## All Herd Wins Tri-State Fair

Second straight year dairymen won first prize in their county herd in the division of the Tri-State Fair in Amarillo. The county herd was selected by the Hall County Board of Agriculture from other places to show in prize money. Hooser, county agent, and the cooperation shown by the Hall County farmers in getting their cattle ready to show was a big factor in winning the county herd award.

## County Youths Training Antonio

County boys, Donald and Billie Wayne in Air Force training at Air Force Base in Antonio. Morrison, 20, is the son of Mr. and Mrs. L. E. Morris. Fowler, 19, is the son of Mr. and Mrs. E. R. Fowler. Lakeview. These boys are in Lackland Air Force Base. Gateway to the Air Force will receive a well equipped preparatory school in a special building. This is the only school for indoctrination of all new airmen, and a reassignment and training of re-enlistees.

## Designated County

Brannon, secretary, has designated as a disaster area for loans to be granted under the Home Administration in the southeast Panhandle that were in disaster areas were: Callingsworth, Donley and northern Panhandle counties in which disaster may be made will be public law 38. This will be effective for harvesting and marketing for the 1951 crop. Loans may be made subsequent designation of Government interest. Requirements will be made in making disaster counties. The disaster docket will show production loss from disaster last thirty-five percent normal for total farm. Loans will not be made to re-secured or unsecured. Loans for producing and cash crops will be secured on all crops subject to other loans and claims. Loans may not be advanced until cash is received. Information may be obtained from the local office of the Home Administration, Hall County Bank.

## McMillan Resigns News Editor Post To Return to ETS

Dan McMillan, former news editor for the Democrat has returned to East Texas State to complete work on his master's degree. McMillan has been with the Democrat since January. He came to Memphis from Texas University where he was working on his master's degree. He is a graduate of Memphis High School and East Texas State with a major in journalism. Burl McClellan has been hired (Continued on Page 8)

## Whirlwind Playing Lefors There Today

George Childress has his school Whirlwinds in afternoon meeting in senior high squad in the game of the junior high school. The senior high squad is the defending champion of this district. Through last season undefeated for district crown. Check off for today's game scheduled this afternoon. Whirlwind line-up has been in the backfield, because of a collar bone fracture to fullback, Jimmie Childress. He had Jimmie Childress in the fullback position, but the defense was wide open. Childress won their open-air address 12-0. Both

## Station Entered; Nothing Taken

It may have been that they didn't want to count them or it might have put them in a higher income tax bracket. What ever the reason burglars left the pennies in the cash register in Oscar Maddox's Texaco Station last Friday night. Some unknown party went to the trouble to force the lock on the west door of the station and break in, but when they rang up a paid out of \$5.04 and then did not take the few pennies that were in the cash register, Maddox decided that they were just poor bookkeepers. Checks by both owner and police chief Black showed that nothing was missing from the station.

## Hall County Farms Receive No Aid Repairing Terraces

Efforts by Hall County farmers and business men to gain emergency funds for the stricken areas have come to naught. Secretary of Agriculture Charles F. Brannon informed the committee of Hall County by letter that there is no additional funds for the restoration of conservation practices. The Texas Production and Marketing Administration had turned down a request for aid from Hall County earlier, because of the statewide appeal for disaster funds and the PMA did not have additional funds available. The farmers of Hall County sent a petition to Secretary Brannon signed by some 350 county men asking aid to restore the rain damaged terraces. But Brannon notified the group that when the 1950 Agriculture Conservation program was set up, it was directed to distribute available funds for conservation practices and no money was held in reserve for emergencies. Several farmers went ahead and repaired their terraces, but unless all the terraces on the water sheds are repaired, the repaired terraces are in danger of being broken by the water above them.

## H. B. Nunn, Labor Department Official To Explain Federal Child-Labor Law

Law To Influence Local Farmers Using Migratory Labor In Harvest

H. B. Nunn of the Wage and Hour Division of the Department of Labor will explain to Hall County citizens the new Federal Fair Labor Standards Act, as it was amended by congress in 1949. Nunn will speak to an expected crowd of several hundred in the district courtroom in Memphis, at 3 o'clock Wednesday, October 4.

## H. J. Howell Heads Finance Drive For Local Scouts

Mr. H. J. Howell has accepted the appointment of Chairman of the Boy Scout Finance Drive in Memphis. Mr. A. W. Paris, President of the Adobe Walls Area Council, Boy Scouts of America, announced this week. Mr. Howell will head the local drive which is part of the Council-wide campaign to raise funds for the operating budget of the council for 1950. The Memphis Boy Scout Finance Drive will be held on Thursday, October 26th, opening with a kickoff breakfast, and closing that afternoon. Approximately 60 men are expected to participate in the various phases of the campaign organization. These men will contact more than 300 people in Memphis during the day of October 26.

## First Draftees Report For Duty From Hall County

Marshall Ford and Tom Rogers both of Memphis, were among the fifteen draftees inducted into the army from the Childress draft board, Friday, September 22. Three other Hall County boys were inducted at the same time. They were Clifford Rice of Lakeview, Johnny Mitchell of Lakeview and Calvin Zint of Estelline. This was the first group to be drafted from this area. They ranged in age from 22 to 23 years old. After being sworn in the men reported to Fort Sill Oklahoma, where they will receive six weeks of basic training. Other men reporting to the board for induction were Glenn Honeycutt, Sidney McFall, LeRoy Browning, Ray Clark, James Rhodes, Martin French, Billy Thomas, Freddie Smith, Ross Hardy, Oatman and Felix Johnson, negro.

## Last Rites For Mrs. J. A. Cassels Conducted Tuesday

Funeral services were held at 2 o'clock Tuesday afternoon for Mrs. J. A. Cassels, 80-year old Memphis resident, who died Monday, September 25, in a local hospital. The Rev. Roy Shahan, minister of the First Baptist church, of which Mrs. Cassels had been a lifelong member, and Minister Bedford Smith, minister of the First Christian church, conducted the funeral services in the family home at 702 South Sixth Street. Mrs. Cassels was born April 28, 1870, the daughter of Mr. and Mrs. Ellis Frazier of Missouri. She has been a resident of Memphis for the past 27 years. Her husband died December 1, 1947. She is survived by three daughters, Mrs. J. G. Gardner Sr., Memphis; Miss Winnie Cassels, Memphis; Mrs. S. A. White, Fort Worth; a half-sister, Mrs. Jessie Speaks, Norman, Oklahoma. Four grandchildren, and two great grandchildren.

## Law To Influence Local Farmers Using Migratory Labor In Harvest

Nunn reports that the coverage of the New wage and hour law extends the child-labor provisions greatly, especially in the employment of child-labor for agricultural work during school hours. This new law, since amended, has caused a great stir among farmers who hire migratory labor to harvest their crops. The workers generally have large families that includes several children under 16 years of age. It is reported that this law affects any farmer whose crop goes directly or indirectly into interstate commerce. Under the Interstate Commerce law there is very few crops that do not go directly into interstate commerce. Under the amended Federal Fair Labor Standards Act of 1949, no child under sixteen years of age can be hired to work during school hours. "During school hours," simply means the hours school is in session in the district where the child is employed. The law does not effect the hiring of children outside of school hours, or the farmer who works his children on his own farm or farms. The law states that the farmer is held responsible for finding out the correct age of the young workers. The farmer will be protected if he has a certificate of age from the U. S. Department of Labor which states that the worker is at least 16-year-old. In Texas the youth must make application for a federal certificate of age from the age and hour and public contracts divisions, U. S. Department of Labor. Texas has no accepted state system in force. It is reported that a farmer who violates this law can be fined (Continued on Page 8)

## Roy L. Guthrie Wins First Place With Poultry Entries

Cattle raisers were not the only Memphis persons to win awards at the Tri-State Fair in Amarillo. Roy L. Guthrie won first place with his entries in the poultry division. Guthrie entered a Silver Sebright bantam cock, hen, cockerel pullet, young pen. Best 20 birds, largest display, best pen of parti-colored birds and best parti-colored cock, best parti-colored pullet, best cock, cockerel hen and pullet. Golden Sebright bantam cock, cockerel, hen and pullet. All these entries won first place. Guthrie won second with his Silver Sebright bantam cock, cockerel, hen and pullet. Golden Sebright bantam hen, cockerel and pullet.

## J. A. Odom, Jr. Takes Management Of Odom-Dryden

Announcement was made this week that J. A. Odom, Jr., will take over operation and management of the Odom-Dryden Hospital in Memphis on October 1. Odom is the son of Dr. and Mrs. J. A. Odom of Memphis. He has been serving as assistant secretary-treasurer of the Memphis Production Credit Association for the past four years. In his new duties Odom will have full operation of the hospital, which will function as a separate unit from the Odom-Dryden Clinic.

## 204 PERSONS ENTERED ANNUAL DEMOCRAT COTTON CONTEST

According to cotton prophesiers, the 1950 cotton crop will range from a low of 16,000 bales to a high of 55,000 bales. These predictions were taken from the Democrat's cotton guessing contest which closed last Friday night at midnight. Seth Stewart was the most optimistic of the guessers with his prediction of 55,000 bales. The lowest prediction was Mrs. E. L. Brewer's 16,000 bales. This annual contest opened Friday September 8, and ran two weeks—closing Friday, September 22. A total of 204 persons entered. The winner of the contest will be selected by the Democrat when the U. S. Department of Interior releases the total number of bales ginned in Hall County for 1950. The contest was not restricted to Hall County and the guessers poured in from as far off as California and Tacoma, Washington, and from all over the Panhandle. The prizes for winning guesses will be a three year subscription to the Democrat for first place and a two year subscription for second place and a one year subscription for third. Last year's contest was won by Mrs. Rhodie Davis of Memphis with a guess of 88,888 bales. The crop yielded 88,214. This year's decrease in acreage allotment and the rains and insects have cut the expected crop for this year a fourth of last year's record breaking season. The following list completes the names of persons and their guesses for the 1950 contest. The opinions of the people who guessed before Wednesday, September 20, appeared in last week's paper. Here is the remaining list of predictions.

## Memphis Meets Lefors In 2-A'Go

Coach Chuck York's Memphis Cyclone takes on the Lefors Pirates in the top game of district 2-A in Memphis Friday night. Lefors is the defending champions of district 2-A and have six regulars back from last year's squad, including Stokes, their 274 pound tackle. This is his third year as a regular and not only is he big, but he can move rather fast for a big man. He has a six foot four inch frame to carry the weight on. Lefors has won 13 consecutive 2-A ball games. They won the crown in both '48 and '49. This season they have won two and lost one in non-conference play. They beat Boys Ranch and Pampa "B", but White Deer, a class B school, upset them last Friday night. Cyclones' record show three wins against no defeats. They beat Dumas 12-6, Canyon 25-6 and Plainview "B" 44-14. York has built an exceptionally good line and it makes his split T, which he imported this summer from Oklahoma, look good. Roddy Stargel is the man-under in the formation with Carl Lee and Tommy Messer, two fast stepping halfbacks, going wide. Messer is the leading Cyclone scorer, specializing in broken field running. York is weak in the punting department. Lee, 125 pound halfback has done what little punting the Cyclone has been forced to do, but this weakness may be costly against the strong Lefors squad. The Pirates have a seven pound per man weight advantage in the line, but most of it is on Stokes, their big tackle. The backfields stack up at about the same weight. Probable Starting Line-up:

Memphis	LE	Lefors
C. Messer	IE	Doom
Vinson	LT	Stokes
Pierce	IG	Wiggins
Moore	C	Clemmons
Kennedy	RG	Jennings
Bloxom	RT	Rutledge
Rasco	RE	Bigham
Stargel	QB	Watson
Miller	FB	Dickerson
Lee	HB	Martin
T. Messer	HB	McEntire

### Pep Leaders Are Elected Friday

The students of M. H. S. had the peppiest pep-rally yet last Friday. Everyone came into the auditorium to the music of the Cyclone Band. This was by far the best pep-rally that M. H. S. had had this year.

Pep-leaders were elected by try-outs and secret ballots. They were: Jo Anne Webster, Nancy Stanford, Bill McClure, and Eddie Welch. This is the first year M. H. S. has had boys for pep leaders. This group will be a great asset in leading our team to victory.

### What Is CCDD

What does C. C. D. D. mean? That is the \$64 dollar question at Memphis High School this week. The senior girls have organized a club and are sponsoring a contest for those who wish to guess the name of their club. Each guess, along with five cents, will be turned in to Miss Hightower, one of the Senior sponsors. At three different times during the week, sponsors will open the box containing the guesses until the correct

answer is found and at each opening fifty cents will be added to the starting prize of \$2.50.

Ann Spoon is chairman of the committee, Minnie Lee Jackson and Eudine Gable are her assistants.

### LOOKING AHEAD

- Sept. 28—Speech Club Meeting
- Sept. 28—Freshman Party
- Sept. 28—Whirlwind vs Lefors (there)
- Sept. 29—Memphis vs Lefors (game)
- Sept. 29—Junior Party (after game)

### Woman's Council Enjoys Luncheon At Church Monday

The Woman's Council of the First Christian Church met in the church lounge Monday afternoon at 1:30 o'clock. Mrs. Lena Mae McNally and Mrs. Faye Maddox were joint hostesses for the meeting.

"Witnessing Through Christain Education" was the study topic with Mrs. Ella Norman serving as program leader.

Mrs. McNally gave the devotional which was titled "The Kingdom of Heaven is Like a Pearl of Great Price." Other members taking part on the program were Mrs. Alline McKnight, Mrs. Inez Aspgrren and Mrs. Belle Odom.

Preceding the study hour, members enjoyed a luncheon at the church.

Members present were Meses. Inez Aspgrren, Susie Coleman, Opal Curry, Vee Knight, Kathryn Milam, Ella Norman, Belle Odom, Della Pallmeyer, Mabel Roberts, Lucile Randal, Leola Stokes, Elsie Smith, Thursa Mae Smith, Lena Mae McNally, Faye Maddox, Susie Kesterson, Mary Tate, Lina Young, Alinne McKnight and one guest, Mrs. Adrian Odom.

### Band, Choral Club Use Visual Aids

The "B" Band and the Junior and Senior choral Clubs have been using visual aids. Some of the films they have seen are: "Sing America", "Mildred Dilly, Harpist", and "The Symphony Orchestra". The groups are looking forward to seeing, "Percussion on Group", and "Trees". These films along with being educational, are very interesting to the students.

### JUNIOR CHORAL CLUB

The Junior Choral Club, which is composed of 27-members, elected officers for this year. Katherine Wright was elected to serve as president of the group. Barbara Edmondson will serve as secretary. Glenna Widner is librarian, and Carol Ann Monzingo reporter.

### Locals and Personals

Mr. and Mrs. L. V. Hicks of Portales, N. M. spent Sunday night with her sister, Mrs. Ira Lawrence.

Mr. and Mrs. Wesley Jones of Comanche spent the week end visiting in the home of Mr. and Mrs. Forrest Hall.

Mrs. Forrest Hall and cousin, Mrs. Wesley Jones of Comanche spent Saturday in Amarillo. They attend the Tri-State Fair and visited with Mr. and Mrs. C. S. McGuire and family.

Mrs. Clois McGuire and daughter, Shirley visited Sunday in the home of her parents, Mr. and Mrs. Forrest Hall. They were accompanied by Mr. McGuire's mother

### ELEPHANTS!

Don't get excited if a student reports seeing pink elephants and long necked giraffes in the halls. He isn't crazy. The 1st year Homemaking girls have made stuffed animals to send to the Tipton's Orphans' Home. Some of these have been on display in the display case on the first floor.

**For Short Turns and Quick Stops these Ford Brakes are Tops**

If we told you how fast the Ford Tractor can stop and turn, you wouldn't believe us. But when you see a demonstration, you'll agree that the Duo-Servo brakes on the Ford Tractor are the "stopping-est," "turning-est" brakes ever. Here's something else. Both brake pedals are on the right . . . leaves the left foot for the clutch. Stop straight, or turn, with one-foot braking. It's easy to service these brakes, too... no need to pull the axle. When can we demonstrate? We also have parts and service and Dearborn implements for all Ford Tractors.

## Memphis Beats Plainview "B" In Opening Home Game Friday 44-14

First home game of the Memphis Cyclone football team was a convincing 44-14 victory over Plainview "B" on Friday night. The Cyclone offense was led by the fast running hard hitting duo, Charles and Tommy Messer, each making two touchdowns. Don Rasco and Duke Frisbie closed the Cyclone offensive attack, each making a

touchdown and raising the score to 44. The Cyclones allowed the Bulldogs two touchdowns, after which each conversion was made.

With a lead of 32 points, Coach York could easily replace the starting eleven with reserves, who proved they could fill the bill. Clyde Tamplin, Max McCop, David Corley, Mackie Allen, Monte Clark, Julius Stevens, Dempsey Archer, Jimmy Morrison and Kenneth Cheek all saw action Friday night.

The first district game for the Cyclones is on Sept. 29 at the local stadium at 8 p.m. The Cyclones haven't forgotten how the vicious Pirates from Lefors carried off the treasure last year with a score of 35-0, and every last member of the Cyclone team has it in for the Pirates from the kick-off to the last minute of play. If Joel Combs, the boy who raked up the Lefors touchdowns last year were back in his old slot at halfback, he would have trouble making a single yard around end, over tackle or guard, or through the center. Let's all turn out to see the Cyclone try some new tactics at blaying over the defending Champions from Lefors.

## Bill McClure Is Jr. Class Prexy

Bill McClure, son of Mr. and Mrs. L. W. McClure, was born November 3, 1931. Bill is five feet, nine inches tall and weighs 158 pounds. He received one of the greatest thrills of his life last week when the 1950 Junior Class elected him its president. This thrill was repeated when the blue-eyed, brown-haired Junior was elected by the student body as cheer leader for the following year.

Bill is still undecided as to which college he will attend, but has decided on Business Administration as his major.

Bill likes history best of all his subjects, and thinks the whole faculty is really great.

For his favorite sport, Bill picks football. He enjoys movies with John Wayne and Claudette Colbert. The "Hit Parade" holds Bill's interest better than any other radio program. As for music, Bill prefers popular tunes such as "Lucky Old Sun," his favorite song.

Bill, a good sport and an all-around student, hopes to become a good newspaperman after finishing college.

## Add Extra English As Basic Subject

One of the most helpful courses in English ever to be offered in high school is now basic subject for the students.

The purpose of this course is to furnish the students some of the basic principles they have missed during their school life. Especially emphasis will be placed upon reading for comprehension, vocabulary building and expression of thought.

Careful, individual guidance is an importance phase of the program.

Students from the Junior, Sophomore, and Senior classes who need this special help compose the class.

## Office News

Work in the office is well under way. Ray Newton, principal reported. Lo-Rec cards have been filled out and filed. This makes it possible to find any student very quickly.

Miss Ruby Hoffman, who has been at the school two years, is a very competent member of the office.

Office girls are: Elizabeth Grundy, Muriel Burton, Minnie Jackson, Laura Hull, Peggy Evans, Marthlyn Burnett, Patricia Alexander and Nadine Padgett.

## Halloween In Sept.; No, Initiation Day

You'd have thought Halloween was already here in MHS one day last week, but it wasn't. No. It's just the 1st year Homemaking girls undergoing initiation day. The girls had to starch their hair, wear lots of rouge, all the costume jewelry they could find, bring their lunch in an old purse with a bar of soap in it, wear the oldest sweater they had, wear their daddy's shoes and socks, wear ribbons all over their back and wear blue jeans.

All this on one girl. You can imagine what about 30 looked like running around in the halls.

## Science Department Place of Interest

Miss Wrenn's Science Department was a great place of interest this week.

The students have been studying a non-poisonous garden snake. Every student in the class, except two, touched the snake. They were surprised to know that the snake was not slippery like most snakes.

The sphinx moth that was turned in last week has produced an egg and now has turned into a cocoon which by next fall will be another interesting sphinx moth.

They also have many other interesting things such as the Water Narcissus which has an unusual shape. The Narcissus is balloon shaped below the leaves and stem; which keep the Narcissus floating in water.

Try visiting Miss Wrenn's Science Department. You never know what kind of companions you have until you do.

### Industry Teams Up With Farm Youth In 4-H Programs

Ten years ago only a handful of industrial concerns were supporting 4-H Club work nationally. Today, through the National Committee on Boys and Girls Club Work—nearly 50 industries, business men and women are backing up their faith in two million 4-H Club members with incentives valued at \$400,000 annually. This amount is distributed for awards and leader training funds in 4-H programs which range from canning to tractor maintenance.

"The money is considered a sound investment in the nation's future by encouraging these rural boys and girls who have pledged their head, heart, hands and health to make the best better," declared Guy L. Noble, director of the National 4-H Committee, a non-profit citizen's group. "4-H youth learn by doing,"

Guy L. Noble

he stated, "and guiding their efforts are 225,000 volunteer club leaders who work under the direction of the Extension Service of the State Agricultural college to carry out 4-H program objectives." The teenagers do a man-sized job in their projects according to Noble, and by the time they reach 21 many are well on the way to becoming independent farmers, while others have substantial bank accounts.

Among the awards for outstanding achievement are trips to the National 4-H Club Congress held in Chicago. Here 1,100 state and national champions accompanied by club leaders assemble from every part of the country. They are joined by delegates from Alaska, Hawaii and Puerto Rico. The 1950 Congress will convene Nov. 26, and for five days the rural youth will be treated to the best the Windy City has to offer in educational tours, food, entertainment and other events. During the meeting, 150 college scholarships will be presented to club members for national honors.

This year a total of \$15,112 in U. S. Savings Bonds, and 227 watches are offered to state winners. Beautiful gold and silver medals representing 20 different projects will go to 4-H members for winning county honors.

**ORIGINAL STYLING**—The new Henry J and Henry J DeLuxe that go on display at Rice Motor Company tomorrow. These two cars are the Kaiser-Frazer's entry into the low priced field. These new sedans are smartly styled without "frills" or excessive ornamentation. A major utility feature is the arrangement of the rear seat, which folds forward to make a level cargo floor and provide a spacious 50 cubic feet of storage area.

### Rice Motors Show New Henry J Car

The Henry J. Kaiser-Frazer's new entry in the low price field, will go on display in Memphis for the first time at Rice Motor Company, Friday.

E. E. Rice, local Kaiser-Frazer dealer, said that the new Henry J is small in only one feature—price. On test runs the Henry J excelled more expensive makes in speed, acceleration economy, maneuverability and roadability.

The Henry J has a six cylinder Superperson engine that delivers 80 horsepower. The four cylinder engine has a 60 horsepower rating.

Overall length of the Henry J is 174 1-2 inches from bumper to bumper and overall width of 70 inches. The car will turn in a radius

of 17 feet 6 inches.

Kaiser-Frazer reported that in extensive road test over many months the Henry J demonstrated its ability to leap from 0 to 50 miles per hour in 10 seconds and to reach 60 in a little more than 14 seconds.

Rice said that the low cost of the Henry J is just one of the many economical features of the new car. The 30 to 35 miles per gallon on gas and the low cost of replacement parts will make it the most economical car on the road.

### Rally Day Sunday Christian Church

Minister Bedford W. Smith, First Christian Church, announced that this Sunday will be rally day in the Bible school.

Efforts are being made to have

100 per cent plus in attendance for Sunday morning.

"God's Roll Call" will be the sermon title at the 10:50 morning service and "The Kingdom in Power" will be the theme of the evening service at 7:30.

Minister Smith will hold a preaching service at the Hedley Christian Church Sunday afternoon at 4 o'clock.

### Lalla Sue Gidden Is Party Honoree On 4th Birthday

 Opens October 2**

Iowa Park, Texas, (Special)—  
 The Texas Oklahoma Fair will get  
 underway here Monday, October  
 2 with all exhibits in their place  
 by 9 o'clock.

Formal opening, however will  
 not be until following the huge  
 downtown parade in Wichita Falls  
 at 4:30 Monday afternoon.

Four thousand dollars worth of  
 plant improvements have been ad-  
 ded this year, greatly adding to  
 the appearance and comfort of  
 fair patrons.

A few of the interesting things  
 for the people to observe this year  
 in the progress of livestock, agri-  
 culture, education and industry  
 and entertainment features in-  
 clude: More than 200 head of  
 prize-winning Herefords from four  
 states; more than 100 Quarter  
 horses belonging to major breed-  
 ers of the Southwest, with cut-  
 ting and roping contests being  
 held on Friday; coronation cere-  
 monies of pioneer queen and old  
 fiddlers contest on Tuesday, Oc-  
 tober 3; more than 100 head of  
 dairy cattle shown by some of the  
 largest breeders in this section;  
 the Four-H and FFA boys live-  
 stock show; numerous agriculture  
 and women's department exhibits.

Each afternoon Tuesday through  
 Friday there will be community  
 participation programs from towns  
 throughout this area of Oklahoma  
 and Texas.

The Gunnison home which was  
 erected this week and is com-  
 plete to inside furnishing and land-  
 scaped yard. Each ten thousandth  
 person inspecting this home will  
 receive a five-piece dinette suit.

Sheppard AF Base will 3,000  
 square feet of nationally famous  
 exhibits; visitors may see "ham  
 operators" sending messages and  
 may send messages to area cities.

High school band contests will  
 be held on Tuesday and Thurs-  
 day afternoons with large num-  
 ber of area bands participating.

The first four evenings of the  
 week the Mid-Western Revue will  
 be presented in the Texas Okla-  
 ma Fair theatre while the last two  
 evenings the stage will be turned  
 over to the Championship Square  
 Dance contest of the Southwest.

### Tommy Messer Is Senior President

Mr. and Mrs. W. J. Messer became the parents of a son, Thomas, on October 31, 1933. Today their son is somewhat larger, standing five feet ten inches tall and tipping the scales at 150 pounds.

Last week, this brown-haired, grey-eyed boy was elected president of the 1950 Senior Class. This is only one of his many honors. He was chosen Sophomore Class Favorite, served as Sports Editor on the 1950 Annual Staff, made Who's Who both his Sophomore and Junior years, and has taken an active part in the athletic program for several years. Tommy is an excellent athlete, staring especially in football, his favorite sport. Track and basketball round out this full program.

His favorite subject is physics and is taught by the teacher he likes best, Miss Neville Wrenn.

In the entertainment field, Tommy likes movies that star Van Johnson and Virginia Mayo. When listening to the radio, he prefers the Saturday night "Hit Parade" and like it especially when his favorite song, "Don't Cry, Joe" was on top. Tommy chooses hunting as his favorite pastime.

During his 17 years, his biggest thrill came last year when the Memphis Cyclones defeated the Quannah Indians with a close score of 6 to 7. To everyone who saw this exciting game, Tommy's choice of his greatest thrill is understandable.

After graduation in May, Tommy plans to attend Southern Methodist University, making his major mathematics. Tommy hopes to fulfill his ambition by becoming a construction engineer.

### Memphis FFA Boys Go To District Meet

An organization meeting of the Greenbelt FFA District was held at Childress Tuesday, September 27. Schools represented were: Carey, Childress, Chillicothe, Clarendon, Crowell, Estelline, Hedley, Lakeview, Memphis, Paducah, Quail, Quannah, Samnorwood, Turkey and Wellington.

The purpose of this meeting was to set up the activities of the year such as the District FFA Banquet, to arrange dates for leadership and judging contests, to elect officers for the year, to discuss National Convention at Kansas City, and other items of business connected with the year's work.

Don Beasley was elected as the nominee for district officer from the Memphis Chapter. Raymond Whitton was the official voting delegate. Doyle Collins, Don Lee, Gerald Beard, and Troy Moore were the visiting delegates from the local chapter.

### Speech Club Meeting

The Speech Club is meeting tonight at 7:30 p.m. for its second meeting in the Senior Class room, according to a report from the president, Scotty Grundy.

The club is too large for one sponsor, and a decision will have to be reached on whether to have two separate clubs, whether to try to get another helper or whether to limit the club to Seniors and Speech Class members. This club is a very active organization.

### AFTER-GAME PARTY

The Junior Officers met last Thursday night for making plans for the coming Junior Party which is to be held after the Memphis vs. Lefors football game. Further plans are to be made before the party. Everyone is invited.

### RECORDS IN SPANISH

The Spanish Class had their voices recorded Thursday morning. What a shock it was to hear their own voices speaking the Spanish!

The students who had the thrill of hearing their voices were: Nan Crowder, Jacky Gilbert, Gloria Harris, Martha Howard, Clinton Jones, Nadine Padgett, Leona Robertson, Betty Stewart, Betty McWhorter and Margaret Massey.

### Grid Stars Chosen For Second Week

The question of "Who is your favorite football player and why," was asked to several more of the students this week. Answers such as these were received.

Jacky Gilbert chose Charles Messer because of his good size, excellent sportmanship, and always knowing the plays and what to look for next.

Miss Hightower likes all the team, and says that one member wouldn't be much good without all the others.

Eudine Gable thinks Harvey Kennedy is a real sport, has taken his share of the rough treatment, and still backs the team with enthusiasm. When Harvey gets back into the game he will be the fastest person in the district.

Mrs. Strygley admires Lee Bloxom and Max Kennedy for their honesty and fairness, not only in the game, but in every day life, and their principles and ideals are high.

Bennie West chose Duane Miller because of his excellent sportmanship, and the way he can get rough.

Last and certainly not least, Ann Spoon chose Coach York. All the team is great, but without "Chuck" the team could have gone no where. The way Coach York influences the team to go all the way is really grand.

### PHYSICS CLASS

The Physics Class is studying air pressure and its effects. The class has made a very interesting barometer which tells the amount of pressure in the air. Did you know that every square inch of your body receives an air pressure of 14.7 pounds????

### Thanks

I wish to thank you for your splendid cooperation in keeping the halls clear before school and at noon. You can't realize how much difference there is between now and the past.

If you should arrive at school before 9 A. M., please report directly to the gym instead of standing on the campus.

Thanks for your wonderful cooperation.

W. C. Davis

### Whirlwinds Over Bobbitt

The Jr. High School brother of the Cyclone first game this season beating the Calhoun Jimmie Jenkins scored in the first period. Both teams Bobbitts were the winds lived up to the "blew over them."

### To Go On All-Night Hike; Attend Training Course

Troop 35 will go on an all-night hike and attend a training course at the stadium and help direct the parking of cars for the game. The troop will return from the camping trip Saturday at noon and Scoutmaster Myers will leave for Canadian, Texas. Myers said that every boy should bring his pack sack for the trip and hike Saturday morning. Myers will attend a scouters training course in Canadian over the week-end. This course will be

directed by Bob Peron, Scouter from the national council. The course is for all the scouter of the Adobe Walls council and they will study various courses over the week end. Peron will take the scouter into the field to demonstrate the courses. Peron is well known in scouting circles for his exploration of the Grand Canyon in Arizona. Myers said that if any of the fathers of scouts in troop 35 would like to attend the course, they would be more than welcome to go to Canadian with him.

### Belle-Grundy YWA Observes Mission Week of Prayer

The Belle-Grundy Y. W. A. of the First Baptist Church met at the church September 25 in observance of the State Mission Week of prayer. Following a hamburger supper, a program titled "Texas for Christ—Because I Live" was presented by Mrs. J. O. Strother, Laverne Dodson, Laverne Rollins, Patsy Hays, Dorothy Hodges and Vernice Spencer. Those attending were Vernice Spencer, Patsy Hays, Joan Lockhart, Minnie Lee Jackson, Laverne Dodson, Eudine Gable, Patsy Jean Adeock, Nonnalee Ellis, Louella Eads, Dorothy Hodges, Mrs. Lynn Jones, Mrs. J. O. Strother, Patsy and Jim Strother and Nancy Jones.

### W. C. Davis is Guest Speaker at B&PW Meeting

W. C. Davis, superintendent of the Memphis Schools, was guest speaker at the Business and Professional Women's Club luncheon meeting on Thursday of last week. Mr. Davis gave an interesting talk on measuring up to whatever your job may be in life. In discussing the subject, Mr. Davis brought out if you have Christ in your life it will glow through your personality.

"One should be a good morale builder and train one's mind to meet the problems that arise from day to day", he concluded. Mr. Davis was introduced by Miss Mary Foreman, program chairman. Members present were Lucille Burnett, Molly Carlos, Birdie Sanderson, Myrtle Gibson, Isabel Cypert, Mary Foreman, Hester Bownds, Fan Kirk, Aulus Ayers, Bettye McBee, Marjorie Kester-son, Hattie Dem Thompson, Mazine Phillips, Virginia Estes, Joe Solomon, Mable Lavender, Diadom, Connie Saye, Una Loar, Inez Mason, Mary Smith, Fk Hightower, Francis Farmer, Opal Duke, Mildred Spicer and one new member, Nell Beeson.

### Atalantean Club Meets in Home of Mrs. Pallmeyer

The Atalantean Club met in the home of Mrs. S. B. Pallmeyer Wednesday afternoon of last week with Mrs. I. M. Isham, president presiding. The program topic for the day was self education and roll call was responded to with "What Are you Reading?".

A very clever parliamentary skit, "Why Parliamentary Laws and Procedure for Clubs," was presented by Mrs. Robert Sexauer. Delicious sherbet and cake was served by the hostess to the following members: Mmes J. W. Coppedge, Bill Cosby, H. B. Estes, Henry Foster, John Fowler, N. A. Hightower, H. J. Howell, T. M. Isham, Claud Johnson, Robert Sexauer, Edwin Smith Jr., Robert Spicer, C. R. Webster, Ed Monzingo, J. H. Norman, J. A. Odom, Myrtil Phelan, O. I. Seal and Miss Imogene King.

### Large Bobcat Shot Near Indian Creek

E. M. Crenshaw, water well driller from Hollis, Okla., reported that he and his drilling crew shot and wounded a large bobcat about four and one-half miles west of Memphis, near Indian Creek. Crenshaw said that he was about 25 feet from the cat when he shot him. He wounded the cat, but it got away in the grass and brush. Crenshaw said that the cat looked to be about 30 inches long and was one of the biggest cats that he had ever seen.

### CARD OF THANKS

We take this means of thanking our friends, neighbors and brothers and sisters in Christ for the wonderful way you came to our aid during the illness and passing of our loved one. We could not see and personally thank each of you, but want you to know your kindness, tenderness and sympathy is appreciated. We feel unworthy of such expressions of esteem, but are humbly grateful. Thank you for the beautiful cards and letters also the food you so lavishly furnished, which was delicious. The flowers were lovely. It all helped when we most needed help. May God bless each and every one of you. Mattie and Wylie Orr, George Copeland, Mattie Lou and Dorothy Jo Copeland.

### Eagles To Meet Happy Cowboys In District 2-B Game

The Lakeview Eagles, still smarting from the defeat handed them by the Quitaque Panthers, will take on the Happy Cowboys in a district 2-B game Thursday night. The Eagles will be the favored for the short end of this, their second district game, because of their lightweight team average. The team will average only 148 pounds per man. The Cowboys beat Claude last week 39-13 in a non-conference game and will be playing this year to erase the 12-6 defeat hung on them last year by the Eagles. Probably starting line-up for Lakeview will be: ends, Lollis and Wylie; tackles, Lewis and Garrison; guards, Marler and Lindley. Payne, quarterback; G. D. Hall and J. W. Lindley, halfbacks and William Verden fullback.

Regulation No. 1, covering inventory control, effective September 18, 1950 is the first to be issued by Mr. William H. Harrison, Administrator of the National Production Authority; the newly created agency in the U. S. Department of Commerce was set up in accordance with certain provisions of the Defense Production Act of 1950.

This regulation limits to a "practicable minimum working inventory" the quantities of various ferrous and non-ferrous metals and minerals, chemicals, building materials, textile materials, rubber materials and forest products that can be ordered received, or delivered. Ultimate consumers buying for personal or household use are exempted from the inventory regulation. "Practicable minimum working inventory" is defined in the regulation as the "Smallest quantity of

material from which a person can reasonably meet his deliveries or supply his services on the basis of his currently scheduled method and rate of operation."

Copies of Regulation No. 1, and other information concerning the National Production Authority may be obtained in this area from the United States Department of Commerce, Regional Office, Room 1114, 1114 Commerce Street, Dallas, Texas.

Hal Goodnight Buys Johnson's Half Of Piggly Wiggly

Hal Goodnight announced this week that he had purchased the interest of D. S. Johnson, Jr., in the Piggly Wiggly grocery here, and will be sole owner of the store in the future. For the past few years it has been operated as a partnership. Goodnight has been in the grocery business in Memphis for the past 25 years. He stated that very few changes are contemplated for the store within the near future. No announcement has been made as to Johnson's future plans.

Two Test Wells Set Near Hall County

Prospects of oil in Hall County were given a slight boost with the announcement that two new test wells were being spudded in just east of the county line.

Work has begun on two test wells by the Pure Oil company and Jack Grace drilling company. Pure Oil company will reopen a test made several years ago on the property now owned by Annie Ruth Bell and Virginia Head. The Texas company ran the first test down 7620 feet and then capped it off. This test will go beyond the 7620 level and then reinvestigate.

Jack Grace company is spudding in farther north on the Gourd Land and Cattle Company ranch. This test is being run for Armour Properties on a Tidelands lease under an arrangement with Neild and Hood. It is on the Knott survey, section 31.

### NATIONAL NEWSPAPER WEEK

Thomas Jefferson said, "If I had to choose between a government without newspapers and newspapers without a government, I would choose the second." He was right. A free press is the lifeblood of a free people.

If the newspapers of Jefferson's time, with their limited source of news, had that much influence, how much do they have today with their vast system of news coverage? They have enough influence that the people should stop during "National Newspaper Week, October 1-8, and remember that only in countries where there is free press is there free people.

The people in these countries are free because in their newspapers they have thousands of editors and reporters who wage a constant fight to keep the people informed to what is happening. When this information is presented to the people they are enlightened on the problems of today and can vote for officials that respect the rights of man. A free press and an enlightened people make the biggest stumbling block ever set in the path of men trying to secure dictatorial powers.

To destroy the freedoms of America, the free press must be destroyed. Controlling the large newspapers would be controlling only a minor part of the American press. It is the small dailies and weeklies that give voice to the ordinary people of this nation.

It is these small papers that give the people the news of their locale. For home town coverage of news and advertising there is no better media than your local paper.

Strengthen the free press of America by supporting your hometown paper during "National Newspaper Week," October 1-8.

"What fools these mortals be that cannot learn from European socialists that government ownership means inefficiency, scarcity, low pay—and most important, no remedy for the laboring man."—News-Herald, Italy, Texas.

### BEEF SPEED UP

Countless volumes of fiction have been written about the Wild West, its cowboys, Texas steers, cattle rustling and driving of herds over long trails. It makes exciting reading, especially with a little gunplay thrown in.

But how good was the beef produced in those days? If one judges by the pictures of the "critters" of fifty years ago, compared with the modern beef animals that you see today on the larger ranges as well as small farms, the difference is almost unbelievable. The long-legged rangy steer of the two-gun story period looks like he would be pretty tough eating compared with the short-legged, heavy set, well-fattened animals that go to the packing houses today. There is just about as much difference between them as there is between the angular automobile of the early 1900's and the slick, streamlined product of 1950.

The meat packing industry and the farmers have been as busy producing new "beef models" as automobile manufacturers have been producing new car models. The consumer of meat, however, does not realize this. He has no idea of the cooperative effort that has taken place between the cattle raiser and the meat packer and the technical advances that have been made in processing meats in order to produce uniform quality that was unknown a few short years ago.

Whenever a new wrinkle for a life-destroying atom bomb is perfected the news is flashed around the world as a great accomplishment. But when bread and butter industries such as packing and farming produce a better meat animal, the accomplishment is taken for granted and little or nothing is said about it, but producing better food is a blessing to the whole human race.

## HERE WE GO AGAIN

### Press Paragraphs—

#### QUOTING OUR NEIGHBORS

##### Minority Groups

While the United States and other Christian nations have been doing all in their power to create places, and new lives, for the displacement persons of Europe recent news stories in the daily papers reveal that Russia and other communist nations are doing exactly the opposite. Hundreds of thousands of peoples of the Communist nations in Europe are being deported from their native, adopted homes for political reasons, and others. Not only are these victims of the Russian purge being deprived of their property and homes but they are innocent working a hardship, in some cases almost unbearable, on the democratic states called on to offer them a haven of refuge. Supposition is that the Communists are dumping the unfortunate minority groups onto the other European nations to impose a strain on their economy, and to furnish a cloak for the infiltration of Communists who will carry on subversive activities wherever the Kremlin directs. In this respect, as well as on the battlefields of Korea, the Communist ideology is proving that mortal human beings are of no consequence in their scheme of things other than to serve as chattel to further the designs of the Comintern.—Castro County News.

##### One View

A farmer came in the Canyon News office the other day seeking information. There is nothing we have more of than information—and usually it is wrong, but any one feels highly complimented when folks come around to ask what we think of this and so. That not only applies to the Newsman, but likewise to every reader of this page. All of us are long on information, whether it is right or wrong.

At any rate, our visitor started out by saying that he had never met either Congressman Ben Guill, or his opponent Walter Rogers. Since the Newsman had known Ben Guill since he was a school boy in Canyon and West Texas State; and since we have met Walter Rogers several times during the campaigns, and had checked pretty carefully on his record, we felt pretty flattered that some citizen of Randall county felt that we had a fair knowledge of the ability of the two men.

Both live in Pampa; neighbors in the same block; belong to the same church; to the same Rotary Club of Pampa; and have been personal friends for many years.

Said Ben Guill the other day while in Canyon: "I am not going to mention my opponent during this campaign. He is my friend, but I do not like the crowd he runs with."

That is a pretty good summary of the present campaign.

Now let's look at the record for a minute.

Ben Guill was elected over 10 Democrats. While he was a life-long Democrat until 1940, when he quit the party, because it is no longer a party, and joined the opposition. He thought he could be of more service to his country as

a Republican than as a so-called Democrat. He is opposed to the Truman way of running the government. There were enough Democrats in the district who agreed with him to elect him as our Congressman.

Walter Rogers ran as an opposition candidate to the Truman administration. He charged that Altavene Clark was sent from Washington to defeat him. The people believed him. It would seem that there are more folks here in the Panhandle who are opposed to Truman than there those who favor him. We are willing to let the vote stand for the opinion of the

##### voters.

Since our visitor was a farmer and is vitally interested in the future welfare of the farmers, he was naturally interested in what Ben Guill was doing in Congress, and how, as a freshman member of the House, he got on the powerful Agricultural Committee. This is one of the most sought after appointments in the House, and the appointment of Guill was no accident. One of the senior Republican members was offered appointment on another committee, and he resigned in favor of Guill, the only Republican member from Texas.

Our visitor wanted to know how long Ben Guill could stay on this committee. If the Democrats continue in control of the House after the November election, and Guill

# Front Wall Outstanding As Cyclone Routs Plainview 'B' 44-14

Memphis split T Cyclone routed Plainview's Bulldog 44-14 at Cyclone Stadium Friday night. The Cyclone debut before home fans was marred by the opposition. The Plainview squad was outclassed and did little against Coach Chuck York's overpowering line.

The Cyclone line was the outstanding performers of the game. The aggressive aggregation of Rasco, Bloxom, Moore, Pierce, Vinson and Messer provided deadly blocking and gave quarterback Wayne time to start his plays. The Plainview ground game gained 31 yards during the first half.

The scoring department incorporated Tommy Messer made four touchdowns. Carl Lee, 120 yards, made one. Don Messer, right end, made one. Reserve back made one. Ronnie Smith kicked the extra point.

The scoring was done in the second period against the Cyclone. Ben Smith recovered a fumble behind the goal line. The Bulldog score and the Cyclone score were passed to Clifford Messer on the second play. Wayne Messer ran over both ends.

Plainview kicked off to Memphis. The Cyclone returned the ball in play on the 44. After losing five yards, Ludeke punted on the 29 to his 48 for 19 yards.

Memphis broke with full fury on the first play. Tommy Messer kicked the ball 17 yards. The Cyclone split T did just what it was supposed to do. Stargel ran to the right side of his back at the Plainview end. The Cyclone pitched out to Messer. Messer, aided by Sutterfield blocking went 31 yards.

The point try was no good. The Cyclone fumbled on the pass play.

Messer kicked-off for Memphis. His kick went to the 12 yard line. Sutterfield picked it up and ran it to the 20.

The 20 Sutterfield picked up and Taylor passes to Messer for 10 yards and a first down at the Cyclone forward wall.

## LEGAL NOTICES

THE STATE OF TEXAS  
To: R. D. Barnes and husband Luther Barnes; the heirs, unknown heirs and their heirs of R. D. Barnes and husband Luther Barnes; and the legal representatives of each and all of the above-named defendants greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 30th day of October, A. D. 1950, at or before 10 o'clock A. M., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 12 day of September 1950. The file number of said suit being No. 3329. The names of the parties in said suit are Mrs. Verner Phillips, a feme sole as Plaintiff, and R. D. Barnes and husband Luther Barnes, the heirs, unknown heirs, and their heirs of R. D. Barnes and husband Luther Barnes; and the legal representatives of each and all of the above-named defendants, as Defendants.

The nature of said suit being substantially as follows, to-wit: said suit is an action in trespass to try title as defined by the Statutes of the State of Texas and prescribed by the Rules of Civil Procedure, alleging ownership in fee simple in plaintiff Mrs. Verner Phillips and seeking recovery by said plaintiff of the title and possession of the following described lands in Hall County, Texas, to-wit: All of the South half of the Southeast one-fourth of Block No. 2, Shad's Addition to the town of Memphis, Hall County, Texas.

Alleging that plaintiff has title to said lands in fee simple in fee simple in plaintiff Mrs. Verner Phillips and seeking recovery by said plaintiff of the title and possession of the following described lands in Hall County, Texas, to-wit: All of the South half of the Southeast one-fourth of Block No. 2, Shad's Addition to the town of Memphis, Hall County, Texas.

Ten Year Statute of Limitations: that the defendant actually own no interest in said land and any apparent interest they own should be removed as a cloud on plaintiff's title, for which plaintiff prays, for costs of suit and for general relief.

## Don't Be Satisfied With Symptomatic Relief! HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition  
When due to lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin in your system!

**Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma,** suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress (gas pains, heartburn, indigestion after eating) due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

**Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio,** "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

**Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa,** writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results... she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great 'builder-upper' for sick, nervous, puny kids whose systems lack precious Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

**Mr. Henry Angel, RD No. 1, Springfield, Ohio,** "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

**IMPORTANT!** Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief — because now it's possible to relieve the cause of such deficiency sickness with that wonderful new HADACOL. HADACOL not only supplies deficient systems with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25. Large family or hospital size, \$3.50. © 1950, The LeBlanc Corporation

## Whirlwind Win 10; Beat Childress 12-0

The Memphis Junior High School Whirlwinds stretched their winning streak to ten games last Thursday night by whipping Childress junior high 12-0 before a large crowd of Memphis rooters.

Coach George Childress started a team that had only two boys back from last year's district championship team.

Memphis scored late in the first period when "Red" Miles scored from the four yard line. Jenkins,

left guard, scored the second touch-down when he intercepted a pass on the line of scrimmage and carried it back five yards to the Childress 30.

The first score was set up when McQueen, left tackle, intercepted a pass on the line of scrimmage and carried it back five yards to the Childress 30.

From the thirty, Montgomery picked up nine, Davis gained seven, but had it nullified by a five yard penalty. Miles then broke

loose for eleven yards to the fifteen. From there Ledbetter picked up eleven, moving the ball to the four. Miles carried over for the score.

James Freeman, who replaced quarterback Boone on defense was a standout in the defensive line. Davis along with Ledbetter and Miles turned in some hard ground gaining yardage from their back field slots.

### Cloud Patterns

The clouds of glorious profusion parade across the sky. Sentinels of celestial beauty, they are continuously changing; from the soft colors of the early morning to the fluffy white masses of mid-day to the radiant hues of eventide. As a child, I daresay, you spent many an idle hour on your back in the grass watching the clouds float by overhead and wondering at their shapes and beauty. In youth or old age, the masses of vapor suspended in the stratosphere make interesting subjects for contemplation.

- Pastel splashes in the eastern sky
- Announce the day is dawning;
- Fluffy cumulus floating by
- Like puff balls of mid-morning.
- Cloud sprays dapple the evening sky
- Against a lapis blue;
- Billows edged with golden lace
- Filter late sunbeams through.

We have nicknames for the clouds as thunderheads, mare's tails, woolpacks, and cauliflowerers, but there are real names derived from the Latin for the various cloud formations. Hal Borland, writing in "Holiday" gives us some worthy food for thought as to said vaporous accumulations.

The cumulus (heap) clouds characteristic of the West, the mesa and high plains country, are great fluffy masses which sail through the air from a half to a mile above the earth. Formed in the heat of the day, they either disappear as the temperature cools or rises to higher altitudes there to break into smaller masses and form a "mackerel sky" pattern. When, in late evening, the setting sun tinges the edges of these alto-cumulus clouds with gold the effect is magnificent.

The cirrus (curl) clouds are less spectacular and ride higher in the sky than do the cumuli, oftentimes they are from eight to ten miles up. Composed of ice particles and snowflakes, they are common-

ly called "mare's tails" because of their shape. Though the cirrus clouds are ordinarily signs of fair weather, these feathery spray formations may also be the forerunners of storm.

The nimbo-stratus (rain-layer) clouds are ominous gray masses that hover above the earth and, when ready, send down drenching rains, hail, or snow in season. Many cloud combinations prevail e. g. the cumulo-nimbus are the "thunderheads" as we know them

FRANCO FIANCEE? . . . Nine Dyer, English beauty, vacationing on the Riviera, is being linked romantically with Nicholas Franco, the Spanish dictator's brother.

and the alto-stratus (high-layer) clouds peculiar to the mountainous regions may bring snow but never rain.

The only clouds visible at night are the noctilucent (night-luminous) and nacreous (mother-of-pearl) formations which occur from thirty-five to fifty miles high and move at a speed of from 150 to 200 mph. While ordinary clouds are composed of vapors, it is thought that these high-flying night clouds may be formed of fine dust as are meteors and comets.

Tornado and cyclone clouds of the South and Midwest areas are essentially dark-cloud masses with a twisting funnel spiraling toward the earth. Fog is a cloud in contact with the earth which, though seeming to have no movement, flows into the valleys and over the hills. Scud is the low-flying, fast-moving grayish vaporous formation appearing just before or just after a rain storm. Smoke clouds common in industrial areas and resulting from forest fires travel many miles and remain in the air for long periods of time.

Mr. Borland concludes by saying that, as a general rule, clouds ride higher in summer than in winter; lower over well watered regions than over desert country, and higher near the equator than near the poles. On humid days, the clouds ride lower while on warm dry days they rise into the upper atmosphere and stay there.

Someone commented that, "A man who tries to watch a sunset stands very close to God," and so he does. As to the sunset, dust particles, smoke, and the minute ice particles of the cirrus cloud combine to shatter the sunlight into the multicolored splendor that glorifies the evening sky.

## THE TEXAS ECONOMY COMMISSION

By MRS. CHARLEY WARD  
State Vice-Chairman  
Texas Economy Commission  
(Editor's Note: This is the third of a series of articles on the Texas Economy Commission.)

The Texas State government needs to be reorganized to bring spending of tax money down to the level of essential public service. The government needs to be reorganized so that this service can be rendered effectively and economically.

You learned these two basic facts in earlier articles in this series.

You also learned that the Economy Commission plans to enlist the advice, criticism, and labor of every thinking Texan in its work. The reason is simple: Without public understanding of the need for reform in our government, there can be no reform. Only with an informed public behind it will the Legislature take practical action.

Here is how the Texas Economy Commission is bringing thinking citizens into the picture:

The original 600 members of the TEC were appointed by Governor Allan Shivers to sponsor a program of intricate research into every phase of the 200 agencies that make up the government of Texas. These 600 citizens are headed by a board of directors, one from each of the 31 State Senatorial Districts, and nine at large.

The top officers of the TEC are John Redditt, of Lufkin, chairman; the writer, Mrs. Charley Ward, of Louise, vice-chairman; John Ben Shepperd, of Glade, water, secretary, and E. P. Craven, of Austin, treasurer.

Each director of a State Senatorial District sees to it that every county in that district organizes a county branch of the TEC. The county branch consists of all the Governor-appointed TEC members residing in the county, plus all the contributors of from one dollar up to \$100, plus any other interested citizens, whether or not they contribute. The contributors and interested citizens are associate members of the commission.

The county branch elects a permanent county chairman and committees on speakers, publicity, finance, and study clubs.

The speakers' committee furnishes speakers on the work of the Economy Commission to any civic group that requests a speaker. The Austin office supplies factual material for these speakers.

The publicity committee keeps the county informed on activities

of the speakers, and on activities of the other groups of the county branch.

The finance committee raises the county's share in a state-wide quota of \$75,000 to finance the TEC researches into the state government.

The study clubs committee conducts periodic informal sessions on why efficient, economical reorganization of the state government is necessary, and on how the TEC is going about its task.

The permanent county chairman takes part in the work of as many of these committees as he has time for. And he is the general administrative head of the county branch.

This may sound far more complicated than it really is. There are a great many Texans who do not have to be "sold" on the need for good government, efficient government, economical government. In some cases, there will be little work for one county committee, but a great deal for another. In these cases, members of the study club committee, for example, can help the finance group, or any other committee needing help.

Each county has its own peculiar local situation, its own special problems to meet, and its own special approach to make.

The primary goals before every member of every branch are: "Economy, efficiency, better public service."

The next article in this series will include comments by editors of Texas newspapers and quotes from outstanding citizens on the work of the Texas Economy Commission.

## REMEMBER WHEN

### ... it was either too hot or too cold

Many's the tea-kettle of hot water you toted from the kitchen to the tub. Remember? It's an almost forgotten ritual nowadays, for nearly every modern home in the Gulf South enjoys the convenience and economy of an automatic gas water

heater. Natural gas serves your whole family—helps with all the big jobs in the home at a cost of only a few cents a day.

An automatic GAS water heater is an essential factor in modern living . . . keeps a plentiful supply of hot water always on hand to make your household tasks easier, more enjoyable. See the new gas water heaters today wherever gas appliances are sold.

A large part of the cost of our public school system is defrayed through taxes paid by the companies in the oil and natural gas industry. They are good friends of yours and good citizens of the area. Through their payrolls and local purchases of equipment and supplies, they place extra millions of dollars in circulation. That's the way the American system of Free Enterprise works. The successful operation of a business benefits everyone—employees, investors and public alike.
