MEMPHIS, HALL COUNTY, TEXAS, THURSDAY AFTERNOON, NOVEMBER 9, 1950 SEVEN CENTS NUMBER 23

Walter Rogers Elected To Congress By Southeastern Counties

Hall, Cottle Counties Give Rogers Biggest Vote Majority of Election

A record number of votes, 48,782 for an off-year election were cast Tuesday, Nov. 7, as Walter Rogers, democratic nominee, defeated Republican Congressman Ben Guill for the 18th congressional seat in congress.

Both Rogers and Guill are from Pampa and lives within one block of each other, but they are widely separated in their political thinking.

Unofficial returns show that Walter Rogers polled 25,598 votes and Ben Guill 23,184. Here in Hall county Rogers piled up a 1013 vote margin over his republican opponent.

Hall county voters gave Rogers 1425 votes and Ben Guill 412. This was the biggest majority given Rogers by any one county.

Cottle county gave Rogers the biggest percent of their votes. Their vote was 819 for Rogers and 179 for Guill.

The election climaxed a campaign that had been very intense in the last week. The candidates made charges and counter-charges in the closing days of the race.

The trend for Rogers was established early in the night, but at times the difference in the number of votes for each candidate was only one or two hundred.

As the southeastern counties, Rogers' stronghold, began to report the democratic nominee began to gain.

The counties of Hall, Childress, Cottle, Donley and Collingsworth were the ones that elected Rogers.

Both candidates were slow to make any statement on the election. It was 11:22 before Guill conceded defeat and Rogers made no claims as to being winner until after he had received Guill's congratulations on winning the election.

Rogers' lead of 3,224 votes in six southeastern counties in this district was the determining factor in his election, according to local political observers. In addition to 1,013 votes picked up in Hall County, the Democratic nominee gathered 2,211 votes over his opponent in Childress, Cottle, Collingsworth, Donley and Wheeler Counties. This bloc of counties gave Judge Marvin Jones a heavy vote during the years he was representing from the 18th Congressional District.

Rogers' lead reached the two thousand vote margin around 8:30 and stayed that way throughout the election, but neither candidate would make any statement until practically every vote was counted.

The voting in Hall county by boxes is as follows:

Box	Rogers	Guill
Memphis 1	356	107
Memphis 13	302	113
Estelline	131	35
Plaska	71	4
Turkey	201	48
Newlin	32	14
Lakeview	134	36
Lesley	77	11
Brice	40	11
Baylor	19	0
Parnell	27	25
Eli	35	8

With six small boxes still out over the district, this is how the counties of the 18th district voted:

County	Rogers	Guill
Armstrong	430	233
Brice	522	208
Carson	738	704
Castro	683	484
Childress	1184	706
Collingsworth	960	624
Cottle	819	179
Dallam	626	650
Deaf Smith	750	1040
Donley	772	483
Gray	2377	2535
Hall	1425	412
Hansford	429	226
Hartley	319	226
Hemphill	381	467

Potter	4518	5056
Randall	940	1269
Roberts	203	208
Sherman	252	190
Swisher	846	739
Wheeler	1191	723
Total	25,598	23,184

Mercury Drops To 22 Degrees

Memphis' second cold front forced the mercury down to a chilly 28 degrees Thursday morning, J. J. McMicken, Memphis weather observer stated.

The first freeze of the winter season last Friday and Saturday dropped the temperature to a 22 degrees at 6 o'clock Saturday morning.

HURRY UP AND WAIT—Troops of an infantry battalion are shown above ready and waiting for transportation to return them to front lines in Korea.

Christmas Decorations Up Dec. 1; This Santa Claus Day Dec. 12

Chamber of Commerce committee will put up the lights free of charge, then the city buys an estimated bill for the power used.

Orville Goodpasture, chairman of the Retailers committee, announced after the meeting Tuesday that his committee had decided on Tuesday, Dec. 12, as the date of Memphis' annual Santa Claus day.

This is the day that Santa Claus comes to Memphis and gives out fruit and candy to all the children of this area. In the past Santa has come to Memphis by Plane and was brought from the airport by fire truck.

Last year the Memphis volunteer fire department along with the Chamber of Commerce fixed some 720 packages of fruits and candies for distribution to the children.

Last year was the first year that a concentrated effort was put forth by the citizens to decorate downtown Memphis for Christmas. A committee headed by W. D. Young collected \$1575 with which to buy lights to decorate the downtown area.

The theme of decoration used last year will be used again this yuletide. The lights were strung

the same place they were last year. West Texas Utilities Company will put up the lights free of charge, then the city buys an estimated bill for the power used.

Orville Goodpasture, chairman of the Retailers committee, announced after the meeting Tuesday that his committee had decided on Tuesday, Dec. 12, as the date of Memphis' annual Santa Claus day.

This is the day that Santa Claus comes to Memphis and gives out fruit and candy to all the children of this area. In the past Santa has come to Memphis by Plane and was brought from the airport by fire truck.

Last year the Memphis volunteer fire department along with the Chamber of Commerce fixed some 720 packages of fruits and candies for distribution to the children.

Last year was the first year that a concentrated effort was put forth by the citizens to decorate downtown Memphis for Christmas. A committee headed by W. D. Young collected \$1575 with which to buy lights to decorate the downtown area.

The theme of decoration used last year will be used again this yuletide. The lights were strung

around the courthouse instead of putting them across the streets. With the large 12 foot star atop the courthouse and the lights around the light post on each side of the street, it gave the effect of large Christmas tree.

The Chamber of Commerce received letters from persons passing through Memphis last year commenting on the beauty of the decorations.

Clifford Farmer, Chamber of Commerce manager, said that a new Santa Claus suit has been purchased this year.

\$50,000 Allotted For Terracing By Hall County PMA

Fifty thousand dollars has been set aside by the Production and Marketing Administration for the 1951 terracing program here in Hall County.

Under the 1951 program the government is only paying approximately 60 percent of the cost of construction. The cost of constructing large ridge terraces now runs around \$100 per mile and the government is paying only \$66 per mile this fall.

Lynn McKown, PMA secretary said that now was the time to plan to do your winter terracing and there are plenty of terracing contractors available to do the work.

For a number of years Hall County has been a leader in terracing construction. In 1950 there were 1100 miles of terraces built in the county.

Buddy Poppy Sale All Day Saturday

The American Legion Auxiliary sale of Buddy Poppies will begin at 8:30 Saturday morning Nov. 11, and run until 4:30 that afternoon.

Mrs. Herschel Pounds is in charge of the sale. She will be assisted by the women of the local unit and several high school girls.

The red Buddy Poppy sells for 10 cents or more and the money

goes to aid disable veterans. One-third of the money goes into the state welfare fund, one-third to the nearest veteran hospital and one-third to the local welfare fund.

These little red poppies are made by disable veterans in the many hospitals all over the United States.

Mrs. Pounds said that when a (Continued on Page 8)

Cyclones Battle Bronchos In Season Closer Friday

The pesky little imp known as Dan Cupid moved in on the Memphis Cyclones as they prepared for the annual district 2-A battle with the Clarendon Bronchos, to be played in Cyclone Stadium at 7:30 Friday night.

Other than this one heart injury, and two reserves sick, the Cyclones would be in as good a condition for this old grudge game as they were in the early games this season.

York said Thursday morning that he had two boys sick. They are reserve halfbacks David Corley and Ronnie Smith.

Pete Moore, 190 center, dropped out of school after getting married last Saturday night. The big center had been a tower of strength in the Memphis line in the early part of the season, but a recurring knee injury had slowed him down in the last two games.

Coach Chuck York will not be putting in a complete stranger at the center slot when he starts Julius Stevens, Moore's understudy this year.

Stevens has played several quarters in Moore's place and for other injured Cyclones up and down the line. He started the Lakeview game last week.

York said that he would not be weakened too much by having to make this change.

The other Cyclones have recovered from most of their previous injuries and will be ready for this, the last of the 1950 season.

For six seniors this will be the last game of their high school career. They are: Roddy Stargel, quarterback, Tommy Messer, halfback, Don Ray Rasco, end, Allen Pierce, Guard, Alvin Bishop, guard and Lee Bloxom, tackle. The big tackle has been in school only three years and could come back next fall, but he is planning to graduate.

This game will have little bearing on the district standing other than whether Memphis will finish second or lower.

By winning tomorrow night Memphis will go into a tie for second place, but should the Bronchos win, the Cyclones will drop into a third place tie with Clarendon.

Shamrock has cinched the crown of district 2-A for they are undefeated this season while all the other teams have lost two or more. Shamrock has only one more district game to play, that is Wellington tomorrow night.

The Bronchos have won only

one district game this season, but reports coming out of the corral in Clarendon say that the mustangs are pointing toward this game with their old rivals.

Probable starters for Memphis will be C. Messer and Rasco at ends, Bloxom and Vinson or Jenkins as tackles, Pierce and Kennedey at guards, Stevens at center, Stargel at quarterback, Miller at fullback, T. Messer and Carl Lee at Halfbacks.

MEMPHIS FIREMEN'S SHOW IS NOV. 13-14

Make a date to see "Its A Date" local talent show, sponsored by the Memphis Fire Department in the High School Auditorium, on Monday and Tuesday nights, Nov. 13 or 14. Curtain time 8:13.

This variety show includes ten scenes starring local people in all ten acts.

The show has two acts based on radio programs. "Doc" Saye plays Don McNeil on the Breakfast Club. He is aided and abetted by Naomi Pounds as Aunt Fanny and Billie June Sturdevant as Patsy Lee.

T. C. Blackmon is Eddie Cantor on "Take It Or Leave It". In this show the audience gets a chance to win some \$12 in prizes to be given away.

Stepping out of the nursery is Old Mother Goose, portrayed by Mrs. E. M. McMurry.

Fifteen junior high school girls will team up for a chorus scene. Girls in this act are: Patsy Turner, Ann Tiner, Joyce Barnum, Jo Ann Miller, Carol Ann Bloxom, Jerita Jac Hartman, Ruth Ann Jackson, Vada Briscoe, Judy Jane Land, Patricia Padgett, Nancy Sue Hammonds, Bobbie Lemons, Neva Wright, Betsy Godfrey, Linda

Brown, Monta June Saye, Patsy Godfrey, Earlene Henderson, Maribeth Wynn, Betty Lemons and Mary Jane Jones with Mrs. Matthew Allen as Minnie Keyes, the pianist.

Another act that always goes over big is the old fashion negro minstrel. Minstrel men are: Ellis Veteto, Bob Tiner, Ben Moss, Tom Vickers, Winfred Wise and Henry Stinnett, with Thomas Clayton as interlocutor. Endmen are Ben Alexander as Rastus, Bill Henson as Rufus, Loyd Ward as Sambo and Odie Sturdevant as Hambone.

Mr. and Mrs. Leroy Stephenson are cast as "Joe and Ginger," a young couple trying to find time to get married.

Another character is "Mr. I Gott Rocks" played by Jay Shepherd.

A contest known as "You Must Have Been a Beautiful Baby" is on with several business men entered. This contest started Wednesday, Nov. 8, and closes Tuesday Nov. 14, at 4 p. m.

These baby pictures are being voted on at one cent per vote. They will be on display in a downtown business house.

Door prizes will be offered each night.

For H. Wood Saturday

Services were held at 10:30 for William Henry, 82-year old farmer of community, in the First Church of Brice.

Lived in the Brice for 21 years. He married Hefner of Clarendon, 1929, and they have home in Brice ever

Services were conducted by O. Evans of Skelly, in Citizens cemetery. Funeral arrangements handled by Mrs. General Directors.

Leon Rogers will replace Freeman at the guard position. Rogers moved here from Childress where he was a fullback on the Childress pee-wee team.

Childress reported that his team was in good shape and were in high spirits over the coming game. Clarendon may well be one of the most powerful teams that the Winds have met this fall. The big McLean squad just beat the Colts seven points. Memphis beat the McLean squad 20-13.

As the game will be played on the Colts' home sod the game will be rated as a toss-up.

Although Childress will have his first string backfield ready to go, he will have two halfbacks in reserve that have shown up well in the last few games. Don Davis and Jackie Justice both have turned in some steller relief work in the Memphis backfield.

Coach Albert Wood, Jr., both of his sons, Shirley Mae and four brothers, Wal-laback; Jesse Wood, Wood, Brice; and Baldwin City, Calif. on January 3, 1897.

His father was born and his mother was

name he doesn't want or if he wants someone not on the ballot then he should mark out both names and write in the names of the man that he wants.

These men who are elected in this election will be the policy forming group of the PMA in Hall County.

McKown said that every farmer should vote, for this is the best way of showing the strength of the Hall County farm program.

By voting a farmer shows that he is interested in the farm program, McKown added.

A reduction of administrative expenses is the reason for the reduction of polling places and having just the one box makes it necessary for most of the voting to be done by mail.

Moslah Temple's Huge Shrine Circus at Fort Worth, Nov. 17-26

GLAMOROUS AND THRILLING is this year's Moslah Temple Shrine Circus, coming to Fort Worth's Will Rogers Memorial Coliseum, November 17-26. A few of the all-professional acts are pictured above. That's Captain William Buschbaum, world's outstanding equestrian, presenting his famous educated Palominos. Next are the spectacular Ericksons, balancing and strong men extraordinary; Professor George J. Keller with America's finest animal act; two of a large troupe of glamorous circus performers and the daring and lovely Beranek sisters.

The ringmaster will crack his whip, the band will strike up a lively tune and the world's greatest indoor circus will get underway in Fort Worth on November 17 to play 16 performances through November 26.

It's the annual Moslah Temple Shrine Circus that will show at Fort Worth's Will Rogers Memorial Coliseum. This year's show will surpass all others in thrills and glamor. Moslah Pot-ntate Mar-

vin Mabry and I. S. McConnell, general circus chairman, predict.

A sensational climax to the two-hour circus will be the Zaccini's thrilling double cannon act in which a man and a woman are shot from a big gun at the same time. Some of the stellar acts never before have been shown in America and were booked by trans-Atlantic cable.

"We think it is the best circus Moslah Temple—producer these

many years of successful shows—has ever put together," McConnell says.

Reserve seats may be obtained now by writing Moslah Shrine Circus, Box 1320, Fort Worth 1, Texas. Boxes, or ringside seats, are \$2.40; reserve seats, \$1.80; general admission, \$1.20, and general admission for children, under 12, 60 cents. Tax is included in these prices.

Buddy Poppy Is Donating

Members of the American Legion Auxiliary ask you to donate a buddy poppy Saturday, Nov. 11, for a chance to win a chance to be an American hero.

That buddy poppy is the red of the blood of the American fighting men of the world in protecting the world of America.

Men who shed blood in the field died, some as death, that of the field unable to work or live. These men are all over the United States.

Thousands of dollars each year are spent for the cost of caring for them and their families.

Government provides hospital maintenance, and pays compensation. In a

Veterans Administration Facility we find 574 men making poppies. Of this number, 175 of these are drawing less than 15 per cent.

The Legion Auxiliary must carry on service work by bringing a small amount of cheer to the men who are yet and will be as long as life remains, paying the price of service.

The money from the sale of poppies is used by the Auxiliary to help the servicemen's families as well as the men in the hospitals.

Besides helping finance the cost of the hospitalized vet, the poppy helps the man maintain his self-respect. There is nothing that will help the moral of the hospitalized soldier than to know that he is helping to earn his living.

When that lady asks you Saturday to buy a buddy poppy, say sure I am glad to be an American and wear the buddy poppy.

COTTON IN COMBAT

When a U. S. Marine gets ready for action, he calls on King Cotton for his combat outfit. This Marine, dressed for combat, requires more than a dozen items of cotton for his uniform and equipment — his helmet liner and chin strap, fatigue jacket, trousers, canvas leggings, cartridge belt, undershirt, shorts, shoe laces, canvas shelter half, canvas pack, carrier strap for the pack, change of underclothing in his pack, and first aid bandages, tape, and absorbent cotton in his pack.

par with some of the better known singers of western and hillbilly songs.

The boy went on without any accompanist of any kind. He didn't need anyone to accompany him for he was singing the songs that he had sung everyday.

5,325 Enroll At Baylor University

Registrar Truett K. Grant has announced a Fall enrollment of 5,182 at Baylor University, a decline of less than three percent from last year's record total of 5,325.

The number of veterans in the school has dropped drastically from the majority they held in the immediate post-war years. Grant said. The number 1,502 this Fall as compared with 2,352 in the Fall of 1948, and percentage-wise they form only 29 percent this Fall compared with 55 per

Miss Lucile Nelson Becomes Bride of Lindsey T. Johnsey in Memphis Rites

Miss Lucile Nelson, daughter of Mr. and Mrs. Hall Nelson of Memphis, became the bride of Lindsey Thomas Johnson, son of Mr. and Mrs. Joe Moyer of Friona, in a morning ceremony Saturday, Nov. 4, in the home of the bride's parents.

The Rev. J. W. Rosenberg of Buena Vista read the double ring ceremony.

Preceding the ceremony, Miss Roberta Jo Nelson, sister of the bride, played "Liebestraum" and "Because." She also accompanied Mrs. Rosenberg who sang "I Love You Truly" and "Always."

Matron of honor was Mrs. Robert Mirt of Wellington, Kans.,

sister of the bride, and William J. Thorne of Springlake was best man.

Given in marriage by her father, the bride wore a toast colored suit with brown accessories. Her corsage was of yellow rosebuds. For something borrowed she carried a white Bible, and the something old was a gold necklace, a heirloom of the groom's family.

Mrs. Hall Nelson chose for her daughter's wedding a cocoa brown crepe dress accented by a corsage of yellow chrysanthemums, and of the groom's mother, Mrs. Moyer was attired in a black crepe dress with a corsage of pink rosebuds.

Mrs. Johnson graduated from the Miami High School in 1946 and received her degree from McMurry College in 1950. She has been employed as church secretary at the First Methodist Church in Borger.

The groom graduated from the Canadian High School in 1944 and spent 4 years in the Navy. He is now employed by the Santa Fe Railroad Co. at Amarillo.

Following the ceremony the bride's cake and punch were served from a lace covered table centered with an arrangement of yellow chrysanthemums to the following guests:

Mrs. S. R. Nelson and Raymond

Funeral was held from the Boxwell

Funeral Home in Amarillo, Monday morning.

The Harvest Festival which was sponsored by the local Parent-Teacher Association, at the school house on Hallowe'en night, was a huge success. More than two thousand dollars was raised. This money will be used to repair the gymnasium.

(To late for last week)

Mrs. C. L. Sloan Sr., Charles Lee Davidson and son of Denver and Mrs. Artie Nance of Amarillo visited here during the week. Mr. Davidson and son and Mrs. Nance have returned to their home. Mrs. Sloan remained for a longer visit.

Mr. and Mrs. Paul Kennedy and daughter of McLean visited his mother, Mrs. Daisy Kennedy on Sunday.

Mr. and Mrs. V. C. Beverly and son Lloyd visited their daughter and sister, Mrs. Chuck Bittick and family of El Paso. Lloyd stopped at Kress for a visit with Andy and Junior Johnston as they were returning.

David Austin Gets Audience Approval

When the Memphis High School Junior class presented their second annual Talent Night Monday, a Junior High School boy stepped out to the center of the stage and gave the audience a demonstration of western and hillbilly singing second to none.

The youth, David Austin, didn't win first or second place with his singing and yodeling for he hadn't spent as much time practicing as the other contestants. Even though he didn't win the judges' nod, he won the biggest applause given any performer in the show.

The boy was wearing a pair of slightly worn levis and a blue jumper, one pant leg was rolled up when he walked to the center of the stage and hooked his thumbs in his belt and did an imitation of Donald Duck. He then did three western numbers in quick succession, in a manner that was on a

RRELL S. BROWN

From Washington:

ZEKE SEZ

By Nugent E. (Zeke) Brown

WASHINGTON, DC—(Special)—By the time you read this in print the election will be all over and all of us will know who won but just now (Saturday before the election on Tuesday) everyone in Washington is talking about what may happen in several states. Of course, as you know, the main subject this week since it happened is the brazen attempt to kill the president which failed dismally,

of course. But the whole affair startled the Secret Service and the FBI into doubling the guard which goes with the President everywhere he goes, even on his early-morning walks here in Washington. Harry Truman is still one of the healthiest men in the country although he has been in the office five and one-half years now.

Talking about Mr. Truman re-

READING DAD'S LAST LETTER . . . Mrs. Ruby Peeler, San Bernardino, Calif., and twin children read last letter of their war correspondent husband and dad who was killed in Korea.

minds us that you didn't see anything in the papers about what Mrs. Truman thought about the battle in front of her temporary home. If you did, you saw more than we did and we read every paper hereabouts. Believe it or not Mrs. Truman is one presidential wife who refuses to see the reporters as she believes her place is inside the home and not on the front pages. But she was right there on the second floor of the Blair House, where the Trumans are living while the White House is being rebuilt to the tune of millions of dollars. This Blair House is an old-fashioned 3-story house sitting almost on the sidewalk. The windows are the old-fashioned kind. While we have never been inside of it, we are sure it must be beautifully furnished. The street-car stop on Pennsylvania Avenue, right near the Blair House, was abolished after the two Puerto Ricans staged their little shooting battle with the guards. All of the shooting occurred outside on the sidewalk. But those two guys never had even the slightest chance to get inside since the Secret Service has the entire first floor and you know or can guess as to how much equipment they keep there to stop any gangsters or assassins from entering the house. The two gunmen just didn't get as far as the front door even.

Of course the President and his family are better guarded inside the White House as it is in the center of the block, at least 100 yards from the street and a fence surrounds the grounds with guards at all gates, day and night. But they won't be able to move back into it until about this time next year. New steel beams have been

put into the White House and concrete is being poured now. It will have two floors below the street level, it is reported, with three floors above. Doubtless, it will be one of the most beautiful mansions in the world when it is completely rebuilt. The famous Blue Room will be put back "just like it was." The old White House did not even have modern plumbing except in "spots" where it was possible to install it without bringing the walls down. But every kind of modern convenience is being put in this time.

It looks as though Harry Truman is our subject this week. We heard Jonathan Daniels, the North Carolina daily newspaper owner talk about his new book, "The Man of Independence," which came off the press a month ago. Daniels traveled with the Trumans for three months in the campaign of 1948 and then spent a lot of time at the White House interviewing the president before he went home and wrote this book about Truman. "Truman epitomizes America," declared Daniels in a talk at the Statler Hotel the other day. "He is a symbol. He failed as a haberdasher and didn't have enough money to pay off the mortgage on his mother's home just a few years ago. He has been through our struggles. He is our image. We haven't seen the last of him."

Texas is not the only place where it can get hot in late October as the temperature up to 85 here on October 31, a record for all time, the weather man reported. By the way, they don't print the name of the weather man here. Brother Winborn of Amarillo would not like a job here. In fact it didn't get cold here until Saturday night, the 4th. Of course it rained. It always rains here whenever a cloud comes this way. That was all day Saturday.

That's all now, folks.

IOOF Members And Wives Invited To Elk Supper

E. W. Godfrey and Charles Snowdon will be hosts to the IOOF Lodge and their wives at an Elk barbecue supper at 8 o'clock Thursday night, Nov. 16, at the hall, it was announced this week. Members of the Rebekah Lodge will serve as co-host, furnishing the trimmings and also serving the meal. All members are urged to come and bring their wives.

Mrs. Weatherby Is Hostess to Members Needle Craft Club

Mrs. T. D. Weatherby, 710 North 11th, was hostess to the Needle Craft Club on Tuesday afternoon, Nov. 7. Following the business session, which was conducted by Mrs. Bess Crump, president, an enjoyable afternoon was spent visiting. Refreshments of chocolate pie and coffee were served to Mrs. Cecil Hair of Cozad, Nebr., guest; and the following members: Mmes. Morgan Baker, Mary Lou Erwin, Henry Newman, Bess Crump, Marion Long, T. J. Hampton, J. M. Ferrel Jr., and hostess, Mrs. Weatherby. The next meeting is slated for November 22 in the home of Mrs. Morgan Baker.

Baptist Girl's Auxiliary Elects Officers Wed.

The Intermediate Girl's Auxiliary of the First Baptist Church met at 4:15 o'clock Wednesday afternoon, November 1, in the church.

The program topic for the day was "Thank You Lord" with Mrs. Rasco serving as leader. Taking part on the program were Mrs. Jones who gave the devotional; Betty Kennon who spoke on "She Came to Die, She Lived"; Ann May who discussed "New Hope for the Leper"; and Glenda Ellis who talked on "Loved by Somebody."

During a brief business session the following officers were elected: president, Betty Kennon; vice president, Jo Ann Kennon; secretary, Glenda Ellis; reporter, Pauline Hammonds and pianist, Ann May.

Members present were Glenda Ellis, Ann May, Jo Ann Kennon, Pauline Hammonds, Betty Kennon and Mrs. R. D. Jones and Mrs. L. G. Rasco, sponsors.

Mr. and Mrs. Dave Price received a letter from their son, Jimmy Price who is with the First Marine Air Wing. In the letter Price said that it was getting cold in Korea, but they had received their winter clothes.

Ed Cotton May Hurt Conservation

Merrill, regional head Conservation Service, timely suggestions who are considering their cotton acreage will fears that some the lifting of govern- strictions, may un-

do much of the good conservation work they have accomplished unless they chose their cotton wisely and take steps to protect it. Here are Merrill's recommendations for the farmer planning to increase his cotton acreage:

1. Put cotton only on land that is suited to cotton. Cotton land should be productive enough for a profitable yield and not easily eroded.
2. Keep cotton off land where cotton root rot is common.
3. Think it over before plowing up good stands of grass. Farmers

ALWAYS A BRIDESMAID? . . . Princess Margaret of England leaves St. Margaret's church, Westminster, after acting as chief bridesmaid at wedding of her cousin, Margaret Elphinstone.

mulching, contour cultivation and terracing help conserve moisture and prevent erosion.

Soil conservation districts can help farmers needing assistance in making decisions on what lands to plant to cotton and how to use these lands to best advantage. Merrill said.

Dave Callahan Opens Radio Shop

J. C. Callahan has opened a radio repair shop at 612 Noel street, in the building with Dave Price Motor Service. Callahan has had seven years experience in radio repair work. "My shop is equipped with late style testing equipment, which will make possible better repair work," Callahan said.

Mr. and Mrs. C. L. Pierce returned home Monday after attending a business meeting of Safety Training at College Station. On the way down they stopped in Dallas and visited Mrs. Pierce's mother, Mrs. M. F. Pace and two brothers, Herbert and Edd Thompson. After the meeting in College Station they motored to Houston to visit with their daughter and family, Mr. and Mrs. B. J. Toliver and sons, Jerry and Joe Edd.

runner-up in the National Flying Model show at Grand Prairie this summer would be here to fly some of his models.

Price has seen the 14-year old Fisher flying his model planes at Childress and he said that the boy could really put on a show with the models.

Workers Needed At Sheppard AB

The Texas Employment Commission office in Childress announce this week that recruiters would be in their office Tuesday, Nov. 14 to hire workers for employment at Sheppard Air Force Base.

An employment spokesman said that the demand was for airplane and engine mechanics and office machine servicemen.

If the applicant is qualified under Civil Service, then the recruiter can hire him on the spot. There will be no red tape to go through. The spokesman said that in the past that several Memphis citizens had applied about this type of work and that they could be hired now.

often net more from grass than from cotton, especially when they make full use of opportunities for grazing and seed harvesting.

In most areas, information on land suited to cotton is available Merrill said. Landowners can make use of the help that soil conservation districts can give them in deciding what land can produce cotton profitably and without damage. In the Plains areas of Texas and Oklahoma, nearly 5,000,000 acres of land now being cultivated are too shallow or unstable for cotton, a crop offering almost no resistance to the forces of erosion.

Legumes and other winter cover, planted immediately, would be worked into the soil next spring. These crops improve the soil, protect it against erosion during a danger period and offer winter grazing in addition to increasing the yields of the cotton crop that follows, Merrill said.

It is seldom wise to follow cotton with another crop of cotton Merrill pointed out. However when it is done, a legume cover between crops of cotton will help to control erosion, increasing productivity and reduce cotton root rot.

Farmers have been getting more grass-conscious in recent years the regional director said. More than 250,000 acres have been put in native grasses alone in Oklahoma and Texas during the last two years and still additional acreage in introduced grasses. On nearly all of this land grass for livestock is the safest and the most profitable use, and to plow up such plantings with the question prospect of a high cotton yield would be poor business, Merrill added.

Several grasses fit in well with rotations that include cotton, Merrill said. Some of these grasses are blue panicum, weeping and sand lovegrass, King Ranch blue stem and tall fescue.

Merrill also urges that farmers keep in mind the other practices that are useful in conservation farming. Planting cotton in alternate strips with tall-growing crops as grain-sorghums is essential in helping to control wind erosion in sandy lands. Stubble

Model Plane Contest Slated for Nov. 18

Dave Price, owner of Price Motor Service, has announced a model airplane contest for the best non-flying model built. The judging of the planes will be held at Price Motor Service

Saturday, Nov. 11. The winner will receive a Mel Anderson "Spitzzy" engine for flying models and a famous "Fire-baby" model airplane kit. Price said that a model airplane show would be held here in Memphis sometime in the near future and Arnold Fisher of Childress,

The Memphis Democrat
OFFICE SUPPLY DEPARTMENT

FARM and RANCH CHATTER

with LAYNE BEATY WBAP, Ft. Worth

Through a good many of the talks at the First Annual Texas Livestock Roundup in Fort Worth on November 8 and 9 ran the advice "Watch Washington."

The reason it was suggested that Washington be watched is the fear that more controls and restrictions are being brewed up for the livestock industry.

Stockmen want none of it. During the late war they were able to get by without many, but they know that there is considerable thinking outside the industry which would try to impose strict regulations on the marketing of meat animals.

A corn belt feeder, Ed. Hollenbeck of Sterling, Illinois, who feeds a lot of Texas calves, says folks in his section find Texas stock does better than calves from other sections. They are smoother, he says, and put on gain faster.

He took a critical view of the compressed type of beef calf and favors larger animals, but advised against going all out the other way.

"Regardless of the size of the animal," he said, "it's the smooth ones that sell best."

True D. Morese, president of the Doane Agricultural Service, St. Louis, says there is a demand

for farms now because people fear inflation and that prices will go higher.

He regards the imminent threat of inflation as one of our gravest dangers.

The grass demonstration staged by 4-H club members Lee Wolf and Ray Luke of Cook county, and their county agent, B. T. Haws, went over big with the crowd of over a thousand who attended the Texas Livestock Roundup.

Another favorite was the report by young Bivin Dunklin, Hamilton county 4-H'er and County Agent E. R. Lawrence on their beef cattle feeding project.

Hubertus Urbanczyk, young editor of the Agricultural Weekly in Munich, Germany, has been here as guest of the U. S. Department of Agriculture lately. He is studying ways of handling farm news and getting agricultural information to farmers in an effective way.

He says Germans have failed to do that satisfactorily.

A sharp young fellow, he speaks almost perfect English, learned in the five months he has been in the U. S. He has received numerous requests for public appearances before luncheon groups and schools here. He plans to return to Ger-

QUADRUPLETS ENTER ARMY . . . The Ferricone quadruplets of Beaumont, Texas, examine an army poster at the army and air force recruiting station in Houston and discuss army life with M/Sgt. Truman Douglas (left). They entered the service.

many after attending the National 4-H club Congress in Chicago next month.

Channing Cope, the colorful Georgia farmer, author, newspaperman and broadcaster, who was set to appear on the Texas Livestock Roundup, ran afoul of high blood pressure last week and had to stay home, but he arranged for a substitute speaker, Dr. A. E. Cullison of the University of Georgia.

Being accustomed to farming from his front porch anyway, it was fairly easy for Channing to do this by remote control.

Mr. and Mrs. Paul Smith were shopping in Amarillo Monday.

Total registration included 1,569 new students. Of the total of new students, there were 1,082 freshmen, 185 sophomores, 220 juniors, 22 seniors and 60 graduate students. Men students enrolling for the first time were 863 and women students, 706.

Final enrollment for all students showed the men outnumbering the women, 2,957 to 2,136.

The highest contest for 1943 per acre. Nitrogen can be soil for five cent crop. The cost is done by growing three times that of nitrogen is purchased per cent.

MASSEY-HARRIS No. 27 PLOW

A popular-priced plow with STRENGTH TO SPARE

You two-plow tractor owners will be more than pleased when you see the new Massey-Harris No. 27 Plow—the quality plow in the popular price range.

Heavy bar steel braces forged to fit into the tough I-type plow beams give you the sturdiest plow frame construction possible.

Ample clearance and long rake help you get your plow jobs done in less time at a minimum amount of power cost. Come in and give it the "once over" today.

Cone type wheel bearings give you many extra years of wear with the No. 27—more proof of quality construction despite low first cost. Simply screw up the hub bolt and you have a smooth running plow for many seasons to come—no bearing replacements necessary.

Pearls of Wisdom

Strung by J. H. R.

Remember each year, we are reminded by the Armistice Day . . . rows of silent cemeteries, and

of the thousands of physically handicapped filling the Veterans' Hospitals. Because of disabilities incurred in a struggle to preserve this peace on earth, these fellows have spent months, even years, in hospitals hoping some day to resume their place in society. Once

OUCH TEST! . . . The GI at Death Valley is P.F.C. B. W. Whisman of Fort Lee, Va., whose reaction to the 144-degree sand and 117-degree sun is recorded for use in making desert uniforms.

Antihistimine Is Not Cure-All

"The wide advertising of antihistimines for the prevention of colds should not persuade people to place too much confidence in these drugs as a treatment for colds," Dr. Geo. W. Cox, State Health Officer warns the citizens of Texas. "Those who decide to take any of the antihistimine pills should realize it is highly important for them to follow exactly the directions.

"Regardless of the effectiveness of these new products it remains most desirable to take the ordinary precautions against contracting a cold—adequate sleep, clothing adapted to the weather, well balanced diet, moderate outdoor exercise and avoidance of unnecessary contacts with those already suffering from colds. Extra rest and the drinking of large amounts of fruit juice are still important aids to physical well being and cure if a cold occurs.

"Unfavorable reactions such as dizziness, drowsiness, and temporary loss of muscle control sometimes occur after taking this drug. Everyone is strongly advised against driving an automobile or working around machinery while taking the pills.

"Some readers of advertisements may get the idea that taking small doses of antihistimines every day will prevent colds. Such use of drugs should be discouraged. Antihistimines are still new and largely unproved drugs. Physicians have not yet determined what effect these products may have upon the human system if taken over a long period of time."

CARD OF THANKS

We wish to thank the many friends for their thoughtfulness at the time our hearts were heavy in the passing of our dear mother. J. H. Garrett Mrs. Jack Breland Mrs. Maggie Pugh Mrs. Jim Martin Mrs. C. P. Mercier Walter, Lewis and Bob Garrett.

Prices for Texas farm and ranch lands were at record highs at the end of 1949 and were still rising. The number of acres sold was 25 per cent less than for 1948 and the average size of the tracts sold was smaller than has been the case for several years. The number of sales dropped 11 per cent.

Buy and store insecticides now for use on the 1951 crop. They'll cost no more and possibly less than next spring and summer when you need them.

mistice Day . . . remember that many a veteran is unable to wave as the parade passes because he lost his arms to keep Old Glory waving!

VET PROBLEMS AND ANSWERS

Q—I plan to obtain a GI loan to buy a house which I will use as a combination physician's office and home. Do the new VA down payment requirements for residential property pertain to me? About two-thirds of the house will be used for my office and laboratories.

A—Yes, the down payment restrictions apply in your case. So long as any part of the house is used as living quarters, the regulations apply.

Q—I am a retired officer drawing disability retirement pay from the Army under the Career Compensation Act for loss of a leg incurred in line of duty. Will VA provide me with any prosthetic appliance I happen to need?

A—So long as you draw retirement pay only, you are entitled only to an artificial leg or braces as needed, but to no other prosthetic appliances. However, if you can qualify for VA's disability compensation (by waiving as much of your retirement pay as you receive in VA compensation), you

may be eligible for any appliance for the disability for which you are receiving VA compensation. And you'd continue to be eligible for the artificial leg and braces.

Q—I am an ex-officer receiving retirement pay from the Army, and I am attending school under the GI Bill. VA has asked me to report my income, for the purpose of determining how much subsistence I am entitled to. Do I report my retirement pay as income?

A—No. All that you need report is actual compensation for productive labor—such as wages, salary, commission, bonus or other payments received by reason of your employment.

Mr. and Mrs. L. G. Yarbrough returned from Dallas Wednesday of last week where Mr. Yarbrough underwent surgery in Baylor Hospital on October 23. He is improving nicely.

Fleshing, finish and pinfeathers, or the lack of pinfeathers, are the important factors to consider when selecting quality turkeys.

If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer. —Adv.

THREE SCOURGES OF MAN

Epidemics have ranked with war as population levelers. Of these scourges of man, pestilence was most devastating in that it wiped out the population in some places.

Development of bacteria as the cause of infectious diseases is still within the memory of the population. The first vaccine for rabies in 1885 was developed by Louis Pasteur.

Many immunizing procedures have become available as a consequence, deaths from infectious diseases have been reduced.

Smallpox should be protected against smallpox and diphtheria to a minimum. Do not wait for an epidemic to strike. Then it is often too late.

Complete stocks of biologicals, subject to the cause of freedom.

Even the two "basket cases" (quadruple amputees) of World War II are today living happy, useful lives, thanks to modern ingenuity. Equipped with artificial limbs, one is continuing his studies in law; and the other, with a specially designed tractor, is working his own farm in Alabama.

Both men are married and, seeing them busy and happy, the tedious months of convalescence, the try-

ing mental and physical readjustments seem completely forgotten. "Faith takes up the cross, love binds it to the soul, patience bears it to the end." (Bonard)

With examples of fortitude such as these, do we who are blessed with comparative plenty of comforts and health dare complain about anything? And yet, we sometimes lose sight of the stars overhead for hunting the rocks in the road. We forget Schopenhauer's admonition that, "A good supply of resignation is of first importance in providing for the journey of life." We forget about the man who complained at having no shoes until he met a man with no feet. Now and then, we need to meet that man with no feet to quicken our sense of gratitude for things as they are.

The first week in October was designated by President Truman as a time for helping the handicapped to re-establish themselves as useful, happy citizens. One toy manufacturer employs only handicapped workers and the United States Steel Corporation hires 15,000 physically handicapped persons in its various plants. All of which proves that these people as employees are capable of doing a job well. When ever possible, give them a helping hand and bear in mind that they are anxious to be accepted as normal human beings equal to the task. They spurn sympathy and coddling.

Though blind I've been since Saipan, I would be treated as a man. When you and I together walk, Keep jest and courage in your talk. And be at ease the same with me As you would be if I could see. I love the world, can taste and smell; Some tasks there are which I do well. I've vision in my sense of touch, So do not pity me too much. Pause and remember this Ar-

ing mental and physical readjustments seem completely forgotten. "Faith takes up the cross, love binds it to the soul, patience bears it to the end." (Bonard)

Built for tough service — all ways!

CHEVROLET TRUCKS

with Chevrolet's Hypoid Rear Axle

Chevrolet trucks are engineered to "take it," in every way. Chevrolet's heavy-duty hypoid rear axles offer maximum strength . . . with single-unit housings formed into tubular steel beams, and splined axle-to-hub connections that deliver power more evenly. Gears last longer, too . . . pinion gear is ball-bearing supported at each end, with adjustable thrust pad to prevent distortion on extra heavy pulls. Add these advantages to powerful Valve-in-Head engines, Synchro-Mesh transmissions, and channel-type frames. Then you'll know why Chevrolet is the most popular truck in America. Come see these great Chevrolet trucks today!

Memphis, Tenn. Memphis, Texas Make Confusion

In an effort to do away with the confusion being caused by having a Memphis, Texas, and a Memphis, Tenn., Clifford Farmer, Memphis, Texas, Chamber of Commerce Manager, has written Clifford Penland, Memphis, Tenn., Chamber of Commerce Manager suggesting that the Tennessee city change its name.

In a letter to Penland, Farmer suggested that the Chamber of Commerce in Memphis, Tenn., change the name of their town so that the citizens of Memphis, Texas could get their mail, freight and express without it first visiting Memphis, Tenn.

The biggest loss to Memphis Texas was when the Canadian export officials tried to give a load of registered Angus cattle slated for Texas to the Tennessee city.

Memphis finally got the cattle and convinced the exporters that

Texas had a Memphis. Memphis, Tenn., would change its name, for it never consent to change name of a town in Texas.

Graveside Rites For Grandson Estelline Couple

Amarillo, Texas, graveside rites were read at 10 o'clock morning, November 10, Memorial Park Cemetery. Neal Hutchins, two weeks of Mr. and Mrs. James 1013 Travis, Rev. B. officiated.

The infant died in Northwest Texas Hospital. Other than the parents are include the grandsons and Mrs. P. B. Carver, rillo and Mr. and Mrs. Hutchins of Estelline and grandmother, Mrs. Y. Pampa.

Boxwell Brothers Funeral was in charge of arrangements.

Charles A. Dana, Secretary of the New York State, cate the public to want

James Freeman, Jr. Accidentally Shot In Leg Sunday

James Freeman, Jr., who was shot in the leg Sunday afternoon and has been in Northwest Texas Hospital in Amarillo, will be brought back to Memphis today. James Freeman, Sr., said that the boy would probably have to stay in a local hospital for eight to ten days.

The accident occurred when four or five boys had a .22 rifle and was shooting at a target. One boy fired the gun at the target and reloaded the gun and handed it to Freeman.

In the exchange the gun went off and the bullet entered his leg about four inches above the ankle and went down and lodged just above the ankle.

Doctors told the boy's father that they were not going to remove the bullet for it would not bother him if he left it in the leg, but if they operated to remove the bullet it would leave the ankle stiff.

Freeman was a member of the Whirlwind football squad. The 14-year old youth is in the eighth grade.

The royal governor of Massachusetts appointed the first licensor of the press in 1662.

Cartoon Dinner To Be Served Tuesday Night

Hut Hutson and several Memphis citizens will eat their cartoon on the courthouse square Tuesday night, Nov. 14 at 8 o'clock.

Hutson and several citizens promised to eat the cartoon drawn by Hutson depicting the Wellington Rockets beating the Memphis Cyclones if the Cyclones would upset the Rockets.

The Cyclones went out and dumped the Rockets on penetrations, 4-3, and now the artist and Memphians face a dinner of paper.

This was the first time that the Cyclones had beat Wellington since 1936.

Hutson will be here for several talks and will keep his stomach in good condition by eating his creation. Twenty-one Memphis citizens are to help Hut eat his cartoon. They are: Bill Dunn, Oma Cochran, Tomie Potts, Homer Tucker, Ed Mathis, Helen Combs, Claude Ferrel, Al Burk, R. L. Gates, M. C. Allen, Winnford Wise, Alex Burk, Dave Price, J. R. Anthony, Jay Shepherd, Bill Roson, George Childress, Ellis Veteto, Jerrell Messer, W. B. Hooser and W. D. Young.

Two doctors will be on hand to assist any one having trouble eating their share.

Nov. 23 Official Thanksgiving Day

Memphis business houses will close on Thursday, Nov. 23, in observance of Thanksgiving, Orville Goodpasture, chairman of the Memphis Retailers committee, said this week.

The committee met Tuesday afternoon and decided that Memphis would observe the 23rd as Thanksgiving.

Several years ago President Roosevelt set Thanksgiving up to the third Thursday in each November so as to make the Thanksgiving and Christmas holidays further apart.

Ever since he did this there has been confusion as to which Thursday would be celebrated.

Poppy Day- (Continued from page 1)

person buys a poppy they are not making a donation, but are buying a badge that says "I am glad to be an American."

The high school girls will have baskets of poppies and will sell over town. A table will be set up on the west side of the square and the sale will be directed from this place.

Besides the Buddy Poppy sale, the Legionnaires are planning a week end of celebration for Armistice day.

The American Legion Simmons-Noel Post will have its annual stag party on Friday evening Nov. 10.

After the Buddy Poppy sale all day Saturday, the 11th, the Legion will have its Armistice Day dance that night in the American Legion hall on South 6th street.

Music for this dance will be by well known dance band and the dance starts at 9 o'clock and lasts until the Legionnaires are ready to quit.

Pepper is Guest Speaker at County TSTA Annual Banquet

Pepper, director of the Texas State Association, was the guest speaker at the annual banquet of the unit of the Texas Education Agency, directed this discussion. Master of Ceremonies for the banquet was C. O. Gregory. The invocation was given by Katherine Russell of Turkey. Ray Newton, Memphis; Loran Denton, Lakeview; George Ray Colvin, Turkey; and Mr. Rorabaw, Estelline, led the group in a singing. Pianist was Laura Mai Hightower. The introduction of guests was followed by a solo by Laura Killian, accompanied by Sheila Killian.

Stitch and Clatter Club Meets With Mrs. Eddleman

The Stitch and Clatter Club met Tuesday, October 24, in the home of Mrs. Laura Eddleman. Pleasant conversation and needle work were enjoyed throughout the party hours. Tasty refreshments were served to 11 members and plate favors were Halloween baskets filled with candy and peanuts. Members present were Ruby Rapp, Clorine Morrison, Edna Winkler, Bertie Holland, Bea Gardenhire, Jewel Marcum, Myrtle Darby, Ilva Richburg, Lillie Jones, Myrtle Butcher and Gertrude Raley. One guest, Mrs. Browning of Turkey, was also present.

Roach-Jewett Nuptials Read In Hollis, Okla.

Mrs. G. L. Roach announces the recent marriage of her daughter, Stella Jo, to Clifford J. Jewett, son of A. W. Jewett of Memphis. The double-ring ceremony was read in Hollis, Okla., on Thursday November 2, with S. B. Sdenis officiating. For her marriage, the bride chose a blue suit accented by a corsage of red carnations. A. W. Jewett was the couple's only attendant. After a short honeymoon trip to Kansas, the couple will be at home in Memphis.

Culture Club Meets Wednesday In McElreath Home

Miss Esta McElreath entertained members of the Woman's Culture Club on Wednesday afternoon, November 1, at her home in Memphis. "What's Right With Modern Marriage?" was the topic of the program for the afternoon, and interesting discussions relating to this topic were given by Miss Sybil Gurley, Mrs. D. A. Grundy and Mrs. W. C. Foote, Jr. "Quotes on Divorce" was discussed by Miss Sybil Gurley; Mrs. D. A. Grundy talked on "Making Marriage Work" and Mrs. Foote concluded the discussion with a paper on "Marriage is a Lot of Little Things."

Dr. Jack Baldwin Attends Course in Philadelphia

Dr. Jack Baldwin left Friday night to attend a six day course in Oral Medicine at Skytop Club, near Philadelphia, Pennsylvania. The theme of the Oral Medicine Seminar deals with the biology of bone and growth and development as it affects or is affected by the teeth and jaws, the anatomy and pathology of the periodontal tissues, diseases of the blood and

1913 Study Club Meets in Home of Mrs. Frank Foxhall

"The Price of Liberty is Eternal Vigilance" was the timely quotation for the day's discussion when members of the 1913 Study Club met in the home of Mrs. Frank Foxhall on Wednesday, November 1. Mrs. Boyd Rogers opened the program with an interesting discussion on "The Great Illusion" debunking the idea that the federal government's resources are inexhaustible and free; it must be taken from the pockets of the people. "If we are to keep America as Lincoln said, 'the last best hope on earth,'" stated the speaker, "then we must be more alert, and exert our every effort along these lines."

Dark Cottons for Late Summer Wear and for the First Days Back at School are the Choice of Both the High School and Collegiate Crowds.

This young collegienne chooses a dark cotton plaid designed by Toby Lane of St. Louis for a neat outfit that will rate her an A plus in fashionology. Dark cottons for late summer wear and for the first days back at school are the choice of both the high school and collegiate crowds. This young collegienne chooses a dark cotton plaid designed by Toby Lane of St. Louis for a neat outfit that will rate her an A plus in fashionology.

Blue Bonnet Club Meets Friday

Members of the Blue Bonnet Needle Club were entertained on Friday afternoon of last week in the home of Mrs. C. C. Meacham, 401 South Sixth street. Members devoted the party hours to various types of needle work and pleasant conversation. Enjoying the delicious refreshment service were one guest, Mrs. Ott Bevers of Lakeview and the following members: Mmes. Fern Boone, Essie Cullin, Winnie Johnson, Gussie Jones, Hucie Lindsey, Margaret Phillips, Minnie Potts, Ethel Rogers, Minnie Vallance and hostess, Mrs. Meacham.

Miss Sidney Hulsey Elected Lakeview Football Queen

Miss Sidney Hulsey, daughter of Mr. and Mrs. Homer Hulsey, has been elected the 1950 Lakeview Eagles' football queen. Miss Hulsey is a 16-year old junior in the Lakeview schools. Miss Hulsey's attendants for the ceremony will be Misses Wanda Kennard and Rita Harman. She will be crowned queen by team captains G. D. Hall and Gerald Payne.

Mrs. O. V. Alexander Named President of United Council

Mrs. O. V. Alexander was recently elected president of the Memphis Chapter of the United Council of Church Women, members of the executive committee announced this week. Mrs. Alexander takes over the leadership of the newly created organization of interdenominational cooperation of all the church women of the community after Mrs. Tom Way resigned the post. The committee, which met at the Methodist Church on October 30, also planned community projects which will be announced later.

Wesley S S Class Hold Montly Meet

The Daughters of Wesley Sunday School Class of the First Methodist Church met Thursday afternoon, November 2 in the home of Mrs. Sidney Baker with Mrs. T. D. Weatherby and Mrs. W. A. Thompson as co-hostesses. The president, Mrs. W. F. McElreath, presided over the business session. Committees were appointed to supervise the redecoration of the Ladies' parlor at the church. Plans were discussed for the bazaar which will be held the first Saturday in December and all members urged to donate needle work, cakes, pies and cookies for this sale. The president reminded the class that gifts would be accepted for a needy family at Christmas time. These gifts to be brought to the Christmas dinner which will be December 14th at the church.

Six Legionnaires Attend Convention

Six members of the Memphis Simmons-Noel Post of the American Legion will attend the regular fall convention of the 18th American Legion district in Shamrock, November 11 and 12. Memphians attending are: Post Commander T. D. Weatherby and wife, Hershall Pounds, Frank Vampelt, H. J. Oren and Bill Vardeman.

BACK-TO-SCHOOL

Lakeview FHA Holds Initiation Service At Park

The Lakeview FHA Club held its initiation service on October 30 at an outdoor meeting at the city park in Memphis. Following the enjoyable picnic supper, and amateur program was presented by the new members. Later the group attended the theatre. The trip was made by bus and those attending the affair reported a good time.

Harmony Club Members Attend Borger Meeting

Mrs. Henry Foster, Mrs. Joe DeBerry, Mrs. Carl Smith and Mrs. T. L. Rouse were in Borger Friday evening attending the district music club meeting. The meeting was held at the First Baptist Church in that city. Mrs. Rouse and Mrs. Smith appeared on the fine arts program playing an organ and piano duo. Each club in the district furnished a musical number. Mrs. Foster is president of the Memphis Harmony Club.

Miss Sidney Hulsey has been elected Football Queen of Lakeview High School and will be crowned tonight before the Lakeview - Turkey game in Lakeview. She is a junior in Lakeview High School.

PERSONALS

Mrs. Athalee Beckham and Billy Jean Beckham, Mrs. Joyce Webster and son Mike were Amarillo visitors Tuesday. Mr. and Mrs. Clint Srygley and daughter, Frankie Lynn and Jo Ann Hart visited in McLean Sunday with Mrs. Srygley's brother, James Dawson. Mrs. L. L. Smith of Altus, Okla. visited her sister, Mrs. Ira Lawrence Monday. Mr. and Mrs. Harry Aspgrren and son spent the week end in Sherman with relatives. Mr. and Mrs. Eddie Lester of Amarillo spent the week end here with his parents, Mr. and Mrs. L. H. Lester. Clyde Miller of Clovis, N. M. visited here Sunday and Monday with his parents, Mr. and Mrs. Bert Miller. Mr. and Mrs. James Miller visited in Quail Sunday with her parents, Mr. and Mrs. George Stevens. Bobby Pat Young, who is attending SMU, spent the week end here with her parents, Mr. and Mrs. W. D. Young. Mr. and Mrs. Eddie Strong and family of Hollis, Okla., visited here Sunday with her parents, Mr. and Mrs. Bert Miller. Mrs. L. A. Dickey, Mrs. Paul Brewer and daughter, Glenda of Wellington visited with Mrs. H. A. Combs Saturday. Mrs. Hank Hankins of Memphis and Mrs. Morris Reed of Wellington were in Amarillo Saturday. Jack Walker, moving from Odesa to Dallas, stopped in Memphis first of the week to visit his mother, Mrs. R. C. Walker. Mrs. H. L. Vaughn and daughters, Barbara, Linda and Pet Pete, of Dumas are visiting Mrs. L. E. Nolan of Alaska. Mrs. Henry Scott spent last week end with her daughter, Mrs. C. E. Tension in Wichita Falls. Robert Duncan, who is attending WTSC, in Canyon, spent the week end here with his parents, Mr. and Mrs. R. L. Duncan. Mr. and Mrs. Norman Heath and Marilyn of Lubbock and Mr. and Mrs. N. L. Benson and Carrol of Tyler visited here over the week end with Mr. and Mrs. H. H. Lindsey. Mr. and Mrs. T. D. Weatherby spent Sunday afternoon in Clarendon with Mr. and Mrs. Russell Bain and family and Mr. and Mrs. C. N. Blewer. Richard Limer is in Dallas this week attending a glass school. Joe Britton and Weldon Herndon of Bonham visited with their uncle, Mr. and Mrs. W. E. Beckham and family Monday. Dee Ellen Durrett of Warrior, Ala., visited here with her parents, Mr. and Mrs. B. M. Durrett over the week end. She returned to finish school. Bobby Crooks, student at SMU, was home over the week end to visit with his parents, Mr. and Mrs. R. E. Crooks. Mr. and Mrs. Zeb Moore and Mr. and Mrs. Regnal Greenhaw of Amarillo visited Sunday in the home of Mr. and Mrs. Geo. Greenhaw. Mr. and Mrs. H. W. Spears of Lakeview visited in the home of Mr. and Mrs. L. O. McCoy Sunday. Guthrie Bennett of Las Vegas, N. M., spent the week end here with his parents, Mr. and Mrs. H. B. Bennett. Mrs. J. Webb Nelson and daughter, Leita Mae of McKinney visited in the home of Mr. and Mrs. Roy L. Guthrie Monday night. Mrs. Clifton Burnett and father, Claude Betts visited in Ardmore, Okla., a few days of this week with Mrs. Claude Betts. Minister and Mrs. Gray Carter of McKinney visited here Monday and Tuesday with friends. Mrs. E. S. Morrison and daughter, Marjorie spent the week end with her daughter and family, Mr. and Mrs. J. O. Gibson and other relatives in Amarillo. Mr. and Mrs. Ode Gibson, Jimmy, Murita and Betty Paschall visited in Shamrock Sunday with Mr. and Mrs. Howard Leake. Mr. and Mrs. Albert Crump and children of Friona visited here over the week end with Mr. and Mrs. H. H. Hays, Mrs. Bess Crump and Mr. and Mrs. J. P. Godfrey. They also attended the funeral of her cousin in Clarendon. Mrs. Gip McMurry, Mrs. H. M. Guest and Mrs. Lester Bowman were Amarillo visitors Friday. Mrs. Guest remained for a week's visit with her sister, Mrs. Julia Perry. Mr. and Mrs. H. W. Edmondson and family visited friends and relatives in Quannah Sunday. Mrs. George Graham of Hollywood, Calif., visited from Thursday to Saturday with her sister and family, Mr. and Mrs. Claude Hickey.

MEMPHIS, TEXAS
FIRST MAYOR OF MEMPHIS • PAST PRES. OF THE PANHANDLE PRESS ASSOCIATION

senior class was master of ceremonies. Doyle Walker crowned the Princess of Grammar School and Don Davis, president of the senior class, crowned the High School Queen. Following this, the girls on the stage sang two numbers: "I Am Always Chasing Rainbows" and "At the Rainbow's End."

Queen Bobbie of the House of Davis, daughter of Mr. and Mrs. Pete Davis is a popular member of the senior class. She was attired in a white and original model net gown made over a hoop skirt and embellished with gold and green trim. She is a leader of the pep squad, editor of the high school annual, and a senior class officer. She was voted most outstanding girl in high school last year.

Princess Betty of the House of Armstrong, daughter of Mr. and Mrs. Frank Armstrong, was dressed in a frock of white net over pale green. Betty Armstrong is a victim of polio, and her class, the seventh grade, being very determined to elect her worked hard to make it possible to give her this honor. She attends school in a wheel chair and has missed only two days this year. Her chair was placed in front of the throne and the capacity filled house gave her an ovation.

All grammar school girls who represented their classes were dressed in formal rainbow colored frocks. Each one wore a miniature umbrella on her arm. All on the stage wore corsages or boutonniere. The Queen and Princess were presented with arm bouquets tied with rainbow satin ribbons.

The occasion ended with the

entire audience and group on the stage singing the school song.

Proceeding the royal court were the ladies in waiting to the Queen, attired in formal dresses of rainbow hues. They formed a semi-circle around the back of the stage. They were: Doris Chaudoin, Mildred Contreras, Helen McWhorter, Phyllis Nolan, Othel Baskin, Wanda Bell, Patsy Burnette, Arietta Hartwell, Sibbie Jouett, Mary Johnson, Shirley Spruill, Norma Williams, Betty Richerson, Jo Schoffner, Jo Spruill and Athelene Jones.

The members of the Princess' Court were candidates who were presented by the classes from grades one through eight and their escorts. These ladies were dressed formally and each wore miniature umbrella on her arm. They were: Jo Carol Cooper and Mike Lee Cox; Peggy Phillips and Clayton Hood; Judy Evans and Mike Cope; Patricia Nivens and Gary Joe Rogers; Gaynelle Jones and David Davis; Karen Eddins and Bennie Nelson; and Elda Mae Baskin and Darsell Davis.

Proceeding Queen Bobbie of the House of Davis and King Don of the House of Davis were tiny flower girls with gold baskets. They were Sharon Wright and Paula Adams. Gerry Kennedy was train bearer and Doyle Hulien was crown bearer. Mrs. C. L. Sloan was accompanist.

Regardless what clothing a man is purchasing, he should select each item with the idea of building a wardrobe that is right for his build, his type and his needs.

Later THAN YOU Think!

"FACTS DO NOT CEASE TO EXIST BECAUSE THEY ARE IGNORED"

Neither do facts cease to exist because they are uncovered, alarming or unpleasant. But, it is unfortunate, indeed, when an intelligent person realizes that something is taking place which will adversely affect his health, or his entire future... and yet he fails to do something about it!

In practically every community in America, there are medical facilities available to ALL those who make the personal effort to locate them. A million dollars worth of free medical service is rendered every day, in clinics, hospitals, offices and homes—to needy persons. Taxing employees and employers, to build up a "4-Billion-Dollar-a-year" Bureaucracy, will not solve your health problem. That is a matter between you and your doctor.

Pharmacy

Estelline School Carnival Raises \$2148.17 For Gymnasium Improvement

The Estelline School Carnival was a great success. Everyone who attended had an enjoyable entertainment and \$2,148.17 was raised to be used in improving the school gymnasium. The superintendent of schools, C. O. Gregory, was general chairman from the school. Mrs. John Chaudoin, president of the P. T. A. was chairman of her organization. Cooperation between all patrons and faculty and student body made the affair a success.

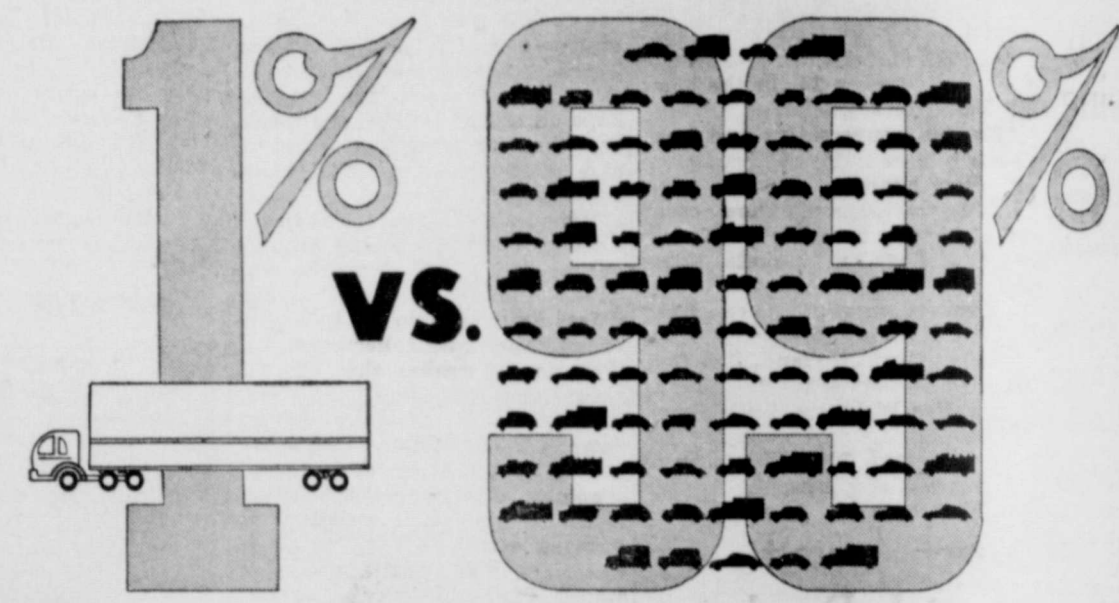

The evening's entertainment began with a turkey dinner served by the 1932 Culture Club in the

cafeteria and ended with the Coronation of Miss Bobbie Davis as High School Queen and Miss Betty Armstrong as Grammar School Princess. The gymnasium contained all the booths ranging from the Witch's Pot to Bingo. There was entertainment for all.

The Coronation was formal and most elaborately staged. The theme carried out was that of finding the pot of gold at the rainbow's end. The stage was beautifully arranged against a background of solid blue. The rainbow of satin ribbon joined the two thrones.

The huge pot of gold was beside the throne used by the school queen. Jardinieres covered with blue were filled with rainbow colored cut flowers and arranged in front of the thrones across the stage. The thrones were covered with white. Gold crowns were used. The ladies of the queen's court formally dressed in rainbow colored gowns entered first and formed a semi-circle across the back of the stage. The courtiers formally dressed preceded the majesties. Both the queen and the princess were dressed in white net frocks as were the tiny flower girls and train bearer. The queen's robe was kelly green velvet lined with white satin.

Jim Moore, vice-president of the

Are Our Texas Highways Being Destroyed by 1% of Highway Users?

This question is presented squarely for the first time by the Texas Tax Journal in its booklet, "The Case of the One Per Centers."

Every Texan who wants good highways, adequate for 99 of every 100 users, should write for a free copy of this revealing booklet.

Approximately 99% of all Texas motor vehicles are registered for a gross weight of 20,000 pounds or less.**

All Texas taxpayers, including your Texas Railroads, have reason to be concerned about the high cost of constructing and repairing our highways and the prospect of building more costly roads made necessary by the operation of highway "box cars."

No one has any desire to bar vehicles of reasonable size from our highways, so long

as each pays its fair share of construction and repair costs.

Other Texas taxpayers should not be required to shoulder the burden of a roadway system for highway "box cars", representing only 1% of highway users.

Every Texan interested in good highways without increasing the growing tax burden should fill out the coupon below and get a copy of this valuable booklet.

James Anderson's Address Sought By Reserve Board

A Memphis man, James Anderson, is one of the five reservists in the Amarillo area that are being sought for pre-induction physical examinations.
 Colonel Oscar B. Abbot, Chief of the Texas Military District, said that the orders to these reservists were un-delivered by the post office.
 The other four reservists are: John Giddings, Pampa; Leslon Hulbert, Kress; James Morgan, Borger; Emitt Ballou, Miami.
 Colonel Abbot requested that reservists whose names are listed to immediately contact the local instructors office, 312 E. Fifth street, Amarillo, or write direct to the District Headquarters, Seventh and Colorado streets, Austin, giving their present address.
 "Friends or relatives of the reservists will be rendering both the Army and the reservists a service by calling this article to their attention," he said.
 Colonel Abbott emphasized that there is no indication that these men have attempted to avoid military service, only that contact with them has been temporarily lost.
 high. Bring your gun up from behind him and just as he is directly above you, blot out the bird and whip the gun ahead as you pull the trigger.

SPORTS AFIELD
 By Ted Kestrig

No man ever gets so good he can't miss an easy shot. Even practice won't make you perfect, but it will help. However, there is no substitute for game shooting to teach a man how to hit game. Clay target shooting will teach familiarity with gun handling and that it about all.
 So if you want to become good at field shooting the answer is practice on live game. Work on crows. Shoot coots. Maybe when you get so you can kill five coots in a row you can hit a mallard passing by.
 Don't trust everything the "experts" tell you. Ray Holland says it was several years before he learned that poking your gun out ahead of a flying duck is the wrong way to go about getting him in the bag. Any target passing you must be led. That's where practice counts. No man can tell another how far to shoot ahead; you can't figure lead mathematically. It takes swing and perfect co-ordination of eye, mind and muscle to put ducks down with regularity.
 All the really good duck shots I know come up behind their game, pass the target and pull the trigger as they swing on by. Some cover the target and follow it for a split second, then whip the gun ahead and pull the trigger. None of these men stop the gun as they pull. If you stop the gun you miss.
 That's because the speed of your swing helps take care of the lead. When you stop as you pull, the duck flies out of danger. How much daylight should you see before you pull? That's up to you. No two men shooting together may agree on this. If your bird doesn't come down on the first shot, try more daylight on the second. It is rare for a gunner to shoot too far ahead of waterfowl.

Many men have trouble with birds flying directly overhead. A bird in such flight always looks higher than he really is. It is a comparatively sure and easy shot once you have mastered the technique. Shoot him directly overhead if you think he is over 35 yards

Bird in hand that's a Beauty

and a Buy!

Now it can be told. This clean-lined, smart-stepping 1950 version is the most popular Buick ever built.

Ever since early in the present year, a value-wise public has been taking them away from us as fast as—or faster than—the great Buick factories could roll them out. Within recent weeks, production and sales have set an all-time record.

Count off the distinguished and time-tried features of this winner and you'll know why.

It has a Very Exclusive Motor—Buick's own high-compression Fireball—which gets its driving power from a combustion chamber found in no other car in the world.

It has the bump-smothering softness of coil springs on all four wheels and a torque-tube drive—a comfort combination that no other car provides.

It has Dynaflow Drive*—which ushered in a whole new concept of effortless travel.

It has a brilliant styling which sets it apart from every other car on the road.

And it has prices which say "buy me" to any motorist who's looking for maximum money's worth.

Isn't it sensible, while these great cars are still coming off the line, to check with your Buick dealer about getting one to call your own?

The Cyclone News

Bringing You News About Memphis High School

Six Seniors Completing Their Cyclone Football Careers Fri.

Friday night, in Cyclone Stadium, you will see these six senior players in their last representation of MHS on the gridiron. Perhaps these boys will never again wear the uniform of a football player, but never the less football has made a great deal of difference in each of their lives and has made better sports of them all.

Football is not just a sport for spectators to enjoy, but helps a great deal in the life of all the students in high school. Football builds up almost half of the entire school spirit and accounts for a great deal of the fine co-operation between the business men and the student body.

Hats off to a group of boys who have helped our school to grow in the estimation of our neighboring schools and communities through their wonderful spirit and excellent sportsmanship.

We know you'll miss wearing the black and gold and fighting for MHS, but the memories of your high school football career will remain with you forever, and we hope you will always be proud to have been a fighting Cyclone.

Meet Peanut Pierce, a 16 year old Senior, who weighs 150 pounds and is five foot nine inches tall. Peanut has earned two letters in football at left guard and also in baseball, track and basketball.

Peanut enjoyed the Lefors and Memphis game as the most exciting game this year.

Peanut's biggest thrill came when he ran 60 yards for a touchdown when he played on the "B" team. This game was with White Deer in '48 and was the only time he ever has carried the ball.

After graduating, Peanut plans to attend either West Texas State or North Texas State, with a major in either Physical Education or Journalism.

The next gridiron star we will introduce is big Lee Bloxom. We say big, 6 ft. 4 1/2 in. tall and weighs 191 pounds. Lee has lettered three years at right tackle. Lee is 17 years old and is a very versatile boy, being chosen Freshman Favorite, Soph. class officer and Business Manager of the Annual in 1950 and 51. Besides lettering in football, he has lettered in basketball, track and baseball.

Lee wants to go to the University of Texas and plans to major in business.

Here's another of the big guys, Don Rasco, a six ft. 2 in. Senior who weighs 155 pounds. Don has earned three letters in football at right end and has certainly done some exceptional playing in that position, catching some passes that looked impossible. Proving his versatility, he has lettered in base-

ball, basketball, and track, and was also chosen class favorite in '47-'48.

From all the games the Cyclones have played this year, Don picks the Lefors and Memphis tilt as the most exciting. His biggest thrill came when the basketball team won the State Championship in 1949, perhaps because basketball is his favorite sport.

After graduating, Don plans to attend TWC in Wort Worth, and major in Physical Education.

Here's one of the backfield stars, Tommy Messer. Tommy is a two year letterman and plays left halfback. Tommy enjoyed the Wellington and Memphis game the most this year, but his biggest thrill came when he beat Lefors. Tommy is a five foot ten inch, 150 pound speed demon.

Tommy has received many honors during his high school years. Some of these are: Senior Class President, Sophomore Class Favorite, Sophomore Vice President, and has been in Who's Who for two years. He not only lettered in football, but also baseball and track.

Here's one of our football players who hasn't received much praise from all of us, but who is one of the very best sports. Alvin Bishop is a five foot eight inch, 138 pound, 16 year old Senior who has lettered this year at guard. He also entered boxing and track and lettered in each of these.

Alvin's biggest thrill came when he won his first fight in boxing. He plans to major in Engineering at Texas Tech.

The boy who calls the signals is our next star, Roddy Stargel has lettered two years at quarter-

back slot and has capably filled that position.

Roddy is 5 ft. 11 in. tall and weighs about 165 pounds. The Lefors and Memphis game was the most exciting for him. Roddy has received letters in track and baseball and has been Pre-Freshman class favorite in '46 and 47 and is a Senior class officer.

Roddy wants to attend Texas A&M with a major in agriculture.

Table Tennis Started With Six Tables Set-up

A tournament of table tennis was started this week for the noon period entertainment. Six tables were set up in the gym. Boys challenge boys, and girls challenge girls.

The girls who entered were: Jo Ann Stone, Jo Ann Kennon, Pauline Hammons, Mona Scott, Carol Ann Monzingo, Shirley Miller, Leona Keyes, Katherine Wright, Nancy Brewer, Marthyn Burnett, Carolyn Kay Smith, Della Jo Kennedy, Sue Miller, Janice Anthony, Yvonne Sturdevant, Barbara Edmondson, Juanelia Goffinet, Betty Burnett, Pat Adeock, Shirley Foster, Minnie Jackson, Ann Spoon, Jessie Faye Hammonds, Leona Robertson, Martha Howard, Margaret Massey, Patsy Jarrell, Jo Ann Webster, Pat Alexander, Pat-sy Combs, and Betty Sue Spencer.

The boys who have entered are Rayford Hutcherson, Cletus Lewis, Kenneth Cheek, Johnny Freelen, Max Kennedy, Denny Davis, Harvey Kennedy, Charles Messer, Duke Frisbie, Jimmy Gibson, Roy Don Coleman, Billy Darrel Roden,

Wayland McElreath, James Moss, Debs Cofer, Troy Taylor, Reggie Jones, Wayne Jenkins, Allen Pierce, Jim Smith, Bennie West, Jimmy West, Lloyd West, Julius Stevens, Don Beasley, Raymond Whitten, Monte Clark, Jacky Gilbert, John Guthrie, Scotty Grundy, Buzzy Patrick, Dempsey Archer, Troy Phillips, Alvin Bishop, Vance Adams, Johnny Harrell, Gene Davidson, John Foster, Joe Bob Browning, Roddy Bice, Roddy Stargel, Don Ivy and Omer Johnsey.

VERSATILE MAGAZINE

High school students have access to a very profitable series of magazines in the library. These are the "Ideals", published by the Ideals Publishing Company, Milwaukee.

These magazines, issued every sixty days, contain beautiful poems, pictures, and reproductions of famous paintings. The contents are of a variety, enabling the students to gain both inspiration and knowledge from them. The versatile works in these books have authors such as Shakespeare and Tennyson, and some are anonymous.

Students, make the most of your opportunity by using these magazines to create higher "Ideals" for yourself.

Cafeteria Serves 8,746 Meals During Month Of October

The total number of meals served in the high school cafeteria for October was 8,746, making an increase of 1,868 over September. From these, 3,519 were West Ward students, 1,747 were Junior high, 2,560 from High School and 308 adults. An average of 437 meals are served each day.

Meals in the cafeteria are more appetizing as the days go by. A sample of what the students are being served is:

- Bar-B-Que
- Navy Beans
- Combination Salad
- Milk
- Gingerbread Squares

A meal of this sort will help build a child's physical health as well as mental health.

SPEECH CLASS

The Speech Class has been studying the voice, and all its parts. Each day they have exercises for building breath control.

Those who have a nervous tension are learning gestures that will rid these tensions. Mrs. Roy L. Guthrie is the teacher of this class, and many good reports have been coming from this class.

Don't Be Satisfied With Symptomatic Relief! It's Possible to

RELIEVE THE CAUSE OF ACHES and PAINS IN ARMS LEGS, BACK, SHOULDERS

when due to lack of Vitamins B₁, B₂, Iron and Niacin in the system!

A Marked Improvement Is Often Noticed Within a Few Days

If you've been suffering from cruel, stabbing aches and pains due to lack of Vitamins B₁, B₂, Iron and Niacin in your system—there's no need for you to be satisfied with symptomatic relief. Thanks to HADACOL it's possible to relieve the REAL and UNDERLYING CAUSE of such distress due to these deficiencies. AND JUST LISTEN TO THIS! Continued use of this great HADACOL helps prevent such miserable aches and pains from coming back! It sounds almost too good to be true, doesn't it? BUT IT IS TRUE and here is why...

How HADACOL Works

HADACOL not only supplies weak, deficient systems with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also beneficial amounts of Calcium and Phosphorus—elements so vital to help maintain good health and to guard against such deficiency ailments.

Many people with such deficiencies—who have waited and hoped for relief for some time—are now able to live happy and comfortable lives again, thanks to HADACOL.

A big improvement is often noticed within a few days' time. You start getting that wonderful, wonderful HADACOL feeling everyone is talking about and you'll want to keep it. And chances are you will if you just take HADACOL faithfully.

Be Fair to Yourself

If you've been suffering pain in your arms, shoulders, legs, back or hands (due to deficiencies of Vitamins B₁, B₂, Iron and Niacin) you owe it to yourself to give HADACOL a fair and honest trial. Be fair to yourself! Why suffer so and be such a burden to yourself and family—when relief is at hand right at your drugstore.

Remember, HADACOL is not a quick-acting pill which gives symptomatic relief. HADACOL actually relieves the REAL CAUSE of nagging aches and pains when due to such deficiencies. A trial-size bottle costs only \$1.25. The large family or hospital size, \$3.50.

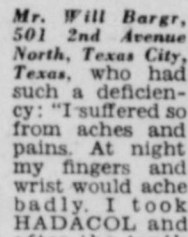

WHY HADACOL COMES IN SPECIAL LIQUID FORM

HADACOL comes in special liquid form. In this way the important elements of HADACOL are quickly and easily absorbed and assimilated by the blood. Why continue to 'doubt'—give HADACOL a chance to help you if you are so troubled. Recommended by hundreds upon hundreds of doctors. It must be good!

Just a Few of Thousands of Folks With Such Deficiencies Who Have Been Helped

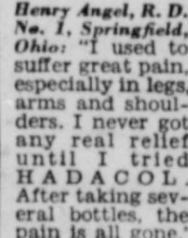

Mrs. Nora Beshira, 633 South Knight, Wichita, Kansas: "I suffered from nagging aches and pains and had trouble sleeping nights. After taking one bottle of HADACOL, my pains went. I want to tell all the people ACOL helped me."

Mr. Will Bargr, 501 2nd Avenue North, Texas City, Texas, who had such a deficiency: "I suffered so from aches and pains. At night my fingers and wrist would ache badly. I took HADACOL and after the tenth bottle I feel like a new man. Thanks to HADACOL I am now able to work hard and enjoy life."

Mrs. Eleanor D. Wiley, P. O. Box 2, Ruston, Louisiana: "I couldn't sleep. I had such pain. I seemed to ache all over. HADACOL testimonials convinced me I should give this wonderful product a chance, and this was what I needed. I feel better than I have in years."

Henry Angel, R. D. No. 1, Springfield, Ohio: "I used to suffer great pain, especially in legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, the pain is all gone."

GET THAT WONDERFUL HADACOL FEELING EVERYONE IS TALKING ABOUT!

Annual Talent Nite To Full House

Class of Memphis sponsored its second Show Monday night at school auditorium. The program, they submitted by Memphis High School students, was a success. The program, they submitted by Memphis High School students, was a success. The program, they submitted by Memphis High School students, was a success.

Max Kennedy, Junior class president, acted as master of ceremonies.

FIRST FIRE DRILL

Memphis students were quite startled when they heard three loud gongs—the sixth period last Thursday afternoon in the school building. This was the first fire drill this year. Some of the students really believed the building was on fire but to their complete surprise, it was just a fire drill. The students marched out of the building with no shoving or pushing or talking. After about five minutes they returned to the building to find it safe and sound.

CHAPEL ON TUESDAY

Students of Memphis High School gathered for chapel Tuesday morning. The student body lifted their voices in songs led by Minnie Jackson and accompanied by Patsy Hays. The songs were "Onward Christian Soldiers" and "He Leadeth Me." Rev. Roy Shahan, the pastor of the First Baptist Church, spoke to the student body on the text taken from Luke 2:52, "And Jesus increased in wisdom and stature, and in favor with God and man." Rev. Shahan urged the students to care for their spiritual growth, as well as their mental and physical growth if they expect to receive the most from life.

Life of Plants Studied By Class

While studying the unit about plants, the biology class saw two shown entitled "The Life of Plants" and "Roots of Plants." The students learned that when a seed ripens it falls to the earth and germinates. Water aids in germination, causing the seed to swell and the embryo to begin its activity. The protective membranes break and the roots go downward to anchor the plant. The end of the root is protected by a root cap that pushes through the soil for nourishment. Thus the root penetrates into the soil in a way to overcome resistance.

The students also learned that the root hairs, back of the root cap, absorb water. The catyledons of the seed provide food for the embryo and are protected by a thin covering. The seed opens as the catyledons develop. When the leaves finally come through the soil, the catyledons open, thus bringing the plant into the light and sun. While the plants grow upward, their roots multiply and look for new sustenance. The stem grows upward and brings the plant into the sunlight so the chlorophyll can do the work of making food for the plant.

Pupils learned that in order for plants to live they must have the right amount of control, that is the correct amount of temperature, moisture and light. The three main parts of plants are the leaves, stem, and roots. The stems carry the necessary supplies from the roots to the leaves that make the food and do the breathing for the plant.

There are three types of roots, the top root, the fibrous root and the bulb root. The top roots of dandelions have a tendency to go straight downward, anchor the plant, and supply it with water. The dahlia plant has a bulb root. Rye and wheat have fibrous roots, that is, each is about the same size and originates at the same place.

Root hairs grow from the root and absorb water through the process of osmosis, which means the movement of water and dissolved substances through the cell membranes and wall of the root.

By the process of osmosis, the root helps the plant make food which is called glucose, a simple sugar, that turns to starch for them to store. They use some of it and give the rest off for animals to use.

During the study of plants, the biology class studied the parts of a bean seed. After soaking the seeds in water for about 16 hours, the seeds were cut open, and tiny plants sprouting from the bean were observed.

HOME EC. COOKING PASTRIES

The Home Ec. classes have been cooking several different types of food this week. Buns, cakes and pastries have been enjoyed by several students in MHS as these girls are nice enough to pass around their achievements.

The laboratory is looking much better lately, as they have re-decorated the lab.

Wellington Pigskin In Trophy Case

The pigskin that was the main object of the Memphis-Wellington tilt is now in the process of being painted and placed in the trophy case. The ball will be painted black and lettered in white. Upon completion, it will read:

Memphis 13
Wellington 13
(Memphis wins on penetrations 4-3)
Managers Captains Coaches
Team Members

This football will be placed beside the one from the Quanah-Memphis game of '49. These footballs will be an everlasting tribute to the teams that won them.

FACULTY ENJOYS BANQUET

The faculty attended a banquet given by the Lion's Club in the Masonic Lodge last Thursday night. The master of ceremonies was Buster Helm and Rev. Roy Shahan was the speaker.

The menu was: ham, green beans, whole potatoes, raisins, rolls, pie and coffee. The faculty wishes to express its appreciation to the Lion's Club for this lovely banquet and evening of fellowship.

4th GRADE BAND ORGANIZED

Mr. Keyser is now occupied with another band besides the "A" and "B" and Junior High Bands. This band is the Fourth Grade Instrumental Band. Any Fourth Grade student who would like to join this band may do so this week.

SPEECH PLAY PROGRESSING

The Speech Club is making rapid progress in its play, "The Bashful Bachelor." The three-act comedy is sponsored by Mrs. Roy L. Guthrie. The cast meets at nights now, and is working toward having the play prepared by November 17.

Cyclones Overtake Lakeview Eagles

Friday night, Nov. 3rd, the Memphis Cyclones easily defeated the Lakeview Eagles. A very small crowd witnessed the victory because of the cold weather. Senior Cyclones weren't permitted to play, so many reserves saw a lot of action and showed that Memphis may have an excellent team next season.

From the beginning, the Cyclones took over and scored four touchdowns during the first half and Ronnie Smith kicked for two extra points. The Cyclones again crossed goal line during the second half but the score did not count because of a holding penalty on the Cyclones.

The last Cyclone score was made in the third quarter when Lee Bloxom ran about 55 yards for a touchdown. The Eagles finally pushed across for their single tally, but failed to kick the extra point.

The first half scoring was done by Davey Corley making two touchdowns and Carl Lee, who also made two.

Self Destruction

People all over Texas are scared of what man is going to do himself with the atomic and hydrogen bombs, but they give no thought to the death they face each day. Man's destruction of himself with the automobile.

The destruction of oneself may not be as glamerous as if he did it with the atomic bomb, but the person is as dead. People bring this destruction upon themselves each day and yet they give it no more thought before it happens than if the possibility of dying in a car mishap is impossible.

There are 1,660 Texans who did not give the thought of self-destruction in an automobile any thought -- they are nonler paying taxes.

A majority of these drivers could still be driving the highways of this great state if they had observed the traffic laws set up by the state. These drivers died because they couldn't afford to lose a few minutes and just had to pass on a hill or curve. They will never race the clock again for time is eternal with them now.

The next time that you get in a car to motor to some distant point remember that you don't even have to try to get killed in a automobile. "Drive carefully -- the life you save may be your own." and don't leave your share of the tax burden on someone else.

It is not the number of friends a man has, but the number of years he has had the same friends that shows the true nature of a man. **SLATS SPLINTERS**

Freedom Must Be Earned

"We all cherish our rights and they must be protected," said Representative James C. Davis of Georgia recently. "We all treasure our freedom and it must be vigilantly guarded. But these rights will not survive, nor will this freedom long continue, unless those who enjoy them daily perform the tasks required for their protection and preservation. They are not self-perpetuating. They can be kept and rightly belong only to those who have the courage, the industry, and the determination to defend them."

This is another way of saying that the man who takes freedom for granted, much as he takes the air he breathes, is ripe for slavery. Few of us would willingly surrender any basic liberty. Yet millions of us, in the hope of personal gain or advantage of some kind, seem eager to give government and those who represent government more and more power, more and more authority over our lives and actions. And each time government is given more power, it must be taken from the people. There is no other place from which it can come.

That we have witnessed a serious decline in the old American qualities of independence and self-reliance no man can satisfactorily deny. The tendency to look to the state to protect us from all manner of human misfortunes and exigencies has reached ominous proportions. And if the state is to be our guardian, we are the wards of the state, subject to its whims and dictates. After all, he who pays the piper will also call the tune.

Press Paragraphs—

QUOTING OUR NEIGHBORS

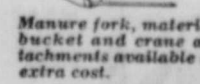

Too Many Special Weeks simply could not attempt to do adequate justice to all of these special weeks. For that reason we made no attempt to handle publication on some of the events which

UNENDING ANGUISH?

were deserving of better treatment.

As it was, we had our hands full in observing the weeks in which we were vitally interested. First up came the 11th Annual Newspaper Week, and we could not miss this opportunity of talking about our own profession. Next came medical week, when the people of America were thinking about the medical profession. President Truman is determined to take over the medical profession under socialized medicine, and make a mess of another great profession. If he gets away with this, it will not be long before your everyday life is regulated to a much greater extent than it is today. The administration thinks that no American has sense enough to run his own business, and therefore someone in Washington, who knows nothing about your business can make a greater success than you are making.

Last week we had a Cooking School, and this affair was a great success.

We are happy to have observed three special events during October, but frankly, coming so thick and fast, these events just about run a publisher crazy.

—Canyon News

Slow Fuse
"Too often a socialist is only a communist wearing a slow burning fuse," says the Bozeman, Montana Daily Chronicle.

One of the grim lessons of modern history is that socialism and communism, in the long run, arrive at identical ends, the dictatorship and subjugation of the individual by the state, the destruction of representative government, and political domination of all a nation's energies and resources. It is true that a few sincere and intelligent socialists, such as Norman Thomas, can make an appealing case for their philosophy. But the hard fact is that not all men have Mr. Thomas' character or belief in the dignity of the individual. Evil, self-seeking men are always ready to take advantage of the groundwork done by good men.

Hitler called his government socialist, and so did Mussolini. These governments differed in no essential respect from Stalin's. So, if we are to fight communism at home, we must also fight socialism. We must fight it wherever it appears. As an example, take the long-standing drive to socialize the electric industry. Whatever your own feelings toward this industry, it's fight against socialism is in your interest. For if one essential enterprise is taken over by the

government, the stage will be all set for taking over others. Then, little by little, step by step, the government becomes the controlling factor in all our lives.

It takes the slow burning fuse a little longer to reach the bomb than the fast burning fuse—but it gets there just the same. And the explosion is just as destructive.

—Hereford Brand

Behind U. N. Must Be Us
United Nations Week brings again the question of our own support of the sole agency now on earth, that offers some hope of salvation from destruction of our civilization.

Above even the inherent desire to prosper materially and to succeed in our individual life mission, must come coherent planning for life among nations.

Few would plant crops if assured that flood, wind or hail would always destroy them before they are harvested. Few would raise cattle if assured that a hoof and mouth epidemic would force herd destruction before they could market them. Few would run stores if assured that flood, wind or hail would be confiscated when we had built them to suit our standard of pride and achievement.

Yet, unless we can learn to live and cooperate with other free civilizations.

25 Years Ago

November 26, 1925
TWO BLOCKS IN BUSINESS SECTION OF LAKEVIEW BURN TO GROUND TUESDAY NIGHT—Our neighboring city, Lakeview, 12 miles west of us, was again visited by a disastrous fire which occurred Tuesday night and claimed one of the principal business blocks of that thriving little city. According to information received from that city, it is believed the blaze started in the Roby Moore Garage and spread so quickly that the entire block was wiped out with the exception of one small building on the south side of the block.

November 7, 1930
299 VOTES ARE CAST TUESDAY IN MEMPHIS—Very little interest was taken in the elections on Tuesday by citizens of Memphis and Hall County. The vote was light in all the boxes. On the face of incomplete returns, it appears that all five of the constitutional amendments carried in the county and it is also evident that they have carried over the state as a whole. The Republican votes were very light in all boxes over the county.

The Choice of Champions

DODGE "Job-Rated" TRUCKS

49 out of 86 champion truck drivers choose Dodge

Champion drivers know champion trucks! The nation's state champions... with reputations for safety records and driving... competed recently in New York at National Truck Rodeo. Given the privilege of driving any make truck, these champions chose Dodge for national competition by more than 1 over all other makes combined!

In the events in which Dodge trucks participated, 6 out of 9 national winners drove Dodge "Job-Rated" trucks.

The champions selected Dodge for these tests because of its extra visibility, its maneuverability, good braking, and ease of handling. So, take a tip from the men who know: drive a Dodge "Job-Rated" Truck!

FIRST TROPHY in the Straight Truck Class was won by Richard Wold, Glendinning Motorways, Inc., St. Paul, Wold, Minnesota State Champion, drove a Dodge GA-152 1 1/2-ton "Job-Rated" Truck.

FIRST TROPHY in the Tractor, Tandem-Axle Semi-Trailer Class was won by O. E. Chapman, Pacific Intermountain Express, Oakland, Calif. Chapman, Colorado State Champion, drove a Dodge YA-142 4-ton "Job-Rated" Truck.

SECOND TROPHY in the Tractor, Tandem-Axle Semi-Trailer Class was won by Robert Rudesill, Glendinning Motorways, Inc., St. Paul, Rudesill, Minnesota State Champion, drove a Dodge YA-142 4-ton "Job-Rated" Truck.

THIRD TROPHY in the Straight Truck Class was won by E. J. Wallace, Johnson Motor Lines, Inc., Charlotte, North Carolina State Champion, drove a Dodge GA-152 "Job-Rated" Truck.

THIRD TROPHY in the Tractor, Single-Axle Semi-Trailer Class was won by Frank Kirkpatrick, Columbia River Truck Co., Portland, Kirkpatrick, the Oregon State Champion, drove a Dodge JA-128 2 1/2-ton "Job-Rated" Truck.

Cyclones Clip Lakeview Eagles 33-6 Whirlwinds Beat Estelline 44-13

LAFF OF THE WEEK

"They Were Going To Duel With Hatpins, But Changed At The Last Minute."

1	Opp. Passes Intercepted	0
0	Punting Average	5 for 26
311	Yards Rushing	96
57	Yards Passing	10
368	Total Yardage	106

Democrat Want Ads P-A-Y!

The Memphis Whirlwinds ran up a 44-13 score here Thursday night as they beat a junior high team from Estelline in a non-conference encounter.

The game was played in a cold rain that kept the fans at home.

This game was the final non-conference game before the Pee-Wees close their season this Thursday night against the Clarendon Colts at Memphis.

Jackie Justice, Jimmie Jenkins, Carol Gardenhire, and Charles Miles did the scoring work for the Whirlwinds.

Walker scored both touchdowns for the Estelline eleven. His first score was made when he ran 100

yards with the kick-off in the second quarter.

He added his second score a little later.

The spread of the pink bollworm during the current crop season is termed by entomologists as the most serious threat to the future of cotton production experienced since the south-wide spread of the boll weevil.

REMEMBER WHEN

... cooking was only half the chore

Cooking on those old-fashioned stoves was difficult enough, but cooking was only half the chore. There was wood to chop, fires to build—and the inevitable bucket full of ashes to carry away. What a difference today . . . when natural gas provides instant heat at the turn of a knob. A new AUTOMATIC GAS RANGE is an asset to the smartest kitchen. It makes cooking easier, faster, cleaner and cooler . . . at surprisingly low cost. See the outstanding new models today . . . wherever good gas appliances are sold.

The companies which make up the natural gas business have had an important part in bringing business prosperity to the Gulf South area. The money they pay out in payrolls and royalties, the money they spend with local merchants for supplies, the taxes they pay . . . ultimately work their way into the channels of trade. That helps to make business better for everyone—everywhere.

Memphis tackle, caught an Eagle fumble in mid-air of the Lakeview 40 and ran it back to the 34. Here Memphis got two five yard penalties and set them back to the 44.

Carl Lee took the ball and covered 44 yards to give the Cyclones their second score. Smith missed his extra point try and the Winds were leading 19-0.

Bad breaks were to still dog the Eagles, on the second play Memphisian Julius Stevens caught another Eagle fumble on the visitors 20 and moved it to their 18.

Duane Miller picked up 6 over the middle. On the next play Memphis drew a five yard offside penalty that put them back on their own 17.

Harvey Kennedy demonstrated to the Memphis fans that his injured leg was all right as he scampered the 17 yards around left end for the touchdown.

Smith kicked the extra point to give the Cyclones the 26-0 lead that they held at the half-time.

The Cyclones added only one score in the second half. This score was made late in the third quarter when Smith passed to end Lee Bloxom. Bloxom took the toss just behind the linebackers and the big end ran down the one tackler that tried to stop him.

The pass and run covered 57

yards for the final touchdown. Smith booted the ball over to make the score 33-0.

Early in the fourth period Lakeview recovered a Memphis fumble on the Cyclone 30. G. D. Hall, the Eagle workhorse, took a direct snap from center and skirted right end for the only Eagle marker.

The try for the extra point was no good.

Outstanding boys for the Eagles were G. D. Hall with his running and punting, in the line it was Cecil and Nolan Garjson and Joe Marlor that stood out on defense.

Cyclones starting their first game for the black and gold stood out, David Corley with his running, one touchdown scamper for 61 and another for 59 yards that was called back, a 60 yard run to the Lakeview 5 that was also called back put him in the front in the running department.

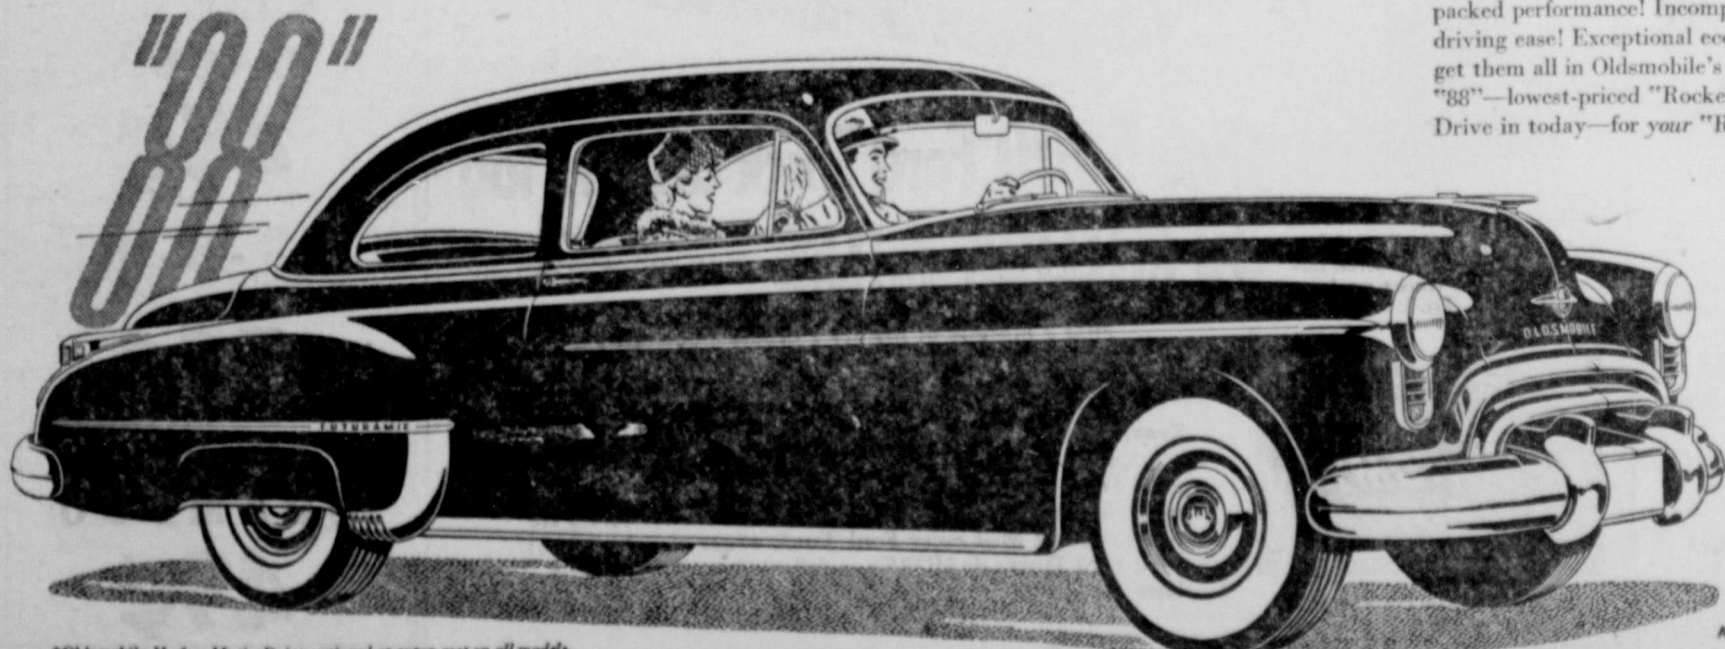

Gayle Monzingo and Mackie Allen fitted in smoothly with the more experienced regulars in the forward wall.

Ronnie Smith called the plays and handled the ball at the man-under slot in the split T as though he had been running there all season.

Bringing You News About Memphis High School

Basketball Is Central Interest Around M. H. S.

Basketball season is almost here. For the first time in years, Memphis will have a girls' team, as well as the boys' teams.

The interest is high concerning the girls team. New white satin suits have been ordered. So far, most of the work has been done in P. E. classes, but some work has been done after school. Since few of the girls have ever seen a girls' game, much less play, there is much work to be done.

The boys expect to begin practice November 13. Their schedule is now almost complete.

Both girls and boys will enter the district tournament which will be held in McLean.

Memphis has extended invitations to some thirty schools, for girls' and boys' tournament to be held in the High School gym January 11, 12, and 13. First, second, and consolation prizes will be awarded in each bracket, as well as individual trophies for tournament teams.

Schools who have been invited to this affair are: Clarendon, Canyon, Carey, Claude, Childress, Electra, Estelline, Floydada, Hedley, Hollis, Lakeview, Lelia Lake, Lefors, McLean, Pampa, Phillips, Panhandle, Quanah, Shamrock, Tulla, Wellington, Samnorwood, Silverton, Quail, Turkey, Quitaque, Lockney, Wheeler, Mobeetie, Vernon, Chillihothe, Kirkland, Mador, Paducah, Groom, Dumas, Gruver, Stratford and Wayside.

FILMS SEEN BY CLASSES

Three films were shown to the Agriculture, American History, Government, and Algebra II classes last week.

These films were based on United States soil erosion. Some causes of the loss of timber and fertile top-soil were shown. Following these causes, many ways of prevention were illustrated.

Students who are interested in studies of this type may gain valuable information from these visual-aid films.

James Freeman Shot In Ankle

One of our most popular freshmen, James Freeman, was accidentally shot in the right ankle late Sunday evening. He and several of his friends were playing when the accident occurred. James was operated on Monday morning to remove the bullet.

James, the students of MHS are wishing you a very speedy recovery!!!

SENIOR PLAYERS CHOOSE FOOTBALL AWARDS

The senior football boys are making a change of awards this year. They are getting white blankets with their name in gold in the center. In each corner, the individual's achievements will be woven in gold. This is something new around MHS because usually the athletes order jackets. These blankets will be something the boys can always keep and cherish.

LOOKING AHEAD

Nov. 9—Speech Club Meeting
Nov. 9—Whirlwinds vs Clarendon.
Nov. 10—MHS vs Clarendon
Nov. 17—The Bashful Bachelor
Nov. 18—Basketball Clinic at Amarillo.

MUMS PRESENTED TO GRID MOTHERS

The mothers of the football players will be honored with mum corsages presented by the Memphis Compress Company, First National Bank, and McDaniel Implement Company. These firms have always backed the Cyclone team and this is another way in which they have shown their appreciation for the work the team has done. The Junior Class will act as messengers for delivering the mums.

Mrs. Gene Lindsey and Pamela left Monday for Dallas to visit her parents, Mr. and Mrs. H. B. Gilmore. Gene plans to go down Saturday to attend the SMU-A&M game. They will return home Sunday.

Oneita Ables Gains Future Recall of Navy 1 Reserve Is Based Upon Present Circumstances

Oneita Ables, 17 year old Senior, is the answer to the question—"Who will be the Memphis High School Hallowe'en Queen for 1950-51?" She is the daughter of Mr. and Mrs. Oscar Ables, of Memphis. She is five feet, two and one-half inches tall and weighs one hundred and twenty pounds. Oneita has brown hair and flashes hazel eyes at everyone.

Oneita especially likes math—could it be because Coach York, her favorite teacher, is the instructor? Football tops her sports list. She likes to dance and listen to the "Hit Parade," more than ever when they play "Someday." Lana Turner and Clark Gable thrill her most on the screen. Oneita would probably serve chicken and dressing every Sunday if she were going to be a cook instead of a nurse in a large hospital. Oneita will prepare for this work at Hendricks Memorial Hospital in Abilene.

Miss Ables said her greatest thrill was when she was elected Hallowe'en Queen of MHS.

GYM FLOOR REPAIRED

The gym of Memphis High School is undergoing a repair job. The old varnish is being removed from the floor, then it will be sanded and varnished to a light finish. Boys of the school have been willing to help Coach Wright prepare the gym for basketball season. They plan to have the floor finished by Monday of next week.

Plans for future recalls of Naval Reserve personnel and for their release to inactive duty were announced Wednesday by the Navy. Releases are slated to begin July 1, 1951 for enlisted reservists.

These plans are based upon present circumstances, which require a build-up of the fleet and supporting establishment to a new, presumably stabilized level, but do not take full mobilization into account. If a new emergency is declared, mobilization procedure would be necessary and all Reservists would be counted on for active duty when required.

In compliance with Department of Defense directives, Reservists will henceforth get at least 30 days notice before they have to report for active duty. Vice Admiral J. W. Roper, USN, chief of naval personnel said.

And, he added, a program to give four months notice to reservists selected for recall will be effective as soon as possible, probably on July 1, 1951. Some Reservists recalled during April, May and June, 1951, may get the four months notice, but it is not guaranteed to them.

No personnel will be held more than 21 months. Those released before that period of service will be in ratings for which the need is least pressing. Personnel desiring to remain on active duty will be permitted to do so within the Navy's needs for their particular ratings.

Those who originally volunteered for active duty will not be held beyond 21 months if they desire release.

Recalls are based on qualifications to fill specific billets on the basis of records of men concerned. Civilian records will be taken into account. So will age, since personnel qualified for sea duty are needed.

Reserve officers involuntarily recalled between July 1, 1950, and July 1, 1951, will be returned to inactive duty beginning in October, 1951. Some may be released after 15 months service, and no involuntary tour of duty will exceed 21 months.

The major portion of USNR enlisted recalls will be completed by January 1, 1951. Admiral Roper said, but 31,000 will be recalled during the first six months of 1951. They will consist of about half petty officers and half non-rated personnel in pay grade E-3 (seaman or fireman) or in lower pay grades with at least six months prior active duty.

On the Navy's priority basis for recall, Organized Reserve personnel are called first and Volunteer Reserve personnel second. A volunteer reservist is one who does not belong to an organized unit.

Recalls are based on qualifications to fill specific billets on the basis of records of men concerned. Civilian records will be taken into account. So will age, since personnel qualified for sea duty are needed.

Economy Board Invited To Study Agriculture Dept.

Agriculture Commissioner-Elect John White is the first important state official to invite the Texas Economy Commission to study a major department and recommend improvements.

Heads of independent, but related agencies will be asked to participate in the studies. Advice
