University of Texas, where they will graduate in June. They married recently and are visiting his parents, James Whaley was born and reared in Estelline, and is a graduate of Estelline High School. His father is major of Estelline and his mother a teacher in the public schools.

Memphis Students Present Program At Wesleyan Meet

The Wesleyan Service Guild was hostess to members of the Woman's Society of Christian Service and the Young Mother's Circle when they met in regular session Thursday evening, April 6.

The meeting chapel was made attractive with the appropriate decorations, white lilies, green ferns, and palms.

Guests and members were greeted by the president Mrs. Earl Hill, who also introduced students from the local high school who were to bring the Easter program for the evening. Miss Joanna Davis, in a beautifully sincere voice, began the narration of the story of the triumphal entrance into Jerusalem of Jesus of Nazareth. To emphasize her story she used typical pictures on the flannel board.

Interspersed between the salient sections of the story stanzas, familiar, beloved hymns were sung by Misses Minnie Lee Jackson and Margaret Ann Massey. These girls were accompanied by Miss Beryl Ann Davis.

Joanna, in the end, made an appeal for all those who love and observe the Easter-tide to renew their hope and lift their eyes and deepen their faith, because the great promise of the season is: "There is no death; life is eternal; and Jesus Christ, the Savior of the world, suffered under Pontius Pilate, was crucified, dead, buried; but on the third day He arose and ascended into Heaven, where He waits to welcome His own."

Following the program a short business session was held and the following officers were elected to serve during the term 1950-51. Mrs. Robert Spicer, president; Mrs. Hester Bownds, vice-president; Miss Neville Wren, recording secretary; Mrs. Earl Hill, treasurer.

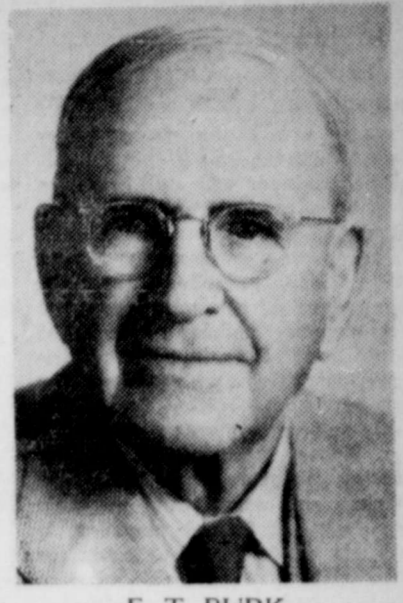

Assisting in the serving of refreshments to those present were Mesdames A. O. Gidden, Robert Spicer, and Earl Hill.

Mr. and Mrs. Arthur Howard spent the Easter holidays in Big Lake visiting their daughter and husband, Mr. and Mrs. Samuel Whiteside.

IMPORTANT PEOPLE!

Who Is IMPORTANT?

E. T. BURK For Congress

E. T. Burk, leading candidate for Congress says: "Nearly all of us have children. Some of us have grandchildren."

"And how we love them! How we pray for peace, freedom, well-being for them. We are ready to fight for them and their welfare!"

"And we have senior citizens who are important and who have hard-earned rights. Just because a man or woman has a few gray hairs is no reason that he or she should be put on a shelf and marked off the list."

"Nothing else has hurt me more than the knowledge that many of our senior citizens have been kicked around as political footballs. I oppose this. I abhor it. I am the only candidate who has promised to fight the battles of senior citizens, and I will keep that promise. All senior citizens can count on E. T. Burk, candidate for Congress, Amarillo, Texas."

THERE IS NO DOUBT

That E. T. Burk is the leading candidate Burk CAN win! Never before have the senior citizens had such a wonderful opportunity to have a true friend in Congress. Pass the word on!

Worry-- SOLD OUT!

You buy your Democrat at the counter each week you may have had this experience lately . . . to turn down many readers each week because we are sold out of papers.

And, while we are in business to sell them, we don't like to turn down anyone who wants to buy a paper—even if it's because of a sellout.

Naturally, we try to anticipate the increased demand for Democrats each week and increase the number of papers we print accordingly. But it is impossible to predict exactly how many papers will be sold at the counter. As a result, we have been sold out each week.

There is one way you can be sure of getting your Democrat each week—by taking out a subscription.

And a subscription not only assures your getting your paper but it saves you real money during the year. Compare these prices:

Experts Discuss

(Continued from Page 1) age, he says, means a greater concentration on better methods for greater production from fewer acres, for now, it will be the efficient producer who will continue to make a profit from his cotton operations.

The seven steps include: fitting cotton into balanced farming; taking care of the soil; using the best variety; making your labor count; controlling insect and diseases; picking and ginning for high grade and selling for grade, staple and variety value. Basically, says Hooser, this is just a good farming program that individual farmers can carry out on their own farm. It is not new but it does emphasize the basic practices and methods that can lead to greater and cheaper production per farm and at the same time the soil can be improved and built up.

Hooser says cotton farmers are planting better seed. Higher yielding varieties of superior fiber are being bred by the Agricultural Texas Experiment Station and the seed breeders of the state.

Mechanization has saved labor and has cut the cost of production for the cotton farmer. The rotary hoe, the stripper and mechanical picker have been widely and successfully used. Cotton farmers in Hall County used more insecticides than any other year, as dusts and sprays, on 165 thousand acres of cotton. This insect control program was a contributing factor to the high county average yield in 1945. The best per acre yield in the history of the county.

Hall County farmers received free classing service under Smith-Doxey Classing program.

Hooser expects even greater achievements for the coming year.

Comments

(Continued on Page 8) for the man who "will save the country." To hear these supporters talk, one would think there is but one candidate who is not being run by certain selfish interests. It's the same old game of candidates wanting office and getting voters lined up to vote for them, and keeping them lined up for the next election so they may be perpetuated in office.

Enough of politics for this week. Let's think how great our section of country is compared with other sections. And how things will look after an inch or two of moisture has penetrated the parched earth.

Am due to be in Amarillo Friday and Saturday. The occasion is the annual meeting of the Panhandle Press Association, at which convention, my junior partner, Herschel Combs, will be one of the speakers. His subject is, "A weekly publishers obligations." The convention is one time in the year when all the newsmen of the Panhandle get together for business and pleasure. It peeps them up for another year's grind. New ideas are aimed that make the meeting profitable.

Mr. and Mrs. N. H. Geter announce the arrival of a son, Gary Doyle, born April 5.

for he says the program is now well organized and all interested groups and individuals know and recognize the value of the program to the cotton industry. He believes that per acre yields can be increased even above the 1945 figure if farmers will continue to use the best known production methods and practices on their farms.

Last Rites

A special section was reserved for funeral directors of this area, all friends King made during his many years in the funeral home business.

Directors attending included Benny Estes of Amarillo, E. M. Blackburn, Sr., of Amarillo, Carl Wolf, Clovis, J. E. Norris and son of Paducah and J. M. Underwood of Vernon.

King was born in Farmersville and came to Hall County with his family when he was a small boy. His father, B. F. King, owned one of the first furniture stores in Memphis.

King and his brother, Jim started in business here in 1919. They operated a furniture store and funeral home until a few years ago.

King had been very active in the Masonic Lodge here and held a number of degrees in that fraternity group. He was a member of the First Baptist Church.

He was preceded in death by his parents and five brothers.

Survivors include four sisters: Miss Inogene King, Memphis, Mrs. C. H. Smith, Duncan, Okla.; Mrs. Ala Boswell, Memphis, and Mrs. Ray Martin, Pampa.

Four Prominent Jersey Cattlemen Visit Here Tues.

Four prominent Jersey Cattlemen stopped off in Memphis Tuesday en route to the Panhandle Plains Dairy Show in Plainview.

The four were: Floyd Johnson, executive secretary of the American Jersey Cattle Club from Columbus, Ohio; D. T. Simons, field representative for the organization from Ft. Worth; Evans Reese, owner of the Reese Jersey Farm at Waco, and Frank Tooke, Jersey breeder from Tyler and president of the Texas Jersey Cattle Club.

The men had been attending the Jersey Show at Lawton, Oklahoma. They will be in Plainview Thursday night where Johnston will speak at a banquet and then will travel to shows at Cleburne, Austin, Dallas, McKinney, Little Rock, Ark., and Memphis Tenn.

Johnston is visiting in this territory to become better acquainted with the Jersey breeders in the area.

Simons said that plans are being made to build a new home for the American Jersey Cattle Club at Columbus. There are 3,000 members in the organization. Clifford Farmer has been a member of the organization and active in its work for a number of years.

Concert Group

(Continued from page 1) Membership for the coming season will be \$4.80 for adults and \$2.40 for students. This price will enable the member to attend all the concerts during the year.

Thomas said. The association plans to sponsor five concerts during the coming season.

The final concert for this year will be held on April 25 and will feature Henry Scott, concert and comedy pianist.

"As an added attraction, the association will honor all tickets for the coming season which are bought before April 25 at the Scott concert," Thomas said. "Of course, all persons now belonging to the association already have their tickets to the April 25 performance," he pointed out.

Scott has been called "The Will Rogers of the piano" by Life magazine critics. He is now in his third year of return engagements for the concert group.

"He is one of the most popular artists touring the nation at this time," Thomas said.

The members of the Hall County concert group have been organized into units of division chairmen, team captains and campaigners for the membership drive. Each division chairman has five team captains who in turn supervise five campaigners each.

Memphis division chairmen include: Mimes, L. G. DeBerry, R. S. Greene, Clyde F. Milam and Mac Tarver.

Out-of-town chairmen include: Mrs. Charlie Russell, Turkey; Mrs. Anna Dickson, Brice; Pauline Moffett and Joe Moreman at Hedley and Mrs. C. L. Sloan at Estelline.

Thompson said other chairmen, team captains and campaigners will be announced next week.

Hostess Groups and Committees Are Preparing For District TFWC Meeting

A "crew of mechanics" is hard at work readying the machinery which will be set into motion April 27 with the arrival of several hundred club women in Memphis for attendance at the annual spring convention of seventh district, Texas Federated of Women's Clubs.

The "mechanics" were recruited from the federated club groups of the city and are working under the supervision of Mrs. D. L. C. Kinard, general chairman, and Mrs. C. C. Hodges, co-chairman. The convention will open Thursday night, April 27, with a board dinner. Arrangements for the dinner are under the chairmanship of Mrs. R. S. Greene and is a courtesy of the Lion's and Rotary Clubs of Memphis.

All convention delegates and visitors will be privileged to view an art exhibit which is being arranged by Mrs. Boyd Rogers, chairman.

For Friday's International luncheon, Mrs. T. J. Dunbar will serve as chairman. That luncheon, it is revealed, will feature a program dealing with international relations. Mrs. Carroll Smyers of Lubbock will preside. The principal speaker will be Hazelton Madison of Hyderabad State, India.

One of the social highlights of the convention will be the courtesy tea which will be held Friday afternoon at the Country Club. Arrangements for the tea are under the direction of Mrs. Claud Johnson and is a courtesy of the two banks of Memphis. The First National Bank and The First State Bank.

On Friday evening the fine arts program will be featured. Mrs. Stanton M. Field of Amarillo, fine art chairman, will be in charge. Preceding the fine arts program the parade of presidents will be held. Mrs. A. E. Boyd of Plainville, second vice president, will preside.

Arrangements for Saturday's luncheon are under the direction of Mrs. H. J. Howell.

N. M. Lindsey Attends Family Reunion in Denton

N. M. Lindsey was in Denton over the week end where he attended a family reunion in the home of Mr. and Mrs. C. A. Castleberry. Nine of the eleven brothers and sisters were present at the Castleberry home on Easter Sunday. H. A. Lindsey of Missouri and one sister who lives in Dallas were unable to attend.

Approximately 60 relatives, including the children, grandchildren and great-grandchildren, enjoyed the family occasion. Among the immediate family present were Mrs. Annie Hampton of Dallas, Mrs. Alice Hampton of Wolfe City, Mr. and Mrs. Alonzo Lindsey of Brownfield, Mr. and Mrs. W. A. Lindsey of Lamesa, N. M. Lindsey of Memphis, Mr. and Mrs. J. W. Lindsey of Denver, Colo., Mr. and Mrs. C. H. Lindsey of Denton and Mr. and Mrs. Charlie Lindsey of Childress.

Pre-Nuptial Shower at Lakeview Honors Miss Zelda Ray Saunders

Miss Zelda Ray Saunders, who became the bride of R. B. Smith on April 8, was complimented with a lovely pre-nuptial shower on Friday evening, April 7, in the Lakeview Home Economics Building.

The room was attractively decorated for the occasion featuring a large cupid hanging above the entrance and other cupids and satin covered hearts throughout the room. Noted at vantage points were blooming pot plants and bouquets of cut flowers.

Guests were greeted at the door by a receiving line formed by hostess June Lane, the honoree's mother, Mrs. E. H. Saunders; the honoree, and the groom-to-be's mother, Mrs. Frank Smith of Elmhurst. Mrs. Vay Nabors invited the guests to the dining room where punch and cookies were served by Norma Sue Hall and Oleta Rice. The refreshment table was laid with a lace cloth and centered with an attractive satin covered book imprinted with the silver letters "R. B. and Zelda, April 9."

After the guests were served, Retha Mitchell invited them to sign the register and then be seated for the program. Special chairs, decorated in blue and pink crepe paper, were reserved for the honoree, her mother and the groom-to-be's mother. Retha Mitchell introduced an appropriate program of songs and readings. A reading, "The Coronation of the Queen," was given by Joyce Durrett who crowned the bride-to-be with a silver crown. Joyce and DeEllen Durrett sang "My Happiness." This number was followed by "Wedding Bells are Breaking up that O' Gang of Mine," by a group of young friends of the honoree. Norma Sue Hall sang "Some Sunday Morning" appropriately substituting the words "Zelda and R. B." instead of "Someone and me."

Following a reading by Norma Sue Hall, the gifts were presented to the honoree and Joyce and DeEllen concluded the program with the song, "My Best to You." The honoree received many lovely gifts which she opened and displayed for the group.

Estelline Baptist Church Entertains Senior Class with Easter Banquet

The Estelline Baptist Church entertained the Estelline Senior Class with an Easter banquet on Friday night.

The banquet room was most attractively decorated with pastel shades of crepe paper and pot plants. The u-shaped table was beautifully decorated with Easter motifs. Centerpieces were large rabbits seated on pastel cellophane nests, covered with candy eggs, which were placed on mirror reflectors. Lighted tapers of white and orchid, plates of pastel mints, nut cups filled with jelly beans, and colored neppins combined to make an attractive table. Favors were miniature rabbits and chickens made of chalk. Places were marked by program booklets with colored covers.

The program included an invocation by Mr. C. O. Gregory, superintendent of Estelline High School, a welcome by Mrs. Albert Bailey, president of the Baptist W. M. S., with a response by Mrs. E. F. Kennedy, class sponsor. Reverend W. B. Greene gave a short inspirational talk: "Four Important Questions" and then showed three films which were highly enjoyable. The menu featured baked chicken, with vegetables, congealed salad, rolls, butter, iced tea, ice cream and angel food cake.

Present were Judy Bell, Carletta Berry, Bob Burk, Gene Gardenhire, Bob Helm, Gene Jouett, Joy Lynn Davis, Gerald Fowler, Bobbie Davis, James Misenhimer, Dwan Patterson, Clifton Smith, Reverend and Mrs. W. B. Greene, Mr. and Mrs. C. O. Gregory, Mrs. E. F. Kennedy, Mr. C. R. Teague and Mrs. N. B. Doughty, as guests. The W. M. S. Committee consisted of: Mesames R. A. Home Ec Girls Give Program at Culture Club

Three students from the Memphis Home Economics department presented a program before members of the Woman's Culture Club meeting in the home of Mrs. T. J. Way on Wednesday afternoon, April 5.

Miss Dorothy Deaver and Miss Patricia Alexander gave interesting discussions on how to improve one's personality. They were assisted by Miss Betty June Stewart who served as a model. Becoming colors, stylish hair arrangements and neatness are all contributing factors to good grooming, Miss Alexander pointed out.

Personality goes farther than good grooming, Miss Deaver continued her discussion. She pointed out that our personality is also reflected in our speech and manners.

Mrs. Homer Trebble, president, presided during the business session.

Tasty refreshments were served during the social hour to Meses R. E. Clark, H. A. Combs, Clifford Farmer, D. A. Grundy, Ward Gurler, A. W. Howard, Earl Hill, R. L. Madden, T. J. Way, C. D. Morris, Robert Moss, Homer Tribble, W. C. Foote, Frank Ellis and Misses Alma Bruce and Esta McElrath.

Austin Ceremony Unites in Marriage Miss Bratton and Hulen E. Clifton Jr.

Miss Billie Ruth Bratton, daughter of Mr. and Mrs. B. T. Bratton, became the bride of Hulen Edward Clifton, Jr., son of Mr. and Mrs. Hulen Edward Clifton, Sr., of Estelline, in a ceremony at the Central Methodist Church of Austin at 7:30 o'clock Saturday evening, April 1. Dr. S. B. Thompson of Brownwood officiated.

Dwarf palm trees formed a background for the tall white tapers of descending height converging at the center where stood a tall basket holding white gladioli, Easter lilies were used to the side of the altar, and the pews were roped off with white satin ribbon and bows.

Mrs. Robert Pratt of San Antonio, soloist, sang "Because."

The bride, given in marriage by her father, wore a gown of white satin with fitted bodice, buttoned down the back, and long fitted sleeves. The square neck had a double collar edged in lace. The full, gathered skirt ended in a chapel-length train. A fingertip veil of illusion fell from a Juliette cap fashioned of alternating bands of net and stein, outlined in pearls. She carried a cascading bouquet of white carnations.

Attendants Mrs. James M. Whaley of Austin, matron of honor, wore a gown of orchid lace and marquisette over taffeta with a lace bow in the back. Her small hat was of horsehair braid, trimmed with flowers. She carried dyed carnations.

James M. Whaley of Austin was best man. Ushers were Richard H. Whaley, Jr., of Childress and Walter Labay of Plainview.

Mrs. Bratton, mother of the bride, was gowned in rose beige lace over taffeta. A fluted edging of net finished the low square neck and the long fitted sleeves. Her small matching hat was of tulle and flowers. She wore gold accessories.

Mrs. Clifton, mother of the groom, was dressed in a navy blue gown of marquisette over taffeta, with beaded bodice. With it she wore long blue lace gloves, a pink hat and other pink accessories.

Reception After the ceremony, a reception was held in the Woman's Federated Club Building. The mantel in the library held an arrangement of white gladioli. The party table in the music room was laid with a white organdy cloth, garlanded with smilax. White carnations and gladioli, flanked by white tapers in crystal candlesticks, formed the centerpiece. The tiered wedding cake was decorated with an arch of roses.

For her travel costume, Mrs. Clifton chose a toast gabardine suit, a Gene Shelley original model, and a straw hat of off-white, trimmed in lowers and a green veil. Her accessories were brown.

Mrs. Clifton is a graduate of the University of Texas, where she was a member of Alpha Omicron Pi sorority and of Omicron Nu, national honor society. She is a member of the University of Texas chapter of the Omicron Nu, national honor society. She is a member of the University of Texas chapter of the Omicron Nu, national honor society.

with E. M. Scarborough and Sons, Austin department store.

Mr. Clifton is a graduate student of the University of Texas, where he received his B. A. degree. During the war, he spent 32 months with the Navy, serving 12 months on Midway. He was enrolled in the Naval Reserve Officers' Training School at Princeton, S. M. U., and the University of Texas.

The couple will live in Houston, where Mr. Clifton is doing research for his master's thesis. They will reside at 5611 San Jacinto.

Attending the wedding were Mr. and Mrs. Noel Clifton of Memphis and Mr. and Mrs. Walter Whaley of Estelline and the bridegroom's parents, Mr. and Mrs. Hulen Edward Clifton.

QUICK FREEZING TECHNIQUES STUDIED BY A & M FOOD EXPERT

Quick freezing, both at home and commercially, is fast becoming the most popular method of food preservation. Homemakers like it because it is a time saver and the hot tiresome jobs that went with home canning are eliminated. Because of the newness of the method, research must be relied upon for the answers to many of the problems that arise. The Texas State Nutrition Council, according to Louise Mason, extension foods and nutrition specialist of Texas A. & M. College, has

just released its 1950 recommendations on home freezing of fruits, vegetables, fresh poultry, meats and fish and cooked foods and flour mixtures.

She says the committee on food preservation of the State Council hopes the distribution of uniformly dependable information on freezing—based on the latest research findings—will help to improve the quality of frozen food. Its members believe a coordinated program between educational groups, locker plant managers, agencies and distributors of home freezing equipment will materially assist in this quality program.

The committee recommends that only high quality raw fruits and vegetables of suitable varieties be used for freezing and they add that fast and proper processing gives assurance of good quality if the product is used within a reasonable length of time. Only fresh poultry, meats and fish of high quality should be frozen.

The committee, in discussing the preparation of raw vegetables for freezing, answers the question of "why scald vegetables before freezing?" It was pointed out that research has shown enzyme activity is not stopped by low temperatures and ice formation and that vegetables frozen without scalding developed undesirable odors, flavors and colors. The enzyme action must be stopped if a frozen vegetable is to be palatable at the end of a reasonable storage period. Corn-on-the-cob was better when frozen without scalding if it were frozen for no more than a month. Over-scalded corn developed off-flavors. Steam scalding is not recommended for spinach because the thin leaves stick and clump.

Miss Mason says tests show that a high percentage of the ascorbic acid and vitamin A content of frozen vegetables was retained when they were properly scalded before freezing.

Airtight, moisture and vapor-proof containers should be used for packaging. Many containers and wrapping materials are available that meet these requirements. The committee recommends temperatures for quick freezing of

-20 degrees Fahrenheit in still air and -50 degrees Fahrenheit in moving air. It is important that the rate of freezing be rapid. storage temperature should be 0 degrees Fahrenheit and long storage periods should be avoided.

Miss Mason suggests that you discuss with your local county home demonstration agent the problems dealing with the freezing method for preserving food.

Calves Bought In Fall Offer Better Return

A cattle-fattening experiment at Texas Tech has demonstrated the wisdom of buying calves in the fall and having them ready when grazing is available.

The research project began in November, 1948, and has been concluded following three separate phases of feeding. Dean of Agriculture W. L. Stangel reported.

For 172 days the winter stocking phase was in progress, and at the end the estimated gross profit was \$31.26 per head. The grazing of yearlings took 185 days, and an estimated gross profit of \$57.91 per head was recorded. Dry-lot fattening took 152 days, finishing with an estimated \$91.60 gross profit.

Dean Stangel said final results of the project would not be available until the marketing report is obtained. He said the experiment was carried on longer than necessary to show the cattle at the two South Plains Junior Fat Stock shows in Lubbock during March of 1949 and 1950.

Dr. A. W. Young, head of the plant industry department, and N. C. Duke, graduate student from Burkburnett, also assisted with the experiment.

County Judges Set April 17 Filing Deadline

The deadline for filing in the special congressional election is Monday, April 17, at 10 a.m.

This was decided in Amarillo Friday at a meeting of the county judges of the 18th district. Judge M. O. Goodpasture represented Hall County at the meeting.

Absentee voting will start in each county as soon after deadline as the ballots can be printed. The judges voted to permit each county to decide the order in which the names will appear on the ballot.

The judge, clerk and sheriff in each county will draw names and determine the order on the ballot. Judge Goodpasture said.

He pointed out that each candidate should file with each county judge, including an affidavit swearing allegiance to our representative form of government. There is no filing fee.

Judge Goodpasture reported that the group complained of the lack of laws governing special elections. He said Judge M. L. West of Channing plans to suggest

You get only the best of service when you bring your car to Kermit Mautzinger, your Chrysler-Plymouth dealer.

to the West Texas Association of County Judges and Commissioners that it sponsor laws clearly outlining procedure in special elections.

Several of the congressional candidates were present at the meeting. Judge Goodpasture said. They were Altavene Clark, Gen. Guill, Collins Howard and Ronald Davis.

High School Grads Can Get Navy Schooling

High school graduates in the Amarillo area who enlist in the Navy now are assured of attending technical schools immediately after completing recruit training.

The new technical school plan which includes a wide variety of skills, was announced today by Chief Gunner's Mate James C. Mashburn, Petty Officer-in-Charge

of the Navy Recruiting Substation at the Post Office Building in Amarillo.

Aerial photography, diesel engineering, electronics, and instrument repair are only a few of the fields of study available to the Navy recruit, Chief Mashburn explained. High school graduates and those who have the equivalent of four years of high school, if

otherwise qualified, can be sent to the school of their choice of the Navy.

However, many who enlist in the Navy are given an opportunity to attend technical schools.

Enlistment quotas in the Amarillo area are estimated to be filled by 1949. Men will be enlisted

SH RITES HOSPITAL HAS GUESTS FROM ALL OF TEXAS

and other orthopedic or bone cases under the care of Dr. Brandon Carrell, chief surgeon, constituted the major percentage of cases handled by the hospital, but a large number were here for cleft palate cases operated by Dr. A. L. Frew.

At the annual meeting of the Board, of which Judge Towne Young is the President this year, the Board members expressed a deep concern over the growing cost of the Hospital maintenance in comparison with the income. Mr. Mintz pointed out that within the last twelve years annual expenditures trebled, and that now the crippled children's hospital requires approximately a quarter of a million dollars a year for maintenance, the greater portion of which normally comes from the donations of the men and women of Texas.

The report indicated that 12 men and women of our State, following their deaths, had left a bequest to the hospital in their last wills and testaments, but it was pointed out that the principal of these bequests could not be used for Hospital maintenance, but that the amounts received were impounded in special endowment funds to remain in perpetual existence in the name of the testators and only the income used for maintenance. The deceased benefactors are: Mrs. Mary C. Carter, Marshall; Mr. H. E. Flow, Denton; Mr. Isaac Funk, San Angelo; Marie Elizabeth Gilcoat, Corpus Christi; Mr. Urie Jones, Dallas; Mrs. Anna Mae Walker Knoles, California; Mr. Albert Linz, Dallas; Mr. Samuel Marks, Dallas; Mr. Tom B. Owens, Fort Worth; Mr. F. C. Rogers, Waxahatchie; Mrs. Ida Cook Wolfson, Denton; and Mr. Thomas W. Yant, Bonham. An annual memorial service is held each year and is broadcast in memory of these deceased benefactors.

During the twenty-six years of the hospital's existence 16,056 children have been admitted as patients in the hospital and 68,517 examinations have been given in the out-patient department.

VET PROBLEMS AND ANSWERS

Q—I am at present receiving compensation for partial loss of my eyesight. Will my compensation be reduced if I go to school under the GI Bill?

A—The fact that you are attending school under the GI Bill will have no effect on the amount of compensation you receive.

Q—Does the fact that a person is receiving insurance as the beneficiary of a National Service Life Insurance policy entitle him or her to compensation?

A—No. Insurance has no direct relation to compensation. Death compensation is payable to a widow, minor children and dependent parents of a veteran who died of a service-connected disability.

Q—My 10-year old granddaughter is the daughter of a World War I veteran whose widowed mother remarried. Is the child entitled to a pension?

A—She may be entitled to a pension if the requirements of the laws are met. Application should be made at the nearest VA office.

Q—As the widow of a World War I veteran, I received a pension until five years ago when I married a non-veteran. Now I am divorced. Am I eligible for my old pension?

A—The law specifically provides that compensation of pension shall cease upon the remarriage of a widow of a World War I or World War II veteran.

Septic Tank Recommended For Farm Use

A septic tank and disposal field is usually recommended as the best waste disposal system for the farm home. The septic tank, says W. S. Allen, extension agricultural engineer-buildings of Texas A. & M. College, is not a mysterious object. It is merely a holding tank for the household wastes where decomposition disposes of these wastes quickly, easily and in a sanitary manner.

He says that sanitation authorities agree that a septic tank should be made large enough to hold the maximum amount of sewage discharged into it in any given 24 hour period. The minimum sized tank should hold no less than 500 gallons. Tanks that are too small soon become overloaded with sludge and raw sewage and this will pass into the disposal field and clog up the system.

He says a grease trap is not

considered necessary for the ordinary household if the tank has a capacity of 500 gallons or more. The location of the tank, however, is of primary importance. It is cheaper, he says, to build the tank close to the source of the sewage because less water tight line will be needed. It is not, however, a good policy to locate a septic tank too close to a building for this makes cleaning difficult. All septic tanks will need cleaning during their life of usefulness so locate it where it can be reached easily for the cleaning job. The tank itself, he says, should never be a part of any foundation wall.

The disposal field should consist of two or more tile lines. If a single line is used, there is a greater chance that the field will become water logged and thus cause trouble. He says unless you live in an area where the soil is very porous, it is advisable to provide a porous bed of gravel or crushed stone for the disposal field. Sewage, it should be remembered, is not necessarily rendered harmless in the disposal field; therefore, the field should be located a safe distance away from wells and water supply lines. He says the minimum distance should be 100 feet.

Allen says you can obtain plans for constructing the right kind of a septic tank and disposal field from your local county health unit, the State Health Department or from your local county extension agent. He says they'll be happy to advise you on the amount of disposal tile needed for the soil type in your area and also on the construction of the system. He concludes with this word of advice: get a good plan and then follow it in constructing your septic tank and laying out your disposal field.

Tech Grid Drills To Be Concluded With Squad Tilt

High school coaches and players from about 50 communities have been invited to be guests of Texas Tech at the annual football game ending spring practice for the Red Raiders Friday night, April 14.

A colorful show in the form of a Spring Round-Up has been planned in connection with the game, with Mary Woody, Ballinger junior, as Round-Up Queen. The Lubbock Sheriff's Posse and two male quartets will be featured during the ceremonies. "Ox" Jamison, Searaves, will act as ranch boss, with John Andrews, Amarillo, and James Conley, Quanah, 1949 Raider co-captain, as foremen.

Coach Dell Morgan has divided his squad into equal divisions and expects a close football game to be offered before several thousand fans. Coaches for the teams will be selected by lot just before game time, with Assistants G. B. Morris and Carl Mullenaux tossing and calling a coin.

Next fall Coach Morgan expects to rely mainly on graduates of the 1949 freshman squad—he is hopeful some of the new potential stars will show well Friday night. Starters will include Buddy Barron, Temple, guard; Don Seale, Idalou, quarterback; Alton Linne, Monahans, end; Bill O'Grady, Ft. Worth, fullback; Jimmie Williams, Phillips, center; and Jim Turner, Olney, back, all freshmen.

Tickets for the Round-Up have been placed on sale in all communities surrounding Lubbock. Proceeds will go toward furtherance of the Tech athletic program.

To Women With
Nagging Backache**

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complaints of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may seldom otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Safety Talks To Concern Kid Accidents
Accidents, the prime killer of children will be the target of a Regional School Safety Conference at Fort Worth, First Baptist Church, 408 Throckmorton, on May 5.
The second of a series planned for 15 regions by the Texas Safety

Association, it launches an intensive school campaign for Texas youth to "Teach Them to Live" by the organized safety movement.
Cooperating organizations include the Texas Congress of Parent-Teachers, Texas Department of Public Safety, Texas Department of Education, Fort Worth Safety Council, Fort Worth Chamber of Commerce, Fort Worth Chapter of the American Society of Safety Engineers and Fort Worth Police Department.
Dr. J. W. Edgar, State Commissioner of Education, will make

the featured address of this Region XIV School Safety Conference which will spotlight driver education courses, school bus accidents, juvenile traffic schools, school safety programs, and driver training programs. Colonel Homer Garrison, Jr., Director, Texas Department of Public Safety, among many other of Texas' great leaders, will also be on the program.
School Safety Patrols, school bands and a mile long safety parade will dramatize the one-day working conference which is expected to attract more than a

thousand school students, civic leaders, police, and industry from 12 counties.

GREEN HONORED WITH LAND CAGE LETTERMEN

the nations outstanding basketball players come from the Southwest and predicted Wayland would provide its share of these in the future.

W. C. O. Harris, director of high school athletics, spoke briefly telling the group that a team should be built around players who were considered first for character, second for scholarship, and third for their physical attributes.

Harris warned of the difficulties in pursuing an athletic career after graduation, either as player or coach and urged the Pioneer squad to prepare for something more stable.

Following the speech by Harris, Coach Redin expressed appreciation for the college administration, the student body and fans. He pledged every effort to continue to produce better basketball each year. Redin closed with a commendation of the current squad, praising the players for their spirit, hustle, and hard work.

Lettermen Ed Billings and George Goodson, co-captains this year, and Bill Knighton, Runt Burch, Leroy Green, Billy McClellan, Richard Walters, and Paul Young were introduced.

Green is a Memphis High School graduate and former all-state player.

Individual honors were bestowed. Bill Knighton was presented a trophy for maintaining the highest academic average of any of the regulars. Ed Billings received a trophy for having been voted most valuable to the team.

The record for the honored team was commendable. Wayland had 19 wins to 16 losses, and averaged 56 points per game to run up a total of 1959 points to their opponents 1720.

With most of the lettermen returning and a fine crop of freshmen players coming up, Coach Redin is looking forward to an even better record for the 1950-51 season.

Guill, of Pampa, Announces For Congress

Guill, 40 year old Navy war veteran and Pampa native, has announced his candidacy for Congress in the special election on May 6. Guill is the son of a field containing acres. The high man at will be elected Congress- out a run-off.

Guill has lived in the Texas for 31 years, is married to Mrs. Marjorie Buckler, of Pampa, and they have a nineteen month old son.

Guill is a Republican graduate of West Texas A&M and a former teacher in the public school system in the Pampa area. He is running as an independent because "I am opposed to the policies of the administration and the only way I know of fighting the theories of the Santa Fe is to join the other team. I have no intention of telling the Panhandle that the Party is perfect or all that there is more Americanism in the square inch in the party today than among the leaders who have stolen the party of Jefferson, Calhoun and Clay from the people."

Guill, who has thousands of friends and former students in the Panhandle, is given an excellent chance of winning the special election. With the votes split among ten Democrats, it is estimated that he will be elected if he receives as many votes as Frank T. O'Brien, the Republican candidate for Congress in 1946 received in his race against Gene Worley. If he gets half as many votes as Jack Porter, the Republican candidate for the Senate in 1948, received in the Panhandle he will be an easy winner.

Guill won the Purple Heart in combat in the Pacific. He went through seven amphibious landings and earned four battle stars. He is a member of St. Matthew's Protestant Episcopal Church in Pampa, a director of the Pampa Rotary Club, the American Legion and the Veterans of Foreign Wars. He is waging one of the most vigorous campaigns in the history of Panhandle elections.

DUKES BLAST MEMPHIS, 8-3

The one-hit pitching of Bill Bybee proved to be too much for the Memphis Owls Sunday afternoon as they dropped an 8-3 exhibition tilt to the Wellington Dukes at Wellington.

Bybee held the Owls to a single hit in the first frame but he was relieved in the sixth inning by Smith—who also kept the visitors hitless.

All of the Owls' scoring came as a result of Duke errors—they miscued seven times.

Bob McCallister and Wright Edridge led the winners' batting power, each collecting two hits.

Fire Destroys Farm Home Near Harrel Chapel

All personal belongings and house furnishings of Mr. and Mrs. Stanley Jones were destroyed on April 5 when a late afternoon fire swept their farm home in the Harrel Chapel community.

Mrs. Jones said she was asleep when the fire started and had no idea how it began. The smoke aroused her and she immediately rushed her two children out of the house.

Jones was working at the Alamo Service Station at the time of the fire. The farm is owned by Doyle Fowler who operates the service station with his father, V. P. Fowler. Jones was managing

the station while they were out of town on a fishing trip.

Mrs. Jones said she could have saved some of the family's belongings but she was afraid to leave the children.

The four-room frame house was completely destroyed by the blaze.

Prevent Field Delays with our FARM MACHINERY SERVICE

The best time to fix farm machinery is when it's not being used—in fact weeks or even months before you have any occasion to use it.

Beat nature to the draw, now. Give your implements a good check over yourself, or call us. We'll be glad to come to your place and check your plowing, fitting, planting, cultivating and harvesting equipment. And while we're there, we will also inspect your tractor. Our inspection service is free.

Let's find out now what must be done to prevent costly field delays later on. Our parts stock on the Dearborn line and the Ford Tractor is good. So are our mechanics and what's more—they have the time before the rush season to do any work you may need.

THE PENSION PROBLEM

In the long-range view, the most complex domestic issue that faces this country may be old age pensions.

Some of the labor organizations are now placing their principal emphasis on pensions as, for example, the coal and automobile unions. More will do so in the future. The general idea is to obtain retirement pensions of \$100 monthly, social security benefits included.

However, regardless of what pension contracts are reached between union and industry, many authorities consider this an ineffectual solution of the problem. In mass industry, there is a large turnover of labor—a man may work for a motor concern for a few months or a few years, then move on to some other occupation. The size of the labor force varies from season to season, and for other reasons sometimes very sharply. It is certainly unlikely that any system would be satisfactory which covered only unionized labor in the larger industries, and left out the rest.

That is why there is much sentiment in favor of government old age pensions, which would cover everyone, regardless of where or how long they worked, and whether they belonged to unions or not. Some argue that an inclusive and more liberal method of caring for the aged could be imposed upon the present social security system. But that is much easier said than done. At present Federal social security benefits to the elderly average less than \$30 a month—a far cry from \$100, and a great many old people are not covered at all. Current proposals for raising the payment would still leave the average far short of \$100. Social security is not on an actual basis. The government takes in the money through the payroll taxes, spends it for other purposes, than appropriates more funds to meet requirements. No one knows how high the tax rate would have to be to produce \$100 a month for everyone 65 and over.

Efforts to solve the problem through the states have run into stone walls as most states are now having a hard time making both ends meet. And, with the present burden of Federal taxes, they cannot raise their own tax rates sufficiently for current needs.

To make the problem still tougher, the proportion of old people in our population will increase very heavily in coming years, due largely to medical progress. It has been estimated that, before too long, \$100 pensions for those past 65 might absorb 25 per cent or more of the national payroll—and, naturally, the gainfully employed would have to pay it. The pension issue seems to be far from a workable solution.

Press Paragraphs— QUOTING OUR NEIGHBORS

Well, It's Weather!
It snowed in Pampa. It hailed in Dallas. It was 106 in Cotulla and five degrees below freezing in Dalhart. A dust storm hit Big Spring, it was dry as a powder horn at Lubbock, and it rained an inch and a half at Texarkana. It was calm as a baby's doll at Brownsville, and winds blew 85 miles an hour at Childress.

March is full of tantrums, and Texas in March is the wildest place this side of Borneo. If weather shapes the character of man, and if diverse and odd extremes of weather make a strong individual, then Texas can lay claim to ruggedest individualism. For variety, for fun, for sand in your craw, for life that is everything but boredom, for hail on one side of the street and dust on the other, come to Texas!

Too Many Bombs

The repetitious subject for which I apologize is one about which everybody talks these days. It is a subject which is being discussed every day in newspapers, every week and every month in magazines and almost every hour in meetings and at home.

The subject is the B-O-M-B. I spell it out as you spell out a bad word that you don't want your kids to understand.

That bomb—I don't care whether you call it A, H, P, D, or Q—it has become our bogeyman.

Legislators are making fools of themselves, and trying to make fools of us, by predicting that unless we kiss Russia's feet she'll blow us to bits.

Scientists are telling us that one pound of this or that mysterious ingredient can destroy the whole universe.

Just a few days ago the handsome senator from my own state, Connecticut, Brien McMahon, suggested again—as the only way—that we and the whole UN Assembly should go to Moscow and plead with the dear Russians to please to leave us alone.—Erich Brandeis in the Amarillo Globe.

Circulating Dollars

The dollars that industry receives in exchange for goods and services go right out again to nourish the economic bloodstream of the country—and very few of

them stick in the pockets of industries' owners.

The meat packing industry—which, incidentally, provides about one-third of the total cash income of American farmers—is an outstanding example of that. Here is what happens, on the average, to each dollar the packers spend.

Firs of all, nearly three-fourths of it—79.8 cents—goes to producers in payments for livestock and other agricultural products.

Next, payrolls—the roster of men and women in packing—account for 9.6 cents.

Necessary supplies cost 3.4 cents, transportation takes care of 2.1 cents.

Taxes run to 1.1 cents, and miscellaneous expenses amount to 3 cents.

After all this is added up, just one penny is left out of that dol-

lar. And that penny is the packer's earnings.

The point is that the American industry, as a general rule, does an all-important job for a very modest "wage." In the case of the packers, they bridge the gulf between the producers on one hand and the consumers on the other.

Meat makes the biggest single contribution to the stability of American agriculture. And, from the consumers point of view, the charge for bringing the meat from the farm to the dinner table is amazingly low.—Monday Times.

REV. ROBERT H. HARPER

Amos the Prophet and His Program
Lesson for April 16: Amos 7:7-15; 8:1-3
Memory Selection: Amos 5: 6

AMOS, a native of Tekoa, near the northern boundary of Judah, who made a living by selling wool and figs, left his humble surroundings about 775 B.C. and appeared at Bethel, in Israel, to rebuke the king and his people for their wickedness.

About 150 years had passed since the division of the nation. Jeroboam, the first king of Israel, fearing the loyalty of the people to the new government might be weakened if they came in contact with the people of Judah several times a year in going to Jerusalem for the feasts, as they were commanded to do by the law of Moses, set up shrines at Dan and Bethel, with a degraded worship of Jehovah, and also allowed the worship of Baal.

Under Jeroboam II the influence of impure religion had entirely corrupted the nation. The masses were poor and oppressed by the few who had all the wealth of the country.

Under the figure of the plumb line and the basket of summer fruit, Amos predicted that Jehovah would soon leave the nation to its fate. About a generation afterward the terrible Assyrians de- spoiled Israel, and the kingdom and its 10 tribes passed from history.

The lessons of Amos are quite modern, we find, and as applicable to present conditions as they were to those in Israel 2800 years ago.

The house has defeated a bill which would have authorized a 240 million dollar incentive, payment program to spur the exploration, conservation and development of the nation's strategic metals and minerals. The vote was 144 to 166. During the war such a program was in effect, and as in the case of most wartime projects, recipients sought continuation of the subsidy. The measure had passed the senate. Principal support came from western representatives who claimed "the country is depending upon a dying industry for stockpiling of raw materials vital to the national security."

Some action was finally taken in the house in a long-sought move to by-pass a decision of the supreme court on the so-called bas- ing point question.

Look how you save with Dynaflo

First thing you notice, of course, is the bother and effort Dynaflo Drive® saves.

Next, that Dynaflo saves you physically—after long trips you're less tense and tired, more relaxed.

But then, as the miles pile up—and this comes from cold, recorded fact after Dynaflo's two years of public operation—you spot savings you hadn't expected . . .

You save on tires—because power application is steady, even. On clutch expense—the usual friction clutch is gone.

You save on transmission maintenance, and the rear-axle expenses likely to go with it. And the way your engine is oil-cushioned against normal shocks and strains shows up in less engine upkeep.

You may well discover another pleasant surprise, too.

We are getting a steadily mounting number of well-satisfied letters about gasoline mileage with Dynaflo cars.

The SPECIAL has shown some records little short of phenomenal. The SUPER is delivering mileage that compares most favorably with gear-shift cars. And the ROADMASTER more than holds its own with cars of its size and bulk.

In short, there's a lot more to please your budget in the 1950 Dynaflo than its new lower price. Refinements over the past two years result in savings that are sizable over the life of the car.

Knowing that, don't you want us to demonstrate the big side of Dynaflo—the utter smoothness of America's first oil-does-it-all drive?

Only Buick has Dynaflo— and with it goes HIGHER-COMPRESSION (total valve-in-head power in three engines New F-263 engine in SUPER models.)

- NEW-PATTERN STYLING, with MULTI-GUARD front-end, super-thru fenders, "double bubble" taillights
- WIDE-ANGLE VISIBILITY, clear-up road view both forward and back
- TRAFFIC-HANDY SIZE, less over-all length for easier parking and weaving, short turning radius
- EXTRA-WIDE SEATS cradled between the axles
- SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
- WIDE ARRAY OF MODELS with body by Fisher.

Matchless Team — DYNAFLOW and F-263

In the Buick beauty pictured here you can have both Dynaflo and Buick's very latest in power, for every 1950 Super has the F-263 engine, that lively high-compression stepper that's the big power thrill of the season. Dynaflo Drive is optional equipment at extra cost.

LETTERS from READERS

Democrats welcome letters from its readers on subjects of general interest to the public. We will publish all letters received, as far as limited space allows. All letters must be signed but the signature will not be published if this is specifically requested. Due to an early press run, all letters should be mailed on Monday prior to the Thursday edition. Letters received on later days will be held until following week.

Polities no longer live in a two party system. I follow the election with interest because I believe in the most important of the most important things that Texas—and the South—does not have a two party system. I believe in the most important things that Texas—and the South—does not have a two party system. I believe in the most important things that Texas—and the South—does not have a two party system.

It is obvious that Truman's clique has weighed its political chances and decided to appease the strong northern and mid-western factions on the theory that the South will follow him blindly—just because our grandfathers were staunch Democrats.

New Texas, and particularly the section that includes the 18th Congressional District, is not part of the "Deep South," in the true sense. Problems here are much different than in such states as Mississippi and Georgia. The Southwest is linked with the West in both cultural and economic issues.

Therefore, it seems to me that the 18th District has an excellent opportunity to rebel against the treatment all of the state (receiving at the hands of the Administration. This can be done by electing to the congressional office that candidate who will take issue with the Administration on all points which are contrary to our interests. I do not know which candidate this is—or if there is one in the race who will go "against the grain" of the party in power.

But if there is and if that candidate will make himself known to the voters, then he should be elected. It's time we stood up against that Kansas City politician who slipped into the White House

"through the back door."

A Little Gripe

Dear Editor:
It is difficult for a man to criticize a good organization on any point but I have a little gripe to make about our fire department.

Actually, it is not against the department itself, but a few of the members. What I am talking about is that some of the firemen, when driving to fires, travel through town too fast and actually endanger other motorists or pedestrians who are on the street.

Now I know they are in a hurry to get to the fire and to help fight it, but it seems to me that they should try to avoid going through town whenever possible if they are driving very fast.

There is no way to block off the traffic here—as is done in cities—to give the firemen enough right-of-way. Of course, most everyone can see the fire trucks coming and can get out of the way, but sometimes the automobiles the firemen drive— even with the siren blaring—are upon you before you realize what is happening.

I know these men are doing a good job and I think we have an excellent organization. Particularly so when you consider the fact that they get only a token amount of pay for the work and risks involved in fighting fires. This is no "sour grapes" complaint.

I also think they can take minor complaints like mine in the true objective sense in which it is made. It would be tragic if someone were injured while these men were trying to get to a fire to do their duty. It is one of those little things that we often overlook but that can turn into a real problem.

WEATHERLY GIRL BITES SNAKE; BOTH REPORTED DOING NICELY

Oklahoma's famed rattle-snake hunters will have to take a back seat—way back, at that—to little Sandra Haynes of Weatherly.

Sandra is one-up on the boys who hunt the reptiles with guns and sticks. She got her snake the hard way—by holding it in her hands and biting its tail.

This new twist to the old "man-bites-dog" story happened on the Carl Hill farm at Weatherly where Sandra lives with her parents, Mr. and Mrs. L. J. Haynes.

It seems Mr. and Mrs. Haynes went into their yard at about 5:30 in the afternoon and found their two-year-old daughter calmly holding the rattler in her hands and biting its tail.

Sandra's parents weren't quite so calm about the whole thing, however. They rushed to her and got the snake out of her grip and the embarrassed reptile, with its three rattlers drooping from shame, slipped away.

Concerning Sandra's condition, the Turkey Enterprise reported: "Mr. and Mrs. Haynes rushed the child to Dr. M. F. Achor at Turkey to determine whether she had been bitten."

"Thorough examination by the doctor failed to disclose any sign of fang pricks on the child's person. The parents were frantic until their fears were allayed by Dr. Achor.

"Should the snake have bitten the child, looking for fang punctures would have been unnecessary

to determine the fact, as she would have been violently ill before they could drive 18 miles to a doctor." Well, it will make quite a "tale" for the Haynes family album.

Texas Tech Adds New Music Prof

Raymond Elliott, widely known teacher and choir director for many years, will be added to the faculty of the department of music at Texas Technological college next fall, President D. M. Wiggins has announced.

For the past four years Elliott has taught music theory and education and directed the cappella choir at Texas College of Arts and Industries at Kingsville.

A native of Johnson county, Texas, he holds the degrees of bachelor of music and master of science with a major in music. He studied at North Texas State, University of Kansas and New York university.

Elliott has taught in the public schools and has had 20 years experience with church and school choirs, heading groups which have appeared in Kansas City, Jersey City and the New York World's Fair.

The new Texas Tech faculty member belongs to the Baptist church, Masons, Shrine and several professional groups. He is married and has two daughters. He will direct choral groups and teach various phases of music at Tech.

YOU NEED RONALD DAVIS IN CONGRESS

a YOUNG man OLD in Experience

In the Problems of

- AGRICULTURE
- LABOR
- VETERANS
- BUSINESS
- EDUCATION

Send a Man to Congress who is CAPABLE of Representing ALL of you ALL of the time

Ronald Davis is a young man, born in Texas in 1911, 39 years old, raised on a farm in the 18th Congressional District of Texas. He worked his way through school at Childress, Texas; worked his way through West Texas State College in Canyon, Texas; received his degree in Agriculture and was president of Senior class in 1936. He worked on his master's Degree from Texas Tech and Colorado A&M. Holds the Smith-Hughes Certificate in Agriculture from Texas Tech and Colorado A&M.

YOU CAN DEPEND ON DAVIS

For 12 years Ronald Davis has been a farmer and has taught Agriculture in the principal farming areas of the 18th Congressional District. He is active in the problems of this district. He is an active church and civic worker. He has been a Sunday School teacher and superintendent and as school board member. Married a West Texas girl, has two sons, Lindley Ronald 14 and Cagle Dean 9. Sons are Boy Scouts and Mrs. Davis is a Cub Scout Den Mother and active worker.

DAVIS IS EXPERIENCED

*** IN FARMING**
Since agriculture has been acclaimed the basic industry of the 18th congressional district, Ronald Davis is the best qualified man to representative in Congress. This fact is based on five years college training in agriculture, being raised on a farm, and having spent the past 10 years as an active farmer.

*** IN LABOR**
Ronald Davis believes in less government of the right of labor to have a share of the income and freedom of the nation, and in more control of labor when and if they take undue advantage of more than their share of the income of this great nation.

*** IN VETERANS AFFAIRS**
Ronald Davis believes in keeping faith with the Veterans as prescribed in our state and national legislation. He is in favor of their educational program in compliance with the principals of sound education. He is opposed to the red tape that causes many veterans undue hardships, and he believes in the right of veterans to purchase land under the veterans bill with less favoritism in administering the law.

*** IN BUSINESS**
Ronald Davis is a business man who has been actively engaged in farming for 10 years. He has bought and sold on the markets. He knows the problems of the smaller businessman and believes there should be less bureaucratic and socialistic encroachment of government and more encouragement of initiative—which has been the backbone of this great nation.

*** IN EDUCATION**
Ronald Davis believes in a fair and equal investment in education for all the youth of the 18th Congressional District compared with that of any and all other regions of the United States. He firmly believes that education should be controlled on a local and state basis.

It's MISS AMERICA for beauty

Just one look will tell you why the '50 Ford is a style show all by itself... why it's the only car in automotive history to twice receive the Fashion Academy's Gold Medal Award as "Fashion Car of the Year" (and two years in a row, at that!)

It's MR. BIG for size

No other car in Ford's field offers so much hip and shoulder room. The '50 Ford is big and feels big. The minute you take this great car out on the road you'll feel its luxurious big car comfort, its effortless "Finger-Tip" steering and its solid roadability. A ten-minute "Test Drive" will convince you that the '50 Ford is truly Mr. Big for spaciousness, for comfort, for performance and for value.

"TEST DRIVE" IT AT YOUR FORD DEALER'S

Here's real evidence of Ford's extraordinary gas economy. In the official AAA supervised Mobilgas Grand Canyon Economy Run, a '50 Ford Six equipped with Overdrive won in its class—the three full-size cars in the low-price field. Low first cost, low operating cost and high resale value mark Ford—V-8 or "Six"—as the "Big Economy Package" in its field. "Test Drive" it at your Ford Dealer's today. (*Available at extra cost.)
