Plaska Man Escapes Injuries Sunday In Freak Accident

Lilburn A. Bray, of Plaska, avoided injury Sunday after he skidded his automobile off the highway near Claude.

Woman Crash Hedley

Woman late Sunday as woman died after an accident west of Hedley.

Little Theatre Schedules First Play November 29

Members of the Memphis Little Theatre group met Tuesday night for the first meeting of parts for the club's initial production for the 1951-52 season.

-Notes-

About Memphis, Hall County

One of the best speeches I've heard in years, and since I've been in Memphis, I heard Saturday evening at the Business and Professional Women's banquet.

We enjoyed the banquet very much. Met and talked to a lot of wonderful women and had a very delicious dinner.

From reports I have heard, think the B & PW club delegates had a successful convention.

Word was received recently from a former Memphis boy who is now a prisoner of war of the communist in Red China.

This was the first word members of the family had received since he had been reported missing almost a year ago, last November.

The letter he wrote is reprinted elsewhere in this issue of The Democrat.

Hats off this week to the Jun-

Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach achiness that constipation often brings.

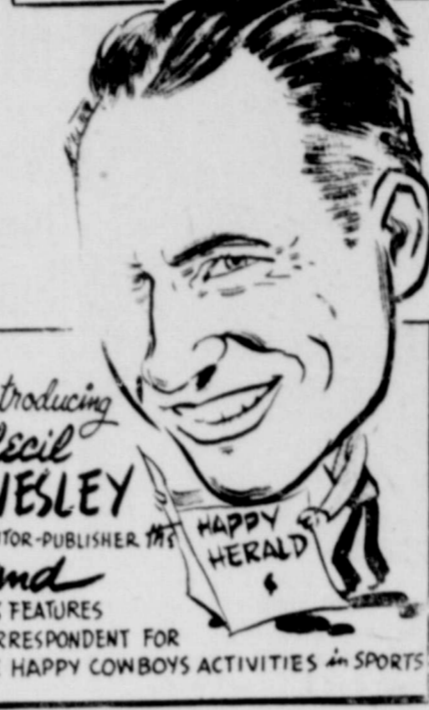

After a weeks rest, the Cyclones ought to take Wellington apart!

Signs of the times: People removing air conditioners and getting their furnaces checked and fixed. Others having antifreeze installed in their automobiles and getting the old buggy winterized.

NEW SPORT CODE in PRACTICE in 3AA BY THE STUDENT COUNCIL at MEMPHIS, WELLINGTON, CHILDRESS and PADUCAH -- PROMOTING FRIENDLINESS-RESPECT-CO-OPERATION BY PARTICIPATING SCHOOLS, STUDENTS and FANS-

for High football squad, the Whirlwinds. By defeating Childress for the second time last Friday night they wrapped up the district title for themselves.

While we are on the subject of football, the Cyclone B squad set the pace for the A squad this week, when they defeated the Wellington B squad last Thursday evening here, 14-0.

Foreman Joe Miller said everything is moving along on schedule.

So far 37 is the lowest it has got, J. J. McMickin, local weather recorder, says.

Live without object and you live without zest.

Those we overcame by arms can still defeat our aims.

Drove out and checked on the new elementary school, the one they named William Travis Elementary School, last week. Construction work is moving along.

The national program to recover dormant iron and steel scrap

is still being pushed by the government and the steel mills. They are asking all the farmers to gather

90% For! 10% Against Time to settle

Yes, it certainly seems to be finally about time that the leaders of the three unions stop delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

More Than 90% of Employees Accept Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer? They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate the agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages? Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19 1/2 cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases? The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

What About the 40-Hour Week? The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand? The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. Of these, the precise details seem to be that having to do with "interdivisional" service, which take in two or more sections.

The union leaders would bar efficiency in the industry, by cutting service to the public, by cutting the number of men on the job, by cutting a railroad from establishing additional divisional runs. The carriers propose if a railroad wishes to set up a divisional run, the railroad and the union should try to agree on such conditions which should surround establishment, and if the railroad and union can't agree, the matter will be referred to arbitration.

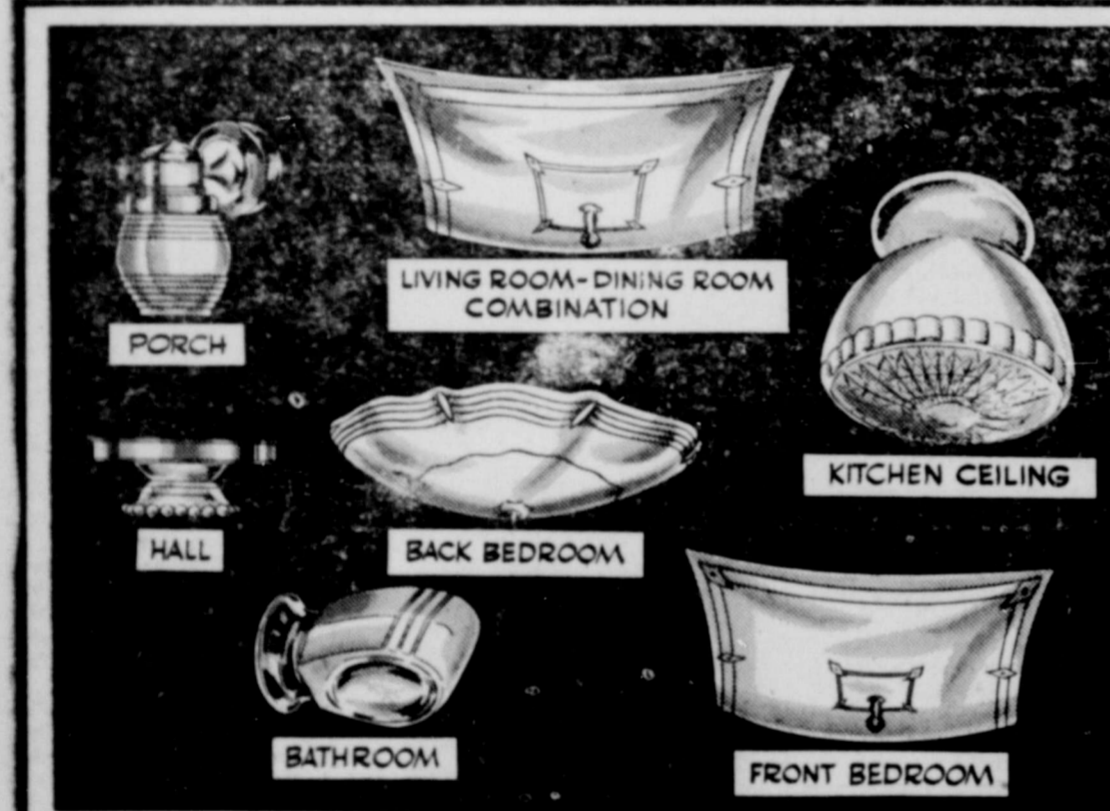

But the three union leaders refuse to arbitrate.

Rules Can Be Arbitrated The railroads have not only agreed to the three unions the same rules agreed to by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Proven With the pattern so firmly established in the railroad industry, it seems to the leaders of the BLE, BLF&E, and ORC that the railroad industry action to make the railroad labor 100% complete. Certainly no economic and international situation has a united front. And certainly no union has been advanced why the unions should be preferred over railroad employees.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to you.

LETTERS FROM WASHINGTON

By Walter Rogers
Congressman, 18th District

RUMORS OF WAR crisis could easily same type of pow- Balkans prior to A prophecy as would be foolish as the whole situ- and-go. as there has al- certain amount of even England and colonies and protec- disagreements have erupted into war- operations. Let us Present Egyptian settled peacefully. by some of the said Egypt's position between Egypt Britain concerning Suez area and a voluntary treaty of Egypt; that at the ay was signed he ment was under ish arms and that to sign or else. not this position not know, but those story as true take Egypt should not a treaty entered into circumstances. The

Suez Canal is a vital link in world affairs, and nothing would please Russia more than to have this link fall into the hands of some power or powers that could or would close it on a moment's notice to NATO and UN countries.

SUNDAY WITH THE FAMILY Last Sunday was the first Sunday I have been here that I got to spend the entire day with my family. Jean and I took the children and one of their friends to Harper's Ferry and then up to Gettysburg. It was a most informative as well as pleasant, trip.

Few people in this country realize the importance of the Battle of Gettysburg on the military tactics that have been employed in the wars that have followed the Civil War.

The battleground itself covers an area of approximately 25 sq. miles. The Southern forces entered the battle from a northerly direction, and the Northern forces from a southern direction. The battle lasted three days, all of which time was not spent in fighting. The Southern forces gained control numerous times, and had they pressed their advantage upon any of those occasions, the South

THE BAFFLES

By Mahoney

could and probably would have won the war.

The military generalship displayed at that battle has been the subject of detailed study by military men down through the years. It is reported that prior to World War II Marshal Rommel, the "Desert Fox", who gave Field Marshal Montgomery so much trouble in North Africa, spent 18 months in this country studying in minute detail the battle of Gettysburg and the other major battles of the Civil War, devoting most of his time to a study of the tactics of Stonewall Jackson, Forrest and several other Confederate cavalrymen.

There is much to be learned from the battle of Gettysburg and I wish that every American could visit this battlefield, the site of the greatest battle ever fought on American soil. We of the present day think that we have developed fantastic weapons and methods of destroying the enemy in battle, but a trip to Gettysburg will make you wonder.

The casualties for the three-day battle were 51,000, over 10,000 dead, and the fighting was all done in the daytime. General Pickett led his charge up Cemetery Ridge with approximately 15,000 men; less than an hour later he fell back with less than 8,000 men. It is said that the casualties on both the Confederate and the Union sides during that one-hour period were greater than the casualties of the entire United States Army for the first five days of

invasion of Normandy in World War II.

One unit of the Union Army still holds the record for percentage of less in a single encounter. It was a Minnesota regiment and the percentage of casualties in the one encounter with General Longstreet of the Confederate Army was 82 percent. The estimate forces in the battle were approximately 75,000 Confederate troops and 87,000 Union troops. It makes one wonder how long man will pursue the futile course of war.

PLANS FOR VISITING THE DISTRICT: I hope to be back in the District on about the 5th of

LETTERS FROM READERS

(Editor's Note—A former Memphis boy, Pfc. John D. Ervin has been in the Korean war for more than a year. He was reported missing in action last November. Recently his uncle, J. W. Barnett of Newlin, with whom John used to live here, received a letter from the boy's parents. It was the first word members of the family had heard of him since he was reported missing. He is prisoner of war held by the Communists in Red China. We reprint his letter by Barnett's permission.)
Picukong, Korea
August 28, 1951

Hello Everybody:

November. I wanted to come earlier, but there are so many things that must be attended to, both in the office and at home, that an earlier departure was impossible.

BRITISH ELECTIONS: I was just interrupted by a telephone call from the Reuters News Agency, asking my opinion of the reaction of Congress to the conservative party in England. I told them that it is my thought that the victory of the conservatives would be welcomed by the Congress if it indicated a definite halt to the socialistic trends that have plagued Britain.

Here is a story that has been going the rounds about the latest atomic explosion near Las Vegas, Nev. One newscaster said that the explosion was small and could not be felt by the people in Las Vegas, 65 miles away. The next newscaster stated that the explosion was small and was not felt by the people in Las Vegas, 75 miles away. The question is, "What moved Las Vegas ten miles farther away?"

How are you all by this time? I am O. K. How is daddy by this time? The last I heard he was sick, but that was a long time ago.

I am o. k. and being treated the best in the world by the Chinese Peoples' Volunteers.

Daddy what are the people at home trying to do to stop this Korean war. We have been doing everything in our power. I hope they are doing everything they can so we can soon come home.

What is Gene doing? I hope he is not in the army. Are Ray and Vada and Wes and Ellen all o. k.?

Daddy write to Marjorie and tell her I am o. k. and hope to see her soon.

I don't know much to write to you at this time, all I can say is do all you can to stop this in

Korea, with the rest of the people in the states.
(Signed:)

A Message of Importance
*** *To Every Automobile Driver* ***
In The State of Texas

**HERE'S WHAT YOU SHOULD KNOW ABOUT THE
NEW TEXAS "SAFETY RESPONSIBILITY LAW"**

- 1 Enforcement Begins January 1, 1952** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all motor vehicle owners (except Federal, State, County and City-owned cars.)
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed within ten days if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.
- 6 Select an Established Insurance Agent.** The agents listed below know the insurance business and represent well-known dependable capital stock insurance companies. These agents are not of the kind that are here today and gone tomorrow. Their names are listed in the telephone directory. A telephone call will find them ready to serve you—not only NOW—but YEARS from now. Call the one of your choice.

Whirlwinds Take Junior High Championship

Beaten Squad Paducah Last Game

Junior High Whirlwinds continued their victory Friday night over the Junior High Bobkittens, which the District 3-AA football conference.

The Whirlwinds scored only once in the second period as Dean Sustaire, left halfback danced through the middle of the line from the 20-yard marker. He also added the extra point and the Whirlwinds led 19-0 at the half time.

Lee Waddill added the only Memphis tally the third period, going over from the 10-yard line and Jenkins added the extra point.

In the last quarter the Whirlwinds averaged a touchdown every four minutes. Waddill climaxed an 80-yard drive on a 30-yard run that uped the score to 32-0.

After a recovered fumble, Jenkins lumbered 51 yards around left end for touchdown number six. Jackie Justice added the extra point and the score stood 39-0.

Sustaire set up the next Memphis TD after intercepting a Childress pass and Lee Waddill went over standing up from the seven-yard line. He also added the extra point and the final score stood, Memphis 46, Childress 0.

The Whirlwinds have one more game this season against Paducah this week. They have already defeated the Paducah club once and outcome of this game will not affect conference standings.

ing margin in the first quarter on touchdown runs of 46 and 31 yards by Jimmy Jenkins, power running 162-pound fullback.

Whirlwinds Play Last Scheduled Game at Paducah

Coach George Childress' Junior High School Whirlwinds journey to Paducah tonight for their last regular scheduled game of the season.

Earlier this year the Memphis squad trimmed Paducah 33-0. Out come of the game will not effect the junior high district standing and Coach Childress announced that he is trying to schedule a bi-district game with either Plainview or McLean.

"If the people of Memphis will come out and support these Junior High boys we may be able to play the bi-district game here," Coach Childress said.

"If the fans want the game here, I would like to hear from them," he added.

The Whirlwinds have won five straight games this season and are undefeated and unscored on so far.

BIRTHS

Mr. and Mrs. J. L. Shropshire of Plainview announce the birth of a son, born Oct. 23. He has been named John Randal and weighed 7 pounds. He is the grandson of Mr. and Mrs. D. R. Kelly of Memphis.

Mr. and Mrs. C. E. Tension of Wichita Falls announce the birth of a son, Robert Newton born Oct. 24, weighed 9 pounds, 10 ounces. He is the grandson of Mr. and Mrs. Henry Scott of Memphis.

Mrs. T. M. Harrison, Mrs. D. L. C. Kinard, Mrs. C. W. Kinslow and Mrs. Clyde F. Milam were guests last Sunday afternoon of Mrs. Jim McMurry in Clarendon to attend the George Jensen concert. Mr. Jensen is a lecturer, pianist and humorist and was brought to Clarendon through Town Hall Assn.

Hall County Angus Tops Sale Average

High quality of Angus Cattle raised here in Hall County again brought top money at one of Texas' Angus Sales this week.

Caprock Angus Farm of Memphis sold four heifers at the Nacoga Angus Sale and averaged \$825. Average of the sale of the 86 females was only \$596. Average of the 19 bulls sold was \$628. Top female at the sale brought \$1,000 and top bull brought \$1,525.

CARD OF THANKS

I want to thank all my many friends for their kindness in sending the many cards and letters while I was hospitalized in Dallas. I surely did appreciate each of them.

Rayford Hutcherson.

Whirlwinds Take Junior High Championship

Defeated Squad at Paducah Last Game

The Junior High Whirlwinds continued their victory Friday night over the Junior High Bobkittens, which the District 3-AA football conference.

The Whirlwinds scored only once in the second period as Dean Sustaire, left halfback, danced through the middle of the line from the 20-yard marker. He also added the extra point and the Whirlwinds led 19-0 at the half time.

Lee Waddill added the only Memphis tally the third period, going over from the 10-yard line and Jenkins added the extra point.

In the last quarter the Whirlwinds averaged a touchdown every four minutes. Waddill climaxed an 80-yard drive on a 30-yard run that uped the score to 32-0.

After a recovered fumble, Jenkins lumbered 51 yards around left end for touchdown number six. Jackie Justice added the extra point and the score stood 39-0.

Sustaire set up the next Memphis TD after intercepting a Childress pass and Lee Waddill went over standing up from the seven-yard line. He also added the extra point and the final score stood, Memphis 46, Childress 0.

The Whirlwinds have one more game this season against Paducah this week. They have already defeated the Paducah club once and outcome of this game will not effect conference standings.

ing margin in the first quarter on touchdown runs of 46 and 31 yards by Jimmy Jenkins, power running 162-pound fullback.

The Whirlwinds scored only once in the second period as Dean Sustaire, left halfback, danced through the middle of the line from the 20-yard marker. He also added the extra point and the Whirlwinds led 19-0 at the half time.

Lee Waddill added the only Memphis tally the third period, going over from the 10-yard line and Jenkins added the extra point.

In the last quarter the Whirlwinds averaged a touchdown every four minutes. Waddill climaxed an 80-yard drive on a 30-yard run that uped the score to 32-0.

After a recovered fumble, Jenkins lumbered 51 yards around left end for touchdown number six. Jackie Justice added the extra point and the score stood 39-0.

Sustaire set up the next Memphis TD after intercepting a Childress pass and Lee Waddill went over standing up from the seven-yard line. He also added the extra point and the final score stood, Memphis 46, Childress 0.

The Whirlwinds have one more game this season against Paducah this week. They have already defeated the Paducah club once and outcome of this game will not effect conference standings.

Whirlwinds Play Last Scheduled Game at Paducah

Coach George Childress' Junior High School Whirlwinds journey to Paducah tonight for their last regular scheduled game of the season.

Earlier this year the Memphis squad trimmed Paducah 33-0. Out come of the game will not effect the junior high district standing and Coach Childress announced that his is trying to schedule a bi-district game with either Plainview or McLean.

"If the people of Memphis will come out and support these Junior High boys we may be able to play the bi-district game here," Coach Childress said.

"If the fans want the game here, I would like to hear from them," he added.

The Whirlwinds have won five straight games this season and are undefeated and unscored on so far.

Mrs. Mona Robertson, Mrs. C. E. Gowan and Dorothy Gowan visited Mr. and Mrs. Elmer Fisher in Pampa Monday.

Mrs. W. F. McElreath, Mrs. C. E. Gowan and Dorothy Gowan visited in Clifton last week.

BIRTHS

Mr. and Mrs. J. L. Shropshire of Plainview announce the birth of a son, born Oct. 23. He has been named John Randal and weighed 7 pounds. He is the grandson of Mr. and Mrs. D. R. Kelly of Memphis.

Mr. and Mrs. C. E. Tension of Wichita Falls announce the birth of a son, Robert Newton born Oct. 24, weighed 9 pounds, 10 ounces. He is the grandson of Mr. and Mrs. Henry Scott of Memphis.

Mrs. T. M. Harrison, Mrs. D. L. C. Kinard, Mrs. C. W. Kinslow and Mrs. Clyde F. Milam were guests last Sunday afternoon of Mrs. Jim McMurty in Clarendon to attend the George Jensen concert. Mr. Jensen is a lecturer pianist and humorist and was brought to Clarendon through Town Hall Assn.

Hall County Angus Tops Sale Average

High quality of Angus Cattle raised here in Hall County again brought top money at one of Texas' Angus Sales this week.

Caprock Angus Farm of Memphis sold four heifers at the Nona Angus Sale and averaged \$825. Average of the sale of the 86 females was only \$596. Average of the 19 bulls sold was \$628. Top female at the sale brought \$1,000 and top bull brought \$1,525.

CARD OF THANKS

I want to thank all my many friends for their kindness in sending the many cards and letters while I was hospitalized in Dallas. I surely did appreciate each of them.

Rayford Hutcherson.

Ballooning Bureaucracy

The public payroll has been referred to, and justly so, as the big "American gravy train."
More and more lately, we have been noticing just how many people are riding this "gravy train."
It is alarming when we stop and realize that unless we who are not on the public payrolls take action soon, the day is not far hence when we will be a minority group.
As of July, 1951, it is estimated that 6,356,000 individuals were employed by Federal, state and local governments. This does not include those in the armed forces.
This represents a gain of more than 100 per cent since 1930, or 4 times the rate of growth of the United States population during that same period. One doesn't need to be an expert mathematician to figure that if this mad rush is not checked, we will wake up some day to find the tax-eaters outnumbering the tax-payers.
The greatest gains have been made in Federal civilian employment in the executive branch; which in the past 20 years has increased by 320 per cent.
The First National Bank of Boston has pointed out that, "If the vast army of government workers were lined up in single file, two and one-half feet apart, it would extend from Boston to San Francisco. Or to put it another way, total government civilian employment is equal to all non-government workers in the states of Washington, Oregon, California, Nevada, Idaho, Utah, Arizona, Montana, Wyoming, Colorado, New Mexico, North Dakota, South Dakota and part of Nevada."
It has been pointed out that in a bureaucracy such as we now have in Washington, government is presided over by a group that is not elected by, nor responsible to, the people; that we are being ruled by bureaucratic directives instead of by laws enacted by our elected representatives. This has created a spendthrift regime, not only seeking to perpetuate itself in power, but grasping for further power. And as its power increases, individual freedom is withering on the vine.
A study of the growth of bureaucracy and government planning through the ages shows that one step leads to another until finally the entire economy and all institutions are engulfed in some form of totalitarianism under which the affairs and activities of the many are directed by a few with an iron hand.
That's rather horrible to contemplate isn't it? America is running not walking, toward a totalitarian dictatorship? So, what are we who cherish our freedom going to do about it? For one thing, we can lend encouragement to those Congressmen who valiantly are fighting this centralization of power in the hands of the bureaucrats in Washington, and are struggling for economy in government. Let them know that you are wholeheartedly behind them in their efforts to salvage what remains of the American Republic.

SMELLY MESS!

Press Paragraphs—
QUOTING OUR NEIGHBORS

BELT TIGHTENING
President Truman says that we've got to tighten our belts, cut down our personal spending, buy more bonds, pay more taxes.
Just who is included in his injunction?
Well, let's take a look at the record and see who is doing what.
Citizen Truman's personal budget is now more than 3 1/2 millions a year. It includes a yacht with a crew of 164, and a private plane that costs the taxpayer's \$120,000 a year to keep at his disposal.
We've been critical of his \$50,000 tax free allowance. But that's a pin money compared to the tax free services at his disposal. True, some of them are for President, but citizen Truman and his family share rather generously in them.
And what are we citizens who do not live in the White House doing? Well, last year each one of us paid taxes amounting to \$360, all of which came out of the money we might have spent for a yacht... or for new shoes for the kids.
The manner of life which is available to Citizen Harry Truman would require a personal income of around 25 million dollars a year. The average income of the American family is \$4,300, out of which it must pay roughly \$1,000 in taxes. The figure suggests that belt tightening might well start with a family living at 1600 Pennsylvania Ave., Washington, D. C.
—Fairheld, Iowa, Daily Leader
There is no chaos here at home, however, for everything is under perfect control.
Mike DiSalle has completely halted inflation by holding the prices down on everything except on automobiles and the cost of living.
—Cripple Creek (Colo.)
King of Egypt lost half million dollars gambling in a single night, it is reported. Eventually American taxpayers may be asked to grant a loan to restore Egypt's economy, unless the king's luck changes for the better.
Marlboro (Mass.) Enterprise
The public debt of the United States is now about \$256,000,000,000, and the public debt of all the other nations of the world combined is only 123,000,000,000. Next to the United States is the United Kingdom with a debt of \$74,000,000,000.
—West Point (Miss.) Times Leader
THE SAME OLD GAME
The Post Office has raised the price of corresponding. Trouble is, the senators and congressmen won't know the difference cause they never put a stamp on their letters.
We get much mail from the big shots in Washington, and only once have we found a stamp on it. (This was on a letter from Ben Jensen).
We get much mail from the bureaucrats, too. This includes "press releases" from the OPS savings bond division of the Treasury Department, Defense Department and subsidiary agencies, Department of Agriculture, State Department (recently we received two expensively printed pamphlets from the State Department which we dumped right in the waste basket), etc., etc., etc.
Some day when we have time we shall begin keeping a record of the amount of government propaganda which comes to our desk by first class mail, and for which we have no use. This mail comes without stamp, and although it is sent by the government, it does cost money to handle it. Still, we the people, are supposed to make up the difference when the Post Office cannot operate in the black.
Shortly we will have to pay four cents for sending a letter, two pennies for a card, etc., etc. Newspapers and magazines which come under second class mail rates, are going to pay more. In other words, it will cost us more each week to send you your News-Guide. Don't be surprised if all newspapers and magazines start raising subscription prices.
This is the same old game. The people get it in the end.
—Audubon, Iowa News Guide
It won't hurt the GOP chances in 1952 if the Winston Churchill faction wins the election in English people have had all they can stand of Socialism and voters in the U. S. may take the hint and vote the present administration out.
—Grand Rapids (Mich.) Times.

ONE SHOT IN GUN BATTLE BY MOONSHINERS NEAR PARNELL—One man was shot late Monday after hunters had discovered what officers described as one of the largest stills ever captured in the Panhandle. Shorty Burns, alleged member of a moonshiner band, was shot and seriously wounded in a secluded canyon near Parnell, 20 miles southwest of here. The moonshiners mistook the hunters for officers and fired on them. One of the hunters dropped Burns in the return of shots.
BANDIT SLUGS GIRL BUT FAILS TO GET MONEY—Pauline Clifton, beauty operator, was slugged Tuesday night by an unknown assailant who attempted to rob her. The culprit failed to secure her purse and money as the purse fell into a ditch when Miss Clifton was felled by the blow from her assailant.

ATTENTION FARMERS

THE PMA INCREASED THE AMOUNT OF MONEY AVAILABLE UNDER THE 1951 PROGRAM TO \$2,500.00 PER FARM
SEE US NOW FOR DEEP PLOWING AND SUBSOILING

Your government will take care of a big per cent of the total cost of these practices. Here is what you can draw from the government:

DEEP PLOWING - 18", \$5.00 per acre
SUBSOILING-18", \$2.00 per acre

Get your land deep plowed or subsoiled as early as possible to prevent blowing and for better water penetration. Book your plowing on combine feed and early cotton land now. All practices must be completed by December 31 to be eligible under the 1951 program year. We have the best and biggest equipment available for any type of soil work such as Deep Plowing, Subsoiling, Land Leveling, Erosion Control, and grubbing.

1951 IS PROOF!!
Farmers who had their land deep plowed this year are getting from 50 to 100 per cent higher yields than on land tilled in the usual way. These are the actual production records in Hall County.

Hamker-Baldwin Marriage Rites Read in Amarillo

Mrs. Jo Hamker of Amarillo and Dr. Jack T. Baldwin of Memphis were united in marriage in the Sanctuary of the First Baptist Church of Amarillo Saturday, October 27, 9:30 a. m. The Rev. Ernest J. Loessner read the marriage service in the presence of a few relatives and friends. Following the service the couple boarded a plane for New Orleans for a few days' stay. They will be at home 922 Cleveland street in Memphis after November 15.

Mrs. Baldwin is the daughter of Mrs. S. P. Vineyard and the late Dr. Vineyard, of Amarillo.

trich king, a very busy man indeed. For several years now fine feathers have been "the last word" in feminine finery. The feather trade today closely approaches the peak of 1882 at time it was netting some \$5,000,000 annually, second only to Kimberly's diamond mines. No wonder then that Max Rose as well as Manhattan's Murray Sears, big U. S. feather merchant, are all smiles with hearts light as a feather.

CARD OF THANKS

We wish to extend our sincere thanks to our many friends for the food that was brought, the beautiful floral offerings, to Drs. Clark and Stevenson and the nurses of Clark Hospital and the sympathy expressed during the long illness and death of our beloved husband and father.

Mrs. L. G. Yarbrough
Mr. and Mrs. H. R. Yarbrough
Mr. and Mrs. A. J. Childress
Mr. and Mrs. C. F. Boehringer
Mr. and Mrs. H. F. Rankin
Mr. and Mrs. Jack Miller.

admit defeat, to surrender, to bow to the enemy? This bit of symbolism was probably passed on to the white man by his Red Brother, the American Indian. In like manner, the red feather indicated valor, courage, and worthiness and only when the Indian brave had proven his worthiness was he eligible to wear the red feather. More recently, the cities' annual campaign for multiple charities has adopted the red feather symbol.

Today again ostrich plumes are much in vogue and the feather business is thriving but it hasn't always been so. Popular in Victorian days, the plumes went out of style with the buggy-whips when Henry Ford invented the open automobiles. Of necessity then veils were substituted for fine feathers on madame's bonnet. On the sun-baked Little Karoo plateau around Oudstahorn in South Africa, the ostrich capital of the world, flocks dwindled to 20,000 birds and many of their plumes went into feather dusters, prior to World War I. The Victorian mansions the ostrich farmers had built slowly fell to pieces in a weird jumble of white marbles and green cupolas as their owners trekked southward to raise oranges.

Among those who did "ride out the storm" of the feather market crash was one Max Rose who today is the proud owner of 8,000 birds and, as South Africa's-

PROM'S wonderful promise to you— This easier, lovelier home permanent needs NO neutralizer!

Here's the new easy method. 30 minutes after applying Prom lotion, rinse with water—your wave neutralizes itself automatically as it dries. Prom takes every time. POPULAR DRY GOODS

"The House of Better Values"

and the SCRAP METAL EMERGENCY

Every farmer should have to know about scrap iron and steel

Approximately 2 tons of iron ore, 1 ton of coal, nearly 1/2 ton of limestone and many other vital natural resources—to say nothing of transportation facilities. Besides, there are not enough blast furnaces to produce the iron needed to maintain production.

Q. How can more scrap be furnished?
A. By everybody pitching in—as we always do in every emergency—and searching out all possible sources of scrap. Manufacturers of all kinds of products are conducting scrap drives. Old ships are being salvaged... scrap is being obtained from countless sources including farms.

What is Scrap?

You'll be helping your country—and yourself!

Q. What is farm scrap?
A. It is any worn out, obsolete, unrepairable equipment, tools or other objects made of metal. It may be resting and rusting in fence corners, in the fields, the barnyard or the tool shed.

Q. What should be done with farm scrap?
A. See that every bit of scrap gets to the scrap dealer located nearest to you. He will break it up into sizes used by the steel mills and foundries. He'll classify the metals then ship the scrap in carload lots. If you do not know the name of your local scrap dealer, consult your local implement dealer for this information.

Q. What else can I do about farm scrap?
A. Support the scrap drive organized in your locality. Work with your local Scrap Mobilization Committee in getting the scrap started back to the steel mills and foundries through the local scrap dealer.

Copper, Brass, Bronze and Lead Scrap are needed too! This advertisement is a contribution, in the national interest, by

The Cyclone News

MHS Band Journeys To Wichita Falls Sat.

The Cyclone Band left Memphis in the "wee" hours of the morning last Saturday to attend Midwestern University's Homecoming in Wichita Falls. The band stood inspection at 4:45 a. m. and was on their way at 5 o'clock.

After stopping in Vernon for breakfast, the band arrived in Wichita Falls at 9:10 and was in formation waiting for the parade to begin at 9:25.

A slow drizzling rain greeted the band members and soon changed into a weak downpour, but the band stood in formation

Cue, Curtain Club Members Study Play Selections

The Cue and Curtain Club of MHS held its regular meeting last Tuesday in the high school building.

Several plays were discussed for the Cue and Curtain Club play for the 1951-52 year.

The members present were: D'Arman Peabody, Dempsey Archer, Frankye Srygley, Dee Ellen Durrett, Max Kennedy, Bobby Hutcherson, Jo Anne Webster, Bettinson Kennon, Gloria Harris, Nan Crowder, Gereta Graham, Patsy Jarrell, Margaret Massey, Jacky Gilbert, Frank Norman, Clinton Jones, Carnis Durham, Charles Messer and Mrs. Roy L. Guthrie, sponsor.

Rev. Browning Speaks In Assembly

The Wednesday assembly, which is given every week by the local Pastors of Memphis was held October 24. Reverend Browning brought the message for the day.

Perry Keyser, who is head of the music for the assemblies, introduced Beverly Snell who led the student body in "The Battle Hymn of the Republic" accompanied by Betty Jean Stewart. Following this hymn Barbara Kulp played two accordin numbers, "Now is the Hour" and "Whispering Hope."

Rev. Browning's message was based on Psalms 15. Following the message, Beverly Snell led the students in "God Be With You 'Til We Meet Again" and Reverend Browning closed the program with a prayer.

Sophomores To Have Pictures Made Sat.

The sophomores will have their pictures taken for the yearbook Saturday. Others will have their pictures taken for the annual at a later date.

Mrs. L. L. Thomas yearbook sponsor, reported that the annual staff were working on the yearbook everyday and that the annual for this year should be a bigger and better one.

and proved to be one of the outstanding bands that paraded.

Immediately after the parade the MHS Band students enjoyed a lunch consisting of barbecued beef, potato salad, cabbage slaw, beans, ice cream and cookies and lemonade.

Following the luncheon the two chartered buses carried the band downtown Wichita Falls where most of the members spent the afternoon. One of the buses carried students to Coyote Stadium where they saw the football game between Midwestern University and Abilene Christian College.

The Midwestern University Indian Band performed at half-time. Students remarked that this was the best performance they had ever seen by any band. Assembling at the Continental Trailways bus station at 5:30, the band left for home. They arrived in Memphis at 9:20 having enjoyed one of the best trips taken by the MHS Cyclone Band.

Annual Pictures Made of Seniors

Memphis Seniors who had their pictures made for the yearbook at the Memphis Studio last week were: Max Kennedy, Clinton Jones, Jacky Gilbert, Jo Anne Webster, Patsy Jarrell, Margaret Massey, Vondia Blackmon, Dempsey Archer, Ramon Arnold, Don Beasley, Nan Crowder, Carnis Durham, Dee Ellen Durrett.

Floye Hammons, Gloria Harris, Bobby Hutcherson, Wayne Jenkins, Horace Jones, Betty Kennon, Carl Lee, Charles Messer, Frank Norman, D'Arman Peabody, Coy Smith, Wayne Wiggins, Freddy Vinson, Raymond Whitten and Margie Lou Young.

Student Council Elects Officers

The Student Council sponsored by Supt. W. C. Davis met to elect officers and set up the constitutional by-laws for the year 1951-52, which will be published at a later date.

They will meet each Wednesday at noon in the cafeteria according to news received from Supt. Davis.

Officers elected were: Max Kennedy, president; Rayford Hutcherson, vice president; Betty Burnett, secretary; and Carnis Durham, treasurer.

Other members present were Ann May, Peggy Evans, Roy May, Jackie Boone, W. C. Davis, sponsor and George Childress, principal.

Cyclones Open Conference Play With Wellington

The Memphis Cyclones open their district play with the Wellington Skyrocks Friday night at Cyclone Stadium.

Memphis had a tough week in shaping up on their blocking and pass defense.

The Cyclones have a few minor injuries, although everyone will probably be ready for the opener. Gayle Monzingo, who received a knee injury in the Canyon game two weeks ago, will be out for the remainder of the season.

The Cyclone line averages 164 to Wellington's 176 with the backfield average 145 to 165.

Kickoff at 7:30. Price 50 and \$1.00.

Seventh Graders Write Themes, Make Posters

In observance of Fire Prevention Week the seventh grade students wrote themes and made posters. There were sixty-six posters and themes turned in, according to Miss Ethel Hillhouse, the teacher in charge.

Prizes were given for the best posters. Jean Foxhall won first prize, Ray Evans won second and Rodney Veteto won third prize. Tanya Kay Fletcher and Joyce Vassaur won honorable mention.

Chapter Activities Planned for FHA

The FHA met last Tuesday, and the roll call was answered with what country they would like to visit and why.

A publicity committee was appointed by the president, Nancy Brewer. Yvonne Sturdevant, club reporter, was made chairman of the committee. Other members are Sherry Trulove and Pauline Hammons.

The organization decided to go to church in a body November 4 in observance of National FHA week, November 4-10, according to information received from Mary Sue Foreman, sponsor.

Looking Ahead

November 1 Whirlwinds vs. Paducah, there.

November 2 Memphis vs. Wellington, Conference, here.

November 8 Memphis "B" vs. Wellington "B", there.

November 9 Memphis vs. Paducah, Conference, here.

November 10 Spanish Club Dinner.

FFA Boys Initiate New Members

The local chapter of Future Farmers of America held their annual initiation meeting last Monday night, at the high school.

After a brief business meeting 12 new members were initiated and became Greenhands in the chapter. After the ceremonies refreshments were served and a film entitled "The Greenhand" was shown.

The following boys were initiated:

Morning Watch

Students appearing on "Morning Watch", sponsored by Moss Wrenn, last week were: Carol Gardenhire, Freshman; Doreille Stargel, 8th; John Deaver, 8th; Bobby Hutcherson, Senior; Anita Murphy, Junior.

Queen Candidates And Escorts Are Selected

Nominees for the annual Hallows-een Queen were selected from the various classes last week in MHS. Candidates and their escorts are: Senior: Vondia Blackmon and Jacky Gilbert, Junior: Beverly Snell and Vance Adams.

Sophomore: Shirley Miller and Clyde Tamplin. Freshman: Jau-setta Messer and Carol Gardenhire. Pre-Freshman: Bobbie Jo Welch and Lee Waddill. Seventh Grade: Janice Smith and Horace Hensen.

School Gets Five New Typewriters

The Commercial department of Memphis High has received five new Royal typewriters that have pica type. Mrs. L. L. Thomas, instructor, reported.

She said five more typewriters were expected next month. These machines will be welcomed in a big way by the students due to the over-crowded commercial department.

Rev. and Mrs. F. N. Allen and Mrs. H. W. Spear attended the Baptist General Convention in Houston last week, also enjoyed a side trip to Galveston.

Letters from Readers

(Editors Note—Capt. Arthur Rasco recently participated in a flight from Honolulu to San Francisco bringing a serviceman's wife to the states for Polio treatment. He describes the flight in a letter to his folks, Mr. and Mrs. L. G. Rasco. With their permission the letter is reprinted below.)

3355 Alani Drive Honolulu, T. H.

Dear Dad and all:

When in California last week, I said I would drop a line soon as I got back here. So, here it is.

As to why we made the trip etc was this.

August the 31st the wife of a Marine Sgt. landed here in Honolulu. Two days later she was terribly ill. They took her to the hospital and diagnosed her case as Polio. She was completely paralyzed and in an iron lung. Her home is in Fresno, Calif. and they decided to fly her there as they have a big Polio center there. But before we could fly her back, we had to modify a C-54 to accommodate all the electrical wiring a lung needs. That took four days, then all was ready. Her husband flew back the day before so he could meet her when she landed.

At 10:30 last Wed. night (Oct. 17) we took off from Hickam with a crew of 8 and a Doctor, Nurses, and three medical technicians. Thirteen hours later we set her down oh so gently in Fresno. She made the trip just fine. It was her first

plane ride, and such a way to get your first trip.

We stayed over night in Fresno flew to San Francisco the next day and after refueling took off for Hickam, landing here at 1:00 A. M. Sat. We were gone only 50 hours, but in that 50 hours, we set quite a record. It was the longest non-stop flight with a Polio patient, and also the first time a full sized iron lung was flown across the Pacific. We were interviewed as soon as we landed for a Nation-wide hook-up—Morgan Beatty by name. The papers gave the flight quite a play, but after we landed, it was mentioned in only two of the papers. The papers here were quite generous with their comments. So much for that, it was a nice flight but it's over now.

Mam-ma, I wish you could be here and soak up a lot of this sunshine. Of course where we live, up in the top of the mountain, it rains every day, and plenty, but down in town and on the beach, the sun shines all day—bright and hot.

I can't think of much else except that the pictures we are sending include—Diamond Head and Punchbowl National Cemetery. If anyone we know has some one buried there will let us know we will check and send them a picture for the family.

Hope this finds all of you well and happy.

My new address is Box 572, APO 953 no sq. address, just the box.

All our love, The Arthur W. Rasco's.

anyone we know has some one buried there will let us know we will check and send them a picture for the family.

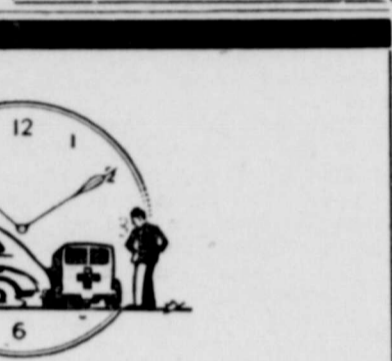

Hope this finds all of you well and happy.

My new address is Box 572, APO 953 no sq. address, just the box.

All our love, The Arthur W. Rasco's.

Roy Brewer, district manager of the Southwestern Telephone Co., and Mrs. Walter Jameson, head operator, attended the Telephone convention in Lubbock from Tuesday until Friday.
