## Morris Woods Hurt In Fall From Truck

Morris Woods was injured when he fell from a truck and struck his head while loading cotton at Beaty Gin at 11:30 Thursday morning.

He was taken to the Odom-Dryden hospital in a Murphy-Spicer ambulance. Although the x-ray report was not available, his condition was not considered serious.

## Little Theatre To Give Play Oct. 26

12 members of the audience will be selected to serve as jurors when the Memphis Little Theatre presents "Night of January 16th" in the district courtroom October 26.

These 12 jurors will not be planted in the audience, but will be picked by lots.

The subject of the play is a murder trail of a rich match king and it is rumored that he faked his death and went to South America to live incognito on a fortune that he had there.

The play has no heroine or hero but the leading lady is Karen Andre, played by Helen Boswell, defendant in the murder trail and the district attorney, played by Billy Tate is the leading male role. The defense attorney, played by Burr Morris, is another out (Continued on Page 8)

## Mother of Mayor Hodges Dies in California Oct. 11

Mrs. Alice A. Towle, long-time Memphis resident, died Wednesday evening, October 11, at 10:30 o'clock while visiting with relatives in La Mesa, Calif. She was 90 years of age.

Mrs. Towle was the mother of Mayor C. C. Hodges. Date and time of funeral services had not been set Thursday morning, members of the family stated. Her body will be returned to Memphis for burial, and will arrive here late Sunday afternoon.

## Martha Aduddell Is Elected Queen Of Clarendon College

Martha Aduddell of Memphis has been elected queen of Clarendon Junior College. She will compete against other contestants from Clarendon for the Halloween queen of Clarendon.

The campaign manager is T. C. Blackmon of Memphis. Miss Aduddell is the daughter of Mr. and Mrs. Jeff Aduddell of Memphis. Blackmon is the son of Mr. and Mrs. H. N. Blackmon.

HELEN CLAYTON and HOWARD JARRATT are shown in one of the costumed scenes from their concert to be presented Monday night in the High School Auditorium at 8:00 o'clock.

## Jarratt And Clayton Give Concert Mon.

The Hall County Mutual Concert Association will open its season with the presentation of Helen Clayton, soprano, and Howard Jarratt, tenor, 8 o'clock Monday night at the high school auditorium.

This duo will be accompanied at the piano with Moreland Kortkamp.

Admission to the concert is by membership only, but membership cards can be purchased from Helen Boswell.

The program promises more than the usual concert presentation. Realizing that the present-day audiences want something different, Miss Clayton and Mr. Jarratt have developed a program including scenes from operas and musicals, comedies in costume as well as fine concert songs.

Kortkamp will present even more variety with two groups of solos at the piano.

Their program opens with two tuneful duets from Smetana's comic opera "The Bartered Bride". Next comes a group of songs by Jarratt, followed by a group of piano solos.

Then the beautiful first-act scene from "La Boheme" will be

## J. H. McNeill Rites Held In Lubbock

Funeral services were held last week for J. H. McNeill, 70, who died in the Taylor Clinic hospital in Lubbock after a long illness.

Funeral services were held in the Rix Funeral home with Dr. Jack M. Lewis, pastor of the First Presbyterian church conducting the services. He was assisted by Rev. William Rogan. Burial was in the Tech Memorial park.

McNeill was a former resident of Memphis and had a carpenter shop and planing mill here for a number of years.

He is survived by his wife; daughters, Mary Louise McNeill, Lubbock, and Mrs. J. W. Hyatt and Mrs. H. D. Newby, both of Portland Ore.; brother, Charles McNeill, Carthage, Ark., and sister Mrs. E. L. Nutt, also of Carthage.

McNeill's only son was killed in World War II.

## Doctors Are Faced With Draft Calls

State Selective Service Authorities are awaiting an announcement of Texas' quota following a national call for a draft of 922 doctors, 500 dentists, and 100 veterinarians in November, December and January. A spokesman at State Headquarters said no quota had been received.

The defense department said that the Navy and Air Force have indicated that present plans do not call for similar doctor drafts.

Those who are to register in the Childress area are all medical doctors, dentists, veterinarians, optometrists, pharmacists and osteopaths who were deferred from the draft or served less than 21 months during World War II because they were training in government programs or at their own expense. Registration will take place Monday, October 16, at the Childress board office.

President Truman last Friday set October 16 as registration day for all medical men who served less than 21 months during World War II. He said the rest of the doctors under 50 years old, veterans and non-veterans, must register at a still-undetermined date not later than January 16, 1951. The draft registration does not apply to doctors already on armed forces reserve lists.

## Al Morrah Shrine To Have Banquet

The Al Morrah Shrine of Hall County and Donley Counties will give a banquet honoring the Potentate and Divan of the Khiva Shrine of Amarillo, October 19.

J. B. Skinner, president of the Al Morrah Shrine club, said that the banquet will be held in the Masonic Temple building here in Memphis and that shriners from all over Hall and Donley will be present.

The Amarillo delegation is bringing an all male quartet, "The Chanters" this group will be aided on the program by Mrs. C. L. Sloan and Mrs. Clyde Wilkerson of Estelline.

## Soil Conservation Practice Cut To 12 Under '51 Plan

It was announced this week that Hall County farmers will be allowed only 12 soil conservation practices under the 1951 Agricultural Conservation Program for this

This decision was reached last week when the Production and Marketing Association County and Community Committeemen met with representatives of other Agricultural Agencies.

Although these 12 practices do not represent all the practices normally carried out, the committee selected the ones that would not be practiced in volume unless assistance was offered.

The payment rate for large ridge type terraces took a big reduction. The payment rate was reduced from \$79.20 per mile to \$66.00 per mile. All other payments will be the same as last year.

The 1951 program will begin on November 1 of this year. Formerly the starting date on January 1. This will give farmers who wish to terrace and carry out deep breaking two extra months before planting time.

All payment under the 1951 program will be limited to one thousand dollars per person. This was necessary so that a fair distribution of funds would be available for the conservation practices.

A careful selection of the 12 practices was made so that all farmers could participate in the program whether they be rancher cotton or grain producer.

The practices are as follows: construction of terraces, construction of diversion terraces, construction of water spreading terraces, construction of earthen dams.

Leaving grain sorghum stalks on the land, deep breaking of sandy land, application of superphosphate, establishing a satisfactory cover of winter legumes.

Turning under or leaving on the land a satisfactory growth of rye, wells for livestock water, control of sage brush, establishing or improving permanent pasture by seeding.

## BUSINESS & PROFESSIONAL WOMEN TO OBSERVE NATIONAL WEEK

Roselyn Williams, president of the Memphis Business and Professional Women's Club, has announced the plans for B & P W week to be observed October 15 to 21.

Sunday Morning the group will go in body to the Baptist Church for the morning services.

Tuesday morning the group will have a club breakfast at Pound's Cafe at 7:15.

Thursday the regular noon luncheon will be held. This will complete the plans for the week.

The local organization has been organized for four years, during this time the organization has grown to a size of approximately 35 members.

National Business Women's Week has become a nationwide institution and is celebrated simultaneously in all 48 states.

It is observed each October and at this time tribute is paid to the accomplishments of outstanding business and professional women.

National Business Women's Week was conceived by Miss Emma Dot Partidge in 1928. It was started to call attention to the accomplishments of the business and professional women and the projects that the federation had undertaken.

The first National Week was in April and the week continued to be celebrated in the spring of each year until 1938 when it was moved to the autumn season.

Grand Master T. E. Jasper will visit the Memphis IOOF, 444, Tuesday, October 17. All Odd Fellows are invited to attend and meet the Grand Master.

## Josiah S. Ballard, Retired Farmer, Is Buried Wednesday

Funeral services for Josiah S. Ballard, 81, retired farmer, were held in the First Methodist Church at 4 o'clock Wednesday.

Mr. Ballard died in his home at 814 Bradford street here in Memphis, Monday, October 9.

The Reverends Rollo Davidson, Memphis, Albert Cooper, Estelline, and Frank Storey, Hedley, conducted the funeral services. Burial was in Fairview Cemetery.

Mr. Ballard was married to Miss Martha Word Cardwell, January 14, 1891 at Carthage, Tennessee. They moved to Hall County in 1892. They began farming near Newlin and moved to Ell in 1914 and stayed there until he retired in 1944 and moved to Memphis.

Ballard was born November 14, 1868, at Chestnut Mound, Tennessee. His parents were Mr. and Mrs. W. Y. Ballard.

He had been a member of the Methodist Church for the past 18 years. The Men's Bible Class acted as honorary pall bearers and the members of the Wesleyan Sunday School Class were the flower girls.

His nephews were the pall bearers.

He is survived by his wife, Mrs. Martha Ballard; one daughter, Mrs. Mary Lou Erwin, Memphis; one son, Horace Ballard, Hemet, Calif.; two brothers, Pete Ballard, Newlin; Will Ballard, Birmingham, Alabama; three sisters, Mrs. D. K. Condit, Nashville, Tennessee; Mrs. Laura Boze also of Nashville; and Mrs. Mattie Richardson, Rouchester, Texas; five grandchildren and 6 great grandchildren.

## Whirlwind Tries Paducah Tonight

The Memphis Junior High Whirlwinds meet Paducah tonight at Cyclone stadium in what promises to be one of the best games of the season for the Wind.

Coach George Childress said that his squad was in better condition than it was before the season opened.

The mentor has come up with three boys at new positions this week that will strengthen his team mightily. Doyle Brannon has been switched to fullback along with Jimmie Jenkins, Connie Edwards has been working at center with Harley Simmons.

Jimmie Jenkins, who started the season at left guard and then

## Goodpasture Tells Of Progress Made On Highway 70

At the request of The Democrat, Judge M. O. Goodpasture has prepared a report on the progress being made on the paving of State highway 70, from the end of Mulberry south across Red River.

His report is as follows: "The engineers of the Highway department who are supervising the building of the farm-to-market road from Plaska west to Oxbow and north to highway 256 put in their spare time on an engineering job on this new section and worked on highway 70. They are doing double duty."

"All locations of right of way and other sites for structures needed are substantially exact. Only minor readjustments will be necessary."

"Detail work of the survey is 70 to 75 percent complete. When this is finished the right of way will be called for by the department."

"The next task will be to make soundings across the river on the selected bridge site. A boring machine will be used there to test placements for foundations across the stream. Then the engineers in charge of designs prepare plans for the type of bridge that must be built, a bridge of strength and permanency. This will take some time itself. At this stage, if the job is to be well done, the utmost care must be used."

## ettee Ibison October 7 amarillo

Annette Mae Ibison, 70, 1317 North Grant Street, died October 7.

Funeral services were held in First Christian Church of Memphis with Minister Bedford conducting the services. Burial was in Fairview Cemetery.

Ibison lived in Memphis years. She married J. E. Ibison in Naverro, and they moved to Ellis and then on to Hall County. Mr. Denny and two children preceded her in death. She was buried October 12.

Ibison was born May 20, 1880, in Pannin County, the daughter of Mr. and Mrs. John Thomas.

She is survived by her husband, John Ibison; four daughters, Ida Mae Warren, Fresno, California; Mrs. Inez Lewis, California; Mrs. Bertha Sand Springs, Oklahoma; and Mrs. Culp, Firebaugh, California; and two sons, W. L. Denny, California; 17 grandchildren and four great grandchildren.

Funeral services were held at the home of M. C. Allen, Graham, Bill Maddox, T. Lynn, Lynn B. Jones and Jimmie Blackmon.

## Cyclones Meet Wheeler Minus Charles Messer, Lee Bloxom

The services of two regular coaches, Coach Chuck York is preparing to meet the Memphis Cyclones for the tangle with the Cyclones. Wheeler eleven, Messer and Lee Bloxom, and several other boys were slowed with injuries received in the Shamrock game.

York pulled a leg muscle in the Shamrock game and also has a bruised ear. Lee Bloxom has a bruised back muscle.

York said that his offense would be as much as his defense. He will have Ronnie Smith and Wayne Jenkins at offense. Both of these regular defensive players,

but York said that he didn't know where his defensive replacements would come from.

Tommy Messer has been slowed some by a slightly injured leg and Pete Moore has his bum knee in a brace. Although the knee was not hurt in the Shamrock game, it is the type of injury that may recur at any time.

York said that one or two more injuries could cripple his squad beyond repair.

Although the Cyclone is favored over the Wheeler eleven is not to be scoffed at. They beat Turkey 33-0 and White Deer just squeezed by them 18-13 and then turned and beat Lefors 27-13. Memphis had four straight wins

until Friday night when they lost to the favorites of district 2-A, Shamrock, 18-14.

York has been putting his charges through some rough workouts this week in preparation for the coming game and the remaining district games.

## Messer, Bloxom In Hospital Over Past Week-End

Charles Messer and Lee Bloxom were in the Odom-Dryden hospital over the week-end due to injuries received in the Shamrock game. Both boys will probably be out of the game Friday night. In spite of their injuries, they had a good time while they were in the hospital. They were in the same room and had a host of friends in to see them during the time. We hope they aren't too spoiled, after eating pies, cakes and candy and studying their favorite literature, funny books, to come back and start in regular class room work.

The student body is looking forward to their speedy recovery so they will be back in there hustling soon.

Jackie Ben Boone was born on January 12, 1937, to Mr. and Mrs. Jack Boone. He has grown a little in the past 13 years and is now five foot and 2 inches tall and weighs 125 pounds. Jackie picks English as his favorite subject, but he plans to major in Chemistry or Math at Hardin-Simmons. Jackie chooses football as his favorite sport. On the screen he prefers Randolph Scott and June Allyson, and he can spend an enjoyable evening at home listening to Bob Hope. Mona Lisa tops his song list as favorite. Jackie remarked, "My biggest thrill was when I played my first football game in the old rival, Lakeview. In later year's Jackie has been a dentist or chemist. People, Jackie has what it takes to be successful."

when Carl Lee made the first touchdown on a spectacular 38 yard run, a few seconds after the opening kickoff. Tommy Messer ran over the extra point. Soon after this Cyclone offensive drive, Tidwell scored for Shamrock. Wayne Jenkins successfully blocked Dunnham's kick.

During the second quarter of play the Cyclones again scored on a play that left the Irish stunned. Roddy Stargel's five yard pass was knocked around in the air for some few seconds by the Irish before Charles Messer, Cyclone left end took it deep in the end zone to make the score 13-6. Ronnie Smith kicked the extra point.

The winning touchdown was made for Shamrock during the third quarter. Dunnham's kick was again blocked. During the final quarter no scoring was done. The Cyclone team suffered even more injuries this week. Charles Messer and Lee Bloxom were hospitalized and several other team members suffered slight mishaps. However the team never once lacked in fighting spirit and they'll be ready to meet the Mustangs in another home game.

## English Workshop Held In Amarillo

Three Memphis English teachers, Mrs. Roy Guthrie, Mrs. Clint Srygley and Miss Ethel Hillhouse, journeyed to Amarillo Saturday, October 7, to attend the English Workshop for District IX of the Texas State Teachers Association. Dr. Autrey Nell Wiley, of Texas State College for Women was guest speaker.

The workshop started at 8:30 A. M. and closed with a discussion at 3:45 P. M.

The primary purpose of the English Workshop is to increase integration of the English programs in high schools and colleges. This year's theme is "The Coordination of Writing and Grammar in the English Program."

Such meetings as these are being held regularly, in order to improve our educational system.

## Hayride and Picnic Held by FFA-FHA

The members of the FFA and FHA met last Monday night at 7:30 at the school house where they loaded on a truck, cushioned with hay, for an old-fashioned hayride. They journeyed to the park where everyone enjoyed a picnic supper.

After everyone had eaten, all the group enjoyed singing songs and the hayride.

The FHA members who attended were Peggy Smith, Gloria Harris, Sue Miller, Peggy Evans, Inez Martin, Patsy Armstrong, Betty Burnett, Charlene Murdock, Norma Jean Townsend, Margaret Murdock, Juanita Bloxom, Alice Kenner, Maydelle Jeffries, Shirley Miller, Yvonne Sturdevant, Nancy Brewer, Margie Simmons, Sue Wesson, Jessie Faye Hammonds, Barbara Castner, Billie Hartman, Betty Kennon, Anne Bufkin, Sylvia Lee Weddel, and Yvonne McDaniel.

The FFA members that attended were Vance Adams, Kenneth Cheek, Jimmy Gibson, Larry Gillespie, John Guthrie, Don Lee, Don Ivy, Troy Taylor, Ed Wright, Don Beasley, Dempsey Archer, Tommie Davis, Johnny Freelin, Wayne Jenkins, Ralph Lockhart, Jimmie Stewart, Coy Smith, Kenneth Wesson, Raymond Whitten, Joe Bob Browning, Alfred Chappell, John Foster, Charles Hartman, Rayford Hutcherson, Bobby Mitchell, Billy Wilkins, Duane Miller and Jimmy Morrison.

## Personalities Betty Burnett Is FHA President

Mr. and Mrs. B. I. Burnett were the proud parents of a beautiful blue-eyed, brown haired baby girl, Betty, on November 27, 1936. Betty, who is now 14, stands 5 feet 5 inches tall, weighs 105 pounds. Betty was elected President of the Future Homemakers of America for the 1950-51 school year. She says Home Economics is her favorite subject and she plans to major in it at Abilene Christian College. Betty, who is a Sophomore this year, picks football as her favorite sport. Betty likes Elizabeth Taylor and Bing Crosby best of all movie stars. "Hoop Dee Doo" is her favorite song and she likes to listen to "Live Like A Millionaire" over the radio. Her most popular pastimes are eating, and cooking sweet foods.

Her biggest thrill came when she got to go to the State meeting of F. H. A. in San Antonio last year. Betty said, "This was something I had always hoped for." Betty's ambition is to be successful in high school, college, and her future life.

## Speech Club Girls Plan 3-Act Play

The girls of the Speech Club met Thursday evening, October 5, at 4:00 P. M. in the Senior room to discuss and try out for the Speech Play.

The Speech Club is planning to present, "The Bashful Bachelor" sometime in November. Those present were: Eudine Gable, Nancy Stanford, Beryle Davis, Patricia Jackson, Patsy Combs, Patricia Alexander, Gereta Graham, Beverly Snell, Betty Kennon, Onelta Ables, Shirley Foster, Betty Goodall, Patsy Sue Hays, Ann Spoon, Pat Adeock and the sponsor, Mrs. Guthrie.

## Speech Class Gives Dramatizations

The Speech Class has been giving dramatizations each day. The dramatizations are from "going to the dentist" to "sales talks." Members participating are: Nancy Stanford, Betty Goodall, Patsy Hays, Minnie Jackson, Johnny Freelan, Nina Drake, Troyace Rhudy, Bennie West, Betty Kennon, Gereta Graham, Beverly Snell, Patricia Alexander, Ann Spoon and Beryle Davis.

# Students Pick Football Stars

The snooping reporter asked several students in Memphis High who their favorite Cyclone football player was. Here are the results recorded by the reporter.

Carnis Durham picks Carl Lee because of his determination.

Minnie Lee Jackson chose Lee Bloxom because he has the ability to stand up against an opposition.

Troyce Rhudy picks Pete Moore for his hustling ambition, and because he's trying hard to come back Friday night. He's resting up from moving big Don Stokes out so much Friday.

Onelta Ables chose Peanut Pierce because although he is one of the smaller Cyclones, his size doesn't keep him from shoving the big guys around.

Donald Payne picks Tommy Messer because of his fighting spirit and teamwork.

Mrs. Irons picks Julius Stephens because he is always being sent in when the going is rough and you never hear a word from him.

Pat Goodnight chose Duane Miller because he is always rustling, sets up the guard blocks for them. Although he gets little credit for doing so, he gets 60 per cent of the down field blocks. W. C. Davis says "I think those kids out there are doing the very best they can and I'm for them win, lose or draw."

Nancy Stanford picks Don Rasco and Roddy Stargel, Cyclone passing duo and scoring attack, because of their good teamwork.

Tommy Davis chose Tommy Messer because of his fighting spirit and sportsmanship in all phases of M. H. S. sports.

# BE THRIFTY IN '50 COOK ELECTRICALLY . . . it's ECONOMICAL

Cool, Clean, Fast and Automatic!

**A few of the reasons why Women prefer ELECTRIC COOKING**

- It's Fast!** Electric "speed-units" now cook faster than any other method!
- It's Automatic!** Electric cooking's automatic controls save you time, labor, and money!
- It's Cool!** Electric ovens are insulated on 6 sides. Heat goes into food, not into the kitchen.
- It's Safe!** No matches, no flame, no fumes to get into your kitchen!
- It's Clean!** There is no smoke, soot, or dangerous fumes to mar your kitchen.
- It's Modern!** Once you cook electrically, you wonder why you stayed so long with horse-dragged methods as old-fashioned as flame cooking.
- It's Healthful!** Foods cooked electrically retain the garden-fresh flavor and food values which are often lost when cooked by old-fashioned flame methods.

**T**HE ECONOMY of the new electric ranges will appeal to any woman who watches her pennies. It's a real money-saver! Heavy insulation on all six sides of the oven keeps the heat in so you use only the heat needed without waste. Surface units, too, save by cooking faster; by putting heat directly into utensils and food, allowing no waste heat to escape around the pots and pans to heat up the kitchen.

Electric cooking requires less water; foods cook in natural juices retaining the garden-fresh flavor and food values so often lost in flame type cooking. The moist heat of an electric range reduces meat shrinkage to a minimum. (With today's meat prices that's a most important saving.) Even the cheaper cuts come out tender and juicy!

Don't overlook the penny-saving deep well cookers that cook entire meals, soups, pot roasts and vegetables with so little electricity. Clean and fast (just like electric light—and just as economical), an electric range will save you time, work, and money.

**Some day you will cook ELECTRICALLY, Why not NOW?**

**Locals and Personals**

Mr. and Mrs. Oscar Aspgrén and Knut Aspgrén of Amarillo visited over the Sept. 30 week end in the home of their son and nephew, Harry Aspgrén and family. The two Mr. Aspgrén's, who are former Memphis residents, have recently returned from a trip to their native land of Sweden. They visited a sister in Uppsala, and various old friends in the town in which they were born, Gavle, and had many interesting things to tell about the changes and progress in Sweden since they left there in 1902 and 1903.

Rev. and Mrs. Roy Shahan visited their son, Bob Shahan, Wednesday and Thursday in San Angelo. He is in the National Guard and will report for active duty Oct. 15

and will be sent to Fort Bliss, El Paso.

Mrs. J. H. Norman left Friday night for Dallas where she will visit with her daughter, Mrs. M. D. Spry and family. Mrs. Norman plans to be gone for two or three weeks and while in Dallas will attend the fair.

Mr. and Mrs. E. R. Pate Jr., and daughter of Waco are here this week visiting her parents, Mr. and Mrs. E. T. Prater.

Mrs. Bob Powell and Mrs. Michael Bara and son Mike of Dumas visited over the week end with their mother, Mrs. T. M. McMurtry.

Printess Bellinger of Altus, who is a brother-in-law of Mrs. Newman's, visited in her home Sunday.

Dr. and Mrs. R. L. Vineyard of Amarillo spent the week end here in the home of his sister and husband, Mr. and Mrs. J. C. Wells.

Mr. and Mrs. Henry B. Newman of Amarillo and family visited Sunday with his mother, Mrs. Henry Newman.

**Troop 35 Selling Cushions At Games**

The Memphis Lions Club, sponsors of scout troop 35 and members of troop have been selling cushions at the football games for the past two weeks.

The money from these sales will go to the revolving fund. This money will be used for repairs on the scout bus, scout trips, scoutmaster's expenses on car and many other things needed.

Some people seem to be laboring under the impression that the scouts are just renting these seat softners, the scouts are selling these cushions. The purchaser should take them home instead of leaving them in the stands.

The cushions are well padded and have the emblem of the Memphis Lions Club and troop 35's emblem on the outside. These cushions are sealed in an airtight plastic bag.

Even if you are not going to use the cushion after the game, the plastic bag is good for storing food or many other things.

The scouts are selling these cushions for they believe that is the best way to replenish the depleted revolving fund. When you buy a cushion you are padding the thin revolving fund for the scouts and the hard concrete of the stadium.

**getting ready**  
Think of attaching a cultivator in one minute or less! It can be done with a Ford Tractor and Dearborn Cultivator. Other tools, too, attach or detach quickly.

**going to the field**  
You need not hold down road speed to "save" Dearborn Lift-Type Implements. They are carried instead of dragged. You gain working time and save repairs.

**working in the field**  
Moving the Ford Tractor Hydraulic Touch Control lever up or down controls the depth of ground working implements. No lugging at ropes or levers.

**Plus the advantages of a 'LIGHT' and a 'HEAVY' Tractor**

While working, most Dearborn Implements become almost literally a part of the Ford Tractor. In the case of any implement designed with "suck," the suck adds weight on the tractor's rear wheels... you get, automatically, more weight when you need it, less weight when you don't.

The Ford Tractor is "fast on its feet," economical. Gives you speed and easy handling on "light" jobs, such as mowing or cultivating.

In breaking sod and similar hard jobs, "suck" adds the effect of additional weight, giving you a "heavy" tractor when you need it.

Hall County Gets Small Piece Of Road Building Pie

The Texas Highway Commission laid out 1,261-mile, \$60,000,000 building plan for the state's major highways during the next two years.

Of all this money that is being spent over the state Hall County will get some work done, but not the completion of the six miles of paving on highway 70.

The work will be done on U. S. 287 and it will be replacing the five tenths of a mile of bridge railing over the Prairie Dog Town fork of Red River.

The work on highway 70 is being held up until the engineers complete several surveys that they are making to determine which route will cut down on bridge building after the river is bridged.

Farm-to-market road 256 will run over same road as 70 for about two miles when this section

are the parents of a son, Larry Lee, born Oct. 3.

of paving is completed. Some work is being done of a farm-to-market road west of Plask. This road will join 256 two miles west of Lakeview. When the work is completed on highway 70 it will complete the gap in highway.

# Speaking of Sports

Anyone that talks football this week can talk of only one thing—upsets. The past week-end saw everything from the fabled Notre Dame on the national scene to the Class B in Texas high school football.

Purdue knocked off the Irish 28-14 and Maryland pulled another upset by beating Michigan State 34-7. In the Southwest Texas A & M scored a moral victory when they pushed mighty Oklahoma to the last minute before bowing in the last minute 34-28.

Here in high Texas the Amarillo Sandies knocked off the undefeated Sherman Bearkats, 34-7. In class B football a 14 man squad from Claude knocked off the mighty White Deer squad with a sound "country licking" 47-27.

Estelline trip up the Quitaque Panthers 6-0 just to keep the upsets going.

Last week-end was a week that made the predictors pull their hair and moan, but one writer came up with the answer. He said that the teams of the nation was now made up of kids that were from 19 to 24 years old and that they could be fired up for one game and fall flat on their faces in the next. He might have something there. The case is very true in high school sports at least.

After all a high school coach is the only man that will risk his name, living, reputation and honor on the temperament and brains of a group of 16-year old boys.

From the looks of things now the Cyclones is going to need a lot of tape to keep them in this 2-A district race. The squad has been riddled with injuries in the past two weeks. Charles Messer and Lee Bloxom are out for the week, not even suiting out, and several other boys are playing with the aid of tape and a strong determination.

Just looking over the sport pages one can find many interesting facts. Hardin-Simmons University's John (Model T) Ford has passed a pigskin over two miles in his

college career. That is just about the distance his press releases from the publicity department would cover if placed end to end.

Hardin-Simmons shouldn't feel so big about their Model T Ford, Memphis had one in Marshall (Model T) Ford just a few short years ago. He made all-american just a few weeks ago, all-american soldier.

## Cast Chosen For "Hobgoblin House"

the Lakeview grade school auditorium.

Proceeds from this presentation will go to finance the Junior-Senior banquet of Lakeview.

The cast members are: Shilah Killian, Rita Harman, Pat Davenport, G. D. Hall, Gerald Payne, Jettie Sams, Glen McCoy, Sidney Hulsey, Robby Clark, Charles Denton, Joy Wallace and the Headless Phantom.

**CARD OF THANKS**

To all the many kind and thoughtful friends who have been so helpful to us at the loss of our dear wife, mother and grandmother, we express our most sincere and heartfelt thanks. Words are not adequate to state our full appreciation. Such spontaneous acts of generous spirit can only be manifestations of God's love. May

He be as kind to you in your every hour of need.

# Nothing FOR Something

It's an old trick of the curbstone pitchman to offer you Something for Nothing

"Tell you what I'm going to do, Ladies and Gentlemen, I am going to give you, absolutely free..."

Yes, it's an old trick. But it's still a popular one. Salesmen of Socialism use it the world over. Yet when analyzed, their Something for Nothing always turns out to be—**NOTHING FOR SOMETHING!**

That isn't the way America became the greatest, healthiest Nation in the world. American business has reached its present stature because it believes in giving the customer his money's worth.

Through healthy competition, and the will to serve, American medicine has created the finest system of medical care in the world.

Through ingenuity and free enterprise, American citizens have higher incomes, better education, better health and more freedom than citizens of any other great Nation on earth.

Freedom is America's heritage, and Americans cherish it deeply—for themselves and for the entire world. In exchange for this good way of life, the political pitchman offers us the quick remedy of Something for Nothing...of "free" medical care, doled out by politicians.

AMERICA JUST CAN'T BUY THAT!

## Science Film Is Viewed By Class Staff In A Cage

One of the most interesting pictures the science classes has seen was shown this week entitled "The Earth and Its Season." The students saw the difference in the four seasons and what caused the difference. The causes are; the tilt of the earth on its axis, the rotation of the earth on its axis, the revolution of the earth around the sun, the curvature of the earth's surface and the atmosphere surrounding the earth. They also learned the different seasons and the order in which they come, spring, summer, autumn and winter. The science classes hope to see many films just as interesting as this one.

## Staff Locked In School Monday

Did you report burglars climbing out of the second story window of the High School building? Don't be alarmed. It was only the Journalism Class that had been locked in the building. Several students had stayed after school Monday to finish typing articles for the paper since the deadline for the school section was 5:00 o'clock. Ann Spoon, Beryle Davis, Patsy Adeock, Carnis Durham, Minnie Lee Jackson, Margaret Massey and Mrs. Irons, the instructor, were the "birds in a gilded cage." After Beryle had tried all the doors, she informed them that they were locked in. Mrs. Irons, who was on the second floor at the time, called the girls to come upstairs, where she calmly led them into the auditorium and told them that they could easily get out by opening a window and climbing onto the fire-escape. This was a bit of ingenious thinking on Mrs. Irons part, don't you think?

### Memphis Ministers Designate Nov. As Back To Church

The month of November has been designated as "Back To Church" month by the Memphis Ministerial Association.

The group is putting on an intense drive during this month to lead the people of Memphis back to the church going habit.

It is hoped by the members of the Ministers Association that the concerted effort of all the churches during this month will encourage people in the habit of going to church, not only in the month of November, but all the time.

All thirteen churches in Memphis are taking part in this drive and the pastors and church workers will strive to get as many people in the church as possible.

The churches are: First Methodist, First Baptist, First Christian, Church of Christ, First Presbyterian, Nazarene, Assembly of God, Free Will Baptist, Primitive Baptist, and the three Morningside Churches, First Baptist, Second Baptist, and the Church of God in Christ.

### City Council Passes Limiting Amount of Gasoline Storage

The Memphis city council has passed an ordinance limiting the amount of gasoline or other volatiles stored in a single tank to 1200 gallons and a total at one station to 4000 gallons.

This ordinance also prohibits the transportation of gasoline or other volatiles by truck in Memphis to not more than 1600 gallons per truck.

According to the ordinance all storage tanks must be buried at least two feet under the surface and must be outside of the building, but if the tank must be placed in the building it has to be two feet below the basement floor and be covered by at least two feet of dirt and concrete.

All tanks used in storing of gasoline must come up to certain standards of construction before they may be used. This standard varies with the size of the tank.

The entire ordinance is printed in full elsewhere in this week's paper.

### First Loans Made On Grain Sorghum By PMA This Week

The harvesting of grain sorghum began in earnest this week with Hall County farmers making the first grain sorghum loans for 1950 at the PMA Office.

Hall County farmers will harvest the largest grain sorghum crop this year than in a number of years. With an estimated 80,000 acres planted, and yields of from 500 to 2000 lbs. per acre having been reported, and average yield of 1000 lbs. per acre is expected. Only 32 cars have been shipped from Hall County as of noon October 9.

The support loan on grain sorghum is \$1.80 per hundred lbs. when stored on the farm. When the grain is stored in commercial elevators it nets the farmer approximately \$1.64 per hundred.

All grainmen report sufficient storage for grain sorghum, but most of it is too wet to go in the loan, as the government requires a moisture content of not more than 13%.

With the local price of grain sorghum at \$1.45 per hundred it will be an advantage to the farmer to leave his grain in the field until it is dry enough to go in the government loan.

### Final Rites Held For F. C. Dodson

Funeral services were held Saturday, October 7, for F. C. Dodson, who died Thursday, October 5, in his home at 1523 North 16th Street.

Dodson had lived in Memphis for 22 years, coming here in 1928. Mr. and Mrs. Dodson was married September 9, 1900 in Wise county. They moved to Estelline in 1912 and lived there until moving to Memphis.

He was born October 30, 1881 in Wing County, Kentucky, the son of Mr. and Mrs. B. O. Dodson. He was 68 years old at the time of his death.

He was a member of the Church of Christ in Memphis and had served on the board of deacons for five years.

Final rites were held in the Memphis Church of Christ with Minister B. M. Litton conducting the services. Burial was in Fairview Cemetery.

He is survived by three daughters, Mrs. Zetta McElhannon, Houston; Mrs. L. H. Lester, Memphis; Mrs. Jack Jennings, Dallas; one son, F. O. Dodson, Memphis; six brothers, Tom Dodson, Malton, Oregon; C. E. Dodson, Bowie; R. E. Dodson, Memphis; Henry Dodson, Hedley; Charlie Dodson, Freewater, Oregon; George Dodson, Walla Walla, Wash.; a sister, Mrs. Stan Lofland, Spokane, Wash.; two grand-children, one great grand-child.

Arrangements were under the direction of Murphy-Spicer Funeral Directors.

4, Lesley, D. C. Hall, Jr.; 5 Estelline, Joe Allen Ballard; 6, Baylor, Wade Davis; 7, Parnell, J. J. Boney; 8, Turkey, Geo. Ray Colvin; 9 Lakeview, M. A. Wiley; 10, Brice, N. L. Murff; 11, Plaska, A. Gidden; 13, South Memphis, Allen Dunbar; and 16, Bridle Bit, Ben Bockelman.

### Graveside Services Held Monday For James Elton Pitts

Graveside services were held Monday, Oct. 9, for James Elton Pitts, infant son of Mr. and Mrs. Elvis Pitts of Wellington.

Louis Stonecipher, pastor of the Buck Creek Baptist Church, conducted the services. Burial was in Fairview Cemetery.

He was born October 8 and survived by his parents, a sister Janice Pitts, Wellington; Grandparents, Mr. and Mrs. J. L. Souder, Wellington and Mr. and Mrs. C. E. Pitts, Wellington.

Arrangements by Murphy-Spicer Funeral directors.

### Mrs. W. C. Dickey Undergoes Surgery

Mrs. W. C. Dickey, who underwent major surgery at Scott & White Hospital in Temple last Thursday, is improving nicely. Mrs. Louie Goffinett stated after returning from there Monday.

Mr. and Mrs. Goffinett accompanied Mrs. Dickey to Temple on Sunday of last week. While there Mr. Goffinett also went through the clinic.

standing male role. The Little Theatre group met Sunday to read parts and select the cast, but the 12 most important characters will need no rehearsal as they are the jurymen and will be selected the night of the play.

The play has two endings, one where the defendant is guilty and one where she is acquitted. A tabulation of verdicts given during the Broadway run gave the acquittals a margin of three to one.

Members of the cast are: prison matron, Kathryn Milam; Judge Heath, Mr. Tom Way; defense attorney Stevens, Burr Morris; his secretary, Owen Lindsey; Karen Andre, Helen Boswell; Elmer Sweeney, Jay Shepherd; Nancy Lee Faulkner, Mrs. Hunt; John Graham Whitfield, Don Wright; Sigurd Jungquist, R. ### Mary McCreary Is Party Honoree On Third Birthday

Mrs. Weldon McCreary entertained with a birthday party honoring her daughter, Mary on her 3rd anniversary, Saturday afternoon, September 30.

Guests were given party hats and bubble gum as favors.

After playing games, the guests were served refreshments of individual cakes topped with candles and individual cups of ice cream and punch. The plate favors were tiny telephones.

The honoree received many lovely gifts and after she had opened them, the guests went to the park to play outdoor games.

Guests present were: Darlyn York, Glenda Bruce, Mike Newton, Judy Wright, Sue Draper, George Childress, C. J. Goodnight, Kenneth McKown, Lowell McKown, Connie Williams of Clarendon, Ann McCreary and the honoree, Mary McCreary. Mothers present were, Mrs. Chas. York, Mrs. Glenn Bruce, Mrs. Ray Newton, Mrs. Fred Wright, Mrs. Calvin Draper, Mrs. Lynn McKown, and her mother, Mrs. Calvin of Quannah; Mrs. Geo. Childress, Mrs. Lettie Goodnight, Mrs. C. S. Williams of Clarendon; Miss Roselynn Williams, Miss Betty Kennon and Mrs. Weldon McCreary.

### Mrs. J. L. Barnes Gives Book Review At Delphian Meet

"The Road Ahead" by John T. Flynn was reviewed by Mrs. J. L. Barnes at a meeting of the Delphian Club Tuesday, October 3, in the home of Mrs. Jack Boone.

Mrs. C. C. Hodges gave a discussion on the author's life and Mrs. C. D. Morris concluded the program with "Reville for Radicals."

Delicious refreshments were served to Meses. A. Anisman, J. L. Barnes, W. C. Davis, Calvin Draper, Gordon Gilliam, Henry Hays, Earl Hill, C. C. Hodges, Bill Kesterson, Carl Kulp, Weldon McCreary, Lynn McKown, J. S. McMurry, C. D. Morris, Roy Shahan, Clarence Stroehel, J. W. Stokes and Miss Maud Milam.

**MRS. A. ANISMAN**

On September 19, Mrs. A. Anisman was hostess to members of the Delphian Club for the first regular meeting of the club year.

Mrs. Calvin Draper, president, conducted the business session and Mrs. C. D. Morris, program chairman, gave an outline of the programs for the year 1950-51.

The theme of the program for the afternoon was "The Take Off." Members who had parts on the program included Mrs. Bill Kesterson who spoke on "It Could Happen Only in America"; Mrs. Morris who talked on "America and Machines"; Mrs. Roy Shahan who gave a paper on "Life's Attitudes, Understandings and Appreciations"; and Mrs. Weldon McCreary who talked on "Time to Awaken."

### Montgomery-Worthy Marriage Vows Are Solemnized in Impressive Service

Rev. Rollo Davidson, pastor of the First Methodist Church, read the single-ring ceremony last Sunday uniting in marriage Miss Dorothy Montgomery and Joe Lawrence Worthy of Phoenix, Ariz.

Vows were solemnized at 5 o'clock in the home of the bride's sister, Mrs. J. A. Anthony. The bride is the daughter of Mr. and Mrs. J. P. Montgomery, pioneer Hall County residents.

Mrs. Conley Ward, pianist, played a medley of nuptial selections preceding the ceremony and accompanied Mrs. Dick Shelton who sang "Because" and "Sweet Mystery of Life." The traditional wedding marches were played for the processional and recessional.

Arrangements of orchid and white gladioli and mums flanked by fern and candelabra bearing white tapers featured the decorative altar setting arranged before the mantel. The stairway was draped with loops of silk roping interspersed with greenery.

Mrs. J. A. Anthony was her sister's matron-of-honor. She wore a steele blue satin frock accented by navy accessories and a corsage of pink rosebuds.

Miss Jamie Kay Anthony, niece of the bride, was flower girl. She wore a dress of checked taffeta and carried a nosegay of yellow and orchid mums.

James Arthur Anthony was best man and J. P. Montgomery Jr. was usher.

The bride, given in marriage by her father, wore a street-length frock of orchid satin, styled with basque bodice, net yolk and full skirt. She carried a white Bible topped with orchids.

Mrs. J. P. Montgomery, the bride's mother, was attired in a Navy blue dress complemented by a corsage of white gladioli.

Immediately following the ceremony, the bridal party was honored at a reception in the home of Mr. and Mrs. J. A. Anthony.

Orchid and white mums and dahlias, the bride's chose colors, were used to decorate the party suite. Mrs. Bill Hamm of Childress served the decorated three-tiered wedding cake and Mrs. Bill Greene of Clarendon laded the lime punch.

Seventy-five wedding guests registered in the bride's book presided over by Miss Janis Ann Anthony.

Mrs. Worthy was reared in Hall County and is graduate of Memphis High School and Texas Technological College. She is now a resident of Phoenix, Ariz., where she is a commercial photographer.

Mr. Worthy is associated with the KOOL radio station in Phoenix. He conducts the radio show

# Shamrock Trips Memphis 18-14; Take District Lead

The Memphis Cyclone fell from the royal ranks of the undefeated last week as the Shamrock Irishmen beat them 18-14 here to take the lead in district 2-A.

The Cyclone played the first half with true Cyclone fashion, but ran out of wind in the second half to relinquish a two point lead and the top spot in the tough 2-A district race.

The locals jumped into the lead in the first five minutes of the fray when Carl Lee went wide around end, behind a wave of interference, for 33 yards and the first touchdown of the night.

Tommy Messer added the extra point by outdistancing all the Irish on a wide end sweep to the right.

This score was set up when Don Rasco recovered a Shamrock fumble on the Irish 36. Carl Lee carried for three and then went the distance for the last 33.

Game at a Glance		
Shamrock	Memphis	
14	First Downs	8
133	Yds. gained rushing	178
32	Yds. lost rushing	56
10	Passes Attempted	14
3	Passes Completed	6
25	Yds. gained passing	85
3	Passes intercepted by	3
2	Number of Punts	2
33.5	Punt Average	30.5
4	Opp. fumbles recovered	2
1	Number of Penalties	4
5	Yards Penalized	20

Late in the same quarter Shamrock turned the tables and recovered a fumble by Roddie Stargel on the Memphis 35. From there Vernon Tarbet moved to the Memphis 9, giving the Irish a first down inside of the Memphis ten. Memphis then aided the Irish cause by donating them five yards with an off-sides penalty.

Donald Lea drove to the one and Kenneth Kidwell had the honor of crashing for the final yard and a touchdown.

Harral Dunnam, quarterback, tried to kick the extra point, but Don Rasco broke through to block the kick.

Shamrock kicked off to Memphis and the Cyclone started rolling to their second and final score. Rasco took the kick off on the 25 and moved it back to the 31.

Stargel mixed passes with the running of Messer, Miller and Lee to cover the 69 yards.

On the second play of the drive Stargel passed only to have it intercepted by Donald Lea. Lea then fumbled and Allen Pierce recovered for Memphis.

Another pass by Stargel to Rasco covered another fifteen yards of the road to pay dirt. With the ball on the Irish 37 Tommy Messer, for whom Irish had worked all week to devise a way of stopping, romped for ten yards and another first down on the 27. Lee and Miller picked up two apiece. Messer

picked up another 7 to put the ball on the Irish 16.

Stargel took to the air again with a short pass to Rasco and moved the ball to the nine. Stargel and Messer tried the line, but could get only four yards.

On the next play some head-up playing by Rasco added the touchdown to the drive. Stargel passed to Charles Messer, the pass was high and Messer batted the ball high into the air in an effort to snag it. Rasco seeing the ball being volleyballed around raced in and took the loose pigskin for the score.

Ronnie Smith kicked the extra point square between the uprights with plenty of room to spare, giving Memphis a 14-6 advantage.

Mid-way of the second quarter Shamrock picked up another Memphis fumble on the same spot that they started their first scoring drive, the Cyclone 35. Morrison fumbled the ball and Mack Terry recovered for Shamrock.

This drive carried for 65 yards with Lea, Terry and Tarbet doing most of the ground work while Dunnam passed once to Terry for nine yards.

Lea scored from the three on a line smash. Dunnam's try for the extra point was blocked.

On the kickoff Memphis suffered a double setback when Duane Miller and Max Kennedy from Memphis and Donald Lea of Shamrock were put off the field for sportsman like conduct.

In the third quarter Shamrock threatened the Memphis goal continually. The Cyclone turned the drive back until late in the period when Carl Lee was forced to punt from his own ten. He was standing on his goal line and booted the ball out on the 30.

Shamrock took over and on the second play Dunnam passed to Tarbet for 29 yards and a touchdown. Dunnam's kick was blocked.

A PAIR OF SHOES

Free men will devote half the energy to a freedom of

THE COST AND THE CLOTH

The Opinion Research Corporation recently conducted a
on taxes. And here are some of the results.
per cent of the people interviewed felt that spending
cut before taxes were raised.
per cent agreed that high taxes discourage investors
making their money and companies from expanding.
per cent believed that general government expenses
be reduced.
per cent were surprised and shocked to learn that
takes on a 15 cent loaf of bread total five cents, and
on a \$2,000 car amount to about \$500.
there is nothing academic about the tax issue today.
Federal income taxes went into effect on October
widely forecast that this—in the light of soaring mil-
udgets—is only the beginning and that higher taxes still
be imposed on both individuals and corporations. Yet,
face of that, the pressure for unnecessary domestic
ing is unabated. Those who want socialized business,
type social security, socialized medicine, and all the
alien projects, are still in the running.
At best, the burden of remobilization will be enormous
abilitating. It, on top of this, unbirdled domestic spen-
continuous, the result could be ruinous. It could lead to
rollable inflation and an impossible drain on the man-
and industrial capacities of the nation. In the name
vival, the government must be forced to cut its costs to
cloth.

week, most of these weeks are just seven days too long, but
there is on national week that is exactly 51 weeks too short.
This week is "National Fire Prevention Week. This week is
being observed this year from October 8 to 14.

The school children couldn't spend 52 weeks a year
making fire prevention posters as they are doing this week,
nor could the public officials take the entire year writing pro-
clamations, but the citizens should take time during the entire
year to prevent fires.

Fire is ever present and should be guarded like the atomic
bomb, for it is just as dangerous. If you give fire an inch it will
take your life savings and your life if it can.

Instead of practicing fire prevention week, practice fire
prevention year from January 1 to December 31. Make fire
work for you instead of you working for fire.

QUOTING OUR NEIGHBORS

What To Do
It's a long way from Granger
to the 38th Parallel in Korea and
we don't claim enough subscribers
over there to influence opinion
one way or the other, but in case
we were asked we have a ready
answer to the question which has
been bothering the United Nations,
the question of whether we should
cross the line and go on into North
Korea.

The way to handle this delicate
problem is to put a Private in
charge of the U. N. forces tempo-
rarily and tell him to keep go-
ing until he runs into the 38th
Parallel. Chances are he'd go right
past the line without noticing it.
Wondering whether we ought
to pursue the Reds into North
Korea is about like wondering if
it's ethical to chase a burglar past
your own front gate.
If the United Nations want to
save debating time, just ask The
News, that military authority,
what to do.

Go To The Polls
An important contest is being
conducted by the American Press,
a publication devoted to the af-
fairs of country newspapers. The
purpose of the contest is to get-
out-the-vote. Participants are rural
newspapers. Awards will be given
to those weekly newspapers, semi-

weekly and tri-weekly newspapers
which, in the opinion of competent
judges, do the most between now
and November 7 to stimulate vot-
ing in their communities.
The editors of American Press
have undertaken a fine project. It
is gratifying to note that the con-
test is receiving congressional en-
dorsement. The comment of Sen-
ator A. Willis Robertson of Vir-
ginia is typical: "I congratulate
the American Press on its spon-
sorship of a contest which will give
recognition to a weekly or our
rural newspapers. Awards will be
given between now and November
to get out the vote in this year's
election. There never has been a
time in history when it was more
essential for all of the people to
accept this obligation of citizen-
ship—and impressing this obliga-
tion upon them certainly is a pri-
mary function of our free press."
The thousands of country news-
papers scattered throughout the
length and breadth of the land
are a powerful force for free ex-
pression that will always com-

KILLING FROST AND THIN ICE
HERE MONDAY—Following sev-

er arrived Sunday and on Monday
morning there was some thin ice
and a heavy frost over this coun-
try, which killed practically all
vegetation.

court house. The board is com-
posed of E. M. Dennis, Chas. A.

and B. E. Durrett.
Considerable business was trans-
acted at this meeting. Owing to
the fact that the county superin-

much, due to the many schools
under her direct supervision, an
assistant, Mrs. G. D. Lee, has been
appointed to aid her in the work.

### Hall Ag. Men See Experiment For Ridding of Brush

Hall County Agriculture men visited the Spur experiment station Tuesday, October 3, to see the results of several experiments in the eradication of mesquite.

County Agent W. B. Hooser said that between 1000 and 1500 people attended this meeting and witnessed the results of experiments in cotton, conservation, grass planting, the eradication of mesquite, and work done in syrup plant terracing.

Hooser said that the station had used several different methods of eradicating mesquite. The used Chemicals sprayed from plane, bull dozers, rollers that were rolled over the ground mashing the seedlings back into the ground and hand grubbing.

The airplane spraying of a chemical known as 245T proved to be the most successful way of ridding an area of the brush. This method gave a 90 percent top kill and a 62 percent bottom kill.

The cost of buying and applying this chemical was \$3.50 per acre.

The station showed some cattle that had been pastured on mesquite free pasture and cattle that had been pastured in

the brush. Hooser said that the stock that were on the mesquite free pasture was in much better condition.

Those attending from Hall County were: Robert Hamby, Lynn McKown, Joyce Dot Webber and W. B. Hooser all of Memphis; Arthur Eddleman and Joe Ballard of Estelline; C. U. Vinayard and U. E. Helm of Turkey.

### Gun and Rifle Club Elect 1950 Officers

The Memphis Gun and Rifle Club met Sunday to elect the officers for the coming year.

The officers elected were: Edwin Hutcherson, president; Mack Wilson, vice-president; James J. Bice, executive officer; Ira McQueen, chief instructor; Herschel Combs, treasurer; and R. A. Massey, secretary.

The club's shooting range is being reconitioned this week and next weeks meeting will be held at the range with shooting matches scheduled.

A moving deer target has been promised to the range, but it is not known whether it will be completed by Sunday.

Plans were also discussed this week for securing an indoor range in town for small calibre guns. This range is needed by members of the club that are unable to be free during the day.

### Mary Foreman Is Invited To Serve On Advisory Staff

Miss Mary Foreman, Hall County School Superintendent, is one of the nearly half-hundred superintendents and leading educators of the State that has been asked to serve as special advisors for the University of Texas southwestern cooperative program in school administration.

The program is a five-year regional development effort for improvement of school leadership. It will involve a total expenditure in excess of half-million dollars, including a four hundred thousand dollar grant from the W. K. Kellogg Foundation.

Other advisors from the Pan-

handle that were invited to attend the meeting were: R. B. Norman, High School principal and Superintendent Charles M. Rogers of Amarillo; Walter Travis, Dumas; Knox Kinard, Pampa; and Roy Boyd, Lubbock.

In an interview with Miss Foreman, she informed the Democrat that she is going to be unable to attend the meeting in Austin on October 8, because she will be in Columbus, Ohio, October 8-11, attending the National Conference of County and Rural Area Superintendents which meets then.

Miss Foreman is working as a resource person on the question of clarifying the County Superintendent's functions in reorganized districts. This is one of the major problems to be discussed at the conference.

Miss Foreman said that she regretted having to miss the meet-

### THE TEXAS ECONOMY COMMISSION

By ALLAN SHIVERS Governor of Texas (Editor's note: This is the last in a series of five articles on the Texas Economy Commission.)

Just as the housewife engages in "spring housecleaning", state government needs to clean house now and then.

If unneeded or overlapping services are accumulated, they must be eliminated. Only by doing so can we make sure that necessary services will be provided efficiently and economically.

The Texas Economy Commission is undertaking to provide financial support for the necessary research upon which to base a sound, progressive reorganization program.

Hundreds of Texas citizens have accepted appointment to this commission, which is purely a people's project. It has no connection with state government, except that appointments to the commission were made by the Governor.

We hope for and expect the Texas Economy Commission to grow into a real grass-roots movement for good government. Every one is for economy in general. Most of us like to talk about it—but taking action is a different matter.

I hope that the Texas Economy Commission will soon get beyond the talking stage.

When will this commission have something to report? That question is not easy to answer.

When the commission was originally started last March, I had hopes that it would be able to start its work promptly and have at least a preliminary report ready by January, 1950, when the 52nd Legislature will meet.

There have been inevitable delays, however, in the organization process. As might be expected, most of our problems are financial in nature. No state funds are available for this program, which will require a minimum of \$75,000 for proper development.

Capable personnel must be acquired for the research staff, and persons of the desired qualifications are not easy to find.

They are already gainfully employed elsewhere; they are not eager to accept assignments with this new organization until the money is in the bank.

Thus the actual research program of the TEC has had to wait on completion of the drive for a \$75,000 operating fund. About 20 per cent of the commission's first-year budget has been deposited. Efforts are being pushed to raise the balance.

Meanwhile, county organizations have been perfected in about 50 counties. Fund-raising is in progress in other counties as well. The money will be subscribed, I am confident.

Thus the timetable of the Texas Economy Commission has had to be revised. It is unlikely that a report can be made that will be helpful to the Governor and the Legislature during the forthcoming session.

This delay is to be regretted, but it will not be fatal.

The field in which the Texas Economy Commission will operate is broad and complicated. A careful study and report somewhat delayed would be eminently preferable to a hasty and incomplete one.

I am convinced that the Texas Economy Commission is in position to do a great deal for economy and efficiency in state government—and that it will do so.

KEEP THE "Taproots" STRONG!

AMERICAN DOCTORS EXCEL because great effort is made by accredited Medical Schools to keep Medicine "strong at the taproots." Those accepted for entrance must have a high rating in academic and premedical preparation.

Earnest and searching inquiry is made into emotional stability, character, integrity and fitness for the practice of medicine, or medical research. Often as few as one out of six is acceptable.

For many years, the American Medical Association and the Association of American Medical Colleges have insisted on strict scrutiny of qualifications, in order to keep the "roots" of American Medicine strong and vital.

During the war, there was Governmental pressure to remove some of the strict requirements and speed up preparation, because of emergency need of more Doctors.

Your Doctor and his colleagues believe implicitly in "strength at the taproots" of Medicine. Keep supervision of medical schools in non-political medical hands.

# Who Runs America?

the Congress? the President?

OR YOU AND THE MAN NEXT DOOR?

**RUNNING AMERICA** is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

**IN MUCH OF THE WORLD** today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

**FREEDOM COMES UNDER ATTACK.** The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

**THE PEOPLE WEIGH THE FACTS.** In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

**THE "GRASS ROOTS" SIGNALS CONGRESS.** In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress an unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, the Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Legion
- American Farm Bureau Federation
- National Association of Small Business Men
- National Grange
- United States Chamber of Commerce
- Veterans of Foreign Wars
- National Association of Retail Grocers
- Catholic Charities
- National Retail Dry Goods Association
- American Protestant Hospital Association
- American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proud security of a free and self-reliant people!

### THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today

in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

he may deduce much about your personal hygiene from the cleanliness of your mouth. Your breath is not necessarily an indication of poor oral hygiene. True, a complete lack of cleanliness of gums and teeth will certainly taint the breath. But foods and disease can also carry a distinctive odor.

In fact, some diseases may make their presence known to your doctor first by your breath. Uremia, a disease resulting from kidney complication, causes an ammonia-like breath whereas certain diabetic conditions will make the breath extremely sweet. Sores in the mouth, intestinal obstructions and lung abscess may create an odor much more objectionable than garlic or onions.

Deviation from normal in color, size, shape or appearance may be of no importance at all as isolated instances, but added to other deviations discovered somewhere along the line of the physical examination, they may have tremendous significance. For example, some people have a normal enlarged tip of the nose; but if that tip is big and bright as a red bulb and the tongue trembles, and the hands shake, and a bunch of other symptoms stack up into the recognized picture of alcoholism, then the enlarged tip of the nose is not normal, but a health problem.

## Chief of Police Outlines Policies

In outlining his personal policies and that of the police department of the City of Memphis, Chief of Police Lake L. Black this week stated that any and all complaints will be answered promptly.

Black, who assumed his duties as chief of police only a few weeks ago, has devoted much of his time to getting acquainted with the citizens of Memphis.

"It will be my desire to be of assistance to any person in the city of Memphis," the chief said. "Every law enforcement officer is a servant of the people, and we shall recognize this fact."

In referring to complaints, he stated that he would welcome the knowledge of any facts which the people could bring to him.

"It will be a great help to us for those persons who desire certain matters to be brought to the attention of our courts to sign a complaint form. If this is done, it will receive immediate attention. Whether this is done or

not, we want to know anything which should be brought to our attention."

Black said he wanted the full support of the citizenship of the city, and promised in turn his wholehearted cooperation.

charge, the nasal examination reveals all in short order; when more detailed examination if the nose is indicated, your doctor will use special instruments or perhaps refer you to a specialist.

The specialist you probably associate with your mouth is your dentist, but your mouth is also a very important part of your general physical examination, revealing more than tooth and gum condition. The teeth and gums certainly play a part in the examination but the lips, breath, cheek linings, tongue, and palate are also important in the medical check-up.

Lips, tongue and cheeks that are too pale, too red, or spotted may tell your doctor a definite story of ill health. Discolored gums may have a special significance, such as the blue line or blue dots at the margin of the gums which accompany lead poisoning. Trembling lips and off-center tongue may be other medical hints he picks up from your mouth.

Those spots that appear in your mouth before you break out in measles, however, are more than hints. They are practically shouts that measles is on-the-way. They are bright red spots with bluish-white centers that dot the inner surfaces of the cheeks, called Koplik's spots.

Hard, thickened spots that appear on the tongue or under the tongue should always be a signal of medical attention. Other sores that pop out in the mouth or on the lips may be due to irritation or injury or may be a signal of

deeper infection somewhere in the body. The doctor fits the significance of such sores into the whole picture of your health.

In small children, the roof of the mouth known as the hard palate is also always checked to make sure it is properly formed and closed. And the number of teeth is usually more important in the tiny tots than in adults, since prolonged delay in eruption or early decay of teeth may be a signal of malnutrition or rickets. In adults pregnancy and diabetes may sometimes lead to early tooth decay.

Your physician does check your teeth and gums for decay, snags, bridge work, roots, crowns and missing teeth as well as checking your mouth as a whole. In fact,

# Looking for POWER?

# Better Buy Buick!

That bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show. Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only BUICK has Dynaflo Drive® and with it goes HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW PATTERN STYLING, with MULTI-GUARD front, taper-through fenders • TRAFFIC-HANDY front, taper-through length for easier parking and SIZE, less over-all turning radius • EXTRA-WIDE steering, short turning radius • SOFT BUICK SEATS cradled between the axles • EXTRA BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

whenever possible. The kind of attitude named guts to begin with had no price tag.

Have you ever stopped to think what one football team does to another every week end? Here are just a few of the things that one team does to another: Trip, blank, clout, upset, dumps, downs, squeezes past, overcomes, punnels, tips, pounce, checks, nips, tops, drubs, rams, shades, romps, bowls over, smashes, whips, handles, humbles, feasts, raps, whacks, whams, grinds, smears, takes, races past, alarms. Smothers, overhauls, routs, rocks, shatters, slaughters, crushes, slams, tramples, overwhelms, knocks, bangs, and clouts. Unravels, unhitches, unharness, unhook, shellacs, fry, dehorn, lambast, eke out, dampens, white-washes, upend, walk over, run over, wallops and surges past. And of course, nowhere was a team really beaten. There are many more adjectives describing this weekly gridiron warfare, but we will be willing to settle for any of them over Spur.

—Paducah Post

One of these days our "alert" politicians will wake up to the fact that America is just as dead as against socialism with all its government planning, subsidies, vote buying, unfair taxes and decisions-for-votes instead of decisions-for-America. Americans make many subsidies but only because no one has offered them self-respect instead. We believe the American people are fundamentally honest, decent, patriotic. We believe the American people are hungry for leaders who have confidence in the honor of the people. We believe they would follow such leaders no matter what it cost them. The war between the classes is just as unpopular, just as dead, as the War between the States, except for the few who profit by fanning the flames of hatred.—Green Springs (Ohio) Echo.
