HEAD OF CONSTRUCTION—Pictured above is part of the new William Travis Elementary School now under construction in the West part of Memphis. Contractors report that building is ahead in construction and work may be finished by mid-summer. Architect Contractor inspectors have been here this past week checking on progress of the construction. Photo by Memphis Studio

New School Progressing

Contractors Plan To Finish School By July 15, Aug. 1

Superintendent W. C. Davis disclosed today that Wedding and Cochran, contractors for the new Travis Elementary School report that a temporary completion date of July 15 has been set for the new building.

Joe Miller, Superintendent for Wedding and Cochran, stated that July 15 was set temporarily and that unforeseen delays such as bad weather and material shipments under government control may move this date up to August 1.

However, under any conditions, the building will be ready for occupancy at the beginning of the next school year in September.

The brickwork and roofing has been completed on the administrative area and 80 percent of the brick and roofing work is complete on the Northeast and Southwest wings of the building. Floors are to be poured immediately in the administrative unit.

This administrative unit will house the principal's office, reception room, book storage, janitor facilities, toilets, teacher's lounge and health room. The need has been apparent for a number of years for each school building to house a teacher's lounge with private toilet facilities. These facilities give the teacher the privacy and comfort that has too long been denied them and the providing of these facilities in the past has aided other school officials in keeping their excellent teaching staffs.

Steel columns for the combination cafeteria and auditorium have been erected and the steel joints for this unit are now on site. Extra precaution has been taken by the architects and contractor to insure the availability of the steel at the time of its need.

The cafeteria and auditorium, appropriately phrased "cafetorium", will house the kitchen and serving unit in the south portion of the area and the stage with small dressing rooms in the north portion.

Underneath the stage, drawer-type space has been planned for storage of the auditorium chairs when not in use. The cafeteria kitchen equipment will be furnished by the Golden Light Coffee Company of Amarillo.

The 10-classroom building was designed and is being supervised by Avery, Pierce & Norris, architects and engineers of Houston, Dallas and Midland. Joe Bill Pierce of Avery, Pierce & Norris states that the design of the Travis Elementary School is the ultimate in elementary school architecture allowing the maximum in lighting, ventilation, traffic control and noise control. The architects were pioneers in the field of "wing-type" construction in schools and the Memphis project is the finest developed in the State.

The Texas Education Agency approved the plans and compliance.

Republicans To Hold Lincoln Day Dinner Feb. 15, In Amarillo

Republicans of the Eighteenth Congressional District of Texas will have their annual Lincoln Day Dinner in the Crystal Ballroom of the Herring Hotel in Amarillo at 7:30 p. m. February 15th.

Tickets will be \$3 per plate and the public is invited. Reservations should be sent to P. O. Box 228 or phone to 3-6286, Amarillo.

Senator Harry P. Cain, of Washington State, will be guest speaker.

Boosters To Meet Next Thurs.

Members of the Cyclone Boosters Club are invited to attend the annual banquet and meeting of the Club next Thursday evening at 7:30 in the High School Cafeteria, President E. A. "Pete" Smith announced this week.

Texas Tech Head Coach DeWitt Weaver will be the main speaker and he will show a film of one of Tech's football games this past season.

All Booster Club members are invited and any person interested in athletics is urged to attend, Smith added.

No tickets will be sold and the only cost will be for the meal, Smith continued.

Members will elect new officers for 1952 at the meeting after the buffet style dinner, Smith concluded.

Booster Club activities include sponsoring athletics at Memphis High School and promoting attendance at football, basketball and track events.

"We need all the members we can get and would like to have all sport-minded fans meet with us," Smith added.

Local Boy Wins Calf In Scramble At Houston Show

Jake Hancock, 4-H Club member of Lakeview caught a calf in the Calf Scramble at the Houston Fat Stock Show last week. County Agent W. B. Hooser reported on his return this week.

Hancock is the only boy of this district who caught one of the calves given away, Hooser said.

The calf Hancock caught was sponsored by the Harris County IOOF. He will feed the calf out for a year then take the animal back to Houston next winter to be entered in the show.

Hancock and Hooser were entertained with other 4-H Club boys and County Agents by business firms of Houston for three days during the Houston Fat Stock Show.

Castor Bean Meeting Scheduled Friday

Farmers in this area were reminded again this week that a meeting of all persons interested in the Castor bean program for this county will be held at 2 p. m. Friday in the county courtroom.

Production Marketing Administrator Lynn McKown said that all farmers and interested persons are invited.

OFFICIAL BOY SCOUT WEEK POSTER—President Truman will greet 12 outstanding Boy Scouts in the White House during Boy Scout Week, Feb. 6 to 12, making the 42nd anniversary of the Boy Scouts of America. Boy Scout Week will be observed throughout the nation by more than 2,900,000 boys and adult leaders. Since 1910, more than 19,999,999 boys and men have been members of the organization. "Forward . . . on Liberty's Team" is the birthday theme.

Boy Scouts Observe Birthday, Give Program At Lions Club

Forty Boy Scouts of Troop 35 here were honor guests at the Memphis Lions Club Annual Scout Birthday party at noon Wednesday.

This is the seventh year the Lions have held a birthday party for the Boy Scouts of Troop 35. Local Scouts join with the 2,900,000 Scouts in America to observe Boy Scout Week, February 6 to 12, marking the 42nd birthday of their organization.

Nation-wide the Boy Scouts will launch a new three year program known as "Forward . . . On Liberty's Team," a program of action designed to help keep America strong and free.

The Scout program presented to the Lions was given by members of Troop 35.

Senior Patrol Leader Jerry Hill led the group in Oath of Allegiance to the Flag and in the Scout prayer.

Scoutmaster Ted Myers introduced the Scout program and Patrol Leader Truman Smith gave, "Forward on Liberty's Team." Sandy Smith then recited "The Scout-

master" by Edgar A. Guest. Jerry Hill recited "What Little Boys Are Made Of."

A First Aid demonstration was performed by Dan Durham. Scoutmaster Myers then gave a list of the accomplishments of the two Scouts selected as outstanding in Troop 35 this past year.

Elmont Branigan and Ace Gailley presented the awards to the Outstanding Scouts, Jerry Hill and Sandy Smith.

Other highlights of the Scout week will include a window display downtown Saturday and also the Scouts will hold a camp demonstration on the courthouse square all day Saturday.

Scoutmaster Myers said all Scouts in Memphis are invited as a special group to attend church Sunday morning at the First Baptist Church. A special reserved section will be held for all Scouts and their parents.

Any wishing information concerning the ex-student organization should write Alvin Massey.

Four Men Enter Race For Council

Names of four candidates for offices of aldermen have been filed with City Secretary D. L. C. Kinard, it was announced this week.

Date of election for city aldermen has been set for April 1, by the City Council, Mayor Carl Harrison said.

Names filed to date include O. L. Helm in Ward 1, H. J. Howell in Ward 2, and O. M. Cosby Jr., in Ward 2 and Bill E. Leslie in Ward 4.

Helm recently moved into Ward 1 from Ward 2 and this will be his first time as a candidate from Ward 1. Cosby is running for Helm's un-expired term in Ward 2. Howell is running for re-election in Ward 2 and this is the first time Leslie has entered the city alderman race.

Council members met Tuesday night and passed one ordinance concerning procedure for candidates in filing for candidacy to city offices. This ordinance is in conformity with the last State Legislature concerning elections, Secretary Kinard said.

Council members also voted to take into the city a new addition known as Lamb's addition. It is located in the Southeast portion, next to Morningside addition.

Other business Tuesday night consisted of paying the city bills and acting on some real estate lot sales and other routine business.

Ex-Students Here To Plan Dinner April 12 At MHS

The ex-students organization of Memphis High School announced plans this week to hold a dinner Saturday evening, April 12, at the high school.

All ex-students are invited.

The ex-student group met and organized last November. Officers include Alvin Massey president; T. O. Pounds, vice president; Mrs. Gene Lindsey, secretary and Mrs. Jeannette Irwin, reporter.

For the past three years it has been the policy of the local high school to invite all ex-students to luncheon in the cafeteria on Homecoming Day.

Anyone wishing information concerning the ex-student organization should write Alvin Massey.

Commissioners O. K. Three Salary Increases

Members of Hall County Commissioners Court met recently to determine salary increases of the county's employees. No general increase was approved but individual increases to the chief deputy sheriff, district clerk and county treasurer were approved.

The increase altogether totals \$1,550 per year. The chief deputy sheriff was increased from \$2,250 to \$3,000, the district clerk from \$1,200 to \$1,500 and the county treasurer from \$2,500 to \$3,000.

Judge M. O. Goodpasture said the Commissioners met to estimate whether the county was financially able to give employees a general increase in wages. On their findings no salaries were increased except the ones mentioned above.

The office of the district clerk is allowed by law to retain enough fees to make the total amount of salary for the clerk up to \$3,750, but this feat has never been attained in this county, according to Judge Goodpasture.

By law, counties with population under 20,000 may choose whether or not to use the fee system. But all peace officers are full salaries by amendment of the constitution, Judge Goodpasture said.

County judge, county attorney,

district clerk and county clerk are paid salaries and may keep all fees earned until they reach a total of \$3,750 per year.

The county tax-assessor-collector may receive or keep a total of \$3,750 a year provided he earns sufficient commissions to make that amount. The county treasurer gets no salary except on a commissions basis, as it may accumulate from month to month.

Justices of the Peace are paid salaries of \$420 per year and may retain enough fees if possible to make a total of \$1,800.

Other salaries of county officers and employees paid as of the end of 1951 include: From the General Fund: County Judge \$3,000; Sheriff, \$3,600; County Attorney, \$2,400; District Clerk, \$1,200; County Clerk, \$2,400; County Treasurer, \$2,500; County-Tax-Assessor Collector, \$3,750; Constable Prec. No. 1, \$1,800 and Constable No. 4, \$1,800.

County Commissioners, payable out of the R. and B. Funds, each commissioner: \$1,800.

Appointive salaries: Deputy County Clerk, \$2,250; Chief Deputy Sheriff, \$2,250; Chief Deputy Tax Collector, \$2,250; Second deputy tax collector, \$1,875.

Road district employees salaries, Precinct No. 1, first man, in-

(Continued on page 12)

TO SING HERE—The varsity male quartet of Hardin-Simmons University, Abilene, will sing next Thursday evening here at the First Baptist Training Union banquet. Members of the ensemble are: (left to right) Jack Kay, first tenor; Ronny Bates, second tenor; Bill Denton, baritone and Truett Rogers, bass. John Caylor Jr., H-SU speech instructor, will speak at the banquet.

-Notes-

About Memphis, Hall County

By C. L. L.

A week from today, Valentine's Day. This one comes during Leap Year too! (Girls, enough said.)

Know what history has to say about when and how Valentine's Day came about?

Seems as though it all started in Italy—the Valentine custom is said to have begun in Rome almost 1700 years ago, and is now acknowledged as "The granddaddy of them all!"

Why did they pick February 14?

The ceremony itself blossomed from a pseudo-scientific belief that the birds of Italy began mating on February 14.

But the custom almost died out during the Dark Ages . . . and it took a Frenchman, naturally, to get the ball rolling again. According to the British Museum, where it is now on display, the oldest Sweetheart Valentine existing was designed by the Duke of Orleans in 1415. Imprisoned in the Tower of London after the Battle of Agincourt, he bribed a guard to smuggle it out.

It was in 1840, that Valentines here in America came into their own. When Esther Howland designed and printed a batch of English-style Valentines for her delighted classmates at Mt. Holyoke College for Women.

That was a Leap year too, just 28 Leap Year ago.

More apologies this week . . . seems that we made several mistakes in Roy Coleman's grocery ad in last week's paper.

No excuses, we just made the mistakes. It seems like they just happen sometimes in spite of how careful you try to be.

But, please accept our apologies Roy, and we will try to catch them this week!

B.F. Goodrich
FIRST IN RUBBER

There's a lively popularity this winter of convertibles in Florida and station wagons in the snow belt, indicating a vigorous response among winter sports fans and warm weather vacationers to current models with these body types. That's the word from Pontiac dealers who report active sales of the two models, shown above, which have just been introduced for 1952. It shows a marked tendency among the young and young-minded to favor the less orthodox type of body in which designers have been especially free to exercise their ingenuity in lines, styling and equipment. Apparently the appeal being put into the new cars has struck a responsive cord.

of paint the past week. Paint-up and clean-up . . . that's a sure sign that spring isn't far off.

Do you need a good map of the state of Texas? You can get one free of charge this year when you buy your 1952 licenses. Tax Collector J. W. Coppedge is cooperating with the Texas Highway Department and he will give you a post card with which you may obtain a free, colorful, complete map of Texas.

Reminds me of the joke about Texas!

St. Peter: "Where are you from son?"

Young Man: "Texas."

St. Peter: "Well, come on in, but you ain't gonna like it."

The Cyclones play their last home conference game here Friday night when they entertain the Childress Bobcats.

After two overtime periods, the Cyclone Cagers turned back the Wellington basketball men last Friday night.

If you want to see a thriller, be sure and come out Friday night.

The girls will play, starting at 7 p. m. and the boys will get underway afterwards, around 7:45 or 8 o'clock.

Have you noticed that new sign Roper has had put up in front of his City Grocery? Sure is nice looking.

Another goodlooking sign above a business here in Memphis is the one recently installed at Vena's. It is about as unusual a sign as I've seen.

Understand Dr. Edwin Goodall is due here in Memphis right away. He and his wife have a new baby.

A couple of farmers out on the plains were discussing a se-

vere drought. One had some wheat which he had managed to harvest.

"The drought sure has made the wheat crop short this year."

"Short? Say, I had to lather mine to mow it!"

That's all this week . . . got other things to do.

Military Rites For John Stanley Scheduled Feb. 14

Funeral services for the late Pvt. John M. Stanley, son of Mrs. Mattie F. Stanley, Lakeview, who was killed by the Japanese Military in December 1944, will be held February 14, at the Jefferson Barracks National Cemetery in St. Louis.

Pvt. Stanley was killed with 122 other prisoners of war in the camp at Puerto Princess, Palawana, Philippine Islands. Circumstances beyond control has prevented the United States Army from identifying the prisoners. Group funeral services are to be held.

Mrs. Stanley will not be able to attend the funeral services.

She has received notification from the Chief of the Memorial Division that the Superintendent of the cemetery will furnish her information regarding the burial and a flag will be sent to her.

A specially designed marker will be placed at the graves which will contain the names of all members of the group, including their ranks, arm of service and date of death.

The remains of the men killed by the Japanese were returned to

Scouting Week To Be Observed Here Feb. 6-12

Boy Scouts throughout the world will celebrate the 42nd anniversary of Scouting from February 6 through the 12.

In Memphis Scouts of Troop 35 have several events planned for the week beginning next Wednesday noon when the Lions Club, sponsors of Troop 35, will be host to the boys for their annual Birthday luncheon.

The Scouts under direction of Scoutmaster Ted Myers will have charge of the program. Participating in the program will be Dan Durham, Sandy Smith, Jerry Hill, Monty Monzingo, Truman Smith and Myers.

The Scouts also have planned to have a Scout display during Scout week at downtown business and demonstrations will be given by the boys.

English Bride Visits Here With Husband

Staff Sgt. and Mrs. Robert L. Williams arrived in Memphis this week from England to visit his parents, Mr. and Mrs. W. E. Williams and other relatives.

Sgt. Williams has been stationed in England with the armed forces for the past three years and his wife is a native of England. They were married on September 9, 1950 at Manchester England and she is the former Sheila O'Shaughnessy.

After a 30-day leave here, Sgt. Williams will be assigned to a base in the U. S.

The United States this month and burial services set for February 14, in order that all known relatives and survivors would have ample time to plan to attend if possible.

Flowers may be sent in care of the Superintendent Jefferson Barracks National Cemetery.

Dr. and Mrs. Harold Hightower of San Angelo visited here over the weekend with his mother, Mrs. N. A. Hightower and she returned home with them for a few days visit.

Mr. and Mrs. D. Worth over the week

Hutcherson Is Candidate For Commissioner

win (Ed) Hutcherson this authorized The Democrat announce that he is a candidate commissioner of Precinct No. 1 of the democratic primary making his announcement, used the following statement: after giving the matter due consideration, I want to announce to citizens of Precinct 1 that a candidate for County Commissioner.

was born and raised here in County, and grew up on the which I now own. After attending from Memphis High School in 1928, I attended Midwestern University and Texas majoring in agriculture and minor in business administration. Since that time I have been actively engaged in farming. Therefore, I believe that I know the people of this county from their commissioner.

I am elected to the office I promise that I will devote all efforts to the job. To special attention will be given to the roads in my precinct. I that we must keep after dirt roads; and if I am elected intend to do this work as county funds will permit. I also recognize that the Commissioners Court is the governing body of the county, and that important decisions must be made in time. If I become commissioner, I will endeavor to work with the other commissioners and the county judge to keep down expenses as possible. The problems of other county officials, as private citizens, will receive careful attention, and I welcome the change to disunity affairs with any one time.

ing the months to come, I to see every voter in Precinct which will make in to the office I seek. Your the forthcoming campaign appreciated.

SOUTH SIDE SQUARE

MEMPHIS

REPORT FROM WASHINGTON

By Walter Rogers
Congressman, 18th District

A TWO-CENT POST CARD the traditional one-cent card was increased to two cents. I have received quite a number of comments. At the time the law was increased a provision was put into the law that when post cards were purchased in quantities of more than 50, an additional charge of ten percent would be made.

Several news stories relating to the organization buying several thousand of these, 49 cents each, created a lot of comment and many people have been condemning such a charge as being silly.

Here are some of the facts that

caused the Congress to require the additional ten percent when more than fifty of the cards are purchased at one time. In the first instance, the one cent post card (now two cents) was originally created as a cheap means of communication between the people of this country. The cost of the card from the time it was printed until it reached the addressee was more than the one cent and for many years has been more than two cents.

I talked to the Post Office Department about this as I felt that the people were entitled to the facts surrounding the matter. The Post Office Department estimated that at the time the rate was increased from one to two cents the actual cost to the Department from the printing of the card to the delivery of it to the addressee was approximately 2-3/4 cents.

This means that every time one of these printed two-cent post cards was mailed, the Post Office Department, and of course the taxpayer, had to furnish an additional 1 3/4 cents from some other source; that source was of course the taxpayer's pocket.

A survey reflected that approximately ninety percent of these cards that were being mailed originated from some company or organization engaged in sales promotion or advertising. The result was that the taxpayers of this country were actually subsidizing these advertising and sales promotion schemes to the

tern powers but that it is extremely difficult for many of their people who have been under colonial domination of European countries to understand that the United States does not have colonial ambitions. Only outstanding statesmanship is going to avoid bloody conflict in this area.

KOREA: The latest information from Korea is that if the Communists commence another all-out offensive in Korea, as they have done on two occasions before, they will be subjected to the greatest slaughter of mankind in history.

Actually, the mission of the United National to throw communist aggression out of South Korea has been completed, as our front line is well above the 38th parallel except on the western edge of Korea.

TRAINING: The question of UMT or non UMT is a matter of daily debate in all corners of Washington. It is probably one of the most important domestic issues that has faced this country in a long time. Excellent arguments are advanced on both sides of the issue.

Personally, I would like to have your thoughts and I would appreciate it if you would indicate your feelings by checking one of the following and mailing it to me with any comments you care to make:

tune of 1 3/4 cents on every card that was mailed.

In other words, every time one of these organizations mailed ten thousand of these cards it cost the taxpayers of this country \$175.00; if the organization mailed 100 thousand, it cost the taxpayers \$1750.00. From your own experience in receiving many of these advertising cards in your mail you can visualize how much the process was costing you.

It was the opinion of many of the members of Congress that the addition of a small increase in the price of these cards when they were being purchased for the purpose of such type of advertising would measurably reduce the size of the subsidy and decrease the burden on the taxpayer.

I write this explanation because I have received many letters asking me why Congress does not do something to stop some people

from flooding the mails with advertising material that they do not want and serves only to clutter up their mail boxes and wastebaskets.

If the Post Office Department were making a profit on their post cards, certainly it would be silly to put an additional charge on purchases of more than 50, but since they are being handled at a loss and the taxpayer has to foot the bill, the more the loss can be reduced, the better for the taxpayer.

THE TROUBLE SPOTS: The Middle East is fast becoming the number one trouble spot of the world, just as I predicted in a previous newsletter and in a number of speeches in the district. The problems to be settled in that area are deep seated, and there are a great many more issues involved than in the Korean conflict.

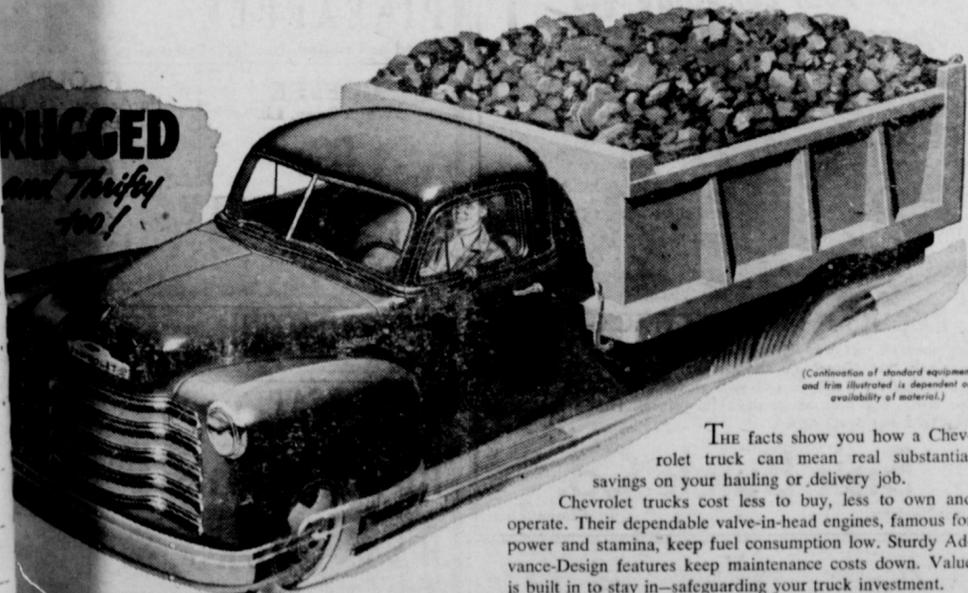

The outcroppings of trouble in the Middle East are not the result of any new-born political philosophies or theories of government. These are the rumblings of peoples who feel that they and their lands have been subjected to foreign exploitation for years and years. The many problems posed cannot be settled quickly nor easily.

The people from those countries with whom I have discussed the problems assure me that they do not look upon communist principles as a temporary or a permanent solution to any of their problems. These people are all deeply religious; therefore it is impossible to reconcile their basic beliefs with the atheism of communism.

They all assure me that they want to be friendly with the West-

The Political Question

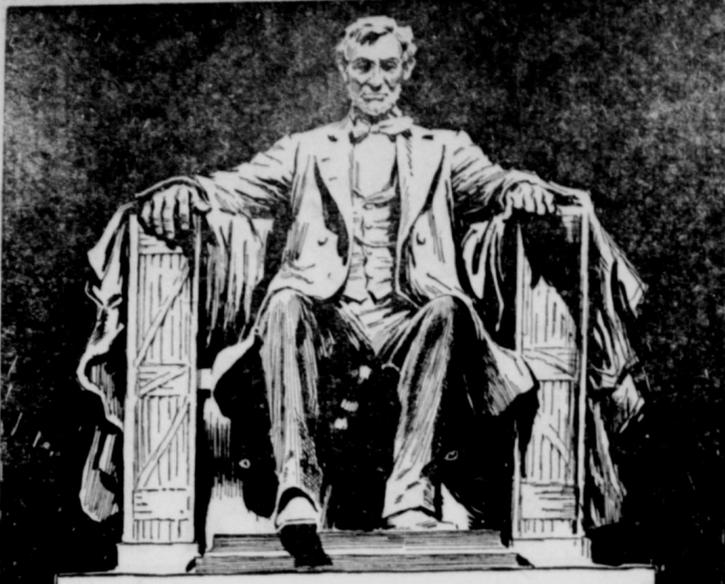

It is clear that the fight for the Republican nomination will be one of the hardest in history. Both the backers of Taft and the backers of Eisenhower are passionately devoted to their causes. Both are totally convinced that their man is the best bet—not only in his qualifications for the world's most important and exhausting job, but in his ability to win the election.

On the Eisenhower side, one of the most potent arguments is that he is the only available Republican who could unify the country, and be virtually sure of decisively defeating Mr. Truman or any other Democratic nominee. Walter Lippmann put the Eisenhower case well when he wrote in a late column, "A change of party has become most necessary after 20 years. The Truman administration is played out. It has lost control of Congress . . . It has lost effective control in the executive branch, as witness on the one hand the corruption and on the other the domination of policy by the swollen and competing bureaucracies . . ."

Eisenhower offers much the best way out of the dilemma which is posed as long as the choice is between Taft and Truman or Truman's heir. With Taft the most probable result is another Democratic victory. Next in probability there is a Taft victory achieved by a ruinously bitter decisive struggle . . . With Eisenhower the country can have for the taking a new administration which has behind it the largest and widest popular support, which is more truly national in its constituency than any other administration in our time."

This view is by no means universally held. The Taft camp aggressively denies that their man lacks a great public following. The Freeman magazine recently said, "In 1950 the whole strength of the Truman Administration was thrown into Ohio to beat Taft out of the senatorship . . . They threw mud at Taft and, more importantly, they threw the paper green stuff that still unaccountably goes by the name of money. But in spite of screeches and caterwauling, hair-pulling and invective, slander and demagoguery, on the part of the Democrats . . . Bob Taft was in again. He had carried 84 out of 88 counties, including all the industrial districts in the state. He did this in spite of the fact that Frank Lausche, a Democrat, won the Ohio governorship." The Freeman then said that the polls proved that Taft's public standing has steadily improved. Last June Gallup poll gave Eisenhower a 30 per cent preference as against 22 per cent for Taft. Six months later Eisenhower still had his 30 per cent while Taft had gone up to 28 per cent.

So much for the Republican side. To turn to the Democrats, the feeling grows in Washington circles that the President is fed up with his job, that he is disillusioned over friends who let him down, and that he will not run again. A few months ago it seemed certain that the President would be able to name the candidate and that the convention would follow his lead automatically. That is not so certain now. All the polls indicate that Truman prestige has reached a new low, and powerful forces in the Democratic party are bitter at the President, his closest advisors, and such Cabinet members as McGrath and Snyder, within whose departments the scandals occurred. An

"This is essentially a peoples' contest---it is a struggle for maintaining in the World that form and substance of Government whose leading object is To elevate the condition of men; To lift artificial weights from all shoulders; To clear the paths of laudable pursuit for all; To afford all an unfettered start and a fair chance in the race of Life."
Lincoln's First Inaugural

inter-party revolt against the White House may not occur on any great scale, but it is certainly possible. Some of the Kefauver backers may be counting on it. Senator Kefauver, an aggressive and personable man, has not been at all popular in Presidential circles, and his public reputation is the result of his investigation of sordid tie-ups between criminals and politicians.

**Press Paragraphs—
QUOTING OUR NEIGHBORS**

Repeal is Only Remedy
In its January issue, Farm Journal comes out for outright abolishment of the Defense Production Act and the Office of Price Stabilization—the two in price and other controls on the country.

Farm Journal says, "The law should be repealed. It should not be amended, patched up, strengthened, weakened, or tinkered with in any way whatsoever. It should be killed . . . The nation would heave a vast collective sigh of relief, as in 1946 when we finally rid ourselves of OPA. And after a short period of confusion, the old reliable free price system—the only system that ever did or ever can regulate production justly and efficiently—would be back on the job."

"The Control Act does next to nothing to slow down inflation, and by gumming up and discouraging production makes future inflation greater than it otherwise would be. Meanwhile it produces confusion, recrimination, and hostility among different classes of citizens. The only remedy is to repeal it, and do it quick."

The controls have disrupted the normal, efficient processes of production in industry and agriculture. They have saddled retailers—big and little, chain and independent—with an endless series of arbitrary rules and regulations which, in many cases, are confusing, conflicting and basically unworkable. Business of all kinds has had to devote more and more of its energies and labor and money to attempting to comply with the ideas of OPS' planners.

A situation such as this hurts everyone—with the exception of the bureaucrats whom OPS employs. Farm Journal is dead right—outright repeal is the only remedy.

"Business due for upwring," says a headline, and the small businessman hopes when it comes, it will not land on his jaw.
—Centralia (Wash.) Chronicle

General Dwight "Ike" Eisenhower has given the green light to his supporters in the Republican Party. Monday he answered two of the great questions of the century: Will he run? On what ticket?

Somehow we feel that General Ike is the Moses the Republican Party needs to lead them out of the wilderness . . .
Salida (Colo.) Mail-Record

Isn't it funny that tributes to minorities usually come from politicians running for office in regions where the minorities live?
—Jonesville (Mich.) Independent

"The United States was the first country in the history of civilization founded for the preservation of individual freedom. In establishing the 'New Order of the Ages,' the Continental Congress recorded in the Declaration of Independence a list of grievances against the tyrannical King George III, among which were: 'He has erected a multitude of new offices, and sent hither swarms of officers to harass our people, and eat out their substance.' One hundred and seventy-five years later we find a swarming bureaucracy within our borders that threatens individual freedom."
—Chester, S. C. Reporter.

E. H. Boaz, M. D.
Practice limited to high and low blood pressure, heart disease and exzema. By appointment only Mineral Wells, Tex., Ph. 739.

"We see the vast importance to our local, state and national economy of having private enterprise. Taxpaying institutions, whether little or big are the very life blood of our society." —St. Ignatius, Montana, Post.

"Americans want our armed forces to have everything they need, but there is too much waste and too much extravagance. Those directing the spending and handling of the goods which the tax dollars buy are going to have to be just as efficient, just as economical and just as wise in using and spending as the Average American is today. We can't afford as a nation to continue to increase our tax bill—We must be saving—and spend wisely if we expect to continue as a nation."
—Artesia, N. M., Advocate

How "big" should government be

Lincoln was President at a time when the federal government had to take away from its citizens more rights and liberties than ever before.

But he didn't like it. He believed, with the writers of the Constitution and the Declaration, that our government should protect people's independence, not push people around.

"In all that the people can individually do as well for themselves, government ought not to interfere," Lincoln once said.

Lincoln never let Americans forget that. He kept reminding the nation that the government's vast wartime powers must be only temporary.

He made powerful enemies. For there are always those who want to see the government run things—and run people—permanently.

We have them today. They think up all sorts of reasons why the federal government should over this or that business, industry, or service. They never say they want socialism. Maybe they even realize it. But that's actually what they propose.

Most Americans don't want socialism any more than you do. The job is to recognize it—and it—no matter what disguise it wears!

The people who plan and work for a realistic U. S. A. know that permanent control of a few key industries and services will give government the power to take over about everything. One of the key industries that they're trying to take over is light and power.

VALENTINE CANDY ONLY 7 DAYS LEFT

News Staff Presents 9th, 10th Prexys

The Journalism class presents the Sophomore and Freshman presidents, the last in a series of articles about the class presidents.

Clyde Tamplen was elected by his class to lead them in this year's activities. He is the son of Mr. and Mrs. O. M. Tamplen of 615 Bradford. Clyde, who is now 5 ft. and 8 in. tall and has black hair and brown eyes, was born at Whitesboro, Texas on March 2, 1935.

Clyde's football ability was well demonstrated with some of the outstanding plays made in the past season. With two more years to play, he should be good college-football material. Clyde also participates in basketball and track. When asking Clyde about his favorite sport and why he likes this sport he said, "football—well, just because I like it." Clyde's favorite subject is Handcraft and Mrs. Srygley is his favorite teacher.

With two years yet to make definite plans, Clyde is not for

sure what college he plans to attend or what his major will be when he does go.

When he was asked about pet peeves he answered "I hate to wait on a person that is hard to please when working in a drug store." His favorite song was "Down Yonder" and he enjoys going to a movie when Randolph Scott or Jane Powell is in the cast. Clyde said that his biggest thrill was when he was elected class president for 1951-52.

The president of the freshman class, whose biggest thrill came when he enrolled in the first grade, is Jack Montgomery. Jack the son of Mr. and Mrs. Paul Montgomery, is the oldest of four sons. The blue-eyed, blond-haired, six-foot boy was born in the Lesley community, November 13, 1936.

Jack, now 15, enjoys football, basketball and track as his school activities and football tops his list as his favorite sport.

Jack's ambition is to get a good education. In doing this he plans to attend Texas A & M and major in mechanical engineering. In high school his favorite subject is math and Mrs. Irons is his favorite teacher.

Jack attended Lakeview and Clarendon schools before enrolling in Memphis High School.

Riding horses and hunting quail keeps Jack's appetite flavored for T-bone steak and pecan pie.

Sr.-Jr. Classes Are Honored At Square Dance

The Senior and Junior Classes were honored with a square dance sponsored by the American Legion Auxiliary, Monday night, January 28 at 7:30.

Those who assisted with the square and couple dancing were Mrs. Jeannette Irons, Mr. and Mrs. Roy Guthrie, Mr. and Mrs. C. A. Williams, Ed Foxhall, and Billie Blackwell.

Guests present were Margaret Massey, Anna Todd, Anne Shankle, Anita Murphy, Vance Adams, John Ira Foster, Dempsey Archer, Wayne Jenkins, Charles Messer, Charles Hartman, Billie Hartman, Sylvia Weddell, Ramon Arnold, D'Arman Peabody, Dee Ellen Durrett, Johnny Harrell, Bobby Dick Hutcherson, Rayford Hutcherson, Duane Miller and Donna Webb.

Texas History Required Subject

A new class, Texas History, has been added to the High School Curriculum for this last semester, as well as for future years, as it is now a required subject for high school students in Texas.

Mrs. L. G. DeBerry is instructor for the class and members are James Aduddell, Roddy Bice, Jacky Ben Boone, Debs Cofer, Don Davis, Jimmy Davis, James Diamond, Peggy Evans, James Freeman, Carroll Gardenhire, Elizabeth Grundy, Robert Henson, Robert Allen Hodges, Alice Kennemer, Barbara Kulp, James Luedcke, Inez Martin, Wayland McElreath, Keithie McWhorter, Duane Miller, Donald Jack Montgomery, Donald Moore, Jimmy Morrison, Leon Rogers, Paul Heydon Rowlett, Marvin Smith Julius Stevens, Donnie Stewart, Norma Jean Townsend and Sherry Ann Trulove.

Rupture

Rupture Appliance Specialist Harry G. Higgins, will give a free demonstration of his "Guaranteed Rupture Shield" for men, women and children, in Childress, Tex., at Hotel Childress, on Mon., Feb. 11th, 9 a. m. to 2 p. m. I have fitted thousands of satisfied customers in the middlewest and southwest. Let me prove to you that your rupture can be firmly held in complete comfort without belts, buckles or straps. When skillfully fitted and molded to the body according to individual requirements, your rupture troubles are over. DO NOT EXPERIMENT LONGER, and become a cripple and burden to your family. If you want the complete relief you can obtain, come in for free demonstration; or if unable to see me this time, write for future appointment, to:

Rupture Appliance Specialist 225 S 5th St Minneapolis 2, Minn.

Spiced Tongue

Dempy Archer asking Wayne Jenkins for the definition of fish. Wayne: sitting still for long time until you don't catch anything.

People who fly into a rage always make a bad landing. Ronnie Smith to Duane Miller: "I don't see how you can call it true love if your family approves of her."

Dan Durham to father: "I wish you would let mother drive. It's more exciting."

Carl Lee and Yvonne Sturdevant are sitting in the living room while her father reads the newspaper; Carl whispers to Yvonne: "It's chilly tonight. Shall we go out on the porch where we can keep warm?"

Patsy: "There's nothing in the world I wouldn't do for that gang I run around with; Jo Ann and Margaret, and there's nothing they wouldn't do for me—we spend our lives doing nothing for each other."

MORNING WATCH Students appearing on Morning Watch for the past two weeks include Betty Jean Stewart and Omer Johnsey, Juniors; Wayne Jenkins, Senior; Peggy Evans and Gene Davidson, Sophomores; Jo Ann Kennon and Robert Henson, Freshmen; Helen Kulp and Jerry Hill, 8th grade; and Mary Jane Jones, seventh grade.

Handcraft Gives Practical Education

Handcraft in the MHS System is a new course, since this is its first year, but it is giving a practical education to its members, under the supervision of Mrs. Clinton F. Srygley, who has her Masters Degree in Handcraft.

During the first semester, members of this class have completed handtooling 104 belts, 60 bill-folds and 17 coin purses. Members of the group have sold \$316.50 of articles which has helped pay for materials and has given some spending money. These students also made many gifts for Christmas.

The Handcraft Class is working on metal the second semester, using copper and aluminum. The

group will make gloves for Easter.

"This Department of our system will be expanded to cover ceramics and wood carving, as well as the leather tooling and metal work," Mr. Davis said in a discussion of this work.

Members of this class are: Mackie Allen, Bobby Burnett, Marilyn Burnett, Nancy Brewer, Ronald Cawfield, Roy Don Coleman, David Corley, Denny Davis, Duke Frisbie, Johnnie McDaniel, Max McCoy, Gayle Monzingo, Ronnie Mac Smith, Clyde Tamplen and Billy Vallance.

"A" BAND HONOR ROLL

Those appearing on the band honor roll for the past two weeks, according to the director, Perry Keyser, were Phillip Patrick, Billy Allen Combs, Gene Davidson, sophomores; James Moss and Harold Aspren, freshmen; and Jacky Gilbert, senior.

AUSTRALIAN COWBOY

An Australian Cowboy who is associated with the Southern Assembly Association, performed at the Memphis High School Auditorium, Wednesday, January 30. The cowboy told the Student body how the Australian cowboys differ from American cowboys. He also demonstrated how to crack a whip, do trick roping and throw a short-range boomerang. Besides traveling with the Hardin Simmons Band, he toured the country with Will Rogers.

"GENTLEMEN" "GENTLEMEN!"
"GENTLEMEN!"
"Before I hear a bid I want you to see THIS name REAL good"

Farm auctioneers know what they're doing when they point to the name "Ford." They have found out the name "Ford" on a tractor works like magic at any farm sale.

And this fact points up a big advantage you get in a Ford Tractor—it sells for more at trade-in time.

Why? Well, for one thing it is the popular two-plow size; that means a bigger number of prospects. Then, too, it's a year-round tractor; a tractor that does more jobs; a tractor that is easy to operate.

Remember, too, you pay less for a Ford Tractor when new. Add to this its greater trade-in value when old and you can see why the Ford Tractor is the buy!

Cyclones Down Skyrockets Here By 52-49 Score

The Memphis Cyclones downed the potent Wellington Skyrockets 49-52 Friday in the first conference game for the two teams after two overtime periods.

At the end of the first quarter the score was 7-6 in favor of Memphis. The game was a seesaw battle until the final whistle, when the whistle blew after the 4th quarter, the score on the board was 42-42, after a 3 minute overtime the score was 46-46, after another intense 3 minutes, the score was 52-49.

In the scoring department, Duane Miller scored 17 points trailed by Wellington's Tommy Wood and Sheldon Wood with 12 each.

is in the seventh grade and Allen Daugherty, formerly of Quail who is in the seventh grade also. Welcome to MHS!!

In the girls game defeated Memphis by 29-18. This was the first of the two teams in competition.

Betty Spencer scored 10 of the game for high scorers.

Good Health

Answer to Question No. 1:
It is good to be out in the sun—winter or summer—since sunshine at any time of the year is a general tonic. The sun helps appetite and digestion. Rickets, once a common disorder among children, has practically been eliminated by the use of Vitamin D, the sunshine vitamin.

Answer to Question No. 2:
Though pulmonary tuberculosis is still a serious condition, the mortality rate has greatly increased. This is due to early diagnosis, to some of the newer surgical procedures and certain antibiotics which help to cure or arrest the disease. Anyone who has a cough which persists more than two or three weeks should have a chest X-ray. Many unsuspected cases can be found through chest X-ray of supposedly healthy people.

Answer to Question No. 3:
Your local health department keeps accurate records of deaths and their causes, births and diseases. Such facts are needed to head off epidemics and locate sources of infection. "Vital statistics" also help to spot shortcomings in your community's health services. For example, if your town's percentage of baby deaths is higher than in other communities, it's an indication your health services need investigation.

Cotton Planting Deadlines Extended To Check Bollworm
John C. White, Commissioner of Agriculture for Texas, announced today that cotton planting deadlines have been extended to 56 additional counties in South Texas as a means of controlling pink bollworm infestation.

"The cotton planting deadline in effect for many years in the lower Rio Grande Valley has been very successful in helping to control the pink bollworm," White said. "I feel confident that planting deadlines in the new counties will help combat infestation in those areas."

Miss Mary McCanne who is a student at Texas Tech in Lubbock has been here for the past few days visiting with her parents, Mr. and Mrs. Paul McCanne.

Harold Godwin of Fort Sill, Okla., visited with Mr. and Mrs. Paul McCanne Sunday afternoon.

Holland McMurry, Owner
Cletus Calloway, Auctioneer

One ride and You'll say:

"That's the Smartest Million Dollars BUICK Ever Spent"

WHEN we tell you that every 1952 Buick rides like a million dollars, we're not just slinging slang—we're talking real money—right-on-the-barrelhead cash.

A million dollars and more were poured into research and testing—design and tools—engineering, production and components—to team up the combination of ride features you'll find on a Buick—and on no other car in the world.

A million dollars and more was the price paid to work out control of end-sway and side-roll on curves—to double-check vertical "throw" with shock absorbers and big soft-acting coil springs for all four wheels—to V-brace the torque-tube keel and X-brace the

frame—to cushion body and engine—and to silk out the whole operation with Dynaflo Drive.*

You may not care how the job was done, or what it cost. But we'll lay you this: You're going to say "thanks a million" to Buick engineers once you get this spirited smoothie under your hands and haunches.

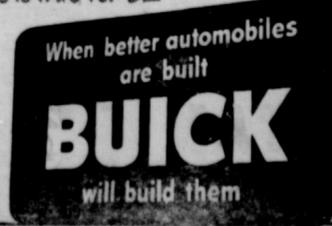

Old familiar roads take on a new smoothness. Gone are the weave and wander, the jitter and jounce that you've felt in lesser cars. You ride with road-hugging assurance and level ease.

All of which only begins to tell you what really great cars these 1952 Buicks turned out to be.

Never before have style and stamina—comfort and character—power, performance and price been brought together with such satisfying skill.

The obvious thing for you to do is come in and look them over. How about taking half an hour off to do that—today?

Sure is true for '52

Shamrock Fighters, Wellington, Meet Saturday Night

There will be another boxing match in the Skyrocket Gym at Wellington Saturday night at 8:30 between Wellington and Shamrock. The leading match of the evening will be Floyd Hood of Wellington vs. Bobby Cambell of Shamrock. Among the other outstanding matches will be Jimmy Thompson, Wellington vs. Kenneth Wood, Shamrock; Gene Baird, Wellington vs. Ronald Settles, Shamrock and Dan Jameson, Wellington vs. Paul Cooper, Shamrock. There will be 14 bouts and they all promise to be very exciting, Coach John Lee said. We want to thank all of our friends for coming over for the last match and hope that you'll be there for the Saturday night bouts, Lee added.

Lakeview Farmer Kills Bob Cat

Porter Johnson, a farmer from Lakeview area, brought one of the biggest Bob Cats killed in this area in a long time, into town last Saturday. A friend of Johnson's killed the Bob Cat west of Lakeview Friday after his dog discovered it. He shot the cat through the backbone. It measured two feet and nine and one half inches long and stood about a foot and seven inches in height.

Gilbert Srygley, who is a student at Texas Tech in Lubbock, was home for a few days visit between semesters.
