## Angus Stock Bought For Beef Program

### 10 HEIFERS, BULL TO BE SHIPPED FROM CANADA IN EARLY JULY

A new and important phase in the Hall County livestock improvement plans was completed this week when 10 Aberdeen-Angus heifers and a bull were purchased from the Don Head Farms in Ontario, Canada.

This marks the beginning of the latest beef cattle improvement program in Hall County, and it will be carried out in connection with the dairy cattle program begun two years ago. The Memphis Chamber of Commerce and Hall County Board of

Development, in connection with the county agent and the First State and First National banks here, is sponsoring the program.

The Aberdeen-Angus stock was purchased from the same farm that furnished the Canadian Jerseys for the dairying program. The stock was bought Monday and will be shipped to Memphis in early July.

C-C Manager Clifford Farmer, County Agent W. B. Hooser and Jerrel Rapp, owner of one of this county's outstanding Angus farms, flew to Canada to make the selection of the stock.

All three are very enthusiastic over the purchase.

"I am more than pleased with the quality of the Angus stock we obtained," Farmer said upon his return Tuesday. "The heifers are extremely choice and I predict some will be first prize winners in Texas shows this fall. The bull will also make a record for Hall County in coming shows."

Hooser was equally impressed. "I have never seen a finer group of animals nor a group with more impressive blood lines," he said.

To initiate the program, 10 Angus heifers were bought by county farmers and livestock men. They shared equally in the purchase of the bull.

In addition to the Angus stock, six more Canadian Jerseys were bought and they will be included in the same shipment.

The Angus bull—Bandolier of Don Head 50th—is from a very outstanding blood line. He is a full brother of Blackbird of Don Head 13th, the highest selling animal in the Ontario Breeders sale in 1948 with a purchase price of \$7,200. The bull is by the same sire as the 1948 grand champion in Toronto's Royal Winter Fair and also the first prize winner at the Chicago International Livestock Show in 1947 and 1948.

The Aberdeen-Angus heifers (Continued on page 8)

## Harvest Nears Completion As 64,000 Bushels Sent

The wheat harvest is almost over in Hall County and indications are that the county yield for 1950 will be slightly over 100,000 bushels. Estimates place the harvest at from 85 to 90 per cent complete.

cutting on the remaining fields of the cereal grain but elevator operators said Wednesday that most of the remaining activity will be devoted to "clean-up work."

Railway Agent John McMickin said Wednesday that 25 cars of wheat have been shipped from

Memphis. Carrying minimum loads of 100,000 pounds, these cars average about 1,600 bushels of wheat. This would indicate that some 40,000 bushels have been shipped from Memphis. A report from Turkey, the county's only other shipping point, Wednesday disclosed that 15 cars have been shipped from there. These cars carried 100,000 pound loads or a total of approximately 14,000 bushels.

These figures make the county's total shipments to date about 64,000 bushels.

Reports from throughout the county indicate that the average yield is running close to five bushels to the acre with six in some instances. Hall County had 30,196 acres of wheat planted this year.

PMA Secretary Lynn McKown said the county will probably ship between 70,000 and 75,000 bushels of wheat this year. He pointed out that farm storage is very heavy as farmers plan to hold much of the wheat for seed sales. He estimated that farm storage (Continued on page 8)

### Gardening Has Big Problems For May

Gardening could become confusing to Mr. and Mrs. J. D. May. Last year they raised some okra that grew as tall as sunflower stalks.

Now they're having a similar problem with radishes—the plants are growing as large as turnips. Big turnips, at that.

Mr. May, whose garden is at his home at 707 Bradford St., brought four of his radishes to The Democrat office Wednesday morning. One measured an even 12 inches in length and another was almost eight inches in circumference. Three of the radishes look very much like turnips but the fourth has part of its natural reddish color.

Maybe he should try some cotton on this fertile soil. It might get a bale to the stalk.

### Estelline Lions Will Sponsor Show June 30

Arrangements have been made with the Estelline Lions Club for the presentation of "Uncle Ezry's Hayloft Jamboree"—a home talent show patterned after the popular radio program.

Billy Holland, member of the Estelline club, said the show will be presented in the high school auditorium on the nights of June 30 and July 1. Both shows will begin promptly at 8:13 p. m., he said.

The Hayloft Jamboree will use local amateur talent impersonating radio celebrities. They will compete for a number of prizes and the winners will be selected by a vote of the audience attending the show.

"This amateur contest is open to everyone in Estelline and the surrounding towns," Holland (Continued on page 8)

### Baptist Pan-Fork Camp For Boys To Begin On June 26

The Pan-Fork Youth Camp—sponsored by the First Baptist Churches of this district—will open its summer session for boys Monday.

Approximately 20 youngsters from the First Baptist Church here are expected to attend the camp, according to Rev. Roy Shahan, pastor.

He said that boys between the ages of 9 and 16 years are qualified to attend and that those who would like to go should register immediately at the church here. The camp is located eight miles northeast of Wellington.

Rev. Hal Upchurch of Pampa will be director of the camp and Rev. Shahan is associate director.

The boys' camp will extend from Monday through Friday. Rev. Shahan said the girls will hold their camp on July 3-7.

### BUMPER GRAIN SORGHUM CROP MAY BE RAISED IN COUNTY THIS YEAR

County agricultural officials are expecting a bumper crop of grain sorghum this year.

PMA Secretary Lynn McKown said Wednesday that the county may plant as high as 100,000 acres of the sorghum. He pointed out that the county has some 200 acres in cultivation this year. The cotton acreage allotment totals about 105,000 acres and he believes a high percentage of the remainder will be planted in grain sorghum.

"This may help make up for the light wheat harvest this year as there is every indication of sorghum bringing a good price this fall," McKown said.

He stated that the support price on grain sorghum this year will probably be about \$40 per ton.

McKown said that this seems to be an ideal year for a large sor-

ghum crop. He pointed to the fact that there will be plenty of commercial storage to handle it as a big factor in its favor.

"The PMA doesn't favor farm storage of sorghum," McKown said. "There are too many chances of it being ruined. But there should be enough commercial storage to accommodate practically everyone."

McKown said many county farmers turned to sorghum when it became apparent that wheat abandonment would be high in the county this year.

### Funeral Services For Troy H. Dunn Held Here Today

Funeral services were held at the First Baptist Church here today at 3 p. m. for Troy Hubert Dunn, 34-year-old lifetime resident of Hall County.

Mr. Dunn died unexpectedly at his home here Tuesday.

Rev. Roy Shahan, pastor, conducted the last rites. Burial was in Lakeview Cemetery with Murphy-Spicer Funeral Home in charge of arrangements.

Pall bearers were: Hub Holt, John Smith, Brigman Young, Elus Moore, Barney Burnett and Edd Murdock.

Honorary pall bearers were: J. L. Burnett, Henry Foster, Clifton Burnett, Mack Foster, Frank Monzingo and Allen Monzingo.

Mr. Dunn was born on April 25, 1916, at Lakeview. He was reared in the county and was married in Memphis on July 10, 1937.

Survivors include his wife, a son, Jimmy Hugh Dunn of Memphis, and a daughter, Shirley Ann Dunn, Lakeside, Calif.

His mother, Mrs. Edd Galloway of Memphis, also survives.

A sister, Mrs. Guy Oliver of San Francisco, Calif., and two brothers, Wilfred W. Dunn and J. W. Dunn, both of Memphis, are among the survivors.

Other survivors are his grandparents and a number of aunts and uncles.

### CLAUDE'S COMMENTS

By J. C. W.

While other sections of Hall County Tuesday night received from a trace to heavy showers of rain, Plaska community had what they had almost despaired getting in time to make crops: a two-inch rain. It was sufficient to start crops to growing.

Some of the members of the second Boy Scout Troop started in the Panhandle, and among the first started west of the Mississippi (Continued on page 5)

## Opposition Forms For Nine County Offices

With the July 22 Democratic Primary election only one month away, candidates for county and precinct offices began increasing their campaign activities this week.

The filing deadline was Saturday and opposition has formed in nine of the county and precinct races.

The Hall County Sheriff's race has captured most of the

early pre-election interest. Six candidates have filed for this race.

However, new interest has been instilled in several of the other campaigns as last minute filings added opposition to the Precinct 1 constable race and the county attorney office.

Allan Dunbar, secretary of the Hall County executive committee of the Democratic party, released the complete list of candidates this week. County and precinct candidates include:

County Judge—M. O. Goodpasture (re-election.)

County Attorney—C. Land (re-election), W. J. Bragg.

District Clerk—Mrs. Isabel Cypert (re-election.)

County Superintendent—Mary Foreman (re-election.)

County Clerk—Sybil Gurley (re-election), Mrs. Agnes Bailey.

Sheriff—E. S. (Peck) Morrison, T. D. Weatherby, Raymond Ballew, E. H. (Bud) Godfrey, Earl Hill (re-election), Ellis D. Briggs.

Tax Assessor-Collector—J. W. Coppedge (re-election.)

County Treasurer—Chas. Drake (re-election.)

Commissioner, Precinct 1—Roy Patton (re-election), G. A. (Garvis) Davis.

Commissioner, Precinct 2—H. W. Spear (re-election.)

Commissioner, Precinct 3—Fred B. Berry (re-election), Pete Davis.

Commissioner, Precinct 4—Woodrow W. Kincannon, J. B. Bush (re-election.)

Justice of Peace, Precinct 1—J. S. Grimes (re-election.)

Justice of Peace, Precinct 4—David W. Daniel, Guy O. Smith.

Constable, Precinct 1—H. W.

Stinnett, Herman Austin, I. N. (Ike) Keese, W. I. Glosson, Sr., Jack Peabody.

Constable, Precinct 4—Roy Edward, J. D. Parker.

County Surveyor—W. A. Thompson (re-election.)

County Chairman—J. Claude Wells (re-election.)

Dunbar also released the names of the following election judges for the coming primary:

O. B. Jones, Memphis 1; Tril-ton Davis, Newlin 2; Grover Moss, Eli 3; Ted Montgomery, Lesley 4; J. R. Ballard, Estelline 5; H. A. Lyles, Baylor 6; Carl Hill, Parnell 7; Algie Turner, Turkey 8; T. W. Luttrell, Lakeview 9; Carl Holland, Brice 10; H. A. Hodges, Plaska 11; A. D. Britt, Hulver 12; Allen Dunbar, Memphis 13; H. E. Wellman, Ox Bow 14, and Ray Harlan, Bridle Bit 16.

Box 15 has been consolidated with Lakeview, Dunbar pointed out.

Dunbar released the names of the following candidates who have filed for state, district and national offices:

Congress, 18th District—Alta-vene Clark, Potter County; Walter Rogers, Gray County; Leroy (Pete) LaMaster, Ochiltree County; J. Blake Timmons, Potter County.

State Board of Education—A. R. Bivins, Potter County.

Assoc. Justice, Court of Civil Appeals—Herbert C. Martin, Lamb County; W. N. Stokes, Potter County.

State Representative, 121 District—A. J. Rogers, Childers County.

District Attorney—W. M. Turker, Collingsworth County; Allan Harp, Childers County.

### Fitzjarrald Suit Against Times Is Continuing Here

Testimony was continued here today in the libel suit case of Otho Fitzjarrald against the Times Publishing Co. of Amarillo.

Fitzjarrald, former county attorney here now practicing law in Amarillo, first filed suit against the Amarillo paper in 1948. A series of articles in The Times on the political situation in Hall County at that time are the basis of his suit.

Fitzjarrald was on the stand Tuesday along with other local witnesses, including Sheriff Earl Hill and District Clerk Isabel Cypert.

Questioning of witnesses was scheduled to continue all day today with a possibility of the case going to the jury Friday afternoon. (Continued on page 8)

## Memphis Meets League Leaders With Hobart And Dumas

Memphis Owls will be expected to extend their league lead to 12 straight wins when they invade the circuit's top pair

er Dlugokeeki's possibilities—providing the injury bug can be solved.

The spectacular league winning streak the Owls have been riding since May 25 certainly faces its stiffest test this week. After meeting the loop leaders tonight, the Owls move on to Dumas Sunday for a tilt with the second-place Dusters.

This game will match two of the stiffest opponents in the Texas section of the league. Manager Pruett said that Ed Mathes—an Owl mainstay during the past month—will probably get the hurling nod for this game.

Tuesday night the Owls come home to Estes Park for a scrap with the Wellington Dukes, now standing fifth in the league. The Owls and Dukes are old-time rivals and their games always offer plenty of color and excitement. Pruett hasn't planned his pitching assignments that far in advance but either Jack Brinkley or LeRoy

Kamphouse can be expected to work the mound if they are not forced into heavy relief roles tonight or Sunday.

In league action Tuesday night, Wellington cut down Mangum's hold on fourth place with a 4-2 win over the Oklahoma club. Hobart increased their lead over Dumas in the standings by downing Paducah 4-2. The scheduled Altus-Dumas tilt was rained out and Memphis was not scheduled

Standings for a league game.

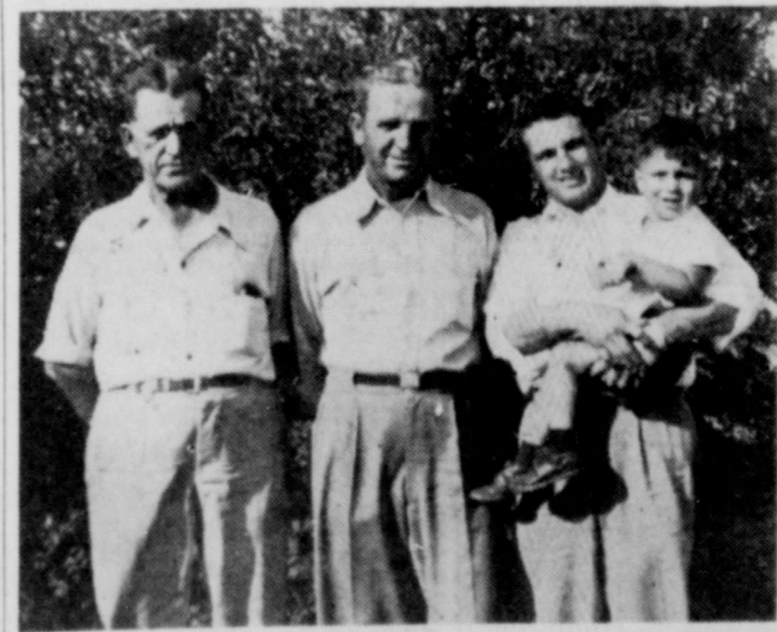

Team	G	W	L	Pct.

Paducah	20	6	14	.300
Altus	18	4	14	.222

Where They Play

Thursday—Altus at Mangum and Dumas at Wellington.

Sunday—Paducah at Mangum and Hobart at Wellington.

Tuesday—Altus at Paducah and Hobart at Mangum.

FOUR GENERATIONS—A family reunion at Lakeview Sunday brought together four generations of the Barnett family. The age range runs from 68 years for great grandfather E. C. (Joe) Barnett, Sr., left, to young Dennis Earl who will be three years old next month. Next to Mr. Barnett at left is his son, Rial M. Barnett, the grandfather of this four generation group. They both live at Lakeview. Father Dennis Earl Barnett of Amarillo is holding young Dennis, the pride of the three older generations. (See Story inside.)

# Owls Win Streak Stopped

The Memphis Owls' 11-game winning streak was broken Saturday night—just three weeks after it began—by a Classy Elk City club, 10-4. It was an exhibition game played at Estes Park.

It was this same team that last beat the Owls on June 2.

Memphis used four hurlers in their unsuccessful attempt to check the visitors' hitting power. Hank Dlugokoski—the Owls' new portside hurler—seemed to have the answer to the problem but an arm injury took him out of the game after five innings of play. He turned in a very creditable job in his debut performance, holding the visitors to three hits and allowing only one run.

Jack Brinkley spelled Dlugokoski on the mound but he ran into trouble in the sixth and stayed only one inning. He gave up two hits and three runs. Ed Mathes took over in the seventh and worked two innings, allowing four hits and three runs. Leroy Kamphouse handled the hurling in the final frame. He was worked for three hits and three runs. Brinkley was charged with the loss.

Memphis got eight hits off Elk City moundsman Hatley, a former Oklahoma City player.

Elk City scored once in the fourth and added three runs each in the sixth, seventh and ninth innings.

The Owls tied up the game in the second inning when Stonecipher, Veltman, Dlugokoski and Farmer were walked in that order. Williamson scored another tally in the eighth. He reached base on a single and was pushed around when gratis bases were issued to Carpenter and Stonecipher. Veltman singled to send Williamson home.

McKay's home run in the sixth with Coppedge aboard accounted for the Owls' last two scores.

# 'GREEN BUGS' ARE DANGEROUS TO FLOWER GARDENS, EXPERT WARNS

Small grain producers in Texas are familiar with the green bug that has during the past few years done much damage to their crops. There is also a similar bug, that causes plenty of trouble in the flower garden. According to Sadie

LYSTRATA . . . Paris star, Cecile Aubry, believes that women should refuse any an all affection to their husbands until the hubbies end the cold war.

Hatfield, extension landscape gardening specialist of Texas A&M College, those that attack flowers, shrubs and trees are also called aphids of plant life.

She says they are usually green in color, but may also be orange, gray or even black. Their color gives them a good camouflage and as a result they often go unnoticed until damages begin to show up. They usually feed on the tender twigs and under the leaves. The leaves on some of the plants when damaged turn yellow and some curl. The aphids that attack chrysanthemums are usually black in color.

Although aphids are very small, they have a high resistance to most insecticides and are therefore difficult to control. DDT, chlordane or lead arsenate will not kill them. Nicotine sulphate, also called black leaf 40, is still the best all-around home remedy. Miss Hatfield says that one and one-half teaspoonfuls of nicotine sulphate mixed with one gallon of water and applied as a spray will usually control them. She cautions against getting the spray too strong for it will burn the leaves of the plants. You should be sure that all parts of the plant are thoroughly covered with the solution, especially the top and underside of the leaves.

One of the newer insecticides, lindane, gives great promise for the control of aphids but it is not generally available at this time.

She says a heavy infestation of aphids may take enough sap from the plants to weaken them seriously. They may cause flower buds or berries to drop from the plants. Plants weakened by attacks from aphids may die during extremely dry or cold weather.

She suggests that you make periodic checks of the flowers and shrubs around the place and if aphids are found, that you immediately put into use the recommended control measures.

Mr. and Mrs. Oman E. Barnett and son Denny of Amarillo spent the weekend visiting his father, Real M. Barnett, and grandfather Joe Barnett of Lakeview and with other relatives and friends.

Mrs. Norman Heath and daughter Marilyn of Lubbock are visiting here this week with their parents and grandparents, Mr. and Mrs. H. H. Lindsey.

Mr. and Mrs. Gene Lindsey and daughter Pamela left Wednesday for Dallas where they will visit with Mrs. Lindsey's parents, Mr. and Mrs. H. B. Gilmore, and Mr. Lindsey's brother, Bobby Lindsey and family. They plan to be gone about a week.

# Strawberry Butter Shortcake Supreme

It's strawberry shortcake time! This favorite of all desserts combines feathery light shortcake squares, in which butter is used for shortening, with luscious red strawberries. The berries are sliced or crushed, sweetened to taste, sandwiched between squares and piled generously on top with fluffy whipped cream.

These delicate shortcake squares, blended with the flavor of other fresh berries or any fruit in season, make a nutritious, melt-in-your-mouth dessert the whole family will enjoy.

## Strawberry Butter Shortcake

- 1 cups sifted cake flour
  - 1/2 teaspoons baking powder
  - 1/4 teaspoon salt
  - 1 cup sugar
  - 2 eggs, separated
  - 1/2 cup milk
  - 1/2 teaspoon vanilla
  - 1/2 cup butter, melted
  - 1 pint strawberries, washed
  - 1/4 to 1/2 cups sugar
  - 1 cup whipping cream
- Melted butter. Pour into a well in the center of the dry ingredients and beat until batter is smooth. Fold in the beaten egg whites, lightly but thoroughly. Turn into two 8-inch square layer cake pans which have been lined with wax paper. Bake in moderate oven, 350° F., for 20 to 25 minutes, or until done. Cool.
- Meanwhile, slice or crush berries, adding sugar to suit taste; whip cream until stiff. Serve berries between layers and on top of cake, which may be left whole or cut in individual servings before combining. Garnish with whipped cream, and with whole berry on top of each serving, if desired. Serves 6 to 8.

Meanwhile, slice or crush berries, adding sugar to suit taste; whip cream until stiff. won sixth place in the state pumper drill contest, competing with professional and volunteer units from throughout Texas.

Attending the convention from here were: Chief and Mrs. Thomas Clayton and daughter, Mr. and Mrs. Earl Brisco, Mr. and Mrs. O. A. Sturdevant and three children, Mr. and Mrs. Cecil Hancock and son, Mr. and Mrs. Red Ward and Mr. and Mrs. Bill Vardeman.

Also Mr. and Mrs. Frank Ritchie, Mr. and Mrs. Ben Alexander and Bill George Kesterson, Arlis McBee and W. W. Wise.

Q. What is the name of these cuts of meat?

A. Frenched lamb chops.

Q. Where do they come from and how are they identified?

A. These chops are cut from the lamb rack and contain a rib bone and rib eye muscle. They are the same as rib chops except meat is removed from ends of ribs.

Q. How are they prepared?

A. By broiling or panbroiling. To broil, place chops on broiler rack so the top of 1-inch chops is 2 inches from the heat and 2-inch chops, 3 inches from heat. When one side is browned, season, turn and finish cooking on second side, season. Chops cut 1-inch thick require 10 to 12 minutes cooking time; 2-inch chops, 20 to 22 minutes. In panbroiling thinner chops, place them in frying-pan and cook over low heat, turning occasionally for uniform doneness. Do not cover and do not add water. Cook until brown on each side.

## Mid-Union Youth Rally Held Here On Monday Night

First Christian Church youngsters from six near-by towns were in Memphis Monday night for the quarterly Mid-Union Christian Youth Rally. The meeting was held at the First Christian Church.

Fritz Aspgren, president of the Memphis Christian Endeavor, presided at the meeting. Minister Fred Bayless of Crowell was principal speaker at the program.

Approximately 75 Christian Endeavor members from Memphis, Paducah, Crowell, West Amarillo, Quanah, and Canadian churches attended the meeting.

Other highlights on the program included a number of musical selections with Miss Sue Ann Roberts leading the chorus. The visiting churches presented special numbers and stunts and games were presented.

Refreshments were served to the group before the program ended.

Minister Bedford Smith said the next meeting will be held in Quanah on August 28.

## Local Firemen Attend State Meet Last Week

A large delegation from the Memphis Volunteer Fire Department attended the State Fireman's Convention in Wichita Falls last week. The group went to Wichita on Tuesday and returned on Thursday.

The drill team from the local department made an impressive showing at the convention. They

# Ben Guill Is Made Member Of Ag Group

Congressman Ben Guill of Panama was appointed to the agriculture committee of the House of Representatives Wednesday, it was announced in Washington.

A telegram received by The Democrat Wednesday from Guill carried this statement:

"I am gratified to announce that I have been assigned to the agriculture committee. It is the assignment I hoped for when I first came to Washington because I believe that as a member of the powerful committee on agriculture, I can best service the interest of the people of the Panhandle.

"It usually takes several years for a congressman to get such an assignment. I was able to get the appointment within six weeks because a Republican member of the committee resigned especially to make room for me. That's the

kind of inter-party deal that the Panhandle has been needing for some time. There are five Democratic freshmen from Texas in the House. Since appointments are on the basis of seniority, a Democratic congressman from the Panhandle has a chance of being assigned to an important committee. "With this appointment Panhandle, which has had a representative on the agriculture committee, has a chance of having a representative on the committee in time to come. For the time in history, Texas has a bi-partisan representation on the committee with power with both the majority and minority members. "I will work closely with the representative on the committee, and I believe further the best interests of the farmers and livestock raisers as a whole and of the Panhandle in particular.

# Traffic Signals Should Be Standard

Article 3  
 Do you know about highway traffic signals? If your knowledge is limited to the fact that when the signal shows red, you stop when it shows red, you are not getting the most out of the signal. For a more complete understanding of the problem of traffic signals, you should know more about the standard traffic signals. Would it be better to use only standard signals, or to use only standard signals with additional lenses showing arrows and walk-wait, may be added at complicated intersections to provide for special movement of traffic. The standard position of the lenses is not only helpful to every motorist, but it is especially helpful to the color blind who can tell whether to stop or go by the difference in brightness of the lenses when they cannot distinguish colors.

The sketch will help you identify the most common type of a standard fixed-time (stop and go) signal for suspension over the center of the highway. To be standard each face must have at least three lenses, with red at the top, yellow below the red, and green below the yellow. Additional lenses showing arrows and walk-wait, may be added at complicated intersections to provide for special movement of traffic. The standard position of the lenses is not only helpful to every motorist, but it is especially helpful to the color blind who can tell whether to stop or go by the difference in brightness of the lenses when they cannot distinguish colors.

The yellow signal, which follows green only, plays a very important role. It warns traffic in motion that the signal indication will change; it provides a clearance time for traffic already in the intersection and for traffic approaching so closely that to stop would be hazardous; and it permits operation of yellow as a flashing caution signal when the signal is not being operated as a stop and go signal.

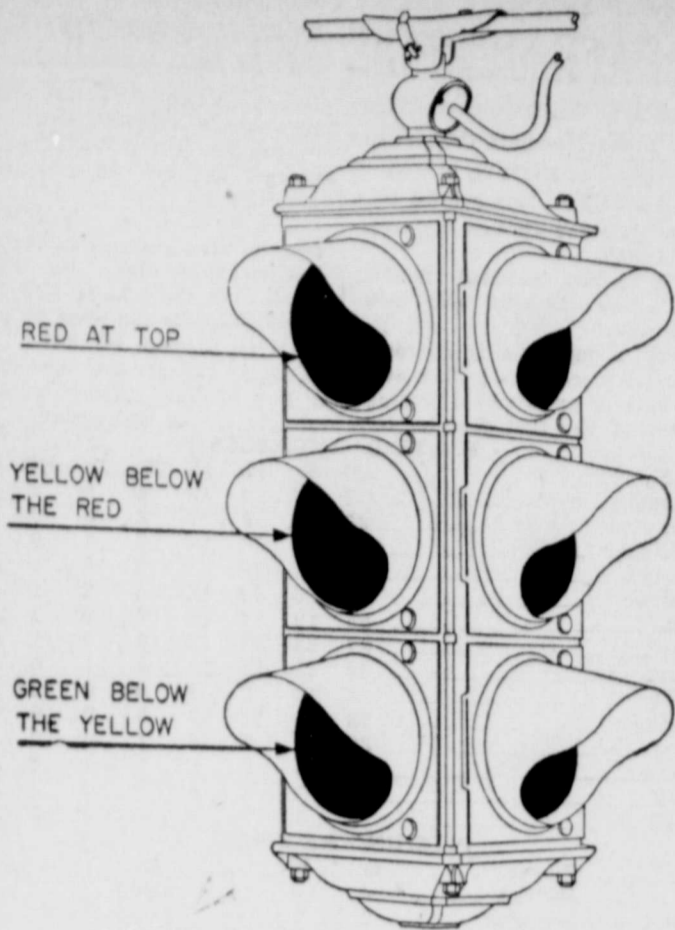

There are a large number of traffic signals in use today that were installed before the present standards were adopted, and they do not conform to present standards. Unfortunately there are some local units of government who still buy non-standard signals without the yellow lenses. Some of these two-section signals show both red and green at the time they are changing color, which is not only confusing but also hazardous.

You can also help with the problem of traffic control by understanding the functions of traffic signals and their limitations.

A well designed and operated traffic signal installed on the basis of factual studies of the number of vehicles and pedestrians, accidents, speeds, delays, and physical conditions of the location can render invaluable service in the smooth and safe flow of traffic.

On the other hand, an unjustified, ill designed, ineffectively placed, improperly operated, poorly maintained signal is not only a waste of public funds, but it causes unnecessary delays to traffic, disobedience of signal indications, use of alternate routes, and often, an increase in accidents.

After years of study and experience, national authorities have set out the conditions that will justify the installation of a traffic signal. Unfortunately, too many traffic signals have been installed on the basis of opinion rather than facts, and upon the mistaken idea that they are a cure-all for all traffic problems. The result has been a hindrance to traffic rather than a help. How many times have you, as a law abiding citizen, been forced to stop at some insignificant cross street and wait

STANDARD TRAFFIC SIGNALS  
 STANDARD VERTICAL ARRANGEMENT OF SIGNAL LENSES  
 SKETCH E

for a signal to change to green when there was not a car or pedestrian in sight? Did this unnecessary delay improve your disposition and your respect for traffic signals? Another common fallacy is that a single stop and go signal can control speed, and this belief has resulted in a number of unjustified signals. The signals may slow down the speed demon or even stop him while the signal is red, but while the signal is showing green, it only offers a challenge for this speed demon to go faster to get by it before it does turn red. Traffic signals cannot write tickets for traffic violations—you still need traffic officers to enforce traffic rules and regulations.

Remember these things about traffic signals and do your part in the problem of traffic control by insisting that your local officials install only standard signals in the future and that they be installed only after a factual study has been made by a competent engineer to determine whether or not they will be a help or a hindrance to traffic.

Mrs. John Albrecht and son Jeffrey John of Doland, S. Dak., are visiting here with Mr. and Mrs. Angus Huckaby. Mrs. Albrecht is the former Mary Sue Huckaby. Mrs. Albrecht and baby arrived here Saturday and after a week's visit here will go to Amarillo to visit with other relatives and friends before returning to their home in TWA.

Mr. and Mrs. E. F. Lemons of Memphis had as visitors Sunday their children. Present were

## LIGHTER WEIGHT HOGS STAND BEST CHANCE OF TOPPING MARKET PRICE

Swine producers may hold the answer to better prices. The lighter weight hogs, those weighing from 200 to 230 pounds, stand the best chance of topping the market, says E. M. Regenbrecht, extension swine husbandman of Texas A. & M. College.

He says that hogs weighing more than 230 pounds are not in strong demand because of their lardiness, and too, after they pass this weight they become less efficient utilizers of the feed they consume.

He recommends watching the hog gains very closely and topping-out the animals as they reach the 200 to 230 pound weight range.

Regenbrecht says that Texas is still a heavy pork importing state and he believes that Texas producers can profitably increase their output of hogs.

He says that hog producers should strive to continually improve the quality of the hogs they produce for market and that good pastures and more efficient feeding and management practices should be followed to cut down the production costs.

Hog producers and especially those who feed hogs for market should watch closely the research work that is now underway at many of the State Experiment Stations, including the Texas Sta-

tion, on the use of APF (animal protein factor) vitamin B-12 and the antibiotics in the hog feeding rations. These research findings may very materially affect hog production in the near future.

Mrs. D. A. Grundy has as recent guests, Mrs. W. B. Howell of McKinney and a niece and nephew, Mr. and Mrs. Morgan Cardwell of Russellville, Ky. Mr. and Mrs. Cardwell left Monday after visiting here for the past week.

Mrs. W. C. Dickey has as guests this week two nephews, Fletcher Pickens of Colmesneil and Jay Campbell of Centerville.

### Four Generations Meet To Celebrate Father's Day

The home of Mr. and Mrs. Robert L. Barnett of Lakeview was the scene for a Father's Day Celebration of four generations on Sunday, June 18. Also honored on this occasion were Robert L. Barnett and Mrs. John Ray, the former Bobbie Nell Barnett, who celebrated birthday anniversaries. After a fried chicken dinner was served, a beautifully decorated birthday cake was cut and topped with home made-ice cream. Those present to enjoy the occasion were E. C. Barnett, Mr. and Mrs. Bernice Davis, Mr. and Mrs. E. C. Barnett, Jr., and boys, Rial Barnett, all of Lakeview; Mr. and Mrs. John Ray of Denton, Mr. and Mrs. Oman Barnett and son Denny of Amarillo, Mrs. Dutch Davis of Memphis and hosts, Mr. and Mrs. Barnett and son Larry.

Mrs. David Hawthorne and children are visiting her parents, Mr. and Mrs. Frank Smith, here this week.

Mrs. Ida Hutchinson and son, Rayford, and Miss Irene Hutchinson of Raton, N. M., left for Dallas Wednesday where Rayford will undergo surgery.

Vitamin D is the rarest among ordinary foodstuffs.

### Girl Scouts Enjoy Picnic At City Park Wednesday

Girl Scouts of Troop No. 1 enjoyed a picnic at the City Park on Wednesday evening, June 14, between the hours of 5:30 and 7:30 o'clock.

Following the picnic supper, the group enjoyed a series of outdoor games.

Members present were Rita Jo Hale, Beverly Bowerman, Jerita Hartman, Shirley McBee, Nan Crowder, Nadine Padgett, Patricia Padgett, Carolyn Crawford, Yvonne Padgett, Billie Hartman, Barbara Shackelford, and Mrs. Kulp, troop leader and Mrs. Scott, troop committee chairman.

### Brucilla Needle Club Meets With Mrs. Burl Smith

The Brucilla Needle Club met Thursday afternoon in the home of Mrs. Burl Smith for the regular meeting and luncheon.

Mrs. Orelo Monzingo, president, presided at the business session. The group did needle work for the hostess following the luncheon.

Guests present included Mrs. Sidney Mayfield, Jr., and daughter Karen.

Members present were Meses. Clara Pritchett, Lola Webster, Orelo Monzingo, Ada Sargent, Pearl Massey, Addie Hampton, Osie Scott, Opho Webster, Bess Crump, Buna Mayfield and Minnie Ferrell.

### Church Members To Hold Farewell Party For Carter

A farewell gathering honoring Minister Gray Carter will be held Sunday following services at the Church of Christ here.

Church members plan to bring basket lunches and will be served in the basement of the church, it was announced.

All church members are urged to attend as well as other friends of Minister Carter and his family.

This will mark his last Sunday as minister of the church here. He leaves for McKinney July 1 where he will be minister of the Davis St. Church of Christ.

Miss Nettie Bardin of Dallas is visiting here with her sister, Mrs. W. B. Scott.

Mt Antarctic explorers have been English.

### WILLIAMSON HITTING OVER .500 TO PACE MEMPHIS OWL BATTERS

Big Don Williamson continues to pace the Memphis Owl hitters this week. The slugging outfielder has hit safely 18 times in 34 trips to the plate for an amazing average of .529.

His 18 hits included 12 singles, four doubles and two homeruns.

Leroy Kamphouse is currently in second place with a .391 average. This is an unusual average in view of the fact that he is a

pitcher. Kamphouse has hit 6 times in 23 trips to bat. Ken Stonecipher is third with a .367 average. He has 22 hits in 60 times at bat.

The Owls have raised their team batting average during the last week of play. For team totals, the Owls have 186 hits in 631 trips to the plate to give them an average of .291.

Complete player averages (these do not include players who are not now on the Owl roster):

### Hedley Couple Wed June 21; to Live in Memphis

Betty Holland and Kenneth Stone, both of Hedley, were united in marriage at 10 a.m. Wednesday, June 21. Rev. J. E. Murdock read the marriage service at his home in Hedley.

Attending the couple were Mary Lou Greer of Hedley, maid of honor, and Gene Tate of McKnight, best man. Miss Dorothy

Ellis and Can Holland also attended the wedding.

For her marriage, the bride chose a blue dress accented by white accessories. Daughter of Mr. and Mrs. Obe Holland of Hedley, the bride is a graduate of the Hedley High School.

Mr. Stone, son of Mr. and Mrs. Clarence Stone also of Hedley, attended the Hedley schools and served in the United States army two years.

Mr. and Mrs. Stone will make their home in Memphis.

Largest reptile in the U. S. is the alligator.

### US Air Force Needs More Reserve Men

The US Air Force needs reserve personnel in its 1950 Training Program.

There are several hundred thousand reservists in the United States now who have been transferred to the inactive Air Reserve because of their failure to participate in training.

Few inactive reservists stop to consider that as they grow older the infirmities of age becomes more certain.

Reservists can actively participate in the Air Reserve Program and draw pay for their few hours of training each month through years. In addition, they build toward retirement that applies at the age of 60 of approximately \$75 to \$175 per month for the rest of their life. Insurance comparable to benefits which thus accrue would cost from \$400 to \$800 per annum over a period of 30 years.

The Air Force Reserve has five types of training available to re-

servists interested in... The five types are... one or the other... individual circumstances... Inactive Air Reserve... **USE MORE DAIRY PRODUCTS FOR BETTER, HEALTHIER LIVES**

## To Memphis Housewives Your Grocer Is Offering Two Big Specials!

**1/2 Pint of Whipping Cream.... 25c**  
**1/2 Pint of Coffee Cream.... 20c**

**THEY'RE HALL COUNTY DAIRY PRODUCTS, OF COURSE!**  
These Specials Are Good Each Saturday!

Here's Three Home Receipts For Good Summertime Eating:

<b>FREEZER ICE CREAM</b> 5 eggs 2 quarts sweet milk Sugar to taste 1 cup whipping cream 2 tsp. vanilla	<b>FROZEN LEMON CUSTARD</b> 3 eggs 1/4 cup lemon juice 1/4 rind of lemon 1 cup sugar 1 cup cream 1/2 cup vanilla wafers
---	---

Beat egg yolks until lemon colored. Beat in sugar and vanilla. Add whipping cream. Beat whites of eggs. Add all together with sweet milk.

Beat egg yolks, add sugar, reserving 1 tsp. of sugar for egg whites. Add lemon juice and rind (This rind is just cooked with the custard, then removed after flavor is cooked out into the custard) Cook in double boiler until it thickens. Chill, whip egg whites, cream, etc. with the cooked custard. Pour in tray, which has been buttered and lined with crushed vanilla wafers. Freeze.

The Hall County Dairy Is Joining With Your Grocer To Offer These Two Specials On Our Creams. We Want You To Try Our Products Because We Know You'll Like Them. Remember, Our Products Are Made Right Here. Our Milk Is Furnished By The County's Finest Dairies!

Last Rites—

(Continued from Page One)
ing these years and owned a barber shop here at the time of his death.
He was a member of the First Methodist Church.
Survivors include his wife of Memphis, and a son, Henry Boyd Newman, of Amarillo.
Three sisters survive: Mrs. Gladys Ballinger, Altus, Okla.; Mrs. Bertie Chisholm, Littlefield, and Mrs. Rowena Wilks, Denton.
One brother, Rowe B. Newman of Denton, survives.
Other survivors include two grandchildren: Henry Phillip Newman and Cynthia Deann Newman, both of Amarillo.

Spreader Terraces

(Continued from page 1)
land irrigation," McKown pointed out. "If a creek or stream runs near a farm these terraces can be so designed to divert the water and spread it over the land. By building a levee on the creek or stream, water can be diverted to the farmer's land from the stream and provide the farm with moisture even when it has not rained in the farm's immediate area."
He said that the local farmers obtained the idea from an experimental station at Spur which has been working with the spreader terraces for several years. Hall County is pioneering the plan in this area although Childress and Collingsworth Counties have some of these terraces constructed.
McKown said that he will work with County Agent W. B. Hooser and the local soil conservation group to draw up plans for this type terracing. These plans will be presented at the state meeting. If they are accepted, the PMA will include this work in its conservation practice payments in the future.

you people of Precinct 1, and I will be depending upon you on July 22nd.
"I will appreciate the support and vote of each and every one."
HENRY STINNETT.

Comments

(Continued from Page One)
pi, have promised to be my guests Sunday, July 2—just 27 years after the troop was started at Hedley. Some 20 of the 28 original members are alive and living in various parts of the United States. Not a single Scout of the Hedley troop, or other troops with which I have been connected during those 27 years, has gone bad. They are all good citizens and hold responsible places in their respective communities.

Herschel and Helen Combs and wife and I attended the Texas Press Association meeting in Fort Worth last week-end. A good and worthwhile program was had and plenty of entertainment was furnished on the side. One of the highlights was a dinner given by Amon Carter, of the Fort Worth Star-Telegram, at his Shady Oaks farm on Lake Worth Friday evening. Amon is a gracious host and went the limit in seeing that all attending had a good time.

The thing that caught me was an old church bell that Mr. Carter had installed at Shady Oaks. It was the bell used in the Presbyterian Church at Crafter for nearly half a century. He built a tabernacle at Crafter for the people of that community to use for their homecomings and other gatherings in exchange for the bell. When he told me about the bell and then rang it, memories of my youthful years came rushing through my mind. I recalled my father donating the land to the church just about a block from where we lived. The building was erected and all denominations used it—each congregation having preaching one Sunday in each month—for several years, then other church buildings were erected. Union revival meetings were held each Summer under brush arbors, and the tabernacle donated by Carter was built on the brush arbor site. I heard many saintly Christians testify, shout and pray at those revivals and at church services throughout the years. I saw sinners seek God

at the altar and find Him. I attended funerals at this church of men, women and children who were dear friends or kinsmen. I remember ringing the bell for the sexton on many occasions, calling people to worship. When they heard the silvery tones throughout the community, all paused to bow their hearts if not their heads, like the painting, "The Angelus." Yes, Mr. Carter, you started a string of memories when you showed me that bell. Wife reminds me that we attended services in that old church when we were sweethearts. Mr. Carter was born in the Crafter community.

The extent to which surplus inventories of stock are built up by some federal agencies was recently pointed out to the House Appropriations committee by Jess Larson, general services administrator. He said one agency had a supply of tracing cloth which would last them 9 years, enough fluorescent light tubes to last 93 years, sufficient ruled paper to last 168 years and a stock of loose leaf binders which would last them 247 years. The agencies should take the advice given by Franklin D. Roosevelt in 1932: "Any government, like any family, can for a year spend a little

more than it earns. But you and I know that a continuance of that habit means the poorhouse."

Bill Phleuger of West Main Street says, "It was different in the old days. The only kind of isms that ever gave anyone discomfort was rheumatism. These trying times are the good old days we'll be longing for a few years from now."

Blonde to a would-be courtier: "George, if you had money what would you do?" George: "I'd travel." She gave him a dime.

Matilda Upstart of West Noel Street: "When you ask a woman her age, it is like buying a second-hand car; the speedometer has been turned back, but you can't tell how far."

Mrs. D. W. McCool, who is taking a special course in library work at TSCW, Denton, spent the week end here with her parents, Mr. and Mrs. P. F. Craver.

Miss Dorothy Hutchinson returned Saturday from Ridgecrest, N. C., where she attended a week encampment of the Baptist BSU organization.

Double-Ring Service Unites in Marriage Miss Joy Davis and Clarence Denton

In a double-ring ceremony performed Sunday, June 11, at the Lesley Baptist Church, Miss Joy Davis, daughter of Mr. and Mrs. George E. Davis of Corpus Christi, became the bride of Clarence Denton, son of Mr. and Mrs. S. C. Denton of Lakeview.

Rev. Bryon Todd of Waterford, Calif., brother-in-law of the bridegroom, read the marriage service in the presence of members of the families and close friends.

Attending the bride was Miss Billie Dell Martin, maid of honor. She was attired in an attractive summer frock complimented by white accessories and a corsage of white carnations. Kenneth Sams served as best man.

For her wedding, the bride chose a smart navy sheer frock with white accessories. Her corsage was of red roses and she carried a white Bible. For something old, she carried a linen lace trimmed handkerchief which had been in the family for many years and was made by the bride's great grandmother.

The bride is a graduate of the

Memphis High School with the class of '50, and is well known among the younger set.

Mr. Denton graduated from the Lakeview High School in '46 and attended West Texas State College. He later served in the U. S. Army for several months. At the present time he is employed at the First National Bank in Lakeview.

Upon their return from a honeymoon trip to New Mexico and Colorado, Mr. and Mrs. Denton will be at home in Lakeview.

Attending the wedding were Mr. and Mrs. G. E. Davis, Mrs. Floyd B. Crow and Mrs. H. T. Gabriel and daughter Jenita of Corpus Christi, Patricia Alexander, Hendrix Williams and Mrs. Bryon Todd of Calif.

Funeral Services For G. H. McCoy Held Here Friday

Last rites for Gilbert Horace McCoy, 82, were held at the Murphy-Spicer Funeral Chapel Friday afternoon at 4 o'clock. Mr. McCoy died Thursday in the Lakeview home of Mrs. Roy Marler, a daughter with whom he had resided for the past seven years.

Rev. O. C. Evans, pastor of the Lakeview Methodist Church conducted the funeral services. He was assisted by Rev. Ray Shahan, First Baptist Church minister here, and Rev. Rollo Davidson, pastor of the First Methodist Church.

His body was carried overland to Bagwell where graveside services were held. Mr. McCoy was buried in the old Shamrock Cemetery in Red River County Saturday. Arrangements were under the direction of Murphy-Spicer Funeral Directors.

Mr. McCoy was born on Oct. 15, 1887, in Bienville, La. He was married to Miss Mamie Perry on Jan. 6, 1895, at Chautau, La., and they moved to Clarksville in 1909. She died on July 28, 1912, and Mr. McCoy moved to Hall County in 1924. He was a member of The First Methodist Church at Quitaque and was a retired farmer.

Three daughters survive: Mrs. A. D. Walls, Memphis; Mrs. Roy Marler, Lakeview, and Mrs. W. O. Teal of Tell.

Other survivors include three sons: Lynn O. McCoy, Memphis; G. L. McCoy, Lovinton, N. M. and Leroy McCoy, Memphis.

A sister, Mrs. Alice Carter of Clarksville, and three brothers, Walter McCoy, San Angelo; Bob McCoy, Borger, and Charlie McCoy, Bagwell, also survive.

Other survivors are 10 grandchildren and three great grandchildren.

Seven children preceded him in death.

Out-of-town relatives attending the funeral included: Mr. and Mrs. Howard Huffman, Mr. and Mrs. Travis Dorssett and daughter, all of Borger; Mr. and Mrs. Van McCoy and children, Mrs. Minnie Service and daughter, La-

A son, Steven Ray, was born to Mr. and Mrs. H. E. Davis Jr. of Memphis May 18.

A daughter, Joanna Lynn, was born to Mr. and Mrs. Tom John Smith III of Memphis June 6.

Mr. and Mrs. W. E. Saunders of Memphis are the parents of a son, Larry Wayne, born June 4.

A daughter, Shelia Ann, was born to Mr. and Mrs. Robert Robert Stephens of Turkey June 13.

Mr. and Mrs. C. J. Castell of Memphis are the parents of a son, Tanne Leon, born June 17.

Mr. and Mrs. A. R. Jenkins of Memphis are the parents of a son, Allen Ray, born June 2 and weighing 8 lbs. 9 oz.

A son, Christopher Alfred, was born to Mr. and Mrs. Wayne Hutchinson on June 13. He weighed 8 lbs. 6 oz.

Mr. and Mrs. George Buckaloo are the parents of a daughter, Susan Oan, born June 14. She weighed 5 lbs. 1 1/2 oz.

Mr. and Mrs. Thomas Adcock of Plaska are the parents of a son, Jimmy Dale, born June 20 and weighing 8 lbs. 14 1/2 oz.

MEDICAL MIRACLE Today Your Pharmacist Drops A Few Facts About...

SULFAPYRIDINE English chemists prepared the first Sulfa drug which could destroy Pneumonia microbes. Sulfapyridine brought to the sufferers of this disease a near certainty that it is not "necessary" for them to die. The old enemy of man is on his way to defeat, thanks to scientists who devote their lives to helping others to live.

Three Ways To Select A Bank

If you are about to select a bank, we have three suggestions to offer—choose any one or a combination of all three.

- 1. ASK OUR CUSTOMERS ABOUT US, how long we've served them, how well we have served them and how they like us as bankers and as people.
2. COME IN FOR A VISIT, talk to our employees and our officers, ask to be shown and told about the services we have to offer.
3. WALK IN AND OPEN AN ACCOUNT, then let the service you receive be the deciding factor.

On the above basis, or any basis you care to choose we invite you to make our bank YOUR bank—want you to feel welcome here.

A cluster of bananas is called a hand.

**Every Family Can Check Dairy Surplus**

June is dairy month. During the month, the spotlight will be the dairy industry and the part it plays in making the residents of the United States the best fed nation in the world.

The producers of milk and other dairy products, according to the extension dairy husbandmen of Texas A. & M. College, have done a good job of meeting the demands for their products, in fact, surpluses have developed in some of the heavy producing areas of the country.

The American Dairy Association, which speaks for some five million dairy farmer members in 42 states and who produce about 90 per cent of all the milk in the nation, in a report sent to the dairy specialists, points out that all surpluses could be removed if the consuming public would only slightly increase their use of dairy products.

If each family in the nation would use one extra pint of milk; and extra quarter pound of butter; and extra quarter pound of cheese; an additional 1/2 can of evaporated milk and one extra pint of ice cream per month, the entire surplus would be taken care of. The extension dairy specialists say the extra quantities of

dairy products used by each family would be a god investment so far as the food dollar is concerned, because milk and dairy products are one of the cheapest and best sources of needed vitamins and other food elements.

Mr. and Mrs. Arlis McBee and Mr. and Mrs. H. H. Lindsey visited in Tyler and Dallas over the weekend with relatives. In Tyler they visited Mrs. Lindsey's sister and in Dallas with Mr. and Mrs. Bobby Lindsey and family.

Mrs. J. H. Brooks of Blooming Grove and Mrs. Will S. Knight and Mrs. Callie Marshall of Corsicana and Miss Barbara Jo Marshall of Dallas visited here last weekend in the home of their sister and aunt, Mrs. J. W. Stokes.

Angus Stock

(Continued From Page 1)
Have equally impressive records. One is out of the same cow as the grand champion heifer in the Royal Winter Fair last year and all have strong blood lines.

mercial sales but that Redelmeier changed these plans in order to furnish the stock for Hall County's program.

"He realizes the value of having this fine stock—raised on the Don Head Farms—shown by our group at the state's leading shows in the future," Farmer said. "It will afford the farm publicity and advertising that could not be obtained in any other way."

The six Jerseys which will come with the Angus shipment are of equally fine stock, Hooser and Farmer said. One won third prize in the Royal Winter Fair last year and three are daughters of Brampton Molly's Pinnacle—a \$15,000 sire.

Farmer and Hooser said that plans are being made to form an Aberdeen-Angus Breeders' Association in Hall County and to enlarge the show held here each fall to include beef stock.

"This is certainly not a move to swing away from our dairy cattle program, however," Farmer pointed out. "Rather, it is a planned step in enlarging the entire livestock set-up in the county."

Purchasers of the 10 Angus heifers were Edwin A. Smith, Jr.,

D. C. Messick, Memphis; David Hudgins, Brice; J. D. House, Parnell; L. L. Foxhall, Clifford Farmer and Rex Snell, Memphis; Hulen Clifton, Raymond H. Martin and A. C. Rapp & Son, Estelline.

Stacey C. Waites of Lakeview bought four of the Jersey heifers. M. E. Drake, Lakeview, and F. R. Gentry, Memphis, purchased one each.

Estelline Lions

(Continued from page 1)

said. "There is no age limit and those competing do not have to belong to the Lions Club."

He pointed out that talent of all kinds is needed for the show. Tryouts will be held at the high school auditorium Friday and Saturday nights beginning at 7:30 p. m.

The show will be under the personal direction of Betty B. Klein. She will give special training and direction to those selected to take part in the show at the tryouts.

In connection with the "Hayloft Jamboree," the Estelline Lions Club will also sponsor a baby contest, Holland stated. Vote boxes will be placed in Estelline stores and the residents can vote for their favorite contestant at one cent for each vote. Parents should contact Holland to enter their children in this contest.

The youngsters in this contest—ranging from one to six years of age—will be introduced at the show June 30 and winners will be announced at the final performance July 1.

Holland said tickets are now on sale and may be purchased from members of the Estelline club.

Changes Of

(Continued from page 1)

definitely decided about the service could sign up for a trial and later switch back to a box or else use both services.

Roughly, the delivery service will be offered in that section of Memphis from Front St. to 15th St. Persons not sure about their area can obtain this information at the post office.

"But it is very important that everyone contemplating using the service have their address change cards sent out and their mail boxes installed by July 1," Postmas-

WEATHER

A general county rain Tuesday night highlighted the weather news this week. Memphis reported .45 inches precipitation. Heaviest rainfall was around Newlin where an unofficial report said 3.8 inches was recorded. Turkey reported .30 inches. The Plaska community finally received that rain that was so badly needed, with a round two inches of precipitation reported.

High temperature readings this week stayed up in the 90's. The week's high was 98 degrees Sunday with Wednesday's 63 the low reading.

Daily readings as released by Weatherman John McMicken: Wed., June 10, 66 and 91; Tues., June 9, 70 and 96; Mon., June 8, 70 and 95; Sun., June 7, 73 and 95; Sat., June 6, 68 and 97; Fri., June 5, 68 and 96; Thurs., June 4, 68 and 96.

ter Vallance stressed.

Subscribers to The Democrat are reminded that address changes should be sent to the paper's office if they plan to use this delivery service. It is important that these address changes be in this office by July 1.

Fitzjarrald Suit

(Continued from Page 1)

A jury was selected Tuesday from a venire of 84 men. Judge Luther Gribble Monday overruled a defendant's motion for a change of venue.

This is the third time the case has been tried in the 100th District Court here. The first trial resulted in a deadlocked jury. Fitzjarrald was awarded \$14,400 damages in the second trial but appeals to higher courts resulted in a reversal and the ordering of a new trial.

The following jury is hearing the case: T. W. Harrison, David Guest, James Norman, W. W. Copeland, Otis Couch, C. J. Reed, Ivan McElreath, S. T. Hutchins, Ed McMurry, Everett Lawrence, Robert Proctor and J. R. Mitchell.

Harvest Nears

(Continued from page 1)

will reach from 25,000 to 40,000 bushels.

The Texas Employment Commission reported this week that the harvest is almost completed in all but Briscoe, Swisher, Hale and Floyd counties. The TEC closed its wheat harvest control office in Amarillo Wednesday.

Legislation which will determine the 1950 loan price on wheat has not been cleared in Washington. PMA Secretary McKown predicted earlier that it will be about \$1.95 per bushel.

Memphis and Turkey elevator operators said they were paying \$1.92 per bushel Wednesday.

Legion's Zone 7

Will Meet In

Matador Friday

Members of Zone 7 of the American Legion will meet at Matador Friday night at 8 p. m.

T. D. Weatherly, commander of the Simmons-Noel Post here, said all Memphis legionnaires are invited to attend this meeting and urged that all who can possibly do so be on hand.

Zone 7 includes the Legion posts at Memphis, Childress, Turkey, Paducah and Matador. These zone meetings are held monthly with the site rotated among the five towns.

Hooser, 4-H's Attend Round-Up At A&M College

County Agent W. B. Hooser—accompanied by two of the county's outstanding club boys—attended the state 4-H Club Round-up at Texas A&M in College Station June 11-16.

Archie Martin of Lakeview and Winifred Russell of Estelline were the two clubbers selected to make the trip with Hooser.

He said that the 4-H boys went through a rigid 4-H training schedule at the Round-up. The last two days of the meeting were devoted to a short course of instruction for the county agents present. This is an annual meeting and training course.

Hoots To Meet McLean Here Wednesday Nite

The Memphis Hoots suffered their first loss of the season Wednesday night when they fell before a Wellington batting splurge, 19-2.

The Hoots will travel to Wellington Friday night for a return game with that club and will come home Wednesday night to meet McLean at Estes Park.

Gene Corley, manager of the Hoots, said the game here Wednesday night will start at 8 p. m. Admission will be 25 cents.

In other games this season the Hoots defeated Hedley 14-4 and Goldston 8-4.

Riptoe limited the Hoots to two hits in last night's game. Monzingo, McElreath and Ables worked on the mound for Memphis, giving up 10 hits.

The Hoots went ahead in the first inning when Gardenhire reached base on a walk, stole second and was sent home on a Wellington error. Corley scored the other Hoot run in the seventh.

Wellington scored four runs in the third, three in the fourth, three in the fifth, and four in the sixth frame.

Hall County Behind In Bond Sales

Hall County is lagging behind in savings bonds sales at the end of the fourth week of the Independence Savings Bond Drive.

Information released this week from the Dallas office of the drive shows that \$7,106.25 of the county's \$54,000 quota has been sold. This means that the county has completed 13.16 percent of its quota. The report is on Series E Bonds.

This savings bond drive began on May 15. It is scheduled to end on July 4. The accounting period will extend through July 17 so that sales during the latter part of the drive period will have a chance to show in the final results.

## Editorial

### A CENSUS CHALLENGE

Most of us were disappointed by the 1920 Census report for Hall County which was released last week. Particularly startling was the fact that Memphis has actually lost 66 persons within the past 10 years.

This certainly is not a healthy trend for the decade just concluded was supposed to have seen most county seats and towns the size of ours grow to some extent.

These figures represent a challenge to those of us who live here and who plan to make our home here in the future years. We could, of course, merely frown at the thought of Memphis losing population and do nothing to try and check the loss. We could give Memphis up as "a lost cause" and move elsewhere.

But very few of us want to "move elsewhere" and none of us dare afford doing nothing about checking our population losses. What all of us must do is try to help Memphis begin growing again. Memphis—the largest town in one of the Panhandle's more prosperous agricultural counties—undoubtedly has the natural assets necessary to a growing community. It is the spirit in this community that we must improve.

The history of any growing city will prove that it is the spirit of the citizenry that is most important to that growth.

It is time we all began cooperating in working for the projects of our city and civic organizations and explore into every possibility of increasing the population of Memphis. The future of Memphis is ours to do with as we will.

### "FREEDOM" UNDER COMMUNISM

Liberty, in the Western sense of the term, cannot exist in a communist state—or in any state which subscribes to the other totalitarian doctrines.

We need not turn to anti-communists to support that statement. A book written some time ago by A. Y. Vyshinsky provides remarkable proof of it. Mr. Vyshinsky is the Soviet foreign minister, a top man in the Politburo, and a leading authority on Marxism as now practiced behind the iron curtain. In defense of Soviet laws, he wrote this: "Having given the toilers freedom of speech, assemblies, street parades, press, and so on, the Soviet government explicitly excluded the nonlabor classes from enjoyment of this freedom—Having assured genuine freedom of press to the toilers, the Soviet government did not extend this freedom to the nonlaboring strata."

A page or two later, Mr. Vyshinsky expanded on his theme in these words: "In our state, naturally, there is and can be no place for freedom of speech, press, and so on for the foes of socialism—Freedom of speech, of the press, of assembly, of meetings, of street parades, and of demonstrations are the property of all the citizens in the USSR, fully guaranteed by the State upon the single condition that they be utilized in accord with the interest of the toilers and to the end of strengthening the socialistic social order."

That is worth reading again, word for word. What he said, if it means anything at all, is that the people can be perfectly free so long as that freedom consists in following the line laid down by their masters. They can speak freely—so long as they do not criticize Soviet policy. They can have a free press—so long as it shouts the praises of Stalin and sternly and enjoy the other freedoms with the exception of mem- assemble freely—so long as the prime purpose of the assembly is to sing the praises of the "workers' fatherland." This is very much as if one of our political parties took over the government and passed a law which said that everybody could speak free-

### Press Paragraphs—

#### QUOTING OUR NEIGHBORS

##### The Power To Destroy

Eighteen strikers on the Wichita Falls & Southern Railway offered the other day to go back to work for an increase of 7 1/2 an hour. But the management told them, first, that they were obviously underpaid at their present wages; second, that the road could not pay a single cent more; third, that the road would have to go out of business if the strike did not end by June 24.

If the WF&S quits, two county seat towns will be without railroads. In one case it would leave a county without a rail line, except for a few miles across one corner.

The situation is not unique. Short lines throughout Texas are in trouble. They are heavily taxed for governmental benefits which they do not proportionately receive. It is time for the state of Texas to make the matter the subject of a sweeping study with a view to sensible and fair tax reduction. WF&S now carries no passengers. The buses have run it out of business. It has been staggering under its burdens. The quitting of eighteen men is enough to finish it off.

Texas is too big and sprawling to do without railroads. We'd better do something about it.—Dallas Morning News.

##### Justice For The North

We wonder how the fellows down state feels who dug up \$100,000 to help the President whip the friends of the South in districts outside of the State of Texas.

You will remember that this was the price paid by the Democrats of Texas for the privilege of hearing Vice President Barkley when he talked at Austin. The boys down Austin way gloried in the fact that Texans dug up more money for this fete than was given to the Truman war chest by any other state in the union. The former mayor of Austin, who has been a substantial follower of the Truman camp, made the presentation.

All that Texas got out of the deal was a swift kick in the pants. We are told that the United States government is bigger than Texas and that the oil along the coast of Texas belongs to the federal government simply because Washington was able to take it away from us. The Supreme Court appointed by the New Deal outfigured this decision. It would have been very, very surprising if the Supreme Court had returned any other kind of decision.

A couple of years ago we heard an attorney of Long Beach, Calif. tell what would happen to the city

if the federal government took the oil field which had been developed within that city's coastal territory. Long Beach has enjoyed this big oil field for many, many years. We know nothing of the history of California and do not know whether Long Beach has any legal title to this land.

We do know that Texas has a legal and moral right to its coastal lands and its coastal oils. If Washington decides to steal these millions of dollars worth of oil which belong to the school children of Texas, it will be the case of the big boy stealing from the little chap who is unable to protect himself. It will be the same story of the bully who runs over the fellow who is smaller or weaker than himself.

Congress can right this unjust wrong, but we doubt very much whether Congress will act. You will remember that the Democrats in Congress are usually pretty well sold on the Truman program, while the Republicans would hardly go out of their way to help a state which got itself in such a mess by its wholehearted support of men who now prove to be traitors to (Continued on page 7)

### Health Officer Advises Regular Heart Check-ups

Heart disease is the number one killer in Texas and last year there were 18,003 deaths from diseases of the heart, said Dr. Geo. W. Cox, State Health Officer.

What kind of a heart have you? The periodic check-up with your physician will tell you. The Tuberculosis Survey in the state conducted by the Texas State Department of Health has brought to light many non-tuberculous abnormalities, some of these have been heart conditions.

The three present major forms of heart trouble are: rheumatic heart disease, high blood pressure and coronary heart disease. Rheumatic heart disease, the most common type of early life, occurs as the result of one or more attacks of rheumatic fever. It is a public health problem for which very little has been done, yet with early diagnosis and proper medical care during the acute and convalescent stages, children who develop rheumatic fever can be largely spared from rheumatic heart disease in later life.

is fairly successful in the majority of cases.

Coronary heart disease is a disease of the arteries which supply the heart muscle itself with blood. A majority of persons survive the first attack, and with good medical care, rest and common sense precautions, may even live a normal life span. Syphilitic heart disease can be prevented by early and adequate care of the systemic disease, a problem which has been simplified by the use of penicillin.

Research in the medical sciences is constantly improving the outlook for the cardiac patient, yet each individual must assume the responsibility for obtaining the benefits of this knowledge from his physician for himself and his family.

New York and San Francisco Fairs commemorated the 150th anniversary of George Washington's inauguration.

tures we took in South America last February had as those first movie-taking efforts of ours were, and showed them to a group of officials. They liked the livestock in the pictures.

We also had a talk by Secretary of Agriculture Charles F. Brannan, who spent most of the half hour in a defensive position on the subject of the so-called Brannan Plan and some other legislative subjects. Later, we heard Congressman Stephen Pace of Georgia, a consistent critic of the Brannan Plan, say that Mr Brannan has always played fair and square with congress.

Our group paid a pop call on President Truman in his office at the White House, as we have done before. He was chipper than ever, perhaps a little more steeped in world affairs than when Ralph James of Austin and a few others of us presented him with a couple of Texas turkeys for Christmas. This time, the president came out for a picture with us under a tree. The White House, by the way, is just a shell now, in this stage of its face-lifting job.

Another major cause of heart trouble is high blood pressure or hypertension. This is the most common heart disease of middle age. There is a great deal that is not known about this disease, but we do know that it is most common in people who are overweight and that it is associated with long, continuous nervous strain, high tension and constant worry. The treatment of high blood pressure

# Memphis Collects 16 Hits Beat Mangum 12-4

Memphis Ows found their way at Mangum Thursday as they cut loose on the Oklahoma team to collect 16 hits and a 12-4 victory.

Five homers by Don and Ralph Carpenter and six inning high-OWs hitting splurge. The team was dispirited this power, Memphis Mathes kept the host up. He gave up only three of these in the

Memphis was the heavy hitter. Besides his pounded out two a double in six trips.

They were never in trouble. Single tallies in the fourth and fifth

## LAKEVIEW Correspondent

Mr. and Mrs. Glen Easley, S/Sgt. and Mrs. H. B. White of Amarillo, Mr. and Mrs. Jim Stanley and family of Amarillo visited Mrs. Mattie Stanley and C. Frank Smith Sunday. Mrs. Stanley returned to Amarillo with Mr. and Mrs. Jim Stanley.

W. J. Payne, who makes his home with Mr. and Mrs. Russell Payne, had his children and grandchildren with him on Father's Day. Those present were Mr. and Mrs. Ervin Payne, Mr. and Mrs. Ector Anthony, Mr. and Mrs. Bill Gowdy and children, Mr. and Mrs. George Payne, Mr. and Mrs. Troy Payne and Gerlad and Mrs. Glenn Verden.

Mr. and Mrs. Joe Watson of Amarillo visited Mrs. J. W. Watson Sunday.

Mrs. A. C. Buchanan of Turkey visited Mr. and Mrs. Tom Jones Sunday.

Mr. and Mrs. Harold Dean Smallwood spent last week with Mr. and Mrs. Troy Payne. They spent Thursday at Lake McClellan fishing.

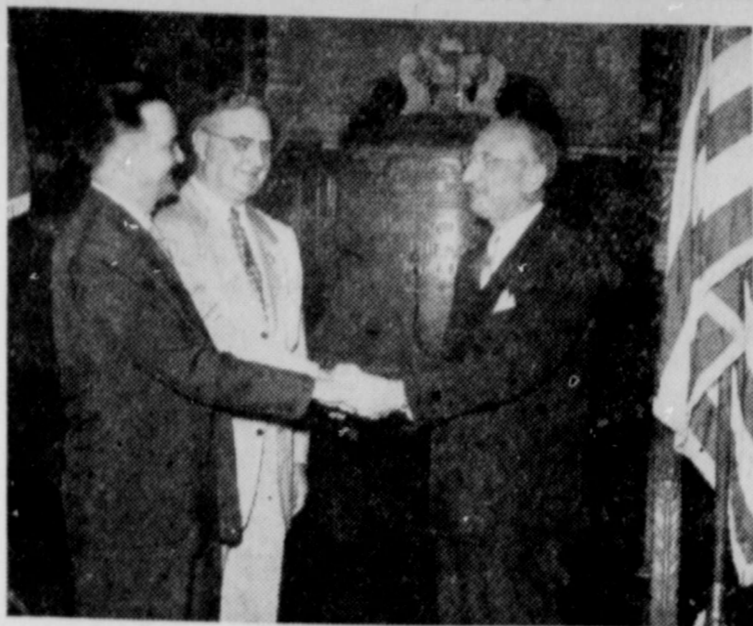

Mrs. Lance Leggett and Mrs. W. B. McQueen, Jr., spent Saturday night in Shamock. They returned home Sunday morning and brought their father, J. B. Blanks who is recovering nicely from a long illness.

Barbara Blanks, who is attending school in Lubbock, spent the weekend with her parents, Mr. and Mrs. H. L. Blanks.

Garland Gene Payne, who is employed in Wichita Falls, spent the weekend with his parents, Mr. and Mrs. Herbert Payne.

Mary Joe Davenport and Mary McCanne visited Ineatha Marler Sunday afternoon.

Mr. and Mrs. Baker Nase and

TEXAS PRESS BACKS U. S. INDEPENDENCE SAVINGS BOND DRIVE. Fred F. Florence, chairman of the Texas advertising committee of the current U. S. Independence Savings Bond Campaign and president of the Republic National Bank of Dallas (on right), thanks Van W. Stewart, president of the Texas Press Association and publisher of the Ochiltree County Herald, Perryton (in light suit), and Frederick I. Massengill, Jr., president-elect of the association and publisher of the Terrell Tribune, for pledge of vigorous support by the press of the state. Texas newspapers will bring the Savings Bond drive to the people through advertisements from business firms and individuals, and in news and editorial space. "The savings bond campaign transcends politics. It is a program in which all patriotic citizens may work together to gain personal financial independence and also aid in preserving our national freedom," Florence emphasizes. "U. S. Savings Bonds are helping to keep our military defenses strong. Money invested in them is money invested in the cause of peace. This is an appeal for an all-out effort to forestall a third World War—a total war—an atomic war. Besides this, the regular purchase of U. S. Savings Bonds by patriotic citizens means development of a program of thrift for every individual and the more savings bonds we buy the better it is for every community, as well as our country."

Superintendents and teachers for the school included: Mmes. Leon Fowler and Bill Arnold, beginners department; J. P. Fowler and O. B. Rumpy, primary; Winfred Miller and Troy Davis, juniors; Miss Bobbye Nell Adams and Mrs. M. D. Kinard, intermediate department.

Mrs. J. W. Hergert and Mrs. J. M. Tolferris served as the refreshment committee.

Rev. Young and Mrs. Young supervised these school and the boys' handwork.

Honor students were: Beginners—Hoyt Arnold, Ronald Adams, Nancy Fowler, Jean Davis and Cloris Arnold.

Primary—Richard Arnold, Donna Fowler, Tony Davis, Retha June Kinnard and Norma Whitehead.

Junior—Nannie Rae Hubbard, Dell Whitehead, Dianne Fowler, Orvella Hubbard, Joan Whitehead, Ray Whitehead, Gervie Dee Kennard, Troy Dane Fletcher, Charles Fletcher, Billy Denny and Maretti Byars.

and Pauline Whitehead.

Mr. and Mrs. Roy Vaughn of Amarillo visited with her sister, Mrs. Frank Wright over the week end.

Mr. and Mrs. Elmer Davis of Corpus Christi arrived here Saturday to visit with their daughter, Joy Davis and Mrs. Frank Wright.

Mr. and Mrs. Holmes Posey and Mr. and Mrs. Terry Zimmerman attended the baseball game in Mangum, Okla., last Thursday night.

Mr. and Mrs. G. W. Lockhart and son Teddy of Amarillo visited with Mr. Lockhart's mother, Mrs. C. E. Lockhart, Sunday.

Dr. and Mrs. M. McNeely left last Thursday for Dallas where they will visit their daughter, Mrs. Gerald Sensabaugh and family. En route home they will stop in Wichita Falls to visit another daughter, Mrs. Alfred Freeman and family.

Mrs. Jack Baldwin and daughter Jeannette returned home Saturday night following a visit in Austin.

### Locals and Personals

Dr. and Mrs. M. McNeely left last Thursday for Dallas where they will visit their daughter, Mrs. Gerald Sensabaugh and family. En route home they will stop in Wichita Falls to visit another daughter, Mrs. Alfred Freeman and family.

Mrs. Jack Baldwin and daughter Jeannette returned home Saturday night following a visit in Austin.

## OME GOOD NEWS ABOUT CANCER

Approximately one in four of the 158,000 lost each year in the United States from cancer could be saved if the knowledge already available could be made available to all—so that the knowledge is acted upon promptly. Here are the danger signals:

1. Lump or thickening, especially of the breast.
2. Irregular bleeding or discharge from any of the body openings.
3. Sore that does not heal.
4. Persistent indigestion.
5. Sudden changes in the form or growth of a mole or wart.
6. Hoarseness persisting for two or three weeks.
7. Regional pain.

In the early stages cancer can be successfully arrested. At the appearance of suspicious symptoms see your doctor for prompt, expert prescription service, call on us.

# "ONE OF ONE THOUSAND" RIFLE OWNERS ELIGIBLE FOR NEW GUN

Brand new 30-30 sporting rifles suitable for deer, black bear, coyotes and the like are awaiting twenty persons who are the unsuspecting owners of one of America's rarest and least known variety of what has been described as the most famous rifle of the early West. The rifle for which a nationwide dragnet is now out is the "One of One Thousand" variety of the lever action Winchester 73.

Any readers of this paper who qualify will receive a new rifle with the compliments of Universal Pictures and The Democrat.

Since publication of an article in the May issue of the official journal of the National Rifle Association of America started the search, Universal Pictures, which made its new Jimmy Stewart picture "Winchester 73" about one of these guns, has announced that the first twenty persons who satisfactorily report ownership of one

of these rare rifles will receive a brand new Model 94 deer rifle. The Model 94 is a modern descendant of the Model 73.

How many of the "One of One Thousand" rifles still survive after some 75 years since they were produced is not known. They were only made from 1875 through 1881. There may not be many. If any are found, it is possible that some as yet unknown chapters in American history will be revealed.

The first news that Universal would give a new gun for word about the old ones was announced by Bobby Benson, youthful gun lover and cowboy star on his "B Bar B Riders" radio program broadcast over more than 400 stations of the Mutual network.

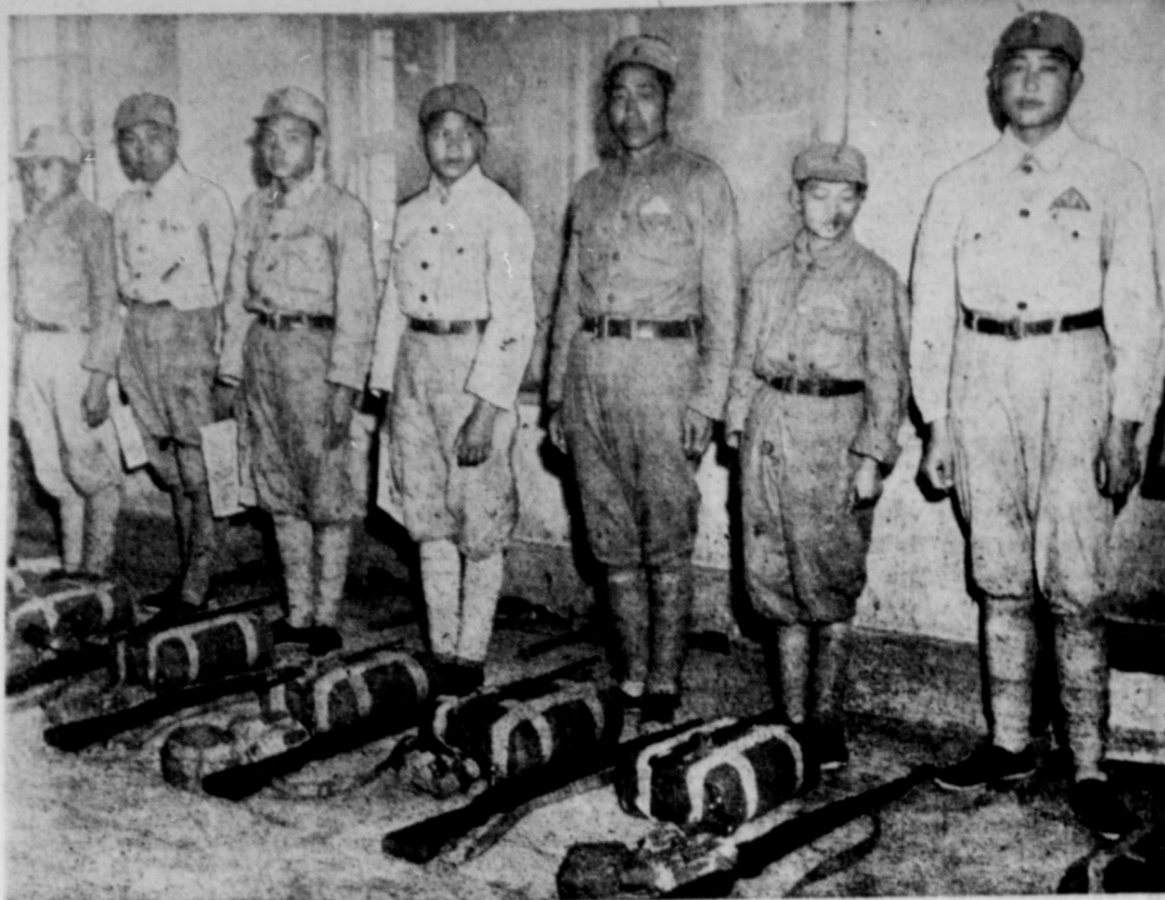

The conditions under which the rifles will be awarded follow:

The rifle must be a Model 1873 Winchester and have the words "One of One Thousand" engraved on the top of the barrel just ahead of the receiver. The present owner must supply a photograph of the engraved words "One of One Thousand" and a notarized letter stating his ownership, serial number of the rifle and such facts regarding the previous ownership or history if known. Precedence to determine the first twenty reported will be determined by the postmark of the letter which should be addressed to "Winchester 73 Department, Universal Pictures Co., Inc., 445 Park Avenue, New York 22, New York."

Only 124 of the "One of One Thousand" Model 73 rifles were produced. One of them was loaned by Winchester to Universal-International to play the leading role in the movie "Winchester 73." The rifle actually is the hero. Winchester also made two duplicates for standby use should the original be damaged or lost in production. The stand-bys were never used.

The present search is for the whereabouts of the other 123 "One of One Thousand" rifles. While only 124 were made of this variety, a total of 720,610 Model 73's were produced by Winchester from 1873 to 1924 when that model was discontinued.

Known as "the gun that won the West," the Model 73 has been used throughout the West and in

**SOLDIERS OF ALL AGES IN NATIONALIST RANKS . . .** Many schools on Formosa were closed early this year to provide billets for the 130,000 troops the Nationalists evacuated from the Chusan islands and brought to this Nationalist stronghold. With most of China over-run by Red troops, Formosa is one of the last Nationalist outposts. Here some of the troops housed at a girls' school line up for inspection with full field pack. The troops range in age from grizzled old men to youngsters of 14.

## Jack Peabody Is Candidate for Prec. Constable

This week Jack Peabody authorized The Memphis Democrat to announce that he had filed his name as a candidate for Constable of Precinct No. 1, subject to the action of the Democratic primaries. His statement follows:

"To the voters of Precinct 1:

"After being urged my many of my friends in this precinct, I have decided to become a candidate for Constable of Precinct No. 1. I am no stranger to the people of this precinct. I have worked two and one-half years as road maintainer operator for the county, and did similar work for the City of Memphis for two and a half years. While with the city, I served at odd times as a member of the law enforcement force. Recently I completed 18 months of service as chief of police.

"Prior to moving to Memphis in 1941, I served as constable at Hedley for eight years.

"From the above experience, I believe I am qualified to serve this county as Constable. If the people of this precinct elect me to the office I seek, I promise to do the best I can to enforce the law. I will favor no group or interest, but will strive to serve all of the people all of the time.

"During the next month I intend to make an effort to conduct a vigorous campaign. I intend to see as many voters as possible, and will be glad to discuss law

enforcement problems with everyone.

"With this announcement, I want to solicit the vote and support of every person. I want to serve this precinct as constable for the next two years; and, if elected, will do my best to make a hand at the job.

**"Hello daddy, supper's ready"**

Yes, Daddy can be sure his meals are ready—and piping hot—when the fuel which cooks them is fast, efficient, dependable natural gas. Even though mother and the children spent the day away from home, he can count on gas to cook his meals, heat or air-condition his home, heat his water, keep perishable foods refrigerated, even dry his family wash . . . all for just a few pennies a day.

**Natural Gas Service Is Truly A Public Service**  
Thousands of stockholders, some of whom probably live in your community, are the owners of the natural gas industry. Thousands of wage-earning employees, your friends and neighbors, operate the gas industry. The gas companies, like other businesses, pay taxes which help support the essential functions of government. The natural gas industry is a good example of the way American business has worked to obtain the advantages of a great natural resource to a maximum number of people.

**Social Security News**

Are you one of the many students who will work during the summer vacation? If so, you will need a social security card, and here are facts the Social Security Administration would like for you to know.

If you go to work for wages in private business or industry, you must show your social security card to your employer promptly. If you have never had a social security card, you should go to the local post office and get an application. Fill it out and mail it to the Social Security Administration, Amarillo, Texas. You will receive your card in just a few days.

Be sure you always have just one social security number. See that your employer copies your name and number from the card each new place you go to work. They when you or your family apply for payments based on your social security account there will be no delay. Do not apply for a card unless you need it. Then get it. Classified Ad.

**THE MIDDLES . . . . By Bob Karp**

out with a bucket of minnows and let it set until there's nothing left but a thick, oily mess. Sliced bananas are considered a fine ingredient for this mess but some prefer oil of anise; there's as much room for creative genius as in blood bait. A piece of sponge or rag dipped in this seems to be a catfish's notion of an epicurean heaven.

Some cat fishermen are so totally lacking in pride that they use nothing but plain liver. Others use "beef melts" which is an archaic term for spleen. Some swear by chicken entrails and other things which are considered best when they have reached the most advanced stage of decomposition that will permit their user to remain conscious.

Sometimes dog owners are a little careless of their pets' comfort and health during the hot summer months. Particular care must be taken during this season when parasites of all kinds abound. Body cleanliness and sanitation around the kennel house and yard are absolutely essential to good dog care, insists Col. Henry P. Davis, who was recently cited as the top dog writer of the year.

The development of DDT has about solved the flea problem, but care should be exercised in its use. Sprays of five per cent strength are highly recommended.

Derris powder is especially effective in the control of external parasites. This powder contains about five per cent of rotonone, about five per cent on the average, in using this strength powder as a dip, dissolve one ounce of soap in one gallon of water, add two to four ounces of the powder.

The powder's effect will last longer in a solution than in the powdered form, but the solution

**VET PROBLEMS AND ANSWERS**

Q—I am receiving compensation for a 20 percent service-connected disability. I married two years ago and now have a wife and child. Am I entitled to an increase in payments because of dependents?

A—No. Only veterans whose service-connected disability is rated at 50 percent or more are entitled to increased payments for dependents.

Q—I was given a yellow discharge for my World War II service in the Army. Am I eligible for any benefits administered by Veterans Administration?

A—A yellow discharge from the U. S. Army is a dishonorable discharge, and under the law does not entitle you to any benefits administered by VA, unless it is established to the satisfaction of the Administrator that you were not sane at the time of the offense which resulted in the dishonorable discharge.

Q—My NSLI premiums have been in waiver status for several months because I am totally disabled. Will VA notify me when the waiver is no longer effective and I must begin paying my premiums?

A—Your premiums will be in waiver status only as long as you are totally disabled. VA will notify you when total disability ceases.

Q—VA has been paying to lenders, on behalf of borrowers, 4 percent of the amount of the guarantee up to \$4,000 on GI

loans. Will VA continue to pay the 4 percent on the new guarantee which may be as high as \$7,500?

A—The law specifically provides that the amount paid to the lender by VA will be 4 percent of the first \$4,000 of the guarantee, or a maximum of \$160.

Q—I made application for my National Service Life Insurance dividend, but haven't received my check. To what office should I direct my inquiry concerning this?

A—Some NSLI dividend applications have had to go through special checking procedures before payment could be made, and yours may be one of them. Do not write to VA concerning your NSLI dividend until June 30, 1950. If you have not received your check by that time, address your letter to Mr. E. G. Joseph, Director, Special Insurance Projects Service, Veterans Administration, Washington D. C.

Q—I am a veteran of World War I and have been receiving pension for non-service-connected total disability. Recently I became paralyzed, and now would like to know if VA will increase my pension of pay for an attendant?

A—The most you are entitled to under existing laws for non-service-connected total disability is \$72 monthly after you have been on the pension roll 10 or more years, or reach age 65.

Q—I am a World War I veteran and have been receiving non-service-connected total disability pension. I also expect to receive workmen's compensation from the State and the total of both is more than \$2,500. Will VA continue to pay me a pension?

A—The pension from VA is not to be included in your total income for pension eligibility purposes. For pension purposes, your outside income cannot exceed \$1,000 if you are single or \$2,500 if you have a wife or minor children.

Twenty-one guns comprise the national salute to The Flak.

**Press Paragraphs—**  
 (Continued from page 2)

General Ernest O. Thompson comes up with a solution. He advocates that Texas divide itself into five states, and when eight new Senators go to Washington they will hold the balance of power to undo the thing which the Supreme Court is now seeking to do.

We shall see what we shall see. The blackest part of the picture is that the taxpayers of Texas will have to dig deep and deeper to replace the cash which the federal government is going to take from the pockets of the people of Texas.—Canyon News.

**Freedom—GOVERNMENT BY CONSENT OF THE GOVERNED**

**Fair Play!**

A SENSE OF FAIR PLAY is deeply rooted in Americans. In baseball, football or any sport, the slightest tinge of unfairness can ruin a team or a player. This sense of fairness also extends into business and politics.

However, sometimes when our emotions overcome our reason, we forget to be fair. For instance, if "Freedom means government by consent of the governed"—any far-reaching changes, such as suggested in Compulsory Health Tax Bills, these facts should be considered:

Surveys show that the vast majority of our people do not want Federal control of medical service, schools or churches; the vast majority of our Doctors want no Federalized controls, to hamper them in service to their patients; great numbers of our people closely ally their religious beliefs with the handling of their own personal health, and should certainly not be compelled to "buy" a service they would not use.

American sense of fair play says: Allow no minority pressure groups to force through legislation that IGNORES these facts.

should be kept in a lightproof container, as its strength rapidly deteriorates in sunlight. After applying the solution to the dog's coat, do not rinse it off.

For larger kennels which house three or four or more dogs, dips of a disinfecting and antiseptic nature are quite important in the summer. During this period, dogs that are kept confined in kennel yards should be dipped every week in a sulphur solution. Such a dip is made as follows:

Fill a 50-gallon barrel about 3/4 full of water. Empty two one-pound cans of Lewis lye into an earthen crock or vessel. Over this pour several cans of water stir until lye is dissolved. Into this mixture pour five pounds of sulphur which has been screened to eliminate the lumps. Stir until the mixture turns a reddish color and then dissolve in a bucket of hot water. Add mixture to the barrel and stir thoroughly.

After this dip has been used several times, add a small glass of kerosene. Keep covered at all times. It should be replaced with fresh material about every three weeks. Be careful to keep the mixture away from the dog's eyes or ears.

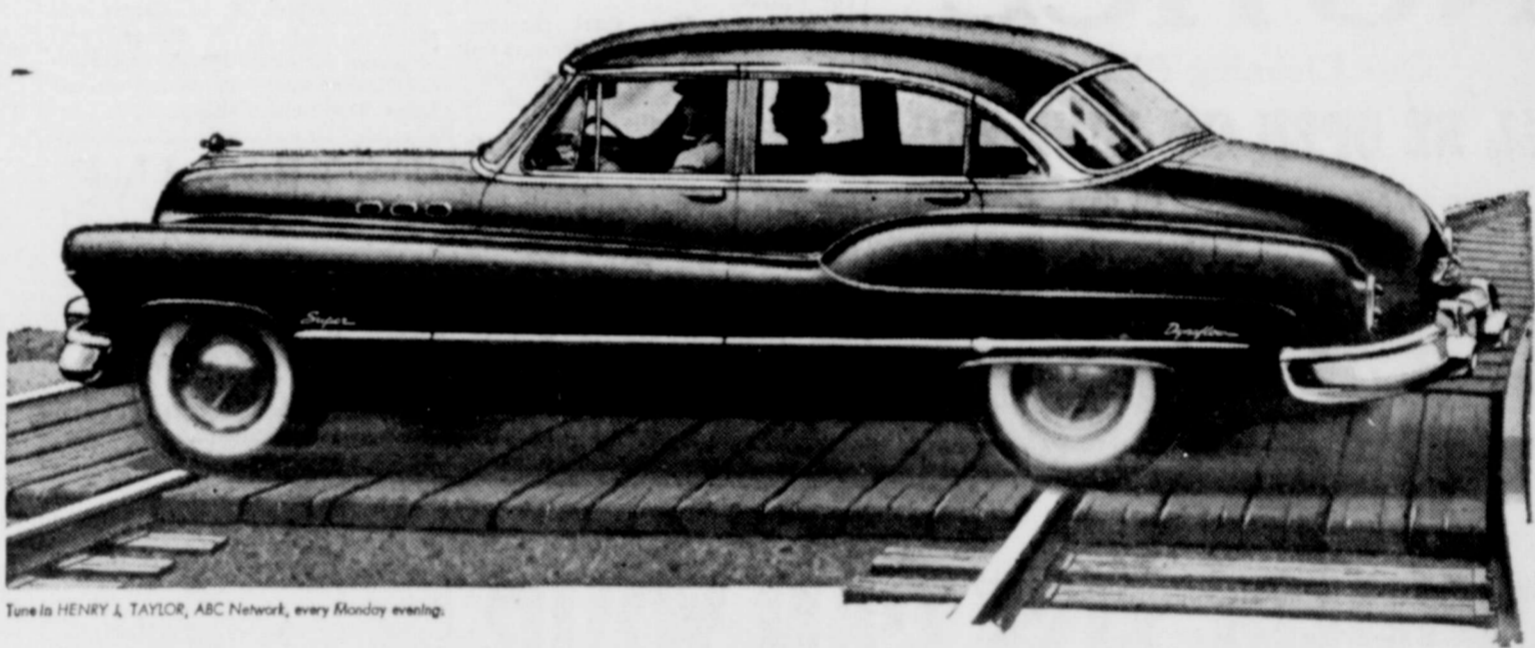

After dipping the dog, dry him thoroughly with a rough towel, or turn him loose on a grassy lawn and let him roll.

**X Crossings should be Seen and not Felt**

WHEN the sign says "Stop, Look and Listen," the prudent driver does.

But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce?

Not, good sir, when you're at a Buick's wheel.

You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank.

But four gentle coil springs, one on each wheel, are working their magic—and you hear rather than feel the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your travels. It's only one kind of discomfort your Buick's built to master.

For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weaveproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration.

They can have the special added smoothness of Dynaflo Drive,\* cushioning power-thrust in spinning oil.

So rough spots seem to level out

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

at your coming. Boulevards take on a new smoothness. You know what riding comfort is—why the Buick ride is called matchless.

So how about it?

Come climb into a Buick and see for yourself what we mean. You'll get a style-thrill and a power-thrill along with your ride-thrill—and a story on price that eliminates your last excuse for not traveling in the Buick manner!

**Only BUICK has Dynaflo—and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-253 engine in SUPER models.) \* NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights \* WIDE-ANGLE VISIBILITY, close-up road view both forward and back \* TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius \* EXTRA-WIDE SEATS cradled between the axles \* SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube \* WIDE ARRAY OF MODELS with Body by Fisher.**

**FOUR-WAY FOREFRONT**  
 This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

**WHATEVER YOUR PRICE RANGE**

Owls Get 18 Hits

Memphis Blasts Paducah Sunday

The Memphis Owls scored in every inning but the eighth Sunday afternoon to swamp Paducah 13-5 in a Red River Valley League slugfest at Estes Park.

It wasn't a day for pitchers. Memphis garnered 18 hits off three Paducah hurlers and the visitors tapped Leroy Kamphouse for 10 safe bingles. Paducah started Jones on the hill but the feathered flock worked him over fast, collecting six hits and five runs in the first two frames. That was all for Mr. Jones. Payne took over the Paducah hurling chores but he fared no better, lasting only to the sixth and giving up five hits and an equal number of runs. Otis went the remainder of the game. He allowed seven hits and three runs.

McKay's homer in the fifth with one aboard only added to the Paducah grief. Stonecipher hit his batting stride again Sunday, slamming out four hits in five trips to the plate. He collected two singles and two doubles. Other power punches included Carpenter's two singles and a double and Williamson's three singles. Kamphouse also

added some batting spice to the game, cracking out a double and two singles in addition to his hurling chores.

CARD OF THANKS

We wish to express our sincere thanks and appreciation from the depths of our hearts to our many friends for their kind words of sympathy and loving deeds, in the sudden death of our beloved father. We especially want to thank those who helped with the preparing and serving of the food and those who contributed to the many floral offerings. May God bless each one.

NOWHERE ELSE CAN YOUR MONEY BUY AS MUCH!

How today's New Dodge puts you miles and money ahead

WHAT a satisfaction to know that Dodge VALUE in roominess means extra comfort every mile you drive—that Dodge VALUE in ruggedness means you'll spend less on upkeep over the years.

And what satisfaction today's big Dodge gives in handling ease. You see, Dodge is wider and

longer INSIDE to give you lots of head room, leg room, shoulder room. Yet even with its longer wheelbase for maximum riding comfort, parking is easier, simpler—because Dodge is shorter OUTSIDE. No bulky overhang front or rear.

High-compression "Get-Away" engine gives you flashing performance. And thanks to Fluid Drive, starts and stops are velvet smooth. No bucking or jerking—less gear-shifting, too!

See this year's BIGGER VALUE Dodge at your dealer's now. Drive the new car that gives most for your money today—in comfort, ruggedness, dependability. Stop in today!

WIDER REAR TREAD for better road stability. A huge new rear "picture window" allows much safer rear view driving vision.

New Bigger Value DODGE

Just a few dollars more than the lowest-priced cars!

Joyous confidence and eager anticipation both shine in the eyes of 8-year-old Virginia Lee Brown, Berger, Texas, polio patient in the out-patient clinic of the Texas Scottish Rite Hospital for Crippled Children in Dallas. L. R. German, brace maker (left) has assured Virginia that she will soon walk again. Her father, T. A. Brown, (right) lends a helping hand in fitting the specially made braces. Many children, polio victims and others, get the best possible medical care and attention at the Scottish Rite Hospital. The charity hospital, now serving humanity for 27 consecutive years, is supported by contributions from kind-hearted Texans all over the state.

BRICE

Mr. and Mrs. C. A. Hightower had as guests Thursday these relatives Mrs. Hollis Boren of Memphis, Mrs. Charles Weisenburg and two children of Dallas, Mrs. A. L. Grant and Mrs. Carl Smith of Ballinger, and Mrs. J. B. Riddle and Charles of Plainview.
