Gov. Adlai Stevenson, Democratic nominee for President

To The Farmers Of Hall County

The so-called "Democrats for Eisenhower" have been saying that if you elect Eisenhower he will get you 100 per cent parity for farm products. Do you believe it? Eisenhower is a Republican—and here's how the Republicans in Congress have voted on measures affecting farmers:

- Republicans voted against the original Agricultural Adjustment Act, nearly 2 to 1.
- Republicans voted against the Soil Conservation and Domestic Allotment Act, 3 to 1.
- Republicans voted against the Triple A, which is still our basic price support legislation, 5 to 1.
- Republicans voted against parity payments when they were first proposed in 1939, 7 to 1.
- Republicans voted to kill crop insurance, 16 to 1.
- Republicans voted in 1943 to kill the Agricultural Conservation Program, 12 to 1.

WHO ARE THESE CITY DEMOCRATS TURNED REPUBLICAN TRYING TO KID?

Before you vote on Nov. 4, ask yourself these questions:

1. How were you living in 1932, the last year of the last Republican administration?
2. How are you living today?
3. Can you remember when cotton was 5 cents a pound?
4. Can you remember when wages were one or two dollars a day—for men lucky enough to have jobs?
5. What were you worth in 1932?
6. What are you worth today?

VOTE ON NOVEMBER 4th -- AND VOTE DEMOCRATIC

Vote For Stevenson And Sparkman

Abolition Class Installation Service Thursday

Members of the Sodolitan of the First Baptist Church met at the church on Thursday, Oct. 24 with Mrs. Scott and Mrs. Emma Baskerville assisting with hostess duties.

Decorations consisted of arrangements of fall flowers, gold and bronze as well as other colors.

The singing of the class song, "Be the Tie That Binds," was the feature of the evening. The opening prayer was led by Mrs. Frank Thompson. The subject of the evening was the devotion brought by Mrs. Scott.

Henry Scott, president.

presided over the short business session. Various reports were heard from the committees. Mrs. Leon Randolph led in prayer.

The installation of the new officers followed the business meeting. It was conducted by Mrs. Henry Foster, who used a rainbow to illustrate the officer's particular duties to the class. After the new officers had been installed, they each lit a candle in a pot of gold which was placed at the end of the rainbow, and pledged themselves to do their duty to the best of their ability. Mrs. Foster gave the closing prayer, after which she read "The Rainbow and the Rain." Mrs. Baskerville assisted at the piano, playing the melody softly as she read.

The officers installed were Mrs. Henry Hays, teacher; Mrs. D. L. C. Kinard, associate teacher; Mrs. Henry Scott, president; Mrs. Theodore Swift, membership president; Mrs. Emma Baskerville, fellowship president; Mrs. Frank Smith, ministership president; Mrs. J. W. Smith, stewardship president; Mrs. Leonard Wilson, secretary; Mrs. H. Byrd, treasurer; Mrs. Grover Moss, T. J. Bridges, H. H. Lindsey and A. J. Fowler, group leaders.

Refreshments were served to Mrs. J. W. Smith, Henry Hays, Ottie Jones, Theodore Swift, T. J. Bridges, A. J. Fowler, Frank Smith, H. H. Lindsey, Grover Moss, Leon Randolph, Myrtle Hammons, Frank Ellis, H. Byrd, J. R. Saunders, Leonard Wilson, Henry Scott and on guest, Mrs. Henry Foster.

Retail Grocers To Start Displaying Ceiling Prices

Dallas, Tex., Oct. 27—Retail grocers in Hall County will begin displaying official OPS ceiling posters on November 3 in an extension of the Office of Price Stabilization's nation-wide "community food pricing" program.

The announcement was made in Dallas by Frank C. Tomlinson, OPS regional food and restaurant branch chief, who added that the posters are now being printed and will be mailed in sufficient time to be posted by grocers before the deadline date.

On the same date, the OPS grocery price posting program will be extended to 179 counties in Texas, covering the entire state. Since September 29, "community pricing" has been in effect in a 72 county area in the northern half

of Texas, and in the three south Texas counties of Bexar, Harris and Galveston.

According to Tomlinson, the official charts will be posted in this county and in most of West Texas, list uniform ceiling prices for some 450 food items. The posters are basically the same posters which have been in use in northern Texas, but with minor price changes and a few additions and deletions reflecting local food item and brand preferences.

"Community pricing" gets its name, the foods chief explained, because all stores of the same class have the same retail ceilings in an area or "community" where wholesalers are able to deliver to retailers without adding freight costs.

Tomlinson pointed out that posted prices give grocery customers an opportunity to see at a glance the ceiling prices on many of the important foods they buy. Also, the grocer is relieved of the task of figuring his own price ceilings, since this is done for him on a periodical basis by OPS.

NEW BOOKS

By DON IVY

The Memphis High School has received a new set of books. There are seven volumes. The books are about Religion and Ethics. They are edited by James Hastings. The Encyclopedia will contain articles on all the religions of the world and on all the great systems of ethics. Such persons and places as are famous in the history of religions and morals will be included. It is a wide field, but its limits are clearly defined.

Iris Smith Attends Teachers College

SAN MARCOS, Oct. 27—Iris Smith from Memphis is among the 1,550 students registered this year at Southwest Texas State Teachers College.

Continuing a trend set in post-war years, boys again outnumber girls at the college in San Marcos, a change from early days when girls outnumbered boys as much as two or three to one.

Approximately 85 per cent of these enrolled are studying for the teaching profession, with the remainder preparing themselves for professional careers in law, medicine, nursing, dentistry, journalism, and other fields offered, the college officials state.

Mr. and Mrs. W. P. Markum of Childress visited Mr. and Mrs. W. B. Orr Monday.

Mr. and Mrs. C. S. Compton returned Tuesday from a trip to Denver, Colo., where they visited relatives.

BUILDING MATERIALS AND SERVICES

"They never had it so good!"

THE order is, "Forward march"—and off they go, feet sucking against the Korean mud, every bone crying, "I'm tired!"

The order is flop and eat—and they flop and try to eat, no matter how little they like the food.

The order is, "Take hill number 63!"—and they fight forward, not ready for death, but expecting it with every splatter of bullets.

Then, in the quiet moments, one soldier will turn to another and half grin and say, "You never had it so good."

A joke—a classic Army joke—but these days it has a real bitter note to it. Because at the same time everyone is wondering and saying:

"Did it have to come to this?"

"Couldn't the shooting have been stopped before it began?"

"What's the matter with our foreign policy?"

"Why didn't the Administration see this coming?"

"Must we keep paying for their mistakes?"

"WHAT? We've never had it so good? COME INTO MY FOXHOLE AND SAY THAT!"

All right—the damage is done—and we all know what has been badly begun must be well ended.

BUT—shall we forget or forgive those who blundered? Will YOU? Do you DARE? Will you trust America's future foreign policy to those responsible for Korea? Is this official fumbling what you want for America? You know it isn't!

Not if you value the lives of your sons. Not if you value your own life and welfare and that of your family. Not if you value the peace and prosperity of America.

No—you will want to clean house. You will want to sweep out of power and into the ash can the Administration that brought your country to this. You will run, not walk, to the polls. You will vote eagerly, glad that you can make a change. You will

VFW Auxiliary Observes 5th Birthday With Dinner At Willeford's Drive Inn

The V.F.W. Auxiliary members celebrated the fifth birthday anniversary of the organization with a dinner party on Thursday, Oct. 23 at 7:00 p.m. at Willeford's Drive Inn.

Decorating colors were red, white, and blue. Red and blue streamers and flags were used as table decorations. Numerous other flags were used throughout the dining room to complete the patriotic motif. The birthday cake which was used as the table centerpiece, was frosted in white and trimmed in red and blue.

The invocation was given by Rev. Tom Posey. The Gold Star Mothers were recognized and each one was presented with a corsage and a paid dues card for 1953. The yearly auxiliary report was given. Rev. Tom Posey was speaker of the evening.

Clothes Hamper Constructed Of Lumber and Hardboard

IN MOST homes, a clothes hamper is a "must," while in some, two are needed. A clothes hamper is one of the easiest projects imaginable for the home workshop. The only materials needed are 1 by 2-inch lumber and one-eighth-inch Masonite tempered hardboard. Ordinary carpentry tools will do the job.

The hamper pictured is 30 inches high, 13 1/2 inches deep and 19 1/2 inches wide.

Construction of the framework is the first operation. The hardboard then is attached with nails, or screws may be

applied through drilled holes. Hand saw may be cut out with a coping saw and the edges of the openings beveled slightly with a file. The hinged lid is formed of 1 by 2-inch lumber covered with a piece of hardboard. Attach a wooden or plastic handle.

To finish this attractive hamper, apply a good quality primer and follow with one or two finish coats. A decalcoman on the front will look nice.

For working drawings to follow in making the hamper, write to Home Service Bureau, Suite 2039, 111 West Washington Street, Chicago 2, Ill., and request free plan AF-173.

hear of the leopard cattle down in the cattle country for many years — especially for its superb ability as a herding canine, which also is renowned as a farm and ranch dog. It is a veritable all-around farm and ranch dog, capable of chasing, herding, and more than average.

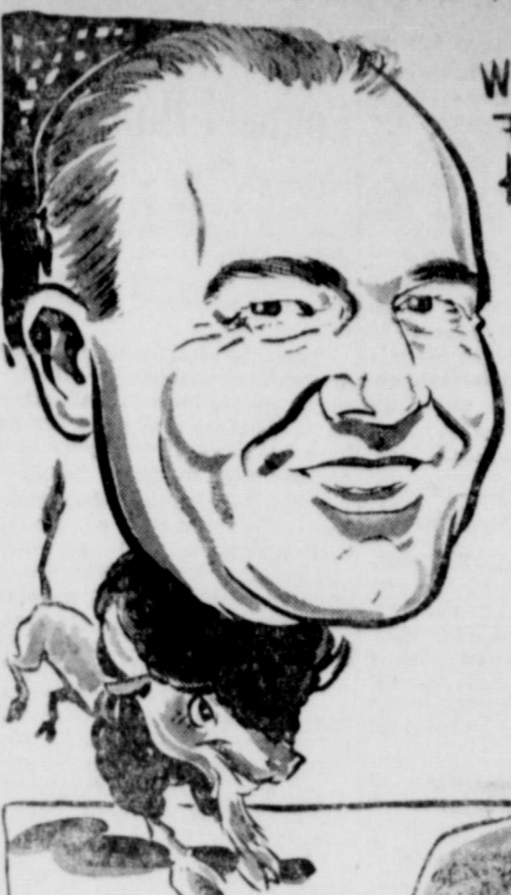

Dogs usually are gray or black or brown spots, but they also come in other colors. The leopard cattle dog is a subject of much interest to many people. According to Henry P. Smith, a well-known breeder of these dogs, he states that 60 years ago a man named Adams, who lived near Zuleh, Texas, Adams noticed with much interest the ease with which the herd was handled by the cattle buyer's all white glass-eyed dog. Later the two men were eating when the buyer glanced up, excused himself and went out the back way. He never came back, and the dog found a new owner in Adams.

The remarkable ability of the white dog as a herder attracted much attention throughout that section. He was later mated with a "bluesteel" bitch and the pup was to inherit the sire's extraordinary sagacity as a handler of stock. From this progeny the leopard cattle dog breed is said to have developed.

In brush country these dogs are especially valuable. They are taught to go into the brush, locate and bay stray cattle, holding them until riders arrive. The dogs generally work in pairs at the cow's nose, nipping and fading until the scared and angry animal gives up all thought of bolting. It is then a fairly easy job to bring her out of the brush.

In these days of cow-hand shortages, it is not surprising that interest in the leopard cattle dog

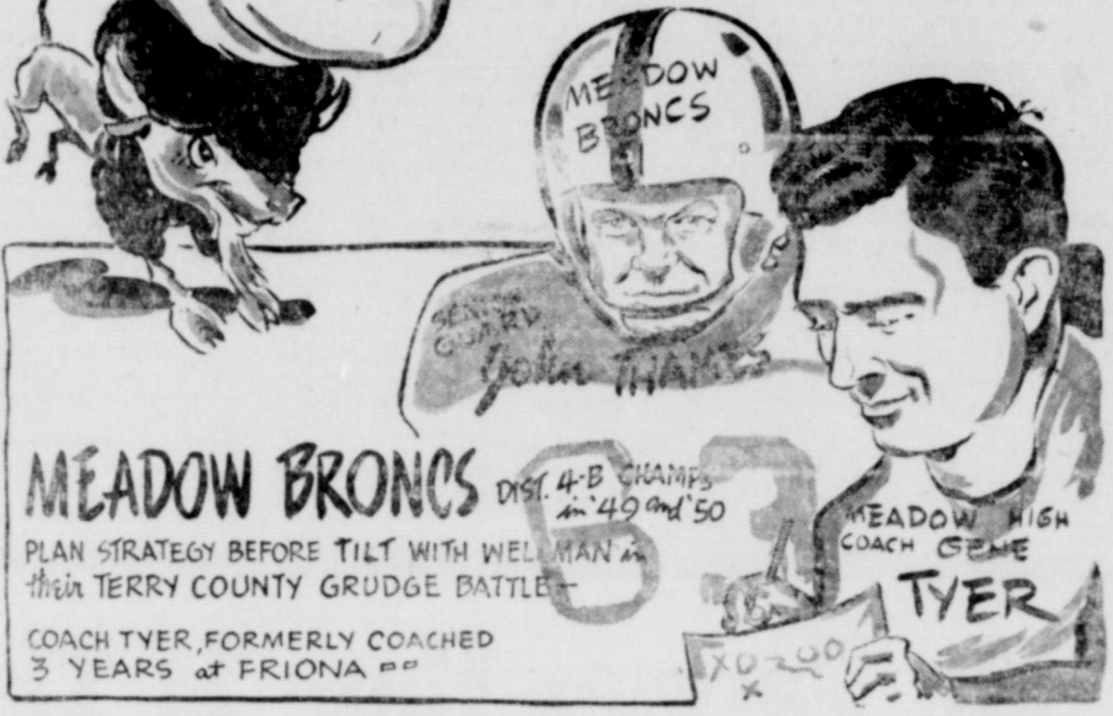

is increasing. Ranch owners who use them say that two dogs can do as much effective work in a day as three mounted riders. Horse wear and labor costs are thus reduced considerably.

Top Dance Band Will Appear At Wellington Nov. 6

WELLINGTON (Special). — Tex Beneke, director of one of the nation's top dance bands, will bring his orchestra to Wellington's community building Thursday night, November 6, under the sponsorship of the Veterans of Foreign Wars.

Beneke, who was born at Fort Worth, joined Glenn Miller's band in 1938 as a saxophone player and remained until he enlisted in the Navy during World War II. When Glenn Miller was listed as "missing in action" during that conflict his friends thought it would be a fitting tribute to carry on his band, and Beneke was selected to head it.

Featured with Tex Beneke's orchestra are handsome Bill Raymond, romantic young singer, and Joan Kavanaugh, formerly the "Bill" of "Four Jacks and a Jill."

VET PROBLEMS AND ANSWERS

Q—I am planning to take a correspondence course under the Korean GI Bill. How will it be charged against my entitlement?
A—One-fourth of the elapsed time in taking the course will be charged against your entitlement. Elapsed time is measured from the date you enroll to the date the

school processes your last lesson.
Q—I realize I'm entitled to only one change of course under the Korean GI Bill. But what if I want to change schools without changing course? Is there any limit on the number of changes of this nature?
A—The law imposes no restrictions on changing schools, so long as no course changes are involved. Before making your move, however, you must apply to VA for approval. If everything's in order, VA will issue a supplemental certificate authorizing you to go ahead with GI training in your new school.

Q—What's considered full-time and part-time training in accredited under-graduate college courses, under the Korean GI Bill?
A—Full-time training consists of at least 14 semester hours or the equivalent. Three-quarters time is between 10 and 14 hours or the equivalent; half-time, between 7 and 10 hours, and less than half-time, under 7 semester hours or the equivalent.
Q—I have a fellowship from the Atomic Energy Commission and I find that I also am eligible for training under the Korean GI Bill. Could I take my training under both programs at the same time?
A—No. You may not receive GI allowances for training taken under the auspices of the Government under any other law—where the GI payments would constitute a duplication of benefits paid to you from the Federal Treasury.

The next meeting is scheduled for 3:00 p.m. November 22 in the Church Lounge.

Guests in the home of George Hattenbach last week were his daughters, Mrs. C. W. Fleming of Topeka, Kans. and Mrs. H. K. Whaley of Weatherford. Mrs. Fleming spent a week here, and her sister arrived on Wednesday.

"These Rights We Hold" Is Study At Wesley Meets

The last two meetings of the Wesleyan Service Guild have been two fold in program in that special emphasis was placed on the study of "These Rights We Hold" while the social hour for each brought unusual activities.

On October 8, the meeting was held in the basement of the Methodist Church. During the social hour surprise gifts were presented to two members. A token of friendship was given to Mrs. Doyle Caffey as a farewell gift. Mrs. Caffey has moved to Tyler. Mrs. David McVeay was the honoree at an anticipation shower.

Mrs. Robert Spicer, hostess, served refreshments to the following members: Mrs. A. O. Gidden David McVeay, Mabel Lavender, Lloyd Hamilton, H. B. Bennett, Ruby Compton, Doyle Caffey, J. H. Andrews, W. P. Baten, Jr., Earl Hill and Misses Ira Hammond, Dorothy Gowan and Neville Wrenn.

The second event followed on the evening of October 19 with Mrs. Earl Hill hostess. Upon their arrival at her home in Lakeview Mrs. Hill served supper to these members: Mrs. W. P. Baten, Jr., H. B. Bennett, Ruby Compton, Clinton Culp, A. F. DeWees, A. O. Gidden, Mabel Lavender, Dewey Myers, Robert Spicer, W. A. Smith, E. Hill, Myrtle Walker, Pansey Carmen, Frank Ellis and Joe Weatherbee.

After the meal, the president Mrs. Baten, presided at a short business session. Mr. Gidden was leader in the devotional for the evening with these members assisting: Mrs. Bennett, DeWees, Compton and Lavender. Mrs. Hill concluded the program when she completed the discussion of "These Rights We Hold," begun in the previous meeting. Emphasis on human and civil rights was made by the telling of stories from "Accent on Liberty."

Lakeview FHA Hears Address By W. M. Wood

The Lakeview F.H.A. met in regular session Tuesday, Oct. 21. W. M. Wood, principle of the grade school, was guest speaker. Talking on the subject "How to Get a Job," Mr. Wood gave several pointers on how to dress, posture and general behavior in applying for a job.

Refreshments of sugar cookies, raspberry punch and ritz crackers with cheese spread were served by the Home Making II girls, Sonya Verden, Faye Thompson, Faye Hubbard, Gaye Salmon, Betty Neighbors, Doris Arnold, Sarah Williamson.

Attending the meeting were Jettie Sams, Wanda Kennard, Sue Hall, Mary Elrod, Peggy Proffitt, Helen Brown, Fay Dean Byars, Katrina Nabers, Betty Ariola, Herminia Sahagun, Martha Reed, Myrtle Harris, Sonya Verden, Betty Neighbors, Faye Thompson, Gaye Salmon, Doris Arnold, Sarah Williamson, Jo Ann Melton, Sherry Denton, Shirley Nabers, June Payne, Ramona Hopper, Jean Sams, Marietta Byars, Charlefe Ladd, Shirley Brown, Jimmie Hunter, Ann Ariola, Velma Wilson, Clara Canida, Edith Murdock, Dorothy Proffitt, Mary Nell Weddel, Fern Harris, Glynda, Picken, Mary Sahagun and Evelyn Revell.

Mrs. Raymond W. Harrah Of Pampa Is Guest Speaker At Joint Club Meeting

Mrs. W. C. Dickey was hostess to members of the Delphian Club and the Atalantean Club Tuesday afternoon, Oct. 21, at the Legion Hall. Those in the receiving line other than the hostess were Mrs. S. B. Palmeyer, president of the Atalantean Club, Mrs. Raymond W. Harrah of Pampa, Mrs. Carl Kulp, vice president of the Delphian Club and Mrs. L. M. Hicks of Pampa.

Miss Gertrude Rasco pleased her audience as she offered selected piano numbers during the arrival of guests.

Mrs. Dickey opened the program with greetings for all present and a special welcome to Mrs. L. M. Hicks, formerly of Memphis and also a former member of both the Delphian and the Atalantean Clubs. Mrs. Hicks introduced the guest speaker, Mrs. Harrah, as one "who is interested in everything and an active person in all civic affairs." She is past president of Federated Clubs in the Seventh district and at the present time is a member of the state board serving as chairman of the Division of Family Living in the American Home Department.

Mrs. Harrah took as her subject "Public Affairs Must Become First Affairs." Throughout the address the speaker emphasized the importance of women accepting the responsibilities and opportunities offered in our government and especially to take advantage of the privilege of voting.

"The Federation does not wish to take any women from their home and put them into government but that they should bring the government into the home," she said. "Democracy begins in the heart, the home, the community."

In promoting the campaign to "Get Out the Vote," Mrs. Harrah stressed the fact that we must first of all inform ourselves and do so with the expectation of not only receiving from but of putting something into the government.

An informal period of questions and discussion followed the address.

In closing the program, Mrs. J. L. Barnes led the group in repeating the Collect for Club Women and Mrs. Culp led in the Pledge to the Flag. Mrs. Henry Foster, in behalf of the two clubs presented Mrs. Harrah with a gift in appreciation for the information.

ive and challenging message brought by her.

GASOLINES - LUBRICANTS

REPORT FROM WASHINGTON

Congressman, 18th District

By Walter Rogers

WHAT THE PEOPLE ARE SAYING ALONG U.S. HIGHWAY 66 AND U.S. 40:

Mrs. Rogers and I made it back to Washington on schedule, although it was a close shave. We came back by way of Highway 60 to Tulsa, 66 to St. Louis, and 40 to the Pennsylvania Turnpike, and on the Washington via 240. This is a long trip and covers about 1700 miles. We consumed more time than would be otherwise necessary because I stopped at every opportunity to visit with people in all walks of life concerning their feelings about the coming election. As you no doubt suspect, there is a great diversity of thought on this subject. However, the recent trend towards Stevenson as reported in the national polls was indicated more clearly among the middle class.

Many of the small business men fear that Republican control would result in a repetition of the depression years of the early thirties. They base this conclusion on the great interest that New York financial interests are showing in supporting the Republican ticket and the tremendous amount of money being spent by the Republican National Committee. Most all of them were highly complimentary of both Governor Stevenson and General Eisenhower, but in many instances they were highly critical of both vice-presidential nominees. One criticism against Senator Nixon that I heard repeated many times was the fact that he had called upon Governor Stevenson and Senator Sparkman to make public their income tax returns and then refused to subject to his own to the public gaze. This failure on his part has undoubtedly caused much suspicion as to whether or not he told all in his television-radio appearance.

In lower Illinois, Indiana and Ohio, much of which is considered strong Taft territory, there is pronounced feeling against the treatment Taft received at the Republican Convention. The wounds have not yet healed. What effect this might have on the elect-

ion is a toss-up. One man told me that many undecided voters were leaning towards Stevenson because Stevenson had not engaged in the cat fight going on between Truman, Eisenhower and Nixon, but had continued to discuss the issues clearly and concisely, speaking in factual terms rather than in generalities, and refusing to be dragged into a name calling contest of wild accusations and innuendoes.

The interesting feature of this experience was the vast amount of information possessed by the various people along the way. I have heard it said many times that a great majority of voters are controlled by temporary emotions. I have always contested this theory because I have had great faith in the judgement of the American people. Anyone who does not have that faith should make the same trip that I made and talk to people.

One person explained to me in detail the recent Korean GI Bill. He did not know that I had worked on that bill and had helped fight it through Congress. I can assure you that he was well acquainted with the entire subject, including the attempted amendment to the bill in the Senate and what that amendment would have done. The amendment that I refer to was the Nixon amendment, which was introduced by Senator Nixon and supported by Senator Ives of New York. The amendment was adopted in Conference Committee after a clean but hard fight. The primary purpose of the amendment was to permit California and New York schools to collect from the Federal Government tuition and fees that they could not collect from the individual students under their state laws. It would have meant that the American taxpayer would have had to pay tuition for veterans while civilian students would be exempt from the same tuition. It would also have created red tape on top of red tape and subjected the taxpayers to administrative expenses that would have run into the millions each year. It would also have opened the door for a repetition of the immoral, if not fraudulent, practices that were engaged in by many schools under the original GI Bill. These practices amounted to raids on the public treasury and were uncovered by the able work of the committee headed by Congressman Olin Teague of Bryan.

Another thing that many people can't understand is why the big money interests refuse to buy government insured GI mortgages, while at the same time they purchase public housing bonds. These same people condemn public housing as socialism (incidentally I have voted against public housing at every opportunity), while at the same time they are willing to furnish the money to finance public housing projects. The reason is very simple. The public housing bonds bear two percent interest and are tax exempt. The GI mortgage paper bears four percent interest and is not tax exempt. Because the big money interests are in the high tax brackets, they can realize a bigger return from the two percent tax exempt bonds than they can from four percent GI paper. I do not criticize them for trying to get the greatest return from their investments. But I cannot understand why these

people cry out socialism and then are willing to help finance it.

One of the greatest guards against socialism and communism is individual home ownership. The GI home mortgage bill does not give the GI anything. It merely affords him the opportunity to buy and pay for a home for himself and family at a reasonable rate of interest. It occurs to me that these big money interests could make a great contribution in the fight against socialism and communism if they would stop buying these public housing bonds and start helping these boys who have protected their interests on the battlefields.

This is our **Success Secret**

- On second thought, you'd hardly call it a secret - we certainly haven't tried to keep it to our selves. This pharmacy is successful because we've made RELIABILITY our first consideration. Physicians know that we can be depended upon. This, they direct patients to us for careful compounding, prompt service, fresh potent drugs. These are the things that have built our business. Next time, come here to Prescription Headquarters.

WHAT PRICE FARM MACHINERY?

No one will deny the fact that farm machinery has caused a revolution in agriculture but through agricultural revolution over the last few years. Once it took 85 per cent of our working force just to produce our food and fiber. Today the figure is about 15 per cent.

HOW TO HIRE AND FIRE

A letter of the National Dry Goods Assn. recently came where one government agency incurred a \$10,000 expense in laying off 32 employees. It cited another case where an agency desired to separate 164 persons from government service. In the end, four and a half months later, 25 were dismissed instead of the 164, and the direct cost of the discharge was \$33,500 and the indirect cost \$125,000.

When basic efficiency will enter the picture. But the best help to indicate why there are now 2,500,000 people on the federal payroll and why, according to the Bureau of Budget, another 1,500,000 will be added by next June. Some farmers of business men dealt with employee as does government. The added cost would have been paid by the consumer who bought the goods or crops. Regardless of which party comes to power after the election Tuesday, it's time for a lot of changes in Washington.

Automobiles and Highways. Almost every other Texan has an automobile. The state now ranks fourth in automobile population of the nation, with some 3,400,000 registered, according to information compiled by the Texas Good Roads Association.

Some suggestions? Surely you have some. We think of one or two ourselves. Why could not a corner side of the local park be designed as a recreation area—and at little expense we believe—providing added and NEEDED tennis courts, even a shuffle board and croquet courts—and ultimately a swimming pool.

Association. These automobiles, plus the trucks and buses, drive a total of more than 81 million miles a day. At present only New York, Pennsylvania and California have more automobiles than Texas. In the last ten years this state's population has increased 20 per cent but its automobile population has increased nearly 100 per cent.

Texas now has 44,000 miles of improved highways for these automobiles to drive on. Nearly half of that amount is in the farm-to-market road system. Urban expressways total less than 100 miles, while safe four-lane highways now total approximately 1,000 miles.

May 19, 1921 Memphis High School Commencement Exercises—The Memphis Public Schools are closing Friday, May 29, a very profitable year of work. The schools has had services of an exceptionally efficient corps of teachers, seventeen of whom are coming back next year. The Memphis High School is one of the few schools of the State in towns of this size, that has as many as 21 1/2 units of affiliated work. More units are expected to be added during the coming year.

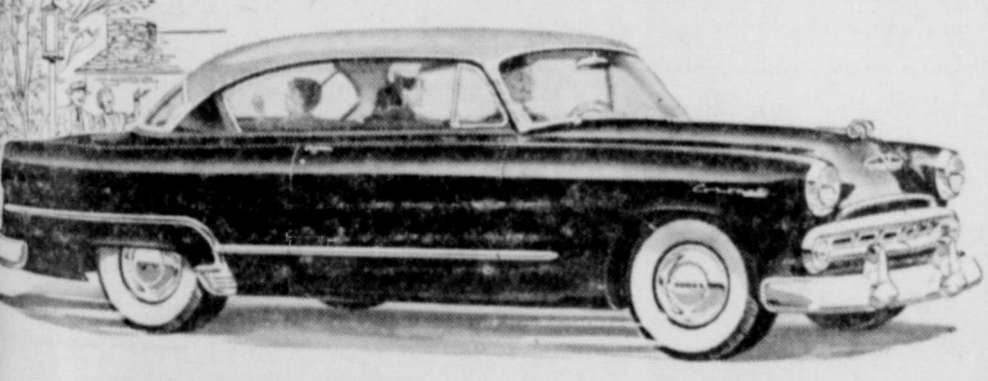

The second edition of the "Sandstorm" is just off the press; it will give you every kind of school news—don't fail to read it. The last step of commencement will be the services at the High School tomorrow night where the seniors will get their diplomas. Ozark Trails Monuments Marked—The Ozark Trails monuments is this county, at Lakeview, Esteline and Memphis, were completed this week, each being marked with the names of the larger towns on the routes and their distances from the location of the monument. The towns ahead of the traveler are marked on the side of approach and the information will be of great assistance to tourists, who will find it unnecessary to make inquiries. Geo. Tipton contracted the work through this county.

October 27, 1927 Hall County Cotton High Grade—Edwin P. Thompson bought 100 bales of cotton from the Farmers Union last week and making it up found that 75 of these bales classed as good middling and 25 bales as strictly middling. He says this is something unusual, for it will usually run 50-50 or less, and indicates that Hall County cotton is high class and running high grades, more than usual.

When Should You Pass?

How much clear vision should you have to pass another automobile when it is going 50 miles an hour and you are going 60?

This is one of the problems facing Texas highway planners in their efforts to modernize Texas highways and make them safe. They must make it possible for you to see a half-mile ahead, or you are taking a chance at passing another vehicle travelling at a mile a minute.

With highways built for only two-lane or three-lane traffic, the Highway Department has to depend upon yellow paint to furnish the safety factor. Every year thousands of dollars are spent painting the center stripe and warning lines down the highways.

"We are all too prone to ignore these warning stripes when we think we have a half-chance," says Jack Kultgen, president of the Texas Good Roads Association.

"Sometimes when you are driving along at 60 miles an hour, have your companion clock you. You'll be surprised at how many times you are facing death in the matter of just a few seconds," he said.

Such carelessness last year caused a big percentage of the 205,000 motor vehicle accidents that killed 2,546 persons in Texas. —The Munday Times

19-0 Defeat Taken By Cyclones From Wellington Is First For 1952 Season

First defeat of the season was handed to the Memphis Cyclone Friday night at the hands of a smoothly-working eleven at Wellington. At the end of four quarters of play, the Skyrockets had racked up a score of 19-0. The game was the first conference contest for both teams.

The game started with Memphis kicking off to Wellington, who promptly drove down field to the Cyclone 80 yard line in five plays. Only to lose the ball on a fumble. Kennedy ripped off 15 yards around right end. Later a fumble by Memphis cost them the ball on the Wellington 38. Moore, Duncan and Ingram hit the line nine times from this spot, with Ingram going over for the first touchdown.

Early in the second quarter, a trick pass from Johnson to Ingram netted 46 yards, and placed the ball on the Cyclone 15 yard line. It took six plays from this point before the stubborn Memphis line yielded for the second touchdown by the Rockets. Another fumble by Memphis cost them the ball after they had carried past the midfield stripe. They drove down to the 16 where the ball went over to the Cyclones. The Wellington line stubbornly held forcing Frisbie to punt. The Cyclone immediately regained possession by intercepting a pass as the half ended.

After taking the kickoff in the second half, the Cyclone offense started clicking. They moved down field from their 28 to the Skyrocket 18 yard line where the ball

went over on downs. Duncan immediately circled right end for an 82-yard jaunt for another touchdown. After taking the kickoff, the Cyclone began to roll again, only to lose the ball on the Wellington 37 by a pass interception.

The fourth quarter was marked by stubborn defensive play by both teams. Passes were tried by the Cyclone, but rushing Rocket linemen kept them from connecting. Late in the quarter Memphis had another pass interception which lost them another another chance.

Allen, Gardenhire, Burnett and Clark were in the limelight on defense for the Cyclone, with Stevens holding the attention of fans by his performance on offense.

Statistics for the game show the following:
 First Downs—Memphis 7, Wellington 17. Yards rushing Cyclone 62, Skyrockets 304. Yards passing Memphis 67, Wellington 76. Passes Cyclone completed 10 out of 23 attempts, Rockets completed 4 out of 8 attempts. Penalties, Memphis 3 for 35 yards, Wellington 6 for 70 yards.

Meet The Seniors

By DEBS COFER

The seniors of the week are Vance Adams and Anne Shankle. Vance is the seventeen year old son of Mr. and Mrs. Theodore Adams. They make their home at 701 North 13th Street. He has hazel eyes that seem to match his black hair. His biggest thrill came to him during his Junior year when he was chosen F.H.A. Ideal. Some of the honors that have come to him in High School are Freshman queen escort, Vice President of his Freshman class, and secretary of his Senior Class. In his junior year he was Hall-of-Fame queen escort. He attended the State track meet in '51.

Anne is the 47 year old daughter of Mr. and Mrs. B. O. Shankle who live at 822 Brice. She was born on October 30, 1935. Her biggest thrill came to her in her Junior year when she was selected most Popular Girl in High School. Her honors include being Sophomore class queen and secretary of the Choral Club in '52. She is also treasurer of the Senior class. She won first in the beauty contest last year, and has been a twirler in the High School Band for the past two years.

DICK RUSSELL IS THE GEORGIA SENATOR FOR WHOM GOVERNOR SHIVERS AND TEXAS GOVERNOR BURNETT VOTED UNANIMOUSLY ON BALLOTS AT DEMOCRATIC CONVENTION IN CHICAGO

Dick Russell of Georgia, the Texas Delegation Gov. Allan Shivers supported all ballots at the national convention in Chicago, last week that Adlai Stevenson and John J. Sparkman and John J. Sparkman selected by one of the largest delegations given a national endorsement.

Russell, who is chair of the senate armed services committee and the senate subcommittee on agriculture, said: "Stevenson's evident confidence in his efforts to grapple with political issues has demonstrated to the American people the grave danger of a military man... can no longer, however great, can compensate for familiarity with the use of a government."

in a choice of six-passenger sedan, special Newport club coupe and convertible coupe models. New Yorker models are available in six-passenger coupe, special Newport club coupe, Town and Country and 8-passenger sedan; and New Yorker DeLuxe models are available in six-passenger sedan, special Newport club coupe and convertible coupes.

The Custom Imperial is available in six-passenger sedan and four-door Town limousine models. The Crown Imperial is available in either the 8-passenger sedan or the limousine model.

New for 1953 are 60-spoke chrome-plate wire wheels which will be available as optional equipment throughout the line at extra cost.

One-Piece Windshields
The front end styling for the 1953 Chrysler models is designed to retain the established identification. The grilles have been redesigned and refined and the new front end treatment includes new hood top ornaments and new parking light styling. On the sides of the cars long, low lines are achieved by carrying the front fender top line back through the doors and blending it with the rear fender top lines.

Driver and passenger visibility has been considerably improved and a feeling of lightness in the top design in the new Chrysler is achieved by the more extensive use of glass.

The gasoline filler pipe has been relocated below the lower left-hand corner of the rear deck opening, permitting a cleaner rear fender appearance and easier and faster fueling of the car.

The interior of the new Chryslers are completely new with beautiful styling to match the new exterior design. The ledge between the top of the dash and the windshield is now covered with a non-reflecting vinyl material which cuts down glare and reflection. All instruments are grouped above the speedometer and directly in front of the wheel to provide visibility and permit safer driving.

The upholstery treatment in all Chrysler models for 1953 is rich and luxurious. Four upholstery options are provided for Custom Imperial models, in dark green, dark blue, tan and gray. Matching wheel, garnish molding, and carpet colors are provided. Other models are available in a similar variety of colors.

All 1953 Chrysler models, except the Windsor and Windsor DeLuxe, are provided by the 180-horsepower V-8 high-compression FirePower engine, a lighter, more compact, more economical and more efficient unit than any previous engine of comparable piston displacement. It is exceptionally smooth and quiet and develops its full, rated horsepower on ordinary grades of gasoline due to its hemispherical combustion chamber. It has a bore of 3 13/16 inches, stroke of 3 1/4 inches and a piston displacement of 33.1 cubic

inches with a compression ratio of 7.5 to 1.

The Windsor and the Windsor DeLuxe models are powered by an improved version of the Chrysler six-cylinder "Spitfire" engine, higher powered and designed for improved performance and longer life. It has a bore of 3 7/16 inches with a stroke of 4 3/8 inches and a displacement of 254.5 cubic inches and produces 119 horse-

power at 3600 r.p.m. with a compression ratio of 7 to 1.

Top acceleration and driving performance are provided by two Fluid-Torque Drive torque converters of different types, one for the eights and the other for the sixes, used in conjunction with the M-6 controlled-type automatic transmission and the V18 or six-cylinder engines.

Full-time power steering, which proved to be one of the most popular engineering advances ever offered by Chrysler, will be available throughout the 1953 line. It will be optional at extra cost, except in the Crown Imperial where it remains standard.

A new cowl-vent heater of outstanding performance and simplicity is offered on all new Chrysler models except 8-passenger models and the Crown Imperial. This heater draws air from the cowl ventilator, thereby reducing to negligible amounts the traffic fumes and road dust that may enter the heating system.

Contributing to a more comfortable ride are the softer, 2 1/2 inch wide rear springs which are new to all but the Crown Imperial models. Because a smaller number of leaves is used, the new spring absorbs a larger portion of the small road shocks within the spring. The wider leaves, with correspondingly longer spring pivots, offer greater resistance to twist thus increasing car stability on turns.

TFWC Convention Meets In Austin Noveber 10-13

The Texas Federation of Women's Clubs will hold its 55th annual convention November 10-13 in Austin. This information was announced here today by state secretary, Mrs. D. L. C. Kinard.

"What Are You For" will be the theme set by Mrs. Van Hook Stubbs, federation president. This year's state convention of Texas' 50,000 clubwomen will be a home coming, held at their federation headquarters with 600 delegates expected to attend. Monday's opening activities features a Fine Arts Festival the first night at 8 o'clock, followed by an open house. The Fine Arts department will hold the program, which includes exhibits of antiqu-

es, prize paintings from district competitions, a special show of oils by a great artist, Don Brown of Centenary College at Shreveport, light opera numbers by Mr. and Mrs. Scott Griffiths of Fort Worth, and A.&M.'s Singing Cadets. Robert Montgomery, well-known Hollywood actor and speaker, has tentatively accepted an invitation to present "A Free Man's Manifesto" on the evening program. Pre-convention events begin Monday morning at 9 with an executive committee meeting and include trustees meeting at 10 and districts presidents meeting at 11 o'clock.

The state board of directors meet at 2 o'clock. Two past state presidents, Mrs. Richard J. Turrentine and Mrs. J. W. Fincher, will be among clubwomen honored in the "In Memoriam" service set for 3:30 Monday. That night's formal dinner for the state board of directors will be in the Georgian tea room headquarters.

Tuesday morning schedules the first business session of the four-day convention, with keynote address, state officers, convention committees, General Federation board members, and past presidents due to be heard.

Officers for 1952-1953 include Mrs. Stubbs, president; Mrs. L. E. Dudley, Abilene, first vice-president; Mrs. Ben W. Boyd, Denton; Mrs. A. J. House, Yoakum; and Mrs. W. E. Cantrell, Lometa, regional vice-presidents; Mrs. D. L. C. Kinard, Memphis, secretary; Mrs. Howard Gardner, Beaumont, treasurer; Mrs. C. D. Kelley,

A STATEMENT BY

Sen. Richard B. Russell

OF GEORGIA

THIS IS THE MAN GOVERNOR SHIVERS AND THE TEXAS DELEGATION VOTED FOR IN CHICAGO THROUGHOUT THE DEMOCRATIC CONVENTION

As the campaign for the Presidency approaches a decision, it becomes more and more evident that I was correct in the prediction I made in August that Governor Stevenson and Senator Sparkman will be elected by one of the largest majorities given a National Ticket in recent years.

General Eisenhower's evident confusion in his efforts to grapple with vital political issues has clearly demonstrated to the American people the grave danger of placing our government in the hands of a military man who is totally unfamiliar with the American civilian thinking and the laws and policies which control our domestic way of life. No military career, however great, can be a substitute for familiarity with the operation of a government which traditionally and by law is dependent upon civilian control. Civilian control is all the more imperative in circumstances which make it necessary for us to maintain large military forces and devote two-thirds of the national budget to preparations for military defense.

As one who has admired General Eisenhower as a military leader, I have been bewildered by the endless contradictions of his political pronouncements. It would require a book to catalog them. Of course, it is difficult for him to bring forth the blueprint for his early classic, "our whole program must bring an idealistic approach for every problem in the world."

Shortly after his nomination, he declared: "The Soviet threat is no more to be feared than a pollwog swimming down a muddy creek." Since that statement, he has devoted much time to stressing the fact that he is the best qualified man to deal with the ominous threat of world communism he had likened to a pollywog.

Shortly after stating that he did not understand the term "Farm Parity," he assured the American farmer 100 per cent parity for all the products of his toil. As one who has devoted a large part of his legislative service to overcoming Republican opposition to farm legislation, I have vainly awaited an endorsement of this last farm statement from General Eisenhower's Republican Congressional supporters. I have failed to see where one of them has disclaimed their record of opposition to the soil conservation program and to the laws which enable the farmers to have some idea when they plant their crops what they will receive from their harvest.

On those days when General Eisenhower decides to support collective security in the field of foreign relations, he is deserted by the Republican leaders in the Congress who will direct legislation in that body and whose record stamp them as isolationists.

The American voters are thinking for themselves in 1952. Neither the bedlam of this campaign nor the military glamour of the Republican candidate will confuse them. They will go to the polls in the greatest number in our history on November 4 to maintain in power the party of the people. They will protect the social, political, and economic gains of the past 20 years. They will not be beguiled by the promises of an easy road to National Security nor risk the future of this country to hawkers of painless means to stop the march of communism. They will not gamble with the future of their children.

It is well known that I do not subscribe to every plank in the Democratic Platform nor agree with all of the views of our party's Presidential candidate. I am convinced, however, that Governor Stevenson has the potentialities which can make him one of the greatest Presidents who has ever served our country. With the support and prayers of the American people and the aid of the Almighty he devoutly worships, he will see this nation safely through the dangers of today's world.
