## Angus Stock Will Arrive Here Monday

### BUYERS OF STOCK WILL DRAW LOTS MON. TO DETERMINE DISTRIBUTION

Monday is "the big day" for 10 Hall County farmers. That's the date the Aberdeen-Angus cattle which were purchased recently from the Don Head Farms in Ontario, Canada, will be distributed.

The 10 Angus heifers and the bull, along with six Jerseys purchased to supplement the dairying program, were shipped from Ontario Tuesday and are due to arrive here Sunday.

Chamber of Commerce Manager Clifford Farmer said the stock will be distributed Monday at the Memphis Compress Co. At that time the local purchasers will draw lots for the stock.

The procedure will be similar to the distribution of the Jerseys shipped here during the past two years and the public is cordially invited to attend Monday and view this stock. Exact time of the distribution was not available today but interested persons can obtain this information by contacting the Chamber of Commerce office Monday morning.

The importation of this Aberdeen-Angus stock will place increased emphasis on the beef cat program in Hall County. Farmer, County Agent W. B. Hooser and other agricultural leaders are already making plans to enlarge the annual livestock show here to include beef cattle and plans call for a Hall County Aberdeen-Angus Breeders' Association to be organized in the future. This will be carried out in connection with the dairying program already underway.

All this stock is from the same farm which furnished the Jerseys for the dairying program initiated two years ago and which has won the acclaim of this section of the state. Purchasers of the 10 Angus heifers were: E. A. Smith, Jr., D. C. Messick, David Hudgins, J. D. House, L. L. Foxhall, Clifford Farmer, Rex Snell, Hulen Clifton. (Continued on page 5)

EVANGELIST MENGE

### George Menge Will Conduct Revival Here

The 12-day gospel revival at the First Christian Church begins Tuesday at 8 p. m.

Evangelist George Menge will conduct the revival. In addition to these services, Mrs. Menge will give special religious dramatic readings at the meetings, according to Minister Bedford Smith, pastor of the church.

This revival will extend from July 18 through July 30 with services each evening at 8 o'clock, he said.

"Mr. and Mrs. Menge are one of this section's outstanding revival teams and are highly regarded throughout the Southwest," Minister Smith said. "We are very fortunate to have them with us to lead our meetings."

He released the following as some of the topics Evangelist Menge will discuss: "God's Funny Paper," "The Six Kingdoms," "One Minute After Death," "Christians in Jail," "Can You Be Saved Without Baptism?" and "Prepare to Meet Thy God."

The revival will also feature song services and special children's programs will be held each morning. (Continued on page 5)

### Insect Control Gets Renewed Emphasis

Two successful and interesting insect control demonstrations were held in Hall County Tuesday under the sponsorship of the county agent's office and through the cooperation of the extension service.

The morning demonstration was held on Virgil Blakey's farm which is located one mile east of Turkey. Approximately 100 farmers of that area saw this demonstration and heard Allen C. Gunter, extension entomologist from Texas A. & M. speak on how to recognize beneficial and harmful insects.

Those present were taught to make counts in the field to determine when poisoning of the insects should begin. Gunter also

spoke to the Turkey Lions Club following the demonstration.

Four chemical companies had representatives present to participate in the demonstration and these companies furnished the poison used.

Implement dealers who demonstrated sprayers and dusters were: Russell Hohan, the Ford tractor dealer, John Deere Implement Co. and the International Harvester Co. The Western Cotton Oil Co. assisted in furnishing chemicals for the demonstration.

The Turkey veteran agricultural classes, the vocational agriculture department of the high school, farmers and the extension service cooperated in staging this demonstration.

The demonstrations were moved to the Memphis area Tuesday afternoon and were held on Andy Collins' farm, one-half mile southeast of here. Over 200 persons were present for these demonstrations and Gunter, who was also in charge here, said it was one of the most successful he has participated in during the past few years.

A highlight of the afternoon was a cotton spraying demonstration from an airplane. The John Deere Implement Co., Ford Implement Co., International Harvester Co. and Massey-Harris Co. demonstrated sprayers and dusters. The Penn Chemical Co., Plainview Chemical Co., Plainsman Chemical Co. and Colorado Chemical Co. furnished the insecticides for this demonstration.

It is impossible to express our full appreciation to everyone for their part in making these demonstrations successful," W. B. Hooser said. "I am sure the farmers of Hall County will become more insect control minded and will work harder to check the annual heavy losses we suffer from this source." He said that the farmers of the county were very enthusiastic over the demonstrations and were showing an increased interest in insect control.

### Baptist Group To Hold Rally Here Tuesday

The First Baptist Church here will be host to the 1950 Stewardship Rally for the Panhandle Baptist Association Tuesday, Rev. Ray Shahan announced this week.

"Pastors from the 13 churches in this association are urged to have as many people as possible attend this rally," Rev. Shahan said. "All deacons, Sunday School teachers, training unit officers, W. M. U. and Brotherhood officers should be present."

Rev. Shahan pointed out that if the churches in the association have not already done so, they should elect a budget committee and have these groups present for the meeting.

He also stressed the point that as many young people as possible should attend. "It is a very important meeting (Continued on page 5)

### WEATHER

The unusual July weather—wet and cool—continued here this week with 1.8 inches rainfall recorded by Weatherman John McMicken.

A heavy downpour Wednesday night accounted for most of this week's total precipitation. McMicken reported .92 inches rain fell Wednesday.

The temperature reached 100 degrees Sunday for the week's hottest day. Last Thursday's 63 was the week's low.

Daily temperature readings: Wed., July 12 72 and 82 (.92 inches rain.)

Tues., July 11 68 and 91

Mon., July 10 74 and 92

Sun., July 9 70 and 100

Sat., July 8 70 and 94

Fri., July 7 68 and 85

Thurs., July 6 63 and 79 (.36 inches rain.)

### County 4-Hers Are Ready For Farm Safety Week

National Farm Safety Week has been set for July 23-29 and Hall County 4-H Clubs are making preparations to cooperate with the campaign in every possible way, County Agent W. B. Hooser announced this week.

Special safety club meetings have been held by the five clubs in the county recently. These meetings were held to discuss ways to create a safety consciousness among the farmers of Hall County.

The safety program has been in operation in this county for the past 12 years.

"It has been a very successful program—one that cannot be evaluated in terms of money," Hooser said. "We can never stress too greatly the importance of safety on the farm."

Hooser pointed out that every 4-H Club member will be the leader in the program around his home and that collectively they will be an important factor in riding the communities of similar hazards to life and property.

He said a complete outline of the program for this year will be released next week.

### Local Veterans Turn Tables On Boy Scout Motto

A new twist was put on a popular motto here recently when Scoutmaster Ted Myers returned from Camp Ki-O-Wah, where he had spent a week with 18 members of his troop.

Scoutmaster Myers came home to find that students at the local veterans' mechanics school had taken a page from the Boy Scout Handbook and done him a "good turn."

The veteran students had completely overhauled Ted's car while he was at camp. It was all a surprise to the friendly Scoutmaster. (Continued on page 10)

### Golfers To Meet Shamrock Sunday

Members of the Memphis County Club will journey to Shamrock Sunday for an inter-city golf match with a team from that city, tournament committeeman Carl Harrison said today.

He asked all members of the local club who plan to participate in this inter-city match to contact either O. B. Smith or himself in order that the team list can be made up as soon as possible.

### JUDGE GOODPASTURE ATTENDING MEETING TO DISCUSS TIDELANDS

Judge M. O. Goodpasture is in Austin today attending the first meeting of the Texas Property Defense Association—a group recently organized to fight the Supreme Court ruling that turned the tidelands of the state over to the Federal government.

This organization had its birth at a meeting of high-ranking Texans in Galveston last month. A board of directors was authorized with one member from each Congressional district. Cal Farley of Amarillo is the director from the Panhandle.

Judge Goodpasture said he was attending the meeting as an unofficial representative of this county. He pointed out that every Texan can join the association and take part in its activities.

The Texas Property Defense Association is primarily aiming its fire at Congress to secure on the rights of Texas tidelands ownership. However, its overall objective is to block the trend of Nationalization which is now dominating our federal government and which threatens all public and private ownership in the state, directors have pointed out.

This organization intends to wage an educational campaign in every community in the state. Every citizen, by the payment of \$1, can become a member and

### Revival Services At Plaska Begin Sunday, July 23

A week revival service will begin at the Peden Memorial Baptist Church at Plaska July 23, it was announced this week.

Dr. A. J. Quinn, missionary of District 10, will be in charge of the services and will bring an evangelistic message at each meeting.

Joe Kaper, student at Plainview's Wayland College, will be in charge of the revival music.

Services will be held twice daily. Morning meetings will begin at 10 a. m. and evening services will be held at 8 o'clock.

The revival will extend through July 30 and all persons in this area are cordially invited to attend.

### City To Be Fogged When Weather Will Permit The Work

Mayor C. C. Hodges said this week that the entire city will be covered with the new fogging machine which was recently purchased as soon as weather conditions make this possible.

He pointed out that this fogging cannot be done in windy or wet weather.

The city is still using the machine to fog the homes here on a commercial basis, he said. This work will be done at a cost of two dollars per room. Persons who are interested in having their home fogger should contact Glen Carlos at the City Tax Collector's office, N. W. Durham at Durham's Pharmacy or Mayor Hodges.

### Support Down Onorghum

Support for grain sorghum was announced last week by Secretary of Agriculture Charles F. Brannan. The support price for grain sorghum released as \$1.87 per bushel. This figure is the lowest since 1945.

The rate for the 1950 sorghum has been set at \$1.87 per bushel for No. 1 sorghum. Secretary Lynn announced today. Most farmers here are in the loan this year because of the low yield. All sorghum will mature on July 15, or earlier on some farms.

Supports announced for the 1950 crop are: rye, \$1.10; wheat, \$1.10; and barley, \$1.10.

Secretary PMA Secretary said Wednesday that national prices and what in the various states (Continued on page 5)

### Memphis - Dumas Tilt Here Tonight Highlight RRV League Activity

Return to the league the Memphis Owls to second-place in a circuit tilt at the Owls dropped and Paducah during week of league ac-

with the Caprock League All-Stars and on Sunday they hit the road again to meet the Wellington Dukes.

Tuesday night Altus comes to Memphis for a loop tilt to round out the week's action for the Owls.

Pruett said either Jack Brinkley or Leroy Kamphouse will handle the hurling duties against Mangum Friday night. He tentatively plans to start brinkley in this game and then use Kamphouse against the Caprock All-Stars here Saturday.

This game should offer the local fans plenty of good baseball as the Caprock League boasts several good clubs. Members of the league are Groom, Panhandle, Hedley, Claude, Washburn, Goldston and St. Francis.

A number of Memphis fans are expected to follow the Owls to Wellington Sunday for this clash between two of the circuit's long-time rivals. Both Wellington and Mangum are bidding for the third place standing now being held by the Owls.

Pruett has named Doc Pittman to face the Dukes from the mound Sunday. The right-hander is now ready for league action with the Owls following his return two weeks ago from Dumas.

Other than the Memphis-Hobart tilt, only one league game was played Tuesday night. It was a mild upset as Altus, entrenched in the cellar, eeked past Mangum 4-3. Sunday games saw Hobart down Paducah 12-5, Mangum beat Wellington 3-2 and Altus split a double with Dumas, 5-3 and 2-6.

Standings Hobart 26 23 3 895

### Absentee Voters Are Reminded Of July 18 Deadline

This is the last week that Hall County voters who will be out of the county on the date of the July 22 primary can file absentee ballots, County Clerk Sybil Gurley pointed out this week.

The deadline for absentee voting is Tuesday, July 18.

Voters who will not be in the county on July 22 may file their absentee ballots in the County Clerk's office. Voters who are already out of the county are reminded that their ballots must be in the County Clerk's office by July 19.

A total of 15 absentee ballots had been cast here Wednesday afternoon and 25 more had been mailed out.

## What About The Draft?

Draft—that well-known word of five years ago came back into interest in Hall County this week as Selective Service quotas were being completed to carry out the induction of 20,000 American men between now and September.

However, in case you are 1-A, your chances are pretty good of being missed this first call. Texas has over 65,000 men in this classification and the state's quota for the first draft is 1,005 men.

Col. I. G. Walker, chief of Fourth Army personnel procurement, said Wednesday that the quotas for Texas have been made out but that the information is not yet ready for release.

Under the present set-up, it appears that Amarillo will be the induction center for this county. Here is some information on the Selective Service program.

Every man between the ages of 18 and 26 must register. Our

draft board is located at Childress but registration can be done at the Chamber or Commerce office in the City Hall.

Who is not eligible to be drafted among those who must register, according to present laws? Here's a brief list:

No 18-year olds will be inducted—they must be 19. No high school students will be drafted until they have become 20 years of age. Veterans of World War II will not be inducted. Veterans are men who either served on active duty 90 days between Dec. 7, 1941, and Sept. 21, 1945, or for one year between Sept. 16, 1940, and June 24, 1948.

No men with dependents will be drafted. One dependent is an automatic exemption. Men in reserve groups or taking military training in college will not be inducted. The sole surviving son of a family whose other sons or

daughters were killed in World War II are not eligible for induction. Conscientious objectors and divinity students are also ineligible.

The draft will start at the top—meaning the 25-year olds will go first. The induction will come down the list according to age groups.

In case you are in a reserve unit of one of the armed forces branches, you are probably familiar with that unit's prescribed method of calling up men to active duty.

The Navy and Air Force have asked reserve officers and men of certain ranks and rates to volunteer for duty but none have been actually called up from this area to date.

Latest information on the reserve situation comes from the Navy Recruiting Station in Amarillo. Lt. Commander Lee J. Del- (Continued on page 5)

# Hobart Bests Owls 4-3 In Heated RRV Session

Hobart pushed across three runs in the third inning, added another in the sixth and managed to stop a near-successful Memphis rally Tuesday night to eak past the Owls 4-3 in heated league game played at Estes Park.

Feelings ran high both on the diamond and in the stands and hit a climax in the fourth inning when Snooze Edmondson and Hobart Umpire came to blows over a decision. Edmondson sliced an offering of Hobart hurler Wright to the ground near the plate and the ball rolled into fair territory. Edmondson was called out by Runi-vidge when the first baseman took the ball on his sack. However, the Owl batter maintained that the ball had first hit his foot. A heated discussion followed and when by the shoulder as he was walking away the trouble really began. Edmondson was ejected from the game.

The remainder of the tilt was played in what could hardly be called a "friendly atmosphere."

The Owls to life in the seventh inning to make their bid for the lead. McKay singled and Mathes, who replaced Edmondson, walked. Stonecipher then went out, pitcher to first, while advancing the runners. Veltman slammed out a double to bring in two runs ad came home himself on Dlugokecki's safe tap.

However, it was the last serious Owl rally. In the ninth, Mathes and Stonecipher went down on outfield flies and Veltman was fanned.

ant and uncle, Mr. and Mrs. W. E. Veazy and family. Mrs. McCanne also visited in the home of Paul's cousin and wife, Mr. and Mrs. Lee W. Jackson.

Mr. and Mrs. H. L. Blanks are vacationing at Lake Tahoe and will spend several days in Creed, Colo., before returning home.

Fan Kirk and Nell Cunningham are vacationing in Creed, Colo.

Mr. and Mrs. James Skinner and Mr. and Mrs. Joe Durham spent last week end at Lake Kemp.

Mr. and Mrs. C. O. Foster and daughter of Corpus Christi visited Tuesday and Wednesday in the home of his brother, W. H. Foster and family.

Mr. and Mrs. Sam J. Hamilton left Monday on a two weeks' vacation trip to Excelsior Springs, Ark.

Mr. and Mrs. J. E. Norman and daughters, Lynda Jon and Janet Leigh, visited here Wednesday and Wednesday night with relatives. They returned to their home in Plainview Thursday and were accompanied by Patsy Nell Combs, who will visit there during the coming week.

## Robert S. Calvert Is Candidate For State Comptroller

Robert S. Calvert, present State Comptroller, has announced his candidacy for his first elective term to this office.

A veteran of 20 years in the offices of this position, Calvert has served as financial statistician, Assistant Comptroller and Comptroller.

He is running his campaign on a platform of experience and dependability and is reminding the Texas voters that this is one of the most important positions in the state government.

"The half billion dollars col-

lected by the Comptroller annually for the operation of state government filters into the state through the purse strings of practically every adult citizen of Texas," he pointed out. "It comes from corporations and individuals, from big and little business. It is your money—and its uniform collection and proper distribution into the channels of education, public welfare, eleemosynary support, highway construction and other governmental uses for which it is collected is of vital concern to you and your family."

Calvert points out that the Comptroller should be selected with the same thoughtful care the voter would give to the choosing of his banking facilities.

Calvert has pointed out that the office is now well organized and directed by a retinue of division heads averaging more than 18 years service with the department.

## Former Memphians Injurer Thursday Near Texarkana

Mr. and Mrs. J. H. New, former Memphis residents, were injured in a wagon-car accident near Texarkana last Thursday night about 8:15 o'clock. The New's, who now reside in Texarkana, were riding in the wagon.

Mr. New was not seriously injured but suffered bruises. Mrs. New received a broken shoulder and a broken collar bone. Her condition is still considered serious, according to her son-in-law, Bill Rosen who returned from Texarkana Tuesday.

Gone from here to Texarkana

### AMSON HOLDS BATTING LEAD OWLS; KAMPHOUSE IS SECOND

Amson dropped from the batting bracket this week to pace the Owls' batting with a .481 batting average. He has hit 38 times in the plate, including 20 doubles, four triples and one homerun.

Leroy Kamphouse, hitting .320 is in second place. His has collected 11 hits in 34 trips to the plate. His safeties include eight singles, two doubles, and a homerun.

As a team, the Owls are hitting .249. The 12 players included here have 245 hits in a total of 865 official times at bat.

### Plans Catalytic Cracking Unit

of the city and county governments and Chamber of Commerce, was held to mark the completion of negotiations which resulted in the signing of three year labor contracts for twelve Phillips operating units.

Adams said that this new catalytic cracking unit, which should be in operation in August 1951, will produce additional quantities of high quality gasoline and distillates and reduce the production of residual oils.

He emphasized the need for continued expansion to economically produce these high quality products in volume sufficient to meet the demand of the increasing number of Phillips customers. He pointed out that Phillips products are currently being sold through 15,500 marketing outlets in 28 states. To meet increased demand for fine quality products at reasonable prices, it is necessary to expand the refining facilities.

In pointing out the features of this catalytic cracking unit, Adams

### LAFF OF THE WEEK

said that it would be completely modern in every detail. It will have its own gas compression plant, gasoline and light end fractionating system, cooling water system, steam generating equipment and other features.

Adams stated that a contract for the preliminary phases of construction would be let within a few days and that actual construction would be started within a few months.

ly, as a peacetime veteran, if your disability is not service incurred or service aggravated, you are not eligible to VA hospital benefits.

Q—I am entitled to four years of education and training under the GI Bill. Is it possible for me to take one year of high school

and three years of college, if I cently given a dishonorable discharge. Am I eligible for treatment in VA hospitals?

A—The fact that you were dishonorably discharged in 1947 does not deprive you of any rights to hospitalization you may have by virtue of your honorable service which terminated in 1945.

Q—Will VA furnish transportation when I am transferred from one hospital to another?

A—VA will furnish or pay for transportation when the transfer is approved and arranged by VA for medical reasons. Such transportation will not be furnished by VA when the transfer is for the convenience of the patient.

Edward Everett, famous orator delivered an address two hours long at the Gettysburg dedication.

is a tremendous success!

Place your order now with your nearest Kaiser-Frazer dealer!

Way back in February, the first models of the brilliant new 1951 Kaiser were publicly previewed in major cities across the nation.

The reaction was immediate. Spontaneous enthusiasm from all who saw this great new car.

Then, beginning on May 10th, the 1951 Kaiser was put to the acid test: it was offered generally for sale to the American public in dealer showrooms from coast-to-coast.

The result? Everywhere, new owners are acclaiming its spectacular, low-slung beauty... its landscape-sweeping Control Tower Vision... its easy-to-enter High Bridge Doors... its road-hugging low center of gravity... the sensational performance of its new Superperson Engine.

The unprecedented demand for these new cars

clearly establishes the 1951 Kaiser as the value leader in the medium price field. Indeed, a majority of buyers of new 1951 Kaisers are trading-in late models of other makes... to own the only really new car you can buy!

Despite extended work-days and the huge facilities of the Willow Run plant, the list of unfilled orders for spectacular new 1951 Kaisers lengthens every day.

Therefore, we suggest that an order placed now assures you of earliest possible delivery of the most exciting new car in America.

One glance and you know it's the newest car in America! One mile behind the wheel and you'll want to own it!

### SHERIFF EARL HILL

WILL APPRECIATE YOUR SUPPORT IN HIS RACE FOR RE-ELECTION

During the time I have been in office, I have tried to do as much as Sheriff of Hall County as any man who ever wore the badge of office. I am glad that I have spent my time and my money in administering the affairs of this office, and working and studying to be better qualified. I am proud of the two-way radio equipment which my department is now operating, as well as other things that have been done during the past few years to give my county better law enforcement.

There is no need for me to tell the people of this county the kind of Sheriff I will make. While I have served in this office, my record has been established. I believe that this record of conduct will meet with the approval of the good people of Hall County.

I am glad that such things as petty thievery and burglaries, and drunkenness on the streets have been greatly reduced during the period of my administration.

As any veteran peace officer will tell you, I am just now getting acquainted with the people and county conditions. At the same time, I have received enough experience to make me much better qualified to enforce the laws as they should be enforced.

My service as a soldier in World War II has been a great help to me. I have worked with and for the ex-servicemen of this county. I am glad I am a veteran and if this county needs my services again as a member of the Armed Forces, I'll be ready to go back into uniform.

I want your vote again on Saturday, July 22nd. By your vote and support, any by the confidence you place in me—these will be my orders to give you all I've got as I serve as your Sheriff for another term.

When You Go to the Polls,

VOTE FOR

### EARL HILL

for

### SHERIFF

of Hall County

### Miss Sue Anne Roberts, Bride-Elect, Is Feted With Miscellaneous Shower

Miss Sue Anne Roberts, one of Memphis' most popular and talented musicians, and bride-elect of E. L. Derr, of Chillicothe, Texas, was complimented with a miscellaneous shower the evening of June 29th in the home of Mrs. S. B. Pallmeyer, 415 South 8th Street.

Assisting Mrs. Pallmeyer as hostesses were Meses. Clyde Milam, J. W. Stokes, J. G. Gardner, J. A. Odum, Howard Randall, Roy Coleman, Bedford W. Smith, A. G. Kesterson, J. H. Norman, M. E. McNally, C. S. Compton, T. M. Isham, T. B. Rogers, Harry Aspgren, Gerald Knight, L. B. Adud-

imately fifty guests registered. Dainty ribbon streamers and circles of fresh flowers created additional romantic interest to the memory book.

Mrs. T. M. Isham invited the guests into the dining room. The table was appointed in crystal and silver and laid in white satin. The centerpiece was a cupid's heart, fashioned of styrafoam and blue net, featuring a miniature bridal couple, encircled by an arrangement of Golden Rapture roses, carrying out the honoree's chosen colors of blue and yellow. Tiny yellow napkins bearing the names of the betrothed, flanked the crystal candelabra holding long, yellow tapers. Mrs. J. A. Odum ladeled punch from one end of the table and Mrs. J. W. Stokes served decorated squares of white cake from the opposite end. Mrs. Clyde Milam, Mrs. A. G. Kesterson, Mrs. J. H. Norman and Mrs. T. B. Rogers assisted in the dining room.

Recorded classical music, softly played by Miss Mary Lee Mabry added enchantment to the beautiful gifts of crystal, china, silver, linens and pottery, displayed under the direction of Mrs. Howard Randall, Mrs. F. A. Liner and Miss Martha Aduddell.

Miss Roberts, an honor graduate of the Memphis High School and a music pupil of Mrs. L. B. Madden of this city, received her B. S. degree in Music Education at Texas Technological College in January. She will be married July 10th at 7 p.m. at the First Christian Church with Minister Bedford W. Smith officiating.

**NUPTIAL DATE SET**—The approaching marriage of Miss Nell Rita Cheek to Bengy G. Godfrey has been announced by her parents, Mr. and Mrs. Elmer Cheek. The bridegroom-to-be is the son of Mr. and Mrs. E. H. Godfrey. The wedding will take place August 5.

**Johnson Family Enjoy Reunion at City Park Sunday**

Members of the Johnson family met Sunday, July 2, at the city park for a family reunion.

Each family brought a well-filled basket and lunch was spread at the noon hour.

Those enjoying the dinner were Mr. and Mrs. Herbert Rountree and son Don of Corpus Christi, Mr. and Mrs. Marion Garren and children; Monte and Saeer of Eldorado, Okla., Mr. and Mrs. Ben Johnson and son Coy Gayle, Mr. and Mrs. Hap Johnson of Memphis and Mr. and Mrs. Porter Johnson of Lakeview.

**Picnic Held By Golden Circle Class At Park**

The Golden Circle Sunday School Class of the First Baptist Church held a picnic at the City Park Tuesday night. Thirty-eight adults and youngsters attended.

Included were: Mr. and Mrs. T. O. Pounds and children, Mr. and Mrs. H. C. Pounds and children; Mrs. Stacey Waites and daughter; Dr. and Mrs. R. E. Clark and son, Dr. Harold Stevenson, Mrs. Gene Lindsey and daughter, Mr. and Mrs. W. C. Foote and son, Mr. and Mrs. Ralph Stewart and children and Mr. and Mrs. R. F. Jones and children.

Also Mr. and Mrs. D. S. Johnson and daughter, Mrs. Carl Wood, Mr. and Mrs. Jimmy Watkins and daughter and Miss Bobby Jean Martin.

Icebergs are always formed of fresh water.

### Pop Corn-on-the-cob is New Party Treat For Youngster's Birthday

Here's a new party treat for your youngster's next birthday or celebration. Thy these novel ears of pop corn-on-the-cob. They're guaranteed to catch the fancy of the junior set around your house. Teen-agers, too, will enjoy making their own ears of pop corn-on-the-cob at their next "Coke" party. They'll love decorating the ears in their own ways, and you'll find pop corn easy on your food budget, too. Here's the easy way to make these delicious ears of pop-corn-on-the-cob.

**Pop Corn-on-the-Cob**

Pop enough corn to make 6 cups of popped corn, (about two poppers full). Make sure you get the right kind of pop corn—the kind that comes packed in airtight metal cans. Then take:

- 1 cup sugar
- 1-2 cup water
- 1 teaspoon vinegar
- 2 tablespoons white corn syrup
- 1-2 teaspoon salt

Cook above ingredients over slow fire, until a part, tested in cold water, forms a hard ball. Add one tablespoon butter or margarine. Pour this mixture over six cups of popped corn.

While still warm, form into shape of ears of corn. This will make about six ears of corn. For added fun, use green cellophane for husks, cutting cellophane into strips shaped like the leaves of the husks, and tie with string or ribbon at one end. Better still, try using real corn husks to give your party that "down on the farm" look.

Colorado has the highest altitude above any state.

The pony express listed between San Francisco and St. Joseph, Missouri, 1860.

**YOU WOULDN'T DO THIS . . . SO**

**WHY DO THIS ?**

You don't read by candlelight . . . and you don't have to pump-and-carry every single drop of water you use. New Dempster pumps, like the Deep Well Jet, provide all the water you need—whenever and wherever you need it—for a few cents a day. Running water is essential to modern farm living. Let us help you plan for wise, up-to-date farming and modern comfort . . . with running water at your finger tips.

**REMEMBER . . . FARM MODERNIZATION BEGINS WITH RUNNING WATER!**

For a limited time—we will install these Dempster Pump Systems without any charge for labor.

### Locals and Personals

Mr. and Mrs. Herman Vallance and daughter left Sunday on a vacation trip to Hot Springs, New Mexico, will be one of the points on the trip where they plan to fish.

Mr. and Mrs. J. R. Harrell left today for Slaton where they will visit for several days with their son, Raymond Cudd.

### Freezing Of Peaches Can Be Successful

Freezing is one of the newer methods being used for preserving peaches and when properly done is very satisfactory. According to Louise Mason, extension foods and nutrition specialist of Texas A. & M. College, several factors are involved in the selection and preparation of the fruit and in the freezing process that must be given careful attention if the results are to be satisfactory.

She says the best varieties for freezing are Elberta, Hiley, J. H. Hale, Hale Haven and Frank. The peaches to be frozen should have reached the chipping eating stage. This means firm, evenly ripened fruit of good quality.

After the peaches have been selected, they should be carefully washed and peeled. They should be treated to prevent discoloration. There are several products available for doing this job.

Ascorbic acid, vitamin C, is one of them. It is available in powdered and tablet form. One and a quarter of the 100 milligram tablets should be used for each pint of fruit or one-half teaspoonful of the powdered ascorbic acid for each quart of syrup. The ascorbic acid should be dissolved in the syrup before it is poured over the fruit.

Citric acid is also recommended for preventing discoloration. The specialist said that one-fourth of a teaspoon of citric acid should be dissolved in one quart of cool water and the fruit should be left in the solution only 15 or 20 minutes. Then removed, placed in containers and covered with a sugar syrup.

Miss Mason said there are several commercial preparations available on the market that are recommended for preventing discoloration but if they are used, the directions of the manufacturer should be carefully followed.

The following were listed as essential steps in freezing peaches: Select fresh, firm and ripe peaches. Wash them well, peel and remove the seed and halve or slice. Then treat to prevent discoloration. Package the fruit in the containers for freezing and cover with sugar syrup. The syrup can be made by dissolving three cups of sugar in one quart of water or dry sugar may be used if preferred to the syrup.

Next, place crushed waxed paper or cellophane on top of the peaches to keep them under the syrup. Seal the containers and quick freeze immediately. When frozen properly, they will retain their good quality for at least one year.

### SPORTS FIELD

**Stream Fishing**  
 "read" a stream by its surface the fish beneath. Lo-  
 portant asset. Lo-  
 is the first step;  
 is the last.  
 mind that it is  
 brings a stream  
 it does the work.  
 fish is relatively  
 foodbearer, no fish  
 to beat his head  
 flow continuous-  
 stream fish along-  
 pool, in the heavy

backwaters below shore projec-  
 tions, in the pockets behind rocks,  
 in the holes under cutbanks. In  
 slicks anywhere amid the broken  
 water.  
 Of course the locatioz fish as-  
 sumes in a stream varies some  
 with the species. Trout will be  
 found nearer the head of a cur-  
 rent and deeper into its sides.  
 This is especially true of smaller  
 trout. Stream smallmouths live  
 much as trout, although they are  
 more inclined to stick to the pock-  
 ets alongside the current.  
 Pickerel and pike usually lie in  
 the weeds on a mud flat, if there  
 are any such; but along with  
 muskies they are often found in  
 backwaters and deep holes beside  
 the main current. These are fish  
 of prey and they generally lie  
 deeper than insect feeders, tak-  
 ing advantage of cover from which  
 to ambush smaller fish. Walleyes  
 in a stream are found only in deep  
 pools and usually in the deeper  
 parts of such pools. It's quite a

trick to get a fly down to them.  
 One other rule in stream fish-  
 ing: no matter what the species,  
 fish living in a stream are far  
 more inclined to be shy than those  
 in a large body of water. In con-  
 fined waters a fish senses that he  
 is obvious prey. One shadow, one  
 false move, can put an end to  
 fishing.  
 Migratory fish—steelhead and  
 salmon—are the exceptions to the  
 rule. Neither food nor survival,  
 the governing forces of other fish,  
 are of immediate concern to them.  
 Impelled by the urge to reach the  
 river's headwater, they stick to the  
 main current. What rest they get  
 is from the slower-moving water  
 close to the bottom. Look for  
 them near the main current, and  
 deep.

### George Menge

(Continued from Page 1)  
 These programs are for young-  
 sters from five to 16 years of age  
 and will include candy scrambles,  
 choruses, motion pictures and Bi-  
 ble drills.  
 Minister Smith said this will be  
 one of the outstanding revivals in  
 the history of the First Christian  
 Church here and extended a cord-  
 ial invitation to all persons to  
 attend the services.

### Angus Stock

(Continued from Page 1)  
 Raymond H. Martin and A. C.  
 Rapp & Son.  
 Stacey Waites bought four of  
 the Jerseys while M. E. Drake and  
 F. R. Gentry purchased one each.  
 Farmer this week released  
 the breeding information on  
 the cattle purchased. He pointed  
 out that the Angus bull and  
 three of the heifers are all  
 from the same sire—Bandolier  
 of Anoka 16th—and the four  
 will make up an excellent get-  
 of-sire for fall livestock shows.  
 The bull, which was purchased  
 jointly by the 10 men who bought  
 heifers, is Bandolier of Don Head  
 50th. He was born on March 21,  
 1949, sired by Bandolier of Anoka  
 16th and his dam is Blackbird of

Don Head 2nd. His full sister  
 sold at the Toronto auction for  
 \$7,200 in 1948. This was the year's  
 top price. He was born on March  
 21, 1949.  
 Breeding information on the  
 heifers:  
 Blackcap of Don Head 32nd,  
 sire; Bandolier of Anoka 16th,  
 dam; Eringa of Haig; Eline Erica  
 of Don Head 3rd, sire; Bandolier  
 of Anoka 16th, dam; Glen Ellen

 Head Beau Basil, dam; Maplewood  
 Oxford Belle.

ne Sturdevant paced the Redbird's  
 hitting.  
 Two games are tentatively  
 scheduled for Tuesday night at  
 the City Park. A combined team  
 from Lesley and Lakeview will  
 meet the two Memphis girls' clubs.  
 The visitors will play the Redbirds  
 in the opener and then face the  
 Bluebirds.

### Baptist Group

(Continued from page 1)  
 for every church in the association,"  
 he said.  
 The program will open at 5 p.  
 m. with a song service led by  
 Marvin Hillis. The message for  
 the evening will be delivered  
 by Rev. Carl E. Bates, pastor of  
 the First Baptist Church in Am-  
 arillo.  
 The remainder of the program  
 includes:  
 "Subscribing a Budget" by Dr.  
 A. J. Quinn, 5:10 p. m.; "Missions  
 in the Budget" by L. A. Sartain,  
 5:35 p. m.; Special Music by the  
 Memphis group, 5:55 p. m.; Ser-  
 mon by Herby Shahan, 6 p. m.;  
 Executive Board, W. M. U. and  
 Youth meetings under the direction  
 of J. O. Strother and Marvin Hillis  
 at 7:15 p. m.; "The Budget Com-  
 mittee and Making the Budget"  
 directed by the Memphis church,  
 8 p. m.; Special music led by the  
 Lelia Lake Church, 8:25 p. m.

### Bluebirds Trample Redbirds 34-13 In Girls' Softball

With anything but "ladylike  
 consideration," the Memphis Blue-  
 birds ran roughshod over the Red-  
 birds by a score of 34-13 in the  
 second week of the girls' soft-  
 ball activity Tuesday night at the  
 City Park.  
 Johnny McDaniel, Barbara  
 Edmondson, Peggy Evans, Car-  
 ol Ann Monzingo, Johnna Sue  
 Smith, Janice Anthony, Betty  
 Hickey, Shirley Miller and Del-  
 la Kennedy were the leading  
 hitters for the winners.  
 Lona Collins, Anita Murphy, Jo  
 Ann Hart, Donna Webb, Gereta  
 Graham, Anne Shankle and Yvon-

### Price Support

(Continued from Page 1)  
 "However, they are fairly close  
 to the support prices we will have  
 in 1950," he said.  
 Secretary Brannan said the lev-  
 el of support for these crops was  
 determined by taking into consid-  
 eration the feed value, price, de-  
 mand and other relationships  
 among these grains, and between  
 these and corn, our major feed  
 grain.  
 In the case of grain sorghum,  
 the applicable relationships are  
 largely to corn produced in the  
 non-commercial corn areas with-  
 out producer controls and at low-  
 er price support levels. Practi-  
 cally all grain sorghums are pro-  
 duced outside the commercial corn  
 areas.  
 An additional consideration is  
 the fact that the Commodity Cred-  
 it Corporation now owns about  
 one-half of the total 1949 grain  
 sorghum produced and taken over  
 under last year's support opera-  
 tion.  
 The price support program will  
 be conducted the same as last  
 year, it was pointed out.

### What About—

(Continued from page 1)  
 worth, officer in charge of this  
 area, has announced that naval re-  
 servists desiring active duty may  
 apply at the Amarillo station now.  
 There is no law requiring Jus-  
 tices of the Supreme Court to be  
 lawyers.

### Oil Industry Film Shown Lions Clubs

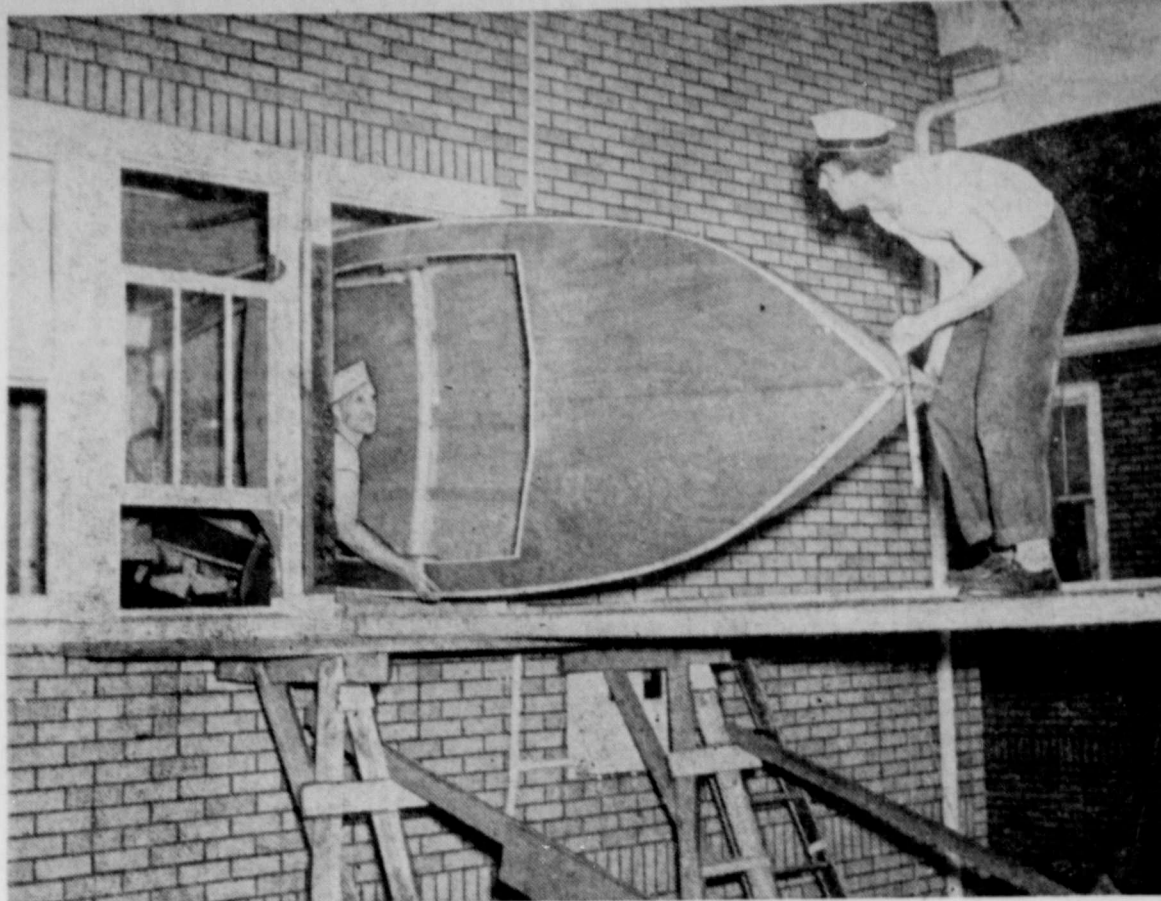

The film, "The Last Ten Feet," which explains the significance of the progress of America's oil industry in the last 90 years was shown before the members of the Lakeview Lions Club Tuesday evening, the Memphis Lions Club Wednesday at noon, and will be part of the program of the Estelline Lions Club tonight.

This motion picture, produced by the oil industry, was specially secured for this showing by O. R. (Doc) Saye, Magnolia Petroleum Company wholesale dealer, and Hall County chairman of the oil industry information committee.

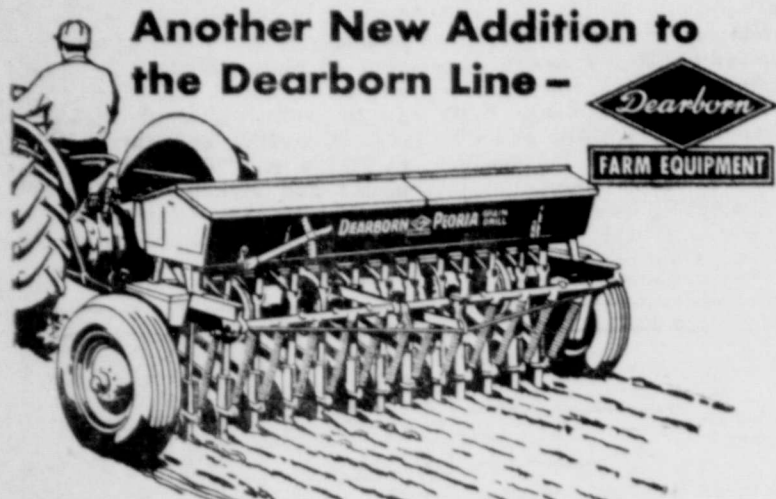

In the film, scenes from the horse-drawn age are compared with scenes of modern America today, where oil-powered autos and planes are commonplace. The picture points out how progress in practically everything that moves—aircraft, motor vehicles, tractors, diesel trains and ships—is closely related to progress in oil.

"The Last Ten Feet" shows that progress has been made faster in the past century than in the previous twenty centuries put together and that it is no coincidence that this last hundred years includes the entire history of the oil industry.

But, as the narrator points out, fuels and lubricants for transportation are only part of the story. Today, more than 1,200 products are derived from petroleum as compared with "rock oil" and kerosene, the only two products made in 1859, the year of the first

WHAT GOES IN COMES OUT . . . They laughed five weeks ago when John Meliska (left) and his nephew, Larry Zamtuk, (right) began to build a 14-foot speedboat in the living room of Meliska's home in Chicago. The question, of course, was: How would they get it out? When the big day came a crowd gathered to laugh, stayed to watch sheepishly as the men handily shoved the craft through a window and on to a scaffold that had been built in advance.

### DEARBORN-PEORIA GRAIN DRILL

## A Message To The People Of Hall County and Fellow Voters

E. H. (Bud) GODFREY

I am taking this means to apologize for not seeing each one of you before the primary. Due to the fact that I had building obligations I had to meet my time has been limited which should be devoted to visiting with citizens of the county. But I still mean to see as many of you as I possibly can before Saturday, July 22.

If the voters of Hall County will support me in this election, I promise I will work just as hard as Sheriff as I have in my profession. I mean I will work to make this county a better place in which to live. I will be honest to the people and to the office I hold, as I told you in my previous announcement. The experience I received as I served this county as Deputy Sheriff will be in my favor.

I am a working man and believe we need a working Sheriff. That's the kind of officer I intend to be if you people will elect me to the office I seek.

Respectfully submitted,

# E. H. (Bud) GODFREY

Candidate for

oil well.

"The Last Ten Feet" shows that such products include plastics, synthetic rubbers, cosmetics, medicines, alcohols, insecticides, nylons, plant hormones, preservatives, waxes, explosives, dyes and asphalt as well as many hundred of other products.

In addition to telling the history of oil industry, "The Last Ten Feet" traces the transportation of oil from the well through pipelines and other means to the refineries of the nation. From there, the film follows the oil until it reaches various markets. One of these is the motor vehicle which is finally supplied through the last ten feet hose in the one-quarter million service stations throughout the country.

Mr. and Mrs. Jim Smith and son Jimmy and daughter Mary Alice returned home last week following a three week's vacation in Colorado.

Mr. and Mrs. L. W. McClure and son Billy visited in Whiteface this week with their son and brother, Arvel McClure and

### Health Officer Says Polio Has Brighter Side

State Health Officer Geo. W. Cox has turned the bright light to the heretofore dark picture of polio in Texas.

Observing that the state's 1000 cases of polio since the year's beginning has occurred among a population of 7 1/2 million people, the health official deplored "the attitude of hysteria that polio creates in a community."

That didn't mean that people should not be concerned, the doctor commented, for a case of illness in any form is good reason for great concern.

"I'm talking about the fear that keeps a person or a whole community from thinking straight. Of course each case of polio is an individual tragedy for the family involved, but wholesale public panic simply is not justified."

He doesn't want to encourage complacency either, the state

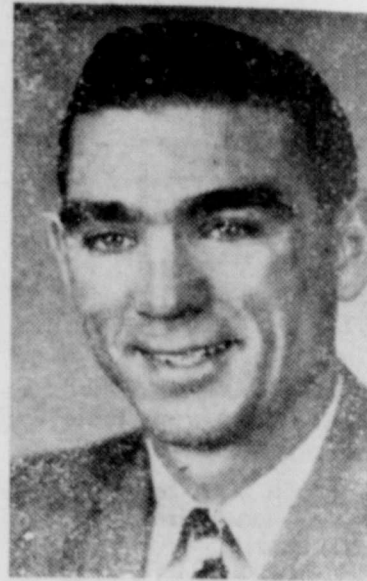

health officer said, adding:

"Every clear-thinking effort must be made to keep every home, every community, every vacation camp consistently clean and sanitary. Briefly, elimination of fly and insect breeding places, personal cleanliness, and getting milk, water and food from safe, approved sources will aid in preventing a number of communicable diseases."

National statistics, Dr. Cox asserted, show good reason for optimism in most cases of polio. According to the figures, from 40 to 60 per cent of all victims recover completely and can do anything they choose.

From 25 to 40 per cent recover with only minor disability, and can, within very wide limits, lead perfectly normal lives. From 15 to 20 per cent are more severely handicapped, and from 5 to 10 per cent terminate fatally.

"It all goes to show that polio is actually a minor cause of illness,

# Game Commission Sets Season Dates For Panhandle

## BAG LIMIT CUT TWO BIRDS TODAY; WEEKLY LIMIT REDUCED

Game, Fish and Oyster Commission has out-  
lined fish seasons for the newly created regulatory  
area of the new 28-county Panhandle area. This area  
includes all of the counties of the Panhandle.

For a deer and turkey  
season from December  
1 to January 16, which are the  
same dates as the general state  
law, but the bag limit for the  
new regulatory area were cut from  
12 per day to 10 per day and the  
possession limit was cut from 30  
per week to 20 in possession at any  
time.

The Commission abandoned  
plans for open seasons on antelope,  
prairie chicken and pheasants in  
the Panhandle because of insuffi-  
cient data and a policy of "play-  
ing it safe" until more informa-  
tion on these species could be ob-  
tained.

For the regulatory area of the  
Peecos, the Commission author-  
ized a deer season and quail sea-  
son similar to 1949. In this area,  
El Paso and Terrell counties were  
eliminated from the antelope  
shooting regulations.

The statewide deer and turkey  
season as well as the quail sea-

istration.**

## FARM and RANCH CHATTER

with  
**LAYNE BEATY**  
WBAP, Ft. Worth

Every now and then a city or  
a community talks about fixing  
up a better place for farmers to  
market their products.

It's a well-known piece of fact  
that we are capable of growing a  
whole lot more stuff than we  
can sell. And in spite of soil ero-  
sion, bugs, drouth and all those  
things, too.

The big problem usually is not  
how to produce it, but what to do  
with it after we have it.

Dumping of milk, eggs, potatoes  
and strawberries is never a very  
profitable or popular thing to do.  
Neither is selling them below  
cost of production.

So when something comes along  
to help farmers get together with  
the best possible market for their  
produce, it is a step in the right  
direction. A humane act, no less.

All this is a build up to our  
comment on the new facilities

animals, December 1 through Janu-  
ary 31, except muskrat, which  
will be December 1 to December  
28; limiting crappie bag to 15 per  
day and 30 in possession and simi-  
lar provisions for channel cat,  
with black bass limited to 6 per  
and 12 in possession, and no bag  
limits for sunfish, perch, bream,  
blue cats and mud cats, restrict-  
ing each fisherman to one trot-  
line of not more than 20 hooks  
and an aggregate of not more than  
20 hooks of all kinds for each  
fisherman; limiting a fisherman to  
possession of 200 minnows and  
putting a 20-ft. limit on minnow  
seines.

A straight 45-day waterfowl  
shooting season beginning Novem-  
ber 20 has been recommended. An  
earlier request for a zoning sea-  
son to benefit Panhandle coun-  
ties has been placed before the  
Federal Fish and Wildlife Ser-  
vice as has also a proposed bag  
limit of eight ducks per da and  
eight in possession instead of the  
four ducks per day and four in  
possession allowed last fall.

The Commission authorized a  
nine-day antelope season west of  
the Peecos to be patterned after  
the 1948 special season in which  
702 permits were issued to bag  
male antelope. The number of  
1950 permits to be issued has not  
yet been determined.

The Panhandle regulatory dis-  
trict comprises these counties:  
Randal, Potter, Oldham, Gray, Ro-  
berts, Hemphill, Motley, Cottle,  
Dallam, Hartley, Childress, Hol-  
lingsworth, Sherman, Hansford,  
Moore, Wheeler, Donley, Hall, Hu-  
tchinson, Carson, Deaf Smith,  
Armstrong, Palmer, Castro, Swis-  
her, Briscoe, Lipscomb, and Ochil-  
tree.

at the market square in Athens.  
Last year the sand and heat  
nearly ruined the farmers and  
truckers before it did the toma-  
toes and melons and blackeyed  
peas.

So the mechants of Athens got  
their noggins and pocketbooks to-  
gether and set up a program of  
improvements.

The marketing of these truck  
crops is important to Athens since  
1933, when cotton hit a nickel a  
pound and the blackeyed pea in-  
dustry saw daylight. Lately Athens  
called itself "the blackeyed pea  
capital of the world."

Last week we saw the new hard  
surfaced-paved, if you please—  
market square in Athens, where  
blackeyed peas were being bought  
and sold by the carload. So were  
melons.

No more dust and dirt, Pretty  
soon, it is expected there will be  
lights for night operations. Per-  
haps later on, sheds to protect the  
tender vegetables from the sum-  
mer.

Fred Triplett, one of the hun-  
dreds of ranchmen and farmers  
in Texas who fly their own air-  
planes, came up to see us from his  
place in Hill county last week.

Fred says farmers and ranch-  
men are using airplanes now just  
like they use pickups and cars.  
They haul feed and supplies, take  
the family on trips, spray, dust,  
ride fence, inspect crops and land-  
and son on. He didn't mention  
using a plane to pull a cow out of  
a gully or a silo, but he could  
fid the cow with a plane at least,  
if it were lost in a gully.

Regarding television in rural  
homes, Fred related that when a  
private flier sometimes "gets  
lost" in unfamiliar territory, he  
often can observe the pitch of  
television antennas on farmhouses  
and figure that they're set to pick  
up the nearest TV station, and so  
head for their destination by  
that means of reckoning.

Not too far from that subject  
we read of a "tractor rodeo" for

4-H club boys in Ohio. The boys  
are judged on the way they keep  
their own tractors in condition  
all year. Then, using new machines  
furnished by the manufacturers,  
they show off their ability to  
maneuver a tractor and a side-  
delivery rake through an obstacle  
course, back a trailer into a  
marked-off spot, and set-up a  
tractor for pulley work.

Attention is given to skill and  
safety precautions. Times, indeed  
are changing.

If your car needs any kind of  
body work, bring it to **Kermit  
Monzingo**, your Chrysler-Plymouth

WHEN YOU VOTE IN THE ELECTION ON  
SATURDAY, JULY 22nd

# VOTE FOR MRS. AGNES BAILEY for COUNTY CLERK

I have done my best to see as many persons as I could during the past  
several months. And, during this time, I have been unable to discuss my  
candidacy with many persons with whom I wanted to talk. For this reason,  
I wish to use this means to solicit the vote of every one.

I realize that the affairs of the County Clerk's office must be cared for  
with SKILL AND ACCURACY. And, due to my background as a teacher,  
and my dealings with the public, I believe I am fully qualified to serve the  
people as their County Clerk. If elected, it shall be my duty to administer  
this office in a careful and efficient manner.

This is the first time that I have asked for public office. I do want to  
be your County Clerk, and will feel a great responsibility if you will elect  
me to the office I seek. Therefore, when you cast your ballot at the polling  
places

VOTE FOR  
**Mrs. Agnes Bailey**  
Candidate for

# County Clerk

of Hall County

### PLASKA

By MRS. H. A. HODGES

Mr. and Mrs. W. L. Crawford of Memphis, Mr. and Mrs. J. A. Howard of Orand, Calif., and Mr. and Mrs. Hubert Hall and girls, Linda Jane and Carolyn ate supper with Mr. and Mrs. R. D. Hall and family Tuesday night of last week.

Mrs. S. A. Ellis was called Wednesday of last week to the bedside of her mother, Mrs. Charlie Regan of Friona who was in the hospital.

Mr. and Mrs. Hubert Griffin and boys of Lubbock spent the night with her mother and family, Mr. and Mrs. W. C. Hignight on Wednesday night of last week.

Mr. and Mrs. W. C. Hignight and son Shelby and Mr. and Mrs. Hubert Griffin and boys went to Shamrock last Thursday week ago to visit Mr. Hignight and Mrs. Griffin's sister and family, Mr. and Mrs. Leon Palmer.

Mr. and Mrs. Herbert Hodges of Dumas spent Thursday night with his brother and family, Mr. and Mrs. Harold Hodges. Mrs. Herbert Hodges went by for a medical check up at a Memphis

hospital before returning to Dumas Friday.

Mrs. W. L. Nabers and Katrina Nabers, daughter of Kenneth Nabers were carried to a local hospital Wednesday of last week. Mrs. Nabers was treated there until Friday for virus pneumonia, and Katrina will be receiving treatment for rheumatic fever for several weeks.

Mrs. Doyle Hall and Norma went to Archer City last Saturday to get her aunt, Mrs. M. M. Farr and her two granddaughters, Nancy Pat and Sandra Jeanunae Sullen.

Mr. and Mrs. Charlie Spencer of Matador visited her parents, Mr. and Mrs. W. J. McMaster on Tuesday night.

Mr. and Mrs. McMaster enjoyed the annual family picnic at the park in Memphis on Tuesday night, July 4.

Alvin Vallance went to Burleson Wednesday to visit his brother, Marvin, and to take three of his children home that had been visiting here. Henry Vallance stayed for a visit at Marvins and Dorothy and John Henry came home with Alvin for a visit with their grandmother, Mrs. Pearl Vallance.

Mrs. M. N. Orr and Miss Laverne were week end visitors in Lubbock.

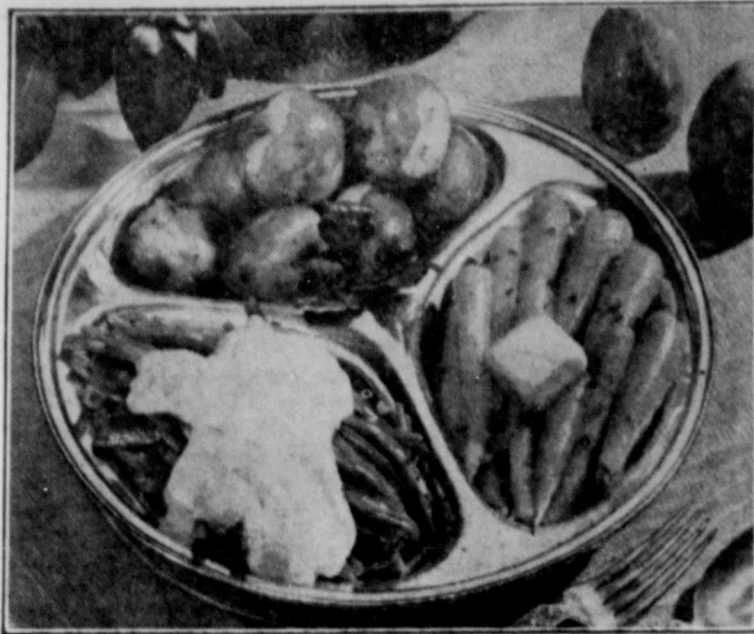

Mr. and Mrs. Lea Scott of Canyon came Sunday and brought her parents, Mr. and Mrs. J. M. Provence, who had visited them last week.

Alice Faye Orr returned to her home in Littlefield after spending several weeks visiting her grandmothers, Mrs. M. N. Orr and Mrs. Spencer of Memphis, and other relatives.

Mr. and Mrs. Bruce Marrs of Paducah visited her grandfather, Uncle Bud Clark Sunday.

Mr. and Mrs. Dutch Vallance of Hedley and her niece, Bonnie Jean and nephew Bruce Adecock Jr., of El Paso spent Sunday visiting in the home of Mr. and Mrs. Thomas Adecock and with her mother, Mrs. H. R. Adecock. Mickey Don Sullivan visited

### Tasty Sauces Give Variety To Vegetables

A satiny smooth cream sauce may be seasoned in a variety of ways to add new flavor interest to vegetables. Unless the cream sauce is to be used to prepare a scalloped starchy vegetable, a medium sauce is most suitable—using two tablespoons each of butter and flour to each cup of milk.

Some of the interesting seasonings that may be added are, horseradish, curry, onion, chives, mustard, parsley, anchovy, cheese, and whatever other combination that may strike your fancy. Here is featured green beans with a creamy horseradish sauce, parsley-buttered carrots, and buttered new potatoes that have been cooked in their jackets.

#### STRING BEANS WITH CREAMY HORSE RADISH SAUCE

- 1 1/2 pounds green beans
- 3 tablespoons butter
- 3 tablespoons flour
- 3/4 teaspoon salt
- 1/2 teaspoon pepper
- 1 1/2 cups milk
- 3 to 4 tablespoons drained horseradish

Wash and cut green beans lengthwise or slice diagonally. Cook beans

in a tightly covered saucepan with about 1 inch of boiling water, adding 1/2 teaspoon salt per cup of boiling water. Cook for 15 to 20 minutes or only until tender. Drain. Make sauce by melting butter in saucepan; add flour and seasonings and blend. Gradually add milk while stirring and cook until smooth and thick, stirring constantly. Stir in drained horseradish. Serve hot over beans. Serves 6.

## VOTE FOR SYBIL GURLEY

Candidate For Re-election For The Office Of COUNTY CLERK

As a candidate for re-election to the office of County Clerk, I wish to take this means to ask your support in the July 22 Primary Election.

If re-elected, I pledge myself to a continuation of my past performance. I will always strive to efficiently and carefully handle the affairs of this county which pass through this office. I will continue to strive to cooperate in every possible way with every Hall County Citizen and to be of service to any and all when such services are desired.

Once again I want to thank the voters for the confidence and consideration shown me in the past: I am trying to see as many of you as possible in order to personally solicit your support. However, the duties of this office limit my time and I may not personally contact every voter. If I do not have the opportunity to talk with you, I want to ask you at this time to consider my qualifications for re-election and my pledge to continue serving you to the best of my ability. Your vote and support will be greatly appreciated.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of recurring backaches, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

**THE COMPROMISE** rent control bill as sent to the President doesn't amount to much. It continues controls for six months and permits local governments to extend them for another six months if they wish. As a matter of fact, according to all the precepts of free enterprise, the rent controls should be ended, but for the admitted evidence that if they are ended rents will go up which means that the basic cost of living will be given another boost.

Among the measures sent to the White House for signature are bills continuing the national synthetic rubber program for two years; one to provide for reorganization of the army to abolish the cavalry, one of the traditional and romantic branches of the service, and a bill which eliminates or softens most of the penalties for violation of the Hatch act.

Both chambers of the congress hurriedly passed a 15-day extension of the draft act beyond June 24 which was the expiration date. And in the meantime the senate passed a bill calling for a three-year extension of the draft program in contrast to the two-year extension voted earlier by the house. So conferees will attempt to justify the variance of time and other differences.

It appears that the tax act, which has been approved by the house ways and means committee and which provides for a billion or more slash in excise taxes and an increase in corporation taxes, will become a partisan battleground before it gets through. If it does get through, the congress. The Republicans are in a quandary. They want to approve the excise tax cut—but at the same time they want to protect their friends in the upper corporate income brackets, that is those above the \$167,000 income brackets by defeating the corporate tax provision.

Only two Republican senators, Cain of Washington state, and Hugh Butler, of Kansas, voted against extension of the social security act. Butler described social security as a "crazy maze" and Cain said it was "complex beyond endurance." But paradoxically nobody put the "socialist" tab on the social security measure.

Observers here are now trying to determine "what is a 70-group or more slash in excise taxes and an increase in corporation taxes, will become a partisan battleground before it gets through, if it does get through, the congress. The Republicans are in a quandary. They want to approve the excise tax cut—but at the same time they want to protect their friends in the upper corporate income brackets, that is those above the \$167,000 income brackets by defeating the corporate tax provision.

August 24—County Clerks must mail to presiding judges of proper precinct absentee ballots on 2nd day prior to primary.

August 24—Executive committee charged with responsibility for distribution of election supplies not later than 24 hours prior to the opening of the polls.

August 26—DATE OF SECOND PRIMARY.

September 5—Candidates and campaign managers required to file within 10 days after date of primary third expense account.

September 12—Date of state convention

which extended the benefits to about 10,000,000 persons and doubled the benefits to about 2,900,000. Vote was 31 to 2 and came after five weeks of debate which collapsed at times because of lack of opposition. It will be remembered, observers here point out, that social security has been labeled as the "most socialist" of all the reform measures enacted during the Rooseveltian era. Enacted in 1935, the measure has now had 15 years of experience and "nobody wears a dog tag," as predicted by its opponents.

One major change was made in the measure. The tax base was raised from the first \$3,000 of pay to the first \$3,600; monthly benefits of some 2,900,000 persons would be increased by 85 to 90 per cent from an average of \$26 a month to more than \$48. Maximum family benefits would be increased from \$85 to \$150 a month. Eligibility requirements are relaxed to bring older workers under the system with a minimum coverage requirement of six quarters before death, or retirement at 65. The payroll tax of 1 1/2 per cent on each worker would be frozen at that level through 1955. After that the tax would gradually rise to 2 per cent beginning in 1956 to 3 1/2 per cent after 1970.

Observers here are now trying to determine "what is a 70-group or more slash in excise taxes and an increase in corporation taxes, will become a partisan battleground before it gets through, if it does get through, the congress. The Republicans are in a quandary. They want to approve the excise tax cut—but at the same time they want to protect their friends in the upper corporate income brackets, that is those above the \$167,000 income brackets by defeating the corporate tax provision.

Mrs. Marvin Duren. While here Mrs. Martin, Mr. and Mrs. Duren spent a few days at Lake Texoma. From there they traveled to Waco Austin, San Antonio and other points in South Texas. Mrs. Martin will be remembered as Marion Duren.

Mrs. Carl Minor and daughter of Floydada are visiting here this week with her parents, Mr. and Mrs. T. J. Way.

Miss Joyce McDaniel is visiting in Amarillo with her grandparents.

Mr. and Mrs. Herman Cross of Goodnight took her parents, Mr. and Mrs. E. F. Lemons of Memphis to Temple Monday. Mr. Lemons will go through Scott and White clinic. En route to Temple they visited Sunday night in Waco with Mrs. Katrina Alexander and the Bill Bowden. Mrs. Alexander and Mrs. Lemons are sisters.

Jimmy Gerlach spent from Thursday to Monday visiting in New Orleans. On his trip he also visited Don Monzingo who is attending East Texas State College at Commerce.

Mr. and Mrs. Herbert Rountree and son Don returned to their home in Corpus Christi Thursday after spending a week with his father, J. L. Rountree, and a sister, Mrs. Buster Howard and family and her parents, Mr. and Mrs. Porter Johnson and other relatives.

Mr. and Mrs. Claude Prather and grandson, Paul Rowlett, spent the week end in Perry and Okla-

homa City with their son, Hershall Prather and family.

Habeas Corpus literally means, "you may have the body."

**CANDIDATE SPEAKING JULY 17 CITY PARK-MEMPHIS 8:30 PM**

Even though there was an effort made early in the campaign to have no public discussion of issues in the political campaigns subject to the Democratic Primaries in Hall County, the voters have indicated that they would like to have the issues discussed before them, and a number of the candidates have expressed a wish to make talks before the voters.

Therefore, I will address the public Monday night, July 17th, at 8:30 o'clock at the City Park in Memphis, concerning my candidacy for Sheriff.

I will have a public address system at the park, over which I will make my talk, and invite all other candidates for public office who wish to address the public in behalf of their candidacies to make use of this public address system.

THE PUBLIC IS CORDIALLY INVITED TO ATTEND THIS MEETING AND ALL CANDIDATES ARE INVITED TO SPEAK.

In Case of Rain, This Candidate Speaking Will Be Held On July 20th.

### Legion To Hold Installation At 7:30 Tonight

New officers of the Simmons-Noel American Legion Post and Auxiliary will be installed tonight at the Legion Hall here when formal ceremonies are held at 7:30 p. m.

District Commander C. C. Gibson of Amarillo will conduct the installation ceremonies. He will be assisted by a high ranking district Auxiliary officer.

Following the installation, a banquet for all members of the two organizations will be held.

Officers of the Auxiliary to be installed include: Mrs. D. S. Johnson, president; Mrs. T. V. Pounds, first vice-president; Mrs. Ray Childress, second vice-president; Mrs. J. Shepherd, secretary-treasurer; Mrs. Glenn Thompson, corresponding secretary; Mrs. Mac Tarver, historian; Mrs. Hulda Wilson, chaplain; Mrs. O. V. Alexander, publicity, and Dink Dennis, sergeant-at-arms.

New Legion officers are T. D. Weatherby, commander; H. O. Pounds, vice-commander; H. J. Orand, sergeant-at-arms; Gene Lindsey, finance officer; Roy Guthrie, chaplain; and J. H. Valance, service officer.

### Comments

(Continued From Page 1)  
holding top positions. They have reached the stage of taking cracks at each other. Rogers thinks Clark draws too much pay from the government for secretarial work and shouldn't draw pay while running for office. Clark denies drawing pay while running for office and Rogers is trying to get the office so he can draw \$15 thousand a year and other emoluments, and should run for reelection would not have his pay stopped while campaigning for a second term. And so it goes round and round, and the voters are not getting worked up too much, knowing they will have another chance in the second primary when the candidates will be thinned to two in a hill. Voters are more concerned over the Korean situation and worrying about their loved ones who will likely have

### Meet The Owls

LESLEY J. PRUETT  
Position—Third base, second base, outfield. Also player-manager of the Owls.  
Nickname—"Burrhead."

Age—39.  
Occupation—Lemons Furniture Co.  
Batting—Currently hitting .265 for the Owls.

printed. I love my home town paper. Mrs. A. D. McEachern, Mesa Ariz.  
Crops are doing nicely, thank you, after the fine rains of the past week. Cotton acreage has been cut and a lot of feed crops have been planted instead. The slash in cotton acreage has boosted the price of cotton. Feed, also, should bring a good price.

Federal expenditures have risen from \$3.4 billion in 1930 to \$9.3 billion in 1940 and \$42 billion in 1950—A House appropriations committee study discloses that in one year the Federal Bureau of Internal Revenue printed 500 million tax forms and 115 million instructions sheets to supply 47 million taxpayers. Hundreds of millions of such forms, long out-dated and no longer useful, were found stored in a leased building—The number of civilian employees on the Federal Government, 805 in December 1932 to 1,981,156 in December 1949. Total annual salaries and wages of these employees have soared from \$1 billion in 1932 to over \$6 1-2 billion today—The Hoover Commission reported that \$140 million a year could be saved by modernizing the organization methods and equipment of the U. S. Post Office department.

A farmer's wife was in to see me Tuesday about REA telephones. She is very anxious that this project goes through, but is not sure that enough signers can be obtained to justify the REA company putting in this latest of conveniences. It takes about 200 signers and so far we have some 40 or 50, she said. "I talked over one of these lines recently and the tones were clearer and the phones less noisy than the regular phones lines. All one has to do is plug the phone cord into an outlet and talk without wire connection, except that the sound travels over the REA line in a radio-like way. It will be a boon to farmers and their housewives to get such a system installed in Memphis. It will be a business-getter for the merchants of Memphis, for many times an order could be placed by telephone for something badly needed, but if the farmer had to write for the article, he could order from a mail-order catalog. Business men could get satisfaction in another way, especially business men who own farms. They could phone to or from the farm regarding something pertaining to the farm or crops, thus saving a lot of extra trips. I hope the merchants will sign up with us and help secure this REA telephone convenience."

she said wistfully as she turned away.  
The REA has bought conveniences to the farm, making farm life more enjoyable. Let's do our part in getting this newest and best of all conveniences—the telephone. The cost is small; the reward will be large.

### Judge Goodpasture

(Continued from page 1)  
state where the title has rested since the birth of the Republic. Render every possible assistance to the Attorney General of Texas in further court proceedings.  
2. Insist that this problem be made the number one domestic objective by the Texas delegation in Congress.  
3. Assist in organization similar associations in other states and co-ordinate in bringing about the nation of the true facts of this issue.  
Judge Goodpasture pointed out before leaving for Austin that this is probably Texas' last chance to have the tidelands.  
He said a number of public officials are attending the Austin meeting including Mayors, county Judges, school superintendents, members of the legislature and members of the Texas Bar Association.

Two resolutions will be submitted to the group today and speedy approval is anticipated. The first calls upon President Truman and Attorney General McGrath to end the discrimination against Texas, Louisiana and California by discontinuing all present lawsuits until Congress has adopted a National policy on this subject.  
The second resolution will urge Senators Tom Connally and Lyndon Johnson and each member of the Texas delegation in Congress to adopt as their number one domestic project in Congress the passage of a law recognizing and confirming full title and ownership of the State of Texas in and to the submerged lands within its original boundaries.

### Local Veterans

(Continued from page 1)  
—a very pleasant one, too.  
Regarding the overhaul job, the veterans said they thought Ted was due a favor. They were unanimous in expressing their appreciation of the excellent work he is doing in connection with the local Boy Scout Troop.  
This isn't the first "good turn" done by this class, however. Several times in the past they have co-operated with the Red Cross in repairing automobiles of needy travelers.

## Robert S. Calvert

State Comptroller of Public Accounts Solicits Your Vote And Influence for His First Elective Term

Robert S. Calvert, a native Texan, was born in McLennan County near McGregor, Texas and at an early age moved with his family to Brownwood, where he attended public schools and Howard Payne College.

At the age of 20 Bob moved to Sweetwater, where he was employed by the Santa Fe Railroad as clerk warehouse foreman and cashier; then by West Texas Electric Co. as chief clerk; and was assistant cashier of the First National Bank.

In 1917 he enlisted in the U. S. Army. Following basic training at San Antonio and technical training at Cornell University, he served with the Air Forces in France and Germany.

Among Bob Calvert's many friends in Sweetwater was George H. Sheppard, who became State Comptroller in 1930. Mr. Sheppard appointed Calvert to the position of financial statistician the same year. As head of the central accounting division for 14 years, Calvert gained first-hand knowledge of the state financing. In 1944 he was made chief clerk, the position next in line and authority to the Comptroller's.

Following the death of Mr. Sheppard on January 18, 1949, Governor Beauford H. Jester gave recognition to a career worker who had advanced through the ranks, by appointing Calvert State Comptroller.

AFTER SERVING A YEAR AND A HALF AS COMPTROLLER, CALVERT NOW SEEKS HIS FIRST ELECTIVE TERM.

VOTE FOR  
**Robert S. Calvert**  
for State Comptroller of Public Accounts  
(Pol. Adv.)

to go through another war like the one fought during the '40s. All realize the second world war was not completed. We helped preserve a nation only to see that nation turn on America. Fine gratitude, that!

A colored man is one of the candidates for Lieutenant Governor of Texas, according to the secretary of the Texas State Democratic Committee. This man's name is Peyton Elliott Womack of Travis County. This is the first time in my remembrance that a colored man has had his name printed on the ballots. It just shows how far this nation has traveled since Mr. Truman has been playing to the North with his Civic Rights program.

Here is a short note, the kind that warms the hearts of the publishers: "Dear Editor of Memphis Democrat. Enclosed find the remittance's payroll increased from newal price to the best paper

MRS. DEAN MORGENSEN

## Morgensen Nuptial Vows Formal Service in Okla. City

The Wednesday Night Dinner Club met July 5 at 8 p. m. in the Home of Mr. and Mrs. T. D. Weatherby.

The members and guests enjoyed a delicious dinner which included the following: fried chicken and cream gravy, candied yams, Jello salad, cheese and spaghetti, pickles, rolls, fruit cake and strawberries and whipped cream.

Games of Fourty-two were played after the dinner.

An interesting coincidence in connection with the dinner was the fact that it was held on Mrs. Weatherby's birthday. She reported receiving many wonderful gifts.

Guests present were Mr. and Mrs. Charlie Williams, Sr., Mr. and Mrs. Jerry Wright and Mrs. Bess Crump.

Members included Mr. and Mrs. A. Gidden, Mr. and Mrs. Herbert Sisk, Mr. and Mrs. J. M. Ferrel, Jr., and the hosts, Mr. and Mrs. Weatherby.

The next meeting will be held on August 2.

## Weatherby's Host To Dinner Club Wednesday Night

The Wednesday Night Dinner Club met July 5 at 8 p. m. in the Home of Mr. and Mrs. T. D. Weatherby.

The members and guests enjoyed a delicious dinner which included the following: fried chicken and cream gravy, candied yams, Jello salad, cheese and spaghetti, pickles, rolls, fruit cake and strawberries and whipped cream.

## Miss Jane Morrison Becomes Bride Of Y. Z. Taylor in Memphis Rites

Mr. and Mrs. E. S. Morrison announce the marriage of their daughter, Jane, to Y. Z. Taylor, son of Mr. and Mrs. H. M. Taylor, on Saturday evening, July 8, at 6:00 o'clock.

The double ring ceremony was read by Minister Rollo Davidson in the Methodist parsonage with only their attendants present.

The bride was attractive in a street-length dress of blue silk lace and net over taffeta accented by white accessories and a corsage of gardenias and pink roses.

Mrs. J. O. Gibson Jr., sister of the bride, was matron of honor. She wore a pink organdie frock over taffeta complimented by white accessories and a corsage of white carnations.

Coy Don Taylor attended his brother as best man.

Following the ceremony, the bridal party was greeted with an informal reception at the home of the bride's parents.

The attractively appointed serving table was centered with an arrangement of pink carnations and feverfew flanked by crystal candelabra bearing white tapers denoting the bride's chosen colors of pink and white. The three-tiered wedding cake was served by Mrs. Bennie Dennis. Mrs. Edwin Taylor, sister-in-law of the groom, presided at the punch bowl. Miss Patricia Montgomery, cousin of the bride, registered the guests.

The couple is to be at home in Memphis after a wedding trip to Illinois. For traveling the bride chose a pink suit accented with white and brown accessories and her corsage was gardenias and pink roses.

Mrs. Taylor is a graduate of Memphis High School and has been employed by Southwestern Telephone Company for the past four years, serving as cashier for the past year and a half.

Mr. Taylor is a graduate of Memphis High School and served in the Air Force for sometime. At present he is employed by Hugh's Battery and Electric.

MRS. E. L. DERR, JR.

## Miss Evelyn Martin Becomes Bride of Robert T. Tally in New Mexico Rites

In a single ring ceremony performed Sunday evening, June 18, at the Calvary Baptist Church in Portales, N. M., Miss Evelyn Martin, daughter of Mr. and Mrs. John Martin, 1421 Dover St., became the bride of Robert T. Tally.

For her wedding, the bride chose a light blue crepe frock designed with white eyelet yoke. She wore a corsage of orchids.

After a short trip to Carlsbad and other parts in New Mexico the couple will be at home in Clarendon where Mr. Tally is employed by Clarendon Food Store.

MRS. ROBERT TALLY

## Roberts-Derr Wedding is Solemnized At First Christain Church Monday

Miss Sue Anne Roberts, daughter of Mr. and Mrs. E. E. Roberts, became the bride of E. L. Derr, Jr., Monday evening, July 10, 1950, at 7 o'clock at the First Christain Church.

The bridegroom is the son of Mr. and Mrs. E. L. Derr, Sr. of Chillicothe.

Minister Bedford Smith read the ceremony. White tapers in seven branched candelabra lighted the altar, which was decorated with baskets of white gladioli and huckleberry with fresh baby breath.

Preceding the ceremony, Miss Laura Mai Hightower, organist played "Leibstrraum", "O, Promise Me" and "Theme from Romeo and Juliet". She accompanied Mrs. Howard Phillips of Abilene who sang Greig's "I Love Thee". As vows were repeated the organist played Rubenstein's "Romance" and Mrs. Phillips sang "The Lord's Prayer" by Malotte as a benediction.

Given in marriage by her father the bride wore a gown of white silk organza with bouffant skirt worn over hoops. The plumed jacket of chantilly lace featured tiny self covered buttons and small collar. Her fingertip veil of illusion fell from a lace cloche banded with seed pearls. She wore lace

(Continued on page 8)

**CARD OF THANKS**

We want to take this means of thanking our many thoughtful friends for the many kind words, letters, cards, flowers and words of encouragement they have given us through Mr. Cummings illness. Our appreciation is beyond words.

Mr. and Mrs. Robert Cummings.

Eddie Moses of San Diego, California arrived Wednesday morning to visit his grandparents, Mr. and Mrs. L. L. Moses.

From Washington:

# ZEKE SEZ

By Nugent E. (Zeke) Brown

Washington, On the Potomac, D. C. — One of the best little incidents of the week: Senator Tom Connally provided it. It seems the tax committee was discussing taxes on alcohol and the subject got around to how much alcohol there is in patent medicines sold through drug stores everywhere. Suddenly, "Long-Tom" posed this one: "Say fellows, what has happened to Peruna? Haven't heard of it for a long time."

We cannot understand the street-car and city bus folks here in Washington. They are raising fares to 15 cents for a one-way ticket on July 15th! Or three fares for 40 cents! A weekly pass that used to cost only \$1.25 will sell for \$2.00 and the company wanted to abolish them altogether.

The result is that more and more government workers are "ganging up" and riding together in the family car. And that add to one of the worst traffic situations found in the world.

We must brag on the way those Washington cops keep traffic moving. That part is not bad. But, boy, you just try to park within half a mile or two of the downtown business and theatre district or around the capitol. It just cannot be done. For blocks around the capitol, the visitor finds empty parking spots along some of the streets. But, if he is not lucky, some capitol cop will be standing nearby who will tell him the spaces are reserved for congressmen, senators or their employees. In fact, the signs are found every-

where you turn.

So you drive the old car about five blocks away and finally locate a vacant spot after wasting half an hour or longer. If you have visited lately in your car you know what we are talking about. It sure makes you wonder what the next 20 years will bring in new traffic problems. It is a lot worse in this city than it was 10 years ago when we lived here about a year.

We visited a tobacco farm about 35 miles south of here, in what is known as "Southern Maryland" one day this week. Roy Reed, the county Farmers Home Administration supervisor at LaPlata met us and showed us two farms. Of course, he first had to brief us on his county, declaring it is the "garden spot of the world."

He pointed out that the county was first settled soon after Jamestown was settled by John Smith. Then he wanted to know if Texas could beat that! The nerve of the guy. (We were wearing our boots and our old Texas wool hat since it was raining that day.) On the way out to the tobacco farms about all we saw was a lot of pine woods. The woods are thicker

here than down in East Texas.

But the houses are a dead giveaway! They look like they are 300 years old, some of them. But there also are a lot of new homes, even down in the tobacco country. The joke is on us—talking about tobacco crop.

All the way across the state of Virginia, three weeks ago, when the wife and I drove up here from Amarillo and Memphis, we Asia more than 9 million dollars the fields that I thought were some kind of bean. I thought the leaf looked awful wide for a bean but the plants were still young. I did not know better until I asked Roy Reed last week. He laughed loud and long.

There were over 250,000 of us common folks gathered on the Washington monument grounds on the Fourth of July, late in the afternoon. There were band concerts, solos, stunts and speeches, then a 30-minute fireworks program. The program went along fine until a heavy downpour of rain threw thousands into a scramble to run several long blocks to shelter.

Those in charge of the program immediately started shooting the fireworks. They were loud like the big gun of a battlefield and the colors in the sky stopped the crowd from leaving too fast.

Thousands of persons stood around and got soaking wet in the downpour which would stop for a few minutes and then start again. We managed to get up the street to a government building about half a mile away before we got very wet. We left early to do that. Our car was parked a mile away. Just as we reached it, the rain turned into a real gully washer! Like most of the thousands, we did not have a rain-coat with us.

This war business has got a lot of folks worrying plenty. On the other hand, the public has been expecting it for many months now so there is a feeling of resignation to the inevitable while practically everyone is agreed something should be done to stop

the Communists. It is felt here that Russia will not openly join in the fighting for several months, maybe, with a very slim chance she might not do so at all. But most everyone is taking it for granted that the Korean War is just a preliminary to the real show down between the Western Powers and the Russian dictators.

Day by day developments are coming too fast for us to make any predictions a week ahead. For instance, this week, they put wartime restrictions on visitors to the Capitol. You cannot go up there before 9 a. m. and after 4 p. m. without a special pass unless there is a night session when police will see that you stay in certain areas. But many thousands of folks all over America

are still visiting the Capitol every day, with thousands of Boy Scouts during the past week.

The war news has about shunted news about politics off the front pages around here. That's all this week, folks. Except to say that Gildersleeve writes us that Hall County has had good rains. That's mighty good news so far as we are concerned. Be seeing you at Bull Durham's coffee counter.

bers by 185 students. Those attending from Memphis include: Mmes. Bessie Newton, Elsie Guthrie, Pansy Srygley and Sophie Stilwell, all members of the Memphis schools faculty.

### Former Resident Of Memphis Dies July 3 In Snyder

Funeral services for Mrs. Frank Bayouth, 40, were held at the First Methodist Church in Snyder July 3.

Mrs. Bayouth was the wife of a Snyder department store operator. The family formerly resided in Memphis and he owned a department store on the southeast corner of the square. She is survived by her husband and two daughters: Bettie and Jacqueline Bayouth; Ed Frank and La Nord Bayouth; two brothers and two sisters.

**BULLETS FOR MONEY** . . . Beatrice Sass of New York's Chase National Bank examines some 44-40 flat cartridges, once used as money in frontier days.

### Farmer Attending C-C Managers School In Dallas

Chamber of Commerce Manager Clifford Farmer is in Dallas this week attending the annual training school conducted by the Southwestern Institute of Chamber of Commerce Managers.

The school is being held in the Adolphus Hotel and will extend through Saturday when examinations will be given. Classes began Monday.

Some of the top managers of the nation are instructors at the school. Included are Ellsworth Green of Kansas City, George Logan of Waco and J. Hudson Lewis of Dallas.

Managers from eight states are attending the school to receive training in the variety of courses which range from office and committee management to publicity and agriculture.

### Locals and Personals

Richard Defile and Carl Raley of Wichita Falls visited here Friday with Misses Ruby Friebie and Stella Jo Roach.

Mrs. J. H. Ball and Miss Rena Ball of Abilene arrived here Tuesday to visit with their daughter and sister, Mrs. Henry Foster and family.

Recent visitors in the home of Mr. and Mrs. Paul Buchanan at Estelline were Mr. and Mrs. W. H. Mills, Mr. and Mrs. Jim Teague and children, Brenda and Ronald, all of Fort Worth; Mr. and

Mrs. H. P. Mills and daughters of Hensley, Kans., and Capt. and Mrs. Morris T. Brown and children, Tommie and Kay of El Paso.

Mrs. Ida Moore of Lubbock visited last week with her son Garland Moore and family and also with her sisters. Her son, Garner Moore, came for her Sunday.

Mr. and Mrs. Foy Wilks and family of Granger are visiting here with Mrs. Wilks' mother, Mrs. J. B. Ellerd and brother, Roscoe and Thurman Ellerd and families.

Mrs. Dutch Vallance spent last week in El Paso visiting with her brother, T-Sgt. J. B. Adecock and family, Bruce Adecock Jr., and Bonny Jean returned home with Mrs. Vallance for a visit here.

Mrs. Paul Buchanan and children Pauline and Janie of Estelline are visiting in Fort Worth with their mother and sister, Mrs. Mills and Mrs. Jim Teague.

Mr. and Mrs. E. M. Murphy visited in Quanah Sunday with Mr. and Mrs. G. W. Lockhart.

Mr. and Mrs. Duval Brunley of Huntington Park, Calif., are visiting here with her mother, Mrs. Mrs. J. J. Gibson.

Some day you may be real mad at us

We wish we had time to sit down with everybody in this town and tell 'em personally about the many kinds of modern, inexpensive insurance which most people should carry nowadays.

You—for instance—may be pretty sore at us some day if you have a fire, a windstorm, burglary or a boiler explosion, or if you are sued for damages, or lose a diamond ring or a fur coat or a suitcase full of clothes, or sustain some other serious loss against which we could have insured you if we had tried to sell you.

We can't be out selling everybody in town all the time, so won't you help us sell you what you need. Ask us to survey your insurance policies soon and to tell you of any gaps.

## Your Vote For ELLIS D. BRIGGS

### — for — SHERIFF

Will Be Appreciated

May I say to the people of Hall County that it has been a pleasure to personally meet and talk with you. The courtesy and consideration shown in my race for Sheriff is greatly appreciated. Although there are some of you that I have not as yet contacted, I will make every effort to see you before the primary election, July 22. Should I fail to see you, may I offer my apologies, and use this means of soliciting your vote.

As I told you in my January 5th statement, and I quote, "It is well to remind the people and office holders that the latter are public servants of the former." If I am elected your Sheriff, I will always remember that I am working for you and I will be at your service day or night.

I make this promise: THAT I WILL NOT BETRAY THE CONFIDENCE OF THE PEOPLE OF HALL COUNTY. If elected, I will carry remaining unstained by ambition or greed.

The dream of a better town and a better county is a part of human progress. Faith, vision and courage are man's sustaining forces. So, it is my desire to have one of the best and cleanest of the 254 counties in the State of Texas, and to conduct the affairs of this administration so that if at the end, when I come to lay down the reins of this office, you will not feel that you have cast your vote in vain.

Again I solicit the support of every one in my race for Sheriff, and thank you again for your kindness toward me.

# Paducah Outscores Owls 5-3 In Thursday Game

Seven possible runs died on third base Thursday night as the Memphis Owls lost their hitting timing and dropped a 5-3 Red River Valley League decision to Paducah.

The Owls outbit their hosts—8-7—but could never place their hitting to obtain good scoring results. Paducah went ahead in the initial inning with a two-run spree and grabbed a lead they never relinquished.

They added another run in the sixth and sent in two scores in the seventh for the clincher.

McKay's home run in the second with no one aboard broke the scoring ice for Memphis. Veltman began the second tally play when he singled and stole

second. Brinkley was walked and Farmer then sacrificed to send Veltman home.

Farmer added the third Owl score in the top of the ninth when he slammed out a four-bagger to lead off a last-chance rally.

Jack Brinkley went the distance for Memphis. He gave up seven hits, walked three and struck out seven batters. Riley was the winning pitcher, giving up eight hits, seven walks and whiffing 11 batters.

## Dill City Downs Owls Friday 7-4

A three run scoring blast in the first inning provided Dill City a margin that Memphis could not overcome Friday night as the Oklahoma club outscored the Owls 7-4 in an exhibition tilt.

The Owls knotted up the game in the fifth inning but Dill City came through with more runs in the seventh to settle the issue. The had previously scored a single tally in the second.

Memphis scored three runs in the third when Mathes, Kamphouse and Brinkley crossed the plate, aided by three walks, an error and McKay's double.

Williamson tripped in the fifth and Veltman reached base on an error to score the final Owl marker.

Leroy Kamphouse handled the Owl's hurling. He gave up eight hits, issued seven walks and fanned four. Minert was the winning pitcher. He allowed four hits, 10 walks and struck out 14 batters.

## BRICE

Rev. L. M. Clements of Masterson preached Sunday morning and evening at the Brice Baptist Church.

Mr. and Mrs. Horace Vines and children Jack and Pat visited the past week at Odessa with her parents Mr. and Mrs. Jess Seively.

Mrs. Alice Baton and son of Turkey were weekend guest in the Pres Baton home.

Mr. and Mrs. Floyd Holcomb of near Dumas were Sunday din-

ner guests in the Starr Johnson home.

Guests in the Merle Lemons home Sunday were: Mr. and Mrs. J. T. Brock, Mr. and Mrs. C. H. Davidson and children of Plaska, Rev. and Mrs. Clements of Masterson.

Mrs. Hugh Sanders underwent surgery in a Memphis Hospital Friday and is reported to be doing fine.

Bill Wood who has been in a Memphis hospital the past week is reported to be improving.

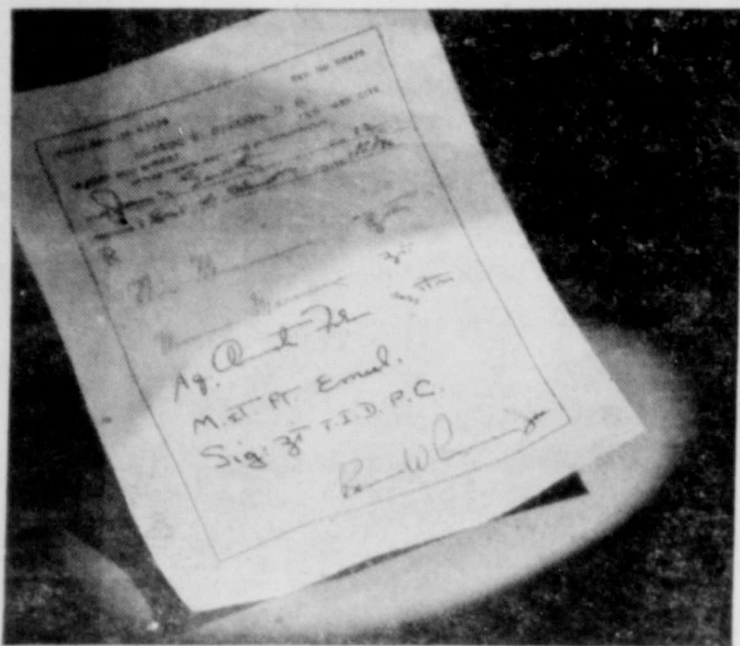

Mr. and Mrs. Hermon Seigler and daughter of Greenville are

visiting her sister Mr. and Mrs. Cal Holland.

Visitors in Brice Church Sunday were Mr. and Mrs. B. Louthaur of Lakeview, Mr. and Mrs. J. T. Brock, Mr. and Mrs. C. H. Davidson and children of Plaska.

Mr. and Mrs. Edd Shirley visited Sunday at Littlefield with his parents Mr. and Mrs. E. V. Shirley.

Those to enjoy a picnic at Lake McLellan Sunday were Mr. and Mrs. Cal Holland, Mr. and Mrs. Hermon Seigler, Mr. and Mrs. Jack Wolf, and Mr. and Mrs. Gene Koeninger.

### M. ET FT. EMUL. SIG. 3: T.I.D. P.C.

No, they're not hieroglyphics... they're part of the prescription your doctor gave you the other day.

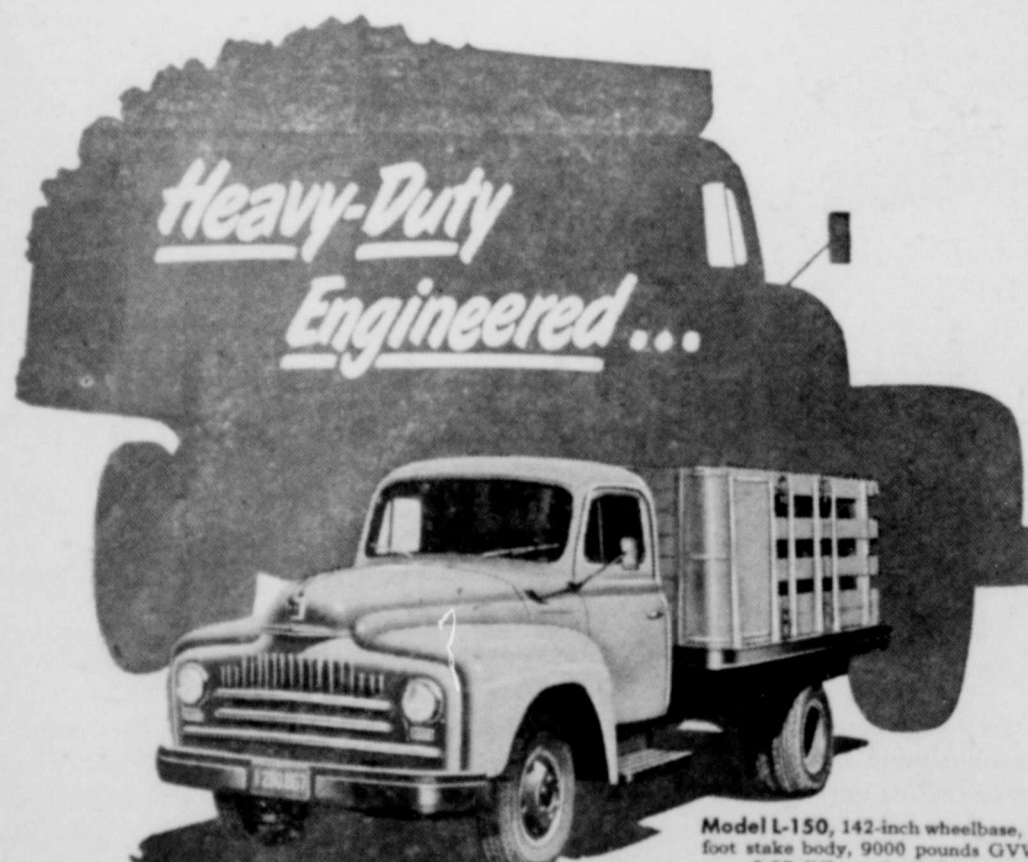

To you, that abbreviated Latin legend meant nothing, but to your pharmacist it said, "Mix the ingredients of this prescription in the form of an emulsion, and label the bottle 'One teaspoonful three times a day after meals'."

Your physician often uses Latin in writing prescriptions, and for two reasons. First, Latin is the universal language of medical science, and a prescription written in any part of the world, by a physician of any nationality, can be filled by any pharmacist. Second, Latin is a "dead" language, and, therefore, the exact meanings of words are not subject to variation from year to year as are words in the modern languages.

Many drugs that have similar names, have very different actions. Take, for example, mercurous chloride and mercuric chloride... one is calomel, a laxative; the other is bichloride of mercury, a violent poison. Then there are phenobarbital and pentobarbital, sodium salicylate and sodium silicate, acetanilid and acetone, aconite and aconitine, and a multitude of other drug names equally confusing to you.

They are not confusing to your pharmacist, however. His familiarity with medical, chemical, and pharmaceutical terms is but a part of his skill as a pharmacist... a skill developed through years of college training and experience in compounding prescriptions and rendering other necessary public health services.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

Ball Activity:

# Lesley Sweeps Series Friday Night Dumping Cardinals And Tornadoes

Lesley fashioned their upset wins by drubbing the highly-touted Cardinals 6-3 and outscoring the Tornadoes 8-6. These two games were played Friday night. Thursday night the Cardinals...

downed the Renegades 9-4 in the opener. The Renegades bounced back in the nightcap, however, defeating the Tornadoes 6-1.

Lloyd West hurled the Cardinal victory with Jack Spry handling the Renegade mound duties. Carl Lee, Jimmy Stewart, Bennie West, Troy Taylor and Duane Miller were the big batting guns for the winners. Roddy Stargel, Jack Spry and Allan Pierce led the losers' power.

With Jack Spry, Ralph Lockhart, Allan Pierce, Roddy Stargel and Charles Messer providing most of the batting punch, the Renegades managed to salvage the nightcap with a 6-1 win over the Tornadoes. Ronnie Smith scored the only run for the losers.

That surprising Lesley team really upset the dope bucket Friday night with an impressive pair of wins. After six innings of a 3-3 tie they managed to slip past the Cardinals 6-3. Lesley grabbed the lead in the seventh inning when the Cards made three costly bobbles.

Willis pitched airtight ball to pace his club to the victory. Lloyd West hurled for the Cardinals. Joe Booth, Gerald Payne, Bobby Arnold, Kent Byars and Arlee Whitehead furnished the scores for the winners while Chubby Cullin, Duane Miller and Jimmy Stewart paced the losers.

Lesley proved that their first win was no fluke by defeating the Tornadoes 8-6 in the nightcap. Joe Booth, Gerald Payne, Ronnie Gowdy, Kenneth Sams and Verdon provided the Lesley hitting power. Rayford Hutcherson, Charles Hartman and Don Steward collected hits for the losers.

Thursday night Intermediate action will find the Rebels facing the Renegades, Director Ted Myers said this week.

In the Junior League Tilt Friday night, Don Ivy's Eagles broke into the win column by trouncing Jimmy Hill's Longhorns 11-6. R. C. May was the winning pitcher and held the Longhorns hitless for three full innings. Keith McWhorter, R. C. Mayo, Don Ivy and Johnny West each collected hits for the Eagles. Jimmy Hill, Carroll Gilchrist and Jerry Hill provided the hitting punch for the Longhorns. Jerry Hill was the losing pitcher.

The Junior League will step up its game this week to Thursday night due to the Lions Club donkey baseball game Friday. This week's tilt pits the Red Devils against the Eagles.

Junior and Intermediate games will be played at the City Park and all fans are invited to attend, Myers said.

## Brinkley Hurls:

# Memphis Downs Soldiers, 5-3

After trailing 0-1 for two and one-half innings here Sunday, the Memphis Owls came to life in the bottom of the third to tally three scores and begin their march to a 5-3 win over Sheppard Field in an afternoon exhibition game.

Coppedge opened the Owl scoring drive with a single as the third frame lead-off man. Pruett then went out on a fly to left field and Williamson walked. McKay doubled to send in the first run and Edmondson singled to work Williamson home. McKay scored when Stonecipher's bingle was handled shortstop to second.

Pruett scored in the seventh after reaching base on a single and Stonecipher tallied a run in the eighth after reaching first on a Sheppard Field error and being pushed around by Veltman's double.

Sheppard Field scored one run in the initial frame and added single tallies in the fifth and eighth.

Jack Brinkley worked the mound for Memphis, allowing four hits, two walks and striking out three.

**T. D. WEATHERBY**

Candidate for

**SHERIFF**

OF HALL COUNTY

**WANTS YOUR VOTE!**

Since I circulated my platform in the form of a letter, most persons know what I stand for. And, during the past few months I have tried to see every voter in this county. I know that there are many persons who have not been contacted. Therefore, I am taking this means of asking your support in my race for Sheriff.

If I am elected Sheriff of Hall County, I intend to be the people's Sheriff. I intend to be honest and upright, and will stand for fair dealings with one and all.

Will put in a lot of time with the young people of this county, and will try to be a leader.

We are not bothered by very many criminals in Hall County. We are a county of good folks. What we need is a Sheriff to work with and for the people. We are just plain good folks.

I am OLD ENOUGH to be settled, and YOUNG ENOUGH to handle the job with a lot of good common horse sense.

There isn't any need to tell the old timers what I will do as they all know. I will do just what I say, and that will be honest, upright and fair to all.

I am asking for this office on my own merits—not the demerits of any opponent I have.

I am a veteran of World War One, therefore I know how our veterans think.

I AM QUALIFIED TO SERVE THE PUBLIC. For the past 20 years I have worked with the public of Hall County, Texas, and many states over this nation. I feel that this experience further qualifies me for the Sheriff's office. You can be a real good man and not be a good Sheriff.

I am not seeking the office for revenge or to "get even" with any person. I just want the chance to make the county a good Sheriff.

When you go to the polls to cast your ballot on Saturday, July 22

## Editorial

### Vote For West Texans

Hall County voters will have an opportunity to help elect two West Texans to high public offices when the primary election is held on Saturday, July 22. The two are:

Preston Smith, Lubbock—candidate for Lt. Governor.  
 G. H. (Hobart) Nelson, Lubbock County—candidate for Associate Judge of the Court of Criminal Appeals.  
 A veteran legislator from the 119th District, Preston Smith has a background that West Texans can understand and approve. He was born on a farm in Williamson County and worked on farms until his graduation from Lamesa High School. He worked his way through Texas Tech by operating a service station. He is a steward in the Methodist Church and is the father of two children.

Smith is not seeking the Lt. Governor's office for personal financial gains. He is a successful businessman in his own rights and owns a number of theatres in Lubbock.

Since he was reared on a farm, Smith realizes that agriculture is our basic industry and his farm program is receiving acceptance from all parts of the state. He knows the problems of both farmers and businessmen.

His qualifications can be briefly summed up as these: He is a successful man in his own rights and can therefore be expected to handle the Lt. Governor's post with equal success. His experience in agriculture and business qualify him to best represent these two groups—the two that dominate this area. He is a family man and a highly respected member of his community and therefore has the character that our public officials must have to properly carry out their duties.

G. H. Nelson, the candidate for Judge of the Court of Criminal Appeals, has an equally outstanding record. He is a former state senator and has also served as county and district attorney. He has spent many years in the private practice of law and his success in the profession is proof enough that he is the best qualified candidate for this high judicial position.

West Texas has suffered too long from the "section-conscious" voting in the state. The growth of our section entitles us to better representation in the state offices and this is the year for us to move in that direction. We stand an excellent chance to gain better representation in the August run-off providing enough voters go to the polls July 22 to get our candidates on the second primary ballots.

Hall County voters can make two intelligent moves by voting for Smith and Nelson. We can be sure we are supporting the best qualified men in their races and we can help bring West Texas the representation deserved.

### Progressive Step

The shipment of Aberdeen-Angus cattle due to arrive here next week from the Canadian Don Head Farms marks another step along the improvement trail for the agricultural interests of Hall County.

Since this county is—and probably always will be—primarily an agricultural area, it is very encouraging to see organized efforts of expansion along these lines so well accepted.

The quality of the initial purchases of this Angus stock gives every indication that the program will be as successful as the one started with Jersey cattle two years ago. The dairy and beef cattle programs can and will be coordinated to greatly enhance the livestock future of Hall County.

Plans are already under discussion to enlarge the annual show held here to include both beef and dairy cattle and this increase of interest will give a desirable balance to the overall livestock program. This will be good news to the men who are already veterans in the beef cattle business and who have been advocating this livestock program expansion.

Such progressive planning as this livestock program certainly increases Hall County's prospects of continued prosperity.

Politics has never yet remedied any kind of a situation and it never will because the ramification of greed, selfishness, graft and dishonesty are too strong to accomplish any worthwhile end.—Elwood (Ind.) Call-Leader.

## ON EARS THAT HEAR NOT

### Press Paragraphs—

#### QUOTING OUR NEIGHBORS

**Growing Area**  
 Have you noticed how the population of East Texas counties have uniformly declined?

There is a story behind this story: You will recall that the people of Texas adopted a constitutional amendment by which provision is made that should the legislature fail to redistrict the state following each federal census that a commission shall do the job.

The story comes to us that the boys from East Texas will pull a fast one in January. They have a bill written which will slightly redistrict the state, but will not give the growing counties any way nearly as much representation in the legislature as the declining East Texas counties. They figure that the next session of the legislature will have so many freshmen members that they can pull a fast one over this unequal redistricting bill. Should they succeed, then Texas could not be redistricted for another ten years.

West Texas Senators and Representatives will have to be on their toes to block this unfair bill and trust to the state commissioner for relief. Maybe the politically-minded commission would do a little better, but at any rate West Texas will have the votes, and that counts with the boys who look for results.—Canyon News.

**Qualified for Job**  
 We have previously stated the opinion that choice of man to fill the office of Lieutenant Governor of Texas is probably the most important decision to face Texas voters in the Democratic Primary this summer. With twelve candidates in the race, among them several who are well-qualified and of high calibre, it will not be an easy choice to make.

We are now going to recommend, without insistence, that local voters give careful consideration to the candidacy of Preston Smith of Lubbock . . . the only West Texan in the race.

Our choice is not based solely on the fact that Mr. Smith is from our own section of the state . . . though, other qualifications being equal, we would lean toward the West Texan man.

It is based rather on the fact that he has been recommended to us by mutual friends in whom we have a great deal of confidence . . . men with no political axes to grind . . . and on the fact that Mr. Smith is a successful business man, and an experienced legislator, who has the backing of no political faction or business organization.

He has represented the Lubbock

District in the State Legislature since 1944, and among other things, won our admiration by sponsoring legislation forcing State boards and bureaus which spend public monies to make their meetings open to public and press.

He is financially independent and unlikely to be subject to financial pressure.

He is, we believe, a man worth considering for an important state office.—Canadian Record.

**Use That Food!**  
 No one will begrudge a weary Congress its desire to finish its work in the next six weeks and go home. But we submit that its work will not be finished if it does not act in this session to dispose effectively of the nearly two billion dollars worth of surplus foods now wasting away in caves and ware-

**MISS WESTERN AMERICA . . . Beverly Cottrell, 18-year-old brunette beauty from Los Angeles, holds trophy after being selected "Miss Western America."**

**Press Paragraphs—**  
 (Continued from Page 6)  
 ernment to help farmers maintain prices are rolling up a storage bill of \$237,000 EVERY DAY for U. S. taxpayers. Consider: While this is happening, millions of people in Europe and Asia face hunger (and, indeed, in countless cases actual starvation) for want of these very foods.

So when we ask Congress to dispose "effectively" of these idle surpluses, we mean simply to get them out of the caves before they rot and into the homes where they are desperately needed. The way to achieve this is readily at hand: appropriate the funds necessary to deliver the goods shipshape at U. S. ports, and let American welfare agencies already operating overseas take it from there. It is swift, it is efficient, it is life-saving, and in the long-run it is more economical than the present in-

action. In terms of good-will engendered for America in the far corners of the globe, the value of this program is incalculable.

Who are the agencies we recommend to do this job? To name only one of several, there is CARE, with its four-year record of having delivered in Europe and Asia more than 9 million food and clothing textile packages valued at \$100 million dollars.

We believe the American people will support out appeal to Congress: Move the surplus foods! Move them NOW to give new life, new hope, new strength to the peoples whose struggle for survival is a vital part of our own struggle to establish a healthful and peaceful world.—Graham Leader.

If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer. —Adv.

Carl Eudy and son Johnny Ben and daughter Lynda Sue of Tullia are visiting here this week with their mother and grandmother, Mrs. Clara Eudy.

Mrs. Roxie McCoy returned to her home in Bagwell last Thursday after visiting here for several weeks in the home of Mr. and Mrs. C. W. McCoy.

*First of the Fine Cars in Value*

**This one Telescopes your Timetable**

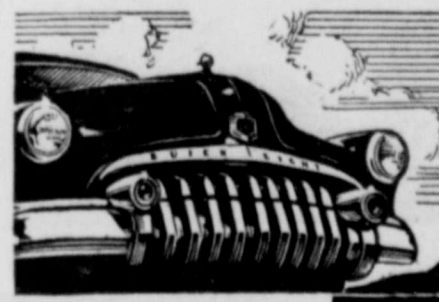

OF course you recognize it. Who doesn't know that those four Ventiports, that graceful sweep of fender-chrome, mark ROADMASTER—best of all the Buicks, unquestioned "big buy" of the fine-car field?

But have you tried it? Have you matched this sweet-stepping bonny against the tall hills, and the call of the straight-away? Ever toiled it across town—and seen how Dynaflo's quick surge and smooth take-off slip you through traffic with minimum of foot-motion and maximum of timesaving? Ever known the good feel of a light and easy wheel, swinging almost at a finger's touch—the soul-satisfying lift in a big 152-hp Fireball engine just waiting for the release your toe-pressure gives it? Ever sampled that famous Buick ride—steady, level, unperturbed, soft with the special gentleness of coil springs on all four wheels, sweetly restful in both front and rear seats? There's no reason, really, to wait longer for such satisfying experience. There's a Buick dealer near you. He delights in showing off ROADMASTER. He'll arrange—unless all his demonstration cars have been snatched away from him by eager buyers—to put you behind a ROADMASTER wheel. Why not see him now—to find out what's finest in today's fine cars, and how little it takes to buy one?

**Only BUICK has Dynaflo\* and with it goes:**

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) \* NEW PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights \* WIDE-ANGLE VISIBILITY, close-up road view both forward and back \* TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius \* EXTRA-WIDE SEATS cradled between the axles \* SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steady torque-tube \* WIDE ARRAY OF MODELS with Body by Fisher.

\*Standard on ROADMASTER, optional on other Buick models.

**FOUR-WAY FOREFRONT**

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

### Local Girl Is Oklahoma A&M Honor Student

Gwendolyn F. Brewer, a graduate of Lakeview High School, has been named to the Dean's List of Distinguished Students for the spring semester at Oklahoma A. & M. College.

Miss Brewer was enrolled in the School of Agriculture.

To be eligible for the Dean's List of Distinguished Students, a student must pass all courses taken during the semester, aggregate not less than 15 hours with an average grade of "B" or higher, and must not receive any "D," incomplete, conditional or failing grade.

### Locals and Personals

Mr. and Mrs. Coy Davis and Miss Ila Sue Davis vacationed at Rudosa over the weekend.

Mrs. R. E. Crooks and sons returned home last Saturday following a visit in Arkansas with Mrs. Crook's relatives.

Mr. and Mrs. W. C. Crump and children left Wednesday for their home in Compton, Calif., after visiting here with his mother, Mrs. Bess Crump. Mrs. Crump accompanied them home and plans to visit in California until around the first of August.

Mr. and Mrs. Roy Coleman and sons, Ray Don and John Carroll are vacationing in Colorado this week.

### Roberts-Derr

(Continued from page 1)  
mits and carried a bouquet of yellow roses and stephanotis.

She carried out the tradition of wearing something old, something new, something borrowed and something blue, with a six-pence in her shoe.

The bride's attendants were her sister-in-law, Mrs. Evan Roberts, Jr., of Lubbock, matron of honor, and Miss Virginia Derr of Chillicothe, sister of the bridegroom and Miss Nell Hagan of Childress bridesmaids.

The matron of honor wore a yellow embroidered organdy frock in ballerina length, and the bridesmaid wore identical dresses of blue embroidered organdy. Each carried fan-shaped bouquets of daisies and wore a garland of daisies in her hair.

Walker Derr of Chillicothe, was his brother's best man and Evan Roberts, Jr., of Lubbock, brother of the bride, and Joel Hammer of Chillicothe served as ushers and lighted the candles.

### RECEPTION

A reception was held at the home of the bride's parents immediately following the ceremony. A three-tiered wedding cake, decorated in blue and yellow and topped with miniature bride and groom centered the table. The table was laid in lace and appointed in crystal and silver and had as floral decoration, the bride's bouquet.

After the bride cut the cake it was served by Mrs. Seth Pailmeyer, Miss Larua Mai Hightower ladeled punch. Assisting in the dining room were Mrs. Howard Phillips and Mrs. T. B. Rogers. Miss Margaret Hagan of Childress registered the guests.

After a wedding trip to Denver, the couple live in Ft. Worth. For her going away costume, the bride wore an oyster white suit with navy accessories.

Both the bride and groom graduated at Texas Tech. College in January. He majored in industrial engineering; and she in music education. He is an Army Air Force veteran.

### First Christian Youth Attend Julian Bivin Camp

Three youth from the Junior Intermediate department of the First Christian Church attended Julian Bivins Christian Camp, located 30 miles north of Amarillo last week.

Rev. and Mrs. Bedford Smith also attended the encampment, serving as instructors.

Youths attending were Carolyn Kay Smith, Dorcille Stargel, Oscar Maddox Jr.

Senior adult week will again serve as sponsors and instructors.

### B&PW WILL HOLD BAKE SALE HERE

A bake sale will be held Saturday at Tarver's Pharmacy, it was announced this week.

The sale will be sponsored by the Business and Professional Women's Club and will begin at 1 p.m.

President Roselyn Williams made the announcement.

### Robertson-Morgensen

(Continued from Page 1)  
bonnets of Swiss organdy fastened with white velvet bows in the back. The bridesmaids carried hasquette bouquets of varicolored blue hybrid delphinium blossoms. The honor attendant carried an identically shaped bouquet of pink elfin roses.

The flower girls were Judy and Kay Crook. They wore dresses of white Swiss organdy styled with Peter Pan collars, puffed sleeves and full skirts tied by sashes in the back. Hand painted blue delphinium blossoms were scattered about the shoulders and skirts of the frocks. They wore organdy mitts and wreaths of blue delphinium in their hair and carried baskets filled with flowers.

Serving Mr. Morgensen as the best man was Mr. Wiggins. The ushers were Hames R. Robberston and Glenn W. Robberston, brother of the bride; Harry Morgensen, cousin of the bridegroom; Neil Irby, Goliad, Tex.; Robert S. Prestridge and M. S. Williams.

For her daughter's wedding Mrs. Robberston wore a dress of mist gray Chantilly lace with hat of matching maline. Her corsage was of pink camellias.

Mrs. Morgensen wore an aqua lace and French marquisette ensemble with hat of matching maline accented by corsage of white gardenias.

Following the wedding a reception was held at the Oklahoma

City Golf and Country Club. The punch and cake table were covered with heavy pink duchess satin cloths garlanded with string smilax and pink rapture roses. Delph blue crystal candelabra with pink candles flanked the cake. At either end of the table were silver epergnes filled with roses.

The punch table was centered with an arrangement of pink roses on either side of which were candelabra holding pink candles. The table was garlanded with smilax and pinocchio roses.

When the couple left on a

month's wedding trip to the western states the bride was wearing a white tailored suit with navy accessories and white orchid corsage. Upon their return Mr. and Mrs. Morgensen will be at home at 4905 N Steanson St., Oklahoma City, Oklahoma.

## VOTE FOR W. I. (Pop) Glosson for Constable, Prect. 1 Hall County

When I announced my candidacy for the office of Constable of Precinct No. 1, I stated that I would give the people the best that is in me if I am elected. I also promised that if I am elected, I WILL DEVOTE MY FULL TIME TO THIS OFFICE.

If you accept the promises above, and if you want an officer who will deal impartially with all persons who break the law, then cast your vote for me when you go to the polls on July 22nd.

Anyway, I want you to know that anything you will do for me will be appreciated.

## W. I. Pop GLOSSON Candidate for Constable, Prect. 1
