McKOWN GIVES REASONS FOR HAY DELIVERY DELAY

Complications are arising week-ly regarding delivery of emergency hay to Hall County livestock raisers, Lynn L. McKown, PMA official stated late Wednesday. "Delivery of this feed under the PMA Emergency Hay Program has been far below our expectations," he stated. "This delay is due to the following reasons: (a) There is continued increase in the size of the disaster area, which now includes most of seven states; and (b) farmers in the surplus-hay area have been busy harvesting a big corn crop and railroads have been unable to transport the hay as soon as was expected." Farmers of Texas alone have placed with the PMA, through Nov. 4, orders for over 200,000 tons of hay, 53,900 tons of which have been delivered. With 214 applications filed, Hall County farmers have placed orders for 1556 tons of emergency hay, according to records in the PMA office here. By Wednesday Nov. 12, 207 tons have been delivered. There are also 55 tons of hay en route from the surplus area at the present time. "All hay is delivered by the County Committee in the same order that the original order for hay was received in the county office," the PMA officer explained. "Each application has a number which becomes the delivery number. It is unfortunate that all the hay can not be delivered when needed, but that is something over which the local committee has no control." Due to the above conditions no re-orders for hay can be accepted from persons who have an unfilled order on file. The county is now on a quota basis with all orders limited to a given number of tons per week.

JAYCEE PERFORMERS—Above are six members of the Memphis Junior Chamber of Commerce who will be featured next Monday evening as the "Herty Gerty Girls" at the Jaycee Jamboree. Pictured from the left to right are J. E. Nix, Floyd Sime, Billie Ballew, Louis Wells, Bennie Dennis and Doug Lawrence.

Plan Sheets Show Need For More Money In '53

XMAS LIGHTS TO GO ON IN CITY DECEMBER 1st

The Christmas lights will be turned on in Memphis Dec. 1 in preparation for the annual visit of Santa Claus. The annual Christmas party for Hall County children will be held on the courthouse lawn near mid-December as soon as word is received from Santa Claus of the exact date for his pre-Christmas visit here. In a breakfast meeting of directors of the Memphis Chamber of Commerce at Willeford's this morning, they voted to conduct a Christmas program similar to last year in which other civic organizations helped stage the most successful Santa Claus party in Memphis history. Approximately 1400 children received Christmas packages and had the official seal of Santa Claus stamped on the back of their hands. The street streamers which were purchased by Memphis business men two years ago should be hung around the square and across the street in time to be turned on Dec. 1, according to J. W. Coppedge, Chamber of Commerce president. They will help add a Christmas atmosphere to the town. "In the past two years Memphis has received many compliments on the Christmas lighting system," he said. All churches and individuals that have in the past put up lighted Christmas scenes on their lawns are urged to again carry out this practice which has attracted wide attention. Memphis has also gained much favorable publicity in the (Continued on page 8)

A survey this week revealed that 97 per cent of the farmers living in Hall County had taken part in the 1953 Agricultural Conservation sign up. This is shown by records in the office of Lynn L. McKown, PMA official, whose staff has been compiling data since the deadline, Oct. 31. "This is the most complete survey ever made by the farmers themselves," McKown stated. "When the farmers signed the farm plan sheet with their local PMA community committeemen, they were recording their soil conservation needs for the coming year." The tabulation of all the requests for the 1953 PMA assistance has not been completed, McKown explained. But, on the basis of the incomplete figures farmers of this community have requested over 300 per cent more more assistance than the county allocation for 1953. To clarify the above statement, McKown stated that Hall County has been allocated \$87,000 for the 1953 Soil Conservation Program. To fill all the needs of local farmers for soil conservation, it would take approximately \$275,000 for the coming year. The 1953 program is being developed by the local farmer-elected community committeemen. In line with this policy, all adjustments in farmers' requests for assistance will be made by the local committee, assisted by the county committee. As soon as all requests for assistance can be adjusted within the county allocations, each farmer will be notified of the amount available for his individual farm. "The local community committeemen are to be commended for a very good job in contacting all the farmers in Hall County, and obtaining their soil conservation needs for 1953," McKown added.

Zone Meet For Tuesday

The delegates... number over 100 when... begins Thursday... at 8:30. The school will begin at 9:00 a.m. The school will be honor... Mildred Garlitz, Worthy... of Texas, from Dal-... Mollie Goodpasture, Examiner, from El Paso;... Lura Houghtoning, Deputy Grand Matron, from... Mrs. Iryb Martin, Deputy Grand Matron from... and Charlie Bairfield, of the Board of Grand

Trustees, from Clarendon. At luncheon, the honor guests will be entertained with a lunch-... in the John Fowler home. This courtesy is extended by the officers of the Memphis Chapter No. 351. Mrs. Fowler will be assisted with her hostess duties by the Past Worthy Matrons of the Memphis OES. School will resume after lunch and will close at 4:00 p.m. Concluding the 1952 OES School of Instruction will be a 6:00 o'clock Banquet honoring all who attended the day of school. This affair will be given in the Masonic Hall. Guests will come in formal attire, but an informal program is planned, according to Worthy Matron Imogene King. The evening session will begin at 7:45.

Cyclone Meets Paducah Fri. Night In Serson's Last Game

Friday night's football game between Memphis and Paducah will ring down the season's curtain for the Cyclone. The contest will be staged at Cyclone Stadium and will be a conference battle. The Cyclone, smarting from three straight defeats in conference play, will be out to get into the winning column. They will enter the game definite favorites. The Dragons have lost eight straight games so far this season. Two weeks ago they were beaten by Shamrock 55 to 13. Last Friday they played Littlefield, going down to defeat by a score of 55 to 25. Paducah, although in cellar position, has shown flashes of a good aerial game several times this season. In the game against Shamrock, they made a total of 137 yards passing. Quarterback Hal Sandefur is the man tossing, and both Ends Jerald Northcutt and Billy Wade Burns have the ability to gather the thrown ball in. In the game against the Irish they earned 16 first downs to 15 for their opponents. Injuries have handicapped the Paducah eleven all season, and it is not known whether they will be in full strength for Friday night's tilt. Coach George Childress' Cyclones have been undergoing rugged sessions this week in an effort to eliminate faults. Scrimmages have shown the team working smoother on offensive than heretofore. Injuries are of a minor nature with the exception of one or two players, and the team as a whole should be in a frame of mind to wrap up the game with a top-heavy score. Both teams will be equal from (Continued on Page 8)

SIXTY JAYCEES TAKE PART IN JAMBOREE MON.

An all-male cast, consisting of 60 members, will present the first annual Jaycee Jamboree to a full house Monday evening, Nov. 17, at the high school auditorium in Memphis. Plans were completed this week, and members got down to nightly rehearsals among much hilarity. According to Billy Ballew, who is directing the home talent production, most tickets in the reserve section have been sold, and everything is pointing to a full evening of entertainment. Louis Saled will act as master (Continued on Page 8)

VFW Auxiliary To Hold Hobby Show

The V. F. W. Auxiliary to Durrett-Brown Post, No. 7109, is holding a Hobby Show at the high school building Sunday between the hours of 2 and 6 p. m. Registration will begin Saturday and continue through Sunday morning, closing at 11 a. m., Mrs. (Continued on Page 8)

Last Rites Held For Parnell Woman

Funeral services were conducted for Mrs. John Madewell, Parnell, Tuesday, Nov. 11 at 2:00 p.m. from the Hulver Methodist Church with Rev. A. V. Hendricks officiating. Pall bearers were E. R. Orcutt, Ted Hudlow, F. E. Trapp, Bob Mothershead, Bill Eddins and Clint on Richburg. Interment was in Hulver Cemetery with arrangements under the direction of Murphy-Spicer Funeral Home.

Mrs. Madewell died in a local hospital Nov. 10 at 35 years, 7 months and 10 days of age. She had been a resident of Hall County 5 years and prior to her death made her home in Parnell. Born March 31, 1917 to Mr. and Mrs. Oscar Monheim in DeQueen, Ark., Mrs. Madewell was united in marriage to John Madewell May 22, 1936 in Arkansas. They moved to Hall County in 1947 where they settled in the Parnell community. Mrs. Madewell was a member of the Methodist Church. Survivors include her husband John Madewell; two sons, James and Cecil Madewell; two daughters, Margie and Francis Madewell, all of Parnell; her mother, Mrs. Rhodie Nolan of Horatio, Ark., two sisters, Mrs. Mamie Chandler of Amarillo and Mrs. Irene Booth of Paris.

Plans Complete For USO Drive In County

"The 200 young men and women in the armed forces from Hall County are the 200 best reasons we should all support the campaign of the USO in our community this year," Mrs. Billy Thompson, County Chairman, said Monday night at a meeting of committee members who will launch the 1952 Hall County USO Drive in the latter part of November. "We can no longer think of our own boys and girls in the uniform of their country without thinking of the wonderful job which USO is doing in their behalf," Mrs. Thompson said. "The (Continued on page 8)

USO, in effect, has become an unofficial branch of the armed forces." "We must strengthen all our defense efforts, and USO is no exception, for the draft calls will continue to drain off our young people and to place them on duty on cold war fronts around the globe," the County Chairman stated. She emphasized that every dollar contributed in this campaign goes directly to the provision of the well-known "home-away-from-home" services of USO to our men and women in service both in this country and abroad. She also stressed that contributions would come from individual voluntary donations. The quote for Hall County, according to District Chairman, Ben Parks, is \$968.00, with the total Texas goal being \$740,896. USO has established 104 new posts during the past 12 months in the areas of greatest need at home and abroad, bringing the total number of clubs and lounges to 271. Seventeen of these are located in Texas. Separate quotes for Hall County communities include \$200 from Turkey and \$100 each from Estel, line and Lakeview. Lakeview chairman is Mrs. Ted Montgomery and Mrs. J. A. Ballard will be in charge of Estel. The balance (Continued on Page 8)

Krick Denounces Word "Rainmaking" For Process

Noted Weather Forecaster Discusses Rain Before Group Here Wed.

ANN SPOON meeting in the high school... last night, Dr. Irving... noted meteorologist and... weather forecaster of... Colo., spoke to approxi-... farmers and other in-... persons on the subject of... Modification or rain in-... men representing the... Resources Development... of which Dr. Krick... present at the meet-... Crawford acted as... ceremonies, first intro-... Cox, the other repre-... and then recognized a... KGNK in Amarillo, John Smith. The latter... recording of the... as it progressed. Dr....

Debunks "Rainmaking" In the opening few words of his talk, Dr. Krick denounced the common word "rainmaking" with the thought that "only God can make rain," and that the aim of his organization was merely to improve on nature. "The farmer puts certain chemicals into his soil in order to increase the yield. My workers and I put chemicals in the atmosphere into certain cloud formations to yield more moisture from a passing storm," Dr. Krick stated in comparing his work with that of a farmer. He went on to say that only about 1 per cent of water content in clouds ever gets to the earth and that nature's process is some- times inefficient. He explained that his group intended to make

the process more efficient in order to increase the yield. "There is nothing mysterious about these processes. They are merely another technological advance of this scientific age," Dr. Krick said. "The study of the atmosphere is rare and not generally known. All of the energy for any earth activity comes from the sun and is intercepted by the atmosphere." Dr. Krick told of how a storm is created. Cold air clashes with hot air and forces the cold air to rise above the warmer where it forms cloud sheets above the cooler air. This produces a suitable condition in which moisture may be increased by cloud seeding. After the presence of these (Continued on Page 8)

Now that politics (is) out of the way the subject of weather can be revived. It has been so long since rain has been a news item in this paper, it seems the time is ripe to report a rain in this vicinity. This morning clouds are forming ready to do their part. And we are all ready to receive the moisture. Dr. Krick says we are in a dry cycle like in the 30s and the outlook for good rains is very slim. In other words, the Krick is dry. Let's hope something will happen soon to put the Krick to running again. This is the latest Fall season in many years. Other than in lowlands, there has not been a frost or freeze sufficient to kill much vegetation. Trees and shrubbery are still clothed in green leaves, except where nature always takes a hand and paints them in Autumn colors. It has been an ideal sea- (Continued on Page 8)

A. Gidden, Prominent Community Leader, Dies Of Heart Attack Friday

Funeral services for a longtime Hall County resident, Arthur Gidden, prominent farmer and business man, were conducted Sunday, Nov. 9 at 3:00 p.m. from the First Methodist Church with Rev. Lloyd Hamilton officiating. Pallbearers were Harold Hodges, Vernon Sasser, L. C. Richburg, O. M. Gunstream, Mac Tarver and J. M. Ferrel, Jr. Serving as honorary pallbearers were Roy Jewell, Doyle Hall, Horace Tarver, Tom Dennis, Dr. J. A. Odum, C. D. Morris, F. N. Foxhall, John Vallance, Jack Wolf, Gene Koening, Ed Duncan, J. G. Gardner, Sr., E. E. Foster, Raymond Poster and W. T. Hightower. Interment was in Fairview Cemetery with Murphy-Spicer Funeral Home in charge of arrangements.

Mrs. Gidden died Nov. 7 in a local hospital as a result of a heart attack suffered earlier in the same day. He was 66 years, 2 months and 13 days of age at the time of his death. Born August 24, 1886 in Azle, Texas to Mr. Dan Gidden and Mrs. Mary Ann Ross Gidden, Mr. Gidden lived in Hall County 45 years. Prior to his death, he made his home in the Plaska community where he was engaged in farming. Mr. Gidden moved to Hall County in 1907 and was united in marriage to Miss Elsie Orr in (Continued on Page 8)

One-Fifth Inch Of Rain Recorded Here

One-fifth of an inch of rain fell in Memphis Sunday, breaking the long drought which was pointing toward another "dust bowl," according to John McMickin, local weather recorder. With freezing temperatures being noted for several days, the lowest was recorded by McMickin early Wednesday, Nov. 12, when the thermometer dropped to 27. To carry out the extremes, this same thermometer soared to a high during the afternoon yesterday, when it reached 80 degrees. (Continued on Page 8)

Estelline Frosh Are Initiated Into High School

A riotous day was in store at Estelline Tuesday, Nov. 11, when a committee of upper classmen conducted initiation of the freshman class. The "sline" appeared garbed as the opposite sex. The girls carried buckets of water and the boys carried fly swatters all day. They wore necklaces of bananas and onions.

Following a fashion parade and picture-taking session, the freshmen were honored by being placed last in line into the cafeteria.

Members of the freshman class include Jimmie Don Adams, Ken-

Estelline F. F. A. Entertains F. H. A.

Members of the Estelline F. F. A. entertained members of the F. H. A. with a weiner roast in Childress Friday, Nov. 7, where the group cooked their supper in the City Park.

Later they attended a picture show.

Attending were Mrs. Arva Knight and James Carroll, sponsor; Pete Williams, Eddie Mabry, Wwain Crisman, Doyle Walker, Barbara Smith, Duane Kennedy, Lowell Richburg, Shirley Ward, Johnny Hudlow, Charollette McWhorter, Evelyn Potts, Eddie Braidfoot, Jimmie Adams, Karen Eddins, Wanda Spruill, Monty Richerson, Joe Kent Eddins, Cara Sue Latham, Patsy Mabry, Evelyn Hudlow, Velma Daves, Marue Beverley, Bobby Spruill, Willie Mae Ward and Billie Sue Stephens.

Estelline F. F. A. Initiates Greenhands

At a recent called meeting, the Estelline chapter of the Future Farmers of America initiated the "Greenhands." All freshmen boys were put through stunts of various kinds, such as fake airplane ride, walking barefooted through crickets and molasses, taking an eye-stimpoop, etc.

At the conclusion of the meeting, the freshmen boys received twelve membership certificates and pins: Jimmie Don Adams, Bobby Spruill, Kenneth Crump, Max Colvin, Eddie Mabry, Duane Kennedy and Willie McClendon.

Attending the meeting were 19 members, and the F. F. A. advisor, James Carrol. Two Guests, Clyde

Damron and Dock Crump, were also present. Refreshments of ice cream bars, soft drinks and cookies were served.

PTA Groups Make \$618.82 At Annual Hallowe'en Carnival

A net profit of \$618.82 was made at the annual Hallowe'en Carnival sponsored jointly by the William Travis and Stephen F. Austin Elementary Parent-Teacher Associations, officers of the organization announced today.

"We feel that the carnival was a real success not only from the monetary standpoint but in that it provided an evening of entertainment for the youth of the city," members of the carnival committee said.

"We want to express our sincere appreciation to everyone who worked so hard to make it a success and also to thank the business men of Memphis for their generous support," the officers said.

Handy Jim's FIX-UP TIPS For Farm and Home

It's a One-Minute Job!

BUDGET-CONSCIOUS newlyweds who have books but neither a coffee table nor a full purse can solve their problem quickly and with minor expense. They can put a table together without nails or other fasteners in just about one minute flat!

Here's what they, or anyone, can do: Go to a lumber yard for some hollow clay tiles, which are 4 inches wide and a foot square. These will serve as sup-

ports for the table and should be spaced 3 feet apart for a top that is 3 1/2" thick. At the lumber yard, they should obtain a brand new material known as Plyron, since it is ideally suited for table tops or shelving. The dealer can cut it into the required length and the 12-inch width needed to fit over the tiles.

This new combination of familiar materials, Plyron, has a core of plywood and faces of smooth, splinter-free Masonite hardboard. The unique new panel's plywood core makes it puncture-proof, strong and rigid. Its surfaces have the characteristics of Masonite tempered hardboard—hardness, smoothness, wear-resistance, paintability and moisture-resistance.

A two-tier coffee table can double as a book shelf, as shown in the illustration. Both the tiles and the boards may be left unfinished or may be painted, depending on the budget and the couple's wishes.

Plyron has numerous other uses around the home such as book or closet shelves and cabinet doors.

Jesus was about 33 years of age at the time of His death.

The book of Revelation in the Bible is called the Apocalypse.

George Washington's family coat of arms suggested the design for the U. S. flag.

Early New England houses were built of thick sawn planks, not logs.

Club Leaders Thank People For Interest In Recent Election

Twenty-eight members of the City Federation attended the "Get out-the-Vote" party held on election morning at the Legion Hall, Mrs. Edwin A. Smith, has announced.

"We want to thank not only the club women but others who assisted us in this campaign," Mrs. Smith said. "Although we have not as yet made a complete check on the results of the program sponsored by the City Federation, we do feel that the campaign stimu-

lated interest in the recent election. "It is our desire that more and more people will take an interest in voting, not only on the national and state level, but in County, City and School elections as well," she added.

On election day in addition to contacting 10 voters and urging that vote, members of the federation furnished transportation to the polls and offered baby sitting service.

At the party held that morning, Mrs. Smith gave instruction concerning voting after which Mrs. T. M. Harrison led the group in the Pledge of Allegiance to the flag and Mrs. Lloyd Hamilton directed the song "America", accompanied by Mrs. Carl Smith at the piano.

Wesley Class Has Thanksgiving Meet

Daughters of Wesley Sunday School Class of the First Methodist Church met Thursday, Nov. 6 in the Brice Webster home. Co-hostesses were Mrs. Mitchell and Mrs. McCollum.

This class meeting was designated as the Thanksgiving session. Each member responded to roll call with a thought about Thanksgiving.

Mrs. Bob Roberts opened the meeting with an appropriate devotional concerning the Thanksgiving season. Mrs. Chas. Webster presented the history of a saint of the age, Schweitzer. Mrs. Fred Erwin gave the history of another saint, Sir William Grenfell.

Members present were Mrs. Tommie Potts, Louis Goffinet, D. A. Neely, J. L. Barnes, C. R. Webster, Chas. Williams Hampton, G. M. Duren, J. reath, Bess Crump, Bob Albert Gerlach, Robert C. Fred Erwin, Vera G. Frank Wright, the hostesses, one guest, Mrs. Ben Par-

Time To Rats Around Buildings

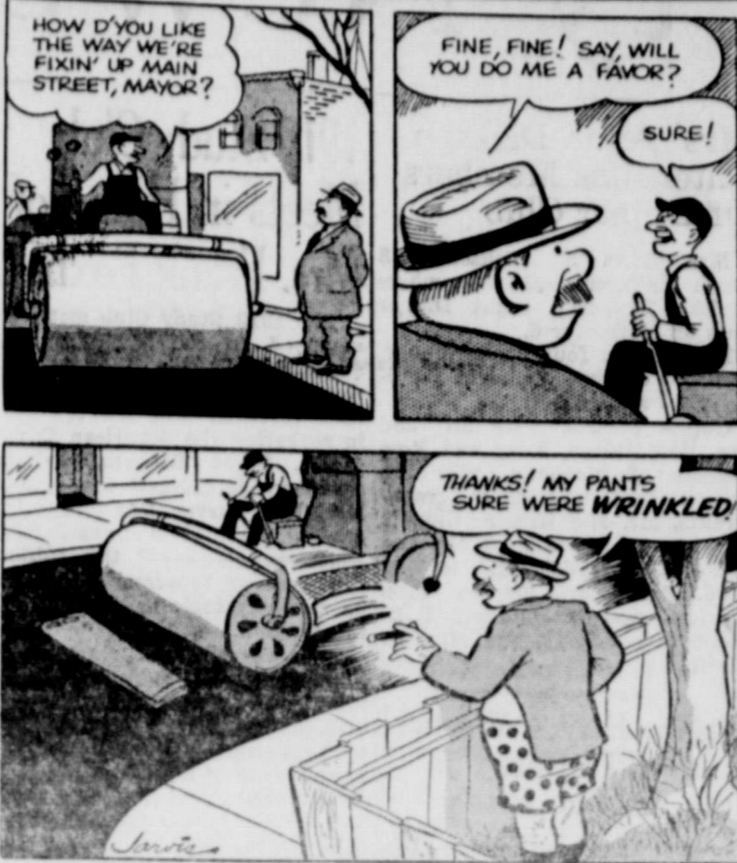

STATION — Rats are expensive rodents to control on the farm. It is estimated each will actually eat \$20 worth of food that is fasted and destroyed. In addition, U. S. Fish and Game Service, rats are known carriers of some 27 different diseases including typhus fever and plague.

With the coming of cold weather, says these undesirable tenants are moving into their winter quarters especially into grain bins, feed stacks and buildings where the winter's feed supplies are stored. The first step in a successful rat control program is a farm clean-up.

Pile posts and lumber on supports at least two feet above the ground and strap lumber, not worth saving, and junk should be destroyed or removed from the farm. Stack bottoms, other feed waste and manure piles should be scattered in the field so they will not provide places for rats. Tall weeds also make fine rat hideouts if left standing.

Clean up, poison and then rat-proof farm buildings is Poore's

MAYOR McGUP By John Jarvis

advice. Farm buildings in a good state of repair aren't likely to be infested with rats. Check to see that walls are tight, and foundations and floors are in good shape.

A strip of galvanized metal, three feet high, placed around the building will keep rats out, says Poore, provided they can't get in through the floor. If a new granary is being built, set it in piers at least two feet above the ground, and then construct it so rats can't get in.

Poore recommends following the farm clean up with a poisoning program. Last year, in a campaign which he supervised, 11,898 rats were killed at a cost of about four cents per rat. Warfarin bait was used and the amount needed to kill a rat averaged a little less than one quarter of a pound.

Warfarin, says Poore, has worked very well. It is relatively safe to use because a single dose is not fatal and it acts as an anti-blood coagulant, causing internal bleeding which weakens the rats until they die. Bait usually must be taken for some five days before death results.

In some cases, other types of poison must be used to completely

FORSAKES HOMELAND . . . Ivan Kerno, Czech assistant secretary general of the United Nations, says he'll not return to his Communist-dominated homeland. He has been in diplomatic service since 1918.

rid a farm of rats, says Poore. Other effective poisons are available but many must be used with extreme caution, he adds, because they are deadly poison.

Lakeview PTA To Meet Nov. 17

The Lakeview Parent-Teacher Association will hold its regular meeting at 7:30 Monday evening, November 17, in the school auditorium.

All members and others who are interested in parent-teacher work are urged to attend this meeting. Mothers are requested to come and bring sandwiches. A good library book will be

awarded to the room with the largest percentage of parents present, the president said.

Hattie Caraway of Arkansas was the first woman elected to the U. S. Senate.

1952 FOOTBALL SWEETHEART—Donna Webb, twirler with the Memphis High School band and member of the Senior Class, was crowned football sweetheart Friday night at the Homecoming game at Cyclone Stadium. Daughter of Mrs. Mack Graham, Donna is a member of the Square Dance Club, Cue and Curtain Club, Journalism Club, and band. She was candidate for high school queen during her pre-freshman year and also vice president of the class. She plans to attend Hardin-Simmons University next year where she will major in nursing.

Members of J. O. Y. Circle Enjoy Progressive Breakfast Armistice Day

The J. O. Y. Circle of the First Christian Church enjoyed a unique meeting Nov. 11 in the form of a progressive breakfast.

The group met at 9:00 a.m. in the home of Mrs. E. W. Godfrey Jr. at 703 S. 6th St. where they were served the first course of the breakfast, which consisted of fruit juice. The members then traveled to Mrs. Dick Spoon's home at 1523 Waldon, where the main course of bacon, eggs, hot biscuits, jelly, butter and coffee was served. The last stop was at 1118 Dover at the home of Mrs. Gerald Hickey. Coffee was served and the business meeting was held.

Pauline Wallace, president, called the meeting to order and conducted a short business session, during which Lena Spoon was elected secretary and reporter. Bernice McCoy was leader of the lesson. Her main topics were from the 10th chapter of John. Following the lesson, each member received a gift from her "secret pal", another member of

Estelline Club To Sponsor Book Review Dec. 2

The members of the 1932 Culture Club of Estelline assembled in regular session Nov. 4 in the home of Mrs. C. O. Gregory.

It was decided by the members that the Homemaking Cottage would be the place for the book review given by Mrs. Albert Bailey on December 2. Plans included an invitation to the public to attend the affair. A nominal charge will be made.

An interesting current event panel with Mrs. Dave Waldron as moderator was presented. Participants were Mrs. Joe Eddins giving "What's Happening in Our National Capitol," Mrs. Frank Cooper discussing "What's Happening in South America," and "What's Happening in the Far East," explained by Mrs. R. V. Wood.

Refreshments were served to Meses Albert Bailey, Frank Cooper, Bob Davison, D. T. Eddins, Joe Eddins, C. O. Gregory, Ben Jackson, Don Leary, Joe Motherhead, Lester Phillips, Jerald Rapp, Dave Waldron, Walter Whaley, R. V. Wood and guests. Meses Jim Whaley, Ed Kennedy and Paul Buchanan.

Patsy Hays To Represent Baylor At Poetry Festival

Miss Patsy Sue Hays, daughter of Mr. and Mrs. Henry Hays, was recently chosen as one of four students to represent Baylor University at a regional poetry festival.

The festival will be held at Baylor Friday. Colleges and Universities throughout the state will send representatives to compete at the festival. Miss Hays, who is a sophomore at the University, will do interpretive readings.

Society News

Delphian Club Hears Impressive Religious Program

Mrs. M. D. Gunstream was hostess to The Delphian Club at a regular meeting Tuesday afternoon, Nov. 4.

In a short business session conducted by Mrs. Gordon Gilliam, president, members voted unanimously to assist in any way possible to further the Youth movement in Memphis. Mrs. Earl Hill was elected the club's delegate to attend the annual convention of the Texas Federation of Women's Clubs to be held in Austin November 10-13.

The program for the afternoon, a most impressive one, was arranged and directed by Mrs. Sidney Baker. Following the theme of study "Safeguarding America" emphasis was placed on Spiritual Armor, using as a Psalm 81:1.

Mrs. Baker pointed out that the purpose in presenting this program reviewing the history of Israel through her songs was to bring to mind that the best Safe Guard for any nation is Faith in God and Obedience to His Laws.

Mrs. J. L. Barnes, program chairman, first introduced Miss Billie Jean Stroche who played a clarinet solo, "Holy City." Mrs. J. S. McMurry read the one hundredth Psalm.

"Song of Israel" was beautifully given in a sacred and reverent manner by Mrs. Baker with the assistance of Canticles who were Meses Anisman, Boone, Hill, and Hutcherson. First of the canticles was David's Song of Praise, Psalm 150. Others included were Song of Hebrews, Deuteronomy 6:4; Moses Song of Deliverance at the Red Sea, Exodus 15; Song of the Tabernacle, Psalms 93; Moses' Last Song, Deuteronomy 32; The Song of Deborah, Judges 5; The Song of Hannah, I Samuel 22; The Song of the Bow, II Samuel 7; David's Song of Supplication, Psalms 51; David's Song of Thanksgiving, Psalms 136; The Song of the Temple, Psalms 136; The Hallel, Psalms 113, 116, 117, 118; The Song of Isaiah, Isaiah 26; Pilgrim Songs, Psalms 122, 126, and The Shepherd's Song, Psalm 23.

Timely messages were noted throughout the narrative but perhaps the most pertinent was the scripture reading: "The Spirit of the Lord spake by me, and his word was in my tongue. The God of Israel said, The Rock of Israel spake to me. He that rutheth over men must be just, ruling in the fear of God."

Refreshments were served to the following members: Meses A. Anisman, Sidney Baker, J. L. Barnes, Jack Boone, Roscoe Brown, W. C. Dickey, Gordon Gilliam, M. D. Gunstream, Earl Hill, C. C. Hodgson, Wayne Hutcherson, Bill Kesterson, Carl Kulp, Weldon McCree, Lynn McKown, J. S. McMurry, C. D. Morris, Roy Shahan, Harold Smith, J. W. Stokes and R. H. Wherry.

Mrs. Anna Dickson Entertains Members Of Dinner Club

Mrs. Anna H. Dickson, 523 South Sixth, entertained members of the Thursday Night Dinner Club on November 6.

Following a four-course dinner, members enjoyed games of forty-two until a late hour.

Guests present were Mr. and Mrs. Hall Nelson, Tony and Ross Thomas of Mobeetie, who are visiting here with their grandparents, Mr. and Mrs. A. Gidden.

Members present were Mr. and Mrs. J. J. McDaniel, Mr. and Mrs. J. M. Ferrel, Jr., Mr. and Mrs. Harold Hodges, Mr. and Mrs. T. D. Weatherby and Mr. and Mrs. A. Gidden.

Estelle Hayes Weds Claude DeBerry in New Mexico Rites

Estelle Hays and Claude DeBerry were united in marriage October 12 at the Methodist parsonage in Clovis, N. M. with Rev. Rapar, pastor, officiating at the single-ring ceremony.

The couple's only attendants were Mr. and Mrs. Albert Crump and daughter Carolyn of Priona.

For a wedding trip Mr. and Mrs. DeBerry went to El Paso where they visited his sister and her husband, Mr. and Mrs. Ollie Lee.

Mr. and Mrs. DeBerry are at home at 221 North Selvey. Mr. DeBerry is engaged in farming near Memphis.

OES Members Attend Amarillo Meeting

Several members of the local Chapter of the Eastern Star attended the 70th Anniversary meeting in Amarillo Oct. 26-31. Mrs. O. M. Gunstream was Chapter Representative from Memphis.

Past Matrons of the Memphis OES who attended were Meses Anna May Foster, Ruth Fowler, Billy Thompson, Chas. Webster, Hall Nelson, and R. H. Wherry.

Kent Byars Is Sweetheart Of Lakeview FHA

Kent Byars has been elected Sweetheart of the Lakeview Chapter of Future Homemakers of America. The election occurred at a meeting November 10.

Kent is vice-president of the Senior class and a 3 year letterman on the Eagle Football squad. He will be crowned FHA Sweetheart at a coronation party, which will be held soon. Fay Dean Byars, FHA president, will crown Kent at the coronation ceremony. Attendees at the affair will be Wanda Kennard, Katrina Nabers, Joe Marler and Gaylon Wiley.

Mrs. D. L. C. Kinard Attends TFWC Meet

Mrs. D. L. C. Kinard is in Austin this week attending the 55th annual convention of the Texas Federation of Women's Clubs.

1913 Study Club Meets in Home of Mrs. Frank Foxhall

The 1913 Study Club met November 5 in the home of Mrs. Frank Foxhall. The president, Mrs. Ace Gailey, conducted the business meeting, and led the club in repeating the American Creed.

Mrs. Byron Baldwin, program chairman, introduced the leader: Mrs. Mac Tarver. Continuing the chosen topic of the year, "Our American Heritage" the subject "Banners of Freedom" proved to be a timely topic in the wake of the election.

Mrs. Tarver said in her introduction: "The emblem of our nation represents Faith, loyalty, love and glory. To study the history of our flag gives one a renewed sense of loyalty and a deeper appreciation of it."

Mrs. Ace Gailey gave historical facts of the flag beginning with the first known at The Grand Union, selected by George Washington and adopted by United Colonies and showing each change through the years to the present. Pictures of the flag were displayed as it evolved.

Mrs. Herchel Combs talk on "This Is Our Flag," related historical instances where Old Glory had with her magic power on inspiration brought courage and patriotism to hearts of men in time of discouragement turning the tide to victory when defeat seemed inevitable.

The program was concluded by the members pledging allegiance to the flag.

Ex-Student Association Has Luncheon Makes Plans for Annual Exes Banquet

The Ex-Student Association members of Memphis were guests of the school at a luncheon Nov. 7 in the High School Cafeteria.

Alvin Massey, president, presided at the business meeting during which was decided to have the Annual Ex-Student Dinner on the Saturday evening before Easter.

In behalf of the exes, President Massey thanked the School Board for the luncheon.

Officers elected for the ensuing year were Billy Thompson, president; T. O. Pounds, vice-president; Pauline Wynn, secretary-treasurer and Jeanette Irons, reporter.

Mrs. D. L. C. Kinard Attends TFWC Meet

Mrs. D. L. C. Kinard is in Austin this week attending the 55th annual convention of the Texas Federation of Women's Clubs.

PLANS HOLIDAY WEDDING—Mr. and Mrs. Combs announce the engagement and approaching nuptials of their daughter, Patsy Nell, to A. J. Welch, son of Anna Mae Welch of Fort Worth and Buster Welch of Rock. The wedding will be solemnized at 4 o'clock afternoon, December 28, in the First Christian Church with Minister B. M. Litton officiating.

Members of the Ex-Student Association who attended the luncheon were Estelle McCool of the class of '21; Betty Paschall of '48; Marjorie Stone of class of '44; Louise Gardner of class of '30; Pauline Wynn, class of '37; Patsy Rich, class of '47; Della of '48; Billy Thompson of '38; Hattie Dem Ward of class of '37; Hershell of '33; T. O. Pounds, class of '33; W. H. Goodnight, Jr., class of '39; Gene Lindsey, class of '39; Gilmore Lindsey, class of '38; Ira Hammond, class of '33; Harrison, class of '27; Harrison; Mary Foreman of '23; Elsie Bass Guthrie of '14; and Jeanette De class of '28.

Prior to going to Austin, Mrs. Kinard, accompanied by her husband and son, Cearley and family, attended the Cotton Bowl game in Dallas last week end.

Mrs. Kinard will join Mrs. Kinard and in Abilene this week end where they will attend the Hardin-Simmons Homecoming football game before returning home.

Members of the Ex-Student Association who attended the luncheon were Estelle McCool of the class of '21; Betty Paschall of '48; Marjorie Stone of class of '44; Louise Gardner of class of '30; Pauline Wynn, class of '37; Patsy Rich, class of '47; Della of '48; Billy Thompson of '38; Hattie Dem Ward of class of '37; Hershell of '33; T. To Sand Narrow Slots . . .
AN EASY way to sand narrow slots cut into wood is reported by Popular Mechanics magazine. The sandpaper simply is fastened around a hacksaw

blade. First remove the blade from the saw. Then fold the sandpaper over the blade so that the teeth face up. Use staples to fasten the sandpaper. The blade then is inserted in the reverse position so the teeth will not cut the paper.

**Cunningham-Henry
Nuptials Read
In Las Cruces**

Dora Cunningham of Lakeview and W. A. Henry of Memphis were united in marriage at 6 o'clock Friday evening, November 7. The ceremony was solemnized by the Rev. Lyman Salisbury in the First Nazarene Church of Las Cruces, New Mexico.

Mrs. Henry wore a gabardine dress of royal blue with a collar of white lace. At the point of the collar was fastened a jeweled horseshoe pin which was her traditional "something old." The "something borrowed" was a white

inset lace handkerchief belonging to Iris Guider. The bride chose many accessories. Her corsage was a white gardenia.

Following the ceremony, a reception attended by members of the families and a few close friends was held in El Paso. The refreshment table was centered with a tiered wedding cake and white tapers. Misses Geneva and Iris Guider assisted in serving.

The couple will make their home in Memphis.

The Dead Sea is the lowest body of water in the world.

Inisfail is a poetic name for Ireland.

**Baptist WMS
Meets For Study**

Members of the Baptist WMS met at the church Wednesday, November 5, for the regular Missionary program.

Mrs. Omer Hill led in the opening prayer. Mrs. O. I. Seale was program leader and the afternoon's topic was "Awakened Nigeria Learn of Love."

Mrs. Byron Baldwin brought the devotional on Divine Love. "Bearing Witness" was discussed by Mrs. Seale and Mrs. Hill spoke on "Awakening from Darkness to Light." "W. M. U. Work in Nigeria" was given by Mrs. Ed Hill.

Mrs. Robert Moss led the closing prayer.

Those attending were Meses. O. I. Seale, Marion Long, S. A. Ellis, Frank Smith, Omer Hill, Earl Fritchett, Claud Harris, R. H. Wherry, Wendell Harrison, Byron Baldwin, Roy Shahan, Frank Ellis, Henry Foster, N. D. Calloway, Ed Hill, Robert Moss, Ida Hutcherson, J. H. Smith, W. W. Fowler and Miss Louella Eades.

Make This Hunting Season Safe By Observing Few Simple Firearm Rules

COLLEGE STATION — Most hunting accidents could be prevented if hunters would observe the simple rules of safety with firearms. "Trigger happy" and careless hunters, says R. E. Callender, wildlife conservation specialist for the Texas Agricultural Extension Service, not only endanger the lives of every other hunter in the woods but also cause much damage to wildlife.

Practicing safety with guns in the fields or woods then, says the specialist, is just a good conservation practice and applies to both humans and wildlife. It is also very important at this time that hunters be doubly careful with fire. A wildfire can easily wipe out not only the wildlife of an area but destroy vegetation that is so badly needed at this time for livestock, says Callender.

He says records kept of hunting accidents shows that two-

thirds of them are caused by humans in the line of fire; mistaking humans for game and hunting with the safety catch off on the rifle.

He points out that good sportsmanship is just using good manners while on the hunt. It includes using the right gun for the right game, hunting only in season and not taking more game than can be used even through the bag limit may permit a larger take.

Bird hunters, he says, should use a trained dog to retrieve crippled birds. The rights of others are always respected and permission is always secured before going onto another's property.

Here are Callender's suggestions for making the hunt a safe one. Treat every gun as if it were loaded; never carry a loaded gun in the automobile; be sure there are no obstructions in the gun barrel or action; carry the gun

HAIL THEIR HERO . . . George Boyle is the center of attention as three elderly women, rescued from a fire at the Episcopal church home in Pittsburgh, hail him as hero. Boyle turned in the alarm and helped some of the 23 women from the gutted building.

so that the hunter always has control of the direction of the muzzle, even if he should stumble; never pull the trigger until sure of the target and never point a gun at anything you do not intend to shoot.

Loaded guns, says Callender, should never be left unattended and hunters should always unload guns before climbing over a fence or into a tree. And he adds, bullets fired at flat, hard surfaces, or at objects on the surface of water may ricochet and hit objects not thought to be in the line of fire. Last but not least, he says gunpowder and alcohol should never be mixed for the results can be disastrous.

And finally, believes Callender, the intelligent hunter is always thinking about how he can aid in conserving and even building up the wildlife resources of his favorite hunting areas. By being careful, preventing accidents and fires and by always being the good sportsman, wildlife resources can be conserved and improved and relations between the landowners and the hunter can be given a big boost in the right direction, says Callender.

The Department of Commerce and Labor was added to the Cabinet in 1903.

Thomas Killgrew built the Drury Lane Theatre in London in 1663.

Sarah Bernhardt made one motion picture, "Queen Elizabeth" in 1912.

SURPRISED . . . Bertha Romano, New York, holds \$30 and letter from man who held her up and took that sum from her recently. He apologized for his deed.

More Hogs Needed On Texas Farms

COLLEGE STATION—An economic appraisal of hog production and pork consumption in Texas has just been published by the Texas Agricultural Experiment Station.

Authors are John A. Kincannon and John G. McNeely, and the study was published at Bulletin 749.

While Texas does not produce enough animals to fill our need

for pork products, yet the state ranks ninth nationally in hog production. Cash income to Texas farmers from sales of hogs amounted to more than 63 million dollars in 1950, the study reports.

Hogs are produced all over Texas but the greatest concentration is found in the principal grain-producing areas. Farm and commercial slaughter of Texas

hogs fall short of supplying the State's growing population. Annually thousands of live hogs and millions of pounds of pork products are shipped into Texas from other states to meet this demand.

Bulletin 749 shows the amounts of imports and the comparative prices paid for hogs in Texas and out-of-state markets. A summary is given on the present situation

and possible adjustments in future are indicated.

A copy of Bulletin 749 may be obtained from the Texas Agricultural Experiment Station, College Station, Texas.

John Alden was the first English woodworker to come to America.

While others dreamed it
...Ford built it!

Yes, all car makers have their dream cars. But they can't build them at prices you'd pay for Ford, however, has proved the exception. Its dream car is now off the blueprints and on the road—a car that compares with the best...and it is priced with the lowest.

Rev. and Mrs. R. L. Self and family visited her parents in Maple Friday night.
Billy George Gilbert of Hereford visited his parents, Mr. and Mrs. Erbin Gilbert over the week end.
Mr. and Mrs. Robert Crow and Sandra of Amarillo visited her parents, Mr. and Mrs. Boots Butler, over the week end.
Mr. and Mrs. Buddy Wade of Amarillo visited his mother, Mrs. D. A. Wade, Sunday.
Mr. and Mrs. Charlie Fowler and sons moved to California Friday.
Joyce Billingsley of Memphis visited her aunt, Mrs. Clyde Rogers, Thursday.
Mrs. Lynn Mullinock and daughter of Amarillo are now making their home with her parents, Mr. and Mrs. A. J. Rogers. Mr. Mullinock is serving overseas with the Armed Forces at the present time.

The model T Ford was superseded by the Model A in 1927.

ARTILLERY . . . The army's mightiest piece of mobile artillery, capable of firing both conventional or atomic shells, is demonstrated for the first time at the Aberdeen, Md. proving grounds.

Estelline Homecoming Highlighted By Downing Eagles 39-0; Crowning Queen

Before a large crowd of enthusiastic fans, many of them exes gathered for homecoming activities, the Estelline Cubs defeated the Lakeview Eagles at Cub Stadium Thursday night November 6 with the final score being 39-0. The kick-off was at 7:30 p.m. No scoring occurred in the first quarter, however, early in the second quarter, the Cubs began the scoring spree that lasted throughout the game. Jerry Jordan, back, made the first Cub TD. Ted Fowler, quarterback, passed to Sherman Cosper, end, who made the extra point. Doyle Walker, back, went over for the second Estelline touchdown. The extra point was not good. Sherman Cosper intercepted a pass and ran 70 yards for another Cub TD to make the score at the half stand 19-0. The attempt for the extra point failed.

Don Rasco Named Co-Captain of Badger Cagers

Don Ray Rasco, son of Mr. and Mrs. E. H. Rasco, was recently named, along with Bo Oliver of Amarillo, co-captain of the Amarillo College basketball squad. Both the boys are returning lettermen on the Badger team.
Rasco, who is well known among Memphis cage fans, was a member of the Cyclone team that won the class A state championship in 1949. The same year, his older brother, Sammy, was named to the All-State team.
Rasco, who stands 5-feet, 11-inches tall, played high school ball under former Cyclone coach, L. E. McCulloch, recently named basketball coach at Odessa College for their first team in three seasons. He graduated with the class of '51 and has attended Amarillo College for two years.
Bo Oliver, the other co-captain, stands 5-feet, 10-inches tall and has lettered one year at Amarillo High School.
Both Rasco and Oliver are battling for positions on the Badger starting lineup. Rasco is a forward and Oliver plays guard. The boys were elected as team leaders by the members of the Badger squad.

Meet The Seniors

By DEBS COFER
The Seniors of the week this week, are Julius Stevens and Anna Maud Todd. Julius is the 18 year old son of Mr. and Mrs. T. C. Stevens. He was born on Sept. 5, 1934. This handsome boy has black hair and brown eyes. He stands six feet, one inch tall and weighs 175 pounds. He has attended school in Memphis for the past 12 years. His biggest thrill came to him when he was selected captain of the 1952 Cyclone Football team.
Anna Maud is the 17 year old daughter of Mr. and Mrs. H. T. Todd. They live at 622 South 5th Street. She was born October 20, 1935, at Brownfield, Texas. She has blonde hair and hazel eyes. She stands five feet, two and one-half inches tall. She has attended high school in Memphis for the past two years. Before coming here she attended the Lakeview High School. While there she achieved the honors of school beauty in 1950, Pep Leader in '50, and also president of the F.H.A. in '50. She was Hallowe'en Queen in 1951. Her biggest thrill came to her when she first lettered on the basketball team at Lakeview.

A-2c D. Childress Arrives in Japan

A/2c James Darrell Childress has arrived in Japan, according to information received this week by his parents, Mr. and Mrs. H. E. Childress.
Childress left Camp Stoneman, Calif. on November 3 and landed in Japan 36 hours later. He is associated with the Security Group there.
Previous to his overseas assignment, Childress spent a 30 day leave in Memphis with his parents and friends.

Mr. and Mrs. T. J. Bridges and Mr. and Mrs. Walter Hightower plan to leave on Friday for Houston where they will visit their daughters. Mr. and Mrs. Bridges plan to visit their daughter, Mrs. O. M. Smith and family while Mr. and Mrs. Hightower will visit with their daughter, Mrs. Hugh Tucker Lilly and husband.

Election of Class Favorites Highlight School Activities

Highlighting activities at the high school this week was the election of Class Favorites. This is an annual event and one the various classes look forward to from year to year. Favorites are selected by popular vote. Each class is given a full page in the yearbook and class favorites will be pictured thereon.
SENIOR FAVORITES
The honor of the class favorites was bestowed upon a brother and sister, Bobby and Betty Burnett, this week by members of the Senior Class.
Bobby and Betty, son and daughter of Mr. and Mrs. Blufford Burnett, were elected by a large popular vote of the class.
Both Bobby and Betty were born at Alaska; Bobby on August 11, 1934 and Betty on November 27, 1935.
Bobby's favorite hobbies are hunting, fishing, and golf. People who do not keep their word is his pet peeve. He is a member of the M Club, Up and Atom, F. F. A. Chapter and Sentinel of the F. F. A. Club. Other activities are softball, and track where he participates in high hurdles. He is now a star halfback on the Memphis Cyclone Football team. Because of Coach Childress's understanding of boys Bobby chooses him as his favorite teacher. Bobby's greatest thrill came when he was elected Senior favorite. He is planning to attend college at East Texas State at Commerce or West Texas State at Canyon.
Betty's hobby is listening to records. Her pet peeve is catty people. She is a member of the Band and Cue and Curtain Club, Square Dance Club, Sub Deb, and 11, 1934 and Betty on November 27, 1935.
Betty's favorite teacher because she is so understanding to all the students. Betty's biggest thrill

A-GUN FOR KOREA . . . Gen. J. Lawton Collins sights through finder of army's atomic cannon at Aberdeen, Md., as army prepares to fire atomic shell from the weapon. When targets in Korea are found suitable, atomic artillery will be used there, army spokesmen say.

Seventh Grade Elects Favorites

Linda Sue Weddel, daughter of Mr. and Mrs. Jerry Weddel, was born August 7, 1940. Her favorite teacher is Miss Hornbeck because she is an excellent P. E. teacher. Among her honors is vice president of her class in 1952, and favorite of her class of 1953. Her favorite activity is football. Linda's biggest thrill came when she was elected favorite this year. She intends to go to Texas Tech when she graduates and become a secretary.
Van Gayle Howard, son of Mr. and Mrs. Worth Howard, was born in Memphis, Texas on December 4, 1939. His favorite teacher is Mr. Tate because his favorite sport is football. His greatest thrill came when he made a touchdown against Shamrock this year. He intends to attend Texas A. & M. College to study farming.
Mrs. Dot Webster, Mrs. George Hammond, Mrs. Hettie Newman, Miss Ira Hammond and Miss Jesse Chancey visited in Amarillo Saturday in the home of Henry B. Newman and family.

DAZZLE, DARING, AND DANGER—Elephants, wild animals, clowns, spangle-sparkling girls flying through the air. Moslah Temple's gigantic Shrine Circus will be in the Will Rogers Memorial Coliseum November 21 through 30. Above at the top left is the lovely Goldi Locks and her Bears; top center are the Pounds 'n Pounds of pachyderm pulchritude that will perform; and at right top, the Great Beckett, King of the High Pendulum. At bottom left are Bundy's trained greyhounds, and to the right, "Mr. Circus" himself, Clyde Beatty and his wild animals.

came when she was elected Senior Class Favorite. Her intended occupation is to be secretary of a business firm. Other honors Betty has received consists of FFA Sweetheart, '51-'52.

JUNIOR FAVORITES

Duke Frisbie and Nancy Brewer have been named the Junior Class Favorites for 1952-53.
Nancy is the daughter of Mr. and Mrs. Roy L. Brewer. She was born in the city of Memphis on May 13, 1936. She is a member of the F. H. A. Club. Her honors during her eleven years in school are Jr. Favorite, F. H. A. Club President, pre-freshman officer, and being chosen to go to Dallas to the F. H. A. State meeting. Her activities are F. H. A. and band. Nancy intends to be a private secretary. The things she hates most is someone arguing a pointless subject. Her biggest thrill came when she was chosen Junior Favorite. Nancy is planning to attend Texas Tech. She is 5 feet 3 inches tall, has brown hair and brown eyes and weighs one-hundred pounds.

Duke Frisbie, son of Mr. and Mrs. B. B. Frisbie. He was born in Childress on August 20, 1935. Duke's favorite teacher is Miss Wrenn because she tries to understand the student's problems. Duke belongs to the "Up and Atom Club," and the "M" Club. His honors were Jr. Class Favorite '52-'53 and sophomore vice-president. His hobby is playing basketball, basketball, and baseball. His pet peeve is the "so called fans that wont speak after we lose a game." Duke's biggest thrill came early in the football season when he was chosen player of the week. Duke is 5 feet 11 1/2 inches tall he has brown eyes and black hair and weighs 158 pounds.

SOPHOMORE FAVORITES

The Sophomore Favorites this year are Glenna Widner and Ray Johnson.

Glenna Annette Wedner daughter of Mr. and Mrs. Lonnie Widner was born in Memphis on October 17, 1936. She is now attending MHS and Home Economics is her favorite subject. Mrs. Beasley is her favorite teacher, because she is so patient with the girls in homemaking class. Glenna is Historian of the F.H.A. club. In the eighth grade she was Librarian of the Jr. Choral Club and now is Librarian of the Sr. Choral Club. Her greatest thrill came when she was elected Sophomore Favorite. Her favorite sport is baseball. When she finishes school she plans to attend Abilene Christian College where she will study to be a secretary in some business firm.

Ray Johnson, son of Mr. and Mrs. Herbert Johnson was born in Vernon on January 20, 1937. He now attends school in MHS, and is a member of the Up and Atom Science Club. When he lived in Vernon he was secretary.

(Continued on Page 8)

It's The Law In Texas

Lawyer's Challenge No Reflection On Prospective Juror

When involved as a party to litigation everyone wants, and is entitled to, a jury of 12 disinterested and completely impartial persons—men who will try the case fairly on the law as stated by the judge, and on the evidence admitted at the trial. This kind of jury is what lawyers and judges are trying to secure when they orally examine members of a jury panel.

To be questioned and challenged by a lawyer and excused by the judge is not a reflection upon the prospective juror's integrity or intelligence. It simply means that, in one particular case, the judge may deem it proper to excuse that person.

There are many reasons why a person originally called for a jury panel might not be a fair and impartial juror. He may be closely related to one of the litigants, have a business relationship with one of the lawyers, or have personal knowledge of the case to be tried. He may show some leaning one way or the other, regarding the type of case being tried that would make it difficult for him to render a strictly impartial verdict.

Even where there is no condition producing a conscious or readily apparent bias, a lawyer may ask that a panel member be excused under the peremptory challenges allowed his client. He usually does this because he feels

there is something in that person's background which might unconsciously sway his judgement, even while honestly attempting to be absolutely fair. Many apparently irrelevant questions may be asked by an attorney in reaching a decision regarding this unconscious factor.

Under the law each juror must be a citizen of Texas and of the county in which he is to serve. He must be qualified to vote in such county, except that he need not have paid his poll tax. He must own land within the State or he must be the head of the household within the county. He must be of sound mind and good moral character and able to read and write the English language.

A juror is not qualified for service if he has served as a juror within a certain specified length of time. No one who has been convicted of a felony is qualified to serve as a juror; nor is an individual who is under indictment or other legal accusation of theft or of any felony.

The statutes of Texas exempt certain persons from the obligation of serving as jurors. Persons over sixty years of age, civil officers of the State or the United States, ministers, physicians, attorneys, publishers of newspapers, school masters, druggists, undertakers, telegraph operators, railroad station agents, ferrymen, millers engaged in grist, flouring and saw mills, certain railroad officials, firemen and certain state Forestry employees may claim exemption from jury duty. The exemption must be stated and claimed under oath.

Mr. and Mrs. Claude Betts of Amarillo visited Mr. and Mrs. Clifton Burnett over the week end. Mrs. Burnett accompanied the Betts' back to their home and will stay for a visit.

Maggie Simon returned Sunday from a 2-weeks visit in Amarillo with her son and family.

Fresh from the Freezer

"Life is simpler, Judy, since we've had this Electric Home Freezer, full of fresh frozen things to eat—and the meals are better! Look at the variety in there! Corn on the cob, strawberries, peaches, snap beans—meat, cakes all baked and ready to warm in the oven—your school lunches for a week, all wrapped and frozen so I just have to take a package out in the morning when you leave for school.

"And we're never 'out of things'. When they have bargains at the stores—in frozen foods or in meats—I can stock up on them. I never have to throw leftovers away—just freeze them to use weeks later. So you see, this freezer saves me time and saves your Dad money, too!"

DID YOU KNOW... with an Electric Home Freezer you can:

- Freeze bread slices until needed, keeping them fresh and firm...
- Freeze large quantities of cooked beans, soups, etc., and store for later use...
- Freeze and store cakes...
- Freeze waffles, warm in electric range oven as needed...
- Store ice cubes for parties...
- Save enough on food to pay for the freezer in a relatively short time!

With an Electric Home Freezer you can shop every couple of weeks instead of every day or so. Buy meats, fruits and vegetables when they're on sale, save money that way. You simply freeze and store until needed.

A complete Sunday dinner, prepared weeks in advance and stored in the freezer, is ready to heat and serve when needed. Hamburgers, wieners, and lunches for picnics can be frozen in advance.

MOTHER KNOWS BEST...

of course, it's *Electric!*

616 NOEL ST. MEMPHIS, TEXAS

REPORT FROM WASHINGTON

Congressman, 18th District
By Walter Rogers

WASHINGTON AFTER THE election: The Capital City, as usual after all presidential elections, reflects a mixed feeling of gloom and gloom. This would be rather odd to many, as it is commonly believed in many quarters that when one administration is turned out and a new one comes in, the entire picture should be all gloom. The reason for such belief is the view that most federal jobs depend upon the administration for their jobs and are therefore jeopardized by a change of administration. However, this is not the case. The fact is that here is only a very small percentage of job holders who are affected by the change. The top administrative jobs and number less than all of the other federal jobs are under civil service and are not subject to dismissal for political reasons.

and that the party in power could always count on a large bloc of votes from this source. However, this is also not the case. The fact is that a majority of the federal employees in and around Washington usually vote against the administration in power. This has been proven many times in presidential elections since the civil service was established. It was conclusively proved in this presidential election. Eisenhower carried all of the sections around Washington where the federal workers live and vote. This includes many precincts in Maryland and Virginia. The vote received by Eisenhower in the sections of Virginia most heavily populated by federal employees gave him a larger majority than other sections of the same state. The same is true in Maryland. The residents who live inside of the District of Columbia are not allowed to vote. However, they engage in politics as much as, or more so, than in other cities of like size. It was very evident inside the District of Columbia that had the people here been allowed to vote, Eisenhower would have carried two large sections of the District where most of the federal workers are housed.

It is also well to point out that there does not appear to be any feeling of ill will among the people in the District of Columbia, whether they are federal employees or individual business people. In fact, everyone seems to be in the attitude that the political battle is over, that it is the duty and desire of every citizen to cooperate to the fullest extent, regardless of political affiliations, to an early solution of the many tremendous problems that are faced. This attitude is something that America can be proud of. There is no other place in the world where the people can enjoy such traits of good sportsmanship and honest devotion to country.

ANTI-RED ACTION ON INDG-CHINA FRONT . . . French soldiers on an armed observation tower in the Hung Yen section of turbulent Indo-China get ready for action as they watch smoke from a napalm bomb rising into the sky on the horizon in the background where French unit is under attack.

to country. It is the reason that America has become great and will remain great. It is the reason that our country has become a symbol of freedom to oppressed peoples all over the world. It is one of the reasons why people all over the world want to leave their native lands and come to America to start a new life. In no other country of the world can freedom loving people find the hope of a new and free life that is offered in America.

I have just returned from making a radio statement that will be beamed to countries behind the Iron Curtain. The statement concerned Adolph Sabath, of Illinois, whose recent death was mourned by the whole nation and free peoples everywhere. Congressman Sabath came to the United States a Czech immigrant at the age of 15 years. When he landed in Baltimore he had \$1.36 in his pockets, but he was well armed with courage, ambition, intelligence and faith. In his first job he received \$3.00 per week, and from that humble beginning rose to national prominence. He was elected to Congress in March of 1907, and had served continuously since that time, a longer record of service than any other person in the history of the United States. The great success story of this Czech immigrant is a typical success story in America. Let us all hope that his lift will be a guiding light to those of his native land and other countries now enclosed behind the Iron Curtain, and to whom opportunity has been obliterated by communist oppression. The life story of Adolph Sabath could well furnish the strength to these peoples that will enable them to cast off the yoke of totalitarian enslavement and build in their countries the kind of government that would afford to their children the freedom and the opportunity that we in America cherish.

Pearls of Wisdom

Adieu to Autumn
A cricket chirps upon the sill,
The twilights come too soon,
And low upon the autumn sky
There hangs an orange moon.

All too soon now the light of this orange moon will fall upon a soft white blanket of snow. The birds will huddle 'neath the eaves of the barn to keep warm and the old hoot owl will bemoan his fate in the early morning hours. These beautiful fall days are a time for "readying" for the bleaker ones to come.

Fall is a time for banking the embers
Of the heart.
Deep steady fires, sumac-red
And maple-flamed
Against tomorrow's snows.
(T.E. Riha)

With the month of November we bid "adieu" to autumn. And Autumn, trailing her colorful tattered gown bows out in favor of winter. Already the geese have flown south for they have been forewarned of the coming change in weather. Most of the beautiful leaves have been blown from the trees and the countryside takes on a sombre appearance.

In fact, someone has aptly likened November to a symphony in gray. It is then that the bark of the trees . . . unnoticed during green-leaved months and Gypsy gold-and-scarlet days . . . in all its patterned loveliness is seen. The birds and little fur-bearing creatures have more gray in their coats to camouflage them against the wintry background. Yes, Mother Autumn is busy making ready for her guest.

Mother Autumn grabbed her broom
And called her children three,
September, October, November,
"Now, listen well to me!"

You've had your fun, a gala time,
The leaves are falling fast
And Grandmother Winter is on her way,
Your frolic cannot last.

The frost has kissed the pumpkin
And the corn is in the bin.
The apples from the orchard,
Have all been gathered in.

The turkey is a-fattening
And the cranberry sauce is made.
Thanksgiving Day is coming.
It cannot be delayed.

So sweep the leaves in piles
The Wind will help you do it.
And, if you fail to heed my words,
I promise you you'll rue it!

Litter Important In Poultry House

COLLEGE STATION, November 12—Good poultry management includes the use of litter in the poultry house. Poultrymen says W. J. Moore, poultry husbandman for the Texas Agricultural Extension Service, often give very little thought and consideration to a good litter program and as a result their poultry business suffers.

According to the specialist, a good litter program includes the use of adequate amounts of whatever material is available. Such materials as wood shavings, cane pulp, peanut hulls, ground corn cobs and various types of straw all make suitable litter, says Moore. Litter is put into the house, explains the specialist, to insulate the cold floors in the winter and to make them cooler in the summer; as an aid in maintaining sanitary conditions by mixing with and covering the droppings and in preventing diseases and parasites.

Further, points out Moore, a good litter makes for comfort in the poultry house and especially important, is the use of litter in

Mattie Jones Presents VFW Aux. Meeting In Austin

Mattie Orah Jones, District president, was in Austin where she attended the auxiliary Department Council meeting which was held at the home of Mrs. Frances Holm of Chicago, Ill. The affair was followed by a tour of the city ending at the capitol, where she was greeted by Governor Shivers presiding. Gov. Shivers presented her an honorary citizenship.

Afternoon a school assembly was held for Districts. An invitation was given to all auxiliary members to attend the school. Monday night an open meeting was held featuring the National Convention as principal speaker. The meeting a reception Mrs. Holm was held at the Hotel. Tuesday morning the Council administration meeting was held at the Commodore Perry Hotel followed by a luncheon which closed the session.

College Exes Are To Attend Address Meeting

Students of Texas A. & M. and Arkansas Universities are invited to attend a picture show at Childress, Nov. 18. The invitation was issued by Dr. Raymond Childress, who is president of the Greenbelt A. & M. Two colored movies were shown at the two football games recently between Texas A. & M. and Baylor, and A. & M. and Texas. They will be shown at the courthouse in Childress, at 8 p.m.

CAREER GIRL CHIC

Stark white corduroy outlined neatly in black, a matching black skirt and a red cotton duster—all add up to a dream of a career girl outfit. Designed by Stanley Wyllins of Beacon Hill, each piece may be used in other combinations for economy in wardrobe planning. Business papers, cosmetics, even overnight duds go in the plaid cotton swag bag!

Science Students Try Experiments With Hydrogen Gas

When explosions take place uncontrolled, damage is usually done, but when a controlled explosion takes place, usually there is no harm, but a good bit of fun. Such is the case of the MHS Chemistry Class.

On Thursday, Nov. 6, the Chemistry Class performed a most interesting group of experiments under the supervision of

Cyclone Exes Presented At Homecoming Game

Adding to the half-time ceremonies at the Memphis Cyclones-Siamrock Irish game, was the presentation of all the Cyclone Exes who attended the game. At this game was the Homecoming for all Memphis High Ex-Students, the recognition of these men and boys who had at one time played football under the colors of the Black and Gold was appropriate.

Ex-members of the Cyclone Football Team who were introduced and the year they played were: Adrian Odum, '26; R. A. Massey, '28; Ed Hutcherson, '27; Raymond Clark, '50; William Clark, '43; Pete Moore, '50; Bob Paris, '50; Robert Mitchum, '30; T. O. Pounds, '38; Gene Lindsey, '38; Doug Lawrence, '42; Garvin Davis, '36; Roddy Stargel, '50; Ted Graham, '47; Oattie Jones, '14; Tommy Messer, '50; Barney Burnett, '29; Jack Monzingo, '46; Garner Moore, '38; Charles Morrison, '48; Harvey Jarrell, '48; Bobby Pat Young, '50; R. C. Lemmons, '23; Del Rich, '48; Benny Pyeatt, '49; Perry Stevens, '43; Cecil Stargel, '31; Billy Ballew, '45; James Evans, '38; Regnal Greenhaw, '31; Oren Jones, '16; Wendell Harrison, '29; Carl Lee, '52; and Charles Cullin, '50.

T. A. Randal of San Antonio and Mrs. J. H. Read of Austin visited last week in the homes of their niece and daughter, Mrs. Ray Childress, and family and brother, Rufus Randal.

About one-half of the weight of the human body is made up of muscle.

In another experiment, a candle was inserted in a bottle of hydrogen. The candle was extinguished but hydrogen burned at the mouth of the bottle proving that hydrogen will burn, but will not support combustion.

The most interesting experiment to the students was the burning of a mixture of hydrogen and air. The hydrogen and air mixture caused a small explosion when ignited.

TOP OF THE HIT PARADE

Recording raves for fall is this cotton velveteen cardigan dress with rib-knit trim by Koret of California. A dress like this is good fashion for a dawn to dusk day on the campus, the National Cotton Council points out.

VET PROBLEMS AND ANSWERS

Q. I am a widow of a World War II veteran. My husband had GI insurance and specified that I was to get monthly payments for the rest of my life. If I die before the full amount of the policy has been paid out, I would like the remaining payments to go to my daughter. How can this be arranged?

A. Even though you are the beneficiary of your husband's policy, you cannot arrange the way the remaining money is to be paid. If there are any remaining payments when you die, they will go to the person your husband named as a contingent beneficiary. If he didn't name one, then the money will go to his estate.

Q. I am a World War I veteran. I heard that at my death the VA will pay my funeral expenses. Is that true?

A. Funeral expenses, up to \$150 may be paid by the VA to the person who defrayed the cost, if he files a claim within two years from the date of the funeral. Your discharge from service must have been under conditions other than dishonorable.

Q. At present, I am training under Public Law 16. VA has reviewed my disability rating, and has reduced it to zero percent, which means I no longer will get disability compensation pay. Will I be allowed to continue my Public Law 16 training, despite this fact?

A. Yes. The fact that your disability is no longer compensable does not require the discontinuance of your Public Law 16 training until you have reached your training objective.

Q. I am in training in college under the World War II GI Bill. My entitlement will run out this semester. Is there any way it can be extended so that I can complete the semester?

A. Yes. If your entitlement runs out after the half-way mark of your semester, you will be permitted to complete that semester.

Mrs. Theo. Adams Is Hostess To Philathea Class

The Philathea Class of the First Baptist Church was entertained Thursday evening, Nov. 6, at the home of Mrs. Theodore Adams. Sharing the hostess duties with Mrs. Adams were Mrs. A. P. Cowan and Mrs. Glenn Stargel.

The opening prayer was given by Mrs. Stargel. Mrs. Thomas Rogers, president, introduced Mrs. Claude Harris, who gave an inspiring devotional. The closing prayer was offered by Mrs. Nancy Bradley.

During the social hours, Bible questions were discussed. Refreshments were served to Mes. Ruby Ramming, Oystil

Rogers, Norma Cowan, Marie Stargel, Christine Long, Irene Bradley, Elene Gilbert, Leta Adams, Flora Graham, and one guest, Mrs. Claude Harris.

Thomas Jefferson is said to have introduced the finger bowl in America.

Chocolate contains a small amount of a drug called theobromine.

The Constitution requires that the census be taken every ten years.

The four precious stones are the diamond, emerald, sapphire and ruby.

Earned Confidence

• We of this Prescription Pharmacy have earned the confidence of our community by maintaining the highest ethical standards, and by dealing fairly with our patrons. While we have never sacrificed quality for an alluring price tag, it is a singular fact that our large prescription volume brings economies that result in lower-than-average prescription prices. You may come to this pharmacy with confidence.

Ike Is Given Notice to Deliver; GOP Has No Reason to Gloat

Gen. Dwight D. Eisenhower's astounding landslide victory is above all a personal triumph for him. Across the nation he ran far ahead of his party in state after state. The outcome is a deep affirmation of the faith the American people have in Ike as a man qualified to lead them to safety and well-being at home and abroad in these days of great trial.

When a victory of such proportions is made, it means a new mood is upon the people. This was not an election that could have been won or lost by slight changes of strategy, by talking differently to the voters, by endorsing or not endorsing particular candidates in particular states.

This result shows the American people have a yearning for a new face.

Beyond doubt, Ike's triumph measures these things first. The reinforcing fact is that issues like the Korean war, inflation, communism in government, corruption and the like have bitten deep into the consciousness of the average voter.

By that very token, Eisenhower—and his party—are on firm notice from the people to deliver. In this victory he has cut across all lines, sectional, economic ethics. He plainly has captured countless normally Democratic votes. The men and women of America who handed him this stiff challenge expect him to take it up with full courage and resolute action.

In 1946, the Republicans rose to victory in Congress on a wave of postwar resentments against controls, shortages and such. When the people did not like what the party did to solve those problems, the promptly threw the GOP out and restored the Democrats to power.

That could happen again. For nothing in this victory, however sweeping it may be, suggests the Americans have yet shaken off the predominantly Democratic voting loyalties. They are merely giving somebody else a trial run.

If Eisenhower is able to produce answers matching his remarkable contributions to America's security during and after World War II, then he may be able to consolidate the hold he now has gained on his own party, and begin to cut away Democratic strength in a more lasting manner.

Should that happen, the country may mark Nov. 4, 1952, as the inaugural date of a real two-party system in the South. For nothing about Ike's winning was more striking than the heavy inroads he made in states that only once before in modern times have tumbled into the Republican column.

There can be no gloating among Republicans. If they do not know it now, they will soon learn that winning the presidency in this critical age is something like winning a war—it

SAME OLD ROAD BLOCK

is only slightly better than losing. For General Eisenhower instantly inherits a frightening catalog of problems of world-wide scope. He has great difficulties ahead in party organization and control. He must continue the process—so well begun—of making himself over from a military man to a statesman and politician. In this task all men of good will in America can only wish him the very best of fortune and voice the hope that with God's help he may succeed. — Wichita Falls Record News.

Press Paragraphs— QUOTING OUR NEIGHBORS

Where You Spent \$1648
Do you know what happened to \$1648 of your money last year? If your family is an average one, with four members, that much of its income went for taxes, Federal, state and local, according to Commerce Department figures. And things are getting worse instead of better. The total tax take of government in 1951 was \$63,600,000,000. This year the combined total will be around \$80,000,000,000,000.

Taxes now account for at least 30 per cent of the whole national income—which means that one-third of our working time is spent to support government, not ourselves and our families. A very large part of the cost of everything we buy—from so small an item as a loaf of bread to so large a one as a new car—is represented by taxes. It's literally true that you can't walk a block without kicking in to the tax collector—at the least, you'll cause some wear on your shoes and when you have to replace them, taxes will enter in to what you may pay for the new pair.

The theory that taxes needn't worry most of us, for the reason that the bill can be paid by the rich, was blown sky high long ago. The rich are taxed to the point of confiscation now, and if we took a cool 100 per cent of their earnings it wouldn't carry government for more than a few weeks out of the year. The people of small and moderate means must do the great bulk of the paying.

These are facts not—theories. Do you think it is in your interest to take the waste and corruption out of government—and cut taxes?

—The Monday Times

Should Change the Electoral System

One thing which has been forcefully presented to the voters during the past 100 years or more is the bunglesome method which we have in America of electing a President and a Vice President.

Texas went as far as we could by eliminating the names of electors from the official ballots and voting straight for the names of president and vice president.

Harvest Hands To Be Entertained By Telling Of Stories—Claude, Texas, May 30.—An informal meeting held in the courthouse at Claude Saturday provided for a call to those interested to meet next Saturday to organize a story-tellers hour for the summer. It is designed to furnish wholesome amusement on the courtyard lawn during the harvest season in order that the horde of strangers may be made to feel at home, and that this be substituted for curbstone conferences and joy riding.

'A Million Bales By July First' Is The Battle Cry Of Texas Farm Bureau.—A quota of 12,000 bales has been set for Hall County in the Texas Farm Bureau Cotton Growers Co-operative Marketing Association's drive for a million bales before July 1, according to word received from the state Farm Bureau headquarters. More than 100 leading cotton counties are actively at work in the campaign. The general plan is an organization of the cotton growers backed by local bankers and merchants, who in many communities have unanimously indorsed the plan and on designated days close up their businesses to aid in the drive.

Come drive the Rambler—Compact custom companion to the Nash Golden Airflyte Ambassador and Statesman.

Reading and Lighting and 'Rithmetic

Look what some figure-happy statistician just found out. From kindergarten through high school, school kids have to plow through a pile of books 18 feet high. A photograph taken of this pile of books would make your eyes ache.

Close visual work is hard on the eyes. A New York State survey of 83,000 students showed only one in 20 kids had vision defects at kindergarten age. By senior high, eye troubles affected six students in 20.

Good lighting is one readily available means of making seeing easier for these students. Lighting engineers find that over half the schools still use old, globe-type fixtures that give only one-sixth the light that ought to be on the desks.

In those schools that have installed modern lighting, teachers report that students are more eager to study, are happier and require less discipline. The teachers find their jobs easier.

To help schools analyze what light is needed, General Electric engineers work out various lighting systems in model classrooms where effects can be demonstrated and compared. A booklet is offered, "Making Schoolwork Easier on the Eyes," in which current practices are summed up. (Write the Lamp Division, Nela Park, Cleveland, Ohio.)

It is the aim of General Electric to translate its engineering help into public service at the community level.

You can put your confidence in—

GENERAL ELECTRIC

Shamrock By Cyclone Loses to Shamrock By of 14-0 Here Last Week

Memphis Cyclone went to a third defeat for the week on Saturday night as the Shamrock Irishmen to the 14-0.

Late in the fourth quarter, Jimmy Morrison intercepted a Shamrock pass on his 15 yard line, and returned it 50 yards. The Cyclones drove down to the Shamrock 14 before losing the ball on downs.

Press Paragraphs

(Continued from Page Eight) Give Us Time!

In 1931, after a sufficient number of states had ratified the 16th amendment, a seemingly innocuous law was passed by Congress permitting a levy on the income of individuals and corporations. Count von Bernstorff, then German Ambassador to the United States, said: "You have adopted an income tax. That is the beginning. You will have more and more burdensome taxes. What amazes me is that your people seem intent upon following our example, instead of developing the system provided by your Constitution. Wait a few years and see the result."

Von Benstorff may have been a poor diplomat but he was a good prophet. Beginning in 1914, with a very modest share of the citizens earnings, this tax is now extracting from individuals alone more than 27 billion dollars per year or 450 dollars for every working person in the country.

Taxation in the United States has passed the point of oppression. About all that can be said is that forms of our Internal Revenue Department do not yet bear the flourish of a royal decree.

Mr. and Mrs. Hubert Dennis left Thursday for Lovington, N. M. where they will attend to business matters.

Mrs. Jude Gable was in Sunray Wednesday through Friday. She visited her mother, Mrs. Nora Painter, who accompanied her home for a week's visit.

SK/3 Jerry Hays, who is home on leave from the US Navy, spent the week end in Waco with his sister, Patsy Sue, who is a student at Baylor University.

inspection law that the law was for the rich man and that it worked an undue hardship in comparison with the good it resulted in, seems to have been somewhat overdrawn. This is especially true after the revision of the rules and regulations adopted for automobile safety inspections. What it will do if carefully adhered to and administered fairly and impartially will be to help take death off the highway, but it is also true that the safety measures called for in the inspection law are measures that every autotist should take anyhow. They are decided on the side of more security for more people who are highway borne. Defects in motor vehicles do cause injury and death. Anything to reduce this hazard, anything in reason, is not unreasonable to ask of the people who get out on the highway.

—The Floyd County Hesperian

Mr. and Mrs. George Stidger and granddaughter, Kathy Lynn of Amarillo were week end guests of Mr. and Mrs. Dick Spoon.

Week end visitors from Hardin-Simmons U. at Abilene were Benny Parks, Charles Cullin, Bobby Young and Beryle Davis.

Mr. and Mrs. Claude Hickey had as their week end guests, Mr. and Mrs. Burr Pruett of Amarillo, formerly of Memphis.

All tied up....

That's the way we often feel when a cold strikes. And poultry get just as miserable. To combat infectious coryza ("colds") in your flock, use Dr. Salsbury's Ar-Sulfa in the drinking water. Ar-Sulfa goes right to work, brings quick relief in nasal passages and sinuses.

When you need poultry medicines ask for...

YOU GET THE ONLY FULL-TIME POWER STEERING

In the most beautiful CHRYSLERS ever designed!

IT WORKS FULL-TIME! . . . unlike some other types of power steering which aren't effective till you exert up to 7 lbs. pressure on the steering wheel!

IT'S SAFER! . . . on rough roads, soft shoulders, or in case of a blow-out! Hydraulic power helps you turn . . . and keep a true, steady course with a constant, predictable "feel" to the wheel.

You enjoy complete control of your car at all times . . . with far less fatigue!

IT'S EASIER! . . . 85% of the steering effort is taken off your hands—substantially more than with any other type of power steering. Even with car at a standstill, you can turn wheel with one finger . . . a real boon in traffic, on hard-to-negotiate driveways or when parking!

Mrs. Marshall Jones of Abilene, formerly of Memphis, underwent major surgery Monday at St. Ann's Hospital in Abilene.

Miss Jesse Chancey of St. Jo is visiting in the home of Miss

Most People Have Two or More Colds

AUSTIN, Tex.—Studies show that most people have two or more colds a year, each lasting about two weeks and causing a considerable amount of stuffy discomfort, said Dr. Geo. W. Cox, State Health Officer.

The danger of the common cold lies mainly in the other infections that may follow after it. A cold lessens resistance, and is likely to pave the way for other more serious respiratory ailments.

Sinusitis, ear infections, bronchitis, and the various forms of pneumonia are frequently ushered in by a cold. Pneumonia, particularly, is likely to attack a person who is overtired, or run-down because of a severe cold.

Fortunately, many of the respiratory diseases are not as dangerous as they used to be. Modern infection-fighting drugs, such as penicillin and the sulfa drugs, offer highly effective treatment for many cases. But, of course, it is always better to prevent a serious illness whenever possible.

If you have a cold, it's best good sense to stay away from people, to avoid spreading the infection; and to get plenty of rest—in bed if possible.

Ira Hammond this week.

Mrs. J. D. Browder left Wednesday for her home in Mineral Wells after visiting here with Mrs. W. C. Kinslow and other friends. She also attended to business matters while here.

Visiting in the home of Mr. and Mrs. Lynn B. Jones over the week-end were Mrs. Walter Ward and daughter Claudia Orah and Jimmie Jones, all of Abilene and their son, Clinton from Hardin-Simmons.

Morning Watch

By ELIZABETH GRUNDY Something new was added to our morning watch three days last week. All High School was led by a group of students in singing "God Bless America," Wednesday; "The Star Spangled Banner" on Thursday and the Memphis High School Alma Mater on Friday.

If the students express a desire and will turn in the names of their favorite songs to Miss Wrenn there will be more singing before the morning watch in the future. Those students reading the regular morning watch Nov. 3 through Nov. 7 were Della Jo Kennedy, Jim Walker, Betty Jean Moore, Peggy Evans and Betty Hawthorne.

A new-born infant sleeps about 22 out of each 24 hours.
