MEMPHIS SCHOOL BOARD DISCLOSES \$275,000 IMPROVEMENT PROGRAM

New Elementary School To Be Constructed If Plans Approved

A proposed \$275,000 overall building, repairing and improvement program for the Memphis Independent School District was announced this week by members of the School Board.

The proposed program includes construction of a new elementary school on school-owned property between 11th and 12th streets and College and Grundy streets in the north-west section of Memphis.

The plan calls for the present junior high school to be remodeled and enlarged and to henceforth be used as an elementary school.

The junior high grades would be transferred to the present high school building which will be repaired.

The grade school now occupying the old West Ward building will be removed to the new constructed school building and the West Ward building remodeled and made a part of the High school and Junior high.

The School Board has scheduled a meeting next week at which time an election will be ordered to submit the issue to the voters. Petitions are now being circulated by members of the Board and school patrons concerning the program. The program calls for the issuance of bonds for this school district to paid over a period of 30 years.

Reasons advanced by the Board for the new program includes argument that the city needs more room for lower grade students, and the high school is expanding and greater demands are being placed upon it each year.

Superintendent W. C. Davis Stated that the West Ward building, if remodeled and repaired, could meet this need for the next 15 years. Other new demands on the school system include adult classes, a recreation center, more vocational classes, trade and industry classes, special classes in art, music and commerce, addition of grades after high school graduation, thus establishing a (Continued on Page 8)

Drivers License Check Catches Hot Check Artist

Clark C. Thomas, who was wanted in Dallas for passing worthless checks, was picked up here in Memphis last Friday by Highway Patrolmen while making routine driver license checks.

Officers set up check points on Main street in front of the First Methodist church and at Sixth and Noel streets. Thomas was caught passing through Memphis on the highway.

He was driving a 1950 Convertible Buick which a Dallas finance company stated he purchased with a worthless check.

Deputy Tom Marsh of Dallas and a man from the finance company came to Memphis Wednesday after Thomas and the car.

Angus Cattlemen To Meet Tuesday

A meeting of members and friends of the Lower Panhandle Angus Association will be held here Tuesday evening at 7:30 in the Courthouse.

President Jerrill Rapp will preside at the meeting. Luther McClung of Fort Worth, director of the American Aberdeen Angus Association, will be the principal speaker.

Fieldman for the Association, Milt Miller also will be here for the meeting.

Rapp stated that the meeting was open to the public and all persons interested in the Angus program were invited.

Yard Rules Announced In Contest

Rules were drawn up Saturday for participation in the Yard Contest as part of the City-Wide Clean-Up Campaign sponsored by the Federated Club Women.

Two classifications in the contest will be eligible for entries. Prizes will be given for the most outstanding and beautiful yard and also for the yard that shows the most improvement in the shortest length of time.

"The second phase of the contest is a bid to all owners of new homes, recently completed," Mrs. T. J. Dunbar, contest chairman said.

The committee on yards plans to judge yards in June and again in September, Mrs. Dunbar stated.

Honorable mention will be awarded in addition to prizes. Persons do not have to belong to any club or organization to compete in the contest.

"Any effort in this movement of civic pride will be appreciated and given due credit," Mrs. Dunbar stated.

Rules by which the contest will be judged include the over-all picture including landscaping, walks, general appearance and any special features; the lawn general condition and care; permanency—trimming evergreens, shrubs, planting flowers; and continuous bloom—including buried shrubs, flowers and plants.

Also the complete yard, both back and front, will be judged as a unit.

Additional information concerning prizes will be made later.

Last Rites Held For Pound Infant

Terry Lee Pound, 2-year-old son of Mr. and Mrs. Thomas C. Pound of Hedley, died late Saturday in an Amarillo hospital.

Funeral services were conducted Sunday afternoon at the Murphy-Spicer Chapel here by the Rev. Roy Shahan, pastor of the Memphis First Baptist Church. Burial was at Fairview cemetery here.

Terry Lee is survived by his parents, two brothers, Roy and Jimmie and a sister, Betty Jane all of Hedley and grandparents, Mr. and Mrs. H. D. Nelson of Memphis and Mr. and Mrs. Newman Pound of Antlers, Okla.

Funeral arrangements were conducted by Murphy-Spicer.

Golf Tournament To Be Played Here April 29 to May 6

Memphis' first Golf tournament, the Scotch Tournament will be played April 29 - May 6, but Friday, May 27 is the last day for qualifying rounds.

Matched play at the local Country Club begins Sunday week. A supper will be held at the club the evening of April 27 for members.

"All club members are urged to participate in the tourney", Pro. O. B. Smith said.

Members of the tournament committee are Bill Dunn, Ace Gailey and Ray Childress.

Combs Heads Panhandle Newsmen

Between four and five hundred persons attended the 42nd annual convention of the Panhandle Press Association held in Amarillo last Friday and Saturday at which, Herschel Combs, Publisher of The Democrat, was elected President for 1951.

New vice president is Allen Hodges of the County-Wide News, Littlefield and the new secretary-treasurer is Harold Hudson of the Ochiltree County Herald at Perryton.

Named as directors were Arthur C. Haley Jr., of the Canyon News; Ben Ezzell, of the Canadian Record; Lester Campbell, of the MeLean News; J. C. Howell of the Wheeler Times, Lois Vestal, of the Hockley County Herald and

Levelland Sun-News; Glynn Morris of the Amarillo Times, and Ralph Jullard of the Pampa News.

Other members of the Democrat's staff who attended the convention included Mrs. Combs, Estly Allen and Patsy, Shop Foreman and Mrs. Rudolph Miller, Publisher and Mrs. J. C. Wells and News Editor Conrad Lohsefer.

TO RECEIVE AWARDS—(Left to Right) Scout Don Howell and Explorer Scout Jackie Boone will receive the God and Church Award at a special service to be held Sunday at the First Baptist church. Both boys have long been active in Scout work.

LOCAL BOY SCOUTS ARE TO RECEIVE VALUED CHURCH AWARDS SUNDAY

Boy Scouts Jackie Boone and Don Howell will receive the God and Country award at special service, Sunday morning at the First Baptist church, Scoutmaster Ted Myers announced.

A special section of the church will be reserved for the Scouts of Troop 35, the Lions Club and parents of Scouts.

The program for the awards includes: advancement of the Flagbearers James Moss and Jerry Hill; Scout Jackie Boone will lead the morning prayer; Pledge of Allegiance to the Flag, led by Myers; Church Awards requirements by Rev. Roy Shahan; Introduction of candidates by Myers; presentation of awards. The God and Country Award by Rev. Shahan and significance of the award; Scout prayer led by Don Howell and Retreat of the Colors.

Don, is the 12-year old son of Mr. and Mrs. H. J. Howell and he is a member of the First Baptist church, president of the Junior Sunday School Class, a member of the Junior High Football squad and a Star Scout of Troop 35.

Jackie, 14-year-old son of Mr. and Mrs. Jack Boone, is a member of the First Baptist, the Intermediate Department Sunday School, President of the Pre-Freshmen class, and also assistant Scoutmaster of Troop 35.

Scoutmaster Myers and Rev. Shahan have extended an invitation to the public for this service.

COUNTY FIRES DESTROYS HOUSE, BARN

Volunteer firemen answered two fire calls this week, both outside the Memphis City limits and both major fires.

An oil stove exploded shortly before noon, Monday starting a fire which destroyed the home of Mr. and Mrs. J. B. Cabler, located on the Seth Palmeyer farm, a few miles east of Memphis on the Wellington highway.

Sparks from a mill grinding feed ignited and fire destroyed Horace DuVall's barn near Lakeview Wednesday afternoon.

No estimate of damage was made at either place but fire gutted the Cabler house, destroying all furnishing and a large quantity of hay and feed and some machinery was destroyed in the DuVall barn.

No injuries were reported at either fire. Mrs. Cabler and her children escaped.

Volunteers reported to both fires.

Red Cross Campaign To Be Extended; County Shy Funds

\$1216.65 has been collected in the 1951 fund campaign of the Red Cross in Memphis and County, Chairman J. A. Anthony reported this week.

County's goal is \$2700. Campaign time has been extended in an effort to collect contributions and enable the county to approach the county.

Anthony stated. The funds collected in this campaign, 50 per cent stays in the County chapter for local use. This 50 per cent is used by the Home Service in taking care of needy locally and transients.

Year many individuals and families are helped by meals, clothing and transportation.

Only \$600 will be left to the chapter to help during the amount used for this during the past years has almost twice this amount. If contributions are not received, many needy people will have to go without assistance this year.

In the National Red Cross, the need for funds this year also will be greater because of expanded services to the military.

Anyone who has not been seen by one of the solicitors may leave his contributions at either bank or may get in touch with Anthony, or may call Heydon Hensley at No. 62 or No. 63.

WED. NIGHT WRECK KILLS TURKEY MEN

Two longtime Turkey residents, Jim Albert Daniel, 58, and Tom W. Garner, 54, were killed sometime Wednesday night when their truck ran off a bridge about six miles northeast of Turkey on a farm-to-market road.

The men were driving an empty ton and a half Ford truck. Highway patrolmen are investigating the accident but no cause has yet been determined.

Survivors of Garner include his wife of Turkey, two daughters, Mrs. Tommie Jo Slaughter of Oklahoma and Mrs. Beckie Parker of Turkey. Relatives of Daniel have not yet been located.

Both men, were farmers and have lived in the Turkey area for more than 30 years.

Pressure Groups May Defeat Tax on Texas' Natural Gas

Public Needs to Act—

Below is a re- letter recently sent to Judges and Commissioners concerning the proposed natural gas. We feel it's of interest to the

of the Court:

you have already noted from the House of Representatives have passed the Natural Gas bill by a vote of 87 to 10. The bill proposes a new tax of 5 cents per thousand cubic feet on the privilege of gathering gas in Texas. It allocates the tax to the basis of a rural road fund, 1/4 for incorporated cities for street and 1/4 for public schools.

These taxes are being applied on in various ways, by who oppose this bill and no will be left undone to defeat the bill by the Senate.

Fault H. Samiah, a former of California had this to say: "It's my fault that the pressure groups have grabbed out of the legis-

ceived, many needy people will have to go without assistance this year.

In the National Red Cross, the need for funds this year also will be greater because of expanded services to the military.

Anyone who has not been seen by one of the solicitors may leave his contributions at either bank or may get in touch with Anthony, or may call Heydon Hensley at No. 62 or No. 63.

Funeral services were held Sunday in Decatur. Mrs. Smith was unable to attend.

to 8 times its present rate to be comparable to the present tax on oil, using the heat content or BTU as the factor.

From the Federal Power Commission's release No. 5295-02109: "Washington, March 13, 1951—Operating revenues of Natural Gas companies reporting to the Federal Power Commission totaled \$140,812,532 in December of 1950, an increase of 31.8 per cent over last December. For the 12 months ending Dec. 31, 1950, gas operating revenues aggregated \$1,211,960,354, an increase of 24 per cent over the total reported for the 12 months in 1949.

Net income for the period amounted to \$170,259,419 compared to \$132,070,625 a year before.

Yes, this industry can pay the one cent, and it will be to late to close the gate when the horse is gone.

CONTACT YOUR SENATOR NOW, as to your opinion of this measure.

Signed, O. F. Dent County Judge of Lamb County.

Our Association has gone on record several times, advocating that the tax on natural gas be increased, in order that it may bear its fair share of the State's and its sub-division's administration.

The average price of natural gas at the well head is approximately 5c per MCF in Texas and is taxed at the rate of 5.72 per cent or a little more than 1-4 of one cent per thousand cubic feet. In Oklahoma the minimum price at the well head is 7 cents and in Kansas 8 cents. You can readily see even with an increase of one cent, Texas natural gas would remain the most competitive for the Eastern and West Coast markets.

Small Increase

McDaniel To Hold Annual Family Party April 23-24

J. J. and Ira McDaniel, owners of the McDaniel Implement Company in Memphis, this week announced that they will hold their annual "Family Party" at the high school auditorium Monday and Tuesday, April 23 and 24.

This is the fourth annual affair sponsored by the International Implement Dealers in Memphis, and the curtain will rise promptly at 8 p. m. both evenings.

"We are glad to extend a cordial invitation to everyone in this area to be one of an either of these dates," they said. "Everything is in a full program of entertainment will be yours if you are present."

In prior years, the show they sponsored has played to full houses.

The family party Monday and Tuesday nights will be presented under the title of "Your International Hit Parade." It is rated as one of America's greatest variety programs, the owners stated, with stars of stage and radio fame appearing in person on the stage. Among the attractions will be The Morenos trampoline artists and comedians, Roy Conlin, Jr., and his dummy, "Hickory Heckler" will hold the center of the stage in a ventriloquist act. Penny Wright and Ed Coatney are the other two stars of the show.

In addition to personal appearances of the stars on the stage, full color movies will be shown. These movies will cover such subjects as education, travel and comedy.

"There will be no sales talk—just an evening of entertainment for the whole family," they stated. "We're making plans this year to handle the largest crowds ever, and want our friends and customers to be present."

111-Year-Old Book Owned By County Man

J. A. Stanford, known to many folks as Dan Stanford, lives a few miles Northwest of Lakeview on a farm and has probably what is one of the oldest school text books, outside of those in museums, to be found in the entire country today.

The book was copywritten in 1840.

The book, a history, is entitled, "Book of the United States," and has 824 pages. The book has a cloth-back binding and pictures used in the contents are of 16 and 17th century styles and customs.

Mr. Stanford said the book has been his for the last 55 years and in his family for the last 110 years. Stanford himself, has been around the last 86 years.

He was born in 1865 near Farmersville back in the day when the huge metropolis of Dallas had only about 40-some houses. The son of a cattleman, Stanford be-

gan riding the range when he was about 7-year old. He said he could still remember those days when about the only roads were the cattle trails between Farmersville and Dallas. He has lived in Hall County 35 years.

Geography

The history book is divided into two parts, one on the physical geography of the United States and one on the history of the country. It also contains biographical sketches of men, most prominent during those times.

The phraseology of the book is something to marvel at nowadays compared to the modern brief, concise writing of newspapers and periodicals.

For example we quote: "Clinton, De Witt, was born in 1769, at Little Britain, in Orange county, New York. He was educated at Columbia college, commenced the study of the

law and was admitted to the bar, but was never much engaged in professional practice. He early imbibed a predilection for political life, and was appointed the private secretary of his uncle, George Clinton, then governor of the state.

"In 1797, he was sent to the

legislature from the city of New York; and two years after was chosen a member of the state senate. In 1801, he was appointed a senator of the United States, and continued in that capacity for two sessions.

"He retired from the senate in 1803, in consequence of his election to the mayoralty of New York; and office to which he was annually re-elected with the intermission of but two years, till 1815, when he was obliged to retire by the violence of party politics.

"In 1817, he was elected, almost unanimously, governor of the state, was again chosen in 1820, but in 1822 declined being a candidate for re-election.

"In 1810, Mr. Clinton had been appointed, by the senate of his state, one of the board of canal commissioners but the displeasure of his political opponents having been excited, he was removed from this office, in 1823 by a vote of both branches of the legislature.

"This insult created a strong reaction in popular feeling, and Mr. Clinton was immediately nominated for governor, and elected by an unprecedented majority. In 1826, he was again elected, but he died before the completion of his term."

Mr. Stanford also has in his possession one of the oldest fifty cent pieces that we have ever seen. It is a half-dollar with a picture of Columbia on one side and one of his ships on the other side, and was minted in 1893.

Mr. and Mrs. T. D. Weatherby were Amarillo visitors Monday. Mr. Weatherby, who is chief of police, attended a law enforcement meeting while Mrs. Weatherby visited with a cousin, Mrs. Walter Patton.

Baptist Honors Sr. With Banquet

W. M. S. of the First Baptist Church feted the Senior Class in a formal banquet in the annex on Thursday evening at 7:30.

Guests were: Miss Laura Lightower, Mr. and Mrs. C. C. Ray Newton, Mr. and Mrs. C. Davis, Rev. and Mrs. Shahan, Miss Louella Eades, Mrs. Sam Allen and Ed. Wayland College and all guests from Wayland.

The theme, Christian Education, was featured in the program and the decoration. Table pieces cleverly depicted the Colleges and University about the state. Favors were given their way to a Christian theme. The speakers' table was a large red letters spelled "Wayland."

The meal of fried chicken with all the trimmings, Rev. Shahan served as toastmaster. C. Davis gave the invocation. Mrs. Earl Pritchett, District President of the W. M. S. and the guests.

Allen led the group singing. Christian Education was timely and inspirational. Several solos: "Dear Because", "It is No Secret", "You are My Sunshine".

and a duet with his son "You are My Sunshine".

and his speech with a message entitled "The Love

Choral Group Wins Regional Honors for MHS

The Senior Choral Club added more honors to the M.H.S. Music Department, under the direction of Mr. Perry I. Keyser, at the Regional Contest held in Canyon last Saturday.

After 30 minutes of warm-up the girls went to the main auditorium for contest. They sang three numbers, "Silver and Gold", "We Thank Thee, Lord", and "Wishes," which were on the Class "B" contest list. After these three songs they were directed to the Band House for the Sight Reading contest.

The judge was Professor Henry Hobart. The director and accompanist have two minutes to look over the music then the group had two minutes to study over theirs. A plaque was awarded for a superior rating in this division.

After the sight reading contest the girls were dismissed until 2:30 when Patsy Hays sang "If Thou Art Near" accompanied by Pat Adeock. Minnie Lee Jackson sang "My Heart Ever Faithful."

The duet, Lois Carpenter and Betty Stewart, won superior rating with "Ciribiribin" and were

McLean Rodeo Opens This Week

McLean—The rodeo season will officially open here on Friday, Saturday, and Sunday, April 20, 21, and 22, when the annual three-day rodeo is sponsored by the Floyd-Corbin-Florey Post #315, American Legion.

The three performances will be held in the rodeo arena in the northwest part of McLean. The first performance will be Friday night at 8 o'clock; the second Saturday afternoon at 2; and the final performance Sunday afternoon at 2.

The rodeo, featuring scores of beautiful horses, plus numerous floats, will be held Saturday morning. George Terry, commander of the Legion post, stated. Any organization, or neighboring town is invited to enter floats.

Six events will be held, with a total purse of \$1,200 in prize money. The events will be saddle bronc riding, bareback bronc riding, bull riding, bulldogging, calf roping, ribbon roping. The purse in each event will be \$200, with an entry fee of \$10 for each event.

Stock for the show is being furnished by Tom Harlan of Kellerville.

Highlight of the rodeo performances will be the clown antics of Buddy Heaton and his educated horse, "El Rocho." Heaton, from Kansas, appeared in the Legion rodeo here last year. Bob Sherrod, general chairman of rodeo arrangements explained.

The American Legion will also sponsor two dances, the first Friday night following the rodeo performance, and the second Saturday night at 9 o'clock.

Two booster trips are being planned under the chairmanship of Howard Horne. The first trip to advertise the rodeo will be Saturday, April 14, and the second Monday, April 16.

Lakeview Play Cast Performs for MHS

The Lakeview one-act play cast and their sponsor, Henry Cunningham, presented the play, "Blue Beads" to the Memphis speech and shorthand classes last Wednesday. This is the play that they will take to Regional Contest in Borger.

Youth Appears On Radio Program

Bill Morgan, 11-year-old son of Mr. and Mrs. Bill Morgan of San Fernando, Calif., was one of five students selected to appear on the Art Linkletter program, Houseparty, Tuesday afternoon.

Bill, who is the grandson of Mrs. H. B. Estes of this city, is president of the student council of his school. Mrs. Morgan will be remembered by her friends here as the former Jo Ann Estes.

It is said that the publisher of the Jefferson Texas) Jimplecote named his newspaper in 1865 by scattering a handful of type on the floor and picking up letters at random.

After sundown it is colder, on a resert than in a forest. Sand loses heat while trees hold it. Only one state, Pennsylvania, bears the name of its founder.

Power—Talk about power . . . ask for a demonstration on your own farm—see how the Ford Tractor handles a 12" or 14" two-bottom plow.

Economy—Plenty of performance on the hard jobs, yet the Ford Tractor doesn't pack around expensive excess built-in weight on light jobs.

Long Life—The Ford Tractor is built to high Ford precision standards . . . an important assurance of long life.

Easy Handling—You'll never know how easy to handle a tractor can be until you operate the Ford Tractor. We are anxious for you to demonstrate this feature to yourself.

Low Service Cost—Our parts prices are reasonable. What's more, the Ford Tractor is easy to maintain and repair. Specially trained mechanics save labor time.

High Resale Value—When you trade in a Ford Tractor you get a "premium" price. It's a popular tractor, built in the popular two-plow size.

did a little inventing n the side
Puttering ne day with a cutting
machine f his wn making, he
stumbled upon the idea for a
writing machine. But chess and
printing being his main loves, it
was without enthusiasm that he
completed his first writing-ma-
chine and by use of a carbon pa-
per printed some letters with it
September 1867.

One such letter went to James
Densmore of Meadville, Pa. who
invested some savings in the in-
vention and became the chief
enthusiast about Sholes' brain-
child. Because of Densmore's in-
terest, Sholes worked for the
next five years improving his ma-
chine adding an inked ribbon in-
stead of carbon and reducing its
cumbersome size. A firm of fa-
mous gunmakers, E. Remming-
ton & Sons was induced by Dens-
more to manufacture the gadget
which, in 1874, appeared on the
sales market as the Remington
typewriter.

But is took a contest staged at
the Philadelphia Centennial to
convert the public to the accept-
ance of the typewriter as a
practical machine. The contest be-
tween one Mr. Parsons, penman
extraordinaire of the day, and
the attractive Miss Lillian Sholes
who had become proficient in the
use of her father's invention turn-
ed the trick. Mr. Parsons, able
to write 40 words a minute, was
out-stripped by Miss Shiles at ta-
king dictation and, from that day

on, the typewriter was as essen-
tial as the Captain's chair to the
office equipment of the harried
business man.

Today the typewriter not only
writes the English language but
under the expert manipulations of
one Martin Tytell, speaks many
tongues. As owner, chief inven-
tor, and mechanic of the Foreign
Language Typewriter Co., on Ful-
ton Street in downtown Manhat-
tan, Mr. Tytell leads a busy life
surrounded by typewriters and in-
ternation problems. For the past
20 years, Martin Tytell a vig-
orous, cigar-smoking man of 35,
has thought about little else than
typewriters. As a result, he is now
able to make one over into a
French, a Yugoslav, Russian, Old
English or Cree Indian machine.
He can fix a typewriter so that
it will run backwards to write
Urdu, Hindustani, Arabic, or He-
brew. He keeps a stock of a mil-
lion odd type faces and is equip-
ped to turn out machines in 150
languages and dialects. Although
some 70 per cent of his work is
for expert, the biggest booster to
his business lately has been the
U. N.

After World War II, Mr. Ty-
tell spent a lot of time working
in reverse, as it were, putting
American keyboards on machines
which had been "liberated" by the
G. I.'s. And recently, he has been
busy turning out left-handed and
right-handed machines for ampu-
tees. An accomplished one-hand-

ed typist can do 54 words per
minute which is far better than
many two-handed typist can do.
An certainly, following the "hunt
and cuss" system, it would take
both hands and both feet to equal
that speed in typing.

RESERVIST CALLED

Lt. James E. Deaver, son of Mr. and Mrs. Temple Deaver of Memphis has been re-called into the Air Force.

He left for San Angelo Wednesday. He is a veteran and was formerly employed for the American Petroleum company of Childress. He was in the reserves.

Teachers Awarded New Contracts At Lakeview

At the recent meeting of the Lakeview School Board, Superintendent Loran Denton was awarded a 3-year contract. Coach E. J. McKnight was given a 2-year contract and other teachers elected for one year were Jess E. Whittington, High School Principal, Mrs. Laura Killian, English, H. F. Cunningham, Commercial, E. G. Gaston, Agriculture, W. M. Wood, Science, Mrs. McKnight, Homemaking, Mrs. W. M. Wood, 7th and 8th grades.

The grade school teachers elected were Mrs. Whittington, 1st grade, Mrs. McMillan, 2nd grade, Mrs. Barron, 3rd grade, Mr. Scott, 5th, Miss Addie Fisher, who has taught the 4th grade for a number of years, due to ill health has resigned.

Four additional teachers are needed to complete the faculty for next year.

"This has been one of the best school years in the last several for Lakeview community," Supt. Denton said. Results of the recent community survey indicate that the Lakeview School will be a growing concern in the years to come. We have the assurance and support of the Texas Education Agency that this will be one of the best schools in this district for years to come.

community college, classes for exceptional children in Hall county, and kindergarten classes as part of the educational system.

"In viewing this proposed program, the one factor which rises as a question in everyone's mind," Superintendent Davis said, "Is, do we have the ability to pay this added indebtedness without disturbing the present situation."

Yes

"The answer is yes," he said. In explaining his positive answer, Davis outlined figures prepared by the School Board on the basis of tax collections. Hall County school taxes are levied at the rate of 50 cents on a hundred dollar evaluation with a 90 cent collection. This gives this county the ability to pay approximately \$24,000 annually.

The new proposed plan in addition with the present indebtedness would demand on average of only \$21,463 payment per year.

"By these figures, Memphis and Hall County are certainly in a position to furnish their children the most modern and up-to-date school facilities," Davis said. Other announcements concerning the program will be made next week.

Editorial

MacARTHUR

In one of her recent columns, Dorothy Thompson wrote, "In the controversy over General of the Army MacArthur, our sympathies are entirely with the General. Never before has an American commander had to direct such a project as our troops became involved in via the United Nations..."

"General MacArthur is commanding men who are fighting, suffering wounds and dying at the hands of enemies. They are not sitting comfortably in Lake Success, Washington, London or Delhi; they were sent, not by General MacArthur but by Truman and the U.N. and they have a right to know if they are there to achieve, or whether they are in for a war ad perpetuum—in which neither side can win, though they keep on killing and being killed."

Sometime ago General MacArthur said flatly that, under the policies imposed upon his command, it is impossible to conclude the Korean war—that all we can do is hold our own and inflict maximum possible losses on the enemy while we husband our own strength as best we can. A primary strategic goal in any war is to destroy the enemy's sources of supply. In the Korean war—which is no longer being waged against the North Koreans but against the Red Chinese—the supply bases lie across the border in China. Yet MacArthur cannot even send a plane across that border. So the Chinese armies can be organized and trained and equipped without fear of attack, and then moved into Korea.

The naval situation in that part of the world is equally unprecedented. A great fleet, the 7th is on constant patrol in the waters between Formosa and the Chinese mainland. And the task of this fleet is not to fight Red China, but just the contrary. The commanding admiral's orders are to prevent Chinese Nationalist troops on Formosa from raiding the mainland. So because of the presence of American seapower off China, that possible threat to the security of Communist China has been averted!

The State Department was, manifestly, seriously disturbed when MacArthur publicly stated that he was willing to meet the enemy commander in chief in the field and to discuss terms for ending the bloodshed. The General was called down, though the words used were polite and evasive, as is always the case with a man of his reputation and position. Of this, Miss Thompson said, "There is nothing unprecedented in a commander offering to meet his opposite in the field to discuss a truce... What is unprecedented is for the political authorities who have put a commander in the field against an enemy to leave him without any directives that can be translated into rational military terms." The General is damned if he does and damned if he doesn't.

Another trouble is that most of our allies in the Korean war are far from enthusiastic. The bulk of the U.N. countries followed our lead because they could do nothing else. Britain is the prime example. Britain doesn't want to alienate Red China. She is offering Red China various forms of appeasement—while British soldiers are fighting bravely and dying miserably fighting the Red Chinese! The idea, of course, is that war must be avoided at almost all costs. But to the soldiers in Korea a very real and extremely bloody war is in progress right now—as it is to the commanders, fettered with orders unprecedented in military history, who must send them into battle.

That is how matters stand. And it explains why so many people regard our present diplomatic and military policy as being utterly bankrupt.

Press Paragraphs—QUOTING OUR NEIGHBORS

HOW MUCH IS A BILLION DOLLARS? From The Alice (Texas) News: One billion dollars is \$14.00 per working person for each of the 70,000,000 people working in the United States. Working eight hours a day at \$1.75 per hour a man earns \$14.00. A billion dollars in taxes is the total production of every working man and woman in the country during an 8-hour day. When Congress appropriates a billion dollars, it is appropriating the labor of 70,000,000 people. When an army sells useful material as surplus, it is selling a man's time and labor.

THE SOCIALIST TREND

The Yeakum County Review (Plains, Texas) A writer in The Dallas Morning News warns the nation as to the creeping power of the administrations in charge of our Government. Says he, "the Federal Government owns 24 per cent of all the land in the United States and the powers that be are reaching out for more." This is what our best writers and thinkers are saying. It is time that we do something about this matter. If the present party since 1932 has done all this, it is time to turn the management over to the Republicans and be done with it. In 1928, Texas voted Republican because the people were afraid to have Catholic (Al Smith) as President. Now they have a greater danger lying ahead of them—socialism controlled by Moscow. Better wake up.

who control the party to insure him a place on the ballot. What would his fate in a general election if nominated? We see by the Gallup poll that Truman's popularity has sunk. At the present time it is at its lowest point. In July, 1949, 87 per cent of the voters approved of his method of handling his office. Today he has the approval of only 28 per cent of the voters.

The loss of 87 per cent of the voters during 2 and one-half years is no secret. During that time the Korean muddle has taken place; the Chinese situation has become acute; the President has been writing personal letters which have reached the public; the President has uttered his famous red herring declaration; he has called the investigations of the House committee silly; he has defended the corruptions of his personal staff in the White House and in the Government.

lost faith in Harry Truman. While Roosevelt and some of his antics they never lost faith in his ability as an executive. The same is not true of Truman. He has lost out with the people, and should be replaced by an executive who is unafraid of political pressure, and is opposed to corruption of all forms wherever it may be found.

We sincerely hope that Truman will not seek the nomination. The people do not need a man of this character and disposition.

UNSURPASSED

in the 1/2- to 2-ton truck field!

TALK about power! These great new GMC's are unsurpassed in horsepower in the 1/2- to 2-ton field—power to keep hauling years longer! But new engines are only part of the story.

From the rims up, these GMC's are truck-engineered to stay young throughout the uncertain years ahead. You get proof in feature after feature from individual models—things like wider Twin-Action hydraulic brakes, heavier axles and longer "pillow-action" springs.

Yet extra quality is standard GMC equipment. You pay no "extras" for such things as easy-turn steering with recirculating ball-bearing action, the Ventipane-controlled ventilation of the Weather-sealed "Six-Footer" Cab—Turbo-Top pistons that develop higher power without "knock" even when using standard-grade gasolines!

So come in. Select from the widest range of engine-body-chassis combinations, 9 smart new colors. Drive out in a rugged '51 GMC! You'll know it will take you farther, cost less to run—because it's built to last like the big ones!

7 Reasons Why You Should Have a First State Bank Checking Account

- \$ Convenient payment of bills from your chair. Time, effort and money saved.
- \$ Positive proof of payment in the form of your cancelled check. No receipt required. No danger of double payment.
- \$ A useful record of income and expenses in the stubs and pages of your checkbook. Saves you hours of time in preparing your income tax returns. Helps keep your budget straight.
- \$ A safe place to keep your money. Deposits insured up to \$10,000.
- \$ No loss or theft or large cash sums, because checks make the carrying of a lot of cash unnecessary.
- \$ More economical spending. You can't make large cash expenditures on impulse when you carry only enough for your daily cash needs. You think twice before you write a check.
- \$ The prestige and satisfaction of having a bank account and of paying by check.
- \$ Doesn't all this make dollar-and-sense to you?

Local Play Cast Performs in Area Contest at Canyon

The one-act play cast, after winning District at Wellington went to Canyon last Saturday, to enter the area contest against teams from Plainview Junior High, Floydada, and Perryton. Miss Ceelia Thompson of the Texas Tech Speech Department was judge.

Plainview and Floydada both presented "This Night Shall Pass" by Dorothy Wilson. Perryton's play was "Happy Journey" by Thornton Wilder. The Memphis entry was "Thank You, Doctor" by Gilbert Emery.

Floydada won the contest through semi-professional acting and staging. The lighting and sound effects were complicated and perfectly executed. The acting was dramatic and forceful. The winning of the area meet entitles Floydada to enter the regional meet in Lubbock, April 1.

In criticizing the work of the Memphis students, Miss Thompson complimented their poise, their ability to cover their stage areas, their character portrayals, and their group unity. However, she said that their lines sounded mem-

Favorite Song

This week the roaming reporter took survey on "What is your favorite song, and why? Several different songs, and reasons were given.

Nancy Brewer tells us that "Sentimental Me" by the Ames Brothers is her favorite and that she got to hear the Ames Brothers sing it in person.

Freddy Vinson chose "The Thing", because it describes him so well.

Eudine Gable and Ann Spoon chose "Mamma Blues", and it is not necessarily that they like the song, but they know that next year at college they will be singing it a lot.

Sylvia Lee Weddell has a good point when she chose "I'm Forever Blowing Bubble Gum," because it seems to fit a lot of people.

Betty Burnett likes the new number "Abba Dabba Honey."

moon", because she thinks it is real cute and funny.

Anita Hartsell likes "On Top of Old Smoky, because it is by the Weavers, and she also likes the music.

Ann May likes "Be My Love", because she wishes someone would.

Oneta Ables and Pat Goodnight like "Tennessee Waltz", because you can sing it in a low and loud tone and that's the only way they can sing.

Jo Anne Webster's favorite is "To Think You've Chosen Me" because she's a dreamer, and she thinks of things that might happen.

Pampa Volleyball Teams Win Games

In a volleyball game in the Cyclone gym April 3, the Pampa girls again defeated the Memphis squad.

Pampa won both the "A" and "B" games.

Girls playing on the Cyclone team were: Frankye Srygley, Minnie Jackson, Sue Wesson, Shirley Dunn, Patricia Alexander, Patsy Crooks, Flove Hammons, Betty Beasley, Patsy Jarrell, Carole Lannan, Jesse Hammonds, Mickey Murdock, and Norma Townsend. Coach for the Cyclonettes this year is Mrs. Irons.

Farm Incomes Higher Now Than in '50

For every \$100 Texas farmers made in January and February last year, they averaged \$140 in the same months this year, the University of Texas Bureau of Business Research reported.

Data show farm income in Texas during January-February 1951, rose to at least 177 million dollars—52 million more than the corresponding 1950 figure.

Livestock income showed spectacular January-February advances over the same 1950 period. Total cash income from cattle surged up 100 per cent, and calves, 321 per cent. Sheep, lambs and hog nearly doubled their cash yields.

For the first two 1951 months, farm income from poultry was up 263 per cent, egg revenue gained 200 per cent, and dairy income rose 82 per cent above the same 1950 level.

Wheat is the only grain crop tabulated that brought farmers less total cash during January and February than during the same 1950 months. Corn income by 15 per cent, rice by 26 per cent, and oats by 29 per cent.

Texas production of fruits and vegetables was drastically reduced by January and February freezes, with income down, 43 per cent from the corresponding 1950 period.

REPORT FROM WASHINGTON

By CONGRESSMAN WALTER ROGERS

Impeachment of The President
 My office has received approximately 100 telegrams signed by approximately 150 people. I have also received approximately 100 letters and about 15 personal telephone calls concerning the action of the President in relieving General MacArthur of his command. Out of all of these communications there were approximately five that approved the action of the President. Almost all the others demanded the impeachment of the President, Dean Acheson and various other civil officers. These communications came from the 18th District. I had other communications from outside the District totaling fifty. These were divided in approximately the same ratio. The offices of other congressmen have also been flooded by these communications, most of them expressing heated disapproval of the President's action in this respect. This overwhelming expression of the sentiment of the people affords an excellent opportunity for any man in public office to play politics and to appeal to the aroused emotions of the people. Many have succumbed to this temptation and are attempting to use this serious situation as a political football. This I cannot conscientiously do, as indignant as I might feel about the action and as aroused as my emotions might be under the circumstances. If there was ever a time in the history of this country when cool, calm and collected deliberation was needed in the Congress, it is now. I sincerely regret that the action was taken and I pray God that our position and our way of life will not be jeopardized. General MacArthur is an outstanding military genius. This no one can deny, not even the President. He was a military official and under the Constitution and laws of our Government, he was and is subject to the orders of the civilian officials. However erroneous, however unsound or mistaken those orders might be, they are not grounds for impeachment. The American people are entitled to know the truth as it is written in the law and the Constitution. The provision of the Constitution providing for the impeachment of the President, Vice-President and other civil officers, Article II, Sec. 4, is as follows: "The President, Vice-President

and all civil officers of the United States shall be removed from office on impeachment for a conviction of treason, bribery, or other higher crimes and misdemeanors." The order of the President relieving MacArthur of his command was within his constitutional powers and cannot, standing alone, constitute grounds for impeachment under the Constitution. If the President of the United States or any other civil officer is guilty of any act that comes within the provisions of the above quoted Section of the Constitution, impeachment proceedings should be instituted without delay and prosecuted forthwith. I can tell you that every act of the President of the United States since his induction into office has been thoroughly and searchingly examined in an effort to discover grounds upon which impeachment proceedings could be instituted, and the same is true of Dean Acheson and the other public officials in the Administration. There is no doubt that such proceedings would have been instituted long ago had any evidence been uncovered that would meet the requirement of the Constitution. If there is a citizen of the United States anywhere who has any evidence upon which a public official could be impeached, it is his bounden duty as an American citizen to come forward with it and let the law take its course, let the chips fall where they may. At any time such information or evidence comes into my hands or to my knowledge I will consider it an honor to institute impeachment proceedings against the offending party, whether he be the President of the United States or the lowest public official in our Government, regardless of his party affiliations. I have discussed the matter at length with members of both parties who have been in Congress for the past seven years and who have done a great deal of work on this subject, and not one of them has furnished me with any evidence of any facts of this nature that would come within the the Constitution, and they have stated to me that it is their opinion that the facts they have uncovered would not be sufficient upon which to base such a course of proceedings.

LAFF OF THE WEEK

"They Say He's So Tough He Only Eats The Lions And Tigers In Animal Crackers."

I shall cast my vote for a resolution inviting General MacArthur to appear before a joint meeting of congress, and will look forward to hearing a full discussion of his views. The Congress is entitled to this and the American people are entitled to it. This is

no time for partisan politics. We are at the cross-roads, and the issue is clearly cut. It is Americanism versus Communism.
