LIONS BEGIN FUND DRIVE

Lions Club started Wednesday, Nov. 22, the Texas Lions League Children.

League's board of directors will permit this in an orderly and economical manner.

"This camp will take over where doctors and other treatment leave off," Tucker said.

Swimming, camping and outdoor games will be the foundation of the physical training program adapted to the ability and needs of the individual child.

Each child will also get a chance to study arts, crafts, and other special training which will provide means for the individual to assume a useful place in community life.

The Texas Lions League for Crippled Children, Inc., has set up a program of membership which offers an opportunity for every person and organization in the state to become a part of this worthy organization.

For \$100 a person may become a lifetime member of this organization. A sustaining membership may be obtained by investing \$5 or more per year.

Lion club members who invest \$10 or more per year are listed as active members of the organization.

Memphis Tennessee Nixes Name Change

The Chamber of Commerce of Memphis, Tennessee, turned thumbs down on the suggestion by Memphis Chamber of Commerce Manager Clifford Farmer, that the City of Memphis Tennessee change its name so that the mail to Memphis, Texas would not be missed so often.

In a letter to Clifford Farmer, Clifford Penland of the Memphis, Tennessee, Chamber of Commerce said that since Memphis, Tenn., had been established by Andy Jackson and had operated under the name since that time, that it was little that they could do toward changing it now.

Clifford Farmer had written Penland, who he had met at a Chamber of Commerce convention, asking if Memphis, Tenn., would consider changing its name, so that mail and freight to Memphis, Texas, would get here instead of going to the Tennessee city.

BREAKFAST BACON—M. D. "Punk" Kinard is shown driving part of a large number of porkers toward the loading chutes at the Hall County Livestock Commission. The man at the back of the pen helping Kinard is unidentified.

All Records Broken In PMA Voting 642 Ballots Cast By Hall County

All previous records were broken for Production and Marketing Administration voting last Friday, Nov. 17, when 642 ballots were cast in the election of the community committee members and delegates to the county convention of the PMA.

Estelline led the six communities in voting with 140 ballots cast.

The 642 votes are almost double the number of ballots cast in last year's election. The total vote last year was 355 and a meager 71 votes cast in a similar election in 1945.

All the delegates to the county convention will meet at the County Convention to be in the PMA office Friday, Nov. 24, at 2 p. m. All the community committee members will take office December 1, 1950 for the 1951 program year.

Elected from Lesley were: Joe C. Montgomery, delegate to the

County Convention; Quilla N. Clark, alternate delegate to the county convention; Chairman of the community committee, Johnnie W. Driver; member of the community committee, W. Merle Lemmons; first alternate to community committee, Joe Neal Berry; vice-chairman of the community committee John W. Hatley.

Voters in the Lakeview area elected Virgil G. Byars as delegate to the county convention; Del E. Wells, alternate to convention; Marion A. Wiley, chairman, community committee; Glen Verden, vice-chairman of community committee; James M. Richburg, community committee member; J. B. Byars, first alternate to community committee; Vernon C. Durrett, second alternate to community committee.

Hut Hutson Speaks To High School

"Cartooning is the most direct element of expressing an idea with lines," Hut Hutson, Amarillo cartoonist, told a group of high school students Tuesday afternoon at the High School.

A cartoonist expresses one idea with each cartoon and the fewer lines a cartoon can contain and still express the idea the better the cartoon, Hutson said.

Artists that draw cartoons spend years thinking and drawing cartoons. "A person that draws cartoons must think in cartoons," Hutson told the 60 students listening to his talk.

Hutson illustrated the fact that everything in cartooning is done in circles by drawing several cartoons and caricatures for the group.

Hutson spoke to the group at the invitation of Mrs. Roy Guthrie, high school speech teacher.

Plaska elected R. Doyle Hall, delegate to county convention; Arthur Gidden, alternate delegate; Milton N. Orr, chairman community committee; Ernest E. Foster, vice-chairman; Charles R. Foster, member of community committee; David V. Sasser, first alternate; second alternate, Tom E. Lenoir.

Memphis delegate to the county convention is Edwin Hutcherson, Odie C. Stillwell, alternate; Joseph R. Hanvey, chairman of community committee; Felix E. Jarrell, vice-chairman; Joyce D. Webster, member of community committee; Roy Gresham, first alternate; C. A. Williams Jr., second alternate.

Estelline's heavy vote elected Clinton Richburg, convention delegate; Joe L. Mothershed, alternate; Hulen E. Clifton, community chairman, Carl C. Hill, vice-chairman; Pete Davis, member of community committee; Garland H. Gardenhire, first alternate; Lura E. Marcum, second alternate.

Turkey elected John J. James, convention delegate; Otis G. Couch alternate delegate; T. R. Fuston Jr., chairman of community committee; James R. Boatman, vice-chairman; Ewald L. Geissler, committee member; Otho M. Arnold, first alternate; Bruce O. Gibson, second alternate.

Morrison and Baten Attend School for Officers at Austin

Sheriff-elect E. S. (Peck) Morrison and Deputy Sheriff Bill Baten returned Monday night from Austin where they attended a peace officers school.

The school, which is held every two years by the Texas Department of Public Safety, is conducted by the Texas Department of Public Safety, is conducted by the Texas Department of Public Safety, is conducted by the Texas Department of Public Safety.

MEMPHIS TO CLOSE FOR THANKSGIVING

Except for a few stores and filling stations, Memphis will close for the Thanksgiving holiday Thursday.

The drug stores around the square have indicated that they will close at 10 o'clock Thursday morning for the day.

The cotton gins are going to

continue operation so as to keep up with the harvesters of this fall's cotton crop.

The Memphis Schools will be closed Thursday and Friday and resume classwork Monday morning.

With the few exceptions, Memphis will observe the fourth Thursday of November as Thanksgiving Day as proclaimed by City Mayor C. C. Hodges in a proclamation issued last week's paper.

Four Scouts Win Camporee Ribbons

Four Scouts of Troop 35 scored 415 points and won two ribbons at the annual Southern District Boy Scout Camporee last Saturday and Sunday.

The Camporee was held at the Pan Fork Baptist Camp each of Wellington. Scoutmaster Ted Myers attended the camporee with the four boys, Jerry Hill, Camel Morris, Royce Garrett and T. V. (Continued on page 12)

Issac V. Crow Dies at Newlin

Issac V. Crow, 87-year old retired contractor, died at his home in Newlin Tuesday, Nov. 21. Funeral services were at 2 p. m. Wednesday, Nov. 22, in the Newlin Baptist Church, of which he was a member.

The Reverends Luther Crow (Continued on page 12)

CYCLONE BASKETBALL SCHEDULE COMPLETE EXCEPT FOR TWO DATES

Cyclone basketball coach Fred Wright released the Cyclone basketball schedule this week for the coming season.

The Cyclones will play in two tournaments away from home, one in McLean, Dec. 7-8-9, and in Childress, Jan. 4-5-6. They will be the host team in the Memphis tournament to be played here January 11-12-13.

This tournament will be a boys and girls tournament. Seven schools have accepted and Wright has contacted 20 other schools.

Schools that have accepted and are bringing both boys and girls teams are: Wellington, Clarendon Lakeview, Lelia Lake, and Hedley. Electra is bringing their boys' team only and Dumas is sending their girls' team.

Lakeview Girls Beat Memphians

The Memphis Cyclonettes found their first venture in the basketball world rather rough as the Lakeview Girls' teams took both ends of a double header 54-16 and 27-14.

Last night's game was the first game for the Memphians, who started girls basketball this season for the first time in several years.

Coach Jeannette Irons said that she was well pleased with her Cyclonettes.

In the A team's games Jettive Sams and Wanda Kinard led the Lakeview squad to a 54-16 victory. Miss Sams scored 14 points and Miss Kinard made 12.

High point lady for Memphis was Margaret Murdock with nine points.

In the B game Memphis' freshmen fared better than their big sisters. They lost by the score of 27-14.

Leading scorers were Betty Spencer with 6 for Memphis and Miss Harris with 7 for Lakeview.

There will be five sessions of the tournament. The first games will be played Thursday night, the second games will be Friday afternoon and then Friday night, and the finals will be played Saturday afternoon and night.

The Cyclone schedule is as follows:

- Nov. 28—Hollis, boys and girls, here.
- Dec. 1—Claude, boys and girls, there.
- Dec. 5—Claude, boys and girls, here.
- Dec. 7-8-9—McLean tournament, boys and girls.
- Dec. 11—Price College, boys A and B, there.
- Dec. 14—Hollis, boys and girls, there.
- Dec. 15—Pampa, boys A and B, here.
- Dec. 19—Phillips, boys A and B, there.
- Jan. 4-5-6—Childress tournament.
- Jan. 9—Price College, boys A and B, here.
- Jan. 11-12-13—Memphis tournament.
- Jan. 15—Pampa, boys A and B, there.
- Jan. 16—Vernon, boys A and B, here.
- Jan. 19—Open.
- Jan. 23—Childress, boys A and B, there.
- Jan. 26—Open.
- Jan. 30—Vernon, boys A and B, there.
- Feb. 2—Phillips, boys A and B, here.
- Feb. 6—Childress, boys A and B, here.
- Feb. 15-16-17—District 2-A tournament at McLean, boys and girls.

4-H Club Group Leaves Thursday For 4-H Congress

Jimmie Bounds, Earl Lloyd West and county agent W. B. Hooser will leave Memphis Thursday night by train for Fort Worth where they will meet the other Delegates to the National 4-H Club Congress in Chicago, November 26-30.

Earl Lloyd West and Jimmy Bounds won their trips to the congress by 4-H club work and Hooser will accompany the 30 delegates as one of the four chaperones.

The group will be guest of the Sears Roebuck Foundation for lunch in the Worth Hotel in Fort Worth on the 24th.

The delegates will leave Union station on the "Texas Chief" at 2 p. m. in special cars provided for the 4-H group. They will arrive in Chicago, Saturday morning at 9 a. m.

The delegates will stay at the Stevens Hotel while in Chicago. They leave Dearborn station, Chicago at 9:30 a. m. December 1 and get back to Fort Worth the next morning.

Besides attending the 4-H Congress the group will attend the International Livestock show in progress in the "Windy City".

Markevitch Gives Second Hall Concert

Dimitry Markevitch, internationally famous cellist, accompanied by Sidney Stafford, presented the second Hall County Concert Association program in the High School Auditorium Tuesday night.

Markevitch, speaking with a heavy European accent, told the audience that his cello, which he purchased three years ago in Paris was made in 1702 by Teuchler and is now valued at \$25,000 dollars.

The large audience gave Markevitch his biggest ovation for his second number, Concerto in D by Lalo.

Another popular number from his concert was de Falla's "Miller's Dance." This Spanish composer's inspiration for this number was found in the folklore of the Spanish people.

Markevitch was born in Switzerland of White Russian parents. He began studying the cello at an early age and was an accomplished artist at the age of 16. He came to the United States

before World War II and studied in New York. He served three years in the Army during the war.

One more concert is planned for this season. This final program of the season will be presented in February.

Markevitch's complete program was as follows: Sonata, by Locatelli; Concerto in D, Lalo; Elegy by Faure; Miller's Dance, by de Falla; Romance, by Scriabin; Capriccio, by Hindemith; Russian Maiden's Song, Stravinsky; Campanella, by Paganini.

Nine Most Beautiful Girls Chosen From Entries In Annual Contest

Nine girls were selected as the most beautiful girls of Memphis Public Schools in the annual beauty contest sponsored by the Senior Class last Friday night.

The winners picked from the three divisions were: West Ward division, Bobbie Richards, first; Ouida Massey, second; Cynthia Combest, third. Junior High division, Jonna Sue Smith, first; Montye Imbordino, second, and Sharon Harrison, third. High School division, Yvonne Sturdevant, first; Johnnie McDaniel, second, and Anita Murphy, third.

This is the first year that either West Ward or Junior High School has entered the competition.

The nine girls were picked from approximately 150 entries. Each girl walked across the stage and the judges picked ten contestants from each group, and then from the ten semi-finalist picked the

three winners.

Between each division in the beauty contest and while the judges were picking the winners, short intermission programs were presented by each school.

Two future Cyclone Band twirlers, Johnnie McWhorter and Linda Gail Sturdevant, from West Ward presented a twirling act.

Representing junior high school, Billie Jean Stroebie gave two readings and Bobbie Stewart sang a solo. She was accompanied by her sister, Betty Stewart.

High School's "Big Four" quartet sang a medley of songs. The quartet is composed of Ann Spoon Lee Jackson, Troyace Rhudy, and Lee Bloxom. Patay Jean Adecol was the accompanist.

Each girl in the contest was sponsored by a business firm or organization. Miss Bobbie Richards, first place

winner from West Ward, was sponsored by the Tiny Tot Shoppe. She is the daughter of Mr. and Mrs. L. A. Richards and is a first grader.

Ouida Massey, second place winner, was sponsored by the Ritz and Palace Theaters. She is the daughter of Mr. and Mrs. Alvin Massey and is in her third year of school.

Third place winner, Cynthia Combest, was sponsored by Foots & Fowler Drug Store. The fourth grader is the daughter of Mr. and Mrs. Nelson Combest.

In the Junior High division the first place winner, Jonna Sue Smith, a seventh grader, is the daughter of Mr. and Mrs. O. B. Smith. She was sponsored by Memphis Dry Cleaners.

Second place winner, Montye Imbordino, another seventh grader, is the daughter of Mr. and Mrs.

Charles Imbordino. Sponsored by the Senior Class.

Sharon Harrison, daughter of Mr. and Mrs. Carl Harrison, was the third place winner from West Ward. Sponsor, Harrison Hardware.

Two freshmen and a sophomore walked off with the winning ribbons in the High School division. Dark-haired Yvonne Saurdevant, a freshman, was first place winner. She is the daughter of Mr. and Mrs. O. A. Sturdevant, and was sponsored by the First State Bank.

Another freshman, Johnnie McDaniel, daughter of Mr. and Mrs. J. J. McDaniel, was the second place winner. She was sponsored by R. E. A.

Anita Murphy, a sophomore, won third place. She is the daughter of Mr. and Mrs. E. M. Murphy. The dark-haired beauty was sponsored by the Fair Store.

Banquet Finishes Student's Course

Nobody in Prof. William Fowler's evening speech course at Baylor University, Waco, enjoyed a full meal (dutch), and then pushed back their chairs to hear after-dinner speeches.

Each of the 20 members of the class made a speech. It fulfilled the course requirement for after-dinner speaking.

The class met in Colonial Kitchen at the Baylor Union Building, enjoyed a full meal (dutch), and then pushed back their chairs to hear after-dinner speeches.

Each of the 20 members of the class made a speech. It fulfilled the course requirement for after-dinner speaking.

Each of the 20 members of the class made a speech. It fulfilled the course requirement for after-dinner speaking.

Society News

Atalantean Club Observes Guest Day: Meeting Held in O. I. Seal Home

The Atlantean Club observed guests day on Wednesday, Nov. 15, in the home of Mrs. O. I. Seal. Co-hostesses were Mrs. C. W. Kinslow and Mrs. Viola Johnson.

Guests were greeted by Mrs. Seal and invited into the spacious den for the program.

The living room was artistically decorated for the occasion with vases of lemon leaves.

Mrs. T. M. Isham, president, welcomed the guests and Mrs. Edwin Smith, program chairman, introduced the afternoon's speaker, Mrs. Newton Harrell of Claude.

Mrs. Harrell gave a most interesting talk on her tour of South America which she made as a guest of the Texas Cattleman's Association, and also of her hunting trip to Alaska. She illustrated her talk with beautiful colored films, and displayed a large bear rug which was bagged by her son on the trip.

The attractively appointed table, laid with a linen drawn work cloth from Brazil, was centered with an arrangement of mums in a crystal bowl. Mrs. C. W. Kinslow presided at the silver service.

Guests present were Meses. A. Anisman, Henderson Smith, J. O. Strother, Louie Goffinet, Temple Deaver, Tommie Potts, James Morris, Jr., Bedford Smith, Joe T. Rasco, James Smith, Brice Webster, Frank Finch, McVay, Rufus, Grisham, Bill Kesterson, J. M. McMurry, Clifton Burnett, Roy Shahan, C. L. Pierce, T. L. Rouse, O. V. Alexander, H. H. Lindsey, Dick Fowler, Bill Monzingo, and T. E. Noel.

Out-of-town guests were Mrs. S. A. Dunn of San Antonio, Mrs. Earl Allen of Quail, Mrs. Austin Fullingrine of Petersburg, Mrs. Gene Fullingrine of Petersburg, and Mrs. Koontz of Clarendon.

Members present were Meses. J. W. Coppedge, Bill Cosby, W. C. Dickey, L. B. Estes, Henry Foster,

John Fowler, N. A. Hightower, T. M. Isham, Claud Johnson, C. W. Kinslow, Ed Monzingo, J. H. Morris, J. H. Norman, Myrtis Phelan, S. B. Pallmeyer, O. I. Seal, Robert Sexauer, Edwin Smith Jr., C. R. Webster, D. A. Neeley, Bob Roberts, Viola Johnson; Misses Imogene King and Gertrude Rasco.

Culture Club Meets Wednesday In Bruce Home

"Suffer little children to come unto me, and forbid them not: for of such is the kingdom of God," was the scripture text used to introduce the program Wednesday at the Woman's Culture Club. The meeting was held in the home of Miss Alma Bruce.

Mrs. Conley Ward brought an inspiring devotional and Mrs. Homer Tribble discussed "Give Your Child God." Mrs. Gene Chamberlain concluded the program with a paper on "Teaching Children Religious Tolerance."

Mrs. Robert Moss, president, conducted a short business session.

A delicious refreshment plate was served to Meses. Gene Chamberlain, H. A. Combs, Frank Ellis, W. C. Foote, Jr., D. A. Grundy, Ward Gurley, A. W. Howard, Jeanette Irons, R. L. Madden, Robert Moss, Lloyd Phillips, Homer Tribble; Misses Esta McElrath and hostess.

J. P. Montgomery Entertain With Dinner Sunday

Mr. and Mrs. J. P. Montgomery of near Lakeview entertained a group of "old-time" friends with a lovely Thanksgiving dinner Sunday.

All pioneers of this county, the families have been life-long friends and a most enjoyable day was spent talking and reminiscing of past events.

A bountiful turkey dinner with all the trimmings was served to

Mrs. Chas. Dryden Entertain Members Of 1913 Study Club

Mrs. Charles Dryden was hostess to members of the 1913 Study Club November 15 when the program was built around the theme of "Home." The quotation, "Where We Love is Home. Home that our feet may leave, but not our hearts" by Oliver W. Holmes was a fitting heading for the subject discussed.

Roll call was responded to with Garden Hints and The Home Beautiful.

Mrs. Bray Cook discussed "Homemaking is a Business—Consumer Problems." "Mothercraft: A Training Program" was the topic for a well prepared paper written and read by Mrs. H. A. Finch.

Mrs. L. G. DeBerry discussed "Today's Woman" and the program was concluded by Mrs. Paul Montgomery who read several poems on "Home." Included were "Where Love Is" and "It Takes a Heap O'Livin'."

Mrs. E. M. Wilson, vice president, directed the club business in the absence of the president.

During this time plans were made for an open meeting to be held December 29 at 4:00 p.m. at the First Methodist Church.

Mrs. T. M. Harrison will give a dramatization of "Letter of the

Dean," by Gladys Taber. A silver offering will be taken and the public is invited.

The finance committee also reported that the Club's Christmas Gift box had been mailed to Trachoma Orphans' Home in Greece.

The Dryden home was a beautiful setting for the day's meeting and program. The Thanksgiving motif was noted in the fall flower arrangements and other seasonal decorations.

A delicious salad course, further carrying out the Thanksgiving theme, was served to Meses. Byron Baldwin, Bray Cook, George Craft, L. G. DeBerry, T. J. Dunbar, H. A. Finch, Frank Foxhall, Wenzell Gandy, A. L. Gailey, T. M. Harrison, Gene Lindsey, Brown Smith, Mac Tarver, E. M. Wilson, and hostess, Mrs. Dryden.

Mmphians Attend Youth Rally At Crowell Monday

14 Soc MEMPHIANS Attend — Several members of the Christian Endeavor Society of the First Christian Church here attended the Mid Union Youth Rally at the Christian Church in Crowell Monday evening of this week.

They carried sandwiches along for the fellowship part of the evening program.

Memphis youths who participated on the program were Harold Aspgren, who played an instrument solo, "Ivory Palaces"; and Dorothy Moore who read a poem written by Miss Martha Aduddell, president of the Memphis C. E. Society.

Those attending the rally were Martha and James Aduddell, Carolyn Kay Smith, Harold Aspgren, Jausetta Messer, Wanda and Mary Clark and Dorothy Moore and

Minister Bedford W. Smith and E. Roberts.

The Memphis C. E. will entertain the rally at its next meeting, Monday, January 7.

Locals and Personals

Visiting in the home of Mr. and Mrs. Fred Butler over the week end were Mr. and Mrs. J. D. Woot-

en and family of Pampa, Mr. and Mrs. Willard Butler and Charles of Lawton, Okla., Mr. and Mrs. Elbert Stephens and daughter, Betty and Jimmie Wooten of Amarillo.

Mr. and Mrs. E. E. Roberts visited last Sunday in Lubbock with their son, Evan Roberts and family and daughter and husband Mr. and Mrs. E. L. Derr of Fort Worth, who were in Lubbock to

attend Homecoming at College.

Mr. and Mrs. Lewis Plainview and Mr. and Mrs. old V. Kupp of Great Bend were guests of Judge A. F. Moss Sunday, Mrs. Mrs. Kupp and Mrs. sisters.

We Give Thanks

On this truly American holiday we give thanks for the many blessings He has deigned to deliver on us. We give thanks for the strength He has endowed us with, enabling us to preserve those liberties we have inherited. We thank Him for the rich fields and bustling factories that bring us great wealth and comfort. And we thank Him especially for revealing His truth to us, giving the greatest wealth of all.

McDaniels Hosts To Dinner Club

Mr. and Mrs. J. J. McDaniel were hosts to members of the Thursday Night Dinner Club at their home, 716 Harrison, on November 16.

The evening's menu included Elk steaks, candied sweet potatoes, candied apples, English pea salad, congealed pear salad, sweet pickles, cranberry sauce, hot rolls, pumpkin pie topped with whipped cream and coffee.

The Elk, which were an enjoyable treat for the group, was bagged recently on a hunting trip by the McDaniel's son-in-law, Dink Miller.

Following the meal games of 42 were enjoyed.

Enjoying this affair were Mrs. Anna Dickson, Mr. and Mrs. Arthur Gidden, Sr., Mr. and Mrs. Doyle Hall, Mr. and Mrs. J. M. Ferrel Jr., Mr. and Mrs. Herbert Sisk, Mr. and Mrs. T. D. Weatherby and hosts, Mr. and Mrs. McDaniel and daughter, Johnny.

Photographs Of Favorites Made Last Week By Wise

The Annual Staff has certainly kept Mr. Wise busy this week. Besides finishing Senior pictures all students receiving honors have had their pictures made for the annual. These students are: Oneita Ables, Hallowe'en Queen; Minnie Lee Jackson, Band Sweetheart; Frances Newbrough, FFA Sweetheart; Patsy Adcock, Football Sweetheart; Eudine Gable, Most Popular Girl; and Scotty Grundy Most Popular Boy.

According to Beryle Davis, approximately one-third of the annual will be shipped Monday to be printed.

Members of the annual staff are: Scotty Grundy, Editor-in-Chief; Frank Norman, Assistant Editor; Beryle Davis, Society Editor; Ann Spoon, Art Editor; Tommy Messer, Sports Editor; Patsy Combs, Treasurer; Patsy Hays Secretary; Troyace Rhudy, Photographer; and Lee Bloxom, Business Manager. Sponsor for the annual this year is Mr. Davis.

Seniors Present Annual Beauty Review Friday

The Senior Class of the Memphis High School presented the annual Beauty Review in the High School Auditorium, on November 17.

Last year the contest included only the high school girls but this year the contest included West Ward and Jr. High entered also.

The business men of Memphis co-operated to the fullest extent in helping to promote this fine program. Master of Ceremonies was Donald Payne and Beryle Davis was pianist.

A program from each of the three schools was presented between each division of beauties.

Johnnie McWhorter and Linda Gail Sturdevant presented a twirling exhibition representing West Ward.

Billie Jean Stroehle gave a reading and Bobbie Jean Stewart sang a song accompanied by her sister Betty. Jr. High was proud of their representation.

Ann Spoon, Minnie Jackson Troyace Rhudy, and Lee Bloxom sang a medley of songs, including "Peg of My Heart," "Dark Town," "Trutter's Ball" and "Five Foot Two." The group was accompanied by Patsy Jean Adcock and represented High School.

Winners in the West Ward division were first place—Bobbie Richards from the first grade, the daughter of Mr. and Mrs. L. A. Richards. Second place Quida Massey, from the third grade, the daughter of Mr. and Mrs. Alvin Massey. Third place, Cynthia Combest of the fourth grade, the daughter of Mr. and Mrs. Nelson Combest.

The three winners in the Jr. High division were first place, Jonna Sue Smith, of the seventh grade, the daughter of Mr. and Mrs. O. B. Smith, second place Montye Imbordino of the seventh grade, the daughter of Mr. and Mrs. Charles Imbordino and the granddaughter of Mr. and Mrs. A. W. Howard. Third place, Sharon Harrison, the daughter of Mr. and Mrs. Carl Harrison.

The High School division was won by Yvonne Sturdevant, a popular member of the Freshman class and the daughter of Mr. and Mrs. O. A. Sturdevant. Second place was won by Johnnie McDaniel, a Freshman, the daughter of Mr. and Mrs. J. J. McDaniel. Third place was won by Anita Murphy, a Soph., the daughter of Mr. and Mrs. Murphy.

Rev. Davidson Speaks To Students

Personality was the subject brought to the minds and hearts of the students and faculty Tuesday morning at 9:15. Reverend Rollo Davidson, pastor of the First Methodist Church, brought an inspiring talk on the importance of being happy.

As the students came into the auditorium, songleader Minnie Lee Jackson, and accompanist Patsy Sue Hays, handed out copies of new religious songs. Some of these songs were new and these provided much fun for the students. After singing several songs, Mr. Newton presented Rev. Davidson.

Reverend Davidson illustrated his talk with a clever drawing of a boy who was so unhappy that the lines in his face were set downward. As the boy grew to manhood, he became aware of his hooded behavior and changed his ways. This change caused the lines in his face to turn upward. Rev. Davidson then inverted the drawing and the picture was what we should all look like, the picture of a smiling, pleasant person. Rev. Davidson stressed the fact that people who make the best of things and smile through trouble will have a successful life.

LIGHTS AND SHADOW CLUB met Monday, November 13, at 4:00 for the purpose of planning the future meetings. The club decided to begin working on a one-act play which will be presented in December before the Christmas holidays.

Those members present were Martha Howard, Jo Anne Webster, Leona Robertson, Gloria Harris, Betty Kennon, Margaret Massey, and Jacky Gilbert. Mrs. Guthrie is the sponsor.

Question of Week's Favorite Subject Student Survey

The question, "What is your favorite subject and why?" was asked the Juniors and Seniors this week. Only Juniors and Seniors were asked because usually what they like best in high school is what they will major in when they attend college.

Harold Foxhall: "Physics is my favorite subject because I am going to major in mechanical engineering in college."

Margaret Harris: "I consider typing my favorite subject because I am going into secretarial work after finishing high school."

Barbara Castner: "I enjoy P.E. most of all because of basketball."

Alvin Bishop: "I enjoy mathematics, so, therefore, I like physics and algebra best."

Donald Payne: "I choose physics because when I attend college I intend to major in Diesel Engineering."

Clinton Jones: "I like English because of the teacher, Mrs. Guthrie."

Frank Norman: "I like English because it is so interesting."

Patsy Jarrell: "Plane Geometry my favorite subject, because of the teacher, Coach York."

are the manager for the coming season.

We Deliver... Phone 498 W. Noel St. on Lakeview Highway

RAY CHILDRESS

WE ARE BOTH INTERESTED IN THE SAME THING

More Profitable Farming!

Our real business isn't just selling tractors and implements. What we actually have for sale is more profitable farming... "Less Work, More Income Per Acre."

The only way we can make money is by helping you and other farmers make more. So, when we get together, we're both interested in the same thing.

The better we know you and the better we know your farm, the more likely it is that we can be of some real service to you. So, if we haven't been around to see you lately, we'll try to make it soon. It ought to pay us both to get better acquainted.

And, when you come to town, stop in. We'll be glad to see you.

We are headquarters for Ford Tractors, Dearborn Farm Equipment and genuine Ford Tractor and Dearborn Implement parts. Call on us any time for prompt, efficient tractor and implement service.

See it now!

DEARBORN HEAVY DUTY MANURE and MATERIAL LOADER

Excavate and move dirt, stack baled hay, fork and load manure, shovel and elevate grain... fast! Loader quickly attaches to Ford Tractor. Interchangeable bucket, manure fork and crane sold separately.

Separate hydraulic control frees tractor hydraulic mechanism for operation of rear-attached implements at same time. Investigate!

CONVENIENCE

TOMORROW, 10 A.M. SHARP!

PERSONALS

Mr. and Mrs. Ellis Chaunalt of Lelia Lake and Mr. and Mrs. Dwane McBee of Amarillo visited Sunday in the home of Mr. and Mrs. Charlie McBee.

Mr. and Mrs. Byron Baldwin and Dr. Jack Baldwin visited in Quannah Sunday with their son and brother, Dr. James Baldwin and family.

Lareta Johnson, who is attending business college in Denver Colo., and Brick Stone of Hedley visited in the home of Mr. and Mrs. Bill Kilpatrick Sunday.

Mr. and Mrs. Durward Martindale and son, David of Pampa visited in the home of Mr. and Mrs. John Dennis Sunday.

Mrs. C. L. Pierce, Myrtle Howard, Mrs. M. C. Allen and Barbara took Jack Pierce back to Canyon Sunday where he is attending school.

Mrs. John Dennis, Mrs. Estelle Guthrie, Mrs. T. J. Hampton and Mrs. Brie Webster were Childress visitors Friday.

Mr. and Mrs. Gin McMurry took Mrs. T. M. McMurry to Borger Friday where she will visit for a few days.

Mrs. Lester Bowman and Mrs. Roy Coleman visited in Amarillo Friday.

Mr. and Mrs. Herbert Edmondson visited with relatives in Quannah Sunday.

Rev. Burr Morris and father, J. N. Morris of Fort Worth returned

Friday night after a week's visit in Chicago and Prairie City, Ill. with relatives.

Mrs. Flora (Liner) Berry of Hanford, Calif., Mrs. Fred Meason of Tulare, Calif., and Harold Liner of Zillah, Wash., are here visiting their brother and family, Mr. and Mrs. Floyd Liner.

Kenneth Malone, who is in the army and stationed in San Francisco is here this week visiting his father, W. S. Malone.

Mrs. Geraldine Todd of Boy Town and Mrs. Deal of Hedley were Memphis visitors Monday.

Mr. and Mrs. Woodrow Edwards Ronnie and Betty of Fort Worth and Mr. and Mrs. Zeno Edwards of Boyd visited with relatives over the week end.

Mrs. A. O. Phillips has as guests this week two sisters, Mrs. C. N. Cook of Mount Airy, N. C., and Mrs. W. L. Morrison of Lindsey Calif. Mrs. Cook arrived here Saturday while Mrs. Morrison came Monday night, arriving here from Arkansas where she had been visiting relatives.

Mr. and Mrs. John L. Gordon of Lubbock, Mr. and Mrs. H. W. Spears of Lakeview, Mr. and Mrs. J. H. Gordon of Slaton visited in the home of Mr. and Mrs. L. O. McCoy here Sunday.

Mrs. Nora Vandeventer went to Overbrook, Okla., last week end and visited a niece and brother,

Cyclonettes Named For Coming Season

Girls basketball coach Jeanette Irons released the names of the 18 girls that will make up her two teams of Cyclonettes for the coming season.

Mrs. Irons will have a high school squad of Cyclonettes and a squad from the eighth grade. The high school squad will carry eleven girls and the pre-freshman team will have only seven.

The girls play their second game of the season when they meet Hollis, Okla., here next Tuesday night. Both teams of Cyclonettes played their first game Tuesday night when they met Lakeview.

In the district tournament the Cyclonettes have drawn the same opponents as did the Cyclones. Both teams will play McLean in the opening games of the boys and girls district tournament to be played in McLean in the latter part of January.

The girls on the A squad are: Leona Robertson, Margaret Murdock, Joan Webster, Patsy Armstrong, Patsy Jarrell, Martha Howard, Marjorie Simmons, Norma Townsend, Patricia Alexander, Opal Greene, and Beth Mardock. Members of the pre-freshman squad are: Della Jo Kennedy, Nona Scott, Betty Spencer, Anita Hartsell, Jarita Grimes, Anne May and Betty Floyd.

Monroe Fields who used to live in Memphis. Mrs. Vandeventer had not seen her brother since 1934.

BRICE

Rev. Quinn of Amarillo brought a very inspiring message to the church here Sunday morning.

Mr. and Mrs. Hilburn Gattis had as guests over the week end his brother, Herman Gattis and family of Amarillo and his brother-in-law Theodore Knight of Santa Fe, New Mexico.

Mr. and Mrs. L. F. Bennett and Lou Anna of Amarillo spent the week end here with her mother Mrs. Z. L. Salmon.

Mr. and Mrs. W. H. Youngblood left Friday for Rusk where they attended the funeral of his sister, Mrs. Brown.

Mr. and Mrs. James McAnear were host Sunday to forty-four of their relatives who met in their home for a family reunion.

Laverne Dodson, Oleta Hawthorne and Freddie Starr Johnson all of Memphis visited friends and relatives here Sunday.

Mrs. Bill Wood and Shirley visited Sunday in Clarendon with relatives.

Mr. and Mrs. Richard Wood had as guest Sunday evening her mother, Mrs. Benton of Memphis. Rev. A. J. Quinn was a guest in the C. A. Hightower home Sunday.

Those who attended the concert in Memphis Tuesday evening were Mrs. C. V. Murff, Mrs. W. E. Davis, Mrs. Hurley Moreman, Mrs. Zack Salmon and Mrs. Starr Johnson.

Rev. and Mrs. Craven of Wellington were Sunday dinner guests in the Merle Lemons home.

Among those who attended the workers conference at the Lesley Baptist Church Tuesday were Mr. and Mrs. C. A. Hightower, Mrs. Merle Lemons, Mrs. Aubrey Martin and Mrs. Starr Johnson.

Mrs. J. C. Johnson visited Friday evening in Clarendon with her daughter, Mrs. Sam Lowry.

CARD OF THANKS

Your kind expression of sympathy will always be remembered and deeply appreciated in the death of our loving husband and father. May God bless each of you.

Mrs. C. S. Stone, Clarence Stone and family, Burt Stone and family, Clyde Stone and family, Albert Stone and family, I. T. Stone and family, Ben Hemlestrand and family, Owen Proffitt and family and Grandchildren.

Mr. and Mrs. Cecil Whitten visited with her father and mother Mr. and Mrs. Dean in Norman Okla., last week end.

Mrs. Hester Bownds, Mrs. Barney Burnett and daughter, Audrey, Mr. and Mrs. John Holcomb and son Buck and Mrs. J. B. Burnett spent last week in Dallas visiting with relatives.

Linda Jane Hall is sick and is in the hospital. She is suffering with a throat infection.

Mickie Nabers, small son of Mr. and Mrs. Kenneth Nabers, was carried to the clinic in Memphis Sunday with a virus cold.

Norma Sue Hall spent Sunday with Sheila Killian in Lakeview.

Mr. and Mrs. W. L. Crawford spent Wednesday with their daughter, Mrs. Doil Hall.

Mr. and Mrs. A. W. Malloy and children visited Sunday with Leroy Pate, who is in a Wellington hospital.

Mrs. W. L. Crawford received word Tuesday night that her brother, A. L. Farr of Spring Valley Calif., was killed in a car wreck.

Katrena and Shirley Nabers spent the week end with Billie Harwell.

Mrs. Lewis Morrison has returned home after spending several days with her sister, Mrs. J. R. Strohmeier of Dimmitt.

Mr. and Mrs. Walter McMaster visited in Lakeview with Mrs. Mc-

Editorial—Thanksgiving Day

This time each year, we are reminded of the sacred blessing, "Enter into His gates with Thanksgiving" . . . reminded by the celebration of Thanksgiving Day . . . reminded of our forefathers who came forth and established this continent of America.

What is Thanksgiving? Is it a day to boast about the things you have accomplished? Or is it a day to stop and take time to count the things you have to be thankful for, and thank God for the blessings you have received?

Do we, the students of MHS, realize how much we have to be thankful for? To live in Christian America, to have a democratic form of government, and have the excellent schools, churches, and homes that we have.

This Thanksgiving Day, let's stop, look around us, count our blessings, and be thankful the following year for all we have.

'CAVITIES' UNDER CONCRETE ROADS FILLED BY ASPHALT

Petroleum asphalt, familiar because of its use on road surfaces, is now being used under highways, too. Liquid asphalt, forced through holes drilled in concrete pavement, fills in cavities caused by water seepage. This prevents the pavement from cracking and collapsing. The holes are then closed to seal in the asphalt.

PIPE LINE GOES TO SEA

An ocean-going natural gas pipeline 10 miles long is planned to connect off-shore wells in the Gulf of Mexico with transmission facilities on shore. The line, using 8 1/2 inch pipe, will be laid at a depth of 36 feet. It will have a daily delivery capacity of 50 million cubic feet of gas.

Mr. and Mrs. W. C. Reed of Barthsville, Okla., arrived Thursday of last week to visit his parents, Mr. and Mrs. John D. Reed and sister, Mrs. John Tyler in Am- arillo.

If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer. —Adv.

Master's brother, Lester Beavers and wife.

Mr. and Mrs. Frank Saxon and Sharon visited with Mr. and Mrs. C. E. Galloway at Memphis Sun- day.

Mr. and Mrs. L. A. Bray visited in Lesley with their son, James Bray and wife.

Bro. and sister R. G. Hatter and family of Lakeview visited with Bud Clark Sunday.

Visiting with Norma Jean Nabers Sunday were Sydney and Roxy Hulsey, Mildred Booth, Pat Davenport, and Wilma Hall of Lakeview.

accepting that of turkey, sir or at least before you wedge of pie—listen to this cheery

cent more likely 45 if you are 25 weight; 50 pounds of puts you in a group cent higher death normal, says the North- Life Insurance

of our greatest overweight people do dangers or they something about their insurance company's

promoting disease various diseases Among overweight trouble, more dia- cancer, and three high blood pressure people of average people have more falls accidents than do their normal size.

permit children to them to perman- due to the inactivity well as to greater disease both in youth medical research earlier theories some people are born can't lose weight no

matter how rigidly they diet; that some people are fat because they have more efficient digestions and retain more of the nourishment from their food; that thyroid or other gland abnormalities are frequent causes of excess weight.

Two sad, homely facts about the problem of excess weight have simmered out of all this medical research, says the insurance company's report:

Sad Fact No. 1: People become overweight simply because they eat more food than their bodies need. Children get fat for exactly the same reason.

Sad Fact No. 2: The only practical, safe way to reduce is to eat less food. There is no shortcut, no "safe, easy way."

Proper exercise is healthful, but as a reducer it is more work than it is worth, says the report. You need to climb twenty flights of stairs to lose the weight put on you by one extra slice of bread. Leaving out the excess food is easier on you in every way.

Massage can benefit many troubles, the insurance company doctors say, but fat can't be massaged off.

No effective and harmless reducing drug is known to medical science, says the report, with the exception of thyroid extract when used in those rare cases where thyroid deficiency is actually the cause of excess fat. At least 99 per cent of all overweight people have no thyroid trouble, and will find the extract useless. The three main ways in which so-called "reducing preparations" work, if they work at all, are: By numbing the appetite, by disturbing the bodily

MOVE ALONG! . . . West Berlin policeman gives a shove to a Communist demonstrator from the British sector after a mob tries to storm the court house.

functions, of by small-scale poisoning; the appetite-numbing type of drug is occasionally prescribed in limited amounts by a physician to make it easier for a patient to stick to a reducing diet, but such preparations should never be used except if and as prescribed by your doctor, says the report.

Fat children usually have over-protective parents, medical researchers find. A typical case is the child who has had a severe illness; the physician warns the parents against permitting violent exercise for a time. The worried parents restrain the child from all physical play, and overfeed him to "build him up." The child grows sluggish, loses his taste for exercise, and becomes firmly fixed in the habit of over-eating—in fact, gets most of his pleasure from eating. Pretty soon abnormal glands are blamed for the child's abnormal weight, though it is actually the result of over-eating and nothing else. The fat child is likely to be fat in adulthood, says the report; habits established in childhood are deep-rooted.

When anyone makes up his mind to reduce, it is wise to have the diet prescribed by a physician, to make sure it is properly balanced, and contains plenty of vitamins and minerals, the report advises. The dieter should get a good bathroom scale and weigh himself or herself, stripped, before breakfast each day. A severe cut in the amount of food usually works out best; results are so slow with a mild cut in eating that the dieter grows discouraged. The first three days on a reducing diet are the hardest; then the stomach adjusts to the smaller amount of food taken in, and stying with the program becomes much easier.

Once the goal is achieved and you are finally down to your correct weight, look out, warns the report—you can get the fat back much faster and easier than you lost it. Keep on weighing yourself "in the raw" each morning and avoid having to do the job all over.

Quite a few people will go as long as two weeks or more before starting to lose weight, even on a "hummingbird" diet; this has given rise to the belief that some people stay fat regardless of how little they eat. The reason for the delay is that certain people's bodies retain water much more tenaciously than others. The strange thing about such people, clinical experiments have shown, is that cutting down the amount of the liquids they drink seems to make little or no difference; liquid is absorbed and retained from food. In such cases, however, when the loss of weight finally starts, it is so rapid for a few days that lost time is made up, and by the end of a month or so such a person has shed just as many pounds as another subject who started dieting at the same time and began losing weight immediately.

Can children inherit a tendency to be fat? Nothing to it, says the insurance company's report. But if the adults in the family constantly eat big, fat-producing meals, the children are likely to eat the same way and get fat too.

People who are overweight, and the parents of children who are overweight should seek help from a physician, just as for any other dangerous condition, the report concludes; excess weight is undermining the health and shortening the lives of millions who do not appreciate the danger.

NEW BAND MEMBERS

Two members have been added to the Cyclone "A" Band this week. These students, Juasetta Messer and Leon Rogers, were promoted from the "B" Band on Monday, November 13. Juasetta, a Pre-Freshman, plays a Bb Clarinet. Leon, who plays the Base

Horn, is also a member of the Pre-Freshman Class. These students make the enrollment of the Band stand at 66 members now.

400,000 OUTLETS SELL GAS

In addition to the 188,305 service stations which market gasoline, there are about 200,000 retail out-

lets for motor fuel in country stores, garages and similar establishments, it has been estimated. These assure drivers of the nation's 44 million motor vehicles a constant supply of motor fuel when they want it and where they want it.

WE DELIVER

329 Years of American

There's something good about knowing, when you sit down to your holiday dinner, that you're taking part in the oldest truly American act of faith—the humble offering of thanks to God for His blessings on us all. And it's good to think that today, 329 years after the First Thanksgiving, we can still give thanks in a land where our faiths and our freedoms stand as firm as Plymouth Rock.

Let's never lose Thanksgiving!

Let's make it our job—now, today—to preserve the good life for our children's children, as our fathers have kept it for us. That's not so difficult. All it requires is that each of us shall make himself a strong, stable, economically sound citizen—with the financial security for ourselves and our families that gives us a stake in our way of life.

Future Thanksgivings may well depend upon plans that are made today—plans which are based upon sound financial transactions. The officers at this bank stand ready at any time to consult with you about your plans. Confer with us. Ours is the responsibility of helping you in all things commensurate with good banking principles.

Cyclones Win Initial Game From Carey 47-31

The Memphis Cyclones had to fight from behind, before they won their opening basketball game from a stubborn Carey five 47-31 here Monday night.

A "Mutt and Jeff" combination led the Cyclones in scoring. Max Kennedy, a 5' 9" guard, scored 14 points for top honors; while Scotty Grundy, a 6' 4" forward, was second with 12.

Leading the Carey attack were Hill and Bishop. Hill dropped in five field goals and two free shots for 12 points and Bishop made five field goals for his 10.

Carey jumped in the lead with the opening tip-off and stacked up six points before Memphis could ever scratch. Kennedy put Memphis on the scoreboard with a long one-hand push shot from the front court, four minutes deep in the first period. He rang up six of these long shots to account for 12 of his 14 points.

Carey led at the end of the first quarter, 11-8, but the height advantage enjoyed by the Cyclones began to tell and the Memphians pushed ahead 12-11 in the opening minutes of the second quarter, never to be headed. Memphis led at the half time 24-18.

Carey came back with a rally in the early minutes of the third

If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer.

quarter and pulled within six points of Memphis, 22-28.

Kennedy and center Leo Bloxom dropped in two quick field goals each and the Cyclone was rolling again. They led at the end of the third period, 37-26.

Kennedy for Memphis and Hill for Carey, both went out on fouls mid-way of the final period.

In the "B" squad game Memphis romped to an easy 32-12 score. Duke Frisbie with 12 points and David Corley with seven led in the scoring department for Memphis. Bill Hill led the scoring for Carey with four.

In both games Coach Fred Wright used all of his substitutes. He used 13 boys in the "B" game and 10 in the "A" squad encounter.

Frances Capps is Rush Chairman Of Alpha Phi

Frances Capps Kenyon of Oklahoma City, daughter of Mr. and Mrs. John Capps of Lakeview, has recently been appointed chairman of the Alpha Phi rushing board of Oklahoma City and also rush advisor to all of the Alpha Phi Alumnae over the state of Oklahoma.

Next fall during rush, she will act as rush advisor to the active chapter at Norman.

TEL Class Holds Monthly Session

The TEL Class of the First Baptist Church met Thursday afternoon, Nov. 16, in the home of Mrs. J. S. McMurtry with Mrs. Alla Boswell and Mrs. R. H. Wherry as co-hostesses.

The program opened with the class song, "My Faith Looks Up to Thee," and Mrs. John Fitzjarrald offered the opening prayer.

Mrs. Henry Hays brought the devotional, using as the subject fear and reading from the text Job 9-28 and Psalms 53.

Mrs. Frank Ellis, Mrs. J. H. Smith and Mrs. Henry Hays, who recently attended the Baptist convention, gave most interesting reports concerning the meeting.

The hostess served a tasty refreshment plate to Mmes. J. W.

Recently Mrs. Kenyon entertained with a breakfast at the Skirvin Hotel in Oklahoma City honoring Mrs. Margaret Holman, who is a national officer of the Alpha Phi sorority at Norman, Okla.

Fitzjarrald, Roy Howle, J. S. Spencer, Dick Watson, C. W. Crawford, W. L. Crawford, T. T. Load, Frank Ellis, W. C. Gilliam, Lee Thornton, Henry Hays, W. E. Hill, J. H. Smith, Chas. Drake, W. H. Moreman and the hostess group.

Burleson Buys E. E. Cudd Station

Homer Burleson, well known Memphis service station man, has purchased the E. E. Cudd Service Station and store at 319 Noel street.

Burleson formerly ran the Conoco service station at the corner of 10th and Main streets.

E. E. Cudd will now devote his time to his wholesale gas and oil business.

Burleson said that his station would be open 24 hours a day and handle all Conoco and Firestone products.

Issac V. Crow

(Continued from Page One)

ford, Scott Crawford and A. V. Hendricks conducted the funeral services. Burial was in the Newlin cemetery.

Crow was born May 5, 1863, the son of Mr. and Mrs. Henry Norris Crow of Tennessee. He moved to Newlin in 1890, and married Miss Clara Christina Horr in July of 1900.

He was one of Hall County's oldest citizens, living here for the past 60 years. He had been a member of the Baptist Church since 1874.

He is survived by his wife, three sons, Lloyd F. Crow, St. Francis, Kan.; William H. Crow, Dodson; Robert A. Crow, Amarillo; a daughter, Mary Alice Crow, Newlin; one sister, Mrs. Rhoda Nelson, Newlin; one brother, Robert Lee Crow, Gene Autry, Okla. Three children preceded him in death.

Pall bearers were: O. B. Hoover, Fred Hemphill, A. M. Simms, Jake Crisman, James May, and William Murphy.

Flower girls were Mrs. Ray Murphy, Mrs. Lula Nelson, Mrs. D. W. Lawrence, Mrs. Sandra Crow, Mrs. Martha Myers, Mrs. Felix Jarrell, Mrs. John Burnett, Mrs. Fred Hemphill, Miss Isbell Walker and Mrs. Ralph Scott.

Funeral arrangements were by Murphy-Spicer Funeral directors.

THANKS To My Friends & Customers

At this time I wish to thank my many, many friends and customers who have been patronizing me during the past 21 years as I operated the E. E. Cudd Service Station and wholesale oil and gasoline businesses in Memphis.

I have sold my service station and stock of store merchandise to Homer Burleson, who is now in active charge. I will

Continue to Operate My Wholesale Oil and Gasoline Business

The office has been moved from the station at 319 Noel st. to my warehouse building, located on the corner of Fourth and Brice Streets, which is immediately north of the depot.

Continue to leave your orders for delivery of Gasoline, Kerosene, Motor Oils and Greases at the warehouse office. My trucks will be making daily deliveries to customers in this territory.

E. E. Cudd

Miss Barbara Burney Becomes Bride of Dr. Edwin Goodall in Hereford Rites

Miss Barbara Ann Burney, niece of Mr. and Mrs. R. P. Coneway of Hereford, became the bride of Dr. Edwin Goodall, son of Mrs. Eula Goodall of Valley Mills, in a single ring ceremony at the First Methodist Church in Hereford on Sunday afternoon, November 19, at 5 o'clock.

Rev. Don R. Davidson officiated as the couple and their attendants stood before the altar, which was decorated with a series of four seven-branched candelabra bearing cathedral tapers, and large arrangements of white stock and chrysanthemums in attractive floor vases before a background of emerald palm trees. The altar featured the golden cross flanked by vases of white chrysanthemums.

Mrs. Glenn Snyder, organist, played a nuptial prelude, including "Selections from Woodland Sketches" (MacDowell), "Serenade" (Drigo), "I Love Thee" (Greig), "Because" (D'Hardelot), "Thine Alone" (Victor Herbert), "Clair de Lune" (de Bussay), and "Romance" (Rubenstein).

Mrs. W. J. Stanford played organ accompaniment as Mrs. B. F. Cain sang "All for You" (Bert-rand-Brown) and "At Dawning" (Cadman). She played the "Bridal Chorus" from Lohengrin as the wedding party entered and accompanied the exchange of vows with a soft rendition of "I Love You Truly" (Bond). Mrs. Cain sang "Wedding Prayer" (Dunlap) at the conclusion of the ceremony and Mrs. Stanford played Mendelssohn's "Wedding March" as the recessional.

Johnny Ward is Complimented At Farewell Party

Mr. and Mrs. Fred Crisman entertained recently with a party honoring Johnny Boyd Ward of Giles, who left last week for the army.

Informality was the keynote of the evening and guests were entertained with a series of well-planned party games and contests.

The honoree was presented with a gift from the group present.

Refreshments were served to Fred Crisman, Helen Crisman, Betty Crisman, Weldon Crisman, Dorothy Spruill, Clinton Jones, Opal Ray Green, Jo. Nell Briscoe, Linda Mitchell, and Ruby Frisbie of Memphis; Johnny Ward and Annie Ward of Giles; Don, Joyce, Dorothy, Weldon, and Gladys Altman Glen Green, Ann Green Clifton Phillips of Gilpin; Jackie McCollum and Delores of Carey and Sgt. Bill Durham, who is stationed at Albuquerque Air Base.

MR. AND MRS. WAYLAND MARCUM

Pretty Home Service Unites in Marriage Edith Compton and Wayland Marcum

Miss Edith Compton, daughter of Mrs. C. H. Compton of Memphis, and Wayland E. Marcum, son of Joe Marcum of Amarillo and Mrs. LeRoy Hutcherson of Parnell, were united in marriage in a double ring ceremony solemnized at the home of the bride's mother at 9:30 a.m. Sunday, November 12.

Rev. Rollo Davidson, pastor of the First Methodist Church, read the ceremony before an improvised altar flanked with lighted white tapers, barked with palms and ferns and adorned with handsome arrangements of tall white baskets of mixed fall flowers. The tapers were lighted by Mrs. Paul A. Meacham, sister of the groom.

Preceding the ceremony, Mrs. Conley Ward, pianist, played "Because" and "Indian Love Call." "The Lord's Prayer" was played softly during the exchange of vows. The traditional wedding marches were used for the professional and recessional.

Given in marriage by her uncle, W. R. McAfee of Wichita Falls, the bride was lovely in a two piece dress of navy velvet accented by matching accessories. She carried a white prayer book topped with an array of red rose buds interspersed with maline tufts and satin streamers. She carried out the traditional custom of wearing 'something old, new, borrowed, and blue,' and further observed tradition with a sixpence in her shoe.

Mrs. Ted Cates, sister of the bride, was matron of honor. She wore a just velvet suit with black accessories and her corsage was of white gardenias.

Paul A. Meacham, brother-in-law of the groom, was best man. The bride's mother, Mrs. C. H. Compton, chose a wine gabardine

W. C. Davis Speaker At P-TA Meeting Thursday

W. C. Davis, superintendent of the Memphis Schools, spoke to members of the Junior High Parent-Teacher Association on the subject, "Life Adjustment Educational Program," Thursday, Nov. 16. The meeting was held in the school auditorium.

Students presented the second part of the program and appearing on the program were Sharon Harrison, John Deaver, Jo Ann Odom Jimmy Hill, and Mary Alice Smith.

Miss Pyeatt's room won the attendance award. The president announced that the December meeting would not be held.

Members present were Mmes. C. S. Compton, Gene Chamberlain, Gillespie, Gordon Gilliam Omer Hill, Carl Harrison, H. J. Howell, W. D. Orr, Ira McDaniels O. L. Seale, E. W. Godfrey, Jr., W. R. Scott, O. L. Hearn, Adrian Odom, W. Middleton, John W. Fitzjarrald, T. L. Hall, Clarence Stroehle; Misses Zady Belle Walker, Clara Pyeatt, Ethel Hillhouse, Mr. Burk, Billy Tate, Geo. Childress and Mr. Davis.

The Couple was honored with a reception at Hotel Jim Hill following the wedding.

Mrs. Ralph Jones of Liberal, Kansas, secured names for the guest register, and presiding at the refreshment table were Miss Genevieve Eberle, Mrs. Hil-ton Higgins, Mrs. John C. A. Lynn, Friona, Mrs. O. W. Lowrey, Gatesville, and Mrs. V. D. Goodall, Clifton, Texas.

The table was laid with white linen and centered with an arrangement of white stock and white chrysanthemums and featured the tiered wedding cake resting in a circle of white flowers on a mirror reflector. Assisting in the houseparty at the reception were Mesdames W. R. White, Clovis, W.

SPORTS AFIELD

By Ted Kesting

The modern deep freeze is a great boon to a sportsman. He no longer has to eat venison or duck or fish for days in a row. Now he can enjoy the meat and the thrill of his days afield weeks later.

But too many of us fail to prepare fish and game properly and are disappointed to bite into un-tasty meat. So here are some suggestions for freezing:

Immediately after your game is bagged, bleed it, then dress it as soon as possible. Big game should be aged to make it tender; keep it for 8 to 10 days at a few degrees above freezing. Game birds should be cleaned and plucked—the wax method is best. Wash all meat thoroughly in cold running water. In the case of fish, keep them in water as long as possible before you clean and freeze them. Try to freeze fish the same day they're caught.

You can use cellophane, plastic bags or aluminum foil for packaging; a stockinette over this keeps the package in better shape. Label with the kind of meat, date of catch, hunting license number and the freezing date. When first put in the freezer, leave some air space between packages.

Game fish, birds and meat are thawed and cooked the same as domestic varieties. However, game should not be held, after thawing, for any great length of time before cooking.

It takes about two hours per pound to thaw meat at room temperature. If you're in a bigger hurry, it takes 45 minutes per pound in front of an electric fan. If placed in a warm oven, at 200 to 250 degrees, it takes only 25 minutes per pound. Uncooked meats should never be refrozen. Cooked meats can be refrozen for two to four weeks. Be sure and keep the meat in its unopened package while thawing so it will not be exposed to air and possibly become tainted.

Cook and season thawed game and fish the same way you would fresh foods.

Now here are a few additional hints: large game should be butchered the same as beef. Tough portions of venison may be ground and mixed with port or veal for meat balls; it also makes fine mince meat. When it is frozen, ground meat will keep from four to six months; liver, heart and kidney for three to six months. Lean fish can be stored for six to eight months, the most fatty fish no longer than three to four months.

The big thing to remember is that your meat will be only as good as the condition it is in when you freeze it.

Don't let the cook in your family tell you game isn't good eating. Game is the finest food in the world if it is cooked properly. Sometime try fixing a venison roast the way Harry Botsford does. Harry knows as much about cooking game as anyone in the country.

Have your butcher cut the meat and store it. Then marinate it for 24 hours in equal parts of water and vinegar—enough to cover the meat. Include a couple of sliced onions, some crushed bay leaves, a few peppercorns, a tablespoon of celery seed and a few leaves of tarragon. Remove the meat from this mixture, drain it and trim off all the fat. In place of that fat use strips of dry salt pork. Insert a few slivers of garlic in slits in the meat.

Sear the roast, put in a 450-degree oven and cook about 30 minutes to the pound. Baste frequently with the marinade, and remove cover for the final half hour in the oven. For gravy, boil the drippings with a glass of red currant jelly. When the mixture thickens add a small jigger of sherry wine, and serve with the roast. There you'll have a dish with a truly uplifting flavor!

Venison steaks can be superlative, too. They should be soaked for an hour in olive oil and minced garlic—then quickly broiled. When done, place a pat of butter on each return to the broiler and turn off the heat—after two minutes they are ready to serve. If the meat has been properly aged, and if the steaks are not too thick, they'll be tender enough to cut with a fork.

Venison is a versatile meat. It

SUNDAY DRIVER IN KOREA . . . G.L. somewhere in Korea, takes time out from the shooting war for a little recreation—riding an ox.

is tremendously good when barbecued; it can be run through a food chopper with plenty of onions and made into venisonburgers. Boiled with onions, a trace of garlic and plenty of spices, it makes marvelous sandwich material when sliced cold. Bite sizes of venison, rolled in heavily seasoned flour, put in a bean pot, covered with evaporated milk and cooked for at least four hours makes a savory dish that is a perfect pal to a bowl of creamy mashed potatoes.

Baylor Students Fix Aggie Shelter

A half dozen boys from the Alpha Phi Omega, men's service organization at Baylor University, have taken action about accusations that Baylor boys painted splashed and set afire the Aggie shelter on Highway 6.

They went out in the early morning cold with four gallons of paint and 24 glass window panes, and fixed the shed back in tip top condition.

The shelter was erected more than a year ago by the Aggie Mothers organization in Waco for protection and comfort of their sons who hitch-hike from Waco to College Station. Some "Baylor" signs were printed on it shortly before the Baylor-Aggie football game Oct. 28, and a few nights later the shed was set afire. Highway police were able to limit the damage to broken window panes and seared paint, however.

"We don't think Baylor boys messed up the shelter," declared APO President Byron White of Chattanooga, Tenn., "but it seems from letters in the newspapers that mothers of the Aggie boys think we did."

"We are fixing it all back up like new, just to prove to the dubious that we want good will

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B₁, B₂, Iron and Niacin. Here is Mr. Goldsmith's statement:

"Before I started taking HADACOL I was run down and nervous—I had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

HADACOL is So Different Thousands are benefiting from HADACOL . . . whose systems lack Vitamins B₁, B₂, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

Lakeview Beats Matador 18-13 For First Victory

The young win-starved Lakeview Eagles escaped the cellar of district 2-B last Thursday as they won their first game of the season, defeating Matador 18-13 in Lakeview.

Neither team had won a game this season, but Lakeview had tied Boys Ranch 7-7 earlier in the season. The game slammed the cellar door in the face of Matador.

In the Lakeview scoring department it was Gerald Payne, William Verden and G. D. Hall with one touchdown each. Hall ran 83 yards for his six points.

Hall was the boy that gave the Memphis Cyclone its only trouble in the Cyclone-Eagle game earlier this season.

Watson Townsend scored twice for Matador. One of his touchdowns came on a pass from Jody Graham. Townsend also ran the only extra point of the game.

Lakeview closed its season on Wednesday, Nov. 22, against Silverton. The game was postponed earlier in the fall when Lakeview's fieldhouse and all their football equipment was destroyed by fire.

The Eagle squad is made up of sophomores and juniors and promises to be one of the powerhouses in district 2-B next year.

SOMETHING NEW IN OIL

Petroleum scientists, looking for new ways to make synthetic rubber from petroleum products, discovered a process for producing thiophene, a material now used in the manufacture of certain of the antihistamine drugs. Oil and natural gas continue to prove a treasure chest of raw materials for a wide variety of industries.

PIPE LINERS USE RADIOACTIVITY

Small amounts of radioactive materials placed between shipments of crude oil and petroleum products, help pipe line operators determine accurately where one cargo ends and the next begins. A Geiger counter placed near the pipe line indicates the exact location of each shipment.

between Baylor and A. and M. and all the other schools in Texas."

HARD CARBON DEVELOPED AS "SUB" FOR GRAPHITE

A new type of hard carbon, similar to graphite, is being manufactured from natural gas. The new product, known as gas coke, is expected to find application in the metallurgical industries and as

a substitute for retort carbon in electrical uses. About 60 to 80 per cent of the graphite currently used in the U. S. is imported.

RECIPE FOR A DRILL HOLE

Drilling an average 10,000-foot exploratory oil well requires such

diversified materials as five tons of cottonseed hulls, five tons of sawdust, 4,850 bags of cement, 800 tons of carefully prepared mud and 48,000 barrels of water.

REMEMBER WHEN

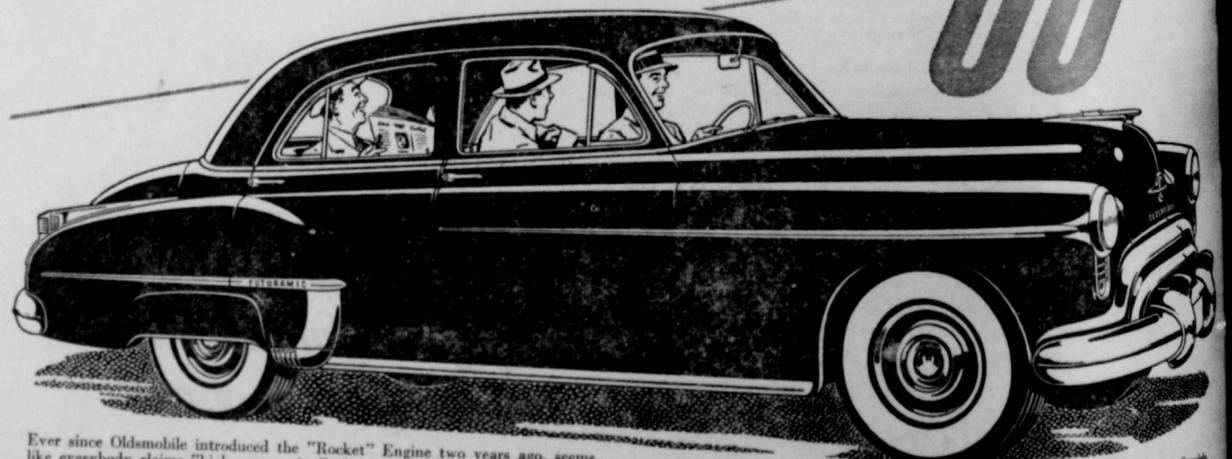

... this was your "central" heating plant

Too much heat in one room—not enough in another. That was the accepted standard of heating when you used a temperamental old stove in the parlor. The coming of natural gas brought wonderful new comfort into your home . . . automatic gas heating equipment now raises that standard even higher. Gas heating equipment will serve you best if it's adequate, vented, automatic. Investigate the improved models now being installed in most all modern homes. Investigate the new automatic circulating gas heating systems. See what they will do for you.

The scores of companies which comprise the natural gas industry in the Gulf South are serving you in many ways besides delivering gas to your home or factory. Their royalty payments, payrolls and local purchases help make business better for everybody. Their tax payments help to provide essential governmental services. Their industrial development activities help to bring more jobs and payrolls into the area, thus creating more prosperity for you and your family.

UNITED GAS
SERVING THE Gulf South

For Power with Economy...it's High Compression!
FOR HIGH COMPRESSION... IT'S THE "ROCKET"!

Ever since Oldsmobile introduced the "Rocket" Engine two years ago, seems like everybody claims "high-compression"—but nobody explains it. The phrase simply means squeezing the gasoline into a smaller space before exploding it. This gets more power out of the same amount of fuel. But the engine must be designed for high-compression all the way through to assure smooth, quiet, gas-saving performance. The "Rocket" is 100% high-compression—from the crankshaft out. And the lowest-priced "Rocket" Engine car is Oldsmobile's "88." Makes good sense to try it soon—doesn't it?

the more fortunate landed gentry have traded their spotted ponies trepid Red Man has made a creditable mark in the sands of time.

In fact, we owe much to the ingenuity of our red brother. The first freight carriers to span America from coast to coast were birch-bark behemoths (canoes). Further more, when the Spaniards set foot on what was later the South American coast, the Mayan Indians living there already had a system of writing, a working knowledge of mathematics and astronomy; had built water works and pyramids, enjoyed street lights, and a complicated judicial system.

Nor have we yet understood some of their phenomenal feats of architectural engineering, e. i.: Acoma, the Lost City in the Sky, sixty-five miles from Albuquerque, N. M. Acoma, boasting 1,200 Acomite Indian inhabitants, rises 357 feet above an austere New Mexico plain, as isolated today as when Alvarado first saw it silhouetted against the twilight sky in 1540. Covering 70 acres are homes, stores, shops, and a cathedral, yet every ounce of the material to build this tiny citadel was carried up this cliff on the backs of Acomite Indians. Every September 2, tourists scale the steep ascent to explore this strange settlement and yet no white man will ever penetrate its hidden mysteries or know the hearts of its dwellers.

Centuries of training in self-sufficiency and self-preservation have fitted the Red Man to be a citizen and soldier. His workmanship in leathercraft, jewelry, rug weaving, basketry, bead work, pottery, and sand painting is excellent and artistic. His festival dances are memorable spectacles, but he was equally proficient in every branch of military service during World War II. As missionaries, doctors, carpenters, and mechanics they have filled their niche in world society. Moreover, the American Mother of 1950, Mrs. Henry Roe Cloud, is an Indian. Daughter of a Chippewa Indian and German father, she is the

SWEETHEART OF THE TEXAS AGGIES.—Miss Dorothy Mangum, senior speech major at Texas State College for Women, is Sweetheart of Texas A & M and will reign at the annual fourteenth TSCW - Aggie Corps Trip scheduled November 11 in Dallas. Miss Mangum, a 20-year-old brunette, will be presented at half-time ceremonies during the A & M - SMU football game.

widow of a Winnebago Indian and the mother of four daughters. In the musical world, Yma Sumac, a beautiful Peruvian Indian girl of eighteen with a four octave range of voice, has Broadway and Hollywood clamoring for her talent.

In writing of the Quichi Indians of Guatemala, J. P. McEvoy says, "The Indian calmly takes up the slack of his stomach with a belt woven by his own hands. He is capable of being happy though hungry and, down to his last meal, he goes to sleep with serene confidence in himself and the beneficence of nature. He buys a little copal incense to burn on the steps of the church to his pagan god but, to be on the safe side, inside the church to the Saints as well. Maybe they have something we could all use, something better than freedom from want . . . Freedom from Wanting."

Samuel Adams did most of his effective work in leading the movement for independence by writing for the press.

Democrat Want Ads P-A-Y!

Field Testing Of Mesquite Control Being Conducted

Experimental work in mesquite control in Texas is giving some very promising results. The Texas Agricultural Experiment Station is conducting most of this work at its various sub-stations in the mesquite infested areas of the state.

C. E. Fisher, superintendent of the Spur sub-station, is conducting much of the work. Since 1938, he has tested 5,000 different chemical mixtures for controlling mesquite.

Some of the most encouraging results in Fisher's work have been obtained from spraying 100 five-acre plots in 1949 by airplane with the more promising chemical mixtures.

Examination of the 100 plots 14 months after treatment showed the best control to be obtained from the ester of 2,4,5-T. An application of two-thirds of a pound of 2,4,5-T ester in one gallon of diesel oil and four gallons of water per acre gave 98 percent top-kill, and 69 percent of the mesquite plants showed no regrowth.

The regrowth which did occur was very spindly and abnormal and usually less than six inches tall. These results were obtained by applying the 2,4,5-T ester in May. Less effective results were obtained from June and August

treatments, and March and October treatments were generally ineffective.

This year, Fisher supervised the spraying of 20 large tracts of mesquite infested range with four of the most promising chemicals, which include the ester and the amine of 2,4,5-T. These tracts vary in size from 320 to 1280 acres each.

Airplane spraying is not practical for the small scale stockmen nor for controlling mesquite around corrals, water tanks, or those near cultivated crops. Other methods of applying the chemicals are being developed.

A. H. Walker, range specialist for the Texas A. & M. Extension Service, is supervising pilot demonstrations of small scale control methods. Such demonstrations are being conducted by county agents in 16 counties.

The county agents are applying 2,4,5-T ester to mesquite trees on ranches in their respective counties and keeping records on the results obtained.

The results of this program indicate that applying a five-tenth percent (.5%) solution of 2,4,5-T ester in diesel oil to the cut surface of mesquite stumps, after the trees have been cut off, gives a kill of 90 to 95 percent. A kill of 75 percent is being obtained by applying the same mixture to the trunks of mesquite trees up to about a foot above the ground. The mixture is also being sprayed on the foliage of mesquite trees with a hand sprayer, but results

for this method are not conclusive.

Walker points out that the growth and reproductive characteristics of mesquite make eradication of this plant improbable. Therefore, a long time control program may be the answer to the problem.

The object of current experimental work is to find a chemical which will give a high percent of kill with the least cost per acre. Walker says that information must also be obtained on the length of the control periods from applying the chemicals and whether or not the control methods are practical.

Walker points out that the research specialists are not yet ready to say they have the answer, although recent results are promising. More research is needed to find the answers to the many questions that are arising in connection with the program.

REFINING CAPACITY, RESERVE EASILY TOP WARTIME PEAK

Since the peak oil-consumption war year of 1945, total U. S. crude oil production capacity has been increased 27 per cent, refining capacity has been increased 21 per cent and proved crude oil reserves have been increased 24 per cent.

Not only is the Henry J the most economical car you can buy...with its ability to deliver up to 30 to 35 miles per gallon...but it gives you all this, too:

A front seat wide enough for three big people, with head and leg room aplenty...more luggage space than the average family will ever need...driving ease and sprightly performance that make it perfect for busy traffic and tight parking spots!

See and drive the Henry J now! See all the things that make it the car for today! It's SMART...it's TOUGH...it's THRIFTY—and you'll love it!

Built to Better the Best on the Road!

Costs less to buy...less to drive...less to maintain!

The Cyclone News

Homemaking Department Of Memphis Is One Of Most Modern Systems

The home economics laboratory, located on the first floor of the high school building, composes a very important department in our school system. The lab, covering a space of 60x30, provides a place for the girls of MHS to take the preparatory study needed to become an efficient homemaker. The three home economics courses cover not only the fundamentals of cooking and sewing, but also the art of design as needed in the home, tips on home management, care of the sick, and many of the small but very important details that make up homemaking.

The laboratory is divided into four rooms; sewing room, fitting room, dining room and kitchen. The kitchen, furnished with all modern equipment, supplies cooking space for the girls. There are six new, gas ranges of different brands in the kitchen. Each girl taking home economics has the opportunity to use these stoves to find which type she prefers for her individual use. The twelve cabinets placed by the sides of the stoves, have dishes and cooking utensils to serve two people. Across one end of the 20x18 kitchen is a continuous supply cabinet. In this cabinet the two complete services for eight china, the silverware, and the two crystal sets, as well as all groceries and supplies are kept. The bottom of the cabinet holds all large cooking utensils, such as pressure cookers, roasters, and chicken fryers. Linen for the homemaking department finds its

place in the handy drawers conveniently placed in this same cabinet. Aprons, brooms, mops, dusters, and waxes have their storage space in two closets made especially for that purpose. The laboratory has a 6-foot electric refrigerator.

The kitchen was recently renovated by Mrs. Wilson and the girls. They painted the outside of the supply cabinet white and the inside red. The stools have been painted red and the radiators are silver instead of black. Adding still more to the attractiveness of the room are the red plastic curtains made by the girls and Mrs. Wilson.

The sewing room is used for class study and lectures as well as sewing. The room, 20x18, has four tables that each will seat six girls. The sewing machines, five treadle and two electric, are arranged around the room so that the light is used to the best advantage. Grey denim covers were made recently for the machines.

A large bookcase, situated by the large desk, holds many reference books to be used in the study of homemaking. Magazines are placed in the rack made for them. The department has subscriptions to several homemakers' magazines such as: McCall's, Ladies' Home Journal, The Homemaker, Good Housekeeping, and What's New In Home Economics. Two bulletin boards are used for illustrations of recipes, the different types of seams, materials, and whatever the current study may be. Floral designed drapes adorn the windows; venetian blinds are on all windows in the department. Sewing room walls are plastered pale blue and the ceiling cream-colored.

The fitting room is a very necessary part of the laboratory. A small 7x10 room provides a place to try on articles that are being made. A closet the length of the entire room makes it easy to hang clothing after it is completed. Many small items, that have no other storage space, are put in the closet shelves. The electric iron and ironing board are kept in the fitting room. A three-way full-length mirror at the back of the room helps the girls find the proper fit to clothing that they are making. An efficient filling cabinet holds the many records that it is so necessary for Mrs. Wilson to keep.

The dining room, being 10'x10', is large enough to have both a dining and living room suite. The Early American style living room suite was reupholstered in an aqua stripe cotton twill. Above the davenport hangs a copy of the homemaker's creed and purposes. The dining suite, a table, four chairs, and a corner china cabinet, is early American also. The walls were replastered a pale blue and the ceiling cream-colored. Some reproductions of famous paintings are arranged on the walls. The corner cabinet has space for decorative china objects, and in the bottom, the punch bowl and cup are kept.

All of these go together to help make the Memphis High School Home Economics Department one of the best. However, the department needs the constant help of Mrs. Wilson and the girls taking home economics before it can accomplish its aims.

STUDENTS HURT

Harvey Kennedy and James Freeman have been out of school for some weeks because of injuries. They are expected back to school in a week or two.

Can You Imagine

Traffic lights in the halls?
A trolley between the band house and the high school?
An escalator in the high school?
Everyone paying attention in assembly?
Studying only algebra in algebra II class?
Everyone staying out of the halls at noon?
The senior class NOT winning the queen's race?
Students taking care of the typewriters?
All textbooks being covered?
All high school students acting their age?
Tommy Roach not being friendly?
Carnis Durham having black hair?
All students being to class on time?
Carl Lee being taller than Lee Bloxum?
Memphis having two all-state basketball teams this year?

WHY SUFFER LONGER FROM SUPERFICIAL MUSCLE PAIN

OF ARTHRITIS, RHEUMATISM, NEURITIS, BURSITIS, SCIATICA, LUMBAGO* or Fatigue and Muscular Aches and Pains of Simple Colds

Get fast temporary relief from such local pain with SURIN—the amazing, sensational new scientific preparation. SURIN is a different superficial muscle pain relief preparation. It works ultra-fast to give you temporary relief at the point of pain. SURIN is based upon a new application of a principle. Contains powerful modern research drug—b-methacholine chloride which dilates surface blood vessels in local area when used at point of pain. This gives SURIN rapid 2-Way Action (1) increases local circulation (2) allows local, relaxing agents, capsaicin and menthol, and local analgesic methyl salicylate to penetrate quickly. Relief comes pleasantly quick upon application of SURIN and lasts from 1 to 3 hours. SURIN is a new, amazing preparation. No internal dosing—use SURIN locally. It's a soon to suffer from superficial muscular pains. Different from old-fashioned rub ointments or liniments. Has new, smooth, creamy-white ointment base. Easily applied. Will not stain washable fabrics. Washes off easily. Try SURIN today sure! Money back at your druggist's if not highly pleased.

*SURIN is not intended as a cure or treatment of these diseases. It is to be used only for fast temporary relief of local superficial pain.

GET PAIN RELIEF!—GET SURIN!

CUE AND CURTAIN CLUB

The Speech Club, otherwise known as the Cue and Curtain Club, is rapidly progressing on their play, "The Bashful Bachelor." Minnie Lee Jackson is the student director of this play and is doing a very good job with it. The club plans to present this play on December 4 in the High School Auditorium, reports Mrs.

Guthrie, the sponsor.

Other directors in the play are: Patricia Alexander, costume director; Bennie West, light and sound man; Oneita Ables, make-up artist; Patsy Adcock, bookreader; and Troyace Rhudy, chairman of the after-curtain party.

ACTUAL CASES WHERE HADACOL HAS RELIEVED NAGGING PAINS ARMS, LEGS, BACK, SHOULDERS

When Due to Lack of Vitamins B1, B2, Iron and Nicotinic in Their Systems!

Mrs. Lawrence Theriot, 740 Arabella Street, New Orleans, Louisiana, is most enthusiastic in her praise of HADACOL. She states: "HADACOL has been a blessing to me. For quite some time I suffered pains in my arms and hands. Then I tried a bottle of HADACOL and was greatly relieved. After the third bottle all pains left me." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of aches and pains when due to these deficiencies. And continued use helps prevent such aches and pains from coming back!)

Mr. Harry Springer of 5608 Greer Avenue, St. Louis, Missouri: "I had nagging aches and pains for some time and I continued to suffer pain. Then I read about HADACOL in a newspaper. I bought the first bottle and within a week I felt quite a bit better. And since taking the third bottle I have no pains at all. Right now five of my co-workers are taking HADACOL on my recommendation."

Mr. W. L. Daniels, Springfield, Missouri: "I had a deficiency of Vitamins B1, B2, Iron and Nicotinic. I definitely recommend HADACOL. I was bothered with pains, had little appetite and had each distress. I was nervous and in general run-down condition. There is no doubt in my mind that HADACOL has been a real and definite help in these ailments." (Hundreds of Doctors recommend HADACOL. If you are suffering from pains when due to such deficiencies HADACOL. It's guaranteed to help you money back.)

Mrs. Ethel Caraway, Box 192, Clay, Louisiana: "I had such a deficiency of Vitamins B1, B2, Iron and Nicotinic. I was suffering from pains in my neck so bad I couldn't sleep and had no appetite. I decided to try HADACOL, since the testimonials of so many people convinced me it was worth a chance. After taking only one bottle, all the pain and soreness had left my body. I found my energy had returned and now I feel better than I have in years."

WHY HADACOL GIVES SUCH WONDERFUL RESULTS

ACT NOW—HADACOL is not a quick-acting pill which gives symptomatic relief—HADACOL gives such remarkable results because it actually relieves the REAL CAUSE of aches and pains when due to lack of Vitamins B1, B2, Iron and Nicotinic in the system. And continued-use of HADACOL not only helps give continuous, complete relief but also helps prevent such annoying pains from coming back. A big improvement is often noticed within a few days!
WHAT HADACOL DOES
This great product not only supplies weak, deficient systems with extra quantities of Vitamins B1, B2, Iron and Nicotinic but also beneficial amounts of precious Calcium and Phosphorus—elements so vital to maintaining good health and to help guard against such deficiency ailments.
BE FAIR TO YOURSELF. Start taking HADACOL today. If you have such a deficiency, don't keep nagging yourself around for relief so inexpensive and near at hand—your neighborhood drugstore. The size bottle, only 11¢ a size, only 11¢ a size, large family or hospital size, \$3.50.
HADACOL comes in special liquid form so that it is quickly absorbed and assimilated by the blood. Big improvement is often noticed within a few days.

Three S's For Straight Back

To take any tendency toward S curves out of the spine, there are three S's you might keep in mind. Sit tall, stand tall, and sleep tall are the three-S formula for good posture, with work tall and walk tall sometimes thrown in for good measure.

Those bones down your back may become curved during a lifetime of bad posture, curving in at the top to form round shoulders and sinking in at the small of the back to form swayback. Standing lopsided may also lead to sideward curves, depending upon which side you lean to.

Sometimes the curve of a spine results from a defect present at birth and correct posture is impossible. At other times certain diseases, such as rickets, rheumatoid arthritis, and tuberculosis, lead to spinal deformities.

On each side of the spine inside your body, along about the waistline, are the kidneys. From each kidney a small tube called a ureter leads toward the front of the body to the bladder, a hollow organ located above and behind the heavy bone in the middle of the body called the pubic bone. This bladder, the reservoir for urine, empties into a small canal called a urethra which carries the waste from the body.

Lying deep in the body, the kidneys are rather difficult to examine in the physical check-up but any pain from that region or any abnormality in the analysis of the urine may lead to x-rays or other methods of more thorough examination.

The genital organs, those connected with generation, are not always a part of a physical examination, nor is the anorectal tract, which includes the anus and the rectum. When circumstances indicate that any of these pelvic organs may be the site of disease, infection, inflammation, bleeding or unusual discharge, however, it would be folly not to include them in the examination.

Most doctors advise every woman approaching middle age to have an internal examination in order to detect in its early stages any possibility of cancer. Cancer of the cervix is one of the most common forms of cancer in women.

The female organs of generation

lie immediately behind the bladder. The small round ovaries are located on each side of the body below a T-shaped formation with the Fallopian tubes forming the stem of the T and the uterus the top. This uterus expands during pregnancy. Where the uterus comes to a small neck, joining the vaginal canal that leads out of the body, is where the cervix is located. It is frequently the site of inflammation and as mentioned before is also too often the site of cancer.

As the cervix is a source of health difficulty in the woman, the prostate gland in man frequently causes trouble. This gland is located directly under the bladder, around the urethra, the small canal by which urine is carried from the body. As man ages, this gland often enlarges, interfering with that canal for the elimination of urine.

Examination of the prostate gland is made through the rectum. Hemorrhoids, pain, bleeding, obstructions, and alternate diarrhea and constipation are also indications for a rectal examination. When intestinal disorders or some of the many forms of parasites are suspected in the intestine, a laboratory analysis of the feces, the excretions of the intestines, is usually suggested.

Since the examination of these organs is not always essential, it is best to follow your doctor's recommendation as to whether or not it is advisable in your case. It is always an extra safeguard, but for those who find the experience difficult, the doctor will tell you if it is necessary. Modesty should not stand in the way of eliminating a threat to health.

If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer.

Governor Urges Texans To Buy Christmas Seals

Stressing that "no home is safe while there is a single case of tuberculosis in the State," Governor Allan T. Shivers issued a formal memorandum urging all Texans to support the 1950 Christmas Seal Sale, conducted by the Texas Tuberculosis Association and its affiliated county associations from November 20 to December 25.

"Tuberculosis is a communicable disease and therefore a public health problem which should be the concern of every Texas resident," the Governor said in issuing his official memorandum. "The work of the tuberculosis associations toward preventing and controlling tuberculosis in this State has helped to improve the health standards of Texas.

"The tuberculosis associations work tirelessly the year around to free this State from tuberculosis. Yet they make but one appeal a year for funds to finance their

twelve-month program, timed at the protection of all of us against this dread disease. I urge everyone to buy and use as many Christmas Seals as he can and thereby make an investment of health for the coming year."

A visit to a nursery will help the homestead gardener to decide which shrubs and trees to look for when he takes to the woods and fields this fall in search of native plants for home grounds.

"WHAT D'YA MEAN... MORE PAYLOAD?"

DODGE "Job-Rated" trucks GIVE IT TO YOU!

IT'S A MATTER OF better weight distribution

You can haul more payload than ever in a Dodge "Job-Rated" truck, because the load is better distributed. Most trucks carry too much of the load on the rear axle—too little on the front. Because the engine of a Dodge "Job-Rated" truck is moved forward and the front axle back, both axles carry the right proportion of the load. That means you can haul bigger payloads without overloading.

NOT THIS The payload on most trucks—like the girl in this boat—rides too far to the rear. Result: there's too much weight aft, not enough forward.

BUT THIS In "Job-Rated" trucks, the load is moved forward—as the girl is now positioned. Results: proper weight distribution—bigger payloads—easier handling.

NEW! gyro FLUID DRIVE! Available on 1/2-, 3/4- and 1-ton models... for longer truck life, lower upkeep costs. Ask us for interesting Fluid Drive booklet.

With all their extra value DODGE "Job-Rated" TRUCKS are priced with the lowest

Thankful For Thanksgiving

Today is Thanksgiving, a day to pause and give thanks for all good things that have come into life during the year. Thanksgiving is a holiday when everyone stops work and rejoices.

This year when you are giving thanks for health, wealth, and everything else good that has come your way, pause and give thanks that you live where you can have a day in which to give thanks for everything.

There are nations in the world that don't allow their citizens to leave their jobs and take a day for thanksgiving. And even if these nations allowed such capitalistic practice the people could not afford it, for they only make enough to buy a meager supply of food each day.

In these countries behind the "iron curtain," work is a duty to the government, not a means of raising your standard of living. The viewpoint these countries take of work was illustrated recently in a news story that told of a person committing crime and being convicted by a peoples court, but instead of sending this man to prison to serve his time the court sent him back to work in the factory for 130 days.

Be thankful today that you can work to raise your standards of living and take a day off to give thanks for doing it.

Women stay one-half a season ahead of the time with their wardrobe and the Army stays one-half a season behind with its clothing.

Two Drivers

The election is over and the Democrats hold such a slim majority in Congress that all governmental observers are predicting that Truman's "Fair Deal" is a dead duck as far as getting anything passed.

Let's look at the other side of the horse—they do have two sides. This Democratic edge will also keep the Republicans from leading this country back into an era of isolationism.

It was under the Democratic administration that Secretary of State Cordell Hull worked out the trade agreements with the other nations of the world. It was the Democrats that worked out farm programs that set soil conservation practices that were to save and reclaim millions of acres of land eroded by wind and water.

Taxes and government spending are too high, but there has been no great effort, other than that of ex-President Hoover and his commission, by Republican to cut down on this spending. A tax bill had to be devised to not touch the corporations, so that it could get passed the Republican block in congress. A bill is SUPPOSED to be passed in the near future on excess profits of corporation that will be retroactive back a few months, but you can bet that the corporations haven't been counting their money getting ready to pay this tax.

Maybe this balance of congress is a good thing. With both parties at the wheel we should stay in the middle of the road, to go to the far to the right or left and get in ditch on either side would be bad now.

BACK TO THE GRIND

Press Paragraphs— QUOTING OUR NEIGHBORS

Voter Mandate
The great American voter has spoken again, and the results this time were more encouraging than they have been in a long time. The voters turned out in the larger numbers than anyone predicted in the off election . . . This is a good sign . . . Indifference and the lack of a determination to fight back against professional racketeers of politics has been one of our most serious dangers . . . This time the voter spoke out plainly against the communist coddling politicians in our government . . . Spoke out all the way around against the extreme left wing. The voter has shown to the world that he wants a two party system, and that they want it to stay middle of the road. I feel better about our internal situation . . . If we could just do something to ease our world crisis: we mothers and fathers could begin to sleep soundly again. Why, oh why, can't we find a way to settle our world troubles without resorting to the way the barbarians have settled their troubles for all down through the histories . . . As for our own race here in the Panhandle; there was practically no difference in the views of the two men, and a larger vote than was polled in the primary the people elected their favorite, and now I say more power to him. He won the race fair and square and with very little mud slinging. He wound up like a true race horse; came under the wire at his very best. I did not hear his last radio

speech but many said it was his best. On the other hand Mr. Guill came to the finish line in bad shape; many say his last two or three speeches on the radio cost him thousands of votes; the last one being the worst. Five weeks ago I predicted a nip and tuck go with maybe Mr. Guill coming in first. Hundreds resented even the small thing of his speech taking the place of a favorite news cast. You don't have to make mis-steps to lose two thousand votes in the whole Panhandle area. Anyway, they both ran a good race and the voters got their choice so, more power to them both. . . .
—Claude News

Watching Football
You know a lot of football spectators never watch much but the ball carrier. If he makes good gains they applaud him, they often don't think of the hard-working linemen who are opening

up holes for him, blocking out hostile tacklers and otherwise making it possible for him to look good. But, on the other hand when the line is falling down on its job and the ball carrier, no matter how competent, is not getting any where, this same type of spectator curses the ball carrier. He never notices that it's lack of line play that makes the ball totter look bad. That brilliant bit of observation ought to provide a mite of comfort for somebody—but I'm darned if I know who.
—Dalhart Texan

**FARM FRONT BULLETIN:
PLANES WAR ON BUGS**
This has been forecast as a record-breaking year in the use of airplanes to combat insects. The Civil Aeronautics Administration made the prediction. Aerial dusting or spraying serves two purposes: it helps protect agricultural crops and forests; and assists in safeguarding the lives and welfare of city dwellers by controlling nestiferous and disease-carrying insects.

25 Years Ago

Thursday, December 10, 1925
ANOTHER STORY IS BEING ADDED TO POUNDS HOTEL—Work started this week on the Pounds Hotel, to which another story is being added, thereby making a three story structure on the southeast corner of the square. This addition will give the hotel twice the number of rooms as it has at the present time.
At the time of the original erection of the building Mr. Pounds made the walls and foundation strong enough to accommodate another floor.
HALL CO. WINS \$20 PREMIUM AT POULTRY SHOW—Hall County took the county prize award on poultry at the Amarillo Tri-State Poultry Show last week, winning the \$20 premium. Besides the county prize, Hall County exhibitors probably carried away more prizes than any other town in the territory and had more birds on exhibit.

PROTEST OF CLARENDON IS NOT UPHELD—H. A. Jackson, Superintendent of Memphis School, Iwe W. Jay, high school principal, Sam S. Cowan and Lester C. Linn, high school instructors, went to Amarillo Tuesday afternoon to appear before the district committee in connection with a protest filed by Clarendon High School which sought to have the game played here last Friday thrown out because it was alleged that Memphis played two ineligible men.
FORGED CHECKS ARE ACCEPTED IN MEMPHIS—Over \$2,000 in bills of sale for cotton were forged on the Beatty Gin Company of Hedley and passed on merchants in Memphis, Clarendon, Hedley and Wellington last Saturday afternoon, according to reports received here this week by merchants who had taken the checks. They are believed to have been passed by a group of men working together.
WILL PUBLISH TWO PAPERS NEXT WEEK—The Democrat will publish two papers next week. One will be published Tuesday just prior to Thanksgiving. All advertisements of this issue should be in the office by six o'clock Monday afternoon. The other issue will appear Friday. All the ad copy for this issue should be ready by six o'clock Wednesday afternoon.

This Winter

WINTER can upset the performance of your car. Chilling blasts can slow your starts . . . cut down your power. Corrosive combustion acids—increased by cold-weather driving—cause extra engine wear and so reduce gasoline mileage.
Now . . . at last . . . you can cushion your engine against winter wear . . . by protecting it with the winter grade of new Conoco Super Motor Oil.

get **Super Protection!**

CHANGE NOW to new Conoco Super Motor Oil . . . proved by two winters' testing in the sub-zero cold of the Colorado and Montana mountains . . . to be the great new winter wear-fighter! Conoco Super Motor Oil safely gathers up acids and harmful moisture . . . flushes them out of your engine when you drain! New Conoco Super OIL-PLATES your engine . . . fights winter-rust, inhibits corrosion, reduces sludge!
Get flying starts . . . fast pickup . . . full power! Keep that new-car gasoline mileage! Drain and refill with the winter grade of new Conoco Super Motor Oil . . . at Your Mileage Merchant's . . . right away!

Upset?
Don't fret!
Ask Your Mileage Merchant About: "50,000 Miles No Wear!"

VETERANS NEWS

Q—My nephew is a paralyzed veteran who lost control of his hands and therefore is unable to sign his name. How may he apply for a grant for "wheelchair housing," when he cannot sign the necessary papers?

A—Forms and application papers will be acceptable if he merely makes a mark or symbol, which should be attested to by a witness.

Q—I am going to school under the GI Bill and I have just received notice that I am to return to active military duty. Need I inform VA to stop my subsistence payments?

A—Yes. Write the VA regional office which has your records, and include your full name and address, "C" number, the amount of the VA payment and the date you are to go back into service. You are not entitled to any VA benefit payments covering any period after you have returned to military service.

Q—My husband received a Certificate of Commitment on a GI home loan, and he died a few days later—before he had a chance to sign a mortgage or any other papers. May I, as his widow, go ahead and buy the house on a GI guaranteed loan basis?

A—Under your circumstances VA does not have the authority to issue a Certificate of Guaranty even though your husband has a Certificate of Commitment. However, you may be entitled to a GI loan on your own rights as a deceased veteran's unmarried widow—if he died because of injury or disease incurred in or aggravated by line-of-duty service and was discharged under other than dishonorable conditions.

The first successful newspaper in the colonies was started with permission of the royal governor of Massachusetts in 1704. During the War of the Revolution numerous colonial newspaper editors were forced to flee before the advancing British army.

Carl Harrison Is Elected To Board Of Directors

Mr. Carl Harrison, of Harrison Hdw. & Implement, Memphis was elected to the board of directors of the Council of Texas Retailers' Associations at the organization's annual meeting in Dallas it was announced this week. The Council is a state-wide federation of eleven retail trade associations whose combined membership totals some 26,000 merchants.

Officers elected for the coming year were: president, W. J. Brown, Titcher-Goettinger Co., Dallas; R. C. Houlihan, Ft. Worth, first vice-president; R. Don Herod, Houston, second vice-president; H. E. Dill, Dallas, secretary-treasurer.

The officers, and H. M. Tobolsky, Dallas, outgoing president were named as the executive committee.

The Council, in mapping its program for the coming year, announced that it would oppose needless spending in state government and any state sales tax, state income tax or taxes of a similar nature.

Sleeping Comfort FOR SALE!

Let us show you what Modern Automatic Sleeping Comfort can mean to you!

The best aid to health and beauty is a good night's sleep. You will fall asleep faster and sleep sounder in a bed that is warm all over and stays that way all night. With a C-E Automatic Blanket, you can select the personal warmth you like best. Just set the dial on the bed-side control... this "just-right" warmth is automatically maintained... regardless of temperature changes... all night long.

Automatic Electric Blankets
COME IN AND SEE FOR YOURSELF...

- The new signal-wire circuit that gives you even, luxurious, sunshiny warmth—all night long.
- How the remarkable bed-side control keeps your bed at a perfect temperature for real sleeping comfort.
- How the new G-E Blanket is lighter than ever—sturdier than ever—how it takes the place of three ordinary blankets.
- How 1,000,000 G-E Blankets are already making Americans "sleep-happy."

G-E Automatic Blankets launder easily and come in four lovely colors: rose, blue, green, and cedar. They're available in sizes to fit any type bed.

ENJOY YOURSELF —

it's saner than you think

ONLY BUICK HAS Dynaflow — AND WITH IT GOES:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" tail-lights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

It would be easy to let the breath-taking power, the luxurious ride and the gleaming good looks of a Buick sweep you off your feet.

And once you've sampled the sweet response of Dynaflow Drive*—you feel a big lack in anything else.

But let's be practical about all this.

What does it cost to buy—and to own—this star performer?

The first answer is a look at delivered prices—and most people still are surprised to find that a car which offers so much actually costs so little.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

That's true, whether you put the SPECIAL, the SUPER or the superb ROADMASTER against other cars of comparable dimensions. They certainly shine on a first-cost basis.

But this is only half the story, as you'll soon find out on any used-car lot.

Year in, year out, the resale prices of Buicks stay much closer to first cost than the prices of cars with lesser merit.

And among recent models, Buicks with Dynaflow Drive command such a premium that you can almost figure you get this dream drive for free.

So why not let yourself go? Why not walk right into your Buick dealer's now and say, put me down for one of those!

There's no time like the present for showing your good judgment.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

1951 Fords On Display Friday

The 1951 Fords, featuring Fordomatic Drive, the new automatic transmission, will be introduced to the local people in the showroom of Foxhall Motor Company Friday, Nov. 24.

"Ford cars for 1951 accomplish notable refinements in styling, beauty, engineering, riding qualities, economy and ease of handling," Eddie Foxhall, local Ford dealer, announced.

Addition of the new automatic device will make available to Ford buyers a choice of three transmissions and two engines—six different power combinations in all, Foxhall stated.

Both the conventional three-speed transmission and the Ford overdrive will continue to be available. These, with the new Fordomatic drive, will be offered with either the 100-horsepower V8 or the improved 95-horsepower six engines.

Introduction of Fordomatic climaxes several years of intensive engineering research by the company to develop a fully automatic transmission that is simple to operate, economical, long wearing and easy to service. The device, which will be optional at extra cost, combines the advantages of a hydraulic torque converter and a planetary gear train to provide maximum performance and a smooth and economical flow of power.

The distinctive styling of the 1949 and 1950 models has been retained, but with refinements and improvements both in interior and exteriors.

A lowered hood, a new dual-spinner grille and a wider, longer wraparound bumper give a more massive appearance to the front end. Parking lights are restyled and larger chrome headlamp rims extend beyond the lenses. Added chrome and new, larger tail lamps add to the appearance of the rear end.

Rear deck lids on the new Fords have been counter-balanced and are opened by a new key release lock. Springs then assist in raising the lid and hold it in open position.

Key starting is provided by the new ignition switch which incorporates the starter control. The steering wheel also is re-designed with a full-circle horn ring on custom models. A posture control front seat is mounted on curved tracks, and when it is moved forward or backward, the entire seat assembly tips to the correct position for tall or short drivers. An assist spring moves the seat forward automatically.

An outstanding feature of the new car is a new "softer" ride which is made possible by suspension improvements and automatic ride controls. A new control valve was developed in the hydraulic shock absorbers, which adjusts the cushioning effect. The combination of new tension-type rear spring suspension and softer front spring rate maintains a proper balance between the front and rear for a level ride on all roads. Rubber engine mounts also have been re-designed.

The chassis frame has been strengthened by extending heavy box section side rails almost to the rear end. Brake drums and backing plates also were re-

signed.

Several important engine changes have been made. Valve rotators have been incorporated and the top compression ring on each piston in V8 and Six engines now is chrome flashed. A weather-proof ignition system also is a feature.

The new fuel pump is designed to assure reliability under all kinds of operating conditions. A larger windshield wiper motor improves wiper operation.

Gears have been re-designed and strengthened in the conventional three-speed transmission and in the unit used with the overdrive.

Miss Barbara Boney

(Continued from Page One)

J. Stanford, Glenn Snyder, Lyle Blanton, and O. L. Click.

Wayne Evans, organist, played appropriate selections during the calling hour.

When Dr. and Mrs. Goodall left for a wedding trip to Colorado Springs where they were guests at the Broadmoor Hotel, the bride traveled in a gold tweed costume suit with brown lizard accessories, harmonizing soft green velour hat and carried a winter coat of burnt orange fleece with beaver trim. Her corsage was a cypripedium orchid. After November 26 they will be at home at 1414 Lean Street in Gatesville.

Mrs. Goodall is a graduate of Hereford High School and attended Texas State College for Women, Denton, and the University of Texas. She has been employed with Pitman Grain Company at Hereford since leaving school and has served as sweetheart of the Hereford Lions Club for the past year.

Dr. Goodall served in the United States Navy for a year and a half. He was graduated from Trinity University and the medical branch of the University of Texas at Galveston, where he was a member of Phi Chi Medical Fraternity. He practiced for three years at Memphis, and is now associated with the Lowrey Clinic in Gatesville.

Members of the wedding party were feted at a rehearsal dinner at Hotel Jim Hill in Hereford on Saturday evening. Among the courtesies extended Miss Boney prior to her wedding was an attractively appointed breakfast at the home of Mrs. W. E. Dunlap with Mrs. E. R. Jones of Liberal, Kansas, serving as hostess. The table was laid in white and centered with garlands of Fall flowers in shades of autumn rose and gold. The honoree was presented an Italian china dinner bell.

Attending the wedding from Memphis were Dr. and Mrs. O. R. Goodall and children, Betty Ann and Robert, Mr. and Mrs. W. B. Hooser, Mr. and Mrs. Ben Wilson, Jr., Mr. and Mrs. Ross Gentry, Mr. and Mrs. Herschel Combs, Mr. and Mrs. Arlis McBee, Mr. and Mrs. Bill George Kesterson, Mr. and Mrs. Russel McClure and son and J. C. Turner.

1951 FORD— Pictured above is a 1951 Ford custom tudor sedan, one of several models which are being introduced throughout the nation Friday, November 24. The new automobiles will be on display in Memphis at Foxhall Motor Company. Featured will be the new Fordomatic Drive automatic transmission.

GEIGER COUNTERS AID SEARCH FOR NEW OIL AND GAS RESERVES

Experiments are being conducted in the use of Geiger and other radiation counters in the search for new oil pools. Instruments which measure the penetration of various rock formations by radioactive materials will help scientists

determine the composition of the formation. Radiation measurement also may make it possible for oil searchers to determine whether a porous formation contains oil or water, either fresh or salt. Exploration and measurement with radiation counters may indicate the efficiency of other methods now used to locate oil reservoirs.

PRINTED WITH PETROLEUM

The black ink used in printing newspapers and magazines stems to a large extent from natural gas. Carbon black, a material produced by burning of the gas, provides the very black qualities necessary in ink.
