MEMPHIS, HALL COUNTY, TEXAS, THURSDAY AFTERNOON, AUGUST 31, 1950 SEVEN CENTS NUMBER 13

S. Morrison Elected Sheriff In Second Primary Saturday

HEAVY VOTING SURPRISES MANY; ROGERS VICTOR IN CONGRESS RACE

E. S. (Peck) Morrison was elected sheriff of Hall County Saturday in the second primary that saw a surprisingly heavy vote cast. Morrison, a farmer and trader in this county, defeated his run-off opponent, Raymond Ballew, by 612 votes.

Morrison carried nine of the 12 voting boxes in the county, including Lakeview, Turkey and the two from Memphis. Ballew led at Lesley, Parnell and

Plaska. Morrison, who led the ticket in the first primary, collected 1,669 votes while Ballew received 1,057.

This large turn-out at the polls was not expected. Only approximately 300 more votes were cast in the first primary in July.

In the other race of particular interest to Hall Countians, Walter Rogers of Pampa easily defeated

For the information of our readers, The Democrat this week is publishing the complete returns from Hall County. These returns can be found on page 3, section 1.

Mrs. Altavene Clark of Amarillo for the Democratic nomination to the 18th District Congressional post.

The Pampa attorney collected 1,810 votes in Hall County to 804 for Mrs. Clark. He carried every box in the county. Rogers enjoyed similar success throughout the 28-county district. Although he trailed Mrs. Clark in the two previous elections, Rogers stacked up a lead of more than 5,000 votes to win the nomination.

He will oppose Republican Congressman Ben Guill in the November general election. Congressman Guill was the surprise victor (Continued on page 8)

NEW SHERIFF — E. S. (Peck) Morrison was elected sheriff of Hall County in the second primary, defeating his run-off opponent, Raymond Ballew. Morrison polled 1669 votes to Ballew's 1057.

School Bells Will Ring Monday for 1,800 Hall County Students

for education in Hall County as all schools report improvement and expansion programs progressing well.

Students returning to the classrooms here in Memphis will do little Monday except register and

become acquainted with their teachers. Supt. W. C. Davis said that Monday will be devoted to enrolling the youngsters and allowing them to become adjusted to the school set-up. He said enrollment in the three Mem-

phis schools will begin at 9 a.m.

There will be no general assemblies here Monday nor any plans for entertaining visitors.

"We will have special programs later for parents of the students and other visitors," Supt. Davis said. "Monday we want to devote our time to the youngsters."

He said the cafeteria will not be open Monday but will serve the noon meal Tuesday.

Supt. Davis gave the following approximate break-down on the enrollment picture here: West Ward, 325; junior high, 250; high school, 275.

School work will begin in earnest here Tuesday, he said. Residents of the Estelline area are eagerly awaiting the school opening there Monday. The new school plant, valued at \$90,000, will be officially opened.

Supt. C. O. Gregory said a special assembly program in honor of this opening is planned at 11 a.m. for students, parents and visitors. This assembly will be held in the high school auditorium and the group will later have lunch in the cafeteria.

Supt. Gregory is expecting an (Continued on Page 8)

And Dairy Cattle Classes Set For Hall County Livestock Show

The show will be held at the Memphis Compress Co. again this year. The stock will be brought in on September 11 with the judging set for the following day. Prof. Anderson, head of the animal husbandry department at Texas Tech, will

be judge for the show. This show, which in the past has featured only dairy cattle, has been expanded this year to include beef stock as well as swine. The dairy and beef cattle contests are open to all residents of Hall County and the surrounding trade territory, Farmer said.

He pointed out that standard classifications are being used in the livestock contests. Separate divisions will be held in the beef show for Hereford and Aberdeen-Angus stock. Awards will be given through five places. Top awards for beef bulls include junior champion, senior champion, reserve champion and grand champion. Female awards are similar.

In addition, there will be awards for the best get-of-sire (four animals of any age or either sex), junior-get-of-sire (three from junior or senior calves), the best pair of females, pair of bulls. (Continued on Page 8)

Resigns Dept. Job For Business

Patterson, drivers member of the Dept. of who has been as Memphis for the past recently resigned his become operator of a in Harlingen. He several weeks be examiner will be Memphis, it was announced this week that the Memphis Club will have some representation at this occasion although names of those who will attend are not yet definite.

Rotary Club Invited To State Fair

The Memphis Rotary Club has been invited to participate in a gigantic Rotary Fellowship Day on Friday, Oct. 20, at the 1950 State Fair of Texas in Dallas.

President W. V. Coursey announced this week that the Memphis Club will have some representation at this occasion although names of those who will attend are not yet definite.

A block of tickets to "South Pacific," the sensational music show which will play in the auditorium during the fair, and to "Ice Cycles of 1951," sparkling skating extravaganza, will be available to Rotarians on a first-come, first served basis on this day at the fair.

Dallas Rotarians have mailed out about 15,000 invitations to members of some 255 clubs over the state. Members of the nine Dallas County clubs are hosts for the occasion.

A Rotary Friendship House in the Foods Building will be headquarters for the Rotarians. Rotarians will receive attendance credit by registering at the Friendship House or at a box luncheon (Continued on page 8)

Pension Will Be Next Month

receiving old-age insurance will receive their first check in October, it was announced this week. Sanderson, manager of the office, said that the pension will be computed by the Security Administration and that no action is necessary on the part of the already receiving pensioners. The recent 1950 amendments to the Security Act will be paid to beneficiaries in the 26th month of the Panhandle it

Ben Guill Will Address Lions, Rotary Meeting

Congressman Ben Guill, who has represented the 18th District in Washington since the May special election, will be in Memphis Wednesday to address a joint meeting of the Lions and Rotary Clubs.

This address will follow a luncheon of the two organizations. Congressman Guill, the first Republican ever elected from this district, said his address will be in the form of a report to the residents of this district. He said he will try to clarify certain aspects of the "Washington scene" for the information of the voters.

This meeting will be held at noon in the Masonic Building where the two organizations regularly meet.

HALL COUNTY PMA RECEIVES FUNDS FOR CONSERVATION WORK PAYMENT

has been allotted funds by the Production Marketing Administration payments for conservation work during the month. Secretary Lynn McKown announced this that the local farmers of this such conservation

work as terrace and tank building. McKown said that these funds will be the first paid out by the local office in some time. The new year for the office begins on Oct. 1. None of the \$6,500 has yet been paid out, McKown said. Farmers desiring to carry out any conservation practices during September should contact the PMA office as soon as possible in order to obtain funds, he added.

C. L. Caviness Dies At Home Here Monday

Funeral services for Chester Lee (Check) Caviness, Memphis resident for a quarter of a century, were held Wednesday afternoon at 2 o'clock at the First Methodist Church.

Rev. Rollo Davidson, pastor, conducted the last rites. He was assisted by Rev. Keith Parks of Ft. Worth. Burial was in Fairview Cemetery under the direction of Murphy-Spicer Funeral Directors. Pallbearers were: O. M. Gun (Continued on page 8)

Rev. Harrison Is New Pastor Of Local Church

Rev. Carl Harrison, formerly of Tahoka, is now the minister of the Nazarene Church in Memphis. Rev. Harrison conducted his first services at the church Sunday.

The new minister is married and has a 15-year-old daughter, Glenna Faye. He has held past pastorates in McLean and Tahoka.

Rev. Harrison was reared in the Rotan area.

First Draftees From Area Will Leave Sept. 22

The Childress selective service area will send 17 young men for induction into the army on Sept. 22, it was announced this week by selective service headquarters.

The names of the 17, first to report for active duty under the draft since the beginning of the Korean War, will not be released by the local draft board until the day preceding their leaving for training.

It is believed that these men will receive their basic training at Fort Ord, Calif. The Childress area includes Hall, Childress, Cottle, Collingsworth and Donley counties. The 17 men called will be the quota for this area for the first 2,513-man call made by the army after President Truman ordered the draft reactivated.

IN THIS ISSUE

Inside this issue of The Democrat are several timely features about Hall County. On page 1, section 2, is a series of articles on the new school plant at Estelline.

And, in line with school opening Monday, you'll find an article on page 8, section 2, written especially for The Democrat by Supt. W. C. Davis on beginning students.

Next week's issue will have stories on other schools in this county.

A new Democrat sports feature also begins in this issue. Turn to page 7, section 1, for the sports cartoon by Hut Hutson and Harry Gilstrap. This will be a regular feature of The Democrat in the future.

Cemetery Working At Lakeview Set For September 7

An all-day cemetery working and semi-annual joint meeting of the Odd Fellows and Union Hill Cemetery Association will be held at Lakeview Thursday, September 7, according to an announcement made this week by association officials.

This will be an all-day meeting and working, and every one is urged to bring tools and lunch and spend the day.

Twice each year the cemetery working is held at Lakeview and all are invited to take part in the working, program and luncheon.

WAR HERO—Pvt. Billy C. Billington, son of Mr. and Mrs. W. E. Billington of Memphis, has been missing in action in Korea since July 11. Pvt. Billington was attached to the 21st Infantry Regiment. He was the first Hall County casualty in the Korean War.

CLAUDE'S COMMENTS

By J. C. W.

The second primary election has come and gone, and Hall County people may resume their worry about the war, crop insects, weather. The people have spoken, which is their right as set out in the Constitution. No Hitler or Stalin can tell us we can or can't make our own decisions and live under the Four Freedoms. Sometimes we wonder if some of our leaders are trying to force pink ideas and plans upon us. If so, when American people make up their minds that their constitutional privileges are being taken away, they will arise in their might—and they have such power—and bring back a Jeffersonian or Washingtonian Democracy.

How each of the readers voted in the recent election, it is none of my business, and I will always contend for you to have that right. Whoever the majority selects to head governmental affairs, I am American enough to say, "Well Done."

On our visit to Lubbock to at (Continued on page 5)

Assembly of God Church at Hedley To Hold Revival

The Assembly of God Church at Hedley will begin a revival Sunday evening at 8 o'clock, Rev. T. E. Gibson, pastor, announced this week.

He said the services will be held nightly at this time. Rev. Guy Dunlap of Modesto, Calif., will conduct the revival services. The public is cordially invited to attend.

Potts Ranch Is Stop On Tour Of Cattlemen

Hereford cattlemen from throughout the Panhandle were guests of Tomie M. Potts Wednesday on his Hereford ranch one mile south of Hedley for an inspection tour and a John Snyder barbecue.

This visit to the Potts Hereford Ranch was one of the stops on the two-day tour sponsored by the Top O' Texas Hereford Breeders Association. The tour began Wednesday morning at the Combs-Worley Ranch, eight miles southeast of Pampa.

Some 161 members of the association and their guests registered at the Potts Ranch. They arrived late Wednesday morning and toured the ranch before and after the barbecue lunch was served. Potts, F. J. Hess, M. O. and J. P. Callihan were co-hosts at this lunch.

The lunch was served chuck wagon style in a grove of trees below the ranch headquarters.

Mason King, president of the Panhandle Hereford Breeders Association, was master-of-ceremonies at the short program that followed the luncheon. A number of the guests present were introduced, including Cliff Vincent of Lefors, president of the Top O' Texas association, J. P. Callihan (Continued on Page 8)

Longtime County Resident Buried This Afternoon

Funeral services for Robert Monroe Craig, 72-year-old retired farmer, were held at the First Methodist Church here today at 3 p. m. with Rev. Rollo Davidson, pastor, officiating.

Pall bearers were Hugh Lambert, T. E. Gibson, F. L. Hall, Angus Huckaby, Frank Cunningham and Roy Grimes.

Mr. Craig, a longtime resident of Hall County, died at his home here Wednesday.

Burial was in Fairview Cemetery under the direction of Murphy-Spicer Funeral Directors.

Mr. Craig was born on Aug. 26, 1878, at Pontoc, Miss. He had resided in Hall County since 1898. He was married here on Jan 18, 1902, to Miss Aubin Annabell Stephens and they had made their home in this county since that time.

They had resided in Memphis for the past 10 years. Survivors include his wife and three daughters: Mrs. Loy Lewis, Tokio; Mrs. P. C. Merrett, Amarillo, and Mrs. Martin Harris, Levelland.

Other survivors include 11 grandchildren and four great grandchildren.

Rugged Grid Schedules Set By Estelline and Lakeview Schools

Football schedules for Estelline and Lakeview High Schools were announced this week by coaches of the teams. Both are members of District 2-B. The two schools begin fall workouts tomorrow.

Coach E. J. McKnight has released a 10-game grid schedule for the Lakeview Eagles, one of the strongest clubs in District 2-B last season. The Eagles completed the season with six wins and two losses. A number of the regulars were lost via graduation but Coach McKnight hopes to have another good season this year.

He has lined up a rugged schedule for his 1950 squad. The feature tilt for the Eagles will be the return of a long and bitter rival, Memphis. The two schools were both members of District

3-A. Lakeview will meet Memphis on Nov. 3 at Cyclone Stadium here.

The Eagles open their season on Sept. 15 at home against the Shamrock "B" team. They travel to Quitaque the following Friday for a conference game.

The remainder of the schedule (* denotes conference game):

Sept. 29—Happy, here.*
Oct. 6—Kress, there.*
Oct. 13—Silverton, there.*
Oct. 20—Estelline, there.*
Oct. 27—Boys Ranch, here.
Nov. 3—Memphis, there.
Nov. 10—Turkey, here.*
Nov. 17—Matador, here.*

Coach Leroy Duvall has announced that the Estelline Bear Cubs will play a nine-game schedule this year. Coach Duvall is entering his first season

at the helm of the Bear Cubs. He is a graduate of Southwestern Teachers College at Weatherford, Okla.

Estelline is expecting 10 lettermen to be on hand for the coming campaign and are pointing for a good season.

The Bear Cubs will open at home on Sept. 15 against Price College of Amarillo for a non-conference game. They play another non-conference tilt on Sept. 22 when they travel to Rochester. The remainder of the schedule (all are conference games):

Sept. 29—Silverton, here.
Oct. 6—Quitaque, there.
Oct. 13—Kress, there.
Oct. 20—Lakeview, here.
Oct. 27—Turkey, there.
Nov. 3—Matador, here.
Nov. 10—Happy, there.

Impressive Church Service In Lubbock Unites Miss Lindsey and Bruce Gentry

In the double ring ceremony performed Saturday night at First Methodist Church in Lubbock, Miss Mary Lucinda Lindsey, daughter of Mr. and Mrs. Ernest Davis Lindsey, became the bride of Bruce Edward Gentry Jr., son of Mr. and Mrs. Bruce Edward Gentry Sr., Rt. 3, Lubbock. Dr. H. L. Robinson was the officiating clergyman.

The church was centered with an arch backed with woodwardia ferns and arrangements of Bagdad gladioli. Tall cathedral candles marked the bridal aisle. Mrs. Mamie I. Neal was organist. Lloyd Thompson sang "You Were Meant for Me" and "Always."

Miss Iva Lindsey was her sister's maid of honor. Bridesmaids were Misses Betty Norman, Mavis Fluke of Lubbock, June Meredith of Memphis, and Mrs. Harold Smith of Memphis. Lera Kate Hutcherson of Memphis, was her cousin's junior bridesmaid. Loyce Wanda Gentry of Carlsbad, cousin of the bridegroom, was flower girl.

Serving his brother as best man was Robert Gentry. Ushers were Dan McInturf of Sudan, cousin of the bridegroom, Bob Hutcherson of Memphis, Erwing McEntire of Sterling City and J. E. Weir.

Bride Wears Amber Satin
Given in marriage by her father, the bride wore a gown of amber satin fashioned with a nylon yoke, with a deep bertha embroidered with seed pearls and mother-of-pearl. The tight fitting bodice was attached to a skirt with a bustle bow and a train. Tight sleeves came to a point over her hands. Her amber illusion veil fell from a tiara of seed pearls and mother-of-pearl. She wore amber ballerinas and she carried green cypripedium orchids showed with stephanotis.

The maid of honor, bridesmaids and junior bridesmaids were dressed identical in lettuce green brocaded taffeta with off shoulder berthas and tight fitting bodices with a bustle bow on gored skirts. These were worn over hoops and with green ballerinas.

Their hats were bandeaux of white tulle with maroon red carnations. They carried maroon red tuberous begonia blossoms.

The flower girl wore lettuce green taffeta with short buffed sleeves and an insert below the yoke of green net. The skirt was gathered and she wore a green polk bonnet and ballerinas. Her basket was of lettuce green taffeta with rose petals.

Reception Follows Service

A reception was held at the Yaqui room of the Hilton Hotel. The couple was assisted in receiving by their mother, feminine attendants Mesdames Leslie Blann and Carl Hensley and Misses Mayme Alexander, Maurine Ward and Bell Brown.

The bridal table was centered with Bagdad gladioli. Garland of adiantum circled the table. On one side was a four-tiered wedding cake and on the other was the punch bowl. Green napkins lettered in amber with "Mary and Bruce" were used.

Guests were present from Memphis, Fort Worth, Dallas, Wellington, Clinton, Anton, Floydada, Amarillo, Clarendon, Houston, Estelline, Sterling City, Canute, Oklahoma, Levelland, Roswell, N. M., Davis, Okla., Quail, Abernathy, Cisco, Gainesville, Plainview, Portales, N. M., Harlingen, San Angelo, Dimmitt, Slaton, Big Spring, Quanah, Snyder, Midland, Hedley, Texas City, Cuba, N. M., Lamesa, Littlefield, Sudan, New York, N. Y., Carlsbad, Tennyson, Ignacio, Colo., Lorenzo, Dawson,

MRS. BRUCE EDWARDS GENTRY JR.

Hereford, Stratford, Idalou, Clovis, N. M., Odessa and O'Donnell.

For traveling on a wedding trip to Mexico City, Observavaca, Acapulco and Tampico, the bride chose a beaded copper suit with gold lizard shoes and bag and a corsage of green orchids.

The bride is a graduate of Lubbock High School and Texas Tech. She is the granddaughter of Mrs. R. N. Beckham of Memphis. Mr. Gentry is a graduate of New Deal High School and attended Texas Tech. The couple will be at home after Sept. 10 on Route 3, Lubbock.

James Aduddell, Martha Aduddell. Sponsors were Rev. and Mrs. Bedford Smith, Mrs. Harry Aspren and E. E. Roberts.

Christian Endeavor Meets in Home of Mrs. Roy Coleman

The Christian Endeavor of the First Christian Church met Sunday evening, Aug. 27, at the home of Mrs. Roy Coleman. Billie Hartman led the program titled, "Christianity." After the topics were read, a business discussion was led by the president, Martha Aduddell. At this time plans were made for the district convention which will be held here on September 8.

Members present were Roy Don Coleman, James Aduddell, Juanella Goffinett, Dorothy Moore, Jusetta Messer, Jimmy West, Carolyn Kay Smith, Billie Hartman and Martha Aduddell.

VFW Auxiliary And Guests Enjoy Picnic At Park

Members of the V. F. W. Auxiliary and guests enjoyed a picnic at the City Park on Thursday evening, August 24. Serving as hostesses were Meses. Edna Crowder, Glenny Bradley and Myrtle Brown.

A picnic feast of hot dogs with chili sauce, pinto beans, onions, home made ice cream and cake was enjoyed.

Attending were Mr. and Mrs. Bob Ayers, Mr. and Mrs. Carl Kulp and family, Mr. and Mrs. E. W. Godfrey Jr. and family, Mrs. Joe Bradley and sons, Mrs. L. G. Rasco, Mrs. Bill Crowder and Mrs. Myrtle Brown.

Attending from Memphis were Ann Spoon, Wanda Clark, Mary Clark, Roy Don Coleman, Carolyn Kay Smith, Dorothy Moore, Jusetta Messer, Billie Hartman, Juanella Goffinett, Harold Aspren,

To The Voters Of Hall County

By your votes at the polls you have indicated that you do not want me for Sheriff, so I accept the mandate of the people and extend my congratulations to Mr. E. S. Morrison who has achieved success in this campaign.

I hold no ill will to the voters who voted against me and will HOPE for a better, cleaner, and safer Hall County.

I also want to thank the good voters who did vote for me in what I had hoped to be the best deed that I would ever do in my life. I will always remember you and appreciate your confidence that you placed in me. It was not misplaced.

As I have promised, whether elected or not, I will continue to conduct my personal life in keeping with the tenets of dignity, honesty and integrity.

I also want to take my hat off to the CLIQUE. As the old man said next day after the election, "You D - - tooting we still control politics in Hall County and there is nothing that the people can do about it." He also said that the people of Hall County do not want the law enforced. I am sorry to say it, but it looks as though he is RIGHT.

You good people can change that when you all vote together instead of splitting your votes. That is why the Clique wins. They vote together.

I am not surprised at Memphis for the way it voted. Because I honestly believe that Memphis allows more law breaking than any other town in the Panhandle of its size. This is not sour grapes but just facts.

Raymond Ballew

Our Farmer Patrons

Since the establishment of this bank over a half-century ago we have recognized the importance of our farmer patrons. From the beginning the officers of this bank realized that the basic economy of this section came from the soil.

As this section of the Panhandle grew and prospered, more and more emphasis has been placed upon farming and ranching. When the fertility of our soils began to deteriorate, measures were taken to promote the accepted soil-building practices. Methods of operation have changed. Machinery has entered more and more into the picture.

Whatever the changes that have taken place during the last 53 years as far as farming and ranching is concerned, the principles of The First National Bank have remained unchanged. Today, as in all the years that have gone by, the officers of this bank are eager to work with and for our farmer patrons. Their problems are our problems. Our desire is to serve in whatever capacity we may.

When we can be of help to you, please come in and discuss any matter with us.

First National Bank

Revival Meeting Progressing At Methodist Church

The revival services at the First Methodist Church here are progressing well, Rev. Rollo Davidson announced this week. He said attendance has been good and that a fine interest is being shown in the meetings.

"Rev. Luther Kirk, our evangelist from Perryton, is bringing the problems of the church directly before the people and challenging them to do something about them," Rev. Davidson said. "He is an interesting speaker and presents the Gospel of Christ in a forceful and clear manner."

Rev. Davidson is conducting the song services and reports an enthusiastic participation on the part of the congregation.

Services are held twice daily, 10 a. m. and 8 p. m. In addition, young people and children's meetings are held each evening at 7:15 o'clock.

The services will continue through next week and the public is cordially invited to attend.

Harold W. Smith Receives Degree At North Texas

Harold W. Smith of Memphis is one of the 831 students graduated from North Texas State College on August 25.

Smith was presented the bachelor's degree by President W. J. McConnell at exercises honoring the largest graduation class in the history of the college.

Four hundred and ninety-four bachelor's degrees and 337 master's degrees were presented.

If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer.

NEW AND ENLARGED DEPARTMENTS PLANNED FOR ESTELLINE SCHOOL

An increased program for the schools at Estelline was announced this week by Supt. C. O. Gregory.

This program—including several new and other enlarged departments—will make the 1950 year an outstanding one in Estelline school history.

Heading the list of improved departments is that of home economics. This department will be housed in one of the barracks used as a classroom last year. It will be completely furnished and will be finished in stucco.

The vocational agriculture department is also scheduled for expansion this year under its new instructor, Norman C. Duke. Duke received his BS degree from Midwestern University and did his graduate work at Texas Tech.

The music department is one of the new additions to the program. T. C. Rorabow will join the Estelline faculty this year to head this department. Rorabow, who is a graduate of Southwestern Teachers College in Weatherford, Okla., will have charge of the music in both the elementary and high schools.

In addition, Supt. Gregory said this week that plans are under discussion to have a band again at Estelline. He said it is fairly definite that the band will be started. This will be a highlight of the expansion program.

Another new department that will attract plenty of student interest is that of industrial arts. Leroy Duvall, who is coach at Estelline, will head this department. The shop equipment is already installed in the gymnasium.

In addition, Supt. Gregory

night in the home of Mr. and Mrs. Luther Loird.

Mr. and Mrs. J. B. Duren and Sharon Ann visited in Childress Sunday afternoon.

Mrs. Lance Leggett was a dinner guest of Mr. and Mrs. Paul McCanne Monday.

... pointed out that the school cafeteria will again function this year. Mrs. D. A. Wade is supervisor of the cafeteria.

New equipment this year includes a large steam table. The cafeteria is designed to feed the entire student body and faculty. Students receive their noon meal for 20 cents while faculty members pay 25 cents. The lunches served meet all state requirements.

UNDER A DARK CLOUD?

WORRIED about your job? High prices? The International situation? Brother, you don't know what worries are!

Think of the fellow with a burned-out home and inadequate insurance... he's really got troubles.

Guard YOURSELF against such a blow NOW!

ESTELLINE

By MRS. ALBERT BAILEY

Mr. and Mrs. Ronald Davis were here from Childress Wednesday of last week.

Mr. and Mrs. Finis Curtis and little daughter of Vernon spent last week with his mother, Mrs. Nellie Curtis and other relatives.

Mr. and Mrs. John Berryman returned Monday afternoon from a visit with a son in Indianapolis. On the trip home, they did some sight seeing and visiting in Kentucky, Tennessee, Arkansas and Oklahoma.

Mr. and Mrs. Ben T. Jackson Mr. and Mrs. Jim Berryman, Rev. and Mrs. W. B. Greene, Mr. and Mrs. Jim Wright and Mrs. Albert Bailey attended services at the Southside Baptist church in Tell, Thursday evening of last week.

Mr. and Mrs. Noel Clifton, Cathy and Noel Jr., spend the week end with his mother, Mrs. S. K. Jones.

Guests in the Claud Arnold home Sunday were Mr. and Mrs. Michie Maupin and children of Turkey, Mr. and Mrs. Ed Evans and children of Plainview, Mr. and Mrs. Frank Tyner and Shorty and Mr. and Mrs. Arnold and daughter Lorene of Memphis.

LaQuita Wade, who has lived with her grandmother, Mrs. D. Wade for the past two years, has gone to Tullia, where she will be with her parents and attend school this year.

Mr. and Mrs. R. B. Tucker, popular teachers in our school, together with their children have returned from their summer va-

BAPTISM RITES . . . Some 2,000 members of Jehovah's Witnesses were baptized in one day in a New York City swimming pool as part of services attended by more than 80,000 in convention in Yankee Stadium. It was one of the largest religious gatherings in the history of the nation.

cation and are preparing for the opening of school.

Mr. and Mrs. C. O. Gregory visited relatives in Lawton and Hollis, Okla., last week end.

Mr. and Mrs. Ewell Berryman and family of Los Angeles, Calif., spent last week with his parents.

Mr. and Mrs. Jim Berryman. Both families spent Sunday in Amarillo, the guests of the Floyd Berrymans.

Mrs. S. K. Jones is visiting her son, Eddie Clifton and family in Lubbock this week.

Miss Nicki Eddleman is home

for a few days. Her parents, Mr. and Mrs. R. A. Eddleman, will take her to Fort Worth this week end where she will teach in the public schools again this winter.

Mr. and Mrs. Swain Young have sold their home in the east part of town to L. V. Bruce and Bill Abrams. The Youngs are leaving here because of the ill health of their small son, Ronnie. They expect to locate in Arizona.

Rev. Frank Storey of Hedley did the preaching in a revival at the Methodist church, which closed last Sunday evening. Rev. Storey is a forceful gospel preacher. His messages were an inspiration to his hearers.

Miss Patti Lou Sloan, who is attending school in Denton this summer, spent the week end with her parents, Mr. and Mrs. C. L. Sloan.

Mrs. W. A. Caldwell had as her guests last week, her children, Mr. and Mrs. Leonard Starkey and son and Billy Ray Caldwell of Long Beach, Calif., and her sister, Miss Myrtle Head of Shawnee, Okla.

Mr. and Mrs. Jack Gilbert and children of Memphis spent the week end with his parents, Mr. and

Six-Inch Sermon

† REV. ROBERT H. HARPER †

Peter, Who Became a Man of Power.

Lesson for September 3: Acts 4: 8-20.

Memory Selection: Acts 5:29.

SIMON was at the first like the shifting waves of his own Sea of Galilee. But he became as firm as the hills that rise about Galilee's shores.

In the courtyard of the high priest's palace, he thrice denied the Lord, and even with an oath. But Peter in the Firelight was followed by Peter on the Seashore. Under the three-fold questioning of Jesus, he vowed a love that was never belied by denial or show of wavering. From that hour he was truly Peter, the Rock.

He became a great preacher. On the day of Pentecost, he preached with such power that 3,000 persons were added to the infant church. And the lesson text tells how Peter and John, when the council forbade them to speak in the name of Jesus, said they would hearken to the voice of God rather than that of men, and declared they would continue to preach what they had seen and heard.

Peter interests men because the most of them are like Peter in their human weakness and their many falls. But let us strive to be like him in his later days when he proved true to the name Jesus gave him. As Peter became a man of power, so can we grow strong for our Lord. For, as we believe in Jesus and love him, the Lord can communicate enough of his power unto us to make us big and brave in our service for him.

Rogers Expresses Thanks To Voters For All Support

"Tell the voters of Hall County that I appreciate their support more than words can tell," Walter Rogers of Pampa said late Monday evening when he stopped briefly in Memphis. "I am grateful

Pickers

Carl, in charge of the District Pink Bollworm Control Unit, reports an alarm of pink bollworm in South Texas cotton this year's crop. The south of a line from Eagle Victoria have already been infested, and serious loss is being reported in many fields in Cameron Counties.

Estimates of the damage by the pink bollworm in County show many fields from 10 to 15 per cent loss from 30 to 40 per cent in field of late cotton in County last week showed pink bollworms per acre which has already been picked out that the South

Texas cotton industry is fully aware of the serious situation and is taking vigorous steps to remedy it. County and local committees organized to promote early stalk destruction are getting wonderful results. Already thousands of acres of cotton stalks have been roller cut immediately after picking.

This prevents production of further food for the pink bollworm and kills the worms in bolls knocked on the ground by the roller cutters as they cannot survive the high soil surface temperatures that occur at this time of the year.

Large numbers of cotton pickers are now moving out of the heavily infested South Texas area to other parts of Texas. Road patrols are intercepting as many of these as possible in order to clean their trucks and pick sacks, but Carl warns all farmers in other parts of the state who use the South Texas pickers to check the trucks and pick sacks of arriving pickers and clean them of any seed cotton or cotton bolls, which should be immediately burned, as there is great danger of starting new

ESTELLINE TEACHERS—Mr. and Mrs. Leroy Duvall, above, are new members of the faculty at Estelline this year. Mrs. Duvall will teach in the elementary school. He is coach at the high school and will also teach social science and head the industrial arts department.

pink bollworm infestations in such material.

According to Mr. Carl the heavy pink bollworm infestation in this year's South Texas crop is due to the desire to produce a top crop in some sections last season, which resulted in delay in the destruction of the stalks until cool weather set in, and additional generations of the pink bollworms were consequently produced.

Inspection of gin waste will proceed up the state as ginning gets under way, and some apprehension is being felt that considerable spread of the pink bollworms may have taken place this year by natural means from the South Texas areas where so many worms have been found.

However, wind currents may not have blown pink bollworm moths into your area, so you are urged to check and clean cotton pick sacks originating in South Texas when brought to your farm by pickers from South Texas.

Meat Buyers Are Asked To Demand Hide of Animal

Persons in this area who buy large quantities of butchered meat were urged this week to also demand the hide of the animal.

"A number of head of cattle have been reported missing during the past few weeks," one rancher pointed out. "We are not sure, of course, but there is a chance that some of this stock was stolen and then butchered

YOUR brain budget

1. Give the first few words of the Bible.
2. Complete the name of the following opera: The Barber of . . . (a) Castille, (b) Madrid, (c) Seville, (d) Venice.
3. Texas remembers the (a) Idaho, (b) Alamo, (c) Jericho, (d) Mistletoe.
4. The anglicized French word for bright repartee is (a) bon mot, (b) blase, (c) decolletage, (d) cliche.
5. What familiar phrase is suggested by "a cow in the crockery?"

ANSWERS

- 1.—"In the beginning, God created the heaven and earth."
- 2.—(c) Seville.
- 3.—(b) Alamo.
- 4.—(a) Bon Mot
- 5.—"A bull in the china shop."

after their marriage they moved to Hollis and started a dry goods business. They freighted their lumber for their first store by wagon. They lived in Hollis 18 years. In 1913, they moved to Memphis with their dry goods stock and were here for 12 years. Mr. Cross is now a retired farmer, but still likes to drive out and watch his irrigation well water flow over his 320 acres of fine land near Lamesa. It occurred to me that a lot of local people would like to hear about the Crosses, hence this short resume of their lives.

Be sure to attend the cemetery working at Lakeview Thursday, September 7. Take tools and lunch and spend the day. This is a semi-annual affair that attracts people who live in the county, and many former residents.

When vacationists return home from the mountains, local people kid them about going away from home to escape the heat, when the weather here has been pleasant throughout the summer, with but a few days excepted. And that weather is one thing we have all enjoyed, whether we stayed at home or traveled far away.

mand to see the hide of the animal and to keep the hide until after the meat is sold.

Comments
(Continued from page 1)
tend the Hall County picnic, we had the pleasure of renewing old friendships with Mr. and Mrs. W. S. Cross of Lubbock, who conducted a dry goods business just a few years in Memphis. I first met them in 1903 when I launched the

first newspaper in Hollis, Okla. They carried an advertisement in every issue I printed from the first issue. This estimable couple celebrated their 60th wedding anniversary just a few days before the picnic. They were married at Whitney in 1890. Mr. Cross was born in Mississippi and came to Texas at the age of three, where his family settled at "Old Fort Graham." Mrs. Cross was born in Corsicana. The following year

Ward-Hightower Nuptials Are Read in First Baptist Church in Tulia Saturday

Sunburst bouquets of white gladioli and asters backed by palm and flanked by candelabra decorated the altar of the Tulia First Baptist Church for the ceremony which united in marriage Miss Colleen Ward and Jack English Hightower. The bride is the daughter of Mr. and Mrs. W. H. Ward of Tulia. The bridegroom's parents are Mr and Mrs. W. T. Hightower of Memphis.

The vows were taken Saturday evening with Rev. C. G. Sewell, pastor, officiating at the double ring ceremony.

Given in marriage by her father, the bride was attired in a gown of white satin and chantilly lace. Leaf and floral applique of satin and lace encircled the delicate Peter Pan collar, yoke and bouffant satin skirt which terminated in a cathedral train. Her finger tip veil of illusion was held in place by a white satin Juliet cap outlined with maline and seed pearls. For something old she wore an antique pearl necklace which belonged to her maternal grandmother, the late Mrs. J. A. Lindley.

The bridal bouquet was white orchids surrounded by stephanotis. Carolyn Lindley, cousin of the bride, was maid of honor. Bridesmaids were Laura Mai Hightower, sister of the groom, Billie Hightower of Dallas, cousin of the groom, Mrs. Dave Watson of Midland, and Barbara Gunter of Tulia. Emily Ward, sister of the bride, served as junior bridesmaid. The attendants all wore dresses of blue taffeta faille and maline, sleeves, high necklines, Peter Pan collars, and full skirts. They wore matching blue mits and Juliet caps of blue faille and maline. Their crescent shaped bouquets of white asters and chrysanthemums were outlined by leaves of blue maline.

For her daughter's wedding, Mrs. Ward selected a black crepe dress with velvet trim, velvet hat and accessories, and an orchid corsage.

The groom's mother wore a navy blue crepe with navy accessories, mauve gloves, and an orchid corsage.

Larry Grundy of Clarendon was best man. Groomsman were James Deaver of Colorado City, Dean Morgenson, Oklahoma City, Leland Frazier of Waco, and Keith Lindley of Tulia, cousin of the bride.

Mrs. Malcolm Edwards, organist from Waco, played an instrumental medley which included

"When Thou Art Near," by Bach; "Arioso in A" by Bach; "Romance" by Rubinstein; and other traditional wedding music. She played the traditional marches and accompanied Malcolm Edwards of Waco and Norma Lee White of Lubbock, soloists, whose numbers included "Think on Me" and "Calm as the Night," both by Bohm.

The bride was graduated from Tulia high school and received her bachelor of music degree in organ at Baylor university in 1949. The past year she has been doing graduate work at Baylor where she was a member of Mu Phi Epsilon, Console club, and Alpha Chi, national honorary scholastic fraternity.

Mr. Hightower was graduated Memphis high school, received his bachelor of arts degree at Baylor in 1949 and is scheduled to receive a bachelor of laws degree from the same school in 1951. He is a member of Phi Alpha Delta law fraternity at the Waco school.

A reception in the parlors of the First Baptist church followed the ceremony. Laid with a white linen cloth, the table was adorned with crystal candelabra, the four-tired wedding cake, and crystal appointments. Serving in the house party were Mrs. C. L. Gunter, Mrs. Earl Goodman, Mrs. J. S. Ford, Mrs. Allan Heard, Mrs. Ray Barbour, Zoe Evelyn Humphreys, Mrs. Jewel Whitsett, and La Juana Ward.

For the wedding trip to New Mexico and Colorado, the bride traveled in a brown gabardine suit with white felt hat, and wore a white orchid corsage. Her accessories were brown.

A rehearsal dinner was given by Mr. and Mrs. H. B. Lindley, aunt and uncle of the bride, at their home Friday night.

Among the out-of-town wedding guests were Mrs. N. A. Hightower, Memphis; Mr. and Mrs. V. G. Kirk, Amarillo; Mr. and Mrs. Dean Morgenson, Oklahoma City; Mr. and Mrs. Larry Grundy, Clarendon; and Mr. and Mrs. Malcolm Edwards, Waco; Mrs. J. R. Snider of Wichita Falls; Mrs. L. B. Estes, Mrs. W. R. Taylor of Memphis; Mrs. Grover Cole of Brownell; Vernon Snider of Wichita Falls; Mrs. S. E. Ross and Mrs. J. B. Adams of Amarillo and Mr. and Mrs. H. K. Hightower of Pecos.

After Sept. 6 the couple will live at home at 1703 Seventh St., Waco.

MRS. JACK ENGLISH HIGHTOWER

Mrs. Bobby Joe Myers, Recent Bride, Is Honored With Miscellaneous Shower

Honoring Mrs. Bobby Joe Myers, the former Miss Nadine Hancock, Mrs. Lee Brown entertained with a lovely miscellaneous shower on Friday evening.

Co-hostesses for this courtesy were Meses. O. A. Sturdevant, A. O. Wines, Joe Vandiver, Elmer Cheek, Gene Corley, T. V. Alexander, Jimmy McElreath, Jan Scott; Meses Dorothy Hutcherson, Leota Sturdevant, Tommy Jo Alexander and Nancy Jones.

Guests were greeted by a receiving line composed of the honoree, her mother, Mrs. I. T. Hancock and the groom's mother, Mrs. Dewey Myers. The honoree wore a corsage of yellow mums while Mrs. Hancock and Mrs. Myers wore corsages of pink carnations.

Miss Tammie Jo Alexander registed guests in a lovely handmade bride's book which was presented to the honoree by Mrs. Bob Ayers.

Appropriate readings were given by Miss Margaret Ann Massey and Miss Nancy Jones after which the gifts were presented to the bride. Mrs. Hancock and Mrs. Myers assisted the honoree in opening the array of lovely tissue wrapped gifts.

Miss Dorothy Hutcherson and Mrs. Jimmy McElreath served lunch and cookies from an attractively appointed dining table.

Approximately 60 friends of the honoree attended the affair or sent gifts.

Woman's Council Meets For Study At Church Monday

The Woman's Council of the First Christian Church met in the church lounge at 3 o'clock Monday afternoon with Meses. Lena Spoon and Opal Curry as hostesses.

"Witnessing in China and Tibet" was the program topic for the afternoon. Natalie Cannel gave the devotional, and Mabel Roberts gave a very interesting part on China and Tibet. Mrs. Stokes concluded the study with a paper on "Witnessing in Lawata."

Sandwiches, date loaf cake and iced tea were served to the following members: Meses. Elizabeth Aduddel, Inez Aspgren, Opal Curry, Katherine Millam, Mae Maddox, Ella Norman, Mabel Roberts, Luella Randal, Leola Stokes, Elsie Smith, Lena Spoon, Edith Webster, Lena Mae McNally, Faye Maddox, Natalie Connel.

Both the highest and the lowest points above sea level in the United States are in California.

Woman's Culture Club Plans Study On The American Family for Ensuing Year

Introducing the 1950-51 club season, the Woman's Culture Club met for a breakfast on Wednesday morning at the Cyclone Drive Inn.

The club has selected as a study theme this year "The American Family." An informative discussion on the year's program was given by Mrs. Clifford Farmer, program chairman, who with her committee arranged the year's study.

Program topics planned under this heading include The American Family—Where Is It Now?, Families Right at Home, the Place of the Family in International Relations, What's Right with Modern Marriage, Happy Children Come from Happy Homes, Christmas, Faith for Family Living, Homemaker versus Housekeeper, Safety, Beautiful Texas, Nutrition, Federation Day, and Art and Music in the Home.

Mrs. Robert Moss, president, gave the president's message and presided during the business session. The invocation was given by Mrs. R. E. Clark.

Places were laid for the following members: Mrs. R. E. Clark, Mrs. Homer Tribble, Mrs. R. L. Madden, Mrs. Robert Moss, Mrs. Earl Hill, Mrs. Herschel Combs, Mrs. Jeanette Irons, Mrs. Clifford Farmer and Miss Alma Bruce.

Sodolitan Class Meets in Home of Mrs. Henry Hays

The Sodolitan Class of the First Baptist Church met for its regular monthly meeting in the home of Mrs. Henry Hays Thursday evening, August 24, with Mrs. Henry Scott and Mrs. Bob Scott as co-hostesses.

The entertaining rooms were decorated with arrangements of dahlias and foxglove.

The program opened with the class song, "Blest be the Tie that Binds." Mrs. Fitzjarrald led in prayer.

The officers and group captains gave their monthly reports.

Mrs. Henderson Smith brought an inspirational devotional from Mark 6:31 to 34 on "Human Limitations."

Mrs. Bragg introduced the program which was centered around "School." The group sang "School Days." John Clark rendered two saxophone solos accompanied by "Patsy Sue Hays, Roy Alvin Massey" and an interesting report on "Social Life in College."

The meeting closed with a prayer by Mrs. Hays.

The hostesses served a delicious dessert plate to the following members and guests: Meses Henry Scott, Bob Scott, H. Byrd, Oddie Jones, George Cullin, Leon Randolph, J. R. Saunders, J. M. Saunders, Joe Rehies, Frank Smith, Henderson Smith, Alfred Hutcherson, Jean Lamb, J. W. Fitzjarrald, A. J. Fowler, W. J. Bragg, L. O. McCoy, Leonard Wilson, Mrs. Mohan, sister of Mrs. Fitzjarrald of Charleston, Ark. and Miss Harriet Fletcher, guest of Mrs. Bob Scott, of Baltimore, Md.

YOU BUY A GIFT OF SCIENCE

With the dollar or so you spend to have this prescription filled, you buy millions of dollars worth of research and the time and work of many men.

One of the ingredients of your prescription is a new drug that is particularly effective in overcoming skin infections. Its development a year or two ago was the crowning achievement of a decade of study by a group of research chemists in a midwestern laboratory.

Another ingredient, which likewise hinders germ growth, is a drug developed out of research that originated abroad. It, too, made headlines when its discovery was announced a few years ago.

The third ingredient is a new water-soluble ointment base that has the ability to penetrate tiny cracks and crevices of the skin.

Your pharmacist skillfully combines these ingredients: the new germicide, the drug from across the sea, and the water-soluble base. With the art that is his, he prepares a smooth, greaseless ointment, following the prescription written by your physician.

In the finished prescription you purchase a truly priceless gift of science... the science of pharmacy, chemistry, and medicine that went into the research, development, and production of its ingredients.

LETTERS from READERS

The Democrat welcomes letters from its readers on subjects of general interest to the public. We will publish all letters received, as far as limited space permits. All letters must be signed and the signature will appear when the letter is published if this is specifically requested. Due to an early press run, all letters should be received in this office on Monday prior to the Thursday of the following week.

That would solve two problems, state control, and provide funds for development and service, and not be a burden to anybody.

At present, large cities and corporations are hoarding most of our water, the state's most valuable natural resource, for which they are not paying the state one thin dime.

Let every citizen contact his Texas lawmakers, and demand that they get behind legislation to levy a royalty tax on the state's water. That is the only way the state can control its water program, and produce funds for its financing.

Every citizen who does his own thinking should know that, and make it his personal business to see that the legislature does its duty in the water problem, which is the concern of every man and

Stella Roach Slightly Hurt In Car Wreck

Wet pavement was given as the reason for an automobile accident Saturday night at 9:45 o'clock on Highway 287 near the Roadside Park. Three Memphians and one Clarendon youth were occupants of the automobile.

Miss Stella Jo Roach, Miss Ruby Frisbie, Clifford Jewett, all of Memphis, and Junior Wilkinson of Clarendon were in the car at the time of the accident. Miss Roach suffered two fractured ribs. The others were uninjured.

The automobile belongs to Jewett and he was driving at the time of the accident. They were trav-

eling north when the car skidded on the wet pavement and hit a soft shoulder.

PMA Workers Are Guests Thursday At Melon Supper

Employees and other persons connected with the Production and Marketing Administration office here were guests at a watermelon feast held Thursday night at the City Park.

A large crowd was on hand for the watermelon and the program. Highlight of the entertainment was a showing of the new Chamber of Commerce film, "Cotton's Home Town," which was taken in this area by Manager Clifford Farmer.

Iodine is obtained chiefly from kelp or ashes of burnt seaweed.

Cyclones To Scrimmage Paducah There Today

Coach Chuck York will send his 1950 grid hopefuls against Paducah this afternoon for a return scrimmage. The two squads scrim-

woman in Texas. Wallace Jenkins, farmer 801 Pemberton Road Dallas, Texas

maged Thursday night at Cyclone Stadium and Memphis fans were not displeased with what they saw. Today's scrimmage is at Paducah.

However, Coach York refrained from talking too favorably on the club's prospects despite their fine showing against the strong District 3-A club.

The Cyclone mentor pointed out that some of his top players have been caught in the late summer cold epidemic and have been forced to miss practice.

Three lettermen who will probably be 1950 regulars are included in this list, are linemen Don Rasco and Pete Moore and quarterback Roddy Stargel.

In addition, guard Max Kennedy is out with a sprained ankle and newcomer Mackie Allen has been on the ailing list due to an injured back.

"We're a long way from being ready for that opener against Dumas," Coach York observed Wednesday. "These injuries and colds have certainly interrupted our training schedule this week."

The Cyclone will open the 1950 season on Sept. 8 when they travel to Dumas for a non-conference tilt.

Thursday night, the Cyclone found a sparkling ground offensive in the last session of the scrimmage that looked more than a little impressive. Halfback Tommy Messer was the offensive stand-out while the forward wall led by big Lee Bloxom, turned in a particularly good defensive showing.

However, Coach York had little comment to make about this scrimmage session.

"I think the squad is coming along all right," he said. "I'm still impressed with the fine spirit of the boys. But we'll need every minute of practice possible before that Dumas game."

School starts Monday and the workout routine will be decreased to one session a day in place of the two-a-day practices held since Aug. 15.

J. L. Barnes, Jr. Receives Degree From SMU Tonight

J. L. Barnes, Jr., son of Mr. and Mrs. J. L. Barnes of Memphis, will be among the Southern Methodist University graduates receiving degrees at commencement exercises in Dallas tonight.

Barnes will receive his BBA degree. Mrs. Barnes left for Dallas Wednesday to attend the graduation exercises.

Mr. and Mrs. Jim Bob Brewer and Janice Kay of Ft. Worth returned home Wednesday after a visit in Memphis with Mrs. Bess Crump.

Mr. and Mrs. T. J. Dunbar and Dorothy Lund and daughter, Beverly, are vacationing in Colorado this week.

Gunshot Wounds Severely Injure Webster Farmer

Richard Pierce, 25-year old farmer near Lakeview, is still in a serious condition this week following injuries suffered Saturday night by gunshot wounds.

Pierce, who was found seriously wounded in his home by members of his family, was rushed to a Memphis hospital for treatment about 8:30 p.m. Saturday. A Murphy-Spicer Ambulance later took him to the Amarillo hospital.

The wounds—apparently from a shotgun—were responsible for loss of vision in his left eye and plastic surgery was necessary on the left side of his face. Officers said the wounds were evidently self-inflicted. Sheriff Earl Hill reported a .12 gauge automatic shotgun was found near Pierce.

He is a brother to Donald Pierce, also a farmer in the Webster community, who was severely injured August 2 when he suffered burns while attempting to make a connection on an REA line. He was burned on the arms and legs and is still a patient in the Veterans Hospital in Amarillo.

Beef & Dairy

(Continued from page 1) pair of yearlings, pair of calves and produce of dam.

Dairy cattle divisions will include Jersey, Holstein and Guernsey stock. Top awards will include junior and senior champions and grand champion for both bulls and females. There will also be awards for the best three females, best udder cow, get-of-sire, junior-get-of-sire and produce of dam.

These are in addition to the awards for the best animals in age groups in all divisions.

Another feature of the show this year will be the ringside judging contest. Both beef and dairy cattle will be judged. This contest is open to all persons attending the show. The Chamber of Commerce is especially inviting FFA livestock judging teams from this area to be present and participate, however.

Prof. Anderson will be in charge of this contest. He will judge all the animals and his card will be used to score those of the contest entries.

Farmer said that advance interest in the show indicates that this will be a record year. The

top cattlemen of this area are expected to have stock entered.

The swine division, a new addition to the show, will be for 4-H Club members and will include classes of both gilts and barrows. County Agent W. B. Hooser said a number of entries are expected.

Persons residing out of Hall County who would like to send entries to the show are urged to contact Hooser or Farmer as soon as possible.

Winners here will go on to Childress for the show there.

C. L. Caviness

(Continued on Page 8) stream, Herman Clements, E. A. Thomas, Glenn Carlos, Exie Sweatt, and L. B. Merrell.

Honorary pall bearers were: C. W. Crawford, Scott Montgomery, Bill Gilreath, Claude Wells, Ray Wynn, J. E. Roper, M. C. Allen, O. B. Jones and L. G. Rasco.

Mr. Caviness, 64, died Monday morning at his home here in Memphis.

He was born on Nov. 11, 1885, in Gravelly, Ark., and married Miss Ada Manda Lofland in 1904. She preceded him in death on Aug. 4, 1937.

He was married to Mrs. Allie Meredith here on Dec. 29, 1943. Mr. Caviness was a farmer and a member of the First Methodist Church here.

Survivors include his wife and a daughter, Louise Caviness of Memphis, Tenn. A son, Jim Caviness of Heart Mountain, Wyo., also survives.

Other survivors include two brothers, John Caviness of Danville, Ark., and Walter Caviness of Gravelly, Ark., and a sister, Mrs. Allie Montgomery of Gravelly, Ark.

E. S. Morrison

(Continued from page 1) in the May special election which was called when Gene Worley resigned the position. Both Guill and Rogers are residents of Pampa.

In the five state races, Hall County voters went along with the majority of Texans. All candidates who led in this county were elected to their respective offices.

These include: Ben Ramsey over Pierce Brooks for Lieut. Gov.; Will Wilson over Fagan Dickson for Supreme Court Justice; Meade Griffin over George Harwood for Supreme Court Justice; W. A. Morrison over R. L. Lattimore for judge of the court of criminal appeals, and John C. White over J. E. McDonald for agriculture commis-

This Week in WASHINGTON

4-YEAR-OLD Donald has always loved listening to phonograph music. One day recently he noticed the label on a record. "What does that say?" he asked, pointing to the title letters. His mother told him that was the name of the record. With the light of discovery in his eyes, Don picked up each record in turn, announcing "And this is the name of this record," (he pointed a chubby finger at the title) "And this is the name of this one." Then he noticed the letters on the record album and wanted to know what they said. Now he's curious about the printing on cereal boxes, in magazines and books. His mother wonders if she ought to try to help him learn to read. He'll enter kindergarten this fall, and the teacher will, of course, take up the main job of teaching him to read.

Most teachers welcome sound parental help. In Donald's case, it is advisable for his mother to begin reading work with him because now is the time he seems to want it. When a child expresses a desire to learn a skill, the time is ripe for teaching. The best time to teach reading differs with each child. Donald is showing readiness earlier than most boys, who usually develop this interest later than do girls.

Methods of teaching reading change through the years. The ABC method has yielded to the phonetic method and the "look and say" method in turn. If your child is already receiving formal reading instruction in school it will be well to discuss his reading with his teacher and follow her suggestions. With a younger child, if you have found happiness and satisfaction

Rotary Club

(Continued from Page 1) to be served at the Picnic Pavilion at noon. Following the luncheon, transportation will be provided to the Auditorium where an impressive program will be presented.

Rotary Club

in helping him learn to walk and talk you will be able to tune yourself to his growth and in the same pleasant way help him to see meaning in words. You are pretty sure of success if it is fun for your youngster and you.

After picture books, you can supply your child with books which have a sequence of pictures telling a story. They help a child's eyes get used to moving from left to right. When he begins to read tell him that we read in this direction. Sweep your hand under the line from left to right. Simple story books, with pictures giving a clue to the words underneath will probably interest the child next.

Large print, of course, is best for young eyes. And capital letters are the ones children learn first. Nouns will probably be remembered best, while the words that seem simplest to adults—the, a, was, and, but, for, than—are the ones which confuse children the most. Here's where your patience and good humor are needed. No matter how many times he mis-calls a simple word like "the," don't scold. Nor is there cause for alarm if he says "was" for "saw" etc. because many children see words backwards until they are eight or nine years old.

As your child progresses to more advanced reading, don't take away his "baby books." Going back to them, finding how easily he can read their stories, will give a child instruction in school it will be well to discuss his reading with his teacher and follow her suggestions. With a younger child, if you have found happiness and satisfaction

1,800 Students

(Continued from Page 1) enrollment of about 325 students. The Parnell district has been consolidated with Estelline this year, giving the school district an area of 320 square miles.

Monday will be devoted to registering the students, Supt. Gregory said, with classroom work beginning on Tuesday.

At Lakeview, Supt. Loran Denton is expecting an enrollment of about 350 students Monday and believes late registration will run the final total up to near 400 students.

He said the Lakeview schools will be better equipped than ever before this year and that this should be one of the outstanding

years in the school's history. He said faculty appointments are complete.

Turkey superintendent C. S. Harris is expecting around 400 students to enroll there Monday to round out the school picture in the county.

Potts Ranch

(Continued From Page 1) vice-president, and Dr. J. C. Miller, head of the animal husbandry department at Texas Tech.

The outstanding Hereford stock that Potts has raised on his ranch was inspected by the group. They toured his ranch lay-out.

The tour moved on for 10 more stops of Hereford ranches in the Panhandle. It will end this afternoon at five o'clock.

Locals and Personals

Among Memphians who attended the races in Raton, N. M., over the weekend were Mr. and Mrs. James Anthony and family, Mr. and Mrs. Dick Shelton, Mr. and Mrs. R. S. Greene, Mr. and Mrs. Robert Sexauer and daughter.

Mr. and Mrs. Lynn B. Jones, Mrs. Fred Crisman and daughter, Ruth Ann, and Mrs. Elmer Spruill attended the wedding of Miss

Mary Lou Lindsay at Methodist Church in Lakeview Saturday night.

Mr. and Mrs. Fred Crisman and daughter, Ruth Ann, were in Antlers, Okla., Saturday night.

The Treaty Oak in the town of Potts has been called the most perfect specimen of a tree in North Texas.

Texas' capital building tin covers about three ground and contains 100 acres of floor space.

There are 409 roads in Texas capital building.

NUMBER 13

\$90,000 School Plant Will Open At Estelline Monday

TWO NEW BUILDINGS WILL FEATURE LATEST IN DESIGN AND EQUIPMENT

One of the Panhandle's newest and outstanding educational plants will officially open its doors for the first time Monday when school begins at Estelline.

This will certainly be a red letter day for students and teachers of Estelline, who have been without adequate school facilities since a fire demolished their two-story plant in 1948. In fact, it will be a day to remember for residents of this area.

From this disaster has risen two new buildings—completely equipped with the latest school furnishings and valued at \$90,000. The buildings are similar in design—featuring the latest architectural planning and the most modern equipment available.

Designed by Wyatt C. Hedrick, Ft. Worth architect, the buildings each have approximately 8,000 feet of floor space. Completely fire proof, the new buildings are finished in ivory-colored stucco with concrete-decked roofs. The high school is constructed with east and west wings and the front of the building faces the north. The elementary building has north and south entrances with a corridor extending 133 feet to connect these entrances.

Classrooms in the buildings are all 22 by 30 feet. Window spacing in the two buildings will provide a maximum of natural lighting since each room has five windows which total 20 feet in length and are eight feet high. Venetian blinds have been installed throughout both buildings.

Each room is also equipped with six indirect lights. The interior of the rooms are in pumice tile, insuring excellent acoustics throughout the buildings. Asphalt tile floors are also a feature of each room.

The classrooms and corridors in the high school are finished in eye-ease green with off-white ceilings, blending right in with the excellent lighting system to create an atmosphere that actually seems to emphasize the pleasantness of study and school work to those in the rooms.

Classrooms in the elementary school have color schemes similarly designed to create this pleasant affect. The east wing of this building is in turquoise blue while the east is in the sage green.

The floors are mingled in colors of orange, brown and cream. Both buildings are equipped with a standard electric timing system which is completely automatic with both inside and outside bells.

Student and teacher desks are finished in soft-tone oak. Every room has adequate black board space. However, "black board" is an out-dated term in these buildings where the boards are finished in green to match the color scheme of the rooms.

A Janitorial Heating System has been installed to provide proper heating throughout the buildings.

The elementary school includes eight classrooms, two rest rooms, a principal's office, two book rooms and a janitor's. The classrooms are designed to seat from 35 to 40 students.

The latest style seats have been installed throughout this building. First and second graders will sit at tables while modern individual seats will be used in the other six grades. The seats are enlarged in the higher grades to meet the requirements of the growing children. Entrances to the rooms are staggered down the long corridor.

Plenty of book-shelf space is also provided in these rooms. A cold drink machine is another feature of the building.

The high school includes six class rooms, a study hall and library, offices for the superintendent and principal, an auditorium, two supply rooms and a janitor's room.

The auditorium, located on the southwest section of the building, is 48 by 54 feet with seating capacity of 425. Lighting arrangements include windows along the south wall and 16 indirect lights. The stage is 15 by 20 feet in size. The auditorium has an entrance from the high school corridor and also an outside entrance. The color scheme is coral.

Rooms in this building are designed to seat from 28 to 30 students. Students from the ninth through 12th grades will attend class in this building.

Wide concrete walks connect (Continued on page 4)

PLANNERS—These men were active in planning construction of the new \$90,000 school plant at Estelline which will be officially opened Monday. They were members of the school board at that time. Left to right: Hoover, Tom Sweet, Clinton Richburg, W. B. L. V. Bruce, F. T. Hood, T. T. Davis and Supt. Gregory. New board members elected since this time taken are R. N. Wood, Jerrel Rapp and Crump replacing Hoover, Sweet and Bruce.

MODERN—Modern architectural design is a highlight of the new school buildings at Estelline which will open officially Monday. Shown above is a view of the elementary building from the southern entrance. The senior high building is similar in construction although it has east and west wings. These new buildings are valued at some \$90,000 and are completely equipped with the latest school furnishings. Construction began on the two buildings in November. They were planned after a fire destroyed the old two-story structure in 1948. The buildings are finished in stucco and are completely fire-proof. The elementary building includes eight classrooms, an office, two book rooms, a janitor's room and two rest rooms. Tile floors and pumice tile wall finishing add to the beauty and acoustic excellence of the building. Indirect lighting in each room plus a maximum of window space help bring the building up to the highest standards set for school plants. The high school building is south of the one shown above. (Photo by Wise)

"NEW LOOK"—Students at Estelline this year will find completely new classrooms awaiting them when they return to school Monday. Shown above is one of the rooms in the new high school building. These rooms are 22 by 30 feet in size with asphalt tile floors and pumice tile walls and ceilings. Classrooms in the high school are in sage green with off-white ceilings. Desks are in soft-tone oak. Five windows eight feet in height and a total of 20 feet in length are included in each room and are covered with venetian blinds. "Blackboards" aren't black in these buildings. They are in a shade of green to match the color scheme of the room. (Photo by Wise)

NEW FACULTY MEMBERS ON STAFF AT ESTELLINE FOR '50 SCHOOL YEAR

Estelline students will meet a number of new teachers when they enter the recently-completed buildings Monday for the first day of the 1950 school year. Supt. C. O. Gregory reported this week that faculty appointments for the coming year are practically complete. "I believe we have a fine group of teachers and that their outstanding qualifications will make this an outstanding school year for Estelline," he said. The high school faculty members returning from last year include Supt. Gregory and Principal R. B. Tucker, who has his masters degree from Colorado Western State College at Gunnison. Mrs. Elizabeth Kennedy, English instructor, is also returning to the high school teaching staff. New additions are Norman C. Duke, vocational agriculture teacher who holds a masters degree from Texas Tech; Leroy DuVall, coach and social science teacher and Rayworth Pardue, Commercial teacher. DuVall, who is a graduate of Southwestern State Teachers College at Weatherford, Okla., will also teach industrial arts. Pardue is a graduate of North Texas State College, Denton where he received a BA degree. Richard H. Evans returns as principal of the elementary school. He received his masters degree from West Texas State College this summer and will teach the eighth grade in addition to his administrative duties. Mrs. Dewey Britt, who studied at West Texas State College, will be first grade teacher here and Mrs. L. A. Tucker, longtime faculty member and former principal, will teach the second grade. Mrs. Elizabeth Rorabow, a graduate of Southwestern State

Teachers College will instruct the third grade and Mrs. R. H. Evans will again teach the fourth grade. Fifth grade teacher will be Mrs. Leroy DuVall, who holds a BA degree from Northwestern Teachers College of Oklahoma. Mrs. R. B. Tucker will again be sixth grade teacher this year. L. J. Simmons will teach the seventh grade as he did last year. T. C. Rorabow will head the new music department throughout the Estelline school this year. He is a graduate of Northwestern State Teachers College and has been doing graduate work at the University of Okla. The home economics teacher is expected to be selected from a list of applicants over the weekend. Mrs. Ida Burrell Bates will again teach the Estelline Colored School. She has done outstanding work here and the school has been accredited for eight grades next year instead of six as in the past. Librarians, who devote their time between the Estelline and Turkey schools, will be Mrs. Al Burks and Mrs. Erwin again this year. Another new addition for 1950 will be a grade supervisor. Miss Bonnie Willis will serve in this capacity and will assist the grade school teachers in planning their schedules. Mrs. D. A. Wade will be in charge of the cafeteria and will (Continued on page 4)

HOME ECONOMICS DEPARTMENT OPEN AT ESTELLINE SCHOOL

Outstanding department of the new school plant this year will be that of home economics. Officials and the Estelline are working together to bring this department into existence in this area. In fact, has been planned project for some time. Recently bought the sewing machine and a chair from funds of the year. Home economics department will be housed in one of the new buildings that are set-up last year. The department will be equipped with a kitchen, living room, storage and fitting room. The room space will be used to handle banquets and functions held by the town groups. The department will be located in the new building similar to the two new schools. The room of the building is a very pretty pine with a variety of home economics officials are designing to meet the standards for teaching home economics courses. It is a step up from the students courses that will be of the most benefit to them in later life. A new home economics teacher will have charge of this department this year. She has not been selected but several applications are in and the choice is expected to be made this week. **Mrs. Clark Thanks Voters For Aid In Congress Race** Mrs. Altavene Clark, candidate for the Democratic nomination to the Congressional post of the 18th District in the second primary Saturday, has requested that The Democrat express her thanks to her many friends who supported her in the race. "As soon as time permits, I want to see them and thank them personally," Mrs. Clark said. Mrs. Clark, who has been serving as secretary to the agriculture committee in the House of Representatives, was defeated in the run-off Saturday by Walter Rogers, Pampa lawyer. "Naturally, I am sorry not to have won," Mrs. Clark said. "But as a true American, I'm happy to abide by the wishes of the majority. I can honestly say that campaigning over this district and meeting so many wonderful people has been an outstanding experience and my life has been greatly enriched by it. I thank (Continued on Page 4)

Estelline Superintendent Planning Large Program

Education has a big job ahead and backer in Supt. Gregory who is new in the year as head of the Estelline Independent School District. There is a lot more to education than teaching the "three R's." We must consider our facilities in light of the actual needs of the children. We must improve our techniques until the public schooling of children is sufficient to become productive citizens. In his quiet, but confident, friendly Estelline superintendent needs little more than a listener of the educational theories. He recognizes the fact that the majority of our high school graduates will never attend college and plan our program accordingly," he points out. "We want to encourage our youngsters who desire education on the one hand but we must not have a program that cannot or have no use."

EXPANDING PROGRAM—Supt. C. O. Gregory of Estelline is shown above in his office in the new high school building. Supt. Gregory has been working to expand the school program at Estelline this year and it will feature several new and enlarged departments. (Photo by Wise) is a native of Oklahoma, can rely on 15 years of school experience to carry out his expansion plans. He was born in Hollis and attended school there. He was graduated from high school at La Casa, Okla., in 1932. Supt. Gregory received his BS degree from Okla. A & M at Stillwater and is doing his graduate work in education at West Texas State College. He was principal of the high school at Vinson, Okla., before coming to Estelline in 1947 to (Continued on Page 4)

Pearls of Wisdom

by J. H. R.

Dreams
It is well we don't all think alike, else there would not be the Dreamer and the Realist; the one to dream dreams and build castles in the air, the other to seek facts and discard fancy; the one his head in the clouds, the other his feet firmly planted on terra firma. Dreams cost but little and off times work wonders toward lifting us above our sordid surroundings. When I was a beggarly boy,

And lived in a cellar damp,
I had not a friend nor a toy,
But I had Aladdin's lamp;

When I could not sleep for the cold,
I had fire enough in my brain,
And builded, with roofs of gold,
My beautiful castles in Spain!

—James Russell Lowell
Many a man of humble, even impoverished environs, has gone forth to do great things because he had a dream, a vision to realize. "The dreamers are the architects of greatness," writes Herbert Kaufman. "Their vision lies within their souls. They never see the

mirages of Fact, but peer beyond the veils and mists of doubt and pierce the walls of unborn Time. In lace of stone, their spires stab the Old World's skies and, with their golden crosses, kiss the sun. They are the eternal conquerors . . . their vassals are the years." To this category belong the Crusaders of Medieval days, the Spanish Conquistadores, the Pilgrims, the Missionaries; all those with sufficient courage to make their dreams come true

True the dreamer has the vision but the Realist must travel at his side to do the practical planning, to execute the "ground work", as it were. "I will be a man among men, and no longer a dreamer among shadows. Henceforth be mine a life of action and reality! I will work in my own sphere, nor wish it other than it is. This alone is health and happiness," so wrote the poet who dreamed up the tale of Hiawatha and many another beautiful story in rhyme, Henry Wadsworth Longfellow.

Alas, we know what little girls are made of, "sugar, and spice, and everything nice" but what are dreams made of? Why do we dream and what of their substance? Day dreams are the secret hopes, aspirations, wishful thoughts that come to us in moments of meditation—fragments of a wakeful imagination

Let me dream as of old be the river,
And be loved for the dream

PETE SHANKLE, Mgr.
Across from P.O. Ph. 95-M

Mrs. Stella Clark, 1026 Cornell Ave., Indianapolis, Indiana, who was suffering from deficiencies of Vitamins B, B₁₂, Iron, and Niacin, thinks a vigorous appetite, fine food and lots of good, sound sleep are the keys to health and happiness. All of these were made possible by the blessings of HADACOL, when HADACOL overcame these deficiencies.

Here is Mrs. Clark's statement: "Before I started taking HADACOL I was troubled with nervous indigestion. My stomach was just tied in knots when I would sit down to eat. You can imagine how I enjoyed my food and how much good it did me. It affected my sleep too—there was many a night I lay awake for hours and hours. I heard about HADACOL and have been taking it ever since. I have no more stomach distress. I enjoy my food and I sleep like a top every night of the week. I started my husband taking HADACOL and he, too, says that now he has never felt better in his life. I just can't thank HADACOL enough—and, of course, I recommend it to all my friends."

HADACOL Works
... in helping to build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails. Countless thousands whose systems were deficient in Vitamins B, B₁₂, Iron, and Niacin are benefiting from HADACOL . . . even hundreds of doctors have recommended HADACOL to their patients.

Give HADACOL a Chance
Yes, give HADACOL a chance to help you. Refuse substitutes. Don't let anyone tell you something else is "just as good." Insist on genuine HADACOL. You risk nothing because HADACOL is sold only on a strict money-back guarantee. You'll feel better with the first few bottles you take or your money back. Trial size only \$1.25. Large Family or Hospital size, \$3.50.

MOM'S TREAT

Four layers of this feathery cake, fluffy sweetened whipped cream frosting and banana-maraschino cherry decoration add up to unlimited dessert time enjoyment.

always;
For a dreamer lives forever,
And a toiler dies in a day.
(John Boyle O'Reilly)

In contrast to 'day dreams', night dreams are conjured up by the subconscious mind, so psychologists tell us. Though dreams are interpreted in various ways, eminent psychiatrists say they are "wish fulfillments", desires suppressed during the day are fulfilled at night and for a paltry piece of silver, Gypsy fortune tellers read into your dreams anything that will make you happy.

Whatever the fabric of these fancies that parade through our sleeping minds, some dreams have been so realistic as to change the lives of men and women. While I frown on dream interpretation by fortune-tellers as entertainment for the gullible, some dreams do have a portentous significance warning of disaster, foretelling good fortune, and solving problems

The Bible tells of dreamers, men who slept and saw visions or had visitation during their waking hours. Among the most conspicuous was Joseph who told his brothers his dreams and thereby invoked their hatred. Another of later times was Samuel Clemens (Mark Twain) who had a dream in which he saw his younger brother, Henry lying in a metal casket resting on two chairs. On his brother's breast was a bouquet of white flowers in the center of which was a single crimson flower. This dream haunted Samuel Clemens for days afterwards. A few months later Henry Clemens sailing up the Mississippi on a river steamer was drowned trying to rescue some of the passengers when the steamer exploded. To the amazement of Samuel Clemens, his dream in every detail even to the casket, two chairs, and red and white bouquet materialized. Did he have supernatural preception? Perhaps. It was through a dream about African savages with long spears that Elias Howe, the inventor of the sewing machine, was given the idea for making his machine sew and could complete his invention.

Good dreams by day or night are pleasant experiences and, fortunately, many a bad dream can be dissolved in a dose of Alka Seltzer

Bill Davis, Robert Hanvey, Dan McMillan and Douglas Barber attended the Oil Bowl game in Wichita Falls Friday night.

Blue Barron Band To Play In Wellington

By popular request, Blue Barron and his orchestra are returning for an engagement at Wellington's Community Building, Thursday, September 7, Russell Yates, entertainment chairman for the Veterans of Foreign Wars Post, sponsors, has announced.

This is Barron's third time to play in Wellington and his band is by far the most popular to appear here, as dance lovers from all the lower Panhandle have told the V. F. W.

Clamoring audiences and demands for return engagements have besieged Blue Barron where ever he and his outfit have played,

indicating that his theory of creating music for the American public is definitely what it wants.

Dancers of the entire lower Panhandle will be in Wellington, Thursday night, September 7, when Blue Barron and his orchestra open the 1950 entertainment season of the Veterans of Foreign Wars

Boys' Ranch Will Hold Rodeo Sept. 3

There will be thrills, spills and plenty of action when the boys of the famous Boys' Ranch near Amarillo put on their Sixth Annual Rodeo. It will be the best one yet and the boys guarantee a top-flight show.

The date of the big event is Sunday, September 3rd, and it will be held at Boys' Ranch, Old Tascosa, 40 miles northwest of Amarillo. Beside the rodeo, there will be a full-scale barbecue, under the direction of Charlie Lowe.

Tickets for the rodeo and barbecue are on sale at the Boys' Ranch office in the B. F. Goodrich Store in Amarillo. Adults are \$1.50, children 12 and under 75c. Mail orders will be accepted up to August 30th.

There will be calf and bronc riding, trick riding and roping jumping and several special acts. The special acts will include a hat race for the little boys, riding shetland ponies, an exhibition of acrobatics on a trampoline, group singing by the boys and Bill West and his boys' band, the Denver Troubadours who will play for the show.

Chas. Oren, O. D.
OPTOMETRIST
612 W. Noel Phone 251-M

There will also be a famous rodeo clown who will be at the Ranch especially for the rodeo.

The boys will put on the entire show themselves and they can really give it the professional touch. The day before the rodeo, there will be a big parade in Amarillo with several bands, mounted groups and floats

Sunday, September 3rd, is the date of the Boys' Ranch Rodeo and Barbecue and the boys hope to see all their friends there.

FOOTE & FOWLER

Paragraphs—

continued from page 6) ... Sixty? Eighty? A hundred? ... had a 60-horse team in your car, you'd be pretty sure you wouldn't think of the kids loose with all that power. A 60-horse run-away is something for the books. ... you've got a lot of horses to the family car ... and you run away, too, if you let them get out of control. Don't forget it.—Canadian Record.

Young Men Needed ... War I veterans, who were fully and patriotically to military duty in World War I, were tagged by their associates as "retreads." ... was strong, but the weakness in those aging men who wound up, for the most part, in rear echelons rather than on the combat front.

They did bring with them their experience at a time when it was sorely needed and no one can deny that those "retreads" performed a vital service, wherever they served.

The same exaction of time to produce another crop or "retreads" in the present emergency may have occurred among the World War II veterans called for military service again. Five years of civilian life can make a physical wreck of a World War II airman, Maj. Gen. Earl S. Hoag, in charge of recalling Air Force reservists, declared on a recent visit to Arlington State College.

This obsolescence would apply particularly to the veteran who underwent combat and prolonged service on the fighting fronts the last war. Hence, it would be unsafe to rely upon the 15 million ex-service men of World War II as an easily available source of trained manpower for this emergency.

POLIO PRECAUTIONS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

Illustrations for polio precautions: AVOID NEW GROUPS, DON'T GET OVERTIRED, DON'T GET CHILLED, KEEP CLEAN. Includes text: WHEN POLIO IS AROUND, the National Foundation for Infantile Paralysis recommends these simple precautions: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes. And always wash hands before eating. Watch for feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. Call your doctor and then, if help is needed, contact the National Foundation Chapter in your area.

The dairy work in Hall County is to be featured in a broadcast this Friday, September first, on the twelve-station Paymaster network, with Bill Hooser and Stacey Waites participating in the program. Heard at 12:30 p.m., "Paymaster Noonday News" may be heard over KWFT, Wichita Falls; KFPA, Amarillo; KSEL, Lubbock; KRBC and KWKC, Abilene; KCRS, Midland; KVKM, Monahans; and KIUN, Pecos. Foud stations record the program from the network wires at that time and present delayed broadcasts. These stations are KGKL, San Angelo; KBST, Big Spring; KPET, Lamesa; and KVLF, Alpine. Bill Tipton, better known as "Mr. Paymaster" to radio listeners was in Memphis on Saturday, and tape recorded the interview with Messrs. Hooser and Waites which is to be used as the feature of the program on Friday.

"Paymaster Noonday News" is presented each week day on the network by Western Cottonoil Co. in the interest of its line of Paymaster feeds. The program began fifteen months ago, has attracted a wide following throughout West Texas, Western Oklahoma, and Eastern New Mexico as it has featured the farming and ranching activities of this area.

Mr. and Mrs. Bobby Lindsey and family recently moved to Shamrock. The Lindseys have been living in Dallas where Bobby was attending radio school.

While the World War II "retreads" are available, time has taken its toll, and a 35 year old veteran may not be as valuable to the service as a 22 year old, even allowing for the difference in experience.

Whether they like it or not, war is still essentially a young man's endeavor, and it will fall upon the younger ones to supply the manpower for this one.—Ochiltree County Herald.

PLASKA By MRS. H. A. HODGES (Too late for last week)

Mr. and Mrs. Doyle Hall and girls, Norma Sue and Gaylene returned Thursday from Comanche after spending a week with his brother Homer Hall and family.

Miss Jeanetta Hall and Lovan Chancellor of Comanche are visiting Norma Sue Hall.

Mr. Hubert Rose and Tommy Allen of Commerce came Thursday to visit until Sunday in the home of Mr. and Mrs. W. C. Hignight. Tommy Allen is the nephew of Mrs. Hignight.

Mr. and Mrs. S. A. Ellis and son Richard left Friday evening to spend the night with her parents Mr. and Mrs. Charlie Ragon in Friona. They will leave there Saturday for California to visit a sister and brother of Mr. Ellis.

Mr. and Mrs. Carol Hignight and son Shelby, Mr. Tommy Allen and Mr. Hubert Rose of Commerce visited in the Doyle Hall home Friday night.

Mr. and Mrs. Harold Hodges and son spent Friday and Saturday with his sister and family. Mr. and Mrs. O. T. Lindsey in Lubbock. Mrs. Lindsey has been ill for the last few weeks so their son Harold returned with his uncle for a week's visit.

Mr. T. I. McWhorter, who is suffering from a stroke, is at the home of his daughter, Mrs. Ike Hodges in Memphis.

Those spending the day in the home of Mr. and Mrs. Doyle Hall Sunday were their daughter Miss Bobbie Mae Hall, Mr. Dubie McGuire and Joe Hall of Lubbock, Miss Betty Muncy of Lockney, Miss Jerry Hall, Miss Joan Brewer and Mr. Roy Hall of Pampa. Others visiting during the day were Mr. and Mrs. John Hall of Pampa and Mr. and Mrs. G. D. Hall, who are the parents of Doyle Hall.

The Plaska Needle Club met in the home of Mrs. Raymond Foster Tuesday. One quilt was quilted and some piecing and embroidery was done.

Now She Shops "Cash and Carry" Without Painful Backache As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complaint of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today! KEEP AMERICAN "KNOW HOW" Medical SUPERVISION OF MEDICAL Service! Doctors, lawyers, pharmacists, teachers, grocers, farmers and many others have their "trade associations" for the purpose of self-improvement, self-regulation, protection and improvement of public service and welfare. None wish political domination, or to be regulated out of existence. 79% of all families interviewed in a recent national survey had a "Family Physician" consulted for all illness. The family physician is the fundamental and dominating feature of rendering medical service. This Doctor's education or "know how" is highly important to maintaining America's present highest level of health on earth. Hospitals and Pharmacists are part of the Doctor's vital working "equipment" that help to round out competent medical service to the patient. Experienced, qualified medical men, Pharmacists and hospital executives—all are using every effort to keep politicians from lowering the standards of education and supervision in medical care fields. Tarver's Pharmacy Phone 24

Smart Buick tip— before your trip! THAT trip will be more fun, every mile—if you're sure your Buick is at its noble best! Better call your nearest Buick dealer this week about these services: Safety-check stop lights, signal lights, brakes, front wheel bearings — Inspect tires, complete ignition system, battery, generator — Clean fuel filter, air cleaner, spark plugs — Line up headlight aim, front wheel alignment — Step up performance by checking compression, adjusting carburetor, setting ignition timing — Increase tire life by cross-switching all tires, including spare — Improve ride by Buick's own LUBRICARE, a special "lubrication-plus" maintenance. Put your Buick in Buick hands SEE YOUR NEAREST BUICK DEALER

FIRST YEAR—Mr. and Mrs. T. C. Rorabow, shown above, are among the new teachers who will be on the Estelline faculty when school begins there Monday. Mrs. Rorabow will teach the third grade and Mr. Rorabow will head the new music department in the schools. Both are graduates of Northwestern Teachers College at Weatherford, Okla.

Estelline Supt.

(Continued from Page 1) accept a similar position. He held this post two years and was advanced to superintendent of the schools in 1949.

Supt. Gregory believes that the Gilmer-Aiken school laws have been a real aid to educational advancement in Texas.

"The laws have advanced our schools 20 years over the improvements that would have been made otherwise," he asserted.

The friendly administrator believes the smaller schools have profited greatly by these laws since they allow more specialized teachers and therefore a more varied academic program.

"There has always been one big advantage and one big disadvantage to the smaller schools," he said. "The advantage is that individual students receive more attention and guidance from the teachers but, at the same time, the disadvantage has been that the smaller schools have had more limited field of courses to offer. The Gilmer-Aiken program has helped our smaller schools eliminate this disadvantage.

The new buildings just completed at Estelline have taken most of Supt. Gregory's time this summer. He has also had the usual school business to carry out in addition to making a number of new faculty selections.

His most recent efforts have been to have the new departments, particularly the home economics facilities, ready for school opening.

All in all, it has been a very busy summer but probably the most enjoyable one in the life of this progressive educator.

\$90,000 School Bldg.

(Continued from Page 1) the buildings and also the bus stop. Playground equipment, including swings and slides, have been installed on the west side of the elementary building and grounds will be fenced in for the protection of the youngsters.

T. H. Cadenhead and Sons of Ft. Worth were contractors for the main buildings. Construction began in November.

Other firms connected with the

project include; Lacey Appliance and Supply Co., Vernon—electric wiring and plumbing; Childress Office Supply—office furniture and teachers' desk; Gidden Electric Memphis—floor tiling; Bill Miller, Memphis—interior decorating; Amarillo Seating Co.—student's seats; Tontine Shade Shop, Lubbock.

Longview, Texas, was named by surveyors who were impressed with the long-distance view from the town site.

THANK YOU

I am grateful for the nice vote which you people cast for me at the polls last Saturday, and I want to take this means of thanking you for what you have done in the interest of my candidacy for the office of Sheriff of Hall County.

To the people who did not vote for me, I want to say that I bear you no ill will. I want to be your Sheriff, too, after I take office. And I want you to know that I will appreciate your cooperation in the future, and your interest in the Sheriff's office.

I want every citizen in Hall County to feel free to come to me and discuss the affairs of the Sheriff's office at any time. I recognize the serious responsibilities of this office, and I want to work with every man and woman in giving our county strict, fair and impartial law enforcement.

Again I say "Thank You." The confidence you have placed in me will be recognized as my orders to do all I can for you.

Sincerely,

E. S. (Peck) MORRISON

SUPER CIRCUS PARTY

ITS circus time all the time for youngsters. They never tire of giving a big tent show of their own, complete with barkers, ringmaster and clowns. And for their parties, circus decorations are ever popular. Clowns, easily made of crepe paper, make delightful centerpieces and favors. White crepe paper, stretched over tightly rolled cotton makes the head. Paste or draw on the features and fit the head with a crepe paper hat. Full trousered suits of bright red crepe paper with white frills at the neck, wrists and ankles complete the funny man.

Thirst generated by hard play, runs high at children's parties. Be sure to provide plenty of healthful, refreshing drinks for the crowd. Lemonade, a natural for a party with a circus theme, is given a fine zesty flavor when made with sparkling water instead of tap water. Children like bubbly drinks and pale dry ginger ale is one of their favorites. Ginger ale blends well with fruit juices, and the variety of party drinks that can be made from fruit juices combined with ginger ale is endless. Here is a delicious beverage that children will enjoy.

Circus Cooler

- 1 cup orange juice
2 cups apple juice
Ice cold pale dry ginger ale

Combine orange and apple juices. Divide among 4 tall glasses. Fill glasses with pale dry ginger ale. Stir gently to mix.

New Faculty

(Continued from Page 1) be assisted by Mrs. Dorothy McLean, Mrs. J. L. McCollum and Mrs. Olive Richerson.

Bus drivers will be: J. C. Spruill, Jake Morrison, R. H. (Bob) Butler, Leroy Duval and H. Evans.

Mrs. Clark Thanks

(Continued from Page One) everyone who had a part in the campaign and I hope in some way I can show them the same type of friendship and loyal help."

PRINCIPAL—R. B. Tucker will return to the Estelline school system this year as principal of the high school, the position he held in 1949. Mr. Tucker is looking forward to the coming year as one of the most outstanding in the school's history.

LEGAL NOTICES

CONSOLIDATING HULVER AND ESTELLINE VOTING PRECINCTS

On this the 14th day of August, A. D. 1950, the Hall County Commissioners Court sitting in regular session, all members being present, and

Upon motion made by Commissioner Berry and seconded by Commissioner Patton, the matter of the consolidation of Hulver Voting Precinct No. 12 with Estelline Voting Precinct No. 5 was taken up for consideration; and, No valid objections to same being presented or known to the court.

And the question being called for and being put to a vote, all members voted "AYE" and none voted "NO"

THEREFORE, BE IT ORDERED, ADJUDGED AND DECREED By the Court that said consolidation is thus unanimously approved and that said consolidated voting precinct is hereafter to be known as Estelline Voting Precinct No. 5 and the same is hereby established and ordered to embrace the following territory and shall be within the boundaries hereinafter described, as follows, to-wit:

Beginning at the point of intersection of the East line of Hall County with the South Bank of Prairie Dog Town Fork of Red River, Thence in a westerly direction with the meanders of said Red River to the Northeast corner of Section No. 23, Blk. 1, J. Poltevent Survey, Thence South on section lines to the Southwest corner of Section No. 35, Block H. J. H. Stevens Survey and on North line of Sec. 249, B. S. & F. Survey, Block S-5, Thence West to the Northwest corner of said section No. 249, Thence South to the North line of Section 238, Thence East to its N. E. corner, Thence South about three (3) miles to the North line of Section 11, Thence West to its Northwest corner, Thence South to Southwest line of Hall County, Thence East two (2) miles, Thence North to a point due West of the Southwest corner of Survey No. 185, Block H, B. S. & F. Thence East to the Childress County Line, Thence North with the East line of Hall County to the place of beginning.

M. O. Goodpasture, Co. Judge 13-3c

Dr. Cox Urges
Physical Exams
For Children

Parents, has your child had a
physical examination this summer?
Monday he will be starting to
school, and if he is in good health
he will have a happier, more pro-
fitable year. It's up to YOU to
give HIM a healthful send-off.
says Dr. Geo. W. Cox, State Health
Officer.

After he has his check-up by
the family doctor, be sure to
take him to the family dentist.
Teeth are mighty important, and
decayed ones often cause a heap

of trouble. They may start in-
fection in other parts of the
body. Strong, healthy teeth add
attractiveness to appearance and
personality. Help your child to
grow up with good teeth . . .
see that he has a dental exam-
ination twice a year.

Sometimes children need glasses
and their parents don't realize it.
An examination by an eye speci-
alist is important. A child who needs
glasses, if taken to an eye physi-
cian now, will have time to get
used to them.

When children are grouped
together in a classroom, they
expose each other to communi-
cable diseases. Has your child
been immunized against diph-
theria and smallpox? Does he
know he should use only his

own drinking glass? Does he
know he should avoid boys and
girls who are victims of colds?
Do you keep your child at home
when he shows signs of a cold?
Plenty of exercise and recrea-
tion, the right kinds of foods
daily, and 12 hours of sleep a
night, are necessary for a child
of elementary school age.

Get your child an appointment
for a check-up today . . . the first
day of school is Monday!

Maryland has the only state flag
bearing a coat of arms.

Red cedar wood is used most
commonly in making lead pencils.

One horsepower is the power
required to lift 33,000 pounds one
foot in one minute

Editorial

EDUCATIONAL ADVANCEMENT

Elsewhere in this issue will be found pictures and a story on the new school plant at Estelline. It is a real pleasure for The Democrat to pay tribute to this town and its people for this splendid accomplishment.

No institution is closer to the hearts of most of us than our schools. For most of us recognize that the hope for the future of this country is in our youth and that the school is one of the most important factors in molding these young people into honest, intelligent citizens.

This new plant at Estelline should certainly inspire greater educational strides by the students and teachers alike. It is a good illustration of the educational advancements being made, not only in this community, but throughout the state.

We congratulate the people of Estelline for this progressive step along the road to better education.

Chef's special on the menu of an Atlanta, Ga., restaurant: "Yankee Pot Roast—Southern Style"—Coronet.

AN ELEMENT OF FREEDOM

The opening of school next week is an appropriate occasion for us to consider again the importance of education to our "American way of life."

For proper education is the only way to assure that Democracy will continue to exist in the world.

By "proper education," of course, we mean unbiased and free education. We mean adequate facilities and the full support of everyone. Anything less than this is short of the goal that education strives to attain.

Let's all support our schools and our school people during the coming year. Indeed, we cannot afford to do otherwise if we want to continue to live in a free country.

CONSTRUCTIVE CRITICISM

In a recent syndicated column, David Lawrence says: "Whatever the significance of the Korean war, a profound effect has been produced upon the long-range military policy of the United States. Never again can America depend on that narrow concept of a one-weapon strategy."

Mr. Lawrence then raises some very important points about which all our people have been thinking. Who is responsible for having deprived the Navy of its status as a "fleet in being"? Who took away from the United States army its own airplane units capable of operating always with ground troops? Whose idea was it that land armies of the United States could fight without "armored divisions of tanks"? Who deprived us of overseas bases—floating or fixed?

Mr. Lawrence is bitter in his condemnation of civilian or military officials for what he says is one of the "worst blunders in all American history. It is a blunder inexcusable because it defied the plain lessons of history taught in every naval or military war college in every nation of the world for centuries past . . .

"The price of peace is never inexpensive and the price of survival always is economic discomfort and sacrifice."

Tragically and inexcusably the exigencies of domestic policies cut the ground from under national defense at the moment when decisive strength was needed. As a result,

MOSCOW, PLEASE TAKE NOTE

thousands of Americans will lose their lives.

The kind of criticism backed with facts that is now being leveled at those in control of the military establishment is too serious to gloss over, or attempt to muzzle with admonitory advice that it is ill timed. The confidence of the people in the wisdom of top military policy has been shaken. Only honest correction of mistakes can restore that confidence.

Press Paragraphs—

QUOTING OUR NEIGHBORS

A New Twist

One of the best things that could happen to us might be the attitude of the general public toward getting all of everything they can put away against the time when it will be against government policy for them to have it. A manufacturer who is selling all and more than he can make is going to speed up production. This speed up is what the country is looking for if we are heading for a war. Get everything for everybody that they can possibly want ahead of the government priorities and you have done the country a favor. You have the maker with a full compliment of workers, you have his machinery of supply working in high. You have the people's surplus money spent for things they think they will want and need during a period of scarcity. The authorities may have been wiser than you think when they issued warning after warning to the people not to buy. Who knows but what they got the exact reaction they wanted out of you and me? It is an axiom that the public is

going to do the exact opposite in matters that touch their personal and domestic lives to what the authorities warn. They'll even go into the gray and black markets! They have always and they will again.—Floyd County Hesperian.

Hold The Horses

Have you ever stopped to think

how many horses you're driving the wheel of your car?

In the old files of The Record, of thirty and forty years ago, we frequently run across stories of run-away teams, and they caused a lot of excitement in those days.

Frequently people were hurt, and occasionally someone was killed in one of those run-aways. And everybody got excited.

But they seldom hitched more than four horses to a wagon . . . or two to a buggy. And thirty miles an hour was a lot of speed.

Still, a run-away was something to talk about; and youngsters weren't turned loose with a team until their folks were sure they were able to control it. Folks respected those horses, and kept a tight rein.

How many horses are you driving (Continued on page 7)

... biscuits rose before the sun

Remember baking day of years gone by? It was early to rise and late to bed for the weary housewife . . . with many a tedious hour required just to keep the kitchen fire going. Today it's a different story. Modern Gulf South housewives find cooking a pleasure on smart, new natural gas ranges. The mere touch of a finger gives instant, controllable heat that assures perfect cooking results.

A new automatic gas range will bring smartness and beauty into your kitchen, along with greater convenience, dependability and economy.

See the newer models today wherever gas appliances are sold. Natural gas is the preferred fuel for all the big jobs in the home, just as it is the preferred fuel for industry.

FARM and RANCH CHATTER

with LAYNE BEATY WBAP, Ft. Worth

When we first heard that the Air Force has its own veterinary staff we wondered if there is a squadron of flying horses; perhaps a horse on every airplane to pull the ship out of muddy landing fields; or maybe the airmen were taking dogs and cats along as mascots.

Actually, what the air force veterinarians do is to keep a vigil against deadly livestock maladies which might be brought into this country by globe-hopping planes. All types of foods, including ration items procured at U. S. air bases in foreign countries, are inspected for wholesomeness and quality.

The air force does have some animals, though, mostly sentry and guard dogs and a few sled and parachute dogs for Arctic rescue work.

After we mentioned on the air recently that a friend of ours abhors red barns because the color is supposed to be hard on the nerves, a listener wrote in to say that she had always heard that one reason so many barns were red is that they repulse birds and bugs.

We haven't looked up the answer to that one yet. Do you know?

Mention of a free bulletin on the multiflora rose brought in a covey of requests for it recently. We still have a few left. Write if you want one. A thousand plants will make a mile of living fence, useful and ornamental. West of Fort Worth it will require some irrigation most likely.

It would hardly be fair to those cotton farmers who have complied with acreage regulations this

year, if the U. S. Department of Agriculture up and lifted controls now. Next year would be a different matter.

We read that world rainfall is the same every year, regardless of how wet or dry it gets where you are. There certainly must have been a terrific drought somewhere outside of Texas this year.

"Mohair is wool," we learn from the Wool Bureau. The Wool Products Labeling Act says so.

This means, then, that when we say "wool AND mohair," we are being ambiguous. But chances are the sheep producers would rather have us be ambiguous.

By the way, did you know that the word Ankara (capital of Turkey) is another way of saying "angora"?

All this is brought on by a recent visit from some of the ladies in the Texas Sheep and Goat Raisers Association who are sponsoring the "make it yourself with wool and mahair" contest among girls of high school and college age. Some handsome prizes are offered.

Meanwhile, people in high places are saying there'll be a wool shortage if the war keeps going.

A letter from one of the national officers informs us that the American Goat Society, Inc., meets in Abilene the first week in September. They're not getting off the "bleatin' path" either.

Norway, Sweden, Denmark and Iceland comprise the Scandinavian countries.

MOTHERS CAN HELP FIRST GRADERS BECOME ADJUSTED TO SCHOOL LIFE

by W. C. Davis
Supt., Memphis Schools

(Ed. note: The following article was written by Supt. W. C. Davis at the request of The Democrat. We asked Supt. Davis to prepare this article in the belief that parents, as well as the beginning students, undergo an experience that is new and sometimes difficult and that they can, through proper guidance, help make the school program more successful for both their children and the school officials.)

When September rolls around the teachers begin to look in the mirror to see themselves standing before about thirty youngsters with sparkling eyes thrilled to participate in a new experience. The six year olds' want to tell about their vacation trips, their big baby brother, and the things they got to start to school with.

A great number of these youngsters bring their dogs, dolls and toys to school the first day. It is the first time they will have been away from mother. The big thing for them is the fact they have to adjust themselves to a group, accept new playmates and learn to take instructions.

The most difficult problem for them is to change from a play habit to a working program. Some of them will have never been corrected—only "babied." Some always get everything they want that is in sight and win their ob-

jective, they start crying. The first thing they must learn is to respect other children's property. To keep from crushing a child's spirit on these new experiences the teacher must use a light touch instead of a heavy hand.

The teachers depend on the mothers for a great deal of assistance. The youngsters must be happy in their school program. Mother can help the teacher a lot to help get the child adjusted. Mother should see that the child is taught at home to recognize constituted authority, to respect other people's property and to play by the rules—and to leave the teaching up to the teachers.

Mother should see that the youngster has his birth certificate recorded in the County Superintendent's office and that he has been immunized against diphtheria, tetanus, and whooping cough. A healthy child is a happy child and as a result is easier to teach.
