Front Brings Snow, Cold Weather

A cold front moved in Monday night bringing the first snow of the year. The temperature to a high of 22 degrees Tuesday morning, Memphis weather reported that Tuesday morning went down to 12 degrees and managed to get a light drizzle. The weather warmed up early that morning. The temperature was standing at 36 degrees above zero and climbed above 40 degrees during the night. The mercury fell to 20 degrees by 10 a. m. and early Thursday morning the reading was 12 degrees. The weather was so light, McLean did not get a chance to put on his coat. The dry powder snow preceded by a light drizzle started just before 10 a. m. Monday night and snowed to the temperature of 12 degrees. Memphis most of the day. The snow on the streets was blowing and traffic was stopped, but to the south and west where the roads were clear. The Panhandle was gripped by cold and one person died of frozen to death near Dallas Wednesday afternoon. There have been running late trains in the northern areas on schedules.

Paul Biesenherz Delivers Address At Court Of Honor

Paul Biesenherz, Scout Executive for the Adobe Walls Council, delivered the keynote address at the Court of Honor held by the Lions Club for Memphis Scout Troop 35 at the Lion's regular luncheon meeting Wednesday at noon. High-lighting the Court of Honor was the presentation of the Eagle Scout badge to Scoutmaster Ted Myers by J. Claude Wells. Myers has been working with the local scout program for several years. Field Scout Executive John Pounds of Pampa presented awards to the scouts of Troop 35 that had earned advancement in rank and merit badges. Elsie Williams, Cleve Eras, Bobby Townsend, Johnny Chamberlain and Carroll Gilchrist received Second Class badges. First Class awards went to Dan Durham, Rodney Veteto and Don Paul Howell. Earning Star Scout badges were Jerry Hill, Billy Cheek and Jimmy Hill. Merit Badges went to Dan Durham for art and John Deaver for horsemanship. Other Scouts attending the meeting were James Moss, Jimmie Davis, Camel Morris and James Freeman.

OUTSTANDING BACK-- Tommy Messer was chosen by a committee of citizens as the outstanding back of the 1950 Memphis Cyclone squad.

OUTSTANDING LINEMAN Allen Pierce was designated by the committee as the outstanding lineman of 1950 Cyclone Football squad.

T. Messer, A. Pierce '50 Back, Lineman

Tommy Messer, the Memphis Cyclone high scoring halfback, and Allen Pierce, a small but rugged guard, were awarded the Memphis Democrat's awards as the outstanding back and lineman for the 1950 season. The awards were presented to the two boys at the Lions Club's annual banquet for the Cyclone football team and team members' fathers last Thursday night at the Masonic building. J. Claude Wells, who presented the awards to the two athletes, stressed the moral and physical advantages offered boys by participation in high school athletics. In his short address the co-publisher of the Democrat lauded the Cyclone coaches and the other adult leaders in the local athletic programs. Principal speaker for the banquet was Frank Kimbrough, head coach of West Texas State College in Canyon, Kimbrough, whose team lost only one game this season, said that no matter how good a coach was, no one could win all the time. Both of the winners are seniors and both have two letters in football. Allen Pierce, a 16 year old senior was picked as outstanding lineman for his work in the Cyclone forward wall. The 5' 9" guard was outstanding all season, even though he weighed only 150 pounds and was playing in a line that had three 200 pound men performing with him. Tommy Messer was the Cyclones potential scoring threat everytime he touched the ball. His longest

Wildcat Oil Well Renews Interest Of Landowners

The staking of a wildcat oil test six miles northeast of Memphis renewed interest this week in possibility of production in this area. The well will be drilled on land owned by Sam J. Hamilton and John Deaver, local attorneys. The test will be drilled by the Heasley & Crumpler Drilling Company of Houston for Gem Oil Company of Dallas. Approximately 15,000 acres of land are included in the block leased by Gem only a few days ago. Hamilton and Deaver own 4,035 acres within the block. Several truck loads of the rig moved to the location Wednesday afternoon. Erection started immediately. Drillers stated that it was understood that they would drill to granite if production was not found at some depth above. Granite is expected to be found at approximately 7,200 feet. Present plans call for the well to be spudded in next Monday, provided sufficient water is found without delay. No well has been spudded in within the boundaries of Hall County, but several tests in Childress, Donley and Collingsworth counties are being watched with interest. Latest to be announced was that of a wildcat located six miles west of Wellington. It is the R. J. Callaway & H. L. Hunt No. 1, and was scheduled to be spudded in this week.

His Plane To Land At Airfield; Firetruck To Bring Him To Town

Santa Claus will arrive in Memphis for his annual visit at 3 o'clock Tuesday afternoon, Dec. 12. He will come to the Memphis airport by plane, where he will be met by a firetruck from the local fire department and brought to town.

Santa Says:

That the Merchants of Memphis are offering some real values to the people of Memphis trade area in their Santa Claus Day sales on December 12. The merchants are doing this in an effort to allow the citizens of the Memphis trade territory to do their Christmas shopping while they are in town for the big Santa Claus Day festivities. For some of many outstanding values being offered see the advertisements on the other pages of the Democrat. Santa reminds the purchasers that the Memphis stores have hundreds of Christmas gift ideas. A reminder to all children that the Democrat still wants all of those Santa Claus letters just as quick as we can get them. S. Claus

Santa Claus will arrive in Memphis for his annual visit at 3 o'clock Tuesday afternoon, Dec. 12. He will come to the Memphis airport by plane, where he will be met by a firetruck from the local fire department and brought to town. He will be met on the Hall County courthouse lawn by hundreds of kids and grown-ups and the Cyclone band, which has prepared a concert of Christmas carols for the occasion. After he alights at the courthouse he will begin passing out the bags of candy and fruit to all the children there. The volunteer fire department has worked for the past week packaging these gifts for the children. Last week Santa Claus discovered that he would need help in getting the goodies packaged, and later he found that his treasury was being over-taxed by the high cost of materials and labor this year and he would need some financial help also. Never a town to let anyone down, Memphis collected a special fund to help St. Nick purchase all the fruits and candies needed for Memphis. As Santa passes out his gifts he will also be taking toy orders for delivery on the night of December 24. Decoration of the downtown area was completed last week except for the strand of lights that go around the top of the courthouse. This strand was old and the wiring was found to be in bad condition. This row of lights will be put up just as soon as they arrive. The red lighted star was put atop the courthouse last Saturday. It is twelve feet in diameter and can be seen for several miles. When the lights are put around the top of the courthouse, they will complete the effects of the circular decorations. Very few of the Memphis homes are decorated as yet, but the number of Christmas trees that are being bought this week give evidence that the homes are getting ready to decorate for the season.

Wrestlers Enter Tournament Friday

Wrestling matches in the Memphis Cyclone to the tournament tomorrow Friday, for their first three-day tournament started today. The Cyclones drew a bye and came to play until 10:45 a. m. The Cyclone will be the winner of the Claude-Wheeler game in their first go. The Cyclones win their first game then they will play at 8 p. m. Saturday and then they will be played at 9:45 p. m. The tournament is being held with the boys' and girls play their first match. They meet the winner of the Claude-Wheeler girls' Cyclones blasted Claude Wheeler night, 43-27. Tommy Messer and the Memphis in scoring his way under the wheel several lay-up shots and Wright said that even though the Cyclone led all the way, they looked ragged and missed a number of shots. Experienced Cyclonettes were less on girls' baskets, they fell before the basket, 59-8. Afternoon the "B" team beat the Lakeview 40-16. The Lakeview girls got revenge by beating the Memphis eighth grade 21-14. Senior High girls played game and Memphis came with the first win for girls' teams this year, 21-21.

Collection For Sewer Service Fee To Be In Advance

Many people are taking advantage of the opportunity to pay their sewer service charge in advance. L. G. Carlos, city tax collector, stated this week. Reason for early payment is the reduced rates which have been worked out by the City Council. Complete schedule of sewer service charges are as follows: Resident, \$1.00 per month payable monthly in advance. When paid for entire year in advance, charge is \$10.00, a saving of \$2.00. Business, \$1.50 per month; paid in advance for entire year, \$15.00. Saving is \$3.00. Hotels, laundries, service stations, tourist courts, \$2.50 per month; \$25.00 for entire year if paid in advance. This gives this category a saving of \$5.00. Last date on which advance yearly payments can be made is January 10, 1951. This is the same day when monthly payments must be paid. Money collected from the sewer service charge will be used for repairs of the present system, as well as for extensions and improvements, it was pointed out.

Fire Destroys Garage, Equipment At A. P. Burton's

A. P. Bruton lost his garage and some farm machinery in a fire that broke out at his home one and one-half miles west of Friendship, Monday at noon. Only quick work by a bucket brigade of neighboring farmers saved the house. The garage was so near that the men had to keep throwing water on the house to keep it from catching on fire. Damage was estimated at approximately \$1,000. The place is owned by T. J. Dunbar of Memphis.

C. Of C. Directors Meet Tonight In Memphis City Hall

The Memphis Chamber of Commerce Directors will meet tonight at the City Hall to draw up the works program for 1951. Each committee chairman has been invited to attend this meeting. Chamber of Commerce Manager Clifford Farmer said. Plans will also be drawn up for the Chamber of Commerce Banquet that is to be held sometime in January.

Winfred Wise's Eye Injured By Stray Bird Shot

Winfred Wise, owner of Wise Photography Studio, is in the Veteran's hospital being treated for a bird shot wound to one of his eyes. Wise was injured Sunday morning while out bird hunting with Sam Putts. The freak accident occurred when a stray bird shot pierced Wise's eye. No other shot touched him. He was rushed to Goodall hospital and then to the Veteran's hospital in Amarillo.

He was rushed to Goodall hospital and then to the Veteran's hospital in Amarillo.

Memphis Cyclone Enters New Dist. As T.I.L. Reworks Athletic Program

When the Memphis Cyclones jog on the field for the opening of the 1951 football season they will be a class AA school according to the new ratings given out by the Texas Interscholastic league last week. Memphis hasn't increased in size enough to rate in the old AA, but the TIL has redone the league and every school with 200 students and not over 449 are now in AA districts. The league now has six divisions: AAAAA, which includes every high school with more than 750

enrolled and includes the schools of the now disbanded City Conference and the biggest schools of the old AA conference; AAA includes most of the double AA schools of this year; AA will have some of smaller schools playing in AA this year; class A will have all the schools with 115 to 199 enrolled in the last four grades; class B includes all high schools with less than 114 enrolled and want to play 11-man football; and last is the six-man division. Next fall Memphis will have only two of its old district foes

to battle in district competition. Memphis will be a member of district 3-AA which includes Childress, dropping back from the old AA rating, Paducah, Clarendon, Wellington and Memphis. Shamrock was placed in district 1-AA along with Dalhart, Dumas, Perryton and Phillips. The two other members of the old 2-A district, Lefors and McLean, were put in the new 1-A district along with Panhandle, Wheeler and White Deer. The new set-up will go into effect on September 1, 1951. Although basketball will not be effected this year, new rules next year will allow only four teams from AAAAA and AAA to go to the state tournament in Austin. All schools competing in six-man football will compete in class B basketball as they are doing now. This new classification in football may furnish the state with a bonafide state football champion. The two big conferences will have only eight districts and should finish their state races by mid-December and then the play-off could be held before Christmas. The two divisions will decide whether they want the play-off later. In class B football the teams will battle to regional titles. Happy has been dropped from district 2-B and that district now has six teams. Teams in that district are Estelline, Lakeview, Matador, Quitaque, Silvertown and Turkey.

Democrat Receives AAA Rating As Weekly

In a published report on the evaluation ratings of weekly newspapers of Texas released recently, The Memphis Democrat was given a rating of AAA, designating it as "One of the Best Weekly Newspapers in America." The AAA rating placed The Democrat in the top 20 per cent of the weekly newspapers of the state and nation, according to an impartial study and classification of the 10,000 odd weekly newspapers of the country. The rating was made by Community Research Bureau, an independent research organization, which is working in cooperation with American Weekly Newspaper Publishers Council. The evaluation study was made to provide national advertisers with a guide in the selection of weekly newspapers

for advertising purposes. In this Continuing Evaluation Study, newspapers of each state were studied, analyzed, and rated in five classification brackets, with approximately 20 per cent of the papers of a state being placed in each of the five rated groups. The five quality classifications are AAA, AA, A, B, and C. The rating AAA earned by The Democrat means that this newspaper rates in the top bracket. Each newspaper was rated on recognized quality factors including local news and editorial content, evaluated circulation, volume of local advertising and the fairness of the newspaper's advertising rate, based on cost per family reached. Community Research Bureau is an independent research organization operated under control of Frank B. Hutchinson, who has operated weekly newspapers, served as professor of journalism at Syracuse and Rutgers Universities and managed the New York Press Association and the New Jersey Press Association over a period of a dozen years before setting up his own newspaper research organization. The American Weekly Newspaper Publishers Council which is

cooperating in the studies is headed by Bennett H. Fisher, publisher of three weekly newspapers. Fisher's papers are consistent prize winners and one of them, The Ridgewood (N. J.) Herald-News, was the recent winner of a top award for general excellence presented by the National Editorial Association. Rating of all newspapers are under general supervision of an advisory committee composed of leaders in the field of journalistic education, national advertising, and weekly newspaper publishing. The Memphis Democrat was established in 1908 by Ben F. Shepherd and J. H. Brumley. In 1928, the paper acquired The Hall

County Herald, which was started in 1890, which means that the present publication has been serving this community for over 60 years. In 1928 The Democrat won the coveted Belo Cup for "Best All-Around Weekly Newspaper in Texas." In later years it has consistently won superior ratings and honorable mention in different contests. Last honor which has been won by The Democrat was in 1947. In a state-wide contest that year, the paper won first place in the "Best Agricultural Promotion Award." The publication has consistently been used in journalism schools over the state.

The Cyclone News

High School Science Department Is on Self-Sustaining Basis

School's Science Department has been adequately equipped for the past fifteen years, a plan to re-equip the department is under way. Contracts for the carpenter work, the department is a self-sustaining unit. The fees that are charged for the course are sufficient to pay for the purchase of supplies. Memphis High's Science Department is becoming one of the smaller bracket schools in the city.

discovered elements which are plutonium, americium, and curium. The laboratory, which seats 24 students at its six tables, covers a space of 21' by 30'. Three of these tables are handmade by Mr. Johnsey and have twenty drawers each. All six tables are equipped with acid proof soapstone sinks, gas, electricity, and water. The laboratory has its own dark curtains and screen. A case at the end of the south wall holds four microscopes, one bioscope, and many biological specimens. The bioscope is used to throw microscopic views on the screen for group observation. Some of the more interesting of the preserved specimens are a sea horse, a trapdoor spider, and a walking stick. This case also holds approximately 75 prepared slides. For the display of scientific clippings and posters two bulletin boards are provided. The students are proud of their new laboratory and have contributed to its appearance by painting the radiators with aluminum paint.

rooms is an atomic model which is used to model the structure of atoms. In the smaller room the chemistry supplies are kept. There is an estimated one thousand different types of items stored in this room. The chemical case resembles that of a pharmacist's or a doctor's cabinet. All test tubes and glass containers are stored on shelves along the east wall. Approximately ninety students are taking science this year. Miss Neville Wrenn, the instructor, holds a Bachelor of Arts degree from West Texas State College and has done graduate work in the University of Texas and the University of Colorado. Three of her methods in teaching the science courses are the textbook which is used for reference, the workbook which is used for learning, and laboratory experiments which are used for the teaching of principles. Visual aid also plays an important part in the course of study. Laboratory experiments are prevalent in the general sciences, physics and biology courses while elementary science is a reading course. Chemistry and physics are alternated every other year with physics being taught this year and chemistry next. Unless foreign

language is taken, two years of science is required. However, instead of being considered a requirement, the taking of a science course is considered a valuable experience from which one will always benefit. The citizens of Memphis are invited to visit this department of science and see that the equipment and management are of the best. This department is one of which every Memphis citizen can be justly proud.

FOOTBALL BANQUET

The Memphis Lions Club honored the Cyclone football team, their fathers, the coaches, and esteemed guests with a banquet in the Dining Room of the Masonic Hall on Nov. 30. Frank Kimbrough, coach of the West Texas State Buffaloes, Border Conference Champs for 1950, was guest speaker for the affair. After his message a picture was shown of the West Texas State-Hardin Simmons University football game, which took place on Nov. 18. Approximately 150 people enjoyed this annual affair.

SAFETY WAS THEIR NO. 1 CORP—Earl Lloyd West of Memphis is shown talking with Paul Garrett, vice-president of General Motors. General Motors sponsored the Farm Safety Program. West won the Texas state award for farm safety and was awarded the expense paid trip to the 4-H Congress in Chicago. Talking with West and Garrett are Melva Jane Zerst, Jusk, Wyo.; (left) and Avis K. West-lind, Cando North Dakota. They were winners in their state.

words, telling a dog how to run his own business. Too much butting in befores a dog, especially when he gets instructions which run counter to his nose and judgment. He loses his sprit and initiative; just piddles around to give the appearance of hunting.

Another bad habit of some dog owners is running to a point and being excitable in general. Many a fellow bulls his way through the underbrush like a juggernaut, whooping and shouting a mixture of threats and advice, trying to steady his dog's nerves by making a damned fool of himself. No wonder the dog simply gives up.

Christmas Toys Should Be Safe

Christmas time is always looked forward to as a joyous season, but unless safety is considered in choosing Christmas toys, the surprises left by Santa may prove tragic. Mrs. Eloise T. Johnson, specialist in family life education with the A&M College Extension Service, gives a few pointers for buyers of children's toys.

Remember the child's age, his interest, and stage of development. Mrs. Johnson reminds, because children naturally are curious and constant supervision is not always possible. A two-year-old in the hand-to-mouth age should have washable toys with no sharp points or edges and nothing flammable

nor with poisonous paint should be included.

For children between the ages of six and eight, electrical toys are popular. Mrs. Johnson advises, however, that these should have the seal of approval from Underwriter Laboratories—a guarantee of proper construction against fire hazard and shock.

A place to keep toys can be a safety measure. A box, cupboard or open shelf is handier than drawers or a cabinet with doors which are hard to manage and sometimes stick. "Playthings are the tools which help children to learn," says Mrs. Johnson, "so it is an important job to select safe toys and teach safe habits in using them."

Safety should be considered by the buyers of children's Christmas toys.

James Willis Ward Passes Tests For Naval Academy

Congressman Ben H. Guill, Representative from the 18th District of Texas, today announced that James Willis Ward, nephew of Mrs. Maurine Ward of Memphis, now aboard the USS Carpenter in the United States Navy, has been nominated as third alternate candidate for admission to the United States Naval Academy.

Ward, who was among 22 boys applying for nomination to the nation's service school from this area, took his examination aboard his ship in October and was placed by Congressman Guill in relation to the grade made on that test.

Ward has been advised that he may take the entrance examination for the Academy on April 18, 1951 and that he will be further advised by the Academy.

Mr. Guill stated that he was proud of the records the Panhandle boys made and was glad of the opportunity of making the appointments. "I would like to congratulate you on the fine showing you have made," he said. "I wish you luck and will be interested in your future success."

Names of the boys in the 18th District who requested permission to take the examinations last month were submitted to Congressman Guill by Commanders of the American Legion and V. F. W. in each city. Ward's request was made through his aunt, Mrs. Maurine Ward. All boys who made such requests were permitted to take the test.

The entire family's welfare and disposition may well depend upon how well the farm kitchen is planned and used.

SPORTS AFIELD

By Ted Kesting

One of the most interesting statements concerning sporting dogs that I have seen in quite some time comes from Old Professor, Havilah Babcock. He writes: "The unvarnished truth is that a trained dog is a perishable commodity. Few things are so subject to deterioration."

So I asked, what are some of the things that contribute to this deterioration, especially the controllable human factors? And high on every professional trainer's list is overdiscipline.

Dogs differ in the amount of punishment they need, or can take. A word of disapproval here may have as much effect as a whacking there. Never give a dog more than that particular dog needs. It's the inevitability of punishment, rather than the severity that counts, any way.

Dogs are often damaged by indiscriminate lending. A borrower, however fine a citizen he might be, can grievously mishandle a dog without intending to do so.

Ordinarily, the more mature a dog is the less he will suffer from being mishandled. His habits are more fixed, his responses more stable and predictable, and he is less likely to deviate from the conventional pattern of behavior. Therefore, give a boy an old dog to hunt. They won't hurt each other. The same advice applies to all inexperienced gunners.

Another good way to ruin a dog is to talk him to death while he's trying to hunt. Many hunters are forever giving their dogs instructions, delivering lectures and preaching sermons, telling them where and how to hunt. In other

Texas Venture

In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

ties and the nation in the interest of security and world peace," he declared.

The estimated cost of the Red Cross program for the fiscal year 1951-52 actually is \$94,800,000, General Marshall said. The difference between the estimated cost of the Red Cross program for 1951-52 and the fund goal of \$85,000,000 will be met by the application of reserve funds. General Marshall pointed out that this will exhaust the accumulation from war-time oversubscriptions. Last year the operating budget was \$79,000,000, with the fund goal set at \$67,000,000.

The fund goal announcement followed a series of meetings of the governing board's committees on finance and program last week in Chicago, in which General Sarnoff participated. They were also assisted in their deliberations by representatives from metropolitan and small town chapters who expressed their unanimous conviction that the 1951 budget represented the minimum sum required to carry out vastly increased Red Cross responsibilities.

E. Roland Harrison, New York banker and chairman of the board of the Union Pacific Railroad, who will succeed General Marshall as Red Cross President on December 1, participated in the meetings.

Estelline Cubs Place Two Men On 2-B All-District

Two Estelline Bear Cubs were placed on the all-district team of district 2-B. Billy Winkler, co-captain of the Cubs, was placed on the first team and Jim Moore made the second team.

The all-district team was picked at a meeting of District 2-B held in Quitaque last Thursday.

Estelline's district football schedule next season will be Turkey at Estelline on October 12, Quitaque at Estelline on October 19, Matador at Matador on October 26, Silverton at Silverton on November 2, and Lakeview at Lakeview on November 9.

At least one per cent of the money raised from the sale of Christmas Seals in 1950 will be used for medical and social research on tuberculosis.

... generation ago grain sorghum was a tall spindling chicken-grown on a few Texas farms. Today it is the state's second crop, valued at \$166,000,000 a year. A \$24,000,000 plant for this one crop has been built at Corpus Christi. This amazing plant is the result of research by plant scientists of the Texas Agricultural Experiment Station of the A. and M. System, under the direction of R. E. (Bob) Karper, A. and M. agronomist at Lubbock. Karper has been able to pull it down to a thrifty low-growing plant with uniform height throughout the field. This made it possible to harvest the grain mechanically, completely revolutionizing the grain of the Texas plains area. The present day combine-type grain is being further developed for a variety of uses and is increasing rapidly in value to Texas farmers, as a result of the work of a Pennsylvania farm boy who has been engaged in agricultural work on the Texas plains since 1915.

Prehistoric Culture More Than 10,000 Years Old Found

University of Texas staff has found traces of a Southwestern prehistoric culture probably more than 10,000 years old. Dr. E. H. Sellards, Texas Memorial Museum, reported the findings to the Geological Society of America in Washington, D. C. Sellards said excavations by museum staff near Clovis, N. M., of the knowledge of prehistoric life in the Western world. Effects found in a small lake near Clovis shed new light on the succession of human remains of New Mexico in the Pleistocene Era—the geologic period preceding the present, Dr. Sellards explained. Deposits accumulated in the intermittently, resulting in distinct layers of earth. Three human relics and fossil

animal remains. To the oldest culture, he gave the name of Llano or Plains Culture, because it was found in the Llano Estacado region of Texas and New Mexico.

This bottom layer of lake deposits contains elephant, horse, and bison fossil remains. The geologists also found numerous bone artifacts—once probably digging tools, Dr. Sellards reported. Also, they discovered stone artifacts, such as hide scrapers and spear points.

"The implications are that these earliest known people of the plains obtained a part at least of their food from seeds and tubers and were not wholly a hunting people," Dr. Sellards pointed out.

Red Cross Sets Goal, \$85,000,000

A goal of \$85,000,000 for the 1951 American Red Cross Fund Campaign was announced today by General George C. Marshall, Red Cross President. The figure was set by the organization's Board of Governors to meet the enormous tasks assumed by the Red Cross in the present national emergency, General Marshall stated.

The campaign will be held March 1-31, with Brigadier General David Sarnoff, chairman of the Board of the Radio Corporation of America, as National Fund Chairman.

The nation's mounting military strength is creating sharply increased demands on the Red Cross. General Marshall pointed out. In addition, civil defense commitments require the organization to train 20,000,000 persons in First Aid; instruct hundreds of thousands in Home Nursing and as Nurse's Aides; recruit millions of blood donors; and prepare for mass feeding, clothing, and shelter in case of major disaster or national emergency.

"The total resources of the Red Cross must be mobilized for defense of our homes, our communi-

German Students Air View On American Customs

"Americans marry so young! In Germany you do not get married until you are about 30."

That is how Christine Sauer-mann expressed on difference in American and German customs. Christine is one of nine German girls taking Home Economics at Texas Technological College.

They are taking a year of training as part of the general reorganization and reorientation program of German-education.

The students now studying at Texas Tech under the supervision of Dr. Mina Lamb are the only group in the United States at this time doing Home Economics work under the plan.

Speaking of the state fair at Dallas, the girls said, "The people were always so polite, even when there was a large crowd. Seeing the air view of the campus at the Tech exhibit made us feel like we were home again."

They expressed surprise that so many phases were covered in one fair, since in Germany each exposition deals with one subject, such as automobiles or home appliances.

The girls also attended "South Pacific" and compared it favorably with the modern German operetta. Casualness and friendliness at Tech also impresses them, since

PRETTIEST CO-ED . . . Patricia Atkins, Arkansas State Teachers College, was one of 15 finalists vying for the title: "Miss 1951 Esquire Calendar Girl."

the U. S. and that dorms at the German universities are merely rooming houses.

The girls' average age is 24. They all have served two years apprenticeship on an approved farm, which trains from 40 to 120 students a year.

Most of them have had a year of teacher training and two years of technical training in home economics. All the girls except one plan to go into some phase of home economics teaching when they return.

Annelie Scheffler, an attractive brunette, has worked four years as an interpreter for the U. S. government. She plans to enter publicity work.

The girls are sports-minded and consider physical education one of their most entertaining courses.

Their plan of study at Tech includes home economics research and extension, nutrition, child development, farm housing and county home demonstration. Some of the girls also are enrolled in science courses.

Ruth Bathow, 22, is the "baby" of the group. She is from the Russian zone and plans to enter rural Home Economics when she returns.

One of the most vivacious of the group is blonde Ilse Mergler, 24, who plans to do extension work in her homeland.

Paula Niklas, 24, is the daughter of the Minister of Agriculture of the Bonn Government. She plans to do agricultural home economics when she returns.

Miss Sauer-mann, 27, looks after the rest of the group. She

wants to do agriculture work and hopes to teach in college after leaving Tech. She is a refugee from the Russian zone.

Also a refugee from the Russians is Miss Scheffler, who does most of the translating when the other girls fatter in English.

Elfried Schneidawind, 23, plans to teach when she goes back to Germany.

Gertrud Schulze, 25, wants to become an economic adviser.

Four-H Club work will be the specialty of Anna Simon, 25.

Rosemarie Witting, 26, wants to teach home economics.

The new rat poison, Warfarin, appears to be one of the most effective poisons yet developed for controlling rats and mice. It is poisonous to all warm-blooded animals, but the amount recommended for controlling rats and mice is so small that there is little danger of farm animals or people being poisoned accidentally.

\$107,035,000 Set As Insect Damage To Cotton Crop

Insect damage to the 1950 cotton crop in Texas amounted to approximately \$107,035,000, destroying 11 per cent of the total harvest, according to an unofficial preliminary estimate compiled by the National Cotton Council, Geo. G. Chance, chairman of the Texas unit of the Council, has announced. "Insects kept approximately 456,000 bales of cotton and an estimated 187,000 tons of cottonseed off the market this year. Based on average prices, this lint would have brought Texas farmers some \$91,119,000 and the seed would have meant an additional profit of \$15,916,000," the Council spokesman said.

"Throughout the Cotton Belt," Mr. Chance said, "an estimated 16.5 per cent of the crop, valued at approximately \$598,565,000 was destroyed. In dollars and cents, losses in 1950 were second highest on record, exceeded only by 1949 when damage amounted to more than \$617 million."

Chairman Chance announced that the National Cotton Council

will hold the fourth annual Cotton Insect Control Conference in Memphis, December 7 and 8, to discuss insect damage in Texas and other Cotton Belt states. This conference at the Hotel Peabody will bring together state and federal entomologists, representatives of the insecticide industry, agricultural education workers, and cotton industry leaders to plan an integrated program of cotton insect control for 1951.

Locals and Personal

Mr. and Mrs. J. J. Walker of Canyon visited with Mrs. H. B. Estes Sunday.

Mr. and Mrs. Fred Carter and Mr. and Mrs. Frank Painter of Sunray visited with Mr. and Mrs. Julius Gable over the week end.

Mr. and Mrs. Elmo Lee and family and Mr. and Mrs. Weldon Lee and son and Ellis Kennedy, all of Fort Worth, spent the week end with Mr. and Mrs. Garner Lee.

Mrs. Anna Dickson had her son and wife, Mr. and Mrs. Boyd Dickson and children, Carroll James, Nancy and Gladys Edna of DeQueen, Ark., visiting over the week end.

Mrs. Charles Kinslow and Mrs. Anna Dickson left Wednesday for Fort Worth on a business and pleasure trip.

Make it your responsibility to see that the coming Holiday Season is a safe and sound one. Safety practiced in the home, on the farm and highway may save your own life or that of a member of your family.

Kitchen planners should keep in mind the four phases of activity in the kitchen . . . preparing food, cooking, serving and cleaning and washing dishes, when they are making plans for the new kitchen.

If a legume pasture is not available, the developing gilt should be fed a leguminous hay. This can be fed from a hay rack.

To Cover Memphis Drive

Scoutmaster, Ted announced this week that his troop would collect in the north part of Memphis. The people responded with a plan for toys so good that his troop could not whole town. Last Saturday the troop collected four tricycles and a great number of other toys. Scoutmaster said this week as they would bring some more cakes. Last week the troop collected their bake goods. The troop will not stand, but will deliver direct to the customers. They have been painting all the toys they collected last week and will have everything ready to be for Christmas.

Lloyd Wicks Here For Rotary Meet

Lloyd Wicks of Ralls, Rotary District Governor, held a conference Monday night with officials and committee chairmen of the Memphis Rotary Club. At Tuesday's luncheon, Judge Wicks spoke to the club on aims and activities of Rotary locally and internationally. He told how Rotary could do much toward creating good will between individuals and nations, if the principles of this service club were applied by each and every individual. "There would be no war, or threat of war, if all leaders of all nations could be imbued with the spirit of Rotary," Wicks declared. Before Wicks spoke, President of the Club, Bill Coursey, recognized Mack Wilson, who in turn presented Scoutmaster Ted Myers. Myers asks that any ex-scout who has a uniform that he has outgrown and would like to sell, to please contact him. There are several boys in the troop who want to buy these uniforms.

with a certificate entitling him to clothing from a local dry goods store. The certificate was presented in behalf of M. C. Allen, Jas. F. Smith and Mack Wilson in recognition of the fine work being done by Scoutmaster Myers for the boys of this community.

Plaska Needle Club Enjoys Christmas Party Tuesday

The Plaska Needle Club met with Mrs. John Smith in Memphis on Tuesday for its annual Christmas party. A Christmas program featuring songs and readings was enjoyed followed by a visit from jolly old Saint Nicholas, who distributed lovely pollyanna gifts from the decorated tree. Mrs. Bill Hignight, Mrs. Edith Galloway and Mrs. W. L. Crawford also celebrated birthday anniversaries and were showered with gifts of cup towels from club members. Refreshments of cake, coffee salad, mints and crackers were served to Mmes. Elsie Bray, Nadine Hall, Viola Hodges, Velma Nabers, Eula Bell Hall, Adele Ruth Craighead, Clara Ellis, Lot

Thank You Friends For Your Generous Response To Our 31st. Birthday Party

We sincerely appreciate the manner in which our friends and customers responded. We are happy with the volume of business which came our way. As we look to another year of serving the food buyers of this area, we say again: "YOU CAN ALWAYS BUY FINE FOODS AT THE LOWEST POSSIBLE PRICES AT OUR STORES!"

Eve Arden: Teacher's Pet

California Teachers Association, Southern Division, has named comedienne Eve Arden as Hollywood representative of the radio industry for American Education Week. Eve, star of "Our Miss Brooks," is shown receiving a Certificate of Recognition from the Association's Executive Secretary, Dr. Lionel de Silva, who cited her for "meritorious service to public education, and thereby, American youth, and the teaching profession." The program, which portrays teacher, Connie Brooks, as a very human person, is heard over CBS, Sundays, at 6:30 p.m. EST (5:30 p.m. CST; 4:30 p.m. MST; 8:00 p.m. PST).

The joints frequently lead to deformities.

There are other causes of deformities of the extremities, of course. Those present at birth are called congenital deformities and those that occur later are called acquired deformities. Injury, disease and amputation lead to acquired deformities.

Changes in the color of the extremities may be a signal of disease. If the blood doesn't get to all of the parts of the extremities in sufficient amount due to circulatory obstruction or congestion, then the area may turn red, white or blue. If too much blood or infection is present in the area, it may turn red. So you have color signals of red, white and blue which your doctor checks and adds to the list of other signals he has picked up in determining whether the changes in color may be due to local trouble or one which is spread through the body.

Changes in feeling of the extremities may also be important. Heat, cold, pain or no feeling at all in certain areas certainly belong in the report of a medical examination.

The upper extremities include the shoulder, arm, wrist and fingers. They may offer much health information. As mentioned before, the way your shake your doctor's hand may tell him something about your health. Certainly a hearty, firm handshake is associated with well-being, whereas a limp, cold hand may be significant or undue nervousness. A warm, moist hand is sometimes associated with thyroid trouble.

Hands that shake all by themselves not only may mean health trouble, but the different ways and different times they shake are by themselves important. Hands that tremble when at rest may signify one disease, whereas those that are steady at rest but start trembling when put to work may mean something entirely different. Short, quick trembling or shak-

ing of the hands would fit into one category and a rough, coarse shaking over a prolonged period would lead to another type of medical diagnosis if it fit in with other signs which the doctor had already picked up during the course of the physical examination. Oversized hands, clubbed fingers, nails that curve in from top to bottom as well as from side to side, nails that separate from the bed may all have a special bearing upon the fortune of your good health as your doctor checks your extremities, or limbs, in the medical examination.

CARD OF THANKS

We wish to thank our friends and neighbors for their kindness to us and help during the illness and at the time of the passing of our loved one. For the food provided and the service rendered to us. May God bless everyone is our prayer to Him.

Mrs. Van Crow and Mary Crow Loyd F. Crow and wife William H. Crow and family Robert A. Crow and family Newlin, Texas

CARD OF THANKS

I wish to thank everyone at Odum-Dryden hospital for their kindness during my illness. Special thanks go to Dr. Hunt for his care and to the Church of Christ for all the wonderful cards, and to each that had part in bringing the meals to my home and to each of the many persons caring for me. Sincerely God's blessings upon all.

Mrs. Mont Raglin

Visitors in the home of Mrs. W. R. Taylor Sunday were Mrs. Venia Edwards, Mr. and Mrs. Glenn Wood and Wyona, Mrs. Powell, Mr. and Mrs. Cassell, all of Amarillo; Mr. and Mrs. Henry Blum Jr., Mrs. Watt Day and Dannie of Memphis and Mr. and Mrs. Jack Blum, Jackie Ray and Jimmie of Lakeview.

Speech Class Studies Drama

The Speech Class, having completed their study of the voice, has begun studying drama. In order to have more than just book-study the class has been giving their assistance to the Cue and Curtain Club in the production of the play, "Bashful Bachelor."

Valuable experience in prompting, property set-up, costuming, and make-up is being gained by the speech class members.

"After the final presentation of the three-act play, the Speech Class will begin the study of one-act plays," reported Mrs. Guthrie, instructor of the speech department.

Estelline Faculty Enjoys Party

On Saturday night the faculty of Estelline Public School enjoyed a dinner party in the home of Mr. and Mrs. J. A. Ballard.

The faculty has been divided into four groups and three parties will be given during the year. Hosts for the first one were Rayworth Pardue, Mrs. J. A. Ballard,

Mrs. Arvs Knight, Norman Duke, Mr. and Mrs. R. H. Evans.

The menu included Italian spaghetti, fruit salad, fresh vegetable salad, French bread, fruit cake with whipped cream and coffee. After dinner table games were played. All members of the faculty with husbands or wives, were present.

They were: Mr. and Mrs. C. O. Gregory, Mr. and Mrs. R. B. Tucker, Mr. and Mrs. F. C. Rorsbaw, Mr. and Mrs. E. F. Kennedy, Mr. and Mrs. Leroy Duvall, Mr. and Mrs. R. H. Evans, Mr. and Mrs. L. A. Tucker, Mr. and Mrs. J. A. Ballard, Mr. and Mrs. Norman C. Duke, Rayworth Pardue, Mrs. Arva Knight, and Mr. and Mrs. A. D. Britt.

CLASS QUEEN CANDIDATES ELECTED IN CLASS MEETINGS LAST THURSDAY

The classes of Memphis High School met Thursday morning, November 30 at 10:30 to elect their candidate for the annual "Memphis High School Queen" to be elected at the pie supper which will be held on December 12 in the High School auditorium.

The Senior candidate, Beryle Davis, was elected after much discussion and due consideration.

Beryle, known as "Day" by all her friends, is a 5' 8" stary-eyed, brown-haired Senior who is very popular among the students in MHS.

The Junior class' choice was Carnis Durham. Carnis is a 5' 5" blue-eyed blonde who tips the scales at 112 pounds.

Sophomore candidate was Ann Shankle, a 5' 4" blonde who has a smile for every one.

The Freshmen chose Patsy Armstrong as their candidate. Patsy is known as the girl cager who racked up the most points in their first home game. One can always be expected to receive a bright "hello" from this Freshman favorite.

Pre-freshman selection was Katherine Wright. "Kay" is a very well-liked girl.

These five girls will be supported by their respective classes, and the pie supper will decide who is "Queen of MHS."

The girls will be escorted by boys of their choice. Beryle chose a very popular Senior boy, Lee Bloxom. Carnis picked Max Kennedy, while Patsy Armstrong chose Roy Don Coleman. The Sophomore candidate, Ann Shankle, chose Duane Miller, and Katherine Wright chose Jack Montgomery.

Also in the class meetings pie-caters were elected. The one winning this contest will receive 750 points to put on their respective class queen. Second place winner will get 500 points and third place will get 250 points.

Pie-caters elected were Roddy Stargel, Senior; Freddy Vinson, Junior; and Carol Gardenhire, Pre-Freshman. The Sophomore and Freshman classes have not as yet elected a contestant for this contest.

The proceeds of this annual affair will go to financing the printing of the annual.

BAND TO WELCOME SANTA

Santa Claus is coming to town Tuesday, Dec. 12, and the "A" band is going to be there to meet him.

Christmas songs such as "Winter Wonderland," "Oh, Little Town of Bethlehem," "Jolly Old Saint Nicholas," and many others will be played while Santa Claus is distributing candy.

CONSTITUTION STUDIED

The American Government class has begun the study and discussion of the Constitution of the United States. Previously, the class has studied various departments of our government and how these departments function. In addition to the study of the Constitution, current events and special reports are being added to the program.

Legal Notice

ORDINANCE NO. 324 AN ORDINANCE DEFINING VAGRANCY AND PROSTITUTION, DECLARING VAGRANCY TO BE A MISDEMEANOR, PROVIDING A PENALTY, AND REVOKING ORDINANCES IN CONFLICT THEREWITH. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MEMPHIS, TEXAS:

Section I Vagrancy is hereby defined to include as a vagrant the following persons, to-wit:

1. Persons known as tramps, wandering or strolling about in idleness, who are able to work and have no property to support them.

2. Persons leading an idle, immoral, or profligate life, who have no property to support them, and who are able to work and do not work.

3. All persons able to work, have no property to support them, and who have no visible or known means of a fair, honest, and reputable livelihood. The term "visible or known means of a fair, honest and reputable livelihood"

as used in this ordinance, shall be construed to mean reasonable continuous employment at some lawful occupation for reasonable compensation, or a fixed and regular income from property or other investments, which income is sufficient for the support and maintenance of such person.

4. All able-bodied persons who habitually loaf, loiter, and idle in any city, town or village, or railroad station, or any other public place in this State for the large portion of their time, without any regular employment and without any visible means of support. An offense under this subdivision shall be made out if it is shown that any person has no visible means of support, and only occasionally has employment at odd jobs, being for the most of the time out of employment.

5. Persons trading or bartering stolen property.

6. Every common gambler or person who for the most part maintains himself by gambling.

7. All companies of gypsies, who, in whole or in part, maintain themselves by telling fortunes.

8. Every able-bodied person who shall go begging for a livelihood.

9. Every common prostitute.

10. Every able-bodied person who lives without employment or labor and who has no visible means of support.

11. All persons who are able to work and do not work, but hire out their minor children, or allow them to be hired out, and live upon their wages, being without other means of support.

12. All persons over sixteen years of age and under twenty one, able to work and who do not work, and have no property to support them, and have not some known, visible means of a fair, honest and reputable livelihood, and whose parents, or those in loco parentis, are unable to support them, and who are not in attendance upon some educational institution.

13. All persons who advertise and maintain themselves in whole or in part as clairvoyants or fore-tellers of the future events, or as having supernatural knowledge with respect to the present or future conditions, transactions, happenings, or events.

14. All male persons who habitually associate with prostitutes, or habitually loiter in or around houses of prostitution, or who, without having visible means of support, receive financial aid or assistance from prostitution.

15. All persons who invite, entice, or solicit any male person, or direct take, or transport, or offer or agree to take or transport, or aid or assist in transporting, any male person to visit any bawdy house or disorderly house or other place, for the purpose of unlawful sexual intercourse, knowing more more omre more

GAL 2 Legal Notice the purpose of such person in going to such house; or who meet any female at such bawdy house or disorderly house for the purpose of unlawful sexual intercourse.

16. All persons engaged in prostitution, lewdness, or assignation.

17. All prostitutes who solicit, induce, entice, or procure any male person to visit any bawdy house or disorderly house or other place with her for the purpose

of unlawful sexual intercourse.

18. All persons who reside in, or remain in any house, place, building or other structure, or who enter or remain in any vehicle, trailer, or other conveyance for the purpose of prostitution, lewdness, or assignation.

19. All persons who aid, abet, or participate in the doing of any of the acts herein prohibited.

Section II The term "Prostitution" as used in this ordinance shall be construed to include the giving or receiving of the body for sexual intercourse for hire, and shall also be construed to include the giving or receiving of the body for indiscriminate sexual intercourse without hire. The term "lewdness" shall be construed to include any indecent or obscene act. The term "assignation" shall be construed to include the making of any appointment of engagement for prostitution or lewdness of any act in the furtherance of such appointment or engagement.

Section III Any person found guilty of being a vagrant as defined in this ordinance shall be deemed guilty of a misdemeanor.

Section IV A conviction may be had upon the unsupported evidence of an

accomplice or participant in the unlawful act.

Section V Any person violating any of the terms of this ordinance and found guilty of being a vagrant shall be fined in any sum not to exceed One Hundred Dollars (\$100.00).

Section VI All ordinances in conflict with this ordinance are hereby repealed.

Section VII In the event any section, subsection, paragraph, or sentence of this ordinance shall be declared unconstitutional or void, the validity of the remainder of this ordinance shall not be effected thereby; and it is hereby declared to be the policy and intent of the City Council of Memphis, to enact the valid portions of this Act, notwithstanding the invalid portions if any.

Passed and approved this the 5th day of December, A D 1950.

C. C. HODGES, Mayor City of Memphis, Texas

Attest: D. L. C. Kinard, Secretary City of Memphis, Texas.

Basketeers Have Tough Workouts

The basketball teams are "staying on the ball" this week with work-outs second and third periods for the girls and the boys work out after school. The boys worked out Monday morning from 7:15 to 9:00 o'clock. With work-outs like these, we should have another "State Championship" team this year. Let's boost these teams and let them know we are behind them all the way.

Orr and Copeland Open Jewelry Shop

W. D. Orr and George S. Copeland this week announced that they had opened a jewelry store and watch repair shop in Memphis. The store is located in the same building with the Orr Studio, 713 West Main St.

Mr. Copeland will be in charge of the jewelry business, and will do watch and jewelry repairing, the owners stated. He is a graduate of the Midwestern School of

Orology, and has been associated with jewelry stores in Stamford and Iowa Park.

The new business will be operated in conjunction with Orr Studio. Both men will be available to their customers in either of the businesses.

According to their announcement, the store will handle nationally-known jewelry items. Watches which are repaired, will be checked electronically.

CARD OF THANKS

We are at loss in knowing how to say the words in expressing our heartfelt appreciation to you for the many acts of kindness extended to us during the recent illness and death of our beloved wife, daughter and sister, Jimmie. It is with aching, yet humble and grateful hearts that we say "thank you." We want you to know we appreciated the blood donors, the drivers of our cars, those who prepared and served our meals, the beautiful flowers, the cards, the messages and words of sympathy, those who came to the home, and the ones assisting in the funeral ceremonies for our loved one.

You lightened our burden by exhibiting the spirit that faith and hope and love and truth can never, never die. May we say with the poet:

"Lone are the hearts and sad the bowers,

Whence thy dear smile is gone; But, oh! a brighter home than ours In Heaven is now thine own."

Sincerely,
The Family of Jimmie L. Stargel.

Christmas Seal funds help support X-ray surveys among apparently healthy people to find tuberculosis in that early stage before there are outward signs.

The international emblem of the crusade against tuberculosis is the Double-Barred Cross.

Accidents Heavy On Hunting Days

This is the time of the year when hunting accidents take their heaviest toll of lives. Most accidents could be prevented if the simple rules of safety with firearms are observed. "Trigger happy" hunters, says R. E. Callender, extension specialist in wildlife conservation of Texas A&M College, endanger the lives of every other hunter in the woods and also cause much damage to wildlife. Their wild shooting leaves many birds and animals crippled and these are lost because they are not usually found until they are dead.

Practicing safety with guns in the fields or woods then, says Callender, is just a good conservation practice and it applies to both humans and wildlife. He reports that almost two-thirds of all hunting accidents result from three causes: humans in line of fire, mistaking humans for game and hunting with the safety catch off on the rifle.

He points out that good sportsmanship is just good manners. It includes using the right gun for the right game, hunting only in season and not taking more game than can be used even though the bag limit may permit the hunter to take more. Bird hunters, he says, should use a trained dog to retrieve crippled birds. The careful and wise hunter puts out cigarettes and campfires, breaks his matches before dropping them and leaves the area where he has hunted in good condition.

Most of the foot trouble among children results from their wearing outgrown and badly fitted shoes.

Navy To Accept Married Men

The Amarillo Navy Recruiting Station has announced that effective immediately the Navy will now permit men to enlist with dependents.

Applications are being accepted from married men now and assured of immediate enlistment. The Navy enlistment requirements have been modified to permit a larger number of volunteer enlistments in the United States Navy. For full details on enlisting in the U. S. Navy on the modified requirement program, contact the Navy Recruiting Office at the Post Office in Amarillo.

Cue and Curtain Club Scores Smash Hit With First Performance, Dec. 4

MAKE-UP—Show in this scene from the play "Bashful Bachelor" presented Monday night by the Cue and Curtain Club. Beryle Davis, is noted at the right as the negro maid, Easter, is Pat Goodnight. Other members, seated left to right, Scotty Grundy, Jack Spry Stargel, Bill Cowan; standing, Gereta Graham, Gilbert, Beverley Snell, and Don Ray Rasco.

Supporting Cast Lead in Laughs

The Memphis High School Cue and Curtain Club scored a smashing success with their initial production, the "Bashful Bachelor" in the High School auditorium Monday night.

Although the entire cast performed creditably, it was the performances of Ann Spoon and Eudine Gable that kept the audience of some 500 Memphians laughing from the opening curtain until the final curtain call.

Patsy Sue Hays as Mrs. Todd, the flighty wife of a college professor, took her share of the laughs along with the colored maid, Easter, played by Pat Goodnight.

The two leading characters, Mollie, played by Shirley Foster and David the Bashful Bachelor, played by Donald Payne, had the misfortune of having to play straight rolls on a stage filled with comers.

In a part that had few lines, but had to be filled with action was the quite Professor Todd who tried to keep up with his flighty wife. Scotty Grundy played this part to perfection.

Nancy Stanford played Betty Jean, the college girl who was having trouble with her boy friend Freddie, played by Roddy Stargel.

The play was set in a college town that was all twitter over the arrival of a famous author who was coming to teach in the all-girl college. The author was a bashful bachelor who was afraid of girls and what happened to him before he finally won the only girl who was not in love with his coming, should only happen to a college professor. But he finally won the affection of Mollie and she agreed to marry him as the final curtain fell.

The supporting players were Miss Abbott, Beryle Davis; Bertie, Jack Gilbert; Miss Bixby, Minnie Jackson; Mr. Henderson, Troyace Rhudy; Burglar, Jack Spry; First Policeman, Bill Cowan; Second Policeman, Don Rasco; College Girls, Patsy Adcock, Patricia Alexander, Gereta Graham, Beverly Snell, Barbara Castner and Shirley Hale.

The play was directed by Mrs. Roy L. Guthrie and Student Director was Minnie Lee Jackson.

DIRECTOR Mrs. Roy L. Guthrie, Speech and English teacher in the Memphis High School, directed the play, "Bashful Bachelor," presented Monday night by the Cue and Curtain Club. The club, made up of senior students, was organized this year with Mrs. Guthrie serving as sponsor.

Mrs. Carl Eudey of Plainview visited here last week with Mrs. Clara Eudey. Also visiting in the Eudey home Sunday afternoon were Mrs. Eudey's sister, Mrs. John Watson and her husband.

CAST AND PRODUCTION STAFF—Shown above are the more than 30 students, all members of the Cue and Curtain Club and the Speech Department, who presented the play "Bashful Bachelor" Monday night at the high school Auditorium. Mrs. Roy L. Guthrie directed the play.

Production Crew Performed Unseen

A big share of the credit for the success of the Cue and Curtain Club production of the "Bashful Bachelor" goes to the excellent work of the backstage staff.

This crew of students did all of their work out of sight of the audience or before the curtain ever went up.

The set for the play was built by the students under the direction of Mr. Dave Price.

The big job of securing costumes and making up the actors was handled by Patricia Alexander as costume director and Oneita Able as make-up artist.

Frances Newbrough and Shirley Hale were in charge of tickets and reserve seats.

Patsy Combs head a committee which worked up the programs and sold all the adds for it.

Other members of the production staff were: stage manager, Bennie West; assistant manager, Johnny Freelen; lighting, Carroll Foxhall; sound effects, Harold Foxhall; house manager, Barbara Castner; music, Beverly Snell; photography, Troyace Rhudy; script holder, Pat Adcock; publicity, Gereta Graham and Beverly Snell.

Charles Cullin, student at Hardin-Simmons, visited here over the week end with his parents, Mr. and Mrs. Geo. Cullin.

THE BASHFUL BACHELOR—is shown in a scene from the play by that name surrounded by lovely co-eds. Much to his distress, the local photographer, portrayed by Troyace Rhudy, and reporter, Minnie Lee Jackson, appear on the scene for a picture and story. The play was presented Monday night by the Cue and Curtain Club. College girls shown above are: bottom row, right to left, Nancy Stanford, Eudine Gable, Patricia Alexander; second row, Ann Spoon and Patsy Hays; top row, Shirley Foster, Betty Goodall, Barbara Castner, Patsy Combs and Patsy Adcock.

View Homemaking Class Honors Finals With Pre-Holiday Dinned

Members of the Home Making class at Lakeview High School gathered for a pre-holiday dinner Sunday evening, Nov. 30, at the superintendent and board trustees and their families.

Tables, arranged in the gymnasium, were beautifully decorated with a pre-holiday dinner menu and silver. Place settings were fashioned from Christmas balls and baubles.

The dinner menu consisted of baked ham and dressing, turkey, English peas, stuffed potatoes, congealed salad, corn, hot rolls, butter, pie with whipped cream coffee.

Attending were Mr. and Mrs. McCann, Mr. and Mrs. Hill, Mr. and Mrs. J. B. McCall, Mrs. James Skinner, and Mrs. V. A. Wallace, and Mrs. Jess Whittington, Mrs. Loran Denton, two and their wives were un-

Farewell Party Honors Estelline Couple Wednesday

Mr. and Mrs. Lon Morton and son, Don, who are moving to Lelia Lake, were honored with a farewell party by the Estelline Methodist Church on Wednesday evening in the church parlors. Mrs. Morton was a teacher in the Sunday School.

Mrs. L. A. Tucker directed the games, using a hat stunt and a quiz contest. The honorees were given a set of pottery. Rev. Cooper led the spiritual part of the program.

LINE FOOTBALL QUEEN—Miss Wanda Bell, daughter of Mr. and Mrs. Jim Bell, was crowned Estelline football queen at ceremonies held recently at the local high school. Miss Bell is a popular member of the sophomore class at Estelline High School.

Mrs. Joe Weby, Recent Bride, Is Named Honoree at Lovely Tea Shower Saturday

A lovely tea shower honoring Mrs. Joe Weby of Dallas, the former Miss Jeanine Adams, was given in the home of Mrs. Paul Montgomery on Saturday afternoon, Nov. 18.

The honoree, who is the daughter of Mr. and Mrs. Theodore Adams of Memphis, was married at the St. Edwards Church in Dallas on Saturday, Nov. 4.

Guests were received by the hostess, the honoree, and her mother, Mrs. Adams. Mrs. Dick Fowler secured names of the guests for the register.

In the dining room, the refreshment table was a center of interest with its center arrangement of yellow and bronze chrysanthemums flanked with yellow candles.

Piano and Speech Recital To Be Presented Sunday

Piano students of Miss Gertrude Rasco and speech art students of Mrs. T. M. Harrison will be presented in a joint recital Sunday afternoon, December 10, at 4:00 o'clock at the Presbyterian Church.

The program will be given in the form of a play within a play and is entitled "Book of Enchantment."

The following students will appear on the program. Speech arts: Morris Davidson, Drubette Cook, Audrey Beth Burnett, Carolyn Ferrel, Cheryl Ann Foster, Barry Phillips, Edna Earl Gardenhire, Sharon Duren, Perry Keyser Jr., Neva Sue Koeninger, John Charles Turner, Jane Lee, Cheryl Ann Craighead, Henry Foster, Abbie Louise Massey and B. H. Cook.

Piano students are Barbara Allen, Teresa Beckum, Paula Blevins, Beverly Bowerman, Cynthia Combest, Carolyn Hoover, Lera Kate Hutcherson, Tony Monzingo, Reatha Banson, Georgia Saied, Beverly Kay Stilwell and Jeanne Vallance.

The public is cordially invited to attend.

BRICE

Rev. Wayne Naylor of Clarendon has accepted the pastorate of the Brice Baptist Church and preached both Sunday morning and evening. Everyone is invited to attend church services each Sunday morning at 11:00 and at 7:00 each Sunday evening. Sunday school at 10:00.

Bobbie Murff of Amarillo visited Sunday evening in the C. V. Murff home.

Mr. and Mrs. Bill Hardage of Memphis and Mr. and Mrs. Charles Osborn of Darrouzett visited Sunday with Mr. and Mrs. Virgin Wallace.

Those who enjoyed a quail dinner in the D. P. Osborn home Saturday evening were Mr. and Mrs. Kerbie Hagins of Memphis, Mr. and Mrs. Ike Stephens and Mr. and Mrs. Charles Osborn of Darrouzett, Mr. and Mrs. Ladd Hagins of Lakeview and Mr. and Mrs. Perry Campbell of Brice.

Mr. and Mrs. Edd Shirley had as guests Sunday her parents, Mr. and Mrs. Campbell of Memphis.

Mr. and Mrs. George Benson of Hereford and Mr. and Mrs. Ferrost Sawyer of Clarendon visited Saturday evening with their father, Mr. and Mrs. W. E. Davis.

Mr. and Mrs. A. C. Hartzog and Mr. and Mrs. Carl Hartzog and children of Panhandle visited Sunday with Mr. and Mrs. J. C. Johnson.

Mrs. Zack Salmon spent the week end in Amarillo with her daughter, Mr. and Mrs. L. F. Bennett.

Starr Johnson was a Childress business visitor Friday.

Mrs. Buck Johnson and children, Jenny and Buzzy are visiting at Lefors with her parents, Mr. and Mrs. W. D. McCool.

Boyd Dickson and children of Dequeen, Ark., visited friends here Friday.

Tommy Gattis, student of A&M College, flew home Friday and spent the week end with his parents, Mr. and Mrs. T. H. Gattis.

S. O. Weaver of Gatesville visited the past week with his son, L. T. Weaver and family.

Lakeview News

James Skinner and Lyman Davenport spent from Thursday to Saturday at Lake Kemp hunting and fishing.

The Home Ec girls and their sponsor, Mrs. E. J. McKnight, gave a joint Thanksgiving and Christmas dinner for the trustees and their wives Thursday night of last week. Those present were: Mr. and Mrs. J. B. Byars, Mr. and Mrs. Wallace of Brice, Mr. and Mrs. Doyle Hall, Mr. and Mrs. Paul McCann, Mrs. James Skinner, and Mr. and Mrs. Jess Whittington who are teachers. Due to the illness of his step-mother, George and Mrs. Blewer were unable to attend.

Mrs. Paul Smith entertained a group of friends at her home Friday afternoon with a canasta party. Delightful refreshments of coffee and cake were served to: Mrs. James Skinner, Mrs. Olton Pate, Mrs. Edd Hillhouse, Mrs. Speedy Scott, Mrs. Joe Durham, Mrs. Muti Wansley, Mrs. Paul McCann and Mrs. Baker Nase, and Mrs. De' Wells.

Rufus Gresham and Russel McClure of Memphis, visited in the Paul McCann home Sunday afternoon.

Mr. and Mrs. Bob Walker of Fort Worth were week end guests in the home of N. E. Nase.

Christmas came early for Clayton Wells this year. He was delightfully surprised last week with a golden sorrel pony from his Dad and Mother.

Mr. and Mrs. N. E. Nase and Mrs. Baker Nase and Mike visited the Paul McCannes Sunday night. Mrs. Baker Nase and Mike spent the night and Monday morning.

Mr. and Mrs. T. W. Luttrell visited in Memphis Sunday afternoon with Mr. and Mrs. R. B. McMurry.

Mr. and Mrs. J. H. Lowe and Mr. and Mrs. Clayton Bownds of Childress spent Thanksgiving in Fort Worth with their daughter and sister Wanda, who is employed there.

Mr. and Mrs. Paul McCann and Mr. and Mrs. James Skinner visited Mr. and Mrs. Earl Mitchell at their home Sunday afternoon.

Mrs. Don Knox went to Quannah Monday for medical treatment.

Mr. and Mrs. M. E. Whitfield and Sandra of Borger, and Mr. and Mrs. Jake Legritt of Lefors, spent the week end here with friends and relatives.

Mrs. Rilda Smallwood and sons of Amarillo spent Thursday with Mrs. Troy Payne. Mrs. J. W. Watson and Gladys returned home to Amarillo with them for an indefinite stay.

Mr. Buchanan of Turkey, Mrs. Troy Payne and son, Gerald, spent Sunday with Mrs. Tom Jones.

Mrs. Joe Melton and her daughter, Mrs. Alta Davenport and her daughter, Mrs. Louise McWhorton and her small son, all of Lorenzo, visited with Mrs. Joe Melton's sister, Mrs. S. J. Melton Thursday of last week.

Mr. and Mrs. Carl Weatherton of Carlsbad, N. M., spent Wednesday and Thursday visiting Mrs. Weatherton's sister, Mrs. James Skinner and her mother, Mrs. S. J. Melton.

Carroll Fowler.

Mrs. Bobbie Hancock spent Thursday with her daughter, Mrs. Mr. and Mrs. Aubrey Henry of Amarillo visited Sunday with Mr. and Mrs. Tollie Henry.

Mrs. Mac McQueen and daughters visited in Shamrock Saturday with her sister, Mrs. C. C. Horschler.

Baker Nase of Artesia, N. M., arrived Monday afternoon for a visit with his parents, Mr. and Mrs. N. E. Nase. Mrs. Baker Nase will return home with him.

Mrs. Del Wells visited Sunday afternoon with Mrs. T. M. Isham in Memphis.

Mrs. Del Wells and Mrs. Paul Smith were shopping in Hollis, Okla., Tuesday of last week.

Lola Mae Saunders Becomes Bride of Douglas Cathey in Clovis Rites

Miss Lola Mae Saunders, daughter of Mr. and Mrs. E. H. Saunders of Lakeview, became the bride of Douglas Cathey, son of Mr. and Mrs. H. L. Cathey of O'Donald, Thursday, Nov. 16, in Clovis, New Mex.

The couple's only attendants were Mr. and Mrs. Darrell Parker of O'Donald, the groom's sister and brother-in-law.

For her wedding the bride chose a blue crepe dress with rhinestone trim about the neckline and black accessories.

Mrs. Cathey is a graduate of the Lakeview High School with the class of '49 and attended West Texas State College. She was employed by Dennis Clinic.

The groom attended school at O'Donald and for the past five years has been employed with the Independent Drilling Company.

Mr. and Mrs. Cathey are at the present time at home in Bowie, but plan to move later to Illinois.

He puffs away his care While the aromatic fumes Caress his ruffled hair.

Indeed pipe smoking, on occasion, has been regarded ceremoniously. The custom of pipe smoking was held in such high respect by the Indians that a functionary was appointed by each tribe to care for and fill the war and peace pipes. Pipes were smoked in perfect silence following every important agreement or decision. Furthermore, when pipe smoking first became popular in Europe, nobles had tobacco parties where the lords, and ladies too, gathered to smoke their "clays" according to the elaborate rules of etiquette. The very finest clay used for pipe making then and now is meerschau which, because it is light in weight, hard and porous, is called by the German word meaning "sea foam." Meerschau, a clay-like silicate of magnesium, is mined chiefly in Asia Minor, Moravia, Morocco, Spain, and Mexico. Before being made into pipes, this mineral is soaked in wax rendering it capable of a high polish. Though white or cream colored at first, with use and handling, meerschau turns to a beautiful cherry red. So the proud owners of fine meerschaus are particular about coloring them, being careful to swathe them in flannel, cool them slowly, and handle them with chamoise gloves.

That the briar root was suitable for pipe making, was accidentally discovered by a French pipe-maker who broke his meerschau while

on a pilgrimage to the birthplace of Napoleon and so substituted the briar. Though materials fit for making pipes are few, their shapes and sizes are numerous. Certain tribes of Brazil smoke pipes with bowls large enough to contain whole handfuls of tobacco. The Turks smoke a special kind of moisture cooled pipe with water bottle attached which they call a water pipe; and the natives of Ireland enjoy very long-stemmed white clay pipes. Sad but true, the pipe too often popular in the Orient as well as the Western Hemisphere is the opium pipe. In contrast, our forefathers delighted to smoke corn cob pipes, as they roasted chestnuts in the open fire.

Inhaling the bland aroma. He puffs away his care While the aromatic fumes Caress his ruffled hair.

A pipe is a rare companion For, unlike any girl, It smells sweet but says nothing As the smoke clouds unfurl.

The great musical composer Johann Sebastian Bach was so ardent a pipe smoker that he wrote a song in praise of it entitled "The Tobacco Pipe" (in German, "Die Tabaksfeife"). Furthermore as a reward for meritorious service, Napoleon once presented one of his generals with a jeweled pipe costing 12,000 francs... a small fortune in that day. Probably the most unique and costly pipe collection today is one owned by an American tobacco concern and

Walter Rogers To Appoint Boys To Academies

All persons not less than seventeen (17) and not more than twenty-two (22) years of age as of July 1, 1951, who desire to apply for entrance to the United States Military Academy of the United States Naval Academy should immediately write Walter Rogers, Congressman-Elect for the Eighteenth Congressional District, at Box 1699, Pampa, Texas. Examinations will be conducted by the United States Civil Service Commission and will be given to candidates on Monday, January 15, 1951. Names of those desiring to undergo the examination should be in the hands of Walter Rogers not later than December 15, 1950, as this information must be furnished the Civil Service Commission

not later than December 15, 1950. The examination will be conducted at points that are readily accessible to persons desiring to take the same. Any person should undergo a thorough physical examination by a physician, so that the possibility of passing the written examination and then being rejected by a medical officer will be avoided. All necessary information will be furnished to applicants by Walter Rogers, Congressman-Elect, upon receipt by his office of names of those desiring to take themselves for the examination.

Pearls of Wisdom

Strung by J. H. R.

PEARLS OF WISDOM Companion Piece A pipe to a man Is a comforting thing; Be it clay, briar, Cob, or meerschau. He can cradle the bowl

In the cup of his hand And think the thoughts That belong to a man. The fact that tobacco pipes have been found in abundance in Aztec tombs and with the remains of the Mound Builders, inclines historians toward the belief that to-

bacco had been almost universal use among the Indians since ancient times. Jean Nicot introduced tobacco into France in 1559, hence the scientific name for the plant 'nicotiana,' and the name of the active principle 'nicotine'. Tobacco was taken to England by Sir Francis Drake in 1585 where Sir Walter Raleigh soon afterward made pipe smoking fashionable. Tobacco culture began in America with the earliest settlement in Virginia and today the United States is the chief tobacco raising country, producing a third of the world's supply. By the fire, man can sit And dream the while The smoke curls Wreath his contented smile. Inhale the bland aroma.

Why Tussle Under a Mountain of Covers?

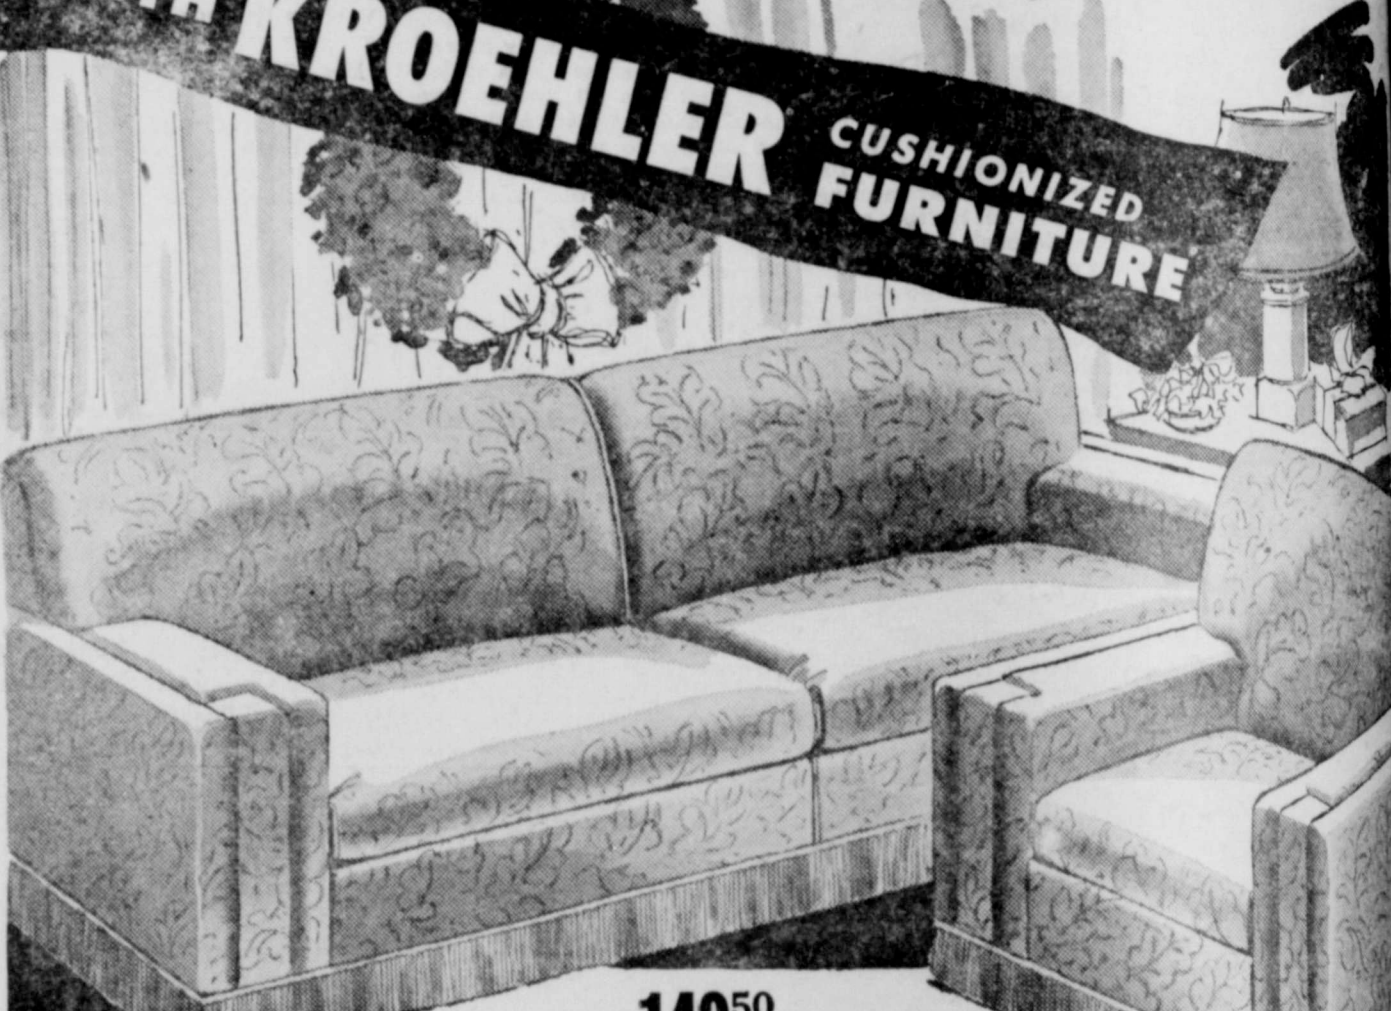

Enjoy Perfect Sleeping Comfort with a GE Automatic Blanket

Washington: ZEKE SEZ

By Nugent E. (Zeke) Brown

INGTON, D. C.—(Special) the most influential farm in the nation's capital, a farmer from Granger, Ralph W. Moore, is a very individual these days.

the other day, the U. S. Department of Agriculture issued a report in which they report that the price of hogs is being manipulated by a group of speculators.

found Ralph W. Moore trying to manipulate the price of hogs for his own profit three years ago by use of a false press release.

He was ordered to stop for 90 days beginning in 1947.

The release was issued in 1947, a big 250-pound, rudimentary, ebullient chap, stumbling over with excess verbiage.

immediately denounced the release and this week he also filed an appeal with the Federal Reserve Board.

He had to testify before the Federal Reserve Board and says the release was "without foundation in fact."

about 42 cents an hour for his labor. Every farmer deserves every penny he gets. As to higher prices for hogs, which I have always attempted to get for the producer, it will be better for both producer and consumer as it will put more pounds on each animal. If hogs maintain at one-cent a pound above top hogs we have a fair ratio. Back in 1947, I issued a statement based on information from a White House report on exports of fats and oils.

This Texas farm leader, who, admittedly, has made a good living for himself and his wife as a commodity speculator, probably gets more calls from members of Congress than does any other single outsider in what is known as the powerful farm lobby.

"They accused me of promoting inflation," laughed Moore the other day, "because I was one of the first to advocate that farm prices be tied to wages since the two go hand in hand."

Moore fought long and hard for abolishment of the O. P. A. "It was just a method to beat the producer out of his just profits for his grain and feed crops," the blaceland farm operator added.

His hundreds of friends on Capitol Hill are not worried one bit but that Ralph Moore will be hitting the future markets as usual come New Year's despite the edict of the agriculture department. The charge will not stand up in court, they say.

Moore is and always has been a "bull" in the market, being net long at all times, he says.

PLASKA

By MRS. W. L. NABERS

Mr. and Mrs. Eber Henderson and daughter of Samford spent Saturday night in the home of Doyle Hall.

Mr. and Mrs. L. A. Bray and Mrs. Edd Galloway were Childress visitors Monday.

Carolyn Ann Hall spent last week with her uncle, Doyle Hall and family.

The Plaska Needle Club met in the home of Mrs. Sall Smith in Memphis Tuesday for their Christmas social and will now disband until after the first of the year. First Tuesday in January will be the next meeting.

Mildred Booth of Lesley spent Tuesday night with Norma Jean Nabers.

Gaylynn Hall was sick in the hospital from Saturday until Sunday night. She was brought home Sunday night.

Little Mike Nabers has been on the sick list this week with a cold. Mr. and Mrs. Blufford Burnett and Bettie ate supper with Mr. and Mrs. A. W. Malloy Friday night.

Those attending the basketball game at Hedley Friday night were Mr. and Mrs. Doyle Hall, Sue and

LeBlanc Thanks Newspapers for Cooperation—America's modern medicine man, Senator LeBlanc, manufacturer of Hadacol, thanked more than 400 members of the Oklahoma Press Association at their meeting here for the important part played by weekly and small daily newspapers in the tremendous success of Hadacol. The Senator parayed \$2500 in borrowed money into the \$7,000,000 in assets LeBlanc Corporation of Lafayette, La., in two and a half years. "One big reason for my success was that I kept pouring my money back into advertising just as fast and sometimes faster than I made it," said Senator LeBlanc. Hadacol uses more than 6500 weekly newspapers on monthly schedules and announced plans for increasing his budget in this field.

Gaylene, Katrina and Norma Nabers and G. D. Hall.

Shellah Killian spent Sunday night with Sue Hall.

Mrs. Elvyn Hartsell spent Sunday with Katrina and Shirley Nabers.

Mr. and Mrs. Doyle Hall accompanied the basketball girls to Estelline Monday night.

Norma Jean and Patsy Nell Nabers attended church at Lesley Sunday.

Those who have been on the sick list this week were Katrina Nabers, Shirley Nabers, Winnie Nabers and Billye Hartsell.

Sue Hall went to Wichita Falls Wednesday evening with the Killians after their son, James.

Mr. and Mrs. Doyle Hall and Mr. and Mrs. Arnold Hall attend-

ed the football game at Silverton Wednesday evening.

Mike Nabers visited with Patsy and Winnie Nabers Sunday afternoon.

Mrs. Martha Howard and son, Roy visited in the home of her daughter, Mrs. Ruth Misener and family in Newlin.

Mr. and Mrs. Winfred McDaniel and Sandy visited with the I. E. McDaniels this week.

Mr. and Mrs. John Murdock, Bobby, Beth and Eldon visited Mr. and Mrs. Buz Wilson and girls of Ashola Thursday night. Beverly June returned home with them to spend the week end. Beth and Bobby remained there until Sunday.

Mr. and Mrs. G. D. Hall ate Thanksgiving dinner with their

son and family, Mr. and Mrs. Doyle Hall.

T. J. Spry visited in the James Bray home Sunday.

Mrs. Doyle Hall visited Mrs. L. A. Bray Wednesday.

Doyle Hall carried a load of hay to Comanche Monday. Homer Hall and son, Joe of Comanche come home with him and visited with his parents, Mr. and Mrs. G. D. Hall and his brothers and families Friday.

Those spending the evening and night in the Doyle Hall home Thursday were Mr. and Mrs. W. E. Crawford of Memphis, and Mrs. Robert Muncey, sister of Mrs. Doyle Hall and her daughter of Lockney. Buck Holcomb is reported on the sick list this week.

Mr. and Mrs. Jean Koening visited with Mr. and Mrs. K. D. Nabers Saturday night.

Janice Clayton spent Thursday night with Sue Hall.

Mr. and Mrs. Carol Hignight and son, Shelby and Tommie Allen of Commerce visited with Mr. and Mrs. R. D. Hall Friday night and played canasta.

Those visiting in the K. D. Nabers home Sunday were Mr. and Mrs. Zip Durrett and family and Mr. and Mrs. Ector Anthony of Memphis.

Those visiting in the John Murdock home Sunday were Mr. and

Mrs. Buz Wilson and girls of Ashola, Mr. and Mrs. Earl Bloxom and children and Elton Murdock of Memphis, and Sharon Kay Saxson.

Mr. and Mrs. Doyle Hall and girls, Sue and Gaylynn visited Mr. and Mrs. A. Gidden Sunday evening.

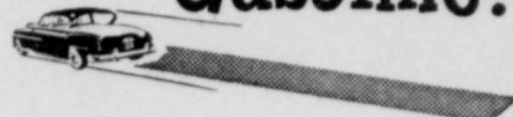

The Doyle Hall family visited Mr. and Mrs. W. L. Craford in Memphis Sunday evening.

PETE SHANKLE, Mgr. Across from P. O. Ph. 95-M

How can you pass up our prices?

As we've been saying for quite a spell— "Whatever your price range—Better buy Buick."

But maybe we'd better get down to brass tacks, as to just what this suggestion means.

In the lower-price field, this has been happening:

Four out of ten Buick SPECIALS—bought by people with a car to trade in—have been bought by folks who formerly drove one of the so-called "low-priced three." They found they could afford a Buick!

In the fine-car field, something even more impressive has happened:

Four out of five people who looked at a ROADMASTER and another very distinguished automobile decided in favor of ROADMASTER!

So—whatever your price range, take a look at our prices—and at what you get for your money.

What you get is the thrill of owning the greatest Buick of all time—as registered by record-breaking sales.

What you get is power and style and comfort and performance that are hard to match in any other automobile.

More specifically—you get the power-with-thrift of Buick's famous Fireball high-compression engine—a style that stands out in any company—a ride with the comfort of coil springs on every wheel—and performance that makes you feel like the head man on any highway.

Better come in today—and see what can be done about getting quick delivery.

Only BUICK has
Dynaflow drive*
and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

McMURRY COLLEGE'S INDIAN BAND will present a 45 minute concert at the Memphis High School at 11:15 a. m., Wednesday, Dec. 13, sponsored by the Memphis Cyclone Band. The 55-piece McMurry band is directed by Raymond T. Bunn. "Versality is the Keynote" is the slogan of the organization which frequently follows up a Saturday night performance at athletic events presenting a complete church worship service Sunday morning.

REACTIONS TO ATTENDING COLLEGE EXPRESSED BY JUNIORS & SENIORS

A survey was conducted among Juniors and Seniors this week on the question of colleges. Each person interviewed was asked if he thought attending college was necessary and what college he preferred. A variety of answers were received and it is interesting to note the serious thinking that these teen-agers are doing. Shirley Hale, a Senior, says, "College, in my opinion, is absolutely necessary for a person who appreciates the finer things that life holds. I plan to attend Clarendon Junior College."

Lee Bloxom, who praises Texas University, is a level-headed Senior who gives his views as, "Col- lege isn't absolutely necessary to one whose ambitions aren't on a high level. If what you plan to do with your life doesn't require a higher education, you should not attend college."

The Roving Reporter

(questions folks suffering from aches in legs, arms, back, shoulders; stomach disturbances, indigestion, gas pains and a general run-down condition when due to lack of Vitamins B₁, B₂, Iron and Niacin)

By RANDY DURAND

THE QUESTION

Do you take the new product HADACOL, which everyone is talking about, for deficiencies of Vitamins B₁, B₂, Iron and Niacin? If so, what are the results?

THE ANSWERS

Henry Pickett, 218 South College Avenue, Blue Springs, Mo.: "I suffered from stomach distress and gas. I was unable to rest at night and couldn't get any relief. But since I've been taking HADACOL, I can eat anything I want and sleep like a log. Thanks to HADACOL."

Mrs. Nora Beshirs of 633 South Knight, Wichita, Kansas: "I suffered from nagging aches and pains and had trouble sleeping nights. After taking HADACOL, my pains went. I started sleeping like a log. My appetite picked up and I started feeling fine. I want to tell all the people I can how HADACOL helped me."

Mr. Don Lloyd, 2706 West 35th Street, Austin, Texas: "The job of a newspaper district route man is a strenuous one, involving lifting many large bundles of newspapers. Before taking HADACOL, I suffered from aches and pains which made my duties a painful task. After several bottles of HADACOL, all pain disappeared. I feel better in every way."

Mrs. Joe Bukowski, 921 Sanborn, Ottumwa, Iowa: "Before I started to take HADACOL, it was nearly impossible for me to do my housework. I was weak, didn't sleep well and lacked an appetite. But since taking HADACOL, I now do all my housework, sleep well and have a good appetite. I'm really 100% better since taking HADACOL."

NOTE: You can get this wonderful new HADACOL at any drugstore in this locality. HADACOL is so effective because it doesn't give symptomatic relief—HADACOL relieves the REAL CAUSE of aches and pains in arms, legs, shoulders, back; stomach distress and a general run-down condition when due to lack of Vitamins B₁, B₂, Iron and Niacin in your system. Costs only a small amount per day. Trial-size, only \$1.25. Large family or hospital-size, \$3.50.

upon the individual and his own ideals. My opinion is that it is entirely optional and should be considered from the impending circumstances."

A definite opinion was given by Carnis Durham in these words, "To attend college is to live up to the highest possible standards. For a good life, college is absolutely necessary." From this poll, it appears that the average student thinks that college is necessary for one to attain his greatest ambition. With this sort of high idealism prevalent among the upperclassmen, doubtless many students will achieve a high peak of success in life.

VETERANS NEWS

Q—I was the common-law wife of a World War I veteran who died recently. If I meet income requirements, would I be eligible for a VA pension?

A—You may be eligible provided a valid common-law marriage was established. File a claim with the VA, and at that time your entitlement will be determined.

Q—I expect to enter a VA hospital shortly for treatment of a 40 percent service-connected disability, and I understand I'll have to remain there for two or three months. Is there any way my family can get financial help from VA while I am hospitalized?

A—VA has no funds specifically available for such purposes. However, after you have been in the hospital 21 days or more for treatment of the service-connected condition, VA will pay you 100 percent disability rating, which

you will continue to receive thereafter for as long as you remain hospitalized for such treatment. Q—I am planning to buy a home with a GI loan, and am ready to make a down payment. What happens to my down payment in case a VA loan guaranty cannot be accomplished? A—Unless you make certain a clause is inserted in the purchase contract stating that payments are to be returned to you if the loan cannot be obtained, you may lose your down payment. Q—Does the new law enabling Spanish-American War veterans to get out-patient medical care without regard to service-connection, also apply to dental care? A—Yes. Spanish-American War veterans may be eligible for full dental care in VA clinics of from home-town dentists with VA approval.

Mr. and Mrs. J. Claude Wells had as visitors Saturday night Mrs. Wells' brother and his wife, Dr. and Mrs. Roy L. Vineyard of Amarillo.

get to reflecting on your slight and some of the things you've had, pause for a moment to consider Albert Johnson in 1946 had finished his farm home, built by the Home Administration, and who returned from the development day program last month only to find the ruins of his fairly well built home.

had enough. But with the FHA officials, including the administrator, Dillard to whom he was trying to get his home.

ing of fires, we read in the local papers that firemen even sit down and eat lunch undisturbed.

rural fire trucks some of which are now using are

timber, meat, and buildings.

Whatever new farm program the congress hands us, let's hope it included rain in the right places.

During the cotton growing season we had too much. But it rains somewhere every day. Rainfall the world over, they tell us, is about constant. A wet season here corresponds to a dry one somewhere else.

And in Brazil earlier this year we saw rice growing on a hillside. The rains came with enough frequency that no irrigation was necessary.

With all this grass improvement someone ought to breed up a variety that is fire proof. Fertilize it

Bought Ford Tractors From Us In 11 Months During 1950

THERE MUST BE MANY REASONS WHY . . .

- POWER**
Talk about power . . . ask for a demonstration on your own farm—see how the Ford Tractor handles a 12" or 14" two bottom plow. This power is available through a four-speed forward transmission.
- ECONOMY**
Weight and traction are added to the Ford Tractor through the implements it carries. No need for excess built weight in the tractor itself. This saves you money on both light and heavy jobs.
- LONG LIFE**
Treat the Ford Tractor right and it will "stay with you" a long while. Part tolerance are very close . . . and the Ford Motor Company knows how to keep them that way.
- EASY HANDLING**
Ford Tractor Hydraulic Touch Control takes the hard work out of manipulating implements. Automotive type steering and Duo-Servo brakes make the Ford Tractor an easy tractor to handle.
- CONVENIENT SERVICING**
The Ford Tractor is a convenient tractor to service and overhaul. Parts are reasonable. What's more, our mechanics are specially trained to work on Ford Tractors.
- HIGH TRADE-IN VALUE**
No other tractor on the market today has a trade-in value of the Ford Tractor.

THE FORD TRACTOR IS MANUFACTURED IN AMERICAN FACTORIES BY AMERICAN WORKMEN FOR AMERICAN FARMERS.

When You Pick a Tractor . . .
BE SURE YOU CAN ALWAYS GET PARTS

PEARL HARBOR AGAIN

Nine years ago today America was sitting glued to their radios and buying newspapers just as fast as they came off the presses in an effort to get the most up to the minute picture of what had happened in place that most of us just knew of vaguely—Pearl Harbor. But while Americans knew of this place in a very remote way, our friends (?) the Japanese had made an intense study of OUR naval base. They took our old plowshares, beat them into swords and drove them into our vitals. This stab was so damaging to us, our military men conceded later, we could have done little to stop an invasion of Hawaii, had the Japs followed up their advantage.

The Nipponese had so lulled us with their song of peace that we were talking peace with their emissaries in Washington at the time of the attack.

Now, nine years to the day since Pearl Harbor the situation is almost the same. Americans fighting while our enemies are in America holding conferences and England and France wanting to trade territory for a few more days of peace. Have they forgotten Munich? Where they sold millions of lives for just a few more days of peace.

May our leaders have the insight to see through this the veneer of sham and not give the communist an inch of territory at the conference table that will have to be won back later on the battle field.

Seal Beach, Calif., Post and Wave: "Any offer of something for nothing from any government, whether in guise of 'free' state medicine or any other sugar-coated-paternalism, is a cruel hoax."

SELLING DEMOCRACY

In the last fifty years has America been selling her youth the wrong idea about democracy? In the past fifty years America has been trying to sell its youth on the fact that in a democracy a man can work to earn a living and have the security of home and family and a good income. True, America teaches its children about its history and government and the men who have risen to great heights, but at the same time the students were getting one hour's indoctrination in history and government they were getting three to five in how to earn money. Behind 90 percent of what child is taught is the thought that it will enable the student to earn more money, and very seldom that it will be a service to man and country.

Money is so necessary in this world, but is so important that it should be put above everything else. Is it so important that it should be put above honor. This is just the situation that we have now in this country and in the government officials from local up to the federal offices. The men are sworn into office on their honor that they will uphold the sovereignty of the position they hold. These men do not sell their honor just because they want to, it is because there is a feeling that a person is worth only the amount of income tax he pays.

Until America again returns to the idea of selling the youth of this land on the idea of self government with honor and that a person is not measured by the amount of money he can earn, but as to the amount of service he can be of to his country is in danger of communism.

Communism sells itself on the fact that every person has security and work. In our system not everyone can earn a rich living because of limits in ability and opportunity and it is these people who fail to earn a good living that forms the weakness in our defense against communism.

While on paper communism can offer security and work to match democracy, it can't offer real self-government to the masses. The first lesson in salesmanship is to try to offer the customer something that your competition can't. Self-government is our big point and the youth should be taught to want this more than life itself.

How many people remember who the rich people were in our fights for freedom through the ages, but what person don't remember Washington, Lincoln, James Bowie, Sam Houston, Colon Kelly and all the other great men who have done so much to protect self-government.

POWDER KEG

Memories

Turning Back Time 25 Years

From The Democrat Files

25 Years Ago

December 24, 1925

FAMILY DESERTS THREE CHILDREN—A man living on a farm near Lakeview departed with his wife and two small daughters, leaving three boys, age 10, 12 and 14 years respectively at the farm where the family had been picking cotton the past few months. No word has been received from the party since their departure and it is believed they have deserted the boys and have no intention of returning for them.

CYCLONE SQUAD AWARDED NEW GRID SWEATERS—Twelve members of the Cyclone, Memphis High School football squad, and their coach, Blake Bolton, were presented with Sweaters last Thursday morning during the chapel hour. Supt. S. C. Miles

awarded the sweaters, which are beautiful indeed, being of the slip-over type and made of old gold wool trimmed in black with black service stripes on the arms. Each stripe indicates one year's service on the squad.

FOUR HURT IN CAR ACCIDENT FRIDAY NIGHT—An accident, which came near proving serious, occurred Friday night when the Ford touring car in which V. T. Arrington and family of Plaska were driving, crashed into the culvert at 16th and Main streets and overturned.

HEADLINES IN THE DEMOCRAT—"Edison Artists Entertain At Local Church," "Local Girl Weds In Breckenridge," "Tri-County Institute In Session Here," "PERSONAL"—Miss Ida Alexander came home Saturday

from Canyon, where she has been attending WTSTC and will spend the holidays with her parents Mr. and Mrs. J. S. Alexander . . . Miss Jimmie Cooper is home for the holidays, she was been attending C.I.A. at Denton . . . Commissioner U. F. Coker and R. H. Butler of Turkey, were visitors in Memphis Saturday.

20 Years Ago

Friday, November 28, 1930

CYCLONE LOSES DISTRICT CROWN TO DALHART WOLVES—The curtain has been rung down on football in Memphis for the current season as the result of Coach Blake Bolton's Wolves administering a 26-0 defeat to Coach Nolan Walter's Cyclone squad on the Dalhart gridiron Turkey Day. It would have been a sweet game to have won and is equally a hard game to have lost. No alibis will be attempted.

TWO TONS OF SEED STOLEN OFF TRUCK—Two tons of cotton seed were stolen Tuesday night at 8 o'clock from near Parnell, according to Sheriff Sid Christian. The seed, belonging to the Memphis Cotton Oil Company, was left on the truck while the driver went into Parnell to have a punctured tire repaired. When he returned

Press Paragraphs— QUOTING OUR NEIGHBORS

Give the Firemen a Break
Whenever the fire siren sounds in Perryton, it becomes readily apparent that many men and women openly endanger the lives of the volunteer firemen and impede their efforts to serve the public.

Numerous precautions are heeded daily to prevent fires and keep hazards at a minimum and there is no person who would refuse to fetch a pail of water for someone fighting a fire. Nor is it a rare thing to find a man willing to rescue a child from a burning building.

What quirk of human nature is it, then, that impels people to get in the way of the firemen and thus reducing the chance of saving property?

With the Christmas season coming on, and the fire hazards perhaps a bit greater than usual, we believe that it is time to give the firemen a break when they have to answer the next call.

According to law, a sounding siren or an emergency light on the front of a vehicle demands right-of-way. Those failing to yield to such a demand can be punished. This law is broken every time the fire engines pull away from the city hall.

The only thing that will stop this practice of rushing to the fire would be a stiff fine for those who have no business there. Until that time comes, an application of the golden rule would help a lot toward making the work of the firemen easier and more efficient.

—Ochiltree Herald

You May Save Your Own Life
It seems impossible with all the people in the county who have fought for or against the hospital for the past three years, that not one single person found time enough to appear before the Commissioner's Court last Friday to present their views as to whether

he found that the seed had been loaded into another truck and carried away. Officers were notified. THANKSGIVING DAY IS QUIET AFFAIR—Thanksgiving day in Memphis was a rather quiet affair. Nearly all of the stores were closed in observance of the day and the principal event of interest was the union services held at the First Christian Church Thursday morning at 11 o'clock, with Dr. J. Hardin Mallard delivering the sermon.

HEADLINES IN THE DEMOCRAT—"To Award Contract For Highway Work," "Dalhart Extends Team Courtesies," "Park Board To Convene Here December 10."

STRICTLY PERSONAL—Lee Pope spent Thanksgiving in Quanah with his parents . . . Mayo Odom, who is a student at Texas Tech, came home Wednesday to spend the Thanksgiving holidays with his parents, Dr. and Mrs. J. A. Odom.

1951 Chevrolet Display Saturday

verse travel, giving a consistent, surge-free operation that will please drivers.

Of almost equal interest among safety features are recessed control knobs in the driver's compartment. All protrusions are now set below the smooth contours of the instrument panel. Shielding of the windshield from instrument light reflections is as well provided by a rounded ledge above the panel. Subdued lighting of dials for night-time driving is still another safety asset.

Important as it will affect parking is an increase in steering gear ratio. Other points worthy of mention under driving ease are new convenience of controls, relocated brake pedals, reduced vibration through greater torque tube rigidity and a new method of propeller shaft balancing in production.

Appearance-wise, the improvement is discernible even to a casual observer. Changes both at front and rear enhance the impression of ruggedness and room. The radiator grille has been restyled and simplified. The design now consists of three horizontal bars, the lower two extending further across the fenders to form a circular frame for parking lamps. Frontal beauty is additionally embellished by new bumper guards, emblem and hood ornament which carries a jet-craft form.

The De Luxe and Special series will again be distinctive. Exteriors of the De Luxe bodies have a greater amount of chrome and stainless steel trim and are distinguishable on the highways by a moulding which starts just above the wheel opening in the front fenders and is extended into the doors.

Interiors of the De Luxe bodies are treated in two-tone gray, a styling feature carried by both seat cushions and instrument panels. With the Special models, the interior is also two-tone gray. A gray striped pattern cloth is used as upholstery material in the Special models while De Luxe models provide a band of plain gray across the top of seat back cushions upholstered in striped gray broadcloth. In addition, De Luxe models are equipped with such accessories as cigarette lighter, center-mounted clock and full-circle horn rings. Special luxury treatments have been incorporated in convertible,

FRESH CHEVROLET STYLING IMPARTS LOWER LINES—The new 1951 Chevrolet that goes on display at Potts Chevrolet Co. Saturday Dec. 9, is designed to accentuate a longer, lower appearance. Radiator grilles have been simplified, the decorative body moulding lowered and rear fender crowns raised. Models also offer added safety.

Bel Air and Station Wagon. New this year to the convertible is a rear window of clear, flexible plastic offering more than three times the vision area of the former opening. Also in the convertible, the automatic top motor has been moved into the trunk forward of the spare tire as a service improvement.

For 1951 Chevrolet offers two economical valve-in-head engines. The standard engine develops 92 horsepower while the optional

power plant, available on De Luxe models with Powerglide, develops 105 horsepower.

VETERANS NEWS

Q—I am a BI Gill trainee just married. May I claim both my wife and my mother-in-law who just came to live with us, as dependents for purposes of increased subsistence?

A—You may claim your wife,

if you submit proof of your marriage to VA but not your mother-in-law. Persons who may be claimed for additional subsistence include a wife, child, dependent parent or other dependent person who has acted in loco parentis (in place of parent).

Q—Where may I get a free medical examination which I need in order to reinstate a lapsed National Service Life Insurance policy?

A—You may obtain your examination at any VA hospital or at

Students Chose Most Popular Two Of Estelline High

Billy Winkler was chosen most popular boy and Monna Burk was picked as most popular girl of Estelline High School by the student body this week.

any VA office to which a salaried physician has been assigned.

Q—I understand my BI loan entitlement can be restored if I am suddenly transferred by my employer to another city. How do I go about it?

A—Application for restoration of used entitlement in such cases as yours should be made to the Loan Guaranty Officer of the VA regional office which guaranteed your loan. A written statement should be submitted setting forth the reasons for the request.

Q—I am in the Marine Corps Reserve, and I draw a disability compensation payment every month from the VA. What happens to it when I'm recalled to active duty?

A—Pensions, compensations and retirement payments to former servicemen may not be paid if veterans are recalled to active duty. If you are called back, be sure to notify VA immediately, otherwise you will receive an overpayment that must be repaid.

Veterinary

522 N. 9th St. Res. Ph. 32
Memphis, Texas

Each class picked their favorites in an election held in the class meetings. The seniors chose Jo Shoffner and Nicholas Hood; the junior favorites are Athelen Jones and Ted Hood; favorites of the sophomore were Charles Gardenhire and Shirley Sprull; freshman favorites were Cherry Croff and Ted Fowler.

The most popular girl, Monna Burk, is the daughter of Mr. and Mrs. Jim Burk of Parnell. She is a member of the junior class and was their nominee for high school queen this year. She is a member of the pep squad and president of the Future Homemakers of America and sweetheart of the Future Farmers of America.

Billy Winkler, son of Mr. and Mrs. S. E. Winkler, is a senior and was chosen last year as the best all-around boy. He plays all sports and was picked on the all-district football team for 2-B this year. He is co-captain of the Bear Cubs and a member of the annual staff.

MANY NEVER SUSPECT CAUSE OF BACKACHES

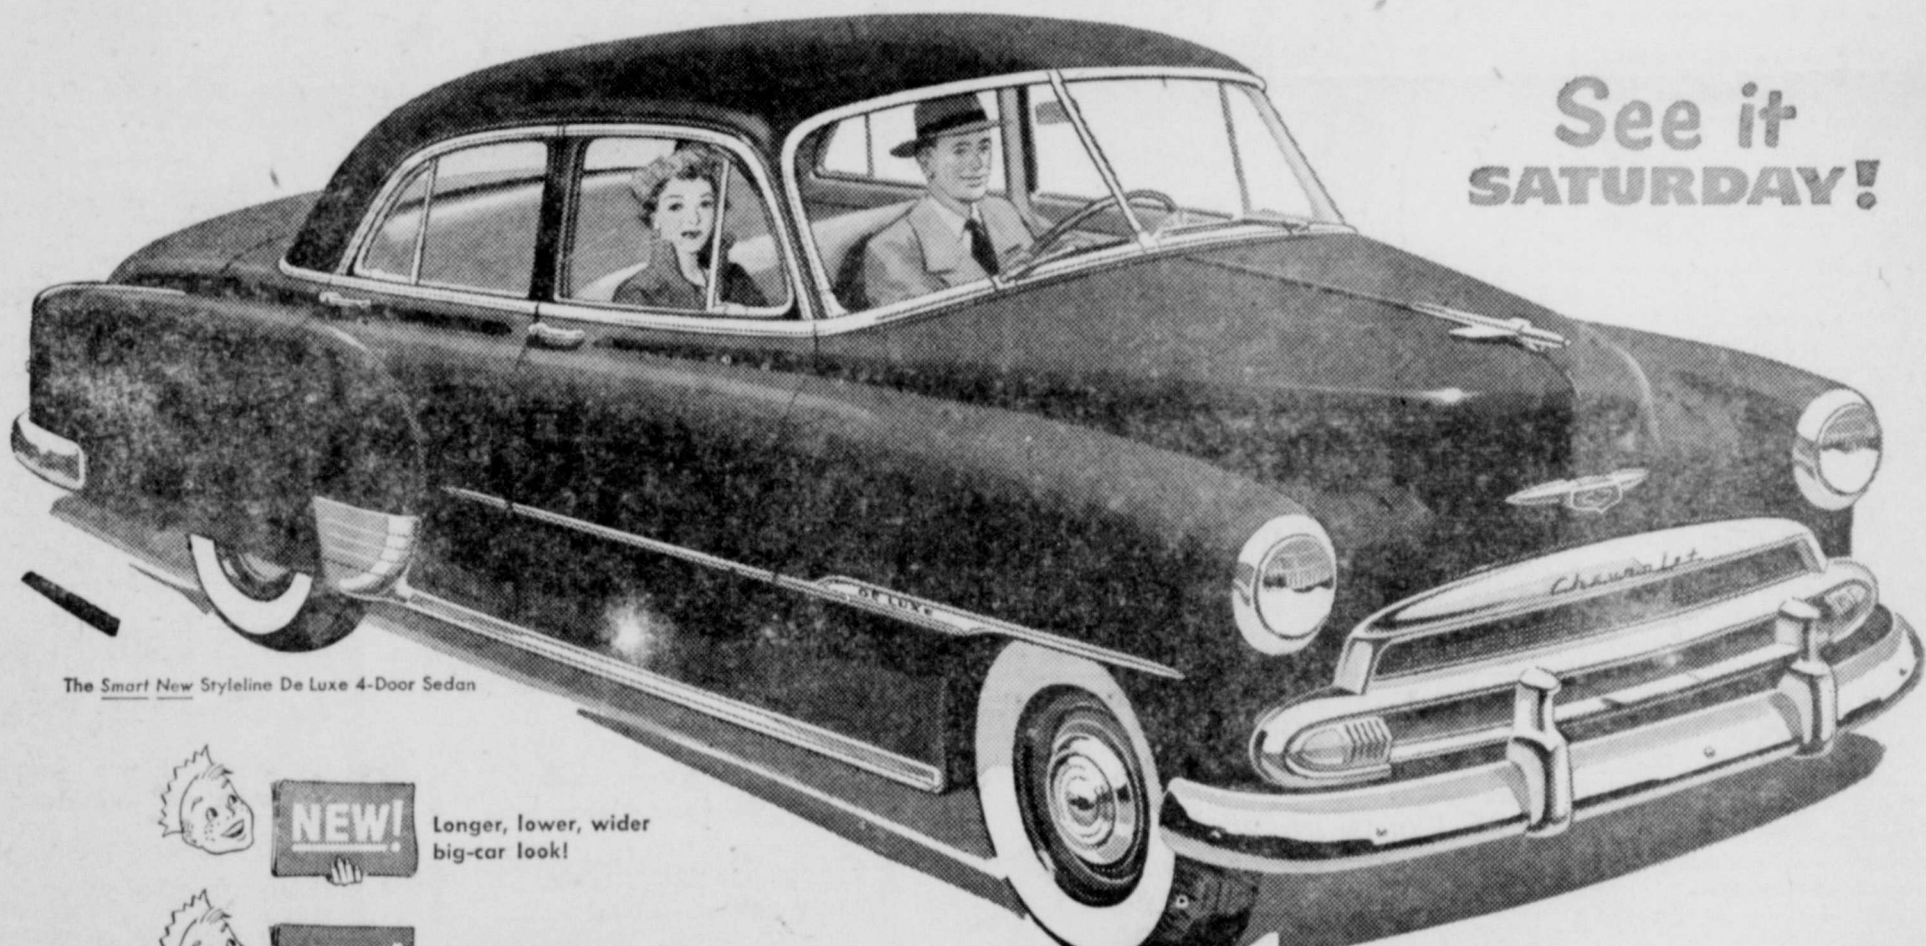

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backaches, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
