## Your Automobile Wrecks Highlight Weekend Here

Members of a Borger party are still hospitalized after a collision about six miles from Memphis on highway 287 Sunday night.

Accidents here are Leonard Pool and hospitalized in critical condition are Leonard Pool and the Harold Pool, 29-year-old son, James Edwin. The baby is the most critical, suffering a head concussion. Mrs. Pool suffered a leg fracture and facial cuts. Mrs. Harold Pool suffered a leg fracture and facial cuts.

Leonard Pool was hospitalized Sunday night but released this morning. Also released was his brother, Diamond Pool.

The Pool's car was struck by an automobile, driven by Melton Galyean, of Memphis. Highway Patrolmen Galloway and Herman Moore were attempting to turn the car at the time of the accident. The car is also hospitalized with a collision demolished both automobiles.

The Pool automobile was traveling toward Memphis and Melton

toward Estelline. Patrolmen said that charges would be filed against Melton, exact charges pending further investigation and development of injuries.

Other accidents last weekend included a driving-while-intoxicated charge resulting when Alfred Alton Galyean, 29 of Amarillo ran his 1950 Mercury into the rear of a 1947 Chevrolet driven by Buck McKeown of Talihina, Okla., on highway 287 just outside of Memphis near the compass.

LT. McMILLAN  
Lt. McMillan Here For Short Visit

Former News Editor Dan McMillan, who is now a 2nd Lt. in the Air Force was in Memphis last weekend after finishing his work on a Master of Science degree at East Texas State College.

Recently commissioned in the Air Force, McMillan is now stationed at Lackland Air Force Base in San Antonio.

## Services Held For Hedley Woman

Funeral services for Mrs. Mollie Greer, 92-year-old pioneer of Hedley and Donley county were held Friday morning at the Arlie cemetery with the Rev. O. L. Jones of Hedley conducting. Burial was at the Arlie cemetery in Childress county.

A resident of Hedley for more than 52 years, Mrs. Greer is survived by three sons and two daughters, 15 grandchildren and several great grandchildren.

Her husband and two sons preceded her in death. She was a member of the Presbyterian church in Hedley. She and her husband moved to Donley county and settled in 1899 and were among the first settlers there.

Survivors include a grandson, H. D. Greer of Hedley, two sons W. C. of Texline and A. L. of Clarendon and two daughters Mrs. W. B. Wyrick of Arlie and Mrs. Ethel Hilbup of Amarillo.

Pall bearers were Bill Harris, D. B. Leach, Jesse Beach, Olen Plunk, Alfred Spalding and Ike Rains. Murphy-Spicer were in charge of funeral arrangements.

## Former Resident L. A. Lester, Killed in Wreck

Funeral services for L. A. Lester, 29, son of Mr. and Mrs. L. H. Lester of Memphis, who was killed in a car-truck accident early Wednesday morning near Amarillo will be held Friday afternoon at 4 o'clock in the Church of Christ here in Memphis.

Burial will be at Fairview cemetery.

Lester was driving to Pampa at the time of the accident. He was reared in Memphis.

He is survived by his wife, the former Norene Morrison of Memphis, a daughter, Barbara and a brother, Edward, all of Amarillo, and his parents.

Galyean pled guilty to charges of driving to close and paid a \$36 fine. He is on bond of \$1500 for the DWI charge.

Also Sunday morning, John Hill overturned a truck he was driving for McDaniel Implement near Plaska. He pled guilty to drunkness and was fined \$100 and cost.

Three other men were injured slightly Sunday morning when they had a wreck east of Plaska. Odell Butler was fined \$100 and cost on DWI charge.

## WORKMEN BEGIN REPAIR PROGRAM ON CITY SCHOOLS

Actual work on the \$40,000 school repair and remodeling program got under way last weekend and plumbing and electrical contractors are at work at present in the schools, Superintendent W. C. Davis said.

"Electrical workers are having quite a time with the rewiring of the old West Ward building and the high school," Davis said. Carpenters and plasterers will move in on completion of electrical and plumbing work.

Contractors have stated they will be through with all work before the school commences next September.

## Vandeventer Services Held At Lakeview

Funeral services for a Lakeview resident, Orvil T. Vandeventer, 33, who died in Amarillo June 29, were held a week ago Saturday at the First Baptist Church in Lakeview.

Rev. Roy Shahan of Memphis and Rev. I. T. Hoggart conducted the service. Burial was at the Lakeview cemetery.

He is survived by a son, Loren of Lamper, Calif., his parents, Mr. and Mrs. C. C. Vandeventer of Lakeview, a sister, Mrs. James Stevenson of Amarillo and three brothers, Sgt. Robert E. Vandeventer, Lloyd Vandeventer of Memphis and Clifford of Boulder, Colo.

Pallbearers were Ted Trulove, R. D. Renell, Houston Neal, Burl Bevers, Vic Shelton and George Blewer.

Funeral arrangements were in charge of Kelso Funeral Home in Wellington.

## Dick Watson Services Held Thursday Morning

Funeral services for George Lee (Dick) Watson, 66, who died at a local hospital last Friday were scheduled to be held Thursday morning at the First Methodist church with Rev. Rollo Davidson conducting.

Burial was to be at Fairview cemetery.

Watson was born in 1885 in Blooming Grove, Tex. and married to Miss Sarah Scott in 1907 in Blooming Grove. They moved to Memphis in 1909 and have lived here since.

Watson, a member of the Methodist church, has for many years been associated with the Foxhall Motor Company.

He is survived by his wife and three sisters Mrs. H. D. Willeford of Austin, Mrs. W. H. Jones of Blooming Grove and Mrs. L. D. Ranson of Austin.

Pall bearers were Ed Foxhall, Tom Wilson, Hal Goodnight, Charlie May, Harold Moore and Wesley Hamilton.

Honorary pall bearers included W. E. Beckham, G. H. Hattenbach, Joe William Whaley, J. D. May, Claude Fraher, Don Carmen, Harvey Melton, Vic Shelton, J. E. Roper, Whitey Middleton, Bill Kesterson, Otis Stillwell, R. L. Jordan and Ed Wilson.

Funeral arrangements were conducted by Murphy-Spicer.

## Highway Construction To Start

### Former Rep. Teague Opens Law Office Here

William B. Teague, former state representative from Jones County, has moved to Memphis and opened general law offices in the old Hall County National Bank building at Sixth and Main.

Bill moved to Memphis with his family after recommendation of the town by several persons.

He served in the Texas Legislature four years, from 1947 through 1950 in the 50th and 51st legislatures. Teague was district clerk in Jones county in 1945 and 1946.

The 33-year old lawyer received his law degree from the University of Texas this year. He also attended school at John Tarleton College.

A veteran of World War II, Bill was a pilot in the Fifth Air Force and served in the South Pacific. He flew C-47 transport and in 1943 lost his left leg in a crash landing on a combat mission. He spent almost a year in hospitals in the Pacific and in the United States and was discharged in 1944.

Bill was born in Jones county and lived on a farm until he went to college.

He and Mrs. Teague and their two daughters Sandra Lee, seven years old, and Billie Margaret, 2 year old, are living at 303 N. 12th street.

At his office Teague will handle all types of general law practice.

While serving in the legislature he authored the present law which requires state approval for all schools and institutions offering veteran's training in Texas.

WILLIAM B. TEAGUE

### This 5-Year-Old Had Quite A Time On His Air Trip

The independence of a 5-year-old child... how often parents and relatives are surprised by their actions.

This was never proven more true than last week when Gregory Bryan Adams, 5-year-old grandson of Mr. and Mrs. J. B. Adams arrived here to spend the summer.

Gregory flew to Amarillo by himself from Washington, D. C. where his parents, Mr. and Mrs. B. B. Adams live.

However the plane was grounded by bad weather in Columbia, Mo., for 12 hours and Gregory had to stay overnight at a hotel before the flight could continue.

Reports were that the hostess took care of him and never a whimper was heard.

On arrival in Amarillo where his grandparents met him, his first words were the excitement and thrill of spending a night in a hotel.

Ah yes, the independence of the younger generation.

### Final Wheat Loan Rate Announced By PMA Office

Hall County PMA office announced this week that the final wheat loan rate for the 1951 crop has been set at \$2.17 per bushel stored on the farm.

Terminal rate at Galveston and Houston is \$2.57 per bushel. Wheat stored in an approved warehouse will net the farmer about \$2.05 per bushel after all deductions for freight, handling and storage are figured.

All grain loans will be handled through the local PMA office.

Final grain sorghum loan rates have been set for the 1951 crop and Hall county rate is \$2.09 per cwt. stored on the farm.

So far only one wheat loan has been made in the county, Lynn McKown, PMA Supervisor said.

### Free Baseball Game Here Tonight

Baseball takes the spotlight tonight as the Memphis Owls tangle with the Childress Cats here tonight at Estes Park at 8:15 p. m.

The public is invited and no admission will be charged, all persons will be admitted free.

### TO BUILD PRAIRIE DOG FORK BRIDGE AND LAY PAVING SIX MILES SOUTH

Construction of the road south of Mulberry creek and a bridge across the South Fork of Red River was a step closer to realization this week as State Highway Department representatives notified local officials that funds for the construction will be in the August levy of the legislature.

This terminates a struggle for the past 10 years or so by local and county officials in cooperation with officials from Donley and Briscoe counties to secure this construction.

### APHID INSECTS ATTACK COTTON IN HALL COUNTY

Latest plague to attack Hall county cotton is the aphid insect, according to County Agent W. B. Hooser.

"Some fleahoppers and leaf-worms have been reported but most serious threat at present seems to be the heavy invasion of aphids," Hooser continued.

Early season control program advises a dust program of 3-5-40 or 1 per cent parathion applied when air is calm, Hooser added. For the spray program 40 per cent TEPP, 1/2 pint, or 3-5 mixture, 1.1 pounds per acre can be used.

Both ground machines and airplanes are effective for applying poison.

Additional information concerning the aphids and other cotton insects may be obtained from Hooser.

### Mrs. William Moss Brings to Town First Cotton Blooms

The first cotton blooms of the 1951 season that we have heard of were brought to The Democrat office Monday by Mrs. William Moss from the C. W. Broome farm, south of town.

Since then other blooms in various parts of the county have been reported.

Reports from County Agent W. B. Hooser indicate that fast action the past week may have checked the insect plague and web worm siege.

Several airplanes have been in the area spraying and many farmers have been using insecticides on tractor mounted sprayers.

Cotton choppers are busy throughout most of the county and farmers are hoping for continued dry weather for a spell.

### Paris Must Have Heard About Our Memphis Cotton

Paris Wants to know about Memphis!

Our Memphis, that is.

This week, Chamber of Commerce Manager Clifford Farmer received a letter from the American Chamber of Commerce in Paris, France requesting a list of raw cotton merchants who are not represented in France.

The letter from Harold B. Sharp, secretary general, also ask for a list of cotton brokers.

Sharp said the names were requested by a French spinning and weaving company whose representative expects to visit in Memphis later this summer.

### Temperatures Soar Near 100 Mark Here, This Week

Temperatures soared near the hundred mark here in Memphis the past seven days, according to J. J. McMicken, local weather recorder.

Highest recording was made Sunday afternoon when the mercury reached the 101 mark. Lowest temperature of the week during the days was only 96 which was recorded last Friday. Night temperatures ranged high also, from a low of 69 last Friday night to a high of 76 Wednesday.

No moisture was reported during the week.

Plans call for construction of this road, about six miles and the bridge across Red River. Later plans are in progress for a road from Turkey to connect this road on what will be Highway 70 and also future plans call for construction of a road in Briscoe county from Silverton to meet this paved portion.

This will give both an east-west route across from Oklahoma all the way to El Paso and also a south-north route from Del Rio to Perryton via Highway 70.

Plans for this road were laid even before World War II but as recent as 1948 a combined three-county group of county judges, chamber of commerce managers, officials and other persons presented a request to the State Highway Department for this pavement and construction.

Also in February, 1950, the combined groups presented the request and action has now been taken on the project.

Former County Judge John Russell helped start plans on the project. Present Judge M. O. Goodpasture of Hall County, Judge J. W. Lyons, Jr., of Briscoe and W. J. Williams of Donley county were instrumental in securing action along with Chamber of Commerce Manager Clifford Farmer and Chamber of Commerce presidents the past few years.

Delegation from Turkey, Silverton and Quitaque at one time or another met with highway officials and the combined efforts of all persons concerned were instrumental in adoption of the project.

Judge Goodpasture added that most of the right of way for the road from Turkey to the Mulberry addition has already been purchased. Exact construction of this road will not be started for some time.

Actual construction of the six miles south of Mulberry bridge will probably be started this fall. Spanning Red River will require construction of a bridge approximately a quarter of a mile in length. Completion of the project is not expected until sometime late in 1952.

### Estelline Gets Dial Telephones

Work on the installation of a dial telephone system at Estelline will be completed this week according to R. R. Brewer of Memphis, district manager of the Southwestern Associated Telephone Company.

New equipment valued at \$10,000 has been installed and city lines are already in use. There are approximately 115 telephones in use at present.

Cards were mailed to all citizens and 75 per cent of the cards returned approved changing to a dial system, which meant a slight increase in rates.

Long distance calls are handled through the Memphis switchboard.

Mrs. Lillie McClendon, operator in Estelline since 1934, plans a long vacation.

### School Transfers Must Be Made During July

County School Superintendent Mary Foreman's office is reminding persons in the county that if any school children are to be transferred from one district to another for the coming school year, the transfer must be made during the month of July.

Persons should contact the Superintendent's office in the court house basement.

## Robert Darnell Buried Here Last Friday

Funeral services for Robert Darnell, 75-year-old resident of Hall County farmer were held Friday afternoon at the First Baptist Church here with the Rev. O. L. Jones conducting.

Burial was at Fairview cemetery.

Darnell has farmed in Hall County since moving here in 1916 to Mt. Pleasant, Texas and has been a member of the Baptist church here for many years. He was born in 1876 in Delta county, Texas.

## Services Held For Hedley Woman

Funeral services for Mrs. Mollie Greer, 92-year-old pioneer of Hedley and Donley county were held Friday morning at the Arlie cemetery with the Rev. O. L. Jones of Hedley conducting. Burial was at the Arlie cemetery in Childress county.

A resident of Hedley for more than 52 years, Mrs. Greer is survived by three sons and two daughters, 15 grandchildren and several great grandchildren.

Her husband and two sons preceded her in death. She was a member of the Presbyterian church in Hedley. She and her husband moved to Donley county and settled in 1899 and were among the first settlers there.

Survivors include a grandson, H. D. Greer of Hedley, two sons W. C. of Texline and A. L. of Clarendon and two daughters Mrs. W. B. Wyrick of Arlie and Mrs. Ethel Hilbup of Amarillo.

Pall bearers were Bill Harris, D. B. Leach, Jesse Beach, Olen Plunk, Alfred Spalding and Ike Rains. Murphy-Spicer were in charge of funeral arrangements.

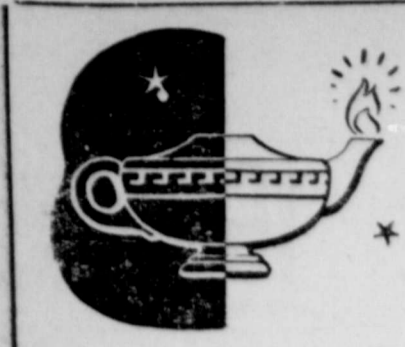

## American Legion Install New Officers Tonight

Officers for the American Legion and Auxiliary local post will be installed at special service tonight in the Legion Hall with District Commander Rhea of Amarillo.

Legion officers include Fred Ferrell as Commander, W. McQueen, Jr., as vice commander, Gene Lindsey as finance officer, Joe Miles Kinard as adjutant and Jim Vallance as service officer.

Officers for the Auxiliary include Mrs. Herschel Pounds, president, Mrs. M. G. Tarver, first vice president, Mrs. J. McQueen, Jr., secretary-treasurer, Mrs. Ed Lane, historian, Hulda Wilson, chaplain and Dick Dennis, sergeant at arms.

Members are urged to attend refreshments will be served.

## Pearls of Wisdom

Strung by J. H. R.

### Sea Shells

A Vacation for most people means a change of scenery and pastimes, a prolonged period of leisure hours and interesting diversions to while away that time pleasantly. Folks along the coast trek to the mountains and those in the high country travel to the seashore wherever you may go. Vacation time is a perfect occasion for devoting one's entire attention to some pet pastime or hobby. And, if one can't dig for gold in Alaska or archeological remains in Egypt then, hunting sea shells is a likely idea for salving your spirit of adventure.

Besides being an interesting occupation, sea-shelling has become so popular among visitors to the seashore that the collectors of shells are known as "conchologists." While Sanibel Island on the Florida coast is a collector's paradise, there are numerous other shores where patient treasure-hunters pass happy hours searching for tiger eyes, lion's paws, limpets, strombs, abalones, periwinkles, and bear's foot clams, and spotted cowries.

Sea-shelling is most rewarding after a storm when many deep-water shells are tossed onto the beach. Then the eager conchologists, armed with a shovel, coarse sieve, and an urge for adventure goes forth to explore the seashore for shells left by the retreating waves. A glass-bottomed bucket enables the searcher to peer through the shallow water and spot small specimens which sink into the sand as the water recedes, and with a magnifying lens the beautiful patterns and delicate structure and coloring of the shells is more clearly visible.

To fleeting music Triton-blown it seems a Venus should arise From every magic shaly shell That in the shallows idly lies.

(Faye R. Kensinger)  
It's well to note, shells were not intended for ornamental purposes alone but are built by marine animals to serve as useful homes. These sea animals enlarge their home as they grow and then die and leave their shelly covering for collector's treasure trove. As a rule, the shape of shells follow two general plans, the hinged or two piece ones and the spirals. The clams mussels, scallops, and oysters are a few of the bivalve mollusks which fall naturally into the first category while the cowrie, conch, and whelk belong to the spiral group.

Many of the shelled mollusks are edible and quite tasty as the

oyster, scallop, and clam and most of them like the little snail are quite harmless wanting only to be let alone to go their way. However, there is one cone shell mollusk (conus textile) found in tropical waters on coral reefs which is known to be deadly. The magnificent beauty of the shell makes it prized and eagerly sought by collectors throughout the world but the lethal power of the little animal it houses ranks with the most venomous snake.

These seemingly innocent cone shell animals have been responsible for a number of fatalities among uncautious shell collectors so it pays to be informed. In spite of their murderous nature, they are really quite shy. A few inches in length, they live a retiring life behind reefs and masses of coral. Only at night do they go stalking their prey. In capturing them, the trick is to seize them quickly and as quickly let them drop into your bucket, else while you pause to admire the beauty of the shell, it will strike and you may join the others who lost their lives doing just that.

Not many of us will be gathering sea shells in the tropical climes this summer so don't lose sleep about the venomous cone shell but if you are vacationing on the seashore and get bored with swimming and sun-bathing, try sea-shelling. You just might become interested enough to consult a shell handbook and learn the names of your specimens. In time, you might even be a full-fledged "conchologist." It's worth trying.

### CARD OF THANKS

We wish to extend our sincere thanks to our many friends for the beautiful floral offerings, and the sympathy expressed during the illness and death of our beloved husband and father.

Mrs. A. A. Kinard and family.

The first trees as we know them, with more-or-less solid wood and needle-like leaves, appeared in the Permian Age 235 million years ago.

**WALKING WITHOUT AID**—of crutches or braces these days is Robbie Boles, the Easter Seal boy of the Texas Society for Crippled Children. His picture, with crutches, appeared on some 500,000 letters of appeal sent out in February by the Texas Society. Since then, he has learned to walk alone for a few steps. He is demonstrating his skill here for Martin Ricker, executive director of the Society; his mother, Mrs. W. E. Boles, Jr., who is kneeling, and Mrs. Betty Massey, therapist. The letters which used his signature brought in approximately \$182,000 which will be used throughout the state for the benefit of handicapped youths.

### Lakeview Beats Independent Memphis Nine

Lakeview beat the Memphis Cardinals Friday night, 10-9 as the two independent baseball teams met at Lakeview.

Joe Booth was the winning pitcher for Lakeview and Willis Clark was the losing pitcher for Memphis. He was relieved by Jack Spry in the latter part of the game.

Top hitters for Memphis were Bobby Pat Young, Roddy Stargel

and "Chubby" Cullin. Joe Booth, Jimmy Gowdy, and "Windy" Varden led the Lakeview hitters.

### May Livestock Shipments Down

May livestock shipments in Texas were 24 per cent below those in April and 29 per cent below May, 1950, the University of Texas Bureau of Business Research reports.

Tabulations show shipments of cattle, calves, hogs and sheep all contributed to the decline. May cattle shipments, half the total were 40 per cent below April.

### March of Dimes Not Enough in 1950 Polio Fight

"It took a lot of dimes in 1950 to take care of Texas polio patients," Ralph Frede of the National Foundation for Infantile Paralysis declared today.

14,105,640 of them, to be exact. County Chapters of the March of Dimes organization spent \$1,410,564 for patient care in 1950, \$65,943 more than was spent for this purpose in 1949.

Assisted directly with hospital and other bills were 1,645 polio patients stricken before 1950 and 1,196 who contacted the disease during the year. Chapters ended the year owing \$306,326 to hospitals and doctors in Texas.

Frede said that total receipts from the 1951 March of Dimes approximately equalled the amount spent for patient care. Figures on expenditures, he noted, did not include money spent by the National Foundation's state and national offices for iron lungs and other equipment, for training of medical personnel and health education, and for expenses which were applied to patient care.

Also not included in the chapter expenditures are costs of research grants in Texas.

Advanced to Texas Chapters when their own March of Dimes funds were depleted was a total of \$783,161 from the national epidemic aid fund. A big share of this, he said, was applied to treatment of old patients, indicating the high costs of continuing care for the 20% of patients having an extended paralysis.

Noting the low incidence of the disease so far this year as compared with the same period in 1950, Frede expressed the hope that the early trend would be continued through the critical hot weather period ahead. He pledged that regardless of any emergency which might arise, Texas Chapters of the March of Dimes organization would be prepared to meet the challenge with equipment and funds, assuring that no patient would be without the best of care.

#### CARD OF THANKS

We wish to express our thanks and appreciation to our many friends and neighbors for their kindness and kindly ministrations to us in our sad hour.

We are indeed grateful for the beautiful floral offerings, and for the food that was served. May God's blessing be upon you, is our prayer.

The Teel Family.

AT OWN FUNERAL . . . John Gernhart, 74, Burlington, Colo., a bachelor without kin in his generation, decided that if he were to get the kind of funeral he wanted he had better conduct it himself. He did so in national guard armory and thousands attended. After hymns and obituaries, he officiated in basement of his home and held reception for his pallbearers. He's in center of photo, Gernhart (has mustache).

### Texas Farm Taxes Average 26c Per Acre

Texas farm and ranch taxes increased in 1950 for the second successive year. The increase for the state was 18 cents compared with 15 cents in 1949.

State levies averaged 26.6 cents per acre in the 1950-51 year. This is about 50 percent higher than the 1936-46 average of 18 cents per acre. The high of 29 cents was reached in 1941. Taxes ranged from an average of 10 cents per acre in the Big Bend area to \$3.41 in the Big Bend area. This reflects the wide difference in Texas agriculture and the wide variation in the degree of governmental dependence according to Robert L. P. Gobbar, Agricultural Experiment Station economist, who made the 1950 tax study.

Some counties recorded slight decreases, and the rise in some counties was much higher than the state average.

Cherry and Gabbard report that school districts were responsible for most of the increase in 1950. State and county taxes generally showed no appreciable change.

In recent years schools have increased their share of the total tax bill, while the proportion from county levies has declined. In 1950 school districts accounted for 50 percent of the farm and ranch real estate taxes, counties for 20 percent, the state for 14 percent and other districts for 7 percent. The extension of levies to most land by the Gilmer-Alken school laws has been a contributing factor to the growth of school taxes, report the economists.

Although assessments per acre were higher in 1950, taxes were easier to pay than in 1949. The relative rise of taxes was less than the rise of prices over 1949. The tax-price ratio declined in 1950 from 1.03 to .97, which is slightly less than the base year 1913.

The experiment station economists expect the upward trend of taxes to be halted, at least temporarily, in 1951, since 1950 was the last year in which the state will levy a property tax for general revenue purposes. However, the possible tax load has not been greatly diminished—because counties may now levy an additional 30-cent rate.

### Empire Variety Cotton Tests Highest Yields

With 403 pounds of lint per acre, the Empire variety of cotton produced the highest yield in the 1950 variety tests conducted at the Denton Experiment Station, announced J. H. Gardnershire and D. I. Dudley, station research men.

Lockett 140, Deltapine (TPSA) Lankart 57 and Mebane 8G, Floyd, were the four next highest yielding varieties, in that order. All produced more than 350 pounds of lint per acre.

The research men report that Empire produced an average of 30 pounds more lint per acre than any other cotton variety in the tests conducted at Denton since 1946. The next highest yielder for the five-year period was Northern Star, with a 307-pound average.

Deltapine (TPSA), Deltapine 15 Miss., Dortch 1 (Roldo Rowden) and Mebane 8G, Floyd followed closely behind Northern Star in average yields for the five-year period.

Also included in the 1950 variety tests were Hi-Bred; Rowden 41B (TPSA); Stoneville (TPSA); Stoneville 2B (Miss.); Texacala, Rogers; Mebane, Watson; Western Prolific; and Acala 4-42 (Calif.). All varieties tested produced yields of 239 pounds of lint or more per acre last year.

These results are given in Texas Agricultural Experiment Station Progress Report 1366, available from the Publications Office, College Station, Texas. In addition to the yields of lint per acre, the report gives the grade lint length, percentage of lint and boll size for each variety tested.

### Housewives Avoid Use of Subtilin In Food Canning

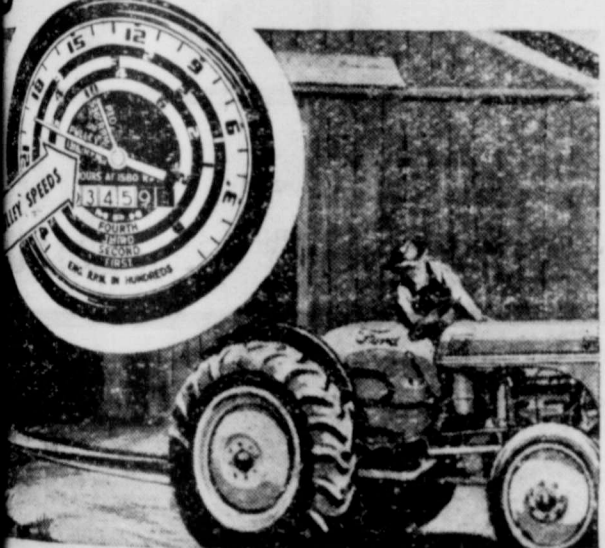

Housewives should avoid use of subtilin, a new antibiotic, as spoilage preventive in home food-canning, Dr. O. B. Williams, University bacteriology professor, reports.

Other researchers have claimed that the antibiotic—sold under various brand names at grocery stores—would prevent canned-food spoilage and cut canning cost when used with a mild heat treatment.

University researchers submitted approximately 30 types of bacteria to the new subtilin process under a wide variety of conditions, and found some of the bacteria did survive and grow.

The term, "naval stores," which has come to mean pine products such as rosin, turpentine, wood tar and pitch, dates back to the time of wooden sailing ships when the products were used to caulk seams, treat rope, prepare paint, etc.

### BELT PULLEY SPEEDS Light . . . for every job!

### with the new Ford Tractor and PROOF-METER

You always operate belt-driven machines at belt speeds recommended by their manufacturers. You'll always get longer service from the machine, do better work, and do it safely . . . at lower cost. But you can't do this by "guesswork"! No one can guess that well.

The new Proof-Meter—available only on the new Ford tractor—makes it easy. It shows you belt pulley speed at a glance! You don't have to guess, and you don't have to fool around with a separate speed counter.

Once you have the right size pulley on any belt-driven machine, you simply look at the Proof-Meter, and set the throttle on the Ford Tractor to keep the machine operating at a speed that's recommended. It's a mighty way to help increase profits! The Proof-Meter is available in other ways too . . .

Measurements in ONE! In addition to Belt Pulley Speed, Proof-Meter shows you Engine Speed, Tractor Travel Speed, PTO Take-Off Speed, and Hours Worked. Nothing else like it.

Only the Ford Tractor has the Proof-Meter!

FOR YOURSELF! Let us show you, on your own farm, the dozens of ways in which the versatile Ford Tractor and its Farm Equipment can help you cut costs, get better results, and help you make more money for you.

"Breathe a little air into the tires, Mac?"

**Survey Shows More Livestock Auctions in Texas**

Texas is the leading station in number of livestock auctions and in the number of cattle, sheep and hogs marketed by this method, according to a new bulletin released by the Texas Agricultural Experiment Station. The greatest growth in numbers of auctions has occurred in the past 15 years.

Several reasons are given for the increased growth. Farmers and ranchmen like the ease and convenience of selling and buying through auctions. They like the social and educational aspects of the auction. It provides an opportunity to meet friends and discuss the merits of the animals sold in relation to the prices paid.

According to the Livestock Sanitary Commission of Texas, 168 auctions were operating in Texas on October 20, 1950. Thirty-seven of these auctions in various parts of the state were included in a study made recently by Dr. John G. McNeely, Charles B. Brotherton and Travis M. McKenzie, research agricultural economists.

This study of livestock auctions is mainly descriptive. It does not attempt to point out any advantages this method of sale may have over other methods, McNeely said. It is an introductory step in what is hoped to be a continuing study of the various types of market outlets available to Texas livestock producers.

This attractive vacationer looks like a fashion plate in her smart suntime ensemble, yet she found her chic outfit in a barn! Using the fabric from cotton feed bags, she made the three-piece sun ensemble using striped material for the skirt and bra top and solid dyed cotton for the jacket.

**Cpl. Evans Injured Again In Korean Fight**

Cpl. Matthew Evans, 19-year old son of Mr. and Mrs. Henry Evans of Estelline, was wounded in Korea June 14 and is now in Tokyo General Hospital. He lost one finger his left hand and was wounded in the right shoulder.

Evans has been in the news three times. First his watch was shot off and he was slightly wounded. In May he was with a group of men when one of them grabbed a grenade which had fallen at his feet and threw it back at a Red Machine gun nest. He was seriously wounded but saved the lives of the other men. Evans later hit by shrapnel which stayed in his leg 10 days before it was taken out at a base hospital.

Evans volunteered for service and was inducted August 18, 1950 in Amarillo. He was sent to Fort Ord and then to Camp Carson, Colo. where he received his training. He sailed from Seattle, Wash. to Tokyo and then to Korea.

Marine Corps Aviation was 39 years old on May 22, 1951.

Let us help you keep your car in A-1 condition — One-Stop Service; wash and lubrication a specialty. Kermit Monzingo, Chrysler-Plymouth service. Adv

**Health Dept. Jobs Now Open**

Open competitive and promotional examinations for clerical, secretarial, and various professional and technical positions with the Texas State Department of Health are being offered on a continuous basis until further notice, it was announced this week by Russell E. Shrader Supervisor of the Merit System Council.

Applications and information are available on request from Merit System Council, 805 Littlefield Building, Austin 15, Texas.

Examinations will consist of written and performance tests for clerical and secretarial positions, and written tests and evaluations of training experience for professional positions. Oral interviews will also be a part of the examination as well as a probationary period if appointed to a position.

Classifications for which examinations may be taken on a continuous basis are: clerks, stenographers, secretaries, public health nurses, public health sanitarians, engineers, laboratory technicians and specialists.

All applicants must have high school education and additional training and experience appropriate to the classification. Applications will be received continuously until further notice. Examinations are given in Austin in the Merit System Council offices, and in other centers over the State when justified by the number of candidates in the immediate area.

**Two Fires Extinguished Here This Week**

Fire Department volunteers extinguished two small blazes in Memphis this week.

Tuesday night, shortly after midnight firemen put out a fire at Gene Corley's Star Grocery and Monday afternoon they called to extinguish a trash can fire which got out of control at 4th and Noel.

Only minor damage was reported from either fire.

**Col. Lawrence Visiting Here**

Lt. Col. O. B. "Spec" Lawrence, who returned from Korea about two weeks ago, is visiting his parents and family in New Orleans.

Col. Lawrence, a veteran more than 20 years in the service had been in Korea since last August. He was artillery commander of the 2nd division.

Col. Lawrence was a guest of the Memphis Rotary Club Tuesday.

**Hedley Revival In Progress**

A revival is now in progress at the Assembly of God church in Hedley according to Rev. T. Gibson.

The Rev. M. H. James of Merit is conducting services, beginning at 8:15 p. m. The prayer is invited.

**Pavilion Underway For 1951 State Fair**

Construction has started on a new \$125,000 Livestock Judging Pavilion that will be completed in time of the 1951 State Fair of Texas, Oct. 6-21.

R. L. Thornton, president of the state fair, said the new pavilion will fill a need long felt by fair officials, livestock exhibitors and

air visitors.

"We finally will have a suitable place to show fine livestock," Mr. Thornton said. "It will show cattle and horses in a setting calculated to bring their best points and will be cool and comfortable for the spectators."

"It is fitting that the first show to be judged in this fine, big arena will be the Pan-American National Hereford Show, the greatest cattle show the fair has ever had."

"And for the first time, we'll be able to put on a real show when we have our Hereford Parade of Champions Oct. 9," he said.

The pavilion will have an arena 90 feet wide and 180 feet long. There will be seats for 3,200 spectators.

Adjoining the huge \$250,000

### Couple Honored With Informal Reception on Twenty-Fifth Anniversary

Mrs. Cecil Adams of Estelline was honored at a reception held in the parsonage of the Estelline Methodist church Sunday afternoon. In observance of their 25th wedding anniversary, Mrs. Adams was honored by Mrs. J. L. Rieburg of Estelline.

Adams, niece of Mr. Adams; "School Days" by Donna Sue Edkins; "Let Me Call You Sweetheart" by Paula Adams; "That Little Boy of Mine" by Barbara Adams Patricia McLean, Tommye Travis and Doris Choudoin; "Put on Your Old Gray Bonnet" and "When You and I Were Young Eula", sung by Mesdames D. E. Travis, Joe Eddins, J. H. Wright, C. T. Jarvis, and G. H. Gardenhire; Family Prayer, Clinton Rieburg, brother of Mrs. Adams; "Informal Advice", Reverend A. W. Cooper.

The affair was a fitting compliment to this couple who have done their best to be good citizens, good parents, and good friends. They have one son, Bobby, who finished Estelline High School this year. He has received the award for being most outstanding F. F. A. member for three years.

Mrs. Donna C. Lane recently returned from visiting in Vernon and Altus, Okla., and from visiting with her cousin Mrs. Mattie E. Taylor in Seymour, Texas.

You get only the best service when you bring your car to Kermit Monzingo, your Chrysler-Plymouth dealer.

MAYOR McGUP By John Jarvis

The following relatives spent Sunday visiting in the Jim Beeson home, the occasion being his birthday: Mr. and Mrs. Jehu Beeson and family, Mr. and Mrs. John Moss, Mr. and Mrs. Doyce Wynn and Paula, Mr. and Mrs. Elvis Robertson and family, Mrs. Sid Stewart and Tom Beeson, all of Ol-

ton, Mr. and Mrs. T. C. Covington of Hereford Mrs. Loretta Beeson and Robert Keith of Spur.

The U. S. Academy, Annapolis, Md., now has 3,600 midshipmen, the largest number in its 106 years of existence.

Chemical Defoliation May Check Insect Toll

Chemical defoliation of cotton may be worth the cost and effort regardless of whether the harvest is to be by hand, by picking or by mechanical strippers.

Removal of the leaves exposes all bolls to sunlight and air current so they dry rapidly and open quickly. This often allows the cotton to be picked two weeks earlier.

Defoliation may be beneficial in the control of cotton insects—cutting down on leaf worm and aphid infestation, reducing boll weevil populations and permitting early stalk destruction for pink boll-worm control.

"Apply defoliant when the youngest bolls expected to make cotton are 25 days old," advises F. C. Elliott, cotton specialist for the Texas Extension Service. "Defoliant should be applied ten days or two weeks before intended picking date."

Use of dust defoliant is recommended only when plants are wet with dew or when adequate dew is forecast. Elliott cautions that the dust must remain in moisture on the leaf for at least two hours. Four or more hours of moist exposure is preferred.

Calcium cyanamide and monosodium cyanamide are two recommended dust defoliant. Calcium cyanamide, sold under the trade name "Aero Cyanamid, Special Grade," should be applied at the rate of 30 to 40 pounds per acre. Twenty-five to 35 pounds per

acre is recommended for monosodium cyanamide, which is sold as "Aero Sodium Cyanamid Dust (X-10)."

Spray defoliant may be used in the absence of dew and when the air is extremely dry. However, Elliott warns that thorough coverage of the cotton plants is essential for good results.

Good defoliation can be obtained with six to eight pounds per acre of spray defoliant sold under the trade names—"Shed-A-Leaf," "Ortho C-1, Liquid Defoliant," "Aero Cyanate Weed Killer" and "Dow Defoliant." One to four pounds of "Niagrathal DF Spray" per acre or 5 to 15 pounds of "Sodium Cyanamide Soluble Grade (X-5)" may be used.

For ground spraying Elliott recommends dissolving the above rates in 10 to 25 gallons of water, depending on the type of sprayer used and the size of the cotton plants. Thorough coverage of the plants is essential. This means going to the field with enough water. Under most conditions 25 gallons of water per acre will be necessary.

For airplane spraying, dissolve the recommended pounds of material in an equal number of gallons of water.

Cotton Fabric Performance Is Best Test

The final test of cotton is its performance in a fabric, points out J. M. Ward, Texas Agricultural Experiment Station economist.

Ward and other experiment station workers recently made a study of the quality and fiber characteristics of mechanically harvested cotton on the High Plains. Specially developed storm-proof varieties are better adapted for the use of mechanical strippers than are open-boll varieties, Ward said.

After gins are operating at full capacity during the harvesting sea-

son, High Plains growers have the choice of either storing the surplus cotton or leaving it unharvested in the field for stripping and most of the storage is on the ground in the cotton fields. "Samples of lint from the storm-proof varieties graded higher than samples from other vari-

eties," Ward reported. "Higher grades were produced on the sand and sandy loam soils than on the clay and clay loam soils."

Since High Plains cottons vary in fineness, spinning tests were provided to show the spinnability yarn grade and strength of these cottons. It was found that cotton

of seven-eighths-inch staple, tensile strength and very fiber processed into yarns of strength to yarns produced Coarser, stronger cotton of same staple length. And the yarns processed into strong able fabrics.

VET PROBLEMS AND ANSWERS

Q. I am a Spanish-American War veteran. How can I establish my eligibility for VA outpatient treatment under Public Law 791 enacted this past April?

A. Eligibility may be established in one of the following ways: (a) presentation of your honorable discharge certificate showing your service was within the dates set up in the law; (b) if you are now getting VA benefits, presentation of a form letter which VA sent you; (c) presentation of a VA letter notifying you of a VA award, or (d) verifying your service and C-number assignment through the normal procedure of filing a VA form for outpatient treatment.

Q. Are veterans of the Korean campaign eligible for VA grants for specially-designed "wheelchair housing," or is the benefit limited to World War II veterans?

A. Grants for "wheelchair homes" are available to eligible veterans of the Korean hostilities. The benefit is not limited to World War II veterans; it extends to all veterans, of war and peacetime who meet the requirements.

Q. Could I begin a GI Bill correspondence school course before the July 25 cut-off date and later switch to a classroom course in the same field?

A. No. VA regulations prohibit such a post-cut-off-date switch. You may, however, continue in an advanced correspondence course, once you complete the one you are now planning to take—provided it's in the same field and that you have enough GI Bill entitlement remaining.

GETTING MONOTONOUS? . . . Mrs. John Dutiel, 34, Oakfield, Ohio, came back home with her third set of twins in 22 months.

### State Program Makes Pastures, Cash Crop

Improvement and maintenance of established pastures and reclamation of the state's range land for nonforage growths are more highly associated in Texas than in other states because both are subject to problems in animal grazing. . . .

An irrigation pasture management school was taught at Lubbock from June 26 through July 11 with 19 county or assistant county agricultural agents with in the year at Lufkin with 25 agents or assistants attending. During the course students were taken on tours of seven Experimental sub-stations.

Meanwhile the specialist attended or participated in programs of several meetings within or beyond the state devoted to phases of agriculture.

Texas ranges are native pastures and the grass which finds foothold there has to strive for survival against the uncertainties of moisture and the creeping invasion of brush.

According to the Extension Service range specialist about 65,000,000 acres of Texas range land are infested with mesquite and other varieties of noxious shrubs. The primary problems of management include brush invasion, overgrazing, lack of appreciation by ranchmen for a coordinated range management program and other situation demanding reform.

Despite the formidable array, county agricultural agents under the leadership of the range specialist are attacking these problems principally through demonstrations.

In the field of brush control 131 demonstrations involving 402,512 acres were conducted in 126 counties including mesquite work alone in 63 counties. Of this number, 16 county agricultural agents tested a new type hormone, 2, 4, 5-T ester, by hand methods using cut surface, trunk and foliage treatment.

A total of 604 demonstrations in proper stocking involving 2,000,000 acres were conducted in 111 counties while 1,314,000 acres in 126 counties furnished the operating field for demonstrations.

## OPEN LETTER American Dusting Co., Inc. AERIAL CROP DUSTING AND SPRAYING BRUSH CONTROL Municipal Airport Phone 962W2 or 962W1 CHILDRESS, TEXAS

The American Dusting Company would like to take this opportunity to express its sincere gratitude to the many ranchers of Hall County who have employed American to do their mesquite spraying. Indeed, it has been a pleasure to work in a community where the ranchers, the ranch hands, the P.M.A. representatives, the several business firms, and the many others who have cooperated freely to make the mesquite control program a success.

We have fulfilled all of our mesquite orders as rapidly as possible so that the maximum weed control could be attained as well as mesquite control. We are also proud of the fact that we have given the man with small acreage consideration equal to that of the large land holder.

Next year the American Dusting Company will furnish additional airplanes to meet the expected increase in mesquite spraying. Every attempt will be made to spray mesquite near anticipated cotton fields early in order that those ranchers will not be excluded from the mesquite program. A field representative will be in Hall County prior to spraying time to accept orders and discuss the spraying program with you.

Again, we say, thanks for your business and friendly cooperation, Hall County.

*E. R. Frye*  
Field Representative

### THE MIDDLES By Bob Karp

Kinard died at a local hospital Sunday. He had lived in Memphis and Hall County about 55 years. He was born in 1890 in Harrold, Texas, in Wilbarger County.

Burial was at Fairview cemetery and Masonic graveside services were held.

A veteran of World War I, Kinard was a member of the Masonic Lodge, American Legion, Veteran of Foreign Wars and the First Baptist church.

Kinard and his wife were married in 1919 here in Memphis. She was the former Miss Emma Grundy. For a time after their marriage they resided in Claude but moved back to Memphis around 1929.

Survivors include his wife, one daughter Mrs. Glen Bruce of Memphis and four sons: Joe Miles, Paul and Donald, all of Memphis and Jack of Estelina; a brother, D. L. C. Kinard of Memphis and a sister, Mrs. D. M. Wiggins of Lubbock.

Pall bearers included O. B. Hoover, Jack Nelson, Glynn Thompson, Harry Boswell, Irvin Johnson, Carl Harrison, Ollie Jones, and Charlie Stewart. Arrangements were conducted by Murphy-Spicer.

The Navy's first submarine cost \$150,000. Fleet-type subs of World War 2 cost between \$6 and \$8 million.

The Navy will gain approximately 3,000 line officers this year under college NROTC programs and from Naval Academy.

The Navy's first ship planned and built as a carrier was the USS Ranger, scrapped after World War 11.

### Comments

(Continued from Page 1)

and taking in all that was said, piped up: "Don't worms have to have something to eat, too?"

A. L. Hall, who lives west of Plaska, is trying out a longstaple cotton which he calls Pema cotton. Tuesday, he brought in a bloom from the 20-row patch of this new variety. This bloom was a beautiful shade of yellow. The color stays yellow until the bloom falls off the stalk, he said. This is unlike the regular Hall County variety the blooms of which are white the first day and then turns pink. The bolls of the Pema are oblong and have only three locks to the burr. The staple is extra long. The outcome of Hall's experiment with this cotton will be watched with interest.

From Saturday to Monday, MW and I spent in Dumas and Etter. The sun seems at least four thousand miles nearer the earth there than here, but the "humility" is not great there. Farmers who have wheat in Moore County are in the middle of harvesting. The greenbugs early in the spring got most of the crops.

A friend told me he plans to put in a cattle-feeding plant in Moore county, and thinks it will be a good thing for all concerned. However, he will be handicapped in getting certain kinds of feed and alfalfa, since such will have to be shipped in from other sections of the country. He remarked that the southwest was fattening and marketing cattle instead of shipping them north to fatten in the years to come.

While in Dumas, we had a nice visit with Mr. and Mrs. Hub Bass former Memphians. Hub is now engaged in the electrical supply business. Also, we saw O. B. Thomas, another former Memphian. He said he was in Memphis Saturday and thought it the hottest place he ever visited. Just two different opinions—his and mine. O. B. has quite a large farm planted in cotton in Moore County. Said if it makes anything he would have to haul it to Memphis to get it ginned.

Bill Phlegger of West Main street wonders why people guff about when they can find happiness lies inside the benevolent triangle bounded by bookshelves, refrigerator and bedroom—and then the first thing one knows they reach for a new road map.

A prude is a person who thinks a room where people sleep should be called a bedroom.

The latest on the market is a new alarm clock the size of a 5-cent piece. It is probably made for people who need to be waked up every few hours from day

have the opportunity to save a very large part of their earnings. Interested applicants should contact their local Texas Employment Commission Office immediately for further details.

### 2,300 Civilians Needed To Fill Overseas Jobs

The United States Army is inviting 2300 civilians to accept employment at Army installations in Austria, Germany, Alaska, Okinawa and Japan.

At salaries which range from \$2650 to \$7600 per year, the Army urgently needs construction and maintenance personnel; communication engineers and the technicians; automotive engineers and mechanics; safety engineers, engineering and survey aids; drafts men; typists and stenographers; librarians, industrial and cost accountants; auditors, storekeepers and warehousemen; property and supply clerks; tabulating machine operators; economists, and public health physicians. Civilian personnel in Alaska and Okinawa receive an additional 25% allowance in pay; and in Japan it is 10%.

Transportation will be provided both ways to successful applicants and, in addition, all Army facilities available to military personnel will be furnished to civilian employees who take advantage of the offer.

The approximate cost of living for a civilian employee overseas compares most favorably with the cost of living at home. In Alaska subsistence will cost the single worker \$75 per month, in Austria and Germany \$60; in Okinawa \$45 monthly; and in Japan only \$35. Civilians who sign up for the minimum 2-year tour of duty

### Phone Company Grants New Wage Increases

Southwestern Telephone Company has signed a new agreement for one year with the Communications Workers of America effective July 1, 1951, it was announced in Dallas recently by Company President, Roy Autry.

The new Agreement calls for a ten percent increase in basic wages for employees within the designated bargaining unit.

Part of the increase will be put into effect on July 1, 1951, and the balance must await determination by the Wage Stabilization Board. It is anticipated that the Company and the Union will present a joint request to this Board in Dallas.

Autry pointed out that the increase in wages will cost the Company approximately \$400,000 per year and would undoubtedly make it necessary to ask for increases in telephone rates.

"Our Company is growing rapidly," said Autry, "and it is our policy to pay our employees good wages in line with the prevailing in the community where we operate."

Naturally, if we are to maintain existing wage standards and retain good people in the Company, we must increase revenues accordingly. In phone business this means only be made available for adjustment of rates."

### Rasco Promoted To Corporal In Japan

Jimmie D. Rasco, 48 years old, a member of the infantry division in Japan, promoted to the rank of corporal, was announced recently by the War Relocation Authority.

Cpl. Rasco is serving in Company C, 188th Infantry Regiment. The unit has been in Japan since last April.

The Navy's new anti-submarine sealants, the successor and replacement for the famous War II Martin PBM seaplane, are being used in Arm

## Methodist WSCS Concludes Study

The WSCS of the First Methodist Church continued its study of "A Christian's Vocation" by Bishop Oxnum Monday June 25, and Thursday, June 28, in the church parlor at 9 a. m. Mrs. A. L. Burks supervised the two meetings. At the meeting Monday, Roxie Johnson gave an interesting report of her work at the Northwest Texas Mission Training School for Negro workers held for five days the first week in June. She was sent as a delegate from Memphis by the WSCS. Chapter 5 of "Christianity Where Men Work" by Landis and Myers was well presented by Mrs. Ed. Hutcherson. Mrs. N. A. Hightower gave an informative talk on the United Nations in connection with Chapter 5 of "A Christian's Vocation." The meeting was dismissed with a prayer by Mrs. C. W. Broome. On Thursday, Mrs. J. J. McDaniel gave an enlightening talk on "The Responsibility of Christians in an Interdependent Economic World" by the Federal Council of Churches of America. The following members discussed with the group eight thought questions pertaining to Chapter 6, "My Christ" of "A Christian's Vocation": Meses Myrtis Phelan, J. M. Baker, W. F. McElreath, C. W. Broome, D. A. Neeley, Mac Tarver, Mary Lou Erwin, and Bess Crump. As an action from the study, an offering of \$19.50 was taken to be used in the women's work of the Negro churches of Memphis. Mrs. J. M. Baker concluded the meeting with a prayer. Those present besides the ones already mentioned were Meses, W. C. Dickey, Ed Hutcherson and Frank Foxhall.

## Baptist Sodilitan Class Enjoys Luncheon In Beryl Smith Home

The Sodilitan Class of the First Baptist Church met in the lovely country home of Mrs. Beryl Smith Thursday, June 28, for a covered dish luncheon. Lovely garden flowers decorated the entertaining-rooms. Water lilies in low bowls formed the centerpiece for the dining table and buffet. The quarter tables, laid with maderia cloths, were centered with tall vases holding red roses. Mrs. D. L. C. Kinard gave the invocation. After the luncheon, Mrs. Henderson Smith opened the business meeting with prayer. Mrs. Henry Scott, presided, conducted the session at which time reports were made by officers and group captains. The president appointed a committee of three including Mrs. D. L. C. Kinard, Mrs. Henry Hays and Mrs. Henry Scott, to see about buying carpet for the class room. Mrs. Emma Baskerville gave the devotional, reading from the 6th Chapter of Hebrews. Using as a basis for her talk three songs, "Come Thou Fount," "I'll Go Where you Want Me to Go," and "Blest be the Tie That Bind." Mrs. Baskerville gave the life of each and told what inspired the writing of each song. Mrs. Kinard then lead the class in singing the songs. Mrs. J. W. Fitzjarrald closed the meeting with prayer. Those enjoying this affair were three out-of-town guests, Mrs. Lena Smith and Mrs. Lee Driskill of Groom and Mrs. J. R. Hudmon and son of Tulsa, Okla., and the following members: Meses, H. Byrd, J. M. Saunders, Leonard Wilson, Jean Lamb, Allie Caviness, Grace Duke, A. W. Howard, R. E. Clark, Henry Scott, Henry Hays, Maybelle Smith, Frank Ellis, A. J. Fowler, Henderson Smith, Earl Pritchett, L. O. McCoy, Roy Howle, Otis Jones, D. L. C. Kinard, W. T. Hightower, Bill Merrill, Dick Jones, J. W. Fitzjarrald, J. R. Saunders, L. G. Rasco, Theodore Swift, Bud Godfrey, B. B. Smith and Emma Baskerville.

## Morrison Family Holds Reunion in Dimmitt Sunday

P. E. Morrison of Amarillo, and formerly of Memphis, was guest of honor at a family reunion held Sunday, July 8, at the home of Mr. and Mrs. Morgan Dennis in Dimmitt. Approximately 89 members of Mr. Morrison's family including seven of his eight children and their families were present for the occasion which marked the celebration of Mr. Morrison's 77th birthday. A bountiful meal was served at the noon hour from tables attractively arranged in the newly constructed hay barn on the Dennis farm near Dimmitt. Centering the table was a decorated birthday cake topped with candles. One daughter, Mrs. Owen Pycatt of Clarendon, was unable to be present. Children who attended were Mrs. William Curtis of Amarillo, Mrs. Morgan Dennis of Dimmitt, Mrs. Harry Young of Childress, Mrs. Lester Day of Amarillo, J. D. Morrison of Amarillo and E. S. and P. E. Morrison of Memphis. Attending the reunion from here were Mr. and Mrs. E. S. Morrison and children Marjorie and Jimmy, Mr. and Mrs. Y. Z. Taylor, and Mr. and Mrs. L. E. Morrison and son, Pfc. Don Morrison, who is here on a 15-day leave from the Air Force. Mr. and Mrs. Ralph J. Vandiver of San Diego, Calif., arrived Sunday for a visit with their parents, Mr. and Mrs. Joe Vandiver. From here, they will visit with Mrs. Vandiver's mother in Philadelphia.

## Mrs. Anna Dickson Entertains Thurs. Night Dinner Club

Mrs. Anna Dickson, 523 south sixth, was host to members of the Thursday Night Dinner Club on July 5. For the lovely four course dinner, guests were seated at four-some tables. After the meal games of forty-two were enjoyed during the remainder of the party hours. Members attending were Mr. and Mrs. J. M. Ferrel Jr., Mr. and Mrs. Arthur Gidden, Mr. and Mrs. Dovie Hall, Mr. and Mrs. J. J. McDaniel, Mr. and Mrs. Herbert Sisk, Mr. and Mrs. T. D. Weatherly and hostess, Mrs. Dickson. The next meeting is slated for August 2 in the home of Mr. and Mrs. Hall.

## Stitch and Clatter Club Meets Thurs. In Mothershed Home

Mrs. Gussie Mothershed entertained members of the Stitch and Clatter Club on Thursday afternoon, June 28. Eighteen members answered roll call with household hints, and Mrs. Eula Adams team was announced as winners in the recent contest. After the business session members enjoyed doing various types of needle work. A delicious refreshment course was served to the following members: Meses, Mary Ellen Eddins, Edna Winkler, Ada Jones, Laura Eddleman, Ruby Rapp, Bea Gardenhire, Broxie Arrington, Winnie Hutchins, Jessie Orcutt, Jewel Marcum, Ora Lee Fulton, Gertrude Raley, Clarine Morrison, Iva Richardson, Lillie Holland, Eula Adams, Lillie Jones and Mildred Mothershed, a new member.

## Miss Doris Parks Becomes Bride of Ted Graham in Clovis, N. M. Rites

In a single ring ceremony performed on Friday, June 22, in Clovis, N. M., Miss Doris Parks daughter of Mr. and Mrs. C. H. Williams of Memphis, became the bride of Ted Graham, son of Mr. and Mrs. Mack Graham, also of this city. Rev. E. E. Storm, pastor of the

## Former Memphis Resident Observes 100th Birthday

Mrs. Elizabeth Palmer of White Deer, a former Memphis resident, celebrated her 100th birthday anniversary at a family reunion and open house Saturday June 23, at the home of her great-grandson Laverne Edwards, at Panhandle. Dressed in orchid silk with a crisp white organdy apron, a shoulder corsage of carnations and a perky ribbon bow on her silver hair, the honoree welcomed each guest personally from her chair beside the big picture window in the Edwards home. Pictures were made of Grandmother Palmer and her descendants, and with relatives who had traveled from as far as Alabama and Arizona to be present for the celebration. Mrs. Palmer was born in 1851 in Calhoun County, Miss. She vividly recalls the days of her childhood and youth which were greatly affected by the war between the States. On September 9, 1869, she married her childhood sweetheart, Quittan Palmer, and the next year the young couple set out for new lands west of the Mississippi River in the broad State of Texas. Settling in Bell County their first home was a log cabin and there the young husband began farming. To this union were born 11 children, 10 of whom grew to adulthood. In 1876 the family moved to Mills County, Tex. where they remained until 1900 when they were attracted to the Territory of Oklahoma by the opening of new lands. Mr. Palmer died in 1904 and in 1912 Mrs. Palmer came to Memphis where she lived until 1941. Since that time she has made her home with daughters in Pampa, Amarillo and White Deer. Last month, on June 6, Mrs. Palmers home in White Deer was demolished by the tornado while she and her daughter Mrs. Vickie Weinberger, took refuge beneath blankets and pillows on a bed. Another daughter, Mrs. Lela Moss, also lost her home in the recent disaster. A lifetime member of the First Baptist Church, Mrs. Palmer retains her membership in the church here and is the oldest living member of the American Legion Auxiliary post of this city.

## Salisbury Club Meets in Home of Mrs. Will McQueen

Mrs. Will McQueen, assisted by Mrs. Ira McQueen, entertained members of the Salisbury Needle Club Tuesday afternoon, July 3. Members responded to roll call with "What our club has meant to us."

An interesting report was given concerning work done by the club during the past 6 months. The report stated that the club had quilted three quilts, pieced 3 quilt tops, made 6 sheets, 51 pillow cases and cuptowels. Donations have been made to Red Cross and March of Dimes and the pillow cases, cuptowels and sheets sent to Boy's Ranch and two quilts have been given away. The next meeting is slated for August 7 in the home of Mrs. Messick. Three visitors were present at Tuesday's meeting and included Mrs. C. A. Veteto, Mrs. C. A. Williams and Miss Ila Sue Davis. Members attending were Meses, I. I. Daves, C. F. Stout, Jess Mitchell, Ed Hutcherson, Ida Hutcherson, Wayne Hutcherson, E. L. McQueen, T. K. Wilton, Cecil Lackhart, G. W. Lackhart, Larry McQueen, Ted Barnes and E. Lee.

## Archer-Evans Nuptials Read In Houston Rites

Mrs. Bessie Archer and J. Lee Evans were united in marriage on Sunday, July 1, in the home of Mrs. Julia Payne in Houston. Minister Basil Hobbart, performed the double ring ceremony. The couple's only attendants were Mr. and Mrs. Lee McClellan. For her marriage the bride wore a navy blue dress with white accessories. Following a 10 day wedding trip to Baton Rouge, La., Mr. and Mrs. Evans arrived in Memphis this week to visit.

## DEVIL AND THE DEEP BLUE SEA

No one will crab about this deviled dish when you serve it as an appetizer, as a main dish at a luncheon or buffet supper. Deviled crab is really tops for summertime entertaining. And made with bread crumbs, there's nothing easier.

- DEVILED CRAB**
- 2 small cans, or 2 cups crabmeat
  - 1 teaspoon mustard
  - 1/4 teaspoon pepper
  - 1/2 cup melted butter or margarine
  - 2 teaspoons lemon juice
  - 2 cups soft bread crumbs
  - 1 teaspoon salt
  - 2 hard boiled eggs, minced
  - 1 tablespoon minced parsley
  - 1 teaspoon onion juice
  - 1/2 cup dry bread crumbs
- Sprinkle tops with dry bread crumbs. Heat thoroughly in a hot oven, 400° F., about 10 to 15 minutes.
- To make soft bread crumbs, crumble slices of fresh bread with fingers, or place two slices together at a time and cube with a sharp knife. Crumbs may be left on or removed, as desired. But never throw crusts away, they're perfect for dry bread crumbs.
- To make dry bread crumbs, grind dry bread through a food chopper, using a fine blade, or toast and crush with a rolling pin. Or use packaged dry bread crumbs.
- Pick over crabmeat and remove any fibrous membranes. Add remainder of ingredients except dry bread crumbs and mix well. Turn into individual ramekins or shells.

**BUDGET MEALS WITH ICE CREAM**—Its comforting in these days of soaring meal costs and the for budget main dishes to know one favorite old stand-by is as wonderful, nutritious and economical as ice cream. We refer to ice cream, of course. No matter that portions are smaller and less choice, the meal ends in a treat, serve pre-packaged ice cream with cantaloupe, berries, raspberries, peaches or applesauce.

In 1950 there were 120,929 Reservists who took training duty afloat or ashore with the Navy.

# PLASKA

Mr. and Mrs. Doyle Hall and Gaylynn took a load of hay to Comanche Tuesday and visited with the Homer Halls. While there Dayle moved his brother to their new home which they have just finished building.

Sue Hall returned home after spending a week with her sister and husband, Mr. and Mrs. Delbert Brandon of Lubbock.

Mr. and Mrs. G. D. Hall, Mr. and Mrs. Hubert Hall and girls, Mr. and Mrs. Doyle Hall and girls, Mr. and Mrs. Arnold Hall and Flora and G. D. Denny and Rita Dean Harmon went to Palo Duro canyon Sunday to attend a family reunion. Members of the Hall family from Pampa, Lakeview, Matador, Canyon and Spring Lake.

Mr. and Mrs. Doyle Hall and girls went to Lubbock last Sunday to visit with their daughter and sister, Mrs. Delbert Brandon and husband. She remained for a week's visit.

Mr. and Mrs. Elton Spangell and boys of San Antonio spent last week here with Mr. and Mrs. E. J. Galloway.

Mrs. Blufford Burnett visited in the home of Mr. and Mrs. J. B. Burnett Thursday afternoon. Other visitors were Diane and Gayle Koeninger.

Mr. and Mrs. Burl Low and girls of Amarillo spent Wednesday and Thursday with Mr. and Mrs.

John Molloy.

Mr. and Mrs. W. L. Nabers visited with Mr. and Mrs. Jim Brooks at Lakeview Sunday evening.

Those present at the park Friday night for a picnic supper were Mr. and Mrs. E. J. Galloway Mr. and Mrs. Pet Galloway and daughter, Mr. and Mrs. Robert Galloway and daughter of Memphis, and Mr. and Mrs. Elton Spangell and sons of San Antonio.

Mr. and Mrs. John Holcomb and son of Wheeler visited with her parents, Mr. and Mrs. J. B. Burnett last week. Mr. Holcomb was injured on the tractor while here and had to have medical treatment.

Mrs. Ima Ruth Durham and children of Memphis were visitors in the Raymond Foster home Sunday and attended church at the Peden Memorial church.

Mr. and Mrs. Cecil Galloway and girls of Borger visited in the E. J. Galloway home Wednesday night.

Betty Burnett spent last week with her aunt and family, Mr. and Mrs. J. W. Wilks in Floydada.

Mr. and Mrs. Doyle Hall and Gaylynn were supper guests of Mr. and Mrs. Wess Hall in Matador Sunday night.

Mr. and Mrs. E. A. Thomas of Amarillo visited in the home of Mr. and Mrs. J. B. Burnett Thursday.

Mr. and Mrs. Raymond Martin spent Wednesday with Mr. and Mrs. L. A. Bray.

The WSCS Social was held in the home of Mrs. J. W. Oliver Monday. Attending were Mrs. J. W. McMaster, Mrs. A. H. Orr and Carolyn, Mrs. Amanda Martin, Mrs. Polk Adcock, and hostess, Mrs. Oliver.

Mr. and Mrs. A. B. Hickey and Mrs. Rae Welch were visitors in the provence home Sunday.

Mr. and Mrs. Hub Holt and children were Sunday guests of her parents, Mr. and Mrs. W. C. Whitfield.

Mrs. S. A. Ellis and Richard visited Mrs. J. W. Oliver Tuesday afternoon.

Mr. and Mrs. Barney Burnett of Memphis were visitors in the Blufford Burnett home Sunday.

Mrs. L. A. Bray was a Childress visitor Saturday.

Mr. and Mrs. A. S. Harwell have returned home after a month's visit with their children at Rockdale and other points in South Texas.

Mr. and Mrs. H. B. Marks of Memphis were weekend guests of Mr. and Mrs. H. A. Hodges.

The revival meeting will begin at the Peden Memorial Baptist church on Friday, July 20. Rev. Bobby Ryan of Hushwood will do the preaching assisted by Rev. Roland Jenkins, pastor.

You get only the best service when you bring your car to Kermit Monzingo, your Chrysler-Plymouth dealer. Adv.

## LEGAL NOTICES

### THE STATE OF TEXAS

TO: Rufus Land, Lesley Land and Mrs. Lea Williams, a feme sole Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 20 day of August, A. D. 1951, at or before 10 o'clock A. M., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 10 day of March, 1951. The file number of said suit being No. 3381. The names of the parties in said suit are: L. J. Greenwood as Plaintiff and C. Land Richard (Dick) Land, Mrs. Ole Meadows and husband, R. L. Meadows, Zebbie Land, W. R. Land Roscoe Land, Pete Land, Millie Land a single person, Ellen Fay Land a single person, Mrs. Essie Mae Scales and husband, R. W. Scales, Mrs. Margie Bailey and husband Elmo Bailey, Mrs. Vivian Cason and husband Clarence Cason, Mrs. Hazel South and husband Alvin South, Jack Land Jiggs Land, Mrs. Lea Williams a feme sole, Mrs. Gertrude Cathey a feme sole, Rufus Land, Lesley Land, Roy Land, Russell Land Mrs. Johnnie Hill and husband F. L. Hill as Defendants.

The nature of said suit being substantially as follows, to-wit A suit in trespass to try title as well as for damages in which above named defendants are the heirs and only surviving heirs at law of R. D. Land and wife Ellet C. Land both deceased, and the plaintiff owns the fee simple title to all the North 15 feet of Lot 7 and all of Lot 5 in Block 12 of Dotson's Addition to the town of Memphis, Hall County, Texas.

that in the alternative plaintiff claims title thereto by virtue of the 5 and 10 years statute of limitations respectively and those under whom he claims same by deeds duly registered and having held same in peaceable, continuous open and adverse possession and paying taxes thereon, enjoying and cultivating same for over 5 and 10 years respectively prior to this suit.

Issued this the 5th day of July, 1951.

Given under my hand and seal of said Court, at office in Memphis, Texas, this the 5th day of July, A. D. 1951.

Isabell Cybert, Clerk District Court Hall County, Texas. 6-4c

### CARD OF THANKS

To you who came to us at the passing of our loved one we want to express our heartfelt appreciation. For each kind gesture of sympathy, the beautiful flowers, the wonderful food, your presence and your unending efforts to help and serve all made our grief easier to bear and we are indeed grateful. When sorrow and grief comes to you may you be among such kind and helpful friends and may God bless and keep each of you day by day in our prayer.

Mrs. W. C. Jarrell and children.

### CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for your kindness to us in our sad hour.

We are indeed grateful for the beautiful floral offerings, and for the food that was served. May God's blessing be upon you, is our prayer.

The Templen Family.

Mr. and Mrs. A. J. Pittman had as guests over the weekend her brother and family, Mr. and Mrs. Frank Mercer who are on their way to Carlsbad, N. M.

"I got the story on  
**50,000 Miles-No Wear**  
and changed to New Conoco Super Motor Oil"

says Walter James  
Buick Dealer  
Fairview, Oklahoma

"I use Conoco Super Motor Oil in my demonstrators. It gives me a better sales advantage, because of the quieter motor. I use it in my own car, too!"

**SCHOOL BUS OPERATOR**

"Operating in all kinds of weather, with frequent starting and stopping, sure gives an oil a test all its own," says Paul F. Gadske, School Bus Operator, Stanwood, Iowa. "Conoco Super is my oil! It does the job for me in every way."

**PRODUCE BUYER**

"Time is the element in my business of buying and selling perishable produce," writes Hanley H. Payne, Twin Falls, Idaho. "In the 55,000 miles I have used Conoco Super, I've spent no money for repairs, and gasoline mileage has been fine!"

**"50,000 Miles-No Wear!" Proved Here:**

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

# AUTOMOBILE OWNERS CAN YOU MEET The New Financial Responsibility Act

FOLLOWING A WRECK THE NEW LAW REQUIRES YOU TO SHOW EVIDENCE OF FINANCIAL RESPONSIBILITY..

**\$15,000.00 Minimum**

(Recent News Item)  
**SHIVERS INKS DRIVERS BILL**

AUSTIN, June 28 (AP)—Gov. Allan Shivers, signed tonight a giant appropriations bill, a drivers financial responsibility bill, a labor control bill, and rushed to complete action on numerous others before midnight deadline.

While signing of the appropriations bill was vitally important to the state, the governor's endorsement of the driver's financial responsibility bill was apt to make a deeper impression on the average citizen.

The drivers financial responsibility law, effective Jan. 1, 1952, requires owners and drivers of motor vehicles to prove ability to pay up to \$15,000 for bodily injury or property damage in case of accident.

Failure to prove financial responsibility will mean loss of drivers license and car registration.

Bodily Injury & Property Damage Liability Insurance on your car meet the requirement of this law. If you do not already have this IMPORTANT COVERAGE WE URGE YOU TO SEE US TODAY.

parties as Defendants. The nature of said suit being substantially as follows, to-wit: Suit in statutory trespass to try title as well as for damages to all the North 15 feet to Lot 4 and all of Lot 5 in Block No. 12 of Dotson's Addition to the town of Memphis, Hall County, Texas, and that on 12th day of May, 1951, plaintiff was lawfully seized and possessed the same claiming the same in fee simple title, when, defendants unlawfully entered an ejected plaintiff from possession thereof to his damages in sum of \$500.00

That in alternative, plaintiff claims good perfect title thereto by virtue of the 5, 10 and 25 years statutes of limitations in that he and those under whom he claims title thereto have had and held under deeds duly registered in Hall County, Texas, and have had continuous, peaceable, open and notorious adverse possession thereof, using and enjoying, cultivating and paying all taxes due thereon as same became due for more than the 5, 10 and 25 years limitations, respectively, before the commencement of this suit. Issued this 5th day of July, 1951. Given under my hand and seal of said court, at office in Memphis, Texas, this 5th day of July, A. D. 1951. Isabell Cypert, Clerk, District Court, Hall County, Texas.

High School Band To Hold Practice Session Saturday

Band Director Perry Keyser has announced that a practice session for all trombone players will be held at 10 a. m. Saturday in the band house at the high school. Also twirling classes will be held at 11 a. m. Saturday. All students who expect to take part in the A band next year as either trombone players or as twirlers are urged to attend these practice sessions. Later this summer Keyser stated that natural ability music tests will be given and students passing will receive Natural Ability Achievement Certificates.

Press Paragraphs

(Continued from Page 2)

forgot that private investment is what makes the system tick. You find this state of mind even in government where some men apparently believe that lack of private investment can be made up from the public Treasury." —Chicago Journal of Commerce

It takes all kinds of people to make up the world. One reason that big apples are always on top of the basket is the fact that there are always a lot of little ones holding them up there! —Brownfield, Pa., Telegraph

"The two party system is a great thing in a democracy, but there are times when the two party principle can be carried too far. That is the sorry circumstance today. The country is in desperate danger, yet there are many representatives of the people in Congress who prefer to jeopardize the welfare of the country by playing politics as usual." —Odebolt, Iowa, Chronicle

"The American people demand four specific actions by the Truman administration. Until these guarantees are given by Washington, popular confidence will continue to sag, says Senator John W. Bricker of Ohio. 'First, elimination of all non-essential Federal spending. Second, preservation of the value of the U. S. dollar, which already has been adulterated to half its 1940 purchasing power. Third, avoidance of all unnecessary regimentation. Fourth maintenance of decent standards of political ethics,' continued the Ohio Senator in an address on the floors of Congress. Can Pendergastism accomplish these urgent reforms in time to rally national sentiment to a real defense program? —Buffalo, Wyo., Bulletin

"There are billions of dollars that can be cut from the nonmilitary budget. And they should be. Why should the American taxpayer tighten his belt when the Government continues its merry spending spree?" —Oakland, Calif., Voice

WALDOBORO, MAINE, PRESS: "The old saying 'it is an ill wind that blows no one any good' must be true. Within the last week we were listening to the radio and heard the announcement of the ten percent increase on the cost of newsprint. We immediately reached for the

aspirin, which, of course helped the aspirin business. It seems as though everything is bound to help some one."

Why Not Parity in Government? From The Friona (Texas) Star A Fort Worth cattle man recently remarked to the editor of The Livestock Reporter there: "Those fellows in Washington are sure crazy about this parity idea!"

"You know, I think, we ought to have another kind of parity. We could stand a little parity in Government!"

To us, this fellow had it all figured out in a few simple words. We have long believed there was too much government, and a corresponding cut in government spending and in bureaucratic employees would go a long way in creating some vestige of "normalcy" in our national welfare.

The cattleman further remarked that true parity in the number of government employees would turn a lot of the professional hangerson out to pasture, too!

Limit The Power To Tax From The Texarkana (USA) Gazette: This concerns figures but it will take only about three minutes to read and it vitally concerns you and every other American citizen.

From July 1, 1789, to June 30, 1941, (152 years) the Federal Government spent \$174,474,715,956. From July, 1945, to September 30, 1949 (less than five years) the Federal Government spent \$191,081,394,191.

In 1941, the United States Government spent over 12 times as much as in 1929—\$3 billion in 1929; over \$40 billion in 1949. How can the taxpayer be saved from some of this huge government cost?

One way is to limit the Federal Government's power to tax. Following is the present unlimited 16th (Income Tax) amendment to the U. S. Constitution:

"The Congress shall have the power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several States and without regard to any census or enumeration."

Now there is proposed an amendment to the U. S. Constitution limiting Federal taxes to 25 percent on the income, estate and gift taxes (except in time of war). This proposed constitutional amendment is regarded as essential and the movement has received wide-spread recognition through the country. It tells its own story, that of limiting the government's power to tax.

PALM BEACH, FLA., POST-TIMES: "The virulent poison in the bloodstream of Human Freedom, is the polyglot pinheads who...spread the gory gospel that man can live without labor, feed upon his neighbor, be supported by government rather than supporting government."

REINBECK, IOWA, COURIER "D. A. Huley, president of the U. S. Chamber of Commerce, points out some facts. Federal agencies, all along the line will make a devout effort to get rid of all the cash left in their accounts...They must spend the money appropriated to every agency, in order that come July first their asking for a larger amount to spend next year be granted them...What would happen if we all spent the last dollar we had each year in order that we could start with a clean slate?"

A total of 1,177 different forms United States, according to the of tree—862 species, 228 varieties, and 87 hybrids—grow in the U. S. Department of Agriculture Check List.

Mr. and Mrs. Derrel Hannon returned last week from a 13-day vacation to Bullard, Houston and other parts of South Texas.

Mr. and Mrs. Claud Johnson visited in Plainview over the weekend with Mr. and Mrs. C. A. Robinson and family. Kay and Ann Robinson returned to Memphis with them Sunday to visit until Wednesday. The Robinsons are former residents of Memphis.

Mr. and Mrs. Earl Pritchett spent the July 4th holiday in Wichita Falls with his niece, Mrs. Alene Moore.

Mr. and Mrs. Regnal Greenhaw of Amarillo spent Sunday with his parents Mr. and Mrs. George Greenhaw.

Mr. and Mrs. Hank Hankins spent the fourth of July in Brownfield visiting Mr. and Mrs. Bob Lamb.

**Kidney Slow-Down May Bring Restless Nights**

When kidney function slows down, many folks complain of nagging backache, head-aches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

**DOAN'S PILLS**

Mr. and Mrs. Claud Betts, who had been visiting with her daughter, Mrs. Clifton Burnett, are now in Amarillo visiting their son Dwight Betts.

Mr. and Mrs. Carl Lee and Mrs. Lee's brothers, Howard and Ernest Magers, of Oklahoma City returned Friday from a week's vacation in Colorado.

Mr. and Mrs. Theodore Adams of Leslie visited with Mr. and Mrs. Ira Lawrence Sunday.

Mrs. W. A. Buchanan and David and Jean of Tucumcari, N. M. are visiting this week with her mother, Mrs. Jean Lamb, and sister, Mrs. J. L. Mothershed of Parnell.

Mikie Dewlen of Dallas, son of Mr. and Mrs. Al Dewlen, is here visiting with his grandmother, Mrs. Jean Lamb and other relatives this week.

Mr. and Mrs. Gilbert Petty and Donna are vacationing on the Illinois River in Eastern Oklahoma this week.

Mr. and Mrs. Jim Martindale of Childress visited with Mr. and Mrs. John Dennis Sunday.

Mrs. A. Anisman and son Shelton left last week for Pittsburg, Penn. to visit her parents, Mr. and Mrs. Joe Marcus.

Betty Burnett returned Sunday from Floydada where she had been visiting relatives for the past week.

Mr. and Mrs. M. W. Paschall Jr. and son of Wellington visited Sunday with his parents, Mr. and Mrs. M. W. Paschall and family.

Mr. and Mrs. Max Clark and Herman of New Albany, Miss., visited July 4th with Mrs. Clark's brother and family, Mr. and Mrs. Clyde Lee.

Mr. and Mrs. Billy Hall and son returned Friday from a two weeks vacation. They spent one week in Las Vegas, Nevada and spent the other week visiting relatives in Stanford, Loraine, and San Angelo.

Mary Foreman is in Austin attending classes concerning county school work. The classes are being held at Texas University.

Cotton Paschall returned to Slaton after spending several days here with his parents, Mr. and Mrs. M. W. Paschall.

Deputy Bill Baten and Chief of Police T. D. Weatherby attended an association meeting of peace officers in Vernon Tuesday.

PRESIDENT PINS PRESIDENT . . . Tuman pins the Legion of Merit with degree of commander on President Gale Plaza of Ecuador for meritorious contribution to the defense of the hemisphere.

Mr. and Mrs. Paul Brewer and daughter Glenda Lou of Wellington visited here Sunday night with Mrs. Brewer's sister, Mrs. Herschel Combs and family.

Mr. and Mrs. E. E. Roberts returned Sunday from visiting in Fort Worth, Denton and Goree.

Mrs. Mollie Welcher and Bonnie Kathy and Billie Welcher of Lubbock visited Thursday of last week with Mr. and Mrs. Jeff Welcher at Parnell.

Mr. and Mrs. Jeff Welcher of Parnell were Vernon visitors July 4th.

Mr. and Mrs. Lloyd Taylor and children of North Hollywood Calif., have been visiting here the past two weeks with his parents, Mr. and Mrs. Cleve Taylor.

Mr. and Mrs. W. W. Dunn and Mr. and Mrs. Brode Hoover spent last week in Ruidoso, N. M. They returned home Saturday by way of Carlsbad Cavern.

Weekend guests of Mr. and Mrs. Conrad Lohoefer were his parents Mr. and Mrs. D. H. Lohoefer of Amarillo. The group enjoyed fishing at Childress Lake Saturday night.

**Donley County Livestock Men Get Veterinarian**

Stockmen in Donley county have realized the need for a veterinarian and have done something about getting one. Early last April, 25 ranchmen and dairymen met in County Agent H. M. Breedlove's office at Clarendon to discuss the need for a veterinarian in the county. They raised \$5,000 at the meeting to build a veterinary hospital. Forrest Sawyer was elected trustee for the group; E. Simmons was elected treasurer and H. M. Breedlove secretary. Breedlove reports that the building has been completed and is in operation. C. E. Deyhle, a 1951 graduate of Texas A. & M. College's School of Veterinary Medicine, has signed a contract with the trustee of the Donley county veterinary hospital. Deyhle is a regular practicing veterinarian in the county and will receive an option to buy the building. Advancements in Navy enlistment ratings to chief, first class and second class officers have been temporary for both regulars and reservists since Jan. 1, -951.

**BRICE**

Mr. and Mrs. J. T. Brock of Plaska visited with their daughter, Mrs. Merle Lemons and family and attended church here Sunday.

Mr. and Mrs. Cal Holland and Laurell returned home Saturday from Temple where Mr. Holland went for treatment. It is reported that he is much improved.

Max Johnson, who has spent the past few weeks at Fort Collins, returned home Friday with his grandparents, the A. C. Hartzogs. The Hartzogs were called to Ft. Collins last week when their grandson, Wayne Hartzog was injured. He was injured in a tractor accident. Wayne is the son of Harry Hartzog and is reported to be recovering satisfactorily.

Mr. and Mrs. Buck Johnson spent several days the past week in Memphis due to the illness and death of her uncle, Dick Watson. Guests in the Edd Shirley home Thursday evening were Mr. and Mrs. Merle Lemons and boys and Rev. Wayne Naylor and family. Ice cream and cake was served.

Mr. and Mrs. Reed Hall and children of Memphis visited Sunday with her brother, Elmer Vines and family.

Judy Johnson spent the past week in Clarendon with her sister and husband, Mr. and Mrs. Sam Lowry.

Mr. and Mrs. Frank Harrison of Amarillo visited Sunday with her sister, Mrs. Hilburn Gattis and family.

Mr. and Mrs. Paul Almond and girls, Barbara and Dorothy, of Tucumcari, N. M. spent the weekend with his brother, Allen Almond and wife.

Ruby McCool of Compton, Calif., spent Sunday night with her cousin, Mrs. Buck Johnson and family.

W. H. Youngblood, who has been in a Dallas Hospital, returned home Sunday. He is much improved.

Mr. and Mrs. Merle Lemons

were Amarillo visitors Monday. Mrs. J. M. Eldrige and Hugh Eldrige of Clarendon visited Sunday with her daughter, Mrs. Ralph Grady and family.

**Plaska Revival To Start July 20**

A revival will be held at the Memorial Baptist church at Plaska starting July 20, with Rev. Bobby Ryan of Hushwood conducting services.

He will be assisted by the pastor Roland Jenkins. The revival will be held each night until July 29. The public is invited.

**TRY THE WANT ADS**

Although it owns only 8 percent of the world's commercial area, the United States produces 58 percent of the world's plywood and 80 percent of its wood pulp.

To overcome a common sea problem—maneuverability on water—Navy technicians and Martin engineers designed a set of underwater rudders called droflaps.

In a move designed to improve the efficiency of its shore personnel, the Navy is sending 500 personnel to a seven-week course at the Military Police School at Camp Gordon, Ga.

GM GENERAL MOTORS

Your key to greater hauling profits

You want a truck that has plenty of heft for the pay load — but the right kind of power is the clincher. That's why so many truckers turn to GMC for swift performers that can pack home the pay load. For in these broad-shouldered carriers—chassis and engine are yoked together to form a perfect team for hauling, a team that's built for keeps! The result is a great line of trucks—from nimble 1/2-tonners with horsepower unsurpassed in their class, up to brawny Diesels with two-cycle efficiency that has made them first in sales in the nation. That's why—whether your cargo is compact or bulky, liquid or solid, grain or cement—if you load it on a GMC, you deliver it faster at less cost per mile! As your GMC dealer, we can give you the long-time benefits of the right combination of axle, engine, transmission and frame for the loads you have to work — skilfully engineered by the world's largest exclusive manufacturer of commercial vehicles.

## If He Be Guilty, So Must We

A newspaper man, for doing what he considered his right-  
 ful duty, this week was sentenced and imprisoned by a Com-  
 munist country.

An Associated Press Correspondent, William N. Oatis was  
 sentenced to ten years by a Czechoslovakian Communist  
 government. Charges of spying against Czechoslovakia were  
 upheld against him by the Communist court.

Oatis' trial has been called a mockery by newspaper editors  
 the world over. Not only was this a blow against an American  
 citizen, but a blow against freedom of the press.

What Oatis was convicted of is not a crime anywhere in the  
 world except in a Communist-oppressed country where the  
 leaders are afraid to let the truth be known.

Recently the South American country of Argentina sup-  
 pressed completely the country's leading newspaper because it  
 was a voice of freedom, a voice criticizing the dictator-govern-  
 ment of Juan Peron.

All over the country and the world, persons have spoke out  
 against this suppression of news freedom. While these men may  
 become martyrs, these instances serve as a notice to the free  
 world the ruthless nature of Communism.

It serves notice to all newspapers, even to papers as small as  
 ours that true and factual reporting of the news is one of the  
 most effective weapons against Communism, against corruption,  
 against mis-government, against anything that is shady and  
 morally unsound.

In our country it is newspaper notices that have brought to  
 light the political corruption in the present administration that  
 has helped clean up the RFC scandal, the Kefauver crime  
 hearings, the Maryland-Tidings political mess.

It is factual reporting to the people of the country that keeps  
 our freedom, free and in the hands of the people of the country  
 instead of in the hands of the few we elect and trust to run this  
 great, massive government of ours.

Since the beginning of time I guess there has been corruption  
 and chicanery in governments. And since the beginning of  
 newspapers in America it has been one of the main jobs of the  
 press to fight this corruption and chicanery and be a voice of  
 freedom for the peoples of the world.

Though the voice of this paper, The Memphis Democrat, be  
 small in world proportions, we renew the pledge to our readers  
 that all newspaper editors make, that always we will strive to  
 fight for what is right, free, and true.

We will strive to oust all corruptness and evilness in our  
 town, in our county, in our state and in our country.

We pledge to you, our readers, a fight for everlasting  
 vigilance of truth and freedom.

## THE PETS THEY LEAVE BEHIND

### Press Paragraphs— QUOTING OUR NEIGHBORS

**Squandering Your Money**  
 Anyone who has the slightest  
 interest in honest, economical  
 government should read an article  
 by Charles Stevenson in the  
 June 9 issue of the Saturday  
 Evening Post, called "How Gov-  
 ernment Pressure Boys Squander  
 Your Money." The point of it is  
 well described by the Post's sub-  
 title: "With expensive books, cock-  
 tail parties and thousands of paid  
 press agents, government agen-  
 cies beat the drum to glorify and  
 perpetuate themselves. They try  
 to teach you what to think—at  
 your expense."

Mr. Stevenson's article deal-  
 with governmental publicity ac-  
 tivities—paid for, of course, by all  
 the taxpayers. Here is a small  
 sample of what he has to say:  
 "Budget Bureau statistics indicat-  
 that \$105,000,000 is spent an-  
 nually from taxes to pay 3,400  
 Federal publicity employes and

circulate their product. Much of  
 this represents statistical reports  
 desirable promotion of good farm-  
 ing practices, information concern-  
 ing social-security benefits plus  
 other services authorized by  
 Congress. But much of it is also  
 sheer propaganda of another or-  
 der. In one week The New York  
 Times received enough govern-  
 ment news releases type, found  
 55,080 words of press-agency,  
 10,166 words to influence legisla-  
 tion, and 45,615 words to influ-  
 ence policy."

Mr. Stevenson names names.  
 The Federal Security Adminis-  
 tration has shot the works in pro-  
 moting compulsory government

health insurance. The Bureau of  
 Reclamation has beaten the drums  
 to the limit in trying to force so-  
 cialization of the power industry  
 and government power develop-  
 ment especially in the West. And  
 government propaganda has en-  
 trenched the Army Engineers "as  
 an all-powerful pork-barrel con-  
 struction agency."

It is an amazing story—and a  
 disheartening one. How much  
 longer will the "government pres-  
 sure boys" be permitted to squan-  
 der the taxpayers' money in this  
 manner?

"One of the most potentially  
 destructive illusions harbored by  
 millions of Americans nowadays  
 is that their national economy re-  
 news itself automatically. They've  
 (Continued on page 7)

 SERVING THE

### REPORT FROM WASHINGTON

By CONGRESSMAN WALTER ROGERS

People are wondering how the present outlook is different from what we could expect in September and the chances that it will not be before the end of October.

There was some talk on the floor about a short recess next week of July, since the recess was on Wednesday. However, the recess was in continuous session all week, including the 4th day of the recess.

There was some talk on the floor about a reading of the Declaration of Independence and paying tribute to those great patriots who were responsible for this forward step in the freedom of the world.

Representative John Rankin of Mississippi suggested on the floor that the Congress should read the Declaration of Independence and the Constitution and the country should get back to the principles therein voiced.

Washington columnist of length about the state of the union to be made special about the "equality of opportunity" and criticized Mr. Rankin as a "supremacy" advocate. The speaker's remarks brought to a transaction that took place on the floor the other day concerning an all-negro veteran's affairs committee.

Mr. Rankin is Chairman of the committee which approved a bill creating a hospital for five million dollars to be used for the needs of negro veterans who are not being adequately cared for by negro doctors and negro hospitals.

This bill came to the floor and was openly attacked by negro congressmen on the grounds of racial segregation. Two negro congressmen were named by a group of ultra-liberal Democrats, ultra-liberal Republicans and a majority of the ultra-liberal Democrats from the East.

The bill was supported by a block of Southern and Southwestern Jeffersonian Democrats. The coalition of old line Republicans from the North and East, the ultra-liberal Republicans, the ultra-liberal Democrats and the two negro congressmen was sufficient to defeat the bill.

It was openly admitted by all that there was a great need for the hospital and that the negro veterans were in sad circumstances unless adequate facilities could be provided.

It was argued however, by the coalition on both sides of the aisle that if the use of the hospital was to be limited to negro patients and negro doctors and nurses, it would be a segregated hospital and that they did not want it under those circumstances. The race issue flared openly on the floor and was without doubt the sole reason that the bill was defeated.

I tell you people this so that you may have some idea of what could happen if the FEPC and the Civil Rights legislation should ever reach the floor of the House.

Frankly, the Republicans would be afraid to vote against the FEPC and the civil rights legislation for political reasons, and don't let yourself think otherwise. If that type of legislation is to be stopped, it will be stopped by Southern and Southwestern Jeffersonian Democrats.

STATE DEPARTMENT: The fight for a complete cleansing of the State Department is continuing and is getting results, but it is not proceeding fast enough to suit me. Over a year ago I told the people that I thought Mr. Acheson should resign.

I have not changed that position nor my opinion. We hope that within the next several weeks Congress will have an opportunity to speed up this cleansing process when the bills on appropriations and other matters concerning the State Department are brought to the floor.

DEFENSE PRODUCTION ACT: We have received much mail concerning controls and inflation. The big question is "What is the proper procedure to curtail inflation?" If economic controls are the answer, my position is that these should be on a temporary basis, should be fair and equitable

GARTER SHORTAGE . . . General J. Lawton Collins, U.S. chief of staff, is caught before senate committee in Washington with socks at half mast.

House Floor to cut out the funds necessary for General Dwight Eisenhower to continue to operate. Had such a move been successful, General Eisenhower's hands would have been tied and all of the work he has done so far would have been lost. I openly opposed such a move.

At the time the procedural matter was being voted upon I was called to the long-distance telephone and when I returned to the floor it was my understanding that the move had been successful and that General Eisenhower had been tied hand and foot. Therefore when my name was called, I voted against the motion to consider the resolution.

Immediately thereafter I was approached by several of the Texas congressmen as well as several other Southern Democrats, and advised that such was not the case. I obtained a copy of the resolution and satisfied myself that such was not the case. I obtained a copy of the resolution and satisfied myself that such move had not been successful.

I then changed my vote from "nay" to "yea". This is the only vote that I have changed since I have been in Congress and had it not been for the long-distance telephone call, I would not have had the misunderstanding.

TAXES: The increase in Federal taxes was for defense purposes. Had this not been the case, the tax bill could not have passed. If this country is going to sustain a standing army and provide proper equipment, supplies and materials, it is going to cost money. I have a large number of letters in my office from men who are in the service.

They are complaining about the pay situation with which they are faced. Their allotments are not sufficient to take care of their wives and children and many of these boys are sending home the small amount that they are able to retain out of their pay. These boys do not get paid on an hourly basis and they don't get paid time and a half for overtime.

They are rendering a great service to mankind and humanity and it would be unfair and dishonest to require their dependents to live in poverty and squalor while these boys are serving their country.

It would be criminal for the civilian population of this country to fail to provide these boys with the necessary guns, ammunition, food, material, supplies, clothing, etc., while they are part of the force that will be the deciding factor in our ultimate protection.

to all, and should remain under the constant control and vigilance of Congress.

The controls themselves are not the great danger if they are handled in the above manner. The great danger in controls is the administration of the controls, and I am not willing to place the economy of this country in the hands of a few egotistical bureaucrats with the power to discriminate and to indulge in decisions based upon bias and prejudice.

We are at present in general debate on the Defense Production Act and will begin the discussion of amendments next week. It is my opinion that if a defense production act is passed, it will retain in the Congress the powers that have heretofore been delegated to bureaucrats. Unless this is done we would be better off without controls.

THE HOUSE: I had my first experience at changing a vote last week. The vote was being taken on whether or not the House should consider a resolution concerning the continued payment of Government expenses between July 1st and July 31st. While the various appropriations bills are being debated and voted upon, a move was started on the

## How to make Wise Tracks to a Beauty

How do you buy a new car?  
Are you one of those people who buy on love at first sight?  
Or do you check cars feature for feature, price for price—then pick the one that gives you the most for your money?

Whichever you are, we'd like to suggest that you come in and see our 1951 Buicks. It's a sure bet you'll go for the swift, smart look of a SPECIAL, SUPER or ROADMASTER—fall seriously in love with the pace and power of its bonnet-filling engine.

And it's a cinch you'll go for the room and richness of those Buick interiors—the serene smoothness of Dynaflo Drive\* and all-coil springing.

But don't let your emotion be the only

judge — get the practical picture too.

Note that the power that gives you such a big kick here comes from Buick's famed valve-in-head Fireball Engine — which means you get a lot of miles from each gallon of gas you buy.

Note that the silken ease you enjoy with Dynaflo\* goes hand in hand with real money savings in maintenance costs.

Above all, note what a Buick's price tag includes — how much more sheer automobile you get in a Buick than the same money would buy elsewhere.

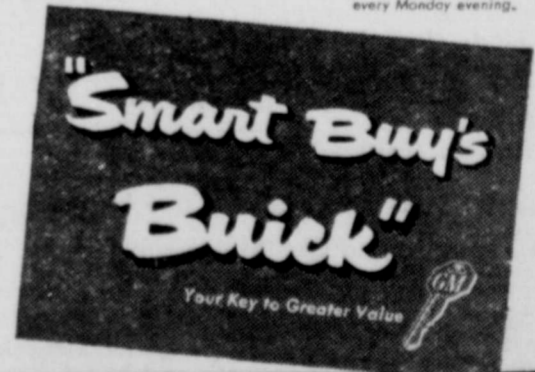

How about making tracks to our showroom right soon — checking thoroughly into the matter — and see if you don't fall in love with a smart-buy Buick?

### NO OTHER CAR PROVIDES ALL THIS:

- DYNAFLOW DRIVE\* • FIREBALL ENGINE
- 4-WHEEL COIL SPRINGING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

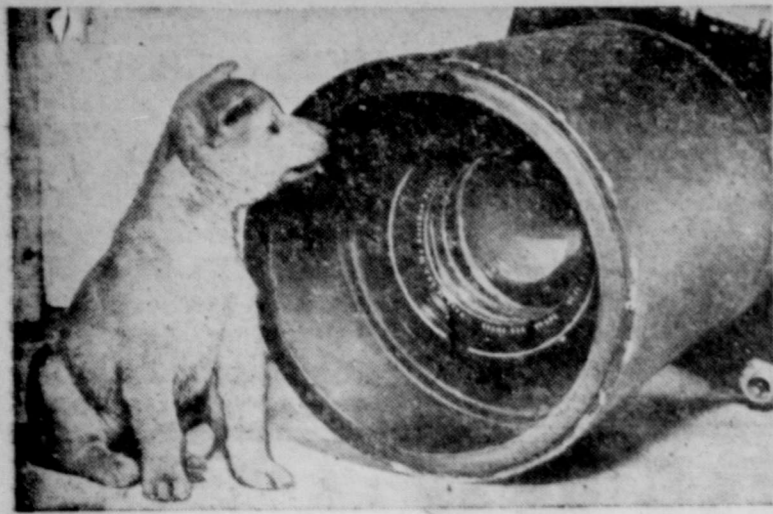

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

# Carnis Durham Tells Of Girls State Meet

(Editors Note—The following is an article written by Carnis Durham after she returned from Girls State which was held in Austin June 25-July 1. She was sent by the local American Legion Auxiliary.)

As a Girls Stater of the Bluebonnet Girls State of 1951, I bring back to the public of my community my experiences and opinions of Girl State.

Bluebonnet Girls State was the forty-ninth state organized by the American Legion Auxiliary for citizenship training purposes.

In Girls State, I was taught, among many other girls, the duties, privileges, rights, and responsibilities of leadership which undoubtedly are the character of our government.

In taking an active participation in governmental affairs of the mythical state I had broader understanding of the responsibilities of citizenship in a democracy and a deeper appreciation of its great privileges.

We elected our city, county, and state officials and learned the duties of these various public offices, we made and enforced our own laws, conducted our own elections and argued our own bills. The basic laws of the state of Texas, consisting of the existing Constitution and State Statutes, were used as a guide. The convention system of nominating was used in selecting the candidates for the various offices.

The administrative officers consisted of the Department Official of the American Legion Auxiliary, Department of Texas. The Directors, Counselors and Supervisor of Recreation, as well as visiting

Staff Lectures, were persons of high ideals, unquestioned patriotism, and academic achievement. Adult women of the highest character and experienced with girls were in charge of the dormitory units.

Visitors at the Bluebonnet Girls State included numerous officials of city, county and state governments in Texas. John Ben Shepard, Secretary of State, urged us to take a new interest in current events and to learn, even at our age, more about government and stop trying to get so much out of it for ourselves. Judge Harris Gardner, Judge of the fifty-third District Court spoke to a joint session of the Girls State Legislature, on "Juvenile Delinquency." He stated that juvenile delinquency is an old subject with a new appearance. Judge Harris' job is to get better educated people to help delinquents. He told us of actual delinquency cases to illustrate points. He closed his talk by saying that organization such as Girls State helped to improve the world as a whole as well as delinquency.

Price Daniel, Texas Attorney General, addressed Girls State on the famous Texas Tideland case. After explaining the duties of the attorney general, Daniel related the history of this case, and explained why Texas should keep the tidelands. In closing Daniel told the advantages of having a decentralized government that is

<b>Total all deposits</b>	<b>\$2,352,665.04</b>
<b>Total Liabilities and Capital Accounts</b>	<b>2,485,908.31</b>

STATE OF TEXAS, County of Hall: I, G. M. Duren, being cashier of the above named bank, do solemnly swear that the foregoing statement of condition is true to the best of my knowledge and belief.

G. M. DUREN, Cashier  
Subscribed and sworn to before me this 9th day of July, 1951 (SEAL)

Gladys DeWees  
Notary Public, Hall County, Texas.  
CORRECT—ATTEST:  
Heydon Hensley, Sam J. Hamilton, T. J. Dunbar, Directors.

close to the people. He also challenged us to continue in an active interest and participation in our government.

Mrs. Margaret Brand, a Dallas attorney, delivered a speech on the subject "There Ought to be Law." The fact that women are not allowed to serve on juries greatly concerns the attractive attorney because, she says, we need women on the jury to help defend the women lawyers. Mrs. Brand besides being a lawyer and lobbyist is a very busy housewife and a firm believer in the rights of women.

The top feature of the convention at Bluebonnet Girls State was the address made by the Honorable Governor Shivers in the State House of Representatives. His talk was brief, on a rather light plane, and his effective delivery was enhanced by his warm personality. The Governor briefly spoke on some of the bills that were passed during the recent state legislative session.

Yes, these are the people who are making our government and carrying forward the principles of government established by our forefathers. Bluebonnet State taught me that your government is what you make it, even if it means standing alone. You must work at democracy to make it work.

### Locals and Personals

Mr. and Mrs. Gene Hughes and family have returned home following a vacation trip to Chicago, Ill. and Russellville, Ky. Mr. and Mrs. N. A. Howell and family of Kenny, Ill., accompanied Mr. and Mrs. Hughes to Chicago. While there they enjoyed touring the city and visiting the zoo. Mr. Hughes and Mr. Howell attended reunion of D. Battery, 579th Air Transport Division. In Russellville, they visited with Mrs. Hugh's grandparents, Mr. and Mrs. W. B. Sweatt.

### CHURCH OF CHRIST

B. M. Litton, Minister  
SUNDAY—  
Bible Classes 9:45 A. M.  
Morning Worship 10:45 A. M.  
Evening Services 8:00 P. M.

TUESDAY—  
Ladies Bible Class 3:30 P. M.

WEDNESDAY—  
Bible Classes 8:00 P. M.

"Holy Father, keep through thine own name those whom thou hast given me, that they may be one, as we are." John 17:11 (From the prayer of Christ on the night of his betrayal.)

### FIRST CHRISTIAN CHURCH

Bedford Smith, Minister  
9:45 Bible school every Sunday morning.

10:50 Sunday morning worship. Sermon: "Precious Promises". This service marks the 28th anniversary of Mr. Smith's ministry. All members of the Church are especially urged to attend. Lord's Supper for all.

7:00 p. m. Sunday Christian Endeavor meetings.

7:45 Sunday evening worship. Sermon: "The Hardest Word to Say." What is that word, the hardest to pronounce? What do you think?

Its not too late for any young person promoted to the fifth grade and up through High School and College ages to attend a summer church camp. We have adequate transportation for those who might desire to leave with us on Monday about 1:30 p. m. for five days in the beautiful Wichita Mountains of western Oklahoma. Fees are low. Classes in the morning, rest and recreation in the afternoon, worship in the evening in a christian environment, makes for a delightful and satisfying week.

Revival dates: August 7-19 inclusive. Welcome to all.

# FARMING is our BUSINESS too!

It's our job to help make farm work easier and better paying. That means doing a lot more than just selling tractors and implements; it means that we must make farming our business, too.

That's why we like to spend as much of our time as we can out visiting our farmer friends. That's how we learn why and how one farm is different from another . . . and see how the many different problems can be licked.

If we haven't been around to see you lately, we're hoping to do it soon. We'd like to get better acquainted . . . both with you and your farm. The better we know you, the better we'll be able to serve you.

Meanwhile, next time you're in town, drop in and see us. Lots of folks do. You'll be welcome.

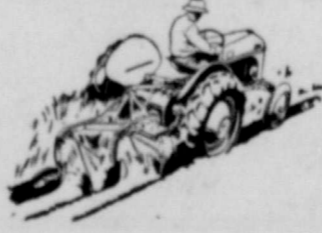

We are headquarters for Ford Tractors, Dearborn Farm Equipment and genuine Ford Tractor and Dearborn implement parts. Call on us any time for prompt, efficient tractor and implement service.

## You Need it... We Have it! DEARBORN MOLDBOARD PLOW

Think! No wheels, axles, levers, springs, tongues or clutches! And how it plows! Quickly attached to Ford Tractor, lifts and lowers by Hydraulic Touch Control; uniform depth easily maintained. Different bottoms available for different soils. We say it's the plow for you . . . we'll prove it!
