ARTHUR RASCO

CAPTAIN RASCO FLYING KOREAN SUPPLY ROUTE

HICKAM AIR FORCE BASE OAHU, HAWAII—Now serving with Pacific Division, Military Air Transport Service at Hickam Air Force Base, Hawaii, is Captain Arthur W. Rasco, 29, USAF son of Mr. and Mrs. L. G. Rasco Memphis.

Assigned to the 1264th Air Transport Squadron, Capt. Rasco is a pilot aboard one of several hundred MATS planes currently flying men and vital supplies to the United Forces in Korea via the Pacific routes. These extend from Travis AFB, Fairfield, Calif., through Honolulu, to Haneda AFB in Japan.

He is married to the former Charline Check, 1525 Golden Hill Terrace, El Paso. They have a son, David.

Capt. Rasco is a graduate of Memphis High School, and formerly worked for the Standard Oil Co. of Texas in El Paso. He entered the service, November 20, 1940 and served in the European area during World War II. He recently reported to Hickam.

Lawyers Settle Gas Co. Suit; Case Dismissed

A compromise between lawyers for the defendant and the plaintiff resulted in settlement of the J. C. Sprull versus the Upton Gas Company of Estelline suit in District Court here Wednesday.

A settlement of \$23,500 was agreed upon by lawyers representing the parties.

The case had been tried before Judge Luther Gribble and the jury had retired before agreement was reached by lawyers.

The jury was dismissed by Judge Gribble on notification of settlement of the suit. Lawyers for the plaintiff were J. O. Fitzjarrald and John Merchant.

The case grew out of an explosion which occurred in Estelline January 21. Mrs. Sprull and her daughter, Bessie, were injured and hospitalized.

First National President Noel To Retire

First National Bank President Thos. E. Noel this week announced his retirement as president of the bank, effective December 31, 1951.

Noel, who has been with the First National for more than 36 years, announced that he and his family have purchased a farm-ranch home near Denton.

"My family will probably move to our new home around August 1, but I will continue my duties with the bank until the end of the year," Noel said.

"I would like to stress that I am not quitting Memphis completely," Noel said. "I intend to retain all my stock in the First National bank and other interest in Hall County."

No change will be made at present in the administrative offices of the bank, Noel continued.

"We feel that we have adequate personnel and can continue our policy of friendly and complete service to our friends and customers."

Noel began work at the First National bank in 1915 as a bookkeeper. The bank was then located on the Northeast corner of the square across from the Memphis hotel. It moved to the present location in 1919. During his 36 years with the bank, Noel served

Govt. Asks Farmers For Top Crop Production

Farmers of the nation this week were called upon by department of agriculture representatives for record crops throughout the remainder of 1951, especially in the production of cotton, livestock wheat and other grain crops.

Locally, County Agent W. B. Hooser again emphasized produc-

tion plans for local farmers stating that the 7-step cotton program will be the backbone of agriculture plans here.

He also stressed the fact that while farmers in this area are called upon for a record cotton crop, estimated acreage totaling around 175,000 acres, there is

an acute need for grain and asked for combined cooperation from farmers and dealers.

"With continued strengthening in consumer demand in proposed and with military requirements increasing, there will be need for all the livestock, cotton and grain products that can be produced in the next few years," Hooser stated.

Calling for an effective use of seeds, fertilizers, labor machinery feed, water and other resources, Hooser said there has been no time in history when cotton and cottonseed products were more urgently needed than now.

The shortage, he explained, is due to reduced acreage, bad weather, insect damage and low production in 1950 coupled with high domestic consumption and foreign export demand.

"This affords Hall County cotton farmers an opportunity to increase production to meet market demands and to help hold

Bill Billington Reported Killed in Korean War

Hall County's second casualty of the Korean War was confirmed this week as the War Department notified Mr. and Mrs. W. E. Billington that their son, Pvt. Billy C. Billington, was killed in Korea.

Last summer, Mr. and Mrs. Billington received notification that their son was missing in action. He had been missing since July 11.

The 21-year-old youth was born near Memphis and lived here with his parents prior to entering the army. He attended Memphis high school and enlisted in the army school and enlisted in the army school and enlisted in the army school in May 1948. He was shipped to the Far Eastern Theatre in September 1948.

Exact details of Billington's death were not made public. He is the third son of Mr. and Mrs. Billington to serve in the armed forces. Two older brothers are World War II veterans.

Exes Defeated 34 to 0

The fourth and final week of spring training for the Memphis Cyclone football squad ended Wednesday afternoon as the Cyclones for 1951-52 defeated the Cyclone Exes 34 to 0 at the high school stadium.

This was the last official contest to be directed here by Coach Chuck York who has resigned his position with the Memphis schools.

York has been with the school system the past four years. One year as assistant coach. During the last three as head coach. During the past football season, York's team won seven games and were defeated only three times.

After the present school term ends, York plans to attend summer school at Texas Christian University this summer and will report to Brady as head coach next fall.

"I have enjoyed working and teaching in Memphis the past

four years very much," York said. "And actually I hate to leave, but feel that I cannot pass the opportunity."

York leaves the Cyclone football department completing four weeks of spring training in which 42 high school boys took part.

Of the 42, only six will be seniors next year. The remaining 36 boys will be sophomores and juniors. Five of the six seniors are three-year lettermen. Thus York leaves a well-stocked squad for the next coach.

Wednesday afternoon's game saw the regular squad score after an exchange of downs as Clyde Templen scattered the last 15 yards for the first touchdown. Duane Miller pushed over the extra point and the Cyclones lead 7 to 0 after about the first seven minutes of play.

Only seconds before the first quarter ended, David Corley shook loose and scampered 41 yards for

the regulars to up the score 13 to 0.

Directly after the second quarter began, Templen again wiggled through the secondary and ran 51 yards to add the third touchdown for the regulars who went on to win 34 to 0.

Thirteen men played for the exes including Jack Pierce, Roddy Stargel, Allen Pierce, Jack Spry, Lee Bloxom, Donald Corley, Robert Henson, Joe Bob Browning, Troyace Rhudy, Rayford Hatcher, son, Algie Orchard, Alvin Bishop and Tommy Messer.

Starting line-up for the regulars included Charles Messer and Frank Norman at ends, Max McCoy and Kenneth Cheek at tackles, Charles Hartman and Mackie Allen at guards, Julius Stevens at center, Ronnie Smith at quarterback, Clyde Templen and David Corley at halfbacks and Duane Miller at fullback.

POLICE SCARE OFF ROOFTOP BURGLAR

A rooftop burglary was scared off in Memphis Tuesday night by patrolmen Henry Stinnett and W. I. Glosson in a running chase atop buildings on the south side of the square.

Stinnett fired two shots and Glosson three at a would-be rooftop burglar around 1 a. m.

Investigation showed the burglar had not gained entrance to any of the buildings on the south side. The officers jumped the burglar after watching suspicious actions of an automobile around the square.

All members of the police department and Sheriff's department were called but the burglar escaped.

Services Planned For '51 Seniors

Baccalaureate services for members of the 1951 graduating class will be held at the First Methodist church Sunday evening at 8:15 and the Rev. Rollo Davidson will deliver the annual message to the Seniors.

Graduation exercises will be held the following Friday evening, also at 8:15 in the high school auditorium.

Dr. Doyle Jackson, from Texas Tech, will be the main speaker.

Childress Irons Defeat Golfers From Memphis

Twenty golfers representing Memphis journeyed to Childress Sunday but were defeated 42-18.

Each man was matched against a Childress golfer and a total of three points were possible for each player on the course.

Members playing from Memphis included Pro. O. B. Smith, Ed Foxhall, Lewis Foxhall, Oren Jones, R. Grisham, Ace Gailey, Louis Saied Ray Childress, Frank Garrett, W. W. Dunn, Jack Boone, J. O. Cobb, Jack Norman, Mack Wilson, Bill Williams, Leo Fields, Dick Fowler, Joe Durham and Paul Smith.

GIRL SCOUTS ADD NEW GROUP

Group Three has been added to Girl Scouts Troop One and additional girls are needed to complete the group, Scout Leader Mrs. Carl Kulp stated this week.

The group meets each Wednesday at 4 p. m. at Mrs. Kulp's home.

Officers of the new group include President Helen Shackelford, Secretary Maribeth Wynn, Treasurer Gwyula Caulfield and Reporter Shirley Freolan. Other members are Ethel Mae Cady, Mattie Lou Copeland, Marka Hartman, Linda Rice and Sandra Kay Lee.

Ray Meeting Postponed

Meeting for preliminary organization regarding a mass chest x-ray for Hall County residents scheduled today has been postponed until May 28 at 7:30 p. m. in the City Hall, according to Dr. J. C. Dryden.

The meeting is postponed because the x-ray personnel were unable to reach Memphis today, according to Dr. Dryden.

Further announcements will be made concerning the mass x-ray.

LAUDE'S COMMENTS

By J. C. W.

After long last, when the rest of the Panhandle had received a rain first of the week and Hall County had been passed up, rain man became sorry for and allowed showers to fall on the day Wednesday, with a fine for a lot more in the next few hours. . . . And it is coming any too soon. . . . Two days has fallen to this Thursday morning, and clouds are ready to let out a lot more.

A DUTY YOU SHOULDN'T SHIRK

Many valid reasons are given each time a jury panel is called for service by those who must be excused in order of their business or personal problems, but how many of us are guilty of giving an excuse to be excused when perhaps actually we could serve?

Many of the average citizens see nothing wrong with advancing an excuse to be relieved of jury duty. But, did you ever think that many of the average people are wrong?

Too many of us look on jury duty as something unpleasant through which we must endure.

Actually, we should swell with pride each time we are selected to serve on a jury. For it is the process of a jury that keeps laws working in our country, thus making possible the freedom of which we, as Americans always are proud!

In olden times in the Orient, a person suspected of a crime was given rice to chew, then directed to spit it out. If the rice came out dry, this fact was considered positive proof that a crime had been committed. The theory was that fear of detection tends to inhibit the natural flow of the salivary glands.

Justice as we know it today is on a much sounder basis than the rice-chewing test. Our trial-by-jury system is the insurance we have against the fear of losing our lives or property without just reason.

Wars that this country has fought are evidence that we prefer a country with advantages of free speech, free press, freedom of religion and trial by jury.

We prove that we are willing to fight on the battlefield for our freedom and our liberties, yet we show indifference, carelessness and laziness toward the use of our individual rights. At least that is what is indicated from the results of a survey just completed by the American Citizenship Committee of the State Bar of Texas. The survey shows that 23 per cent of all citizens summoned for jury service in Texas, beg to be excused, for an assortment of various reasons.

Do these persons actually feel that the parties involved are not entitled to a fair trial by an impartial jury? Or do they just fail to realize the responsibility that rests upon a citizen to accept jury service as a citizen's lawful right and duty in helping to maintain law and order, fairness and justice?

Let us hope and pray that the latter is true, and let us heartily endorse the campaign of the State Bar of Texas and the Texas Press Association in designating the month of May as **JURY SERVICE MONTH**—by asking every Texan to render willing jury service when given the privilege—in order that justice may be preserved.

Press Paragraphs— QUOTING OUR NEIGHBORS

Lift the Lid All the Way
 In Washington the other day, the Fullbright committee questioned a man about a surplus ship deal. This man and several associates had made a quick profit of \$2,800,000 on a \$100,000 investment. The deal was so questionable that when it was disclosed the man resigned from a Federal job. But he refused to name his associates on the ground that the

Fullbright committee was empowered to probe only the Reconstruction Finance Corporation. Maybe the witness was on safe technical grounds. In any case his action suggests a strong need to take the lid off other Federal agencies besides the RFC. Only Congress can do this. The administration has shown repeatedly that it wants to whitewash its agencies, not to expose the rot

that has grown into them. Some observers close to the Washington scene say that enough stench could be uncovered in other Federal agencies to make the RFC smell sweet. They cite especially the Maritime Commission, which has handed out many fat favors to political pals, and the Civil Aeronautics Board. The public should know why the White House overruled the CAB when it recommended against a merger of the American Overseas Airline with Pan American Airways, Joseph J. O'Connell, Jr. resigned as chairman of the CAB when he and the examiners were reversed. Congress has made only a start in uncovering corruption in high places. It should carry through in the interest of honest government.

—The Dallas Morning News

Such a situation, of course, is just what a good many politicians like. Yet John does have a sort of uneasy feeling about "government spending," and he surely ought to have because John's standard of living and even his destiny) is tangled up in those figures. Let's translate a couple of them to show how. As of last October, civilian employees of the local, State and Federal Government of the United States numbered 6,402,000. At the same time, there were 55,400,000 Americans in private jobs. Thus, simple division shows that John and eight of his working neighbors are paying the wages of one of those government workers.

—The Lamar County E-

As of last June 30, the Federal Government owed debts of \$281,000,000,000, the State governments \$5,323,000,000, and local governments \$1,832,400,000. Translated, that means that John is himself in debt for \$1,865,—and so is every other member of his family. Furthermore, those governments are going to collect from John and his family, come what may. A great number of those employees were put on government payrolls, and a large part of those debts were made, because John (who is nobody but you and me) asked our governments for more and better services and benefits. When translated, however, they just don't look so tempting anymore.

"My car gave me trouble—sticking valves!" reports Mr. Banard. "I changed to Conoco Super and have now driven 29,000 miles without any trouble whatsoever."

"50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

'Moonlight and Roses' Is Theme of Junior-Senior Banquet Friday Night

"Moonlight and Roses" was the theme of the annual Junior-Senior banquet held Friday night, May 11, in the high school gymnasium. Guests of honor were members of the senior class and school faculty.

Roses, blue crepe paper and blue lights were combined in decorations to form an artistic setting for the affair. Streamers of blue crepe paper and blue lights outlined the walls and ceiling of the room making a blue haze. Noted at the east end of the room were hearts made of plastic foam and encribed with the numerals '50 and '51 which were outlined with roses. At the opposite end of the room was a crescent moon of silver among several stars. Realistic fences entwined with roses led to the center of the room to an arch way.

Max Kennedy, president of the Junior Class, was toastmaster for the evening.

W. C. Davis, superintendent of the school, gave the invocation and the welcome was extended by Max Kennedy. Tommy Messer gave the response and Miss Wrenn gave greeting from the faculty.

Eudine Gable read the senior class will. Mrs. Reba Stroehle dressed as a gypsy, gave the prophecy foretelling future events for seniors ten years hence.

After the delicious meal, class officers led the group in a Grand March and dancing was enjoyed.

Grand Assembly For Estelline School Held Fri.

A capacity audience filled the high school auditorium on Friday night for the Grand Assembly of Estelline Public School for 1950-51. The program was dedicated to Queen of Estelline High School Miss Bobbie Davis. Jim Moore, vice-president of the senior class gave the tribute, to which the honoree responded.

Invocation was given by Rev. Nolan Wallace, after which Mr. F. C. Rorabaw, music director led group singing of "America the Beautiful." Special entertainment numbers from each elementary grades were enjoyed. Mr. R. B. Tucker, high school principal presented the "E" awards and honor students of the high school. Mr. R. H. Evans, principal of the elementary school presented the "E" awards and honor students of the elementary school. Student representatives summarized the year's work as a whole, and Mr. C. O. Gregory, superintendent spoke a few words concerning the school year. Mrs. John Chaudoin gave the yearly report for the P.T.A. A. D. Britt played a piano solo, "Turkish March from Ruins of Athens", and the Queen and her court were presented. Songs by the girls quartette and those on the stage were followed by the school song and benediction by Reverend A. W. Cooper.

Mrs. Cummings Entertains For Needle Club

Mrs. Clara Cummings entertained members of the Needle Craft Club on Tuesday afternoon, May 15. She was assisted by Mrs. Morgan Baker.

Joyce Hoff to Be Married in June Rites

At a recent tea, Mrs. M. J. Huff, of Clifton, announced the approaching marriage of her daughter, Joyce Maxine, to James B. Darden, Jr., son of Mr. and Mrs. Bennett Darden of Clifton. The wedding will take place on June 9, at the First Baptist Church with the Rev. E. G. Tomkinson.

Miss Hoff has named Miss Ruth Shepherd of Colorado City as maid of honor and her other attendants will include Mrs. Edwin Barlow of Greenville; Mrs. Olee Bakke of Clifton; Miss Lydia Rystad of Port Arthur; Miss Dorothy Ann Brown of Stamford; and Miss

Mr. and Mrs. George Helm announce the birth of a daughter born May 12. She weighed 8 pounds, 4 ounces and has been named Marsha Lynn.

Mr. and Mrs. Floyd Sims are the parents of a son, James Kelly born May 10. He weighed 7 pound 5 ounces.

Marilyn Schramm of Clifton, Christie Margaret Jensen, Kay Schramm, and Rosemary Jensen will be flower girls.

Mr. Darden's attendants will be Calvert Helms of Clifton, best man; Olee Bakke, Clifford Bronstad, Lloyd Verne Homerstad, and Cliff Jensen, all of Clifton; and Pfc. Phil Jensen of San Antonio. Stevie Zimmerman will be ringbearer.

Miss Hoff is a graduate of the University of Texas where she was a member of Phi Mu sorority. She was employed as technician at the Goodall Hospital in Memphis for two and a half years. At present she is a laboratory technician at the Goodall and Witcher Clinic Hospital Clifton. Mr. Darden attended Clifton Junior College and was graduated from the Dallas Institute of Mortuary Science. He is associated with the Clifton Funeral Home.

Estelline Seniors Hold Semi-Formal Tea Thursday

The Estelline Senior Class and sponsor, Mrs. E. F. Kennedy, entertained parents, juniors, faculty members, members of the board of education and other guests with a semi-formal reception in the high school banquet hall on Thursday evening, May 10.

A class night program was presented and included the following numbers: Presentation of the Class of '51 by Mrs. E. F. Kennedy; Class history, Bobby Berry Wallace Jouett; Weldon Fowler Jim Moore, Bobby Adams and Nicholas Hood; Class will, Don Davis, vocal solo, "With a Song in My Heart" by Jo Shoffner; "Between Two Loves," humorous reading by Gary Wynn; skit "His Honor's Off Day", featuring Billy Winkler and a folk dance by Nicholas Hood, Bobbie Davis and Jim Moore. Mrs. C. L. Sloan was accompanist. The last number was a special request, "That Wonderful Mother of Mine" by the high school girl's quartet, dedicated to all mothers present. The quartet is composed of Cherry Groff, Wanda Bell, Barbara Adams, and Doris Chaudoin.

During the refreshment hour Mrs. C. L. Sloan played soft music and the high school girls sang.

The tea table was laid with a lace cloth and centered with a floral arrangement flanked by lighted tapers in crystal candelabra. Miss Bobbie Davis served punch and Misses Jo Shoffner and Betty Richerson served cakes.

Pathfinders to Hold Bake Sale Saturday

Mrs. W. H. Monzingo president of the Pathfinders' Club, announced Tuesday that the club will hold a bake sale at Tarver Drug Saturday, starting at 10 o'clock.

"We will have a nice assortment of home-baked cakes, pies and cookies for sale," Mrs. Monzingo said.

Proceeds from the sale will be donated to the community building fund.

The banquet hall was arranged with potted plants and cut flowers.

Pathfinders' Club Honors Mothers At Tuesday Meet

Mrs. J. J. McDaniel was hostess to members of the Pathfinders' Council Tuesday May 8, when they honored mothers with a very entertaining program.

Mrs. Charlie Williams Jr., mothercraft chairman, introduced the program for the day. Mrs. Robert Spieer gave the poem, "What is a Boy" and Mrs. Young gave "Little Girls are Best."

An original skit portraying the modern trend in disciplin was cleverly given with Mrs. W. F. McElreath playing the old-fashioned grandmother; Mrs. Robert Breedlove, the harried mother; and Mrs. Earl Pritchett the progressive school teacher. Mrs. Barney Burnett played "Daddy's Little Girl" as a musical number.

Mrs. W. H. Monzingo, president, conducted a short business session. Mrs. Lee Brown was welcomed into the club as a new member.

The club adjourned to meet Tuesday for a covered dish luncheon and installation of officers in the Davidson home.

Is This the 'Typical' U.S. Auto?

Dividing its registrations into equal North-South and East-West parts, Chevrolet spots this 1941 sedan as the country's 'typical automobile.' It is owned by Don Sobkowiak, shown above with his wife, in Watseka, Ill., the approximate center of all cars in use in the United States. Sobkowiak, an employe of the Iroquois Farm Bureau, bought the car third-hand. It has 107,000 miles on its speedometer. The 1941 model represents the average age of all Chevrolets in service.

REPORT FROM AUSTIN

By A. J. ROGERS
Rep., 121st. District

AUSTIN—May was officially designated as Jury Service Month in a proclamation issued by Governor Allan Shivers.

Secretary of State John Ben Shepperd announced plans for observing the event. Shepperd, who is chairman of the American Citizenship Committee of the State Bar of Texas, revealed the state-wide program as a joint project of the bar and Texas newspaper publishers, represented by the Texas Press Association, of which Fredrick I. Massengill, Jr., publisher of the Terrell Daily Tribune, is president.

The governor's proclamation followed the passage of a joint resolution by both houses of the Texas Legislature, which stresses the importance of the right to trial by jury and the dependence of this right upon willing service as jurors by all eligible citizens.

"The primary objective of the event," Shepperd stated, "is to give new life to the jury service so that our democratic process of free courts will survive." General objectives are: (1) that no Texan will ask to be excused from jury service during the month of May; (2) to make a study of the types of individuals asking to be excused; (3) to urge employers to insist that their employees accept jury service, and to pay them while serving; (4) to urge lawyers to insist that their clients accept jury service; (5) to find new and better ways to encourage eligible jurors to serve; (6) to make the public conscience of the fact that seeking to be excused from jury service will, in time, cause them to lose that right.

In discussing "Jury Service Month," Shepperd said, "Apathy and unwillingness to serve on a jury are a real detriment to our free court system. A man who tries to be excused from serving on another's jury is in a measure denying him the right to trial by jury.

Civic clubs and schools over the state are being invited to conduct jury service programs during May. Local lawyers will appear by invitation before school, club and church groups. Jurors serving on petit juries during the month

will be given special recognition and will be presented with certificates of service upon completion of their jury duty.

"The Texas Press Association willingly accepted the State Bar's invitation to participate in the Jury Service Month project since the newspapers of Texas have long been interested in the jury service problem of our court system," explained Massengill. "It is hoped that through this endeavor we can impress upon the people of Texas the need for willing jury service on the part of everyone."

As a part of this activity, the American Citizenship Committee was conducted a survey among District and County Judges and District and County Attorneys over the state. Results are expected to provide ideas for elimination of some of the practices that are a detriment in obtaining qualified jurors. Information received through the survey will be released upon completion of statistics. The questionnaire sent to the judges and attorneys asked for information concerning the types of jurors asking to be excused, the excuses most often given, the percentage of jurors seeking to be excused; ideas for discouraging jury service excuses; question of women serving as jurors; those exempt by law; and methods for increasing incentive to accept jury service.

The committee is further endeavoring to get ideas for making jury service more desirable through a layman's questionnaire which Bar Association presidents are distributing over Texas.

food grain to India could be much more serious than realized at first glance. Whether this is to be a great or is to be paid for by India will be a hotly debated question. This operation, if carried out, would involve an expenditure of approximately 200 million dollars by this country, whether it be on a grant or loan basis. You will recall that in most of the loan transactions we have had with other countries, the notes are still unpaid.

from you on the question. I will tell you frankly that the choice would not be too hard for me: I would help the veterans.

APPROPRIATIONS: The departments, boards, bureaus and agencies are becoming greatly concerned over the many sizeable cuts that the House is making in the non-defense appropriations. Many of these appropriations bills have been amended on the House floor to provide that for every four employees who are released by a department during the coming fiscal year only one employee can be replaced. This simply means that if a department loses 100 employees during the fiscal year, there will only be 25 that can be employed to take the place of these 100. This is intended to stop the growing Federal payroll, and although it is not as effective as I would like to see it, it is at least a step in the right direction. It was placed on legislation by former Congresses but has been taken off before final passage of the appropriations bills. Whether or not it will remain in the law upon final passage by this Congress, I do not know, but I will say there is going to be a terrible fight before it is taken out.

Boyd Rogers' Polo Ponies Leave for East

Boyd Rogers of Memphis, left last Friday for Columbus, O., where he will play polo during June and July.

Rogers took 10 polo ponies which he has raised and trained on his ranch, northwest of Memphis to Columbus with him.

An unusual sport for this section of the country, Rogers, formerly lived in the east and has devoted his time to raising and training horses for polo.

Owls Slate Quannah Game This Sunday

Baseball, if not prevented by additional rains, will again take the spotlight Sunday afternoon at Estes Park where the Memphis Owls are scheduled to play the Quannah nine starting at 3 p. m. This will be the second league game for both teams.

Last weekend the owls dropped two games, one practice game to Clarendon 14 to 3, last Thursday evening and their first league game to Wellington Sunday, 13 to 5.

Burr Pruitt, manager, used 17 players in the Clarendon game experimenting and giving the boys a chance to earn starting berths on the Owl first team. The Owls garnered five hits for their runs against Clarendon and got 10 hits for their 5 runs against Wellington.

markets at home and abroad which otherwise turn to rayon and other competing fibers."

The secretary of agriculture, in line with the outlook has discontinued quotas for 1951 and requested a 16 million bale cotton crop. This is a 60 per cent increase over 1950.

"The 7-step cotton program is entering its fifth year of operation in Hall County and its objectives are just as fundamental today as they were at the beginning," Hooser stated.

These steps are: 1. Fit Cotton Into Balanced Farming: Make each acre planted, produce the maximum. Plant only land that is adapted to profitable cotton production. If you are carrying on a balanced farming program, stay with your program.

2. Take Care of The Soil: The farmers of Hall County for the most part have done a wonderful job in conserving their soil. Plant certified seed or test all seed for germination.

3. Get Together On The Best Variety: Every farmer in this county will receive free classification of his cotton this year because this is a one-variety community.

4. Make Your Labor Count: The stripper and mechanical pickers have been widely and successfully used. The County Agent's office will assist farmers in all possible way to secure choppers, pickers and labor.

5. Control Insects: Cotton insects were heavier and more widespread in 1950 than in any previous year. Farmers who used insecticides efficiently made outstanding yields. We urge that everyone work with the County 7-step program in an all-out effort to prevent damage on individual farms and on a community and county-wide basis. Control will take the mobilization of all insecticide dealers, implement dealers, ginners, compress men, machinery firms, agriculture teachers, civic clubs, all mills and all government agencies working together to successfully defeat and combat insect infestations.

6. Distribute Poison: Any one of several mistakes can cause an insect control program to fail. The correct type of machine to fit individual needs is necessary and spraying should be done with cultivation, in one operation for early season control. The correct amount should be applied the first application. See the County Agent's office for amounts of poison to be applied.

7. Pulling and Ginning for Higher Grade: Sell your cotton for grade, staple and variety value. This program is a good far.

Traffic Blocked On Highway 287 By Trailer Wreck

Traffic was blocked on Highway 287 at the Red River bridge near Estelline for several hours this morning after a semi-trailer truck jackknifed and wrecked on the bridge about 9 a. m.

The truck was attempting to pass a school bus and swerved back only to jackknife into the side of the bridge. The trailer turned over.

No injuries were reported and no other vehicles were involved in the wreck. The school bus was not damaged.

Traffic was blocked until a wrecker was dispatched from Childress and cleared the wreckage.

Already, a lot of fellows are getting the political bee in their bonnets and feeling around to see how much support they can scrape up when they announce for certain offices. I understand Governor Shivers has been receiving petitions asking him to run against Tom Connally for the U. S. Senate . . . Former Congressman Martin Dies has also been looking forward to the senate race . . . Should Shivers run for the national office, there will be a scramble for the governor's office, and Price Daniel and Bassom Giles may be counted on to make the race for that office . . . Gov. Ben Ramsey may try for the governor's office, and John Ben Shepperd secretary of State may try for the attorney general's job . . . So keep your eyes open—a lot of politics is due to be played for the next year.

A lot of discussion is floating around concerning the feed lot which was recently proposed by Taylor and Johnson of Amarillo who gave up the idea because of some protests on the part of local citizens. Many farmers are ming program that individual farmers can carry out. It is not new but it does emphasize the basic practices and methods that can lead to greater and cheaper production per farm and at the same time the soil can be improved.

Some one has suggested there are more suicides during cloudy weather than any other time. That being the case one should not worry about people in the Panhandle committing suicide when it's cloudy weather, for they are too glad to see clouds, and more than glad when those clouds begin to drip.

The play concerns a liberal congresswoman who returns to her old school to receive an honorary degree. A conflict over a documentary movie she proposes to show on the horrors of war plus exposure of the college president complicated by a love triangle makes for happy amusement and a delightful time for the audience.
