PMA Group Election Set For Nov. 16

The County Committee has selected Friday, November 16, as election day for the Hall County PMA Community Committee and delegates to the county convention.
This convention elects the county committee for 1952.
This is the one time of the year farmers are given a chance to select, by ballot, the farmers who will administer the PMA program in this county during 1952.
November 16, polling places will be opened at Memphis, Plaska, Lakeview, Lesley, Estelline and Turkey. Voting by mail will be from November 5 through November 15.
The present county committee is R. A. Eddleman, Estelline, Chairman; Joe C. Montgomery, Lesley, Vice-Chairman; R. Doyle Hall, Plaska, regular member.
Community Committeemen are: Lesley—Johnnie Driver, John W. Hatley and Merle Lemons; Lakeview—Marion A. Wiley, Glen Verden and James Richburg; Plaska—Milton Orr, Ernest Foster and Charlie Foster; Memphis—J. R. Hanvey, Felix Jarrell and Joyce D. Webster; Estelline—Hulen Clifton, Carl Hall and Pete Davis; Turkey—T. R. Fuston Jr., Ewald Geissler and Bruce Gibson.

Labor Shortage Hinders Harvest

FILM STARS TO ARRIVE FRIDAY

Star Chill Wills Heads Hollywood Group On Tour

For "Movietime in Texas—USA" and at the invitation of Hollis Boren, owner of the Memphis theatres, a troupe of movie stars will appear in front of the Palace Theatre at 2:30 p. m. Friday.
Featured will be Chill Wills and six members of Paramount's Golden Circle Playeds, Laura Elliott, Mary Murphy, Ann Robin, Joan Taylor, Virginia Hall and Peter Hanson.
The troupe will be met north of the city on Highway 287 by highway patrolmen, local officers and civic leaders, and escorted to a platform in front of the Palace Theatre on the north side of the square. Mayor Carl Harrison or Buster Holia, mayor pro tem, will welcome the stars.
A parade down Main Street and around the square will precede the 30-minute platform program. The Caravan Bus, gaily decorated with bunting and flags, and proclaiming "Movietime in Texas—USA" in brilliant red, blue and white, will appear in the parade which will include officers' cars and the new fire truck.
School officials have announced that students will be dismissed from classes from 2 p. m. until 3 p. m. in order to attend the public program, and the Memphis High school band will play in front of the Palace 20 minutes before the arrival of the stars.
Chill Wills will act as master of ceremonies at the program. He got his first name ironically because he happened to be born on the hottest July 18 in Seagoville, in Texas history. Entering movie work after first putting in 15 years in vaudeville and burlesque Wills' first film role was in a western. He has been making pictures ever since. In his latest picture, "Cattle Drive," with Joel McCrea, Wills is seen on the screen as Dallas, cowhand cook on a lengthy cattle drive through three states.
The Starlets in the program are being groomed for stardom by Paramount studios, who hope to find new personalities desired by the public throughout the country. They are in constant demand for public appearances.
One of the starlets, Mary Mur...
(Continued on page 8)

CHILL WILLS, often referred to as "a poor man's Will Rogers," will serve as master of ceremonies in front of the Palace Theatre Friday afternoon at 2:30 when a troupe of stars will perform to a public audience. "Movietime in Texas, U.S.A." will be the theme of the program. Host will be Hollis Boren, local theatre owner.

TRANSIENTS HERE FAIL TO PROVIDE ENOUGH PULLERS

Hall county cotton farmers with their crops already reduced by the summer drought, faced another great problem this week—the problem of harvesting their crop and getting it to the gins.
With only about 10-15 per cent of the county's cotton harvested and gined, the labor supply has already begun to dwindle.
Willie Basoco, in charge of farm labor in this area, reported from 750 to 1,000 pullers are now needed. Several hundred transient laborers have been placed on county farms during the past few weeks, but the rapidly opening bolls has caused the local labor demand to go up.
Also many of the transient laborers are moving on to other sections of the country where cotton crops are reported to be better, in order to make more money.
Prices paid here are about the same, but pullers claim they can make more where cotton harvest is thicker than as it is in many places here in Hall county.
Pulling price delivered here in Hall county is \$2.50 per hundred pounds and in the fields \$2 per hundred pounds.
Ace Gailey, agent for the U. S. Department of Commerce Census Bureau, turned in the first cotton ginning report recently as of October 1, and showed officially 4,237 bales of 1951 cotton already ginned. This compares to 507 bales as of the same date last year, Gailey said.
This week the biggest demand for cotton pullers came from Littlefield, Plainview and Vernon. Plainview area farmers asked for up to 2,000 pullers and Vernon about 1500. Littlefield topped the state by asking for 4,000 pullers and also asked for feed shockers and oil mill workers.
Lubbock county is reported to be needing several thousand pullers and reports 220,000 acres of irrigated cotton, 1/4 to 1/2 bale per acre now opening.
In addition to cotton pullers needed on local farms, workers are also needed at the Memphis oil mill.
Officials at a local compress reported approximately 12,000 bales have already been received from cotton ginned this year.

Tax Collections On County, State Reach \$29,231

Hall County taxpayers so far this year have paid a total of \$29,231.00 in county and state taxes during the first 16 days of collections, Tax Assessor-Collector J. W. Coppedge, reported today.
Of this total, \$22,000.00 is in county taxes and \$7,231.00 in state levies.
On the county rolls, the total amount to be collected is \$104,370.00 and the state roll for Hall Countians amounts to \$36,357.00.
Individual landowners and property owners accounted for the bulk of the early collections, Coppedge reported, although payments from businesses and corporations are expected soon.
Poll tax payments during the first few days have been very light, considering next year is an election year. Coppedge added. So far, only 150 poll tax receipts have been issued. The poll tax deadline is February 1, 1952.
Coppedge stated that most of Hall County taxes would be paid the last week in October, probably in order to take advantage of the three per cent discount allowed before November 1.
Taxes paid during November are given only a two per cent discount and those paid during December earn but one per cent discount. No discount will be allowed during January and penalties will be assessed after 'an. 31.

W. A. Thompson Rites Held Here Tues. Afternoon

Funeral services for W. A. Thompson, 75, who was Hall county surveyor for more than 45 years before his death Monday, were held Tuesday afternoon at the First Methodist church here.
Rev. Rollo Davidson, pastor, conducted the service and burial was at Fairview cemetery in Memphis.
Born in Bell Buckle, Tenn., in 1876, Thompson graduated from Peabody College at Nashville and moved to Fort Worth in 1905 and to Hall county in 1906. He married Miss Minnie Hattie Brumley here in 1907 and they have lived here since.
Thompson taught school here in the county for 16 years and served as county surveyor 45 years.
He is survived by his wife of Memphis; one son, Buford Larry of Oklahoma City, two daughters: Maidee Thompson of Fort Worth and Mrs. D. L. Mackie of Pampa; four sisters: Mrs. C. C. Smith of Fort Worth, Mrs. J. B. Foster of Birmingham, Ala., Mrs. J. H. Sigmond of Fort Worth and Mrs. W. G. Douglas of El Paso and four grandchildren.
Pall bearers included Frank Monzingo, G. M. Duren, R. C. Lemons, Sam Hamilton, Sid Baker and Bud Gilreath. Honorary pall bearers were members of the Methodist Men's Bible Class and members of the Board of Stewards.
Funeral arrangements were handled by Murphy-Spicer of Memphis.

Resident At Hospital Thursday

Funeral services for William Youngblood, 72, who died at hospital here last Thursday were held Saturday morning at the First Methodist Church under direction of Rev. Rollo Davidson.
Youngblood had lived at Union Hill Cemetery and Clarendon since he had long farmed in this city. He was a member of Methodist church and of the St. Luke's Lodge.
Survived by his wife, Mrs. Youngblood, three daughters: Mrs. Mamie Harrison, Mrs. Thelma Gattis, Brice, Mrs. Gwyn Hille, San Antonio, and Dr. J. Wade Youngblood, Dallas and W. M. Youngblood, Compton, Calif.; a son, Amie Southard, Avator; six brothers, Dr. J. R. Youngblood, J. M. Waxachie, C. H. Youngblood, Herman, Corsicana and grandchildren.
Funeral arrangements were handled by Murphy-Spicer Funeral Home of Clarendon.

LAUDE'S COMMENTS

By J. C. W.
The next thing to be expected concerning people having a little spending money is the government may be calling in all bills of more than \$5.00 and smaller than a dime. Recently, due to the lack of copper, an SOS call was made for people to turn in any excess amount of copper pennies. Federal reserve banks have been cut-

Former Lakeview Resident Dies In California

Funeral services for Charlie F. Martin, 64, who died in San Diego Saturday were held at the First Methodist church in Lakeview Tuesday afternoon at 3 p. m.
Martin, a former resident of Hall county for more than 18 years, was a retired farmer. He and his wife settled here in 1924 and lived in the Lakeview community until 1942 when they moved to Hopkins county. He was visiting his children at the time of his death.
A member of the Methodist church, funeral services were conducted by the Rev. Frank Storey of Hedley and assisted by Rev. Bernard Seay of Lakeview and Rev. I. T. Hogzatt of Lakeview. Burial was at Lakeview cemetery under the direction of Murphy-Spicer.
He is survived by his wife of Ridgeway, Tex., four daughters: Mrs. Minnie Arguello of San Diego, Mrs. Jean Miles of Santa Maria, Calif., Mrs. Fay Renz Wright of Dallas and Mrs. Inez Durham of Lakeview; four sons: Frank and Bill of San Diego and Archie of Dallas and James of Wellington and two great grandchildren.
Pall bearers were E. C. Barnett Sr., Morris Robertson, Tom F. Ashcraft, Bascomb Davenport, Claude McMurry and Lee Blanks. Funeral arrangements were conducted by Murphy-Spicer.

Lee Bioxom, Former Cyclone, Dies Tues.

Mr. and Mrs. Albert L. Bioxom Jr., of Memphis, three sisters, Carol Ann and Joyce Marie of Memphis and Mrs. Jaunita Putman of Dumas; paternal grandmother Mrs. J. W. Bioxom of Memphis and maternal grandparents, Mr. and Mrs. J. B. Evans of Memphis.
Bioxom, who played tackle for three years at Memphis and participated in the Childress Greenbelt Football Game in August, was returning to Memphis from Paducah where he had been working at the time of the accident.
He regained consciousness Sunday morning and told doctors his steering gear locked on his car and caused the wreck. A Murphy-Spicer ambulance transported him to Amarillo Sunday about noon. He died shortly before 5 p. m. Tuesday.
Funeral services were held this afternoon, Thursday, at 3:30 at the First Baptist Church under direction of Rev. Jeff Moore, Berger, former pastor, and assisted by Minister Bedford Smith. Burial was at Fairview cemetery.
Survivors include his parents.

PTA's To Sponsor Carnival Here Hallow'een Night

A Hallow'een carnival, sponsored by the Parent Teacher Association of Stephen F. Austin and West Ward grade schools will be held the night of October 31, of ficers announced today.
Entertainment will be provided for both children and adults and officers have promised plenty to eat for all at 6 p. m. in the high school cafeteria. The program will begin at 7:30.

Cyclone-Eagle Tilt Scheduled Here Fri. Night

Tomorrow night the Cyclones face the Canyon Eagles here in their last non-conference tilt before they meet Wellington in the conference opener here November 2.
So far the Cyclones have a two won-four lost record as they prepare for the Eagles. Both teams were defeated by the Dumas eleven, but Dumas conquered both teams early in the season. The Eagles and Memphis are reported to be much better clubs now, so Friday night's game promises to be a thriller.
Game time is 8 p. m. at Cyclone Stadium. Coach John Hansard reported most of his Cyclones in good condition and ready for the Eagle tilt.

Axis Controlled By Radio

The main office," Siddle said.
The radios have a range up to 15 miles and the operator at the office, usually Mrs. Siddle, can contact the cabs anywhere in the vicinity of Memphis.
Siddle figures the addition of the radio sets will cut his mileage up to 35 per cent.
"Radio equipped taxis like the one we now have can do as much as four cabs without radios," Siddle added.
"We can now offer citizens of Memphis faster and more dependable taxi service than ever."
When questioned on why he installed radio cabs in a town as small as Memphis, Siddle said it was an investment in better service and he believed it would pay off in more business.

Since installation of the radios recently, on several calls, Siddle or his drivers, Joseph Rex and Grady Phillips, have sometimes had to wait for persons to get ready since they didn't expect the cab to be after them so soon.
A 44-foot antenna was installed at the office for the radios. Siddle, who has been in the taxi business for more than 14 years, claims the distinction of never having been involved in a wreck during all that time. Some of his drivers have, but as he says, "I've just been careful and lucky."
He has operated the taxi service in Memphis the past five years. Call letters on his radio are KKF 803. The taxi service is operated 24 hours a day, seven days a week throughout the year.

Defense Effort Needs All Extra Scrap Iron

An appeal to farmers and ranchers throughout the entire nation has been made by the Agriculture Mobilization Committee on behalf of national defense to collect and sell their old scrap iron.
The Hall county committee has been requested to co-ordinate the scrap drive in this county and the drive will be in progress from now until November 15.
Scrap iron is needed by the steel mills to help make steel for national defense. Steel is half scrap and half pig iron. Over 50 million tons of scrap iron will be needed to keep this vital industry operating in 1952, the Defense Mobilization Committee has estimated.
Scrap iron will be collected by all the 4-H Clubs in the county and the Scout Troops of Memphis Estelline and Turkey. Farmers who have scrap iron on their farms in insufficient amounts to justify delivery to scrap dealers are asked to consider donating it to these organizations. Just call them and they will collect it.
The following dealers in scrap iron have agreed to cooperate with the committee in the county-wide drive: Johnnie Brewer's Garage, Memphis Garage and Salvage Co., Aduddell Salvage Yard, Coble Service Station at Estelline and Butler Laundry at Turkey.
Current price for good scrap iron is \$20 per ton.

PROMOTED — James T. Misenhiner, son of Mr. and Mrs. O. S. Misenhiner of Newlin, has been promoted to Pfc. after finishing boot-training at Camp Stewart Georgia. He is now stationed at Indiantown Gap, Pa. with the 102 AAA Gun Battalion.

Seventh Graders Hold Watermelon Feast At Park

The seventh grade of MHS held a watermelon feast October 9 at the City Park. Games were played before the feast.

Those who attended were: Benny Wisenhunt, Bobby Erwin, Raymond Wilson, Paula McCauley, Ann Tiner, Patricia Gamage, Billy McLaughlin, Elvie Williams, Jo Ann Miller, Mona Benton, Patsy Turner, Linda Fields, Iloa Robertson, Mary Eppers, Paul Wilson, Patsy Moore, Donna Davis, Dan Durham, Don McElreath, Joyce Jeffers, Jean Foxhall, Rodney

Veteto, Horace Henson, John Freeman, Truman Smith, Beverly Middleton, Betty Wells, Juanita Bartley, Earl Barnes, Donald Kirk and Mary Jones.

Janice Smith, Jan Goodnight, Rose Collins, Peggy Ann Freeman, Wanda Lee Widener, Tanya Kay Fletcher, Marjorie Morrison, Charlene Swindell, Carol Ann Bloxom, Valera Sustaire, Carlton Clayton, Royce Young, Dexter Short, Ann Wiggins, Glenda Shawbart, Joyce Ann Vassaur, Carroll Gilcrest, Terry Monzingo, Johnny Chamberlain, Edward Coty, Mrs. L. Y. Young, Margie Lou Young, and Ethel Hillhouse.

Mr. and Mrs. Ralph Liner and daughter, Debbie of Odessa visited his parents, Mr. and Mrs. Floyd Liner Sunday.

Music Program Presented Friday

The student body called into General Assembly October 12 for a Program of Magic presented by Souther Assembly Association of Dallas.

Those who helped the magician, Roy Mayer, with some of the tricks were: Dee Ellen Durrett, Ronald Caulfield, Maydell Jeffries, Jimmy West, Margaret Massey, Jo Anne Webster, Freddy Vinson, Mr. Childress and Coach Hansard.

This program has been sponsored by the school for several years and there will be other programs in the near future.

Principal Claims Average Daily Attendance Low

The average daily attendance for the West Ward School is much lower than it should be. L. L. Thomas, principal stated that he wishes to stress the importance of each child's being present.

"The school draws a certain amount of money on each student every day he is in school," said Thomas. "This money received is what the school is allowed to operate on for the next year," he added.

Whether you send your child to school today may determine a big difference in the school system next year.

"If a student wishes to withdraw, he should check in his books and get his report card and book cards. This is a certain procedure one must go through in transferring to another school.

Some of the students have failed to do this and have made enrolling in another school more difficult," he added.

Shahan Speaks At First Weekly Assembly Program

MHS held its first weekly assembly program Wednesday. The program was opened with the entire student body singing "America" under the leadership of Beverly Snell and accompanied by Janice Smith.

This week's pastor was Rev. Roy Shahan of the First Baptist Church whose text was taken from Genesis 4. The main thought he brought was that each person should have a starting point and a goal in life.

Students Read On Daily Program

"The Words for the Day" is a program in which the students usually read a selection of their own choice from the Bible without making any comment on the reading. Other thoughts appropriate for the season are used such as the poem "Columbus" which was read October 12.

The people who participated in THE WORD FOR THE DAY program this week were: Dan Purham, 8th; Jacky Gilbert, Senior; Jo Ann Hart, Junior; Clyde Tamplin, Sophomore; and Kathrine Wright, Freshman.

Sub-Deb Club Holds Initiation

Senior members of the Sub-Deb Club, Jo Anne Webster and Margaret Massey held the initiation for the Junior pledges last Tuesday at the home of Mr. and Mrs. R. A. Massey.

The pledges took their initiation in a sporting manner and were all received into the club.

Refreshments were served to Mr. and Mrs. Massey and children and the new members: Gereta Graham, Donna Webb, Frankye Srygley, Anne Shankle, Beverly Snell, Barbara Myers, Anita Murphy, Roberta Nelson, Rita Jo Hale, Sylvia Weddell, Jessie Hammonds, Jo Ann Hart, Patsy Jarrell, Betty Burnett and Billie Hartman.

FHA Committee Plans Programs

The FHA Program Committee met last Tuesday to plan the year's program for regular monthly meetings. Members of the committee are Yvonne McDaniel, chairman; Barbara Edmondson, co-chairman, Ann May and Janice Anthony.

One of the most interesting programs of the year is planned for October 24, which is United Nations Day. The program will be composed of songs from other countries, displays of articles foreign countries, and a talk by Charlotte Calhoun who has spent two years in Japan.

The girls are making a United Nations Flag which will be put on display, also.

Bands Perform At Halftime in Clarendon

Halftime ceremonies at Clarendon last Friday night consisted of a marching demonstration by the MHS "A" Band and the crowning of the Clarendon Band Sweetheart.

The Memphis Band, drum major by Jacky Gilbert, entered, playing Show Boy, paraded the length of the field, counter marched playing College Medley, then formed a banjo to play Oh Susanna.

The Band did an airplane counter march and played the Army Air Corps before marching off the field.

The Clarendon band then marched down the field, counter marched and formed two linking hearts. After the sweetheart was crowned, the band marched back into formation and left the field.

Speech Class To Present Hallowe'en Skit

Plans are being evolved for the Negro Comedy Skit which the members of the speech class will present as a part of the Hallowe'en Carnival for the West Ward Parent Teacher Association on Wednesday October 31 at 7:30 in the High School Auditorium.

Negro Characters are Bobby Hutcherson and D'Arman Peabody as two old men; Margaret Massey as an elderly lady; Johnny McDaniel as a young boy; Alma Patter and Roberta Nelson as two kid girls; the other characters are Jacky Gilbert, Dee Ellen Durrett, Ramon Arnold, Clinton Jones, Frank Norman, Nadine Padgett, Alfred Chapell and Horace Jones. The student director is Frankye Srygley; Music directors are Janice Anthony and Sue Miller; Lights technician is Jackie Wells, and Mrs. Roy L. Guthrie is the sponsor.

New Students

The snooping reporter of MHS found three new students in school this week. They are Ray and Jane Johnson, from Vernon, who are in the 9th and 8th grades,

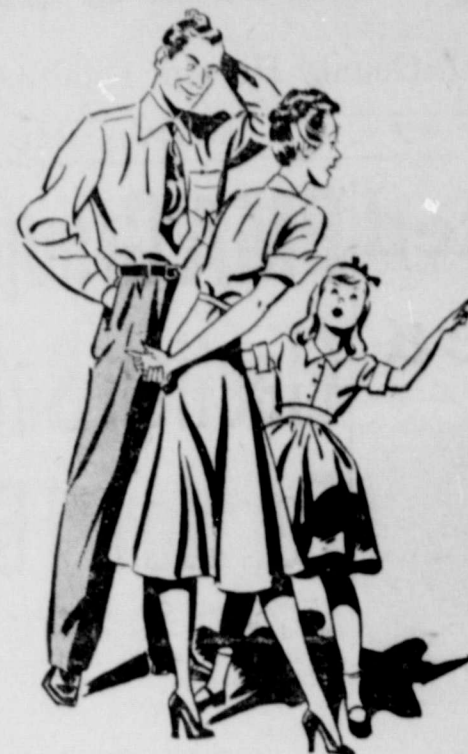

respectively. Roy Richardson who is in the 10th grade, and a former Memphis student, is from Portales, N. M. Welcome to our school!

Mr. and Mrs. Temple Deaver, Jr. attended the Oklahoma-Texas U football game Saturday in Dallas.

Mr. and Mrs. Bob Stephens visited in Amarillo over the weekend with his mother and sister.

Insurance Rate-System To Be Lower In Texas

Texans who buy fire insurance are benefitting from one of the nation's fairest and most equitable systems of setting insurance rates, Fire Insurance Commissioner Paul H. Brown said today.

Brown, who recently announced fire insurance rate reductions which will save Texans \$2,303,000 during the next year, said that the rate-making system used in this state is equitable because it treats everybody alike. If the people in one community pay a little less for their fire insurance than the people in another community, it's because the system of setting rates rewards the cities with low fire losses and who enforce high standards of fire protection and building and electrical installations.

That is because three separate factors are considered in setting rates, Brown said. These factors

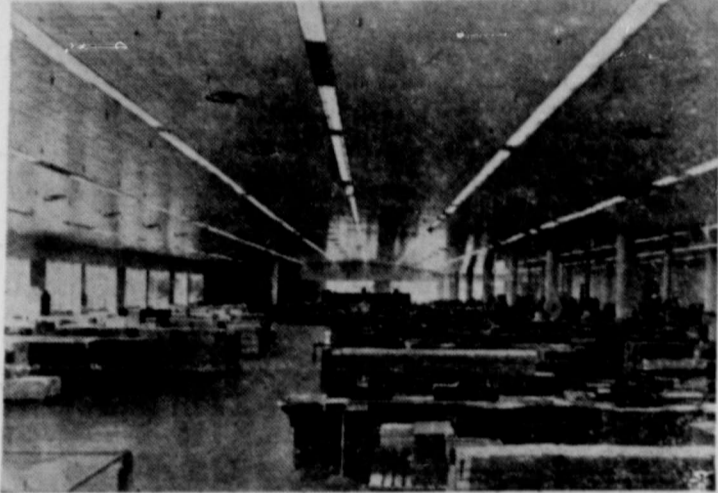

are the town's key rate, its good fire record credit and the experience credit applied to the particular class of building insured.

Key rates—the basic insurance rate—varies a lot from one community to another, Brown said. This is because the key rate is based on the size and quality of the fire department, the water supply and distribution and other fire protection factors.

Rates for different classes—dwellings, mercantile buildings, manufacturing plants, etc.—also depend on the type of construction, proximity to a fire plug and similar factors. The kind of business located in a building also affects the fire insurance rate.

After the key rate is determined, then what is known as an "experience credit" is applied. In simple terms, this means simply that the fire loss record on all

New Plant Emerges From Flood

Not even the surging flood waters of the Kaw River delayed the scheduled opening of the Colgate-Palmolive-Peet Company's new four million dollar Toilet Articles Plant in Kansas City, Kansas. Symbolizing the rehabilitation spirit of the Midwest, the new plant, under construction for two years, has been hailed by state and civic officials from the Mississippi River to the Continental Divide as the first new industrial plant to open after last summer's disastrous Kansas City flood.

Described as the finest, most up-to-date plant for its purpose built anywhere to date, the building, above, consists of four floors. Among its features are an archway (bottom picture) for the second floor finishing department with a vast area 75 feet wide and 113 feet long with a minimum of supporting pillars or posts so as to allow perfect freedom of operation. Louvred fluorescent lighting, tile floors, metal pan acoustic ceilings, and vitreous tile walls all contribute to the highly pleasant working environment.

buildings of a given class is studied and the rate reduced on those classes with low fire losses. For example, all single-family dwellings in Texas now enjoy credits

in rate that vary from 48 to 60 per cent, depending on whether they are brick or frame and whether or not they are near fire protection facilities.

Still further rate reductions are given communities through the good fire record credit system. Based on its fire loss record, a community can lower its insurance rates as much as 25 per cent in a single year, Brown said. A total of 516 Texas towns and cities are now enjoying fire record credits while only 113 are paying higher insurance rates because of penalties. The maximum credit given is 25 per cent while the maximum penalty that can be assessed is 15 per cent.

A lack of knowledge of insurance laws sometimes results in charges that there are inequities in the rates charged dwelling owners as against those charged mercantile building owners.

"We apply the same yardsticks and the same rate-making system to every class," Brown said. The fire insurance commissioner said that the earned premiums of the insurance companies rather than the written premiums are used as a basis for rate adjustments.

"We do this because it is unfair to consider the total amount of money an insurance company collects from policy-holders in one year as its earnings," Brown said. "Under the law, a company can keep—that is, earn and use—only six months of its premium when the policy becomes effective. The rest of the money has to be put in a reserve for policyholders."

Thereafter, at 6-month intervals, the company takes from this reserve a similar percentage until on the day the policy expires, it earns the last of its premium.

Memphis Colonel Receives Bronze Star At Ft. Sill

FORT SILL, Okla.—An instructor in the Department of Combined Arms at Sill received a Bronze Star medal for service in Korea during a special ceremony recently on the lawn of the artillery museum.

Lt. Col. O. B. Lawrence, a son of Mr. and Mrs. D. W. Lawrence, Memphis, received the decoration from Col. Joseph R. Burrill, department director. Officers in the department formed an honor guard while Col. J. S. Blair, executive, read the citation accompanying the medal.

Col. Lawrence was serving as assistant S-3 with 2nd Division artillery in Korea when he was awarded the medal. The citation said in part that "he played a vital role in planning and executing the artillery support for Task Force Haynes in defense of the vital communications center of Changnyong." His ability to work "effectively and forcefully" over long periods of time was also cited.

During his stay in Korea Col. Lawrence was awarded the Silver Star with an Oak Leaf Cluster, as well as the Bronze Star.

He is thoroughly familiar with Fort Sill, having served here as an enlisted man from 1932-41. He attended the first OCS class held at Sill and was commissioned.

He was battalion commander of the Student Regiment at Sill in 1944. He has served some 25 months in the Far East, 11 of it in Korea. The 2nd Division was stationed at Fort Lewis, Wash.

Meanwhile, the company has to pay all of its expenses, its taxes and pay the losses on the policies it has in force.

"Until a company has earned its premium, the money doesn't belong to the company," Brown said. "That is why we must use only earned premiums in adjusting rates."

Commissioner Brown said that in Texas alone, rate reductions of a year ago and those announced recently will save insurance buyers more than \$4,000,000.

"Fire insurance is about the only thing that hasn't been hit by inflation," Brown said.

PROM'S wonderful promise to you—
This easier, lovelier home permanent needs NO neutralizer!

Here's the new easy method. 30 minutes after applying Prom lotion, rinse with water—your wave neutralizes itself automatically as it dries.

Prom takes every time. Even if other permanents have failed, Prom keeps its promise. It's guaranteed to give you a soft, natural-looking wave that lasts 4 months or more. Prom leaves your hair in better condition—soft, shining, easy to set. Promise yourself a PROM today!

Use any plastic curlers.

Farmers Cash Income Higher This Year

Cash income for Texas farmers and ranchers in the first eight months of 1951 was 37 per cent higher than in the same period last year, the University of Texas Bureau of Business Research reports.

Most impressive were cumulative gains in income from cattle sales—half again as large as in 1950—and in income from cotton, cottonseed and wool production—all up more than 50 per cent from the preceding year.

Other commodities which yielded greater revenue during the first two-thirds of 1951 included mohair (up 41 per cent), hogs (up 36 per cent), sheep and lambs (up 12 per cent), poultry (up 44 per cent), eggs (up 45 per cent), and milk and milk products (up 10 per cent).

Except for cotton, cottonseed and grain sorghums, all commodities that registered year-to-year gains were animals or animal products. In general, vegetables, fruit and field crops fared worse this year than last.

Grain sorghum brought raisers twice as much income in 1951 as in 1950.

Incomes from wheat and oats, victims of widespread drought, were down 57 and 18 per cent, respectively. Revenue for rice, peanuts, fruit and vegetables dropped 15 per cent. Corn income declined only 2 per cent, but flaxseed growers were hard hit, netting only 5 per cent of the 1950 yield.

Late Cotton Crops Haven for Insects

Two arch enemies of the cotton farmer, boll weevils and pink bollworms, are utilizing the lush, tender growth that cotton plants have produced since the recent rains. According to A. C. Gunter, extension entomologist of Texas A. and M. College, these insects are about the only benefactors from a late top crop.

This new growth supplies the bugs with a bountiful supply of food which puts them in excellent condition for the winter hibernation period. In the case of pink bollworms, every late boll produced is a potential winter home for them. In the areas of the state where these two insect pests are found, Gunter urges every farmer to completely destroy all cotton stalks just as far ahead of the first killing frost as is possible.

This practice cuts off the food supply of the insects, forces them into a starvation period and into a longer hibernation period which in turn decreases their possibilities of surviving the winter months ahead. The entomologist points out that the most successful

the Kid was initiated in the Panhandle of Texas, and Panhandle cowboys and officers were in leadership all the way. Jim East, who captured the outlaw, and Pat Garrett who killed him, were products of this region. Garrett was from Mobeetie and East later was sheriff at Tascosa. Panhandle ranches sent delegations of cowboys who knew how to handle guns after him. A Panhandle rancher directed the campaign.

Since the Palo Duro Canyon was a favorite hideout, travel route, and rendezvous of hunters, outlaws, gold seekers, and explorers, it is not unlikely that Billy the Kid and his gang escaped "casing the joint." He could have been buried on Mesa Mecca had not some Texas Panhandle cowboys went out for him in New Mexico.

LAFF OF THE WEEK

"Any reduction to the trade?"

ful stalk destruction programs are those which are conducted on a community and countywide basis.

If the cotton stalks are destroyed at once, there is still time to plant a winter cover crop. By combining the insect control and winter legume planting programs, Gunter says cotton farmers will be following practices that can mean better crop yields next year and more profit.

Production costs will be lower because less time and fewer pounds of insecticides will be needed for fighting bugs and cotton following fertilized legumes generally produces considerably more lint per acre.

Mrs. George Reonal and her mother, Mrs. Lee Wheeler of Ruidoso, N. M., are visiting friends at Parnell this week. Both are former residents of Hall County.

During the past three years, Texas chapters of the National Foundation for Infantile Paralysis spent \$377,000 more than they raised in the March of Dimes treating polio patients.

Mrs. Bobby Taylor, Recent Bride, Is Honoree At Attractive Tea-Shower

Gifts of crystal, china, and silver were presented to Mrs. Bobby Taylor, recent bride, during an attractive tea-shower given in her honor Tuesday evening in the home of Mrs. Seth Pallmeyer, 415 South 8th street.

Guests called between the hours of 7:30 and 9 o'clock and were greeted by Miss Janney Mueller and presented to a receiving line composed of Mrs. Pallmeyer, the honoree, Mrs. Taylor; Mrs. Jeff Aduddell, the bride's mother; and Mrs. Cleve Taylor, mother of the bridegroom.

Mrs. Weldon Jester presided at the register to secure signatures of the guests. In the refreshment room the table formed a center of attraction. Extending from a center arrangement of roses were yellow satin streamers inscribed, "Martha and Bobby", dainty cookies, also inscribed with the couple's name, were served with yellow mints and punch.

Approximately 40 guests registered during the receiving hours and many other friends sent gifts. Hostesses for this courtesy included Mrs. Pallmeyer, Mrs. E. E. Roberts, Mrs. Bedford Smith, Mrs. J. A. Odom Jr., Mrs. Oscar Maddox, Mrs. M. E. McNally Sr., Mrs. Grover Kesterson, Mrs. Gerald Knight, Mrs. Floyd Linger, Mrs. D. S. Miller, Mrs. Harvy Wines, Mrs. Gordon Maddox, Mrs. L. O. Dennis, Mrs. J. M. Ferrel Jr., Mrs. Weldon Jester, Mrs. Roy Cole-

Harmony Club Members Enjoy Musical Program

"Music in the Home" was the theme of the program presented before members of the Harmony Club meeting Wednesday afternoon, October 10, in the First Christian Church.

Mrs. D. L. C. Kinard, president was in charge of the business session, and Mrs. Henry Foster was program leader for the afternoon. Introducing the program Mrs. Ward played the hymn of the month, "Come Holy Ghost in Love."

The Great Rejection, the Reformat on, the Flight for Freedom and the Revolutionary Dr. Watts and his contemporaries which was taken from "The Gospel in Hymns" was given by Miss Esta McElrath.

The following program was given by mothers, daughters and sons of the club:

Piano and drums, Mrs. Ed Monzingo and Tony; piano duet, Mrs. Carl Smith and Jan; vocal duet, Perry and Mike accompanied by Mrs. Perry Keyser; piano trio, Mrs. Bedford Smith, Carolyn Kay and David; vocal solo, Barbara accompanied by Mrs. Matthew Allen (this number was written by Mrs. Allen) piano duet, Mrs. Henry Foster and Cheryl Ann; solo, Henry Foster Jr.

Miss Mary Foreman and Mrs. L. G. DeBerry served punch and cookies from a lace covered table decorated with flowers in shades of yellow and brown.

Mrs. Mary Helen Sensabaugh of Dallas was a guest. The next meeting will be held in the Presbyterian church.

man, Mrs. W. V. Coursey, Mrs. Dick Jones, Mrs. Jay Petty, Mrs. E. W. Godfrey Jr., Mrs. W. D. Young, Mrs. Lucille Randall, Mrs. Lina Young, Mrs. Harry Aspgren and Miss Janney Mueller.

Mrs. Mary Sligar Conducts Course At High School

Mrs. Mary Sligar of West Texas State College, Canyon, is conducting a course in Adult Education in Human Relations in the high school auditorium. The first class was held at 10:30 Thursday morning and monthly sessions will be held each second Thursday throughout the school year.

Brought to Memphis through the Board of Education, Mrs. Sligar conducts a class for teachers of the Memphis School and in addition is offering the course on Child psychology free to patrons of the school.

Mrs. Sligar, who is a mother and grandmother, has been a teacher for many years. She is ably qualified, both as a mother and educator, to lecture on child relations in the home and school.

Registering for the course were Mrs. Bedford Smith, Paul Montgomery, William Lavender, John Smith, O. I. Seale, Gene Chamberlain, Henry Foster, Hank Hankins, Lloyd Phillips, Johnnie Brewer, Perry Keyser, Foy Young and Ross Gentry.

Mr. and Mrs. Lloyd Widenes of Lockney were in Memphis Tuesday on business.

Mrs. Roy Guthrie Is Guest Speaker At PTA Meeting

Mrs. Roy Guthrie, director of the speech department of the Memphis high school, gave a most inspirational and factual discussion on "Who Bends the Twig?" at the Thursday afternoon meeting of the West Ward Parent Teacher Association.

Mrs. O. I. Seale, president, presiding at the meeting and the PTA prayer was given in unison led by Mrs. Henry Foster.

Mrs. Guthrie pointed out that the home has the earliest chance to influence the child, that the philosophies, policies, and beliefs of the home are stamped on the child first and he carries all of these into the church and school. She said that the home carries a great responsibility and that some of the most important duties of the home are to provide worthwhile activities, the right interpretation of life, give abundant love and teach unity, all of which can go

far toward making good citizens. "What you are in your heart today determines the bending of the twig," Mrs. Guthrie said in conclusion.

During the business session, the group voted to sponsor a preschool nursery during the PTA hour to benefit all mothers who have small children wishing to attend.

Yearbooks were distributed by Mrs. Robert Breedlove, chairman. Room representatives listed the number of paid memberships and Mrs. David' room was high with 102 per cent which included several paid memberships for fathers. Mrs. McMillan's room reported 100 per cent with every home represented with the exception of one. One grandmother in this room also paid dues. 140 paid members were listed on the roll.

The Halloween Carnival committee reported much progress and enthusiasm is being shown toward the carnival. Plans have been made to sell homemade chili, hot dogs, sandwiches, pies, doughnuts and coffee in the cafeteria and both schools will have a part in this sale. A magician, movies, and gymnastics full of entertainment will

Rev. Burr Morris Is Guest Speaker At Pathfinder Meet

Members of the Pathfinders' Club enjoyed an interesting program at the regular meeting Tuesday, October 9 in the home of Mrs. W. D. Young.

The afternoon's devotion was given by Mrs. W. F. McElreath, and then Rev. Burr Morris, guest speaker, gave an interesting talk using as his theme "Today's Religion is Tomorrow's World."

Rev. Morris was introduced by Mrs. Earl Pritchett. Mrs. W. H. Monzingo concluded the program

provide fun for all ages the night of October 31, the committee said.

Regular meeting date has been changed from the second Thursday of the month to the first Thursday due to the teachers course which conflicted with the regular meeting date. The next meeting is slated for November 1.

meditations on the "Lord's Prayer."

Preceding the program, a short business session was conducted by the president, Mrs. Gene Chamberlain.

A delicious refreshment plate was served by the hostesses to the following members: Gene Chamberlain, Anna Dickson, W. H. Monzingo, W. F. McElreath, Hall Nelson, Earl Pritchett, A. O. Wines, Lee Brown, and guest speaker, Rev. Morris.

Federated Club Sponsors Organization of Ophelia Junior Club

The Federated Junior Club, sponsored by the Ophelia Junior Club, completed its organization on Monday afternoon, October 15, when a meeting was held in the home of Miss Wilkenson, councilor of the Culture Club, in an impressive session. The organization was completed by the reading of the constitution and the election of officers. The club will meet on the first and third Mondays of each month.

William Collier, president; Mrs. Ted Bruce, first vice-president; Mrs. Jack Kinard, secretary; Mrs. Roy Gresham, second vice-president; Mrs. Roy Abram, treasurer; Mrs. Gerald Fowler, reporter. Committees were appointed as follows: Social—Miss Judy Bell, Mrs. Paul Collins, and Mrs. Roy Dick; Civic, Miss Nell McLean, Mrs. Roy Abram, and Mrs. Bill Collins; Program—Mrs. Ted Bruce, Mrs. M. L. Martin and Mrs. Jim Hutchins; Year Book—Mrs. Tommie Abram, Mrs. Roy Gresham, and Mrs. Rayworth Pardue. Charter members are: Mesdames Ted Bruce, Edwin Wyatt, Bill Collins, Roy Gresham, Gerald Fowler, Roy Abram, William Collier, Jack Kinard, Roy Dick, Tommie Abram, M. L. Martin, R. B. Phillips, James Hutchins, Rayworth Pardue, Paul Collins and Misses Nell McLean and Judy Bell.

Shirley Spruill Elected Estelle Football Queen

Miss Shirley Spruill, daughter of Mr. and Mrs. J. S. Spruill, was elected by the 1951 Estelle Bear Cubs as their queen this week. Miss Spruill, a pretty blond member of the junior class, will be crowned at half time on October 19, when the Cubs play the Quitaque Eagles on Cub field. Miss Spruill has been class favorite two years and class representative for the school year contest. She is a pep squad leader this year.

Mrs. D. C. Messick Entertains Members of Newlin Club

Mrs. D. C. Messick, assisted by Mrs. M. P. Moore, entertained members of the Newlin Mother's Club Thursday afternoon, October 11.

The afternoon was devoted to piecing quilt tops for the club. Mrs. D. C. Messick, vice president, conducted the business session. Refreshments were served to the following members: Bill Kesterson, Tom Sweatt, R. V. Sweatt, A. A. Odum, O. S. Misenhimer, J. M. Moore, D. W. Lawrence, Fred Hemphill, P. E. Gardenhire, R. L. Gresham, M. E. Ellis and Miss Isabelle Walker.

The next meeting will be held in the home of Mrs. Clarence Moore with Mrs. Boyd Wadill as assistant hostess. All members are urged to attend this meeting as new officers will be elected for the coming year and definite plans made for the Christmas party which will be held in the home of Mrs. Bill Kesterson.

Mr. and Mrs. Bennie Dennis and son, Eddie Owen, Mr. and Mrs. Charles McCreary and Mrs. Edd McCreary visited with Mr. and Mrs. Dub McCreary Sunday afternoon in Paducah.

Methodist Class Meets in Home of Mrs. Eli Johnson

The Truth Seekers Sunday School Class of the First Methodist Church met Thursday, October 11, in the home of Mrs. Ella Johnson for the regular monthly session. "What a Friend We Have in Jesus," the class song, was used to introduce the program and the opening prayer was offered by Mrs. W. B. Funk. Mrs. J. W. Burks brought the devotional using as the text Ephesians the 6th chapter. Mrs. Pearl Massey gave a reading titled "Something Better Farther On."

The business session was conducted by President Mrs. C. E. Hankins and Mrs. A. B. Jones secretary, read the minutes of the previous meeting and also gave the final year's report.

Mrs. Hankins conducted the Bible lesson and the meeting closed with the Lord's prayer in unison. A lovely refreshment plate was served to two guests, Mrs. Mary Ledbetter and Mrs. Sam Alexander, and the following members: Mesdames W. B. Funk, C. E. Gowan, Pearl Massey, A. B. Jones, C. Gerlach, C. E. Hankins, J. R. Cannon, J. W. Burks, C. W. Broome, Wm. Gerlach and hostess, Mrs. Johnson.

The next meeting will be held in the home of Mrs. C. W. Broome.

Club '51 Meets in Beckham Home

Club '51 met in the home of Mrs. Coy Beckham, 107 North Ninth, Thursday afternoon.

During the business session, plans for a breakfast were discussed and plans made for the fall luncheon which will be held in the home of Mrs. T. O. Pounds the next meeting.

During the social hour, delicious refreshments were served to Mesdames T. O. Pounds, Joyce Webster, Carl Wood, Herschel Pounds, Louis Saied, Homer Burleson, Herman Yarbrough, Gerald Hickey, Elmont Branigan, and hostess, Mrs. Beckham.

Mrs. J. H. Ramsey and daughter, Sonji of Amarillo are here visiting a few days with her parents, Mr. and Mrs. C. W. Wines and sister, Leota.

Mary Jane Jones Is Party Honoree

Mrs. Rachel Jones entertained with a surprise party Wednesday October 10, honoring her daughter, Mary Jane, on her birthday anniversary.

After the gifts were opened and admired, games were enjoyed. Birthday cake and ice cream were served to the following: Janice Smith, Jean Foxhall, Jan Goodnight, Ann Tiner, Beverly Middleton, Betty Lou Wells, Marjorie Morrison, Tanya Kay Fletcher, Linda Fields, Jo Ann Miller, Paula McCauley, Mr. and Mrs. A. W. Piland, W. S. Spruill and Rachea Jones.

VFW Auxiliary Meets Thursday

The VFW Auxiliary met in regular session on Thursday evening, October 11, in the VFW hall with Mrs. Carl Kulp, president, presiding.

Members present were Mrs. Lynn Jones, Mrs. Clyde Smith, Mrs. W. R. Scott, Mrs. Crowder, Mrs. Jack Gilbert, Mrs. William Moss, Mrs. Sam Putts and Mrs. Kulp.

R. L. Roberts To Preach Sunday At Estelline

R. L. Roberts of Abilene will preach at the Estelline Church of Christ at both the morning and evening services Sunday, October 21, it was announced this week.

The morning services begin at 10 o'clock and the evening service at 7:30. The public is cordially invited to attend these services.

RELIEF FOR ASTHMA SUFFERERS

Quick relief usually comes from the first dose of this new formula which acts to relieve congestion. People who formerly suffered with frightening choking, coughing, wheezing asthma attacks speak of welcome relief after using ASMACOL. ASMACOL costs \$2.50, but considering the relief you will experience, the \$2.50 it costs amounts to only a few pennies per dose. ASMACOL (cough, use only as directed) is sold with a money back guarantee if not delighted with results. Sold only by

Fowlers Drug

PROM'S wonderful promise to you—
This easier, lovelier home permanent needs NO neutralizer!

Here's the new easy method. 30 minutes after applying Prom lotion, rinse with water — your wave neutralizes itself automatically as it dries. Prom takes every time. Even if other permanents have failed, Prom keeps its promise. It's guaranteed to give you a soft, natural-looking wave that lasts 4 months or more. Prom leaves your hair in better condition — soft, shining, easy to set. Promise yourself a PROM today!

Here's Helena Rubinstein's new long-lasting nail polish to match Stay-Long lipstick!

AMAZING NEW NAIL POLISH HAS BUILT-IN BASE COAT

Helena Rubinstein's Stay-Long lipstick is the first really creamy indelible lipstick used by millions of women. It actually protects lips against dryness, lasts all day after blotting, and won't smear on anything!

What makes it so creamy and moist — and still indelible? Indelible — an ingredient which combines super-lasting qualities with lubricating emollients.

Now Helena Rubinstein introduces nail polish with the same amazing Indelible. It lasts much longer than ordinary polish, protects the nails themselves, and requires no undercoat (the base coat is built right in!)

There are 14 magnificent colors — 12 matched to Stay-Long lipstick, plus 2 neutral tones.

You'll find Helena Rubinstein's remarkable new nail polish and famous Stay-Long lipstick here today.

(Continued from page 1)

ting requests from member banks for pennies by 75 per cent. Matilda Upstart of West Noel street gathered up her pennies and when informed she would get only \$1.00 a hundred for them, took them back home. The federal government is wondering if people are hoarding money to evade taxes, and say that hoarders prefer \$10 and \$20 bills to those of over \$50 and larger, because banks have to report withdrawals or deposits of the larger bills. Uncle Sam needs

the money so governmental agencies can have more to spend, and according to one U. S. Senator, to spend extravagantly. It is all right to do every thing possible to win the war, but anyone with an ounce of brains knows how three men are hired to do work of one on any government project.

A group of "stand-pat" Democrats held a meeting last week to protest Governor Allan Shivers' wishes that the Texas Delegation to the National Democrat convention next year go uninstructed. This wish was expressed because many Texas Democrats prefer

someone other than HST for president because of his stand against Texas retaining her tidelands, and other things as well. It is not the desire of Shivers that the delegation bolt the party, but to be free to cast their vote for the nomination of a more favorable Democrat candidate. Texans, like those of other Southern states, have their eyes open and know the score. They do not wish to bolt their party, but they do want to see someone else in the president's stat. Sen. Robert Taft has thrown his hat in the ring as Republican candidate. If the race were to be between he and Truman, the latter would win hands down. Gen. Ike Eisenhower will more than likely be the Republican nominee, and the Democrats will have to nominate some other man than Truman if they hope to win over Eisenhower. The Texas "Standpatters" will more than likely have hard sledding in next spring's Democratic presidential convention, is freely predicted all over Texas.

An error was made in last week's account of our trip to the Northwest. The name of the island crossed by the Oakland bridge across the San Francisco Bay was Yerba Buena instead of Treasure Island. The latter is also in the bay and is an interesting one from point of appearance and outline, but it is not crossed by bridge. Many thanks to the many readers who have been complimentary in their remarks about the account of the trip.

Most of the farmers I have heard discuss their cotton crop yield think they will get more cotton than they thought they would at the beginning of the season. Of course, the yield of cotton that was drouthed and hailed out will make less, but in the aggregate the total number of bales ginned this fall will run over 50 thousand, is my prediction.

An election will be held in Texas on Tuesday, Nov. 13. Five amendments to the Texas Constitution will be up for balloting

AUSSIE TENNIS ACE . . . For the first time an Australian has won the U.S. singles title. He's Frank Sedgman, who defeated Vic Seixas of Philadelphia. Sedgman is holding the cup of victory he won at the matches at Forest Hills, Long Island.

Most of these proposed amendments mean more taxes. Every voter should make a careful study of the five items before casting his vote. In a week or so, The Democrat will publish an analysis of the five, and try to show both the good and bad points of each. In these days of government spending, and government control, people should know just how much more control and wasteful spending to give the heads of affairs.

The cool snap didn't snap as much as Mr. Weather Man predicted, and all's right with the world.

Memphis' Kennedy Player of Week

By Dick Kranz
Arlillo Globe News
Who puts the zip into Memphis Cyclones, Max Kennedy, 150-pound quarterback, is "Player of the Week" among gridders on the High School Football League. To say Max Kennedy, who doesn't quite give description because he is more than that.

He is a versatile footballer, in Memphis games, Max has at tailback and fullback in his quarterbacking acrobatics. On defense—he will distract attention from linebacker tackle. It all depends on the defensive signal he calls. The big spark in the 20-8 victory Friday Clarendon Bronchos. He leads for one touchdown and a pass for another to Smith. And Max was on defense and as a blocker. "You can hear him blocks and tackles," said John Hansard.

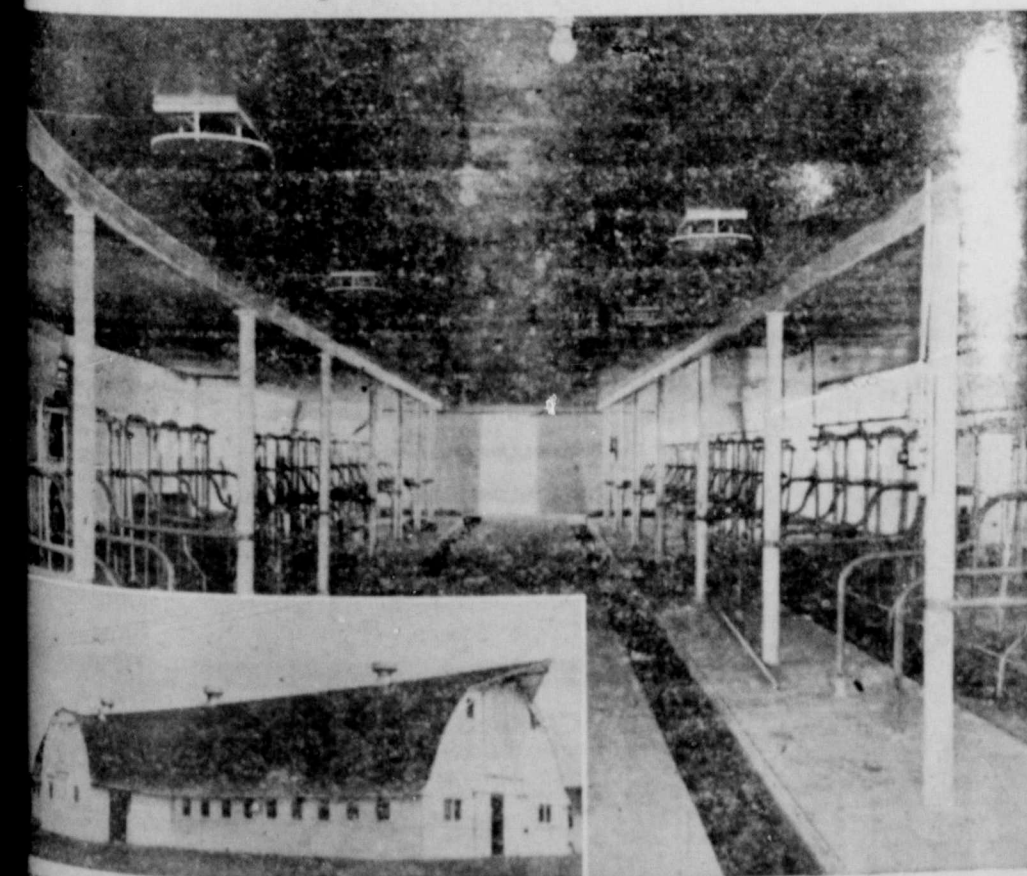

Clarendon Bronchos, considered a block on Hansard's modified short punt formations over nine yards per try, going off the line. Max displayed his drive when he was bowled over by tackle before being down. From his running, block-tackling, Kennedy tried to complete two—one went for a TD. Kennedy, who has a lot of foot, is respected by his teammates and is a good leader. The touchdown was nullified by a Clarendon game by a penalty, Kennedy out of the Bronchos by calling an illegal play and going to the touchdown again on play. He is 5-9, square-jawed, looks every inch an athlete. Kennedy is a senior at Clarendon High.

STUDENTS GIVE
RAM HERE

Memphis Sailor Returns to U. S. From Korean Waters

Word was received this week that Johnny D. Hardwick, airman USN, of Memphis has recently arrived in the United States aboard the aircraft carrier USS Boxer after operating more than six months in Korean waters. Since going to the Far East last March, the Boxer's air group, which consists of seven squadrons made more than 7,000 strikes against North Korean targets.

The Cyclone News

Whirlwinds Defeat Paducah Jrs. 33-0

The Whirlwinds of Memphis whipped the Paducah Jr. High Thursday night at Cyclone Stadium 33-0. Waddill, Jenkins and Sustaire led the scoring parade for the Whirlwinds. Waddill started the scoring spree by plunging the line and running 45 yds. for the first touchdown. Then Jenkins came back and ran the second touchdown from the Paducah 27 yd. line.

The half time score was 12-0. After the halftime kickoff Memphis took over the ball on their own 7 yd. line. After one play, Memphis fumbled and Paducah took over and was held for four downs and this was their only big threat of the game. Standouts for the Whirlwinds were Connie Edwards, Algie Archer, Harley Von Simmons and Henry Vallance.

Sportsmanship Code Prepared By Students

Students representing four high school organizations and two upper classes, spoke at the Lions and Rotary Clubs last week presenting a Sportsmanship Code for Memphis, to be approved or refused.

The code was set up at the District Student Council meeting held at Childrens, October 2. Senior, Max Kennedy, representing Sports, spoke on the preamble and Friendliness, followed by Jocky Gilbert, Senior Drum Major of the A Band, who spoke on Respect and Co-operation, Betty Burnett, from the Junior Class and Home Economics Department spoke on Cheerfulness and Fairness, and Margaret Masse, a Senior and Business Manager of the Cyclone News Staff, spoke on Loyalty and Sincerity.

Both organizations voted unanimously to accept the Sportsmanship Code as suitable for the citizens of Memphis as well as students of the schools.

So this is HOUSEKEEPING
BY SHIRLEY STUART
Through some quirk of reasoning, most veterans at the art of homemaking unconsciously consider brides as idiotic little butterflies who have emerged mysteriously from some cocoon without a practical thought in their heads. When I discovered that my next-door neighbor seriously thought I didn't know a darned needle from an egg souffle I determined to strike a blow for bridehood with a practical idea that would bowl her over. My big chance finally came when she complained that her youngest daughter flatted and resentfully refused to wear any more hand-me-downs clothes that everyone had seen on her sister years ago. I charged in with the simplest of all solutions: dye a new wardrobe!

Seeing the gleam in Janet's eye I went into high gear and pointed out that with an all-fabric dye which works on every fabric she could transform coats, dresses, blouses, skirts, slacks, and everything dear to a girl's heart. Janet had a barrage of questions. Luckily, I had carefully read a booklet from the Tintex Home Economics Bureau and was all set with the answers. Colors? Fifty fashion-new shades from which to choose. When to use color remover before re-dyeing? When fabric is unevenly faded, spotted, or stained, when changing from a dark to a lighter color, when an entirely new or different color is desired.

By that time Janet had the "dye bug" and came up with her own idea which I'll file away for future reference—just in case. She thought of tinting old sheets to make into colorful, inexpensive costumes for school plays or for all the masquerade parties that crop up from Halloween to New Year's!

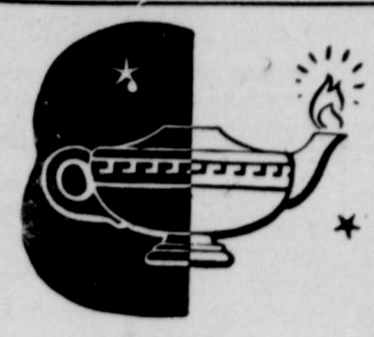

I've noticed two things since my big confab with Janet. After a flurry of home-dyeing, her girls and her young son have proudly blossomed forth with seemingly new, fresh, and colorful outfits. I have been elevated to a new status in her mind somewhere in the region of "You might turn out to be a homemaker one of these days at that!"

TO APPEAR here with the movie star caravan Friday will be John Barrymore, Jr. who was introduced in "The Showdowns," which premiered in Amarillo and has been shown to local moviegoers.

CHICAGO, ILL.—Xavier Cugat is a man of rare discrimination and a gourmet of national renown. His culinary exploits are famous from coast to coast. A favorite recipe of Cugat, the master musician, is here demonstrated to his featured vocalist, Abbe Lane. Cugat calls it "Cugat's Samba Sauce" and it is to be served with a thick sirloin or lamb chops to provide an added zest. First mince one clove of garlic with several green onions, a stalk of celery and a sprig of parsley. Add to 1/4 cup of melted butter and cook until almost brown on a medium flame. Add 1 can of mushrooms (one cup of fresh mushrooms), 1 cup of Mogen David Wine, 2 tablespoons of worcestershire sauce and 1 teaspoon of paprika. Allow to simmer for 6 minutes and serve over meat. (A book of similar recipes may be obtained free by writing to Mogen David Wine Co., Dept. 19, Chicago 32.)

Pearls of Wisdom

Strung by J. H. R.

Have a Cigar!
For centuries tobacco has brought mankind peace and cheer. And for more than 400 years, since the first paleface was lulled toward a treaty by an Indian peace pipe, tobacco has been decried as a moral and physical menace. Yet, despite the hue and cry of the anti-tobacco forces, all through these centuries, an evergrowing portion of mankind—and more recently womankind—has ignored the noises and found comfort in the glowing bowl of a pipe, solace in the delicate aroma of a cigar and an outlet for nervous tension in a few quick puffs on a cigarette. These facts we have on the authority of one Albert Q. Maisel writing for Collier's magazine.

Furthermore, since man first rolled the pungent leaves of the tobacco plant together and called it a cigar, the three little words, "Have a cigar," while not so breath-taking as "I love you" have become synonymous with fellowship. Hal Boyle, a witty columnist, said, "I love a girl who loves a man who is man enough to smoke a cigar in the presence of girls who don't love a man who smokes a cigar." That's what a cigar is, man's smoke. Moreover the ceremonious ritual of stripping the cigar of its end, biting off the end and touching a match to it is not only a noble but a strictly masculine gesture.

If, as a little girl or the sweetheart of a cigar smoker, you haven't slipped a paper cigar band on your finger as a token from your Dad or a mock engagement ring then you haven't lived. In fact they do say that there is a good chance that the cigar may replace the dog as man's best friend for the simple reason that you can't bite off the tip of a dog and smoke him.

If husband, father, son or friend. A Happy Birthday gift you'd send . . . No deeper joy lies in his lucky star Than the blissful peace of a good cigar!
Many is the time a box of cigars have "filled the bill" as a gift for some fellow we almost forgot. Furthermore, for some cigar-smoking friend there is a clever little book by A. D. Faber entitled, "Smokers, Segars, and Stickers." This merry tale of old time smokers and their "segars" is a bit of nostalgia few will want to miss. Through its pages you travel back to the days of the cigar store Indians and the tobaccoist. A special feature of the book is the reproduction of many old cigar box labels, taken directly from original wool cuts. This excellent example of off-the-beaten-path Americana can be had from Century House, Watkins Glen, N. Y. for 2.85. Some writers have even been

so inspired as to pen poetic prose in praise of a good cigar. Indeed, a good cigar heartens a man at his work by day and brightens his fireside at night. The rising smoke cradles his care and weariness, lifted, disappears. "It is solace for the sadder, hope for the harried. It is a brighter of conservation, a maker of friendships. In its fragrances comradeship, and in the goodness of its taste there is pleasure that erases frown. Even the smoke of a cigar is a great thing. So many of man's troubles go up in it."

"It is no mere coincidence that a man carries his cigar next to his heart. Badge of his majority . . . throughout his manhood, in the seclusion of his thoughts and on his far excursions, it is his intimate companion. The young man sees his dreams of conquest take form in his smoke while the old man in his easy chair blows retrospective rings without regret. It glows at the wedding feast; heralds the newborn and turns to ashes at the wake."

HELP FOR OLD EYES

The 1950 census showed that there were 18,000,000 residents of the United States over 60 years of age. In the previous 100 years—1850 to 1950—the total population increased six times; the number of younger persons four times, but the older persons increased 18 fold. Lately, deep concern has been expressed about the waste of human talent among retired men who have been arbitrarily pensioned regardless of their physical condition. Many of these men are able and willing to work but it has taken a national emergency to call some of them back from days of idleness to the industrial plants where they can add their share to production. The majority of these recalled workers can depend upon ready-to-wear reading glasses for the clear vision which enables them to do precision work with assurance and dependability. The simple plus lenses in these spectacles are not corrective, but they are a great help to any one with inevitable middle age loss of near vision. They can be bought without prescription at most department, variety and dime stores for 50 cents to \$2.50.

Truck Drivers Trained For First Aid

If you have an accident the chances are it is a Red Cross trained truck driver who will come to your aid. The driver of the big stainless steel trailer shown has seen a motorist who has fainted at the wheel. In a moment he has him in the grass beside the road and rendered the first aid dictated by his training. The Fruehauf Trailer company has worked out a standard first aid kit with which many drivers are equipped. Listed are the contents of this kit—information which would be of value to every householder. This kit has been worked out by expert safety men to handle all common emergencies. The contents are as follows:
(a) Weatherproof case (b) Tourniquet (c) Triangular bandage to make slings and bindings (d) Bandage compress (e) Iodine swabs, capsules of disinfectants and antiseptic with applicator attached (f) Tubes of burn ointment (g) Ammonia inhalant (h) Forceps (i) Band Aids.

Cyclones Finally Subdue Bronchos 20-8

Memphis Scores On Blocked Punt Passes and Runs

The Memphis Cyclones plagued with fumbles and penalties throughout the entire game broke through in the second half to throw the Clarendon Bronchos 20-8 at Clarendon last Friday night for their second win of the season.

The Cyclones fumbled at three crucial points during the first quarter, once costing them two points on a safety and two penalties nullified other scoring attempts. Clarendon took over after one penalty and drove for their only touchdown.

During the entire game the Cyclones were penalized 115 yards for everything from delay of the game, offsides, backfield in motion, clipping, holding and unsportsmanlike conduct.

The Cyclones couldn't seem to get going during the first half and the first quarter score found the Bronchos leading 2-0. Right after the second period began Clarendon's left half back, Mooring skirted his end for 35 yards to the Memphis 5-yard line and on the next play Broncho quarterback Hall went over and Clarendon was ahead 8 to 0.

The Cyclones took the kickoff and after a series of first downs drove to the 1-yard line with Freddy Vinson at the fullback slot driving through the middle. However on the fourth down the Bronchos forced Carl Lee out of bounds just shy of the goal to hold off the touchdown drive.

On the first play for the Bronchos, Vinson broke through and blocked an attempted punt and Charles Gardenhire recovered the

Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing. When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Try the new 25¢ size. Money back if not satisfied. Mail bottle to Box 280, N.Y. 18, N.Y.

DR. CALDWELL'S SENNA LAXATIVE

Contained in pleasant-tasting Syrup Pepsin

keep us flying... take care of our **COTTON CROP**

Fiber of Defense

If cotton were to be suddenly taken away from our armed forces, our air force would be grounded.

To emphasize the vital necessity of cotton for the Air Corps, the Air Training Command, U. S. Air Force, co-operated with the National Cotton Council in producing a movie-television show titled, "KING COTTON KEEPS 'EM FLYING." Watch for it on the screen and on your television station.

Warehousing takes care of cotton after it is in the bale - protects it against weather damage, fire or theft. Warehousing protects cotton's market - makes it possible to feed cotton mills and processors as it is needed, preventing glutted markets and ruinous prices.

Government loans are made quickly through the services of your warehouse. Warehousing is essential for the protection and profit of the thousands of farmers who grow the fiber of defense.

Memphis Compress Co.
Memphis Hedley Turkey

ball far a Cyclone TD. As the half ended the Bronchos still led 8 to 6.

During the halftime Coach John Hansard straightened his boys out a little and as the third period got underway the Cyclones began to roll when Jimmy Morrison intercepted a Broncho pass on the Clarendon 45-yard line. Clyde Tamplin reeled off a first down to the 27-yard line, then added another 3 yards and Ronnie Smith picked up 5 yards then added the first down on the Clarendon 8-yard line.

Max Kennedy then called a double reverse and carried the ball over for a touchdown only to have it nullified by a penalty. On the next play, Kennedy pulled the ball over from the 13-yard line for the touchdown and the Cyclones forged ahead 12 to 8. Smith ran the extra point over and the score stood 13 to 8.

In the fourth quarter Lee passed to Duane Miller for 22 yards and Miller ran to the Clarendon 12-yard line before Broncho tacklers downed him. On the next play Lee fumbled but recovered the ball and the Cyclones drew a five-

yard penalty which put them back on the 19-yard line.

Kennedy then passed to Smith for about 14 yards and Smith danced over for the third Cyclone TD. Tamplin then powered over the extra point and the Cyclones led 20 to 8.

After the Kickoff, Max intercepted a Broncho pass on his own 42 yard line. Kennedy then called

a quick kick which caught the Clarendon line backers asleep and the ball, kicked by Lee, rolled out on the Broncho 15 yard mark.

Mackie Allen then broke through and blocked a Clarendon punt and Memphis took over on the Broncho 13 yard line as the whistle ended the game.

Memphis earned 13 first downs

to 10 for the Bronchos. They kicked three times for an average of 38 yards and Clarendon punted six times, two were blocked for an average of 17 yards per kick. Clarendon was penalized four times and Memphis 15 times.

Texas Tech Gets High Priced Bale Of 1951 Cotton

The world's highest priced bale of cotton will not have to leave Lubbock County for processing, thanks to the Textile Engineering Department at Texas Tech.

The \$1,850 bale of cotton, raised by Carter Caldwell of Slaton, has been given to Texas Tech by the buyer, Bob Womble of Womble Olds Co. in Lubbock. The textile engineering students will process the high-priced staple as laboratory material and make towels and washbags for charitable institutions in the county. A few yards of drapery will be made for Womble as a souvenir.

The Lubbock Jaycees auctioned off the bale at \$3.70 a pound on a 500-pound basis. The bale weighed 650 pounds. The \$1,850 Caldwell received is the highest price on record for a bale of cotton.

Prof. L. E. Parsons, head of the Textile Engineering Department

KIDNEYS MUST REMOVE EXCESS WASTE

When kidney function slows down, many folks complain of nagging backache, loss of pep and energy, headaches and dizziness. Don't suffer longer with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

VET PROBLEMS AND ANSWERS

Q. Will the Veterans Administration find me a job? I am a World War II veteran.

A. The VA has no job-finding functions, under laws established by Congress. The place to go is your local state employment office.

Q. My daughter will be 18 next July—during the summer vacation between school terms. She is receiving death pension payments because of the death of my husband, a World War I veteran. Will VA stop the payments between the time of her 18th birthday and the time she starts school in the fall?

A. No. So long as your daughter enters school at the end of the vacation period, the payments may, with VA approval, be continued during the summer after her 18th birthday—even though she is not actually in school during that time.

Q. I have just finished Public Law 16 training, and I expect to continue drawing subsistence checks for the two months following my rehabilitation. If I re-enter military service, will the checks still keep coming to me?

A. No. You are not entitled to receive subsistence allowance if you are getting active service pay.

Q. Does time spent in the WAAC during World War II count toward building up entitlement for GI Bill training?

A. No. However, time spent in

at Tech, officially received the cotton on the behalf of the College Oct. 3.

HOME OF COMPLETE BUILDING SERVICE

REPORT FROM WASHINGTON

By Walter Rogers
Congressman, 18th District

If the tax bill agreed by the Conference Committee passes both Houses, there has been a \$15,750,000,000 since the Korean War.

although it seems that many have been overlooking it. Those who fail to recognize and fully meet the responsibility of that trust must be weeded out and called upon to answer for their mistakes and misdeeds.

That goes for all public officials whether elected or appointed and whether they be Federal, State or local officials.

Congressman Wheeler of Georgia told me the other day of some of the highlights of his trip to the new atomic plant site in the Savannah River, South Carolina area. He went to the site without identifying himself and applied for a job. He states that he was very curtly told that he would have to go back to a town some thirty miles away and join a local union before he could apply for a job.

He did not do this, but went on into the reservation with his secretary and made an on-the-ground investigation as best he could. He states that he was able to drive around quite a bit over all portions of the area except the restricted areas.

He came back with a report that much manpower was being wasted, and immediately lodged his complaints and charges with the proper committee in the House and with the Comptroller General. This indicates what is being done to try to prevent some of the things that happened during World War II.

THE FOREIGN AID APPROPRIATIONS: The appropriations for foreign aid passed the House yesterday. I voted against the authorization for this Foreign aid, and also voted against the appropriations.

It is my opinion that the money

An unusually large cotton crop near Edinburg, Texas, this year brought beauties clad in swim suits to the fields to help relieve the labor shortage. While brunette Betty Zane Lane, a local beauty, helps gather the fluffy white cotton fiber, she acquires a glamorous sun tan to boot.

necessary for these purposes should come out of the 60 billion dollar military program, as it is military assistance that most of the countries need to protect themselves while they are building up their economies. The appropriation was for \$8,299,000,000.

Europe gets 5 billion military aid, 1 billion economic aid; the Near East and Africa, 396 million military aid, 160 million economic aid; Greece, Turkey and Iran are major beneficiaries, Asia and the Pacific get 535 million military aid, 237 million economic aid; part is for military equipment for Chinese nationalists on Formosa; American Republics, 38 million for military aid, and 21 million economic aid.

The foreign aid bill appropriates approximately 7 1/2 billion dollars in new cash and re-appropriates 800 million in funds previously provided by Congress but not yet spent. It is interesting to note that this foreign aid bill is approximately 3 billion dollars greater than the amount to be raised by new taxes in this country.

In other words, it can be said that all of the additional taxes that you have to pay, plus some of your old taxes, will go for foreign aid. You can see that most of these funds are earmarked for Europe and the North Atlantic Treaty countries.

In most of these countries the per capita public debt is less than ours, while at the same time their standard of living will equal only about one-third of our standard of living. I wish that I had the space to give you some of the figures on these public debts of foreign countries and the present standards of living in those countries. I will try to do it in a future news letter.

CONGRESSMAN FRANK IKARD: Congressman Frank Ikard, of Wichita Falls, moved in and is just down the hall from me. He is a splendid gentleman and an excellent Congressman. The 13th district will be well represented.

Miss Joyce McDaniel, who is a student at NTSC, Denton, visited here over the weekend with her parents, Mr. and Mrs. J. J. McDaniel.

Bobby Crooks, sophomore student at Southern Methodist University, visited here over the weekend with his parents, Mr. and Mrs. R. E. Crooks.

Fire Prevention and Civil Defense Go Hand in Hand

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.

The majority of all fires start in trashpiles, rubbish, or stored odds and ends that accumulate around the house. Closets, attics, and cellars are the main source of home-fires, and plain ordinary good housekeeping is a strong line of defense against them.

Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them make your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.

Don't stop when you've cleared out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bombs your city. Be sure to burn rubbish in metal containers.

Take a look at your electrical system. Buy new plugs and cords if yours are worn. Get advice from an electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.

Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some result from too much soot in

chimneys. Others are caused by rusted or cracked pipes and fittings. Look over your heating system now. If your chimney needs it, clean it out. If the furnace pipes and connections are cracked and rusted, replace them.

Teach your family not to put magazines, papers, or clothing on radiators or near open flames. Don't hang flimsy curtains near your kitchen stove. Don't allow lamp shades to come in contact with light bulbs. Remember that such things don't have to touch flame to burn. They will catch fire simply because they are too close to the heat for too long.

Gasoline, benzene, naphtha, and similar fluids should never be used indoors. When mixed with air, their vapors can be ignited by the spark of a light switch or an electric fan, or the tiny flame of a pilot light. Keep such fluids in tightly closed metal containers outside your home.

And remember: oil-soaked rags, especially rags that have been used to spread quick-drying liquids such as turpentine, paint thinners, and some furniture polishes, can catch fire by themselves. Oily rags should be stored in air-tight metal containers. It is best to keep them outside the house.

THE AMERICAN WAY

Power - Drunken Driver

Winter Preparation Advised For Autos

Preparation of the cooling system for cold weather is an important part of automobile maintenance too often overlooked, advises E. L. Harrig, manager of the service department, Chevrolet Motor Division.

"Car owners usually see that oil is changed, lubrication performed, tires inspected and brakes and batteries checked," Harrig says, "but often neglect the cooling system until overheating develops."

Harrig points out that overheating does not develop suddenly. Causes of overheating build up over a period of time, during which the efficiency of the engine gradually is reduced. Iron rust particles in the water form 90 per cent of the material which clogs the cooling system, with water-scale and grease also contributing. In hard-water areas water-scale is a more formidable consideration.

formation, a suitable cooling system cleaner should be used. "Washing soda and other alkalis, or kerosene and other organic solvents are not entirely successful. They cut grease and loosen rust, but do not dissolve the rust nor remove it from the radiator core, block or head. New Cooling-system cleaners have been developed which contain both a liquid and a powder. The liquid dissolves the grease which holds rust and scale together. The powder emulsifies the oil and grease, allowing it to be flushed out with the loosened rust particles."

To prepare the car further for winter driving, the battery should be checked, brakes adjusted, lights inspected and wheel alignment examined. Be sure the heater, defroster and windshield wipers

SCOUTS LAUNCH FALL ROUND-UP

Under the direction of W. B. Weathered, organization and extension chairman, the Adobe Walls Boy Scout Council has launched a Fall Round-Up program designed to extend Scouting to more boys than at any time in the council's history.

The Round-Up, which is being conducted in 47 communities within the council's territory, includes school surveys, visits of Scouters to the homes of prospective Cubs and Scouts, and Unit Open Houses where parents will have an opportunity to learn their responsibilities to Scouting.

In the southern district which includes Collingsworth, Hall, Donley and Wheeler Counties, the program is being directed by Duard Scott of Wellington, organization and extension chairman.

An important part of the Round-Up is the recruiting of more men and women to serve as volunteer leaders. Council leaders say that with an increase in volunteer leadership it will be possible to reach many more boys than ever before and to improve the calibre of the program offered.

The climax of the Round-Up will be public investiture pro-

grams in each of the four districts of the council. At that time all new members and all new adult leaders will be publicly recognized.

grams in each of the four districts of the council. At that time all new members and all new adult leaders will be publicly recognized.

CARD OF THANKS
We wish to express our heartfelt thanks to friends, neighbors and blood donors at Wellington, Childress, Memphis and other cities for their splendid cooperation during the illness and death of our loved one, T. L. Waddill. Also our sincere gratitude to the hospital staff at Odom's Clinic. We are indeed grateful for the beautiful floral offerings and for the food served. May God's blessing be upon all of you. Mrs. T. L. Waddill and family.

Walter Brewer and daughter, Therarita of Cresco, Iowa, visited here over the weekend.

Gasoline Gossip

By McClure

Our friendly attitude is "down to-earth" but we do give expert service.

McClure's Service Station
Ph. 715 4th & Noel

Coach E. J. McKnight's Eagles last week defeated Matador, 32-12 in a conference game while other conference winners lost. Estelline, previously unbeaten, was overwhelmed by Turkey, loser of four consecutive games, by a score of 7-6. This gave Turkey a 1-0 record in the district race.

SOMETHING TO THINK ABOUT

There is hardly anything in the world that some man cannot make a little worse and sell a little cheaper and the people who consider price only are this man's lawful prey.

If you want Quality and more for your money Buy Philco Radios and General Electric Appliances. They are cheaper in the long run.

Also Supreme Water softeners (Much needed in Memphis) Also remember that November first that an extra tax goes into effect on some Appliances.

Another friendly tip. The Government is taking metals so fast that even G. E. is making substitutes for some critical materials. So the sooner you buy the better the merchandise you get

FORCE CHIEF SAYS ENEMY WEAPONS CAN ATTACK AMERICA

By MILLARD CALDWELL, Federal Civil Defense Administrator

General Hoyt Vandenberg, Chief of Staff of the United States Air Force, has made a startling statement — one which most Americans find hard to believe. He had said that at best we could knock 30 out of every 100 enemy planes attacking the United States. That means that at least 7 out of 10 would get through.

Despite our traditional attitude that "it can't be done," we must believe these facts. It does not mean that our Air Force is ineffective. We have an excellent force and our anti-air defenses are good. In the past, the Germans also were equipped with defense weapons which were not able to attack bombers. On Oct. 10, 1940, they lost fewer than 10 out of 100 planes. That gives us something to think about!

That is not all we must plan against. In some types of biological warfare fifth columnists could begin work without waiting for a war to start. Saboteurs, too, could attack from within and wreck our defenses and war production output.

Hit Without Warning. All these enemy weapons could hit us without warning. The outcome of modern war is not necessarily decided by armies in the field. Wars today can be won or lost on the home front.

Millions of Americans must be trained in civil defense before this country can be sure it is ready for enemy attack. Meanwhile, that attack might come at any moment.

We have no time to lose in preparing to ward off such an attack. Your home, your job, your family, your own life may be at stake.

Civil defense is the sure way — the only organized way — for survival on the home front.

(The next article will discuss what is civil defense and how it can help.)

TEXAS' FIRST ENTRY

First Texas lass out to lasso the 1952 Maid of Cotton title is pretty Patricia Ann Mullarkey of Dallas. The blue-eyed brunette beauty, 29 years old and 5 feet 7 inches tall, is a senior at Southern Methodist University. She is the daughter of Mr. and Mrs. James M. Mullarkey, 3940 Centenary, Dallas. Winner of the Maid of Cotton contest will make an exciting six-month goodwill and fashion tour in behalf of the cotton industry.

Estelline Student Helps Head McMurry College Quadrillers

Ed Cooper, freshman student at McMurry College from Estelline, has been chosen as first vice-president of the Quadrillers for this year.

The Quadrillers, a folk-gaming group under the direction of Oliver A. Bush, meet each week, to learn and to practice new routines. Ed is the son of the Rev. and Mrs. A. W. Cooper.

Locals and Personals

Mr. and Mrs. Jay Shepherd and daughter, Susan of Amarillo visited with relatives here over the weekend.

Mrs. W. R. Durham and Carnis visited with relatives in Amarillo over the weekend.

Mr. and Mrs. Don Clemons of Fort Worth are here visiting her mother, Mrs. W. Z. Hawkins.

Mrs. L. O. Dennis and W. C. visited with her mother, Mrs. W. R. Foster at Hollis, Okla., Sunday. Mrs. Foster returned home with them for a visit.

TEARFUL BABIES

The emotional young lady above doesn't have to cry all by herself anymore. Keeping her company is her doll, a newcomer who sheds real wet tears when squeezed gently after being fed with a toy nursing bottle and like every other infant, the little stranger burps, blows bubbles, wets and sleeps when her tiny tears have been dried by a solicitous young mother. Tiny Tears is the latest creation of a pioneer doll-designer who made the world's first all-rubber doll.

Editorial

A Step in the Right Direction

Two weeks ago representatives from Memphis, Childress, Paducah and Wellington high schools met in Childress to consider and draw up a sportmanship code for the schools in this district, 3-AA.

The code is to promote friendliness, respect, cooperation, cheerfulness, fairness, loyalty and sincerity toward the students of the participating schools and the citizens of the communities.

The representatives from each school were elected officers of the Student Service Councils. The code drawn up by these students from the four schools is now being presented to the student body in each school.

Now if the matter stopped there, it wouldn't be worth very much comment. But here in Memphis it has no aspects of being halted after presentation to the students.

Last week the Student Council Representatives here presented the code and the program to members of the Rotary and Lions Clubs for endorsement of the business men to help them make this code mean something.

In this community, every year, at football games with rivals like Wellington, Clarendon, Childress and others, some people seem to forget the contest is just really a game. They let their enthusiasm go too far until ill feeling arises between the schools, between the people and between the towns.

The step of the code of sportmanship, by these high school students can do a lot to prevent such situations from arising.

After all, a year from now it really matters very little who won last week's football game. But the boys that played the game, for the rest of their lives will live with and by the code of sportmanship they learned and played by in the game.

Did we, as a community, foster the right ideals and set the right examples for these boys to learn before they got to the playing field?

With the adoption of this code of sportmanship the High School Student Councils have adopted. We can start in our community, in our town, in our schools and homes, the correct and proper atmosphere which will help these youngsters all of their lives.

Now isn't that more important than winning any football, basketball or baseball game?

We believe it is, yet we like to back a winning team as much as anyone and we are as proud of the Cyclones when they win as anyone else in town.

But there isn't a law against a team of good sports winning! More times than not it is the good sports that do win.

It's an old and time worn quotation that says it's better to lose gracefully than win dishonorably.

Therefore, we are backing these school students in this sportmanship code. We believe it is one of the best things for them, the school, the town and community that could happen.

We hope you will back them too and give them your support. After all, they can't do it all by themselves.

Let's all cooperate and make this community one known for good sportmanship.

A Studebaker truck is a gas mileage star!

Its streamlined design makes it a marvel of a low-cost performer!

Cut your hauling costs with this truck that's got a nation-wide reputation for remarkable mileage per gallon.

Save gas—and save on repair costs—the way hundreds of thousands of Studebaker truck owners are doing.

Stop in and take a close-up look at a Studebaker truck's far-advanced designing and wear-resisting structure.

See why every Studebaker truck is a stand-out money saver mile after mile.

SHADOW ON THE WALL

Press Paragraphs—QUOTING OUR NEIGHBORS

They Are Still Ours . . .

Our country has sent a full measure of its finest youths to serve in the Armed Forces. Scattered over the globe, they are ready to defend our liberties against one of the best armed and most determined aggressors in history.

Many of them are still in their teens and but for the awful demands of war would still be at home. It is most important that each of us do everything possible to maintain the ties of home with these boys and girls so that their morale may be kept high while they are away.

The great instrument which the American people created to provide these home ties is the USO—United Service Organization.

The USO which performed so magnificently in World War II, providing a home away from home for our young men and women in uniform, has been called back into action to perform a similar job for the approximately 4,000,000 youths who now wear the American uniform.

This is your opportunity to help them. Give to the USO.

In An Oil Well

Do you happen to own a transparent raincoat? Or a set of non-breakable icebox dishes? Or washable bathroom curtains? Or a lightweight, bright-colored garden hose? Did you ever notice the wrapper that surrounds the frozen vegetables you buy at the store?

These—along with thousands of other equally commonplace articles—may have started in an oil well. They are converted into their present form by the science called petro-chemistry, which takes petroleum hydrocarbons and utterly transforms them.

This particular branch of chemistry is very new, and it is enormously complex. It deals in the abstruse world of atoms and molecules. And so far, great as the progress has been, only the surface has been touched. As an article in a magazine published by one leading oil company put it, the "phenomenal progress of petrochemistry has been achieved in a few recent years by what might be called the traditional methods of chemistry, involving the rearrangement of atoms to make strange new molecules. Ahead lies the wide-open, fabulous field of nuclear chemistry, which plays with the atoms themselves. Already the Star-gazers among chemists are looking in that direction."

Petrochemistry demonstrates that crude oil is an extraordinary commodity. The processes of science can make it perform services and produce useful articles which are almost unlimited in scope and number. And all of this is the result of research, both within the oil industry itself and

NATURAL GAS for You

...and for Industry too!

Hot water... hot water in abundance for the home or the largest laundry. And the fuel which heats that water in the Gulf South is dependable, low-cost natural gas. It's the perfect fuel for every purpose—the fuel that is helping to make our part of the country the brightest industrial location in the nation.

United's position as the world's largest handler of natural gas is made possible by our purchases of gas in more than 200 fields. These diversified sources of supply are positive assurance of dependable service in every community which now buys gas from our system, or which may be added to our lines in the future.

UNITED GAS... SERVING THE Gulf South

Whirlwinds To Face Wellington Tonight

Coach George Childress' undefeated Junior High Whirlwinds play their fifth game of the season at Cyclone Stadium tonight when they meet the Wellington Junior High squad.

Earlier this year the Whirlwinds defeated the Wellington Junior Rockets and will be out to repeat the feat again tonight.

Coach Childress reported his Whirlwinds are in the best shape they have all season and are ready for the Wellington game.

The Whirlwinds are expected to unleash a passing attack tonight against the Wellington squad. So far this season the Whirlwinds have made most of their scores by running but Coach Childress has a new offense all set up to try against Wellington.

He has switched some of the players and Jimmy Jenkins and Lee Waddil will play at the end positions, Paul and Raymond Wilson will act as tackles part of the time, Harley Von Simmons and Connie Edwards will try the guard positions and Jerry McQueen, Hayes Hammonds will play center.

In the backfield Cleve Evans will continue as quarterback, Jackie Justice will play one halfback slot and Dean Sustaire the other halfback post, Algine Archer will hold down the fullback job and may also play at an end position.

Admission to the game tonight at 7:30 at Cyclone Stadium is 25c for students and 50c for adults.

VETERANS NEWS

Q. I received a National Service Life Insurance dividend check from VA, and I'm sure VA made a mistake. How can I get things straightened out?

A. Write to the VA district office that handles your NSLI account, giving complete information so that the office can identify your case. The address is the same that appears on the printed envelope that VA sends you for premium payments. Do not write the VA Central Office in Washington.

Q. I am a patient in a VA hospital, and my doctor told me I am to be transferred to another hospital for specialized treatment. Who pays for the move?

A. The VA. Transportation between VA hospitals may be furnished at government expense, if the transfer is deemed necessary by VA doctors in charge of the case.

Q. Can a veteran enter into business with a non-veteran, and get a GI business loan?

A. Yes, provided the interest of the veteran is properly protected. The VA guarantees, however, will be limited to the veteran's portion of the business.

Q. I've been on active duty in the Army for the past 20 years and I am to be discharged. Will I be eligible for GI Bill training or the July 25 cut-off date killed off my chances?

A. You will be eligible for training, provided you are discharged under other than dishonorable conditions. The July 25 cut-off date, for the most part, affected veterans discharged before July 25, 1947. Those discharged afterwards (such as yourself) have four years from discharge date in which to begin and until July 25, 1956, in which to wind-up training, depending on entitlement.
